

ELECTRIC LIGHT FRANCHISE PASSED

PROVIDES FOR ALL NIGHT SERVICE BY THE COMPANY.

Franchise Will Extend For Term of Twenty-Five Years—Future Lines in the Alleys.

The city council last Friday afternoon passed a franchise for the electric light company which was acceptable to the company. The franchise is given to L. T. Lester, L. E. Cowling and Associates. The franchise is to continue for a term of 25 years.

It is provided that at the end of 15 years the city of Canyon has the right to buy the plant, or at the end of each 5 years period after that time the purchase may be made.

The franchise makes all bills for lights due on the first of each month and if they are not paid by the 10th the company may discontinue service and a charge of \$1 be made for the reconnection of service. The company may demand a deposit of its customers.

The company cannot be required to extend service wire where it does not pay \$6 per month for every 380 feet.

Provision is made that grantees shall furnish service beginning one-half hour before sunset and continuing until one-half hour after sunrise. It is reported, however, that an agreement was made between the manager and the council that this will not be put into effect until the company has had time to put in more city lights.

The minimum charges as set by the franchise for lights are as follows:

- Arc lights, \$15.
- Incandescent lamps, business houses, first lamp \$1.50.
- Incandescent lamps, business houses 2nd and 3rd lamp 75c.
- Incandescent lamps, business houses 4th and 5th lamp 50c.
- Incandescent lamps, business houses over 5th lamp 45c.
- Incandescent lamps residence, first lamp \$1.50.
- Incandescent lamps, residence, 2nd and 3rd lamps 75c.
- Incandescent lamps, residence, 4th and 5th lamps 65c.
- Incandescent lamps, residence, 6th and 7th lamps 50c.
- Incandescent lamps, residence, over 7th lamp 40c.

"Incandescent lamp" shall mean a 16 candle power. The meter rates are set at 18c per kilowatt hour. The minimum bill shall be \$2, but if paid before the 10th a discount of 25 per cent will be given.

The city will be furnished free of charge four 250 watt tungsten lamps. The city is to maintain 37 street lights to be paid at the rate of \$1.50 per month each. They are to be 60 watt tungsten.

Deals in Dirt.

Motion G. Selover and H. W. Selover to J. Wesley Johnson, all the northwest quarter of section 278, certificate 281, block M 6.

A. W. Montgomery to A. R. Holcomb, lot 2 in block 1 in Canyon, Texas.

D. W. Wallace and M. J. Wallace to R. E. Foster lot 13 in block 39 Canyon, Texas.

J. B. Gamble and wife to Homer D. Gamble, south one half of survey 49 block M 8 A. B. & M. land.

Help in getting all the improvements of the year.

ONE CASE IN COUNTY COURT.

Indictment Quashed on Motion of the Defendant—Jury Dismissed For the Term.

County court proceedings have been very quiet the past week. Only one case has been up for trial, namely, State of Texas vs. Gustav Engle. The defendant has been indicted by the grand jury on the charge of working on Sunday. On motion of the plaintiff the indictment was quashed.

The jury drawn for the term was dismissed Tuesday. Only minor matters are yet to be tried at this term of court. Judge Scott has been ill most of the week.

Some Cold Weather.

A storm from the north struck Canyon Sunday noon and for a few days gave us some mighty cold weather. The thermometers over the city registers all the way from zero down to 15 below, relying on how cold the observer was when the observation was taken. At any rate the cold snap provided work for the plumbers as many pipes were frozen up all over town and many of them bursted. The coal man was also in his glory.

Married Saturday.

Miss Minnie Shotwell and S. M. Francis were united in marriage Saturday afternoon by Justice Redfean. Miss Shotwell is a well known young lady of Canyon and has many friends who will wish her a happy wedded life. Mr. Francis is from Amarillo. They left Saturday on the evening train for Amarillo where they will make their home.

Stove Blown Up.

The cook stove in the Dr. J. M. Black home was blown up Monday morning, causes from frozen pipes in the reservoir. A hot fire was built by one of the boys before the freeze had been discovered. Mrs. Black was working about the stove, but fortunately was called into the adjoining room just before the explosion occurred. The stove was wrecked and the woodwork damaged to some extent.

Nice Watch Party.

Mr. and Mrs. John Guthrie entertained Saturday night from 9 to 12 at a watch party. "42" was the game of the evening. Refreshments of chocolate and fruit cake were served at 10:30 and as the clock struck twelve, bringing in the new year, a nice breakfast was served. Each guest wrote some resolution for the new year. Holiday color schemes were very strikingly used.

New Year Dinner.

Mr. and Mrs. R. A. Terrill entertained a few friends Sunday at an informal New Year dinner. Those present to enjoy the turkey besides the boarders and immediate family were: Mr. and Mrs. Ingham and children, Mr. and Mrs. Bennett and children, Mrs. Wray and children.

Girls Exclusively.

Misses Lena Wade and Carrie Quirk entertained a number of the young ladies of the town Friday night at the Travis Shaw home. "42" furnished the amusement of the evening while a number of musical numbers were rendered by the guests. Refreshments were served during the evening.

MR. HILL AGAIN PREDICTS HARD TIMES. ONE OF THESE DAYS HE'LL STRIKE IT RIGHT.

—McCutcheon

DIED TUESDAY HEART FAILURE

C. I. MONTGOMERY, OF CETA, PASSED AWAY SUDDENLY.

Was a Resident of the Panhandle of Twenty Years—Very Highly Respected Citizen.

C. I. Montgomery, of Ceta, died suddenly at the home of his son, Aldin Montgomery Tuesday night at 6 o'clock. Heart failure was the cause of his death. Mr. Montgomery was an old and respected citizen of the Panhandle and of this community and has a host of friends who are sad because of his death.

Mr. Montgomery had been in apparently good health and the shock of his death was great to his family and friends. He leaves a wife and five children to mourn his death. The funeral services were held from the home of his son Thursday.

Business Building Sold.

J. H. Dunbar has sold his business building on the south side of the square to H. M. Morelock, the head of the English department of the Normal. J. F. Boitnot holds the lease on the building.

INFORMATION ABOUT PANHANDLE.

Chicago Exhibit and Advertising Getting This Country Before Many New People.

The advertising done at the recent land show at Chicago is still bringing in inquiries for information concerning the Panhandle of Texas.

With each pamphlet, a little slip calling for information on different subjects and leaving a blank space for name, was inserted. Yesterday Secretary C. K. Chanslor, of the Chamber of Commerce, received two requests, one from Chicago and the other from Hopeston, Illinois. He has been receiving two or three each day since the show. —Amarillo News.

Santa Fe Reading Room.

The Santa Fe will begin work in a few days upon the reading room as announced in the Brand some weeks ago. The one at Vaughn and Clovis, N. M., are being completed and Hereford is slated next. The building will be constructed of concrete with a pebble dash, and will be a credit to the road and town. —Brand.

Snow Sunday.

A light snow fell in Canyon Sunday about noon. The wind was blowing at such a rate, however, that it didn't lay evenly on the ground.

PROS AND ANTIS ADMONISH VOTERS

"PAY YOUR POLL TAX" IS THE SLOGAN OF EACH SIDE.

Numerous Letters are Being Sent Out Urging Importance of Paying Poll Tax.

Both saloon and anti-saloon forces are interesting themselves in the payment of poll taxes and the procurement of exemptions. Letters are being received by the press of this portion of the state, calling attention to the importance of a full payment and thus fitting the voters for an expression at the incoming election when the constitutional amendment will be submitted.

Both sides of the contention are alert and in addition to the large placards placed conspicuously about the streets, there are letters, personal admonitions, and all classes of efforts to get attention directed to the question. All realize that without a tax receipt or exemption, there will be nothing doing for a man in the coming contest.

That the struggle will be one of great magnitude, none are making an effort to conceal. The contending forces are fortifying themselves against all odds possible. They are now perfecting organization, and the meetings from the first of the year to the close of the contest will be more numerous. The situation will give ample range for the shading of interpretation of the various terms used in connection with the issue of prohibition. Those who have been in favor of local option, those who have favored state wide laws, will doubtless be given an opportunity to express that favor or disfavor some time during the incoming year, provided that they are possessed of a poll tax receipt or exemption certificate.

Normal Students Entertained.

The Normal students and their friends were entertained Friday night at the Prof. Guenther home. "42" was the chief game. Refreshments were served during the evening. The rooms were decorated in Holiday colors.

POULTRY SHOW IS ON NEXT TUESDAY

LARGE NUMBER OF ENTRIES WILL BE MADE.

J. L. Bonner, of Conway, is Judge of Show—Entries Must Be Made This Week.

The Randall County Poultry Association will hold its first annual show in Canyon on next Tuesday, January 10th. The officers have been hard at work this week getting things in readiness and a great exhibit of Randall County poultry is expected.

Judge J. L. Bonner, of Conway, has been secured for the day. Mr. Bonner is a well known judge and the fact that he has been secured will bring many poultry fanciers with their exhibits. Mr. Bonner will act as judge of the Panhandle Poultry Exhibit to be held at Amarillo the remainder of next week.

The officers wish to call the attention of the fanciers to the fact that while the entries were supposed to close on the 5th, arrangements have been made to allow entries to be made the rest of this week. It is urged that all who have not yet entered their poultry to do so at once. The membership fee is only \$1, just enough to pay the expenses of the show. As have been stated before, it is the purpose of the officers to simply get the poultry business before the people of Randall county rather than to make a paying proposition of the show.

The show room will be open for visitors next Tuesday morning at 8 o'clock. All the poultry will be in its place on Monday or early Tuesday morning. Every citizen interested in poultry is urged to come to the exhibit and see the many different varieties raised in this county.

Profitable Hens.

A reader asks us at what age a hen ceases to be profitable. This question is impossible to answer, as some hens are more profitable as yearlings, while others pay their way for several years and a profit besides. As a rule a hen's first year is her best, the second year being a close second in point number of eggs laid, with an advantage in the latter's favor of stronger chicks in case we want to hatch them. We can safely count on a hen laying fewer eggs each year after she is a year old.

Miss Black Entertains.

Miss Pearl Black entertained the Willing Workers Saturday night at a watch party. Guessing contests, a ginger bread contest and the Floral Love Tale had been provided by the hostess as amusements. The color scheme was purple and white, the class colors.

Unique Window Decorating.

The Thomas Furniture Co. had a unique window decoration this week in the form of a deathbed scene where Santa Claus was breathing his last. His clothing and various pieces of furniture were spread about the room in a very unique manner.

We wish to call special attention to the page ad of the Leader on page three of this issue of the News. Read it for some good bargains.

DO IT NOW!

The NEWS wishes to publish a complete list of all improvements made in Randall county during the year 1910. Every improvement in the way of buildings, fences, roads, wells, school houses, town improvements, etc., is wanted. Fill out this blank and send it in at once. See that your neighbor's improvements are also sent in.

THROW OUT THE LINE.

Give Them Help and Many Canyon People Will be Happier.

"Throw Out the Life Line"—The kidneys need help. They're overworked—can't get the poison filtered out of the blood.

They're getting worse every minute.

Will you help them?

Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

Will cure any form of kidney trouble.

W. R. Kimberlin, S. Main St., Altus, Okla., says: "For a long time I was in the hardware business and I think that a strain from heavy lifting was the cause of my kidney trouble. For the past three or four years my kidneys bothered me continually. Sharp pains often darted through my body and were so severe as to almost unnerve me. I could not sleep well and it did not take me long to decide that something must be done. I at length learned of Doan's Kidney Pills and deciding to try them, I procured a box. I soon found that they were helping me and after I had used one box, my trouble had disappeared. I advise anyone who has kidney complaint to try Doan's Kidney Pills in time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.

Remember the name—Doan's—and take no other.

Social and Personal Notes

The public schools are again at work.

W. D. Scott is on the sick list this week.

Have you learned to write 1911 correctly?

C. R. Burrows was in Happy on business Saturday.

Phone for sour pickles in bulk. Normal Grocery.

C. T. Word was in Amarillo Saturday evening.

Miss Neva Reynolds spent last week in Amarillo visiting friends.

A lot of fine sweet pickles in bulk at the Normal Grocery.

Dr. J. M. Black left Sunday for a business trip to Cordell, Okla.

Communion services were held at the Methodist church Sunday morning.

H. T. Shelnett returned Tuesday from an extended visit to south Texas.

Best olives on the market, in bulk, at the Normal Grocery.

Mrs. Jas. Black entertained a few friends Sunday at a New Year dinner.

It seems good to have the Normal students back after their Holiday vacation.

Miss Jessie Kreger, of Ceta, was in the city this week to spend a weeks vacation.

FOR SALE—Four room house and block west end of Canyon. Enquire at City Meat Market.

Miss Jennie Richie returned Monday from her vacation trip to Mineral Wells.

Roy Wright returned Friday from Greenville where he had spent a weeks vacation.

Miss Cage of Canyon attended the Teachers' Institute here last week.—Hereford Recorder.

Miss Nettie Cobb returned to her home in Amarillo Sunday after spending a week with friends and relatives.

The regular monthly services were held at the Methodist church Sunday night. Rev. L. A. Webb preached the sermon.

Misses Willie J. Eakman and Pearl Ditto were in Amarillo Monday night where they attended "Polly of the Circus."

Rev. M. E. Hawkins has for guests his son-in-law and wife, Mr. and Mrs. H. A. Howell, D. A. Park and Messrs. Bryson and Neil of Canyon.—Canadian Record.

There has been a great rush to the stores for 1911 calendars the past week. These put out by the stores this year are very pretty.

Many have been busy this winter gathering up trash and weeds and burning them. It is an excellent idea, but be sure the wind does not let the fire get the better of you.

T. S. Minter of the Agricultural Department of the Normal, arrived in the city Monday and will reside in one of the R. A. Terrill houses. Mr. Minter comes here from Jewett.

The trains were all late the first of the week on account of the cold wave. To the north of us it was reported that an engine went dead on the track and that two firemen were nearly frozen to death.

A local paper has for its object the publication of local news. If you are going away, or have visitors, are giving a dinner or have anything of local interest to report, call the News office. We want the news.

We hate to get down on our knees and beg people to tell us of their improvements, but it looks as if this would be necessary. We are sure that \$50,000 worth of work in Canyon has not been reported yet. SEND US YOUR LIST AT ONCE.

Buy Sensible Things for the Home

THOMAS FURNITURE CO.

East Side of Square Furniture and Undertaking

N. C. Hicks was in Happy Saturday on business.

FOUND—Some money. See J. P. Winder at First State Bank.

A daughter was born to Mr. and Mrs. I. L. Hunt, Friday, Dec. 26.

Rev. J. J. Hutchison was in Hereford Thursday and Friday of last week.

A. S. Rollins returned Friday from Greenville, where he had been to spend the Christmas Holidays.

Nine new members were received into the Presbyterian church at the services Sunday morning.

The poultry show next Tuesday will be good. Admission will be only 10c. Go and see the poultry.

C. M. Houser, of Cress, was in the city calling on friends this week. Mr. Houser was formerly of this city.

Every person in Canyon should go to the poultry show next Tuesday. You will see some mighty fine poultry there.

Fred Chapman returned Sunday to Austin, where he is attending the law college, after spending a few days at the Word home.

Miss Frankie Gober returned to Tulla Sunday after spending a weeks vacation at her home.

Mrs. Ethel Parks of Canyon is the guest of her mother, Mrs. Vandervort.—Canadian Record.

The weather moderated very much Wednesday morning. It is good old Panhandle weather once more.

A story is going the rounds that a certain young woman in a neighboring town not long ago had occasion to go away for a few days' visit and upon her arrival discovered that she had lost her watch, a small affair, which she thought she dropped on the dining room rug, so she wrote the hired girl, at home as follows: "Let me know if you find anything on the dining room floor." A few days later she received a letter from the hired girl saying: "Dear Madam, I was to let you know if I found anything on the dining room floor. This is what I found this morning: Thirteen empty beer bottles, nineteen cigar butts, five cigarette ends, fourteen blue and thirty-one red poker chips, a rat and one pink satin slipper and a merry widow hat under the apple tree near the hammock." The wife hired an auto and was home in four hours.

DON'T KEEP YOUR MONEY IN THE HOUSE

PUT IT IN THE BANK

When your MONEY is BURNED up regrets won't bring it back to you. It is very UNSAFE and it WORRIES you a whole lot to have money in your house or in a hole in the ground. Besides "looking" time after time to see if it is safe teaches people where it is and makes it very UNSAFE.

Make the "Guaranty Fund Bank" your Bank.

THE FIRST STATE BANK

Winter suits and overcoats reduced

YOU can buy now a good suit or overcoat for a good deal less than it's worth; we are ready now to "clear the decks" for the Spring business; we're starting early because we want to get through early.

We shall sell a lot of these good clothes, many of the famous

Hart Schaffner & Marx

suits and overcoats among them, at prices which represent a big saving to you. They're fine goods, as you know; they're big value at our usual prices; and just that much bigger at these figures.

TO QUIT COMPETITION.

Postmaster General Hitchcock has announced that after next January the government will discontinue the printing of stamped envelopes and recommends that the same be done by the local newspapers in every town where there is a newspaper and by special permit for the towns nearest the newspaper where a town has no paper of its own. No large town will be allowed to have a monopoly on the printing of the envelopes to the detriment of the smaller newspapers.

A uniform scale of printing will be prepared by the post office department and insisted upon or the newspaper will not be sold stamped envelopes for printing. The scale of printing will be such that a reasonable profit can be made by the office printing them. The department will also soon make a ruling that no first class mail will be allowed transmission through the mails until it has a return card written or printed thereon. The above means that the envelope printing business will take on a big boom soon, which is sure to continue.

The order relating to the printing of envelopes is a correction for an evil of long standing and against which the newspapers throughout the county have fought many years, for the reason that the price charged for the envelopes was far less than the stock could be purchased by printers and the rate charged was such that a profit on the printing could not have been made by the government. Hundreds of millions of stamped envelopes printed by the government are used annually throughout the country and the contemplated change will be greeted with pleasure by every printer and publisher who has felt the loss of the class of business.

There is too much money going for the luxuries of city life and not enough for country improvements. The cry of "back to the soil" should apply to money as well as to men. It takes the coin of the realm to improve farms, build public highways and make farm life profitable and attractive.

Love is as old as the world. When God made Adam and Eve he breathed into them the breath of life, and they became living souls, a portion of God's divine love crept in, and life began in earnest. Love and passion are not the same, for love sacrifices while passion demands. Love is willing to occupy the most modest corner of the humblest room, that the object of its affection may be the most admired of all the guests.—J. R. Ransone, Jr., in Cleburne Enterprise.

An outside paper says that Texas is getting more than her share of the people who are leaving other states to seek new realm. They say that for the last two or three years Texas has been receiving an influx of 200,000 people annually. Well, why kick on that. We have great amounts of the best land on earth which has never been cultivated. The new comer finds opportunities here which cannot be equalled elsewhere.

Every dollar of new money coming into Texas gives added value to investments already made. The money which is flowing into our state will treble and quadruple the price of land and the investor is sure of a comfortable fortune through the natural increase of land and without effort on his part.

The mossbacks are growing fewer in number every day. The grumblers are ceasing their tales of woe. The knockers are quitting their hammers and are beginning to boost. The get-together spirit is beginning to permeate the people of the towns and the result is bound to be gratifying.

An advertisement is to the merchant very much what sowing wheat is to the farmer. It may take a little time for the results to become apparent, but they are sure to come. The wise farmer is not niggardly with his seed, nor the merchant with his advertisement.

That Canyon has the liveliest and most up-to-date set of business men and merchants in this section of the state is becoming more and more known. And what is the result? One of the liveliest towns in this part of the Panhandle.

The state is blossoming with the hope that the Governors' message will widen our industrial horizon and give the state a back bone instead of a wish bone and that the 32nd legislature will do its best to make Texas the front door step of all mankind.

If Henry Clay were alive now he would not say "I would rather be right than president." According to the laws of the state of Texas a man can hardly tell when he is right and when he is wrong; and a man can always tell when he is president.

Because the city council has been lenient in regard to the sewer ordinance is no sign that they are not going to enforce it. Those who have not connected up are liable to a heavy penalty. It would be the wise thing to connect up at once.

Some people are born wealthy, some acquire it and others have it thrust upon them. The Texas property owners are now having wealth thrust upon them, as real estate values are increasing at the rate of a million dollars per day.

Improvements continue to be made in our little city. Although the amount of building is not being done at present that will be, still there is something doing all the time.

Why not carry the Christmas spirit throughout the whole year? The giving of gifts is a minor affair compared with the great revolution which should take place in the soul of each individual at Christmas time.

When you see a banana peeling on the sidewalk and a fat man unconsciously approaching it, the indications point to an early fall.

Don't forget that one good stroke for your town is a stroke for yourself as well.

THE PARAGRAPHER.

1911!

A person never gets too old to learn.

The poultry show will come next week.

The many Christmas visitors spoke well of Canyon.

The postoffice reports a very rushing Holiday trade.

Don't call on your neighbor just to borrow something.

It might be a good plan to pay your Christmas bills early.

The doors of opportunity are marked "Push" and "Pull."

Canyon is one of the best trading places in the Panhandle.

There was a good crop of weddings picked during the Holidays.

Don't envy the man who rides around in an auto until you know how big his mortgage is.

How many ugly blots have you made on your stationary this week trying to make it 1911.

The days are shortest in December, and so are some men—say, along about the twenty-fifth.

Time may be money, but the average man would rather give you two hours' talk than lend you a quarter.

The Poultry Yard.

Warm wheat for breakfast makes the biddies shell out the eggs.

Plenty of bone all the time. If you haven't a cutter use an old ax or a hatchet, but break the bone in small pieces.

Infertile eggs taken from the incubator need not be an entire loss. They may be boiled and used as chick food.

Takes more to fat a hen now than it did two months ago, but don't winter the hens that they may die before spring. Feed them well, keep them warm and let them go the first chance you have.

Green food must not be forgotten. Some feed green rye when it can be had, others give sprouted oats, others beets and turnips and cabbage, and others add cut clover hay to the mash. All of the greens mentioned are good.

Salt is as essential for poultry as for human beings or animals. But it is not wise to feed it by itself. The better way is to season the food whenever that can be done. The warm mash in the winter gives an excellent opportunity to supply it.

A little more corn may be added to the evening grain ration, as the hens will need more heating food.

If porcelain eggs are used for nest eggs in cold weather, cover them with light flannel, or some other material, to avoid torture to the hens. An artificial egg is always of the same temperature as the atmosphere, while the temperature of a hen's body is about 102 degrees. It may

---READ---

The Experience of a Well Known Citizen.

TO WHOM THIS MAY CONCERN:—

Be in known that I bought groceries during the year 1910 on an open account and this is my experience:

My account for each month exceeded my expectations. I am thoroughly convinced now that it is natural for one to buy more when he has nothing to say but "charge it" than if he saw the cash go through his fingers with each purchase.

I found that honest mistakes were often made in my account.

My income was limited and I found it very hard to live within my income.

Since trading with THE STAR GROCERY I find that I not only make a great saving in my grocery account, but know at all times the extent of my purchases and am therefore enabled to meet all other obligations and each week add to my bank account.

RESOLVED—That I will trade with THE STAR GROCERY during 1911.

JNO. SMITH.

readily be seen that in cold weather these eggs will cause the hens to get chilled.

Learn to Save.

In the early years of life is the time to learn to save. It is easier to learn then than after habits of extravagance have been formed. The boy who spends his pennies foolishly, will spend his dollars foolishly, if he ever has any. Help your boy start a savings account and teach him to save something. He will be glad of it when he is older and wants to go into business for himself. If your boy is inclined to farming or stockraising, give him a portion of the field, or a part of the stock and let that be his and be managed by him, and let him have the proceeds from it. You should suggest only, let him do the managing. Then when he becomes older, he will not be so dependent.

If you are in business, train him to help you manage it and to know the business transactions necessary to carry it on. Once you learn your boy the "earning" side of the financial end of your business or occupation and will know better how to save. Pennies saved make dollars, and dollars saved make a man independent.

New Year Postals.

Agent C. C. Miller delivered to the News office Tuesday afternoon a set of postals as the New Year greetings from the Santa Fe Railway Co. The postals were scenes taken along the Santa Fe line in New Mexico, Arizona and California.

Always Just Going to.

He meant to insure his house, but it burned before he got around to it.

He was just going to pay a note when it went to protest.

He was just going to send some flowers to a sick friend, when it proved too late.

He was just going to stop

drinking and dissipating when his health became wrecked.

He was just going to call on a customer to close a deal when he found his competitor had preceded him and secured the order.

He was just going to quit work awhile and take a vacation when nervous prostration came.

He was just going to repair his sidewalk when a neighbor fell on it and broke his leg.

He was just going to provide his wife more help when she took to her bed and required a nurse, a doctor and a maid.

He was just going to introduce a better system, into his business and advertise when it went to smash.

Be a Booster. Let us know your improvements.

When buying a cough medicine for children bear in mind that Chamberlain's Cough Remedy is most effectual for colds, croup and whooping cough and that it contains no harmful drug. For sale by all dealers.

SUB-IRRIGATION TILE FACTORY WILL OPEN

MACHINE HAS BEEN PERFECTED AND WILL SOON BE HOUSED.

Invention of William M. Robinson, of This City, is Proving of Great Interest.

The machine for the manufacture of the sub-irrigation tiles, described in the issue of the News December 23rd, is rapidly being completed and it is hoped that before long the factory can be opened in Canyon.

The machine is a very simple device. At one place a wire is started between two rollers which partially flattens the wire. The wire is then carried forward and rolled tightly on a steel rod. The size of the rod used determines the size of the tile. This simple device seems to do the work perfectly.

A factory has not been opened as yet, but Mr. Robinson thinks operations will soon be started. The building to be used has not as yet been selected. The machine is at present located in a blacksmith shop where work is being done on it.

A sample of the tile, was brought to the News office last week which had been made in the Robinson factory at Hereford. The sample looks to be a very good thing, and if the tests made on small lots will work as well on large fields, the sub-irrigation problem has been settled.

HIGH SCHOOL NOTES.

Christmas Holidays are over. School opened Monday with about enrollment present.

The patrons of the school might make a New Year's resolution to visit the school at least once in the next five months.

Several of the pupils were absent Monday and Tuesday on account of the cold weather.

Five new pupils were enrolled in the second grade this week.

Ira Sanford visited the school a few minutes Monday afternoon.

The Junior Geometry class was given an examination in the second book of plane Geometry Thursday afternoon.

Archie Key, Oscar Garño and Arch Bates spent most of the holidays camping and hunting in the canyons. They report plenty of fun but little game.

The Philomathian Literary Society meets to-night at 7:30 o'clock. All the members should make an effort to be present. The program for last meeting will be rendered to-night.

The Sophomore room has been re-seated with single seats.

The new stoves, which have been placed in the first and second room, were given a severe test Monday, but they have made good.

Mrs. Orton reports two new pupils in the third grade this week.

The mothers and teachers club meets the third Monday afternoon, at which time Dr. T. F. Wilson will address the club. Everyone is invited to be present.

A Good Thermometer Wanted.

The need of a good thermometer has been seen the last week when there was such a diversity in the registrations among the local thermometers. A business man made a proposition to the News Tuesday night of paying half the expense of putting in a first class thermometer on the front of his building, which is a very favorable place. The cost would probably be about \$10. The proposition looks very good if the citizens are willing to take the matter up.

YOUR FRIENDS

Will be glad to watch the development of Randall County and the Panhandle. We are going to make a special offer of the News for one week only, beginning Saturday, January 7, and ending Saturday, January 14, to new subscribers for the year 1911, of only 85 cents. Out of town subscribers, 95 cents. Send the News home. It is a weekly letter telling all the news while it is news. Remember our terms are strictly cash in advance.

Randall County News

Surest Way From Poverty.

Most men are born poor, but no man, who has average capabilities and tolerable luck need remain so. And the farmer's calling through profiting no sudden leaps, no ready short cuts to opulence, is the surest of all ways for poverty and want to comfort and independence. Other men must climb; the temperate, frugal diligent, provident farmer may grow into competence and every external accessory to happiness. Each year of his devotion to his homestead may find it more valuable, more attractive than the last and leave it better still.

There are discoveries in natural science and improvements in mechanics conduce to the efficiency of a culture, but the first of arts are as old as agriculture. Greek and Roman anger made observations so acute and practical that the farmer of today may ponder them with profit, while modern literature is padded with essays on farming not paper they have spoiled. And yet the generation where of I am a part has witnessed great strides in your vocation while the generation preparing to take our places will doubtless witness still greater. I bid you hold fast to the good with minds receptive of and eager for the better, and rejoice in your knowledge that there is no nobler pursuit, and no more inviting soil than those which you proudly call your own.—Horace Greeley.

Railway Progressing Well.

Lubbock, Tex., Jan. 3.—The bridge builders of the Crosbyton and South Plains Railroad Company are now at work on the second canyon east of Lubbock and will have it completed in about two weeks. All of the ties are on the ground and the steel is enroute and it is thought that the road will be in operation in about forty-five days. The railroad people have asked for right of way west of town and it is thought that the road will be extended west from Lubbock in the very near future.

The following resolution was passed by the Teachers Institute of Deaf Smith County relative to Canyon people:

We thank Supt. Cousins and faculty of the N. W. T. S. N., for their co-operation and sympathy in our meeting. We especially thank Prof. F. P. Guenther and Ellsworth Lowry for the inspiration of their presence and valuable assistance in directing the work of the institute.

Parcels Post Petition.

A petition was circulated among the business men of Canyon this week to be sent to Congressman Stephenson relative to the Parcels Post bill which will probably be taken up at this session of congress. The petition stated the evils of the establishing such a system as it would work only to the advantage of mail order concerns and hence in opposition to the interests of local merchants. Most of the merchants and business men of Canyon signed the petition.

Kintergarten Started.

A kintergarten department has been opened at the Normal under the direction of Miss Evans. The class meets every morning from 9:20 to 11:30. Miss Evans has secured fifteen children for her work. The age of the children will average about six years. The purpose of the department is to teach reading correctly and to give the Normal students an opportunity to observe scientific teaching. The class period is taken up with work, games, play and stories.

Notice to Creditors.

Estate of Harlan J. Sevall Deceased. No. 48.

Whereas letters of administration upon the estate of Harlan J. Sevall Deceased, were granted to the undersigned, by the county court of Randall county on the 19th day of December 1910. All persons holding claims against said estate are required to present the same verified within the time prescribed by law.

Leave said claims with B. Frank Buie Atty. Canyon, Texas for his inspection. H. E. Hume, Amarillo, Texas, Adm. of said estate. 39tt.

RECORD OF 1910

The Events of the World in Paragraphs.

AVIATION ACHIEVEMENTS.

A Summary of Affairs at Home and Abroad—Miscellaneous Happenings—Explosions—Storms and Shipwrecks—Games and Races.

POLITICAL AND PERSONAL.

1. Gifford Pinchot, chief forester, removed by President Taft.

2. Herbert Gladstone, whose father, W. E. Gladstone, "the great commoner," twice declined a seat in the house of lords, elevated to the peerage.

3. Ex-President Roosevelt reached Khartoum on his return from Africa.

4. Premier Asquith's resolutions limiting the veto power of the house of lords carried in the house of commons by a majority of 103.

5. The British house of lords passed the notorious Liberal budget bill.

6. King George V proclaimed throughout the British empire.

7. South African union proclaimed at Pretoria.

8. Ex-President Theodore Roosevelt welcomed in New York on his return from his African and European trip.

9. The "railroad" bill, creating a court of commerce and amending the interstate commerce act of 1887, became a law.

10. Congress adjourned.

11. Gen. Porfirio Diaz re-elected president of Mexico.

12. Emperor William of Germany and Francis Joseph of Austria met at Vienna.

13. Republican uprising in Lisbon. King Manuel of Portugal dethroned. The army and navy sided with the revolutionists, who proclaimed a republic.

14. Ex-Governor Charles E. Hughes took the oath of office as justice of the United States supreme court at Washington.

15. Crown Prince Chovra Maha Valravudh, who visited this country in 1902, proclaimed king of Siam.

16. Insults to the American flag in the city of Mexico. American citizens attacked.

17. Democratic landslide in several states in state elections and a Democratic house of representatives in congress returned. Massachusetts, Connecticut, New York and New Jersey elected Democratic governors, and Ohio re-elected a Democratic governor.

18. President Taft called from Charleston on the cruiser Tennessee on an official visit to the republic of Panama and the canal zone.

19. President Taft addressed the Panamanians at a state banquet and declared that there would be no annexation of the republic of Panama to the United States.

20. President Taft reached Fort Monroe on his return trip from Panama. Revolutionary uprisings and some fighting in several cities of Mexico.

21. The British parliament dissolved by royal proclamation.

22. Gen. Porfirio Diaz inaugurated president of Mexico for the eighth time.

23. The last session of the 61st congress opened.

24. President Taft's message announced that the Panama canal be fortified, a ship subsidy, limited parcels post and a halt in legislation on corporations.

25. Associate Justice Edward Douglas White of the United States supreme court appointed chief justice. Judge Willis Van Devanter of Wyoming and Judge J. R. Lamar of Georgia nominated associate justices.

NATURE'S MOODS.

1. The river Seine exceeded high water mark in Paris, endangering the city and paralyzing traffic.

2. Rising of the waters of the Seine in Paris checked by the cessation of rain; 9 square miles inundated; loss estimated over \$200,000,000.

3. Eruption of volcano Poasa, Costa Rica, destroyed 50 lives.

4. Over 60 deaths in snowdrifts in the mountains of northern Idaho.

5. About 100 deaths from snowdrifts in the mountains of Washington.

6. Snowdrifts in Rogers pass, British Columbia, caused the loss of upward of 60 lives.

7. Violent snowstorm, wind and freezing temperature caused destruction of budding fruits in the central lake region, extending south to Tennessee.

8. Earthquake in Costa Rica; province of Cartago nearly destroyed; estimated loss of life over 2,500.

9. Earthquake shocks in California, destroyed 150 lives.

10. Earthquake shocks at Los Angeles and vicinity.

11. The earth passed through the fall of Halley's comet at 10:37 p. m. in New York time.

12. Violent earthquake shock at Salt Lake City.

13. Cloudburst wiped out several villages in eastern Hungary and destroyed about 50 lives.

14. Destructive earthquake in southern Italy; upward of 100 deaths.

15. Snowdrifts in the Alps, destroyed 100 lives.

16. Windstorm caused death of 16 people in New York city.

17. Flood in Tokyo destroyed over 2,000 houses and shops and over 1,000 lives.

DISASTERS AT SEA.

1. A fierce storm swept over Europe, causing a heavy loss of life on the English coast and on the Baltic.

2. A hurricane caused widespread devastation in Cuba.

3. A West India hurricane struck the coast of Florida and South Carolina, leaving an island in the Mediterranean, and Naples swept by a hurricane; 100 dead in Iechia.

4. Heavy storm of rain and snow in the northern and eastern states.

5. Charles W. Morse, convicted New York banker, began a 15-year sentence in the United States penitentiary at Alcatraz.

6. The organized volunteer militia of the United States became a permanent adjunct of the regular army establishment by the operation of the Dick law.

7. John R. Walsh, convicted Chicago banker, began serving his 5-year term in the federal prison at Leavenworth, Kan.

8. Indictment of the New York World in the Panama libel case quashed in the United States circuit court in New York.

9. Edward Payson Weston started from Los Angeles, Cal., on his walk to New York.

10. The Connecticut "hatters' boycott" case decided in favor of the plaintiff, with an award of damages against the individuals who instituted the boycott amounting to \$22,000.

11. Strike of the street car men began in Philadelphia.

12. Rioting in Philadelphia due to the car men's strike resulted in the death of five people; 100 injured.

13. The Nicaraguan revolutionists defeated at Tama, losing 800 in all.

14. General walkout in Philadelphia to aid the striking street car men.

15. Nicholas Radtke, Pennsylvania revolutionist, acquitted on charge of criminal activity.

16. State wide strike declared in Pennsylvania in sympathy with the Philadelphia car men's strike.

17. George Cannon, cousin of Leroy Cannon, American, who was executed by Zelaya, hanged for conspiracy at Coahuila, Nicaragua, by order of President Madrid.

18. State wide sympathy strike to aid the Philadelphia car men declared off by the Pennsylvania labor unions.

19. Col. Duncan B. Cooper, one of the convicted murderers of Senator E. W. Carmack, pardoned by Gov. Patterson of Tennessee.

20. Natives attacked foreigners and burned missions at Chansha, Hunan province, China.

21. Philadelphia car strike ended with some advantages to the strikers.

22. Dedication of Hall of American Republics at Washington.

23. Edward Payson Weston arrived at city hall, New York, having made the 3,500 mile trip from Los Angeles in 78 walking days.

24. Dr. C. Hyde declared guilty of the murder of Col. Swope and sentenced to life imprisonment.

25. Nicaraguan government forces repulsed in an attack upon Estrada's revolutionists at Bluefields.

26. Capt. Scott's antarctic expedition sailed from London.

27. Numerous riots in which many people were killed followed the news of the ring event at Reno.

28. Riot and lynching in Newark, O.

29. Estrada's revolutionists defeated the Nicaraguan forces at Acocya.

12. Hubert Latham, French aviator, beat the records for height of heavier than air machines by ascending nearly 3,000 feet at Mourmelon, France.

13. Aviation meet opened at Los Angeles, Cal.

14. Glenn H. Curtiss flew from Albany to New York, following the course of the Hudson river, winning the prize of \$10,000.

15. Walter S. Brooks made new world's altitude record by flying 4,384 feet in a Wright aeroplane at Indianapolis.

16. C. K. Hamilton set a new world's altitude record by flying 4,384 feet in a Wright aeroplane at Indianapolis.

17. Walter S. Brooks made new world's altitude record by ascending 4,300 feet at Indianapolis.

18. Count Zeppelin's dirigible Deutschland landed at Dusseldorf, carrying 11 passengers.

19. Zeppelin's airship Deutschland made an excursion trip, carrying 22 passengers.

20. Clifford B. Harmon broke the American amateur long flight record (his own) by remaining in the air 2 hours 24 minutes at Mineola.

21. Second international aviation meet opened at Rheims, France. Aviator Wachter killed by the fall of his machine.

22. Walter R. Brooks flew 5,276 feet up in the air at Mineola, N. Y.

23. Capt. C. S. Rolls, English aviator, killed at Bournemouth in a Wright biplane.

24. Radley, an English aviator, broke the world's speed flight record by flying a mile in 47.5 seconds.

25. C. F. Willard carried three passengers on a quarter mile biplane trip at Garden City, balloon attempt to set record on the number of passengers.

26. Glenn H. Curtiss made an over water record by flying 60 miles over Lake Erie in 1 hour 18 minutes; an average of 48.1 miles an hour.

27. Indianapolis in an American championship race Ballou America II. landed near Warrenton, Va., after a flight of 41 hours.

28. Weymann, an American, and George Chavez, a Peruvian, attempted to fly over the Alps. Chavez succeeded, but was mortally hurt in landing.

29. Walter S. Brooks broke the cross country distance record by flying from Chicago to Springfield, Ill., miles, winning a \$10,000 prize.

30. Aviator Wynnen made a world's record for height by ascending 9,136 feet at Mourmelon, France.

31. The dirigible balloon America started on its overseas flight at Atlantic City.

32. 17 balloons, representing four nations, started from St. Louis in the international race for the Bennett cup and \$4,500 prize.

33. The dirigible balloon Clement-Bayard, carrying 7 people, sailed from Paris to London in 6 hours.

34. Wellman abandoned his airship 300 miles off the coast after sailing about 870 miles in 72 hours; farthest eastern point reached was 140 miles northeast of Nantucket.

35. Ballou America II. Post and Hawley aeronauts, landed in the province of Quebec, 1,355 miles from St. Louis, winning the Bennett cup for distance.

36. The international aviation meet opened at Belmont park, New York.

37. Ralph Johnstone broke the American aeroplane record for flight by ascending 7,332 feet at Belmont park, beating J. Armstrong Drexel's record of 7,135 feet.

38. Ralph Johnstone ascended 9,090 feet in an aeroplane at Belmont park. (The world's record was 9,136.)

39. Claude Grahame-White won the 22nd race at Belmont park; time for 2 1/2 miles 21 minutes 15 seconds.

40. J. B. Mottant won the race from Belmont park to the status of Liberty, and returned, covering 24 miles in 31 minutes 34 seconds.

41. Ralph Johnstone ascended 9,714 feet at Belmont park, establishing a world's record for altitude.

42. Eugene B. Ely in the Curtiss biplane Hudson, flew from the deck of the United States cruiser Birmingham, in Hampton Roads, to Willoughby beach, 7 miles distant.

43. Ralph Johnstone, the aviator, killed by the fall of his biplane at Denver, aged 29.

44. J. Armstrong Drexel ascended 9,090 feet in a monoplane at Philadelphia, breaking the world's record.

45. Legagneux, French aviator, soared to 45,000 feet at Pau, making a new world's record for altitude.

GAMES AND RACES.

1. Fred Eames won the three cushion billiard championship of the world from Alfredo De Oro, the Cuban champion, in New York; final score 130 to 121.

2. Ad Wolgast defeated Battlin Nelson for the lightweight championship at Richmond, Cal., in 10 rounds.

STOCK RAISING IN THE PANHANDLE

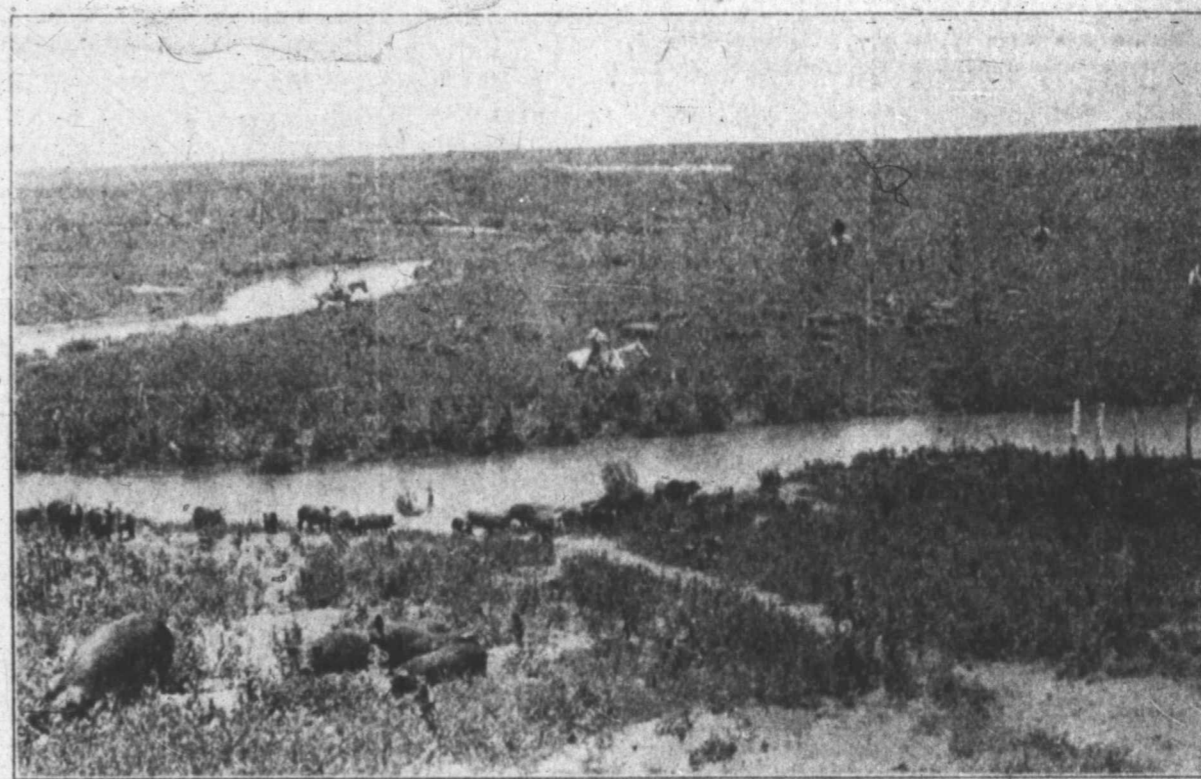

There is no section in the United States, which has a climate superior to the Panhandle, for stock raising; for instance, we can give you the names of a number of farmers in this vicinity, who have doubled their money this year raising sheep, besides making good profits on their other stock.

In the Mississippi Valley, embracing the highest priced agricultural lands, farmers are rapidly learning that a small flock of sheep brings them more profit on the money invested than any class of stock they handle.

Farmers in the Panhandle will find them even more profitable, owing to the great advantage they have in being able to put the lambs on an early market, on which, as every one knows, they will bring the highest prices.

We believe the time is not far distant when nearly every farmer in this district will have a small flock of sheep. While the opinion of former years, generally prevailing over the West, that sheep and cattle could not do well together, was probably well founded during the time they ran in such immense flocks and herds on the open range,—within the last decade it has been demonstrated beyond doubt that sheep and cattle can be raised together on the small farm to the best advantages.

Having no long, sustained periods of severe cold and blizzards, the feed is utilized to the best advantage and gains in weight are made on a most economical basis. An abundance of feed is easily and cheaply raised and the feeding quality is of the best.

It has further been demonstrated that this country grows the finest quality of broom corn; notwithstanding that conditions this year were away below normal, every one who planted broom corn last spring has been left a big margin of profit on his crop.

Our grain crops show a good yield, where the land was properly cultivated. Our fruit crop is always of the finest quality and flavor.

Keiser Bros. & Phillips guarantee that if you come to the Panhandle they will show you good crops, in the districts in which they own land, even if it has been an off year in the Southwest.

Keiser Bros. & Phillips sell their own land, if you buy of them you deal direct with the owners, and get your land at rock bottom prices, backed by a warranty deed and a clear title. Their many well pleased customers, both residents and non-residents are one of their best assets.

Keiser Bros. & Phillips

Buy and Sell Panhandle Lands.

O. K. Blacksmith Shop

After five years in the dray business in Canyon, I have purchased the O. K. Blacksmith Shop of R. E. Foster and extend to my many friends and patrons of the past years a cordial invitation to call on me for first-class blacksmith work. -- -- --

E. W. Myers, Prop.

FAVORS COTTON FOR PANHANDLE

AMARILLO MAN THINKS IT WILL BE GREAT SUCCESS.

L. A. Wells Expresses Great Faith in Ability of This Soil to Produce Staple.

L. A. Wells has just returned from a visit at Tahoka where he went in connection with business. Asked as to his opinion of the outlook for the entire Panhandle country, the point visited, included Mr. Wells said: "The outlook is good. There are big things in store for the Panhandle and all west Texas. We have had some good things already, but there is nothing to compare with what will come later."

"I have great faith in the ability of this portion of the state to grow cotton. The cot-

ton will bring us an abundance of money at the time of year it is most needed. It will put a certain phase upon farming that has never been possessed by it in the Panhandle before. In the portion of the state where I visited, the growing of cotton is one of the chief adjuncts to the crops heretofore grown, and this year it will become the staple.

"Quite a number of people will plant this year, for the first time, a trial patch of cotton. This planting will be from select seed, a seed that is grown and matured in the Panhandle of Texas. This will give a matured product about two weeks earlier than any other cotton known. It is the impression of those who have studied the subject, including myself that the gain of this two weeks will be sufficient for the maturing of the crop even on the very highest point in this plains country.

"We have much to expect from this portion of the state. It is coming, and the people now here will reap a rich harvest, by reason of being on the ground floor. The elements of great

ness are continued in soil, in the air and in the spirit that actuates the citizenship."—Daily Panhandle.

Wayside News.

The New Year came in cold, but Jan. 2 registered 5 below zero. Bitter cold.

W. H. and Floyd Painton left Wed. last for a trip to Goodnight, returning Friday p. m.

Stick last—Mrs. Annie Evans Wesley, has been quite sick, but is improving. W. H. Floyd, Dennis and Ivan Painton, were all sick Sunday last, but are mending at present.

W. R. Franklin left Tuesday last for Quitaque to visit home-folks, returning Saturday.

Two inches of snow fell last Wednesday night Dec. the 28, a light shower rain fell Saturday night, a slight snow fell Sunday noon. Moisture is much needed.

Mrs. G. W. Mayo and Mrs. Paralee Brooks and children returned Friday last from a much enjoyed visit to relatives in Ok.

both children were sick while away and cut their visit short.

J. M. McGehee made a trip to Canyon Monday the coldest day of the season up to the present.

Mr. and Mrs. Ed True left Ceta Monday for their New Mexico, home near McAllister, the good wishes of their many friends follow them.

The literary Saturday night at Beula was enjoyed by a medium crowd.

Quite a number attended the school meeting Friday p. m. at the new school building. Business, was planned to seat the auditorium. TEDDIE.

Pleasantview Items.

A cold blast struck this place New Years day along with it came a small shower of snow and Monday morning was very cold.

After a vacation of one week school began again Monday at P. V. school, but on account of the extreme cold only 10 were present which is the least number of scholars present for three years.

From the receipts of the box supper given at Pleasantview some time ago was purchased a dictionary and library and placed in the school. We only had a small number of books, but be it ever so few it is a step in the direction and will be of great benefit to the community.

How is this for the Panhandle the weather is cold and the thermometer registered 10 below zero Tuesday morning, but it is very pleasant again now.

There is a beautiful sight on J. H. Crowleys place which is a flock of Mexican quail about 75 or 100 in the flock and are quite tame.

Mr. Wilkerson is soon going back to his farm in New Mexico for a few days to look around and attend to some business.

Last week Mr. Dooley moved to the farm of Dr. Steward north of Canyon.

John Vonholt was stepping very high last week over the arrival of a new boarder at his home. Its a boy and has come to stay. BOOSTER.

Guardian's Notice.

All parties having claims against or who are owing the estate of Christian Weigand, a person of unsound mind, are notified to file their claim or to settle for their account with the undersigned, between now and February 1st, 1911. J. A. Campbell, Guardian.

Notice.

Canyon, Texas, Dec. 29, 1910. The partnership heretofore existing between C. N. Harrison-McAfee & Company is by mutual consent, this day dissolved. C. N. HARRISON, 4113 C. R. McAFEE.

To the Legislature.

Judge J. C. Hunt left Wednesday for Austin to attend the session of the legislature which will convene next week. Judge Hunt is representative from the 106th district. Mrs. Hunt accompanied him and will remain in Austin during the session.

Notice to Tax Payers.

All parties between the ages of 21 and 45, living within the city limits of Canyon, will please call at the Sheriff's office in court house or see me personally before the first day Feb. and pay your street tax of \$3.00, as after that date tax will be \$5.00 or 5 days work on the streets. J. H. JOWELL, City Tax Coll. 4114.

Notice to Tax Payers.

Please come in and pay your Poll Tax as early as you can, and avoid having a rush at the last day of the month, as I will close the Tax Rolls on Jan. 31st. Also remember that a penalty of 10 per cent will be added to all unpaid Taxes after that date. 4114 R. H. SANFORD, Tax Coll.

May Put on Thru's.

Last Sunday a "bran-spanking-splitter-new" locomotive pulled the west bound passenger train into the station. The engine was recently made for making fast time on through passenger service and was put on the run Sunday as a try-out. The engine brought the train from Amarillo in one hour and forty-five minutes. While it has not been definitely given out, yet, the company has for sometime had under advisement the putting on of two California Limited passenger trains over this route. The first of the year also being close at hand when many changes are usually made, on the surface, it looks plausible.

From a prominent railroad man in Hereford the Recorder was informed that probably such would be the case by the first of the year—two through trains a day—one going east and one west.

The trains will have to stop at all county seats so Hereford may soon be in a position to board California Limited trains after the New Year—Hereford Recorder.

Well Invested.

The business man who finds a paper in his town that is always boosting and heralding the good bargains that are offered by the tradesmen of the town, makes a splendid investment by spending five or ten dollars in sending that paper to his customers who are not subscribers. The paper sent thus for three months to a large number of people who trade in the home town would be rewarded with a rush of business that would surprise him agreeably.—EX.

Do you know that fully nine out of every ten cases of rheumatism are simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, and require no internal treatment whatever? Apply Chamberlain's Liniment freely and see how quickly it gives relief. For sale by all dealers.
