

Ron Thomas places fifth

Garza brings home first from state meet

Lockney was well represented in the State track meet this past weekend by Eddie Garza and Ron Thomas. Garza came home with a first place win in the 1600 meter run and Thomas finished fifth in the discus throw.

Garza finished in first place with a time of 4:29.5, just four hundredths of a second ahead of the second place finisher. Garza posted his best time ever with the first place win.

Of Garza coach Mickey Crowe commented, "Eddie did a great job at the State meet. He accomplished two goals that he had set for himself, winning a State championship and break 4:30 in the run. We are very proud of him and what he has done for Lockney High School."

Thomas also posted her best distance throw in the discus at the State meet. Her fifth place finish was measured at 115 feet, three inches. Of Thomas' performance at the State meet coach Patti Purser said, "Ron did a tremendous job. I am extremely proud of her and she is very proud of herself. Her throw of 115 feet 3 inches is probably a school record. She is a good kid and would like to get a scholarship to attend

a college close to home. Going into the State meet she was ranked eighth and she came up four places in the ranking with her throw. She also beat out the girl who placed first in our region."

Garza is a senior and the son of Mr. and Mrs. Higinio Garza of Lockney. This was his second trip to the State track meet. In 1986 he also ran the 1600 meter run and placed fifth. For the past four years he has also been a member of

the cross country team which the past two years has won the State Cross Country finals. He has also been an All-State Cross Country runner for the past three years.

Thomas is also a senior and is the daughter of Mrs. Nona Thomas of Lockney. She has participated in track the past three years and played basketball this year with the Lady Horn Varsity team.

RON THOMAS AND EDDIE GARZA

Retirement tea to honor McDonald

First National Bank, Lockney will be hosting a reception next Wednesday, May 27, in honor of June McDonald, who is retiring June 1.

Patrons and other friends are invited to attend the reception from 9 until 11 a.m. and from 1 to 3 p.m. Refreshments are to be served.

Mrs. McDonald has been associated with the First National Bank for 42½ years. Presently vice-president and cashier she became a staff member on December 12, 1944.

Senior Citizens hold briefing

Approximately 50 people turned out for the Senior Citizen supper. Several games were played after supper.

Briefing was held after supper by W.L. Carthel, vice president and Virginia Sissney, secretary. Work on the building is beginning to shape up nicely. The new air conditioner was installed Monday and the ceiling in the kitchen has been finished.

Three hundred books of stamps have been donated and will be used to purchase card tables.

Bids were opened on the sale of the building donated to the Senior Citizens and Rene Guerrero was high bidder.

The Senior Citizens fiscal year begins July 1 and all membership dues will be due again July 1, 1988. There are now a total of 145 members.

The Senior Citizens will have a float in the Floyd County Pioneer Reunion Saturday, May 23.

Lockney school board hears TEAMS test results

Lockney school board members received a report of the 1987 Texas Assessment of Minimum Skills (TEAMS) results at their May 14 meeting. Joyce Evans, TEAMS coordinator, presented the report on grades 3, 5, 7 and 9.

TEAMS tests are a result of the 1984 school reforms mandated by the Texas Legislature in 1984. The tests were designed to measure minimum basic skills in reading, writing and mathematics for all pupils in grades 1, 3, 5, 7, 9 and 11.

Of the third graders tested 98 percent mastered math, 98 percent reading and 53 percent language arts.

Fifth grade reports indicated that 92 percent mastered math, 80 percent reading and 53 percent language arts.

Ninety-three percent of the seventh graders mastered math, 93 percent reading and 81 percent language arts.

In the ninth grade 91 percent mastered math, 85 percent reading and 82 percent language arts.

Lockney students exceeded statewide mastery percentages in grades 7 and 9 in all three subject areas and were only slightly below in grades 3 and 5. The minimum criteria for mastery in the basic skills areas of mathematics, reading, and language arts is established by the State Board of Education.

In the third grades 55 students took the tests, 30 students passed all tests taken, 24 failed only one test, none failed two tests and one failed all three tests.

Fifty-three fifth graders took the TEAMS tests. 27 passed all tests taken, 15 failed one test, 9 failed two tests and 2 failed all three tests.

The seventh grade had 45 students who took the tests. 35 passed all tests, 7 failed only one test, 2 failed two tests and 1 failed all three tests.

In the ninth grade 34 students took the tests. 23 passed all tests, 8 failed one test, 3 failed two tests, and no one failed all three tests.

Exit TEAMS have been given to grades 1 and 11. The results will be in June.

The school board noted that while test scores generally improved, the scores on the written portion of the test revealed that local students did well in writing mechanics such as punctuation, spelling and proofreading but not as well in writing narrative composition, which was given more weight in scoring that portion of the test.

Exercises set for seniors

Baccalaureate for Lockney High School seniors is scheduled for May 24, 8:00 p.m. at the First Baptist Church. Everyone is invited to attend.

Graduation exercises for the 1987 class will be held May 29 at the First Baptist Church at 8:00 p.m. Admission is by ticket only due to the limited seating capacity.

Marshalls and ushers for this year's graduation are the ten highest ranking juniors. They include Margie Torres and Joel Mitchell, marshalls; and as

ushers, Clay Adrian, Todd Hallmark, Boyd Jackson, Kathy Davis, Maria Saucedo, Donna Vernon, Ruth Elaine Wilson and Elida Luna.

Review for the semester tests will be held on May 25 and 26. Semester tests will be held May 27, 28 and 29.

Teachers will meet May 28 with the Service Center on A.V. materials and again on May 30 for teachers workday. Breakfast will be served at 8:30 at the elementary cafeteria.

Computer setup discussed by LISD board members

Lockney Independent School District school board met in regular session Thursday, May 14 at 7:30.

Gene Hayes brought a report on the TECS Public Information Management System (PEIMS). The state is requiring that each school have an on-site monitoring system so in-house audits can be done by computer. This will eliminate the audit teams that come regularly to the schools. A decision on the PEIMS software will be made in June.

Mrs. Joyce Evans, elementary school principal, gave a report on the TEAMS test results that the third, fifth, seventh, and ninth grades have completed. Results of this test are printed elsewhere in the paper.

Resignations were accepted from Bob Purser, Mickie Crowe and Virginia

Fullingim.

Personnel hired for the coming year were James Haney, high school science teacher, Leslie Ross, band director for all levels, and Tom Kelly, assistant football coach.

Approval was made for the 1986-87 career ladder. Those approved were Jami Moerbe, Vickie Schaefer, Wanda Rogers, Karen Quebe and Paul Vera.

Four students were approved for transfers for the 1987-88 school year. The cost to transfer is \$75.00 per month. Minutes of the previous meeting were read and approved. Current bills were approved and paid. Reports were given on taxes and school investments.

After due consideration the board has chosen to keep David Workman as their school plumbing and air conditioning repair man.

KAY TANAHAHILL

Video rental store opens

Kay Tannahill, Lockney native, has opened the Kountry Video Store at 119 West College. It is located in the front of Lee's White Auto Store. Kountry Video has been open since February. They carry more than 500 movies for rent and also rent video machines.

Kay is the daughter of Eugene and Patty Tannahill. She has a sister Donna and brother Larry. Kay graduated from Lockney High School in 1978 and from

Southwestern Oklahoma State at Weatherford, Oklahoma in 1982.

Some of the new releases she now has are: "Ferris Bueller's Day Off," "Peggy Sue Got Married," "Nothing in Common," "Color of Money," "Children of a Lesser God," and "Fire Walker."

She has movies for all ages including children's classics.

SIT STILL NOW, I don't want to cut you — Hubert Frizzell cuts Milton Robbs hair at the Lockney Care Center. — Staff photo

Frizzell volunteer barber for Lockney Care Center

Hubert Frizzell volunteered to cut the hair of residents at the Lockney Care Center Saturday. Hubert, who has been cutting hair since he was thirteen, volunteers his time to keep the men's hair well trimmed.

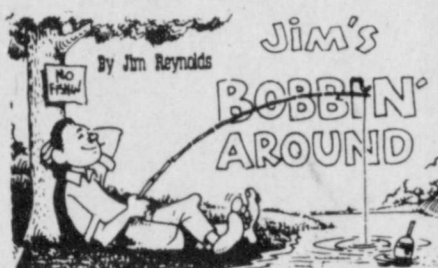

His father, A.E. Frizzell, taught him now to cut hair. They cut "everybody's hair at Lone Star." Hair was cut with a straight edged razor and back then Hubert could cut the ladies dove tails "as neat as anybody."

He and his dad would cut two heads of hair at a time out under the shade

trees for no charge. Hubert relates that, "No one had any money then."

Often they came on Sunday afternoon and A.E. and Hubert cut their hair even though Hubert might have rather gone off with the kids of the community.

When everyone came into town on Saturdays Hubert often helped out the local barbers when they got behind. Often they cut hair until one or two in the morning. At one time there were five barber shops in town. People got their hair cut once a week.

LIFE BEGINS AT 40

Myrt Hill says "Life begins at 40, but everything else begins to wear out, fall out and spread out, too."

NONSENSE

If a hotel has 100 rooms, I don't think it would make any sense for it to rent only 95.

Why then, is the Texas prison mandated to cease taking prisoners when the head count reaches 95 percent of capacity? —Joe Harrison, Texas Spur

TOO MUCH TROUBLE

A friend explains that Aggies aren't overly fond of M&Ms because "It's too much trouble to peel them."

KEEPSAKES

My mother-in-law is one of those types that saves almost everything. For some reason, the other day, she was looking through her store room and came up with a bunch of shoot-em up western novels from years gone by.

She also found a Gold Medal Flour Cook Book that was printed back in 1912, or so.

Knowing that I like to cook, she brought the book by. In it there are many recipes for many different dishes ranging from soups to meats, poultry, puddings, jams, jellies and a bunch of things that I had never heard of before.

Some of the dishes sounded quite good while others took care of the appetite in a different way.

Also there was a table for measures. You surely know that a speck is equal to ¼ teaspoon. The capacity of one wine glass is a gill, and it takes two gills to make one cup. Also it takes eight tablespoons to make one gill.

The book also gives instructions for cooking common meats—and some not so common like bear. "The haunch and saddle of a young bear is very good roasted, tasting almost like pork; but old bear meat is extremely hard and tough, and is only palatable in a ragout." That last is pronounced "Ragoo", I think—some fancy word for soup or stew.

Remember, if you stop by the local market for some bear meat, make sure it is a young bear. The old ones are tough and stringy. —Kenny Craig, Winters Enterprise

See you at Old Settlers Saturday!

Circus theme used by Athenas to fete girls

May 12, Athena Study Club treated the Lockney High School senior girls with a "fun time at the circus." Decorations carried out the circus theme as well as Athena members dressed as clowns. Popcorn, hot dogs and ice cream sundaes were the main treats. Co-hostesses for the occasion

were: Bettye Jackson, Kathy Hunter and Virginia Owens. Laura Wilson provided the decorations.

Senior girls present were: Ron Thomas, Julie Davis, Lisa Terrell, Linda Coronado, Sylvia DeLeon, Maria Banda, Sally Mathis, Christy Coffman, Theresa Vasquez, Amy Nance, Soyla

Luna, Dee Ann Hernandez, Cindy Perez, Alicia Palomin and Sandie Allen. Each senior introduced herself and told of her future plans. Then each Athena member introduced herself and told of the plans she had as a senior in high school and how these plans turned out.

Gayle Jackson presented the program "Community Involvement" by encouraging the girls to always remember to make time for their community by at least taking care of their own torn down fence. Each community needs everyone working together.

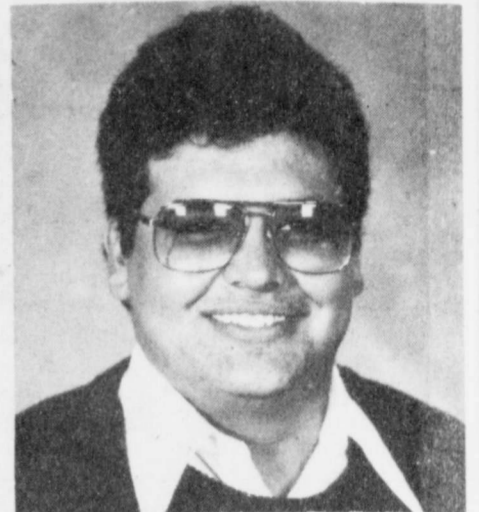

were read. Accepting membership into Athena were Denise Doucette and Janie Archer. Athena "welcomes these new members."

Guests present were: Ann Anderson, Dani Johnson and Kathy Allen.

Members present were: Vera Jo Bybee, Tanya Covington, Zelda Ellison, Judy Gill, Vida Hrbacek, Kathy Hunter, Bettye Jackson, Gayle Jackson, Barbara Mathis, Donnie Meriwether, Charlotte Mitchell, Virginia Owens, Glenna Robbins, Gayle Reay, Sandra Turley, Laura Wilson, Leslie Patterson, Denise Doucette and Janie Archer.

PTA group reviews year's activities

The seventh grade U.I.L. contestants gave the program for the P.T.A. meeting Tuesday night May 12. Linda Terrell is their sponsor. This will be the P.T.A.'s last meeting of the year.

Lockney teachers were honored with a gift in observance of Teachers Appreciation Week.

Warren to coach at Wall High School

Steve Warren, 1980 graduate of Lockney High School has accepted the job of head coach and athletic director of Wall High School. He began work Monday, May 18.

Steve is the son of Mr. and Mrs. Jim Warren. His father was head football coach and athletic director for Lockney High School from 1974 to 1980.

Steve coached in Grapevine and Sweetwater before moving to Wall. Wall is a town approximately the same size as Lockney, just outside of San Angelo.

Lockney P.T.A. has held several money making projects this year. This money was designated for the purchase of needed items for the schools.

A plastic human torso exhibit was donated to the elementary science department. The junior high math department received magic marker boards and the high school received a speaker and sound system.

The P.T.A. operated the concession stand at the district junior high U.I.L. contest held here recently and the

money earned went to purchase the speaker system.

The P.T.A. is having a retirement tea May 28 in honor of Mr. and Mrs. Douglas Degge and Mr. and Mrs. C.L. Record.

Election of officers for 1987-88 was held and they are as follows: Kathy Allen, president; Brenda Mangold, vice-president; Susan Patridge, secretary-treasurer; Ann Anderson, program chairman and Reeda Cay Smith, projects chairman.

In the business meeting that followed, a decision was made to make a donation to the Hospice Society in honor of John L. Hooten. President, Tanya Covington read a letter concerning the possible elimination of the position of Children's Protective Service for Floyd County. The letter suggested that letters be sent to: Mr. Fred Seale, Regional Director of Family and Children Services, P.O. Box 10528, Lubbock, Texas 79408, to encourage the continuation of this needed service in Floyd County. Letter from two new members

Lockney Junior High end of school activities slated

Activities have been listed for the last week of school at Lockney Junior High. They include semester tests, awards assemblies and a retirement tea.

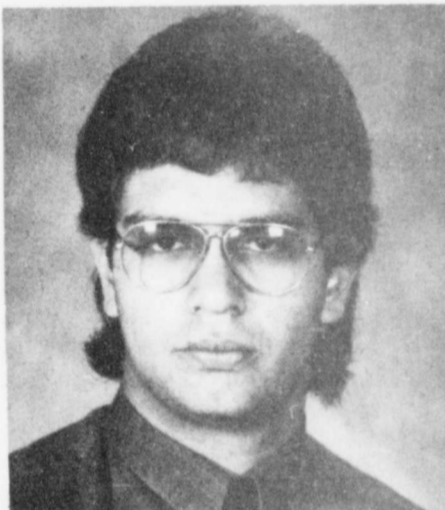

Semester tests for periods 1 and 8 are scheduled on Tuesday, May 26; periods 2, 4 and 6 on Wednesday, May 27; and periods 3, 5 and 7, Thursday, May 28. School will be dismissed at 3:30 p.m. on Thursday.

A retirement tea honoring Mr. and Mrs. Douglas Degge and Mr. and Mrs.

C.L. Record will be held Thursday, May 28 from 4:00 to 6:00 in the junior high library. This event will be sponsored by the Lockney P.T.A.

The sixth and seventh grades awards assembly will be held Friday, May 29 at 11:00 and the eighth grade graduation and awards assembly will be held at 1:00 on the same day.

Saturday, May 30 will be a work day for teachers. Breakfast will be served in the elementary cafeteria at 8:00.

the prices "were so good." They followed this trend for a good many months. Then one day, they met on the main street of their hometown. They looked around and noticed that many of their hometown businesses were closed. Money had begun to get tighter, and when they needed to buy some things they had been buying in

the city they found them no longer available in their hometown.

Their hometown businesses were gone forever because they had chosen to support the businesses in the city.

This could very well be the future story of Silverton, where there are already a lot of empty business buildings. I remember so well the variety store we had at one time. Ken had a lot of fun there when he was a little boy, especially at Christmas when he enjoyed buying little gifts on his own for the members of his family. I miss the variety store.

We haven't had time to forget the lumberyard. There are going to be lots of occasions in the future when we wish we could run over there and get some of the things that we used to be able to buy in Silverton. The lumberyard was like a lot of Silverton businesses—it was the only place in town you could buy some things.

Those things are gone. We can't do anything about them now. But we can try to protect the welfare of those that

remain, most of which bend over backwards to provide the things you want to buy.

We are lucky in that we have an extremely healthy little bank here. Fifteen years ago (back when agriculture wasn't in trouble and when construction on the Mackenzie dam had just been started) our bank had deposits in excess of seven million dollars. Five years ago, the deposits had increased to more than fifteen million. The last quarterly statement released at the end of December reflected deposits of more than seventeen million. This tells us that Silverton people want to be a part of our town.

Our schools and churches have already undergone some shrinkage as a result of our people being forced to move to the cities to try to make a living. This is happening in all agricultural towns and the poor economy is now

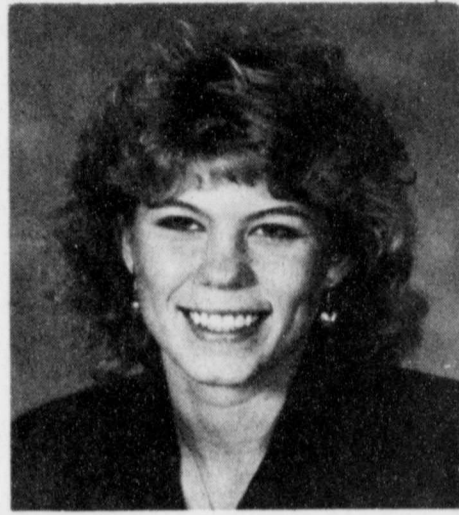

carrying over into the cities, as can be seen by the decreasing sales tax rebate figures. The only one of Texas' largest cities that showed an increase in rebates for sales made in January was El Paso, and that increase was less than one percent.

Already real estate values are very low, and as the town continues to decline the values won't recover. As the economy goes, so goes the value of your holdings. As people leave, a larger tax burden is left for those who stay.

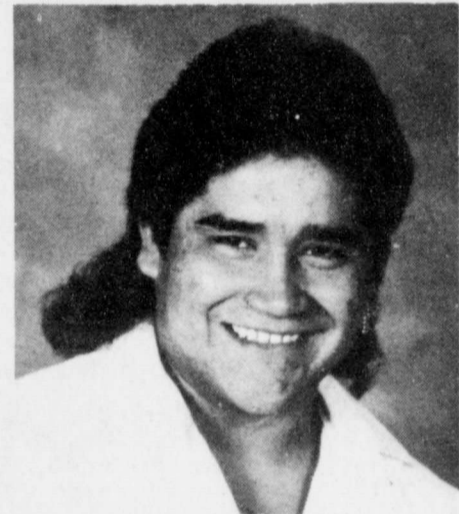

We must all work together to survive the economic crunch.

Charles and I have committed ourselves to staying with our business here as long as we possibly can, even if we are forced to commute to Lubbock to work part-time. Instead of praying to God to make things easier and let times get better, let's do this job of keeping our town healthy ourselves and then thank God for giving us the ability.
