Page 2 - The Lockney Beacon - Thursday, February 22, 1990 **Rodriguez receives CARE Award**

Christobal J. Rodriguez, son of Mr. and Mrs. Toribio Rodriguez, of Lockncy, was awarded the "Clean Aircraft Require Effort (CARE) Award, by the Air Force. Rodriguez is stationed at Shaw Air Force Base, in South Carolina. Rodriguez's parents were informed of his award through a letter from the Department of the Air Force. The letter explained that the purpose of the CARE Award is to foster pride among the dedicated and assistant crew chiefs. Keep the appearance of the 77 F-16C/Ds at the highest standards, and reward those who excel.

"Our crew chiefs are "dedicated" to a particular aircraft tail number and launch their chief and his aircraft readily shows through by the care and attention that the crew chiefs give their pride and joy, especially since their name is painted on the aircraft."

In deciding the CARE Award winner, the judges look at the interior/exterior appearance of the aircraft, the condition of the aircraft forms, and the military bearing and appearance of the dedicated and assistant crew chiefs. Points are then awarded for each category of competition (1=good, 2=excellent, and 3=outstanding). Competition among the 102 crew chief teams is tough, as noted by the last-minute preparations to present the perfect aircraft.

Rodriguez and his wife, Virginia, and their two sons, Brian and Brandon, reside in Santa, S.C.

According to legend, many, many years ago, when Indian tribes roamed this land, honored Indian warriors helped the Great Spirit paint the sunset across the sky. One particular Indian warrior wasn't pleased with the colors of the sunset, so the Great Spirit gave an Indian Paintbrush to that warrior. After the warrior used the paintbrush to paint the sunset, it was tossed down onto the ground. The story goes on to say that wherever the Indian Paintbrush landed, the Indian Paintbrush

Floyd County churches urged to compile histories

As Floyd County churches have Take it to your newspaper around April played such an important part in founding and settling the county, the Floyd County Centennial Committee has suggested that Sunday, May 20, 1990, be designated as Founder's Day in all Floyd County churches. On that day each county church is asked to honor the church founders through worship, sermon, music and history.

Start making your plans now.

1. Put together a short history of your church and the early settlers who organized it for publication in the Floyd County Hesperian or Lockney Beacon.

15. 2. Plan your Sunday Service. . .a

special Sunday with sermon, music, history, thanksgiving for the past and the future, and any other event your congregation would like. Let your newspaper and radio station know what your congregation is doing.

3. Encourage your members to make a special effort to attend church on this Sunday. It is said that only 1/3 of the church members are in church on a Sunday morning. On Sunday, May 20, let us make that 100% in Floyd County.

Jamboree provides entertainment

duced and each gave brief biographical histories and their reasons for seeking the respective offices. Congressman Bill Sarpalius, seeking re-election in the 13th Congressional District, was represented by Aaron Alejandro. Sarpalius is unopposed in the March 13 Democratic Primary.

State Representative, Dick Waterfield of Canadian, Republican candidate for the 13th Congressional seat, was represented by Jim Newberry. Former Congressman Bob Price of Pampa, Waterfield's opponent in the March 13 Primary, was unable to attend. In lieu of a surrogate for Mr. Price, Bill Gray gave a biographical sketch of that candidate.

Alejandro noted that in his first Congressional term, Bill Sarpalius was appointed to the agriculture and small husiness committees as well as a Select Committee for children, youth and family. Jim Newberry, speaking on behalf of Waterfield, explained that his candidate was a farmer-rancher and not a professional politician. "At President George Bush's request, Waterfield entered the Republican Primary, seeking the Congressional seat now occupied by

Sarpalius," according to Newberry.

Other candidates attending the session were David Cave, who is seeking re-election as judge of the 110th Judicial District, and Randy Hollums, the opposing candidate for the seat. Cave cited his record for the past three years as his strongest qualification for retaining the seat. Hollums stressed that his 13 years experience as District Attorney provides him the valuable trial experience necessary to serve the position of District Judge.

David Cave and Randy Hollums responded to several queries pertaining to the office of District Judge. Both pledged their belief in fairness and swiftness in the judicial process.

Additional candidates for the March 13, Democratic Primary included: Barbara Edwards, District Clerk; William D. Hardin, Floyd County Judge; Margaret Collier, County Clerk; Floyd Jackson, Commissioner Precinct #2; and Mike Mooney, Justice of Peace, Precinct #2 and #3.

Also appearing were Howard G. Bishop, G.L. Fawver, and Delfino Pesina, all candidates for Precinct #4 Commissioner in the Democratic Primary. Written questions were submitted from the audience to moderator Becky

McPherson. Bishop, Fawver, and Pesina were

mostly in agreement on the answer to a number of the questions concerning the commissioners post - none had served in the position and could only give their personal opinion on some of the issues.

Numerous questions were asked of the candidates, with the majority of them being addressed to the candidates for commissioner. A few of those questions are highlighted below:

One of the questions asked of the candidates was, "How do you feel about combining the Sheriff's office and the city police departments?"

Commissioner Floyd Jackson stated, "Becky, the way I feel ... it's too difficult

### The Lamplighter **Continued From Page 1**

Another interesting race for this area will be that between State Representative Dick Waterfield of Canadian and U.S. Rep. Sarpalius of Amarillo. We are assuming, of course, that Waterfield will beat Bob Price in the Republican primary and go on to oppose Sarpalius in the General Election in November. If Waterfield wins the Republican Primary and goes into the General Election against Sarpalius, he will have far more Democratic support throughout the 13th District than would be usual for an identified and identifiable conservative Republican. He is receiving support from Democratic State Rep. Warren Chisum, who represents this District in the Texas Legislature. (Chisum knows both Waterfield and Sarpalius, and he knows the reputation both have down in Austin, where all three have served in' the State Legislature.) That combined with Waterfield's support from his home base in the northern and western part of the District, is likely to make him a formidable candidate indeed. We also expect the race to be heavily contested, even heated at times. And still closer to home the contest between incumbent District Judge David Cave and former District Attorney Randy Hollums is drawing Democratic primary voters' attention. Up to now that has been a low key contest. But as everyone in this judicial district knows, Judge Cave can be an exceedingly active campaigner. This time, however, he is the incumbent, and that calls for a different approach. Mr. Hollums, on the other hand, has always struck us as a sort of laid-back campaigner. So all the earmarks are there, in both camps, for a quiet, one-on-one campaign. Still, who knows?

and I feel that each one should take care of their own business. But, it any event that they want to work together, then it's something that should be talked about."

Howard Bishop replied, "I personally think that someday it's something that should be considered and looked into."

"To tell the truth about it," said G.L. Fawver, "I really don't know what ought to be done. But, it they can get along, then each one should work by themselves."

Delfino Pesina answered, "On this question... I think what we should do is work together a little more, but still keep the cities and county separated."

The question was asked, "What would you do if an industry such as Campbell Soup Company came to Floyd County and wanted to build a 3 million dollar facility on the condition that the county would give them a 10year tax abatement? And do you have any plans to attract industry to the county?"

G.L. Fawver said, "We need some industries here, but I don't think we should give the whole ten (years abatement)...we might give five. If we can get some industry here, we ought to give them consideration. I would do all I could to help bring industry (to the county)."

Howard Bishop said, "I think we definitely would have to negotiate the taxes over a period of years...we would have to talk about a tax abatement."

Delfino Pesina said, "Well, I'm very much for attracting industry for the county. When I ran for commissioner four years ago, one of my basic points was to try to encourage industry to the county."

G.L. Fawver said, "It would take some negotiating, but I can't hardly say tonight."

The commissioners were also asked, "Are you in favor of hiring a road superintendent to oversee all road repair and maintenance?" Would that cause the commissioners to have to take a cut in pay?"

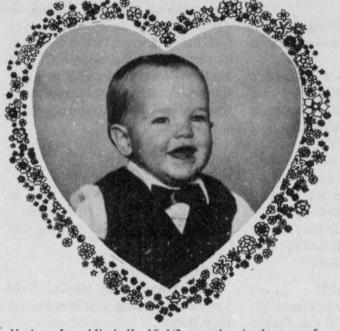

Fawver said, "I wouldn't object, but I don't see how one man could cover the whole county."

coming up and there seems to be a constant debate about it. It is something that should be looked into in the future and decide one way or another... to forget it or go for it."

Pesina said, "Well...on this question ... to cut from four foreman to just one in the county ... I just don't know. We could try two, and if that didn't work, to back to the original operating ways with the four foreman. If we were going to cut expense, we could cut to two...but not one."

Also asked was, "Are you in favor of a substantial pay raise for the county law enforcement officers?"

Bishop said, "I haven't been on the commissioners court yet...I just better not comment on that. I am not aware of what they are making."

Fawver said, "I don't know what they're making. If the money's there, then perhaps they should get a raise." Becky McPherson then asked, "What about a cut in something else to make the money available?"

Fawver said, "I wouldn't answer that question...that's a big problem as to what would be cut."

Pesina said, "At this time, I don't think it would be wise for a pay raise. I'm not saying this because I'm not on the county payroll. At one time I was a county jailer. If I still was a county jailer, I would go for it, but I wouldn't go for it as a county commissioner."

The forum adjourned at approximately 9:00 p.m. The Avance/Advance organization is planning on having more political forums throughout this election year.

FLOYDADA

FLOYDADA, TEXAS

Over eighty business and professional people are perhaps a bit wiser and knowledgeable as a result of the "Customer Development Seminar" held in Floydada on February 5 and 12. Under the auspices of the Floydada Chamber of Commerce, the two 3-hour sessions were conducted at Duncan Elementary Cafetorium by Joel Combs of Pampa. The provocative classes included instructions and discussions on attitude, personal and customer relations, sales skills, goal setting, time management and memory development. Representa-

tives from almost every strata of the Floydada business community attended the entertaining and educational sessions.

Early on, it was noted that a courteous, friendly attitude-along with enthusiasm are significant ingredients in customer relationships. The time management

segment was designed to make maximum use of time - on the job as well as everyday life. Establishing priorities as the important element received from the time management training.

An interesting insight on dealing with stress - on the job and in one's personal life --- was very informative. A sevenstep formula for accomplishing goals was geared to help "make things happen." The wrap-up centered around

memory development. Some of the points in this area included keys for recalling names of customers and clients.

Mr. Comb's presentations combined the wit and rapidity of a stand-up comedian, coupled with a thorough and practical understanding of the subject matter. Many favorable comments from those attending the seminar attested to the overall success of the program.

## Happenings at Caprock Hospital

By Molly Stringer Jean Jarrett was chosen as Employee of the Month for February by her coworkers. We all enjoyed a delicious lunch at the hospital last week to recognize Jean as Employee of the Month, to celebrate the February birthdays of Drs. Jordan, Hale, Lopez and Craig, and to welcome Dr. Mike Chamales. All of the staff from the clinic joined us and we had a wonderul meal and time of fellowship.

Leroy Schaffner will be attending a meeting in Austin this week dealing with applying for grants for special programs in health care.

Dr. Jordan and Craig have gone on their annual trip to the south. They were delayed one day in leaving due to the icy weather last week.

We had several who fell during the icy weather and broke bones. There are always those of us who forget it may be icy and bound out of the house for the mail or paper and down we go. Remember to be careful this week, a cast is really a nuisance and a hindrance to your lifestyle, especially if you are a senior citizen.

Wendy and Stan Pierce, along with Kelsy and Kyle went to Red River skiing last weekend. They left to come home just ahead of the snow storm we are expecting this week.

Carol Scribner, weekend supervisor, is attending a meeting this week on Friday in Lubbock.

#### **Understanding Stress**

Health care providers may be easy targets for stress. Dealing with life and death crisis, working long hours in a busy atmosphere, and juggling competing activities at work and home can leave your feeling out of control. And these stressors in your life probably won't go away. But you can keep stress from running your life by learning how to turn negative stress into positive challenge.

#### Learning to Juggle

Stress doesn't have to take over you can learn skills that will help you manage and gain control over stress. These skills won't make stress go away, but they can help you successfully identify and juggle the stressors in your life. To manage stress, begin by examining it a little more closely: What is stress? What are the stressors in your life? And how do these stressors affect

you? Stress can make you lose your grip at; work and home — especially when you have stress in several areas of your life all at the same time. Some questions you might ask yourself are:

1. Am I overwhelmed by increasing job responsibilities?

2. Do I have conflicts with co-workers?

3. Are you unable to really talk with your supervisor?

4. Are you sometimes confused aboutwhat the priorities are at your job?5. Do you find reasons for not going

to work?

#### Personal

 Is it hard to find time to spend with your family or friends?
Are you eating too much or not

enough?

3. Do you have trouble relaxing when you have free time?4. Are you worried about paying your

### bills? 5. Do you have a hard time sleeping?

Or do you sleep too much? 6. Are you concerned about finding adequate child care?

If you answer yes to most of these questions it is likely that you will benefit from learning coping skills so you can successfully learn to juggle stress in your life.

Floydada--Electronic hearing tests will be given at the Senior Citizen Center on Thursday, March 1st, from 9:30 a.m. until 11:00 a.m.

Randy King, licensed Hearing Aid Specialist, will be present to perform the tests.

Everyone should have a hearing test at least once a year-even people now wearing a hearing aid or those who have been told nothing could be done for them. Only a hearing test can determine if you are one of the many a hearing aid can help.

The free hearing tests will be given Thursday, March 1st, from 9:30 a.m. til 11:00 a.m. at 301 E. Georgia. If you can't come in, call 983-2032 for in-home service.

Some Simple Safety Tips From Your Friends at Energas

N atural gas is one of the safest, cleanest, most efficient N and economical forms of energy known to man. For any heating job in your home, you know that nothing beats natural gas for convenience, reliability, and cost-efficiency.

Here are a few reminders from your friends at Energas on the safe and responsible use of natural gas in your home year-round.

### Your furnace needs an annual check-up.

Every year before cold weather hits, your furnace should be thoroughly inspected by a qualified professional heating contractor. Your natural gas furnace is so reliable that once it's been checked over, it should require very little attention the rest of the winter.

### A closet isn't always a closet.

Your water heater or furnace is probably in a closet all by itself. And that's the way it should stay. As tempting as it may be, don't use the space around a water heater or furnace for storage. Even if these major appliances sit in the open, the space around them should be kept clear to insure adequate air circulation.

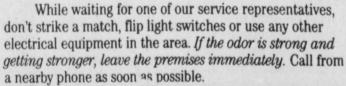

appliance, it may be just a pilot light out or a burner valve open slightly. You can easily correct this type of problem yourself. But if a gas odor persists, or you cannot determine its

source, call Energas at once. We'll check out the problem at no cost to you.

### Follow manufacturers' instructions.

When lighting gas appliances, always follow the instructions of the manufacturer. Always light the match before turning on the gas. Installation, service, repair, and disconnection should always be handled by a qualified

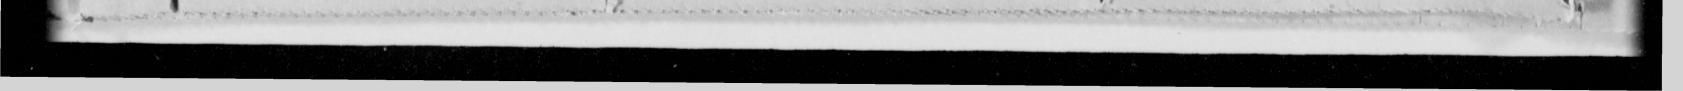

An appliance should be used only for the purpose for which it was designed. For example, use a range only for cooking, not for heating a room.

Properly used, natural gas from Energas is the safest, most cost-efficient energy you can bring into your home. And your safety is the most important thing in the world.

We're proud to be your gas company

## **Care** Center News

**By Jane Martinez** Hello, here we are back again. Hope that everybody is doing fine. As far as news here at the Care Center, we have a new resident, Liller Garrison. Mrs. Garrison is originally from Matador. We have another new resident from Lockney, Ada Colson. We welcome both Ada and Liller.

We had our Valentine party last week. Combined with the Valentine party, we held Mrs. Lena Pratt's 102 birthday party. Celebrating with Mrs. Pratt were her niece, June Weaver and also Margie and James Ferguson from Lockney.

We crowned our Valentine King and Queen, Mrs. Dominga Morales was crowned Queen, and Augustine Revas was crowned. King. Music and entertainment for this event was furnished by Maybelle and John Francis. We really did enjoy the singing. The party was videotaped by Teresa Balderas, and the staff and residents have enjoyed seeing all the happenings over again.

We would like to thank Mrs. Pearl Rattan for the ice cream cone cakes, Pauline Moore for the Valentine cake, and Myrtie Gibson for ice cream. All of these ladies do a good job each time I need special treats for the residents. Thanks to everyone and especially the nursing staff for their help in making our party a great success!

### Weekly Happenings:

Monday morning, we had a devotional with the Rock Creek Church of Christ members. After lunch, we went on the weekly bus ride. We were treated to ice cream at the Dairy Queen, by Myrtie Gibson.

Tuesday morning, we listened to gospel music in the morning.

Wednesday morning, our devotional was led by the Methodist Church. After lunch, we had the party.

Thursday, residents watched the video of the Valentine party, and again enjoyed the fun. Bessie Jackson popped popcorn for our residents and staff, we want to thank Bessie for her usual good

Friday afternoon, we played bingo. All of the bingo players received three prizes each.

What Are Seniors Worth Anyway? We Are Worth A Fortune!

Remember old folks are worth a fortune, with silver in their hair, gold in their teeth, stones in their kidneys, lead in their feet, and gas in their stomachs. I have become a little older since I saw you last and a few changes have come into my life since then.

Frankly, I have become quite a frivolous old gal. I am seeing five gentlemen everyday. As soon as I wake up, Will Power helps me get out of bed. Then I go see John. Then Charlie Horse comes along, and when he is here he takes a lot of my time and attention. When he leaves, Arthur Ritis shows up and stays the rest of the day. He doesn't like to stay in one place very long, so he takes me from joint to joint. After such a busy day I'm really tired and glad to go to bed with Ben Gay.

What a life?

P.S. The preacher came to call the other day. He said at my age I should be thinking about the here after. I told him, oh, I do all the time.

No matter where I am, in the parlor, upstairs, in the kitchen or down in the basement I ask myself now..."What am I here after?"
