Much to be thankful for in Floyd County

By Neta Marble

We in Floyd County have much to be thankful for. . . Our forefathers came to this country from many different places, at many different times, and for many different reasons.

They settled in various places and migrated to others. Those who came early to this county found grass and peace and quiet. They saw a future and they settled here. Settlers were few and far between but gradually more and more came and they filled the open spaces.

Ranching gave way to farming. Times in the beginning were hard. The few neighbors were treasured commodities. Communities sprang up. Schools and churches were built. The railroads came in and made things easier. Gradually the county settled in.

Thanksgiving was celebrated in churches with prayer and song and in schools with programs and plays. Families and friends gathered together for a day of feasting and fellowship. Traditions were made and have been carried down through the years.

35°

Floyd County grew as did the nation. Inventions made things easier. Electricity came and then the telephone. A way of getting water from the ground in abundance changed the background of the county. Life became easier, more mobile.

A way of life changed and still at Thanksgiving time we pause for a time and give thanks for who we are and what we have.

We give thanks for living in one of the caring, loving communities in Floyd County.

Nuns burglarized, Halloween vandalism solved by local police

cash.

Saturday night, Nov. 19, the Lockney Police Department responded to a disturbance call at the residence of San Jose Catholic Church nuns, Sister Marilyn Dietz and Sister Margarita Jimenez.

The sisters returning home from Saturday night mass, walked in on a man who was burglarizing their home. The suspect armed with an 8" butcher knife briefly scuffled with Sister Marilyn Dietz.

The sisters were able to talk the sus-

authorities for final disposition.

Four juveniles have also been turned over to authorities for their involvement in the Oct. 29 vandalism of the Lockney High and Jr. High School that resulted in two windows being broken out. The value of the windows is \$235.50.

On Nov. 11, at approximately 7:15 a.m. a pickup truck was burglarized on the southwest part of Lockney. Taken in this burglary was a red 2-ton jack valued at approx. \$75.00.

A Thanksgiving Story

by Athena Towery

Food, the one thing everyone thinks of when they think of Thanksgiving is second only to the memories of childhood and the Thanksgivings of by-gone days. The holiday that holds the warmest and most precious memories for me is Thanksgiving.

Visiting relatives was another. A gathering of relatives and friends would join in the celebration of Thanksgiving.

I remember, when I was young, watching with excitement as my mother began the preparation of the stuffing for the Thanksgiving turkey. It was one of the things we looked forward to as we were allowed to help with the stuffing. Several days before the big day we would plan what we would take. We always tried to bring something that no one else was bringing. That didn't re-

ally matter as everything that was brought was eaten.

We always had the basics, turkey, dressing, cranberries, sweet potatoes, pumpkin pie and more. . . ham, pecan pie, mince meat pie and one year a creative relative brought cabrito.

There was always a herd of children, screaming, running around and making altogether nuisances of themselves (okay, so I was one of them). We had fun, fun, fun. Of all the fun and food, food and fun, the thing I loved most was being able to be with my family.

Of course half of my family was always pursuing a favorite indoor activity... yes, watching football. A memory of Thanksgiving has always been of grown men stuffing themselves and standing around the television set. To me it was just one of those things. My

mom was always so perplexed at this. To her Thanksgiving was a time of togetherness not television.

To me it was just one of those things. Men like to watch football on Thanksgiving. That didn't bother me in the

least. I always knew where they were when I needed assistance. Although "Go ask your mother" was always the reply received.

Tired children and droopy eyes at the end of a beautiful day.

pect out of the knife and the suspect fled on foot.

Approx. 3 hours later, a 17 year old male suspect was arrested at his Lockney home. He was charged with burglary of a habitation and additional charges may be filed later.

The Lockney Police Department has concluded its investigation on the vandalism that occurred on Oct. 31, Halloween night, where approximately 18 vehicles, 4 homes, and a camper were spray painted. The 5 suspects, all juveniles, were turned over to the juvenile

Nov. 14, a vehicle parked at the Lockney Jr. High School was vandalized sometime between 8:00 a.m. and noon. Minor damage was done to the vehicle. The Jackson Tire Co. was burglarized late Nov. 15, or early on the 16th. Taken in the burglary was a small amount of

On Nov. 18, a pickup truck and a Suburban were burglarized on N.W. 2nd Street. Both vehicles were owned by the same person and were damaged during the burglary. The value of the damage done or the property stolen is not known at this time.

leys.

The City of Lockney has announced that Triple C will begin their trash hauling operation on December 15. Dumpsters will be in place behind homes and businesses and once a week trash pickup will begin.

All trash barrels must be removed from the city by January 1, 1989.

No longer will burning in the trash barrels be allowed. Between December 15 and January 1 the city will remove all trash barrels. If you wish to remove your trash barrel yourself you must either remove it or mark it so that the city will not haul it off.

Triple C has made a list of do's and dont's for your convenience. They ask that you do:

1. Keep the lids to the containers closed. This will keep out cats and dogs and will reduce flies and other pests.

2. Bag all grass clippings.

3. Bag all household trash. The bags will keep the flies to a minimum.

They ask that you do not:

1. Burn in the containers. It is not a barrel.

2. Do not put hot ashes or coals in the containers,

3. Do not put building materials (sheet rock, shingles, etc.) in containers.

4. Do not put concrete or concrete blocks in containers.

5. Do not put tires or heavy metal items (such as auto parts) in containers. 6. Do not put loose dirt in the containers.

Fees for the trash pickup have been set by the City Council. They are as follows:

RESIDENTIAL: Residential units consisting of homes, mobile homes, apartments, and all multi-family housing will be charged on a per unit basis at a rate of \$8.50 per month for a once a week pickup.

The latest survey of visitors to Texas proves that "The Friendship State" is more than just a slogan.

The highway department's Auto Visitor Survey for the third quarter of 1988 shows that friendliness is what visitors enjoy most about Texas, followed by scenery and good highways --in that order.

Don Clark, director of the department's Travel and Information Division, said the comprehensive survey is needed because "the tourist dollar. is critical to the Texas economy."

"The data on visitors gives the tourist industry the facts necessary to compete for the Texas share of a multibilliondollar business," Clark said.

Dallas, San Antonio, and Houston were the most popular cities visited by list as the popular attraction. A majority of the visitors traveled to Texas for a
