Rogers Reviews Bills at Hart

In a scheduled address at the Hart High School auditorium Friday night, which attracted some 75 area farmers and businessmen, State Senator Andy Rogers reviewed some bills that were authored by him and passed during the past legislative session in Austin.

The young senator from Childress explained the purpose of the bills and pointed out their benefits to Castro county farmers. Rogers also touched on the drought relief program; predicting that farmers and ranchers would receive aid both economically and financially. He opined, with regret, that some of the farmers and ranchers suffering from the prolonged drought will not receive relief in time to save their herds.

The state senator received a warm welcome at the meeting called by the Castro County Farm Bureau.

After Rogers address bureau members voted to send Roy Pyeat of Hart to the Farm Bureau Institute at College Station, August 2-8. Pyeat will represent Hart at the important session.

The group also decided to select a farm bureau queen to compete in the state contest slated for sometime in August.

Rounding out the Friday night meeting were two piano selections rendered by Joe Percy Hart and two vocal numbers by a quartet composed of Percy Hart, Mrs. Sarah Hart and Mr. and Mrs. Milton Sharp.

Dimmitt Teacher 'Attends State Educators' Meet

Miss Thelma McMinn, music teacher in the Dimmitt Schools, left Thursday for Kerrville to attend the 1953 Statewide Educators' Conference of the Texas Commission on Coordination to be held at the Famous M-O Ranch near Kerrville, July 17-20. This is the second Educational Conference to be held under the auspices of the Texas Commission on Coordination in cooperation with state educational organizations.

Miss McMinn was invited to attend last year's conference after a group from the Texas Education Agency visited the Tullia Schools where she was junior and senior high school music instructor during the 1951-52 school year. She was chosen for the honor again this summer on the basis of her contribution to the enauration conference.

Miss McMinn was employed as music instructor at the local high school this past year. The music teacher underwent surgery on her wrist last summer which restricted her piano playing. She plans to resume her teaching duties again here in September.

Prior to teaching at Tullia, Miss McMinn was employed in the Hereford Public Schools for 15 years.

Enrollment in the conference is by invitation only and was increased for 80 members last year to 125 this year. It includes supervisors, teachers, counselors, principals, superintendent, professors, and curriculum specialists and administrators representing all levels from the primary grades through college. These members are selected from schools all over the state.

The topic for the conference this summer is a continuation of last year's subject. The group will study measurement and evaluation of learning in all grade levels throughout college as well as in special topics, such as: abilities and aptitudes, interests, attitudes, social and emotional development, basic skills, and achievement and exploration of the possibilities of helpful cooperation among agencies within the state and with national organizations.

Hart High School Has New Principal

The addition of Robert W. McCollum to the faculty of Hart High School was disclosed this week.

Former principal of Pringle School near Stinnett, McCollum will assume his duties as principal and girls basketball coach at Hart for the coming school term. Highly recommended for the responsible position, McCollum is a graduate of Lockney High School and West Texas State College at Canyon where he majored in education. He is currently attending West Texas State and will complete work for his masters degree at the end of the summer term.

The new principal is the son of Mrs. J. H. Widner of Lockney.

Castro Represented at Cattle Meet, Willis Named Director

Six Castro county farmers and businessmen were among some 500 cattlemen from New Mexico, Kansas, Oklahoma, Colorado and Texas, attending the organization meeting of the United Livestock Producers Association at Dalhart recently.

Representing Castro at the meeting, which was called by a group of Dalhart cattlemen and bankers, were G. L. Willis, Jr., Carl Kemp, Roy Cluck, John Merritt, Charlie Mapes and Jim Elder. Willis was elected as one of the directors to the newly formed association.

Kemp said he was pleased with the results of the Dalhart meeting and emphasized that an organization of this kind is needed. "Even though we have members of cattlemen associations at Fort Worth and other areas we don't have enough voice in what goes on. I believe the new organization will give farmers in the

area a bigger voice and part in the livestock program," Kemp surmised.

Kemp added, "Castro county already has price supports on all other farm commodities except cattle. By getting the support of cattle prices, which the new association is advocating, it will enable the farmer to keep his selling time later at a reasonable profit."

Some larger cattlemen associations reportedly had earlier declared themselves against any support for sagging cattle prices. The general belief of the new organization is that under existing conditions supports for cattle as well as other farm commodities are actually needed.

Organizers of the new association drew up strong resolutions to back up their stand on price support of cattle, explaining that

Drouth Relief Shipment Delayed; 18 Carloads of Feed Due Soon

Eighteen carloads (or 51 tons) of feeds vitally needed by Castro county farmers stricken by the prolonged drouth were slated to arrive in Dimmitt sometime this week.

The feeds, expected here Monday, were delayed as the county emergency drouth relief committee was late getting instructions from the state PMA chairman, according to County Agent Charles Hudson. "Consequently we were late getting our first feed order in," Hudson remarked. Hudson added that the first shipment should be only a few days late, arriving here the latter part of this week.

The 501 ton estimate was based on 112 applications for drouth relief received by committee members through Monday. Hudson said the biggest demand thus far had been for cotton seed pellets because farmers find that fewer facilities are required for the feeding of pellets. They are also

familiar with the feeding of pellets, according to the county agent. A great need for oats was also voiced by victims of the drouth. Oats are considered a good maintenance feed. Most of the farmers ordering this commodity are doing so to supplement milk or to use in creep feeders.

No applications have been turned down as yet, Hudson claimed. He said that farmers were presenting a fair picture of their needs and applications are being processed as rapidly as possible.

The revised estimate of feeds, which will make up the first drouth relief shipment to arrive in Dimmitt by rail, follows: cotton seed pellets, 217 tons or nine carloads; oats, 167 tons or four and one-half carloads; meal, 68 tons or three and one-half carloads and corn, 49 tons or one carload.

Total cost of the first shipment is estimated at \$16,934.05. A breakdown of figures shows: cotton seed pellets, \$7,595; oats, \$5,218.75; meal, \$2,380; and corn, \$1,749.50.

Methodist Pastor Is Speaker at Legion Zone Meet

Some 30 persons representing Dimmitt, Vega, Bovina and Hereford were on hand at the local American Legion last Tuesday night for a zone meeting of the organization.

The Rev. Raymond Van Zandt, Dimmitt Methodist Church pastor and the featured speaker for the evening, told the group that it is imperative that the civic organizations of a community cooperate if there is to be growth and prosperity among its people. The Methodist preacher encouraged fellowship, and goodwill and stressed the importance of strong closely-knit organizations.

The group adopted a resolution during the course of the meeting urging the state Legion convention headquarters in Houston, which meets soon, to see that an adequate supply of gamma globulin is made available to all polio-stricken communities. The resolution will be forwarded to the convention.

Local Legion Commanded Truett Booth announced at the conclusion of the meeting that the next zone meet would be held at Farwell on August 11. Officers will be installed at the Farwell meeting.

A buffet lunch was served those in attendance.

Dimmitt Youths Serve as Delegates To FFA Convention At Fort Worth

Bob Anthony, son of Mr. and Mrs. Wes Anthony of Dimmitt, and Jackie Copeland, son of Mr. and Mrs. Floyd Copeland, also of Dimmitt, have been designated as delegates to represent Dimmitt Castro county at the 25th annual convention of Texas Future Farmers, slated to be held in Fort Worth, July 22-24.

Anthony, a senior at the local high school this fall, and Copeland, a recent graduate here, will be among 3,000 farm boys to attend the big convolve. The honor of "Lone Star Farmer" will be conferred upon Anthony at the convention while Copeland will compete with nine other Future Farmers in the annual FFA public speaking contest. On the basis of his fine record as an FFA member, Anthony was chosen for the "Lone Star Farmer" award. Copeland earned the right to compete in the state speaking contest by winning the area speech contest during his senior year.

J. O. Seale, high school vocational agriculture instructor, will accompany the youths to the three-day session.

Fun won't be forgotten at the FFA Silver Jubilee as all boys attending the convention will be guests at a Fun Night session at Hotel Texas on the first night of the event.

The annual Lone Star Farmer banquet will be held July 23. The exhibit building at Will Rogers Memorial Center on Fort Worth's west side will be the site of the banquet. The building will handle several thousand people and plenty of room will be available for all wishing to attend.

Seven winners of scholarships presented by various Texas firms and organizations will be announced during the convention. There are 36,000 Texas FFA boys from more than 800 Texas schools. Most schools are expected to be represented at the convention.

FORMER CASTRO JUDGE IS DEAD

Funeral services for Judge C. F. Kerr, 93-year-old pioneer West Texas resident and former Castro county judge, were to be held Thursday afternoon at 4 o'clock from the First Presbyterian Church in Hereford. The eminent county judge at the turn of the century died at his home in Hereford Wednesday afternoon. The Rev. Mr. Russell A. Wingert, pastor of the Presbyterian Church was to officiate, assisted by the Rev. G. K. Rogers, Plainview, and the Rev. James Aiken of Denton, former pastor. Interment was to be in a Hereford cemetery.

Judge Kerr was born in southern Illinois on July 27, 1859 and came to the Plains of Texas in 1883. First teaching in a one-room school in Hale Center, Judge Kerr moved to Dimmitt in 1897. The following year Judge Kerr was elected Castro county judge to succeed Al

Pastor Praises Lions Club for Doing Fine Job

In his first address before the local Lions Club Tuesday, the Rev. Raymond Van Zandt, who assumed his duties as pastor of the Dimmitt Methodist Church in June, praised the club for its efficiency and desire to get things done.

The Methodist pastor commended the group for the active part it has taken in civic affairs and for its loyalty and friendliness.

Briefly referring to the drouth situation, Rev. Van Zandt said, "A lot of people don't know how well off they are. Conditions are better here than they are in Southwest Texas." He indicated that crops in that area of the state had been ruined by the drouth and that many residents had been forced to move to other areas.

The pastor's brief talk, punctuated with humor, was well received by those in attendance.

Members present voted to decide at their next meeting whether or not a Ladies Night Observance would be held.

Joe Benson, new president of the club, announced the following committees which will function during the 1953-54 fiscal year: Construction and Building, T. A. Singer, Frank Latimer and Ward Golden; Attendance, Russell Mor, an, Bill Kirkpatrick, Jr., and George Blanton; Information, G. P. Frazier, Ray Halton; Publicity, L. G. Manning, B. M. Nelson and Bill Lee; Finance, Don Gladden and Harold Stephens; Membership, B. M. Nelson, George Bradford and Joe Cowen; Convention, Posey Cunningham, Gene Ivey and Joe Benson; Program, G. P. Dyer, Russel Moran and E. B. Noble; Citizenship, R. S. Vestal, Cameron and Leo Fields; Boys and Girls, Earl Brock, Ray Bearden, Rev. Raymond Van Zandt and Sam Gilbreath; Civic Improvement, E. B. Wright, M. E. Cleavinger and John Nichols; Education, Rev. George Ray, R. S. Vestal and Buster Cooper; Health and Welfare, Rev. Van Zandt, Earl Brock and Clarence Bearden; Safety, (same as Health and Welfare); United Nations, Gip Hutson, Rev. D. W. Brashears and Sam Gilbreath; Greeter Committee, J. R. Stalcup, T. E. Harrison and T. A. Singer; and Agriculture, Charlie Hudson, Edd Mc Leroy and Warner Kunkle.

Arney Farmer Is Claimed by Death

Funeral services for Ray Cole, 53-year-old farmer of the Arney Community who died Friday of a heart attack, were conducted Sunday from the Central Church of Christ in Tullia. Morgan Sturgess, minister, officiated. He was assisted by the Rev. A. L. Shaw, pastor of the Baptist Church of Happy, interment was in Rose Hill Cemetery with services under the direction of the Wallace Funeral Home of Tullia.

Mr. Cole was stricken with a heart attack in a field on his farm. He was rushed to a Tullia doctor's office where he died.

The deceased lived in Castro and Swisher counties most of his life. He leaves his wife, Mrs. Laura Ellen Cole, Arney; six sons, Claude, Sun Valley, Calif., and Stephen, Charles, Finis, Donny and David, all of Happy, his mother, Mrs. J. H. Cole, Tullia; two sisters, Mrs. Edd Kincaid, Fresno, Calif., and Mrs. Harry Chenoweth, Tullia; and a brother, Claude Cole of Happy.

Misque Is Costly As Dimmitt Club Drops Close Decision To Nazareth

Dimmitt's Irrigation League team played heads up baseball in Sunday's encounter against a potent Nazareth club until the ninth inning when the roof caved in and the local gave up six runs to allow the opposition to knot the score and go on and win in the tenth. The final score was 11-10.

Leading 10-4 in the ninth Dimmitt club was well on its way to victory, at least all team members felt confident that the game was theirs. However the situation reversed in the top of the ninth when the locals erred. This set the stage for one of the biggest hitting sprees seen here in several weeks. When the dusk finally cleared at the ball park Dimmitt found its lead gone and the score tied at 10-10. Nazareth managed to push over a run in their half of the tenth and the locals went scoreless. The ballgame was over then with apparent victory turned to defeat.

A good Hereford team suffered the same fate only a week before when Vincent Gerber, who was given credit for the win over Dimmitt, pitched Nazareth to a one run victory in the ninth inning there.

SOIL BUILDER—Fred Annon, Nazareth farmer, is standing in a 20-acre popcorn field on his farm. Annon illustrates the advantages of raising soy beans as a soil builder. The portion of land planted in popcorn at left was previously planted in soy beans while the portion at right was planted in milo for the past several years. The distinct difference is seen in the much more mature popcorn at left.

Father Moore Is Featured Speaker At 3rd Farmer-Businessman Dinner

Highlighting the third Farmer-Businessman Dinner at Nazareth Tuesday night, which attracted 128 Dimmitt and Nazareth residents, was an address given by Father Thomas Moore, Catholic missionary priest.

Father Moore emphasized neighborliness between peoples, communities and churches. He gave the Greek meaning of Philadelphia (the city of brotherly love) in citing the need for neighborliness and a more charitable world.

The Catholic priest extended a hearty welcome on behalf of Nazareth citizens to the some 52 Dimmitt businessmen attending the event and invited them to make a return visit.

After the priest's well-received talk, B. M. Nelson, Dimmitt publisher who served as emcee for the occasion, called on others at the dinner to express themselves.

A number gave timely remarks about the farmer-businessman dinner, summarizing its many values to both the city and rural population. Several in attendance also cited the progress being made in city and rural areas.

Bob McLean, Dimmitt banker, briefly touched on the drouth situation and informed the group of the necessary steps that must be taken by farmers needing relief in order to obtain drouth aid.

Could Be A Job for Rainmakers?

Rainmakers might have found a job of seeding clouds in Dimmitt and Castro county this week as a formation of dark thunder clouds hung over much of the county Thursday morning but soon moved on or completely dissipated to the disappointment of rain-hungry citizens.

However scattered showers did fall in the county shortly after midnight Wednesday. Only a trace of moisture was recorded in Dimmitt as .20 of an inch was reported. Residents of the Arney Community benefited most from the showers as close to half an inch of rain was reported there. Total rainfall at Nazareth was listed at approximately .23 of an inch. Jumbo Community residents also reported light showers in their community.

Although Dimmitt failed to get much of the vitally-needed rain, residents took some consolation in the cooler temperatures brought on by a weak front moving across the Panhandle. Temperatures ranged in the early eighties Thursday and more of the same was promised by the weatherman for Friday and possibly Saturday.

What happens after Saturday—well who cares to look that far into the future?

Other rainfall figures in the Panhandle were: Tullia .23; Plainview, .24; Childress, .53; Hereford, .20 and Amarillo, .20.

Tax Hearing Set By Commissioners

Castro county commissioners finished checking tax renditions sheets Monday and set July 27 board hearing.

Tax paying citizens are invited for the date of the equalization to attend and discuss any grievances they may have regarding their personal county taxes at this time, (July 27), County Judge Robert Estes stated this week.

After much discussion it was decided that the county might get by for the year 1953 without a general tax valuation increase, according to Judge Estes. The Judge added, "However, due to the possible added load of operating a county hospital it will be necessary for a general tax valuation increase on state and county values for the year 1954."

Frio May Form Progress Club

Interest mounted in the Frio Community this week with the disclosure that a meeting has been called to determine if citizens want to organize a rural neighborhood progress club and enter the state contest which begins August 1. The meeting has been scheduled for the Frio Schoolhouse on July 23, starting at 8 p. m.

Whether or not the club is organized hinges upon the amount of interest manifested by residents in the proposed venture. Reports are that prospects for organizing the club are favorable.

Several interested persons decided to call the meeting after residents voiced their desire to study the proposed project and put it to a vote. Frio citizens became interested in the formation of a club when five representatives to a recent Jumbo Community Progress Club meeting told of the advantages to having this type organization. Attending the Jumbo meet were Mrs. Frank Robbins, Mrs. E. F. Vogler, Mrs. E. H. Little and Mr. and Mrs. W. A. Springer.

Castro County Agent Charles Hudson and former County Agent Edd Mc Leroy have been contacted and plan to attend the Frio meeting.

If the Frio Club is organized, Castro county will have three rural neighborhood progress clubs as Sunnyside and Jumbo have already formed clubs.

Ray Axe Named to Conservation Post

Ray Axe, farmer of the Easter Community, was elected supervisor of Zore Three of the Running Water Soil Conservation District to replace Earl Cole, at recent zone meeting held at Frio Community School house, Bob West of the conservation district office here disclosed Monday.

Axe is capable and qualified, according to West, as he has been cooperating with the district ever since it was organized in 1941. The post was made vacant after Cole resigned and moved to Hereford.

The new supervisor was elected for a term of five years. As a member of the district board his duties will be to help direct the conservation program in the district.

Softball League Formed; Schedule Of Games Listed

Formation of a county softball league was completed here recently with the announcement that six teams have joined the league.

The first league game was slated to be played Tuesday night at the local ball park. A team made up of local American Legion members and members of the Dimmitt Volunteer Fire Department were to enargate the season. A game between teams representing Dimmitt High School and the Sunnyside Community is on tap for Friday night. All league games will get underway at 8:30 p. m. In case a double-header is played, the second game will start at 9:15.

An elimination playoff will be held after the season ends the night of August 15 to determine the champion of the league which is officially known as the Castro County Softball League.

A schedule of league games to be played after Friday night follows: July 18, Jumbo vs Farm Bureau; July 21, Firemen vs High School; July 24, American Legion vs Farm Bureau; July 25, Sunnyside vs Jumbo; July 28, Firemen vs Farm Bureau; July 31, American Legion vs Sunnyside; August 1, High School vs Jumbo; August 4, Firemen vs Jumbo; August 7, American Legion vs High School; August 8, Farm Bureau vs Sunnyside; August 11, Firemen vs Sunnyside; August 14, High School vs Farm Bureau; and August 15, American Legion vs Jumbo.

An admission fee of ten cents and twenty-five cents will be charged at each game to help defray expenses.

COMING EVENTS

- Lions Club, each Tuesday at noon
- Baptist W. M. S., each Monday
- Odd Fellows, each Tuesday at 8 p. m.
- Methodist W. S. C. S., each Monday
- Book Club, second Wednesday at 3:30 p. m.
- American Legion and Auxiliary, second and fourth Monday at 8 p. m.
- Rainbow Assembly, second and fourth Monday at 7 p. m.
- Castro county commissioners, second and fourth Mondays at 10 a. m.
- B and PW Club, first and third Monday
- City Council, first Wednesday at 8 p. m.
- Garden Club, fourth Tuesday at 3:30 p. m.
- Boy Scouts, second Tuesday at 7:30 p. m.
- Masons, third Monday at 8 p. m.
- 12th Annual Dimmitt Rodeo August 20, 21, and 22
- Cub Pack, third Monday at Legion Hut
- Farmer-businessman dinner at Sunnyside at 8 p. m. Tuesday.
- Castro 4-H Club Rally, July 21 at High School

FLAGG NEWS

Mrs. Alvin Frazier was honored with a pink and blue shower in the home of Mrs. J. C. Williams Thursday afternoon. Delicious refreshments were served to seventeen guests, the hostess

and Mrs. Frazier. Miss Arlene Boswell of Lubbock is visiting the G. W. and James Bradfords this week. Larry Wayne Birchfield of Borger spent last week with his grandparents, Mr. and Mrs. Jess Birchfield.

Visitors in the Jess Wooten home are her parents, Mr. and Mrs. Patterson from Yuma, Ariz. Mr. and Mrs. James Bradford and boys and Arlene Boswell were Sunday guests of Mr. and Mrs. G. W. Bradford.

Mr. and Mrs. J. W. Crafton of Chicago, Mr. Strad Appleton of Jonesboro, Ark., Mr. Steve Taylor of Amarillo, Mr. and Mrs. G. W. Bradford, Mr. and Mrs. Jess Birchfield, Mr. and Mrs. Bob Cook, and Mr. and Mrs. James Bradford enjoyed an ice cream supper in the Clyde Dameron home Monday.

Saturday visitors of Mr. and Mrs. Clyde Dameron were Mr. and Mrs. Frank Katter of Amarillo and Mr. John Dameron of Hereford. Mrs. Kater is the former Vera Dameron.

Stewart Ray of Vici, Oklahoma, is visiting his aunt, Mrs. Carl Easterwood, and family this week.

Mr. and Mrs. Carl Easterwood and children attended a family picnic in Pampa Sunday.

Visitors in the Jess Birchfield home last week were Mr. and Mrs. Nolan Gatewood of Whittier, Calif., Mrs. Curtis Owens and children of Ft. Worth, and Mr. and Mrs. Denny Brooks and children of Binghampton, N. Y.

Saturday night visitors of Mr. and Mrs. Jess Wooten were Mr. and Mrs. Cecil Ginn, Mr. and Mrs. Aud Barnett and Mr. and Mrs. Otis English and boys.

Mr. and Mrs. Gerald McThoy and children of Dublin visited her sister, Mrs. J. M. Coke, and family last week.

Mrs. Wade English, Bud and Cecil spent last week end with Mr. and Mrs. Grady McNabb and family near Moriarty, N. M.

Mrs. C. S. Ballard, Eileen Ballard and Mrs. Cecil Ginn visited Mrs. Jess Birchfield Monday evening.

Mr. and Mrs. John Bessemer and Jimmy and Mr. and Mrs. Harold Gilbert and children enjoyed a weiner roast Saturday night.

Sunday afternoon visitors in the Andy Thompson home were Mr. and Mrs. Elmo Bell and Mr. and Mrs. Noble Armstrong.

Lawanda Youts of Dimmitt is spending a few days with Sue English while Mary Beth English visits Charlotte Youts.

600,000 4-H'ers Say "Let's Help Correct Safety Hazards"

Chicago—(Special)—The largest volunteer army ever organized for a peaceful mission is now "invading" farms and rural communities throughout the Nation. It consists of more than 600,000 4-H Club boys and girls whose objective is to show rural folk how to prevent accidents and fires which result in 14,000 deaths and 1 1/2 million injuries among farm people, as well as destruction of millions of dollars' worth of buildings and equipment annually.

Falls account for 36 percent of all fatal accidents in farm homes and 19 percent outside. More than 50 percent of all fatal accidents in working with farm machinery involve tractors, and overturning accounts for more than half of the tractor accident fatalities.

Safety experts give considerable credit to the contributions made by 4-H'ers for the reduction of one-fifth in the number of fatal accidents to farm people in 1951—the last year for which estimates are available—from the estimated annual rate in 1941, the first year of the National Farm Safety Week, which will be observed this year July 19-25.

Illustrative of the 4-H'ers do "approach" to the accident problem, a Tennessee club girl reported that she picked up broken glass, rusty nails protruding from boards, and other sharp articles in the farm lot; helped her father and brother become safety conscious in working with farm machinery; had a ladder with two broken rungs repaired; per-

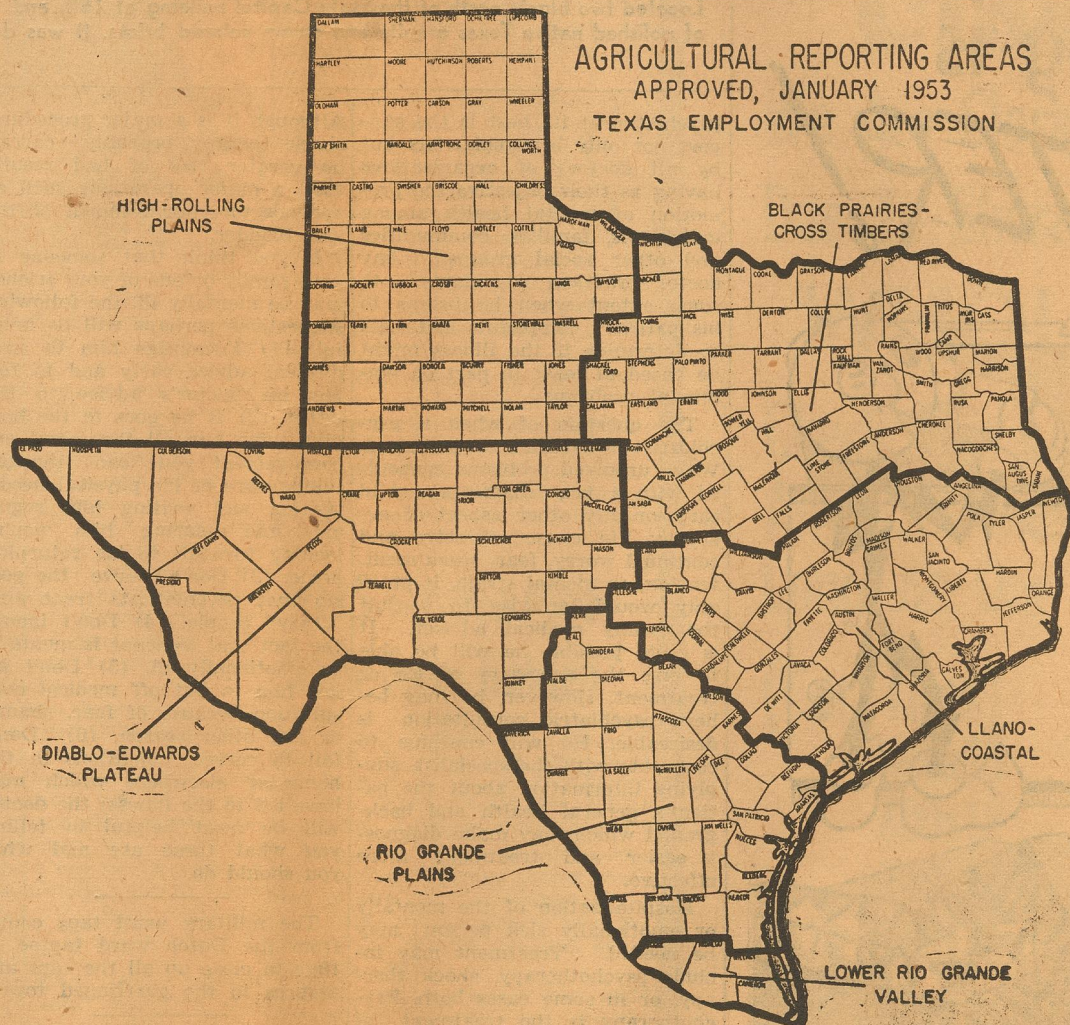

suaded her mother to use a step-ladder in reaching high places in the house, and to always wipe up grease or water immediately if it is spilled on the floor.

A Texas 4-H boy reports that their farm tractor often was filled with gasoline to overflowing when the engine was warm. He called this unsafe practice to the attention of his father and brother and now the tractor is filled correctly. His small brothers frequently asked to ride on the tractor, but this safety enthusiast taught them to understand how hazardous it was to hitchhike a ride on a tractor.

Similar reports of the 4-H'ers participating in the National 4-H Safety program are legion. Instead of using "don't" admonitions, expressions such as "Let's Correct This Hazard" prevail.

Outstanding 4-H records of achievement in safety are rewarded with awards provided by General Motors for the ninth consecutive year. They include sterling silver medals for the blue award group in each qualifying county, and an all-expense trip to the National 4-H Club Congress in Chicago next November for the state winner. Six state winners will be chosen to receive a national award, which is a \$300 college scholarship. A handsome plaque, appropriately embossed, will be awarded to the county reporting the most outstanding county-wide 4-H safety program.

The National 4-H Safety program is conducted under the direction of the Cooperative Extension Service.

Red Tape Eliminated for Farmers Needing Mexican National Labor

If Texas cotton cannot be harvested by local labor this year and farmers are forced to contract for Mexican Nationals to get the job done, they will find a considerable amount of red tape snipped from old procedures, the Texas Employment Commission announced today.

Effective July 1, the procedure, which originally took from five to six weeks to obtain Mexican Nationals, will be shortened to the extent that farmers will be able to get these workers in a week or ten days, TEC said.

Not only has much red tape been eliminated, but the farmer's cost has been reduced—from \$15 per worker to \$11 on the original contracts and from \$7.50 to \$5.50 for recontracting, the agency pointed out.

Under the old contracting procedure, farmers submitted orders all the way from 30 to 60 days in advance of actual need. This procedure worked a hardship on the farmer because information given today possibly would not be valid 30 or 60 days hence because of weather, crop conditions or some other reason. On top of all this, the order for Mexican Nationals had to be reviewed and approved by the Washington office of the Bureau of Employment Security. This delay was cumbersome and irritating to the farmer. This plan has been junked for one more workable. Now, the farmer needing workers goes to an office of

the Texas Employment Commission and places an order. If TEC determines that local or migratory workers are not available to do the job at the time and place specified by the farmer, then the local office will prepare an "Authorization to Contract Mexican National Agricultural Workers." The farmer will then select one of three Reception Centers—El Paso, Eagle Pass, or Harlingen—where he intends to pick up his workers, and the local office of the TEC then mails the authorization to that point. The farmer then must send his check (\$11 per worker) to that Reception Center. As soon as the check is received by the Reception Center, machinery is set in motion to get the workers from the interior of Mexico. The farmer is notified by the Reception Center when the workers are available, TEC said. The farmer must also submit a "Statement of Housing and Facilities," which describes the housing and living facilities offered. These must meet minimum standards for the number of workers he needs.

A farm employer who used Mexican Nationals in 1952 will not be required to furnish such Statement this year, provided he does not request more workers than he had in 1952. If he does need more workers than he used in 1952, a new Statement of Housing and Facilities will have to be

furnished, TEC said. As under the old procedures, workers are contracted to individual farm employers and associations on the basis of individual need. The state has been divided

CASTRO JUDGE . . .

(Continued from page 1)
Gough. The popular judge served four terms in that capacity. While serving as county judge, Kerr became a friend of Will Rogers who was then working in Castro county. Kerr later operated a hardware business in Hereford, where he established residence in 1927. He was also active in the real estate business in the Hereford area before his death. The well-known judge was married to Mrs. Eula Ireland McDonald in 1899. Mrs. McDonald came to Dimmitt from Clay county, Texas. Besides his wife Judge Kerr leaves three sons and two daughters; also 14 grandchildren and one great grandchild.

CATTLE MEET . . .

(Continued from page 1)
at the meeting was the fact that lack of price supports under current conditions has eliminated all basis for cattle loans because nobody knows where the skidding cattle market will stop. Resolutions drawn up by cattlemen at the meeting follow: WHEREAS, a group of cattlemen from the five state area including Texas, New Mexico, Colorado, Oklahoma and Kansas met in Dalhart on July 9, 1953, for the purpose of discussing the future of the cattle industry and organized themselves into a permanent organization known as the United Livestock Producers Association, and WHEREAS, the prices of cattle have dropped drastically in the past few months and this disastrous drop in prices has created a most serious threat to the continued solvency of our cattlemen, and WHEREAS, this situation is not checked could easily lead to a serious depression for the entire nation, now

into six Agricultural Areas set up on the basis of similarity of crops grown, climatic conditions, type of soil, the traditional movement of farm labor, and certain other factors. The areas are High Rolling Plains of the Texas Panhandle; Black Prairies-Cross Timbers areas; Diablo-Edwards Plateau; Rio Grande Plains; Lower Rio Grande Valley, and the Llano Coastal areas.

If, after determining the number of workers locally available, and migrant workers who normally flow into the area, it is found that no shortage exists, Mexican Nationals cannot be contracted in that area.

If a shortage results after taking the above facts into consideration, a ceiling or quota of Mexican Nationals will be allocated to the area sufficient to offset the shortage. Whenever crop conditions or other factors in an area create a change of 10 per cent or more in supply or demand, the ceiling for Mexican Nationals may be reviewed and revised if necessary.

Farmers desiring additional information concerning the contracting of Mexican Nationals should go to the nearest local Texas Employment Commission office.

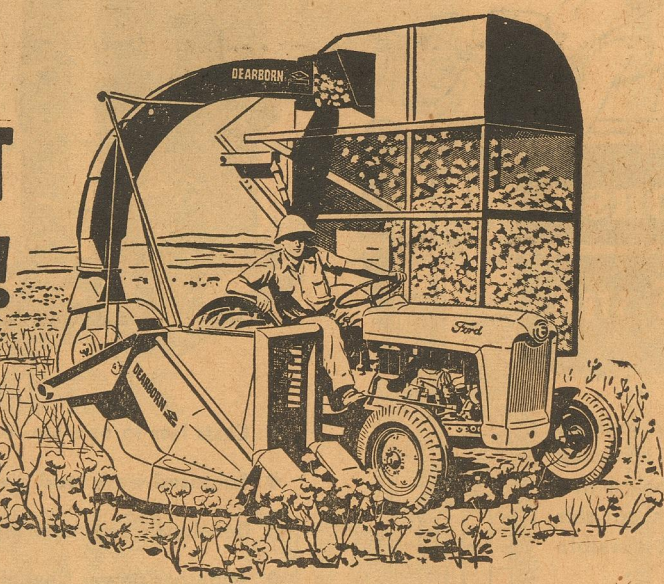

Resolutions drawn up by cattlemen at the meeting follow: WHEREAS, a group of cattlemen from the five state area including Texas, New Mexico, Colorado, Oklahoma and Kansas met in Dalhart on July 9, 1953, for the purpose of discussing the future of the cattle industry and organized themselves into a permanent organization known as the United Livestock Producers Association, and WHEREAS, the prices of cattle have dropped drastically in the past few months and this disastrous drop in prices has created a most serious threat to the continued solvency of our cattlemen, and WHEREAS, this situation is not checked could easily lead to a serious depression for the entire nation, now

THEREFORE, be it resolved that the United Livestock Producers Association go on record asking the National Congress and Secretary of Agriculture to take whatever steps necessary to provide the same kind of price supports for cattle that are now being provided for practically all other major agricultural products in order that confidence in the market may be restored and cattle producers and cattle feeders may have some basis on which they can resume normal operations. AND, the UNITED LIVESTOCK PRODUCERS ASSOCIATION favor, in principle, the Senator Robert S. Kerr Amendment to the drought relief bill now pending before Congress, which amendment provides for parity price supports for cattle.

signed, Noel McDade, chairman

new LOW COST WAY TO HARVEST COTTON!

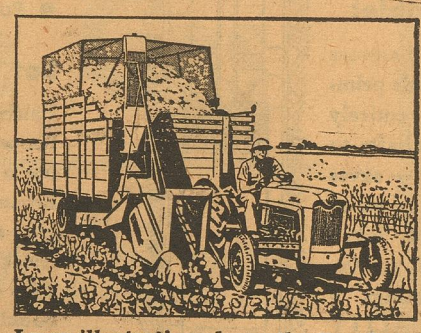

DEARBORN COTTON HARVESTER

Come in and see this new low cost cotton harvester! See why its "Brush Off" action harvests more cotton at less cost—at only one-tenth to one-half the cost of hand picking. Find out how you can increase your profit per bale as much as \$25 to \$40!

Best of all, the Dearborn Cotton Harvester is priced low, well within the reach of the average cotton farmer. It is a machine that can pay for itself in a short time, and from then on returns a clear profit. One man operation—solves your labor problems. Fully tested and proved. Quickly attaches to the Ford Tractor. Convenient terms available.

Come in and find out more!

Large illustration shows the Dearborn Cotton Harvester with hydraulically operated Cotton Basket (sold separately). As shown in the small illustration, this machine can be used with a trailing wagon

This Harvester will be on display on our floor soon

Cars Continue to Take A Greater Toll of Lives in U. S. Than Wars

The nation's wars have killed close to 1,010,000 of its fighting men in the 178 years since the Battle of Lexington was fought on April 19, 1775. But the automobile is still continuing to prove a more relentless mass killer of Americans in U. S. highway accidents.

Some 1,009,750 U. S. military deaths have occurred in all the wars in American history from the first battle of the Revolution through the Korean conflict to date, according to the latest compilation of the continuing comparative study of war and traffic casualties.

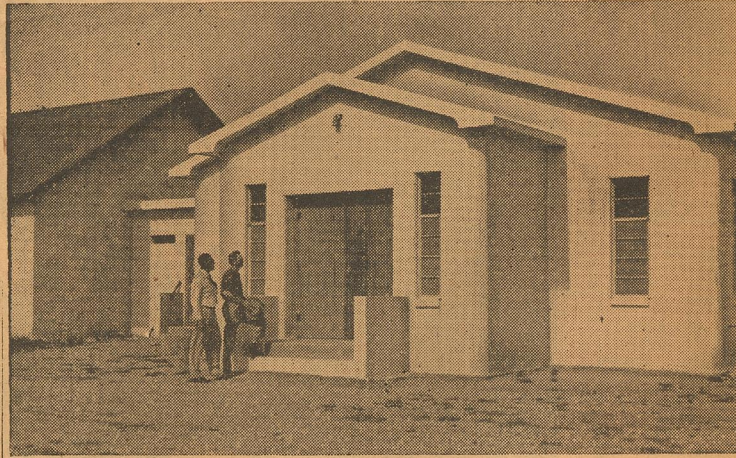

At the 178th anniversary of the Battle of Lexington and Concord recently the historic total of American military deaths in wars stands about 40,000 below the aggregate of nearly 1,050,000 deaths in all highway accidents since the first U. S. automobile fatality happened in New York City 53 1/2 years ago.

Nearly 15 months ago the historic fatality tolls of war and the automobile were both around the 1,005,000 mark. Pointing out the far faster rate at which traffic

deaths are occurring currently, even in a period of war, while more than 5,000 U. S. battle deaths have occurred in Korea since February, 1952, when the two totals were even, about 45,000 men, women and children have been killed by automobiles in U. S. highway accidents.

The study shows that modern warfare on a global scale, as in World Wars I and II, has claimed American lives at annual rates between 80,000 and 90,000 during a large-scale conflict. This contrasts with a yearly average of 1,116 Continental soldiers lost in the American Revolution or 93 monthly during the six years and six months before the nation's first war ended at Yorktown on September 19, 1781, with a total loss of 6,118 American lives.

American military deaths in World War I totaled 130,274; in World War II there were 325,264. The first global conflict killed U. S. fighting men at an annual rate of 82,250, averaging 6,850 monthly. In the second on the yearly rate of military deaths increased nearly 5,00 to 88,800,

ADDITION—Shown here is a front view of the new addition to the Sunnyside Baptist Church which was completed last summer. The project is one of many that have been completed in the progressive community in the past year. The original building to the left was constructed two years ago. Residents of Sunnyside have made great strides toward improving their community and making it a better place in which to live. Since the community entered the Texas Rural Neighborhood Progress Contest residents have become "progress conscious."
(Photo courtesy Farmer-Stockman Magazine)

averaging 7,400 monthly for 45 months. In 34 months of the Korean war approximately 23,500 Ameri-

can soldiers have died. In the current conflict, military deaths have averaged 8,400 annually and 700 monthly, far below the fatality rates of the two previous wars.

While U. S. military deaths during World War II averaged only 5.7 percent higher than in World War I on an annual basis highway fatalities during the period of the second world conflict rose 279 percent over the yearly average of the war period a quarter century earlier. Since 1945 the annual traffic death toll has risen still another 165 percent, or 445 percent above the 1917-18 average. Military deaths in the Korean War to date have averaged about 10 percent of the annual war fatality rates of the two world conflicts.

FRIO NEWS

by Mrs. Owen Andrews
Vacation Bible School closed at the Frio Baptist Church, with a commencement program, on Friday night. A total of 84 children and faculty members were enrolled and an average of 79 attended the six days taught. Special recognition was given the faculty members at the service on Sunday morning, also.

Mr. and Mrs. Henry Andrews visited the Duttons at Friona recently. Spending Saturday night at the E. F. Vogler's week before last were his parents, Mr. and Mrs. S. C. Vogler of Lamesa, and Freddie Vogler of Camp Leonard Wood, Mo. Freddie met his parents here at his brothers home just for the short visit—his first since he went into the Army a few weeks ago.

Mr. and Mrs. Lawrence Vogler and family of Lamesa visited the Voglers also. He is a brother to E. F. Vogler.

Mr. and Mrs. Ben Drager and family of Oklahoma City visited Saturday night with the Voglers. Mr. Drager is Mrs. Vogler's brother. They brought their mother who has been visiting in Oklahoma City to stay a while with her daughter here.

Adolph Jacobs visited the Vogler home Sunday.

Mrs. W. W. George and children, Carole and Bob, visited during the week end with Mrs. George's brother, Olin Parris and family. They were accompanied by their father, H. A. Parris of Lubbock.

Mr. and Mrs. Earl Cole are vacationing in Colorado this week. Mr. and Mrs. T. S. Downey and family of Plainview visited the Thurman Cole home Sunday.

Mr. and Mrs. Ellis Dodd and Hugh Lin of Plainview visited their aunt, Mrs. H. M. Mobley, on Monday.

Mrs. Leonard Buttrill took Gary to Clovis Monday to a doctor.

Taking Sunday dinner at the Floyd Cole home were Mr. and Mrs. Frank Robbins and children.

The Home Makers Club held a rummage sale at the Buckert Radio Shop in Hereford Saturday.

Clark and Joe Ed Andrews, Verdelle and Frances Andrews, Sue Ewton and Nelda Lowery were shopping in Amarillo Saturday afternoon and also visited the Charles King home, taking supper there that night.

Mr. and Mrs. Wayne Bradley and children Carolyn and Donnie Ray, of Brownfield visited the F. N. Woolbright home the last two week end. They left Carolyn for a visit all last week and came back for her Sunday.

Mrs. H. M. Mobley, Nelle Mobley, and Mr. and Mrs. Raymond Mobley and children were vacationing in the Ruidoso, N. M., vicinity from Thursday through Sunday. They report very pleasant weather with rain while they were there.

Mr. and Mrs. John Simpson accompanied the J. C. Simpsons to Lubbock Sunday. The John Simpsons visited their cousins, Mr. and Mrs. Harve Sexton at Lubbock while the J. C. Simpsons were attending a family reunion of Mrs. Simpsons' mothers people at Lubbock Park. Mrs. Simpsons' parents, Mr. and Mrs. Austin and

Amarillo Golf Tourney Slated

The richest, biggest and most unique golf tournament in the Panhandle has been scheduled for July 30-31, Aug. 1-2, at Amarillo's Ross Rogers Municipal Course.

Some \$5,000 in merchandise will be given away in the second annual Amarillo Invitational Partnership Tournament.

Last year's inaugural meet attracted the largest amateur field in Panhandle golf history—128 teams or 256 strokeers. Among the leading Texas golfers intending to compete in this year's classes are the 1952 champions—Harry DeLashmatt of Amarillo and Jack Williams of Plainview.

There will be flights for all golfers. Everyone who qualifies will be placed in a 16-team flight and \$400 in prizes will be awarded in each division.

Qualifying will be July 30 with match play to start the following day and continue through Aug. 2. Golfers not wanting to try for medalist honors or the championship flight may qualify at their home course and have the pro mail in their scores. West Texas Pro-Am has been scheduled for July 29.

The tournament is unique because the total score of both players is counted in qualifying. And then in match play, two points will be out on every hole—one for low ball and one for low total.

Entry fee is \$7.50 per man and entries are being taken by Vern Farouhar, Professional, Ross Rogers Course.

Mr. and Mrs. J. F. Bright visited Mr. and Mrs. J. H. Engram at Muleshoe, Saturday. They also visited Mrs. Bright's niece, Mrs. Jack Gilbert at Plainview, Sunday. Mr. Bright reported fine crops in the irrigated areas of both cities.

Mrs. Ola Moody of Hale Center is visiting her sister, Mrs. Ernest Jones.

Try A NEWS Want Ad

their young son, Johnnie, of Longview, came home with the Simpsons for a few days visit. Mr. and Mrs. Madding of Odessa an aunt and an uncle, also came from the reunion to visit here.

Ernest Jones made a business trip to Plainview, Wednesday. Mr. and Mrs. E. H. Little and daughters left Saturday for Gunnison, Colorado, where they plan to spend a few days vacationing. E. H. brother, Wayne, and family

who live in the north, was to meet them there for a visit together.

The army post at Fort Bragg, N. C., is the largest in this country, from the standpoint of area. It occupies 120,477.39 acres.

Visiting in the home of Mr. and Mrs. John Arledge Sunday and Sunday night were Mr. Arledge's cousin and her family, Mr. and Mrs. Stanley Clifton of Fort Worth. Mr. Clifton is a faculty member at Texas Christian University.

Thomas Alva Edison patented more than 11,000 inventions.

HART NEWS

Miss Vera Dean McDonald of Georgia has returned home after making a short visit with her sister, Mrs. Howard Bridges.

Freda Davis, young daughter of Mr. and Mrs. E. E. Davis, is on crutches since she fell last week and broke a bone in her leg.

Mr. and Mrs. Roland Shepard spent Sunday visiting in Goodlett.

Mr. and Mrs. Joe Hart were week-end visitors with her parents in Littlefield.

Mrs. Bud Hill visited in White Deer and Perryton with her sisters while Bud was away at Fort Hood.

Mrs. Alice Thomas of Vernon was a house guest of Mr. and Mrs. Jim Height during the week-end.

John Bridges suffered severe burns on his left arm while operating a liquid fertilizer machine. We understand that he is able to be at work again.

Mr. and Mrs. Fred Pistole and children of Dumas visited Mr. and Mrs. H. E. Lomar Saturday afternoon. On Sunday the Lomars had as guests Mr. and Mrs. Bill Blackwell and Mr. and Mrs. Judy Putman of Happy.

Dr. and Mrs. A. C. Drake of Lubbock and Mr. and Mrs. Herschel Curtis and family of Oton were guests of Mr. and Mrs.

William Bell over the week-end. Mr. and Mrs. W. A. Gilmore and children visited in Haskell and Fort Worth the latter part of the week. Mr. Gilmore returned on Sunday night but the family will remain in Haskell for a longer visit.

Mr. and Mrs. Ray Bennett have returned from Dallas where he has been under medical treatment. We are glad to report Ray as being much improved though he will not return to work on his farm for some time.

Mr. and Mrs. Travis W. Black of Plainview are now managing the Cargill elevator. They are making their home in Hart and had her parents, Mr. and Mrs. Hubert Douthit, of Ralls as visitors on Sunday.

Mr. and Mrs. R. W. Davidson are resting and visiting their daughter and family near Los Angeles, Calif.

Mr. and Mrs. Freddie Barrington of Wichita Falls visited in the home of her parents, Mr. and Mrs. M. F. McRee, over the 4th.

Miss Shirley Sharp of W. T. S. C. at Canyon is at home for the break in summer sessions. She will return to classes early this week.

Mr. and Mrs. W. A. Hawkins, Jr., and children and Guy Ford visited the J. G. Fords in Canyon on Sunday.

Mr. and Mrs. Robert Sanders and children of Lubbock had dinner with his parents, Mr. and Mrs. Frank Sanders, on Sunday.

Mrs. Johnny Thompson and Mrs. W. A. Gilmore have accepted positions in the school here for next year. Mrs. Thompson will teach English and Mrs. Gilmore, 4th grade.

Jack Smitherman attended funeral services for his uncle, Ed Smitherman, in Rhome on Saturday afternoon.

Mr. and Mrs. Herbert Williams and Danny were dinner guests of

BARBARA CLARK

ENGAGEMENT SET—The engagement and approaching marriage of Miss Barbara Clark, daughter of Mr. and Mrs. Chris Clark, to Kenneth McDermitt, son of Mr. and Mrs. Lester McDermitt, was announced recently by the bride-elect's parents. Nuptials will be read August 15. Both the bride and groom-elect graduated from Dimmitt High School in May of this year.

the Pepper Martins on Saturday and in the afternoon the ladies with their sons visited Mrs. Martin's parents, Mr. and Mrs. Johns Cox, in Lockney.

Mr. and Mrs. Wm. D. Bell, Billy Bob and Ralph Ed attended a Drake family reunion in Lubbock at the home of Dr. and Mrs. A. C. Drake on July 4.

Castro County Farm Bureau held its July meeting in Hart on Friday night, July 10. President Allan Webb called the meeting to order and then Hart's chairman, Roy Pyeatt, took charge.

Mrs. Percy Hart presented a program. Andy Rogers, State Senator, spoke to the group on the work of the past legislature.

Mrs. Ruth Mary Maples, acting postmistress reports that stamp receipts of the Hart Post Office for the quarter ending June 30 were \$691.46 for 1952 and \$1,084 for the same quarter in 1953. An increase in population for the area served by the local office is given as primary cause.

A silver bracelet was found in front of the post office. Owner may have it by describing it to Mrs. Maples.

Mrs. Ray C. Clark of Big Spring spent Monday night with her sister, Mrs. Willis A. Hawkins, Sr.

Mrs. T. U. Smith introduced Mrs. Eugene Ball with a party in her home on Thursday afternoon. Mrs. Jewell Scott, Joby Sanders and Joy Smith helped with games and refreshments.

EASTER NEWS

by MRS. L. D. STONE

Ronald McClennen is spending the summer with his aunt and uncle, Mr. and Mrs. Jim Brooks. Mrs. L. E. Stone returned home Tuesday from a visit with her sister and a trip to New Jersey with her nephew and family.

Mrs. Alice Davis and daughter, DeeAnn, of Oklahoma City visited the Ernest Floods Wednesday afternoon and night.

L. Dee and Larry Taylor are spending the week-end with their grandparents, Mr. and Mrs. Jim Brooks.

Mr. and Mrs. Earl Patterson of Marlin, Okla., visited the J. H. Hoods, Thursday.

Kenneth Frye spent Sunday night with Gary Burnett.

Mrs. Ernest Flood honored her daughter, Kathryn, with a birthday party, Sunday afternoon. Attending the event were Misses Carolyn Godfrey, Cecilia McSpadert, Glenda Menshew and Rodona and Reba Hall.

Mrs. Jimmy Singer suffered a broken collar bone in a fall last week. Virginia Brown is attending her at this time.

Mr. and Mrs. Earl Wortham spent Wednesday night with Mr. Wortham's brother, L. B. Wortham, and his family.

Mrs. Nina Denning and son, Elvin visited her brother, Glenn L. Plant and family, last week.

The Steve Glens are building an addition to their home. They are adding a bedroom, kitchen and bath.

Mr. and Mrs. O. E. Rosenbaum and their three sons of Konowa, Okla., and Mrs. Box of Altus, Okla., visited Saturday afternoon with Mrs. Rosenbaum's sister, Mrs. John Burnett and family.

The Easter Sewing Club met Thursday, July 9, at the community building. Mrs. Ernest Flood and Mrs. Aubrey Epperson served as hostesses. The group decided to wait until September to have another meeting since everyone is busy now. September 10 is the date set for the next regular meeting.

Mr. and Mrs. Jud Burnett, their niece and grandniece, are visiting their son and cousin, John Burnett and family.

Mrs. Crawford of Santa Anna, Calif., is visiting Mrs. R. E. Boren also friends in the Bethel community this week.

Sunday guests of Mr. and Mrs. Sid Sheffy were Mr. and Mrs. L. F. Sheffy and Miss Minerva Sheffy of Canyon, and J. C. Knox of Kerville, Texas, and Mrs. Pearl Sheffy of Dimmitt.

The Rex Sheffys are back from Dallas where they moved Mr. and Mrs. Bill Bond and family.

BETHEL NEWS

Mr. and Mrs. Melton Lee and children of Houston were week end visitors of Mr. and Mrs. Byron Sinclair.

Mr. and Mrs. C. A. Cryer of Borger spent Friday night and Saturday with Mr. and Mrs. Harry Rothwell. The Cryers spent the remainder of the week end with the Charles Deans in Plainview.

Mr. and Mrs. Fate Shannon and children and neighbor friends attended the ball game in Clovis Saturday night. All enjoyed a free supper afterwards which was drawn with tickets.

Mrs. Kay Roberts made a business trip to Tucumcari, N. M., the first of the week.

Barbara Coke attended a birthday party for Janice Davis Monday afternoon in the home of her parents, Mr. and Mrs. J. H. Davis, Jr.

Don C. Story of Phoenixville, Penn., visited his sister, Mrs. Andy Behrends, and family this past week.

Mr. and Mrs. A. H. Taylor are the happy grandparents of their first grandson, Douglas Ray, who was born July 9th. They have six granddaughters. The parents of the little son are Mr. and Mrs. D. C. Taylor.

Mrs. Jim Givan and Mrs. Dow Wells and children visited Mrs. J. C. and Vernon Williams Thursday.

Mr. and Mrs. James Wintor and son, Jimmy, from Midland visited her father, Mr. Gaines Neill, over the week end.

Mrs. Ivor Bagwell and Nelda Mrs. Leland Smith and Zella were Amarillo visitors Tuesday.

Bethel W. S. C. S. met in the home of Mrs. Andy Behrends Monday afternoon. Those present were Mmes. Wes Anthony, Roy Haberer, John Coke, Harry Rothwell and the hostess. We will not meet again this month, but will meet Aug. 10 with Mrs. James Bradford.

Recent visitors in the Jim Givan home were her niece, Mr. and Mrs. Johnny Hanton and children, Roxy and Nancy and a nephew, Terry Thompson.

Mrs. Leona Rothwell and granddaughter, Sharon, were Thursday evening visitors of the Harry Rothwells.

A lovely pink and blue shower honoring Mrs. Alvin Frazier was held in the home of Mrs. J. C. Williams Thursday afternoon. Twenty were present to sign the guest book and a number of gifts were sent.

Mr. and Mrs. Jim Givan visited their daughter, Mary Elizabeth, in Amarillo Sunday.

Sunday dinner guests of the J. C. Williams were Mrs. T. F. Crawford of Santa Anna, Calif., Mr. and Mrs. Glenn Williams and

Children of Hereford, Mrs. G. A. Shwen and Mrs. J. G. Davis, Sr., of Dimmitt, Mr. and Mrs. Vernon Williams and children, Mr. and Mrs. Kay Roberts were Sunday afternoon callers.

Mr. and Mrs. George Worrell are spending a few days with her parents, Mr. and Mrs. Roy Haberer.

Neill Patton of Kress was a Monday evening visitor of the Harry Rothwells.

Sandra Story spent several days this week with Nancy Helen Behrends.

Mrs. Albert Cribb and son, Jean Bob, of Paduach visited her sis-

ter, Mrs. George Bagwell, and family from Wednesday until Friday. Sue returned home with them to spend the week end. Mrs. Bagwell and Carolyn went to Mrs. Cribbs Monday and Sue will return with them Tuesday.

Mr. and Mrs. Kay Roberts, Carolyn and Sue Bagwell left Wednesday for a few days vacation, hoping to find cooler temperatures, and to enjoy a rest.

Mr. and Mrs. Jack Gregory and sons are in Yellow Stone Park for a vacation and a few days visit with their son, Carol, who is working there this summer.

Marsha Dawson of Springlake visited last week with her grandparents, Mr. and Mrs. Norman Cleavinger.

Rev. and Mrs. Raymond Van Zandt and Mrs. George Bagwell sponsored ten members of the local Methodist M. Y. F. at a sub-district meeting at the First Methodist Church in Plainview Sunday.

News of Our Neighbors

TULIA — (taken from the Tulia Herald) The State Board of Education this week approved a revised index that will reduce school cost for 142 counties and increase them for 112 this year. Swisher, Floyd and Hale were among the group which had their assignment increased ten percent. Panhandle counties which will not have to pay as much toward the minimum education program next year as currently include, Castro, Farmer, Dallam, Deaf Smith, Hansford, Ochiltree, Lipscomb, Oldham, Carson, Gray, Randall, Armstrong, Donley, Collingsworth and Childress.

WELLINGTON — (taken from the Wellington Leader) Wellington is in line for one of the 62 National Guard Armories to be

built in Texas during the next 12 months. This is not just a rumor, according to Major Dale Watkins. "We have checked into it and find that the armory buildings are to be \$28,000 brick structures of the permanent type. The money is already allotted and the guard unit at Wellington is in line." The Wellington unit with 44 men and four officers is on a two-weeks camp.

John Hurley of Kermit has been elected line coach of the Wellington Skyrocks replacing Coach Donald Briggs, who goes to New Mexico Military Institute at Roswell the first of September.

ABERNATHY — (from the Abernathy Review) W. A. Richter announced this week that he will retire as postmaster of the Abernathy Post Office. After ten years service as postmaster Richter plans to enter private business.

MEMPHIS — (taken from the Memphis Democrat) Nolan Po-

teet of Panhandle has been named an assistant coach at Memphis High School. Poteet will coach the "B" football squad and the first string basketball and track teams. He is a graduate of Samnorwood High and West Texas State College.

Total wheat yield in Hall county this year was far below that of last year. A check of the elevators in Memphis and Turkey disclosed that 22 cars were shipped this year, with a small quantity of wheat remaining at some elevators. Last year, Memphis and Turkey elevators shipped or held approximately 110 cars.

MULESHOE — (from the Muleshoe Journal) Plans call for a bigger and better Will Rogers Memorial Roundup celebration here. An elaborate and colorful parade for the event, which will be held August 13-14-15, has been arranged. Planners of the event also hope to have the sister of the late Will Rogers, and the widow of Roger's flying companion, Wiley Post, on hand for the event. A rodeo and goodwill tour will also be a feature of the widely-celebrated event.

EARTH — (from the Earth Sun) A Latin - American, Sam Travines, from the Paul Zahn farm north of Earth, was fatally shot Sunday night by Deputy Sheriff L. H. Randolph as he and his brother were resisting arrest on charges of alleged drunkenness and fighting. The two Mexicans reportedly dragged Randolph to the ground at the rear of a business house. Travine allegedly drew a knife on the deputy. A court of inquiry convened Monday and returned a verdict of justifiable homicide.

HEREFORD — (from the Hereford Brand) Two persons were added to the Hereford Police De-

partment staff last week and a city sanitarian hired following approval of the city commission. Mrs. Gerda Cates was hired to handle police department office work. Dr. Jack Gilliland, veterinarian, was hired as city sanitarian.

LOCKNEY — (from the Lockney Beacon) Formal opening of the Medical-Surgical Hospital, operated by Dr. K. O. Crum of Lockney was held this week. The hospital joins Crum Clinic. The hospital building is of brick and tile construction, is sound proofed and has nine patient beds, operating room, delivery room, laboratory and other rooms.

IT'S THE LAW
in Texas
A public service feature of the Study Bar of Texas

A real estate title is a claim of ownership, or your right to land you have purchased. Most of us have little or no idea of the possible pitfalls in acquiring a good title when we buy a home. Many prospective home buyers' title difficulties result from commonly held misconceptions of the significance of certain kinds of real estate papers.

If you can prove your title against all the world, it is a good title. If, in addition, the evidence of your claim of ownership is contained in proper public records, it is a good record title. Ordinarily only a good record title is salable.

How do you know if you are receiving a good title to property you plan to purchase? The safest method is to have a title examination made—that is, a careful study of the abstract and other title evidence.

Here are a few of the common sources of trouble in real estate transactions to show why the minor expense of a title examination is justified.

Many persons sign "earnest money contracts" believing that they are mere receipts with no serious implications. In reality they specify, among other things, the kind of title you must accept.

A "warranty deed" from a responsible seller is comforting to have but it is a poor substitute for a careful title examination. A warranty deed does not guarantee.

Moreover, serious title defects may not come to light until long after the seller on a warranty deed is dead, has moved to an unknown address, or is bankrupt. Even if he is available a good title is much better than a law suit.

The fact the the seller has possession of an "abstract" does not mean that he owns the property. An abstract is only a history of a title. Possession of an abstract no more indicates ownership of land than possession of the history of Texas means that you own the state.

Some purchasers of land feel

safe because the title is being examined at the time of the purchase by an attorney for the mortgage lenders. This seems logical but is a dangerous theory. Mortgage lenders are sometimes willing to accept less than a good record title as security. This is sound business for them because, among other reasons, the chances are that the mortgage will be paid off so that no expense in perfecting the title would ever need be incurred. It is a risky business for you when you are putting your life savings into the purchase.

These are a few of the reasons why a title examination is an important safeguard to you. When it is completed, the attorney gives you a written opinion stating his conclusions as to who owns the land, the defects in or charges against such ownership, and the requirements to be met if any, to make good record title.

Off-hand this may seem a simple operation. In fact it is not. It requires the interpretation of numerous deeds, mortgages, wills, court decrees and other instruments; the consideration of the order in which transactions and events affecting the title occurred; and the application of statutes and court decisions to the various situations disclosed in the abstract.

A free pamphlet containing use-problems involved in buying a full information on legal and other home has been prepared by Texas lawyers. To obtain a copy, print your name and address on a postcard and mail to State Bar of Texas, Austin 15, Texas.

WMS Circles Meet With Mrs. Golden

The Van Earl Hughes and Rex Ray W. M. S. circles met July 13 at 4:00 P. M. in the home of Mrs. Ward Golden for Bible study. Ten members were present.

Mrs. C. A. Hance presided over the meeting. Opening prayer was led by Mrs. W. T. Gollehon. Getwell cards were signed to send to Mrs. C. G. Maples, Sr. and Miss Darlene Cates.

Bible reports were opened, and community mission assignments were given out by Mrs. Sam Maynard and Mrs. Lee Norman. The Bible lesson was taught by Mrs. Norman. Mrs. R. V. McMahon, Sr., dismissed in prayer.

Delicious home made ice cream and cookies were served by the hostess to Mesdames Sam Cooper, C. A. Hance, W. T. Gollehon, R. V. McMahon, Sr., Fannie Shive, Lee Norman, Sam Maynard, R. L. Beavers and Miss Onita Shive.

Prof. Philip Drinker of Harvard University invented the iron lung.

The Hawaiian Islands are known as the "Crossroads of the Pacific."

Garfield was the only President of the United States who was left handed.

NOW!
Ford Master-Guide
the last word in Power Steering!

"WHO NEEDS MUSCLES?"

Master-Guide applies hydraulic steering power automatically . . . and in varying degrees as required . . . right at the steering linkage, close to the wheels. At the same time the system serves as a hydraulic shock absorber to keep road jars and jolts from your hands. As a result all you do is . . . guide the car . . . Master-Guide supplies the muscles.

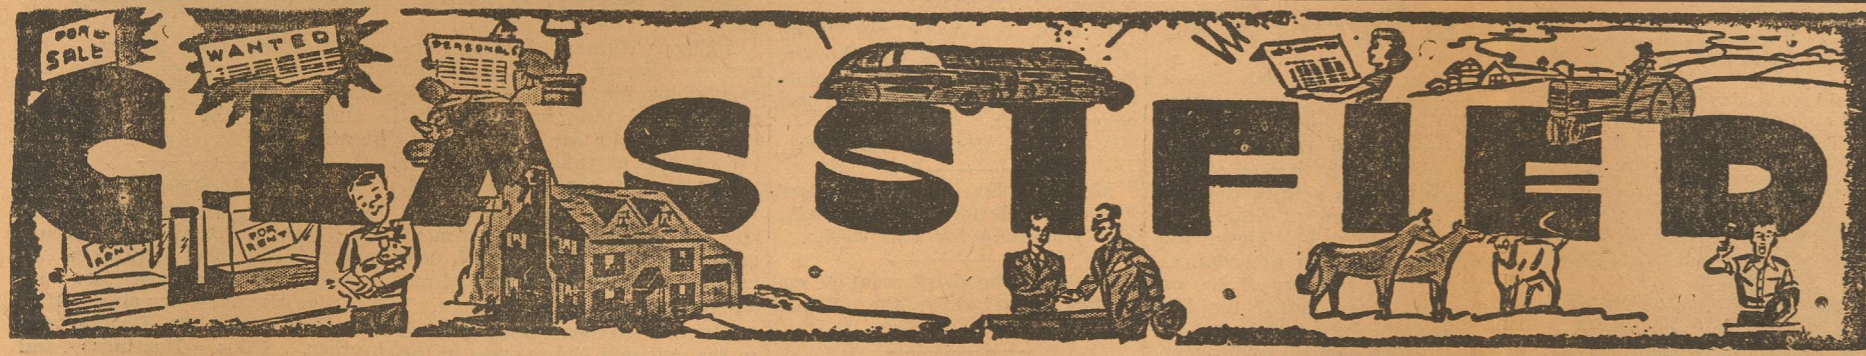

It's the newest in a long list of Ford advancements that make this Ford the outstanding car for '53!

No other car near Ford's price has ever offered you so much! Ford was the first in its field to bring you V-8 power. Today, Ford alone of all the low-priced cars offers you the smooth, unsurpassed performance of a V-8 engine. And Ford's Six with Overdrive, won the Sweepstakes in this year's Mobilgas Economy Run.

Ford first brought to the low-price field a completely automatic transmission that combines the smoothness of a torque converter and the gas-saving "go" of automatic gears. In all, Ford offers 41 "Worth More" features.

And now, in addition, Ford brings you the newest and finest in power steering . . . Master-Guide, a system exclusive in Ford's field! It's no wonder, then, that Ford is the "Worth More" car . . . worth more when you buy it . . . worth more when you sell it.

Kiplinger Reviews 30 Years, Sees Better World Ahead

WASHINGTON — W. M. Kiplinger marked 30 years of reporting world events and predicting trends for a highly-restricted list of subscribers with a forecast that "the world will be better" in the next three decades.

In a special 30th anniversary issue of his Kiplinger Washington Letter, written "partly for fun, partly for thoughtfulness," he said, too, "we cannot stop the improvement, but we can hold it back or speed it up."

The Ohio-born, former newspaper reporter, who originated the method of dispensing business, economic and governmental news, condensed into a weekly, four-page, privately-circulated letter, reviewed events since 1923, and then, with a "look to the future," said: "Out of our experience as observers comes a conviction, which is this: the world will be better. Improvement is the basic law of life.

W. M. KIPLINGER

"We cannot stop the improvement, but we can hold it back or speed it up. To speed it up requires more than noble wishes and pious good intentions. It takes hard knowledge, brains, intelligence, judgment, savvy, wisdom. Both the worldly sort and the spirit sort—both are highly essential—because working and living, as everyone knows, is not just materialistic."

Kiplinger was 32 and relatively unknown when he started typing out weekly analyses of Washington developments with "emphasis on predictions of the future economic significance of those developments. With a second-hand typewriter, a borrowed \$1,000, "Subscribers, none. Hopes, frail," he struggled to prove that the information he could furnish would be valuable to businessmen.

It took about five years to convince more than his three original staff members that he was right; that the Kiplinger Washington Letter was destined to become a distinctive force in American journalism. The struggle for bare survival emerged into an even harder fight—against scores of imitations.

Today, built around that original typewriter which Kiplinger still uses, is a staff of 250, housed in a modern ten-story office building and a printing plant, and each sharing in the earnings of the Kiplinger Washington Agency. The Letter is delivered every Monday morning to business and professional men and women, teachers and students, housewives and political leaders in every state and 56 foreign countries.

In his review of the past 30 years Kiplinger says the present "is merely a piece of the past and the future," and continues:

"Now look back and ponder on the material advances of the past. How the average man is better off . . . than 30 years ago or less. Wages and other forms of pay have more than tripled in 30 years. Living cost prices have less-than-doubled . . . so there's a margin. "Note the new things: Sound movies, color movies, radio and TV, refrigerators, freezers, washers, cleaners, and other household gadgets, air conditioners, airplanes big and fast, tough metals, new chemicals, plastics, man-made fabrics, electronics, radar, new drugs, psychiatry, new farm machines, modern architecture, 3-D movies, and the atom at work.

"Changes in ways of thinking: Growth of ideas akin to socialism. The New Deal era. Big government. Paternalism. Laws to spread income. Weakening of reliance on private and individual effort (perhaps temporary). Ascent of labor . . . union members in 1923, 3.6 million . . . now 16 million." All this adds up, says Kiplinger, to a better world ahead.

Eight Warranty Deeds Filed Here

A total of eight warranty deeds were among legal instruments filed in the office of County Clerk Mrs. Neva Hastings during the past week. They follow:

Ernest L. Calhoun, et ux to Clinton W. Walker, all of lot eight, block 128, original town of Dimmitt, Castro county.

J. M. Warren, et ux, et al Stamford Builders Supply, ten acres of land out of the northeast one-fourth of section five, block 0-4, D and SE Railway Company Survey.

Mrs. Nettie Graham to Jeanette Graham Kemp, all of northeast one-quarter and the southeast one-quarter of section number 13 in block M-10-A, T. T. Railway Company, original grantee, about 320 acres, more or less.

W. T. Gollehon, et ux to trustees, Dimmitt Methodist Church, all of lot one and the north one-half of lot two, block 125, of the original town of Dimmitt.

Percy Estes to Daniel Aldaco, all of lot six, block three, of the original town of Dimmitt.

R. S. Vestal, et ux to Veterans Administration affairs, all of north one-half of lot number

sever and the north one-half of the west one-half of lot number eight in block number 18, Miller Addition to town of Dimmitt, Castro county.

J. C. Tate, et ux to Cleo C. Forson, all of lot 12 in block 140 of the original town of Dimmitt.

W. E. Louden, et ux to C. P. Gambill, southeast one-quarter of section number five, block number one of the W. E. Halsell Subdivision, shown by deed records of Castro county.

MISS BECKY NORTHCUT

Miss Northcut Is Shower Honoree

Miss Becky Northcut, bride-elect of Dale Maxwell was honoree at a miscellaneous shower in the home of Mrs. Ola Murphy Wednesday afternoon. Shasta daisies were used as decorations throughout the entertaining rooms. Mrs. R. C. Lay presided at the bride's book. The daughter of Mr. and Mrs. B. M. Northcut of Pecos, Miss Northcut and Mr. Maxwell, son of Mr. and Mrs. Troy Maxwell, will wed August 23.

Vocal numbers for the occasion were rendered by Miss Raneal Ivey, accompanied at the piano by her mother, Mrs. Gene Ivey.

The honoree received a large number of useful gifts. Among those present were: Mrs. B. M. Northcut, mother of the honoree; Mrs. Troy Maxwell and Mrs. J. L. Wilkinson, mother and grandmother of the future groom.

Hostesses for the occasion were Mesdames Murphy, R. C. Lay, J. W. Godfrey, B. M. Nelson, R. L. Hance, Fred Brugel and Dewey Wright.

Mr. and Mrs. Paul Poe and family visited relatives at Okmulgee, Oklahoma City and Minco, Okla., last week-end. They report good rains in the sections of Oklahoma covered in their visit.

Mrs. R. E. Hendrix and children, with her parents, Mr. and Mrs. O. B. Kelley of Tulsa, left Wednesday for a vacation visit with relatives in California.

Miss Pat Carpenter is receiving medical treatment at Lubbock this week.

Scott-Dyer Vows Said in Ceremony At Wellington

Miss Jennie Scott, daughter of Mr. and Mrs. Duard Scott of Wellington, was married to Jack Dyer, son of Mr. and Mrs. P. H. Dyer of Dimmitt, in a recent wedding ceremony.

Nuptials were read by the Rev. Mr. J. F. Michael at the home of the bride's parents, in the presence of immediate member of the families and a few close friends.

The couple stood before a tall arch of greenery, centered with a fan-shaped arrangement of white gladioli and flanked by tall candelabra holding lighted cathedral tapers.

The bride was given in marriage by her father. She wore a dress of aqua taffeta shantung, styled with a fitted bodice, off-the-shoulder neckline and tiny shirred sleeves. She wore a matching picture hat of horsehair braid, edged in lace and accented with aqua satin streamers.

Mrs. Herman Claude Terry was her sister's matron of honor.

Jimmy Dyer of Amarillo, brother of the bridegroom, was best man, while Don Scott, brother of the bride, lighted the candles.

A reception honoring the newlyweds was given immediately following the ceremony.

Mrs. Dyer, who was reared at Dodson and Wellington, was graduated from Wellington High in 1951. She is a sophomore at Texas Technological College where she was a 1952 La Ventana Beauty and a member of Zeta Tau Alpha.

A graduate of Dimmitt High in 1951, Dyer is also a student at Tech and a member of Pi Kappa Alpha.

Following their wedding trip to Colorado, Mr. and Mrs. Dyer returned to Dimmitt where they will remain until September. The couple will resume their studies at Tech then.

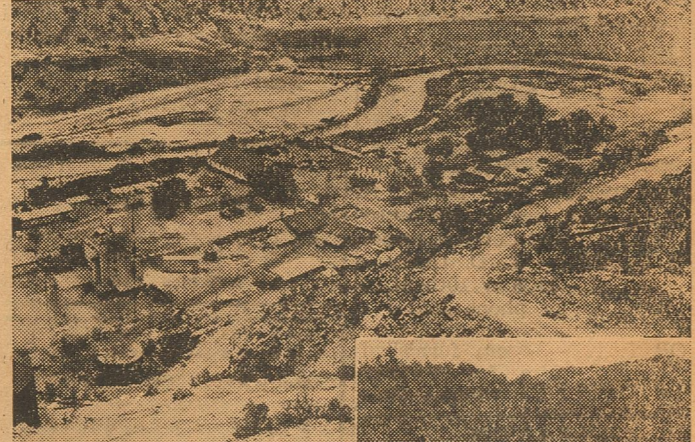

Funeral Rites Held For Mrs. Neumayer

Funeral services for Mrs. Emma Neumayer, San-Bernardino, California, resident and mother of Dimmond Neumayer of Dimmitt, were held recently at Medford, Okla. Burial was in an Endi, Okla. cemetery.

Mr. and Mrs. Neumayer and their family attended services. Besides her son here, Mrs. Neumayer leaves three sons and four daughters.

Lofty Quest for Uranium

EVEN MORE dramatic than the gold rush days is America's quest for uranium ore, now under way high on the rugged Colorado Plateau. At Uravan, below, ore mined in the Rockies is refined. Town was named for "ura" in uranium, "van" in vanadium.

ONCE PROCESSING IS completed, uranium, below, has a black, sticky form. Drying reduces the material to powder.

SANDSTONE near this typical mining structure yields carnotite. From it are derived traces of uranium ore.

MOUNTAIN-CLIMBING International trucks, one of which is shown in background, below, haul the ore to mills from nearly inaccessible mines. Miners examine ore for yellow streak, proof of uranium.

Dairy Official to Visit Braddock Farm

Official classification of a herd of Brown Swiss cows on the Vincent Braddock place near Nazareth will be the purpose of a visit to the farm by Professor E. W. Arkson, head of the dairy department of Kansas State College, Manhattan. Arkson is slated to be at the farm Monday at 8 a. m.

Ratings of cattle made by Arkson and other officials authorized to perform the same duties are designed to determine the quality of herds.

Marvin Kruse, field man for the Brown Swiss Breeders Association, will also be on hand to assist with the classifications.

All persons interested in dairy cattle are invited to attend. Braddock's farm is located two miles north and one mile west of Nazareth.

Benson Funeral Held

F. E. Benson, resident of Cotton Center and a brother of Mrs. Ernest Jones of Dimmitt, died recently in the Hale Center hospital following a heart attack. Funeral services were held from the Cotton Center Baptist Church of which he was a member. Several from here attended the funeral.

Farm Bureau News

The best way that your organization can properly serve you is to hold regular meetings of the membership, and find out what you as members have need of. The last meeting was held in the high school gymnasium at Hart, Friday night, July 10. There was approximately 75 in attendance.

A quarterly meeting of the organization is scheduled for Friday night, July 31, in the Dimmitt High School Auditorium. At this meeting the board of directors have asked the cattle raisers to have the responsibility of securing a speaker, or otherwise providing the program. This should be of general interest to everyone. Mark the date on your calendar now.

The directors are making every effort to provide activities for local amusement as well as taking care of the more serious needs of the day. When they sanctioned the move of getting some softball players together and playing in the local softball league some plans have been made and indications now are that a good number of players will meet Thursday night, the 16th to make plans for a scheduled game with Jumbo Saturday night, the 18th. Naturally everyone has a few jobs now that keep them pretty well tied down, but all work and no play gets old. Let's encourage these players.

At the meeting at Hart it was decided that a Farm Bureau Queen Contest would be held in the near future. The general idea is that each community will have a queen contest of their own to see who will represent their community at the final county contest. Winners will represent Castro county at a district meet. This type of program has done much in some counties to create lots of community and county entertainment. Probably the committees will be announced later with more details about the contest.

Leadership Course

A leadership course for Baptist Training Union members will be held at Gloriaetta, N. M., August 3 through 23. Besides the leadership training to be offered during the three-week course, a program of recreation is planned.

All adult Training Union members at the local Baptist Church are invited to be on hand for the worthwhile leadership course.

Kay Roberson of Bovina, Arlene Boswell of Lubbock, Anette Watkins of Lubbock visited Tommy Sheffy the first of the week.

Mr. and Mrs. R. E. Hendrix, Mary Lynn and Sue left for California Wednesday morning.

CARD OF THANKS

I wish to thank my many friends for the many nice flowers, cards and visits I received during my recent hospitalization and convalescence.

Mrs. Joe Hastings

Mr. and Mrs. George Bradford will visit relatives in East Texas and Tennessee for two weeks.

Jumbo Farmer Burned Tues. in Tractor Fire

Addison Hunter, Jumbo community farmer, suffered burns around his face, neck and hands when a fuel tank on one of his tractors caught fire Tuesday afternoon and partially burned. The victim was taken to Dr. R. E. Cogswell's office here where he was given emergency treatment and released. Dr. Cogswell described the burns as minor and not dangerous.

Dimmitt firemen who responded to the call said Hunter was in the process of filling a tractor tank on his farm when the tank burst into flames. Alert firemen sprayed the tank with a chemical mixture, highly effective in combating this type of fire, and quickly

extinguished the flames with only a minimum loss to the machine. Origin of the fire was not known.

Mrs. John V. Gantt will leave Saturday for her home in Pickens, South Carolina, after having spent five weeks visiting in the homes of her parents, Mr. and Mrs. Joe Hastings, her sister, Mrs. Lon Boothe and Mr. Boothe, and brother, Odus Hastings and family and Joe Richard Hastings, and Mrs. Neva Hastings and family.

McGowan Auto Repair

\$118,000,000: The Secretary of Agriculture has authority to spend up to \$118,000,000—available now—to stabilize the cattle market.

This was pointed out in a Senate speech I made Monday. Eighteen years ago Congress set up a fund for encouraging domestic consumption and export of agricultural commodities. Thirty per cent of our customs receipts go into this fund every year.

The fund has \$118,000,000 now available to buy cattle and help stabilize the market. The Secretary of Agriculture has only to act.

WATER: Shortly after I first

came to the Senate, I asked the Department of Agriculture to make a study of Texas water problems. The report of the study now made public, offers the basis for a far-reaching program of water conservation and use.

Texas uses about 7.7 million acre-feet of water per year. But, the report points out, this represents only about 15 per cent of the average annual discharge of streams bordering or originating in the State. Texas uses two and one-half times as much water as in 1940.

As I have said time and again, water is more important to us than oil. The future of our State depends on how we conserve our water. We will need it long after our oil is gone.

FARM PRICES, INCOME: Mid-June index of prices received by Texas farmers for their products dropped 5.7 per cent from the previous month, according to the Department of Agriculture.

Texas farmers received \$120,000,000 less income the first five months of 1952, reports the Bureau of Business Research of the University of Texas. That's a drop

of 18 per cent.

PLAYBACK: From a speech by Lyndon Johnson, delivered in Texas in October, 1952:

"My father was a farmer . . . He never got into the big money, but most of the time he made a pretty good living. There was three times that Dad went broke. The first time was when Theodore Roosevelt was President . . . The second time was when Warren Harding was President . . . The third time was when Herbert Hoover was President . . . That was when we finally had to give up the farm . . ."

"Maybe it was just a coincidence that farmers went broke only under Republican Administrations. But that's stretching coincidence pretty thin."

EISENHOWER PARK: We passed and sent to the White House the bill authorizing the Secretary of the Army to turn over to Texas at fair market value land to be known as Eisenhower State Park. The 160 acres of land, which the Federal Government would convey to the State by quitclaim deed, lies within the Denison Dam and Reservoir Project.

NEWS BRIEFS: Had a nice visit with Navy Secretary Bob Anderson's parents, Mr. and Mrs. E. L. Anderson of Godley, and his uncle and aunt, Mr. and Mrs. W. L. Anderson of Burleson.

Additional loans to two Texas colleges have been announced by the Housing and Home Finance Agency: \$402,000 more to the University of Texas for construction of a cafeteria and \$386,000 to Hardin-Simmons to build a dormitory for women students.

Two Texans made outstanding speeches recently and I had them inserted in the Congressional Record. One was by Mrs. Oveta Culp Hobby dedicating the Clinical Center of the National Institute of Health, the other by Dr. George W. Cox, State Health Officer, on water control problems of Texas.

Mrs. Lois B. Kilmer of San Antonio was here to receive the Medal of Honor posthumously awarded her son, Navy Hospitalman John Edward Kilmer, who died a hero in Korea last Aug. 13.

Lt. W. A. Sullivan of Kerrville, on his way home from overseas duty, was a late afternoon visitor in the office. He had eaten breakfast the day before in Paris, France, not Texas.

Nothing has been heard recently of the proposal by Dr. John A. Hannah, Assistant Secretary of Defense, that would have had the effect of killing the National Guard. This proposal which Texans asked me to protest vigorously as possible, seems to be either dead or sleeping very soundly.

Miss Joan Horn of Fort Worth was a visitor, accompanied by Miss Hilary M. Jones of Dublin, Ireland. Miss Jones had just completed a three weeks' tour of Texas and "fell in love" with the State. Who doesn't.

The most dangerous time in traffic is from 4 to 6 p.m., when drivers are tired. Only YOU can prevent accidents!

Mexican Labor To Be Limited

Texas farmers can contact Mexican Nationals to harvest crops this year only to the extent that local labor will not be available, the Texas Employment Commission said today. The ratio between the available supply

and potential demand, is, at this stage of the game, highly problematical, TEC said. Drouth conditions have changed the picture drastically since July 15, and are continuing to have daily influence.

On March 1, TEC estimated that it would be necessary to contract approximately 40,000 Mexican National workers to meet harvest labor demands even if all available local farm labor was fully employed. A ceiling of

this number of workers was subsequently put on Texas by the Secretary of Labor. Since June 15, this ceiling has been revised downward drastically.

In order that the contracting procedure could be speeded up, it was necessary to know in what specific areas labor shortages might develop.

Charles E. Duryea, Elwood Haynes and R. E. Olds built the first automobile in America.

THE EIGHT-TO-ONE GAMBLE

To find the little inverted bowl shown at the bottom of this picture, more than a mile beneath the surface of the earth, is the key to natural gas service.

The consumer is dependent upon this search for his supply.

It takes eight attempts — eight heartbreaking, costly dry holes — before the one successful producer is found.

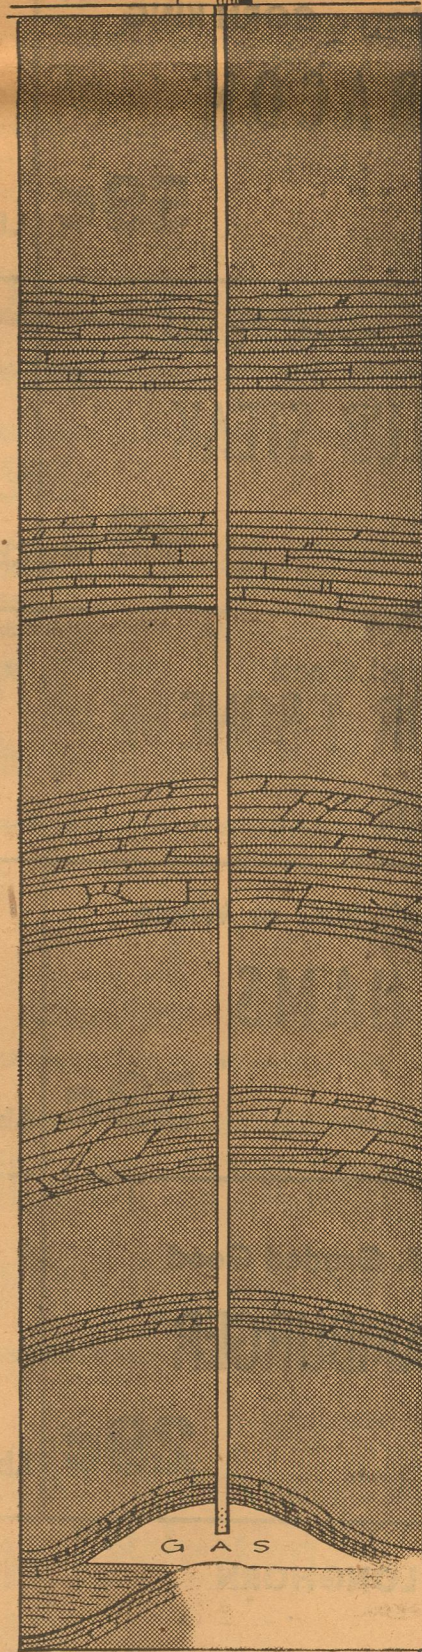

The consumer's interest is best served by encouraging the maximum number of people to carry on this search.

These little inverted bowls represent the reservoirs beneath the ground where nature over the millions of years of geologic time has stored this gas for your use.

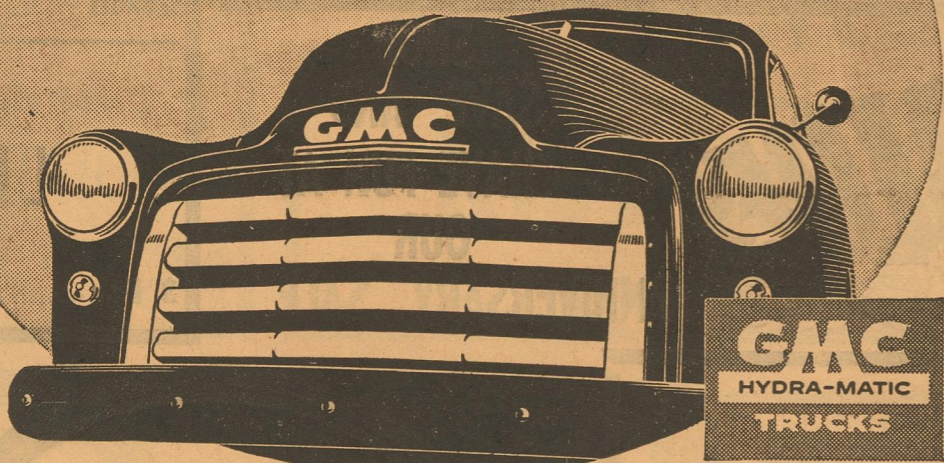

The pipe lines by a network of thousands of miles of lines requiring billions of dollars in investment have connected these storage reservoirs directly to the valve in your home. But no gas will come through if the supply in the reservoir is exhausted.

To maintain this supply it is necessary each year to find more and more of these little inverted bowls.

We believe the consumer's interest is best served by a long range policy that encourages this search not only by the so-called "independent producer" but particularly by the pipe line companies that have the obligation to keep the gas flowing to your home and have the billions of dollars invested in pipe lines for this purpose.

Here's the most for your truck dollar — the price tag proves it!

WHEN you look at a light-duty truck price, you've got to know what you get for your money.

In a GMC, it gets you Dual-Range Truck Hydra-Matic.* 3 speeds for stepping smartly through traffic—4 for economical open highway travel. Clutch repairs or replacements are never necessary. Engine and drive line can't be strained. Getaways are quicker at every stop.

In a GMC, it gets you 105 horsepower and 8.0 to 1 compression. Up to 19% more power than comparable sixes offer. Crisper response. Mileage noticeably better. And you get all this on non-premium fuel.

In a GMC, you get: new, self-energizing brakes—Synchro-Mesh transmission—recirculating ball-bearing steering—a 45-amp. generator—double-acting shock absorbers—a big, "Six-Footer" cab.

Remember, a GMC price-tag gets you all these things. That's what makes a GMC the biggest bargain you've ever driven! Come in and see for yourself!

*Standard equipment on Package Delivery model; optional at moderate extra cost on all others.

WALTER ROGERS' WASHINGTON NEWSLETTER

THE SOUTHERN SPIRIT—While the House was debating the extension of the excess profits tax bill, my good friend Congressman J. L. Pilcher, of Georgia, handed me a telegram he had received from one of his constituents. It read as follows:

"W. W. and I will care for 70 cattle from Texas drouth area until October 1st with no charge. Sure other Georgians will do same.

Robert Kirbo." This telegram was sent by W. W. and Robert Kirbo of Camilla, Ga., who know what it is to face a drouth. Needless to say, tears

came to my eyes when I read this telegram. It was one of the finest gestures that I have ever witnessed. It explained to me thoroughly why the people from that district had sent such fine man as J. L. Pilcher to Congress. They are the kind of good southern people who just can't be beat. It is things like this that confirm your faith in human beings, especially after you have seen some people trying to play politics with other people's misery and some trying to figure out a way to make a killing out of the distress situation. Thank God for people in America like the

Kirbos.

TAX RELIEF: For John Q. Taxpayer, no. For the whiskey distilleries, yes. On Tuesday, July 7th, while I was returning from my trip to the drouth stricken area, the House passed a bill putting off for four years taxes that were supposed to be paid this year on thousands of gallons of whiskey that has been in storage already eight years and on which no tax has been paid. It was argued that the whiskey distilleries had to be helped because many of them would be in financial difficulties if they had to pay the tax at this time. Incidentally, this bill giving relief to the whiskey distilleries was taken and passed before the bill to grant assistance to the drouth stricken farmers and ranchers.

MORE ABOUT THE DROUTH The Secretary of Agriculture has had ample authority since 1949 to make loans that were so badly needed in the drouth area. He still has this authority, and in fact his authority has been increased by the recent legislation. This authority was invested in him on April 6, 1949, by Section 2 (a) of Public Law 38 of the 81st Congress. When the drouth conditions in Texas began to reach a peak (we hope) about June 15th, there was approximately 17 million dollars on hand, which could have been loaned to relieve the situation. More money is coming into the fund each day.

The Secretary of Agriculture has had the authority since 1949 to put a price support under cattle. He presently has the authority, but has refused to exercise it or to even consider it on numerous occasions. The drouth relief law that was recently passed was an amendment of old Public Law 38. Actually it did very little to expand the authority of the Secretary, simply because the Secretary had complete authority under the old law to meet the situation head-on. The new law has one provision for special livestock loans. These loans are confined to established ranchers with good records of operation. I tried to aim this so that it could be applied to young people and veterans who are good ranchers but who have had no opportunity to be in the ranching business but a year or two. My amendment was defeated by a narrow margin. The bill also requires 5 per cent interest on these loans. One member tried to lower this interest rate, but his amendment was also defeated.

No action has been taken at this writing to provide low freight rates for the shipment of cattle to feed, or hay to cattle. Every official in the administration having to do with this situation has been repeatedly told about the necessity for hay and reduced freight rates. They reply that they are not considering hay but are trying to work out a limited program for reduced freight rates. Those of us from the drouth area have besieged these officials day after day, and I hope that by the time this letter reaches

Ignorance of Law Excuses No One

(Last of a series) Ignorance of the law excuses no one.

That is something everybody has heard, and it applies to a draft board's deliberations and actions, as well as to any other agency set up to administer public law.

The law makes it the responsibility of the individual registrant to do everything that the law requires of him. The law requires him to do these things within a certain time limit. If he doesn't do them, he can lose many privileges and rights given

him under the law. "It is the duty of every man registered with draft board to be alert and protect his rights under the law," advises Brig. Gen. Paul L. Wakefield, state director of Selective Service.

"Certainly it is the moral responsibility of parents to have their sons make themselves aware of the necessity of complying with all provision of the law and regulations," he says. "It is too bad that registrants, parents, and employers often sleep on their rights until it is too late, or extremely difficult under our regulations, to do anything about their cases," he says. General Wakefield says that sometimes a registrant, parent, or employer never requests anything at the board until after an order to report for induction is issued. Registered men, parents, and employers should begin to concern themselves about the Selective Service law and regulations immediately after men register, General Wakefield points out.

The state draft director reminds all registrants, their parents, employers, public officials and citizen in general that the doors of Texas draft boards are always open to tell people how to get information and help with draft problems.

CARD OF THANKS

Thanks a million to the Fire Department and many kind friends for everything.

You did a fine job. Again thanks, The Anthonys

CARD OF THANKS

We wish to express our appreciation to those who assisted us in any way during the illness of our father and husband, also to those who shared our burden in spirit.

The Seale Families.

In gratitude for his services in the Revolution, the Maryland General Assembly in 1784 passed a law providing that Lafayette and his male heirs forever should be citizens of Maryland.

Alaska is our largest outlying possession. It has an area of 586,400 square miles.

Psychiatry Recommended For General Well-being

Mental health concerns every one of us. At the door of mental disease may be laid not only insanity, crime, alcoholism, and drug addiction; often divorce and broken homes which touch nearly all of us individually in one way or another may stem from un-solved problems in everyday life which cause excessive emotional or mental strain.

Psychiatry, the medical special-ty that deals specifically with mental and emotional ills, hasn't limited itself to the treatment of serious mental disease. It emphasizes the prevention of mental and emotional sickness. Prime examples are what psychiatrists have done in military and industrial circles. During World War II, especially, these specialists selected inductees who thought they could stand the stress of military

life, studied what made up good troop morale and good leaders, and showed that early treatment of relatively minor emotional problems could do away with a lot of major mental illness. Psychiatrists working in industry, which has some of the same problems as the armed services, also made remarkable progress in the field of positive mental health.

Another example of preventive

...freezing is **FASTER!**

50% faster than old-fashioned food preserving methods. That means labor is saved as well as time.

Yes, and frozen foods retain more of their food value, and their flavor and appearance is better, too. What's more, it takes less space to store your foods when you freeze them.

For your home-grown fruits and vegetables, and purchases made in quantity when prices are low, try freezing this year. It's faster—and better.

AMERICAN LEGION'S NEW STATE HEADQUARTERS BUILDING

Above is the new \$205,000 state headquarters building of the American Legion, Department of Texas. Located two blocks north of the State Capitol building at 15th and Congress Avenue, the structure is of polished native Texas granite and cream colored bricks. It was dedicated July 7.

psychiatry at its best is the support not only by psychiatrists but by all doctors of organizations having as their objective the promotion of mental health among individuals, families, communities and other social groups. Any doctor practices psychiatry to some extent when he listens to his patient's complaints and tries to determine if the illness might be based at least in part on emotional problems.

The question of when a psychiatrist is needed may be raised. When unsolved problems connected with a job, marriage, child care, or any other aspect of everyday life cause excessive and continual worry, fear, resentment, tension, or mental strain, it probably would be wise to consult the family medical adviser. It is quite possible he will be able to give the necessary advice or treatment. However, he may believe psychiatric consultation is desirable. He will continue to cooperate with the specialist, supplying information about the patient's general health and background which may make diagnosis easier and treatment more effective.

Hospitalization of the mentally or emotionally sick person may be needed. Treatment may include psychotherapy, shock therapy, or in some cases both. Psychotherapy is the treatment of mental and emotional disease by psychological methods which include such things as hypnosis, suggestion, and psychoanalysis. In psychoanalysis the psychiatrist examines in detail events of the patient's past life and sometimes brings to surface emotions that have been held back to cause conflicts. Sometimes the patient is unaware of these conflicts.

Shock therapy is the giving of certain drugs, such as insulin, or the administration of "doses" of electric current under carefully controlled conditions. This kind of treatment renders the patient temporarily unconscious to give him a short period of freedom from emotional or mental stress and makes him more responsive to questioning and suggestions by the psychiatrist.

Although it is a major procedure, shock therapy probably carries no greater risk of bad results than a major operation such as appendectomy or removal of the gall bladder.

If you think that someone in your family or one of your friends may be mentally ill, the following suggestions perhaps will be helpful: (1) Encourage him to seek medical advice early and to follow his doctor's advice to the letter. (2) If he goes to the hospital, give him all the moral encouragement you can through taking care of his physical needs, visiting and writing him regularly, and assuring him you're looking forward to his returning home. (3) Don't believe the gossip that psychiatrists treat only "crazy" people. (4) Don't ignore the fact that someone is mentally or emotionally ill. (5) Don't allow him to put off medical consultation because of fear, shame, or any other reason. (6) Don't fail to correct conditions in the home or elsewhere which may have led to the illness; the doctor will be most helpful in telling you what these are and what you should do.

The military word taps comes from the Dutch word taptoe or time to close up all the taps and taverns in the garrisoned towns.

Theodore Roosevelt discovered a river in Brazil, which newspapers called the River of Doubt until its existence was confirmed, when it was then named Rio Teodoro.

Bakelite was invented by Leo Hendrick Bakeland.

It stands to reason...

Chevrolet trucks must be the best buy!

Big truck users, small truck users, all truck users buy more Chevrolet trucks than any other make. It stands to reason Chevrolet trucks must offer more of what you want.

When you stop to think about it, the best proof of outstanding value in any product is continued public preference. That's the way it is with Chevrolet trucks. They're the top selling trucks in America today... for the twelfth straight production year.

This is a mighty important fact to consider before you buy your next truck. You'll also want to consider that, while Chevrolet trucks give you more features you want, it's the lowest-priced truck line of all! Come in and talk it over with us.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

"Our best seller... FAIRBANKS-MORSE ... is your best buy"

Look! They've put the pump and motor under the water

FAIRBANKS-MORSE
SUBMERSIBLE WATER SYSTEM

If you are putting in a new well that must go deep to get water... if you are replacing your old deep well pump, don't buy a new unit until you have talked to us about this sensational Fairbanks-Morse submersible pump!

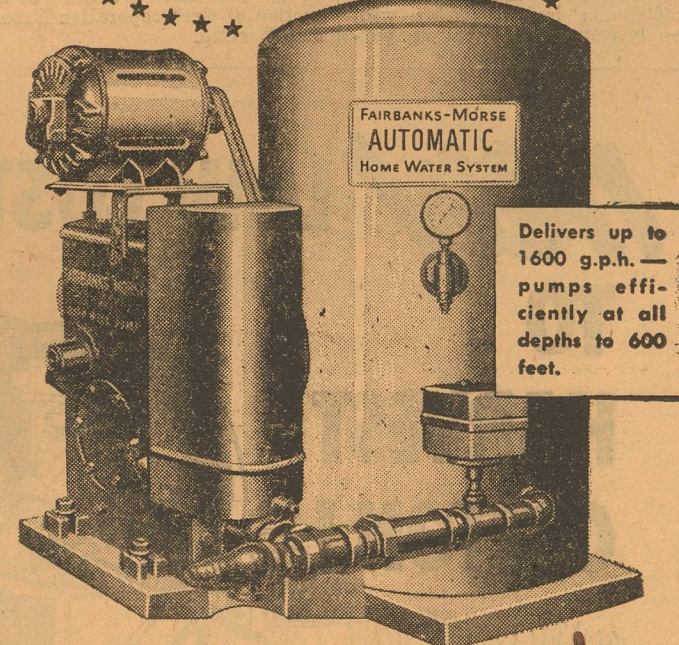

Just a few features of the Fairbanks-Morse submersible!

Only ONE pipe of SMALLER diameter used inside well casing • Never needs priming • Motor and pump operate entirely under water • No jets, rods, or shafts to add to cost • Uses smaller motor—saves power • Impeller and motor shafts of stainless steel • Water cooled—water lubricated • Delivers up to 720 g.p.h. at 300-foot settings—more at shallower settings • PERFORMANCE PROVED • QUALITY GUARANTEED!

Call at our store... phone... or write

"Our best seller... FAIRBANKS-MORSE ... is your best buy"

FAIRBANKS-MORSE
DEEP WELL WORKING HEAD

Delivers up to 1600 g.p.h.—pumps efficiently at all depths to 600 feet.

- Costs less to operate — low maintenance
- Balanced work load gives less wear on drive
- Develops rated capacities at minimum pressures
- Smoother power flow eliminates light flicker
- Available also with windmill or engine hookups
- Pump and motor have V-belt drives

Let us help you choose the right pump!

Fairbanks-Morse line of deep well heads offers pumps for well casing diameters ranging from 2" to 6". Installing a pump larger than you need is as inefficient and expensive as putting in one that is too small. We'll be glad to come to your home or farm, make an on-the-job check of your needs, and recommend the right pump. This service is free! Or, drop in at our store and ask for booklet on Fairbanks-Morse deep well water systems.
