LEADERSHIP

By Kellie Peno

I think Martin Luther King Jr. was a good leader. He made all blacks equal in rights and was one of the black movement leaders. He made whites listen to what he believed. He said his people were the same as any other people on the face of the earth.

He talked for freedom and was in first to sue he knowledge. His speeches were televised. Even whites helped the blacks get their rights. They visited places and they walked the streets of the Negro places. He walked the streets singing, talking and whispering grace hoping that one day they would get their rights. One day while he was walking the streets and some whites were firing at them and one hit the King and killed him. The blacks were upset. They carried on his plans and they got their rights. Today, blacks have the same rights that everybody has today. This is why I think Martin Luther King Jr. was a great leader.

DAVID PEREZ - MY BROTHER

By Cindy Perez

The person that best represents a leader to me is my brother, David. He is sixteen years old and a junior in high school.

Out of my brothers, David is a very special one. I look up to him; he is my role model. Although David is involved in many school activities he always makes sure he keeps up his grades. David is involved in the National Honor Society, UIL Number Sense, the school One Act Play, Student Council and Junior Class President, he is also a member of the Junior Class volleyball team.

Most importantly, David sets a good example for me because when we've done something wrong, he's always there to tell me, "If you did your best, tried your hardest that's all that matters."

My brother, David is very important to me. Without his love, his help, and most of all his concern, I would not have made some of the right choices and I would not have learned about the most important thing... life.

THE ANGEL OF MERCY

By Stella Garcia

At a very young age Mother Teresa decided to dedicate her life to helping people. Later she joined a religious order and became known as Mother Teresa. She worked mainly in India

where she helped the poorest of the poor.

I feel she was a good leader because of her love for the needy was real. It was a true commitment that lasted most of her life. She spread her movement into all parts of the world.

Although she became famous, she never changed her life style. She worked, ate, and lived with the poorest people in the world. She believed in the mercy of God. She was unique like no other.

LEADERSHIP IN THE WRONG WAY

By Max Green

Adolf Hitler was a leader because he led the Nazis. He inspired Germany, and was a leader of the government. Hitler, however, was a good leader who did bad things.

He led the Nazis to think they were the superior race and that all other races should be wiped out. He led many of these people to becoming psychic killers.

Adolf inspired the German people to fight other countries. They were not a

powerful country until Adolf became head of government. Then they were from a (lay-low) military to a superior force. Hitler's leadership was the main force of this change and inspiration.

Thirdly, when he went into office, he made a drastic change in the government. He combined Chancellor and Presidency and this became know as Furher which is like combining President and Vice President in the United States.

Hitler's leadership can be a lesson to all of us. We must make sure we never elect a leader like Adolf in America. If so, we could lose our precious ideals.

THE BEST LEADER OF THE WORLD

By Jerod Glasson

A leader should be responsible and defend what he or she believes. This is why I pick my teacher, Mrs. Terrell.

Mrs. Terrell is the perfect model for a leader. She's responsible and cares for other people. She gives people a chance at their school work and makes learning fun.

She is the kind of teacher who cares and is never selfish to her students. She is kind, considerate, and understands your problems.

Mrs. Terrell is certainly not the kind of teacher to give up. She is a competitive person, and when we lose, she always says, "We'll get them next year."

Mrs. Terrell is not like all the other teachers. If it was up to me, I would elect her for President of the United States.

A TRIBUTE TO LEE

By Tonnie Richburg

My opinion of a good leader is my brother, Lee. He was a great person and a good influence upon his friends and me.

Lee always believed in helping people. For instance, Lee would go out of his way just to take someone where they needed to go.

Also, he would listen to my problems. If I thought I had done something wrong, he would help find a way to correct my mistake. He was always there - if I asked for his help.

Thus, my brother was a good leader. In fact he had it "all"!

Lee died in January of this year. He was 25. He was a brother and a leader.

His many good qualities influenced my life and many others.

AN INSPIRATION

By Angie Clark

A good leader inspires and helps other people perform at their best, as did Woodrow Wilson.

Woodrow Wilson won an inspiration because he worked hard to reach his goals. He wouldn't back down when Congress challenged the Treaty of Versailles. Instead, he went straight to the people of the U.S. He prided himself in being part of the Paris Peace Conference and was never embarrassed of what he did.

He inspired many people, including myself, to reach for the stars and be the very best I believe that if hadn't grown ill during his tour around the U.S. he would have accomplished his goal to enter America in the League of Nations and have us sign the Treaty of Versailles. Even so, he held his head up high and was proud of what, he had done.

For these reasons, I believe Woodrow Wilson was one of America's greatest leader.

7th grader Shorthorns earn victory

By Susy Smith

The Lockney 7th grade Shorthorns came home with a victory under their belts last Thursday night, as they beat Springlake-Earth by a score of 14-0.

With 3:38 left in the first quarter, Frank Gutierrez ran in from 45 yards out for the first touchdown. Joe Marks came up with the PAT and the score stood at 8-0.

Lockney again scored in the 3rd quarter with 2:48 left as Gutierrez also made this touchdown on a 12 yard run. The extra point was no good leaving the final score 14-0. Their record stands at 1-1.

The 8th graders could not follow suit and were defeated by the Wolverines. The Shorthorn teams will play Shallowater tonight at home. Their games are to begin at 5:00 and 6:15.

Fire Prevention Week brings guidelines

The week of October 8-12 has been designated as Fire Prevention Week by the members of the Lockney Volunteer Fire Department.

Members of the fire department are volunteers and come from their jobs when they are summoned by the siren or fire phones. In addition to fighting fires they also are in charge of the ambulance calls.

Members of the fire department hold regular meetings on Tuesday night of each week and study ways that they made do their job more quickly and safely.

FIRE PREVENTION GUIDELINES

The State Board of Insurance, State Fire Marshal's Office offer the following guidelines for practicing fire prevention in the home:

- 1) Keep matches and lighters away from small children.
- 2) Do not use gasoline or flammable liquids for cleaning in the home. Do not use them to start or freshen a fire for heating or cooking.
- 3) Provide proper ventilation for portable gas and oil heaters or fire places.
- 4) Do not smoke in bed.
- 5) Before going to bed, check upholstered furniture to ensure that smoking materials are not lodged in the furniture.
- 6) Dispose of smoking materials safely. Store them out-of-doors in a metal container and immerse them with water to make sure that they are completely out.
- 7) Make sure that heating and cooking appliances are properly installed and used according to instructions.
- 8) Make sure that all electrical cords are safe. Electrical cords should not be placed under rugs, over hooks, in door openings or other traffic paths. Check cords routinely for wear. Do not puncture cords with tacks, nails or other sharp objects and do not use cords which appear to be cracked, pinched, punctured or otherwise damaged. Electric cords that are worn or damaged should be disconnected and immediately disposed of.
- 9) Use only the correct size fuses in fuse boxes.
- 10) Keep basement, closets, attic and garage cleared of combustibles such as papers, cartons, old furniture, clothes or oil-soaked rags.
- 11) Store gasoline and other flammable liquids in closed containers away from heat, sparks and children, prefera-

bly away from the house. Never store flammable liquids in glass jugs, old bleach bottles or makeshift containers.

12) Keep paint stored in closed metal containers and discard paint-laden brushes.

13) Furnaces, stoves and stove pipes should be kept well away from combustible walls and ceilings. These appliances should be installed and maintained by qualified service people.

14) Heating equipment should be checked yearly by a qualified service person.

15) Do not overload electrical circuits with too many appliances.

16) When adding electrical wiring or appliances, have a qualified electrician do the installation.

17) Only special circuits should be used for heavy-duty appliances such as air conditioners.

18) Plan ahead.

a) Purchase a smoke detector with a nationally recognized testing laboratory label and install one or more at least outside the sleeping areas of your home. Check your detectors every week to make sure that they work properly. Clean the detectors according to manufacturers instructions. If detectors are battery powered, put in new batteries at least yearly.

b) Determine at least two means of escape from each bedroom. One will be the normal exit from the house or apartment. The other can be a window or a second door between bedrooms. Consider installing an escape ladder from windows.

c) Draw a floor plan to indicate the location of doors, windows, stairs and roof tops that can be used for escape. Always keep escape routes free from obstructions.

d) Agree on a warning device to be used when a fire is discovered. Set a meeting place outdoors for a head count of occupants.

e) Practice escape procedures:

- Sleep with your bedroom door closed. It could increase escape time.

- If you suspect fire, test the door. If it is hot, do not open it because the area on the other side of the door is too hot to enter safely.

- If you think it is safe, brace your shoulder against the door and open it cautiously. Be ready to slam the door if heat or smoke rush in.

- Practice escaping and meeting outdoors at an assigned spot.

- In case of fire, call the fire department from a neighbor's phone.

Longhorns pull off 6-0 heart stopper of a win

By Susy Smith

For the first time in four years the Lockney Longhorns beat the Springlake-Earth Wolverines. The Horns and the Wolverines met on Friday night, at Mitchell-Zimmerman Field in Lockney.

What ended as a real heart-stopper began with some really tough defense. There was no scoring in the first quarter as neither team gave up any ground to the other.

The second quarter began much the same as the first until 3:25 left and Sr. Kip Holt of the Longhorns robbed the Wolverines of a touchdown by intercepting a pass from Wolverine quarterback.

After what appeared to be a stand-off in the 3rd quarter, Steven Vasquez snuck in with three minutes left for a touchdown. The extra point failed leaving the score 6-0.

With only a few minutes left in the game the Wolverines drove to their goal line and the quarterback threw to a wide open Wolverine in the end zone. It seemed the game was lost until Juan Vargas suddenly appeared out of nowhere to block the pass and prevent the Wolverine touchdown. The Horns took possession of the ball. Unable to drive past the Wolverines the Horns were forced to punt. The punt flew over the receivers' heads and they were forced to begin their drive on the Longhorn six yard line. After a succession of completed passes the Wolverines were back in their own territory. With 55 seconds left and 4th down the Horns suffered a rash of devastating penalties. The penalties gave the Wolverines the first down they so desperately needed. After three unsuccessful running drives, the Wolverines were inside their own five yard line and facing a desperate Longhorn defense. As the fans on both sides remained on their feet the Wolverines came to the line for their final play. The play seemed to last an eternity as the

Wolverine quarterback hurled the ball into the end zone for a touchdown but again a Longhorn miraculously appeared as Johnny Perales intercepted the pass with only 10 seconds remaining. Pandemonium erupted as the Horns took over possession.

Coach Jim Clark stated, "Our game Friday was a lot like our Floydada game. It was a defensive battle for four quarters. In games of this nature breaks are the key factors in determining who wins. We came up with a key fumble recovery by Carlos Rendon."

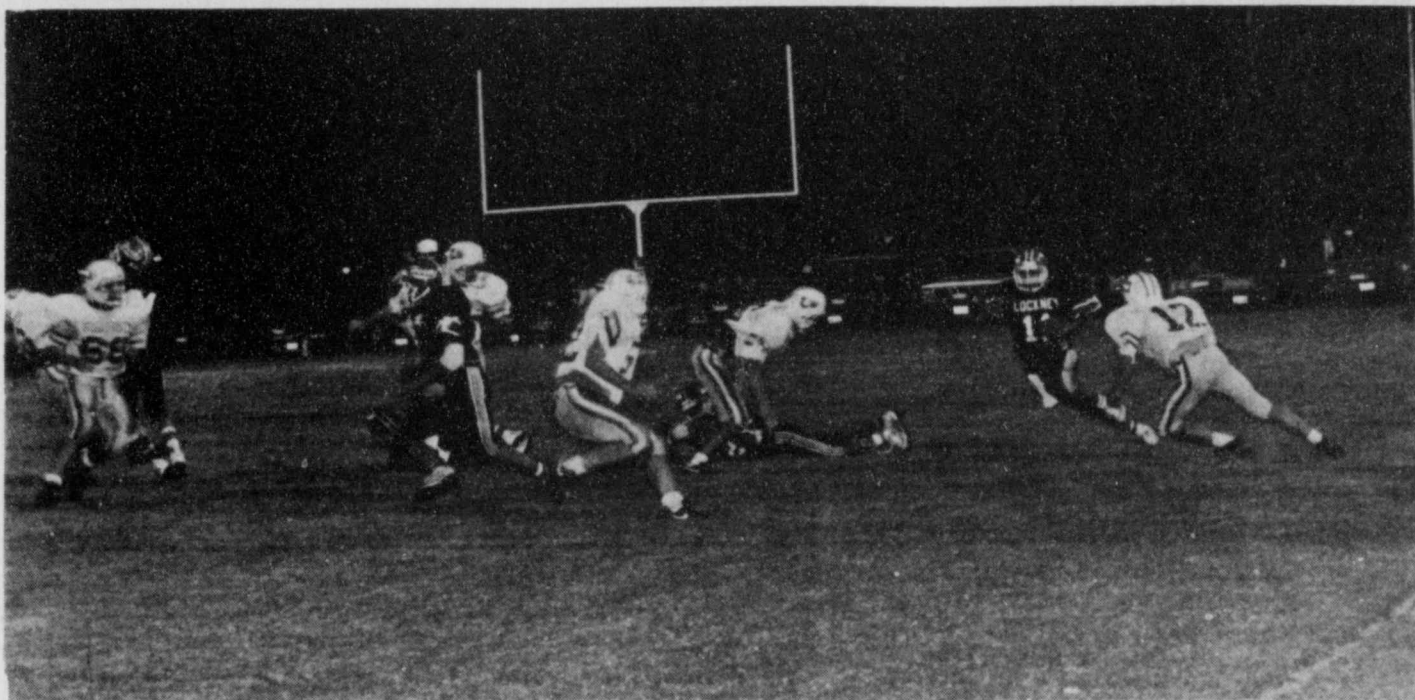

Coach Phil Cotham commented, "Springlake is one of the best coached teams in the district. This game should give both our offense and our defense a boost for our game against Shallowater."

Coach Moerbe was heard to say, "Man that was close."

The Longhorns will travel to Shallowater on Friday night. The game is scheduled to begin at 7:30 p.m.
