

RAINY DAYS

Come to everybody. Life has more ups than downs. Right now, while you are making, you ought to be saving; then when the downs come you will have something to fall back upon.

Where is the money you have been earning all these years? You spent it and somebody else put it in the bank. Why don't you put your own money in the bank for yourself—why let the other fellow save what you earn?

PANHANDLE DISTRICT CHRISTIAN MEETING

MISSIONARY CONVENTION MEETS WITH
CHRISTIAN CHURCH OF THIS
CITY THIS WEEK.

Large Number of Interested Church Workers
Convene for Discussion of Plans for Work.

A very interesting convention is now in session at the Christian church in this city, the event being the annual convention of the Panhandle District Missionary Convention of the Christian churches of the northwestern portion of Texas. The convention met Wednesday evening and will remain in session until this afternoon.

A large number of delegates, more than had been expected, have been in attendance upon the meeting and they include some of the foremost workers in church affairs in the district.

Wednesday evening the exercises were principally of a devotional nature and were conducted by Elder S. T. Shore, pastor of the church at Hereford, president of the convention and his sermon on that occasion was deeply interesting to his hearers.

Yesterday morning the time was devoted to reports of the work in the churches and the Bible schools and these reports show a decided advancement in the interest during the past year. Yesterday afternoon the reports of the Christian Women's Board of Missions were received and discussed, almost the entire afternoon being devoted to these items.

Last night President E. M. Haile of Hereford College addressed the congregation about the educational interests of the Panhandle and the state, the address being well pleasing to his hearers.

Read the editorial about the bond issue in this paper.

County Clerk M. P. Garner this week issued marriage license for Harry Hagood and Miss Mary Crager, both of whom are supposed to be from Plainview.

BUSINESS AT NINA.

Prosperous New Randall County Town Coming
to Front With Rapid Strides.

That new town of Nina on the south of this city is still making rapid improvements. Reports from that community this week state that the sheds for the lumber company are about completed and that a large and varied stock of lumber is now on hand. The new store there is also about stocked up with a general line of merchandise with prospects for other business interests not heretofore reported.

Other reports state that at an early date a building is to be erected for school and church purposes, a site having already been donated for the purpose.

The farmers in that section of the county have broken up and placed in cultivation a very large acreage during the past winter and spring and when harvest time comes it is expected that Nina will be one of the busiest little places on the map.

Mabel Gatewood Dies.

After a short illness from appendicitis, Mabel, the twelve year old daughter of Mrs. M. S. Gatewood died in this city at an early hour Wednesday morning. On Tuesday afternoon an operation was performed upon her in order that her sufferings might be alleviated and she did not recover suffi-

ciently to resist the ravages of the disease which had already sapped away the life. Services were held over the body at the Baptist church in this city Wednesday afternoon, the pastor, Rev. J. M. Harder, conducting the exercises, after which interment was made at Dreamland cemetery near this city. Mabel was a popular girl among those with whom she was associated and they will greatly miss her from their ranks. She was a member of the First Baptist church of this city and took a great deal of interest in the children's meetings of that religious organization.

INSTALLING NEW FURNITURE.

Workmen Busy Placing New Furnishings in
Court House—Work Rapidly Nearing End.

That the new court house for Randall county is to have the prettiest furniture of any public building in the western portion of our great state is a conceded fact judging from the expressions made by those who are supposed to know and who have seen the new desks and furnishings which are now being installed.

All the furniture is here with the exception of some revolving office chairs and they are on the road. Experts have arrived and they are working hard to get everything in their line in readiness this week. Everybody is busy and things begin to look something like a furnished building. The desks, judges stands, jury boxes and seats for the two court rooms are all made of solid oak and finished with a dark, soft finish. The carving is beautiful and the designs are late. Everyone who has seen them are delighted with the effect produced. The district court room is the first to receive attention and all the railings, desks, stands and such furniture in the front part of the room were practically complete yesterday. The work of placing like furniture in the county court room will be next, after which the county clerks office will receive attention. The furniture for the remaining offices comes ready to be placed and therefore not much time will be consumed in getting the other rooms ready for occupancy.

As far as the builders are concerned the stairways have been received and every available cabinet man in town has been placed at work upon them in order to finish the building completely. This is all that remains to be done except the finishing of the painting of the stairway. The heating and plumbing apparatus has been completed and tested. The electric light man is ready to finish his connections as soon as the furniture is all placed. When these things are all completed the work will be over and that is only a question of a few days.

After the building is completed and turned over to the commissioners court a jubilee and dedication will be held at which time invitations will be extended to everybody to come and help celebrate. The date will be announced later.

Kohlus-Upshaw.

On Sunday, July 4th, County Judge A. N. Henson performed the ceremony which joined for life in wedlock, A. J. Kohlus and Miss Eavie Upshaw. Mr. Kohlus is a painting contractor of this city and the bride is the daughter of Mrs. M. M. Upshaw of this city. Both of the people are well known in this city and many friends join the News in best wishes for their future.

Charles R. McAfee left Thursday afternoon for a business trip to points in Illinois.

Henry Jackson, an attorney of Dallas, was in this city on Tuesday. He, together with his brother, Dr. Jackson, of the same place, is making an automobile tour of western Texas. When approached by the News reporter who knew him in Dallas, Mr. Jackson stated that he was certainly surprised at the advancement of the Plains country and that the land which he found here was the best that he had ever seen in all his experiences and travels. He expressed himself at being surprised also at the very substantial buildings which are now being erected in this city.

INTERESTED IN PANHANDLE.

Illinois Citizen Writes That he Will Come and
Live in Randall County This Fall.

That the Panhandle and Randall county is widely known and advertised is almost daily brought to the attention of the News man. Every few days letters are received by him asking about the country and its conditions and what inducements are offered the farming class. Our subscribers, too, are appreciative of our interests in the future and the development of the county.

We have this week received a letter from G. U. Lawson whose home is at Oweneco, Illinois, and we take the following from the letter:

"Find enclosed a postoffice money order for \$1.25 for which please extend my subscription for one year.

"My first acquaintance with your bright and interesting paper and the country it represents, came through E. M. Beasley who wrote me of the Panhandle and urged me to come to see for myself. I was interested and believed it alright and thought the country O. K., or he would not be there, but I could not come to see your good, new, free Western country until this coming fall, so I asked Mr. Beasley for the use of his eyes to "look through" at a piece of Panhandle land. I relied on his judgment. On seeing the land through his eyes it looked good to me and the United States mail brought me a deed and abstract for 160 acres, so I hope to be one of you this fall.

"There is one precedent in our family. My grandfather "looked at" and bought a farm in the same way in Illinois in 1838. He looked for the price to rise as it always does in a good country, and you know the result of his investment here.

"Your Illustrated Edition is most excellent. My family is delighted with it. Some of my friends here are thinking of coming to look at the Panhandle this fall when I come out to do some work on my place, and I pass the paper to them after reading it myself.

"I hope I shall not miss a single number of your paper and that I may hear from you once each week."

Notice—Clean Up Now.

On or before Wednesday, 13th of July, 1909, each owner or occupant of lot or block in the city is notified and requested to cut all the weeds and Johnson grass (likely to make seed) on or in front of such property to the gutter line. The police court will deal with any who refuse or fail to comply with this notice. The city plow and scraper will clean the drains, but not your parkage or sidewalks.

JASPER N. HANEY, Mayor.

Claude N. Harrison is "rusticating" at Mineral Wells this week. In a letter to this city he states that it is very hot there at this season.

SPEAKERS ANNOUNCED FOR NEXT REUNION.

LARGE NUMBER OF PROMINENT MEN ACCEPT
INVITATION TO BE PRESENT THEN.

Interesting Speeches and Varied Program is
Promised for Each Day of
the Entertainment.

Those who are keeping up with what is being done with reference to the Ex-Confederates Reunion and county fair which is to be held in this city on August 24 to 26 inclusive are now assured that it is to be the greatest that has ever been held in the Panhandle. The farmers of the county are interested in the exhibits and stock and the numbers of good crops and fine horses, cattle, hogs and poultry that will be shown will surprise even those who know what to expect.

With reference to the speakers the committee is now assured the best array of talent in this line that could be had. People who have a national reputation as orators, as politicians and as farmers will be here to help entertain the large crowds which are expected.

The committee on program has arranged for all the speakers that they will need, and among those who have accepted are, United States Senator Joseph Weldon Bailey, United States Senator Charles Culberson, Governor Thomas M. Campbell, Lieutenant Governor A. B. Davidson, Attorney General R. V. Davidson, Congressman Jack Beall, Congressman J. W. Stephens, State Superintendent R. B. Cousins, Hon. R. W. Hall of Vernon, Judge A. H. Carrigan of Wichita Falls, Judge J. N. Browning of Amarillo and W. C. Welborn of College Station who is the best informed man in the entire south upon agricultural matters.

With this array of speakers the success of that department is now assured and the other very interesting matters which are now being arranged for the program will make a success. A large number of inquiries about the dates have been received from various carnival companies who want to come and present their various side shows and attractions. The event will be a decided success this year.

BOYS PLAY GOOD BALL.

Canyon City Team Goes Against Professional
Team at Trinidad and Makes Good Record.

The amateur baseball team of this city went to Trinidad, Colorado this week for a series of three games with the professional team of that city, and, although they won one game, they made good with the people of that hustling city. Every one of the three games were closely contested, the first two being particularly interesting and not being decided until the last out was made. In the first game Canyon annexed the winning by a score of 1 to 0. In the second game Trinidad secured 6 runs while Canyon had 5 to her credit. The last game was played in the mud and in a rain and the score was not so good, Trinidad shutting out our boys by a score of 5 to 0. The papers at Trinidad spoke very highly of the gentlemanly and high class baseball played by the Canyon boys and are trying to arrange another series of games at an early date. From Trinidad the team went to La Junta, Col., for a series of three games after which they will return home.

Miss Nettie Cobb made a quick trip to Amarillo Wednesday.

Lists of TAXPAYERS

I have compiled a list of the taxpayers with their addresses, showing all who pay taxes upon property in Randall county. These lists are valuable to the advertiser. Write me for prices.

JOE FOSTER,

Baptist Meeting Closes.
After a successful series of meetings extending over a period of two weeks the meeting which has been in progress at the tabernacle on the Baptist lots, came to a close Wednesday night. Evangelist C. F. Kyger of Waco, remained and preached until Monday when he had to leave on account of other arrangements. Rev. Jenkins, pastor of the Baptist church at Amarillo, then took up the work and continued it until the close. The number of professions or additions to the church could not be ascertained yesterday.

Wayside News.

Rev. Laney delivered a good sermon at Beulah, Sunday eve. Little J. T. McGeehee is very low. They had Dr. Hartsok of Tullia with him Sunday evening.

The ice cream supper at Mr. McCrary's Saturday night was well attended, all had a nice time. They celebrated the 4th by shooting fire crackers, Roman candles and sky rockets that night; they were heard for 3 or 4 miles.

Mrs. S. J. McGeehee and daughter, Miss Sallie, were the guests of John McGeehee and family Sunday.

Will Hamblen and family accompanied by Miss Ola Mayo went across the canyon Friday returning Sunday. One of Mr. Hamblen's sisters from Rowe, Texas, came home with them to stay awhile. We are glad to welcome Miss Hamblen among us.

They have been having quite a time dipping cattle at M. L. McGeehee's the past week.

Rev. Laney is to begin his protracted meeting at Beulah the 4th Sunday in July. He doesn't expect to be with us at the next regular appointment which is the 2nd Sunday in July but he will try to send some one to fill his place.

Attorney W. J. Flesher made a business trip to Amarillo Wednesday.

Judge Cyrus Eakman left yesterday for a business trip to Lubbock.

J. P. Winder of Leonard has arrived in this city and will make his home among us.

Mr. and Mrs. Harry Cleaver of Perry, Missouri, arrived in this city yesterday for a visit with Mrs. Cleaver's parents, Mr. and Mrs. J. H. Dunbar.

Mr. and Mrs. I. N. Hicks went to Amarillo yesterday afternoon to meet Mrs. Hicks' niece, Miss Minnie Crawford of Cooksville, Tenn., who will spend a few weeks at the Hicks home on a visit.

Read the editorial about the bond issue in this paper.

Cowart's confectionery for confections.

Garrison, Davis & Company for Fire Insurance.

Mr. and Mrs. E. H. Wray of Hereford were in this city the first of this week the guests of Mr. and Mrs. R. A. Terrill.

Bert Phillips, Fred Luke, W. E. Lair and Grady Pipkin went to Trinidad, Col., with the baseball team in order to witness the games.

D. L. Thornberry, cashier at the local railway station, has returned from a two weeks visit with relatives in the central portion of the state.

Good pianos and the latest music at J. A. Redline & Co's. music store on East Evelyn street. 15tf

J. A. Grundy of Memphis was in this city the first of this week paying a visit to his uncle, Judge C. T. Word.

Miss Thelma Donald of Justin, arrived here yesterday and will spend several weeks with her sister, Mrs. R. A. Terrill.

Insure against fire at once with Garrison, Davis & Co.

Mr. and Mrs. C. C. Johnson with their family, left last Tuesday for Corpus Christi where they will make their future home. They have made many friends during their comparatively short stay in our midst and these friends will gladly welcome them when the time comes for their return which their friends think is sure to come.

Mockingbirds.

For a few days only you can get a group picture at half price. M. S. Lusby.

County Court Adjourns.

After trying one minor civil case this week county court adjourned for the term, having had the lightest work to do that has been on the dockets of that court for many months. Every case was cleaned off the criminal docket which means that the three cases which were on that docket were disposed of. There remains very few civil actions in that court and unless a number of cases are filed between now and the time for next term, county court in the new court building will not amount to much.

Notice of Meeting.

A series of meetings will begin Tuesday evening, July 13th, under the management of the Christian church, conducted by the evangelistic team of Reavis and Robertson. The Rev. B. G. Reavis of Elsberry, Mo., is an evangelist of great power which is attested by the fact that he has time to respond only to a few of the calls from the evangelistic field, and when once had in a meeting is always wanted again. He is a man of strong personality, of deep conviction and of sterling Christian character. His argument reaches the intellect and his intense love, yea passion for souls, reaches the heart.

W. W. Robertson of Clark, Mo., is an excellent leader of song. Suffice to say that he is a worthy co-worker with the noted evangelist.

"By their fruits ye shall know them." Below is inserted a sketch from the Center Herald of Center, Mo., at which place a meeting was recently held.

"The Reavis-Robertson protracted meeting at this place after continuing for three weeks came to a close Sunday night.

Bowling Reavis, yet a young man in full vigor of life, with an earnestness of heart and purpose that but few men put in their work, preached a series of the most forcible and notable sermons ever heard in this part of the state beside which Sam Jones' sermons are freaks. Reavis indulges in no abuse. His admonitions to the professed followers of Christ to make good on all the requirements of a Christian are as needful as strong and apt as his plea to the sinner standing on the outside of Christ to abandon his ungodly life and come out under the banner of God for his own, his community's and his country's good. He has no word of censure for the poor misguided wretch whose opportunities in life have been limited. He shows to all from the divine word the bountifulness of God's love and mercy. He came among us a stranger and left everyone his friend. He left admirers among those who thought to hate him for disturbing the pleasant day dreams of their careless, easy going lives. He forced respect with the truth just like the truth will win respect from all and everyone who has planted in his heart the elements of honesty and good citizenship. His Sunday evening address to men, his appeal to them in and out of the church to stand up for and do the thing that men are expected to stand up for and do was sublime and met with a hearty response. We were indifferent when he came, we were interested while he stayed and regretted to see him leave.

The song service led by the singer W. W. Robertson of Randolph county was, to us the slang phrase of the street, worth the money. The splendid music was much enjoyed by our people."

A very successful meeting is drawing to a close in our city, but one of so short a duration is unable to reach the many scores of people who are unsaved. "In union there is strength" which has again been proved by the recent meeting. We here invite and earnestly pray that Christian people of all religious bodies will unite with us in a mutual campaign against sin, and as co-workers to be instruments in the hands of our Master to aid in bringing about the salvation of many precious souls.
J. J. HUTCHISON, Pastor.

Misses Robertson and Miss Tubbs of Lubbock and Miss Earne of Austin are at the home of Mr. and Mrs. W. O. Bennett during the convention at the Christian church.

Marcus Clark of Amarillo was looking after business matters in this city Wednesday.
Read the editorial about the bond issue in this paper.

Misses Robertson and Miss Tubbs of Lubbock and Miss Earne of Austin are at the home of Mr. and Mrs. W. O. Bennett during the convention at the Christian church.

The Weather Report.

During the past week we have been having unusually warm weather for the Plains country, many claiming that it was the warmest for nine years, but there have been occasional showers over the country. Yesterday afternoon a heavy rain came up at Canyon City and lasted for over an hour with indications that the rain extended all over the county. Last night a slow, gentle rain began about nine o'clock and lasted throughout the night and this morning when we go to press it is still raining. The rain last night appears to be general for at least a number of counties surrounding Randall.

Happy Happenings.

Born to J. B. Christian and wife, July 1, a girl.

Mr. Malcolm and wife of Champaign, Ill., are visiting his brother, Otis, and family, of Happy.

Oscar Edwards is working at the Woods Mercantile Co.

The carpenters have finished their work on Mr. Winberger's new home and Mr. Winberger will move into it the first of the week.

Mrs. J. B. Gamble of Canyon is here visiting this week.

Mr. White, of the Happy Hardware Co., spent Wednesday in Canyon.

M. McManagil went to Amarillo Tuesday.

J. McElroy of Hot Springs, Ark., is visiting his brother, Dr. McElroy here.

H. Klein returned Thursday from a few days visit at Plainview.

H. M. Baggarly's new residence is completed and is ready for occupancy.

I. O. O. F. will install their new officers Thursday night, after which they will give a banquet.

K. M. Bates' residence is completed and he will move in soon.

Mrs. A. C. Hodge of Tulsa is visiting in Happy this week.

The foundation for the new postoffice is completed and a force of carpenters are at work on the building.

S. Hutchins, one of the carpenters working on the postoffice building, is reported as being very sick.

Mr. Johnson, dentist, will be found at Dr. McElroy's office ready to do all kinds of dental work.

A. E. Hastler, brother-in-law of Otis Malcolm, of Chicago, Ill., is visiting Mr. Malcolm and family.

Swisher-Brisco County Medical Society met in Happy this week. Those in attendance were: Drs. D. M. Stewart and H. V. Reeves of Canyon; Drs. Barnes, Wilburn, Dye, Hartsook, Shoemaker and Wolford of Tulsa and Dr. Bell of Silverton.

Unbarger Notes.

W. B. Williams returned Sunday from Dallas where he has been visiting his daughter, Mrs. J. Morris.

Miss Merle Conrad visited friends here Tuesday and Wednesday.

The first installment of books for the Unbarger School Library was received Monday. This is the only county school to, thus far, start a library.

Two car loads of lumber were received at the lumber yard here Monday. Unbarger receives quite a large amount of freight. There is a great need of a depot and express office.

The Fourth was celebrated quite quietly here.

Misses Cage and Hopkins and Mr. Slaughter attended the revival services in Canyon Sunday.

Henry Beckman and family spent the Fourth with Tom Lester and family.

John Eling and sister, Miss Jennie, were Canyon visitors Saturday.

B. G. Garmon attended revival services Sunday.

Notice of Depository.

By virtue of the authority vested in the Board of Trustees of the Independent school districts as set forth in Section 154a of the laws of the Thirty-first Legislature, relating to the election of a treasurer for said independent school districts making it the duty to advertise for bids and select as treasurer for the scholastic year beginning September 1, 1909, and ending August 31, 1910, that person or corporation who offers the best bid of interest on average daily balances. The bond of such treasurer must be in "double the estimated amount of receipts coming annually into his hands."

Under the above provisions and restrictions the Board of Trustees of the Canyon City Independent School District, will receive bids until the 10th day of July, 1909, when such bids will be opened and the person or corporation offering the best bid of interest will be selected as such Treasurer, subject to the condition that the Board reserves the right to reject any and all bids that do not strictly conform to the provisions of the law.

F. M. WILSON, Pres.
CYRUS EAKMAN, Sec'y. Board of Trustees, Canyon City Independent School District. 13 3c

Election Order.

WHEREAS, the City Council of the City of Canyon City, Texas, deems it advisable to issue bonds of said city for the purpose hereinafter mentioned:

THEREFORE, it is hereby ordered by the City Council of said City that an election be held on the 15th day of July, 1909, at which election the following proposition shall be submitted:

Shall the City Council of the City of Canyon City, Texas, be authorized to issue the bonds of said city in the sum of Twenty-five Thousand (\$25,000.00) Dollars, payable in forty years after date, with option of redeeming them at any time after twenty years from date, bearing interest at the rate of five per cent per annum, payable annually, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of constructing and equipping a waterworks and sewer system, within the limits of said City.

Said election shall be held at the New Court House in Canyon City, Randall County, Texas, for Wards No. 1, 2, & 3, of said city, and the following named persons are hereby appointed as managers of said election: E. A. Upfold, shall be presiding judge, J. F. Hood, shall be assistant judge, S. A. Shotwell, shall be a clerk and I. L. Van Sant, shall be a clerk of said election.

Said election shall be held under the provisions of Chapter 149, Acts of the 26th Legislature, Laws 1899, and duly qualified voters, who are property taxpayers of said city, shall be allowed to vote, and all voters, desiring to support the proposition to issue bonds, shall have printed on their ballots the words "For the issuance of bonds" and those opposed shall have printed on their ballots the words "Against the issuance of bonds." The manner of holding said election shall be governed by the laws of the State regulating general elections.

Your Supplies

are matters that interest you very much just at this time. We are in a position to offer you some exceedingly low prices in the lines of goods which we handle. Our expenses at Umbarger are small and we can therefore sell on a closer margin than other people.

Dry Goods

Particular attention is called to the prices on our dry goods, shoes, hats and all kinds of wearing apparel. They are well worth investigating.

Groceries

Our good stock of things to eat, bought at the right time and at low prices, gives us an opportunity to save you money which you musn't miss.

Hardware

If you are in need of anything in this line let us show you our line and name the price. You will buy.

It is our intention to keep what you need and sell it at a low price. Come to see us.

Paul M. Will

THAT BOND QUESTION.

The News is always glad to discuss matters pertaining to the interests of the citizens of Canyon City and Randall county. It is not the intention of the editor to arise the ire of any person whatsoever but desires to discuss these matters from a fair standpoint and with justice to one and all.

Just at this time the interest of the people of this city is centered upon the outcome of an election which is to be held on the 15th instant to determine whether or not a series of bonds in the total sum of \$25,000 shall be issued by Canyon City for the purpose of installing a water and sewerage system for the city. The extent of the system has been heretofore given in these columns and we have in this office a plat showing an outline of the systems so that it is not necessary to take the space for a further description of it at this time.

In another column of this paper is printed an article from Judge George A. Brandon of this city who is opposing the measure and as we judge that he has been discussing the matter with others in this city we are confident that his objections represent the objections of those who are opposing the measure. But be that as it may, we desire to discuss the article from Mr. Brandon.

In the first place he gets off of the main subject when he takes to task the officers of the city for the non-enforcement of the laws of the city. All these laws should be enforced but no officer can enforce all the laws without the assistance of the people of this city. In a portion of an address at a meeting called to discuss this matter some time ago and by intimation in his article here referred to, Judge Brandon called attention to what he considers the "notable laxity in the enforcement of the sanitary laws of the city." In his article he states that the editor had agreed to show those who were not informed about some of the out-houses of the city and this latter the editor stands ready to do. According to all arguments brought forward by Judge Brandon and the opponents of the sewerage system the main objection is that the sanitary ordinances now in existence and those which will have to be passed governing the houses which will be situated so that they might have sewerage connection, would not be enforced. In his

article Judge Brandon only claims one other objection and that is the question of the water supply which we will discuss later in this article. Referring to the question of enforcement of the sanitary laws, the News man wants this question forever settled and he here and now makes a proposition which is open to Judge Brandon or ANY CITIZEN of Canyon City and his proposition is this:

If the person complaining of the enforcement of any sanitary ordinance will convince the editor that the sanitary law is being violated, the editor will go before the officers of the city with the person complaining and will sign complaints against those who are so violating the ordinance with the persons complaining. And the editor will go further. In connection with the complainant, if the officers of the city do not take action upon the complaints signed by the editor and the complainant, the editor will pay one-half of the expense of the proceeding necessary to oust such officer from his official position, the other half to be paid by the complainant. Furthermore the editor will pay one-half of an amount to secure the services of extra attorneys should that event be necessary to prosecute the violators of the sanitary ordinances of the city. By this method we shall see if the complainants are willing to come forth and express their troubles and with the editor bear the blame. If there is so much violations we shall thus be enabled to stop them whether or not we shall ever have the sewerage system. We shall at least improve the present conditions. This proposition is open to all comers and the editor will go with any person to investigate any alleged violation. This "holier than thou" sentiment should be overcome and the way is now open. Prosecutions for violation are open against any violator be he mayor, alderman or private citizen.

The editor does not make this proposition in a spirit of braggadocio but desires to see that justice to all may be done and there is only one way and that is to see that all people regardless of rank shall obey the requirements of this city ordinance. But to get back to the original proposition. To say that the laws are not enforced does not in the least invalidate the propriety of the protection of our lives and property. The necessity is even more great under such conditions and certain it is that if the closets of this city were connected with sewers there is far less likelihood for disease as under sewerage connection the tiles are absolutely fly proof. Now as to the water supply the editor would really like to tuck his head in shame. We have so continuously, as a whole people, bragged about our "abundant water supply at a shallow depth" that it is a wonder to the editor that any person should even propose such an objection. At almost any place in the city fine wells of water at a shallow depth may be had. In fact almost every house in the city has its well and fully seventy-five per cent has its windmill and tower tank. Whenever a stool is used there will be required for flushing purposes not over four gallons of water. The amount to be used in bathing depends upon how much a person bathes of course.

Mr. Brandon's main objections to the water proposition is that in case the sewers become clogged the available water for cleansing out the sewers could not be had. The largest proposed main, fifteen inch, can be readily flushed with 2000 gallons of water while the smaller mains may be flushed with 500 gallons. The system proposed provides for lampholes at every street crossing so that in case the sewer should become clogged in the

smaller sewers an application of 500 gallons of water at the lamphole just above would flush the stoppage out. This can readily be applied by the use of the fire engine and the hose now belonging to the city and that within a very few minutes after the stoppage is announced. The hose which is now owned would reach every lamphole in the entire system.

Referring to the amount of water again. Waterworks pressure from a high tank has nothing in the world to do with the flushing out the waste from a house into the main. The water in the reservoir does this and a barrel full of water connected with the flushing tank would do just as much good so far as sending the refuse into the mains as a 100,000 tank attached to each inlet. Any arrangements for the putting of water into the flushing tank is all that is necessary. A trip over the city in that part which will be reached by the proposed sewerage system fails to reveal many blocks in which there are residences in which there is not an elevated tank. Practically the same amount of piping which it would take to connect with waterworks pipes in the streets would connect from these raised tanks with the sewerage system.

No city can ever hope to reach every residence within its confines by any system of waterworks and sewerage which they could install after the town has been built up. The start must be made at some time and the sooner the better as it will tend to make the building up of the town more close which is very desirable in a town that ever hopes to amount to anything.

In a conversation with the editor recently one of our citizens said that the stench from the city did not effect him at home except when the wind was from the east bringing the fumes from the town towards his house when he could hardly stand the smell. This is the position that we desire to overcome and there is only one way to do so and that is to put in the system and make everyone connect with it. You may prosecute violations of the sanitary ordinances as much as you please but the refuse left on top of the ground will still smell—and always will until proper arrangements have been made to carry it off as it is placed there.

Mr. Brandon refers to the system at Hereford. In the first place that system was installed with the direct intention of having flushing tanks which do automatic work and therefore requires a system of waterworks to keep the large flushing tanks filled. The system proposed here is the only successful system now being installed in the country, every large city in the United States which is furthering their sewerage systems, using the systems WITHOUT the flushing tanks which are known to be a nuisance. In addition it is a fact that at Hereford proper attention was not paid to the laying of the sewerage mains there being places where the mains are higher in altitude than the point of origin and of course it could not be a success. The water would not flow by gravitation up hill. This condition would not be met here for it is a fact that the drainage of the town is so great that the sewerage engineers will have to take measures to keep the mains from flowing too rapidly.

As to the editor being ignorant of the city ordinances, it makes no difference when discussing the matter as to the present city ordinances has not one thing in the world to do with the conditions of the city AFTER sewerage has been installed. If the people want the present ordinances executed they now have a way to have it done and the editor will take half of the blame.

Mr. Brandon winds up his ar-

ticle by acknowledging that the sewerage would be a fine thing for the town thus acknowledging our position but bases his objection to the point on the non-enforcement of the present ordinances—and the scarcity of water. It remains for the citizens to help in enforcing any and every law of the state, county and city and if the officers then don't do their duty, impeach them. We have laws to that effect.

This city was incorporated primarily for the purpose of helping the sanitary conditions of the town and in the main it has been successful. At least the conditions have been benefitted and with the help of the citizens as outlined in this article we shall soon have a clean town whether we have bond issue for sewerage or not. There is something going to be doing right here in Canyon and if you are looked after by the officers don't blame the News man. Something has got to be done and the "smelling committee" may be out looking after you at any time.

Comes Back At Us.

Editor News:—
In your issue of last week you score rather heavily those "fer-ninst," as you express it, the proposed city sewerage bond issue, and in the same article, under the general head, "health and sickness," contending that said sewerage system as proposed would materially advance the healthfulness of the town, you make use of the following language, to wit: "If you doubt that some of the outhouses of this city are filthy, just come and take a look with the editor. He will show you something that will amaze you if you have not investigated."

It is possible that you, friend Terrill, are ignorant of the fact that we have a city ordinance regulating such matters and that there is a severe penalty provided therein for just such a state of affairs as you describe. And if you do know that such is the case and imply, as you clearly do, that such ordinance is not and will not be enforced, how are we to know that a city sewerage system, which must also be regulated by city ordinance to be of any use whatever, will be attended to in any better manner?

In the above the News has made a serious, a very serious charge against the city government—that of criminal negligence including a wilful disregard of the lives of our citizens in its failure to punish, as the city ordinances direct, those who, without the fear of God, Mayor Haney or the lesser city officials, are so openly and so notoriously treating with contempt the powers that be. These charges alone, proven as above stated by our local newspaper, are sufficient reason within themselves for opposing the contemplated city bond issue for, why should the people trust further a city government which, as the News in substance shows, is criminally careless of its primary duties? But there are other reasons for being "fer-ninst" this bond issue.

It is now a generally accepted fact that to make a sewerage system a success you must have a waterworks system in connection with it. The writer is aware that it has been and is now contended by some well meaning people that private waterworks such as are common here, at Hereford and at other Plains towns, will operate sewers. This Hereford tried to the tune of \$25,000 and Judge Gough of that place, in a letter to the writer says: "This system I think is a failure." (Those interested, by calling at my office, can read this letter.) Having gone in that much and got nothing Hereford is now spending another \$25,000 to put in waterworks to operate her sewers. This we cannot do as the present proposition, \$25,000, for us, goes the limit. In other words, hit or miss the law, the

proposed first bond issue used up, prohibits us issuing more. The question then arises, why should we go the limit on what others have shown to be at best a decided uncertainty?

But it will be said that the Canyon City \$25,000 proposition includes waterworks. Does it? Well, yes. It provides for one main running from about the ice and light plant south to either Houston or Evelyn street and thence down and around the public square, and, fellow citizens, that's all. This one line, as Mayor Haney explained to the writer a few days ago is to be supplied by a standpipe, either kept full by said light company under contract with the city, or by suitable power plant furnished by the city itself and is to be used mainly for FIRE PURPOSES. When questioned as to how the remote sewers would be flushed, if at all, he informed the writer that hose might be used, or perhaps the new fire engine pumps. This, as the writer sees it, is impracticable if not absurd.

And now, dear News, please do not include the writer as "of the parsimoniously inclined who does not want this town to grow" for how could we run another print shop here, provided our mind inclined that way, unless the town did grow some more? And again, do not stand the writer with those who have not investigated. He has investigated the plans carefully and sought information from all reliable sources, both in the town and out of it and has come to the conclusion that the present proposition, if carried and he supposes that it will carry, the News ranging all its guns on that side, can only result in disastrous failure. A good sewerage system with proper regulations strictly enforced, is a fine thing for any town; would be for Canyon City and if the writer could only believe or have reason to believe that the proposed city bond issue tended in that direction he would unquestionably work and vote for it, but conscientiously believing otherwise he is, as you so kindly and considerately express it, "fer-ninst" the measure.

With the kindest feelings toward those who differ with me on this important question, I am,
Yours truly,
GEORGE A. BRANDON.

THEY'RE TALKING ABOUT US.

The special edition of the Randall County News is an issue of which our friend Terrill may well feel proud. Printed on plate paper, illustrated by well printed halftones that carry the reader from the beginning of Canyon City down to now, the paper is as good as could be asked from any town and it is one of which Canyon and Editor Terrill may well feel proud.—Denton Record & Chronicle.

An illustrated edition of the Randall County News, published

at Canyon City, has reached the desk of State Press, and has duly impressed him not only with the present and future of Randall county, but with the enterprise and ability that underlie such a paper. It is printed on calendared book stock, contains twenty-eight large pages, and is as handsome a piece of newspaper printing as ever came out of the West, which is saying much.—Dallas News.

The special edition of the Randall County News, published at Canyon City, is in many ways a remarkable paper. It contains twenty-eight pages, is printed on heavy, super-calendared book paper, is beautifully illustrated and full to the brim with solid facts about Randall county, told in a very interesting and captivating manner. To read it cannot fail to inspire one with an eager desire to move West and settle in Randall county. Hats off to Editor Terrill and the splendid county which makes such newspaper enterprise possible by appreciating and supporting it.—Fort Worth Record.

One of the best booster, or illustrated editions ever put out came to our desk this week from the Randall County News, published at Canyon City. It contains 28 pages of illustrations and splendid reading matter. It is indeed a thing of beauty.—Wheeler County Texan.

Judge Buie Departs.

Some time ago it was announced that Judge B. Frank Buie had retired from the active practice of law in this city and that he would take his family to Corpus Christi where he expects to make his future home provided the climate suits himself and his family. This announcement was received, at that time, with a great deal of regret by practically every citizen of the county as he was one of the best known citizens that the county has ever had. He has for years been active in the practice of law and in working for the advancement of the interests of the city and county. His financial success had been such that he was enabled to retire from hard work and he is now seeking a much needed rest. The people of this city and county will miss the Judge and his estimable family and will rejoice should he decide to return to his old home here. He still retains a large landed interest in the county and says that he has left things so that he can return should he decide to do so, a consummation devoutly to be wished.

A. S. Rollins went to Amarillo yesterday to attend a conference of the Methodist churches of the Plains.

Blacksmith Too.

To the Citizens of Canyon City, Texas.

I once more beg you to listen with patience to some very plain talk. I do not believe that argument will have any effect and I shall therefore simply state facts which are, or at least should be, patent to every reasonably intelligent person.

1st. We, as a city, are far behind any other on the plains with as many as two thousand people residing therein, and unless we do some things, that every sensible man knows ought to be done, our population will continue to decrease week by week as it is now doing, and within the next twelve, twenty-four or thirty-six months, we may reasonably expect to be reduced to twelve or or fifteen hundred, and even that number will be too large to make a legitimate support for themselves and those dependent upon them

What can we, among various other things, do? We can install a water supply and stand pipe and mains down through the town, sufficient to protect the property and homes from devastation by fire, of seventy-five per cent of our residences and all of our business property, and also sewerage through five of our principle alleys with septic tank at the outlet sufficient to protect the health and good water of at least ninety per cent of our population, and these systems may be extended, as the future-growth of our population may justify. These things are the paramount issues with Canyon as a city today. The Ice and Light Company will supply all necessary water at lower rates than we can pump it, and thus secure to it needed patronage. Do you want it to go dead?

Many of you are talking about and seem to be hoping that we can secure the location of the State Normal at this place, but all such talk and hope is absolutely ridiculous unless you have the patriotism with the common sense and decency to protect yourselves and others that are to come against the inevitable destruction and disease that are sure to follow without such improvements, and we ought not to stultify ourselves and reflect upon the intelligence of the board who are to locate the said school by asking them or expecting them to locate such a State institution in this city, unless we have done or are doing the work above named. Within ninety days from this date, if we vote for the issuance of the bonds, (\$25,000 forty years to run bonds) we will turn loose and pay to the various classes of workmen in this city at least \$12,000, three-fourths of which will find its way directly into the pockets or tills of the business men of various kinds and the system named will be complete, and still your low rate of taxation and property valuation for taxes (both of which is the lowest of any city in the State) will not be raised, and the small interest and sinking fund you pay on the bonds will be met without materially increasing your taxes.

Do you want to keep laboring men in your midst? If so vote for the bond issue. You will get seventy-five percent of their money, if they remain here. Do you want to drive the laboring men from your city? If so vote against the bonds, and they and many others who do not labor in the ordinary acceptance of the term will leave here. Your town is now being deserted

daily, because they can get no employment, and many of you business men will soon have to leave, because they will get no patronage, unless they do things worth while to the city. I would be glad for some of you to estimate and take an account of the people who have left this place within the last few weeks, months and years and find out why they left.

Has the scarcity of labor at reasonable pay, steady employment, the high prices and want of competition in merchandise, and no interprises with monthly pay rolls, got anything to do with our rapidly declining condition of the city? You are now near the danger line of an epidemic of disease of more than one type and you surely know that the excrements, dish water, bathing (if you bathe) and other filthy refuse, are going into your present good water below. There is no obstruction and the ground below us is perforated with many dog holes through which all this filth is percolating into and poisoning the water of your wells, and the filth and refuse of even the two thousand people we now have here will so poison and fill your water with disease germs, that no reasonably intelligent person, with any regard for health, will desire to live here.

Think of the waste and dish water from hotels, boarding houses and such places, and the breeding of flies at all the filth deposits. Who can run or would build, with the expectation of patronage, a hotel, without sewerage? Who would want to stay over all night where the people have no regard for sanitation? The scavenger wagon and fly fattening process of jaggging a part of the filth and refuse thru the town once a month, may be fairly good for the business of an undertaker or scavenger, but it is neither healthful or appetizing to enlightened and decent people at this period of civilization.

When the preachers warn you that unless you mend your ways and spiritual condition you will go directly to hell, you properly applaud and pay them. If I warn you of your temporal condition and danger will you kick me? If so put on your best boots and go at it. Since I came here I have ever had and now have, but one main ambition, object and desire and that was and is to aid in making this city much larger, cleaner and better in its temporal affairs, but I am mollified to confess that when I inaugurated and was just in reach of the accomplishment of one enterprise, which would have put and kept this city ahead of Amarillo, a few of the very "leading citizens" of the town, deliberately spit upon me and through their ignorance and prejudice sidetracked and buried the enterprise beyond the hope of resurrection. Now do likewise with this smaller enterprise if you will be controlled by such sentiment. If penuriousness, prejudice, ignorance or any other consideration can induce you to continually retrograde, it is now up to you to take a fresh downhill pull by voting no bonds. Three thousand dollars of your money has been invested in fire fighting outfit, consisting of engine and hose, etc. You have a magnificent fire brigade organized by your noble boys but all this is useless unless water is provided with which to fight the fire when it will occur. When a

system of tanks scattered over the town was suggested, as a means of water supply, with almost one accord you wisely said, "give us a stand-pipe and mains." At the next breath many said, "give us sewerage mains and if no sewerage to protect our health, we care little for the fire protection." Then some of the owners of vacant blocks and additions with occasional occupant or a cabin in the far outlying districts, says, "if you can't put it past my house first I am against it." Will the majority of our people be controlled by such rot? Even Lampasas knows more now. With all your natural advantages both Umbarger and Happy are destined to have three thousand population before Canyon City does, unless you do something worth while. Watch and see.

You have not a decently worked public road leading to your city, for even a few miles into the country. You have no commercial club or other programs for getting the business men together, and doing things for the good of your city. The only institution you have that is aiding in promoting the interest of your city, is a live newspaper, with a red hot editor, but he alone can not build a city. The people must do some things. Come alive and vote for the bonds on the fifteenth of July and grow or vote against them and go dead and stay dead, for if you turn these matters down there is no hope that you will ever favor anything else that will be of any account to your city.

Respectfully,
JASPER N. HANEY, Mayor.

Chamberlain's Colic, Cholera and Diarrhoea Remedy the Best and Surest.

"It affords me pleasure to state that I consider the preparation known as Chamberlain's Colic, Cholera and Diarrhoea Remedy the best and surest of good results of any I have ever used in my family," says P. E. Herrington, of Mount Aerial, Ky. This is the universal verdict of all who use that remedy. Its cures are so prompt and effectual that people take pleasure in recommending it. For sale by City Pharmacy.

Progress in Cuba.

With the beginning of the present fiscal year the Republic of Cuba established a Bureau of Information, President Gomez appointing Leon J. Canova, an American newspaper man, who has resided in Cuba eleven years and has a wide acquaintance with the Island, as its director.

Parties wishing information of any nature concerning Cuba can obtain same, free of charge, by writing to Leon J. Canova, U. and I. Bureau, (Utility and Information Bureau,) Department of Agriculture, Commerce and Labor, Havana, Cuba.

Bad Drinking Water a Common Cause of Sickness.

One of the most common causes of sickness is bad drinking water. In some parts of the country shallow wells are the principal source of supply, diarrhoea is quite common, and Chamberlain's Colic, Cholera and Diarrhoea Remedy in demand. One or two doses of this remedy will check the attack and prevent any serious consequences. This remedy is for sale by City Pharmacy.

Rev. J. D. White, formerly pastor of the Christian church of this city but who is now located at Clarendon, is in the city in attendance upon the convention at the Christian church.

Bowel Complaint in Children.

When six months-old the little daughter of E. N. Dewey, a well known merchant of Agnewville, Va., had an attack of cholera infantum. Chamberlain's Colic, Cholera and Diarrhoea Remedy was given and effected a complete cure. This remedy has proven very successful in case of bowel complaint in children and when given according to the plain printed directions can be relied upon with perfect confidence. When reduced with water and sweetened it is pleasant to take, which is of great importance when a medicine must be given to children. For sale by City Pharmacy.

Miss Luna Hitchcock left Wednesday afternoon for West Tennessee, Ohio and Virginia where she will visit for several months. Misses Mollie and Wista Hitchcock, her sisters, accompanied her as far as Amarillo, returning that afternoon.

Proper Treatment for Dysentery and Diarrhoea.

The great mortality from dysentery and diarrhoea is due to a lack of proper treatment at the first stage of the disease. Chamberlain's Colic, Cholera and Diarrhoea Remedy is a reliable and effectual medicine, and when given in reasonable time will prevent any dangerous consequences. It has been in use for many years and has always met with unvarying success. For sale by City Pharmacy.

R. B. Burrow spent last Sunday in Hereford. He doesn't report whether the trip was made on account of business or pleasure.

Terribly Scalded

is something we hear and read about every day of our lives. Burns or scalds either slight or serious are bound to happen in your family, be prepared by having a bottle of Ballard's Snow Liniment handy. It relieves the pain instantly and quickly heals the burn. Sold by Thompson Drug Co., The Leading Druggists.

Let Garrison, Davis & Co. write your fire insurance. They represent strong, substantial companies.

Mrs. William Jones of Tulsa was visiting at the home of I. N. Hicks in this city this week.

Church Ladies Entertained.

In order to promote acquaintance among the ladies of the Presbyterian church of this city, these ladies were entertained at the home of Mr. and Mrs. James Winkleman in this city last Thursday, the hostesses being Mesdames Winkelman and W. D. Scott. The afternoon was spent in social conversation and in getting acquainted one with another. An impromptu program was also rendered after which an ice course was served by the hostesses. The guests departed thankful for the success of the entertainment and wishing for a speedy return of such an event. A free will offering was taken for the benefit of the ladies' aid society.

Dr. Schwartz, who has been here prospecting for some time, left Wednesday for Canadian. Mrs. Schwartz will join him there soon.

A Millionaire's Baby

attended by the highest priced baby specialist could not be cured of stomach or bowel trouble any quicker or surer than your baby if you give it McGee's Baby Elixir. Cures diarrhoea, dysentery and all the derangements of the stomach or bowels. Price 25c and 50c a bottle at Thompson Drug Co., The Leading Druggist.

Miss Emmie Bowyer, who has been in charge of the millinery department of one of our local dry goods stores for the past season, left last Sunday for her home at Lannus, Mo., where she will spend the summer.

A Golden Wedding

means that man and wife have lived to a good old age and consequently have kept healthy. The best way to keep healthy is to see that your liver does its duty 365 days out of 365. The only way to do this is to keep Ballard's Herbine in the house and take it whenever your liver gets inactive. 50 cents per bottle Thompson Drug Co., The Leading Druggists.

Mr. and Mrs. J. A. Currie of the Ceta community were in town Wednesday taking advantage of some of the special sales now being given by our local merchants.

A Contented Woman

is always found in the same house with Ballard's Snow Liniment. It keeps every member of the family free from aches and pains, it heals cuts, burns and scalds and cures rheumatism, neuralgia, lumbago and all muscular soreness and stiffness. 25c, 50c \$1.00 a bottle at Thompson Drug Co., The Leading Druggists.

H. E. Bechtel and daughter, Miss Susan, of Happy were in the city Wednesday on a shopping expedition.

Suits, fancy vests, ties and ladies skirts cleaned by the French dry cleaning method. Phone 216.
