

## Sealcoating bid awarded

In the regular monthly meeting of the Lockney City Council on Thursday, May 12, members of the council awarded a bid to Jarnigan to apply approximately 27,000 square yards of sealcoating to several city streets.

The bid from Jarnigan was \$16,274.25. Larry Jarnigan was on hand when the bids were opened and has agreed to reduce the original bid to around \$15,000.00, which is the budget-

### PERFECTION NOT APPRECIATED

Once upon a time there was a teacher who didn't want an increase in pay; a carpenter who didn't ask for union wages; a man who healed the sick and afflicted whether they had insurance or Medicare or whether they didn't; who traveled around the country feeding the people...and they crucified him!

### EVERYTHING IS FINE, BUT...

A wealthy businessman, returning from an extended business trip, was met by his faithful chauffeur. When he asked the chauffeur how everything was at home, the trusted servant replied, "Everything is fine, but I hate to tell you that your dog died."

"Well that's too bad," said the boss. *Continued on Page Two*

ed amount, by cutting out one and possibly two blocks of the called-for streets. It is possible, depending on the cost of materials, that those couple of blocks may be done.

Other bidders for the job included High Plains Pavers, \$20,565.00; Kerr Construction, \$18,810.00; and Appian Corp., \$21,600.00. High Plains had asked for a completion date of September 1 while all others agreed to the bid specification date of August 1. Jarnigan also agreed to complete the work in 60 days. All bidders also had a one-year warranty on their work.

In other action, the council canvassed the election and declared in legal and valid. Oaths of office were administered to J.D. Copeland, Ronnie Aston and Gary Marr by City Secretary Erma Lee Duckworth.

Council members also reviewed bids from three companies for repainting the water tower. Those companies included Professional Sand Blasting in the amount of \$14,312.00, Water Containment Service Company in the amount of \$9,400.00 and D and S Tank Service in the amount of \$5,500.00.

In the past, Water Containment Service Co. has done the work on the water tower. However, the firm's bid is \$3,900.00 higher than the lowest bidder. Council members agreed to check out the references of D and S Tank Service and will make a final decision on this project in a special called meeting this week.

### POOL IMPROVEMENTS

The council members discussed improvements for the Lockney Swimming

Pool. Among the items brought up were a covering around the pool, painting of the buildings and either repairing or replacing the fence.

Indoor carpeting for the entire pool area will cost \$4,053.00. This purchase alone would take up most of the money in the swimming pool account, and council members have discussed the possibility of carpeting only half of the area, from the north entrance to the five-foot mark in the pool, which is the area in which most of the falls occur because this is where most of the younger kids swim and play. Cost of carpeting this portion would be approximately \$2,500.00. Action on the carpeting was tabled until the called meeting this week.

Also discussed and approved by the council was the painting of the pumice block structures at the swimming pool. The cost of this project will be about \$400.00.

The fence situation was also tabled until the called meeting. Council members are considering the possibility of either repairing the present fence or replacing it with another chain link fence or possibly a cedar fence. The final decision will be made this week.

The council entered executive session to interview applicants to run the Lockney Swimming Pool for the 1988 summer. Applicants included Debby McCarty, Vonda McLaughlin and Violet Cooper. Following the interviews, council members came out of executive session and approved the hiring of Violet Cooper to run the pool.

Council members then expressed its views to Mrs. Cooper on some new policies for the pool. There will be only certified lifeguards used at the pool and council members wish to approve all lifeguards. There must be a lifeguard on duty during all private parties and there will be at least one lifeguard on duty at all times when the pool is open. Only employees will be allowed behind the gate at the desk area.

Anyone wishing to use a basket will have to do so at the gate. A new set of rules is being drawn up and a sign is being painted to hang in the pool area. All rules will be observed by those wishing to use the pool and discipline will be stressed at the pool. Also the pool will be open longer hours this summer to facilitate its use by more of the community.

New hours, opening date and prices will be forthcoming in next week's Beacon.

In other action, council members approved purchasing scramblers for the police department radios. This request was made to enable members of the Lockney Police Department to communicate with each other when the need arises without their transmissions being monitored by private citizens with

scanners.

Council members also approved the replacement of some water and sewer lines at an estimated cost of \$6,000, which is budgeted.

Council members present for the meeting included Mayor Dan Smith, Aldermen Jerry Johnson, J.D. Copeland, Gary Marr, Ronnie Aston, Kenneth Wofford and City Secretary Erma Lee Duckworth. Also present were several citizens, including Glen, Tim and Violet Cooper, Tanya Covington, Sherry Rodriguez, Mr. and Mrs. Kevin Meyer, Emma Collins, Margie Savage and Louzille Keeter.

## Vehicle theft nets \$1,220

Items valued at \$1,220 reportedly were stolen last week from a 1982 Buick, parked in the driveway at 420 Southeast fourth Street. The burglary of a motor vehicle offense occurred late Tuesday night, May 10, or early Wednesday morning.

Stolen were assorted jewelry, 10 cassette tapes, three pair of sunglasses and a Lockney school ring.

Police Chief Lennie Gilroy says it appeared that the burglar(s) attempted to remove a stereo from the vehicle, but "couldn't get it out."

## Two Lockney teachers chosen to participate in special program

Linda Terrell and Kay Williams were selected to participate as a Texas Tech University Summer Fellow in the Fourth Annual Summer Institute on the Teaching of Writing, sponsored by the Caprock Area Writing Project. The Institute will be held on the Lubbock campus from June 6 - July 7, 1988. Only 20 are chosen from this whole area.

Each summer the Institute brings together an identified group of outstanding teachers of composition, representing every level of instruction from elementary school through college. These teachers work together to extend their knowledge of the writing process and, as teacher/consultants for the Caprock Area Writing Project, work to improve the quality of student writing and the teaching of writing in schools

and colleges.

The Caprock Area Writing Project (CAWP) began in March, 1985, with a grant from the University of California, Berkeley, matching funds from the Texas Tech University Office of Development, and public school support from the following independent school districts: Abernathy, Brownfield, Cotton Center, Denver City, Hale Center, Levelland, Littlefield, Lubbock, Morton, Plainview, Slaton, Snyder, and Sundown.

The Caprock Area Writing Project, based at Texas Tech University, Lubbock, is an organization of, by, and for teachers of writing at all grade levels, dedicated to improving the teaching of

## Horn Band wins festival

### Two twirlers and Director Ross honored

During a year in which the Longhorn Band has received a bevy of honors, the best was saved for last.

Director Les Ross' musicians were selected as the first place "small school classification" band in the World of Music Festival in Arlington. A tall, picturesque trophy came home with the Lockney band.

"About 10" bands performed in the festival's small school division.

Twirler Tandi Gant received a "Superior" rating and her counterpart, Lori Gonzales, earned an "Excellent" rating in twirling competition. Both were recipients of trophies.

In addition, Director Ross was chosen for the "Outstanding Music Educator" award. He was presented with a clock which bears a

"World of Music" inscription.

Praising his band, Ross told The Beacon editor, "I think everybody needs to know how well their kids performed and how well they conducted themselves. I would have been surprised had they conducted themselves any other way."

Two judges from California and one each from Dallas, Oklahoma and Louisiana graded the bands. Each of the judges is a college band director.

Forty-nine members of the Longhorn Band and seven sponsors departed "right after school" on Thursday, May 5. They made their annual trip aboard a TNM&O charter bus. The group returned home about 2:30 a.m. the following Monday.

The University of Texas-Arling-

ton (UTA) campus was site of the festival. Twirlers performed Friday night at Maverick Stadium and the Saturday morning concert was in Texas Hall, also on the UTA campus.

The awards ceremony was Sunday morning at Six Flags Over Texas.

Choirs from Texas, Oklahoma and New Mexico and bands from these three states, plus Arkansas and Louisiana, vied for honors in the World of Music Festival. All the musicians and their sponsors stayed at the Quality Inn in downtown Arlington.

Longhorn Band visited the Fort Worth Zoo, Wet and Wild in Arlington and Six Flags Over Texas. A dance was held one night at the motel for all the festival participants.

## Lockney this week...

### OLD SETTLERS PARADE

There will be a special section of the Old Settlers Parade devoted to "Future Pioneers." Any child with a three or four wheeler or a go cart who would like to ride them in the parade must be at Floydada First Baptist Church parking lot by 2 p.m. Saturday, May 28. This section will include the Little Miss Floyd County winners from the 1987 Floyd County Fair.

### BLOOD DRIVE

The next blood drive for Lockney area residents is planned for Fri-

day, May 20, from 3 to 6:00 p.m. at the Masonic Lodge. The drive is co-sponsored by Lockney General Hospital and The Lockney Beacon.

### CEMETERY ASSN. MEETING

Lockney Cemetery Association will hold its annual business meeting on May 30 in the Lockney Community Center. The meeting will begin at 10:30 a.m. and is open to the public. Following a memorial service, officers and directors for the 1988-89 year will be elected and the financial report will be given.

## Rodeo arena bleachers coming down, fair board directors reveal

Since no objections were received, the fair board plans to tear down aging bleachers at the rodeo arena on the fair grounds. Removal of the bleachers is anticipated prior to this year's fair.

"We don't want anybody hurt," says a fair board director.

Floyd County Fair is scheduled for Aug. 17-20.

Since the board received no response to a public request for donations for the

sound system, a new approach is being taken. Cleatis and Betty Hayes have donated a swine.

Donations for chances to win one-half of a hog will be accepted for \$1 each. The winners will be determined at a drawing "around July 4." Betty Hayes and Nellie Webb will be in charge of tickets.

Dr. Gary Mangold told the fair board during its May meeting that sponsorships for T-shirts and trophies are being solicited for the "Fun Run," which is scheduled for 9 a.m. Saturday, Aug. 20.

Jest Amusements, the same carnival which played during the '87 fair, is scheduled to return. It is expected to open Wednesday, Aug. 17, in the area north of the main building.

Terry Ellison and James Poole are in

charge of carnival ticket sales. Advance tickets are 50 cents each, until August 17, at which time they will go to \$1.00 each.

Chairmen for the variety show, tentatively scheduled for Thursday night, the 18th, are Amy and Travis Thornton. Youngsters will be involved in the presentation, which is titled "How the West Was Really Won."

The fair building is to open Wednesday, the 17th, for exhibits to be set up. Entries will be accepted Wednesday afternoon and Thursday morning.

Departmental chairpersons gave reports and "everything seems to be running pretty smooth," says a director.

Next meeting of the fair board is scheduled for 8 p.m. June 13 at the fair grounds.

## Horn Andy Rodriguez places fourth in state track meet

Andy Rodriguez, a junior at Lockney High School, was the lone Longhorn to qualify for the state track meet, held this past weekend in College Station. Rodriguez ran his toughest race of the year placing fourth in the State 2A meet. He finished with a time of 49.0.

Rodriguez "had tough luck in the draw when he drew lane eight for his

race," commented Coach Jim Clark. "He did an excellent job and ran very well. He entered the state contest undefeated and ended this year with only one loss on his record. It was a very good experience for Andy and now that he is over the first time jitters, he is looking forward to next year and hopes of making it to the State meet again," commented Clark.

## Trustees name board officers

Members of the Lockney school board met for their regular monthly meeting on Thursday, May 12 and canvassed the election results and after administering the oath of office to the re-elected board members, installed new officers.

The oath of office was administered to Jim Bob Martin and Eddie Teeter, who were incumbents in the recent election.

Board members then elected their officers for the 1988-89 year. These include president Eddie Teeter, vice president Jim Bob Martin, secretary Lisa Mosley, and vice secretary Paul Glasston.

During the meeting, board members also accepted the resignations of two staff members, hired one new teacher and reassigned another.

The resignations of Sherry Rodriguez, junior high math teacher and Robin King, junior high social studies teacher were accepted by the board.

They also approved hiring Kathy Kellison as the fourth and fifth grade science teacher and Jamie Moerbe has been reassigned to elementary physical education. The state now mandates that P.E. must have a certified teacher. Joyce Marks will continue as P.E. aide.

Also during the meeting, board members interviewed two prospective agriculture teachers. They were set to conduct more interviews Monday night of this week.

In other miscellaneous business, board members approved the building and content values as presented to them by TASB, they approved three new

# Camp County Mom of year former resident

Mrs. Una Harden was able to celebrate Mother's Day early this year after being chosen as Camp County Mother of the Year.

Mrs. Harden and her late husband, Robert, and their children lived in the Lockney community for about 35 years before moving 14 years ago to Camp County.

Shortly before 10 a.m. Monday, May 2, Mrs. Harden's daughter, Fayrene Wallace, got her mom to accompany her to town while Mrs. Wallace "took care of some business." Unaware of what was about to happen, Mrs. Harden said she thought they were just going to stop by the Chamber of Commerce office for a few minutes.

Beforehand, daughters Glenda Brasher and Martha Cloyd — who had nominated their mother — and their families and other family members able

to attend had gone to the Chamber office, where they were secreted into the board room hidden from view.

Once the ceremony began, and as Mrs. Harden's nomination was being read, family members began to file into the reception area and the surprise was complete for the winner. There were approximately 30 Pittsburg business people, the city's mayor and the county judge present at the Chamber office.

"I'm just so surprised," Mrs. Harden beamed after the announcement. "I never dreamed I'd be nominated and I really don't know what to say."

Camp County business people, who were presented with the idea in February, participated in making available \$1,077 in cash, merchandise and services to the winner.

Mrs. Harden was presented a dozen long-stem red roses and a banner by

The Pittsburg Gazette and family members — four generations of them — surrounded her for congratulations and snapshots for albums.

## FORTY NOMINEES

Forty nominees were received for the award, and each was read by three judges independent of one another. Names of the nominees were not included on the forms read by judges, and two of the three picked the same candidate — Mrs. Harden — after reading the 200-word descriptions.

"We began with the assumption all the candidates were exceptional mothers," said one of the judges. "What we looked for was someone who also contributed time and talent to better the community and help others as well as her family. I was genuinely surprised when I learned two of us had chosen the

same person."

Mrs. Harden has lived in Camp County for 14 years, having moved from Lockney with her late husband. He was a native of Bogata, and the two decided to retire back in East Texas. They bought a small place west of Pittsburg, planted an orchard, stocked the farm and took up gardening.

Eleven years ago, while harvesting their first peach crop, Robert Harden was stricken and subsequently died.

Una Harden still gardens and raises a few cattle, is active in church and several senior citizen groups, is a past president of her garden club, sews for the "Spirit of Pittsburg" production, is a former Pioneer Day queen candidate and still finds time for her seven children, 16 grandchildren, eight great-grandchildren and friends and neighbors who simply want to visit.

# Senior Citizens Rockin's

Our sympathy to Cornelia and R.W. Johnson in the death of her brother-in-law, Royce Guinn of Ballard, Texas. Burial was May 7, in Gilmore and on death of her brother, W.M. (Bill) Ballard of Lubbock, burial was in Lockney cemetery May 18.

Melvin and Edith Cooper spent 10 days in and around Canton, Texas. They attended the Blue Grass Festival and also attended first Monday Trade Day. They also traveled to Tyler to see the roses. Edith said there were very few roses.

Raymond and Mildred Martin had their children for Mother's Day. Patsy and Mike Patrick and Kay, Leo and Julie Phillips, all of Plainview.

Visiting Leon and Wanda Prescott were Neta and Dave Rubin of Whittier, California, and Cili and Ann Skidmore of Prescott, Ariz., they all attended the supper.

Guests of Bill Thomas were Winnie and Rayburn Neil of Floydada. Guest of Norman and Margarite Caldwell were Andy and Bobby Jolly of Amarillo.

Jimmy and Theresa Stennett have returned after spending 10 days visiting their sons, Mr. and Mrs. Doug Stennett of Dallas and Dr. Kevin Stennett of Ft. Worth. Dr. Kevin is at John Peter Smith Hospital doing his residency.

Edith and Melvin Cooper saw some former Lockneyites at Canton, E.C. and Myrtise Cope. Mrs. Cope taught math at Lockney High School.

Visiting Raymond and Leona Watson recently was Raymond's brother, Millard Watson of Mt. Blanco. Raymond and Leona Watson were recently in Clovis visiting her uncle, Roy Jameson, who was in the hospital.

**Birthdays:**  
May 20 - Robert McDonald, B.W. (Benny) Cox  
May 21 - June McDonald  
May 22 - Martha Parrish, R.C.

Mitchell  
May 23 - Myrt Hill  
May 25 - Dr. W.J. Mangold, Norman Caldwell

**Anniversaries:**  
May 20 - Jimmy and Theresa Stennett  
May 22 - Fred and Virginia Byrd  
May 23 - Raymond and Leona Watson  
May 25 - Martin and Dorothy Bradley.  
Ailing are R.C. Mitchell and Hall Ferguson.

## Senior Citizens News

The potluck supper was great. The men were hosts for the night. 90 participants and guests attended. There sure was a lot of good food.

There are not many more days to get tickets on the quilt. We have some tickets left.

Thursday night, May 19, will be a salad supper to begin at 7 p.m.

## Senior Citizens Menu

**May 23-27**  
Monday — Hamburger steak, brown gravy, creamed potatoes, pea and carrots, green salad, cherry cobbler, rolls, butter, tea, coffee  
Tuesday — Baked chicken, baked potato, buttered broccoli, orange jello, cookies, roll, butter, tea, coffee  
Wednesday — Baked pork chop with rice, baked beans, green salad, brownies, rolls, butter, tea, coffee

Thursday — Ham, scalloped potatoes, mixed greens, pickles platter, banana pudding, rolls, butter, tea, coffee

Friday — Chicken fried steak and gravy, creamed potatoes, green beans, green salad, cake, rolls, butter, tea, coffee

# Kindergarteners can join Tiger Cub pack

All boys that were Kindergarteners in 87-88 school year are eligible to become Tiger Cubs for 88-89. They are also eligible to attend this year's summer day camp in Plainview June 14-17 at Broadway Park. If you are interested come to the May pack meeting May 19 at the Lockney Elementary Cafeteria, 7:00 p.m. To register costs \$4.00. Camp fees are May \$30.00, June \$35.00.

The Cub Scout Day Camp program is offered under qualified supervision. They do such things as: archery, crafts, B.B. gun shooting, games and nature projects. Some will work on Achievement and Activity Badges. There is also a Trading Post available.

The Day Camp fee includes: day camp t-shirt, camp patch, drinks for

lunch, craft supplies, archery and B.B. gun supplies, accident and sickness insurance and recognition and promotion items. All you need to send is a sack lunch and any medications necessary. There is a camp medic on duty.

Besides camp, starting in September there will be a weekly den meeting and a monthly pack meeting, where the boys receive their awards and announcements are made. Parents, please give this some thought, the Boy Scouts of America is a very worthwhile opportunity for your boys and we will need your help. Scouting helps provide fun with purpose and the purpose is to build character while providing a memorable experience in the life of a boy.

If you have any questions please call Donnetta Keltz or Kathy Allen.

# Letter to the Editor...

Dear Editor,

My family and I moved to Lockney about 6 months ago with much consideration and hopes of making your community our home. Even though the expectations of our venture did not hold true, and we were fortunate enough to have a greater opportunity offered us elsewhere - we would like to express our thanks to those of you who welcomed us to Lockney and made us feel at home: The teachers and staff of Lockney Elem. and Lockney Jr. Hi who were involved with our children are greatly appreciated for the support and effort in making Amanda, Patrick and Matthew feel welcome and most at ease during the transition of our move. Thanks to the kids who quickly accepted new friends and made ours a part of the gang from their first day at school. The folks at Lee's Hardware, Kountry Video, All-sup's, Pay & Save, Dairy Queen and

L&S Variety and First Nat'l. Bank - Lockney, who greeted us as old friends each time we entered their doors. Many, many thanks to the congregation of Lone Star Baptist Church for their immediate love and fellowship, and to Mrs. Felicia Applewhite who invited us to worship there.

We are greatly disappointed that our stay here was so brief and that those of you who predicted so were right! However, each venture is a gamble, and though our most recent was somewhat of a loss — we could never regret our contact with Lockney schools, Lockney folks and Lockney smiles. Your hometown hospitality is to be commended and certainly won't be soon forgotten.

Sincerely,  
Gene Marts

# Poem shared with readers

This poem was brought to the Beacon office by Louzetta Gloyna and was written by her sister, Joyce Mitchell of Ponca City, Oklahoma. Mrs. Mitchell was a former student of Nora Applewhite Ayres who encouraged her and all her fellow students to develop their interests in a wide variety of subject matter. Joyce is an accomplished writer and photographer and is known to "go back to college and take courses in any subject which catches her interest."

**TRASH**  
It's morning. Sounds of early traffic on Fourteenth Street drift through the room. Suddenly I bolt up in bed. In the distance is a low growling roar. It's Trash Day! Can I get dressed, make the rounds of the waste baskets and beat the truck to the curb? It is a challenge. Excitement builds. I hear the huge trash truck gunning its motor, daring me to try. With panic in my eyes, big green trash bag by my side, I rush through the

house. A barrel racer on a favorite steed couldn't be smoother as I circle the waste baskets, dumping out the contents in a smooth, steady gait. I dash out the back door, dodge the dog who is barking like a fool, grab the handle on the gate and fling the metal opener to the sky. I see the huge hunk of roaring mass behind the japonica bushes. I have ten seconds at the most. Through the gate I race for the curb. I become a calf roper charging out of the chute. The wind strikes my face, the lilac bush grabs my hair and the roar could be a crowd in the grandstand. The ends of the green bag still have to be tied. I twist the plastic ends, my fingers move in a blur. The truck's breaks squeal like a shrill whistle as I throw my arms in the air. Trash men rush to my side applauding and smiling their approval. They wish me a good morning. I want to shout to them that it is a GLORIOUS morning. I am a WINNER!

Joyce Mitchell

# Soila Reyes changes careers at 'forty-something'; WBU grad

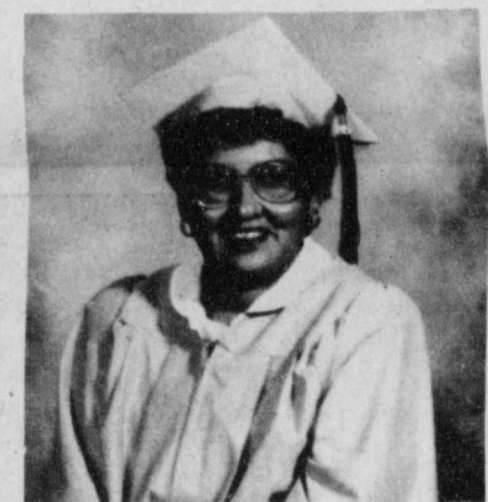

Soila Reyes was graduated from Wayland Baptist University on Saturday, May 14.

"At forty-something," Reyes decided to change careers from domestic engineering to criminal justice. "Plenty of extra studying and testing is finally coming to an end." The Beacon was told prior to the graduation exercise.

Reyes is the mother of "seven very proud children and nine grandchildren."

After a summer vacation with her husband in Wisconsin, Reyes will return to work as a probation officer in Hale County.

She was honored with a barbecue immediately after the graduation exercises.

SOILA REYES

# Letter explains city paving grant refusal

This letter, explaining why Lockney's proposed TCBG grant for paving was not approved for funding. City officials requested that the letter run in the Beacon to inform the public as to why the proposal was refused.

Dear Ms. Duckworth:  
As I promised you last week, here is a copy of the detailed scoring breakdown for the South Plains Region's 1987 Texas Community Development Program (TCDP) applications. For reference, I am also providing you with a copy of the 1987 TCDP selection criteria.

The City of Lockney went into the State competition with a good regional score. At the State level, the City received good scores for the first three "community distress" factors. Unfortunately, the City received no points on the "minority hiring" factor and the low/moderate income benefit score was not high enough to put the City in the

fundable range. Just 29 points would have tied the City with Muleshoe, the last completely funded project.

We are closely monitoring the development of the 1988 TCDP competition and will let you know more details when they are finalized by the Texas Department of Commerce. As presently proposed, paving projects will not be a high priority for 1988 TCDP funding. We need to be thinking about water and wastewater projects. Under the proposed 1988 TCDP "final statement," projects with Citywide benefit will be more competitive if it can be proven that the low/moderate income benefit for a project is at least 60 percent.

Don't hesitate to let me know if you have any questions on the City's 1987 TCDP scores or the upcoming 1988 TCDP grant competition. I look forward to continuing to work with you to secure TCDP funds for the City of Lockney.

Sincerely,

# Importance of working together

H.E. (Hubert) Frizzell talked on "The Importance of Working Together" during a Friday evening function at Lockney Care Center.

Several individuals asked Frizzell for copies of the talk. "The Importance of Working Together" has been responsible for numerous Lockney facilities and improvements, and The Beacon is reproducing Hubert's address which addresses this point. It states:

I would like to open with some scriptures out of the book of Mark.

"And one of the scribes came, and having heard them reasoning together, and perceiving that he had answered them well, asked him, Which is the first commandment of all?"

And Jesus answered him, The first of all the commandments is, Hear O Israel: The Lord our God is one Lord.

And thou shalt love the Lord thy God with all thy heart and with all thy soul, and with all thy mind, and with all thy strength: this is the first commandment.

And the second is like. Namely this, Thou shalt love thy neighbor as thyself. There is none other commandment greater than these." Mark 12:28-31

This building will be lovely when the work is completed, adding pleasure to the lives of all dwelling here. To accomplish this many will have to work together.

I would like to mention two different projects which show what can be accomplished by working together. First is the work done by two study clubs in this town on the hospital lobby. This was a much needed project and has greatly added to the enhancement of the hospital - it is beautiful!

This was done with only monies donated by the people of Lockney and under the guidance of local people such as Brenda Mangold. The money was not tax money or Cogdell money, but money from the community to show its love and appreciation for the hospital.

The second example of what can be done through working together is the Senior Citizen Center. This is a real asset to our town. All the people who have worked together on this project including its first president, O.C. Allison, are due a big thanks from all of us. This center will serve many people for years to come.

Every community has a center or nucleus around which it revolves. Surely in Lockney it is our hospital. Dr. W.J. Mangold is one man who had the vision and capabilities of making it work. He has brought 5,000 plus babies

into this world. He has persevered when others would have given up.

Today the hospital serves a large area and is staffed by three excellent doctors, W.J. Mangold, M.D., Gary B. Mangold, M.D., and W.E. Prater, M.D. There are also many capable nurses, and other outstanding staff members. The Cogdell foundation has supplied the clinic with the very best equipment. The D.M. Cogdell family has been a very good friend to this community along with the Billy Cogdell family and Mrs. E.A. Birdwell. This family, by working together, has been able to move mountains.

I can never say enough of the good they have done and of the appreciation we have for their efforts. It is the efficient manner in which this hospital has been managed by past administrators and our present administrator, Terry Keltz, that has drawn this support. The continued success of the hospital is vital to the success of this Care center.

Medicare and Medicaid are subjects of great concern at this time. We are not getting our fair share of medicare and medicaid as is the problem in most of our rural communities of America. I have corresponded with Senator Lloyd Bentsen and Senator Phil Gramm stating that in my opinion the poor rural communities are being discriminated against. Who is going to take care of rural America? We must get our fair share. This was set up as an insurance for all at retirement. I believe the day is near when this will be corrected.

Working together was what made this country great during the birth of this nation and it is just as important today. Love will bring us together. The love shown by our local churches in working together with the Care Center has made this a home and not just a facility.

An unknown poet has written these words I feel are appropriate at this time: I watched them tearing a building down

A group of men in a busy town.  
With a Ho - Heave - Ho and a lusty yell

They swung a beam and the side wall fell.

I asked the foreman,  
"Are these men skilled, the kind you would hire

If you were to build?"  
He laughed and said, "No, not indeed.

Just common labor is all I need.  
I can easily wreck in a day or two  
What it has taken workmen years to

do."

I thought to myself as I walked away  
Which of these rolls have I tried to play?

Am I a workman who labors with care  
Measuring life by the rule and the square?

Or am I a wrecker who walks the town  
Content with the labor of tearing

down?

Love is what is going to inspire us to build up, not tear down.

"Love wasn't put in a man's heart to stay,  
Love isn't love until you give it away..."

TOGETHER WE CAN...

## Bigham places with Texas Tech University Soils Team in contest

The Texas Tech University Soils Team placed third out of 17 teams in the National Collegiate Soils Contest held recently at South Dakota State University.

The team missed tying Oregon State University for second place by one point. The University of Wisconsin-Plat-

teville placed first.

Gary Bigham, son of Mr. and Mrs. Bill Bigham of Lockney, placed 11th in individual competition.

The team qualified for the national competition by placing second in the regional contest in the fall.

## Social Security News

By Terry J. Clements

If you work in Social Security covered employment or self-employment, you should occasionally check to see that your earnings have been credited under your name and Social Security number.

At the Social Security Administration, we keep individual records of earnings for life, and we can provide everybody who asks for it with a statement of his or her earnings.

People, especially those who change jobs often, should check their records about every 3 years. This is the best way to be sure that the employers have reported their employees' earnings correctly.

It is very easy to get a Statement of Earnings. All you have to do is to ask for a Form 7004PC (Request for Statement of Earnings) at any Social Security office. After you complete this form and mail it back to Social Security, you will receive a summary statement of earnings. It takes a few weeks to receive the statement, and the service is free of charge.

If you request the number of quarters of coverage you have and a benefit estimate, it will be shown in the statement.

If your earnings statement shows that earnings have not been correctly reported or credited, you should get in

touch with the nearest Social Security office, and the people there will help to correct your record.

Under the law, an earnings record can be corrected within 3 years, 3 months, and 15 days after the year in which the wages were paid or self-employment income was earned. For instance, the time to correct the earnings record for the calendar year 1985 is 1/1/86 through 4/15/89.

After the time limit has passed, the record can be corrected only if certain exceptions apply: For example, to correct an entry established through fraud; to correct a mechanical, clerical, or other obvious error; and to correct errors that caused earnings to be credited to the wrong person or the wrong period. The time limit is suspended while a person is in the active military service.

If you want more information about the exceptions for these time limits, call or visit any Social Security office.

But, remember that it is very important to review your earnings record every 3 years and to have it corrected if it is not accurate. Your eligibility for monthly benefits and Medicare, as well as the amount of benefits you will receive at retirement, depend on it.

For more information, or to file a claim, call us at 293-9623.

# Crappie fishing good at Lake Mackenzie

"A lot of crappie were caught over the week-end, averaging 1 to 1 1/2 pounds," according to Cactus Cove Marina at Lake Mackenzie. "The fishermen are catching them in creeks and coves in shallow. Minnows are the best bait on your crappie."

The marina spokesperson adds that "lots of bass and yellow cats were also caught over the week-end in creeks, using spinner bait...anything chartreuse color and crank bait."

"Deep diving crawdads are being used right now and are doing real good."

Mule Grantham of Silverton caught a 12 1/2 pound yellow cat, using a big minnow and fishing up Williams Creek. The big yellow was caught Friday.

Randall Moore of Plainview had a good week at Lake Mackenzie. He reeled in 3 1/2, 3 1/4 and three 1 1/2 pound largemouth bass on Friday. Fishing up Tule Creek, he was using black and chartreuse color worms. Moore used a deep diving crawdad last Wednesday to hook a 3 pound largemouth bass up Tule Creek.

Also last Wednesday, Jerry Matlock of Plainview caught a 3 1/2 pound largemouth bass up Tule Creek. His bait was a plastic worm, black with a chartreuse tail.

Red Jennings of Amarillo caught a 6 pound yellow cat on Saturday. He was fishing with minnows.

The lake's depth at the dam was 109 feet on Monday, and the water temperature had risen to 65 degrees.

## School Lunch Menu

May 23-27

**Monday:**  
Breakfast — Toast sticks, fruit, milk  
Lunch — Macaroni and cheese, lettuce salad, milk and bread, cherry cobbler

Breakfast — Chicken and biscuit, fruit, milk  
Lunch — Salmon casserole, buttered corn, ranch style beans, milk, bread  
**Wednesday:**  
Breakfast — Smoked sausage on a

stick, fruit, toast, milk  
Lunch — Corn dog, creamed potatoes, peanuts, graham crackers, fruit, milk  
**Thursday:**  
Breakfast — Cereal, fruit, milk  
Lunch — Hot links and pinto beans, hash brown potatoes, salad and peanuts, milk, bread  
**Friday:**  
Lunch — Char broiled patty, French fried potatoes, pork in beans, bread, milk

## Ty Williams will exhibit angus cattle at new show

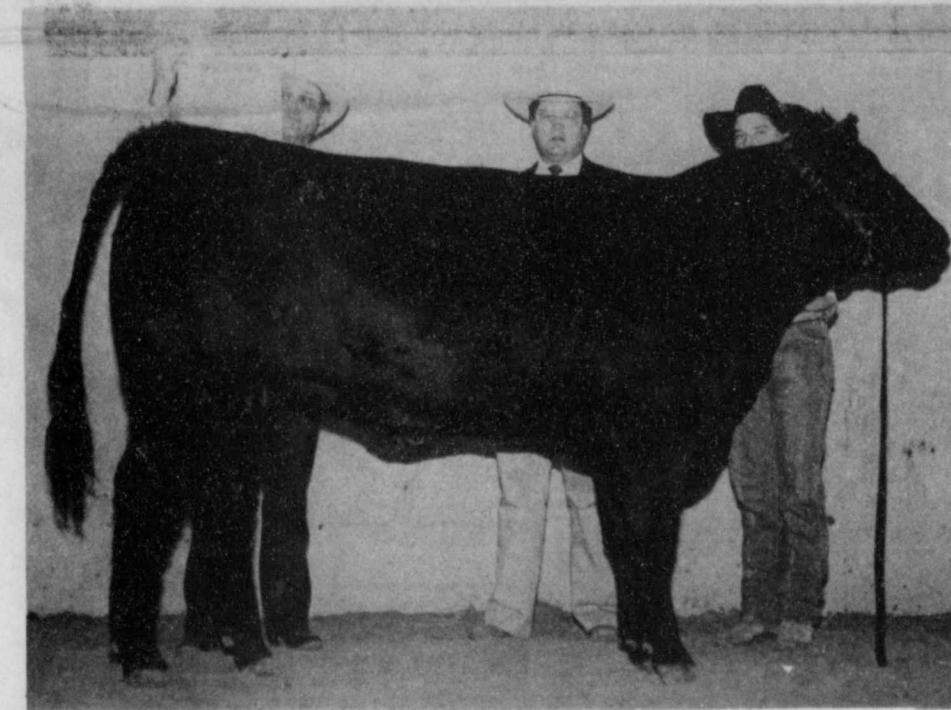

Ty Williams, Lockney, will exhibit Angus cattle at the first ever, 1988 "The Gatherin'" show in Denton, Texas, on Saturday, May 21. This event is sponsored by the Mid Texas Angus and Texas Angus Associations.

The show will take place from 9:00 a.m. until 2:00 p.m. and will be held in the Cutter Bill Arena. The Angus cattle will be shown in pairs and the judging of the entries will take place on horseback. There will be classes in four divisions:

open heifers, bred heifers, bred cows and cow/calf pairs. A champion and reserve champion will be selected from each division.

The three judges for the event will be Ed Richardson, Fairland, Oklahoma; Elmer Pugh, Aledo, Texas; and Jerry McPeake, Warner, Oklahoma.

For more information on this event, contact Texas Angus Association, 233 North Judkins, Fort Worth, Texas 76111 or phone 817/831-2641.

RESERVE CHAMPION FEMALE — Judge Lee Pritchard of Crowley named J K Queen 651 the reserve grand champion female at the 1988 Southwest Angus Futurity held in Belton. The exhibitor of this November 1986 J K Pine Tar daughter was Matt Williams of Lockney. — Photo by American Angus Association
