RAINS OF PAST WEEK ARE FINE

OVER THREE-QUARTERS INCH FELL SATURDAY AND SUNDAY

Continued Warm Weather Makes Crops Fairly Shoot out of The Damp Ground.

Canyon was visited by another good series of rains and damp, cloudy weather Saturday night and Sunday, and the results are that the ground is thoroughly wet again and the crops can fairly be seen to spring out of the ground. About seven o'clock Saturday evening a heavy rain reached the city and within forty minutes precipitation of over half an inch had fallen. Showers continued at intervals during the night, and Sunday witnesses the ground thoroughly soaked again with plenty of water standing on the streets. Sunday continued cloudy with occasional showers, and by Monday morning almost an inch of rain had fallen.

Throughout the rains the weather remained warm and the grass and crops could almost be seen to grow. A drive into the country reveals the fact that crops were never in better condition at this season of the year. While winter wheat is not so far advanced as it should be, owing to the lateness of the winter rains, yet it is looking well and will grow very fast.

Spring wheat is looking exceptionally fine. It has had a good season and is now nearly eight inches high. A good harvest of this grain is assured.

Oats never looked better than this spring. Everywhere it was sowed a good stand was obtained and it is growing wonderfully. Kafir and maize are coming through the ground, and most farmers report that they have a good stand.

The flax that was planted by Mr. Hickcox is being watched with great interest by the farmers. It has come up in fine shape, there is a good stand, and it is growing very well. Mr. Hickcox believes that he will have a good crop of the flax.

CROP PROSPECTS EXCELLENT.

H. M. Bainer and L. L. Johnson Visit Experimental Farms near This City.

H. M. Bainer and L. L. Johnson, of the Santa Fe agricultural department, were in the city yesterday to visit the farms they are experimenting on this year. Both these gentlemen are out among the farmers all the time, and say that there never were better prospects in the Panhandle for a flourishing crop than this year. There is plenty of moisture in the ground and the farmers are taking every means to preserve the same. The work of preparation this spring has been better than usual, so these gentlemen report. The following experimental farms are being conducted near Canyon:

J. T. Campbell, 10 acres, planted to kaffir.

H. J. Weber, 20 acres, dwarf maize.

C. R. McAfee, 95 acres, several different crops.

E. A. Oberst, 10 acres, cotton.

From Hoffman.

There will be an all day meeting Sunday, May 28. Presiding Elder O. P. Kiker will preach morning and evening.

SHOWER FOR BRIDE-TO-BE.

Engagement of Miss Kitty Grimes Announced at Party Given by Mrs. E. H. Ackley.

At a very enjoyable party given last Friday by Mrs. E. H. Ackley, the engagement of Miss Kitty Grimes and Mr. Fred Heller, of Jerseyville, Ill., was announced by the hostess.

After the guests had assembled, Miss Grimes was seated under a large wedding bell, and after a fitting ceremony by the hostess, Miss Ruth Bomparte pulled a ribbon which fairly covered the bride-elect with a shower of rice. After a series of progressive forty-two, a two-course luncheon was served. At each plate was a small slipper filled with rice. After the delicious luncheon, Miss Grimes was the recipient of the contents of each slipper. The color scheme was pink and green.

Those present were—Mesdames C. R. Burrow, Ed Pipkin, H. H. Cassles, S. V. Wirt, J. D. Gamble, S. L. Ingham, C. C. Doniphan, L. S. Malone and Misses Grimes, Bomparte and Quirk.

Good Art Display.

The sixth and seventh grades of the public school, which are at the Normal building this year, had on display yesterday some of their best pieces of art which they had made during the year. The display was pronounced very fine by all the numerous visitors. The teachers of these grades, Misses Clara Edwards and Ruth Stafford, are to be highly complimented on the splendid work they have accomplished during the year.

High School Notes.

The Seniors were entertained at the home of Mr. and Mrs. I. W. McClure Friday evening. All enjoyed themselves so much that nothing but the flashing of the lights could induce them to depart.

Prof. Redus returned from a business trip to Shamrock Monday.

The Seniors went on a picnic to the falls last Saturday accompanied by Mr. and Mrs. McClure as chaperones. When they reached their destination, they found that they were not the only picnicing ones as the juniors and seniors of the Amarillo high school were there. After a big dinner, all set out down the canyons gathering wild flowers and ferns. About five o'clock the clouds which had been gathering all day, began to look rather rainy, so all returned to camp and started for home. They had only gotten about half way when it began to rain, so they took refuge in a small school house and there enjoyed themselves playing games until the rain had ceased, which was nearly dark, when they returned home.

This week has been a very busy one for both teachers and pupils on account of examinations, getting out promotion cards, etc.

Today marks the close of this school year and many of the pupils are glad to be free of the trials and study of the school room for a while.

Grand Jury Again Busy.

The grand jury was given a vacation by Judge Browning from Saturday night until Thursday morning. They began operations again yesterday and hope to be able to report to the court this week.

EDITORIAL STAFF OF "CAP ROCK ECHOES"

"CAP ROCK ECHOES" ISSUED THIS WEEK

ANNUAL PUBLICATION OF THE SENIOR CLASS OF NORMAL

Many Interesting Features in the Booklet—all Classes are Well Represented.

"Cap Rock Echoes," the annual publication of the senior class of the West Texas State Normal college was completed and distribution made at the Normal building on Tuesday morning. The booklet is a very creditable piece of work. Work was not started on the material until after Christmas and the class is to be highly complimented for the richness of the productions to be found within the hundred pages of the book.

The book is printed on 100 pound book paper and is bound with a maroon double cover, tied with a mercerized white cord. The words "Cap Rock Echoes, 1911" are printed on the cover in white. The pages are 9 3/4 x 5 3/4 inches.

The following is the editorial staff:

I. G. Kennon, Editor-in-Chief, Anna Hibbets, Assistant, Grace Winkelman, Senior Class, Mrs. Claud Estes, Junior Class, J. D. Swift, Freshman Class, Mae Cowling, Barrett-Browning, L. N. George, Cousins, W. D. Hardin, Palo Duro, Virgie Thomson, Sesame, Annie Lee Howren, Y. W. C. A., Maude Stewart, Athletics, W. F. McKinley, Business Mgr.

The booklet contains cuts of the faculty, all the classes and societies of the Normal, together with a large number of very excellent drawings by members of the art department. The Marquis twins are used as mascot and the little boy of Prof. Morelock is the Finis. The articles in the annual are well written and contain excellent material.

This job was gotten out in the News office, and we are very proud of the production. It is a class of work far superior to any ever attempted in a country print shop.

Council in Session.

The city council has been in session two days this week, and had their final settlement with the tax collector. The salary of the collector for next year was set at \$450 and 10 per cent commission of the street exemption taxes.

NEWS WILL HAVE NEW BRICK HOME

CONTRACT IS LET AND WORK WILL BEGIN NEXT MONDAY

One Story Structure will be Erected During Summer on Lot Fifteen, Block Thirty-one.

The contract was let this week by the Randall County News, for the construction of a new brick home on lot fifteen, block thirty-one. The building will be one story, 30x71 feet with 12 foot ceiling. The composing room will be 28x46 feet. The front of the building will be divided into two rooms of equal size, 14x21 feet, one being used for a stock room and bindery and the other devoted to the office. The building is to be constructed of brick, finished with pressed brick.

The contract was let to Root & Wragge, of this city. Work will commence next Monday and the building will be completed in about two months. Prof. J. G. Miller, of the Normal, has charge of the plans and blueprints for the building.

The News has been housed in a frame building for the past three years, and the excessive insurance rates have made it necessary to move the plant into less dangerous quarters.

Pleasantview Notes.

Too busy to write very much. Since the fine rain Saturday night, everybody feels like doing something.

Mr. Turk brought out a new lister to his farm this week. He is having to re-plant some of his early planting.

Messrs. Crowley and Wakefield served on the jury this week.

The abundance of rain has made good grass and also put a smile on the old cow's face.

The ground is working nice and it is more encouraging to plant than it has been in two years. A bumper crop is expected. **Booster.**

Moving to Amarillo.

Tom L. Miller loaded his car for Amarillo Tuesday, and the family are now located in the city to the north. Mr. Miller has accepted a position with an electrical supply house with headquarters in Amarillo. Mr. and Mrs. Miller have lived in Canyon for the past two years and have many friends who are sorry to see them leave.

SCHOOL BOARD ELECT TEACHERS

T. J. YOE OF HAMLIN ELECTED TO POSITION OF SUPERINTENDENT

Five of last Year's Faculty are Elected—Three will not Apply for Old Position.

The new board of trustees for Canyon met Wednesday and after electing Dr. Wilson president and T. C. Thompson secretary, proceeded to the election of superintendent. T. J. Yoe, of Hamlin, was the unanimous selection of the board. Mr. Yoe comes to Canyon after two years of very successful work in Hamlin. He is a graduate of the Sam Houston Normal, and has done graduate work in Chicago University. He was in school work for five years in Colorado, and held a position in the El Paso high school as teacher in mathematics. Mr. Yoe is personally known to a number of the Normal professors and it was through their recommendation that he was unanimously elected.

Mr. Yoe will move his family to Canyon about June 1st and will begin to plan his work for the coming year. He is an up-to-date school man and contemplates many changes in the local system.

Yesterday the following teachers were elected: Mrs. Orton, Mrs. Wray, Misses Bryson, Stafford and Neal. The other three teachers did not apply.

Building Coal Sheds.

The Canyon Coal & Elevator Co. is just completing a new coal shed which will accommodate 600 tons of coal, and by piling it up to any extent, will have a capacity of at least twice that much. The sheds are 30 feet wide and about 50 feet long. A high board fence will be erected to the south, to keep the wind off and also "to keep the coal from walking off at night," as Manager Hicks puts it. These sheds will be filled with coal during the fall ready for winter trade.

HIGH SCHOOL ALUMNI TO BANQUET TUESDAY

FIVE-COURSE DINNER SERVED AT THOMPSON BUILDING

High School Seniors Will Be Guests—Miss Maud Brandon to be Toast Mistress.

The High School Alumni Association has had several meetings the past two weeks during which their organization, which had its first meeting in May, 1905 under the direction of Supt. A. Ernsberger and wife, adopted a constitution and by-laws, and in other ways became perfected, this being considered necessary as there had been no meetings the past two years. The officers elected for the year are: Miss Maud Brandon, president; Miss Grace Winkelman, vice-president; J. P. Hicks, secretary-treasurer. This week it was definitely decided to give on next Tuesday night a banquet to which the seniors and teachers of the high school will be invited guests.

Arrangements have been made with the ladies of the Presbyterian church to serve a five course dinner, which will be given in the Thompson building at the southeast corner of the square.

Miss Brandon will act as toast mistress at the banquet, and following are the toasts to be given:

"The Newest Members"—Nash Hicks
 "We are Glad to Become One with You"—Lilburn Thompson
 "The Nine Graduating Classes"—By representatives
 "The Association"—Mrs. E. H. Wray
 "We Feel Kindly Toward the World"—Mrs. H. A. Howell.

PRINCESS BONNIE ON MAY 27.

Comic Opera Will Be Again Presented By the Students of the Normal College.

The comic opera, "Princess Bonnie," which was so successfully presented at the Normal auditorium a few weeks ago will be presented again during commencement, the date of the performance being set for Saturday night, May 27. At its rendition, the opera scored a great hit, and it is believed that many of the town people will be glad to again hear this play which was so well presented. The same characters will take the parts as in the first presentation.

Presented Porous Tile.

M. F. Burks, of Wildorado, was in the city Wednesday presenting a new porous sub-irrigation tile to those interested in this work. Mr. Burks has a tile which is made of Panhandle ingredients; put together in a secret way which makes a very hard but porous tile through which water easily soaks. Mr. Burks is experimenting at both Hereford and Amarillo, and is considering the establishment of a factory in this city.

Box Supper.

A box supper will be held at the Williams school house on Saturday night, May 20th. Good instrumental and vocal music will be given.

The picnic given by Miss Thompson for her school at the North creek was well attended, and will long be remembered by the school children and others as well.

Another fine rain Saturday evening. Farmers very busy and crops are fine. Bryan.

Ceta News.

We had a fine shower Saturday afternoon. Some hail with it, but it did no damage. Another rain Saturday and Sunday nights have thoroughly soaked the ground.

On account of everybody being in the fields now, the Fairview Literary Society voted Friday night to discontinue meeting for the season.

Miss Miller of Attica, Indiana is visiting with relatives near Ceta.

A large crowd attended the ball game at Fairview Saturday afternoon. Most of them got a soaking on their way home.

Bro. Smith of Tulia, preached a very excellent sermon at Fairview Sunday evening on account of the threatening weather the attendance was not as large as usual. Sadie.

The News From Wayside.

A good rain fell Saturday afternoon and we have had light showers since, making a pretty good season. Everything looking fine and "the goose hangs high."

A most delightfully entertaining program was rendered last Sunday at Beula in observance of "Mother's Day," consisting of music, songs, recitations, and quotations from famous writers. The church was tastefully decorated, and though the weather was very threatening, a good crowd came out. Great credit is due Mesdames McCrery, Lane and others for their trouble in bringing about the result achieved. Rev. I. A. Smith conducted regular services after the program.

Ozzie Baker took charge of the mail line this week and will carry the mail. Years ago Mr. Baker occupied this same position.

Quite a large crowd of friends and relatives dined with Mrs. M. L. McGehee Sunday and spent a pleasant afternoon.

W. R. Franklin and Miss Emma Sluder made a trip to Canyon Wednesday. Miss Emma remained with Mrs. I. C. Jenkins, Miss Fannie Sluder, who has been with Mrs. Jenkins for the last four months, returning home accompanied by Mrs. S. J. McGehee who is visiting among relatives and friends a few days.

We are proud of the second Sunday's collection of Bula Sunday School for Miss Jessie Fisher, missionary to India. The total for April and May is \$10.36. Teddy.

LISTEN TO EXPERT BAKERS

T. H. Baker, proprietor of the Home Bakery, Amarillo, made a test of the Elk Horn Flour, manufactured by the Eagle Milling Co., of this city and obtained the following results.

"I obtained the best results with this flour than with any other I have ever tried. Out of 25 pounds of flour I got 48 pounds of dough. This is an exceptional test, being much higher than any other flour on the market.

"I am thoroughly convinced that when this flour is used in large quantities the same result will be obtained. I have used many car loads of every high grade flour manufactured west of the Mississippi river and this test was far superior to any of these leading brands of flour.

"As to the quality of the bread, I am convinced that it is as good as any flour can make. I use bread from this flour at my own home, and am highly pleased with the quality."

T. H. BAKER, Amarillo, Texas.

Joe Huffman, proprietor of the City Bakery, adds his testimonial to the long list of praises of Canyon people in the following words:

"I am using Elk Horn flour now for all of my baking. It is absolutely the first flour that I have ever been able to procure that you could make good bread of so soon after it has been ground at the mill.

"Elk Horn flour is as good a flour as I have ever been able to procure, and I have used all of the highest patent flour on the market today. I am using this flour in all my baking now, not only because I believe in patronizing home industry, but more because I have never been able to find a better flour."

Visited Scene of Fight.

Mr. and Mrs. R. A. Campbell returned Monday from California where they have been spending the winter. Mr. Campbell says that they had a very delightful visit and greatly enjoyed the winter in California, but that he is glad to be home again. On their way home, Mr. and Mrs. Campbell visited El Paso and went over to Juarez to witness the scene of the recent Mexican battles. Mr. Campbell says that it was dangerous for them to do so, but that the trip well repaid them. He says that fighting on the Mexican border has been more in earnest than is generally supposed by other than eye-witnesses.

NEW PROCESS GASOLINE STOVES

It is time that you were now looking after a gasoline stove for your summer's cooking. A gasoline stove, will not only save you the price of itself in fuel during the summer, but you are also always assured of a quick, hot fire in a few seconds at any time of the day or night, and your house is not heated as in case of a range.

The New Process is the acknowledged leader of gasoline stoves on the market today. Here are its points of superiority over other stoves sold:

Tank: The tank is solid brass, making it absolutely safe. In addition to this the tank must be removed in order to fill it with gasoline, and thus there is no danger from explosion.

Overflow Pan: This pan catches all overflow from letting vessels boil over. It is easily removed, and quickly cleaned. You don't have to scrub for hours to clean up an overflow.

Oven: In the oven there is an extra large adjustable burner which makes it exceptionally adapted for baking, roasting and baking biscuits. Besides there is a good warming oven on the large stoves.

Burner: This burner is absolutely safe. The oil drips in plain sight from the tank into a wire gauze and passes to the burner in form of gas.

Sub-Burner: If the wind blows the fire out, there is no danger of explosion, as the sub-burner starts at once, and consumes all the gas. In addition to this, there is a tube which catches all water that may be in the gasoline, and makes your gas absolutely pure, insuring good service.

Resolutions of Respect.

Be it resolved by Canyon City Lodge No. 481, I.O.O.F.,

That in the death of Brother W. I. Todd, Odd-Fellowship has lost a valuable worker, our local lodge a faithful, true and fraternal member, and his family a kind, dutiful and affectionate husband and father, and his country a good and useful citizen. That the brotherhood will ever cherish a lively recollection of his virtues and of his zeal and diligence in furthering the principles of our beloved order.

That we extend to his bereaved family our sincere condolence and sympathy.

That a copy of these resolutions be tendered his family, spread upon the minutes of our lodge, and furnished the Randall County News and the Tulla Standard for publication.

SENIORS WERE ENTERTAINED.

Unmarried Members of Normal Faculty Entertain at Joe Service Home Monday Night.

A very enjoyable entertainment was given at the Joe Service home Monday night by the unmarried members of the Normal faculty, who were host and hostesses to the senior class, the married members of the faculty and their wives.

The guests were met at the door by a committee who directed them to the place of registration. The roll was then called, each guest responding with a representation of some book.

The first contest of the evening was in the form of conundrums, representing the names of the different seniors. A second contest was a descriptive musical.

The rooms were beautifully decorated in senior colors, green and white, and with cut flowers. Senior pennants were hanging in all the rooms. The punch bowl was especially pretty in its bank of roses.

Refreshments of brick ice cream and cake were served, the color scheme being carried out as in the decorations.

The host and hostesses for the evening were, J. A. Crawford, and Misses Ritchie, Kelly, Hudspeth, Rasor, Rambo and Cofer.

FOR MARKET SQUARE.

It occurs to me that this is a good time to consider the advisability of purchasing a market square for Canyon, while our good friends in the country are agitating the question of having the hitching racks put back on the court house square.

Personally I can't help but feel that it would be a backward movement to re-establish the hitching racks around the court house and would greatly mar the contemplated beautifying of the grounds. But I try ever to remember that we are in office only to carry out measures of the "greatest good to the greatest number," and not to indulge our personal preference.

Now it seems to me that if the town and country would co-operate and purchase a market square, and provide ample facilities for caring for all teams, and meet, it would satisfactorily solve this vexing question of hitching racks.

It is the part of wisdom to look into the future in our town building, and while Canyon does not yet feel the need of a market square, the time will come, if we fail to provide one, that we will reproach ourselves for our short-sighted policy.

Let us hear from others, and get the consensus of sentiment on this important question.

Canyon will soon have a telephone directory. The News force is now at work on it.

The advance of the straw hat brigade received a temporary check by the rains Saturday and Sunday.

Summer students are coming in thick and fast. There will be a big bunch of them here this summer.

The Panhandle is no place for the knocker. Prospects are too good for a booster crop this season.

The "Cap Rock Echoes" made quite a hit with the Normal students. It was very good for the first attempt.

"Thou shalt not kill," does not refer to flies, but some of Canyon's boarding houses evidently take it that way.

The court house yard will not be seeded this year as the commissioners wish to get the weeds killed out before seeding.

A large number of summer school students are arriving in the city daily. The attendance will be very large this summer.

In view of his recent victories in Mexico, General Madero may have something better than a five-cent cigar named after him.

The government has finally busted Standard Oil, but what does Coal Oil Johnny care. He has plenty of millions already made.

The Eagle Mill is a busy place. They are shipping many car lots to other points. Many more Canyon people should use this excellent flour.

No, kind reader, we are not going to build our new office building wholly from the profits of the past year, but are counting on some of you for at least a \$5 worth on that back subscription.

Fifty acres near Hereford were planted to sugar beets this spring. The owner of the land thinks they will be a great success. It has been demonstrated that most any produce can be raised in the Panhandle.

We see no reason for intervention in the Mexican affair simply because a few curious Americans were killed. It is an American trait to seek the most dangerous places, and those who were killed went beyond the bounds of reason in choosing a favorable place to watch the battles.

On being flunked in a certain subject at the Normal, one of the girls was heard to remark laughingly, "I have more respect for the state of Texas now than ever before, because they have sent a man here to protect the children of the state from a lot of poor teachers by handing out flunks where they belong."

Reports from all over the plains indicate that there will be a bumper crop this year. The Panhandle will come to its own at last, and the hardships of the past two years will be forgotten. There are hundreds of good farmers just waiting until the crop is assured before they

will move here. Now is the time to invest in Panhandle land, for within the next year the price will double. Our country is destined to be a great agricultural country and the farmer who sticks here will be the winner.

In their rush to obtain a little of the filthy lucre, some people will deprive themselves of all pleasures of life. They save, save, save, and economize even to the point of pity. For instance, there are many people in Canyon who missed the greatest musical entertainment ever given here simply because the price was a little high. There is nothing more elevating or soul stirring than good music, and the person who feeds his soul on the cheap thing of this life will have hard time enjoying the music of heaven—if he ever gets there.

DISTRICT COURT HAS BUSY WEEK

J. H. DUNBAR CASE IS TRIED BEFORE JURY THIS WEEK

Fine of \$250 Imposed for Aggravated Assault—Many Other Cases Are Tried.

The principle case of the week was the State of Texas vs. J. H. Dunbar in which the defendant was tried before a jury on the charge of assault with intent to murder. The case occupied one and a half days, the jury rendering a verdict of guilty of aggravated assault, and imposed a fine of \$250 and costs.

The following cases were tried: Canyon City Ice & Light Co. vs. Fulton Lumber Co. was dismissed at the cost and expense of the plaintiff.

The shrewd buyer is that man who buys when he can buy the best material at the best price for top notch quality.

That is why you will always observe the most particular buyers getting their lumber and building material from us.

We believe it is better to let a man go elsewhere than to sell him trash. Sooner or later he will learn to appreciate the difference in quality and then he'll come to us as naturally as a duck takes to water.

Small Fire Tuesday.

A small blaze was discovered in the chimney at the S. A. Shotwell residence Tuesday evening about seven o'clock and a general alarm sounded. The department responded, but neighbors had succeeded in extinguishing the flames before the boys arrived on the scene. The blaze caught from the chimney in some manner or other.

Noted Evangelist Coming.

The Presbyterian church has been so fortunate as to secure the services of Rev. Robt. E. Johnson, of Chicago for their meeting which will be held the latter part of June. A tabernacle will be erected and everything possible done for the good of the cause. The exact date will be announced later. It is expected that all the churches will co-operate in this meeting.

NEW TRAINS TO START.

Unofficially Announced that Through Train Service South Begins By June Fifteenth.

It is rumored about the depot that through train service will start south about June 15. The line is now completed to Coleman. Agent Miller has received no definite information as to the new schedule of trains, but he is almost certain that by June 15, Canyon will have a great deal more train service than she enjoys at present. The Pacific coast trains will come to Canyon and then south on the Plainview branch to Coleman. This will make the nearest route on any railway from the coast to Galveston.

Freight service will probably not be commenced for at least two months, as heavier rails will have to be laid between here and Lubbock. This work is expected to begin soon. Canyon will no doubt be a sub-freight division until the Lubbock-Texico cut-off is built, and in railway circles it is the general opinion that this will not be done for at least a year.

Hoffman Notes.

The people of Umberger and this vicinity had a picnic on the picnic grounds west of the Tom Meyer's place Saturday. All report a fine time.

MUSHROOM CORNS

Most Painful of All Foot Ailments.
How to Cure Them.

The Mushroom corn is so called from its pitted cone top, resembling a tiny mushroom. It burrows deep into the toe and gets more inflamed than other corns. For the quick relief and cure of these and all corns and callouses the following is the most effective remedy known to science: Dissolve 2 tablespoonfuls of Calocide compound in a basin of hot water. Soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give desired results.) All soreness instantly disappears and the corn or callous can be easily peeled off. It may be necessary to repeat this for a number of nights for a complete cure, but if adhered to it will surely succeed. A little olive oil rubbed on the part is very beneficial. This Calocide is a very remarkable preparation for all foot ailments and is no longer confined to doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is usually sufficient to put the worst feet in fine condition. Bad smelling feet and tender feet need only a few treatments, likewise with inflamed bunions. This item will be welcomed by persons who have tried ineffectual powders and tablets.

HIDDEN DANGERS.

Nature Gives Timely Warnings that No Canyon City Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys secrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills help sick kidneys. Here's Canyon City proof:

D. E. Garrison, of Canyon City, Texas, says: "I used Doan's Kidney Pills and they were also taken by other members of my family with entire satisfaction. We can highly recommend them for pain and lameness in the back and other troubles caused by the kidneys. I got Doan's Kidney Pills from Thompson's Drug Store and my experience has convinced me of their merits."

THE LAND OF VARIETY

IN NO OTHER agricultural district between the Great Lakes and the Gulf, from the Atlantic to the Pacific, can a farmer have a greater variety of crops from which to choose, than here in the Panhandle! Winter wheat, spring wheat, oats, millet, cane, Kaffir corn, Milo maize, and even King Cotton, are proven successful producers in this region where altitude and latitude, soil and rainfall are combined to make a gigantic farm, the possibilities of which have only been partially revealed. "Diversification," the slogan of the modern farmer, can nowhere be practiced to a greater extent, nowhere will it yield greater benefits than in Randall and adjoining counties.

Apples, peaches, plums, pears, every variety of berry, any kind of vegetable, melons of the most delicious flavor, are easily produced here, and yield in wonderful quantities.

For stock raising there is no better country or climate. Horses, cattle, hogs and sheep are brought to maturity at much less expense, than they can be raised in the East or North, where the severity of the winters entails a heavy feed bill and much confinement --- while here our mild winters require only occasional shelter. The young can come at any month in the year without danger of loss.

Poultry and dairying are sure to become great revenue producers, for we have here all the natural advantages which the hen and the cow require in order to give best results.

Pure, sparkling water, obtained in inexhaustible quantity at a reasonable depth is another of our big assets. Our rich soil, capable of enormous production, of a depth which insures its wearing quality, needs only the plow and planter to convert it into a vast factory of food products which can be kept in operation the year round.

Our people here are from the best classes of citizenship---they are coming from every section of the Union, and "Old-timer" and "New-comer" alike are imbued with that spirit of progress which is fast pushing the Panhandle into the front rank of agriculture.

With the establishment of the West Texas State Normal, controlled by a faculty graduated from the best colleges and universities of the United States, our education facilities are ample.

As a place to make a home, as a place for investments which will yield big dividends and steadily increase in value, there is no section of the country which today can offer the opportunities awaiting you here in the Panhandle. Come and investigate.

We have a choice collection of farms, improved and unimproved, all nicely situated in regard to markets and railroads, which we can offer at prices sure to please you.

Is there anything in all this
world that is of more impor-
tance to you than digestion? Food
must be eaten to sustain
life and must be digested and
converted into blood. When the
digestion fails the whole body
suffers. Chamberlain's Tablets
are a rational and reliable cure
for indigestion. They increase
the flow of bile, purify the blood,
strengthen the stomach, and
tone up the whole digestive ap-
paratus to a natural and healthy
action. For sale by all dealers.

P & O
Horse-Lift Cultivators

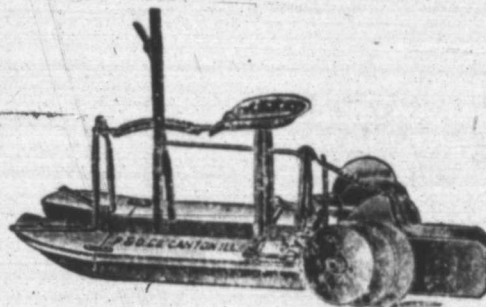

Always in Perfect Balance; the Team Does the Work.

Both gangs raised by the right hand lever, leaving the left hand free to drive the team. It is always in balance, whether the gangs are raised or lowered, and the pole will not fly up. The gangs are raised from the ground by the team; that's why it is called a "Horse-Lift" Cultivator.

This is the principle upon which it is constructed, but the perfection of this movement will be better appreciated when you realize that this Cultivator is composed of fewer parts than are used in other cultivators of this class.

A Cultivator With a Reputation for Excellence.

This Cultivator is just right—what you have a right to expect when buying one. The lever is in front, within easy reach. Gangs and Shields are both raised when the lever is thrown forward, but the shields may be adjusted independently of the gangs. The gangs can be set to throw the soil either to or from the rows. Runners are sheathed with sheet iron, and the edges are protected with heavy hoop iron.

This is a high grade Cultivator—one that we are proud to recommend to anyone. We are selling it because it is the best one made. Don't buy until you see us.
