

SNOW FALLS SUNDAY MORNING, MORE THAN TEN INCHES IN DEPTH

Mojsture Over One Inch—Frost and Freeze Sunday Night Kills Much Fruit and Young Vegetation.

More than ten inches of snow lay on the ground Sunday, May 6. Heavy frost came Sunday night, with a light freeze. The weather began turning cool Saturday, and by night signs were very favorable for snow. A light rain started about eight o'clock and continued to fall until midnight when the snow started. Without a breath of wind to disturb it, wet, heavy snow continued to fall until almost noon Sunday. By sunrise Sunday morning every tree was bent to the ground by the heavy, wet snow, which stuck to the branch and twigs as if it were glued. Piled high on the branch and smaller twigs of the trees, the young ones were mere shapeless mounds of snow Sunday morning, while the larger trees stood ghost-like with bows weighted to the ground, many of the branches broken from the main trunk. When the snow cleared away, many beautiful trees stood wrecked as if a cyclone had struck them. The weather remained warm all of the day Sunday and by night-fall a bit of snow was a rare thing to find, except in the shade of the larger trees and buildings. However, the wind had hung in the north all day

and toward evening the weather had become so cold that a frost was freely predicted, but not to the extent as actually came. The frost and freeze proved ruinous to the fruit-crop and gardens which were up. Also to the weeds. It is stated that in many orchards very little fruit remains, while others report that they will probably have a fourth crop. The trees were well loaded with cherries, plums and apples. Wheat Looks Prosperous. The big wheat crop of Randall County is looking fine. The snow and cool weather, together with the cloudy days which have followed this week was greatly beneficial to the crop. The farmers believe that with reasonably favorable weather, there is certain to be a fine crop this year. The snow fell so evenly, and the melting took place without a sun to cause baking, that the ground is left in a perfect condition. Also the freeze killed the weeds which were in the crop, giving the wheat a good chance to beat them in growth now. RAIN LAST NIGHT. Following the fine moisture of the snow, there was considerable rain yesterday afternoon and last night. Since eight-thirty this morning, a light rain has continued to fall.

MRS. PENNYBACKER IN CITY THURSDAY

NOTED TEXAS WOMAN SPEAKS TO TWO LARGE AUDIENCES

Discusses Club Work in Afternoon—Represents Government at Night on Food Problem.

The people of Canyon were highly honored Thursday afternoon and night by a visit from Mrs. Percy V. Pennybacker, one of the most widely known women in Texas and the United States. Mrs. Pennybacker represented the United States Agricultural Department in his campaign for the conservation of the food supply of this country. In the afternoon at the court house Mrs. Pennybacker spoke to the women of the town, discussing the importance of club work and giving her experiences as president of the national federation of women's clubs. The district court room was filled with women of the city, who were highly pleased at the opportunity in hearing this noted woman. Mrs. Pennybacker was introduced by President Cousins at 8:30 to an audience which almost filled the first floor. Mr. Cousins paid a beautiful tribute to the speaker of the evening, speaking interestingly of the achievements of Mrs. Pennybacker. Mrs. Pennybacker stated that she came as a direct messenger from the Department of Agriculture of the U. S. government. There threatens to be a food crisis in three lines—bread, potatoes and meat—and the government is taking steps to provide for this crisis. The national government has looked over the situation very carefully and says that TEXAS MUST FEED HERSELF. Furthermore, she must feed a greater part of the United States, in order that the crops of the northern and north central states may be shipped to the east and to our allies across the ocean. The message of Mrs. Pennybacker was directed more especially to the women and she is asking for four things. 1. Assist the men to increase supplies. She stated that it was impossible to increase the supply in proportion to the increased demands, but the women could greatly increase these supplies. 2. Eliminate waste. In the

TILSON WRITES APPROPRIATION FOR NORMAL IS CUT

The News received a letter from Captain T. J. Tilson from Austin this morning stating that the appropriation committee had cut the appropriation considerably and there was other threatened reductions. Mr. Tilson, together with a large number of other members of the lower House has written a open letter to the public stating the condition of affairs, in order that the appropriations for the new schools established by the legislature may be cut off until the schools the needed by the state. Ask for Train Time Change The committee from the Canyon Business Men's Association, composed of President R. B. Cousins, Dr. M. F. Wilson and Dr. S. L. Ingham, regarding the change of time of the main line train so that people coming from the Denver south could make connections with the Santa Fe in Amarillo, reported at the meeting of the Canyon Business Men's Association Monday night that they had interviewed C. C. Dana and that he had promised to take the matter up, but could give no promise as to when the matter could be adjusted. He saw no reason why the train could not be held in Amarillo a few minutes in order to give the people a little more time for the connection.

Rev. Templeton to Wed.

Announcement was made this week of the marriage of Rev. David H. Templeton, of the local Presbyterian Church, to Miss Mirian Clark, of Hico, the marriage to take place on next Thursday, May 17, in Hico. Gregory-Harms Wedding. Sunday afternoon at one o'clock, at the home of the brides parents, Mr. and Mrs. T. A. Ridgway, Miss Valeria Gregory and Mr. Ralph L. Harms of Hansford were married, Rev. D. H. Templeton officiating. The bride and groom left Sunday for their new home at Hansford where they will be at home to their many friends after May 15. Miss Gregory is one of the accomplished young ladies of Canyon, having made this her home for many years. She is a graduate of the Normal and for the past few years has been a very successful teacher in the county schools. Mr. Harms is a well known young man of the Hansford community where he has the respect of a large number of friends. The people of Canyon extend congratulations to young couple.

COMMENCEMENT EXERCISES AT THE NORMAL AND HIGH SCHOOL

Next week is commencement week in Canyon. The seventh commencement exercises of the West Texas State Normal College will be held Monday with the exercises of the Canyon High School to come on Friday of next week. The program for each school is to be found on page six of this edition.

TEMPLETON RECEIVES CALL FROM HOUSTON CHURCH

Has Not Signified Intentions Regarding the Matter—Flattering Offer Made. Rev. David H. Templeton of the local Presbyterian church has received a call from the Houston Heights Presbyterian church and is now considering his answer. Rev. Templeton has been pastor of the local church for nearly two years and his success has been very marked. He is a young man of wonderful ability, and the people of Canyon are anxious that he remain with the local church.

ROAD MATTER IN HANDS OF LEGISLATIVE COMMITTEE

The matter of the Ozark Trail, or rather the matter of getting good roads in Randall County has been referred by the Canyon Business Men's Association to the legislative committee, composed of S. B. Orton, D. A. Park and C. D. Lester. This committee will appear next Monday before the Commissioners Court and discuss the proposition of issuing warrants for road work, in order that the work may be started at once. Many Panhandle counties are using the warrant system in view of the much smaller cost between this and the bond issue by voting. In view of the fact that the Ozark Trail will be designated by the committee at the meeting in Amarillo in June, if Randall county expects to be on this Trail, action must be taken at once. The matter of getting on the Trail is of great importance to this county, but were this not even a factor in the case, Randall county ought to get money for more road work and this at once.

BOYS AND GIRLS BUSY AFTER CATALOGUES AND PAPERS

The boys and girls of Randall county are certainly making great preparation for the big contest on the Second Monday in June when \$20 will be given away by the Canyon Business Men's Association. The boy or girl who brings in the largest number of pounds of catalogues, magazines and newspapers will be given a prize of \$10 in gold. The boy or girl with the next largest number of pounds will get \$5.00 in gold. The next five will receive \$1.00 each. The boys and girls are busy getting paper together. Many are writing for catalogues, which will add many pounds to their accumulations. Every boy or girl who brings in as much as five pounds gets a free ticket to the picture show. CITY PUMPING NOW BEING DONE WITH ELECTRICITY The motors were installed this week at the city pumping station and on Tuesday morning the "juice" from the power house turned on to the pumps. The run during the past two days has been very satisfactory. Under the terms of the agreement the Power company is to install the motors and make a three months test run at the city wells. If both parties are satisfied with the arrangement, a contract will be made for a period of years.

Thompson Building.

The contract was let yesterday by T. C. Thompson for a new home on East Houston Street, on lots which Mr. Thompson recently bought from Oscar Hunt. The home will be of eight rooms, story and one-half high and modern in construction and equipment. Work will start just as soon as the weather permits. Come to Canyon to live.

TRADE EXCURSION WILL GO TO WEST PART OF COUNTY

Starts Friday Morning Promptly at Nine O'clock—All Men of City Urged to Go. The regular monthly Trade Excursion will leave the News Office Friday morning at nine o'clock. All who can possibly go should be on hand and promptly. The Trade Excursion has developed into one of the greatest social and business factors of the Canyon Business Men's Association, and every man in Canyon who has the interests of the city and community at heart should be on hand and make the trip. The excursion will go west from the city, returning by the way of Unstarger.

TRADES DAY NEXT MONDAY IN CANYON—AUTO SHOW FEATURE

Prizes Offered for Best Decorated Cars in Parade to be Pulled Off Monday Morning at 10 O'clock

Next Monday, May 14, is Trades Day in Canyon. Trades Day has come to mean so much to the people of Randall county that its mere announcement brings to the city large crowds of farmers who know that they are going to receive bargains from the principle business houses of the town. Auto Parade Monday. One of the pleasing features of the Trades Day next Monday will be the automobile parade which will be pulled off promptly at ten o'clock. It will be over in plenty of time for all who desire to attend the commencement exercises at the Normal. Two cash prizes will be given for the cars in the parade: \$25.00 to the best decorated car within the corporate limits of Canyon. All of the business houses are expected to have cars in the parade. \$25.00 to the best decorated privately owned car outside of Canyon. Every car owner in the county is urged to join in the parade whether their car is decorated or not. Let all come in. A large number of auto dealers will have cars in the parade, and these will likely not be decorated with more than one or two flags. Be sure to get into the parade. W. D. Morrel is in charge of the parade. J. E. Rogers has been appointed to act as marshal of the parade. The following ladies are judges of the decorations of the cars: Mrs.

M. O. Slack, Mrs. Walter Johnson, Mrs. Peter Meyers, Mrs. J. W. McCrery, Mrs. T. V. Reeves. The Auto Show. More than twenty auto dealers will have cars in Canyon on that day and will be glad to give all a demonstration of the possibilities of their cars. Don't miss this auto show. \$5.00 for Produce. The grocery men of Canyon want to see who brings in the largest amount of produce on that day. They will give \$5.00 in cash to the farmer who brings in the largest amount next Monday. Be sure to bring in your produce to one of the grocery store. The winner will be announced the winner as soon as possible. Free Auction. The free auction will be held on the south side beginning at one o'clock. R. A. Campbell will auction the sale. J. D. Gamble will have charge of the auction. Bring in anything you wish to dispose of. Someone wants it, and will pay you a good price for your surplus. The merchants will put up new merchandise in this auction, as was done last month. Don't miss this feature. If you have not been in the habit of attending these Trades Days in Canyon, by all means do not miss the one this month. Remember that you get double the regular amount of Ford tickets on all Trades Days. The Ford will be given away on September 10.

HOME GUARD BUYS NUMBER OF WOODEN DRILL GUNS

Friday evening at the regular drill of the Canyon Home Guard, it was decided to buy wooden drill guns from a Dallas firm. Subscriptions were taken, and twenty guns paid for by the men present. An order was placed for forty guns, believing that that number of men should be in line and drilling regularly. The guns will add much to the drills and every man who wants in on the company should be there Friday night as the guns are expected to be on hand by that time. Drills begin at 6:45 and continue for one hour. C. R. McAfee to Amarillo. C. R. McAfee of this city, has become manager of the Green Bros. furniture company in Amarillo, buying a third interest in this company. This is one of the oldest establishments in the Panhandle and has a large business in all localities. The company is very fortunate to procure the services of Mr. McAfee. He is a man of unusual ability and has had a wide experience in the business world. The only part of the deal that the News does not like, is the probability of losing Mr. McAfee as a citizen of this town. He announces that he will not move to Amarillo until later in the year—but that is too soon to suit the people of this city. Dr. Griffin Offers Services. Dr. S. R. Griffin of this city has offered his services to the government and stands ready to go wherever he is needed. He has received application blanks which were duly filled out and sent to the hospital corps. Peace without victory! How the President must have enjoyed all the tie games the old Princeton eleven played.—Syracuse Post-Standard.

PATRONS DAY WELL ATTENDED AND VERY INTERESTING

There was a large gathering of the patrons of the Canyon Public Schools Friday at the school building on account of Patrons Day. As has been the custom for several years one day near the close of the school year is devoted to showing the patrons the work that is being accomplished and giving them a chance to visit the different rooms of the school and see pupils engaged in their daily class work. The people began gathering early at the building, and throughout the school period the visitors kept coming and going. Lunch was served at noon by girls of the high school, four different groups being engaged in this, all representing different nationalities. The high school and grades had on exhibition some of the work that has been done this year in the regular class periods, which proved very interesting to the patrons and visitors. Superintendent King and his teachers are to be highly complimented in the successfulness of the Patrons Day this year. Guy Conner to Signal Corps. Guy Conner, manager of the telephone exchange in this city, has been chosen by the government as a member of the Signal Corps. The Southwestern Tel. & Tel. Co., are working in cooperation with the government in the selection of men and in the examination of all men in the state selected Mr. Conner one of the hundred men who would go from Texas. He has been notified that he will go to Ft. Worth within a short time for instruction. It has not been stated who is to become manager of the local exchange. Calling cards printed or engraved at News-office.

Help Uncle Sam Win

This bank will receive subscriptions and purchase without any cost or commissions to anyone any amount of the new government 3 1-2 per cent issue known at the

LIBERTY LOAN OF 1917

on orders from any citizens who wish to do their part toward helping our government win this war. Please let us know what amount of the bonds you wish to buy.

The First State Bank is also ready to assist in every way in the planting and raising of a larger food and feed crop, and is ready to make loans to farmers for this purpose.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't salivate.

Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sore stomach. Your druggist says if you don't find Dodson's Liver Tonic, get better than horrible calomel your money is waiting for you.

INCREASE THE ACREAGE OF SWEET POTATOES

Cost Less to Plant — Produce More Food Per Acre than Irish Potatoes.

Washington, D. C., May 7.—Seed to plant an acre of Irish potatoes cost about \$40 this spring. Seed sweet potatoes will not cost more than \$4 per acre where vine cuttings taken from early-set plants are used. The yield of sweet potatoes per acre is usually greater than that of Irish potatoes and as a food they are as nutritious. Sweet potatoes may be grown throughout the Southern States and, of course, in certain other sections. Specialists in the U. S. Department of Agriculture are urging an increased average of this crop wherever it can be easily grown.

Sweet potatoes, it is pointed out, are the South's chief instrument for a quick and effective increase of the food supply. Seed is plentiful; last year's crop was the second largest ever produced. By means of vine cuttings it is possible to plant almost unlimited areas of this crop and at the same time conserve the present supply. That is, a farmer who

wishes to plant 10 acres will bed seed enough—say 8 to 10 bushels—to get slips for one acre. Vine cuttings from this acre would plant many more acres, plantings being possible until the first of August in the lower South. This system, now widely used in the South, enables the utilization of land from which early potatoes, cabbage, and other truck crops have been taken.

Sweet potatoes are not expensive to grow. The main limiting factor to the production of vast quantities by this plan is labor. Yields from fields set with vine cuttings are as large as from plants grown from slips. This method has the further advantage of preventing the transfer of diseases which are carried on the tubers.

The South doesn't need to learn how to grow sweet potatoes, the specialists point out. Farmers know how to produce large yields of this crop. But the farmer must be impressed with the necessity of increasing his acreage of this crop, and then, when harvest comes, to prevent the enormous loss from improper handling and storing. The best way to keep sweet potatoes is to store them in well ventilated storage houses, not "dug-outs." Storage houses should be made ready as soon as possible. In Farmers' Bulletin 548, "Storing and Marketing Sweet Potatoes," instructions for building such houses and for converting old and unoccupied buildings are given.

The Gods Remember.
The Gods remember always. We forget. But they forget not; every debt, howe'er we plater and evade, maturing, must be paid.

They pity us, the Gods, but naught forgive,
Lest we, who slowly learn to live—
Children scarce wiser in our age than youth—
Should come to doubt their truth!

Loving the brave who strive and will not yield
Thou hurt and fallen on the field,
They teach us not from death to fly,
Lest we, indeed, should die!

For 'tis their will the soul shall rise
Above its earthly agonies:
Triumphant rise, as from the pyre
A phoenix, winged by fire!

—Florence Earle Coates.
Fear is cruel and mean. —Emerson.

Quitting Business Sale King-Holland Furniture Co.

AMARILLO, TEXAS

We have decided to discontinue the Furniture Business in Amarillo and Move to another locality

Our \$20,000 Stock of High Grade Furniture
RUGS, LINOLEUMS, STOVES, RANGES, REFRIGERATORS, SEWING MACHINES AND ALL STORE FIXTURES

Must Be Sold Regardless of Price—Nothing Reserved.

We can move money earlier than merchandise. Rather than undertake the prohibitive expense of crating and moving our big stock, we are going to sacrifice every article in our store at never-before-heard-of prices. Our Loss will be your GAIN—Don't miss your last Opportunity.

In view of the fact that practically all of this stock was bought before the heavy advance in prices that prevail on all lines of merchandise today, this quitting business sale affords you a chance to get double value for your money.

Buy Your Furniture Now at Wholesale Cost

It matters not what your needs may be, you can supply them during this sale, whether it be an odd piece of furniture such as a dresser, chiffonier, rocker, davenport, library table, brass bed, cedar chest, porch swing, kitchen cabinet, window shades, curtain rods, go-carts, bookcases, bedroom suite or if you need a house full of furniture—Now IS THE TIME TO BUY.

THE WORLD'S TWO BEST TWO-ROW CULTIVATORS

The P. & O. Two-Row Cultivator

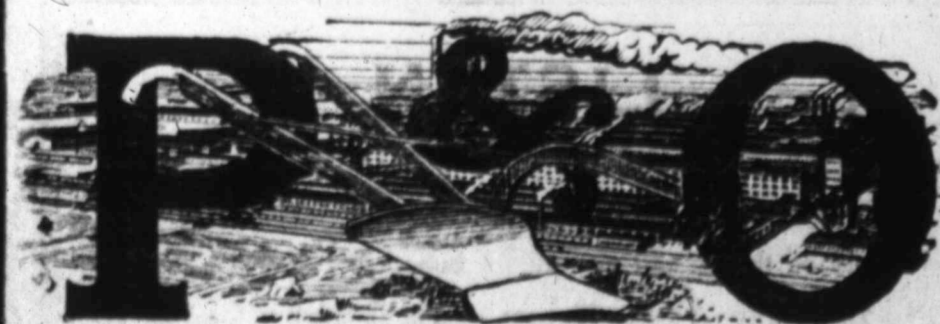

Covers every essential feature for perfect work, ease of adjustment and adaptability of all conditions of soils. The simplest and strongest Two-Row Cultivator made. "It's the way we build them." Frame as strong as a bridge. Axels of improved construction prevents wheel widening in front; make light draft. Fine depth adjustment, each gang controlled independently. Four levers do the work of six on other styles, as the inside levers control the inside gangs independently, and also raise or lower the gangs in pairs. Easy working adjustable foot levers. The wheels can be pivoted alone or in connection with the lateral gang movement. The pressure springs are center hung, insuring proper tension in all conditions of the ground and in any position of gangs. The parallel movement of gangs insures each shovel cutting the proper width and depth. Furnished with any style gang.

No. 27 2-Row Lister Cultivator

We make a complete line of DRY-FARMING tools, prominent among which is the No. 27 Lister-Cultivator, which has many superior features, consisting of two sets of gangs mounted slidingly on a trussed spreader pipe. Turn table construction evenly distributes weight on the gangs, holding them level and preventing one side from going in deeper. Each gang follows its own row. Roller connection between the gangs and spreader pipe. Gangs can be raised as a unit or shovels can be raised separately. Frame balances with tongue when raising gangs. Easy to change from first to second cultivation. Extra high clearance for large corn, with long shield for small corn. Eight shovel attachments can be furnished when ordered. If your dealer will not supply you it ONLY TAKES A POSTAL to get our new 1917 catalog and special introductory prices.

Pershing is Opposed to General

Playing of National Anthem
San Antonio, May 3.—In the belief that the promiscuous and indiscriminate playing of the national anthem hurts rather than helps patriotism, General Pershing today urged that the music be reserved for occasions of more or less formal nature—civic or military. He also said the use of the American flag for advertising purposes or to achieve effect of applause should not be countenanced.

General Pershing outlined several rules concerning honors and courtesies due the "Star-Spangled Banner" and the colors, observation of which by civilians would remedy present conditions, he said.

When the "Star-Spangled Banner" is played indoors or out, everyone within hearing should rise at the first note, face toward the music and stand at attention until its close.

When passing the unfurled colors civilians should uncover, holding head dress opposite the left shoulder with the right hand. When the colors pass during a parade or on any other occasion, civilians should uncover and hold head dress in front of left shoulder.

Plant Sweet Potatoes.

Austin, Texas, May 7, 1917.—More money can be made by raising sweet potatoes at the prices prevailing of late years, than at raising almost any other crop, acreage and labor considered together, according to a statement issued today by the State Department of Agriculture; and considered as a food crop for the table only, there is none other of so much productivity per acre, the statement adds.

The statement in part is as follows: "Sweet potatoes afford a food that is highly nutritious and palatable. Rated at per acre of land and per day of labor, there are few crops that can compare with this crop in point of production.

"Potatoes are adapted to the sandy soils of Texas and every farmer would do well to cultivate a plot sufficient to feed is in line with providing against the food contingencies of the world. For home use they can be put up in tins and glasses or banked in the fields. For commercial uses the modern dry-curing plants are advisable."

Come to Canyon to live.

Chicago Grain.

Chicago, May 8.—Well founded predictions that the government crop report would prove bullish led to a sen-

sational, fresh advance in the price of wheat today. May delivery jumped 17 cents a bushel to \$3, a new high record.

INCREASE FOOD SUPPLIES BY GROWING GRAIN SORGHUMS

Washington, D. C., May 7.—In the drier sections of the Southwest where corn can not be depended upon to thrive, farmers can best add to the Nation's food supply by growing grain sorghums more extensively, says specialists of the U. S. Department of Agriculture. These crops, including kafir, milo, and feterita, are drought resistant, and in most seasons produce profitable yields even though corn may be a failure in the same localities. The States in which these crops may be grown to best advantage are Kansas, Oklahoma, Texas, New Mexico, and California.

Although the sorghum grains, when ground and used in making mushes, breads, and puddings, are comparable to corn in food value, they have not been used generally for human food value, they have not been used generally for human food in the United States. Their chief value, therefore, in the present emergency will be as feed for live stock and poultry. If used in this way they will release for use as human food large quantities of the more common food grains now fed to animals.

Because the section in which grain sorghums may be grown to best advantage is also the most important cattle-raising section of the country, farmers growing sorghums can combine profitably the growing of these grains and the feeding of live stock, the specialists point out. Most of the cattle now raised in the grain-sorghum growing country are shipped to the corn belt for fattening on corn. The sorghum grains which, because of their relative newness, are more difficult to market than corn, therefore are left largely unused in the regions of production and must be held until the supplies of corn have been used up in large part, when the demand for feed grains draws them into the market. If the growers of grain sorghums will plan to carry more cattle this season and to fatten them on home-grown grain instead of shipping them to the corn belt to be finished, no difficulty will be experienced in marketing the sorghum grains. A ready market for all the meat that can be produced this year is assured.

The sorghum grains make good stock feed, having about 90 per cent the feeding value of corn. When these grains can be produced or bought for less than 90 per cent of the cost of corn, it is more profitable to feed them than to feed corn. The fattening of cattle and other stock in the grain sorghum belt is made the more profitable by the fact that this region is close to the source of octonseed meal—one of the most nutritious protein concentrates for the feeding ration.

The third type of feed needed for the efficient fattening of stock—succulent material—may be produced by ensiling the grain sorghums when the grain is in the hard dough stage. This is as high in food value as corn silage.

Stock-raising farmers in the sorghum belt should plant a large enough acreage to supply an abundance of both grain and silage.

To Cure a Cold in One Day

Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 25c.

Duck Hunter Shoots Man.

As Joe Burham and family, of near Alva, Okla., were returning home from fishing, they scared up a bunch of ducks, which attracted the attention of Harley Loyd, a young man who was hunting on the opposite side of the river. He did not see the Burhams and took a shot at the ducks, which were up quite high, but the bullet fell in a curve and struck Mr. Burham in the breast, killing him almost instantly.

The wisdom of the wise and the experience of ages may be preserved by quotation. — Benjamin Disraeli.

God offers to every mind its choice between truth and repose. — Emerson.

Speak not at all, in any wise, will you have somewhat to speak; care not for the reward of your speaking, but simply and with undivided mind for the truth. — Thoreau.

He is happy whose circumstances suit his temper; but he is more excellent who can suit his temper to any circumstances. — Hume.

State of Ohio, City of Toledo, Lucas County, ss.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Entered at postoffice at Canyon, Texas, as second-class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

The waste around the average American home is sufficient to finance a great war. The government is trying to stop this waste. The people have so long wasted that it is hard to get them to realize just what is meant by waste, but with prices soaring higher and higher each week and labor increasing little or none, saving has become a matter of necessity to the people. Cut out the waste and buy Liberty Bonds with your savings.

The rains came in time to save the wheat crop for the Panhandle. With reasonably favorable weather, there is certain to be a good crop of wheat this year. A big row crop is being planned and the season in the ground is certainly all that the farmer could desire. Come to Randall this year.

There is no doubt that the U. S. government fears that the war with Germany will be long and fierce. We are making every preparation possible in this line. Few people in this section of the country realize the danger in this great conflict, but time will soon show that the government is correct in making the present preparations.

The war will stop when Kaiser Bill is put out of the way. He has the German people hypnotized, and they are likely to stand by him to the very end.

Boone is bound to go during this war. Every nation in the fight has placed various kinds of restrictions upon the stuff. Let these United States come to the front by closing the door of every brewery and distillery in the country. Once closed, they shall never open.

James Gerard, formerly ambassador to Germany, stated this week that Germany will never be defeated by hunger or internal disturbances. If so, this country has a big job of fighting.

It was announced that Dalhart had voted to remain wet, but according to the official count, the vote was a tie, 303 each way. It has not been decided what will be done to settle the question. A contest will likely be instigated.

Warnings are being issued in all sections to "beware of strangers." It is a good warning at all times, but especially just now.

Government ownership of all public utilities is coming fast with the progress of this nation for war.

Every farmer in Randall county should be in Canyon next Monday to attend Trades Day.

The sweet girl graduates are with us again.

MRS. PENNYBACKER IN CANYON THURSDAY

(Continued from page 1) American kitchen last year \$700,000,000 was wasted.

3. Learn substitutes for the expensive foods. White flour will run out in this country in 90 days.

Mrs. Pennybacker says that experiments are being made with cotton seed meal, and rice flour and urges that these be substituted.

4. Women must use every method of conserving and preserving everything that grows.

Every domestic science department in Texas is now organizing forces to go out during the summer and show the women how to can and preserve all of the farm and garden products that grows this year.

Clarence Ousley, director of the Extension department of A. & M. College, has asked that meetings be called in every county of the state next week and that all of the women go to these meetings and discuss the methods of conservation.

Mrs. Pennybacker stated that in most instances the drying system must be used on account of the shortage of cans. Tin is being used, in so many ways that it cannot be procured, and glass is hard to get. The women who go out will be known as the Texas Brigade of the U. S. Food Service.

Mrs. Pennybacker pointed out the

WONDERFUL STUFF! LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers—no pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezeone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezeone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezeone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezeone have him order it for you.

fact that this work was as much important as the Red Cross work.

She stated that woman's hour had struck. This work was a call of womanhood. God was calling for woman's services.

Mrs. Pennybacker urged that the people meet the situation sanely—there would be no sacrifice unless it was done cheerfully. There is no use to be wrought up over the situation, but to meet the condition simply, economically.

Appeal to Girls.

Mrs. Pennybacker rose to the height of her power and wonderful personality when she appealed to the girls and young women of the land during the hour of national trial.

She urged care of girls in making remarks to young men who did not enlist when they were physically disabled or had dependents at home. "If you love right and justice, do not judge the man who stays at home," stated the speaker.

She appealed to the young women as to their conduct when visiting camps and plead that womanhood as well as manhood be kept pure during this period of danger. "Touch not, and be not touched" was the motherly advice extended by the speaker.

Mrs. Pennybacker urged that the people keep hate from their hearts during this war. She urged that all remember that the country was not at war against the German people so many of whom were loved and remembered that this country was not whose home life had been examples of love and loyalty to so many in this country. America was fighting a Holy war for liberty, and not for hate.

Mrs. Pennybacker stated that the country was calling its young men and young women for service and expressed the belief that ever one would be true to the charge given them during the war. She closed with a beautiful ode to the flag, which stirred the heart of every man and woman, boys and girl in the large audience.

Piles Cured in 6 to 14 Days. Your druggist will refund money if PAXO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 Days. The first application gives Ease and Rest. See

Card of Thanks.

We wish to thank the people of Canyon for their many deeds of kindness and words of sympathy in the hour of sadness when our baby passed away.

Mr. and Mrs. Wilford Taylor.

NORMAL NOTES

In last week's issue of the Randall County News we gave the names of our boys who have enlisted for service in the war. The name of Macey Yeungler was unintentionally omitted.

Jack Stone of Lamesa, a former student of ours, spent Saturday and Sunday in Canyon.

Dan Cupid got ahead of the Germans and wounded Marion Foote very seriously before he left for the war. He was carried to Amarillo Sunday and was there married to Miss Katherine Thompson, one of our Normal girls. Indeed Cupid is a very busy little spirit just now. On the same day, Miss Lottie Huntley, another of our girls was married to a Mr. Henderson.

Mr. J. B. Knox was here yesterday from Happy visiting his family.

Miss Viola Knox visited at the home of her parents Friday and Saturday.

The gymnasium exhibition Saturday night was attended by a large crowd. It was an excellent representation of the work Mr. Blaine is doing in the gymnasium with both girls and boys. The girls' class made

a very attractive showing in their marching dumb bell and Indian club exercises. The boys in their jumping, flying and other gymnastic performances displayed unusual ability. Two clowns added much fun as well as attraction to the show.

The tennis tryout for doubles was played Tuesday. Ira Allen and Elbert Roffey won against Beverly Sportsman and Marcellus Hawkins. Misses Claudia O'Keefe and Hazel Allen won against Mildred Bishop and Oro Sires.

Miss Robbie Williamson, a former student of ours who is teaching near Tulia visited the Normal Tuesday.

On next Sunday evening at 8:30 o'clock the Y. M. C. A and the Y. W. C. A. will have charge of the services in the Normal Auditorium. Mr. Ernest E. Mobley of Amarillo has been engaged to speak on this occasion. These young men and young women extend to the young people's organizations of the different churches a cordial invitation to join them in this service.

Miss Dewey Gibson, a former student of ours, who has been teaching near Tulia visited the Normal Friday.

Mr. Elmer Zoeller of Happy visited his sister, Mildred, Monday.

Mrs. Pearson of Lipscomb is visiting friends in Canyon and acting as a teacher for one of the schools in Lipscomb county.

Misses, Lela Ellis, Ruth Kerr and Irene Levy were Amarillo visitors on Monday.

Curtis Meek is absent from school this week on account of having the measles.

Miss Theodora Goebel went to her home at Abernathy Saturday. Her sister Miss Elizabeth accompanied her.

On next Saturday evening at 8:30 o'clock the Alumni Association of the West Texas State Normal College will give the following program:

OPEN PROGRAM

The Seniors will be invited into the ancient and accepted order of Pedagogues. Each will be presented with the emblems of the Order, blue backed speller and switch.

Worthy Grand Master of the Ancient Order of Pedagogues—Mr. Wayne Cousins.

Page—Mr. Clarence Thompson. Maid—Miss Ermee Conner.

At the close of the "open program" the members of the faculty, the Alumni, the Seniors and Ex-Students will pass to room 105 for the Social Hour, a substitute for the banquet.

Following is the program:

Toast Master—Mr. Herman Glass. The Symbol of the Tribe—Miss Helen Kendall.

The Sceptre of the Tribe—Miss Willie Kate Meador.

Song—School Days. The Hope of the Tribe—Mrs. Clare Holland Blough.

The Fortunate and Unfortunate of the Tribe—Mr. Robert Miller. Lucky Jim—Male Quartette.

The Home of the Tribe—Mr. Lyman Davis.

Alma Mater. The Spirit and Vision of the Tribe—Miss Hudspeth.

Our Soldier Boys—Mr. J. W. Reid. The Star Spangled Banner. Top Water—Mr. Cousins. Anld Lang Syne.

The following girls are being recommended by the domestic science department to Clarence Ousley for enlistment in U. S. Army for Food Service:

Laura Ellen James, Ruby Lee Cole, Florence McAfee, Mary Cage, Amelia Spencer, Leah Harris, Burna Preston, Fern Shackelford, Florence Conner, Celia Whitt.

WHAT IS LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA A DIGESTIVE LAXATIVE

CATHARTIC AND LIVER TONIC

LAX-FOS is not a Secret or Patent Medicine but is composed of the following old-fashioned roots and herbs:

CASCARA BARK BLUE FLAG ROOT RHUBARB ROOT BLACK ROOT MAY APPLE ROOT SENNA LEAVES AND PEPSIN

In LAX-FOS the CASCARA is improved by the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not only as a stimulating laxative and cathartic but also as a digestive and liver tonic. Syrup laxatives are weak, but LAX-FOS combines strength with palatable, aromatic taste and does not gripe or disturb the stomach. One bottle will prove LAX-FOS is invaluable for Constipation, Indigestion or Torpid Liver. Price 50c.

W. J. Fleisher

LAWYER

Complete Abstract of all Randall county lands.

All kinds of insurance.

Peruna Summer Colds Weaken

They are even more dangerous than winter colds, for they hang on so long that they become chronic catarrh. Heat and dust aggravate them, cause the infected surface to spread, and fill the body with systemic catarrh. Neglect costs health and energy.

PERUNA EXPELS CATARRH

It does more—it builds up the weakened system, regulates the digestion, removes the inflammation, overcomes the poisons of catarrh, and invigorates all over. Forty-four years of success proves its great value, of which thousands gladly testify.

Accept the verdict of two generations yourself. Don't be swayed by prejudice, when your health is at stake. Take Peruna and get well. Liquid or tablet form, whichever is the more convenient.

The Peruna Company, Columbus, Ohio

Methodist Church Sunday. We have our Sunday School at 9:45 a. m. Let us begin promptly and close a little earlier than usual. To this end we urge you to be on time.

We will worship at 11 o'clock and also at the evening hour in the services, at the Normal it being their Commencement services.

The League services at 7 o'clock is called in on account of the Normal services.

The Ladies Missionary Society will meet Tuesday at 3 p. m.

Prayer meeting Wednesday at 8:15 p. m.

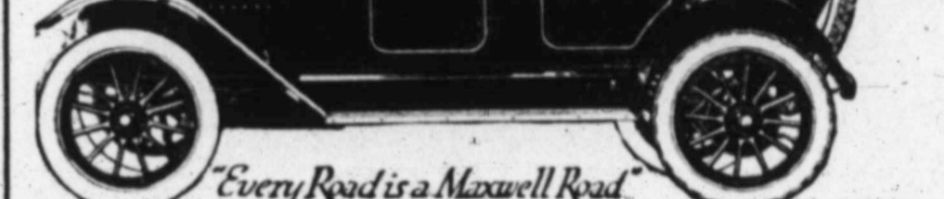

Let us all wear either a bow of white ribbon or a white flower Sunday in honor of Mother's Day.

R. A. STEWART, Pastor.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless

chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

Every Road is a Maxwell Road.

The Maxwell will be demonstrated at the Auto Show in Canyon next Monday, May 14.

We trust that every person interested in an automobile will be in Canyon on that day and ask us for a demonstration of the possibilities of this car.

LOCAL NEWS.

Wayne Cousins is home from Longview where he has been working for the past year. He will visit here for a few weeks. He resigned his position to enter the Reserve Officers Training Camp, but was disappointed in getting there too late.

Austin King went to Amarillo Sunday.

Ray McReynolds returned to Amarillo Monday evening.

"A SPLENDID TONIC"

Says: **Hixson Lady Who, On Doctor's Advice, Took Cardui and is Now Well.**

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

Welton Winn and daughter, Sarah went to Lubbock Monday.

Hally Rusk went to Happy Monday.

Miss Lola Word went to Amarillo Monday.

Printis Tate went to Amarillo Monday on business.

T. V. Reeves was a business, caller in Amarillo Monday.

Paint, glass and wall paper—a full and complete line of each. Prices are right. Call upon S. V. WIRT. tf.

G. W. Masters went to Panhandle Monday on business.

Carl Coffee was in Amarillo Saturday on business.

W. D. Howren of Amarillo visited over Sunday in Canyon.

Mrs. Gray of Lamesa is visiting at the home of her daughter, Mrs. Roy Moreland.

H. S. Ford was called to Plainview Friday on account of the death of his father. The funeral services were held Saturday. Mr. Ford had been in poor health for sometime and his death was not a surprise to the family.

Frank Ames of Cordell, Okla., is visiting at the G. G. Foster home. He was formerly a resident of this city.

Mrs. B. Cleveland and Miss May Cleveland, who have been visiting at the home of Tom Slack returned to their home at Bonham Tuesday.

Mrs. Florence Gray arrived in this city Friday to make her future home with her daughter, Mrs. Roy Moreland.

J. G. Rice was in Amarillo Monday on business.

Luther Fronabarger was in Amarillo Monday evening.

J. B. Kleinschmidt left Tuesday for Mineral Wells where he goes for treatment at the mineral wells.

Rev. Fronabarger went to Weatherford Monday to attend the funeral of an old friend.

Wayside Items.

A fine season in the ground now, which was badly needed. Wheat was suffering for moisture. Rain began early Saturday morning and continued Saturday, followed by the heaviest

snow of the winter Sunday morning dawned with a blanket of snow of 6 inches and possibly more. May 6, 1917 will long be remembered.

Stock suffered severely from the recent cold rain and snow. Some loss reported 4 below freezing point Monday morning. Tuesday still cloudy and threatening rain.

Wheat crop is promising. Had begun to suffer for lack of rain. Fruit trees were broken by weight of snow, peaches the worst. It is thought still some fruit is left. All new growth of grape vines killed.

Revival services were closed unexpectedly by bad weather. No ser-

vices Saturday nor Sunday p. m., when Wm. and Miss Ruby Payne

were received as members of the Methodist Church. Misses Ruth

Walters and Birdie Lou Lane not present, will be received later. Four united with the Baptist church.

After spending three days with her daughter in Canyon, Miss Alta Beasley, Mrs. E. M. Beasley returned home Tuesday morning. Like some

others, Miss Alta has been kept out of school at the Normal with measles. She is doing well however and will soon be out again.

Beans, potatoes and tomatoes were killed by the recent cold weather.

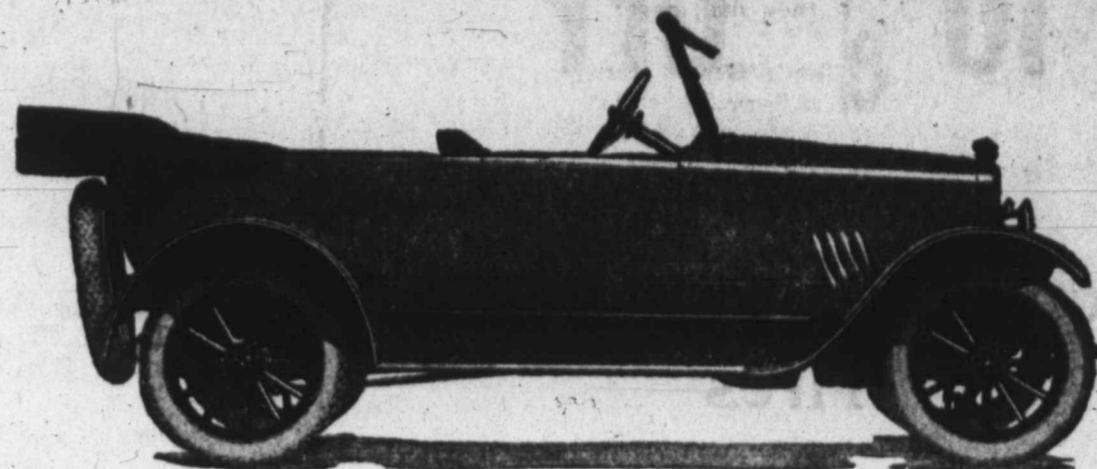

We recently recommended Evangelist R. J. Tooley and Singer W. M. Bowdon for the work they did at Wayside. They made many friends whose good wishes will follow them.

D. H. Hamblen and wife left Sunday morning for Dallas for treatment of cancer for Mrs. Hamblen. Her brother, Ernest Wilson and wife are caring for their baby while they are gone. His brother, Marvin and sister, Stella are at the home place.

S. P. Hamblen of Hedley is visiting his son, W. H. Hamblen and wife this week.

Renewed Testimony

No one in Canyon who suffers backache, headaches, or distressing urinary ills can afford to ignore this Canyon man's twice-told story. It is confirmed testimony that no Canyon resident can doubt.

R. E. Hileman, Prop. bicycle repair shop, Canyon, Texas, says: "Doan's Kidney Pills gave me positive relief from lameness across the small of my back and weak kidneys. I have been quite free from all these troubles since I used Doan's Kidney Pills." (Statement given January 1911)

On November 13, 1915, Mr. Hileman said: "I still have the same faith in Doan's Kidney Pills today as when I gave my former recommendation. They have never failed to relieve me when I have used them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hileman has twice publicly recommended. Foster-Mildurn Co., Props., Buffalo, N. Y.

You Need Not Suffer From Catarrh

You have probably been in the habit of using external treatments to relieve your catarrh. You have applied sprays, washes and lotions to the mucous surfaces of the nose and throat, have been temporarily relieved, and then wondered a short time after, why you were troubled with another attack of catarrh.
You should realize that catarrh is an infection of the blood. This fact has been agreed upon by specialists in catarrh troubles, and has been proven in the laboratories of the Swift Specific Co. S. S. S., which was discovered over fifty years ago, will cleanse your blood of the catarrhal poisons and will thereby relieve you of the dripping in your throat, the sores in your nostrils, spitting, hawking and bad breath.
All druggists carry S. S. S., and the physicians of our Medical Department will cheerfully answer any letters which you may write them in regard to your case. Swift Specific Co., 305 Swift Building, Atlanta, Ga.

A WOMAN'S BURDEN are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weakness, delicate derangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. If she is overworked, nervous, or "run-down," she finds new life and strength. It's a powerful, invigorating tonic and nerve which was discovered and used by an eminent physician for many years, in all cases of female complaints and weaknesses. For young girls just entering womanhood; for women at the critical "change of life;" in bearing-down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, the "Favorite Prescription" is guaranteed to benefit or cure. Dr. Pierce's Pellets cure biliousness.

EAT AIR AND RAIN

Interesting Statement Made by a Prominent Scientist.

Three-Fourths of All Food We Eat is Derived Originally From Rain; 80 Per Cent of Remainder Comes From Air.

Three-fourths of all the food we eat is derived originally from rain. Of the remainder, 80 per cent comes from the air, the balance—one-twentieth part of the whole—is obtained from the soil.

This interesting statement is made by Dr. A. T. Stuart of the Canadian department of agriculture, who describes the farmer as the great manufacturer. He makes the things which other people merely put together in different ways.

The farmer takes 75 pounds of water, 20 pounds of air and 5 pounds of soil. These are his raw materials, and from them, in the quantities and proportions above mentioned, he turns out 100 pounds of products.

The mixture of gases which we call air is a fluid by no means so thin and imponderable as we are accustomed to imagine. An ordinary packing box three feet cube will contain about two and one-half pounds of it. The twenty pounds of air that contribute 80 important percentage of our food supply would occupy, at normal sea-level pressure, a cubical space 15 feet on an edge.

The 75 pounds of water would make about nine and one-half gallons. Five pounds of soil will represent the contents of a clay flower pot of moderate size; and thus one forms an idea easily grasped of the quantities of the three original raw materials required by the farmer for the manufacture of 100 pounds of products.

These products are food and clothing. Of all the clothes people wear, 9 per cent is made of animal or vegetable materials that are the yield of agriculture. Even the leather of which our shoes are made is, of course, a farm product. Silk is spun by caterpillars, but in reality is nothing but mulberry leaves, converted by their agency into a fiber that can be woven.

We know what air is, and water is familiar enough. That soil is merely powdered rock, containing a small percentage of decayed vegetable matter, has long been understood. But many facts in regard to this last indispensable raw material of the farmer have only recently been learned.

Consider, for one thing, the size of the rock particles. In some soils they are so tiny, according to Doctor Stuart, that one hundred millions of millions of them may be held on the point of a penknife.

That seems remarkable, does it not? But take a single pound of this kind of soil, and measure the total surface area represented by its component particles. It is a not very difficult problem in mathematics. The total surface area of the particles that go to make up one pound is about three acres.

This is in itself a matter of much importance, from the viewpoint of the farmer-manufacturer, for each particle of soil is enveloped by a thin film of water. And it is from this water that the plants he grows derive their sustenance.

The fluid in question, however, is not merely water. It is a kind of soup, in which plant food, both organic—from the decayed vegetable matter—and mineral, is dissolved. What we call the "fruitful land" is merely a bed for the plants to stand up in while they feed upon this soup.

Under the microscope all plants are found to be made up of little cells or pouches filled with fluid. In an orange or lemon they are so big as to be easily seen when the fruit is cut. Each of these cells—which multiply at a wonderful rate to make what we call growth—is a little chemical factory, and it is they which, under the general management of the manufacturing farmer, produce "protein," fat, starch, sugar, fiber, etc., with incidental colors and flavors, to supply in a multitude of forms the demands of the market.

Not in the Safety Zone. "I'm afraid this is a tough neighborhood," said the prospective tenant. "Well, it isn't," replied the real estate agent. "What put that fool idea into your head?" "There isn't a policeman in sight," answered the other.

Contrary to Ethics. "Where's the water I had yesterday?" "He was dismissed for carelessness," answered the head waiter. "He was overheard to say 'Thank you' for a twenty-five-cent tip."

Just Possible. Gayboy—I'm delighted to have met you, Miss Swift, and I hope to see more of you. Miss Swift—Oh, perhaps you will. I'm going to spend the summer at the seashore.

The Case. "What did the poet mean when he asked his sweetheart to drink to him only with her eyes?" "Of course, she had liquid eyes, stupid."

Equal to a Cat Concert. Mrs. Hixon—Is your husband a sound sleeper, Mrs. Dixon? Mrs. Dixon—Well, you would think so if you were to hear him snore.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, PROVIDING FOR AND RELATING TO THE CREATION OF CONSERVATION DISTRICTS.

Senate Joint Resolution No. 12.

Proposing to amend Article 16 of the Constitution of the State of Texas by adding thereto at the end thereof another section to be known as Section 59, declaring the conservation and preservation of all the natural resources of the State of Texas are public rights and duties; providing for the creation of conservation districts, declaring such districts bodies politic and corporate, defining the authority of such districts, and conferring upon the Legislature authority to pass laws with reference thereto; declaring that the Legislature shall have authority generally to legislate for the purpose of conserving the natural resources of the State; fixing the time for the election for the adoption or rejection of said proposed constitutional amendment; making certain provisions for said election and the ballots thereof and the methods thereof; directing the issuance of the proclamation therefor, prescribing certain duties of the Governor of the State and making an appropriation to defray the expenses of said election.

Be it resolved by the Legislature of the State of Texas: Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto at the end thereof another section to be known as Section 59, and which shall read as follows:

Section 59a. The conservation and development of all of the natural resources of this State, including the control, storing, preservation and distribution of its storm and flood waters, the waters of its rivers and streams, for irrigation, power and all other useful purposes; the reclamation and irrigation of its arid, semi-arid and other lands needing irrigation; the reclamation and drainage of its over-flowed lands, and other lands needing drainage; the conservation and development of its forest, water and hydro-electric power, the navigation of its inland and coastal waters, and the preservation and conservation of all such natural resources of the State are each and all hereby declared public rights and duties; and the Legislature shall pass all such laws as may be appropriate thereto.

(b) There may be created within the State of Texas, or the State may be divided into, such number of conservation and reclamation districts as may be determined to be essential to the accomplishment of the purposes of this amendment to the constitution, which districts shall be governmental agencies and bodies politic and corporate with such powers of government and with the authority to exercise such rights, privileges and functions concerning the subject matter of this amendment as may be conferred by law.

(c) The Legislature shall authorize all such indebtedness as may be necessary to provide all improvements and the maintenance thereof requisite to the achievement for the purpose of this amendment, and all such indebtedness may be evidenced by bonds of such conservation and reclamation districts, to be issued under such regulations as may be prescribed by law and shall also authorize the levy and collection within such districts of all such taxes, equitably distributed, as may be necessary for the payment of the interest and the creation of a sinking fund for the payment of such bonds; and also for the maintenance of such districts and improvements, and such indebtedness shall be a lien upon the property assessed for the payment thereof; provided, that the Legislature shall not authorize the issuance of any bonds or provide for any indebtedness against any reclamation district unless such proposition shall first be submitted to the qualified property taxpaying voters of such district and the proposition adopted.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held for such purpose on the Third Tuesday in August, A. D. 1917, the same being the 21st day of August, A. D. 1917; At said election the vote shall be by official ballot which shall have printed or written thereon the words "For the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," and also the words "Against the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation." All voters favoring this proposed constitutional amendment shall erase the words "Against the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," and those opposing it shall erase the words "For the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," which said erasures shall be made by making a mark with pencil or pen through said words. All ballots cast as above provided shall be counted as cast for or against this proposed amendment, and if a majority of the votes cast shall be against the amendment said amendment shall be lost. All the provisions of the general election laws as amended and in force at the time said election is held shall govern in all respects as to the qualifications of electors, the method of holding such election and in all other respects as far as such election laws can be made applicable.

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the constitution and laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the State Treasury, not otherwise appropriated to defray the expenses of such proclamation, publication and election.

C. J. BARTLETT, Secretary of State.

Killed a Mountain Lion. A mountain lion measuring 7 feet and 6 inches and weighing 130 pounds was killed on the prairie between Roy and Solano N. M., on Sunday of last week. It had attacked a horse belonging to Antonio Mescaenas and he shot at it wounding it in the foot. Later it was killed by Ed Reed. A pack of coyotes was following it.

Infant Cremated in Burning Home. The little 4-months old son of Mr. and Mrs. Carl Owens, who live near

Deep Lake, Hall county, was burned to death when fire destroyed their home one day last week. Mr. Owens was away from home and his wife, after starting a fire in the morning, went with the two older children, to milk the cows. The barn cut off all view of the house and when she was ready to return, the entire house was ablaze and nothing could be saved. The babe's body was found, but its head, arms and legs were burned to a crisp.

Come to Canyon to live.

MEETING OF CITIZENS REGARDING CHILDREN'S WORK

A meeting of all citizens is called for the district court room on next Monday at 3:30, those interested in the Food Service are urged to come and work up a plan to interest children in gardening. The City Federation and the Training School is working together on the proposition and ask all the join in the movement.

A Missionary from Africa to be Here.

Rev. J. A. Stockwell is just back from the Southern Methodist Mission in Africa and will lecture at the Methodist Church the night of May 21st. This is a rare opportunity and all should hear him. The mission with which he is connected is among the Batotela Tribe which is a cannibal tribe and the Chief, Wewbo, ate the first twenty-seven white men he saw. No admission will be charged and we hope all who can will hear this heroic Christian.

R. A. STEWART.

A Farmer Patriot.

A. M. Ayers was in town Saturday and in conversation with him he informed us that he was preparing to plant about 20 acres in beans and peas. Mr. Ayers fully realizes the necessity of increasing the food and feed crops, and if our farmers generally will follow his example the production of the necessities of life in Kent county this year will be ample, and there will be some to sell. Indications are now that the surplus bean crop can be sold for at least ten cents a pound. — Jayton Herald.

Infant Killed by Auto.

As Fred, the eldest son of W. W. Deen, of Floydada, was backing the auto into the garage at their home, the 18-month old baby got in the path of the car unknown to the boy and was run over, receiving injuries that proved fatal.

FOR HAIL INSURANCE IN RELIABLE OLD LINE COMPANIES. SEE WM. F. MILLER, HAPPY, TEXAS.

City Ordinance.

An ordinance amending Articles seven and eight of an ordinance passed October 2nd, 1916, regulating travel and traffic on the streets of Canyon City, rules of the road and street, so that said articles shall here after read as follows:

Article VII:

Vehicles crossing from one side of the street to the other shall do so by passing to the right and beyond the signal posts in the center of the intersecting streets.

Article VIII:

Vehicles stopping on the public square shall head in and stand at an angle of forty-five degrees with the curbing and as near thereto as possible, and no vehicle shall stop at any point where there is a vehicle between it and the curb on the right.

Passed and approved May 7, 1917. F. M. WILSON, Mayor W. J. FLESHER, Sec'y.

Canyon City Club Notice

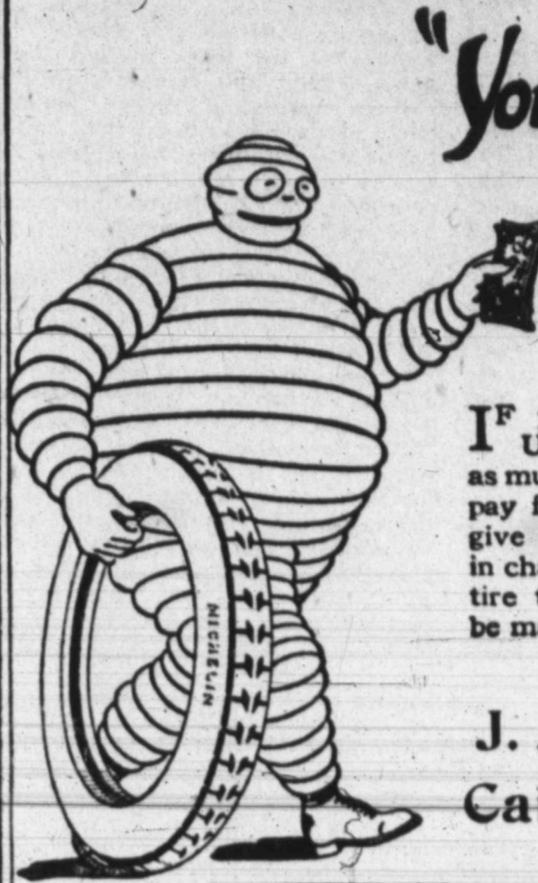

Members will take notice that the by-laws will be strictly enforced. You MUST secure a permit when you take guests on the grounds and otherwise comply with the written rules of the club or suffer the consequences for non-compliance. The directors have information that such rules are being violated and this is to inform you that such conduct will not from this time on go unpunished.

Permits can be obtained from the secretary, or from Mrs. Morelock, at their home.

The general public is also notified that the club has secured the exclusive rights to fishing privileges on the J. M. Meyers section adjoining the club grounds on the east and that trespassing either on the club grounds or on said Meyers section will not be tolerated.

By order Board of Directors. H. W. MORELOCK, Secretary.

MICHELIN TIRES

"Your Change Sir!"

If you buy a Michelin Universal and hand us as much as you're asked to pay for some tires, we'll give you back 25 to 30% in change. Yet no better tire than a Michelin can be made.

J. A. Guthrie, Canyon, Texas

Michelin Casings are just as good as Michelin Red Inner Tubes, which are often imitated in color but never in quality.
