

Lockney chamber banquet completes successful year

The 1988 Lockney Chamber of Commerce Banquet was held Friday, March 10, at the elementary school cafeteria.

David Foster, president of the chamber served as master of ceremonies for the event.

Robert Kirk, pastor of the First United Methodist Church in Lockney, gave the invocation after which members of the National Honor Society served a turkey and dressing dinner to a crowd of 220.

Lockney mayor Dan Smith welcomed guests, U.S. Congressman from

the 13th district Bill Sarpaluis; District Attorney, Becky McPherson and her husband, Steve; Floyd County Sheriff Fred and Polly Cardinal; Lockney Police Chief, Lennie Gilroy; Lockney Beacon representatives, Alice Gilroy, Neta and Keith Marble; Floyd County Hesperian representative, Juanita and Joe Stepp; District Clerk, Barbara and Bud Edwards, and Lighthouse Electric representative, Larry and Penny Ogden and probation officer, Bill and Eleanor Hendrix.

Chamber of Commerce president for

1989 Jim Bob Martin received the gavel of office from David Foster, outgoing president. A plaque was presented to Foster in appreciation for the work he has done.

Foster presented the new officers for 1989: president, Jim Bob Martin; vice-president, Robert Delgado; secretary, Merle Mooney; treasurer, Larry Mullins; and historian, Dee Copeland.

Jim Bob Martin named new directors for the year. Those with three year terms are Zane Bauer, Judy Jackson, Danny Clark, Tim McCain, Kay Tannahill, and

Bill Anderson.

The holdover directors are Robert Delgado, David Foster, Jim Bob Martin, Johnny Dorman, Floyd Evans and Margaret Schacht.

Appointed directors for 1989 are Jack Covington, Mike Mooney, J.D. Copeland and Merle Mooney.

Directors who are retiring are Gayle Reay, Nelda Howard, David Taylor, Buddy Robnett, and Terry Keltz.

Claude Brown made a special presentation, "The Second Mile Award", to Dee Copeland for his many years as treasurer for the chamber and for all the time and work he has freely given.

David Foster introduced Linda Terrell, English teacher at Lockney Junior High, who in turn introduced the speaker for the evening John Erickson.

Erickson is a humorist and author. He has written a biography about the cartoonist Ace Reid and several books about Hank, The Cowdog.

Erickson sang several songs about Hank and his friends, Grover and Pete the Cat, Rip and Snort the Coyote Brothers, Buzzards Junior and Wallace, and a description of dry dog food.

He read a scary chapter from the "Case of the Howling Ghost" and a chapter from "Lost in the Dark Enchanted Forest."

Erickson spent some time in the Lockney schools on Friday and commented on the caring attitude of the teachers and administrators. He spoke on the values in little towns. He stated that "the future of our country lies in little towns. Values are being lost in the large metropolitan areas but they are not lost in the little towns."

Erickson said that the Hank stories are written to preserve the values in small towns.

He closed with what he called a "low class" song about Snort the Coyote.

David Foster introduced Brenda Mangold, the 1987 Woman of the Year, and she named the 1988 Woman of the Year, Sandra Cummings. Terry Keltz, 1987 Man of the Year, named Eddie Teeter as the 1988 Man of the Year.

Jim Bob and Kay Martin and children, 1987's Outstanding Family, introduced Warren and Charlotte Mitchell and their children as the 1988 Family of the Year.

Congressman Bill Sarpaluis presented flags to each of the honorees as a token of his appreciation for the work

they have done.

WOMAN OF THE YEAR - 1988 SANDRA CUMMINGS

Lockney's 1988 Woman of the Year is most appreciated for her kindness, sincerity, willingness to help and love for other people.

She was born and raised in Lockney and has continually served the community in various ways since she was a student here. She is a graduate of Lockney High, as is her husband whom she often works beside in their farming operation.

She is the mother of three children and can always be counted on to help whenever needed with school activities, parties and such. She also serves our school system as a substitute teacher who is called upon often. She is a member of the Lockney PTA, serving as an officer this year.

This year's honoree has served for several years on the Floyd County Fair Board. In years past she has been in charge of the parade, of ladies' day, and has served as secretary, vice-president, and was president in 1987. She has also worked on the homecoming committee.

She is a very active member of Il Penseroso Jr. Study Club. She has worked on dozens of projects and been in charge of the bridge tournament and farm sale concession. In 1986, she was president and was given the honor of Club Woman of the Year for her dedication and outstanding service.

She is a very active member of the First Baptist Church where she is currently serving as church hostess and Vacation Bible School director. In addition to these assigned duties, she is always willing to help in whatever capacity she is needed, such as volunteering to help with the children's choir and Christmas Cantata.

Lockney is extremely fortunate to have someone this dedicated, working for the betterment of our community. "What can I do to help?" are words I've heard her say so many times, they seem to be her motto. There is no one more dependable for community service or more loyal and loving as a family person and valued friend to many.

MAN OF THE YEAR - 1988 EDDIE TEETER

It is an honor to nominate Eddie Teeter for Lockney's 1988 Man of the

Year Award. Eddie, has always been an active member of his church and community.

Eddie, has been an inspiration as a member of the First United Methodist Church in Lockney. He has served as the administrative council chairman and is presently serving as the finance chairman. As with any community the senior citizens has a special place in any church and Eddie has served as chairman of the Sweetheart Banquet held every year in honor of the senior citizens. Not only does Eddie have a commitment to the senior citizens, but he graciously served as the Youth Sunday School teacher for over ten years. Eddie, glorifies his Lord by also being a faithful member of the church choir.

Among Eddie's contributions to his community was his serving as the Lockney Quarterback Club's President for four years or more. Along with being involved in the athletic program, Eddie continues his support of the youth of our community by serving on the school board where he presently holds the office of president. Eddie was in charge of the Little Dribblers program for several years as well as helping with the Little League baseball program.

With 20 years experience in America's most essential business, Eddie has been chosen as an "Outstanding Farmer" which was selected by the Texas Young Farmers and Ranchers. Along with cultivating the land Eddie has served as a 4-H leader which gives young people the opportunity to reach their goals in life. Eddie has also given his time and talents through his presidency of the Floyd County Fair Board. He has also served as the Floyd County Farm Bureau President.

Eddie is a devoted father of three sons, Monty, Rusty and Wesley and is the loving husband of Cheryl Rucker Teeter.

All who really know Eddie Teeter feel the warmth and compassion of his kindness.

FAMILY OF THE YEAR - 1988 WARREN AND CHARLOTTE MITCHELL AND SONS

This year's Family of the Year has lived in Lockney for approximately 15 years. The "Dad" of this family is a Lockney native. After graduation from Lockney High, he went to Texas Tech University. The "Mother" of this family also went to college at Texas Tech. Since she is not originally from Lockney, we investigated and found out that this couple met at the now extinct Hi-D-Ho Drive-In in Lubbock.

Our couple graduated from Tech, with both going on and receiving their Continued on Page Two

Police investigate fight, accident

Thursday, March 9, at approximately 6:12 p.m. the Lockney Police Department answered a disturbance call at Allsup's Convenience Store. The call was a fight involving three Lockney men and one Lockney female. A vehicle was damaged during the fight and approximately \$350 damage was done to the vehicle.

Assault charges will be filed this week on two Lockney men who were have agreed to pay restitution on the vehicle damage.

Lockney police officers and a sheriff's deputy stopped a vehicle on

East Shurbet Street for a traffic violation. The operator of the vehicle was arrested and charged for having no drivers license and no liability insurance. The passenger was also arrested and charged with public intoxication. The involved in the fight. The two suspects subjects pled guilty and paid fines in city court.

On Thursday March 9 at 3:50 p.m. the Lockney Police Department responded to a hit and run accident at high school. Witnesses at the scene wrote down a description and tag number of the vehicle that left the scene. A short

time later the vehicle was located and the driver was filed on for failing to comply with requirements on striking an unattended vehicle (leaving the scene of the accident). The driver appeared before the city court, pled guilty and paid fines.

Danny Clark purchases pharmacy from Fred Byrd

Coming under the new ownership of Danny and Vicki Clark, Byrd Pharmacy has become Clark Pharmacy.

Currently living in Idalou, the Clark's will be moving to Lockney as soon as their children finish school and as soon as they can build them a home. The Clark's have been married since 1971 when they both graduated from West Texas. Danny received a biology degree and Vickie graduated with a teaching degree. They currently have three children: Carissa, 13, Jarrod, 9, and Alyson, 7.

Originally from Kress, Danny's parents Bill and Clovesta Clark still reside there. Danny met Vicki in Kress High School, where her father was superintendent at the time. Vicki was originally from Quanah, but due to her father's occupation she has traveled a lot.

For two years after graduation from West Texas, Danny taught school and coached football at Floydada Junior High. He then decided to attend the University of Texas Pharmacy School and received his B.S. degree in Pharmacy. After two years of school and graduation, Danny moved to Idalou and

DANNY CLARK

started his pharmacy career at Highland Hospital in Lubbock.

For the last two years, before purchasing Byrd's Pharmacy, Riddle worked in St. Mary's and was a partner in Broadway Drugs. "We plan to stay in Lockney for a long time," said Riddle. "There won't be too many changes at the Pharmacy, because it has done well and I don't believe in fixing something that isn't broke."

Sales tax rebates on the increase

The City of Lockney received a surprise beginning to the new year in the form of a rebate check on sales tax collected in January.

A recently issued report concerning sales and use tax analysis shows an increase of 125.34 percent for Lockney over the rebate received for the same period in 1988.

Lockney received a rebate check in

the amount of \$3,886.46 for the one percent city sales tax levied on sales during the month of January. The amount received last year was \$1,724.72.

Total rebates to date in 1989 amount to \$27,880.07, a 145.45 % increase over the \$11,358.79 collected last year.

Floydada's rebate for the period was \$5,998.79 for an increase of 17.37 %

Red Cross CPR home party training saves lives

How many members of your household would be prepared to assist you if you stopped breathing or if your heart stopped? In these emergencies, CPR or mouth-to-mouth breathing must be started within the first four to six minutes, or the victim will die. Would someone in your family be able to save your life?

The American Red Cross has been teaching these lifesaving skills for many years, and countless thousands of lives have been saved because friends, relatives, and bystanders knew what to do when life-threatening emergencies occurred.

The South Plains Regional Chapter of the American Red Cross now offers yet another approach to providing CPR training to Lubbock area residents. To make your home and neighborhood safer, CPR training classes can now be scheduled in the comfort and privacy of your own living room! A "CPR PARTY" allows a more relaxed informal approach to safety training because

of the small size of the class, and also that all of the 'guests' are hand selected friends, neighbors, and relatives (don't forget to invite your babysitter when making up your guest list).

The Health Services Department of the Lubbock office of the American Red Cross will be happy to provide more information or to assist you with the scheduling and planning of your "CPR PARTY." Contact the Red Cross office weekdays between 8:30 a.m. and 4:45 p.m. at 2201 Avenue X, or call 765-8534.

master's degrees from that school. After graduation, our family man taught school for a while, but soon joined the Air Force serving his country in this capacity for five years - four years of his duty was spent overseas. While in the service overseas, two children were born to this couple.

After returning to the states in 1971, the couple moved to Ballinger where he served as assistant county agent. From Ballinger they moved to Memphis where he served as the county agent. In 1976 the family returned to his old stomping grounds of Lockney and began to farm.

In 1978 the family was blessed with the birth of another child. Since returning to Lockney, the whole family has been very active in church and community affairs. They have served on the Floyd County Fair Board and been active in the Quarterback Club. Our family man is a member of the Masonic Lodge and is a past president of the Lions Club and Floyd County Farm Bureau.

There are two main areas in which this family has been a strong influence for our community.

First and foremost these family members are strong Christians and because of their commitment to Christ, they are very active members of the First United Methodist Church. One letter of nomination stated that this couple has served as youth sponsors of the church for more years than most of us could take. They have taken the church's youth on countless outings and ski trips.

The other organization which this family has been totally committed to is Floyd County 4-H. This couple has served as adult 4-H leaders for approximately 20 years. They have participated as a family in the 4-H exchange programs and in the Record Book programs.

The oldest two children in this family have won numerous awards in 4-H including the Gold Star awards and trips to the National 4-H Congress in Chicago. And the youngest child is on his way to making his mark in 4-H. His method demonstration won 1st at District Roundup this year. Different members of this family have coached, at various times, 4-H cooking competition groups and presently one coaches the 4-H rifle team which has made several appearances at State 4-H Roundup.

Our family woman is a member of Athena Jr. Study Club, but perhaps her greatest contribution to our community is the fact that she works with our children in the school system. She taught in Lockney Jr. High for several years. Last year she became the counselor for the Lockney schools. As counselor, she has worked with the tutorial programs, Gifted and Talented programs, the testing programs, just to name a few.

This couple's children have been very active in church and school activities. The oldest two boys were active in sports, stock shows, and academics. The second son was named valedictorian of his graduating class. Presently the two oldest sons are attending Texas A&M on full scholarships, received from their personal achievements in school and 4-H. The youngest son, as we said, is just beginning to make his mark on our community.

Scott Armstrong wins first in DAR Good Citizenship Award

Scott Armstrong is the first place winner in the Buffalo Grass Chapter NSDAR Good Citizens Awards program. Runner-up was Tim Julian of Floydada and third place was Cindy Merrick of Ralls.

The award is made annually by the chapter to outstanding high school seniors. Each contestant read the essay he prepared during a Feb. 28 meeting of the chapter at Lighthouse Electric in Floydada.

Judging is based on personality, citizenship and the essay he/she prepares.

Each of the winners was presented a check from the chapter, a certificate and a DAR Good Citizen pin.

The pin has a rim of 13 stars, representing the 13 colonies; a band of blue enamel which identifies it with our society; qualities of good character which the chapter emphasizes - dependability, service, leadership, patriotism are titles of four books in the center suggesting school days. Circling these is the laurel wreath of honors; behind them, the torch of understanding.

Essays were prepared on: "Our American Heritage and My Responsibility to Preserve It."

Scott Armstrong, son of Mrs. Dorothy Armstrong, read the following:

The heritage of each and every American was shaped over 200 years ago. At that time, our forefathers, at great personal risk to themselves, met to establish a new nation. Each man knew the consequences of failure were treason or death. Those men and the small bundle of colonies they represented forged on in spite of the grim future probabilities. With courage and an un-

breakable will, they won their independence from England. This example of determination, not matter what the odds, has been a trademark of our nation.

When war swept the world in the early 1900's, Americans were found fighting for freedom. When dictatorial powers threatened the world in the mid 1900's, Americans took the lead in the fight against them. Men and women of our nation have given their lives to keep freedom for the rest of us. Not all of these people died in a blaze of glory, but each one was as important as any other. All the men and women who served our nation showed the same fire as our forefathers.

As Americans today, we have to set an example for the rest of the world. Our nation has been thrust into a position of leadership. The heritage of our nation demands we take the responsibility of leadership. We must stand for those small countries, fighting for freedom, who cannot stand for themselves. We must lend aid to those nations whose economies or food supplies are not enough for their people. Each American has a responsibility to his country which has a responsibility to the world. If we work to keep our nation strong, then there will never be a world where freedom does not exist. It takes effort from everyone to insure freedom. It is a condition which is not brought about with ease. Once freedom has been attained, one must be prepared to fight to keep it. This nation is the cornerstone of freedom in the world. My responsibility is to keep the nation where it is and to uphold the values of this nation.

Who is my neighbor?

Robert M. Kirk

Most of us are familiar with the story. It begins like this. "A man was going down from Jerusalem to Jericho when he fell into the hands of robbers. They stripped him of his clothes, beat him and went away leaving him half dead..." The story continues and we see the religious leaders of the day have no time and are too self-centered to stop and render aid. Today the names have changed, but the story is much the same. Certain youths were growing up from childhood to adulthood when they fell into the hands of the temptations of drugs, alcohol, materialism, and sexual immorality. They stripped the youth of their morals, integrity, and dignity, leaving them for dead... I wonder, how will the story end for us and for our youth here in Lockney? Who is going to be the real neighbor for our young people? Many already lie beside the road broken and beaten. Others are just starting down the road. The "church", sadly, passed by on the other side in Jesus' story. I hope that won't be the case today.

I have already shared with you in the past few weeks a dream for trying to

establish a distinctively Christian center where the youth of our community

could gather and be nurtured in their faith. Not only should we attempt to bring healing in the lives of those who have already suffered on the road, we should try to provide instruction that might protect them and others as they walk the road of life. I believe it is the "church" that should take the lead in making this dream a reality. We want to form an Advisory Council that will be responsible for planning, coordinating, and implementing this effort. I would like to publicly invite each church in our

community to be a part of this group. We need a pastor and/or elder from each church, a couple from each church, and two youths from each church to make up this Advisory Council. We will meet Monday, March 27, at 7:00 p.m. at the

First Baptist Church. Jesus said in John 13:35 "By this all men will know that you are my disciples if you love one another." Let's show ourselves to be Christ's disciples using His criteria. Let's come together in love for each other and for our young people.

A trip to the Dairy Queen started our week. The residents were treated to ice cream cones courtesy of Mrs. Myrtle Gibson. Thank you, Myrtle. Their next stop was at Wal-Mart in Plainview where they were able to do some shopping.

Lennie Gilbert, Faye Sams, J. B. Lane and ***** Hunter spent Tuesday afternoon playing dominos. They enjoyed it so much that they have made it a daily ritual. Carla Miller was there that day to do the ladies' hair. They all came out looking very pretty.

On Wednesday afternoon we talked Bessie Jackson into making some of her great-tasting popcorn. She was rewarded with lots of compliments.

Thursday came and found us busy doing ceramics and Friday was our

regularly scheduled bingo game.

Three birthdays were celebrated this past week. Cleo Ham, Billie Self, and Adolfo Burrell were all wished well.

A salad luncheon is being planned for Friday, March 24, at 12:00 noon. The residents' family members are all invited to attend. We hope everyone received their invitation.

A full-size quilt with matching pillows will be the grand prize in a raffle being made to raise money for activities. It is a beautiful dark green color laced with flower print. If you wish to view it, feel free to come by the nursing home. A set of ducks and a set of throw pillows will be included in the raffle giving everyone three chances to win for a one dollar donation. If you wish to purchase a ticket, see one of our staff members or call Dianne at 652-2502.

Sams hosts El Progreso

El Progreso Study Club met at the home of La Verna Sams March 8. Roll call was answered with a Bible verse.

After a business meeting conducted by the president Merle Mooney, La Verna Sams introduced Arla Copeland, who gave an interesting review of "The Edge of Time" by Lula Grace Erdman. It was the story of a young couple who married in Missouri and left on their honeymoon in a covered wagon to settle in the Panhandle of Texas, where their home was a half-dugout. They brought with them the cutting of a reobush which the bride's great-grandmother

had brought from Virginia years before when they moved to Missouri.

Refreshments were served to Lennie Abbott, Katherine Ball, Arla Copeland, Faye Ferguson, Cornelia Johnson, Hazel Johnson, Bobbie Kellison, Alice Mitchell, Merle Mooney, Dimon Schacht, Dorothy Smith, LaVerna Sams' daughter, Carolyn Luckenbach from Lake Mackenzie, Donna Burger of Pampa, her granddaughter, Carol Ann Turner and great-granddaughter, Heather Turner of Flomot.

The next meeting is to be held at the home of Hazel Johnson on March 22.

McMurry College names Cheryl Teeter to Dean's List

McMurry College has recently released its Spring 1989 Dean's List. One hundred and six Abilenians and 102 other students have been named on this list. To be named on the Dean's List, a student must be enrolled in at least 12 semester hours and carry a 3.5 or better grade point average during that semester.

Rusty Lynn Teeter, son of Eddie and

Cheryl Teeter, of Lockney, was one of the students named on the Dean's List.

McMurry is a four-year private college emphasizing the liberal arts tradition. Located in Abilene, Texas, and owned by the United Methodist Church, the college has an enrollment of about 1,700 students and has an excellent record of academic achievement and placement in the professional fields.

NOTES FROM HISTORY

SEWARD'S FOLLY

On March 30, 1867, the United States and Russia signed a Treaty of Purchase putting the territory of Alaska under American control. Secretary of State William H. Seward agreed to buy the region for \$7.2 million, approximately 2 cents per acre.

Alaska is the largest state in the union, is rich in natural resources and, due to its proximity to the U.S.S.R., is regarded as highly important strategically. At the time, however, Alaska's purchase was seen by the American public as a joke and was popularly referred to as "Seward's icebox" and "Seward's folly."
