

The Government of the United States will not omit any word or any act necessary to the performance of its sacred duty of maintaining the rights of the United States and its citizens.—President Wilson.

**WOULD WRECK TRAIN SOUTH**

SANTA FE TRACK SOUTH OF CANYON SCENE OF MISCHIEF

Bolts Taken From Rails Early Monday Morning With View of Wrecking Train.

Track inspectors on the Santa Fe Monday discovered that bolts had been removed from the rails at a curve on the track. From the appearances of things the bolts were removed with a purpose to wreck a train. At least two trains passed over the track without damage.

A Santa Fe detective has been on the scene all week. Local officers and a special Santa Fe officer Tuesday arrested a Mexican who evidently had been up to some mischief, but they were unable to say whether he was guilty of this act.

The bolts were removed at a curve near a culvert. On spikes were taken out, which fact saved the early morning passenger train from going off the track and down the embankment.

The Santa Fe is carefully guarding the principal bridges and daily track walkovers visit every portion of the track.

Now is a splendid time for thugs to get in their dirty work and blame it on German sympathizers.

**Buya Half Section.**

J. J. Leavitt has bought another half section of land adjoining his farm southwest of the city.

Mr. Leavitt is a good farmer and is making good here. He came to Randall county a few years ago from Illinois and is well pleased at having made the change.

**Henry Bishop Buys Land Here.**

Henry Bishop of Amarillo, formerly district attorney of this 47th district, has invested in Randall county dirt, buying a section nine miles south of the city.

**TRADE EXCURSIONISTS VISIT IN SOUTHWEST PART OF CO.**

Farmers Give Them the Glad Hand and Responded by Coming to Canyon Trades Day.

Nine cars of trade excursionists from the business houses of Canyon left Canyon Friday morning at eleven o'clock, going to the southwest part of the county, and then working back into Happy. The bunch waited until the troop train had passed carrying Troop B to the border.

The school houses were visited, and at each one the band played for the pupils while the purpose of the June trades day was explained as well as the Ford tickets, which are being given away by the progressive business houses of the city. It was explained to all of the schools that the educational contest which was to have been pulled off in May, was of necessity postponed until the new school year this fall.

The farmers of the communities visited showed their appreciation of the visit of the business men by all coming to Canyon on Monday of this week which was Trades Day.

The band added much to the pleasure of the trip, and the boys were highly complimented by the men who made the trip, and the people who heard them play while on the trip.

The Normal boys are a fine bunch of fellows to take on the trip, and the men appreciated their presence.

Dinner was taken and spread under the trees at the Peter Meyer place west of Happy.

The business men are looking forward with pleasure to the trade excursion to be made next month just before Trades Day.

**SEVEN-EIGHTH OF INCH RAIN FALLS TUESDAY AND WED.**

Rain amounting to three-eighths of an inch fell in Randall county Tuesday night. This was followed yesterday afternoon and last night by a half inch more of moisture.

This is the first rain of the spring and the wheat was needing it, on account of the high winds.

E. F. Johnson and wife arrived in the city this week. Mr. Johnson is the makers of ice for the Canyon Power Company.

**MRS. REYNOLDS GIVEN 20 YEARS**

A verdict of twenty years was returned this morning by a Potter County Jury against Mrs. Florence Reynolds, of this city, charged with the killing of her husband east of the city last September. The case went to the jury at six o'clock last night and the verdict returned at nine thirty this morning.

The case has attracted considerable attention. A number of Canyon people were witnesses.

Mr. and Mrs. Reynolds were hunting rabbits on the day of Mr. Reynolds' death. The defendant stated that Mr. Reynolds suddenly stopped the mule which they were driving, and started to get out of the buggy to shoot at rabbits. She disclaimed seeing how he was shot and did not look in his direction until he called that he had been shot.

A life insurance policy for \$5,000 had been taken out by Mr. Reynolds a short time previous to his death, and the state brought this in as a motive for murder. The case was transferred to Potter county, fearing that a jury could not be procured in this county.

The case will be appealed by the defendant.

**Federal Court Next Week.**

The federal court will convene in Amarillo next week. Among the petit jurors are J. W. Hancock and P. D. Hanna, both of this city.

**GERMANS MAY NOT NOW BECOME NATURALIZED**

Orders Sent Out by St. Louis Office Forbids Taking out Final Papers by Germans

According to the daily newspapers Germans are forbidden taking out their final naturalization papers.

The naturalization business of Randall county has been moved from Canyon to Amarillo in order to make it more convenient for Judge Umphres to look after. Consequently Clerk Reeves has received no orders in Canyon.

Although no final papers will be given any German, under these orders, declarations of intentions, signifying the immigrant's desire for citizenship may still be secured.

The instructions, putting a ban on further naturalization, were from St. Louis, dated April 5, and read as follows:

"To clerks of courts of naturalization—A state of war having been declared by the congress of the United States as against Germany, your attention is invited to the fact that until the war is over, and until a declaration of peace, no German of Section 2171 become a citizen of the United States of America.

"Please invite the attention of your court to the provision of law aforesaid.

"Very respectfully  
"M. R. Bevington,  
"Chief Naturalization Examiner."

**The Ford Tickets**

The people of Randall county are very greatly interested in the Ford car which is to be given away by the business men of Canyon on the Second Monday in September. Be sure to call for your tickets at all of the business houses. Trade only with the business houses which are giving the tickets.

Next week the list of the business houses will be published.

GET THAT FORD.

**Allen Building House.**

Prof. L. G. Allen has let the contract to Coffee Bros. to build a new house on East Houston on lots which he recently bought from L. T. Lester.

The house will be of four rooms with hall and bath room. Mr. Allen's mother will live in the new home.

**LARGE CROWD IN CITY ON TRADES DAY MONDAY**

Trades Day in Canyon on Monday of this week was one of the biggest days in the history of the town. Hundreds of farmers were here from all parts of the county to trade and to visit with their friends. All were very highly pleased with the day and stated that it was their intention to come back to Canyon upon every Trades Day.

The program started with music by the Normal band. They boys did them selves proud and greatly added to the pleasure of the day.

At eleven o'clock the chicken flight took place. Over forty chicken and guineas were turned loose from a telegraph pole on the north side of the square. The chickens gave the

people a race for their money but the guineas were not as good performers as it was generally expected they would be. But there was plenty of fun for all.

In the afternoon the band drew the crowd to the south side of the square where J. W. McCrery of Wayside auctioned the free auction. A lot of new merchandise were sold at the auction, after which the machinery and stock was sold. The auction continued nearly all of the afternoon, and drew a large crowd.

Ford tickets were in demand all of the day. The people of the county are certainly after that new Ford which will be given away on the Second Monday in September.

**BINGAMAN COMING HOME WITH HOLSTEIN CATTLE**

A telegram was received yesterday from M. A. Bingaman stating that he would start home Friday with the sixty head of Holstein cattle which the farmers of Randall county sent him to Wisconsin to assist L. L. Johnson to select for the Randall County Dairyman's Association.

The cattle will probably arrive in the city about the first of the week, and will then be allotted to the purchasers.

The three banks of Canyon, realizing the importance of the dairy industry for Randall County, are financing the deal for the farmers. A ready market is guaranteed by the Santa Fe agents.

**ICE PLANT STARTS OPERATION BY THE CANYON POWER CO.**

Work on installing the new ice plant at the power plant was completed this week and the first trial run made on Saturday. The plant was opened for operation after the first test run, which proved entirely satisfactory.

Manager Arnold states that no arrangements have yet been made for the water to be used by the plant, which will run from 7,000 to 15,000 per day. He has been notified by the committee from the city council that it is costing the city 21-cents per thousand to pump the city water, which his company feels is a larger price than they can afford to pay and sell ice to the people at 50 cents per hundred. If no better arrangements can be made the power plant will put down its own well.

**BUSINESS MEN WILL MEET FOR IMPORTANT BUSINESS**

The Canyon Business Men's Association will hold a meeting at the News office tonight at eight o'clock. The association was recently reorganized to take in all of the business and professional men of the city, and all members are urged to be present tonight at the meeting.

**\$110,000 Hogs Shipped.**

During the past year S. M. Downing has shipped from Canyon \$110,000 worth of hogs. This does not include by any means all of the hogs raised in Randall county.

The hog industry in the county is in its infancy, but is steadily growing year by year. The farmers have found that it is one of the surest and best means of revenue and are yearly increasing their herds.

C. O. Keiser reports that he has sold 500 head from his Creek farm during the past year.

**COME TO CANYON TRADES DAY**

**TROOP "B" OFF TO SERVICE OF UNITED STATES GOVERNMENT**

Only Few Canyon Boys Were Taken As Majority Had Not Signed for Federal Reserve

Hundreds of Canyon people, including the Normal Band met the special troop train Friday morning which passed through Canyon bearing the boys of Troop B to San Antonio where they will go wherever the United States government needs men

In this troop is a number of Canyon boys, but only a few were taken Friday as the orders were to take only men who had signed the Federal Reserve, which allowed the government to take the men wherever the commanders thought necessary. The remainder of the boys do not know when they will be called upon to do duty in the state. It is thought that the remainder of the Troop will be put into guard service within the borders of the state before many more weeks.

**J. E. ROGERS APPOINTED MARSHAL OF THE CITY**

At the meeting of the City Council Monday night the returns from the recent city election were canvassed and the new members sworn into office.

In regard to the new arrangement recently proposed in the council, J. E. Rogers was appointed city marshal. The council decided that for the present the office would not carry all of the phases of work as recently determined upon, but the water collecting will be turned over to C. M. Ackerman, manager of the city plant, who will be given an assistant all of the time.

**Miss Ernee Conner Graduates.**

Mr. and Mrs. L. G. Conner received word yesterday from their daughter, Miss Ernee, that she had received her diploma from the Tyler Commercial College, and would leave for Bowling Green where she will visit with her aunt.

Miss Conner made a record in her stenographic work which was not excelled by any student in the school. The people of Canyon are proud of this splendid young lady and wish her unlimited success in her chosen profession.

**School Board Organizes.**

At a meeting of the new school board Tuesday night G. G. Foster was elected chairman, Joe Service vice chairman and C. R. Burrow secretary. The following teachers were elected for the coming year: Misses Ingham, McGehee, Nash, Fronabarger, Farmer, Dean.

No more teachers will be elected until the new superintendent, Prof. M. B. Johnson comes to look over the local field.

**LOAN FUND OF \$8,000.00 ASKED BY THE NORMAL**

The following letter is being sent out by the Normal faculty regarding the G22 Cousins Loan Fund, which is established and maintained for the purpose of aiding worthy students who do not have the means to go through school without some outside help:

**Lend a Hand**

Dear Friend:  
This letter is sent to benevolent men and women who love boys and girls, and who are in sympathy with all young people struggling under heavy loads to educate themselves.

The Gregg Cousins Memorial Fund Association of the West Texas State Normal College is chartered under the laws of Texas to aid financially worthy and capable students who could not remain in school without help.

**Not Charity but a Loan**

The available fund now amounts to \$5,000.00 this is loaned to students at six per cent per annum. And, although the fund is small, several scores of worthy young men and women have been assisted through it to remain in school to get certificates and diplomas, who could not have done so without help.

**Good Security**  
The high character and the sense of honor of the beneficiaries are the good security of the loans—Not a single dollar has been lost, although the entire capital has been loaned and

collected several times in the five years of its history.

**Security to Givers**

The business sense and the integrity of the West Texas State Normal College faculty are pledged to see that the money goes to the place where it will do the most good, and where it will remain at work for years to come, to bless him who gives and him who receives.

**To Increase the Fund**

It is our great desire to make the \$8,000.00 increase to \$8,000.00 immediately. The amount will be needed to meet the increased demands. The money now in the fund was contributed by members of the faculty, students and friends.

The Largest Donors: Mr. C. O. Keiser of Canyon, \$100.00 and Mr. Joe Gamble of Canyon gave \$50.00. The Association is grateful to these generous friends:

**The Appeal**

Will you help? This is a pure benevolence; an investment in character. Your contribution will enrich the life of those who receive your help, and through them many others will be helped.

If you will help a drowning man notify one of us.

Faithfully yours,

H. W. Morelock,

Chairman Committee

R. B. Cousins,

President

The Careful man tries to save a little of his earnings each pay day - and puts it in the Bank; he'll be rich some day

Few Men "Get-rich-quick" at all. Fewer men "Get-rich-quick" and keep their money. It goes like it comes.

## Spring Colds Are the Worst

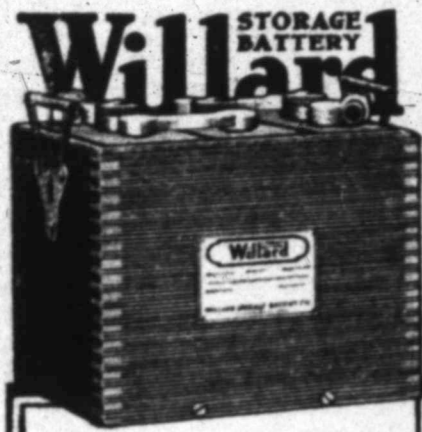

They lead to catarrh and pneumonia. They weaken the entire system and leave it unable to resist the sudden changes. They interfere with your digestion and lessen your activity. Neglected they soon become that dread disease known as systemic catarrh. Don't neglect them. It's costly as well as dangerous.

## PERUNA Will Safeguard You

Have a box of Peruna Tablets with you for the sudden cold or exposure. Tone your system up with a regular course of the liquid Peruna, fortify it against colds, get your digestion up to normal, take care of yourself, and avoid danger. If you are suffering now begin the treatment at once. Give Nature the help she needs to throw off the catarrhal inflammation, and again become well.

Peruna has been helping people for 44 years. Thousands of homes rely on it for coughs, cold and indigestion. It's a good tonic for the weak, as well.

The Peruna Company, Columbus, Ohio

## Not Its Fault

Your battery can't test its own specific gravity.

It can't fill itself with pure water.

It can't tell you to find out if the lights are using too much energy and the generator giving back too little.

So it isn't the battery's fault if these precautions are neglected and battery troubles result.

Drop in and we'll show you how to avoid trouble and save money.

## PLANS UNDER WAY FOR UNION REVIVAL MEETING IN AUGUST

Lockett Adair Will Preach in Canyon for Three or Four Weeks—Is Noted Evangelist.

Lockett Adair will visit Canyon in August to conduct a union revival meeting of the Presbyterian, Christian and Methodist churches.

The coming of Mr. Adair is received with much enthusiasm by the people of the city as he is one of the big evangelists of the south. He will bring a number of assistants with him to assist in conducting the meeting.

The meeting will begin a large tabernacle on the first Sunday in August and continue for either three or four weeks.

Committees from the three churches are now at work on the plans for the meeting and will have the entire matter in charge during the time of its continuation.

The members of the three churches as well as all Christian people of the city are expecting a great meeting in August.

### Practical Patriotism

"The patriotism of the presidents and managers of all American railroads, recently displayed at so critical a stage of national affairs, deserves general and unstinted approval," says C. H. McLenathen, Carlsbad Merchant farmer, and stockman. Mr. McLenathen is a close student of history and the world affairs of to-day and appreciates therefore what it means when men controlling over a quarter million miles of railroad, valued at around 25 billion dollars, place duty to country and the people above profit.

"Some months ago," Mr. McLenathen continued, "I called attention to the transportation preparedness of France at the outbreak of the war in 1914 when a large army was readily moved to the front in three days' time. I also called attention to the lack of transportation preparedness of our own country and that we had rather followed a policy of hampering transportation development through restrictive Federal and state legislation and regulations.

"In the face of this attitude of Federal and state governments, the managers of American railroads were patriotic enough to yield to labor demands increasing operating costs heavily, rather than bring on a nation-wide strike at a time when our nation faces the most serious war situation in its history. The managers made no conditions nor received any insurance of permission to raise freight and passenger rates to off-set the greater operating costs. In fact they knew that shippers would oppose any attempt to increase rates, which opposition is already in evidence before the Interstate Commerce Commission.

"There would have been no great inland empire without railroads and this inland empire is today the chief source of the nation's bread and meat supply. Cripple the railroads and the great cities of the country go hungry.

"The foresight of the railroad managers in promoting increased production of bread and meat, also impresses me as worthy of great credit. To my personal knowledge, the Santa Fe Railway has for months through its publicity and agricultural bureaus, strongly advocated the importance of producing more bread and meat in 1917 in New Mexico and northwest Texas. The Federal government is just awakening to the fact that mobilization of the nation's food supply is worth while. The food supply of the nation is the first consideration in peace or war and I honor the Santa Fe for its foresight in promoting an increased production of the necessities of life; bread and meat."

A. M. Howe

The trade of king is getting so uncertain that none of them can tell for sure when they get up in the morning whether they are going to get in a full day's work.—Kansas City Times.

## WONDERFUL STUFF! LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers—no pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezeone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezeone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezeone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist doesn't have freezeone have him order it for you.

# Pedigreed!

Nine years of continuous, consistent development, improvement, refinement!

Each year a better car and a better value!

Over three hundred thousand now in use!

That is the history of the car that built Overland because it represented integrity of value.

And as steadfastly as this car has represented original integrity of value, so also has The Willys-Overland Company sustained that integrity of value throughout its service in the hands of those who purchased it.

The Overland Big Four of this season and its twin—except for the motor—the Overland Light Six, are the direct outcome of all this development.

More than three hundred thousand owners and more than four thousand dealer and factory-branch organizations have assisted this development by their experience with these cars and their helpful suggestions of improvements.

In their new beauty, in their perfected easy riding qualities, in their proven sturdiness and mechanical excellence, in their admitted tire, fuel and oil economy, these cars are worthy of the confidence we have, that they will further enhance Overland prestige.

The prices are \$850 for the Big Four, \$985 for the Light Six, while we have them to deliver until May 1st—thereafter \$895 and \$1025.

## C. Friemel Buys More Land.

C. Friemel this week bought a section of land near Umbarger. Mrs. Friemel already owns land in that section, and he lived here long enough to know the true value of Panhandle dirt.

Mr. and Mrs. P. Friemel came here eighteen years ago with their family, and now the father and mother together with the boys and girls of the family have accumulated a large body of land near Umbarger. All of the family are excellent farmers and have made good in every sense of the word.

### Autos Registered.

The following autos have been registered this week at the county clerk's office:

- 424—H. G. A. Wragge.
- 425—G. R. Wall, Maxwell.
- 426—J. W. Lovv, Ford.
- 427—T. H. Boling, Ford.
- 428—Canyon Power Co., Buick truck

### ANNOUNCEMENT.

We take pleasure in announcing the opening of our new store at the southeast corner of the square. We will handle groceries and novelties. We will sell strictly for cash, no deliveries, believing that you would rather have the benefit of a lower strictly cash price and come to get the goods. Our stock will be increased greatly week by week. Come and see us. Butterfield Cash Store.

### Sudan Grass for Seed

Sudan grass seed seems to be wanted by many farmers, but it is hard to find. The price is so high that few people will plant for pasture this year in the way they would like to plant it—20 pounds per acre put in with a grain drill. Since it has proved its value, the practical thing to do now is to work to produce plenty of seed for use in 1918.

In 1914, Charles Harmon, of Manitou, grew 300 pounds of good seed from 14 ounces of seed which he planted in rows 3 feet apart and cultivated just enough to keep the weeds down. One pound of seed will plant an acre, if planted in 3 foot rows. Why not

buy just one pound and grow your own seed for next year?

the pacification of the pacifists.—Philadelphia North American.

Amarillo, Texas

**EVER SALIVATED BY CALOMEL? HORRIBLE!**

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

MRS. C. M. THOMAS

The Bell Telephone serves both buyer and seller equally well.

THE SOUTH-WESTERN TELEGRAPH & TELEPHONE COMPANY

**DR. WILEY ON FOOD**  
(From Southwestern Plainsman)

Dr. Harvey W. Wiley has done a great deal for the people of this country in the way of assuring them more wholesome food, less adulteration in what they buy to eat and better sanitary conditions to eat in. He believes that it is time for the American people to get down to "brass tacks" and make use of some of the thrift that they are supposed to possess but which they use very little. He believes that the government should take over the food supply of the nation and enforce economy. If this idea were followed out, there would have to be a radical change all along the line. The rich would not be affected any more than the poor and it is likely that the heaviest load would fall on the great middle class among whom there is said to be the greatest amount of waste, due partially to ignorance in regard to the most nutritious way to prepare food and partly to carelessness.

It is possible that, if our soldiers have to fight Germany or Mexico, those who have fathers, husbands, brothers or other relatives at the front may be sufficiently impressed with the seriousness of the situation to make sacrifices of the sort recommended by Dr. Wiley, but very many will not consider that the amount they waste has any effect on the supply as a whole and will go along in the same old way, making no attempt to conserve the food supply that constitutes the nation's brawn and sinew in time of war—until forced to do so.

Among other things, Dr. Wiley says: Whether we remain at peace or adventure on war, the government should take full possession of our food supply.

Every family in the country must be able to buy staple foods at fixed prices.

Already one-tenth of the people of the United States are starving. Such starvation is largely due to stupidity.

Even today one dollar spent on Indian corn will keep a working man well nourished for one month. Five dollars will supply four week's satisfying food for an average family.

Plain living? Of course! But you

**WHAT IS LAX-FOS**

LAX-FOS IS AN IMPROVED CASCARA  
**A DIGESTIVE LAXATIVE**  
CATHARTIC AND LIVER TONIC  
LAX-FOS is not a Secret or Patent Medicine but is composed of the following old-fashioned roots and herbs:  
**CASCARA BARK  
BLUE FLAG ROOT  
RHUBARB ROOT  
BLACK ROOT  
MAY APPLE ROOT  
SENNA LEAVES  
AND PEPSIN**

In LAX-FOS the CASCARA is improved by the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not only as a stimulating laxative and cathartic but also as a digestive and liver tonic. Syrup laxatives are weak, but LAX-FOS combines strength with palatable, aromatic taste and does not gripe or disturb the stomach. One bottle will prove LAX-FOS is invaluable for Constipation, Indigestion or Torpid Liver. Price 50c.

may take it from me, the war has killed luxury for this generation.

Humanity is entering upon such a period of enforced economy as the world has never seen. Europe feels this today. We may realize it tomorrow.

Enforced thrift is a blessing in disguise. Our grandparents were stronger, more dependable, finer men and women because they had nothing to waste.

When one dollar can purchase only 50 cents worth of food the man who earns and the woman who spends must learn what foods furnish most nourishment before they buy. The answer is indisputable. Cereals bought in bulk supply the greatest amount of "chew," heat and energy for the least money. And of all cereals, Indian corn is the cheapest. I have proved it by long practice.

Corn bread, corn mush, and one of a hundred corn meal dishes with a baked potato and an apple supply a perfectly balanced diet.

For children milk is also necessary—one pint of milk per child per day. I will guarantee to keep any child in perfect health, growth and enjoyment on a daily ration of one-half pound corn meal and one pint of milk a day—cost four cents.

That plan steals the threat from food wars or interstate railway strikes and puts the quietus on the high cost of living and the "necessity" for birth control.

Remember the physical degeneration due to wrong feeding, intestinal troubles or prolonged semi-starvation is not confined to the hunger stricken children of Europe. What of America's starving children, unconscious victims of food poison? The child whose blood becomes acid from eating foods unfit or nasty cheap is semi-starved, under-sized, bad tempered and, of course, "incorrigible."

A hungry child cannot be good neither can it work or study.

Suspicious sausages have sent more boys to the saloon or the reform school than their critics suspect. Why? Because the people who have least money to waste spend most on buying food trash.

My household of 4 makes 4 dinners from a five-pound roast changing to chicken on Sunday. The rest of our diet is fruit, potatoes and cereals. We work hard and are never ill.

My farmer, who earns one-twentieth of my wages, spends five times as much per person on food for his household.

My corn meal mush costs 6 cents a pound; his breakfast cereal sells for 25c a pound.

I offered to supply his corn and wheat free.

"No, thank you", he said, "my wife wouldn't stand for it. If we ate as you do, all the neighbors would make remarks."

There lies the chief reason for the high cost of living. Not health, nor thrift, nor supply determines what people shall eat, but rather prejudice and fashion.

**Tuberculosis**

No country, no race, no sex, no color is immune to tuberculosis. Similarly no tissue, no member, no portion of the human body is immune to its inroads. The catholicity of the disease, both as to people and tissues brings about strange results. Tuberculosis of a bone or a joint is very different in its manifestations from tuberculosis of the lungs, the skin or the brain. When some of the internal organs are attacked, for example the suprarenal capsules, the consequences are even at wider variance from the commonly conceived picture of the devastations of that minute vegetable, the tubercle bacillus.

Thomas Addison, sprung from the English yeomanry of Cumberland, physician, teacher, student and diagnostic genius, carried on a series of observations for years before he found that tuberculosis was often at the root of the disease which now bears his name. Addison's disease, generally caused by tuberculosis of those little organs which lie just above the kidneys, is marked by extreme prostration, bloodlessness, a marked bronzing of the skin, and death. There may be other symptoms but the weakness, anaemia and skin pigmentations are the more prominent.

The dogged determination which marked Addison's attempt to track a disease to its original source is the ruling spirit of 20th century medicine. No half-discovered fact will satisfy the modern investigator. The ultimate object is sought in its entirety by an industry of search, a concentration of effort. Addison was born in April, 1793 and died of brain disease June 29, 1860.

**Stick to Standard Lines Under Present Conditions**

You undoubtedly know that the only way to produce old-fashion long-wearing sole leather is by laying away in bark a sufficient length of time to enable the fibers of the hide to thoroughly knit together compactly.

You also probably know that recently it has become very general manufacture sole leather by what is termed "the quick tanned process".

This is done by forcing into the hide extracts and adulterants by machinery and then filling with a glutinous substance.

You are also acquainted with the difference in the service given by the

two methods and it is unnecessary to further discuss their merits.

The question for the customer to decide is which kind is he getting in his shoes and how to distinguish them. In the finished product this is practically impossible and he is therefore dependent on the dealer.

When the customer pays the price for a high grade shoe he has purchased the right to the best leather which can be produced.

Heywood shoes are made with selected soles cut from "long time tanned oak sole leather" and is a guarantee that the dealer is giving the best the market affords.

We sell Heywood shoes for men.  
Dorothy Dodd shoes for women.  
Krippendorf Dittman shoes for women.

# The Boils Of Lazarus

were eased by the dogs who licked the infected places, but they were not cured. Many modern people employ the same method in their treatment of boils, pimples, rashes, carbuncles, eczema and other skin diseases. They apply a salve or lotion to the sore places and fondly imagine they have cured them. The important fact which they fail to recognize is, that these skin diseases are diseases of the blood, and that no external treatment can permanently cure them, because they are essentially internal ailments.

S. S. S. is the only proper remedy for this breaking out of the skin, because it acts upon the blood, cleansing and revitalizing it, and removing the cause of infection. It should be borne in mind that S. S. S. is purely vegetable, made from native roots, herbs and barks, and that it contains no habit-forming drugs or other injurious ingredients. Obtain a bottle of S. S. S. from your druggist and if you need the advice of a physician, write to the Medical Department, Swift Specific Co., 301 Swift Building, Atlanta, Ga.

## The Randall County News

Incorporated under the laws of Texas  
C. W. Warwick, Managing Editor

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

Out of the hundred million people in these United States, there could not be found a thousand who would not be glad to have any of the German people as their neighbors and friends. In Randall county, we would be glad to see thousands more of them. This war is not a war against the German people. It's against an institution of which the Emperor is the central figure. One of the these days the German people will wake up to the fact that the world is not fighting them on a standard of racial hatred, and then the Kaiser will pack his little grip and join Mr. Nick Romanoff, while the world joins the good German people in making a great republic out of a great people.

Governor Ferguson become peeved in his veto of the court increased salary bill, and took a shot at the supreme court for the "no more" feature of the constitution. As we remember it, none of the present supreme court had anything to do with the writing of the present constitution. At any rate, the Governor vetoed the bill calling for a constitutional convention in which the salary of the Governor certainly would have been raised.

The war with Germany gives every scoundral in the United States a chance to pull off all kinds of devilment and have the blame laid at the door of German sympathizers. Do not be hasty in judgment when these acts are reported. Of course, many crimes will be done by the sympathizers, but nine out of every ten will be fracted to some vicious man who follows no flag.

This conscription idea which the army official are advocating to congress, it all wrong. By the volunteer service, the United States can get all of the men she wants: By the conscription plan, men will revolt and the service they rendered will not be so effective.

### Happy Happenings

Mr. Chanfer of Austin, nephew of Mrs. Montgomery, visited the Montgomery's last Sunday.

S. C. Whitman is bulding a new modern 6 room house on his land 2 miles west of town.

Mr. Starr took some of his school boys down to Talia Friday to attend the athletic contest those who went were Felix Neff, Altie White, Elmer Fonken, Ervin McMangal, Homer T. Laroe, Clarence Fletcher and Van Foster. Homer Laroe winning second in the running jump.

Quits a number from Happy attended the egg hunt and ball game at Johnson school house last Sunday evening.

Miss Mildred Zoellers who is attending the Canyon Normal visited home folks over Sunday.

Mrs. M. B. McMangal gave a quilting last Friday and served dinner to the following guests: Mesdames Strong, Zoellers, Bayer, Carney, Neff, Ralfs, Rayburn, Wm. F. Miller and Misses Zettie Rayburn, Mary Neff, Grace White and Ida Zoellers.

Will Whites attended the athletic contest at Talia last Friday.

Dave Hogge loaded his car of household goods Wednesday and is moving to Colorado.

Rev. W. C. Ross preached at the Methodist church last Sunday morning and evening.

The Canyon boosters visited the school last Friday and gave the pupils a talk. The band gave a few selections.

J. F. White, W. C. Ross and Ernest White were in Talia last Friday on business.

The men who went to New Mexico prospecting last Tuesday returned Friday. They were not very much impressed with the country.

Mr. and Mrs. Charles Zoellers entertained a number of their friends to a Turkey dinner last Sunday. Those present were: Mr. and Mrs. A. A. Fonken and family, Mr. and Mrs. Bill Fonken and Allie Fonken.

Miss Lola Leath who has been visiting her aunt Mrs. Will White the past week returned to Canyon Monday evening.

W. T. Townsend and family visited Mr. Townsend's father in Talia last Sunday.

Mrs. W. C. Ross is on the sick list this week.

Dr. F. Q. McElroy is building an addition to his house.

Mr. and Mrs. Wooten entertained a few friends to dinner last Sunday in their new house, those present were: Mr. and Mrs. P. J. Neff, Mr. and Mrs. Thornton and family, Mr. and Mrs. Baker.

Happy and vicirity was visited by a fine rain last Tuesday night. It averaged about 3-4 inch, and will be of much benefit to the small grain crops.

Germany might foil the carefully laid plans of the United States Navy by drawing all her U-boats.—Philadelphia North American.

It looks now as if this country would send an army to the European trenches. We do not believe that this government can afford to mix in the European squabble. It became necessary in maintaining national dignity to declare war on Germany, but we do not see the gain of spilling blood that European ideals may be upheld.

According to reports, many innocent men, who talk too much, have been arrested as German spies. It would be well for German sympathizers in this country to either keep perfectly quiet, or go back to the Fatherland.

In a test among the little folks in the public school it was discovered that few of them knew the governor of Texas, but all knew we were at war with Germany.

Bryan and Jess Willard volunteered as privates. Bryan got away with it, but Jess's bluff was called and he was told to report to the recruiting station.

Cuba has shown she was a good fellow but joining U. S. in the European war. No German naval base for her. She remembers very distinctly the days of '98.

Randall County is the headquarters of the great Southwest for Registered Herefords. Come here and get the best.

Col. Roosevelt is for action. He wants go to Europe. Roosevelt is a fighter, and no bluffer.

Austria has broken relations with U. S. It sounded like the snap of a top pistol.

Governor Ferguson vetoed the dry-bone law, as was expected.

Villa says he is for the U. S. and against Carranza.

R-A-I-N spells W-H-E-A-T.

And the rain came.

And it hailed.

Get your Ford tickets.

### Wayside News

Comparatively speaking but little has been done toward gardening and planting of crops in our section.

We understand 23 Waysides attended Claude school Friday and Saturday. Both teachers, a number of the citizens and quite a few of the pupils. Claude did the handsome thing in entertaining the bunch too, all that could have been wished, from reports.

Miss Lorine McGehee from Canyon Normal enjoyed the week end with home folks.

Mrs. J. T. McGehee returned the part week from a ten days visit with her daughter, Mrs. Jno. R. Stockell and Miss Agnes both recovering from measles. Miss Agnes accompanied her mother home.

We understand Percy Walters left recently for Colorado where he and Mr. E. M. Beasley have lately returned from a prospecting trip.

Wayside school District No. 7 held a meeting Saturday to elect trustees. W. H. Hamblen and M. L. McGehee were elected. J. W. McCreary already a trustee. Election held by W. R. Franklin, assisted by E. M. Beasley and J. T. McGehee.

Miss Rubie Payne returned Saturday from a ten days visit with relatives at Goodnight.

Mrs. W. T. Helms is again in bed with rheumatism.

W. C. McGehee and family moved from Canyon Friday last to his place near Wayside.

H. H. Gillman and family moved to Floydada the past week.

Elmer Knight and family together with his mother returned the past week from Mineral Wells where they have been some time for the benefit of his mothers health. Elmer and children had the measles while there. Grandmother Knights health is some better.

Wm. Rayne and wife and Miss Rubie attended Canyons Trades Day last Monday.

Even in the science of retreating, Germany is leading the world.—Washington Herald.

## Fashion Gathering at THE LADIES STORE

Now we come to the gateway of the garden of Spring. And the gate swings inward at this store, bidding those who would enter into a new fashion realm. Hundreds and hundreds of exquisitely lovely flowers of fashion have been blossoming forth here until in the fullness of their beauty they bring the completed word of spring modes in an entirely new and different style-story from any that has been told this season.

### DRESSY COATS for SPRING and SUMMER

A very interesting display this week—Coats which for style are out of the ordinary. Developed in Duveltyne, Bolivia, Tricotine, Gaberdine, Gros de Londre and Taffeta. Some feature flare effects with clever belt ideas, others the straight lines; new pockets, stitching and embroidery make these coats very desirable and they are shown in many new high shades, as well as navy and black. \$15.50 to \$45.00

### A WEALTH OF STYLES

Presenting all the important tendencies of the latest Spring Models, in individual styles—copies and adaptations from our foremost creators. The new

fashionable materials are here in all their wonderful colorings. The coats are shown in their belted, flare and plaited models; some have the large over collars of contrasting shade, others perfectly tailored, braid bound, button trimmed. The skirts are featuring the barrel, peg top and plaited effects. Pleasingly priced, \$15.00 to \$85.00.

An extensive collection of new Georgettes, Crepe de Chine, Plain and Diagonal Taffetas, Jerseys and Yocco San, in the prominent shades for Spring and Summer. Long lines, plaited and tunic effects, over collars of contrasting shades; fancy stitching, gold and silver thread embroidery and sashes. Dresses which are suitable for any occasion. \$15.75 to \$49.50.

Come in any day this week and look over this wonderful selection of styles. Mail orders promptly filled.

### INTERCOLLEGE DEBATE HERE SATURDAY OF NEXT WEEK

The first intercollege debate to be held since the burning of the old building will be on Saturday night, April 21st at the Normal auditorium.

The subject for debate is Resolved, That the government of the United States should enforce compulsory arbitration in all disputes between organized capital and organized labor.

An announcement of the debate is made in the Normal notes this week.

### Fairview Flashes

A nice shower fell last night. It will be of much benefit to wheat, oats and grass.

Mr. Orr and family have removed from the Lawson place to Amarillo where he will work as a carpenter.

Rob Castleberry, nephew of Mrs. H. E. Wesley died in Kansas City last Sunday at 6 p. m. He was there at the Automobile school. His remains were shipped to Eastland county, Texas for interment.

Plains Cent school will give an entertainment Saturday night 14.

There was an Easter egg hunt at Mrs. Schaeffers last Sunday afternoon. Quite a crowd were invited and all seemed to enjoy the sport. A. N. Henson seems to have been champion finder, getting nine of these luscious fruits.

### ALL STUDENTS CONTEST SATURDAY AT THE NORMAL

There will be a track and field meet Saturday afternoon at the Normal in which all of the boys of the school will participate. Medals will be given for first places and ribbons for second and third places.

There has been no attempt at a track team this year, and this contest Saturday is given that the men of the school may have an opportunity to see what records they are able to make this year.

## You Can Make Excellent Cake With Fewer Eggs

Just use an additional quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

### CREAM LAYER CAKE

Old Way	New Way
1 cup sugar	1 cup sugar
1/2 cup milk	1 cup milk
2 cups flour	2 cups flour
2 teaspoons Dr. Price's Baking Powder	4 teaspoons Dr. Price's Baking Powder
3 eggs	1 egg
3/4 cup shortening	2 tablespoons shortening
1 teaspoon flavoring	1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

**DIRECTIONS**—Cream the sugar and shortening together, then mix in the egg. After sifting the flour and Dr. Price's Baking Powder together, two or three times, add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.

# DR. PRICE'S CREAM BAKING POWDER

Made from Cream of Tartar, derived from Grapes

No Alum

No Phosphate

## NORMAL NOTES

Mr. Shirley spent Friday and Saturday of last week at Ralls judging the contests of the Crosby county school meet. He reports a lively meeting in spite of the sand storms.

Miss Lowrance left Friday for Hale Center to attend the school fair of Hale and Lamb counties. She stopped in Plainview to visit friends on her return.

Miss Rambo spent two days at Claude attending the county school fair. Her services there were not confined to any one department. She not only chose the best of cooking but selected the most able debaters.

Mrs. Tommie Montford, who won in the Panhandle District Peace contest, goes to Belton Saturday to represent us in the State contest.

April the twenty-first is the date for the Inter-Normal debates. Our boys have been hard at work and are almost ready for the intellectual battle. On next Thursday James Younger and Charles Keefe leave for San Marcos. Marion Foote and William Gibson will debate the Sam Houston Normal Institute representatives here.

Roger Scheihagen visited home folks Sunday and Monday at Kress.

Mr. Shaw put in an order for two large United States flags.

Cousins-Sesane Program for April 14, 1917

1. Song—Star Spangled Banner.
2. "Lively Talk"—Mr. Lively.
3. Hawaiian Quintette or Quartett
4. Woman's place on the Battle field. Melba Wiley.
5. Reading—Nettie Horn.

In the try-out held last Wednesday week for the Sophomore and Freshman class representatives in the commencement exercises Mr. Westerman was chosen for the Sophomores and Miss Vada Murphy for the Freshmen.

Mr. Bill Taylor was called home Tuesday on account of the illness of his mother.

Eugene Devereux was chosen as Junior representative for the commencement exercises.

Miss Lefa Blankenship was an Amarillo visitor Monday.

Miss Mildred Zoellers spent Easter with her folks near Happy.

Mr. H. J. Simmons of Wichita Falls visited last week with his aunt Mrs. David Thomas. He expressed himself as being very much pleased with Canyon and the surrounding country.

Mr. and Mrs. Jessie Lovorn and little daughter, Eunice of Umbarger were the guests of Miss Willie Mae Bramlet, Sunday.

Miss Ora Sires and brother, Herbert spent the week end with home folks at Lamesa. Herbert had the measles and could not return.

Miss Ruby Lattimore went home Monday night on account of illness.

Mr. Geller is delivering a series of talks in chapel, on "Liberty in America, Compared with that of the European Countries."

Guenther Program Saturday, April 16, 1917

1. Present Condition of our Defenses—Buck Bolton.
2. Men Behind our Army—Charles Lofton.
3. The Brains of the Navy—Lester Vick.
4. Preparedness in the Air—Lester Smith.

### 5. Woman's Place During the War

—Marion Foote.

Tuesday afternoon from 3:15 to 5:15 the polls at the Normal College were open. The annual staff held the election for the purpose of electing a number of students representatives for "The Le Mirage". The following were elected:

1. Ladies Man—Beverly Sportsman
2. Handsomest Man—Clifford Brown.
3. Typical Pedagogue—Paul Bell.
4. Most Popular Person—Bill Hale
5. Corridor Specialist—Everts Hendrick.
6. The Flirt Kathryn Thompson.
7. The two most Beautiful Girls—Curtis Meek and Wilma Bynum.

### DISTRICT MEET TO BE IN CANYON FRIDAY NEXT WEEK

Perhaps one hundred young men and women from the various grade and high schools will be in Canyon on Friday and Saturday of next week for the purpose of attending the Panhandle District meeting, which decides who will represent this section of the state in the state meet at Austin next month.

The Ochiltree school will send twenty men to take part in the contest.

### Methodist Church

Everyone cordially invited to all of our services.  
Sunday School at 9:45.  
Preaching at 11 o'clock.  
Epworth League at 6:45 p. m.

At the evening hour we will worship with our Baptist brethren in their meeting.

The Ladies Missionary Society meets Tuesday afternoon in study circle.

Other announcements will be made at the 11 o'clock service.

R. A. Stewart, Pastor.

### Recent Land Sales.

Among some of the recent land sales made in Randall county are the following.

The Will A. Miller ranch northwest of the city to Mr. Coffee of Miami.

C. N. Harrison sold a section to Willis and Beville.

A. H. Raymond sold a quarter section to John A. Wallace.

E. C. Reynolds Estate a section to J. R. Weath, of Amarillo.

Allen Estate to G. L. Walker, a section.

The Edmonds section east of the city was sold by S. M. Downing to Mr. Rose, formerly of the Umbarger community, but now a resident of Missouri.

Pinnel Home is Burned.

At eleven thirty this morning fire was discovered in the Walter Pinnel home on East Canyon street, and before assistance could arrive, the flames had spread so that the house could not be saved.

Practically all of the contents of the home were saved.

### Cowling Elected Mayor.

The many friends of L. E. Cowling will be pleased to hear that he was elected mayor of Mineral Wells in the city election held last week in that city.

For a number of years Mr. Cowling was a citizen of Cayton and has a large circle of friends, who congratulate Mineral Wells upon its wise selection of mayor, and who are confident that Mayor Cowling will give them one of the most progressive administrations the city has ever had.

Finger Cut Off.

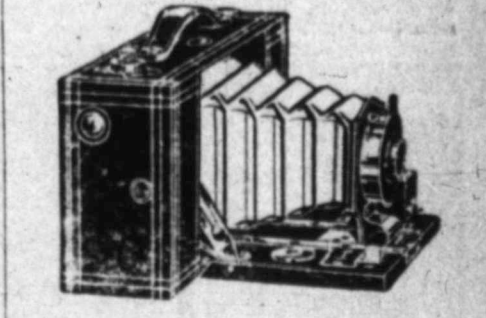

C. E. Sovine, erecting engineer of the ice plant, lost the third finger of his right hand Friday morning when wiping up the engine at the plant.

All of the erecting work had been completed and the test run was being made, when he accidentally received the injury.

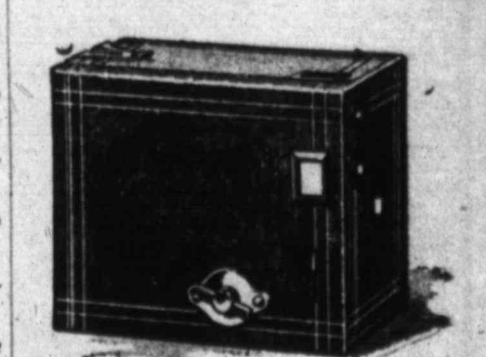

He left Saturday for his home in Denver.

## DISTINGUISHED CATTLE AND HORSE FEEDERS

TOM DAVIS

FRANK CLARK

Milady with her French maid, her masseuse and her hairdresser is not more carefully groomed than some of the animals on exhibition at the stock show. And the maid, the masseuse, the hair dresser and the possible physical culture expert who puts her ladyship through her paces in training for society has not half the task that is undertaken by the men who prepare blooded animals for the show ring.

To begin with, the latter class must show the most careful judgment in the selection of candidates. While milady's "trainers" must accept what nature, perhaps in a joking mood, has foisted upon them, through wealth or position, inherited or acquired.

Moreover, the matter of feeding sadly neglected in milady's case is one of prime importance in preparing stock. The old plan of throwing corn or fodder haphazard to an animal cannot be followed. After the keen eye of an expert has chosen from the herd a candidate that looks like a winner, has placed him under a shed, examined his teeth, combed the tangles

out of his hair and studied his temper and habits, a course of the most careful feeding is begun. The man who truly knows how to feed is an expert whose services are beyond value.

### Canyon Men are Experts

There are many of them in the West though they are little known. They have reduced their profession to a science. They have done more with cattle and horses than it seems possible to do with mere man. A notable example is Frank Clark, a canny Scot who has been employed on the C. Q. Keiser ranches near Canyon, where fine Herefords are raised. His father William Clark was employed for fifty-seven years on Birkenbog farm, Scotland, up till his death, in 1899. His widow, now 82 years old, still resides on the farm. James Clark, a brother of William, spent sixty years on the Foreign estates in Scotland. The horses bred on these estates have been successful competitors for blue ribbons at the London stock shows for more than 100 years and many of their descendants are now winning prizes in America.

Keiser has another expert feeder in the person of Tom Davis, who has been in his employ in Iowa, Indiana and Texas for twenty years. Davis came to America from England when fourteen years old and has been engaged in fattening blooded stock for thirty-five years. Davis, too, belongs to his trade by inheritance. His ancestors tenants of one estate in England for 500 years, have in the last generation purchased the entire estate, a stock farm of many hundred acres.

### Fed Three Champions

Tom Davis has fed three world champion horses, two stallions and a mare. He fed and showed the stallion which won the world's championship at the Panama Exposition at San Francisco and also at the International

at Chicago, besides horses which have won at the various State fairs.

Two years ago Frank Clark fed a herd of 240 3-year-old Herefords for Keiser, that topped the Kansas City market, and a little later secured the same honor with a bunch of 330 2-year-olds. He has a record of putting five pounds a day on a 2-year-old Hereford bull.

Clark and Davis are agreed that fine cattle are as temperamental as opera singers, every trait of their complex characters must be studied. These pets of the arena must be catred to and must not be annoyed. It frequently requires constant attention both night and day, to prepare the four footed aristocrats for their presentation in exclusive bovine and equine circles.

They are the kind of men to handle successfully the fine registered herd which Mr. Keiser has brought to the southwest, which is the largest owned by a single individual in the United States, comprising about 900 head from the greatest herds of Iowa, Illinois, Missouri and Minnesota.

### Drives Out Malaria, Builds Up System

The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic, For adults and children. 50c.

### Mr. Nicholas Romanoff and You

(By Herbert Kaufman)

He inherited the largest going concern in Europe and exercised absolute control over the vast property.

No white man ever before held as much power or had the chance to achieve equally stupendous results.

The assets at his command included every substance essential to any industry—a store of fundamental wealths sufficient for the execution of plans and the fulfillment of ambitions only to be bounded by imagination.

One hundred and sixty million subordinates stood at his beck and call, completely subject to his dictates, prepared to wage for his welfare with heart and hand and mind.

And yet, with all these astounding advantages and opportunities he didn't make a go of the venture.

He violated the basic laws of sound business and in consequence lost everything.

He opposed innovation, blocked progress and discouraged originality.

He neglected to study details, held aloof from practical operations, discouraged competitive system and blindly pursued the methods of his predecessors.

He exacted unpuquestioning service and offered no inducement to stimulate fidelity or spur ability.

He weighed and measured men with the perilous scales of bigotry and the inaccurate tape of caste; chose for high executive positions kinsmen and favorites; disregarded intrinsic merit; shrivdness, character and experience.

He welcomed flatterers, encouraged intrigue and condoned dishonesty.

He rendered decisions without knowledge of facts, determined courses with no regard for the future, permitted prejudice and passion to sway judgment and expected human beings to remain loyal and energetic while denying them an equitable share in the profits they created.

He adopted no time-saving of efficient devices—steadfastly fought waste-checking and energy-conserving machines—played Ajax (defied the trained lightning and like Akaj, fell victim to his conceit.

He was a mis-fit, a hang-back, an ununiformed egotist.

He broke the rules which insure success and stability and the rules in turn broke him.

It can't be done. There's no place on earth for a re-servist.

None but tarsighted and deserving individuals and institutions can last. Merchants, manufacturers, magnates, millionaires and monarchs are alike vulnerable to their follies.

All bluffs are finally called. The deck always holds enough one-spots to trash the kings. The most obscure person can, like the lowest card, also gain ace vaule.

No matter what you have or hold, it belongs to you merely so long as you possess sufficient intelligence, progressiveness and justice to maintain it.

If the Czar of Russia couldn't "get by without the goods can you stand a heluva show to win without the right qualification.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE. ### Four Normal Bills Signed

Austin, Texas, April 5.—The four State normal-school bills passed by the Thirty-Fifth Legislature have been signed by Governor Ferguson. They provide for the establishing of State normals at Alpine, to be known as the Sul Rose State Normal, carrying an appropriation of \$250,000; the East Texas Normal at Commerce, carrying no appropriation, as a school already located at that place is to be taken over by the State; the Stephen F. Austin Normal, to be located in the territory lying east of the ninety-sixth meridian, and the South Texas Normal, to be located somewhere in Southwest Texas, each of the last two normals being given an appropriation of \$150,000.

### Is it Advertising

Advertising never before offered so much protection to the consumer. In periods like these—with a shortage in palably bound to be so widespread that unbranded merchandise deserves more suspicion than ever before. The advertiser must, above all else stick to established standards. His is a long drawn game and, however little he can afford to preserve accustomed quality, he dares still less to lose the results of invested publicity. Trade with retailers who regularly advertise and ask for goods which newspapers and magazines have rendered most familiar. Other stores and other manufacturers aren't equally obligated to square dealing.

How hurried the German retreat was is evidenced by the fact that in some of the towns evacuated they did not have time to even smash the dishes before leaving.—Kansas City Times. By the brilliant strategy of retreating, the German Army is rendering futile the preparations of the Allies to drive it back. And so add to the discomfort of the Allies, they are now left with a lot of extra ammunition on their hands.—Philadelphia North American. **COME TO CANYON TRADES DAY**

### Dairy Cow a Faithful Deliverer of Profits

It is not too much to say that no farm animal has been such a sure, steady, faithful deliverer of money-making products as the dairy cow. The man who has been successful with hogs, and the number of such men is tremendous, may be inclined to debate the statement, for the hog has long had the distinction of being first-class mortgage-lifter. But, with all respect to the hog, the facts would, without a doubt, bear out the argument in favor of the dairy cow. Many a man has gone onto a small piece of land—sometimes not over 40 acres, in thousands and thousands of cases not over 80 or 100 acres—and become independent by careful dairying. It need hardly be said that in most instances of such small farm successes, a very high grade of dairy cows have been used. No longer do intelligent people turn up their noses in scorn at the pure-bred cow. By her works she has demonstrated her right to be "it" on the dairy farm.

The use of the word pure-bred here is made somewhat loosely. We do not necessarily mean that the dairyman must have nothing but registered cows on his place. It takes lots of money to stock a farm with such animals. But any man can make a beginning by using grades. We have in mind a man in one of these Northwestern states who started with a few graded Guernseys. But he bought a pure-bred sire and worked constantly at developing his herd. Today his cows are still grades, but as far as the eye can tell, and so far, too, as the records of production show, these cows are as good as though they had pedigrees. Another generation or two of the animals on that place will very likely be permitted entry into the registration books. The herd has been thus improved in only a few years. Meantime the owner has been making big money from the sale of his cream—his check averages \$100 per month—and he has bought and paid for his farm (only 100 acres.) and has a fine set of modern farm buildings.

This is only one example of many—in that man's own community—we could cite; and in scores and hun-

dreds of other communities in every State in the alfalfa belt similar instances may be seen. What we are getting at is this: There is nothing that offers such a certain success as dairying. We believe that a high class of stock is necessary. We know that close attention is necessary. We admit that dairying requires lots of work. But the reward is most satisfactory and—yes, we are going to say it again—it is certain, as certain as anything can be. The dairy farmer is necessarily a man who raises diversified crops, his farm is necessarily well fertilized. It is almost impossible for him to be a one-crop man; and, so, when this or that crop fails, he is hardly affected. There is no such thing as the failure of dairy crop, and there is absolutely no danger of prices getting too low. In truth the demand for dairy products is constantly on the increase and price conditions are becoming constantly better.

One thing that does hit the dairy man—though no more, relatively, than any other farmer—is the high cost of feed. National Alfalfa Journal can assure the dairy man, however, that there is a sure and safe way around that. To such a man we say: Grow alfalfa, or, if you are already growing it, grow more alfalfa. Such an admonition we give without fear of making too light of the feed situation. For we have the backing of the experiences of thousands of dairymen when we say that the easiest grown, heavy-producing alfalfa can be used to replace a certain percentage of the most expensive feeds. Dairymen who have alfalfa in abundance to feed are the last ones to complain about the high cost of feed. With pure-bred or high-grade stock, dairying is a sure way to success. Add to these alfalfa, and success is doubly certain.—National Alfalfa Journal.

Calling cards printed or engraved at News office.

### Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

### What is a Million?

What does an army of a million mean? One million men marching four abreast would extend over a line 400 miles long.

Some of the things that these million men must be provided with before they can fight are:

750,000 rifles and bayonets for them to fight with.

265,000 pistols little brothers of a rifle.

8,000 machine guns, the military scythe.

2,100 field guns to batter down attack.

165,000,000 cartridges to carry them into the first fight, and as many more for each succeeding fight.

2,000,000 shells and shrapnel for field guns for every hour they are in action.

196,000 horses to pull them and carry their gun carriages.

127,000 mules to haul their supplies and pack their guns.

8,000 wagons to transport their supplies and ammunition.

1,000,000 cartridge belts for their ammunition.

1,000,000 first aid packets to bind up their wounds.

1,000,000 ponchos to keep them dry.

1,000,000 canteens.

Each of them must have uniform and equipment.

1,000,000 shelter halves to protect them from the weather.

2,000,000 blankets to keep them warm.

2,000,000 pair of shoes.

2,000,000 uniform coats, leggings, breeches, suits of underwear.

1,000,000 hats.

2,000,000 shirts.

4,000,000 pairs of socks.

1,000,000 haversacks.

Finally they must eat.

1,000,000 pounds of meat each day.

1,000,000 pounds of bread each day.

2,000,000 pounds of vegetables each day.

3,000,000 pints of tea or coffee each day.

All this must be purchased, transported prepared and cooked each day and to eat it they must have:

1,000,000 cups.

1,000,000 plates.

1,000,000 knives.

1,000,000 forks.

1,000,000 spoons.

To provide for proper care, training and lead in battle, they should have:

25,000 trained officers.

The calling into service of 1,000,000 men would mean the organization equipping and training of ten armies the size of the complete regular army of the present time.—Kansas City Journal.

### School Election Saturday.

In the school election Saturday the following men were selected to serve for the coming year on the school board of the Canyon City Independent District:

C. R. Burrow,  
Thos. H. Rowan,  
Joe Foster,  
J. A. Guthrie.

### Going to Church a Good Habit, Says Champ Clark. Go to Church

In a letter to Edwin B. Lord, secretary of the Massillon (O.) chamber of commerce, which conducted a GO TO CHURCH campaign, Champ Clark says that he doesn't know of a better place that people could be on Sunday than in church. A reproduction of Speaker Clark's letter follows:

THE SPEAKER'S ROOMS  
HOUSE OF REPRESENTATIVES  
WASHINGTON, D. C.

Mr. Edwin B. Lord,  
Massillon, Ohio.

My dear Mr. Secretary:

I do not know of a better place that people could be on Sunday than in church. Going to church is a good habit.

Your friend,

HB  
*Champ Clark*

### RECENT SALES FROM THE KEISER HERD

Among recent sales made from the Keiser registered Hereford herd have been, J. J. White six registered Herefords for his ranch near Mountain, N. M.

Three cars of high grade cows to J. B. French, of Carrizozo, N. M., Wednesday morning.

L. D. Noble a registered bull to be used in grading up his herd.

W. P. Lupton, of Hereford, purchased forty one registered bulls.

The Davidson Cattle Co., of Ashland, Kansas, and a large ranch at Arnett, Okla., twelve head of registered Hereford bulls.

Parker D. Hanna, four registered heifers as foundation stock for a thoroughbred herd.

C. B. Hammond, of the Hammond Cattle Co., with holdings at Miami, Texas, El Dorado, Kansas and Chicago, shipped two cars of very choice registered Hereford cows. This is Mr. Hammond's fifth purchase from this herd and as he is a man who is well posted on values and merit in cattle, these sales speak well for the quality of Pandall County cattle.

W. R. Ozier, of Amarillo, Texas, visited the Keiser herd and purchased 4 head of registered bulls.

W. E. Dameron, of the leading attorneys of Hereford, purchased a very choice car load of registered cows, part of them line bred Anxiety and part Publisher, also two very choice bulls. This is the third purchase that Mr. Dameron has made within the past year and he expressed himself as being well pleased with this several purchases.

W. D. Christopher, of Hoover, Texas, a fine herd bull.

W. D. Kinslow, of Hedley, Texas, two very choice heifers.

S. S. Howard, of Plainview, Texas, a herd bull.

T. D. Hobart, General Manager of Mrs. Adair's JA ranch who has purchased a large number of registered bulls for both his individual herd and for that of the JA's made a recent selection of a very fine herd bull.

Bolton & Pouham, of Amarillo, Texas, who are among the pioneer sattle-men of the country selected eleven bulls.

Come to Canyon to live.

### A Safe Test

For those who are in need of a remedy for kidney troubles and backaches, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Canyon people.

Mrs. M. A. Higginbotham, Canyon, says: "I used Doan's Kidney Pills, procured at the Holland Drug Co., several years ago and they proved very satisfactory. They cured me and I have not been bothered by my kidneys since.

Price 50c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Higginbotham, Foster-Milburn Co., Props., Buffalo, N. Y.

### FOR FIRE TRUCK

Since the fire of this morning there has been considerable discussion about purchasing a fire truck for Canyon. It is badly needed. No one questions the great good that a truck would be to the city.

A Ford truck will cost \$600. This afternoon, Thompson Hardware and the employees of the company have made a proposition of giving \$80 toward the purchase of a truck.

Who will be next?  
It will be easy to buy the truck.

### How About the Boy?

You are raising cotton and corn you say,

As fine as the earth will grow,

You are raising cattle and hogs and sheep

That win wherever they go;

You are raising wheat that is hard to beat,

And I know you are coining the mon,

But tell me this, oh man of the soil;

How are you raising you son?

Do you take the time to talk with him

Of the things that he ought to know

Do you show him the good and bad of life,

And teach him the way to go?

Does he trust in you as a son should do

Do you make him your friend, or slave?

Will he stand some day with his fellowmen,

Honest and strong and brave?

Oh, cotton and corn and wheat and oats

Are things it is well to grow,

And cattle and hogs and a bank account

Are good for a man, I know.

But the ribbons you take, and the money you make

Will bring but a mite of joy,

If you get to the top of the hill and find

You've made a grub of your boy.—

Whitney Montgomery in Farm and Ranch.

A well known judge went into a butcher shop one morning. After a brief talk the butcher said: "Judge will you give me a little legal advice. Suppose a dog should come into your shop and steal a piece of meat, what would you do?"

"Sue the dog's owner," said the judge. "Was it a valuable piece of meat?"

"It was a fine roast, worth five dollars."

"Well," said the judge, "I should sue the owner, then, for five dollars."

"Good!" said the butcher, with a grin: "It was your dog, judge."

The judge smilingly paid the butcher and left.

Soon afterwards the butcher met the judge, "Judge," he said, "I have here a bill from you for five dollars. What is that for?"

The judge smiled again. "That," he said, "is for the legal advice I gave you about that dog."

Now that potatoes are so much "in the air," many stories, amusing and grave, are being told about them. One of the best of these, namely, that Charles Darwin, on one occasion, boiled potatoes for a whole night, and yet discovered them "hard as nails" in the morning is neither grave nor gay. It is just interesting. It was in the course of his famous journey across the Andes, and at the height of 14,000 feet, that the water boils merrily enough; but the heat developed was such that the potato took no notice of it.

### FREE FROM PAIN

And No Longer Nervous, Since Talking Cardui, Says Georgia Lady.

Trenton, Ga.—Mrs. Ellie Gifford, of this place, writes: "I have always suffered . . . but was worse after marriage. I would have . . . pains and misery in my stomach and hips. I would have a bad sick headache every time, which would generally last two days. I had always heard that a good medicine Cardui was, so I thought I would try it. I used two bottles and it helped me.

Fifteen months later I began to be nervous and was worse at my . . . But at these times I did not have any pain and do not now suffer any pain. But I was very nervous, so nervous that my hands would shake. Any noise would make me jump. So I took two more bottles of Cardui. I have never been nervous since . . . and do not have any pain. I think this is all due to Cardui and Black-Draught."

Cardui, the woman's tonic, is composed only of pure, vegetable ingredients, which have been recognized for many years by standard medical books as of medicinal value, in the treatment of many diseases peculiar to women. Try Cardui.  
NC-128

The Russian people feel pretty safe from disorder now that the police are in jail.—Brooklyn Eagle.

Come to Canyon to live.

### The P. & O. No. 111 Lister

This lister is known to farmers wherever sold as P. & O. No. 111, but the improved type is called No. 111 on account of important improvements.

There are more of them in the hands of farmers than all other

makes combined,—over 2,000 sold by one dealer in one county in West Texas. The special features on this Lister made it deserving of its immense sale. Its use is not confined to preparing for row crops; it is now almost universally used for plowing for small grain crops by listing and re-listing, leaving the ground in oval waves, which not only catches and holds the moisture but prevents the loose soils of the West from blowing away.

The adjusting link on front end of beam is an important exclusive feature on the No. 111, absolutely preventing the point from running below the desired depth. The wheels are provided with dust-proof boxes, an immense help in the sandy loam lands of the West. The feeding device absolutely deposits one seed at a time of any of the row crops, besides can be equipped for both corn and cotton. You will have to see this wonderful improvement to appreciate it. The tilting hoppers allow change of plates without emptying them. Furnished with either disc or shovel covers. This Lister embodied many other important features that will convince you that it is the best on the market.

### The P. & O. No. 123 4-Wheel Lister

This lister has all the advantage of the No. 111 and in addition has rear wheels. This is desired in many localities as it enables the operator to see the seed as planted. The rear wheels have cushion springs to hold them in line with the row and following the unevenness of the ground and conform to the ridge without straining the rear frame, compelling also, the Lister to remain in proper working position at all times. The friction lock disengages automatically, allowing the wheels to castor and turn round in a very small space.

We manufacture the most complete line of Two Row Implements on the market. Ask your dealer and if you cannot be supplied through him, write us for circular and special introductory offer.

### Parlin & Orendorff Implement Company

DALLAS, TEXAS

For sale in Canyon by Thompson Hardware Company

### Harris Buys Olin Land.

W. F. Harris of this city has bought the M. M. Olin section north of the city. Mr. Harris recently moved to Canyon from the north plains on account of the fine schools. He liked Canyon so well that he is buying this land to make his home in this section.

### Schutte Buys Farm.

Fred Schutte has bought the Jake Godwin farm east of the city from C. O. Keiser and moved there this week.

Mr. Schutte is a good young farmer who is doing well in Randall county and is glad that he came here to make his residence.

### County Court in Session.

There has been but little business in the county court this week. A little probate matter was on hand.

Judge Flesher states that a jury will be drawn for the third week as there are a number of jury cases to be tried during the term.

### Ford Turns Over.

Charles and Roy Taylor were badly bruised up Friday night when the Ford in which they were driving turned over southwest of the city. Charles received a badly bruised face, while both of the boys received injured arms. They are getting along nicely and will soon have recovered from the bad effects of the accident.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in the head. Remember the full name and look for the signature of H. W. GROVE, Inc.

### Notice of Share-Holders Meeting.

Mrs. C. N. Harrison was in Amarillo Friday.

### Sues C. I. A.

Kaufman, April 9.—Judge V. M. Grubbs, known as the father of the College of Industrial Arts, maintained by the state at Denton, filed a suit in the district court of Kaufman county this afternoon, charging the school had been commercialized by enrollment requirements and unreasonable examinations to such an extent that the girls for whose special benefit the school was established were excluded from its benefits.

He also alleges that the school is now under the domination of a political

machine of which the president is a member.

The plaintiff asks damages in the sum of \$10,000 for the alleged action of the defendants in repudiating the terms of the Lydia Griggs scholarship. He asserts that there is a considerable sum of money in the hands of one of the defendants which was contributed by his friends in Texas and elsewhere, and which he seeks to have refunded to them.

He also asked for the appointment of a court receiver for the college and seeks an order enjoining the regents from excluding the girls of Texas who most need the training of the school, by the maintenance of unreasonable enrollment requirements and high cost of attendance and seeks an order removing the present board of regents from office.

FOR SALE:—5000 bundles kafir, at 6c and 7c per bundle.
