Lockney High School ex-students registering for the 1988 Homecoming activities totaled 741 on Friday, Sept. 30 and Saturday, Oct. 1.

Events started off Friday afternoon with registration at the elementary school gym for the early comers and the local ex-students.

The activities moved to the high school for the spirit building pep rally. Led by the varsity and junior varsity cheerleaders, the Longhorn mascot and assisted by the Longhorn band and twirlers the students and ex-students

filled the gym and lifted the spirits with their cheers, applause and the school song.

W.H. Hallmark, school superintendent, introduced the football players to the ex-students and addressed a few remarks to the team on how they should play and conduct themselves while on the field and off.

After the cheers from each of the classes, the ex-students and the football players, the cheerleaders voted to give the spirit stick to the ex-students and the

football team.

The football stadium home side was filled for the football game with many standing between the stadium and the concession stand.

Valency Zumwalt was crowned as homecoming queen during halftime activities by James Poole, high school principal, and presented with a bouquet of flowers. Also receiving flowers were members of her court, Stella Gonzales, Sonia Garcia, Jennifer Fortenberry, Shedia Hill, Kima Blanco, Sundai Workman and Shea Jackson. The Lock-

ney Longhorn band concluded the halftime activities.

After the ballgame, there was a coffee held in the elementary gym for visiting and reminiscing.

Registration continued on Saturday and a barbeque lunch was served at noon.

D.K. Jackson called the business session to order. Classes were recognized with special recognition going to the classes of 1928, 1938, 1948, 1958, 1968 and 1978. This was the fifth reunion for the class of 1938.

Mrs. Madge Huff, Lockney, was the oldest class member present. She graduated in 1912.

Glen Watson, Lubbock, was the oldest gentleman in attendance. He graduated in 1924. Mrs. Huff and Mr. Watson are brother and sister.

The ex-student coming the longest distance was Gayle Rucker Hamilton. She came from Sydney, Australia.

The name of Courtney Offutt was drawn for the doll made by Billie Sims Harris and donated to the ex-student association as a fundraiser.

Treena Aston, wife of Ronnie Aston, was narrator for the style show presented for the crowd's entertainment. Garments worn by many Lockneyites down through the years were modeled by Shawnda Foster, Kay Brock, Kay Williams, Jill Golden, Jennifer Fortenberry, Jessica Lemons, Becky McPherson, Tracy Prater and Dar Lee Foster.

Barry Barker gave the memorial service. Merle Mooney was introduced and she read a poem in memory of those who have passed away during the last four years.

Fire Prevention Week set by governor

Citing the tragic loss of lives and property from fire each year in Texas, Governor William P. Clements Jr. has proclaimed the week of October 9-15, 1988, as Fire Prevention Week.

"Fire continues to be a major threat to all our citizens, particularly the young and the old," Governor Clements said.

Fire in Texas killed 322 people, injured more than 2,000 and destroyed in excess of \$300 million in property during 1987, the governor noted.

"Much of this tragic loss could have been prevented," the governor said. "We have the knowledge and technology today to prevent much of the needless loss of lives and property in this state and we urge every Texas citizen to practice fire prevention every day in an effort to conserve our valuable Texas resources."

This year marks the 66th anniversary of National Fire Prevention Week. The week-long observance was first established in 1922 by President Warren Harding in memory of the so-called "Great Chicago Fire" of October 9, 1871.

That conflagration killed 250 people and destroyed 17,430 buildings at a cost of \$168 million. People began thinking in terms of fire prevention in addition to fire fighting as a result of this fire.

FIRE PREVENTION GUIDELINES

The State Board of Insurance, State Fire Marshal's Office offer the following guidelines for practicing fire prevention in the home:

- 1) Make sure that heating and cooking appliances are properly installed and used according to instructions.
- 2) Do not use gasoline or flammable liquids for cleaning in the home. Do not use them to start or freshen a fire for heating or cooking.
- 3) Provide proper ventilation for portable gas and oil heaters or fire places.
- 4) Do not smoke in bed.
- 5) Before going to bed, check upholstered furniture to ensure that smoking materials are not lodged in the furniture.

6) Dispose of smoking materials safely. Store them out-of-doors in a metal container and immerse them with water to make sure that they are completely out.

7) Keep matches and lighters away from small children.

8) Make sure that all electrical cords are safe. Electrical cords should not be placed under rugs, over hooks, in door openings or other traffic paths. Check cords routinely for wear. Do not puncture cords with tacks, nails or other sharp objects and do not use cords which appear to be cracked, pinched, punctured or otherwise damaged. Electric cords that are worn or damaged should be disconnected immediately and disposed of.

9) Use only the correct size fuses in fuse boxes.

10) Keep basement, closets, attic and garage cleared of combustibles such as papers, cartons, old furniture, clothes or oil-soaked rags.

11) Store gasoline and other flammable liquids in closed containers away from heat, sparks and children, preferably away from the house. Never store flammable liquids in glass jugs, old bleach bottles or makeshift containers.

12) Keep paint stored in closed metal containers and discard paint-laden brushes.

13) Furnaces, stoves and stove pipes should be kept well away from combustible walls and ceilings. These appliances should be installed and maintained by qualified service people.

14) Heating equipment should be checked yearly by a qualified service person.

15) Do not overload electrical circuits with too many appliances.

16) When adding electrical wiring or appliances, have a qualified electrician do the installation.

17) Only special circuits should be used for heavy-duty appliances such as air conditioners.

18) Use only appliances that carry the seal of a nationally recognized testing laboratory.

19) Plan ahead.

a) Purchase a smoke detector with a nationally recognized testing laboratory label and install one or more at least outside the sleeping areas of your home. Check your detectors every week to make sure that they work properly. Clean the detectors according to manufacturer's instructions. If detectors are battery powered, put in new batteries at least yearly.

b) Determine at least two means of escape from each bedroom. One will be the normal exit from the house or apartment. The other can be a window or a second door between bedrooms. Consider installing an escape ladder from windows.

c) Draw a floor plan to indicate the location of doors, windows, stairs and roof tops that can be used for escape. Always keep escape routes free from obstructions.

d) Agree on a warning device to be used when a fire is discovered. Set a meeting place outdoors for a head count of occupants.

e) Practice escape procedures:
-Sleep with your bedroom door closed. It could increase escape time.
-If you suspect fire, test the door.

If it is hot, do not open it because the area on the other side of the door is too hot to enter safely.

-If you think it is safe, brace your shoulder against the door and open it cautiously. Be ready to slam the door if heat or smoke rush in.

-Practice escaping and meeting outdoors at an assigned spot.

-In case of fire, call the fire department from a neighbor's phone.

NMSC commends Armstrong

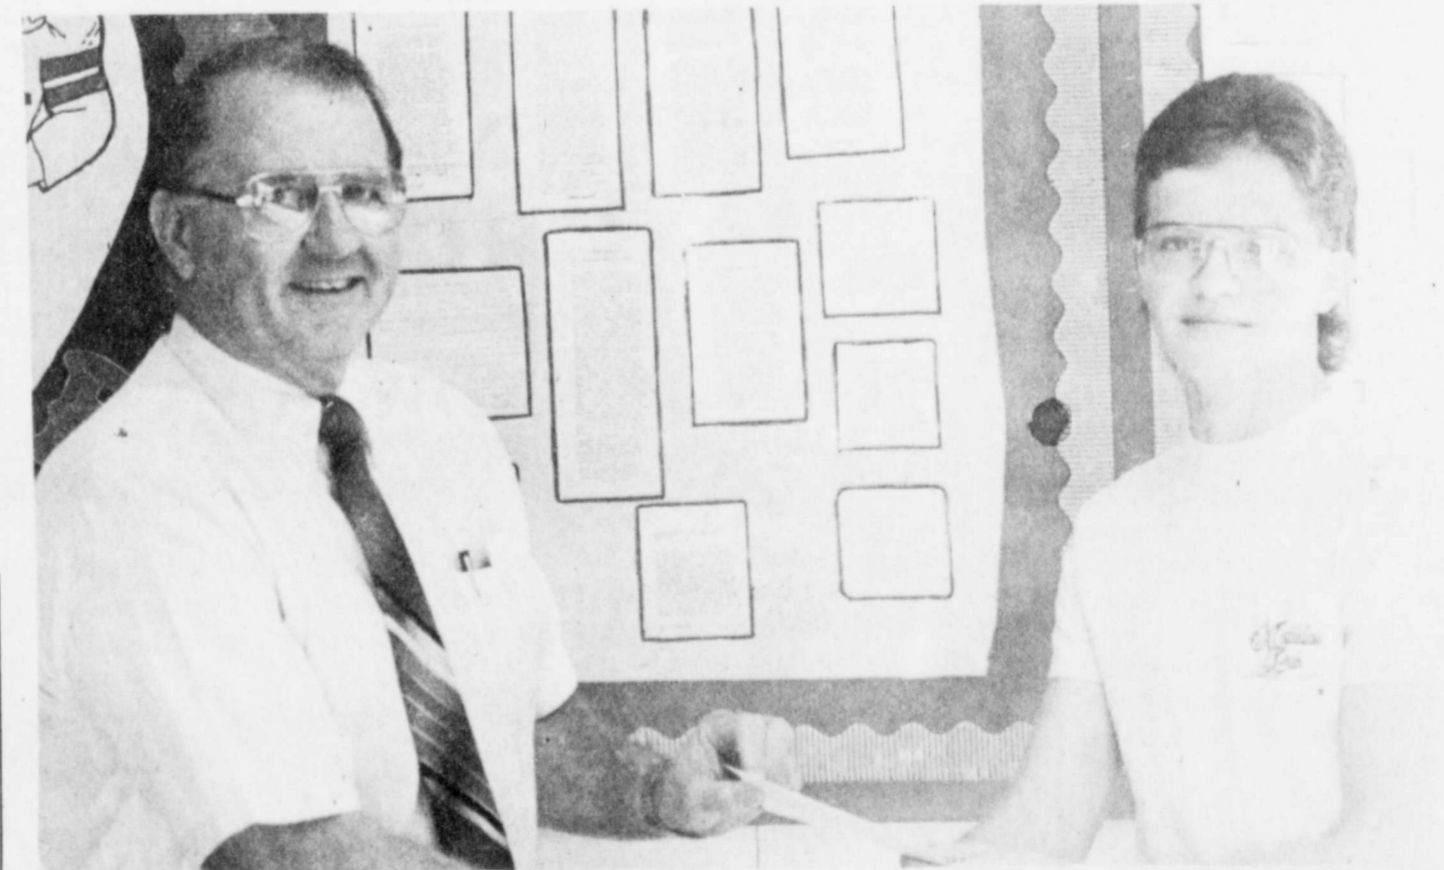

Lockney High School has been notified by National Merit Scholarship Corporation (NMSC) that Scott Armstrong has been designated a Commended Student in the 1989 National Merit Scholarship Program. The principal, James Poole, announced that this senior placed in the top 50,000 of more than one million participants in the 34th annual Merit Program and will receive a Letter of Commendation in recognition of outstanding academic promise.

An official of NMSC stated, "Being

named a Commended Student in the extremely competitive Merit Program is a credit to these young men and women and the schools which play a key role in the development of academically talented youth. We hope the recognition these students have earned will increase their motivation to use their abilities to the fullest, for they represent an important intellectual resource which our nation needs."

The over one million participants in the current Merit Program entered the

competition by taking the PSAT/NMSQT in October 1987 as high school juniors. Although their qualifying test scores are very high, the 35,000 young people throughout the nation who are Commended Students scored slightly below the level required for Semifinalist standing in their respective states. Only the 15,000 Semifinalists, whose names were announced on September 15, will continue in the competition for some 6,000 Merit Scholarships to be awarded in the spring of 1989.

Cook appointed to constable post

Fort Bend County Commissioner's Court Monday voted unanimously to recommend the name of Robert Wayne Cook, a Meadows police officer, to visiting District Judge J. Bradley Smith as a temporary replacement for Precinct 3 Constable R. G. "Bob" Parker.

Smith, two weeks ago, decided to temporarily remove Parker from his office pending the outcome of several felony and misdemeanor charges against the constable.

Commissioners had recommended J.P. Court of Stafford, but Court informed the county last week last week he would not be able to accept the appointment, citing health reasons.

Cook, 38 has been with the Meadows

Police Department since February 1985. He serves as the department's training coordinator and is responsible for enforcement of the city's verifications and inspections. He and his wife Peggy live in Meadows.

Precinct 3 Commissioner Alton Pressley said he had discussed Cook's appointment with numerous people, and that he felt Cook was a solid recommendation. He also said that Cook had been recommended to attend the FBI Academy for law enforcement officials.

Cook said the officials in Meadows were aware of the situation and that he had requested a leave of absence from his current position.

Cook is familiar with the operations of a constable's department having worked for almost two years with the Precinct 5 Constable's Department in Harris County.

Before his law enforcement career began, he worked in the oil industry. Cook is a Texas Tech University

graduate, and he has over 600 hours of law enforcement training and holds an advanced certification from the Texas Commission On Law Enforcement Officers Standards and Education. He has 26 deputy Constables working under him. He also was named officer of the year by the Fort Bend County 100 club in 1986.

Cook is the son of Mr. and Mrs. M.C. Cook, Jr., and is a 1968 graduate of Lockney High School.

Wednesday found us out on a morning stroll in the morning and at a Resident Council Meeting in the afternoon. Thursday was spent making preparations for the new month and Friday was our weekly Bingo Game.

Nellie Stephens is in the hospital and we all wish her a speedy recovery and a quick return home.

We would like to welcome back Mr. and Mrs. Esker Pyle. Rosie and Esker have returned "home" from Plainview and invite all their many friends and old neighbors to come to the home to visit with them.

We would like to thank Mrs. Pearl Rattan for the socks she gave to the residents. Thanks also go to the First Baptist Church for the cookies they brought for us to enjoy last week. We received a donation of books and clothes from Pearl Burns, Gladys Cross and Zora Reecer. These items will certainly be used and enjoyed. Thanks a bunch for your help!

Out of town visitors to the nursing home this week have been E.J. Browning and Mr. and Mrs. Ray Cruse of Flomont who were visiting with Jesse Browning. Mr. and Mrs. Raymond Rattan of Albuquerque, New Mexico were here visiting with Pilar Hernandez. We extend an invitation to all these people to please come again soon!

We have lot of fun activities planned for October, including an Enchilada dinner on October 28th just prior to the Lockney - Abernathy football game. Proceeds will be donated to the Annual Alzheimers Fund. Watch for further details.

Students receive national awards

The Society of Distinguished American High School Students announced today that three students from Lockney High have been selected as members in its honor society for 1988.

Membership in the 20 year old Society is designed to be a national honor and incentive for top performance among high school students. To be accepted, candidates must excel in academics, extracurricular or civic activities.

Local students accepted as 1988 members include: Tandi Gant, Justin Adams and Kip Holt.

As members, these students will have the opportunity to compete for college scholarships through The Society's

National Awards Program. This year, 140 colleges have earmarked more than \$700,000 in scholarship funds for Society members.

Additionally, The Society sponsors members-only cash awards of up to \$2,000 per recipient for high education purposes, and its college referral programs recommend members for admission and grants-in-aid to 350 major colleges and universities.

To preserve the honor for students, members' names and their high school accomplishments will be listed in The Society's 1988 Membership Registry, which is published and distributed nationally.

El Progreso sees drug film

After a roll call of "Happy Thoughts," a film on drugs "Coke to Crack, Gina's Story" was shown. It was a very graphic story telling of the drug addiction of a young girl, which led to her death.

A dessert plate was served to Merle Mooney, Bobby Kellison, Pauline Sams, Katherine Ball, Dimon Schacht, Arla Copeland, Dorothy Smith, Fay Ferguson, Kathleen Thornton, Hazel Johnson, Linnie Abbott and hostess Cornelia Johnson.

The meeting time for the club will be 2:30 p.m. on October 12, 1988 in the home of Arla Copeland.

Horns battle Springlake-Earth

By Holly Norwood

The Lockney Longhorns met up with the Springlake-Earth Wolverines in the 1988 Homecoming Game. Even though it was the coldest night of the season, the Horns came out HOT.

The Horns started off the game right, with a 71 yard Touchdown run by Louis Luna on the first play of the game. Springlake-Earth tried to score and tie the game late in the first quarter. The Horns punter Joe Luis Guerrero barely got the punt off after a bad punt. The Wolverines began their drive on their own 33 yard line.

Springlake-Earth's (SLE) Ramon Sato threatened a T.D. after a 45 yard gain from the line of scrimmage. Horns Rex Mathis made the tackle saving a possible T.D. SLE Quarterback Craig Jones passed 23 yards to Sato for a game tying Touchdown. The extra-point was good. SLE-7, Lockney-6.

The Horns started another drive for a T.D. at the beginning of the second quarter. The drive was cut short after a Horn fumble.

The Wolverines took advantage of the turnover and scored on a 50 yard run. The extra point was good.

Late in the second quarter, SLE threatened another score but the Horns defense held tough. SLE started their series on their own 20 yard line. The Wolverines drove down the field to Lockney's 5 yard line. Lockney's goal line defense held the SLE on three different touchdown attempts. Wolverines QB Jones pumped a pass into the end zone to Sato but Horns Rex Mathis saved the T.D. by batting the ball down. On the next play, Jones completed a pass

to Sato to set the ball on Lockney's one yard line. On 3rd down and one, Horns tackle Carlos Rendon stopped the Wolverines drive by tackling SLE Donald Spencer for a no gain.

At half time SLE-14, Lockney-6.

The Horns came out in the 3rd quarter pumped up and scored on their first possession. After a bad Springlake-Earth kick, the Horns began their drive on SLE 46 yard line. Horns Luis Luna drove up the middle for a gain of six yards. Senior Michael DeLeon kept the series alive by gaining the first down. QB Luis Perez warmed up his arm by passing to Michael Monroe for a 41 yard touchdown. Michael DeLeon tied up the game with a successful two-point conversion.

The Wolverines came back in the

fourth quarter. A successful 4th down and 4 attempt set up the last score of the game. QB Craig Jones scored on a keeper with the extra point good.

The Horns under pressure tried to make a comeback with :37 left in the game. On a 4th down and 6, QB Perez passed for a possible touchdown but the attempt failed. The final score, SLE-21, Lockney - 14.

"The Horns offense had their best game yet gaining 275 yards. The 4 fumbles at the wrong place and time hurt us," said Horns Coach Jim Clark. "The defense looked pretty good but Springlake-Earth broke more big plays than any other team has all year."

The Horns will face up against Hale Center in their first district game Friday night.

Horns to face Hale Center

By Holly Norwood

The Lockney Horns will meet Hale Center in their first district bout Friday night in Hale Center. The game will start at 7:30 p.m.

Coach Jim Clark says the game plan will stay the same, but they must cut down on mental mistakes and errors. "Friday night starts a whole new sea-

son for us. The Horns need to forget the record and concentrate on the weeks ahead," says Clark. "If we play tough like we have been, we can play with Hale Center. After Hale Center, we play four tough teams. We must play our best ball."

The Horns meet in Hale Center Friday night at 7:30.

JV take home first win of season

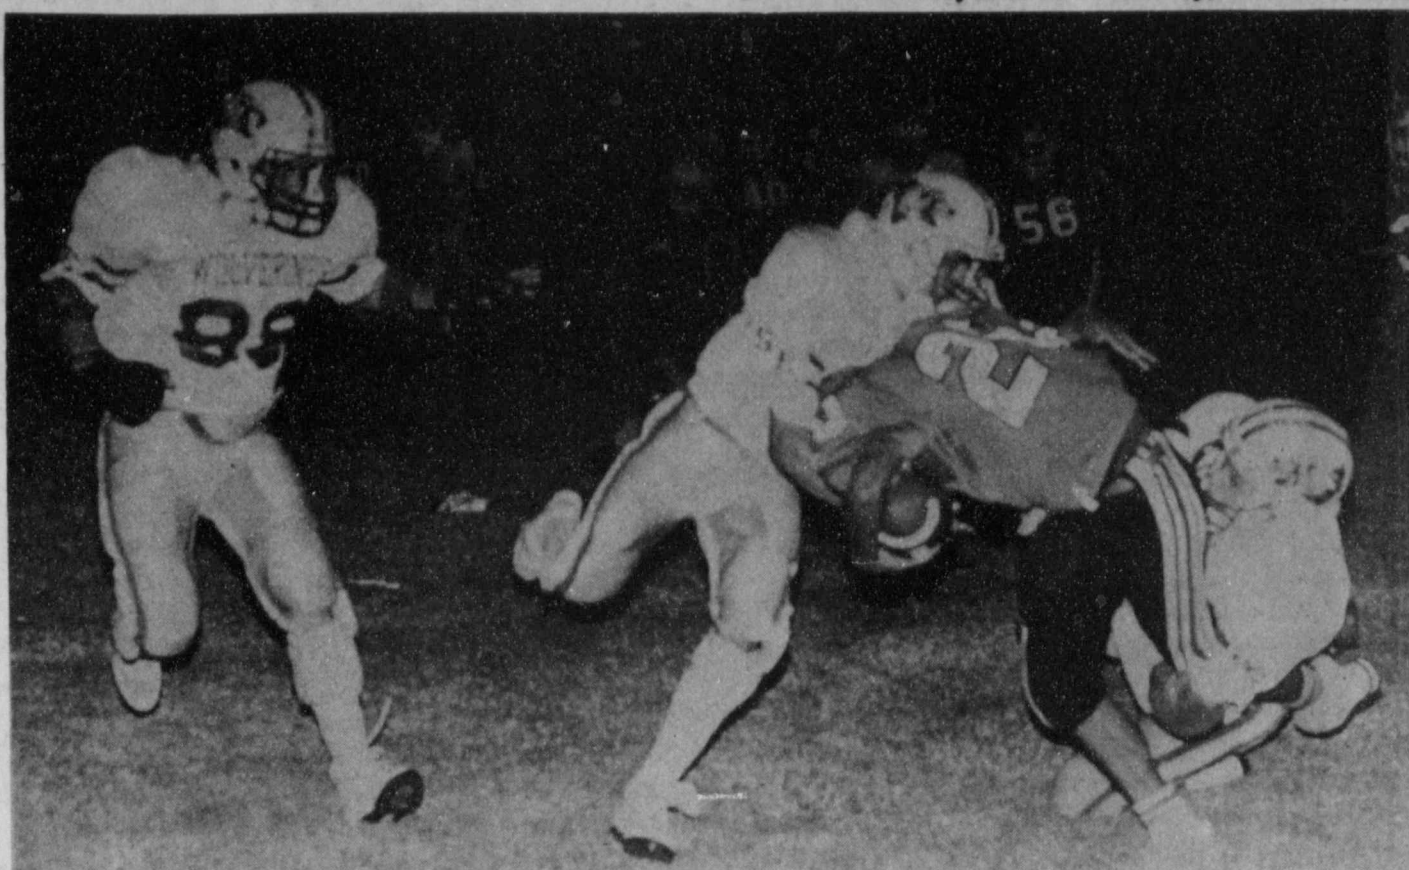

By Holly Norwood

The Junior Varsity Longhorns won their first game of the season against Springlake-Earth, Thursday night.

The first half was a tough defensive half. Both teams were held scoreless.

The Horns came alive in the 3rd quarter. Frank Himenez returned a punt for 40 yards to score a touchdown. Himenez also returned a punt for 75 yards but was called back on a penalty. The final score was Horns-6, Wolverines-0.

The Horns will meet Valley Thursday night.

Shorthorns continue winning streak

By Holly Norwood

The 7th grade Shorthorns continued their winning streak against Springlake-Earth Thursday with a win over the Wolverines 34-14.

Horns David Luna scored a 55 yard T.D. run on the first play of the game. Juan Cejas ran for the two point conversion. The Horns defense forces Springlake-Earth (SLE) to fumble. Lockney begins their drive on SLE 45 yard line to their own 5 yard line. Leo Vargas scored on a 5 yard keeper with Cejas on a two point conversion. SLE scored on their next possession on a 55 yard run. The score: Horns-16, Wolverines-8.

The Shorthorns offense began to move again with David Luna coming off the drive with a 20 yard Touchdown run making the score 22-8, Horns at halftime.

Patrick Monroe opened the second half by returning the kickoff 95 yards for a Shorthorn TD. The 2 point conversion failed. The Wolverines drove down the

field and scored on their next series. The Horns were still up 28-14.

An interception by Horns defensive safety Abel Renaga set up the Shorthorns final touchdown. David Luna

scored his 3rd T.D. of the game on a 33 yard run. Making the final score 34-14 Shorthorns.

There is no game scheduled this week for the 7th grade Shorthorns.

8th grade beats Springlake-Earth

The defense held strong throughout the first half.

The first score of the game came late in the second quarter. The Horns Sammy Salas scored running. Chris

Martinez scored the two point conversion.

The Horns defense held the Wolverines tough the second half. The Horns allowed Springlake-Earth to score only six points causing the Wolverines extra point attempt to fail.

LHS colors in 1952 were maroon and white and were carried out on the serving table with the centerpiece of wine pompon mums from Gayle's flower garden. A white sheet was used for the table cloth. Each one present signed the cloth for the '88 Homecoming. This will be used for future homecomings. Punch, coffee, nuts, pumpkin and strawberry breads and a fruit bowl of watermelon and cantaloupe were served.

Prizes were given to Elizabeth "Miff" Tannahill for traveling the farthest; Ray Ferguson, oldest man; Miff Tannahill, eldest woman; Bob Baxter youngest man; Bonnie Hartley, youngest woman; Tom Rogers, man with least hair; Bob Baxter, man with most hair; Bob Dorman, most children (four); Bob Dorman, most grandchildren (ten); Bob Dorman with the number 13 under his plate. LHS Longhorn steer. Bob Dorman guessed the closest number and got to take the beans and jar home along with all his other prizes.

Letters received from other class members who could not attend were read and pictures from past school days were enjoyed.
