This column is usually devoted to matters of a strictly local nature and for the purpose of developing interest in activities with direct bearings on the everyday life of the people of our town and county. The subject that we will attempt to discuss in this column this week is of a much wider scope but nonetheless of vital interest to the people of Castro County as well all other sections of our nation.

Let it first be understood that the writer doesn't claim to possess any knowledge whatever of the intricate working of government or of diplomatic relations between the various nations of the world. Results, when accomplished honorably and according to constitutional procedure, are about all we are interested in, the operation of the mechanism of government necessary to secure the desired results, or satisfying the mass will of the people, will be left to the skill of those trained for that purpose.

President Truman gave his report on the State of the Nation before a joint session of Congress Monday. His statements were in keeping with expectations of Americans in general. Although he touched on domestic issues briefly, his report dealt chiefly with the role of the United States in the present emergency which could, and possibly will, extend over a long period of time. The president, no doubt assisted by advisors from all departments of the government, tried to give an overall picture of the policies to be pursued during the current crises and in a measure to prepare the average citizen for the sacrifices that he will be expected to make, either to prevent global war or if necessary to achieve armed victory over a ruthless world power.

The responsibility of directing the affairs of our nation are staggering. The position the United States has found itself in as the main champion of a brotherhood of nations of free men with the ultimate goal of an effective United Nations sufficiently strong to enforce world peace has doubled and redoubled the responsibilities of American officials. The role our nation now holds as the leader in the world affairs of free men, no doubt, is the result of two world wars and tireless effort on the part the State Department of the various member nations and their representatives in the United Nations Assembly. Staggering sums of money have been expended and endless hours of time have been contributed by the most talented men of the nations of the world in an effort to perfect a plan whereby some semblance of permanent peace may be secured.

There may be better ways to accomplish this purpose, but to date no other plan has been suggested nor has any other concrete effort been made in that direction. While President Truman, Secretary of State Acheson, Secretary of Defense Marshall, Chief of Staff Bradley, General Eisenhower, General McArthur, and other government and military leaders endeavor to lead and coordinate the diplomatic and military activities of the nation they are continually assailed with all types of criticism, the majority of which couldn't by any stretch of the imagination be termed constructive. While some of the armchair stragelists of the nation, including many of the so-called news commentators and newspaper and magazine editors, both in our own section and in other parts of the country, assisted by frustrated politicians of the Taft and McCarthy ilk, seem to be doing all in their power to create disunity, apprehension, and distrust at a time when our country should be gathering behind its leaders with a solid and concrete purpose of carrying out a program designed to insure the safety of our nation and to weld the free nations of the world into a common front against a communist aggressor.

Mass meetings at this time to put over pet ideas of self-appointed leaders are strictly out of order. The elected representatives of the people, along with the well-trained military personnel is

PLEASURE-PACKED PROGRAM PLANNED FOR FARM FAMILIES

Brand new movies are on the program for the annual John Deere Day show to be held for farmers and their families on Wednesday, Jan. 17, at the Carille Theatre, according to Norman Cleavinger, local John Deere dealer and sponsor of the affair. Farmers who have not yet received their tickets, reminds Mr. Cleavinger, may obtain them by calling for them at the C. & S. Equipment Co.

The feature picture of the day, "One Happy Family", stars Don DeFore and Marjorie Reynolds and is the story of a small-town family and the things that beset them when they win the title of "Family of the Year" in a contest conducted by a national magazine. Leading the pack of five more applause-winning films is "His Father's Choice," featuring Tom Gordon who, along with his typical American family, has won so many friends in previous John Deere pictures. The four films that complete the parade of entertainment offer something new and different in dealing with subjects close to the hearts of today's farmers.

"Those who attend this year's John Deere Day", says Mr. Cleavinger "have a real treat in store for them, a day so packed with entertainment for the entire family that they will remember it with pleasure for months to come. Don't miss it. Get your tickets on your very next trip to town.

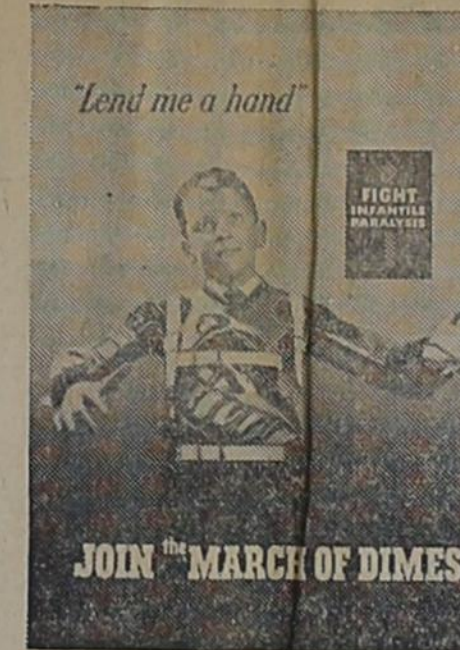

MARCH OF DIMES CAMPAIGN BEGINS IN CASTRO COUNTY MONDAY, JAN. 15

A full slate of March of Dimes committees has been drawn up in readiness for the annual appeal for polio funds January 15-31, it was announced today by Mrs. R. Boren, County Campaign Director.

"Through the early organization of these committees," Mrs. Boren said, "we now have the nucleus to build a great campaign for a great cause—the fight against infantile paralysis."

Mrs. Boren said committee members are hard at work perfecting plans for the all-out drive against polio, starting next Monday.

"The need for funds this year is greater than ever before," Mrs. Boren said. "The past two years alone cost the National Foundation for Infantile Paralysis \$47,000,000 in March of Dimes funds for patient care throughout the nation. A large portion of this vast sum went for payment of bills incurred in treating patients carried over from prior polio epidemics. There have been more

than 100,000 cases since January 1, 1948.

"Knowing the need", Mrs. Boren added, "our committee workers have planned a great variety of activities so every person in Castro County will have an opportunity to contribute to the 1951 March of Dimes."

DR. HENRY GERALD WILL APPEAR ON DIMMITT TOWN HALL PROGRAM JAN. 18

Dr. Henry Gerald will appear at the High School Auditorium under the auspices of Dimmitt Town Hall on January 18, at 8:00 p. m. Dr. Gerald comes to the Southwest from Boston where he makes his headquarters. He is quite well known in the East, having given entertainment there for a number of years. Originally, Dr. Gerald came from Denmark where he was a practicing physician. While in Denmark he became greatly interested in showmanship, particularly in mysticism and general entertainment, including quite a study of various stage tricks and psychic demonstrations. Dr. Gerald has originated and mastered some of the best mental gymnastics to be seen on the stage. In addition to the usual magicians' repertoires Dr. Gerald presents some of the most interesting card tricks and memory feats imaginable.

Among other things Dr. Gerald can include hypnosis in his program although he does not often

do so. He is quite adept at finding objects hidden in the audience while he is out of the room. It is claimed that he can do this type of thing faster than any other stage entertainer.

Davis, Superintendent of the Hart Public Schools, citizens of the Hart School District will meet in the high school auditorium Thursday, January 18, at 7:30 p. m., for the purpose of discussing school affairs of the Hart District. Superintendent Davis declared that he will give a report on his recent meeting with other school superintendents of Texas, and that he would attempt to explain the Gilmer-Alken School Laws as they affect finance, attendance and consolidation.

As part of the evening's entertainment a free show will be shown by Charles E. Cooke. Mr. Cooke is father of one of the Hart School board members. He recently made a trip around the world and will show pictures made on the trip.

Everyone is invited and urged to attend this meeting.

Water District Is Composed of 15 Plains Counties

Reactivation of one county organization and formation of another brings to 15 the number of units participating in the program of the High Plains Water Conservation and Users association, the group's office reports.

The Deaf Smith County Water Conservation Association, at an enthusiastic meeting attended by 200 underground water users, was recently reorganized in Hereford. Tom McFarland, manager of the Hereford Chamber of Commerce, is president. Other officers are John D. Aiken, vice president; Claude Ricketts, treasurer; and Bruce Miller, secretary.

The new unit is the Hockley County Water Conservation Association, which is headed by Burnett Roberts and Bert Eads of Levelland, both active in the Hockley County Farm Bureau.

Inactive for more than a year, the Deaf Smith group said it was reorganized to be ready to meet any further challenges against local control of underground water. Officers warned of "the constant threat of forces in Austin and elsewhere seeking to gain control of our underground water."

The Hockley group, Roberts said, "wants to carry its share of the burden in this constant fight to safeguard our water rights. The law says the water belongs to the man who owns the land; we want to keep it that way."

Associate members of the High Plains associations are in 14 counties, Hockley, Lamb, Crosby, Deaf Smith, Swisher, Bailey, Dallam, Floyd, Castro, Hale, Parmer, Lubbock, Briscoe and Randall, plus the Petersburg association, which takes in a small area bordering on three counties.

Benefit "42" Party to Be at Big Square

A progressive Forty-two party will be given for the benefit of the March of Dimes, Monday night January 22 at the Big Square school house. No set fee will be charged but everyone is urged to attend and contribute generously to this worthy cause. The need for funds to care for polio patients and for research work is greater than ever before in the history of the nation. Bring your card table and dominoes, also some kind of fruit for refreshments. If you live in the Big Square community and are unable to attend this party, please send your contribution to the campaign director, Mrs. Roy E. Haberer, Star Route 1, Muleshoe, Texas, so Big Square will receive credit for your contribution.

Traffic Must Obey Driving Rules When Fire Alarm Sounded

City Marshal L. A. McBrayer issued a warning this week that all traffic rule violators during and following fire alarms will receive traffic tickets and will be prosecuted. Many complaints, in the past, have been filed with the city officials and fire department regarding motorists not clearing the streets following fire alarms and congesting traffic by following the fire trucks while they enroute to the location of the fire. McBrayer pointed out that drivers of all cars, with the exception of those occupied by members of the Fire Department, caught following the fire trucks to fires will get traffic tickets as well as cars that a parked within a block of the fire. He also declared that all cars should be cleared from the streets and parked at the curb just as soon as the fire alarm is sounded.

Many accidents on Dimmitt street have been narrowly averted during the incidence of a fire alarm and to avert future tragedies the city officials are determined to put teeth in the city laws regulating traffic at such times, McBrayer declared. He also stated that the cooperation of the public in this matter would add to the efficiency of the Fire Department in its effort in combating fire losses in the city.

"Through blizzard after blizzard my car performed better!"

"I was one of those selected to test new Conoco Super Motor Oil in my own car before it was put on the market. Through blizzard after blizzard, I travelled in Northern Colorado and Wyoming.

"BUT THOSE WERE THE TWO BEST WINTERS I EVER HAD ON THE ROAD!" New Conoco Super improved the operation of my car. And at the end of the test, with proper drains and regular care, gasoline mileage was virtually as good as at the beginning!"

After a total of 386,422 miles, logged by Mr. Hubbard and other winter test drivers, Conoco engineers found no wear of any consequence! Analysis of crankcase drains showed that this great new oil actually stopped the dangerous accumulation of free water and acids, chief causes of winter wear. This test proved that new Conoco Super Motor Oil, with OIL-PLATING, fights off rust, corrosion and sludge. So, change to winter-grade Conoco Super Motor Oil.

It's fair to share

Just as sharing a soda helps young love—sharing a party line helps improve telephone service.

If party-line neighbors use their telephone sharingly—space calls fairly—hang up the receiver carefully—better service for everyone is bound to result.

Why not prove it on your party line?

MR. AND MRS. MELVIN HAMM

Coleman-Hamm Wedding Solemnized In Ceremony at Methodist Church Here

The marriage of Miss Evelyn Coleman, daughter of Mr. and Mrs. J. R. Coleman of Dallas, to Melvin Hamm, son of Mr. and Mrs. Fred Hamm of Hart, was solemnized recently in the First Methodist Church of Dimmitt. Rev. Joe B. Scrimshire of Albuquerque, N. M., uncle of the bridegroom, read the double ring service.

Vows were exchanged before an altar decorated with white gladioli, palm leaves and candelabra holding lighted tapers.

Preceding the ceremony, Miss Wanda Gollehon sang "Because" and "I Love You Truly," accompanied at the organ by Mrs. O. G. Hyatt. A musical background was played during the ceremony.

Given in marriage by Kermit Pond of Canyon, the bride wore a dress of antique ivory satin,

fashioned with a fitted bodice paneled with Alecon lace and long fitted sleeves. Her veil of French ivory illusion fell from a band of pearlized orange blossoms. She carried a bouquet of white roses.

Mrs. Nena Wesson attended the bride as matron-of-honor. Her gown was of rose satin, styled with an off-shoulder neckline, pointed waist and full skirt. Mrs. Joyce Wesson and Miss Lillian Hamm, bridesmaids, wore similar gowns of pastel green satin. Their headresses were heart-shaped halos of white net adorned with satin flowers, and they carried nosegays of white chrysanthemums with pink and green streamers.

Bennie Howard was best man. Ushers were L. J. Rice and Cecil Hamm, brother of the bridegroom both of Hart.

Mrs. Coleman, mother of the bride, was attired in a brown ballerina length dress with brown and pink accessories and a corsage of pink chrysanthemums. Mrs. Hamm, mother of the bridegroom, wore a ballerina length dress of rose lace over taffeta with black accessories and a corsage of white chrysanthemums.

Following the ceremony, a reception was held in the home of Mr. and Mrs. J. C. Gilbreath. Assisting in the house party were Mesdames Pat Hardy, Curtis Tate, Raymond Wilson and Woodrow Gilbreath.

For traveling, the bride wore a suit of rose beige gabardine with black accessories and a corsage of white roses. After a trip to New Orleans, La., and South Texas, the couple will be at home in Dimmitt.

Mrs. Hamm was graduated from Baylor University School of Nursing. Mr. Hamm served in the Army two years and attended West Texas State College in Canyon. He is engaged in farming near Dimmitt.

Out-of-town guests attending were Mrs. Wendell McKinley, Mrs. O. M. McCarron, Mr. and Mrs. Johnny Middleton, all of Dallas, and Mrs. Joe B. Scrimshire and Nancy of Albuquerque, N. M.

Mrs. Day has made her home in Dimmitt for the past ten years and operates a jewelry and repair gift shop here.

Mr. Day, formerly of Hillsboro and Corpus Christi, is employed in Tahoka. The couple left Sunday afternoon for Dallas where they spent a few days, and upon their return will establish their home in Tahoka.

McCormack-Day Vows Exchanged

Mrs. Ocie McCormack became the bride of J. R. Day of Tahoka, in a double ring ceremony read recently by Rev. Earl Landtroop in the Baptist Parsonage. Mrs. Day wore a navy suit with navy accessories and a corsage of pink rosebuds. Miss Inez Carlisle was the bride's attendant. She wore a gray suit with pink and gray accessories and a corsage of white carnations.

Mrs. Day has made her home in Dimmitt for the past ten years and operates a jewelry and repair gift shop here.

Mr. Day, formerly of Hillsboro and Corpus Christi, is employed in Tahoka. The couple left Sunday afternoon for Dallas where they spent a few days, and upon their return will establish their home in Tahoka.

Health Talks . . .

Pain is usually associated with inflammation, but there are also pains which do not go along with the redness, the hotness and the swelling that make up inflammation. These two different types account for the different names you find in disease, such as neuritis and neuralgia.

Neuritis is the name for an inflammation of the nerves and neuralgia is the name for pain in the nerves. One of the most common examples of neuralgia, perhaps, is that very distressing facial pain known as tic douloureux in which nerve spasmodically contracts in pain but shows no other change in its structure or function. With neuritis, on the other hand, there are changes present which interfere with the structure and function of the nerves.

Since pain may be considered a short circuit in the nerve pathways, the pain of the "algia" diseases may, perhaps, come under the heading of those short circuits where you still can use the "appliance" whereas those pains of the "itises" are the kind of short circuits that put the particular part on the blink.

Nostalgia may be considered as one of the algias that doesn't develop into an itis; you may ache with homesickness, since that's what nostalgia means, but you aren't likely to develop an inflammation with it.

Appendicitis, the inflammation of that small tube-like thing that hangs off the large intestine on the lower right side, may lead to peritonitis, inflammation of that film-like tissue that lines the whole abdomen. Peritonitis may come about from the rupture of the appendix, spreading the diseased material through the abdominal cavity, but if the appendix gets too swollen without breaking open, sometimes the material from it may seep into the abdominal cavity anyway and cause peritonitis without an actual rupture.

Colitis is the inflammation of the large intestine, and gastritis is the inflammation of the stomach. Pain in the colon, the large intestine, is not called colalgia but is called colic and is not confined to infants. Pain in the stomach, without inflammation, could probably be called gastralgia but even in medical lore is called stomach ache.

Colic, ulcer pain and joint disease pains usually hurt more at night, awakening the sleeper. Labor pains, too, seem to start at night usually, and serve as an example that pain heralds the changes taking place in your body, though in this special case it is not an unexpected change.

An interesting comparison has been made between labor pains and the pain associated with the passing of a kidney stone with women who have suffered both stating that the kidney stone pain, which man may share, is more intense and more severe than pain of childbirth.

Other pains of the body seem to put in more of a daytime appearance. One of the surest ways to start the day off wrong is to pop out of bed in the morning and discover you have sinus pain due to congestion built up in the sinuses, those caverns back around your nose, during the night. During the day's activities such pains as aching arches, sciatica, eye strain and stomach ache have a way of coming on, some preferring special seasons such as the spring and fall appearance of peptic ulcer, and the change of weather aches of arthritis.

The time pain appears, the activity that precedes pain, and any special season or climate that is associated with pain are all important in your report to your doctor.

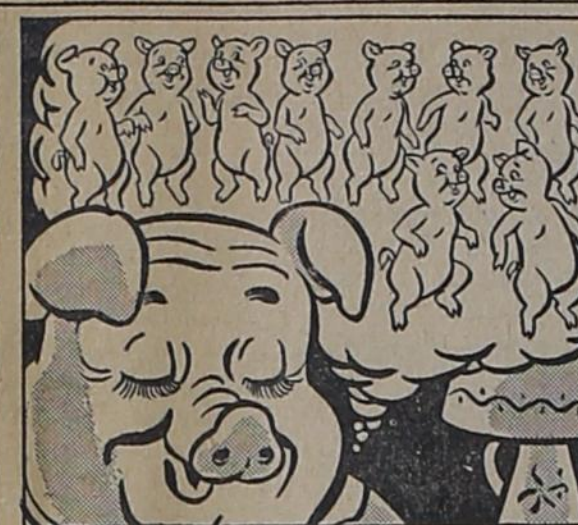

Elaine Saul of Miami is here for a visit with her grandparents, Rev. and Mrs. E. Lee Stanford.

Rev. E. Lee Stanford attended a pastors meeting of the Amarillo District in Hereford Tuesday.

Dime Champion Gets Sanction

Austin, Jan.—Governor Allan Shivers emphasized the impact of polio on the family, community, state and nation in officially designating the period from January 15 through January 31 for the 1951 Texas March of Dimes.

The Chief Executive cited the exhaustion of National Foundation for Infantile Paralysis funds by the record 100,000 cases the last three years. He stressed the

state polio fund deficit in caring for almost 2,800 new cases in 1950 alone.

"For three consecutive years," said Governor Shivers' proclamation, "Texas children and adults have been heavily attacked by the virus of poliomyelitis."

"The record shows that 423 more polio patients were reported in Texas during 1950 than in 1949, with 2,778 cases in 1950."

"Every penny raised in Texas during the last three March of Dimes campaigns has been spent for patient care of Texas polio patients and supplemented with \$377,000 sent into Texas from other states by the National Foundation for Infantile Paralysis."

"Not only was the last year the second worst polio year in the nation's history, but the cost of providing treatment for these patients continues upward along with the tremendous costs of caring for patients of previous years. Funds of the National Foundation for Infantile Paralysis must be replenished in the 1951 March of Dimes in Texas, and urge every citizen to contribute as he is able to the success of this worthy campaign."

Picking tackle to suit the angler, if he's beyond the novice stage, is a pretty tricky matter. If the purchaser isn't an angler, he or she is more than likely to buy something expensive and pretty, but completely useless to the recipient. With a little ingenuity you can discover what will please him. Here are a few general suggestions from Jason Lucas:

Rods—Strangely, with everything else sky-high now, never before were there such good values in rods—fly, casting or spin-

ning. There are many distinct varieties of rods, even in fly rods alone, each technically suited to some certain purpose, or at least to the user's firm belief as to what's suited for that purpose. Just buying somebody a rod would be like buying him a pair of shoes without knowing the size he wears. Find out what he wants.

Reels—In reels, too, never were there such good values. Believe it

or not, \$5 will now buy a casting reel that will cast much better and more smoothly than the \$50 reel of a generation ago. However, there are also some very poor casting reels on the market now. Better stick to the product of a maker known to be reliable. But this same advice goes for all articles of tackle. Tackle making is a highly specialized business calling for accurate technical knowledge of its minute points.

Lines—Find out what sort of casting or spinning line the person uses, and get him a new one like it; he probably won't want to change. Don't give anybody a cheap fly line. The line must be of the right size to fit his rod or

it's completely useless.

Mr. and Mrs. Leon Birchfield of Tullia were here last week-end for a visit with relatives.

a John Deere Day message

Dear Friends:

John Deere Day will soon be here again; in fact, next Wednesday This is the day we look forward to having all our farmer friends here to be our guests and spend the day with us. There just isn't time to call on each of you personally. We have endeavored to mail invitations to each one of you, but if you did not receive one, or have not been invited by any of our personnel, please consider this your personal invitation to attend. The picture show will start at 1:30 p. m. at the Carlile Theatre.

The feature picture, "One Happy Family" starring Marjorie Reynolds and Don DeFore, is a top notch production — one which we are sure you will enjoy. We will also have several interesting and educational features on modern equipment and farming practices.

Don't forget the time —

Come early! Bring the whole family and spend the day with us.

COTTON CENTER—37 BOBBIES—44

This writer isn't a basketball authority, but we believe the Bobbies played one of their best games in three years last Friday night when they beat Cotton Center.

The Bobbies' playing last year in the State Tournament was, in our opinion the only teamwork we have ever seen in girls basket-

ball that exceeded the playing of the Bobbies Friday. We definitely believe the best team won. We beat them in the gym they have nearly been living in for the past three months. The Bobbies, however, cannot rest assured that they won't have their hands full if they meet Cotton Center in the Whiteface tournament next week end. So far the score stands 1-1 between the two teams with two more to go.

Bobcats Chalk Up Two Victories In Past Week

The Dimmitt Bobcats won both of the ball games played during the week against Springlake and Cotton Center respectively by large margins with reserves seeing plenty of action.

In a game played against Springlake the Bobcats won 51 to 37. Glenn Brown was high point scorer for Dimmitt with 18 points while Gregory scored 11 for the Bobcats. For Springlake, Smith scored 16 points and Dent scored 8 points. The halftime score was Dimmitt 21, Springlake 12.

The Bobcats poked the net for a convincing 46 to 27 score against Cotton Center in a game at Cotton Center Friday. Glenn Brown was high point man in this game also with 10 points.

The Bobcats visit Happy Tuesday and entertain Hart Friday. These should be two good games and both teams are considered very strong opponents.

Chorus to Visit W. T.

The Bobcat mixed chorus of approximately 50 voices journeys to West Texas State College at Canyon on Saturday, January 20.

There the chorus will be a part of something new in choral music, a clinic workshop.

Choruses from schools all over the Panhandle will attend this workshop, which is to be under the direction of Dr. Chester L. Francis of Oklahoma University, but only nine choruses have been chosen by the Interscholastic League in Austin to perform, among them, Dimmitt.

The other choruses performing will be Friona, Lefors, Memphis, Phillips, Wellington, Amarillo, Borger, Pampa.

Church choir members and others in the community who are interested in choral music should find it well worthwhile to go to Canyon and sit in on this clinic workshop, announced Mr. Nolan Froehner. It is on Saturday, January 20, beginning at 8:30 a. m. ending at 2:00 p. m.

There is no charge for admission or entry.

Bobbies Even Score With Cotton Center

Bobbies Defeat Springlake Here

After defeating the Springlake Wolverines 32-27 Tuesday night, the Bobbies stopped the Cotton Center Elkettes Friday night in their own gymnasium, coming out of the 48 minute thriller with a seven point lead, 44-37. The Elkettes dominated the first half, sparked by all-state Ruth Cannon, but brilliant floor play and an outstanding performance by Dimmitt guards Maurine Smithson, Mitzi Wilson and Decimae Dennis, the Bobbies came from behind to tie the score 33-33 at the end of the third quarter and went on to stop Cotton Center dead in their tracks allowing only 4 points in the last quarter while garnering 11 for themselves. Outstanding performances were given by each Bobbie player, with Lometa Odom scoring 22 points, Johnny Godfrey 12 and Mary Nelson 10.

In over seventy games, Cotton Center has only been defeated in three, two of them by the Bobbies. Cotton Center has handed the Bobbies their only defeat of this season and one of their two before defeating Cotton Center last year in the State Tournament. This victory gives the Bobbies and Cotton Center a 1-1 count on each other.

Fads and Fashions

Have you noticed anything bright around DHS? (and I don't mean brains). By bright I mean those outstanding sweaters that Dona Lee, Fayrene, Pat, Peggy, Charlyne, Ruby Dell, and Carolyn C. have been wearing.

Speaking of sweaters, that Jack D. has really been sporty lately. That was some sweater that Santa brought him.

It seems that Santa was good to some of our other students, such as Merle, Bobbie Ruth, Jack K., Yvonne, Rex, and Kay, they all got spankin new watches.

Oh yes! Katy and Sonny are really something in their new leatherfringed jackets.

We naturally expect girls to have pretty and outstanding clothes, but you don't know anything until you see Gene, Bill H., and Lee Roy in those fascinating glowing jackets of theirs.

Our DHS girls are always attractive and up to date. Just look at some of those earrings or glasses on Mary Ann, Dona Lee, Beth, Patsy Rae, Pat, Charlyne, and Bobbie.

If you want to see someone who is really cute, take a look at Carrie Brewer. We saw her the other night with Jesse Burch and she had on a very pretty yellow corduroy dress trimmed in black.

The boys follow the fads too—like boots—Billy G., Carl B., Jimmy C., Troy Stafford, and Douglas. However, when it comes to hats, you had better look under them, if you do you might see Gene, Jack H., or Farren.

Mary Ann got an attractive reversible suit over the holidays, and also Yvonne B. stepped out in a blue wool jersey dress that sure caught the eye of one Stand-lee F.

We have some cute little twins in D.H.S. They are Beth and Decie who look very cute decked out in western levi skirts.

The Dimmitt teachers and townspeople are driving snappy new cars. If they are going slow enough you might see O. T. Loyd, the Lesters, Nelsons and Bearden. Also Johnny Thomas (I guess you call it a car). So long folks, we must be running along.

Occasional brushing inside and out helps to keep wool clothes in good condition.

about dimmitt

(Continued from page 1)

America's hope for leadership to
survival and winning of lasting
peace. The so-called grass-root

meetings are not necessary and
can accomplish no worthwhile
purpose. On the other hand they
can create doubt, suspicion, add
to the fear and panic that is al-
ways present in times of national
emergency, and to a certain ex-
tent make the jobs of our duly
authorized leaders a little harder.

No doubt there are some in-
competent men in high govern-
ment office. But the fact that
they are incompetent, does not
necessarily mean that they are
disloyal to their country as is too
often implied by leaders of minor-
ity groups that are ever alert to
the opportunity of assailing a
public official.

The big questions confronting
America today are not domestic,
nor are they pet programs of in-
dividual officeholders or politi-

ians. The big proposition is the
question of survival, of not only
our nation, but the other free
nations of the world with a will
to survive. Leadership of the
United States was settled at the
elections during the past two
years at the grass-root level, and
those leaders will continue in of-
fice until another grass-root
election is held, notwithstanding
all of the grass-root meetings that
may be held or promoted in the
meantime.

—adace—

By all means write your Sena-
tors, your Congressmen, the Pres-
ident, or any other office holder
in the nation and express your
views and opinions, say what you
will in public so long as it is an
honest opinion, but please, please,
don't try to tilt the old ship of
state while the storm is raging by
suggesting a mass effort at
changing the policies of our duly
elected and appointed government
representatives, because they are
the ones selected by a majority
vote of the people, and any other
program would necessarily have
to originate with a minority
group which is strictly contrary
to Democratic government.

—adace—

Put fear behind you, look to
the future with confidence. Amer-
ica has never failed to meet a
challenge, no matter how great.
Our system of free enterprise,
Democratic government, and our
will to live and let live, will not
bow to imperialism through ap-
peasement and isolationism, but
will continue as a beacon of hope
to all men who hunger for freedom
and the opportunity of self ex-
pression. America hasn't reached
its position among the nations of
the world through a policy of
looking backward, but instead has
developed the finest way of life
ever known to man by eternally
forging forward with an ideal and
a purpose anchored on strength.
It is too late now to turn back
even if that policy would gain a
few months or a few years re-
lief from the inevitable show-
down with the forces of evil.

Around N. H. S.

(By Martha Burt)

Here we are back at school
again after a wonderful Christ-
mas vacation. Everyone reports
that he or she had a good time.
Of course they were aided by the
various social events that were
held during the holidays.

Georgiam Schacher was pleas-
antly surprised by a New Year's
visit from her best friend, Walter
Kleman, a recruit from Camp
Polk, Louisiana. While here, Wal-
ter gave her a diamond engage-
ment ring. Georgie is a senior in
N.H.S. and plans to graduate be-
fore thinking of marriage. Con-
gratulations, kids!

Aurelia Acker, another one of
the fortunate girls with a friend
at Camp Polk, received a lovely
Bulova wrist watch for her birth-
day just before Christmas.

Cecilia Aichlmayr spent the
holidays in St. Francis with her
sister. While there, she received a
Baylor wrist watch from one of
the handsome lads up there.

Jane Albracht spent the holi-
days with her family in Lindsay,
Nebraska.

By looking at the walls in the
study hall, one can clearly see
that we have a talented artist in
our midst. Lois Book has put up
a display of her style sketches
there. They are very good.

Nora Kleman has reached her
30-word-a-minute in typing. Aur-
elia Acker and May Acker has
received their Junior O.A.T. cer-

tificates.

On December 31 the high
school girls competed with the
Exes in a game of basketball. The
Swiftlets won but left the Exes
undaunted in spirit.

Last Friday the Blues and
Golds played another game
against each other. The Blues
won once more, bringing the total
of games won to four against the
two of the Golds. The Golds are
getting nearer and nearer to buy-
ing that supper that is to be a
treat for the winners.

Are You Interested?

(By Georgiam Schacher)
The seniors have been heard
discussing the senior trip and

the means of raising money for
it. Some places that are of spe-
cial interest to the seniors are
Salt Lake City, Grand Canyon,
and especially, the West Coast.

"California, Here We Come" is
the theme song heard among the
seniors. Some means suggested to
raise money are to give a talent
show, a dance, and the annual
senior play. Dates have not been
set for these events.

Nazareth's people, both young
and old, were seen on the dance
floor at the dance held on Janu-
ary 4. The same couples usually
seen together reported they had
a wonderful time. Hart, Tulia,
Dimmitt, Hereford, Umbarger,
and Littlefield were well rep-
resented at the dance. Music was
furnished by Lee Nichols with his
well known and well liked or-
chestra of Clovis.
