## Lockney P.T.A. hosts spaghetti supper, discusses '88-'89 plans

The first meeting of the year for the Lockney P.T.A. was a spaghetti supper for the members and their families. The meeting was held Monday, September 12 at the Lockney Elementary Cafeteria. Seventy-six members were in attendance along with their families.

Brenda Mangold, president, opened the meeting by presenting a calendar of yearly events for P.T.A. Officers were introduced and are as follows: Brenda Mangold, president; Sandra Cummings, vice-president; Carol Huggins, secretary-treasurer; Reeda Cay Smith, program chairman; Tracy Prater, projects chairman; and Laura Wilson, membership chairman.

Several upcoming events were discussed. First on the agenda was the Halloween Carnival. There was discussion by teachers and the school administration. School parties and dressing-up is planned for Friday, October 28, and the Halloween carnival and trick or treating is set for Saturday, October 29, so that children will not be out late on a school night.

The carnival will be held from 7:00 to 9:00 p.m. at the elementary cafeteria. Booth fees will be \$5.00 and admission 25 cents. If you are interested in having a booth you are asked to contact Tracy Prater or Brenda Mangold.

One other project is the Reading Roundup. The more books the students read the more the elementary school library benefits. There will be classroom and individual prizes given for the most books read.

In December the P.T.A. will again sponsor Santa's Secret Shop. Students can shop for the family by themselves.

"Field" will be held in the spring with events for the students and a celebration for the new playground equipment. The money making projects will help out on more playground equipment.

W.H. Hallmark spoke on the "turn-out time" at 3:15 for students with an average grade of 80 in all subjects. He said that a city bus might run but all other buses will run at 4:00 p.m., the regular time for letting school out.

Hallmark also advised all parents to be aware as to the funding of public schools. This is an issue that will come up in the next state legislature.

Hallmark reported that there are 730 students now enrolled in grades Kinder-

garten through 12th.

It was decided to give a scholarship to a senior who is planning on entering the field of education. The amount for this scholarship will be voted on at the March meeting.

There are many committees that need members and Mangold asked that each person sign up for the committee they would like to work on.

A short program was presented by Maria Arellano on migrant aide, and

Karen Quebe and her assistant Naomi Jones, on special education. Quebe is a speech pathologist who works with children with learning disabilities in reading, language and math.

Lillian Vernon, the junior high resource teacher talked about competency levels. This is where students are graded according to their ability. Vernon is also

working with the literacy program here.

The last speaker was Charlotte Mitchell. She is the counselor for all three schools. Mitchell spoke on the many tests our children take over the years and that a new program for potentially gifted and talented students is underway. She is planning to award and recognize students and she would like to encourage all parents to stress the posi-

tive works of their children.

The membership drive is still going on and you are encouraged to send your \$3.00 before the end of September and become a member.

The Lockney P.T.A. would like to express their appreciation to Caprock Industries for supplying the hamburger: for the spaghetti.

## EMS week proclaimed Sept. 18-24

Gov. William P. Clements Jr. has proclaimed Sept. 18-24 "Emergency Medical Services Week in Texas." The event honors the specially trained persons whose timely actions often make the difference between life and death. The Texas Department of Health (TDH) and local EMS groups will sponsor activities throughout the week to educate Texans about EMS.

"Knowing how to call EMS, and what to do in the first few minutes of an emergency are sometimes crucial to a

victim's survival," said Gene Weatherall, chief of the TDH Bureau of Emergency Management.

"When you call EMS," Weatherall said, "stay on the line until the dispatcher tells you to hang up the phone. In many cases, EMS is on the way while you are still talking to the EMS dispatcher."

Helping this year with Mother's Day Out are Karen Wilson, Mary Lou Gonzales, and Ann Anderson. Prices are \$7.00 for Methodists and \$8.00 for non-Methodists. If you need further information please call the Methodist church office at 652-2193.

## Scouts need leaders

"A BOY'S EYES"

Submitted by Lockney Boy Scouts

"I'd like to be a Cub Scout"—  
(His eyes are warmest hue.)  
"I'd like to learn, and play, and build.  
Like Jim and Freddy do."

"I know how to use a hammer"  
I can drive a nail if I try.  
I'm eight years old, I'm big and strong,  
and hardly ever cry."

I gave him the application  
And parent-participation sheet.  
(His eyes were filled with sunshine  
he left on dancing feet.)

Next day, my friend was back again.  
A dejected little lad.  
"I guess I'll skip the Cub Scouts."  
(his eyes were dark and sad)

"My Mom is awful busy,  
She has lots of friends, you see,  
She'd never have time for a den;  
She hardly has time for me.

"And Dad is always working -  
He's hardly ever there.  
To give them any more to do  
Just wouldn't be quite fair."

He handed back the papers  
With dignity of eight years,  
And smiling bravely, left me  
(His eyes were filled with tears.)

Do you see your own boy's eyes  
As other people may?  
How he looks when your "too busy"  
Or, "just haven't time today?"

A boy is such a special gift—  
Why won't you realize,  
It only takes a little time  
To put sunshine in his eyes.

You say "I'll start tomorrow"  
But tomorrow is far away  
He's a boy for such a short time  
So won't you start today?

## PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

## CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 8, 1988

### PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 2 proposes a constitutional amendment to establish an economic stabilization fund in the state treasury. The fund would consist of one half of the unencumbered balance of general revenues at the end of a biennium and three fourths of the difference between the net oil and gas production taxes received in a fiscal year and the net oil and gas production taxes received in the 1987 fiscal year. During any fiscal biennium, the amount in the economic stabilization fund could not exceed 10% of the total deposited in general revenue in the preceding biennium.

The state comptroller and the state treasurer could decide to trans-

fer monies from the fund into the general revenue fund to alleviate a temporary cash shortage in general revenue. The legislature could make appropriations from the fund on approval by a three fifths vote of each house to make up the difference between anticipated general revenue and appropriations. On approval of two thirds of the members of each house of the legislature, the legislature could appropriate monies from the fund for any purpose.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment establishing an economic stabilization fund in the state treasury to be used to offset unforeseen shortfalls in revenue."

### PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. The Texas

growth fund will be managed by a board of trustees consisting of four members appointed by the Governor and one member from and elected by the membership of each of the following: The Board of Regents of the University of Texas System; The Board of Regents of the Texas A&M System; The Board of Trustees of the Teacher's Retirement System of Texas; The Board of Trustees of the Employee's Retirement System of Texas; and the State Board of Education. The trustees may set the investment policy of the fund, enter into investment contracts, and take any action necessary for the creation, administration, and protection of the fund. The amendment authorizes the Board of Regents of the University of Texas System and the State Board of Education, in managing the permanent university fund and the permanent school fund, to acquire, exchange, sell, supervise, manage, or retain any kind of investment, including investments in the Texas growth fund. The fund will be phased out after the tenth anniversary of its creation, but the Legislature may create a second growth fund by a two thirds vote of each house.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for the investment of the permanent university fund, the permanent school fund, and public employee retirement systems in the Texas growth fund created by the amendment, which will directly create, retain, and expand job opportunity and economic growth in Texas."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 8 de noviembre de 1988. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

# Lockney Longhorns tangle with Whirlwinds

The Lockney Longhorns met against the tough Floydada Whirlwinds Friday night. Floydada defeated Lockney 35-0.

Early in the first quarter Floydada scored starting on their 48 yard line. After a Floydada 30 yard gain Horns Louis Perez made the tackle on Lockney's 25 yard line. Whirlwind Armando Morales caught a pass from Winds quarterback Chad Quisenberry on Floydada's 10. On the next play Quisenberry scored running. The extra point was good.

Lockney tries to tie the score on the next possession. The Horns offense came alive with a 25 yard pass from Horn QB Perez to tight end Joe Luis Guerrero. The pass brought the Horns to Floydada's 45 yard line. A personal foul against Lockney pushed the ball back to Horns 40. After a couple of unsuccessful first down attempts, Lockney punts to Floydada.

A deep punt by Horns Guerrero put Floydada on their own 20 yard line. The Whirlwinds pushed down the field for

their second score of the game.

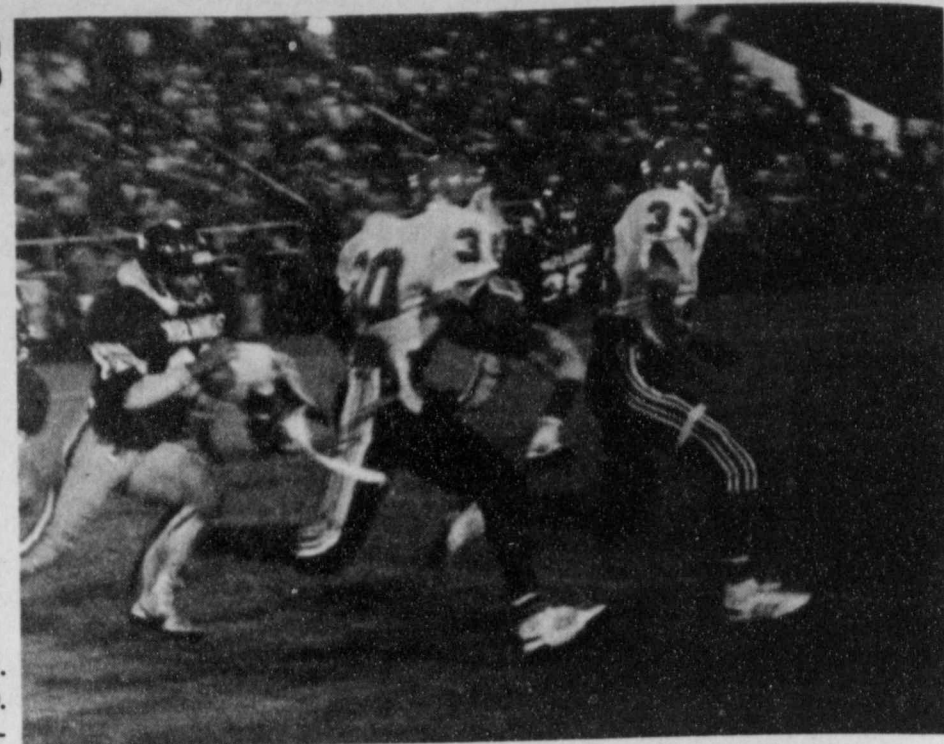

In the second quarter, the Lockney defense improves dramatically by holding Floydada on two 4th down attempts. The first attempt, Floydada recovered a fumbled Longhorn punt on Lockney's 20 yard line. Floydada then ran for five yards putting the count at 2nd down and 5. The Horns touch defense held on second and 5. Floydada threatening a score on 4th down and 2 were held again by the Horns. Later in the second quarter, Floydada looking for another score were stopped for their second time. Floydada quarterback Quisenberry ran for a 20 yard gain stopped by Lockney's Rex Mathis. Pressure from Longhorns secondary caused Whirlwind Mark

Thompson to drop a possible touchdown pass. Longhorn defense deflected a possible TD pass from Floydada's QB on a 4th down attempt.

At halftime Floydada was up 14-0. The only score in the third quarter happened when Floydada blocked a Lockney punt. The extra point was good.

In the fourth quarter, the Whirlwinds put the icing on the cake by scoring two more touchdowns, one in the last seconds of the game. The Horns took advantage of several Whirlwind fumbles in the fourth quarter but couldn't score. The final score Floydada 35, Lockney 0.
