were pleased this week to see t Rep. Senator John Tower ally had something constructive say. It was his contention that should go to Cuba and pick up, h force if necessary, the Locked Electra turbo-prop plane that is hi-jacked over Florida late week. When a Cuban forced pilot at gunpoint to fly the plane and passengers to a Cuban

field Castro impounded it. This possibly in reprisal for the seve-Cuban planes that have been fiscated in this country to satunpaid debts. Whatever the son, the fact remains that a ne was pirated illegally from country and confiscated. This put up with. If a detachment of arines were flown, with fighter cort, into that airfield to rescue airplane, Castro might think ice impounding any other Amerin property picked up outside Cu-i's borders. There's a lot of dif-rence in impounding property to tisty unpaid debts and outright ealing it. If Castro gets away th it, it will appear that anyone anting to start an airline need oncome to the U.S. and hi-jack the es they need. It's apparently

h buit-in hostages to guarantee The State Highway Department done a laudable job this week resurfacing highways in the nty. It should be pointed out t some of these highways are ot overly-endowed with stop signs es with side roads. A k look several days ago reled that stop signs were placed side roads and not on ers with little apparent pattern. It is our own feeling that every ity should have definite right vay on through streets clearly narked with signs.

City Clean-Up Campaign Set For Friday

derway Friday morning at 7:00 o'clock and will be moved along with the active pushing of the Dimmitt Junior Chamber of Commerce which has secured aid from the Chamber of Commerce and the Lions Club.

Equipment for the campaign will consist of approximately 15 tractors and shredders, 6 trucks, five pick-up trucks, 2 winch trucks, and approximately 60 men. These are being furnished by members of the Jaycees, the Chamber of Commerce, the Lions Club and various individuals in and around Dimmitt. There will be a crew leader in charge of each of the five crews that will be working in assigned sectors of the city. These crews will be available for removal of trash, and for shredding lots that have grown up in weeds. No object will be to small or too large for these crews to atempt to move if it mars the appearance of the city. Anyone wishing to contribute additional machines or manpower should contact Larry

square at or after 7 a.m. Friday morning. "We plan to conduct the complete operation from start to finish from this point with the use of two-way radios, telephone, and other means deemed necessary," said Larry Allen, Clean-up Campaign Manager.

Dimmitt Jaycee-Ettes will serve the noon meal for all who are actively participating in the extensive campaign. Local grocerymen have donated food for the meal to be served on the courthouse lawn.

To defray expenses of equipment and labor not furnished by the Jaycees, the Chamber of Commerce, the Lions Club, and local business organizations, a charge of two or three dollars will be made per lot for weed shredding and for a man-hour charge to be made for the cean-up of litter. Any funds collected that are not required to meet actual clean-up expenses will be given

"Since we have the aid of two very active organizations the Lions Club and the Chamber of Commerce, we feel that this will be the most effective clean-up campaign ever launch ed in Dimmitt. Many shredders and other equipment have been donated by various city residents and local farmers who are interested in the eye-appeal of the town. All are encourag ed to offer their assistance to the organizations participating to make our town more attractive and to help in control ling the build-up of mosquitoes," Allen concluded

Dimmitt has been canvassed and lots needing shredding o cleaning up have been charted on city maps. However if any additional shredding or trash removal is needed clean-uj headquarters or crew leaders should be contacted Friday Crew leaders will be near the shredders or truck crews in radio pickup truck. Campaign headquarters phone numbe will be either MI 7-3865 or MI 7-3656.

SAVINGS ASSOCIATION

Don't take chances . . . Take care! Dividends for the Full Month

Most farm accidents are preventable. Take the precaution of checking all farm machinery to see that it is operating safely. Remove accident hazards from your barn and other buildings. Keep alert, take care on every farming job . . . and instruct your help to do likewise!

> Taking care will stop most farm accidents before they happen. But if, despite your best efforts, an accident does occur on your farm (to yourself or one of your employees) proper accident and liability insurance coverage will take the financial sting out of it for you. The cost of such insurance is small, but it can save you important money.

THE AMERICAN TOBACCO CO

Houston Chronicle Features County In Recent Story

article is printed verbatum from the Houston Chronicle, one of two najor Houston newspapers. The author spent several days in Dimmit preparing the article, which is pased on the alleged high inco

By ELMER SUMMERS Houston Chronicle Agricultural Editor

Dimmitt-Castro County produces cotton, sorghum grain corn, vesgetables and cattle has highest spendable income-\$11. counties of the United States.

So says the Standard Rate a Data Service of Shokie, Ill., a n tionally recognized authority marketing and advertising.

Castro County is now basking the world spotlight. It is the result of advanced farm technology smart farmers and governmen price supports.

The citizens here are a bit b wildered but proud. Many frankly tionment. He thinks all the cotton admit their own family incomes acreage will be planted. aren't \$11,173. Some are a little income tax investigators. Here are some typical reactions:

Bascom Nelson, Jr., editor of the Castro County News, said: "I know we have the smartest farmers in the world. Our soils are fertile. We have the most underground water on the High Plains-but this the nonsigning 3.8 per cent grain highest income news came as a pleasant surprise.

Banker Robert McLean, presi dent of the First State Bank of Dimmitt, says be hopes it doesn't turn out to be a mistake.

Every one is agreed that Castro County's income is almost 100 per cent from agriculture. The county has no oil or industry.

What is the meaning of Castro County's income? By comparison the S.R.D.S. says national spendable income per family in theUnited States is \$6471, It says for Me-tropolitan Harris County (including Houston, Pasadena, Baytown, etc. it is \$6681 and for Houston proper

Thus it would appear that Castro County households each has almost double the annual spendable income of Harris County or Houston households.

Charles Hottel formerly assistant county agent at Liberty and Beaumont and now county agent here, says Castro County farmers are "the hardest working farmers in the world." He says they have a year around job.

The elevation of the County is

3854 feet above sea level. Its temperature ranges from a ow to 14 below in the winter to 105 in the summer. Its chief crop ha-

zards are tornadoes and hail. Hail nsurance rates are \$19.95 per \$100. Charlie Hill, manager of the Castro County Agricultural Stabiliza-tion and Conservation Office, says the average Castro County farm is 975 acres. This year's cotton al-

BAPTIST YOUTH-working on the posters for the young people's revival to be held in the First Baptist Church at 8 p.m. each evening from August 6 to August 13 are from right to left Lou Ann Hays, Gary Morrison, Susan Youts, and Kay Williams.

lotment is 60,408 acres, which in- irrigated acre of cotton, he said cludes 58,558 actual allotment. The The farms are heavily fertilized additional is release and reappor-The county also has some 60,000

Grain sorghum: Base acreage, uneasy. They see complications like 214,420 acres, but 77,951 have been swarms of pressure salesmen and diverted or taken out of production maybe a little closer attention from under the government feed grain program, leaving a balance of 136, 469, which will be planted. He said 96.2 per cent of the farmers signed ninimum or maximum is a guess.

There is no way of knowing what orghum farmers will do he said. The corn base is 3816 acres. Dierted acres will be 2078 and possbly 1800 acres will be planted.

Hottel said the irrigated farms produce on an average of 4500 ounds of grain sorghum, 45 bushels wheat and 14 bales of cotton to he acre.

He said the county's 100,000 cres of dryland farmers produce t a much lower rate but at coniderably less expense. It costs \$40 grow an irrigated acre of sorhum or wheat and \$60 to grow an about \$8 million

icres of pasture land which, if leased, bring from \$3 to \$6 an acre-Dimmitt claims to be the grain orghum capital of the world. Cas ro County has a total of 834 farms The county-wide population is a

Fully 90 per cent of Castro County esidents farm, including Sherif Jack Cartwright. He cultivates 64 acres and made 501/2 bushels of grain to the acre on 500 acres, and County Judge Raymond E. Wilson who made 51 bushels, Carl Easter wood is credited as being the coun y's largest farmer with 8,000 acres

Dimmitt, the county seat of Cas tro County, has a population of progressive. It has voted \$250,000 bonds for a hospital. It has 11 churches and a fine high school Most of the graduates attend col lege. It has the finest water I eve
