# Lockney prepares for 'Red Ribbon Week'

RED RIBBON WEEK-- Dan Smith, mayor of Lockney, signs a proclamation declaring the week of October 20-27 as Red Ribbon Week - "The Choice for me - Drug Free". Observing the signing is Cindy Cook, chairman of the Drug Free Committee of the Student Council and Jim Bob Martin, president of the Lockney Chamber of Commerce.

The Week of October 20-27 is hereby proclaimed Red Ribbon

"The choice for me-Drug-free"

The community of Lockney will be fighting a local war on drugs the week of October 20-27th. Red ribbons will be worn by citizens throughout the community to show their support for Red Ribbon Week and a drug free society.

Red Ribbon Week is the local effort that runs in conjunction with National Drug Awareness Week, which is sponsored by the American Federation of

Parents for Drug Free Use and the Texas War on Drugs.

Lockney's Drug Free School Committee is organizing the local project. Sponsoring organizations are: The PTA, Lockney's community churches, Lockney Chamber of Commerce, El Penseroso Study Club, Lockney Jr. High Student Council, Region 17 Service Center and the Lockney 4-H.

Red ribbons will be passed out at the

elementary school, junior high school, the football game, various churches, downtown businesses and at Lockney's First National Bank.

The First National Bank will also have drug-free projects on display in the lobby that K-12 students have been working on the last six weeks.

Various activities will be planned throughout the week to support Red Ribbon Week. The motto of the program is "The Choice For Me - Drug Free." Citizens are encouraged to wear red ribbons during the week, and to include the red ribbons with your red clothes at the football games.

The Drug Free Committee is also asking people to display ribbons on their houses, cars, and trees to encourage a drug free community.

The fire was apparantly caused by a match or cigarette tossed into a barrel of trash close to the house. The trash ignited and then burned the vinyl siding on the outside of the house. There was no damage done to the inside of the house. The house was located at 309 W. Houston and belongs to Lupe Gonzales Jr. Staff Photo

# Snacking provides necessary nutrition

Now that school has resumed, families with teenagers may notice their snack supplies are usually low. Teenagers seem to eat constantly.

However, because teenagers also are growing constantly, they need the vitamins, minerals and protein they get from meals and from snacks, said Dr. Mary Kinney Sweeten, a Texas Agricultural Extension Service nutrition specialist.

Nutritionists admit that snacking or grazing is important to today's lifestyles, Sweeten said, citing a recent FDA Consumer article by Cheryl Wein-

However, getting into good snacking habits is critical for teens to benefit from snacking.

"Teenagers often fall into the habit of eating the same foods all the time," Sweeten said. "And sometimes the

snacks they choose may not provide the sters' diet. variety of nutrients these youngsters

Sweeten pointed to an example from Weinstock's recent article: The soda that replaces milk at lunch may reduce the calcium in the diet. Weinstock suggested that teenagers replace the calcium by adding cheese to their hamburger they eat with the soda.

"Weinstock also cited a slice of cheese pizza as an item popular with teenagers that also is a good source of calcium," Sweeten said.

Another good choice for teenagers is high-fiber foods, said Weinstock. They stimulate salivation, which helps wash away excess sugar from sugary snack foods. The nutrients provided by foods such as popcorn, fruits and vegetables are a welcome addition to the young-

Although snacking can be an asset, it becomes a liability if it results in more calories than the teen needs, Sweeten

"Obesity commonly starts during the teenage years," she said. "So, sensible snacking habits should be encouraged."

Weinstock said that nutritious snacks frequently are not as tasty and satisfying as the traditional candy, potato chips and sodas. However, there are methods to satisfy both the sweet tooth and still hold down the calories.

Sweeten said, "If you gave a craving for sweets, a bite-sized candy bar or half a popsicle is better than a regular-sized candy bar or a whole popsicle."

Nutritional literacy and simply paying attention to foods they choose is the best way for teens, or adults, to develop good snack habits and to make eating between meals work to advantage.
