# CANYON HIGH SCHOOL NOTES FOR 1911

CHANGE WILL BE MADE, FROM GRAPE TO CREDIT UNIT SYSTEM.

The New Building is Provided with Neat Auditorium where Morning Exercises will be Held.

Board of Trustees some very important questions, concerning the organization of the public schools, came up for consideration and were passed upon. We wish to say in the outset that we have not come to Canyon to im press the people with the vastness of their ignorance nor with the profundity of our wisdom but to in every way possible help the citizens and patrons of the schools realize that larger sphere of usefulness which is theirs by right. We have nothing but words of praise for those who have been connected with the schools in the past, knowing that with the equipment they had at hand they did the very best that could be done. Canyon is and preeminently must be a school town, this is our chief asset and surely no one could wish for a more favorable condition-one which will in the end bring about a greater growth materially and also a corresponding mental and moral progress.

The very presence of an institution in our midst, whose duty it is to train young men and women to carry on the work of the public schools of this state, makes it more incumbent upon the trustees, patrons and teachers of the public schools here that we present to these teacher students the most complete real ization possible of these pedagogical truths and principles which will be so ably instilled in them by the Normal faculty. In fact, it is not too much to hope that in the future our public school in Canyon may have so far approximated these ideal conditions we now have in mind that any member of the Normal school may say to any student in attendance there, "Go up to the public school and see this principle worked out in reality." At this point we wish to dis-abuse the minds of those who think the public schools in Canyon are a mere annex to the Normal by reason of the fact that a portion of the children will be in the Training school department there. Each school is entirely independent of the other and yet vitally connected. The teachers in each institution have certain well defined plans in mind and will seek in every way possible to offer but the one course to all to realize them during the com- alike, that is the Latin; but just ing year. We say without hesiis the only State Normal in Texas that is really and truly attempting to do professional work | man or Spanish as the language, depend largely on the co-operation the teachers and citizens of property and citizens of propert tion the teachers and citizens of re-Canyon lend to him in the under | monstrag taking.

AFFILIATION.

It is the intention of the board History, English; at present, two to ask that the Mothers Club

and a half years in science. And in order that the course may be well rounded out by the close of this year so that a diploma from the high school may count for work done, it will be necessary that those who had intended to graduate and receive diplomas this year be only given certifisates, showing just the amount

done in each subject studied. A diploma means nothing unless it means that the course of study back of it has been mastered; for this year a certificate will count for as much and graduating ex-At a recent meeting of the ercises mean just as much.

CREDIT SYSTEM,

A change has been made from the grade system to the credit Club of Canyon and H. A. Nobles all their children except one, tounit system. Under this plan president of the Amarillo Street gether with quite a number of the work of the high school will be divided into four years, to be known as First, Second, Third tween Canyon and Amarillo. and Fourth year classes instead of Eigth, Ninth, Tenth, and Amarillo runs south to what is for these two good old people Eleventh grades, or the other known as Six Mile Crossing, and and in fact, a real high afternoon misnomer - Freshmen, Soph- the only available place of getting to all present. Bro. Roberson more, Junior and Senior.

receive credit for work done and depot. that year with the exception of ery. work done may count for gradu- the Epworth on the Plains.

LABORATORY EQUIPMENT.

A generous board of trustees has appropriated something like \$500 for laboratory equipment, physical apparatus, maps, models, etc. This will enable us to do the laboratory work required for affiliation and in many other ways make the work interesting and profitable. In addition splendid Baloptican has been purchased and will be used both during the recitations in the day and for entertainments at night. This one item places us ahead of any school in this section. In which is to be organized later fact, no pupil in Canyon need take this as their years work. Leslie Roberson and son, Amarthe Normal or elsewhere until school pupils will help them in they have finished the course every way passible. But it is offered here.

OPTIONAL COURSES.

At present it will be impossible as soon as practicable optional tation that the Normal in Canyon courses will be offered. In the very near future a Science course can be offered with Gerand just how well Mr. Cousins and we trust at no very distant and his faculty are able to exem- date to be able to offer well plify this statement in detail will rounded courses in the manual \*pal done in agri culture te coming spring.

FIREMEN WILL GO TO DALHART.

Annual Meeting of Panhandle Fire men's Association to be Held at Dalhart, Aug. 22, 23, 24.

The fire boys have put in very strenuous week practicing and getting into condition to enter for all the prizes in the annual meet of the Panhandle Firemen's association to be held at Dalhart on August 22, 23 and 24 The team is composed of the following persons: Elmer Crowley, Frank Crowley, L. C. Crowley, Roy Shotwell and Clifford Rey nolds. Travis Shaw will have charge of the team and act as delegate from this place.

The boys say they are going to swing on to that chief's trumpet which they won last year at ing became at once popular. Plainview, and will also try and carry away all the rest of the

R. W. Thacker, secretary of the association, says they are expecting a great time.

Stag Party.

J. H. Jowell, Chas. Hunt, R. B Burrow, R. E. Foster, S. A. Lof ton and Roy Wright are out on the Palo Duro this week on a little "back to nature" trip. The boys took along a regular chuck wagon and had it well supplied with good things to eat and with Bud along to do the cooking we know that they will have a good feast and a grand time.

Mr. and Mrs. Joe Huffman restone to the Arch of Greatness" quite the best place on earth to cashier. We are indeed sorry to

# MEETING CLOSED

CANYON HAS EVER KNOWN.

About Seventy-Five Conversions with About 40 who had Wandered from the Straight and Narrow Path.

The union meeting has closed and Rev. Johnson and his corps of workers have gone to their various homes. They left with the knowledge that they had done a great good for Canyon.

These meetings were to last for four weeks, but during the last week of the four, there was such interest manifested that it was decided to hold them for another week. The last two weeks of the meetings were by far better than the opening ones, as the people began to understand the ways of Mr. Johnson. In the men's meetings on Sunday afternoons there were quite a number converted.

Mr. Johnson is a good talker and has a way of delivery that holds the audience.

In the Sunday afternoon services for women, which were An innate modesty causes me held at the Methodist church, and conducted by Mrs. Johnson and Mr. Dewitt Pledger, great school and does all the work of pass all the best places of scen- Bro. Roberson was married to of these things that to us are so dies think that these two deserve his wife in old North Carolina in simple and easy and have incre- a great deal of credit for the Johnson is a great personal worker and did some good work.

> Dewitt Pledger is a young man of ability. He held the pastorate of one of the last churches in the State of Idaho.

> No one connected with the meeting became dearer to the hearts of the people of Canyon than did Mr. Grover Cleveland Pledger, director of the music. His good nature and jovial manner appealed to everyone and won him friends wherever he went. As a chorus leader Mr. Pledger ranks among the best in the country notwithstanding the fact that he is a very young man. His brisk gestures and lively manner never failed to enthuse the large choir and make them put forth their best.

> Mr. Pledger's work with the children was little short of a miracle. On Saturday evenings the boys' and girls' choir filled the seats upon the platform. This always inspired a large audience for the children's even

At the services Sunday nigh Rev. Johnson had Rev. and Mrs. Groves mount the platform and then had the large audience to take their handkerchiefs and wave them in tribute to this good couple.

On Monday afternoon there was a very large crowd at the depot to say goodbye to Mr. and Mrs. Johnson and their workers.

There were something like 75 conversions during the entire meeting.

To Rio Grande City.

O. E. Cannon, who has been assistant cashier at the First National Bank for the past year, has resigned his position here and left Tuesday for Rio Grande lose this good family.

# Kitchen Help That Never Shirks

THE HOOSIER SPECIAL SAVES MILES OF STEPS FOR TIRED FEET

This kitchen helper-the famous Hoosier Kitchen Cabinet is just as strong and willing on wilting humid summer days as on bracing days. You can depend on it to help you out when you need help most, for the Hoosier is actually a kitchen helper.

If you had someone to take miles of steps you now take in the kitchen, you would surely call her a helper-and a good one.

Well the Hoosier saves you miles of steps-so it is a kitchen helper-and a good one.

The Hoosier helps you by having nine-tenths of the things you want, at your finger tips when you prepare a meal.

You can sit comfortably at the Hoosier and do your work in one-half the usual time.

That's not half the good thing to be told about the Hoosier -but you owe it to yourself to come and see.

# RAINY DAYS

Come to everybody. Life has more ups than downs. Right now, while you are making, you ought to be saving; then when the downs come you will have something to fall back upon.

Where is the money you have been making all these years? You spent it and somebody else put it in the bank. Why don't you put your own money in the bank for yourself--why let the other fellow save what you earn?

BE INDEPENDENT

The tank is conflicted with other surveys, burried near the building and and the purchasers themselves being unable to finance a resur- Mr. Foster is making the Leader mplications satisfactory to the in the Panhandle. d commissioner, they are ppelled the lands lapse and ose what they had paid in. They contended that it was the duty of the state to give these citizens a good title to the land and that the amount of \$5,000 to clear up the titles to lands in West Texas alone, not to mention other sections of the state, is insufficient.

They also pointed out that there were instances where lands were sold and it later developed that these ands were four miles acros the Rio Grande in the Republic of Mexico.

Mr. Haney will make another effort to have reconsidered the vote by which the amendment was lost and endeavor to secure an adequate appropriation in order to protect these innocent purchasers, who are for the most part, men of moderate means, endeavoring to secure homes in Texas, and says the state should not accept a dollar for these lands unless they can give a good and sufficient title.-Ft. Worth Star Telegram.

#### It Was Only A Joke.

In response to a call of fire at the Dr. Black home, the fire de partment turned out in full force Monday afternoon, and made a quick run as far as the depot. Arriving just as the train pulled out, they received the compliments and good cheer along with the laughter of the volunteer fire departments pass ing throught, to the convention at Dalhart. Wiping the sweat off their brows and turning toward town with a sheepish grin, against the fellow who turned in the alarm "just to see what kind of department Canyon had."

#### Weather Summary, July 1911.

The following is the report of the weather bureau at Amarillo in regard to rainfall, etc. Canyon has had more rain than recorded in this report, but it is interesting to know the conditions in other parts of the Panhandle:

Summary of the most promi nent weather conditions at Amarillo, Texas, during the month of July, 1911, compared with similar data of the same month 1882 to 1910.

Precipitation. The total pre cipitation for the month 3.83 inches is 0.66 inch above normal, and is the greatest precipitation for July, except the years 1896, 1899, and 1908 in the history of the station. Total precipitation 10.18 inches since January 1, exceeds the normal of 33 years for that period by 2.50 inches.

Temperature. The average temperature for the month 76 degrees is coincident with the normal of 33 years. The extremes of temperature during the month are 96 and 54 degrees respectively.

Sunshine. The percentage of sunshine during the month compared with the element in previous years is slightly below the average.

The marked feature of the weafrequency of days, seventeen, when .01 inch or more of pre- the acre. cipitation fell. So perfect was expected maximum crops.

Climate Constituents. All of the most reliable. the climate constituents essential to plant life and growth, air, light, heat moisture and soil are within the confines of the Panhandle of Texas.

month of August. The average coming month of August, as deduced by the U.S. Weather Buis 2.81 inches of precipitation, grees and the lowest 49 degrees.

left Monday and Tuesday for wheat is advisable. Ground that milking a small buuch of cows Dalhart where the third annual has been plowed in July will invention is a grand success and gust plowing is better than that

Time for seeding. -The time for seeding must necessarily downs: vary according to the season Our last year's experience has ture in it when we think the wheat should be sowed, we must either sow it and wait for moisture to bring it up or else wait until the moisture comes before sowing.

Wheat can be successfully sowed as late as December 1st if the conditions are favorable from then on, but the farmer cannot afford to wait until December to prepare the land. Sowing about November 1st is much more likely to insure a wheat crop than December. But our best wheat crops come from sowing September 20to October 20th. If the soil has been well prepared and the moisture conditions are good by September 10th, we should not hesitate to sow then. We must get our winter wheat started in the fall months.

Good seed .- Too much cannot be said in favor of good pure seed. A great deal of wheat which will be used for seed this fall is badly mixed and is of an inferior quality. It pays to sow good seed, even if it has to be secured slightly above the market prices. Turkey Red and Kharskof wheats will be found as good varieties as can be obtained for our conditions.

Amount of seed to sow.-The most of us continue to make the mistake of sowing too much seed. For our hard lands, 30 pounds of seed to the acre is Marked Weather Features. sufficient, if the ground has been well prepared: Under no conther during the month was the ditions should we sow over three pecks to one bushel of seed to

# HEAVY RAIN FALLS

RAIN STARTED TUESDAY NIGHT. CONTINUES TILL LATE HOUR.

Reports from all over North and Central Plains Snows this Big Rain is General.

Thursday night about ten oclock a heavy rain began and continued for several hours. Thousands of acres of crops in the Panhandle have been brightened by this timely rain. it was steady and slow and showers continued off and on for the whole of Wednesday, filling the lakes and branches. Tuesday night and Wednesday nearly three inches fell and the clouds have remained heavy and threatening up to the present time; indicating more moisture.

Although the row crops are in good condition, the recent moisture will fill out the grain and put the ground in good condition for fall and winter wheat. Many farmers have been waiting for a slow absorbing rain before breaking land for wheat and it seems that this rain was especially ordered to make a bumper fall and winter wheat crop. This rainfall is remarkable in that the precipitation fos August has not been broken in 20 years except in one instance, during the year 1906. The total precipitation since the first of January reaches nearly 18 inches and big bumper crops for the remaining season and next year are assured.

The temperature has fallen several degrees and the invigorating summer Panhandle weather prevails.

What have you to offer in ex-At a meeting of the board of change for equity in my 1140-acre

DO IT NOW.

Canyon City People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney diseases is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place chronic disorders and the sufferer goes gradually into the grasp ofdiabetes, dropsy, Brights disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells: if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especact where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. T. B. Clampitt, Evelyn St., Canyon City, Texas, says: 'Doan's Kidney Pills which I obtained at Thompson's Drug Store have been so beneficial in our family that we suggest their use to anyone having a weak or acking back. This preparation can always be depended upon."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.

Remember the name-Doan's -and take no other.

# GREAT ROUND-UP SALE

### STARTS SATURDAY AND CONTINUES FOR TEN DAYS

As it is customary each season on the cattle ranches to "round-up" all stock for inspecting and sorting purposes, we have concluded to apply this method to our store. Our "herders" have made a thorough "round-up" and have branded everything with a big "B" which means bargains for you and cash to us. To make matters doubly interesting we have "roped in" from our jobbers some of the biggest "snaps" you have heard of, which will go in this sale and we are going to give you back 20 per cent on every purchase you make. Below we quote a few sample prices:
