

FORD CAR TO BE GIVEN AWAY BY CANYON BUSINESS HOUSES

Do YOU want a FORD car? FREE? Come to Canyon EVERY TRADES DAY.

The business men of Canyon have decided to give to their customers a Ford car within a few months, the exact date to be announced within the coming week.

With each dollar's purchase on each TRADES DAY will be given a ticket by the merchants and business men who are giving away the car. The tickets are in duplicate, one part to be retained by the purchaser, and the other part to be placed in a big barrel, which will be opened in the public square on the date designated, and a child will draw a number. If the party holding the number is present, he gets the car. If not, the child will draw once more, and so on until a number is drawn which is held by some person in the crowd.

Are you lucky? Try your hand on his Ford. The committee in charge of giving away the car is composed of W. D. Morrel, J. M. Redfearn and C. W. Warwick.

Trades Day, April 9.

The next Trades Day in Canyon is on April 9th. The following program will be carried out on that date: 9 a. m. Band concert, by the West Texas State Normal Band.

10:30. Chicken flight. At that time forty chicken will be thrown from the top of the court house. On the leg of each chicken will be a band with a number. This number calls for a prize to be given by some business house of Canyon. You get both the prize and the chicken. Don't miss the fun, or the opportunity of making from \$1.00 to \$5.00.

11:00. Band concert. 1:00. Band concert. 1:30. Auction sale. Free auction to all who wish to enter stock, machinery, merchandise, etc. NOTE—All stuff to be sold MUST be registered with Mr. C. R. McAfee by 1:00 o'clock. The owner must pledge that the stuff put up will be sold. By-bidding absolutely prohibited. If by-bidding is found, the owner of the stuff will be charged ten percent on the sale.

It was rumored that a bunch of cattle were bid in at the auction on the Trades Day March 12. This is absolutely false. The cattle were the property of C. R. McAfee and were sold to L. A. Pierce, who paid Mr. McAfee the price bid at the auction.

4:00. Band concert. Tickets will be given by merchants on this Trades Day sales. Be sure to ask the business houses for them. You have an equal chance to get that Ford.

May Trades Day.

The Trades Day in May, on May 14 will be educational day in Canyon.

The Canyon Business Men's Association will give on that day \$25 worth of standard books to the school in this or adjoining counties which will

make the highest average for the school month of April. Each school is urged to enter the contest. The general average of the pupils of the school is to be taken in deriving the result of this contest.

To the boy or girl who makes the highest average during the entire school year which will be closed by that time, a prize of \$5.00 in gold will be given on that day. Every boy and girl in Randall and adjoining counties is eligible to enter this contest.

Judge C. R. Flesher will be judge of these contests, and may select such assistants as he desires.

The committee which will have this feature in charge and who will visit the schools and tell them of the plan is composed by T. C. Thompson, W. J. Flesher, D. A. Park, C. D. Lester, C. E. Coss and A. J. Arnold.

June Trades Day.

June Trades Day, on the Second Monday in June, will be paper day in Canyon. The Canyon Business Men's Association believe that there is a vast store of waste paper in the county which should be gathered up and sent to the paper mills, but which cannot be handled by individuals, as the price paid by the mills is so small that no one could make a decent wage in going over the country to get the old magazines and catalogues. Consequently the association wishes to give the boys and girls chance to gather up this waste material, bring it to town, receive a nice prize for the small quantities, and to try for a number of cash prizes which will be given.

To each boy and girl who brings in five pounds in catalogues or magazines will be given a prize, to be announced later. To the boy or girl who brings in the largest number of pounds in catalogues or magazines will be given a cash prize of \$10.00. To the next will be given \$5.00. To the next five will be given \$1.00 each.

Boys and girls, get busy. Collect all of the magazines and catalogues you can. They'll count in weight on the grand total of your collection. To Expand Association. The Business Men's Association at the meeting Monday night at the News office appointed a committee composed of Grady Holland, S. B. Orton and A. J. Arnold to draw up plans for the expansion of the Association, by which all of the business and professional men of Canyon may be taken into the association, letting those who wish so to do belong to the credit department, and those who do not wish to pay for this service belong to the association for the general interest in the work which the association is doing.

Endorse Traffic League.

The association endorsed the efforts of the Panhandle Traffic League and offered its support to any action that C. O. Keiser, as chairman for

this country took in connection with the League in its efforts to reduce the freight rates.

A committee was appointed to investigate ways and means of raising an appropriation of \$150 which the League had imposed on this city for the purpose of fighting the increased rates. The following men will investigate the effect that the raise in the rates have had on different commodities:

- S. M. Downing, on stock. W. H. Hicks, coal and grain. W. D. Morrill, cake. J. M. Redfearn, flour and merchandise.

The association will meet again on next Tuesday night. It is urged that every business and professional man in Canyon be present.

The meeting next week the plans for the next Trades Day excursion will be taken up.

Land Sales Reported.

L. G. Conner reports the following sales which he has closed within the past few days:

- L. T. Lester to L. G. Allen, lot 6, block 1, Normal Addition, \$500. Fannie C. Cooper of Colorado City, Colo., section 12 miles northwest of the city, \$13 per acre.

Seventy five acres of his land just east of the city to W. B. Hardin of Alanred at \$50 per acre. Mr. Hardin will build a home four block south of the Normal in the Conner Addition within a short time.

Geo. Gerlach to Mrs. Vera A. Nolan, 17 1/2 acres in the west part of town, the old Palmer place, at \$1500.

Hawaiians Here.

The last number of the Normal Lyceum course was given Friday night by the Hawaiian Quintette. The aggregation played mostly rag time, which was quite a disappointment to those who had heard so many good records of their native music.

However, to those who had never seen their native instruments, the performance was a treat, and they were loudly applauded.

Parent-Teachers Meeting.

The Parent-Teachers Association will meet Friday, March 23 at 3:30 p. m. in the Normal Auditorium. Everybody invited to attend.

PANHANDLE TEACHERS' ASS'N MEETS IN CANYON MARCH 30-31

The Panhandle Teachers Association meets in Canyon on March 30 and 31. The program for the meeting is as follows:

- Friday 9:30—Song. Invocation. Welcome Address—Supt. E. F. King Canyon. Response—Supt. R. A. DeFoe, Chaning. Music. 10:00—"The New Education After the World War"—Prof. J. A. Hill, Canyon. 10:30—"Supervising Study"—Principal J. L. Dufflet, Amarillo. 10:50—"Vitalizing History in the Public Schools"—Hon. W. A. Palmer, Canadian. 10:20—"Vitalizing English in the Grades"—Miss Annie McDonald, Amarillo. 12:00—Noon Recess. 1:30—"Health Inspection of Schools"—Supt. J. W. Campbell, Plainview. 2:00—Address—President R. B. Cousins, Canyon. 3:00—Address—Dr. H. T. Mussiegan, Editor Texas School Journal. Selection of Place of Meeting. Election of Officers. 8:00—Preliminary Program—Arranged by West Texas Normal. Address by H. T. Mussiegan. Saturday 9:00—"Educational Measurements"—Supt. M. W. Duncan, Amarillo. 9:25—"Services of Scholarships the End of Public Education"—Supt. B. M. Harrison, Hereford. 9:50—"Linking the Rural School to Rural Life"—County Superintendent M. E. McNally, Memphis. 10:15—"Play as Factor in the Education of Children"—Prof. D. A. Shirley, Canyon. Saturday Afternoon. The afternoon session will constitute the privilege of visiting the training department of the West Texas State Normal. The Association deems this a most important feature of the convention, and recommends that each and every teacher avail himself of the splendid opportunity thus afforded.

Quarterly Conference in April

The second quarterly conference of the Methodist church will be held on April 1 and 2. Presiding Elder Ferguson will be held at that time.

INFANT DAUGHTER OF MR. AND MRS. GRADY HOLLAND DEAD

The two months old daughter of Mr. and Mrs. J. Grady Holland died yesterday afternoon at the sanitarium in Amarillo after an illness of the past two weeks. Pneumonia and bronchial trouble was the direct cause of her death.

The entire community extend to the bereaved parents their sympathy in this hour of their great trial.

The funeral services will be conducted this afternoon at the home at 2 o'clock by Rev. A. B. Haynes. At the grave Rev. David H. Templeton will conduct a short service.

Gregg Cousins Fund.

Prof. J. W. Reid, treasurer of the Gregg Cousins Loan Fund of the Normal, announces the receipt of a gift of \$100 from C. O. Keiser and a gift of \$50 from J. B. Gamble to add to the fund. These are the only gentlemen who have contributed to the fund aside from the members of the faculty, students and alumni.

The fund was originated a few years ago for the purpose of assisting worthy young men and women to go through the Normal. The money is loaned to the student for a certain period. When he graduates, he pays back the loan with interest, and the money and interest is loaned to another student.

There is now \$800 in the fund. More money is needed for the fund, and could be used to advantage of the students of the Normal. Mr. Reid states that he appreciates the gifts that have been made and that others who wish to aid worthy students could do a great work by putting money in this fund, where it would continue to work for years and years for the advancement of the young men and women of this section.

Block Number Six

E. Edmonds went to Happy this week to attend the moving of some building to the farm which he owns there.

John Downing is moving implements and equipment to the farm which his father bought recently in preparation for spring work.

Mr. and Mrs. Emil Albers and son visited at the W. H. Boehning home Friday evening.

Henry Meyer and family and Mr. Wm. Michael and family visited with Mr. and Mrs. Emil Albers Sunday.

Mr. and Mrs. Henry F. Miller and family visited the H. C. Dolcater home Sunday.

Mr. and Mrs. W. L. Deeke and son and Mrs. E. Edmonds and children were visitors at the A. D. Stith home Sunday.

Mr. Herman Meyer and family and Mr. George Wendelken spent Sunday at the Dinkel home.

Mrs. H. C. Dolcater and children left Monday for a visit with her mother and other relatives at Canadian.

Mr. Henry Meyer made a business trip to Amarillo Monday.

Mr. and Mrs. W. H. Boehning drove to Tulia on business Tuesday.

Velma Edmonds spent Saturday night and Sunday at the Downing home in Canyon.

E. J. Godwin has sold his farm to C. O. Keiser.

Emil Albers is building a new residence on his farm. It will contain six rooms and a cellar.

Wm. Michael is building an addition to his residence northwest of the Henry Meyer home.

Mexicans Married.

Francisco Ojeda and Angela Ojeda were married Sunday evening at the Methodist church by Rev. R. A. Stewart. They were married about twenty years ago, but old wiskers Carranza has decreed that these marriages are no longer valid, and this couple decided to be reunited under the laws of Uncle Sam.

MISSIONARY SOCIETIES HAVE JOINT PROGRAM

MEETING WILL BE HELD FRIDAY AFTERNOON

Representatives From Three Churches Will Tell of Work of Each of the Societies.

The three missionary societies of the city will hold a joint program on Friday afternoon at the Presbyterian church. The program begins at three o'clock and every woman in Canyon is urged to be present.

The following will be the program for the meeting:

- Missionary song. Prayer—Rev. B. F. Fronabarger. Song. The Baptist Missionary Work—Mrs. B. T. Johnson.

The Methodist Missionary Work—Mrs. C. W. Warwick.

Solo—Mrs. E. W. Reid. The Presbyterian Missionary Work—Mrs. C. T. Word.

Round Table—Membership, Interest and Pledges—Mrs. B. A. Stafford.

Sentence prayers. Song. The Lord's Prayer.

Presbyterian Congregational Social.

The Annual Congregational and Get Together meeting was held Wednesday evening, March 21.

A program of music and recitation was given in the church auditorium beginning at 8:30. A piano duet by Misses Lola Word and Charlotte Ingham, a recitation by Miss Dorothy Burrow, a piano solo by Miss Ruth Knight, a recitation by Miss Thelma Black, a vocal duet by Misses Helen and Blanch Croson, a recitation by Miss Winnie May Word, a violin solo by Dr. Ingham, made up the program which was enthusiastically received by an audience filling the church.

Following this program, the entire assembly adjourned to the Mansie, and there enjoyed a social hour. A variety of games, coupled with conversation, refreshments and good fellowship concluded the evening's activities. The affair was pronounced very enjoyable and well worth while by all present.

Close of Union Revival.

The union revival meeting between the Presbyterian and Methodist congregations closed last Sunday night with a great congregation and much interest. The meeting helped much in the deepening of the religious life of the churches. There were some six or seven conversions and reclamations reported as a result. The interest in the services grew from the start and some progress seemed to be made at practically every service. The time planned for the meeting was only ten days and the pastors thought best in consideration of other church interests to close as planned. The churches ought to be prepared better now, however, to take care of the same interests at regular services.

Auto Registered.

The following cars were registered this week: No. 404—J. E. Anderson, Overland. No. 405—A. Beckman, Dodge. No. 406—L. C. Crowley, Ford. 407—Fred Hettler, Ford. 408—F. F. Gregory, Ford. 409—Frank Winters, Paige. 410—Frank Hicks, Harley Davidson motorcycle.

Rev. D. A. Templeton was in Hereford Sunday where he preached at the morning session of the Christian Endeavor Association meeting.

The Careful Man knows that if he Banks his money Happy he will have a Fortune Bank Account

You see this picture. This is no fancy, its a fact. You can't grow a tree without a root; you can't build a house without a foundation; you can't build a fortune without putting money into the bank to grow. And it is mighty comfortable to have a fortune when you are old. Start one now. Bank some of your earnings.

COUNTY WARRANTS TO BE ISSUED FOR NEW ROADS

Amarillo News.

Issuance of county warrants to the amount of \$50,000 for construction of good roads in Potter county was authorized by the Commissioners' Court at its session Saturday. The matter which is in the embryo has not been worked out sufficiently to be given public at present.

Last week the petition for a bond issue of \$150,000 for construction of good roads in the county was with-

drawn before the court took it under consideration.

The court recessed until Tuesday when road and other matters will be taken under consideration for necessary action.

March first was New Year's day for some time. It was made so by Romulus, who compiled the first calendar. Then the Gregorian calendar changed. With March 25 the legal year began with many nations for a long time. It still does so with the Jews.

Herd Increasing on the Plains

(By H. M. Baine, of the Santa Fe System)

There is no "one" system of farming better adapted to western Oklahoma, the Panhandle of Texas, South Plains of Texas or Eastern New Mexico than a combination of live stock along with the growing of the adapted crops. For the past fifty years or more this country has been known as a "cattle country." It has only been during the past few years that the raising of cultivated crops has been considered at all.

With the new agricultural developments of the past ten years, we have positive proof that more livestock can be, and is being raised, two to one, than ever before in the history of the country.

With the incoming of the homeseeker, greater crops had to be produced. Every attention possible is now being given toward the production of better them. Demonstrations have proved crops including the greatest variety of that crop can be produced throughout the Southwest every year, with the right kind of farming. But these crops, aside from the small grains and cotton, are natural livestock feeds and must be fed for best returns. As cash crops, kafir, milo, feterita, sudan, sweet sorghums, etc., do not bring the money returns that are insured by handling them in the form of beef, pork, mutton, dairy products, and poultry products. Southwestern farmers are also aware that the selling of crops for cash from moves every element of fertility from their farm.

Along with the settlement of the Southwest, breaking up of the large cattle ranges into small farms many have expressed the opinion that the "cattle business" would suffer, and that there would be less and less attention given to it with a correspondingly decreased number of animals, as the agricultural developments continue. There really is no reason for uneasiness along this line, for with the settling of the ranges there is an opportunity for handling more cattle than ever. While it is true that the grazing area is becoming less yearly, at the same time the feed available for raising and finishing is increasing rapidly.

In the past it has been customary to raise cattle here, and then to ship them into the corn sections for finishing, but these conditions are changing. Cattle are not only raised here, but they are also finished where grown and one shipment takes them direct to market. Every necessary feed for the raising and finishing of beef is produced in this section. Kafir, milo, maize, and feterita grains and fodder are equal to corn, grain and fodder. Silage made from these crops is equal to that made from corn and the yields per acre are fully as heavy. These crops combined with cotton seed products, these being also produced in this section, form a cheap and as satisfactory feed as can be obtained anywhere. Again, there is no more satisfactory feeding climate than here no long, cold winters and practically no disagreeable storms, but an abundance of sunny weather. Thus the favorable climate conditions, together with the cheap feeds, combine to form one of the best finishing districts in the United States. Already large numbers of southwestern farmers have installed silos and feed lots, and are finishing beef with results that are not surpassed in any of the older and more famous finishing districts.

Many farmers of the Southwest are now entering the dairy business, along with diversified farming, they find that this line of livestock handling insures constant paying returns and offers an outlet for demands at good prices. Mature as well as immature crops, handled through the silo and fed to dairy cows have a wonderful cash return in the form of cream, milk and butter, the highest priced products of the farm. Southwestern farmers are finding that dairying is a dependable line of farm business, which keeps up the fertility of the farm, calls for diversified crops, divides the farm labor and disposes of the crops in concentrated form at high prices. It seems as if the feeds produced here have just been waiting for the dairy cow to convert them into products that will double their value. There are no feeds more desirable, even in the well established dairy districts than a well-mixed ration of kafir, milo, or feterita as grain, fodder and silage crops, in connection with a little good alfalfa, cowpeas or sweet clover hay. This section is also the home of cotton seed products and wheat, both of which added to a dairy cow ration in the form of cotton seed meal or wheat bran, cannot be excelled. Climatic conditions here are fully as favorable to dairying as it is to beef or mutton production.

A large number of sheep are not only raised, but are finished for the market in the Panhandle of Texas and

eastern New Mexico. Fully 25,000 lambs are being finished in the Pecos Valley of New Mexico this season. Where alfalfa is scarce, in connection, the finished sheep and lambs are driven to the irrigated section, both in the Pecos Valley and in the pumping districts of northwest Texas, for finishing. Sheepmen are finding that there is no need for shipping out of this section for finishing when an abundance of just the right kind of feeds are available here. The home grown feeds fed to the native sheep and lambs, under the mild winters and excellent climatic conditions, combine to produce as cheap mutton as any other section of the United States. During the past three years, the number of hogs grown and finished in this section has increased several times over that it was before. That line or livestock farming is proving to be one of the best for this section. Many breeders of this line of stock in this part of the country claim that pork is produced cheaper here than in many of the corn states. Comparative little disease is known in this

section. Kafir, milo, and feterita are "sure" crops and are 90 per cent as good for pork production as corn. —Southwest Plainsman.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of his place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

Chewing Gum and The War

For a great many years American chewing gum manufacturers have endeavored to teach foreign countries to appreciate their product, says the Cleveland Plain Dealer. The stuff that wags the American jaw has been advertised assiduously in France, England and Germany, but with small success. The non-American couldn't understand it. He tried to swallow it, and when he couldn't he gave it up as incomprehensible nonsense. Over in London, where it was called "American Chewing Candy," many shops called attention to it, but the Britishers passed it by and went on buying toffee and lollipop—and Turkish Delight.

Suddenly and without warning the situation has changed. Remarkable figures recently published appear to indicate that England has incontinently become a nation of gum chewers. Manufacturers report that within six months sales from 3,000,000 to 20,000,000 sticks. And the English newspapers can not understand it.

The explanation seems simple. It is said that the largest amount of chewing gum is used in the army, and the next largest amount in the navy. During the last great advance, it was issued as an army ration. Somehow or other the soldiers discovered that it steadied their nerves to have something to chew on in time of stress; and, of course, it has the effect of keeping the parched throat moist. It is more than probable that the Canadian soldiers imparted this information to the English Tommies—and experience did the rest.

Not long ago, the English papers had a story about an aviator whose airplane was hit in the gasoline tank by a bullet. The Aviator was chewing gum at the time, and he promptly removed his wad from his mouth and plugged up the hole with it. Of course, that was not among the contemplated uses of the confection, but it's an interesting yarn. At any rate, the chewing of gum by the British may now be added to the results of the "American Invasion" that we used to read so much about before the war.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chilli Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

Our Presidents

Woodrow Wilson is the 28th president of the United States, reckoning Cleveland's two terms as separate ones because he was the only president serving twice who was not re-elected.

Virginia leads in the nativity of presidents, eight of her sons—Washington, Jefferson, Madison, Tyler, Taylor and Wilson—have held the highest office in the gift of the nation.

Ohio has given six native sons to the presidency. They were Grant, Hayes, Garfield, Benjamin Harrison, McKinley and Taft.

Of all the vocations in life the law has furnished most presidents. Nineteen chief executives of the United States were lawyers at the time they were elected. Three are classified as statesmen; two as soldiers; two as farmers; one as a public official. Seventeen presidents have been college men; one was graduated from West Point; one, had no college education.

English paternal ancestry has predominated among all the presidents. Fifteen were of English extraction, six were Scotch-Irish, three were Welsh.

The youngest president, at the time of inauguration was Roosevelt, who was 46. The oldest was William Henry Harrison who was 68.

Of all the presidents John Adams lived to the oldest age. He was 90 when he died.

The healthiest city in the United States, if the figures can be trusted, is Seattle, Washington, where the latest mortality rate available is 8 per thousand; the next is its neighbor Spokane, with the slightest percentage under. The whole state of Washington is healthy apparently, with a record of 8.1 deaths per thousand with Kansas next with 9.8 deaths per thousand.

Booth Tarkington's wit is ever ready. One day he met a friend in a tearing hurry.

"Hullo," said Tarkington. "Great Coott, man! What's your hurry? Wait a minute."

"Can't, Booth," answered his friend. "I'm off trying to get something for my wife."

"Oh, I see," replied the author. "What are you asking for her?"

To Cure a Cold in One Day Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 25c.

SUBSCRIPTION, \$1.50 PER YEAR

The committee which heard the impeachments charges against Governor Ferguson reported the grounds insufficient to pursue the impeachment. Of course, no one expected the charges to be substantiated by the committee. The originators of the charges knew they were insufficient. The committee, however, censured the Governor in his use of the state appropriations, which brings up the question as to the part the legislature had in the affair. These appropriations were passed by the legislative body with their eyes open as to the use they would be put to by the Governor, and if the committee sees fit to censure the Governor for spending the money the legislature appropriated for his household use, is the legislative body to go free from blame for their part in the illegal transaction? The Governor may have been unwise in the expenditures, but the legislature was also

acting outside the law in passing the appropriation bill for these same expenditures. Six one, half dozen the other, take your choice.

The revolution in Russia will go down in history as the greatly accomplished so far in the history of the world. The complete overthrow of the reigning dynasty and the establishment of a new government within the period of comparatively a few days with little blood shed is nothing less than a miracle. Russia is one of the greatest countries on the face of the globe, abounding in untold natural resources, but she has been held in the bondage of ignorance and servitude by the Romanoff rulers. Now these have passed away. The people are in the saddle. The executive committee of the Duma promises the ballot to all and education for all. A new and grand Russia—a republic—will be the outcome of the revolution. And it means that the time is coming when monarchies will be unknown in the world. History is being written fast these days. And the new history promises a better world.

Those who have watched the actions of the state legislature, in wasting a third of their time in the discussion of prohibition measures, realize more and more that the only way the state will ever get competent and ready action on the important bills, will be to eliminate the prohibition question from the state. The only way to do that is to enact state wide prohibition.

Mrs. Burnett Dead.

Mrs. J. T. Burnett died Friday at her home in Plainview as the result of an operation on Tuesday. She has been in very poor health for the past few years.

The Burnett family lived in Canyon for many years, and Mrs. Burnett is well known here. Her husband, Rev. Burnett, was pastor of the Baptist church here, and for three years, until last summer, they resided here while he was engaged in the mission field. She was a fine Christian character and loved greatly by all who knew her.

The funeral services were held on Sunday afternoon at three o'clock. Rev. B. F. Fronbarger went to Plainview to assist in the services.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

Miss Fay Crow of Hereford, a former student of the Normal, is visiting with friends in the city this week. Rev. Fronbarger visited chapel Wednesday.

April 30 has been chosen as the time for the intersociety debate. The subject is: Resolved, That equal suffrage should be granted to men and women. Beverly Sportsman and Arthur King will represent the Guenthers. Easton Allen and Will Taylor the Cousins.

Mr. Hounshell spoke in chapel Saturday morning.

Mr. Morelock is meeting his classes this week.

C. Y. Dowling of Washburn visited the Normal Friday and Saturday of last week. While here he attended the Hawaiian program Friday evening.

Gage Hats for Easter

Shown for the first time, and exclusively in Amarillo, March 28 and 29.

Misses Taylor
603 Polk Street

We are fortunate in being able to present this EASTER DISPLAY to you. If you are ready to buy your Easter Hat, you are fortunate in seeing this announcement. But you must come early! The hats are choice and few.

At the meeting of the Y. W. C. A. Sunday, March 18, the following officers were elected:

President—Doris Winkelman.
Vice President—Anna Butterfield.
Secretary—Mary Gage.
Treasurer—Irene Angel.

Saturday afternoon at 4 o'clock the Ellen H. Richards Club entertained the Guenther Literary Society. At the door the Guenthers were presented with a card representing the different courses of study which were offered. After finishing the course the on receiving most honors was awarded a prize. Chas. Pinson won the honor, which was a St. Patrick pipe. After an hour of fun the Guenthers were conducted to the dining room where fruit salad and punch was served. The Guenthers expressed their appreciation to the Club for having spent a delightful evening.

Mr. Hounshell, a returned missionary from Korea, who is interested in the student missionary movement of the Methodist Church, spoke at a joint session of the Y. W. C. A. and

Y. M. C. A. Sunday afternoon in the auditorium.

Mr. Huggins of Belton entered the Normal this week.

On Monday evening in the Assembly Hall, the Juniors were royally entertained by the Freshman class. Upon arrival the young men were presented with a number to find his partner for the evening. Music, conversation and games followed. Among the games that were played was a Musical Romance, a potato race and cartooning St. Patrick. After a general good time we were invited to the Dining Room of the Domestic Science Department where ice cream in the class colors with wafers were served. Departing the freshman class was congratulated upon giving such a splendid entertainment.

Presbyterian Services

All regular services and activities of the Presbyterian Church will now be resumed, following the close of the recent revival services.

Preaching services will be held the

coming Sunday at 11:00 a. m. and 7:45 p. m., with sermons by the pastor.

Sunday School at 9:45. Superintendent, Prof. J. W. Reid.

Prayer meeting, Wednesday evening 8:00.

Choir practice, Friday evening, 7:45. A cordial invitation is extended the public to worship with us. A cordial welcome awaits you.

DAVID H. TEMPLETON, Pastor.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE, 25c.

HAPPY TEXAS

SATURDAY

Will be the last day of the big Clearance Sale, and we wish to take this opportunity of thanking each and every one who have helped us make this the largest sale of its kind ever held in Canyon.

It has afforded us great pleasure to be in position to make the greatly reduced prices we have during this sale, and trust when we next announce a sale that we may be accorded the same liberal patronage that we have during this passing sale.

We purchased large stocks before the advances and have been in position to serve our customers better than ever before, and feel that we have satisfied a great number of our friends and customers with the many big bargains we have had to offer.

Remember this is fair warning, the sale will most positively close Saturday, March 24th., after which time our prices will be restored to the markets prevailing. If you haven't been in to do your shopping don't delay any longer.

Again thanking you for the nice business given us

Redfearn & Company

"The Allen"

In Grand Opera Building, Amarillo

Levi Angle left Friday for Seymour, where he was called by the sickness of his sister.

The Twenty Third Easter April Eight

We have been here twenty-three Easter Sundays. We have studied the demands and wants of our Easter patrons for twenty-three years and we have had some mighty good displays of garments and fabrics before; but we have a greater and better show for you this Easter than we have ever had.

Even though conditions are far from normal—twenty-three years of enthusiastic effort and constant study should help a long way in getting around some of the high prices and when you see the new fashions we have here for you to see and when you learn the very moderate prices you will say something like this has happened. There are very few things in

THE STYLE SHOW

that show the higher prices that prevail generally today. You can buy a good all wool French serge suit made up in the newest fashions and tastefully trimmed and pay only \$14.85 for it, or a pretty coat for \$14.85, of course there are lots of finer suits and coats at \$16.50, \$19.50, \$25.00 and so on up to \$65.00, with a goodly variety at every price.

THE NEW MILLINERY

seems more charming than ever—there hundreds of the smartest models for you to see, to try on, and to buy if you like, or you may have one made to your order, embodying the newest style ideas. The new hats begin at 2.50 and go to 35.00. There's a particularly strong showing of pretty hats at 4.95 and 6.85. Visit the annex.

CHILDREN'S HATS

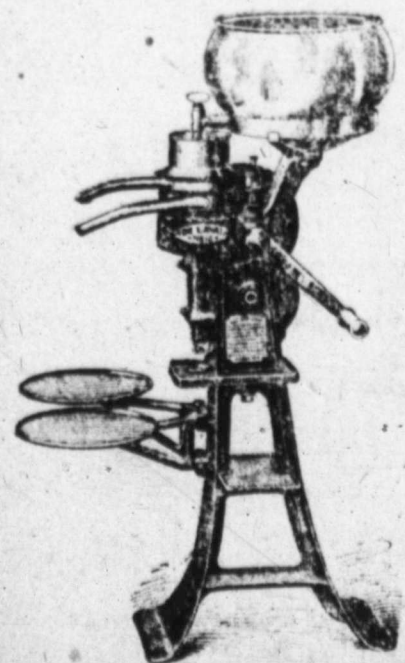

Begin at 95c for a very neat one with ribbon and flowers. The showing includes hats up to 11.85, with some very smart ones around 2.50 to 5.00. Visit the annex.

White & Kirk

The Place to buy Shoes
502 Polk Street Amarillo, Texas

Don't Buy a Cream Separator 'til you see any try

THE DE LAVAL

No matter what claim any separator salesman may make for his machine, don't give him an order until you try out a DE LAVAL

The DE LAVAL is easier to wash, easier to run and skims cleaner than any other separator ever built, and if you will only give us a chance, we will be glad to set up a machine on your place, give you a free trial, and YOU CAN PROVE IT FOR YOURSELF.

It isn't what anyone CLAIMS for his machine that interests you. It is what the machine WILL DO. That's why we say again, see and try a DE LAVAL before you buy a separator.

THOMPSON HARDWARE CO.

SUFFERED FROM BACKACHE, RHEUMATISM, DROPSY.

Dear Mr. Editor:—"I wish to tell you of a recent experience I had when suffering from backache, weak back, rheumatism, dropsy, and congestion of the kidneys. I tried a new medicine, called 'Anurie,' which has recently been discovered by Dr. Pierce, of whose medicines and Surgical Institution in Buffalo, N. Y., you have no doubt heard for years. This medicine acted upon me in a wonderful manner. I never have taken any medicine so helpful in such quick time. I do wish anyone who needs it would give it a trial."

(Signed) G. H. HERR.
NOTE.—If backache, swelling urine or frequent urination bother or distress you or if uric acid in the blood has caused rheumatism, lumbago, gout, neuralgia or sciatica, if you suspect that you have kidney or bladder trouble, send 10 cents to Doctor Pierce, at Invalids' Hotel, Buffalo, N. Y., for large trial package or at all druggists in 50-cent packages.

The most expensive place in the world—before the war—was said to be Bucharest, the capital of Rumania. It is called "the Paris of the East." Paris about equal in size to Washington, but it has twenty times as many restaurants and cafes, twice times as many theatres and ten times as many street lights. It is supposed to be the most brilliantly lighted city in the world. The best hotel prices are higher than the highest charged in the hotels of New York, or London, or Paris, and are over 25 per cent higher than those of the hotels at Monte Carlo.

Eve was very tall: 200 feet high. That's right. Or at least, that's what the Arabs believe. And her tomb at Jiddah, the seaport of Mecca, where the first woman is supposed to be in proportion to her height. It has not been opened in over a thousand years, but once every seven years thousands of Ishmaelite pilgrims journey to the spot. This year is the seventh year, and these pilgrims walk for days and sometimes weeks to worship at Eve's tomb.

WHAT IS LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA A DIGESTIVE LAXATIVE CATHARTIC AND LIVER TONIC

LAX-FOS is not a Secret or Patent Medicine but is composed of the following old-fashioned roots and herbs:

- CASCARA BARK
- BLUE FLAG ROOT
- RHUBARB ROOT
- BLACK ROOT
- RAY APPLE ROOT
- SENNA LEAVES
- AND PEPSIN

In LAX-FOS the CASCARA is improved by the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not only as a stimulating laxative and cathartic but also as a digestive and liver tonic. Syrup laxatives are weak, but LAX-FOS combines strength with palatable, aromatic taste and does not gripe or disturb the stomach. One bottle will prove LAX-FOS is invaluable for Constipation, Indigestion or Torpid Liver. Price 50c.

NOVEL SOUNDING BOX

Human Skull May Be Made to Do Service.

Most Interesting Experiment, Which May Easily Be Tried by Anyone—Of Considerable Value to the Deaf.

An interesting experiment that proves what a good sounding box the human skull is can be performed by anyone who has a disk phonograph. It is described by H. Gernsback in the Electrical Experimenter as follows: "Stop up both of your ears with cotton as tightly as possible, so that no sound will be heard from the outside. Now place an ordinary darning needle between your teeth by biting on it hard, taking care that the lips or tongue do not touch the needle. The latter is important, because if either lip or tongue touch the needle the sound will be decreased considerably. "For the best results the needle itself should project not more than one or 1 1/2 inches from the mouth. For

Holding a Needle in the Teeth, a Phonograph Record Can Be Heard. N. B.—The Lips and Tongue Must Not Touch the Needle.

that reason the darning needle should be broken off about 1 1/2 inches from its sharp point. It goes without saying that the sharp point should project out of the mouth, while the broken-off end should be inside the mouth.

"Now start an ordinary disk phonograph and carefully press down upon the record with the needle's point held at the same angle as the reproducer's needle is held ordinarily. With a little practice one will become proficient in moving the head at the same rate of speed as the ordinary reproducer arm is moved from the outside of the record toward the inside. As soon as the needle touches the record with sufficient pressure the inside of the head will be filled immediately with music exceedingly loud and clear.

"A curious result of the experiment is that a person standing near by can hear the music, the head acting as a reproducer in this case."

Mr. Gernsback asks deaf or partially deaf persons to try this and to write to him about the result.

Few States Without Primaries.

All of the states in the Union have some form of primary except Rhode Island, Connecticut, Delaware, New Mexico and Utah. North Carolina has no direct primary, but has a presidential preference primary. In South Carolina, Georgia, Alabama, Arkansas and Texas the Democrats nominate by direct primary, but the statutes make no provision for other parties. A full primary law, passed in Vermont recently, was approved by a majority of 3,760, and will be in effect for the selection of delegates to this national convention. In addition to Vermont and North Carolina, the following states have a presidential preference primary: New Hampshire, Massachusetts, New York, New Jersey, Pennsylvania, Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa, North Dakota, South Dakota, Nebraska, Maryland, Montana, Oregon and California.

American Dairy Products Active.

Cheese, butter and other butterfats are again becoming important factors in our export trade after a long period of comparative inactivity. England has become our largest foreign market for butter, cheese and condensed milk, having last year taken 3,333,000 pounds of butter, out of total export of 10,000,000 pounds; 18,500,000 pounds of cheese, out of total export of 5,000,000 pounds; and 4,000,000 pounds of condensed milk, out of a total of 37,000,000 pounds. Canada, Cuba, Panama, Australia and Venezuela also take considerable quantities of American butter; Panama and the West Indies are important markets for our cheese; while Cuba, the Netherlands, China, Japan, Hongkong, Cosen, Panama and Brazil take large amounts of American condensed milk.

Whittier's Inspiration Dead.

Miss Priscilla H. Marsh, who as an East Haverhill schoolteacher furnished the inspiration for Whittier's poem, "In School Days," is dead. Miss Marsh was born in Peacham, Vt., seventy-six years ago and started as a schoolteacher in rural schools.

It was while she was teaching in East Haverhill that she came to know Whittier intimately, and it was her work among the pupils of that school that led him to write the poem.—Boston Dispatch to New York World.

Antimony Brings High Price.

The prices of antimony in 1915 were probably the highest known since the metal became a regular article of commerce. The high prices were naturally reflected in far the largest production ever made in the United States, according to the United States geological survey's preliminary figures.

STRONG EVIDENCE

Is the Statement of This Canyon Woman.

Backache is often kidney aches; A common warning of serious kidney ills. "A Stitch in Time Saves Nine"—Don't delay—use Doan's Kidney Pills. Profit by Mrs. Rowan's experience.

Mrs. M. E. Rowan, W. Houston St., Canyon, says: "I used Doan's Kidney Pills, procured at the Holland Drug Co., and two boxes cured me. I gladly advise their use to anyone troubled by weak kidneys."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Rowan. Foster-Milburn Co., Props., Buffalo, N. Y.

Citation by Publication

The State of Texas, To the sheriff or any constable of Randall County—Greeting:

You are hereby commanded to summon J. W. Liggett by making publication of this Citation once in each week for four successive weeks, previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the County Court of Randall County, to be held at the Court House thereof, in the city of Canyon, on the 2nd Monday in April, A. D. 1917, the same being the 9th day of April A. D. 1917, then and there to answer a petition filed in said Court on the 3rd day of November A. D. 1916 in a suit, numbered on the docket of said Court No. 496, wherein E. H. Lehr is plaintiff, and J. W. Liggett is Defendant, and said petition alleging that plaintiff, on or about the 12th day of January A. D. 1916 instituted suit against the defendant on a promissory note for sum of \$666.66 principal and for interest and for Attorney fees and costs, in the District Court in and for the City and County of Denver, Colorado, the number of said suit in said Court being 61453, said Court having jurisdiction of the person of the defendant, and the subject matter of said suit.

That the Defendant, by and through his Attorney, F. D. Taggart, an Attorney at Law, duly authorized to practice in all Courts of Record in the State of Colorado, and July authorized to represent Defendant, entered his appearance in said Court and waived the issuance and service of summons, and filed a confession of judgment therein, which answer and confession was filed on January 13th 1916. That afterwards on the same day to-wit: June 13, 1916, when the said cause was called for trial, judgment was rendered for Plaintiff in the sum of \$808.50, together with all costs amounted to the sum of \$8.45.

That no part of said judgment has ever been paid. That a transcript of said judgment and proceedings, duly authenticated as is required by law in such matters, is herein filed; marked Exhibit "A" and made a part hereof. That said judgment still remains in full force and effect, is now reversed of otherwise vacated, and by reason of the premises, the defendant is justly indebted to this plaintiff in the sum of \$816.95, with interest thereon from January 13th 1916, at the rate of 6 per cent per annum, and that defendant though often requested his hitherto failed and refused and still refuses to pay the same or any part thereof, to plaintiff's damage.

Plaintiff would further show to the Court that upon filing of this petition, he has applied for a writ of attachment and proposes to have it levied on certain real property in Randall County Texas, the property of defendant, J. W. Liggett, to-wit: Lots Numbered one, two, three and four, in Block Number Fifty One (51) in the original town of Canyon City, Randall County, Texas.

Plaintiff prays for judgment for the sum of \$816.95 and interests and costs, and for issuance and levy of said attachment and for execution and general and special relief.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Canyon, Tex., this 14th day of March A. D. 1917.

T. V. Reeves, Clerk, County Court, Randall County. A true copy, I certify.

Worth A. Jennings Sheriff, Randall Co., Texas. By W. C. Black, Deputy.

75 YEARS OF KNOWING HOW

The P. & O. No. 111 Lister

This lister is known to farmers wherever sold as P. & O. No. 111, but the improved type is called No. 111 on account of important improvements.

There are more of them in the hands of farmers than all other makes combined,—over 2,000 sold by one dealer in one county in West Texas. The special features on this Lister made it deserving of its immense sale. Its use is not confined to preparing for row crops; it is now almost universally used for plowing for small grain crops by listing and re-listing, leaving the ground in oval waves, which not only catches and holds the moisture but prevents the loose soils of the West from blowing away.

The adjusting link on front end of beam is an important exclusive feature on the No. 111, absolutely preventing the point from running below the desired depth. The wheels are provided with dust-proof boxes, an immense help in the sandy loam lands of the West. The feeding device absolutely deposits one seed at a time of any of the row crops, besides can be equipped for both corn and cotton. You will have to see this wonderful improvement to appreciate it. The tilting hoppers allow change of plates without emptying them. Furnished with either disc or shovel covers. This Lister embodied many other important features that will convince you that it is the best on the market.

The P. & O. No. 123 4-Wheel Lister

This Lister has all the advantage of the No. 111 and in addition has rear wheels. This is desired in many localities as it enables the operator to see the seed as planted. The rear wheels have cushion springs to hold them in line with the row and following the unevenness of the ground and conform to the ridge without straining the rear frame, compelling also, the Lister to remain in proper working position at all times. The friction lock disengages automatically, allowing the wheels to castor and turn round in a very small space.

We manufacture the most complete line of Two Row Implements on the market. Ask your dealer and if you cannot be supplied through him, write us for circular and special introductory offer.

**SCIFTY
NOTES**

The Baptist Missionary Society held their regular study meeting on Tuesday at the church.

Mrs. J. A. Tate entertained the Missionary Society of the Presbyterian church Tuesday at the home of Mrs. Black. The regular missionary program was given after which refreshments were served of fruit salad, cake and tea.

The girls of the Methodist Church met with Mrs. C. W. Warwick on Thursday and organized a Girls Missionary Society. They will study the "South of Today." The society will meet on the first and third Thursdays of each month.

The Woman's Missionary Society of the Methodist Church met in regular study hour at the church Tuesday.

Mrs. R. A. Terrill entertained the Merry Maids and Matrons Club on Thursday afternoon. The house was decorated with carnations and beautiful pot plants. Refreshments were served after a round of forty two games, of turkey salad, olives, sandwiches, potato chips and coffee. The guests of the club were Mesdames Shaw, Harrison, Stafford, Misses Malone, Lamb and Rambo.

Fred Luke left Friday for Arizona on matters of business.

Mrs. V. Edna Henson was in Amarillo Friday.

Lillie Taylor left Friday for her home in Clarendon.

Happy Happenings.

Misses Howard and Susan Hagan left last Wednesday for their home at Wascon, Texas.

Mrs. C. H. Still has been sick for some time with erysipelas.

Harry Starr went to Canyon Friday, returning Monday to his school work here.

Rev. W. C. Rose was on the sick list several days last week.

Mr. and Mrs. Peter Myers spent the day Sunday with A. A. Fonken and family.

Farmers are busy sowing oats, barley and spring wheat. The wheat is looking fine considering the dry weather and wind.

Mrs. C. R. Strong has been on the sick list for the past few days but is better.

F. F. Brown has a severe case of erysipelas; has been confined at home for the past week.

Lane Mayhew had the misfortune to be thrown from a horse one day last week, bruising his face considerably.

Miss Viola Knox spent Sunday with Mr. and Mrs. Bill Fonken.

Mrs. A. J. Bauer entertained a few friends and neighbors last Thursday with an all day quilting and dinner.

Miss Grace Moon is still quite sick. Misses Ruth Hagan, Margarette Garrison, Viola Knox, Dora Agee and Mr. Shafer went to Amarillo Friday night.

E. Edmonds, who bought the old school houses, is moving them out to his farms west of town.

Mrs. Isom Hollabaugh has been quite sick for the past few days.

Monday evening the horse driven by Mrs. A. A. Fonken became frightened and ran away, throwing her out and dislocating her left arm and bruising her up considerably.

W. W. Miller of Lockney is building a new house on his ranch west of Happy.

Mrs. Rodgers arrived Saturday to visit her son Roy for an indefinite time.

P. J. Neff made a business trip to Tulia Monday.

Rev. Copeland filled his appointment Sunday morning, but on account of sickness was unable to preach at night.

John Evans from Clark County, Ark., is here visiting his brother, J. M. Evans.

J. A. Edwards and son from Canyon were here on business Monday.

Wayside News.

Protracted services closed Friday night. Rev. Jacob preached one night after Rev. Lindley left for Tulia. No additions to the church.

Mrs. Myrtle McGehee is much troubled with erysipelas on the face and neck.

J. C. and E. B. Mayo left Saturday for Electra on a business trip. They returned Monday.

Mrs. Rhoda Helms seems much improved of a recent attack of rheumatism.

Leonard Helms, while attempting to crank a car Sunday night had the misfortune to get both bores of his right arm broken near the wrist. He has suffered much with it, but it is thought to be doing much better at present.

Wm Payne and Jim Sluder have returned from their ten days trip to southern Texas and into New Mexico. They found some cattle country they liked near Hope. J. C. Payne expects to leave soon for a trip into New Mexico.

After nearly a three weeks visit with relatives in Tarrant and Clay counties Uncle Reuben and Aunt Mattie Rogers returned Friday. His brother, Fletcher Rogers, who he visited, passed away at his home in Tarrant county, the 13th inst, after a lingering illness of more than three months. He leaves a wife and two sons.

Methodist Church.

We drop back into our regular church processes with this week. Our revival meeting which closed Sunday night helped us greatly inside the church in tightening up of religious life and quickening us for service.

The theme for Sunday morning sermon will be: "What will ye do with Jesus that is called the Christ." The Sunday night service will be as evangelistic as we can make it, and to this end we ask that the Christian people help us by their prayers and efforts.

Prayer meeting, Wednesday night, 7:45.

Epworth League, Sunday 6:45 p. m. You are cordially invited to all our services.

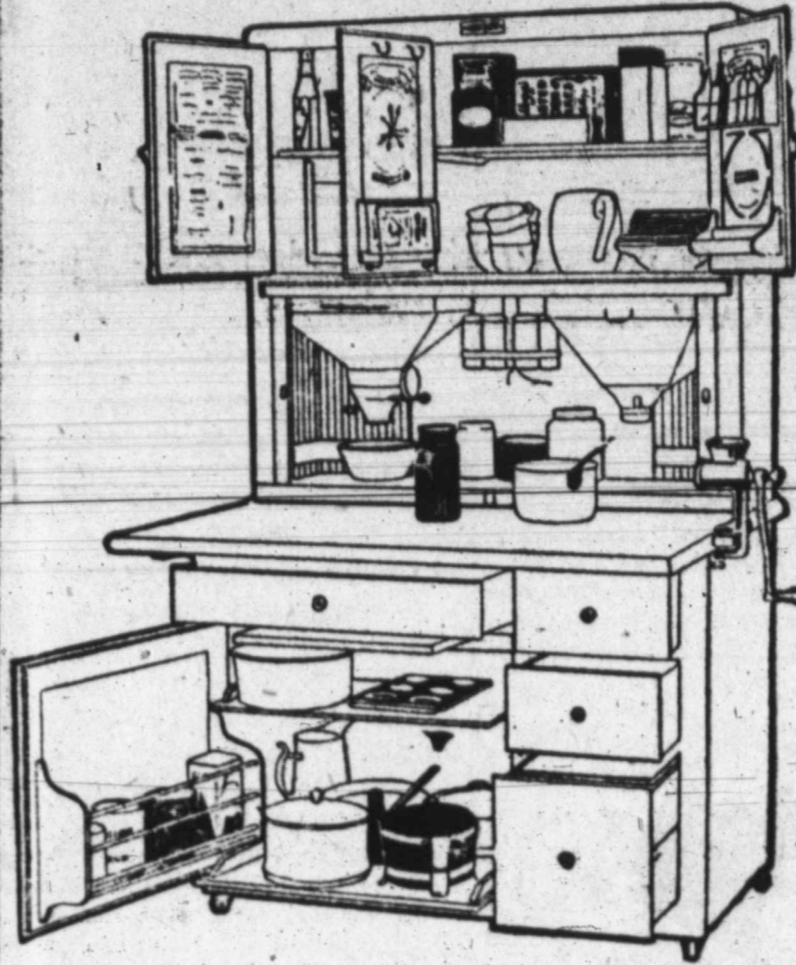

R. A. STEWART, Pastor.

Notice.

To all persons receiving their mail through rented boxes. Notice is here given that we will not hold boxes for you if rent is not paid by night of March 31st.

Respectfully,
C. Eakman, P. M.
