

## FOURTEEN FARMERS BUY 58 HOLSTEINS

MEETING SATURDAY WAS WELL ATTENDED.

Much Enthusiasm Shown for Dairy Work—Haynes Elected President of the Association.

There was a good attendance of farmers at the Dairy meeting on Friday afternoon at the court house, and great enthusiasm shown for the new work. Those who have made a study of the dairy business says that the move to bring Holsteins into Randall County will be the greatest thing for the farmers that the banks have ever attempted.

L. L. Johnson was present at the meeting and spoke very enthusiastically of the results that had been accomplished in other parts of the Panhandle where he had put Holstein cows. Other men present spoke in favor of the movement.

The following is the list who signed for cows Friday:

A. B. Haynes, 4. Also four pure bred heifers to cost not more than \$200 each, and one bull to cost not more than \$250.

R. A. Thomas and O. S. Brown, 5.

J. F. Hood, 5.

Henry Meyer, 5.

W. E. Johnson, 5.

D. M. Walters, 5.

M. A. Bingaman, 5. Also one bull to cost not over \$200.

C. R. Holland, 3. Also two pure bred heifers.

H. C. Roffey and J. N. Blake, 5.

E. W. Neece, 5.

E. C. Pritchard, 1 pure bred heifer.

There are fifty two grades, which will cost not more than \$140 at the point of purchase.

There are six pure bred heifers.

An organization was perfected with the following directors:

A. B. Haynes, D. A. Park, D. M. Waters, H. C. Roffey and E. W. Neece.

The directors elected the following officers:

A. B. Haynes, president.

D. A. Park, secretary.

Mr. Johnson was instructed by buy the cattle in order to save the expense of another man going up to assist him, but a telegram received Monday from him in Chicago stated that C. L. Seagraves stated it would be necessary for a man to go north to assist Mr. Johnson.

Another Meeting Saturday.

Another meeting will be held Saturday afternoon in order to select a man to go north. It was also found that a number of men could not be at the meeting Friday, and these are urged to be on hand Saturday as it is necessary to close the list of those who want cows.

Turner House Named.

Huntleigh Hall will be the name of the new sixty five room house which is being constructed near the Normal by Mrs. W. C. Turner. The name is taken from the name of her family.

Work on the house is progressing nicely. It is hoped that the house will be fully ready for occupancy by the first of June.

An impression seems to have gotten abroad that this is only a rooming house. Mrs. Turner states that she will have board as well as the rooms.

Eighteen Cars in February.

A total of eighteen cars were registered with the county clerk during the month of February. The following is the list for this week.

Hugo Fehr, Ford.

Newt Reeves, Ford.

Wesley Kleinschmidt, Ford.

Dick Menke, Ford.

L. M. Scroggins Under Bond.

The three indictments presented in court last week by the grand jury were against L. M. Scroggins, who lives near Happy. One was on the point of swindling and two for false-swearing.

He immediately made bond in the sum of \$2250.

Ackerman Reconsiders Resignation.

Urged by the city council, C. M. Ackerman reconsidered his resignation and has agreed to continue with the city water plant as has so successfully done for the past eight years.

He announced his decision at the meeting of the city council Monday night.

## GEORGE ARNETT OF LUBBOCK KILLED SATURDAY NEAR CITY

Car Turns Over, Killing Man Instantly—Skidded in Snow Was the Cause—Wealthy Man.

George Arnett of Lubbock was almost instantly killed Saturday about noon three and one-half miles south of the city when his Super Six skidded in the snow and turned over. With him was his driver Newton Wilson and Albert Taylor.

According to the two survivors the three men left Amarillo that morning and were to meet parties in Lubbock Saturday afternoon where a big cattle deal was to be closed. Mr. Wilson was driving. Hitting some snow near the cemetery the car skidded a little and Mr. Arnett remarked to Wilson to slow down a little as he was not ready to go to a cemetery. Within two miles another snow bank was hit and the car skidded and turned over. Mr. Arnett was in the front seat with the driver, and was pinned under the back of the front seat. Taylor was riding in the back seat and Wilson was thrown back with him, the two being caught under the car between the two seats. Taylor was injured to some extent. Wilson called to Mr. Arnett and asked if he was hurt. He shook his head, yes, but did not speak. The two men tried to release him, but unsuccessfully. They were pinned in and it was necessary for them to jack up the car from the inside before they could get out, or release Mr. Arnett.

Help was called from town and J. E. Rogers and Dunlap Lester were among the first on the scene. They put the body in Mr. Rogers' car and brought it to town, where a special train was procured to take it to the family home in Lubbock.

Mr. Arnett was a man of considerable means. For a number of years he was manager of the Elwood Ranch near Lubbock, and is well known to all of the cowmen of this country. During the past few years he has devoted his time to looking after his extensive interests. He leaves his wife, two daughters and a son.

TROOP "B" HELD UP FOR ANOTHER MONTH ON BORDER

Indications are that Troop B of the Texas National Guard, from Amarillo in which there are a number of Canyon boys, will be held on the border for another month.

The troop had camp nearby broken when they received orders to go back into camp.

City Election in April.

At the meeting of the city council Monday night the annual election of officers was ordered.

The term of office of the following men will expire at that time:

Mayor F. M. Wilson.

Aldermen R. L. Marquis, R. E. Foster and J. B. Kleinschmidt.

Marshal J. H. Jowell.

Ten Day Revival of Two City Churches

PRESBYTERIAN AND METHODIST CHURCHES IN UNION.

Preaching by the Pastors of the Two Churches—Services Will be Held Twice Daily for 10 Days.

The Methodist and Presbyterian Churches will unite their forces for ten days of revival services. These services will begin tonight, and run through Sunday week.

The preaching will be done by the pastors of the two churches. The music will be under local leadership. A special invitation is extended the singers of this community to aid in the song service.

Morning services will be held at the Presbyterian church. These will last one hour, beginning at 10 o'clock and dismissed at 11:00. Evening services will be held at the Methodist church beginning at 7:30.

The first service will be held at the Methodist church tonight. No morning services will be held during the first week.

The people of all denominations and the general public are cordially invited.

R. A. Stewart, Pastor Methodist Church.

David H. Templeton, Pastor Presbyterian Church.

## TRADES DAY IN CANYON MONDAY, MAR. 12--COME

Monday will be the second Trades Day of the year for Canyon. It will be in the nature of a Dollar Day.

Read the ads in the News for those who are giving bargains.

Friday morning at nine o'clock sharp a Trade Excursion will leave Canyon for Wayside and the south-east part of the county. At a meeting of the Canyon Business Men's Association Tuesday night at the News office twelve cars were pledged to go on that trip. More cars are wanted.

Every business house is urged to send one or more representatives on that trip. Every professional man in Canyon is expected to go. Every county and city official is urged to go with the bunch. Every man in Canyon who is anxious to see Canyon grow is urged make arrangement to go on the trip Friday morning.

D. A. Park, C. R. McAfee and W. J. Flesher are general managers of the trip. They are looking after cars, men to go, and arranging the routes of each bunch. It is proposed to take at least three bunches of six to eight cars on each road to Wayside and to visit every farm house on the way.

The people of Wayside will have a meeting at the school house Friday afternoon at two thirty, to which all of the Canyon men are invited.

Leaving Wayside, the cars will work west through Cita community and on to Happy.

It is likely that the managers will designate a portion of the excursionists to work exclusively in the Happy community on account of the dedication of the new school building, and to have these men at the exercises.

As much of the south part of the county as possible will be covered on Friday. It is planned that these excursions cover every part of Randall county, going in different directions from month to month.

Free Auction.

Monday afternoon there will be a free auction on the south side of the court house. C. R. McAfee has been elected general manager of the auction.

Every farmer who has stock, or any

thing else to sell bring it to Canyon and list with Mr. McAfee by noon if possible.

A committee was appointed of W. D. Morrel, C. W. Warwick and J. M. Redfearn to be in work on the plans for the Trades Day in April.

## KEISER OWNS BIG REGISTERED HERD

NO SINGLE OWNER IN U. S. WITH A LARGER HERD

C. O. Keiser Brings to the Southwest Best of the Famous Herds in the Northern States.

The largest herd of registered Hereford cattle owned by a single individual in the United States is to be found in Randall County, and owned by C. O. Keiser of Canyon. There is possibly one or two larger herds in the country, but these are owned by corporation, but without question Mr. Keiser has the largest registered herd owned by a single man.

The Keiser herd at this time numbers about nine hundred head. In this herd are to be found descendants of some of the most noted show cattle known to Hereford breeders. Mr. Keiser has made a careful selection from the prize winning herds of Iowa, Missouri, Minnesota, Wisconsin and Illinois, shipping this stock to his ranches near Canyon. He has bought only the best from this choice stock and the result of his efforts has resulted in bringing to the Southwest one of the greatest aggregations of registered Herefords ever brought together.

Among the great breeding matrons in this herd are Lenton Lily, Shucknall Gallass 5th, Clive Crocus, Trevithel Bertha, Poply Brown, Bertha 5th, Daisy Dimple, Daisy Protector, Sally Gray, and Clive Buttercup, which were bred in the famous Here-

fordshire District of England the birth place of the Hereford cattle. These cows were purchased for the purpose of blending the best blood of English cattle with that of the outstanding individuals of American breeding already contained in this herd.

In addition to his registered Herefords, Mr. Keiser has several thousands and high grade Herefords that are not registered.

Mr. Keiser has spent years in the stock business and was known in Percheron horse circles as one of the biggest importers of this class. He maintained offices at Keota, Iowa, for a number of years where he gained a national reputation in breeding and importing Percherons.

The great Southwest attracted him a few years ago and he has been engaged in the Hereford business. He has been interested in seeing the herds of this section bred to a higher standard and his importation of registered animals has done much toward this end. He won the distinction three years ago of shipping to the Kansas City market the highest priced Texas cattle ever sold on that market, and year previous a bunch of yearling heifers broke the world's record on that market for range cattle. Buyers of high grade and registered cattle have been attracted by these records, until the Keiser herd is now looked upon by the cattlemen of the southwest as being the choicest and best in the country, causing them to come to this herd to fill their needs in buying of either cows or bulls.

Mr. Keiser is making shipments of both high grades and registered cattle into every state of the southwest, the purchasers being among the leading ranchmen and breeders of this section.

## WILL INCREASE CAPITAL OF THE FIRST STATE BANK

A meeting of the stock-holders of the First State Bank of this city has been called for Monday, May 15th for the purpose of voting upon the question of increasing the capital stock of the bank.

The bank's deposits have grown to such an amount that under the state law the bank is compelled to increase the capital stock of the institution.

## City Council to Make City Marshal Change

EMPLOY ONE MAN WHO WOULD HAVE NUMEROUS DUTIES

Empowered With Authority of Marshal, Read Meters, Handle and Collect All City Money.

At the meeting of the City Council Monday night a committee which was appointed several weeks ago made a report in which it was recommended that the office of city marshal be made an appointive, instead of an elective office.

In addition to the work of the city marshal the new officer would have the following duties: Read the water meters, collect all water account and keep the water books, assess the city taxes, collect the same. He would be under a \$5000 bond, which would be paid for by the city.

The new office would pay \$60 per month.

The committee recommended that the city retain a legal adviser to whom the council would pay \$10 per month.

The recommendations of the committee were unanimously accepted by the council, and the proper steps will be taken to put into effect the new order.

## CITY COUNCIL WILL ENFORCE WATER RATE

COLLECTIONS HAVE BEEN ALLOWED TO RUN OVER.

Patrons Will be Cut Off Promptly on the 10th of Month if They Do Not Pay.

At the meeting of the City Council Monday night it was decided that on the 10th of this month all those who had not paid up their obligations to the city must be cut off from the use of city water. An order was passed last month to that effect, and a large amount of money collected on past due accounts, but some of the customers asked for a few more days, which was granted, but so far the few days have stretched into a month. The council has decided that there is only one way to make the plan a success, and that is for each and every one to pay up on time, and hereafter they must do so or be cut off without further ceremony.

Since the city council was deprived of the use of a room in the court house, the water rate to the county was raised to 25 cents per thousand. The council had allowed the county a rate of 20 cents, giving the county a five cent reduction for the use of the room.

The council discussed at length the proposal to charge the customers outside the city limits a higher rate than those inside the limits, in view of the fact that the people in the city are paying taxes to pay off the bonds issued to install the water plant, and it is not fair that those outside be given the same rate and have no city taxes to pay. This matter of setting a rate was put into the hands of the water committee. The raise in the rates will effect about twenty five patrons in the Normal addition.

G. G. Foster was employed by the council to make a map of the city showing all of the water lines, extensions, and all of the water meters.

A report of the city secretary showed that there were 747,618 gallons of water sold in February.

The revenue for the water was \$330.17, and the meter rent amounted to \$18.30.

There are 183 customers on meters and twenty five without meters. The amount due the city on the first of March was \$671.50.

The amount collected during the month of February was \$486.00.

The committee which had in charge the problem of finding the cost of the city water for pumping was not ready to report and was given another month's time.

## WILL DEDICATE NEW SCHOOL HOUSE IN HAPPY ON FRIDAY

The new school building which is being erected in Happy will be dedicated Friday afternoon at two o'clock with appropriate exercises. President R. B. Cousins of the Normal will appear on the program.

The new building is a magnificent structure and the people of Happy are justly proud of their new school. Harry Starr is principal of the school and is giving the patrons one of the most successful sessions the school has ever had.

A number of Canyon people will attend the exercises Friday afternoon.

No Canyon Men at Rate Meeting

Twelve men had planned attending the railroad rate meeting in Amarillo Saturday at which time the problem of getting equitable rates for the Panhandle country was discussed, but owing to the storm none were able to attend.

## AMARILLO DISTRICT CONTEST IN CANYON

W. A. McINTOSH ANNOUNCES MEETING IN CITY.

School Entered in State Contest Will Try Out in Canyon—Many from the Amarillo District.

The try-out contests for the Amarillo district will be held in Canyon during the month of April. Wm. A. McIntosh of Amarillo is the manager of this district.

Following is something of the work of the state contest:

School boys and girls from every section of Texas will gather in Austin during the first week of May to determine championship in Spelling, Declamation, Debate, and Oratory, and all manner of Athletic contests under the direction of the University Interscholastic League.

Those boys and girls are the talent of the 2000 or more schools of the State which are members of the League and which are now preparing for the elimination honors at Austin.

The growth of this league has been most phenomenal of any similar organization in the United States, placing Texas in the first rank in the matter of organized educational contests. It was organized in 1910 by E. D. Shurter now Acting Director of the Department of Extension of the University of Texas. The first year only 28 schools participated; last year there were 1296 schools in the League and 700 representatives came to Austin to participate in the final contests. This year there is already an enrollment of 1750 as against 750 at the same time last year. This means that the hopes of Dr. Shurter to enlist 2000 schools will be more than realized, and 1000 contestants for state honors will participate in the finals this year.

Those boys and girls who come to participate in the final contests have been selected by a gruelling process of elimination beginning in the particular school from which they come, then the County contest and finally the District contest, before they are eligible for the state contest which decides the championship honors.

Texas' organization, though one of the youngest ones, has become the model for other states. Its remarkable success is due to the founder's genius for organization and the active interest of the schools.

Every school in Texas below college rank can and should become a member of this league. Bulletins containing the rules governing each of the contests, the manner of conducting them, and all other necessary information may be had free of charge upon request to Dr. E. D. Shurter, chairman, University Station, Austin, Texas.

By means of the Extension Loan Library and specially prepared bulletins, material for the debates and oratorical contests is furnished those who are preparing to enter the contests.

At the annual meetings of the County Teachers' Institutes the county organization, consisting of five officers, is perfected: a director general, a director of debate and declamation, a director of spelling (usually the county Superintendent), a director of Essay writing, and a director of athletics. This committee determines the manner of holding the county contests. In many of the counties preliminary sectional contests are provided for. The county contests should be held between March 1, and April 14, in order to give sufficient time for the District Contest to be held before the final State contest.

These county and district contests have proved to be the most successful school rallies ever held. Older boys who are about to drop out of school have their interests in things quickened, parents catch the enthusiasm of the teachers and pupils and the whole community is benefited.

The subject for debate is always some live public question in which the people should be interested. Each contestant must prepare on both sides of the question, reliable information being furnished him by the University Department of Extension. Thousands of people yearly hear these youthful debaters discuss the mill tax, the initiative and referendum, woman suffrage, the minimum wage law and other great public questions. In this way the boys become acquainted with public questions and learned how to discuss them and at the same time called the attention of the community to their merits and defects as a matter of public policy.

Just as the contests in debates, declamation, oratory, essay writing, and spelling are highly instructive, so the various contests in athletics are entertained and teach many of the greatest lessons that life has to teach, the

## TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous. All people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel.

Lessors of self-control, fairness, courage and social leadership.

By means of a variety of contests and the division of the contestants into groups on the basis of equality, no particular school can compete with the city school without fear. No better evidence of this fact can be found than the results of last year. In athletics, Leo George, representing the Buffalo rural school, won individual honors in the track meet and gave his school first place in Class B schools. The Sweetwater debating team won the state championship in debate in competition with Dallas, San Antonio, and other larger cities of the state. Harold Shaner, representing the Morrill school in Bexar county, won the state spelling contest.

The organization of the League makes it possible for the smallest and most out-of-the-way school in Texas to become a competitor in some line on an equal footing with other schools. This is the greatest achievement of the organizers, and the secret of the phenomenal success of the League. The enrollment this year is already by several hundred larger than any previous year, but the aim is to have every school in Texas become a member and participate in the work of the League and place the opportunities within the reach of all school children in Texas.

### In Safe Hands

Woodrow Wilson deserves the implicit confidence of that great majority of the people of the United States who earnestly desire peace. For two years, in the most trying circumstances, under great and repeated provocation, he showed an unwavering determination to keep the United States out of war if that could possibly be done without surrendering rights of such a fundamental nature that none but a contemptible Nation would surrender them.

Last April—a year after the sinking of the Lusitania—he stated the terms upon which this country would continue friendly relations with Germany. The country unquestionably approved the statement. The only notable objections came from those who resented its moderation. After careful consideration, Germany chose to reject those terms. The choice lay with her. When she chose to reject our terms the United States had no choice but to terminate friendly relations.

The situation was thrust upon the President after he had done the utmost to avoid it that national self-respect would permit. On his record all those who sincerely wish peace but would not purchase it by surrender of vital rights, must give him complete confidence. His course throughout demonstrated that he was a trustworthy guardian of their interests. Whoever could reasonably be done to avoid war, he would do.

All attempts to discredit and harass him, in the crisis were unworthy and should have no countenance. The fatuous and transparent agitation for a referendum previous to a declaration of war was only, in effect, an attempt to get a vote of lack of confidence in the President and to tie his hands; so that, no matter what indignities or

### HUSBAND SUFFERED.

Dear Editor:

"I sent for a box of Dr. Pierce's 'Anurie' Tablets for my husband, and he has been greatly benefited by them. He suffered from lame back and weak kidneys; kidney excretions being too frequent. After giving 'Anurie' a trial we are convinced that it is the best kidney medicine made. Will be glad to recommend it." (Signed) Mrs. E. D. MINES.

NOTE.—Dr. Pierce, who is director and chief physician at the Invalids' Hotel, and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of over-worked and weakened kidneys. The relief obtained by sufferers from rheumatism, lumbago, etc., has been so satisfactory that he determined to place "Anurie" with the principal druggists. "Anurie" is not harmful or poisonous, but aids Nature in throwing off those poisons which cause so much suffering, pain and misery. Scientists assert this remedy is 37 times more potent than lithia. Send 10 cents for large trial package.

outrages might come, the Government of the United States must stand idle for weeks with its hands in its pockets—a spectacle for the laughter and scorn of the nations—while an electioneering diversion was carried out.

Give no countenance to any attempt to discredit and harass the President. He has deserved our confidence. Let him know he has it.—Saturday Evening Post.

A maid came to George Ade's home very highly recommended, but after she had been there three days she had a severe attack of rheumatism and Mr. Ade kindly sent her to a sanitarium for a course of treatment. Maggie stayed two weeks at the sanitarium. When the bill was sent to Mr. Ade he sent a check and with it this letter:

Enclose find forty dollars for "Maggie's Bill." I hope the baths did her good. She was with me three days before the treatment and one day after leaving you. She certainly did me good, all right.

Thomas F. Hodge of Sweetwater Says West Texas College Will Need 2,000-Acre Site

Fort Worth, Texas, Feb. 28.—Thomas F. Hodge, secretary of the Sweetwater Chamber of Commerce and manager of the West Texas Agricultural and Mechanical College Campaign Association, was here today on his way home from Austin, where he has been throughout the present session of the Legislature, working in the interest of the new college.

Mr. Hodge says that absolute fairness will be shown all West Texas towns in the locating of the new school by the locating board, which is composed of Governor James E. Ferguson, Lieutenant Governor W. P. Hobby, Speaker F. O. Fuller, Commissioner of Agriculture Fred W. Davis and State Superintendent of Public Instruction W. F. Doughty. No cash bonuses or special offers will be considered by the locating board, according to Mr. Hodge; however, it will be necessary for the successful town to furnish as much as 2,000 acres of land immediately contiguous to the corporate limits at a price not to exceed \$50,000.

The school is to be located at some point west of the ninety-eighth meridian and north of the thirtieth parallel. It will not be necessary, according to Mr. Hodge for any town which desires to compete for the location of the school to send a delegation to Austin, as the board expects personally to inspect available sites. Mr. Hodge says the thing for the various towns to do is to prepare all data with reference to location and accessibility for reference to the board when called for.

The school is to be under control of the same board of directors as the old A. & M.

The locating board expects to take up the matter of locating the college some time in April, according to Mr. Hodge. A secretary of the board will be elected at that time and the claims of the various towns throughly gone into.

Mr. Hodge says that all towns will be given a fair and impartial hearing and that the school will be located at a point which will best serve the entire territory, in the judgment of the locating board. An appropriation of \$500,000 has been made by the Legislature for the founding of the school.

The present war is not the only war in which potatoes have figured prominently. Less than 150 years ago, during the war of the Bavarian succession, the question of potatoes was an urgent one. The struggle ultimately resolved itself into one for the control of the food supply, and as the chief constituent in the food supply of the belligerents was potatoes, the war itself came to be known in history as the Kartoffelkrieg, or the "Potato War."

**WHAT IS LAX-FOS**

LAX-FOS IS AN IMPROVED CASCARA  
A DIGESTIVE LAXATIVE  
CATHARTIC AND LIVER TONIC

LAX-FOS is not a Secret or Patent Medicine but is composed of the following old-fashioned roots and herbs:

CASCARA BARK  
BLUE FLAG ROOT  
RHUBARB ROOT  
BLACK ROOT  
MAY APPLE ROOT  
SENNA LEAVES  
AND PEPSIN

In LAX-FOS the CASCARA is improved by the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not only as a stimulating laxative and cathartic but also as a digestive and liver tonic. Syrup laxatives are weak, but LAX-FOS combines strength with palatable, aromatic taste and does not gripe or disturb the stomach. One bottle will prove LAX-FOS is invaluable for Constipation, Indigestion or Torpid Liver. Price 50c.

**If Your System Is Poisoned**

with acids, you cannot know what it is to be healthy. Acids poison the blood and are the source of many diseases affecting the heart and arteries, skin and mucous surfaces, joints and muscles, and the brain and general nervous system. Some of these diseases are Rheumatism in various forms, Catarrh, Eczema, Pimples, boils, rashes, and other skin diseases, Malaria, Scrofula and general blood troubles. In order to restore yourself to a healthy condition, you must drive these acids from your system and purify your blood.

S. S. S. has been purifying and revitalizing the blood of thousands for fifty years. It is a purely vegetable remedy, and is the most efficient agent known for cleansing the blood and building up the system.

Ask for it at your druggist's, and don't accept a substitute. For special medical advice write to Medical Department, Swift Specific Co., 308 Swift Building, Atlanta, Ga.

**Germany Confiscating Church Bells for War**

Copenhagen, March 2, via London, 10:55 p. m.—Germany now is drawing upon church bells for war requirements. An order appropriating bronze church bells after March 1 is published in the German press. One bell in a chime may be retained in default of other means of summoning the congregation to worship.

A regulation covering the confiscation of aluminum cooking utensils also is published.

**American Financial Aid Would be Welcome**

London, March 2.—Lord Northcliffe the publisher, said in an address today before the American Luncheon Club he had every assurance the British could finance the war, but that he would be glad if America showed some of its historic sympathy with France by bearing some of the crushing financial strain imposed on her.

Mr. Bryan announces the canceling of five lecture engagements in Florida that he may hasten to Washington and exercise his functions as self-appointed President emeritus of the United States. This is a denial which the Floridians must accept with such resignation as they may be able to extract from the reflection that the citizen owes much to the country in such pjarious crisis as this one. As for Mr. Bryan, his loss will be compensated, of course, by the satisfaction of knowing that he is performing the heavy duty which the gift of superior wisdom and virtue impose. Mr. Bryan has "the greatest faith" in the President, but he trembles at the thought of giving any freedom of action to this same President, which suggests that the "greatest fith" which Mr. Bryan can have in the wisdom and virtue of any one other than himself is, after all, a highly limited faith. Or may it be that Mr. Bryan's faith is also his fear, the belief, namely, that the President will exercise every power given him to assert the honor and rights of the Nation?

SUBSCRIPTION, \$1.50 PER YEAR

Impeachment charges have been brought against Governor Ferguson. It is a dirty political act, and as such will do no more than block legislation for some time and in the end turn out to the benefit of the Governor. Ferguson has risen so fast in political circles that the old time politicians of the state—like Senator Johnson of this district—have become very much afraid of him, and are determined to ruin him if possible.

Germany's confession of the bold attempt to draw this country into war with Mexico and Japan is rather surprising, as it was not dreamed that she would try to hatch such a scheme right under our nose. Of course the plan was a joke from a standpoint of practicability, but it further confirms the suspicion that Germany is determined to get us into the great war.

Kaiser William had a chill Friday, but he probably felt better after the handful of men blocked the will of the nation in the U. S. senate. Of course the senate rules have been a great hindrance to the nation's welfare for many years but with this example fresh in the minds of the people, they are likely to demand that action be taken to right the wrong.

We trust that the women of the State Federation will accomplish more in making the Palo Duro canyon a state park than the men have accomplished in congress with the same project.

The local option law for pool halls has been declared unconstitutional by the court of criminal appeals. It was

previously declared unconstitutional by the supreme court. Canyon has never been cursed with a pool hall. We see no reason why any community should be cursed with these pests if the people do not wish them.

Of course the woman who made those menus for 25 cent per day for each person of the family knew all there is to know about cooking, but what will you do when the things she proposes to eat cost 31 cents per day, exclusive of bread, butter, milk, sugar, and fuel?

Submission has been defeated in the house for the third time this session. The vote was a little closer the goal this time, but it was very apparent at the opening of the legislature that submission was doomed, but much valuable time was wasted in discussing the proposition, without good results.

The Sunday closing law for the movies has been upheld in the court of criminal appeals. A greater effort than ever will be made to get through the legislature the pernicious law proposing that towns of 3,000 and over close their Sunday amusements.

### Fairview Flashes

Mr. and Mrs. Gus Lawson visited friends in Silverton last Sunday.

Wm. Bryan and family of Slaton are visiting in the neighborhood.

G. M. Williams of Channing is visiting his daughter, Mrs. W. B. Walters.

David Gatz and wife who have been spending their honeymoon visiting at the home his brother, Ben, left for their home at Falls City, Nebraska, today.

We had, about an inch snow Saturday which mostly disappeared Sunday. It will benefit wheat.

The family of H. F. Miller and this scribe visited, Sunday at the hospitable home of Ben Gatz.

**Drives Out Malaria, Builds Up System**  
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

### Hereford Fights Train Change.

Hereford is fighting the proposed change in the train service of the Santa Fe, in which the railroad proposes to switch two train from the main line to the line between Canyon and Lubbock.

The railroad says that the trains do not pay, to which Hereford answers that it is on account of the schedules maintained.

### Deaf Smith Discussing Ozark Trail.

A meeting was held in Hereford last week for the purpose of discussing the Ozark Trail. No election has been held or called for a bond issue. There is talk of issuing warrants instead of bonds in that county.

The officials of Parmer county attended the meeting and the two counties will act together on the matter.

Mrs. C. O. Keiser entertained a few friends Wednesday afternoon in honor of Mrs. W. S. Keiser of Long Beach, California. The afternoon was spent informally. Refreshments were served of pressed chicken, sandwiches, olives, cranberry jell, coffee and cake. The guests of the occasion were Mesdames Ackley, Gamble, Thompson, Pipkin, Burrow, Ingham, Griffin, Winkelman and Warwick.

Mr. and Mrs. Joe Gamble entertained the Cosmos Club Tuesday night. The evening was spent at five hundred. Refreshments were served of jellied chicken, marshmallow salad, olives, sandwiches, creamed potatoes, apple pie with whipped cream, mints. The guests of the club were Mr. and Mrs. T. V. Reeves, Miss Gober, Mrs. W. S. Keiser, Mrs. Ackley, Mr. Hamill, Miss Ingham.

A most delightful dinner party was given by Mr. and Mrs. C. H. Jarrett on Friday evening of last week. Carnations and ferns formed an attractive centerpiece. Place cards were laid for the following guests: Messrs. and Mesdames Everett Conner, Roy Moreland, Ernest Reid, Mrs. Jessie Haynie, Miss Watson, Messrs. Oscar Gamble, Henry Gamble and Charles Hunt. A most elaborate menu was served and a picture show party was the closing feature of the enjoyable evening.

### Block Number Six

Mr. and Mrs. A. T. Rowells and daughter, Eunice, visited at the A. D. Stith home Friday.

Mr. and Mrs. W. H. Boehning and family visited at the Bourland home Sunday afternoon.

Mr. and Mrs. Gustav Leseberg entertained a number of friends at six o'clock dinner Sunday evening.

Mr. and Mrs. A. W. Blough visited at the E. Edmonds home Sunday.

Mrs. F. A. Crowley returned Sunday, to her home in the Ceta community after an extended visit at the home of her parents, Mr. and Mrs. T. C. Jennings.

Mr. Schlutz who has been visiting at the home of Mr. and Mrs. Fritz Rogge returned to his home Wednesday.

Kenneth Edwards has taken a position with Mr. Barnett at the Rider Camp. Mr. Hamric, who has held this position will move to Canyon.

### Trapping a Badger

My brother and I set four traps in a field about one half mile from our house. One evening when we went to the trap we saw that the chain had been dragged in a hole. We tried to pull it out but we could not. When we came home it was nearly dark.

The next morning we took a pick over to the field, but the trap was not there. The animal had run over to another hole about a hundred yards away. He was three feet under the ground. I held the chain while my brother dug him out. It was a badger. We killed him and at noon we skinned him. We have shipped the hide to a St. Louis fur house.

John Jennings,  
Keenan School.

### Wayside News

Two degrees below zero Sunday morning, March 10th, a light snow Saturday, of probably an inch. Making it seem the coldest spell of the season.

A very strong wind from the west on March 6th, got out clouds of dust from the plowed fields, made it extremely unpleasant. Years ago, sustained, the growing wheat is badly injured from the effects of the high wind.

Refracted meeting at Wayside this week, led by Revs. L. Wiley and Jacob. Small attendance during the day, better crowds at night. Please correct mistake in last week's paper, as to Bro. Airhart assisting in this meeting. Misunderstanding on my part. We understand he is in a revival in Tulsa this week.

W. C. McGehee and Wife and Aline came out from Canyon last Friday, returning Monday, visiting the parental home.

While out W. C. turned the post office over to Wm. J. Sluder who has been conducting it the last three months.

Mrs. E. J. Fisher has been quite indisposed for several days, confined to her bed part of the time. Some

## Unshaken Testimony

Time is the test of truth. And Doan's Kidney Pills have stood the test in Canyon. No Canyon resident who suffers backache, or annoying kidney ills can remain unconvinced by this twice-told testimony.

T. A. Ridgway, Canyon St., Canyon, says: "I suffered from kidney and bladder trouble, causing too much frequent and profuse passage of the kidney's secretions. I have noticed that since using Doan's Kidney Pills I have had much better control over my kidneys." (Statement given January 3, 1912.)

### No Trouble Since

On November 18, 1915, Mr. Ridgway said: "I have not had any trouble with my kidneys since I used Doan's Kidney Pills and I believe the cure is permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ridgway has twice publicly recommended. Foster-Millburn Co., Prop., Buffalo, N. Y.

better at present.

An interesting program was rendered by the Literary Society last Friday night. A large and appreciative crowd in attendance. Another to come in two weeks. Public generally invited.

### University Banquet Friday.

Twelve members of the university Ex-Students Association went to Amarillo Friday night to attend the banquet given by the association.

President R. L. Marquis of the city who is president of the association, was detained in Floydada as a witness in the Sears murder trial, and was unable to be at the banquet. He sent the following telegram to the association.

Floydada, Texas, March 1.  
Dear Fellow Exes, at Banquet Assembled:

I regret to miss the celebration, but—

"The eyes of Texas are upon me, I cannot get away.

The sheriff read me a subpoena, He said he thought I'd better stay; Now I listen to the lawyers wrangle.

It leaves me all forlorn— That subpoena of Texas is upon me.

Till Gabriel blows his horn."

R. L. MARQUIS  
Canyon, Texas

Villa is overjoyed to get Pershing out of Mexico. Like some others, Villa wants to get everything out of Mexico he possibly can.—Anaconda Standard.

A clever mother hit upon a good idea, not long ago, with her little daughter, who had violent spells of temper. Punishment, she found, got nowhere. So one day she decided to try cold water. When a fit of temper came on, the mother took a basin of cold water and sponged the little girl's face and neck, holding the cold sponge especially long at the temples, behind the ears and at the back of the neck. In a few moments the tense little muscles relaxed, the eyes grew less wild and the girl would lie down. Then the mother would take her daughter's hand and talk to her lovingly but firmly on self-control. After six or seven treatments a complete cure was brought about, and it is now several years since the little girl's last fit of temper.

A correspondent of the New York Tribune suggest that one member of the German Embassy be permitted to remain in the United States, on these conditions: (a) that he paint himself with red-and-white stripes; and (b) that he be illuminated every evening. It is so kind of the Kaiser to permit us to continue our coastwise traffic. Brooklyn Eagle.

# A Guarantee

You want just one thing in the clothes you buy; if you get that, it's enough. You want to be satisfied with them.

A "guarantee" doesn't mean much unless it means that; and when we "guarantee" our clothes, that's what it means.

We use none but all-wool fabrics; the best of other materials; skilled craftsmanship; we design styles to express the good, new fashion-ideas; we make models to fit all sizes and shapes of men. And we guarantee satisfaction.

Every merchant who sells our clothes is authorized to make such a guarantee, and make good on it; it covers everything about clothes that may satisfy or dissatisfy; fabrics, fit, colors, tailoring, value for the price. There are no reservations or exceptions.

### LOOK FOR THE LABEL

Our label in the clothes is the signature to this guarantee; be sure to see it before you buy. If it isn't there, the clothes are not ours. A small thing to look for, a big thing to find.

Now Congressman Jones.

Marvin Jones of Amarillo has taken the title Congressman Jones of Texas, the time of John H. Stephens having expired March 4. Mr. Jones has the best wishes and hearty support of the people of the 13th district.

Wayland Raises \$30,000.

A campaign has just closed in which \$30,000 was raised for Wayland College at Plainview. It is stated that this money puts Wayland on a substantial basis.

Gagging of Cyclone

Hon. Cyclone Davis, representative of Texas and tribune of the plain people made a speech Tuesday. He told his colleagues what he thought of the food situation and the report that England had cornered a large supply in the United States.

Hon. Cyclone held England partially responsible for the high prices prevailing in America. "I want it understood," he thundered, "that before I will vote to kick Germany out of the sea, I want to kick the British lion out of the United States.

Then the gentleman with the alfalfa ornaments was interrupted by a plebeian New Yorker. He was choked, gagged, if you please, but died like a Trojan.

Hon. Cyccone will be found in "Lame Duck Alley" after March 4, 1917. He was defeated for renomina-

## FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With  
Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of his place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

tion, he went down with colors flying, and in future he will not be permitted to cuss the kaiser or pull the tail of the British lion under the big dome at Washington.

Genius isn't appreciated there, first the money devil assails a man of the type of Cyclone. Then the representatives of the "satantic" press attempts to make of him a circus clown instead of a sagacious statesman. Next, all the forces of the devil enter into conspiracy to deprive the plain people of the services of one of their idols.

Cyclone told some truths but they gagged him. He is coming home in March to tell the people how it happened. Thomas Buchanan Reed was right. Oh, why should the spirit of mortal be proud?"

—Ft. Worth Record

You have in your body certain little cells that contain a fluid that gives red color to the blood. "Yes," you say, "what of it?" How many of these do you think you have, if you are an adult? "Oh, a million," you say roughly. No, nor millions, nor billions, but 25 trillions! The surface

## ISRAELITES WERE FED BY BUGS

Kansas Woman, a Foreign Missionary, Makes an Important Discovery.

### CARRIED MANNA TO PEOPLE

How Moses and the Children of Israel Were Fed During Flight From Egypt Is Explained by Miss Oldroyd.

And when the dew that lay was gone up, behold, upon the face of the wilderness there lay a small, round thing, as small as the hoar frost on the ground. And the children of Israel saw it, and they said one to another, it is manna, for they wist not what it was. And Moses said unto them, this bread which the Lord hath given you to eat. . . . But some of them left it until morning, and it bred worms, and when the sun waxed hot, it melted. Exodus 16.

Kansas City, Mo.—It took a University of Kansas woman graduate, Miss Roxana Oldroyd, of Arkansas City, to prove that the Israelites were fed manna in the desert on their flight from Egypt—by bugs!

Miss Oldroyd is now a missionary. Her interesting discovery was published to the world by Prof. W. R. Robertson of the zoological department of the university.

First, trees made the manna—that was already well known in scientific circles.

Then, second, the bugs that were thereabouts waxed industrious and served it.

#### Cousins of Green Hopper.

The bugs in the case are Indian cousins of the American green hopper. Their average length is three-quarters of an inch, the female being larger than the male. The bugs are a pale green. These insects, Miss Oldroyd reports, have been observed to attack a tree in great numbers when hungry. The trees in question excrete through the holes in their bark made by the insects, small particles of sap, which, after a short time, congeal in oblong formations on the outside of the bark.

When Miss Oldroyd, on a vacation tramp through the northern hills in India, saw these small, round particles attached to the sap-bearing trees, she tasted of them and found them palatable. A little probing soon convinced her that here was manna and the manner of its provision. In this she was supported by scientists.

Until a later trip, however, the manner in which the manna was carried to the neighborhood of the fleeing Israelites was unknown.

However, Miss Oldroyd observed patiently. She eventually surprised the insects in the act of flying away with the little bars of sap, or manna, and following in the wake of their flight she found that the first thing a swarm of the insects would do, if they were frightened or met something strange in their path, would be to drop their manna.

#### Plain to Scientists.

It is perfectly plain, now, say the learned scientists, supporting Professor Robertson, to whom Miss Oldroyd reported and sent two dead bugs and a sample of the manna they had been caught carrying away. A swarm of hoppers started from the forest with a load of manna, met the children of Israel and dropped their load. Moses was caught in the shower and called upon his followers to eat thereof.

The specimen of manna sent by Miss Oldroyd is four inches long and two inches thick. It is sweet to the taste and has the same food properties as maple tree sap.

Miss Oldroyd is a member of the faculty of Henry Thoburn college, Calcutta, India.

### ARCTIC SUPPLIES BY THE TON

Amundsen, the Explorer, Adds 600 Pounds of Candy and Many Delicacies.

Chicago.—Roald Amundsen, the explorer, ordered for his six-year trip in the Arctic 600 pounds of candy and quantities of ripe olives, sweet pickles, pickled pigs feet, dried fruits, nuts and apple butter.

A ton of meat has been purchased for each of the ten men in the expedition. This includes roast mutton, roast beef, oxtails, pork, stewed kidneys, ox tongue, lamb tongue, ham loaf, veal loaf, ox marrow and summer sausage. In all 50,000 cans of food will be carried on the voyage. During the trip each of the ten explorers will consume 400 pounds of coffee, if he drinks his share. The ship will carry two tons of it and two tons of sugar.

### COAT THIEVES ARE BUSY

"Watch Your Hat and Coat" Sign Is Blooming in New York These Days.

New York.—New York city is suffering from an epidemic of overcoat thefts in restaurants. Two young men in jail here confess they stole 45 overcoats of diners in downtown restaurants. With their apprehension the police hoped the thefts would stop, but they keep up at about the usual rate. A special squad of detectives has been assigned to combat this particular form of depravity. The "Watch Your Hat and Coat" sign crop is blooming.

Anyway, the seas are enjoying a notable freedom from American shipping.—New York Evening Sun. The newest ruthlessness of Germany appears to be directed chiefly at its interned ships.—Newark News.

### OLDEST CHRISTIAN BELL.

Above is shown the oldest known Christian bell in the world. It was cast at Santiago, Spain, in 1247, and bears a Latin inscription which translated reads: "James, Jesus Christ, Mary, Quintana and Salvador made me in the year of our Lord 1247."

The bell is owned by an innkeeper of Riverside, Cal., who has one of the greatest collections of bells in the world. It was discovered in a London foundry, and after a great deal of trouble was brought to this country.

### ROBBER BAND IN OKLAHOMA

Bankers and Business Organizations Unite to Rid State of Gang of Outlaws.

Bartlesville, Okla.—Northern Oklahoma bankers' associations, chambers of commerce and business men have banded together to rid this section of the state of an organized gang of outlaws, whose lawless acts culminated in the death of two men and the wounding of three others at Delaware, Okla. Big rewards are to be paid for the capture of the bandits, dead or alive. The Oklahoma legislature probably will pass a law fixing the death penalty for bank robbers.

The Ocean Casualty company has withdrawn from the state and the American Bankers' association has increased the rate of burglary insurance \$2.50 a \$1,000. This association has sent six detectives to northern Oklahoma to get evidence against the so-called bandit organization. They will also investigate the charge that bank robbers have a "fixer," who is paid a salary of \$5,000 a year to get them out of trouble when they are arrested.

### FEARS HE WILL BE CRAZY

Georgia Man Wants to Find Some Way to Stop Counting Razor Strokes.

Moultrie, Ga.—Edgar R. Bruton of this city says that he is afraid he is going crazy if he doesn't find some way to stop counting strokes of his razor when he shaves.

If he cannot devise some way to break the habit, he declares, actual madness stares him in the face.

Several months ago he decided that he would see how many strokes it took to shave. He counted, shaving in his usual way, and found that he used too many. Then he set about systematically to reduce the number. Counting each time he shaved and eliminating the useless strokes he managed at the end of a few months to cut the daily operation down. But now he has found that he can't keep from counting.

### PITTSBURGH LEADS WORLD

Greatest Originator of Freight of Any City on Earth, According to Statistics.

Pittsburgh, Pa.—Statistics compiled here show that Pittsburgh leads the world in origination of freight tonnage. The products of the Pittsburgh district's mines, mills and other industrial plants form a tonnage two and one-half times greater than the tonnage of the ports of London, New York and Hamburg combined. The tonnage is handled by 12 railroad lines that converge here, and the Ohio, Allegheny and Monongahela rivers. This tonnage is also greater than that handled through the Suez canal and the ports of New York, London, Liverpool and Hamburg in normal times, combined.

### WARD OFF FLIRTS IN SHOP

New York Storekeeper Requires All Girls, Married or Unmarried, to Wear Wedding Rings.

New York.—All girls, married or unmarried, must wear wedding rings in a certain high-class women's clothing shop here. Woman customers have complained that their husbands spend the time while waiting for them to try on dresses by flirting with the pretty sales girls.

Wherefore the proprietor's edict. He supplies gold bands to those clerks who haven't them by right. The plan hasn't been in effect long enough to really test its effectiveness.

## The P. & O. No. 111 Lister

This lister is known to farmers wherever sold as P. & O. No. 11, but the improved type is called No. 111 on account of important improvements.

There are more of them in the hands of farmers than all other makes combined, over 2,000 sold by one dealer in one county in West Texas. The special features on this Lister made it deserving of its immense sale. Its use is not confined to preparing for row crops; it is now almost universally used for plowing for small grain crops by listing and re-listing, leaving the ground in oval waves, which not only catches and holds the moisture but prevents the loose soils of the West from blowing away.

The adjusting link on front end of beam is an important exclusive feature on the No. 111, absolutely preventing the point from running below the desired depth. The wheels are provided with dust-proof boxes, an immense help in the sandy loam lands of the West. The feeding device absolutely deposits one seed at a time of any of the row crops, besides can be equipped for both corn and cotton. You will have to see this wonderful improvement to appreciate it. The tilting hoppers allow change of plates without emptying them. Furnished with either disc or shovel coverers. This Lister embodied many other important features that will convince you that it is the best on the market.

### The P. & O. No. 123 4-Wheel Lister

This lister has all the advantage of the No. 111 and in addition has rear wheels. This is desired in many localities as it enables the operator to see the seed as planted. The rear wheels have cushion springs to hold them in line with the row and following the unevenness of the ground and conform to the ridge without straining the rear frame, compelling also, the Lister to remain in proper working position at all times. The friction lock disengages automatically, allowing the wheels to castor and turn round in a very small space.

We manufacture the most complete line of Two Row Implements on the market. Ask your dealer and if you cannot be supplied through him, write us for circular and special introductory offer.

**Whenever You Need a General Tonic Take Grove's**

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

**MRS. MONTFORD WINS IN PEACE ORATORICAL CONTEST**

The Texas Intercollegiate Peace Association is a branch of the National Intercollegiate Peace Association, the purpose of which "is to promote the cause of peace among the nations by means of local, district, state, interstate and national oratorical contests among college students."

For the purpose of this organization Texas is divided into six districts, and Professor J. A. Hill is district director. Each college in the district held a local contest last Saturday night for the purpose of choosing its representative to the district contest which convenes in Canyon on the night of March 31. The following colleges are expected to be represented in the Normal auditorium on that night: Clarendon College, Goodnight College, Wayland Baptist College, and the West Texas State Normal College. The winner in this contest will represent the Panhandle District in an all-state meeting at Belton, Texas, on April 21, and the winner at Belton will represent Texas in the national contest to be held later in the year, besides receiving a prize of \$50.

In the local contest last Saturday night there were five contestants, as follows:

The Spirit of International Peace as Fostered by Our Schools—Buck Bolton.

More Soldiers or More Reason—Luther Westerman.

Mars or Christ—Mrs. Tommie Montford.

The Teacher as a Factor in International Peace—Robt. Miller.

The Mission of the U. S. in the Cause of Peace—Beverly Sportsman.

Misses Brown and Ritchie and Messrs. Guenther and Hill were the judges. Mrs. Tommie Montford was chosen to represent the Normal.

### Bereans Entertain Fidelis

The ever hospitable home of Mr. and Mrs. B. T. Johnson was the scene of an enjoyable social for the Berean and Fidelis classes of the Baptist Sunday School on last Monday evening. The rooms were tastefully decorated with class colors.

Conversation was enjoyed until all had gathered. Then those present were favored by a quartette given by Misses Johnson, and Howard, and Messrs Waldron and Baker. Following this Mrs. Buch Belton delighted all with one of his best readings. Other special music was rendered after which Miss Johnson gave an excellent reading.

The young men found partners among the young ladies by matching cut-up pieces of paper on which had been written a wise saying. These happy partners enjoyed a delicious salad course served with French tea. The hour for departure came all too soon taking away each one who wished such good times came more often.

**The Gynine That Does Not Affect The Head**  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE, 25c.

**A. & M. COLLEGE BILL NOT CALL FOR SEPARATE HEAD**

It was discovered after the bill had been passed creating the A. & M. Colleg for west Texas that there was not provision for a separate head from that of the present A. & M. College. A bill has been presented in order to remedy this defect.
