COMMENCEMENT AT NORMAL COLLEGE

THREE DAYS WITH SPLENDID PROGRAMS—BRALLEY ON MONDAY

Class Day on Saturday. Commencement Sermon on Sunday and Graduation on Monday.

The first commencement of the West Texas State Normal college will begin Saturday morning with class day exercises. On Sunday the commencement sermon will be preached by Rev. R. B. Morgan, of the Memphis Baptist church. On Monday the commencement day exercises will be held, Hon. F. M. Bralley, State Superintendent of Public Instruction, being the principal speaker.

The following is the program for the three days:

SATURDAY.

The freshmen will give the following numbers:
Piano Solo—Elsie Guenther.
Reading—Alma Montgomery.
Class Song.

The juniors will be represented as follows:

Piano Solo—Zollie Garrison.
Reading—Ida Rowland.
Quartet—Tarlton, Darnell, George, Hood.
Epilogue—Miss Cook.
Class Song.

The seniors will respond with the following program:

Fads and Foibles—Cousins, Valentine, Kirkpatrick, Thomson
Legacy—Lola Word.
Response—Pres. R. B. Cousins
Class Song.

SUNDAY SERVICE.

The commencement services will commence at 11 o'clock with the following program:

Hymn—Niecea.
Scripture Reading—Rev. J. J. Hutchison.
Anthem—Praise Ye Jehovah.
Prayer—Rev. C. Kilbourne.
Quartet.
Sermon—Rev. R. B. Morgan, of Memphis.

Chorus—The Nation's Hymn

COMMENCEMENT DAY.

Is the program for the Commencement Day on Monday.

Chorus—Tannhauser March.
Prayer—Rev. J. J. Hutchison.
Trio.

Commencement Address—Hon. F. M. Bralley, Austin, State Superintendent of Public Instruction.

Chorus.
Delivery of Certificates and Diplomas—Pres. R. B. Cousins.
Song—America, Audience.
Benediction—Rev. J. J. Hutchison.

Missionary Meeting.

The M. E. Home and Foreign Societies have combined and will hold their meetings as usual, retaining all the old officers in the Home Society and two of the Foreign. Mrs. Tom L. Miller, who was the president of the Foreign Mission Society, has moved to Amarillo, thereby that city's gain is our regretted loss. Mrs. Miller was a very enthusiastic and faithful member and the society wishes her success in her future home.

The social meeting at the delightful home of Mrs. J. W. Armstrong was well attended and the delicious refreshments of lemon and grape juice punch, angel food and divinity cake called forth a liberal and gracious free will offering.

PRES. GATES PREACHED SERMON.

Baccalaureate Sermon Preached Sunday at Methodist Church by Plainview President.

The baccalaureate sermon of the Canyon high school was preached Sunday morning at the Methodist church by Pres. I. E. Gates, of the Wayland Baptist College, of Plainview. Mr. Gates was very interesting throughout the entire discourse and held the attention of his audience by his forceful delivery.

The main thought of the sermon was the value of man. Mr. Gates pointed out the fact that at the present time the world was more concerned with the making of wealth than with the making of good citizens and the development and salvation of the boys and girls. Great was the praise of the speaker for the teachers in our public school who are devoting their lives to the christian education of the youth of our land.

Will Present Picture.

The Senior class will present to the Normal at the class day exercises Saturday morning a very fine reproduction in sepia of Boughton's "Pilgrims Going to Church." On the picture is the inscription "Presented by the First Senior Class, 1911." The picture is a splendid memorial and in honor of the first graduating class will be hung at the back of the stage. Miss Lola Word of this city, will present the picture.

Fine Art Display.

President R. B. Cousins has on display at his office a fine collection of the best productions of the art department. There are twenty pieces and everyone is almost perfect in every detail. The work was done by the students of the Normal and speaks very highly of the ability of the head of this department, Miss Razor.

Panhandle Magazine Out.

The May number of the Panhandle Magazine was received in Canyon this week and is now on sale. Very few copies of this number were received and those wishing them will have to get a move on themselves. The number is equally as good as the preceding ones.

Increased Interest in Meetings.

Great interest in the coming meeting is being manifested among the churches, especially the Presbyterian church under whose auspices Evangelist Robt. E. Johnson is coming the latter part of June. Rev. Kilbourne is anxious that the church people of the town pray for the meeting, as revivals are prayed down and not worked up.

Takes Brush Agency.

Jno. Geo. Miller, of the Normal faculty, has accepted the agency for the Brush automobile in Randall county. A. E. Cullum, of Dallas, is the general agent for this machine and has been in Canyon for the past week. The Brush car is a little dandy and has caused much favorable comment in Canyon.

Summer Students Arriving.

A large number of students have arrived daily in the city for the summer session at the Normal. The session opens next Tuesday and without a doubt the attendance will even surpass the expectation of the faculty.

GRADUATION CLASS RECEIVES DIPLOMAS

EXCELLENT EXERCISES HELD AT METHODIST CHURCH MONDAY

Very Large Crowd Attend Interesting Program given by the Nine Graduates.

A class of nine graduated from the Canyon high school on Monday night, the exercises being held at the Methodist church. The program throughout was interesting and very well prepared by the members of the class. By eight-thirty o'clock all the seats in the large auditorium were taken, and chairs were placed in all the aisles in order to accommodate the crowd.

The program was of a mixed character, the boys of the class giving orations, while the girls confined their efforts to the salutation, class history prophecy and will. All the numbers were well rendered and were very highly appreciated by the large audience. The numbers were well interspersed with music. The class song was especially well appreciated by the audience. The following was the program:

Instrumental Solo
—Miss Jessie Smith

Invocation

Vocal Solo—Miss Ellen Donald
Salutatory—Wanda McClure
We Build the Ladder by which we Rise—Hudson Prichard
The Invading Army
—Harry Word

Instrumental Solo

Kaffir Corn Band.

The kaffir corn band was entertained Saturday night at the home of Mr. and Mrs. C. R. McAfee. The organization is composed of Dr. S. L. Inghan, C. R. McAfee, M. P. Garner, Mack Garner, R. A. Terrill, Everett Conner and C. N. Harrison. The boys are "there some" with the music, and are thinking seriously of accepting several urgent out-of-town engagements.

Remodeling Home.

Extensive work is being done on the C. T. Word residence in West Canyon. The interior of the home is being entirely worked over and beautified in many ways.

Johnson Building Progressing.

Work on the new concrete building being constructed by B. T. Johnson is progressing rapidly. The walls are going up rapidly, and the carpenters have begun work on the inside.

HIGH SCHOOL WILL HAVE NEW ADDITION

\$10,000 IN BONDS HAVE BEEN TAKEN UP BY STATE.

Bids will be Opened on June 1st. Addition of Four Rooms Made on West Side.

Pres. F. M. Wilson, of the school board, received Monday vouchers from the state treasurer for the sum of \$10,000, the amount of bonds voted last year by the Canyon Independent school district for the construction of an addition to the high school building. There has been such a demand on the state for purchasing school bonds that Canyon has been delayed over a year in the construction of the addition.

The school board has advertised for bids and on June 1st the bids will be opened and the contract let, should any of them prove satisfactory to the school board. The addition to be constructed is 49 feet 7 1/2 inches by 46 feet one inch. It will be located on the west side of the present building. There will be four large class rooms, the principal's office and a library.

The specifications call for the re-modeling of the old building. New doors and windows will be put in, and general repairs made. The board is considering making an auditorium of the two rooms now used by the high school grades.

The board hopes that the contract can be made soon in order to have plenty of time to complete the addition during the summer.

Flax Doing Fine.

A large number of people from Canyon has visited the D. L. Hickcox farm during the past week to see the growth of the flax. All report that it is the finest field they have ever looked over. The flax is making a wonderful growth and will no doubt mature to make a bountiful return to Mr. Hickcox.

Building Commenced.

The ground was broken Tuesday for the foundation of the Randall County News on Houston street. The contractors will have the foundation completed by the first of next week. John Beggin will do the brick work on the building.

Herbert Smith, of Texico, passed through the city Wednesday on his way to Lubbock.

MEETINGS BEGIN JUNE 11.

Special Services at the Methodist Church to Continue for Ten Days.

Rev. C. M. Shaeffer, conference missionary evangelist of the Methodist church, will come to Canyon on June 11 to hold a series of meetings lasting about ten days. Rev. Schaeffer is well known to a number of Canyon people as a very forceful speaker. He has been in the evangelistic work for a number of years and has met with great success everywhere he has gone. During his stay in Canyon two meetings a day will be held.

Tried For Insanity.

Chas. Feldman, of the northeast part of the county, was tried last week for insanity before Judge Scott and a jury of six. The jury found that Mr. Feldman was laboring under delusions but it was not necessary to place him under restraint.

Daughter is Born.

Word was received in Canyon Tuesday morning that Mr. and Mrs. G. H. Hutchings were the parents of a baby girl born at their home in Plainview. Their many Canyon friends extend congratulations.

Good Milk Cow.

A. D. Dooley reports that he has a milk cow that gives 47 pounds of milk in one day. The cow is fed on native crops and gives very rich milk.

Commissioners in Session.

The county commissioners are in session this week as a board of equalization. The board has had a great amount of business to transact.

Building Addition.

J. O. Turner, eleven miles east of the city, is building a four room addition to his residence. J. S. Harrison and Lee Schiflet, of this city, are doing the work.

Pasture For Stock.

Pasturage for cows and horses north of W. E. Bates. 50c per month per head. Good grass and running water. J. M. MEYERS. 9p1

Bowen Pope took his little daughter to Tulia Monday where she will remain for two weeks, during commencement and while Mr. and Mrs. Pope are moving to Pampa.

Misses Ruth Stafford and Pearl Turk left Saturday for Denton where they will attend the home coming. They will visit extensively before returning home.

Miss Maud Brandon left Wednesday for her home in Portales, N. M., after spending a month at home and assisting in the News office. Miss Brandon is one of the best assistants we have ever had in the office, and we are very thankful to her for coming to help us out for a month.

Otis Malcolm, of Happy, was in the city Tuesday on matters of business and made the News office a pleasant call. Mr. Malcolm is one of the biggest farmers in the county. He says that most of his crops are looking fine, and with occasional rains he hopes for a bountiful harvest.

There was a good show at the Shadowland Friday and Saturday nights, 101 Ranch. It was a typical cowboy picture and it seemed queer that such a picture must be thrown on the curtain to show some of our citizens the life of a cowboy. A few years ago such scenes were enacted on the spot where Canyon now stands, but a greater share of the citizens in the city today know nothing of this kind of life.

Here From Missouri.

J. L. Moore, of Carthage, Mo., was in the city this week looking after his land east of the city. Mr. Moore expressed himself as highly pleased with the conditions he found. He believes that the crops are in excellent condition, and that we will have a great harvest.

Mr. Moore says that he made four trips to the Panhandle before investing in land and that after carefully considering all the other points, he was thoroughly convinced that Canyon was the best town on the Plains and that the surrounding country will raise the best crops.

Call Is Given.

At a business meeting of the Baptist church Sunday night after the sermons by Pres. Gates, it was decided to issue a call to Rev. E. T. Smith, of Mississippi, as pastor of the local church. None of the local congregation have heard Rev. Smith, but he comes very highly recommended. Word has not yet been received regarding the acceptance, but the church thinks that Mr. Smith will accept the call.

ALUMNI HOLD BIG BANQUET

FIVE COURSE DINNER GIVEN BY ASSOCIATION TUESDAY.

Splendid Toast Program Given with Miss Maud Brandon Acting as the Toastmistress.

The alumni association of the Canyon high school held their fourth annual banquet Tuesday night in honor of the graduating class and a few friends. The members of the association have worked hard for some time, and their efforts were highly repaid in the success with which the banquet was given. The banquet was held in the Thompson building and was served by the ladies of the Presbyterian church.

There has been ten graduating classes in the local high school, and representatives from all but four of them were present and took a part on the program. The first class graduate was in 1902 when Miss Vera O'Dell alone received a diploma. A letter had been received from her and was read by J. P. Hicks. Miss Columbia Redfearn was to respond for the class of '03 but was unable to be present. The other classes unrepresented were '06 and '08.

The menu and toasts both were very excellent and highly enjoyed by those present. The following was the menu:

- Salted Almonds
- Lettuce and Tomato Salad
- Olives
- Pickles
- Peas
- Potatoes
- Ham
- Chicken Salad
- Sandwiches
- Cake and Brick Cream
- Coffee
- Salted Crackers

The following was the toast program:

- "The Newest Members" - Nash Hicks
- "We are Glad to Become One with You" - Lilburn Thompson
- "The Nine Graduating Classes" - Miss Vera O'Dell '02, - Miss Columbia Redfearn '03, - Robert Campbell '04, - J. P. Hicks '05, - James Lockeridge '06, - Miss Avis Baird '07, - Miss Susan Betchel '08, - Miss Zina Henson '09, - Miss Sallie King '10
- "The Association" - Mrs. E. H. Wray
- "We Feel Kindly Toward the World" - John Bates.

Gone to Pampa.

Bowen Pope has been elected superintendent of the Pampa schools and will move next week to his new place. For the past year Mr. Pope has been taking special work in the Normal, which will greatly benefit him as a teacher. Mr. Pope was formerly engaged in the Canyon schools and gave great success as a teacher. He is up-to-date in his school methods and will give Pampa an excellent school. Miss Emma Hope, of the Normal, has also been elected to a position in the Pampa schools.

Another Big Engine.

Another of the big oil burner engines passed through the city Monday afternoon. Agent Miller learned of its coming a short time before its arrival and a good sized crowd gathered at the depot. THE LAND OF VARIETY

IN NO OTHER agricultural district between the Great Lakes and the Gulf, from the Atlantic to the Pacific, can a farmer have a greater variety of crops from which to choose, than here in the Panhandle! Winter wheat, spring wheat, oats, millet, cane, Kaffir corn, Milo maize, and even King Cotton, are proven successful producers in this region where altitude and latitude, soil and rainfall are combined to make a gigantic farm, the possibilities of which have only been partially revealed. "Diversification," the slogan of the modern farmer, can nowhere be practiced to a greater extent, nowhere will it yield greater benefits than in Randall and adjoining counties.

Apples, peaches, plums, pears, every variety of berry, any kind of vegetable, melons of the most delicious flavor, are easily produced here, and yield in wonderful quantities.

For stock raising there is no better country or climate. Horses, cattle, hogs and sheep are brought to maturity at much less expense, than they can be raised in the East or North, where the severity of the winters entails a heavy feed bill and much confinement---while here our mild winters require only occasional shelter. The young can come at any month in the year without danger of loss.

Poultry and dairying are sure to become great revenue producers, for we have here all the natural advantages which the hen and the cow require in order to give best results.

Pure, sparkling water, obtained in inexhaustible quantity at a reasonable depth is another of our big assets. Our rich soil, capable of enormous production, of a depth which insures its wearing quality, needs only the plow and planter to convert it into a vast factory of food products which can be kept in operation the year round.

Our people here are from the best classes of citizenship---they are coming from every section of the Union, and "Old-timer" and "New-comer" alike are imbued with that spirit of progress which is fast pushing the Panhandle into the front rank of agriculture.

With the establishment of the West Texas State Normal, controlled by a faculty graduated from the best colleges and universities of the United States, our education facilities are ample.

As a place to make a home, as a place for investments which will yield big dividends and steadily increase in value, there is no section of the country which today can offer the opportunities awaiting you here in the Panhandle. Come and investigate.

We have a choice collection of farms, improved and unimproved, all nicely situated in regard to markets and railroads, which we can offer at prices sure to please you.

A CORRECTION.

We wish to call attention to the fact that a line was omitted from the article written by M. S. Park in the last issue of the News. In speaking of the market square Mr. Park wished to say that it would provide ample facilities for caring for all teams, and "where buyer and seller would meet," the words in quotation being omitted.

The plan presented by Mr. Park should meet the approval of every citizen of Randall county. There is not a man in the county who has not faith that Canyon will be a large city at some date not far in the future. Now is the time to provide for this greatness by buying a market square, not only to provide a good place for hitching racks, but also to provide a common market place. Several good lots can now be bought at a very reasonable price, but in the near future they will be held at double the present quotation. In the best towns over the state, even in towns smaller than Canyon, the market square is the most important spot in the town. Every man who has something to sell knows where he will find a buyer, and those seeking produce will go to this square, saving the farmer many hours work driving around the city hunting buyers.

The commissioners have spent a large amount of money in fixing up the court house yard. Every citizen of Randall county should feel proud of the court yard and replacing the hitching racks would greatly mar the beauty of this work. The best solution of the problem is for the

the commissioners and city council to get together at once and buy a market square for the hitching racks.

Uncle Joe says that his salary pays only half his expenses, and yet he has resisted all efforts for years to separate him from that salary.

Judging from the number of beggars that come to our office, the Panhandle must be a prosperous field for this class of undesirable citizens.

Crosbyton, Lubbock and Hereford are planning on big celebrations next month. Will Canyon have a bigger and better reunion this fall than has ever been held in the city?

One of our exchanges uses so much water on its paper in printing the weekly editions that we have to hang the sheet on the clothes line to dry before reading it.

An exchange says: "There are several loafers in this town who sit around all day and bet each other a half dollar that they can shoulder a two-bushel sack of meal, and at the same time let their wives take in washing to support the family."

An examination of the back alleys especially in the business section of the city will reveal a greater amount of filth than is generally imagined. Every reader knows the result of filth. Will you do your part?

We hate to see business men send their printing out of town. We know exactly what it costs us to get out and ask for only a fair profit, but if we are under bid by out-of-town competitors, we know that some one is losing money on the job. Most of the work is sent, however, without giving us a bid.

Moving, sometimes, does a person a great amount of good. For instance moving a printing office, where everything is as heavy as lead. It will display well his temper, and the fellow that will allow a little thing like his temper get away from him while moving a printing office there is something wrong with him.—Hereford Recorder.

The only thing we hate about our new building is the fact that we have to move into it. Moving in any line is a bad job, but a printing office is the "worst ever."

BUSY WEEK IN DISTRICT COURT

GRAND JURY MAKES REPORT—FIVE BILLS RETURNED.

Court Adjourns Thursday and will Convene Tuesday for the Final Windup.

A number of important cases were tried in the district court this week. The court adjourned on Thursday after hearing arguments in the case of C. R. Burrow vs. Frank A. White, Receiver. This case will be settled when court opens Tuesday. The grand jury made their report to the court on Wednesday and was dismissed. The following was the work of the week:

E. W. Pipkin, W. E. Lair and J. F. Smith appointed as finance committee to examine books and accounts of county and city officials and afterwards made their report which was referred to the grand jury.

A number of tax suits were continued until the next term of court to perfect service.

Eighteen tax suits were dismissed because of payment of delinquent taxes and costs.

State of Texas vs. E. C. Peck, defendants bond reduced to \$250 by agreement.

Peter Meyers No. 500 vs P. & N. T. Ry. Co., continued by agreement.

J. W. Cummings et al vs. Wilhelm Erdman, judgment by default for amount sued for with foreclosure of vendors lien on section 105 block B5.

J. M. Black, E. D. Harrell and R. E. Baird, selected as jury commissioners to select a grand jury and two petit juries for next term of court.

J. E. Rogers vs. R. L. James, judgment for plaintiff by default for northwest quarter of section

REPORT OF GRAND JURY.

Five bills were returned by the grand jury of which two of the arrests have been made. It was recommended that the public schools be kept in a more sanitary manner. The city jail was also reported to be in very bad sanitary condition. A new criminal statute and code of procedure was recommended for the county. It was recommended that the county tax collector make his reports and turn over his collections promptly as required by law and that the county treasurer and commissioners be more diligent in keeping the accounts of the county, that the finance ledger

be corrected up to date, and a double entry system of book-keeping be installed so that a trial balance can be taken at any time. The cesspools in the business part of the city were condemned. Bills of sale were recommended for each sale of cattle to butchers and the inspectors admonished to be more diligent in inspecting the brands of animals that are butchered.

Webster's NEW INTERNATIONAL Dictionary, (G. & C. Merriam Co., Springfield, Mass.) surpasses the old International as much as that book exceeded its predecessor. On the old foundation a new superstructure has been built. The reconstruction has been carried on through many years by a large force of trained workers, under the supervision of Dr. W. T. Harris, former United States Commissioner of Education, and reinforced by many eminent specialists. The definitions have been rearranged and amplified. The number of terms defined has been more than doubled. The etymology, synonyms, pronunciation, have received unsparing scholarly labor. The language of English literature for over seven centuries, the terminology of the arts and sciences, and the every-day speech of street, shop, and household, are presented with fullness and clearness. In size of vocabulary, in richness of general information, and in convenience of consultation, the book sets a new mark in lexicography.

The Texas Sheep

The sheep is the greatest politician of all animals. He has entered every campaign since the beginning of government and in a number of elections his fleece has been the paramount issue. Sheep have been mentioned in the platform of every political party and wool has been listed in the tariff schedules of every nation on the globe. As a statesman he has pretty well held his own and although occasionally beaten at the polls, his friends invariably resubmit the issue, and today his fleece is protected by a tariff of 11 cents per pound.

1910 VALUE PER HEAD \$2.90.

He is the most economical of all animals; his flesh is the purest of foods and has always been an acceptable sacrifice to the gods; his fleece makes the finest of raiments and has clothed mankind since the creation of the world. He is a very prolific animal and while furnishing food and clothing rapidly replenishes his kind. He is the only animal that possesses three natural and unfailing sources of revenue—food, clothing and reproduction—and he has so successfully managed these gigantic lines of industry since the beginning of time that today he is a captain of industry among the animals.

The sheep is the only animal that has been humiliated by being compelled to compete with vegetable fibre on the markets, but notwithstanding the progress of his powerful rival, King Cotton, he has held his own and today he is worth more on the market than at any time during the past half a century and his fleece is the yardstick for computing values of all vegetable fibres, and King Cotton must get prices from the sheep before entering the market.

According to the Federal agricultural department census report on Jan. 1, 1910, we had 1,000,000 head of sheep and the latest estimate placed upon them is \$5,536,000. During the past decade we have shown an increase in number of sheep of half a million head in total value of approximately \$2,500,000.

Texas is the home of the sheep and the mountain regions afford cheap grazing and the mild climate is well adapted to sheep raising and wool growing.

Texas Wheat

The increase in the world wheat acreage has not kept up with the increase in population during the past decade and students of economy tell us that we must increase our wheat acreage or face a bread famine. According to estimates of the Federal agricultural department's reports, in 1910 the wheat fields of the world harvested 3,667,494,000 bushels, which makes 2.5 bushels per capita. In Texas we raised 18,780,000 bushels, which is approximately five bushels per capita.

An examination of the wheat acreage planted in Texas each year for the past three years shows an irregular and volcanic condition. In 1908 there were 924,000 acres, in 1909 there were 555,000 acres harvested, and in 1910 we harvested 1,252,000 acres, indicating sudden and rapid changes in our wheat acreage.

Our wheat crop ranks third in value of Texas' agricultural products and has a farm value of \$18,404,000. We produced fifteen bushels per acre and the farm value was \$14.70 per acre.

Texas Oats

Our oat crop ranks fourth in value. In 1910 we had an oat acreage of 695,050, producing 24,825,000 bushels, farm value \$11,438,000. Our oats yielded thirty-five bushels per acre and a farm value of \$16.45 per acre.

1910 VALUE PER ACRE

Texas is fast taking its place among the cereal producing states in the Union.

CITIZENS LUMBER COMPANY

LISTEN TO EXPERT BAKERS

T. H. Baker, proprietor of the Home Bakery, Amarillo, made a test of the Elk Horn Flour, manufactured by the Eagle Milling Co., of this city and obtained the following results.

"I obtained the best results with this flour than with any other I have ever tried. Out of 25 pounds of flour I got 48 pounds of dough. This is an exceptional test, being much higher than any other flour on the market.

"I am thoroughly convinced that when this flour is used in large quantities the same result will be obtained. I have used many car loads of every high grade flour manufactured west of the Mississippi river and this test was far superior to any of these leading brands of flour.

"As to the quality of the bread, I am convinced that it is as good as any flour can make. I use bread from this flour at my own home, and am highly pleased with the quality."

T. H. BAKER, Amarillo, Texas.

Joe Huffman, proprietor of the City Bakery, adds his testimonial to the long list of praises of Canyon people in the following words:

"I am using Elk Horn flour now for all of my baking. It is absolutely the first flour that I have ever been able to procure that you could make good bread of so soon after it has been ground at the mill.

"Elk Horn flour is as good a flour as I have ever been able to procure, and I have used all of the highest patent flour on the market today. I am using this flour in all my baking now, not only because I believe in patronizing home industry, but more because I have never been able to find a better flour.

**An Ordinance Regulating the Assess-
ment and Collection of City Taxes,
Prescribing Certain Duties of the
Assessor and Collector, etc.**

ORDINANCE NO. 20.

Be it ordained by the City Coun-
cil of Canyon City, Texas:

Section 1. All laws of the
State of Texas, regulation taxa-
tion in so far as they may apply
to this City, are hereby adopted
and made a part of this ordi-
nance.

Section 2. The City Marshal
shall assess and collect all taxes
which are or may become due
said City under any law of this
state or ordinance of the city.

Section No. 3. He shall in ad-
dition to his bond as said City
Marshal give a bond as Assessor
and Collector of Taxes in the
sum as the City Council shall de-
termine, with not less than two
good and sufficient sureties.

Section No. 4. He shall be
paid for his services as such as-
sessor and collector of taxes
such salary or commissions as
the Council shall allow, said
amount to be fixed by the Coun-
cil at a regular meeting in Janu-
ary next preceding the city
election. Said amount of com-
pensation shall not be changed
during the following two years
term of office.

Section No. 5. The Council
shall furnish him with all neces-
sary books, rolls and reports
which may be necessary for the
proper management of his office.

Section No. 6. Said marshal
as assessor shall make his as-
sessment between the first day
of May and the 15th day of June
of each year, and shall as col-
lector of taxes begin collections by
the first day of August of each
year or as soon thereafter as
his rolls shall have been ap-
proved and turned over to him by
the City Council, except the tax-
es for the year 1911 which are
hereby declared to be due on the
first day of June 1911, and the
Collector is hereby instructed to
begin collection thereof on said
first day of June 1911.

Section No. 7. The City Coun-
cil shall at its May meeting in
each year appoint a board of
equalization as provided by the
Statute which board shall meet
on the 15th day June following
or as soon thereafter, not later
than the 20th day of June, as the
assessor shall have furnished
them with his assessment list.

Section No. 8. The City Coun-
cil shall at its regular meeting
in July, levy all taxes for the
current year, and shall meet in
special session not later than the
25th day of said month for the
purpose of examining the tax
rolls of the assessor.

Section No. 9. All ad valorem
and poll taxes after the year 1911
shall be due August the first,
and a penalty of ten per cent
shall be taxed up by the tax col-
lector on all taxes unpaid by the
1st day of September, and after
the first day of September of
each year the collector of taxes
shall by virtue of his rolls levy
upon so much property liable to
taxation belonging to the person,
firm or corporation as shall be
sufficient to satisfy said taxes
assessed thereon, and shall proceed
to sell said property after having
advertised the same one time in
the weekly newspaper published
in Randall County in accordance
with section 517 Chapter Four-
teen, Revised Statutes of Texas;

Happy News.

Farmers are still plowing sod
and planting corn.

Many farmers around Happy
are experimenting with cotton
raising this spring.

M. Galligher of Canyon was
out on his ranch on business the
last of the week.

Miss Ethel Renner is visiting
Miss Mabel Kurth, south of
Happy.

Ray Bayne and Floyd Renner
had the pleasure of pulling an
auto belonging to Tullia parties
to Canyon Saturday night. The
auto went dead about 5 miles
west of Happy and the boys ar-
rived in Canyon about five o'clock
Sunday morning. Such is life
with the buzz wagons.

Peter Meyers and family at-
tended the ice cream social at
Happy Saturday night.

Rev. Yoder delivered a fine
sermon Sunday morning at the
Jowell schoolhouse and Rev. Guy
Parson delivered one in the even-
ing to a large crowd. Nixy

Elected to Alumni Association.

W. J. Flesher has just received
word that he has been elected to
the Alumni Association of the
University of Texas. Mr. Flesher
did not graduate from the
university, and this honor has
been extended by the associa-
tion to become one of their
members.

A REAL TOWN.

"And what sort of a town is yours—I didn't catch the name?" said the polite stranger on the train to the man who had been patiently listening to a long description of a Wisconsin lumbering city.

"Bates," said the other, promptly, "and she's a comer! Two months old, a good band, a soap factory, and more English sparrows than can sit on the telegraph wire! Oh, Bates is the real thing!"—Youth's Companion.

P & O
Two-Row Cultivators

The Greatest Time and Money Saver for the Farm.

The best argument in favor of a Two-Row Cultivator is that it saves the expense of one horse and a hired man. We are ready to show you that the P. & O. Two-Row Cultivator is the best one made; that is why we sell it in preference to all others. It has more adjustments, is more easily operated and at the same time is simpler in construction than any similar implement made. Compound raising levers, each raise one pair of gangs, and each gang also has an individual adjustment. Provided with every appliance for the most exacting work. Come in and let us talk it over.
