Hallmark explains recent changes in state educational funding plans

By W. H. Hallmark, Superintendent

In order to understand the issue of equitable funding in education, a few observations need to be mentioned.

Very simply stated, the issue came about because of the vast differences in districts' wealth per student. The wealth per student places a school district into the category of rich or poor. In our case, we are classified as a poor school district. Our district wealth per student is approximately \$107,000, while the state average is approximately \$230,000.

The intent of the new legislation is to provide the poor school district with additional funding for basic educational needs and requirements. The legislation that passed did not include the statement: "no new mandates without funding."

Anytime new dollars are provided to perform services the question must be

asked: "Are we getting our money's worth?" For that reason, the accreditation process for evaluating school districts is changing significantly. With the passage of S.B. 417, a comprehensive system of performance indicators are being developed. A community should be able to expect quality and improved student performance.

The funding bill that passed is a two-step funding bill. All poor school districts will get a basic allotment increase to help with basic educational needs and requirements.

In order to receive the additional funds available for new mandates, inflation, building improvements and enrichment, a school district must be at or above the state effective tax rate of .91 cents for the 1990 tax year. The intent of the legislation passed is to have the effective tax rate even higher by 1993.

The state takes the position that any district not equal to the .91 cent state average will not have access to the Step II monies. In our case, the dollar amount of this Step II money would be \$158,000.

In 1934, House Bill 72 was passed. That bill provided new state money which allowed the school board to lower taxes by .10 cents. Up until now that lower rate has kept us afloat and we weren't penalized because of that low rate. Because of new regulations and requirements without funding, the district has operated with a deficit budget for the last two years. With the passage of Senate Bill 1, if a school has a tax rate below the state average they cannot receive all the money.

Our effective tax rate is .79 cents. If we want the additional state dollars (\$158,000) we must have a .91 cent effective tax rate. Lockney I.S.D.'s actual tax rate will have to be at .87 cents to generate the .91 cent effective tax rate.

It seems that the state is taking the attitude that if you cannot keep up or won't, then in a matter of time a district won't be able to meet all the state requirements. When that happens, the only thing left is consolidation.

In determining the future of Lockney schools one can think in terms of funding the schools as a debt or an investment.

Local public schools are an investment in the community. The schools in Lockney are something to be proud of. Our goal has to be to keep them that way.

School board accepts resignations of two

The Lockney School Board met for their regular monthly session on Thursday, July 12, and accepted the resignation of Coach Dick Van Hoose and Jaime Moerbe, elementary P.E. teacher.

"Coach Van Hoose took the job as principal in Motley County," said Superintendent W.H. Hallmark.

The board voted not to replace Van Hoose as coach.

"Mrs. Moerbe will be resigning to stay at home with her family, however Coach Moerbe will not be leaving as it was rumored," said Hallmark.

The board hired Elaine Barnes to replace Mrs. Moerbe as P.E. teacher. Ms. Barnes presently lives in Plainview.

After the reading of the minutes and the payment of bills, Superintendent W.H. Hallmark gave the superintendent's report.

Hallmark told the trustees that the general summer maintenance of the schools was "going fine," and that the materials to re-do the boys dressing room walls in the big gym, have been ordered.

He also briefed the board on the upcoming state convention in Houston which will be held September 22-24.

Hallmark told the trustees that they will have to wait for a while to order a new van. "It is now in the in-between stages of '91's and '92's as far as car dealers are concerned. If we want to order certain specifications we will have to order later and get a 1992."

Because of a space problem in the

dressing room at the field house, the board of trustees approved a 20x36 addition to the dressing room at the athletic field house. The cost of the addition will be \$9,908.00.

Also approved was the milk bid by Bell Dairy.

The board also approved calling for bids on lots 19 & 20, block 4, of the Muncy Addition. A notice will be published in the paper at a later date and the

Police make forgery arrest

The woman was arrested last week and bonded out of the Floyd County jail. She was arrested again for a third check. The police are continuing to investigate the case.

Police are investigating the burglary of a garage located in the 300 block of S.W. 4th. On July 11th someone entered an unlocked garage and stole several

bids will be opened in August.

After general business was through the trustees spent approximately two hours in a budget work session.

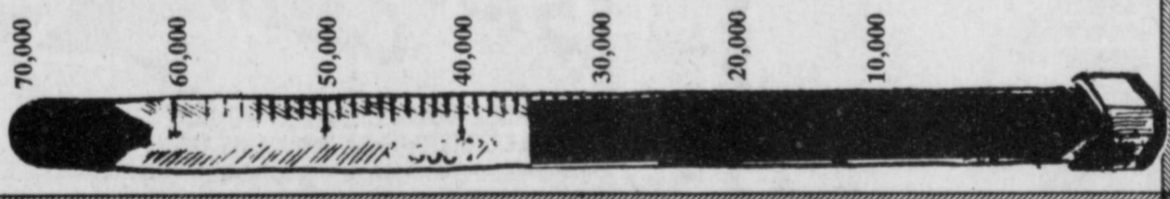

The meeting adjourned at 11:30 p.m. Attending the meeting were trustees: Dr. Gary Mangold, Dr. Paul Glasson, Mike Mathis, Lisa Mosley, Dickie Lambert, Eddie Teeter, Jim Bob Martin, and Superintendent Dub Hallmark.

Lesca Durham teaching second generation of Lockneyites to swim

By Alice Gilroy

Except for a few years off to spend with her own children, Lesca Durham has been teaching Floyd County kids how to swim since 1972.

"I started when I was 16," said Lesca. "It was a way for me to make some money during the summer. Now every time I think about quitting, I see all these kids and I hate to think about them not being able to swim. So I do it another year."

Lesca began with her senior life saving certificate and worked as a life guard during the day and for nighttime parties. She would have swimming lessons in the afternoon and in the morning.

When she first started teaching, the fire department was responsible for the swimming pool and now the City of Lockney is responsible for the upkeep.

"I think Lockney is an ideal place for children to learn to swim because they have the children's pool to start them in. I also think the swimming lessons have helped keep the pool up. After my lessons some of my money goes back to the pool."

Lessons start for the eager learners in June right after the pool opens and goes through the month of July. There are two sessions everyday from 5:30 p.m. - 6:00 p.m. and 6:00 p.m. - 6:30 p.m.

Lesca says she has taught adults but that kids are a lot more fun. "I had an adult class of ladies in Plainview," said Durham. "The adults worry over their

hairdo's and they don't want to get their face wet.

"The youngest I remember teaching has been 2 1/2 years old. I have one 2 1/2 year old girl diving off the board already and swimming."

Lesca says the ideal age of children to start lessons is four years old. "At about 5 or 6 years old they start developing a little fear. If you start at 3 or 4 years old they will need a good 2 or 3 summers to really know what they need to."

"The younger kids just aren't coordinated enough to get their arms and legs going at the same time."

She has also taught handicapped children how to swim. "That was very challenging and rewarding," said Lesca. "It made me feel real good."

Lesca encourages everyone to learn how to swim. "Don't be embarrassed, just get out and do it!"

When asked who taught her to swim, Lesca replied, "I was one of eleven kids. We couldn't afford lessons. I just learned how to swim at Roaring Springs Lake."

Lesca was born in Lockney to Mr. and Mrs. G.A. Hayes, also of Lockney. She married Danny Durham on October 11, 1974 and they know have two boys, Mikhael, 13, and Cooter, 9. Danny manages Lambert Feed & Seed in Lockney.

She has also worked in the past as a P.E. aide instructor in Lockney, for six

years at ASCS and is now working at the Lockney Gin where she has been employed for two years.

In the early 70's, Lesca also received her WSI (water safety instructor) certificate. "I taught life saving instructions in

Plainview with Joe Don Hadley. I have also taken refresher courses at Tech for WSI."

"I have never had to give mouth to mouth resuscitation. I have had to pull several kids out of the water, but it was

not life threatening since I was right there—but they were in distress.

"It all happens so quick. Most drownings happen in shallow water. The little ones just topple over and they can't stand back up."

"SEE, THAT ISN'T SO BAD"--Lesca Durham is teaching the little ones that putting their faces in the water can be fun. She works to overcome their fear of water and progresses on until they have enough confidence to jump

into the pool on their own. Lesca has taught swimming at the Lockney pool since she was sixteen and is now teaching many of the children of her first students. She would like to see everyone learn to swim for their own safety and fun. Staff Photo

Beginning lessons concentrate on overcoming fear, said Lesca. The children learn to float, learn to breathe and not take water through their nose, to open their eyes and they learn to dog paddle.

"There are always some exceptions to what each child will learn. It is very hard if the child has never been exposed to water. Parents should encourage their kids to stick their head under the water when taking a bath. Teach them to blow bubbles and open their eyes."

"The most important thing for us is to have fun. Once the children get your trust they will do anything for you."

The advanced swimmers will learn to back stroke, side stroke, breast stroke and mouth to mouth resuscitation. "We also touch on basic life saving techniques, such as 'reach-throw-row-but don't go.' We also teach them to dive off the board."

Lesca is now into teaching 2nd generation children. "I taught Paula Ellison Edwards and now I'm teaching her daughter. I also taught Kyle Brock and now I'm teaching his daughter."

Lesca has been helping out Floyd County kids for so long that many of them think she lives at the pool or owns the pool. "It's the only place many of them see me," laughed Lesca. "The other day, I had a child point and ask me if I lived in that house at the pool. I looked to where he was pointing and it was the pump house!"

Main Street Church of Christ bible school starts Tuesday

Lockney's Main Street Church of Christ will hold their annual Vacation Bible School, July 24-26.

The church has extended an invitation to all the youth, 4 years through the 5th grade, to come join in the activities.

Tuesday and Wednesday classes will start at 9:00 a.m. and end at 11:30 a.m.

On Thursday, class will end at 12:30 p.m. A sack lunch will be provided on Thursday only.

The theme of the school is "God's Young Heroes." Activities for the youth will include: children's songs, Bible classes, character studies, Bible videos, awards, study of the Passover feast and visitation of the Senior Citizens.

"LET ME HELP YOU FIX YOUR BIKE"--Anna Cortez (L) repairs a bike for Dusty Payne so that she can rejoin the rest of the group. Watching the repairs are Missy Grant, Kynisha Grant, Kristen Payne and Irene Cortez. Staff Photo

LET'S FILL THE TRAILER AGAIN!--The Ambulance Fund was increased by \$722.00 when the volunteer firemen hauled the aluminum cans to the recycling center. This is an easy way to add to the fund and the trailer is sitting in the same location as before. Think "new ambulance" and donate your cans. They do not help anyone taking up space at the landfill. This month's checks include sales taxes collected on May sales and reported in June by businesses filing monthly tax returns.

Merchants collect the taxes and send them to the Comptroller's office with their tax returns. The state keeps its 6 percent share and each month sends cities and counties their portion of the sales tax.

All local sales taxes must be approved by local voters and may be used for any legal city expense. The City of Lockney puts the money they receive in their General Fund and use it for operations such as the fire department, law enforcement and maintaining streets and alleys.
