## LaBaume, Mitchell Floyd Gold Star 4-Hers

### Floyd County inaugurates college scholarship program for Gold Star 4-Hers

Joel Mitchell, son of Mr. and Mrs. Warren Mitchell of Lockney, was named Gold Star Boy and Kelli LaBaume, daughter of Mr. and Mrs. Jon

LaBaume of Floydada, was named Gold Star Girl as 4-H members received recognition at the annual Floyd County 4-H Achievement Banquet held Satur-

day night in Lockney.

The Gold Star award is the most prestigious award given in 4-H. It is presented each year to the two 4-H

members in the county who have not only been involved in a wide variety of projects and activities in their local clubs but who have also provided leadership and made a significant contribution of time and energy to the overall county, district and statewide events that occur each year.

These 4-H members are the individuals "who our younger 4-H members look to for leadership and that our 4-H leaders and parents depend upon and respect for they are our nation's young leaders of tomorrow."

#### GOLD STAR BOY

Joel Mitchell has been in 4-H for eight years and has been involved in many areas of 4-H. He has served as teen and junior leader for foods and nutrition, rifle and several other projects and activities. District and state competition has been a part of this 4-H'er's life.

Major projects include: Shooting sports, recreation, foods and nutrition, computers, sheep, electricity, agriculture and leadership. Some activities that Joel has participated in are the Interstate Exchange trip, county camp and Longhorn recreation lab. He has held offices and is currently serving on the county council.

Joel has trained hard for this leadership role and has attended numerous workshops on the county and state levels. He has done "a great job of doing a record book because he has won outstanding record book awards several times and he has won a trip to the National 4-H Congress in Chicago in December."

Continued on Page Three

**GOLD STAR RECIPIENTS**—Kelli LaBaume, and Joel Mitchell, were named Gold Star Girl and Gold Star Boy at the 4-H Achievement Banquet held in Lockney Saturday. They received the awards for their leadership abilities, record books and participation in club activities.

## Closing in on 40"

This year may not erase a "wet" 1941 from the memory of Lockneyites, but it definitely will add another dimension to the weather conversation.

Although moisture during 1986 apparently will approach twice the normal yearly total, the dates most often remembered will be Oct. 2-3, when gauges were loaded with measurements here ranging from nine to 12 inches.

Robert Webb, local Southwestern Public Service Co. manager who keeps weather records, reports 10.4 inches for the two days.

The excessive moisture, coupled with already saturated grounds, created flooding conditions seen few, if any, times since that renowned 1941.

Webb's figures showed 36.3 inches for 1986, as of last Thursday. This figure does not include moisture falling last week-end.

Approximately 2½ months still remain in the year, which means that the annual rainfall of "around 20 inches" could well be doubled.

#### STARTS SLOW

Thanks to a "dry" winter, 1986 started like anything but a dry year. January through April — the first one-third — produced a single inch of moisture, according to Webb's figures. The situation continued into early May.

Concerns grew about the lack of planting moisture, and some crops were actually dry planted.

Then, in late May, it began to happen. The rains came, and came, and came.

Four and nine-tenths inches had been deposited on Lockney by the end of May.

June and July departed from their normal "dry month" status as

3.6 and 4.5 inches, respectively, were recorded.

Some producers began to hope for additional moisture in the early portion of August. These people got their wishes when, with crop prospects "good," 5.4 inches fell.

There was one problem: the rains wouldn't stop. September brought 6.5 inches of rain in Lockney, prior to the 10.4 inches on Oct. 2-3.

During a less than two-month span — mid-August through Oct. 9 (last Thursday) — 22.3 inches of moisture have been gauged here (not including rainfall since that time). This exceeds a normal year from a moisture standpoint.

Add June and July...and the total rises to 30.4 inches.

Longtime weather observers will not forget about 1941. Neither will they soon forget about the rainfall of 1986.

## Tractor retrieved from water

Last Wednesday two tractors belonging to Bruce Williams and Macon Ulmer were extracted from the lake in which they were trapped by flood waters in Lockney two weeks ago.

The tractors were in about four and one half feet of water when the day began and by 4:00 p.m. both were on dry ground.

Beginning at about 10:30 a.m. two 300 foot coils of steel cable were hooked to the tractors. The cables were then attached to another 100 foot length and then to a front wheel

drive John Deere tractor belonging to Eugene Bloys.

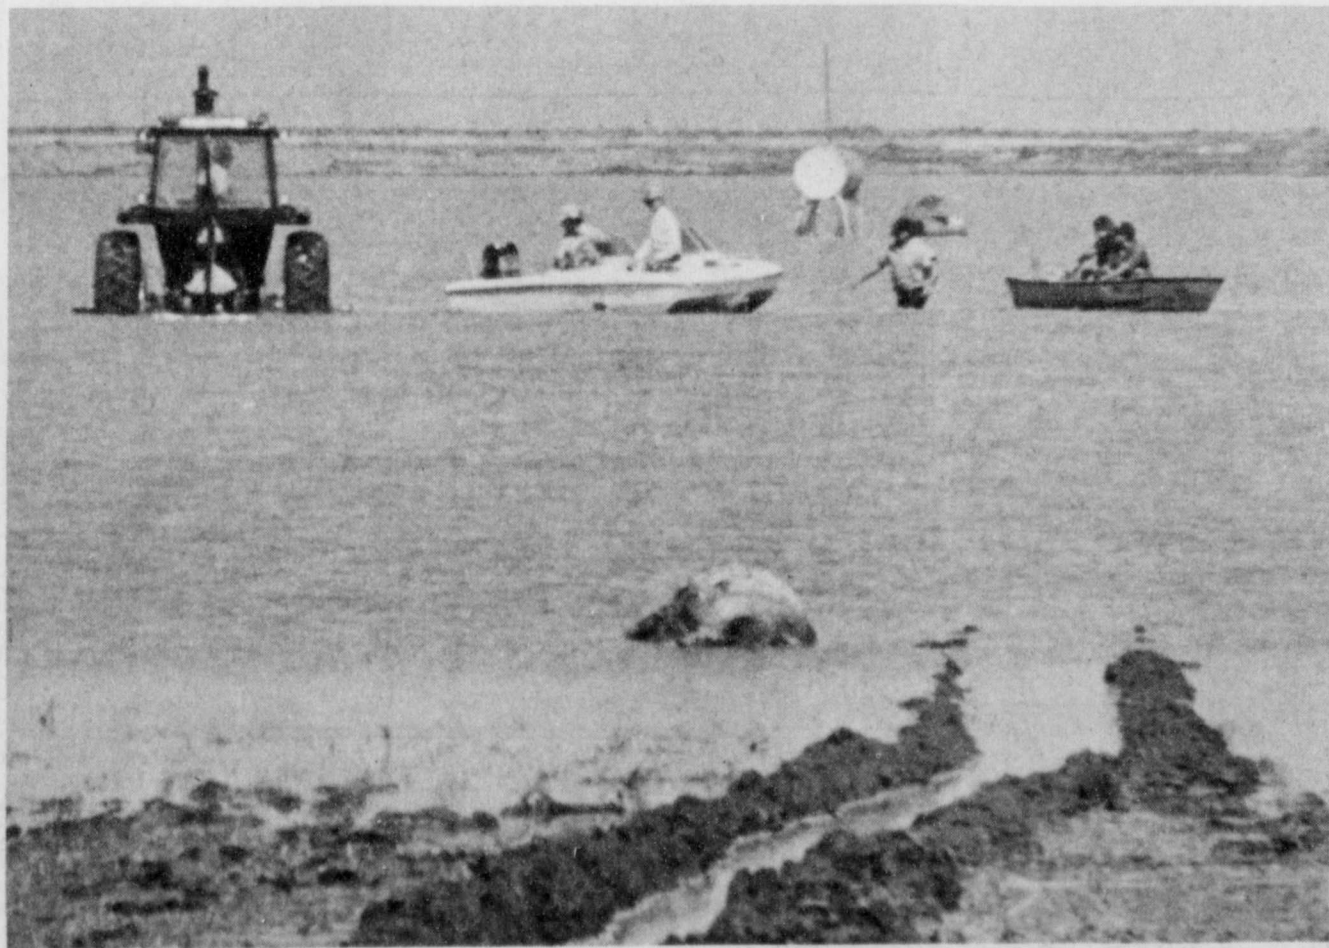

The John Deere had to be backed about 30 feet into the lake to reach the cable but when the sign was given to drive out, there was no problem bringing the first of the two tractors to dry ground. The first out was a Farmall belonging to Ulmer.

There appeared to be water in the transmission fluid of the vehicle and the motor casing was full of water.

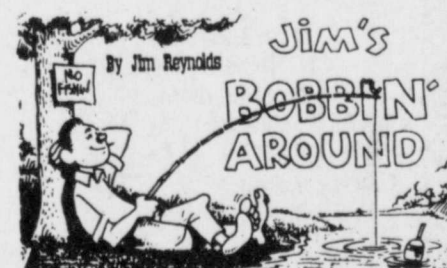

The second tractor, belonging to

Williams hit dry ground at about 4:00 p.m. Williams' tractor was pulled out with 600 feet of cable which was rolled back onto a spool and then floated back out to the tractor. This tractor was pulled out as easily as the first.

Williams' tractor did not appear to have water in the transmission and at press time both tractors had been taken to the International dealership in Floydada where the extent of the damage to the farm vehicles could be accessed.

**MAKING PREPARATIONS**—Jim Ansley, in the water, prepares to handoff a length of cable to Gene Bloys, in the white boat, which will then be tied to one of the tractors which was under water on the Bruce Williams farm, northeast of Lockney. The John Deere tractor in the foreground was used to pull both tractors out of the lake last Wednesday.

#### BAD MEMORY

Bad memory is a part of the aging process, sad to say.

Like the elderly gentleman who asked his longtime friend, "Let's see, was it you or your brother who died last year?"

\*\*\*\*\*

#### HUNTING \$\$\$

Landowners in the Panhandle are reaping \$\$\$ in the form of land leases for hunting purposes. Those with land in the Hereford area are prime examples, being nestled in the heart of pheasant country.

Now Swisher County is getting into the act. The Tulia Kiwanis Club is organizing December hunts and accompanying land leaseings.

At present, Floyd County might be considered marginal as optimum pheasant hunting country, but the northern section seems to have more birds and might bear giving consideration to such an idea.

Raz Ford got the ball rolling several years ago in stocking this area with pheasants. There is a good deal of pheasant hunting activity around here when the season opens.

Could the Lions or Rotary club — maybe even a joint effort between the two — organize a project for land leasing and hunting?

Bringing a substantial number of hunters into the area would obviously benefit landowners, and also could spell added business for such firms as food establishments, service stations, the motel, convenience stores, etc. Who can't use an extra buck in today's economy?

From this viewpoint, it's certainly worth a try. Birds might not be as

## E. J. Foster takes oath as school board trustee

In the regular monthly meeting of the Lockney school board, the oath of office was issued by superintendent W.H. Hallmark to Eddie Joe Foster, who will serve on the board until April of 1987. Foster had served three full, three-year terms on the school board and in April of this year chose not to seek reelection to his seat on the board.

However the resignation of Clar Schacht last month left a vacancy and the board members decided to ask Foster to serve until a new board member could be elected in April of 1987. Foster agreed and will be a board member of the Lockney I.S.D.

Action taken during the meeting included the purchase of a new stove for the elementary school cafeteria. One of the old stoves in the kitchen needed to be replaced because of an insector's advice.

Ovens in the stove no longer worked and the inspector advised replacement of the unit or that the doors of the oven

Continued on Page Two

## Lisa Roberts artist of month

Lisa Roberts is the guest artist of the month for October at the First National Bank of Lockney. Her works will be on display throughout the month in the lobby of the bank.

Roberts has been painting for the past five years and commented she is really enjoying it. "Terry's mother paints and he asked me to try it just to see if I was interested. As it turns out it is something that I have really enjoyed."

Continued on Page Eight

## Commodity distribution set Monday

Caprock Community Action will be distributing commodities in Lockney next Monday, Oct. 20. Distribution is scheduled from 1 to 5 p.m. at the Community Center (by the swimming pool).

Every eligible household must register and fill out a new application form. Registration will continue through Thursday at Caprock Community Action Center, located under the water tower.

Persons also may register from 1 to 5 p.m. at the Community Center, "by the pool," on distribution day. Individuals are asked to "bring a current utility bill for identification."

Roberts has taken lessons from Elfie Sherman in Lockney for all of the five years and she is most interested in painting western scenes and landscapes.

One of the favorite paintings on display at the bank is of an old cotton gin with a mule drawn trailer in front of it. Roberts commented the day the paintings were put in the bank that that particular one is not for sale, "it belongs to Terry."

# This Week . . .

## AFTER GAME SUPPER

The West College and Third Church of Christ will be hosting the after game supper for all high school students this Friday night after the Hart game. Church members are planning to serve pizza and all high school students are invited to attend.

## CAN HART DAY

This Friday night will be Can the Hart Longhorns Day and all fans are asked to fill Coke cans with gravel and use them as noise makers at the pep rally and at the game Friday night in Lockney. Members of the district voted not to allow victory lines during district play this year and all fans are asked to make as much noise with cans, bells, and any other means when the Lockney Longhorns take the field Friday night.

## THANK YOU TO FANS

Lockney Quarterback Club president Eddie Teeter asked us to extend the appreciation of the club to the Lockney fans who stuck it out last Friday night in Springlake-Earth. A 45 minute downpour sent the fans from the hosting team home, while many of the Lockney

fans remained and came back to the stands after the rain stopped to watch the Horns finish the game. The Lockney fans showed a perseverance and their loyalty to the Horns. "We want the fans to know that we do appreciate them for staying with us through the game," commented Teeter.

## CHEESE DISTRIBUTION

Cheese will be distributed to Lockney residents on Monday, Oct. 20 beginning at 1:00 p.m. in the community center. To sign up for the distribution, go by the Community Action Center this week.

## HALLOWEEN CARNIVAL

The Lockney Elementary School physical education department will be holding a Halloween Carnival on Saturday, November 1 at the school. Booths are available for rent to anyone who wishes one. Cost of the booth rental will be \$5.00. Anyone wishing to rent a booth may contact Joyce Marks at 652-3157 after 6:00 p.m. All proceeds from the carnival will be used to purchase new basketballs for the elementary school.

# E. J. Foster takes oath as school board trustee

Continued from Page One

be welded shut. The board voted to replace the stove at a cost of \$2728.00, installed.

School attorney Paul Lyle attended the meeting, along with Jerry Paul Cooper of Lockney Insurance Agency, to discuss the schools' insurance coverage and possible future needs. After discussion on the insurance the school board approved renewing an insurance policy with Cooper's agency for liability insurance.

Superintendent W.H. Hallmark reported to the board that the closing in of windows in the junior high building had been completed. Board members inspected and approved the work and approved calling for bids to finish the inside of high school windows in the same manner.

Hallmark also reported on the attendance records for the school as of last Thursday. Overall there are 716 students enrolled in the Lockney school system. Broken down they include: 409 students in elementary, 139 in junior high and 168 in high school. Overall ethnic breakdown of the enrollment includes: 59.6% Hispanic, 36.4% white and 4% black students.

Hallmark discussed the priorities to upgrade the school system and to keep equipment and vehicles in good condition. He advised that the board think about ordering two more 20 passenger buses. He commented that the smaller buses are adequate for the needs of the routes at this time and the smaller buses would be used more.

His suggestions included ordering one bus in January of 1987 and one later in the year.

There was discussion of paving the north parking lot, north of the home economics building. No action was taken at the meeting on the buses or the paving.

In other action the board approved the payment of current bills and tax report #1.

Present for the meeting were board members Kelton Shaw, Eddie Teeter,

Eddie Foster, Paul Glasson, Jim Bob Martin, Keith Jackson, Dickie Lambert, and Superintendent Hallmark.

## Lockney PTA in full swing

The Lockney PTA is in full swing with lots of exciting programs and projects in the works. Our theme this year is "PTA...Because We Care." Our goal is to be of benefit to the parents, teachers, school administrators and most of all our children.

We would like to encourage everyone with a concern for the school, our town and our children to join! If you would like to join, the membership fees are \$2.00 per person. Call Kay Martin at 652-2711 or Kathy Allen at 652-2793. We will be glad to sign you up! Let's all work together to make our school system the best it can be!

## National BPW week observed by local club

Lockney BPW club will observe their annual National Business Women's Week beginning October 19.

On Wednesday, Oct. 22, a coffee-to which the community is invited, will be held from 9-11 a.m. at First National Bank.

Among other scheduled activities will be a dinner meeting on Tuesday evening, Oct. 21, with a guest speaker who will discuss the problems of drug abuse.

June McDonald and Nora Bybee are co-chairmen of the week's activities.

Have a good week.

## In times like these... By Mary Jo Fielding

It was her first visit to the U.S. since becoming President and everywhere she went Corazon Aquino's reception seemed to get warmer and warmer. When her commercial Philippine Airlines 747 touched down at San Francisco International airport she was greeted by nearly 1,000 supporters shouting "Cory! Cory! Cory!" After switching to a special U.S. Government aircraft for the cross-country flight to Washington, the Philippine leader charmed White House officials with her simple, direct manner.

Aquino went a long way toward providing her credibility during her meetings with President Reagan. At their private session in the Oval Office and a working lunch afterward Aquino assured Reagan that her government would respect the existing agreement regarding the two major U.S. military bases in the Philippines, Subic Bay Naval Station and Clark Air Base. For months Aquino has been under intense pressure from many supporters to renounce the American military pre-

sence. The current pact expires in 1991 but is scheduled for review by both signatories in 1988. Said Reagan, "That gives us and the people of the Philippines plenty of time to think about it."

After their meetings the two presidents emerged on the White House portico for a press conference and a ceremony at which Treasury Secretary James Baker signed over to the Philippines \$100 million in economic aid and

\$50 million in military assistance. In addition, the U.S. donated \$20 million in medical supplies. All but the \$20 million, however, was part of a \$505 million 1986 aid package that was already in the pipeline before Aquino took office.

Her stunningly successful U.S. visit will not diminish the problems Aquino must face when she returned to Manila. But it certainly added a luster of political sophistication to her image as an honest principled leader.

**90TH BIRTHDAYS**—Bernice Barker and Bettie Counts were honored by the United Methodist Women on Monday, October 6 with a surprise 90th birthday party. Bernice was 90 on October 7, and Bettie will be 90 on October 22. Those gathered for the party enjoyed cake and punch.

## Dianne's Diary

**October 6:**  
Today was Earl Mercer's 75th birthday. We sang "Happy Birthday" to him in our church service. He said it wasn't his birthday because he quit having them. It was also our bus trip day. We went to Wendy's in Plainview and had frosties, then we went across the street to the park for awhile. On our way back home we cut across to "Pumpkin Lake" out by the Tye Company. It was such a pretty sight.

Tuesday the 7th, we watched the movie "Sacred Ground" on our VCR and popped hot, buttery popcorn.

On Wednesday we were scheduled to go on a walk, but it started to sprinkle so we had to stay in. It wasn't a wasted day though because we made the cutest little caterpillars out of pompons.

Thursday was our arts and crafts day. We made gorgeous butterflies out of

place mats. Please stop by and see them when you have a chance. They are really something to be proud of. All of our handcrafted items made by our residents are for sale and we have a variety of things that would make super Christmas gifts.

Friday we had Bingo that everyone loves. We added some new prizes this week. We had Reese's Peanut Butter Cups, Fruit Roll-ups, peanut butter crackers and apples. We had loads of fun.

I spent Saturday at South Plains College in Lubbock where I am attending an activity director's course that will continue for nine more Saturdays. It was very interesting and informative.

That takes care of our week. Hope you had a good one too.

Dianne Reyes Galvan  
Activity Director

## October Is Co-op Month.

# LaBaume, Mitchell Floyd Gold Star 4-Hers

### Floyd County inaugurates scholarship for Gold Star 4-Hers

#### GOLD STAR GIRL

Kelli LaBaume has been active in 4-H for seven years. This is the first year she has turned in a record book and that record book went to state. She has carried many projects, ranging from animal projects to leadership. Her main project has been Food and Nutrition. She went to state this year in the food show and won first place in the main dish category.

Some of her other projects include: swine, child development, food preservation, home environment, clothing and recreation. She has participated in the county camp, interstate exchange group and district and state roundup. She is currently serving as secretary for the county council.

#### SCHOLARSHIPS AWARDED

This is the first year that scholarships have been given to the Gold Star Boy and Girl. Each will receive five hundred dollars toward their college education.

The guidelines for these scholarships have been set forth "to foster more interest in 4-H, to create incentives and as a reward for hard work and dedication."

Floyd County is the only county in the district, and possibly in the state, giving scholarships to the Gold Star Boy and Girl. Funds for the scholarships come from private donations, memorials, pecan sales, the chemical auction and other money raising projects.

Kenneth Broseh presented the Gold Star Boy and Girl awards and he himself was a Gold Star Boy award winner forty years ago.

#### BANQUET PROGRAM

Master of ceremonies for the event was Matt Mitchell, the invocation was given by Lisa Terrell, Pledge of Allegiance was led by Becky Reeves, Joel

Mitchell led the 4-H Motto and Pledge, and Phillip Glasson introduced the special guests. The theme for the event was "Happy 150th Birthday Texas."

Participating in the awards presentation were Dr. Paul Glasson, D.V.M., veterinarian, Lockney, and Sam Spence, commissioner, Precinct 1, Floydada.

Kelli LaBaume, Chad Edwards, Gwen Lane and Wesley Teeter read the names of every 4-H'er from the first year to the tenth year as they came forward to receive their year pins.

Richie Crow presented certificates to the adult leaders and Mary True presented Sharon Smith, Kelli LaBaume, Joel Mitchell, Zach Nutt and Lisa Terrell with teen leadership certificates.

Mark Todd Terrell received recognition for his Outstanding First Year Record Book. Allen Martin for the Outstanding Jr. 1 Record Book, Kip Holt for his Outstanding Jr. II Record Book, and Kelli LaBaume for the Outstanding Senior Record Book.

Gwen Lane and Chad Edwards were presented with the "I Dare You" awards. This award goes to students who have exhibited excellence in character, well balanced personal development and leadership ability.

The annual "Friend of 4-H Meritorious Service" award goes to members of the community who go out of their way to help 4-H'ers. This year's awards went to Lois Colvin, Lockney, and Tommy Assiter, Floydada.

Larry Ogden, representing Lighthouse Electric, presented Richie Crow and Mary True the prestigious Silver Spur award. This award is given to adult leaders for their years of outstanding service to their clubs.

4-H record book awards went to Mark Todd Terrell, Jr. I Achievement; Jennifer Crow, Jr. II Achievement; Ross Colston and Zane Colston, Jr. II Beef;

Chad Edwards, Sr. Beef; Charla Yeary, Jr. I Clothing; Christy Rowan, Jr. II Clothing; Misty Bertrand, Jr. I Foods and Nutrition; Kelli LaBaume, Sr. Foods and Nutrition; Mandy Hunter, Jr. I Home Management; Lance Patridge, Jr. II Safety; Allen Martin, Jr. I Santa Fe; Joel Mitchell, Sr. Santa Fe; Tali Cage, Jr. I Sheep; Kip Holt, Jr. II Swine. The Santa Fe award encompasses all of the 4-H projects in which the member has participated.

Other state and national 4-H awards went to Sharon Smith, Clothing; Kelli LaBaume, Sharon Smith, and Joel Mitchell, Foods and Nutrition; Matt Mitchell, Kim Zimmerman, Wyman Rexrode, and Joel Mitchell, Expert, Small Arms Proficiency; and Stephanie Zimmerman, Nathan Whittle, Christie Rowan and Todd Cage, Marksman, Small Arms Proficiency.

4-H Council Officers Awards went to Matt Mitchell, Chad Edwards, Kelli LaBaume and Sharon Smith. District 4-H Council Awards went to Chad Edwards and Lisa Terrell.

Sharon Smith was named sweetheart of the Floydada club and Loretta Turner for the Lockney club.

Special guests present were Kathryn Crawford, District Extension Director, Home Economics Department; Mr. and Mrs. James Hinton, chairman, Floyd County Building Committee; Mr. and Mrs. Larry Ogden, Lighthouse Electric; Mr. and Mrs. Jon LaBaume, Floyd County Soil Conservation Service; Mr. and Mrs. Lon Colvin, Lockney Cooperatives; Mr. and Mrs. Sam Spence, commissioner, Precinct 1; Mr. and Mrs. Kenneth Holt, Farm Bureau Insurance; Mr. and Mrs. Kenneth Assiter, Assiter Insurance; and Allen Akers, Floydada F.F.A.

**RECORD BOOK WINNERS**—[L to R] Kip Holt, Mark Todd Terrell, Martin Allen and Kelli LaBaume received Outstanding Record Book awards at the 4-H banquet.

**LOIS COLVIN** received the Meritorious Friend of 4-H award for her time and resources unselfishly given.

## Horns of the Week

WYMAN REXRODE, son of Joe Neil and Margie Rexrode, plays guard and end for the mighty Longhorn team. He wears #64 and is 5'10", 160 lbs. Wyman is a member of the National Honor Society and is currently serving as Sentinel for the Lockney FFA chapter. Make this another victory, Wyman!

## School Lunch Menu

October 20-24

### Monday:

Breakfast — Cinnamon biscuits, milk, apricots  
Lunch — Polish sausage, kraut, pinto beans, milk, hot cornbread, cake

### Tuesday:

Breakfast — Rice, milk, peaches  
Lunch — Beef taquito, buttered corn, milk, tossed salad, roasted peanuts, sopapillas, honey

### Wednesday:

Breakfast — French toast, milk, fruit cocktail  
Lunch — Turkey roast and gravy,

milk, creamed potatoes, fried squash, milk, cherry cobbler, hot rolls.

### Thursday:

Breakfast — Bacon, eggs, milk, French fried potatoes

Lunch — Meat loaf, creamed peas, milk, fried okra, fruit cocktail gelatin, hot cornmeal rolls

### Friday:

Breakfast — Cheese toast, milk, applesauce

Lunch — Chicken patties on bun, milk, peanut butter and cracker, French fried potatoes, applesauce, salad

## J.V. wins first district game, 28 to 6

Lockney J.V. came away with a District win last Thursday by downing Springlake-Earth, 28-6. Lockney opened the scoring in the first quarter with Jamie McDonald going in from 21 yards out.

Feliciano Mondragon scored again after recovering a Springlake-Earth fumble with Andy Rodriguez scoring from 11 yards out and Roy Jimenez kicking the point after. George Bernal scored from 53 yards out in the second

quarter and the teams went in at halftime with Lockney leading 22-0.

Neither team scored in the third quarter. Lockney scored again in the fourth quarter with Jamie McDonald going in from 14 yards out. Extra point was missed.

Springlake-Earth got on the score-board with seven seconds to go in the game with a 36 yard pass.

Lockney travels to Hart to take on the Hart J.V. Thursday.

## Combined junior high teams defeat Wolverines

The 7th and 8th grade combined to play the junior high team from Springlake-Earth. The final score was 22-8 in favor of Lockney.

Lockney received the opening kickoff and drove 60 yards for the first score. Jeffrey Sutterfield scored from 35 yards and Kip Holt passed to Jerry Don Evans for the two point play.

The Wolverines marched the ball back to score and tie the score at 8.

Lockney missed a 32 yard field goal as the half ended.

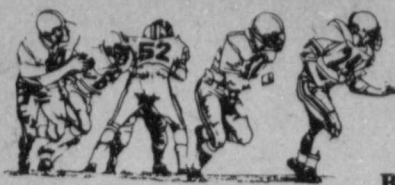

The second half kickoff resulted in Earth fumbling and Gilbert Ruiz recovering. Steven Vasquez ran 11 yards for the score and Vasquez ran in the extra point 16-8. The first play of the 4th quarter was a 34 yard pass from Holt to Orlando Mondragon for the score.

Frank Jimenez' kick for the extra point was just a little wide, 22-8. Everyone played well and contributed to the victory.

The team's next game will be at Hart starting at 5:00.

"I'LL TAKE SOME TICKETS!", seems to be what 16-month-old Corye Gill is jabbering to her parents, Brett and Judy Gill, who are ticket chairmen for the Lockney Methodist Church Harvest Festival turkey and dressing dinner to be held Saturday, Oct. 25. The adult meal tickets sell for \$3.50, and may be obtained from church members and at First National Bank. The meal price has been the same since the first Harvest Festival. Children's tickets are \$1 cheaper. The meal will be served from 11 a.m. to 1 p.m. Take out plates are available. Delivery to shut-ins may be arranged by calling the church office (652-2193) during the morning hours.

By Bob Purser

## Coach's Corner

I think Friday's game at S.E. may have been more of a happening than a ball game. From the downpour at half time on, everyone was soaking wet and totally into the ball game. I don't think I have ever seen a better total community effort in the second half of a ball game. Most of the Springlake-Earth people went home or went inside and it sounded like the city of Lockney vs. 11 kids from S.E.

The game itself was another one of those, come out in the second half and get the job done, and that's exactly what we did. We had to keep the ball on the ground and try to run the clock off just to keep them from getting their hands on it. If you were at the game you saw how explosive they were.

I thought it was another good team effort with Rusty Teeter, Javier Bernal, Allen Stallings, Lupe Basaldua, David Rodriguez, Jimmy Ballejo, and Johnny Silva being named players of the week.

This week is probably the most critical game of the season. Hart was picked by many to win the district and to place no worse than second place by anyone. They are very talented with good speed in running backs Johnny Washington and Chris Rodriguez, and an exceptional passer in Brett Ritter. It will take our best effort of the year to be successful this Friday. Please be there. The J.V. and junior high play at Hart Thursday starting at 5:00.

TOGETHER WE GO  
The Horns of '86

## Roundup at LHS

Report cards went out Wednesday. Did you ask to see your child's grades, parents?

\*\*\*\*\*

The band will go to Lubbock Saturday to march at the Tech Marching Festival.

\*\*\*\*\*

Cross Country will go to Floydada to run Saturday. These athletes who run would love to see some "rooters" there.

\*\*\*\*\*

For the Seniors, Mr. Anaya will be

here Monday the 20th to give help in the area of financial aid or scholarships to colleges.

\*\*\*\*\*

Juniors will be able to take the P.S.A.T. test Tuesday the 21st. The cost is \$5.

\*\*\*\*\*

Way to go, Horns! You were awesome against the Wolverines. Now let's show those Hart Longhorns what we're made of.

## Attention parents...

## Exit level tests set for Lockney students

As a result of the passage of House Bill 72 by the Second Called Session of the Sixty-Eighth Texas Legislature, numerous changes in the student assessment of minimum skills program took place in 85-86 school year.

One of the most significant changes occurs with the requirements for exit level testing in mathematics and English language arts. Satisfactory performance on the exit level examination is required for students to receive a high school diploma. Beginning October 1985, the test was administered to eleventh grade students for the first time. Students who do not perform satisfactorily on both the mathematics and English language arts sections of the test will have opportunities in May 1987 and in October and May of their twelfth grade year to pass both sections of the examination.

Beginning in 1987, high school diplomas must be withheld from those

students who have not demonstrated satisfactory performance by the end of their twelfth grade year. Students who have been denied diplomas and who subsequently perform in a satisfactory manner on both sections of the test will be issued a high school diploma at that time.

To parents of Lockney High School juniors:

The test for Lockney students will be given on October 28 and 29 at the Lockney Elementary cafeteria. Students will report to the cafeteria at 8:30 a.m. each morning.

The test schedule is as follows:

October 28 — 8:30 to 12:00 — Math test

October 29 — 8:30 to 12:00 — English language arts

Students must be present the day of the test as there will be no make-up days scheduled.

## Jim Curtsinger wins first in football contest

Jim Curtsinger is again in the money this week by placing first in the football contest. He missed two games and had a total score of 37 on the tie breaker game. He wins the first place money of \$10.00.

Karla Josey is in the money for the first time this year with her entry which again had only two wrong answers and a tie breaker score of 31. Karla receives the \$6.00 second place check.

Third this week was Kenneth Wofford who missed only two of the games but had a total score of 26 on the tie breaker score. He will receive the \$4.00 for third place.

Leading the race for the Dallas Cowboys football game tickets is Ken-

neth Wofford who now has a total of 62 points. Tied for second place are Retha Wofford and Jim Curtsinger with 60 points each.

Others in the point spread include: 57 points - Gary Mangold, Keith Marricle, Willis Reynolds, Johnny Dor-man

55 points - Karla Josey, Lisa Mosley

54 points - Glenda Wilson, Virginia Stapp, Homer Ragland, Dwayne Wil-son, Dickie McCarty, Reeda Cay Smith, Cindy Means and Ray Dillard

53 points - Randall Stapp

52 points - Michael Means, Deneen Marricle

50 points - Roy Saucedo

### KENNETH WOFFORD VISIT IN TENNESSEE

Kenneth and Retha Wofford recently returned from an eight-day trip to Tennessee. Among highlights of the Lockneyites visit in that state were the Grand Ole Opry, hosted by Porter Wagner, and Dolly Parton's Dollywood, located one mile from Pigeon Forge. The Woffords traveled through nine different states. Enroute home, they toured the national cemetery and a Civil War battleground at Vicksburg, Tenn.

protect our children...  
**DRIVE SAFELY**

CROSS COUNTRY—Members of the Lockney Junior High girls cross country team prepare for their run in Lubbock last Saturday. All the Lockney runners did well in the meet.

## Lockney Cross Country runs in Lubbock meet

By Patti Purser

Lockney Cross Country had a fantastic meet Saturday. The meet was a success in that we improved on our times in most cases.

The girls Varsity team placed 11th out of some 20 teams. The girls are still following behind district leader Hart and Abernathy. The times for these young ladies improved greatly. Melinda Molina ran in a career best time ever to finish 18th in a time of 14:13, followed by Rosellen Arjona, Joann Castro, Teresa Vasques and Soyla Luna. The junior girls were paced by Michelle Delgado who won a 13th place medal in

the J.V. division in a time of 14:32. This is extremely exciting because she ran against 5-A—1-A schools. She is a highly talented young lady with a bright future in athletics. The other junior high runners were: Stella Gonzales, Monda Reyes, Elizabeth Widener and Martha Harris.

The Varsity boys were very impres-

sive as a team finishing 4th behind 3-3A class schools. Eddie Garza led the pack for the fifth straight week, finishing 6th. Cory Luna captured a medal this week placing. The other team members who made a great showing were Mark Gatica, Albert Martinez, Jorge Bernal, Michael DeLeon and Michael Monroe. The Junior Varsity team only had four runners this week. They were led by Henry Ruiz followed by Joe Louis Guerrero and Luciano Banda. The junior high team was well represented. Kip Holt finished first for these young men followed by Kelly Poole, Johnny Peralez, Daniel Martinez, Roland Ray-ses and Cody Jackson.

The teams will all compete this weekend at Floydada on the Baptist campgrounds starting at 9:00 (I guess).

Please try to make an effort to congratulate these young people and if possible show your support by coming to our meet. This will be our last practice meet before district and these young people are working extremely hard to bring honor to our school.

## FFA sets date for annual turkey shoot

By Lori Smith

The first meeting of the year for the Lockney Future Farmers of America was held Tuesday night, October 7 at 8:00 p.m.

Before the meeting began, members and guests were treated to a chili supper.

The date for the first turkey shoot was set for Saturday, December 6.

The selection for members to go to the National FFA convention at Kansas

City, Missouri in November went before a committee.

December 27-30 was set aside for the chapter officers ski retreat.

The speaker for the meeting was Julie Davis, of Klondike, a sophomore ag communication ag economics major. Davis commented that this was the first chapter meeting she spoke at since being elected state FFA vice-president from Area II.

ASK FOR TELCOT®

# Horns post win in district inaugural

The Lockney Longhorns were literally baptized into district play as they were forced to finish the second half of the game against Springlake-Earth last Friday in a sometimes drizzling rain and at other times a full downpour. The Horns performed very well and posted their first win of district play, defeating the Wolverines by a score of 34 to 20.

The Horns scored first in the game. That scoring drive began late in the first quarter when Lockney took over the ball on its own 28 yard line. Three plays into the series the Horns had only gained five yards when Jimmy Ballejo took a keeper and ran the ball to Horns 48 yard line.

Matt Mitchell took the handoff on the next play and gained another first down on the Wolves 25 yard line. A penalty moved the Horns back to a first and 20 from the opponents 35 yard line. Steven Cates kept the ball on the first down play and gained three yards on the play.

The next play put the Horns in scoring position when a pass to Joe Torrez was complete on the Wolverines 25 yard line. Dickie Hernandez gained four yards on the next play and on the third down Ballejo reared back and completed a pass to Torrez for the touchdown. Ben Schuster added the extra point and the Horns were in the lead to stay for the night. The score remained the same until after the half.

### RAIN DELAY

The halftime itself was quite interesting as Mother Nature waited for both bands to complete their performances

before putting on one of her own. Just as the teams were ready to take the field the rain came hard and fast.

Lockney fans took cover under the bleachers, in the buses and in vehicles for about 45 minutes. When the rain stopped the teams retook the field and over half the Horns fans returned to the stands while those of the opponent had left for home.

Springlake-Earth scored in the opening minutes of the third quarter but their extra point attempt was no good.

With 8:10 left in the third period Lockney again scored when Hernandez ran across the goal line and gained the Horns six more points. A bobbled snap was converted into two points when Cates connected with Ballejo in the end zone. The Horns were now up 15 to 6.

With about three minutes remaining in the third period Lockney began another scoring drive from its own 35 yard line. On the second and five play Ballejo took a keeper up to the 50 yard line.

Mitchell took the first handoff for eight yards and Javier Bernal took the second and two handoff down to the opponents 14 yard line. He moved for another first down on the next play and then Ballejo took the ball three yards in for the touchdown. Schuster booted the extra point and the Horns had 22 points on the board.

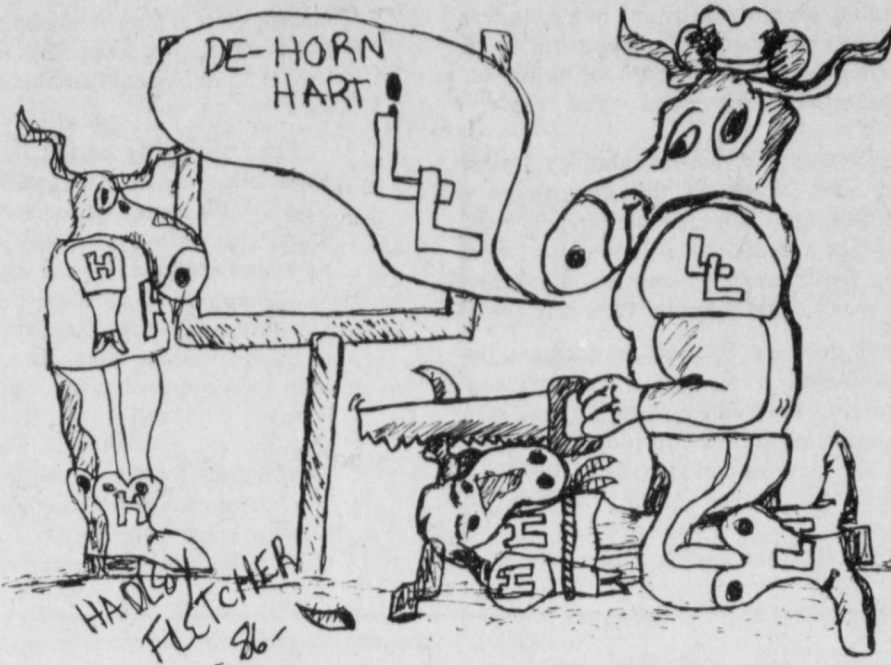

Earth scored with 11 seconds left in the third quarter and that put the score at 22 to 14.

With 10:41 left in the game Mitchell, in the rain, ran 11 yards for another Horn score, but the extra point went wide.

The final scoring drive of the game came with 2:41 left in the game. Lockney quarterback Cates took a keeper and ran 48 yards for the score. Schuster added the extra point.

(If this game report seems to be a bit sketchy please bare with this reporter. With the rain my note pad became somewhat wet and smudged and the

pictures were all taken in the first half as we could not afford to get our camera wet with the downpours which kept occurring in the second half.)

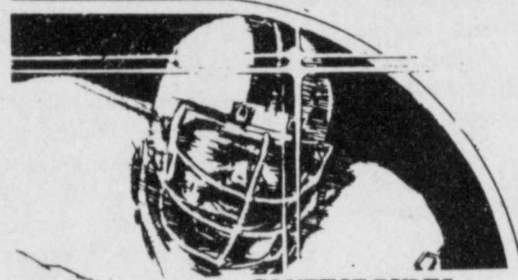

## Go Horns! Beat Hart!

7:30 in Lockney

Bring your noisemakers

MAKING A RUN FOR IT—As Ben Schuster blocks and prepares to keep Javier Bernal on his feet, Bernal makes a run which put the Horns closer to a score in the game with Springlake-Earth last Friday night. The Horns emerged victorious by a score of 36 to 20 and posted their first win of district play.

### CONTEST RULES

Any local residents above the age of 7 except employees of the Beacon may enter. Three cash prizes are given each week - ties will split prize money. Members of the sports department are sole judges of the contest and their decision is final.

It is not necessary to indicate scores on all the games...But total score (scores of both teams) of the tie breaker must be indicated at right.

Simply circle the team you choose to win in each of the footballs. Deadline for submitting entries is 5 p.m. Friday - winners will be announced the following week. Enter one entry per person per week, print name and address plainly on blank below and mail or bring entire page to the Beacon office.

Tie breaker game will be considered only in case of ties.

## Thanks, Lockney!

# Wheat hardness test may aid exports, wheat quality

Wheat grains, ground one by one in a cylinder, give off vibrations that U.S. Department of Agriculture engineers can measure for hardness, a key to grading and pricing this major crop.

A desk-top testing device invented by David Massie and Karl Norris of the department's Agricultural Research Service electronically registers the grain vibrations. A computer then quickly prints hardness scores on a read-out tape. Hard grains grind slightly louder than soft ones.

Norris said the new method is designed to solve two problems. First, new wheat varieties resulting from crossbreeding of traditional soft and hard wheats are difficult to judge by sight. Hardness is now determined visually by the size, shape, length and other visible features of individual grains.

Secondly, wheat produced in America's free

market system may be mixed at sometime during the marketing process. The hardness test could help U.S. sellers confirm their grain's quality, he said.

"The simplicity of the device could make it especially valuable to grain inspectors," said Norris. "If adopted nationally, it could eventually help raise both the quality of domestic wheat flour and the value of our wheat exports."

"Wheat breeders have told us that a quick measure of wheat hardness will help them evaluate new varieties," he said. "This would help seed companies, too, and be even better for farmers who will know exactly what they are planting and marketing." Hard wheats bring a higher price for flour used to make bread, while soft wheats bring more for cookie and cake flour.

At the Instrumentation Laboratory in Beltsville, Md., the two engineers developed the

grinding cylinder, linked to a computer. A sampling of 500 wheat grains can be channeled into the top, one grain at a time dropping into the six-inch wide cylinder.

Two prototype cylinders will be field tested by the department's Federal Grain Inspection Service. This agency set guidelines for agricultural commodity graders and issues licenses to grain inspectors. Over three million grain inspections are conducted at grain elevators each year.

Several years ago, Norris developed another device to test the protein and other nutrient values of grains and oilseeds. This near-infrared reflectance instrument was adopted by the grain inspection agency. Over 4,000 commercial NIR devices are in use by U.S. grain inspectors with over 7,000 in use worldwide.

## NCC asks agriculture committee to stand firm against changes

The National Cotton Council has asked the House Agriculture Committee to stand firm against efforts to dismantle a cotton program which is helping that industry emerge from a near-crisis.

Frank Jones, the Council's Producer Steering Committee chairman, testified that the surest way to render the new

cotton program ineffective and increase its cost is to give foreign competitors reason to question this country's resolve to keep the program in place.

Evidence the cotton program is succeeding, the Lamesa, producer said, is that only seven weeks into the new marketing year, U.S. cotton merchants have reported export sales commitment totaling 4.7 million bales — or almost two and half times total exports for the preceding 12 months.

USDA predicts cotton exports this season will more than triple last year's total. The new cotton program, Jones testified, is responsible for these impressive sales because cotton prices were brought on a par with world prices for the first time in nearly two years.

Other positive results of the increased sales were cited as: (1) an improved U.S. trade balance, (2) a savings to the American taxpayer of \$40 for every bale moved out of government storage, (3) a reduction in foreign cotton acreage, and (4) lower world cotton stocks.

The program's end result, Jones said, will be a world cotton supply back in line with demand.

"We are confident that if we continue to meet the competition, our foreign competitors will be forced to share with

us the responsibility of bringing the cotton supply back in line with demand," Jones said. "When that is achieved, world prices will rise and the need for these payments will be greatly reduced — perhaps ended."

He pointed out that the world price has already risen more than 50% since the crop year began August 1.

Jones also testified the five-year cotton program will give U.S. producers the ammunition to compete against foreign producers, 90% of which are subsidized by their governments. U.S. producer income is protected under the program through a flexible market loan and a system of target prices and deficiency payments.

"We in the cotton industry are making every effort to take full advantage of the opportunity to turn our situation around," Jones said.

He said the industry is stepping up its research and promotion effort and sending trade teams abroad to make sure U.S. customers know we are back in the market with competitive prices.

"We're confident that if the new farm law is allowed to run its full five-year course, cotton again will be a major contributor to the economy of this country," Jones said.

## Stockmen advised to watch for poisoning after freeze

Following the Monday morning freeze, some livestock owners have moved cattle, horses and other livestock grazing on vegetation which might contain hydrocyanic (prussic) acid. The acid can cause livestock poisoning following a freeze.

Plants of the sorghum group — including such weeds as Johnsongrass — and leaves of wild cherry trees have a potential for producing toxic levels of prussic acid.

According to Texas Extension Service data, "There are wide differences among varieties. Some of the sudangrasses, such as Piper, are low in prussic acid. Pearl millet is apparently free of prussic acid in toxic amounts."

The primary cause of hydrocyanic or prussic acid poisoning in domestic animals is the ingestion of plants containing this potent toxin. Cyanide - producing compounds

occurring in living plant cells are converted to prussic acid when cells are crushed or otherwise ruptured.

When lethal amounts are consumed, dead animals may be found with visible symptoms of poisoning. Symptoms from smaller amounts include labored breathing, irregular pulse, frothing at the mouth and staggering.

According to the Extension literature, secured from Floyd County Extension Agent-Ag Richie Crow, the risk from potentially dangerous forages may be reduced by following certain management practices:

1. Graze sorghum or sorghum cross plants only when they are at least 15 inches tall.
2. Do not graze plants during and shortly after drought periods when growth is severely reduced.
3. Do not graze wilted plants or plants with young tillers.
4. Do not graze for two weeks

after a non-killing frost.

5. Do not graze after a killing frost until plant material is dry (the toxin is usually dissipated within 48 hours).

6. Do not graze at night when frost is likely.

7. Delay feeding silage 6 to 8 weeks following ensiling.

8. Do not allow access to wild cherry leaves whether they are wilted or not. After storms always check pastures for fallen limbs.

Suggested treatment is a proprietary sodium nitrite-sodium thiosulfate combination which can be administered and repeated only once if necessary. It must be injected intravenously and very slowly; the dosage and method administration of which are critical. Most animals that live two hours after onset of symptoms will recover.

## Farm Bill comments accepted until 25th

Public comments on provisions of the 1985 Food Security Act, commonly referred to as the Farm Bill, will be accepted by the U.S. Department of Agriculture until October 25.

The act affects farmers if they produce crops on highly erodible land without following an approved conservation plan or if they produce crops on converted wetlands.

The provisions, widely known as "Sodbuster," "Conservation Compliance," and "Swampbuster," deny many USDA farm program benefits under certain conditions.

Sodbuster applies to highly erodible land broken out of grassland or woodland and cultivated for crop production after December 23, 1985.

Conservation compliance, another part of the highly erodible land provision, applies to land that was planted to a crop at least one year during the years 1981-1985.

Sodbuster and Conservation Compliance require farmers who request certain USDA farm program benefits, and who are farming highly erodible land, to plan conservation plans approved by local conservation districts. There is, however, a grace period for the Conservation Compliance provision. Farmers not using a conservation plan have until January 1, 1990, to develop and begin applying an approved plan. They have until January 1, 1995, to have all provisions of the plan in effect.

The other provision, Swampbuster, does not allow farmers to convert wetlands to croplands and remain eligible for USDA benefits regardless of whether or not they have an approved conservation plan.

The public comment period on the interim rules of the provisions will last until October 25. Comments should be addressed to Director, Cotton, Grain, and Rice, Price Support Division, ASCS-USDA, P.O. Box 2415, Washington, D.C. 20013, and they must be received by October 27 to be considered.

Additional information can be obtained from the Soil Conservation Service, the Agricultural Stabilization and Conservation Service, the Farmers Home Administration or the Texas Agricultural Extension Service.

### COTTON TODAY

CCI mapping expanded export promotion—Cotton Council International is finalizing plans for a greatly stepped-up campaign to boost overseas sales of U.S. cotton as the result of a \$7 million allocation from USDA's new Targeted Export Assistance program.

Officials of CCI, the overseas arm of the National Cotton Council, said the allocation is the first for cotton under the TEA program, which was authorized by the 1985 farm act. Combined with CCI's other funding, the allocation means a total \$7.9 million program for cotton's foreign market development.

CCI President H.L. Hodges, Greenwood, Miss., said the expanded funding is especially timely since the new farm program is making U.S. cotton price-competitive in overseas markets for the first time in nearly two years. "These two thrusts combined should help offset foreign cotton subsidies and enable U.S. cotton to regain the market share it has lost in the last couple of years," Hodges said.

The new promotional program will be aimed at: (1) persuading countries to focus more attention on developing their own domestic markets, (2) targeting programs to countries where U.S. raw cotton has a significant market share, and (3) tying cooperative advertising programs to mills in direct proportion to their U.S. cotton purchases. CCI will work with Cotton Incorporated in developing and coordinating the promotion.

Hodges said the campaign should be especially cost-effective since the global cotton market is expanding at an annual rate of 1.7 million bales. "In growth periods like this, promotion efforts generally pay the best dividends."

#### PECAN SEMINAR AT ODESSA

Irrigated pecan growers from Texas, New Mexico and Arizona are invited to the 4th Annual Permian Basin Pecan Seminar and Trade Show, Nov. 1 at the University of Texas-Permian Basin in Odessa.

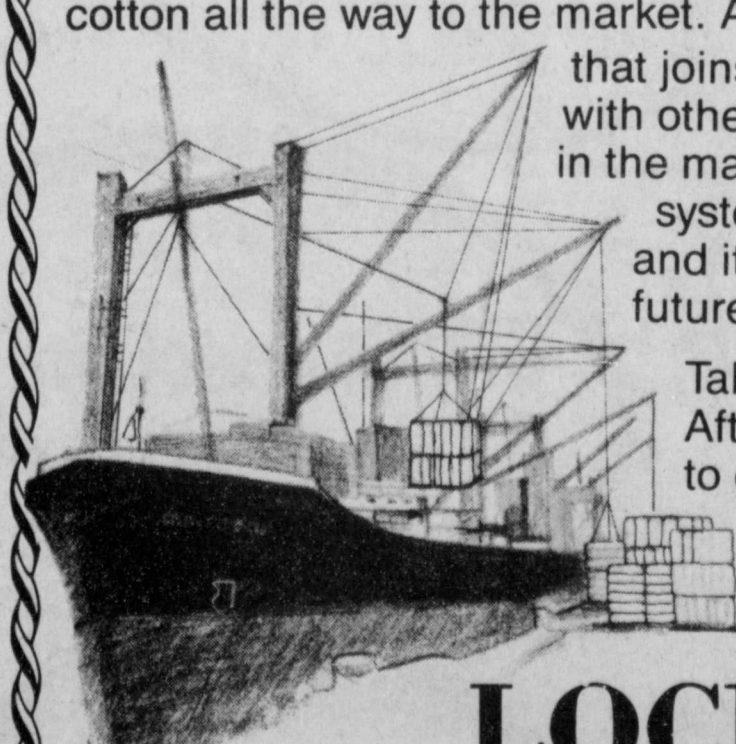

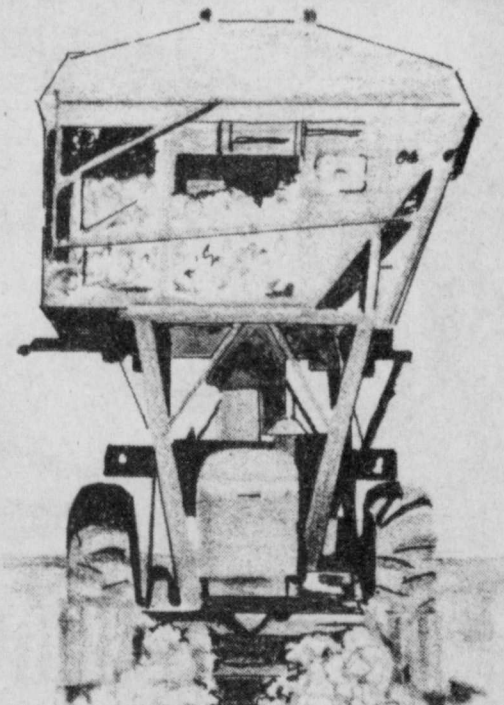

It makes sense to stay involved with your cotton after it leaves the farm. That's why taking your cotton to your co-op gin is a good idea—for a couple of reasons:

First, when you take your cotton to a co-op gin, that gin becomes a part of your business. You have a voice in how it's run and you share in the profits. The more cotton you bring, the more it pays.

But, even more importantly, when you bring your cotton to your co-op gin you become part of a system that takes your cotton all the way to the market. A system

that joins your local co-op gin with other co-op gins to give you a voice in the market. Being a part of that system is important to you now and it's even more important to the future of cotton farming.

Take your cotton to your co-op gin. After all, it's just good business to do business with yourself.

THURSDAY OCTOBER 16

Grid of TV programs for Thursday, October 16, listing channels (4, 5, 9, 11, 13, 28, 34), stations (WTBS, KTXT, WGN, KCBD, KLBK, KAMC, KJTV), and show titles (I Dream of Jeannie, Down To Earth, Mister Rogers, etc.).

HIGHLIGHTS

MORNING
9:05 (4) ★★ "THAT HAGEN GIRL" (1947, Drama) Shirley Temple, Ronald Reagan. A young girl is made to believe by way of ugly rumors that she was really born out of wedlock.

hiccups.
7:05 (4) ★★ "WORLD WAR III" (1982, Drama) (Part 1 of 2) Rock Hudson, David Soul. In December 1987, a series of increasingly hostile confrontations between the United States and the Soviet Union lead the world to the brink of nuclear destruction.
9:00 (4) ★★ "WILLARD" (1971, Horror) Bruce Davison, Ernest Borgnine. An unbalanced young man trains an army of rats to destroy his enemies.

FRIDAY OCTOBER 17

Grid of TV programs for Friday, October 17, listing channels (4, 5, 9, 11, 13, 28, 34), stations (WTBS, KTXT, WGN, KCBD, KLBK, KAMC, KJTV), and show titles (I Dream of Jeannie, Down To Earth, Mister Rogers, etc.).

HIGHLIGHTS

MORNING
9:05 (4) ★★ "THE CLOCK" (1945, Romance) Judy Garland, Robert Walker. A sailor searches frantically for a young girl he met and fell in love with during a chance meeting while he was on an eight-hour leave.
12:05 (4) ★★ "THE STRANGER WITHIN" (1974, Science-Fiction) Barbara Eden, George Grizzard. An expectant mother begins to suspect that her mind and actions are

being controlled by her unborn baby.
11:00 (4) ★★ "MYSTERY OF LONDON" (1935, Mystery) Henry Hull, Warner Oland. A doctor discovers after being bitten by a wolf that he becomes a werewolf during a full moon.

SATURDAY OCTOBER 18

Grid of TV programs for Saturday, October 18, listing channels (4, 5, 9, 11, 13, 28, 34), stations (WTBS, KTXT, WGN, KCBD, KLBK, KAMC, KJTV), and show titles (Wrestling, U.S. Farm Report, National Geographic, etc.).

HIGHLIGHTS

MORNING
5:00 (3) ★★ "THE SWARM" (1978, Suspense) Michael Caine, Katharine Ross. A world-famous entomologist leads a life-and-death struggle against a horde of maddened killer bees.
12:00 (3) ★★ "THE SPLIT" (1968, Drama) Jim Brown, Diabhan Carroll. After pulling off a big robbery, a gang has trouble dividing the money.
2:00 (3) ★★ "BOEING, BOEING" (1965, Comedy) Tony Curtis, Jerry Lewis. A London playboy

thinks he has devised a foolproof plan for juggling the visits of his three stewardess girlfriends until, unexpectedly, their planes all land on the same day.
7:00 (9) ★★ "SIROCCO" (1951, Adventure) Humphrey Bogart, Martha Toren. A soldier's love for a superior wife proves to be his downfall.
9:00 (3) ★★ "JESSE JAMES" (1939, Western) Tyrone Power, Henry Fonda. Jesse assumes an alias and marries in an attempt to go straight but he is dogged by bounty hunters.

SUNDAY OCTOBER 19

Grid of TV programs for Sunday, October 19, listing channels (4, 5, 9, 11, 13, 28, 34), stations (WTBS, KTXT, WGN, KCBD, KLBK, KAMC, KJTV), and show titles (Tom & Jerry, Sesame Street, Good News, etc.).

HIGHLIGHTS

MORNING
9:35 (4) ★★ "BIG JAKE" (1971, Western) John Wayne, Richard Boone. A grizzled man of the West defies both the Army and the Texas Rangers in his efforts to locate his kidnapped grandson.
12:00 (9) ★★ "CHARLIE CHAN AT TREASURE ISLAND" (1939, Mystery) Sidney Toler, Cesar Romero. The murder of a writer aboard a plane is solved by Charlie Chan.
9:00 (3) ★★ "THE ROAD TO RIO" (1947, Comedy) Bing Crosby, Bob

Hope. The lives of two musicians take a turn for the better after they stow away on an ocean liner.
2:00 (3) ★★ "SMOKY" (1946, Drama) Fred MacMurray, Anne Baxter. A cowboy's devotion to a wild stallion is put to the test when the horse is stolen and mistreated by a series of owners. Based on the story by Will James.
3:30 (4) ★★ "LIVING PROOF: THE HANK WILLIAMS JR. STORY" (1983, Drama) Richard Thomas, Clu Gulager.
9:00 (3) ★★ "THE WAR OF THE WORLDS" (1953, Science-Fiction) Gene Barry, Ann Robinson.

can make objects bounce to incredible heights.
7:05 (4) ★★ "WORLD WAR III" (1982, Drama) (Part 2 of 2) Rock Hudson, David Soul. In December 1987, a series of increasingly hostile confrontations between the United States and the Soviet Union lead the world to the brink of nuclear destruction.
11:00 (4) ★★ "MYSTERY OF LONDON" (1935, Mystery) Henry Hull, Warner Oland. A doctor discovers after being bitten by a wolf that he becomes a werewolf during a full moon.

**HIGHLIGHTS**

**MORNING**  
 9:05 (4) ★★ "REUNION" (1980). Drama! Kevin Dobson, Joanna Cassidy. A married man returns home for his high school reunion and is attracted to the daughter of his former sweetheart.  
**AFTERNOON**  
 12:05 (4) ★★ "FIVE MILLION YEARS TO EARTH" (1968). Science-Fiction! James Donald, Andrew Keir. An unearthed time capsule contains clues to a prehistoric Martian visit to Earth.

1:00 (5) ★★ "THE SINGING COWGIRL" (1939, Western) Dorothy Page, Dave O'Brien. A shady lawyer and some outlaws plan to take over a ranch that supposedly has gold on it.  
 7:00 (2) ★★ "MAN AND BOY" (1972, Western) Bill Cosby, Leaf Erickson. A black man tries to make a home for his family on the Arizona desert frontier.  
 (34) ★★ "BETRAYAL" (1983, Drama) Ben Kingsley, Jeremy Irons. A man looks back through the nine years of his wife's affair with his best friend, culminating in his recollections of the relationship's origins.  
 7:05 (4) ★★ "MARRIAGE ON THE ROCKS" (1965, Comedy) Frank Sinatra, Deborah Kerr. While on vacation, a lover's quarrel winds up in divorce with the wife marrying her husband's best friend.  
 8:00 (1) ★★ "AN OFFICER AND A GENTLEMAN" (1982, Drama) Richard Gere, Debra Winger. An undisciplined Naval aviation officer candidate meets his match in a tough drill instructor while, off base, he romances one of the local town girls. (R) □

Continued from Page One

plentiful as in counties to the north, but Floyd County's location is closer to Lubbock. The location might appeal to the fellows who might want to commute, for example.

**A WOMAN'S PLACE**  
 One of the latest signs seen: "A woman's place is in the home...just as soon as she can get there after work."

**CORRECT DECISION**

Arnold Lockshin made the correct decision. The disgruntled cancer researcher, who was fired last month from his position at St. Joseph's Hospital in Houston, claims political harassment. He took his wife and three children and fled to Russia.

In accordance with our "love it or leave it" theory, Lockshin did the right thing in leaving the USofA. The United States is far from perfect, but most of us choose to stick around.

**When you read...**

It means  
 Luxury living... overpriced  
 Electric gate... bad neighborhood  
 Upgraded balcony... room for three large pots, now scenic hilltop... way up in back  
 Charming split level... out of style but could be OK  
 Terrace view... ground-level beside wall  
 Lush landscape... bring tools  
 Could lock up and travel... just to get away from it  
 Cathedral ceiling... no insulation

**Quick commute...**

crowded downtown hi-rise  
 Large closets... would take some but not all your stuff  
 Swiss chalet type... some carpenter's dream  
 Rent/option to buy... a real clunker to move  
 Smart tax shelter... only thing left to get lookers  
 Compact sleeping lofts... no bedrooms

**Executive villa...**

expect to pay through the nose  
 Easy takeback... this guy is eager  
 Victorian sweetheart... well painted over  
 Great starter home... basic as you would ever want to get  
 Prime location... ask price sitting down

**Shows well...**

very fussy owner  
 City view... overlooks lighted warehouses  
 Will help finance... priced almost out of reach  
 Immaculate... wipe feet, tiptoe in  
 Natural setting... on road to nudist camp  
 Real atrium... but fake plants  
 Well below market... basement of grocery store  
 Quiet neighbors... police halted shoot-outs

**Near lovely walking paths...**

no bus  
 Basic air conditioning... must open three windows  
 Reduced to move... been on market for two years  
 Plenty good parking... stadium across street  
 Garden entrance... through furnace room  
 Extra storage... four hooks

**Nighttime security...**

street lights shine in all windows  
 Close to school... backs up on basketball court  
 Will redecorate... needed for 10 years  
 Sunken tub... floor very unlevel  
 Nice condition... borderline for sure  
 Handyman special... forget it

**CALF ROPE!**

Enough is enough!  
 This area can do just fine without additional moisture until late winter or early spring. Unfortunately, we don't get our choices about weather.

**Several of us are now wondering if this messy weather might not continue until frost. Now we'll wash our mouth out for even thinking such a thing.**

**HOW ABOUT YOUR STORY?**

How about sharing a unique or humorous experience you've had with us. We would love to share it with other readers.

**HOW MUCH RAIN?**

Lockney's 36 plus inches of moisture this year seems like a barrelful. But that's only a cotton shower compared with a community in a neighboring county.  
 Bud Crump has a friend in the Owens Community of Crosby County who says he has recorded 71 inches in the past 18 months.

**OPTIMISTIC APPROACH**

With heavy skies Friday, peoples' spirit was not the brightest. There is just something about a dreary day which causes depression.  
 That morning a fellow popped up with a bit of wit which seemed most appropriate:  
 "The ducks are flying low. Maybe we can shoot one and have it for lunch."

**HOW'S ABOUT A LOAN**

"Hey, Dad, I need \$50," quipped a teenage son.  
 Pop's answer: "I don't have \$40, and besides you don't need \$30. See if your mother has \$20."

**WHAT AGE**

When the lady who was making out the application came to the little square marked "age", she did not hesitate. She simply wrote "atomic."

**Service awards received by SPS employees**

Kenneth W. Tate of Lockney, who recently retired from Southwestern Public Service Company (SPS), will be recognized for forty years of service to customers at the SPS Southern Division service awards dinner Thursday, October 16, in Lubbock.  
 He is among 407 employees of the company being recognized through a series of award dinners for a collective 6,085 years of service.
