

WITHIN THE REACH of every woman—health and strength. They're brought to you by Dr. Pierce's Favorite Prescription. Take this medicine, and there's a safe and certain cure for all the chronic weaknesses, derangements, and diseases peculiar to the sex. It will build up strength, and invigorate every "run-down" or delicate woman. It regulates and assists all the natural functions. At some period in her life, a woman requires a special tonic and nerve.

If you're a tired or afflicted woman turn to "Favorite Prescription," you will find it never fails to benefit.

Sold in tablet or liquid form.

Mrs. LUCY E. YOKUM, of 2322 Clinton Avenue, Fort Worth, Texas, says:

"I was in such bad health and so dependent at times that I couldn't do my work. Tried everything I could hear of. Doctors treated me but I only got relief for a short time until I tried Dr. Pierce's wonderful medicine. Have been in much better health since using 'Favorite Prescription' and 'Golden Medical Discovery.' I weighed 107 at that time now I am well and hearty and weigh 130 pounds."

MARSHAL J. E. ROGERS SAYS AUTO DRIVERS MUST OBEY

The auto drivers of Canyon have until today to learn to keep to the right of the sign posts in the middle of the street, and to not turn in the middle of a block, and to head the car in at the proper angle.

After today every man who violates the traffic ordinance will go into court and tell why he didn't do so.

Mr. Rogers, has been trying hard all week to get people to observe the rules, but some persist in doing as they please. The city council passed the ordinance for the purpose of having the same obeyed, and now the Marshal says it is either obey, or pay a fine.

Boys Coming From Camp.

All of the Canyon boys who were in the Training Camp at Leon Springs will be home this week. The officers have been putting the boys through the hardest tests possible during the past two weeks with a view of getting the men who were only cut out for the military life. As a result many of the most successful young business men have been released because the officers considered that they would be more successful in some other department of service if they were needed.

Not all men are fit for military life more than for the ministry or for the law or for medicine, and the patriotic impulse which prompted young men by the thousands who volunteered for service, when they were not fitted for this work, is not to be disdained or criticized by any man who has not gumption or patriotism enough to raise a garden for the country, let alone fight for it.

All honor to the young men who volunteered their services, whether they were accepted or rejected.

Methodist Church, Sunday, June 17.
Sunday School 9:45 a. m.
Preaching at 11 o'clock by Rev. T. F. Robinson.
Epworth League 7:30 p. m.
Prof. M. B. Johnson will fill the pulpit at 8:30 p. m.
Prayer Meeting Wednesday 8:30.
Everybody cordially invited to all our services.
R. A. STEWART, Pastor.

It is said that a soldier in the trenches on the French front felt a bug on the back of his neck and reached to get it. Just as he ducked his head to get the bug a bullet hit the trench where his head has been resting. Looking at the bug in a loving way, he said: "Little bug, I can't decorate you with a Victoria medal, but I can put you back where you were." Thus again was the old saying, a small matter may be the turning point in a man's life, demonstrated.

Things You Can Do for Your Country.
The fighting man can die for it.
The saving man can buy for it.
The aviator can fly for it.
The thrifty cook can fry for it.
The thirsty can go dry for it.
The daring man can spy for it.
The egotist can "I" for it.
The diplomatic can lie for it.
The farmer can grow rye for it.
The workingman can ply for it.
The very babies can cry for it.
And all of us can try for it.
—New York Sun.

Parent-Teachers to Meet.
All members of the Parent-Teachers Association are urgently requested to meet at the Normal Friday, June 22nd at 3:30 p. m. Visitors are cordially welcomed.

Guy Conner Leaves.
Guy Conner left Monday for Fort Worth where he reports for work in the Signal Corps of the U. S. army.

The Russian soldiers on the Eastern front are beginning to suspect the olive-branch the Germans are holding out is poison-ivy.—Kansas City Star.

LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.

ONE DAY SALE

Alright, -- Here's what we have to offer you for next

Sat., June 23rd

BEGINNING AT 6 a. m. AND CONTINUING UNTIL 10 p. m., OUR ENTIRE STOCK OF DRY GOODS, CONSISTING OF ALL KINDS:

We will have a lot of extra help and will do our best to attend to the wants of every one.

SALE PRICE WILL BE STRICTLY CASH

Everything charged at regular price. Don't forget the date. Saturday, June 23. We Appreciate Your Business.

The Canyon City Supply Co.

DRY-GOODS, CLOTHING & GROCERIES
CANYON, TEXAS

Don't Waste Straw.
Burning straw is like burning money, for straw means money to the man who knows how to use it. Nevertheless, fifteen per cent of our straw is burned and twenty-two per cent is disposed of in more or less unprofitable ways. Only about two-thirds of the crop is fed to live stock or used as bedding although these are the real ways to turn it into money.

Large amounts of roughages are necessary to the economical feeding of cattle and there is no more efficient way of utilizing them than this. Straw lessens the need for expensive concentrates and when marketed as meat brings greater returns than are likely to be obtained by disposing of it in any other form. Indirectly the gain in soil fertility is enormous. There is no system of obtaining permanent soil fertility which equals in practical

advantages the feeding of live stock. The plowing under of straw adds little more humus to the soil than manure and it does nothing else of value.

Burning straw means an almost total loss. The ashes, it is true, carry a certain amount of mineral matter into the soil but the quantity is too small to exert any appreciable effect. The usual explanation of the practice in those sections where it is followed is custom. But, because straw has been wasted in the past, is no reason for wasting it now. Feed it or use it for bedding. If circumstances actually make the keeping of meat producing animals an impossibility, plow it under. Never burn it.

To illustrate some of the ways in which straw may be fed economically, specialists in the United States Department of Agriculture recommend the following rations for the wintering of a breeding herd of beef cattle:

	Lbs.
(1) Straw	10
Silage	20
Cottonseed meal or linseed meal	1 1/2
(2) Straw	20
Cottonseed cake or oil cake	2
(3) Straw	10
Shock corn	10
Cottonseed meal	1

If the animals appear to need more feed, the quantity of straw in any of these may be increased.

At the present time, the price of straw on the market ranges from nothing at all in some sections to \$15 a ton for baled straw of good quality in others. Properly used, it is calculated that on an average it should be worth \$5 a ton to the farm which produces it. On the other hand, reports from farmers indicate that in their opinion its average value is only \$3.70 a ton. The explanation of the difference is that many farmers fail to realize that straw has any value at all or else use it in some comparatively unprofitable way. Feed your straw if you can. If you can not, use it in some way. Don't burn it unless you feel that you have money to burn.

Germany, according to report, attaches no importance to our entry into the war; many of our Congressmen seem to feel the same way about it.—Philadelphia Press.

WILSON TELLS RUSSIA AMERICAN WAR AIMS

Position on "no Annexations and no Indemnities" is made plain.

Washington, June 9.—President Wilson, in a communication to the new Government of Russia, has made plain the war aims of the United States and its position on "No annexation; no indemnities."

"No territory must change hands except for the purpose of securing those who inhabit it a fair chance of life and liberty," says the communication.

"No indemnities must be insisted on except those that constitute payment for manifest wrong done."

"No readjustments of power must be made, except such as will tend to secure the future peace of the world and the future welfare and happiness of its people."

In unmistakable terms President Wilson declares against Germany's proposal to restore the "status quo" before the war.

"It was the status quo ante out of which this iniquitous war issued forth," he says, "the power of the Imperial German Government within the empire and its widespread domination and influence outside of that empire."

"That status must be altered in such fashion as to prevent any such hideous things from ever happening again."

A GOOD IDEA.

(From Southwest Plainsman)

One of the attractive features of Trades Day at Canyon, last Monday, was the paper contest for the boys and girls in which prizes were given those who brought in the most paper. The first prize was \$10, second \$5 and five prizes of \$1 each were awarded. Besides these prizes, every boy or girl who brought in as much as 5 pounds of paper was given a free ticket to the picture show. When the committee finished weighing the paper the phenomenal showing of more than 15,000 pounds was announced.

This contest should be the means of ridding Canyon of a lot of useless paper which might otherwise have been turned loose to cavort with the gentle Panhandle breezes and deface the landscape from that city to Denver and south to the Mexican border. In riding over the country, the carelessness of people in regard to throwing away paper is noticeably apparent and the untidiness of countless scraps along the highways, particularly in the proximity of the towns, presents anything but an attractive appearance.

Perhaps if more of our towns would follow Canyon's plan, there would not be so many unsightly back yards and vacant lots on the Plains. Why not try it?

And while we are about it, why not do something about the practice of allowing dead animals to remain where they die to be a stench in the neighborhood until their putrid carcasses have been dried up by the winds? This is certainly a most reprehensible practice, contrary alike to all ideas of decency and sanitation, to say nothing of the disgusting sight.

In organized communities such things are looked after by officials paid by the taxpayers and persons allowing such nuisance to exist are fined or, in case the owner cannot be found, the animal is burned by the city. There should be some such law in the country as well for it is to be presumed that country people are no more anxious to contract diseases from decaying animals than city folks and it is scarcely likely that they find the aroma arising there.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. . . Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then . . . it would last . . . two weeks, and was so weakening, and my health was awful."

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. . . I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. . . Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

Canyon City Club Notice

Members will take notice that the by-laws will be strictly enforced. You MUST secure a permit when you take guests on the grounds and otherwise comply with the written rules of the club or suffer the consequences for non-compliance. The directors have information that such rules are being violated and this is to inform you that such conduct will not from this time on go unpunished.

Permits can be obtained from the secretary, or from Mrs. Morelock, at their home.

The general public is also notified that the club has secured the exclusive rights to fishing privileges on the J. M. Meyers section adjoining the club grounds on the east and that trespassing either on the club grounds or on said Meyers section will not be tolerated.

By order Board of Directors.

H. W. MORELOCK, Secretary.

Died from Injuries.

Walter LeRoe, nephew of W. L. LaRoe who lives near Happy, fell from a windmill tower on Monday of last week and suffered a broken leg and other bruises. He was immediately brought to Amarillo and placed in a sanitarium but blood poisoning set in and he died Friday night.

Whoever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

Tulia Man in Trouble.

It cost H. D. Mallory of Tulia, Tex., about \$80 to take away from the Central hotel as a "souvenir" a Navajo rug. Mallory, who was a guest of the hotel last week, left for Texas with a party of men from the Lone Star State sometime Friday. It was noticed shortly afterwards that an Indian rug disappeared, and it was suspected some of the Texans had taken it. Chief of Police Ben Coles was notified, and got in touch with Santa Rosa officers, who stopped the party and found the rug. Richard Smith, who is a deputy sheriff, brought the Texans back to Las Vegas, and, this morning in Justice Stewart's court, Mallory pleaded guilty to taking the rug. He was fined \$50 and costs. Judge Stewart told the party it would have been much cheaper to have purchased a rug and they agreed with his belief.—Las Vegas Optic.

Armstrong County Barbecue.

The Armstrong County Development Club met in regular session at the court house Tuesday evening with President Wilson in the chair and Secretary Hill at his post. The club decided to have an old-time barbecue and picnic in Claude on Thursday, August 9. They decided that about twelve good beeves and eight or ten muttons should be barbecued to satisfy the home people and the great number of visitors.—Claude News.

England can safely agree to give Ireland any kind of government the Irish will agree on.—Florida Times-Union.

from any more pleasing. Recently, we have noticed hundreds of rabbits which have probably been shot by passers by and left just where they fell. Undoubtedly the farmers are glad to have them killed but we should imagine that they would prefer them respectfully interred to being left to pollute the atmosphere. Of course, the rabbits are not so obnoxious as the larger farm animals, cows and horses, though we thought them bad enough when on a recent trip, we ran over a heap of dead jacks that had apparently been purposely piled in the road. It didn't appeal to us as a "good joke" but gave evidence of very poor taste—and worse smell.

The Flag and the Tariff.

A writer on the Philadelphia Public Ledger learned from the owners of a worsted mill in Jamestown that the American flag raised over the mill was made from American sheep,

Carded by an Italian,
 Spun by a Swede,
 Warped by a German,
 Dressed by an Englishman,
 Drawn in by a Scotchman,
 Woven by a Belgian,
 Supervised by a Frenchman,
 Inspected by an American,
 Scoured by an Albanian,
 Dyed by a Turk,
 Examined by an Irishman,
 Pressed by a Pole.

145-Lb vs. 414-Lb Cows.

In the first cow testing association organized in Mississippi, 319 cows last year averaged to produce 145 lbs. of fat. Such a production is low. Even at a low feed cost it is questionable whether those 319 cows made their owners a profit.

If there were no better cows available to these Mississippi dairymen than those which records have shown with so poor production, and if changed feed and management would not bring greatly increased returns, the association figures would indeed be discouraging. There are greater possibilities, and the same means which showed the low average production of all the herds also discovered a cow which made 414 lbs. of fat during the period in which the average was but little over one-third as much. How much are these men, even with 145-lb. cows, ahead of their neighbors who do not know whether their cows produce more or less! They have seen the light of better dairying, have re-

organized their testing association for another year's work, and are starting toward a condition of dairying in which there will be no 145-lb. cows and in which there will be many exceeding 414 lbs. in fat produced.—Hoards' Dairymen.

Drives Out Malaria, Builds Up System
 The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

Prohibition Case Pending.

According to information received Curt has not yet acted upon the county prohibition case in which is involved the habeas corpus proceeding of J. F. Deats, Texico saloon owner. It is quite likely that a decision will not be reached for some time yet.—Clovis (N. M.) Journal.

Save Your Bottles.

A serious shortage of preserving jars and cans is threatened. Glass bottles—especially wide-necked ones—are useful for putting up fruits, jellies, and preserves. Put up fruit juices in ordinary bottles. Reserve regular preserving jars and cans for canning vegetables, soups and meats.

Holsteins Registered in May.

Certificates to the number of 19,788 were issued from the secretary's office during the two weeks ending May 19, 1917. Of these 3192 were for the registration of cows, 1677 were for the registration of bulls, 3846 for transfer of cows, and 2073 for transfer of bulls.—Holstein-Friesian Register.

A BANK'S SUCCESS-- COMMUNITY'S GAIN

In conducting the affairs of this bank, the management has always believed that men of good business judgment and conservative ideas appreciate the sound, progressive bank conducted on safe and strictly business lines; that its growth and success are the community's gain; that such a bank best protects the interests of its depositors, and thus proves its greatest help to the commercial development and credit of the community.

SUBSCRIPTION, \$1.50 PER YEAR

The west has not awakened to the fact that we are at war with Germany. Of course the street corner wind jammer who could lick Germany in a day will do nothing to help Uncle Sam in the great war. A man's patriotism is not measured by the amount of his talk. If England and France should suddenly give up the fight, this country would then be up against the real crisis of our history. Do your part to help Uncle Sam win before it is too late to help him.

Of course the locating committee missed the best town in West Texas when it passed Canyon as a location for the new A. & M. college, and it overlooked the best two thousand acres in Texas, but here's hoping that the site chosen will be a good second best to Canyon's proposition.

The farmers say that the wheat crop will be much better than expected, many believing that the early wheat will average six to eight bushels, which is better than twenty five bushels three years ago.

The Kaiser must have had another chills when the returns of the Liberty Loan campaigns were sent to him. Those ten million awaiting conscription and the two billion Liberty Loan will not set well with the old boy.

Japan is indignant over the note this country sent to China urging the warring factions to get together. Little Japan is ruler of the Orient, and want no intrusions from the outside world.

Senator Stone is glad that he is not president, to which all may utter a fervent amen.

Have you done your bit in joining the Red Cross?

That Greece throne is too slick for any Hollenzollen.

Texas Needs Guardsmen.

Houston, Texas, June 19.—At the present time a military career offers the most alluring inducements to the young man of good morals and good health. The pay of the enlisted man is greater than it has ever been and the chances of promotions are better.

The Texas National Guard offers to the ambitious, strong and capable young man probably as good, if not better, opportunities than any other profession. Men between the ages of 18 and 45 years have an almost unlimited opportunity in the Guard for advancement. There is no limit to the heights a man may reach in the Texas National Guard if he is capable. Efficiency will rule the Army. The man who proves himself more competent than his brother soldier is bound to advance. The army will need more and more officers. While the Nation is training men to become officers, it is almost impossible to train a sufficient number but that there will always be vacancies which the man in the ranks can obtain if he is competent. Many of the men in the Regular Army have risen from the ranks. Brigadier General John A. Hulen, Commanding General of the Texas National Guard began his military career as a private in the National Guard. Others could be named who began their military careers as privates. The Army is like any other profession, one must begin at the bottom, and, like in other professions, the competent, capable and hard working man reaches the top.

While the enlistment in the Guard is now only for the duration of the war, those who enlist will lay the predicate to, if they desire, continue in a service which will develop them mentally, physically and in a business way. For the Army is a business. Men make a life study of military tactics. They devote years and years to military affairs and, when competent, they rise to high offices. Any enlisted man who shows an aptitude for handling men, will readily become a non-commissioned officer.

If he proves capable enough, and can pass a mental and physical examination, he can become a commissioned officer.

The remuneration in the Guard, also, compares favorably with the average pay of men outside the Army. Besides his pay each month, the soldier is furnished with lodging, food and clothing. When the present high cost of everything is considered, it will be found the enlisted man is faring better than the average men on the outside. Privates in the Guard receive \$30.00 per month, first class privates \$33.00, buglers \$30.00, cooks \$40.00, mechanics and corporals \$33, sergeants \$40.00, supply sergeants and mess sergeants \$44.00 and first sergeants \$53.00 per month. As the soldier is furnished with a home and food, his pay is practically, in the vernacular of the street, "velet".

During the Spanish-American war a private received \$13 per month and under the terms of a bill enacted in congress, 20 per cent was added to this, bringing a private's pay to \$15.60, while a sergeant received \$21.60. Today the private's pay is practically double what it was then as is the pay of a sergeant.

When it is considered that a private drew \$30 per month, board and room, and is not at the great expense as is the average civilian, it appears the National Guard is a good business profession for the average man. And then Texas needs you. The State and Nation are calling. Men are needed. They are responding, and companies of the National Guard of

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous. People know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel.

Texas are being organized throughout the State. But more and more are needed. The recruiting is now in progress. Every young man who has the welfare of the State and Nation at heart should go at once to a recruiting station and offer himself as did his forefathers and fathers in the other wars in which this Nation has engaged. Those fathers and forefathers will be ashamed of their sons if they fail to protect the free country in which they live.

Piles Cured in 6 to 14 Days
Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, blind, bleeding or protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 50c.

Join the Cross.
If you cannot tote a gun, join the Cross. You can help to beat the Hun — join the Cross. If you don't believe in force, if you cannot ride a horse, there is still another course—join the Cross. If you want to help a bit, join the Cross. You can bring a lot of joy and a thousand pain alloys to the Yankee soldier boys—join the Cross. Till the heaven blessed sod — but join the Cross. Economize and trust in God — and join the Cross. Be you old or be you young, no matter what your birth or tongue, yet you can be one among the Great Red Cross. — Chicago Tribune.

Automobiles Registered.
462—W. W. Wright, Ford
463—L. B. McDade, Studebaker
464—T. J. Morris, Ford
465—J. C. Dowd, Ford
466—F. P. Luke, Ford

It is interesting to note that within the past year more than 160 cars have been registered in the county.

Bell Wins in Gun Club.

Grayson Bell was in Amarillo Monday where he again won the tournament held by the Amarillo club. Mr. Bell won the shoot last year, and was given the possession of the big cup for one year, having his name inscribed as the winner in 1916. He went up Monday and brought the cup home for the 1917 tournament. By winning again next year he becomes permanent possessor of the cup.

A large number of out of town men were in the contest, and three men tied Mr. Bell's score in the preliminary event. However, in the final, Mr. Bell own the shoot, having 35 straight to his credit. Each of the four made 25 straight in the preliminary.

Mr. Bell is some shot, and if he is beaten next year, the winner will have to go some.

Excursion to Dairy County.

Since the dairy business is becoming so attractive and popular in Randall county and the Panhandle, L. L. Johnson, agricultural demonstrator for the Santa Fe has conceived the idea of running an excursion to Wisconsin during next week for the purpose of showing our farmers how the dairy business is handled in that state.

The excursion will leave on next Wednesday, and the purchaser of a round trip ticket will be allowed to stay several weeks if he so desires.

Mr. Johnson was in Canyon Monday interviewing the business men and farming regarding the excursion. Quite a number are very much interested and will likely make the trip next week. It will highly educational to all who go, and many should take advantage of the excursion.

Notable Vocal and Instrumental Artists on Program

Hungarian Ladies Quartet for Third Day of Chautauqua

On every Chautauqua program there is a place for a musical organization of a strictly high type.

The Hungarian Quartet is composed of talented ladies who are fitted to give not only a musical program, but an unusually varied and sparkling entertainment.

Each of the members has had the advantage of the best training in their art that the world affords and many years of professional concert experience.

Their entertainments consist of Hungarian music, both vocal and instrumental, featuring the Hungarian harp, character sketches in costume, standard musical offerings by some of the best composers; also readings and pianologues.

The Hungarian Ladies' Quartet is to give two concerts on the third day of Chautauqua—afternoon and night.

Potter-DePew Company Composed of Real Artists—Unusual Attraction Promised for Second Day of Chautauqua

Some of the very best music and entertainment of the Chautauqua is promised by the Potter-DePew Concert Trio on the second day. The company is unusual in that its three members are all artists—each equally skilled.

Betty Potter, reader and 'cellist, has created a special field in the impersonation of boy types and characters.

She has played ten years as a concert 'cellist. Opal Potter is a Conservatory Graduate in piano and dramatic art, and has appeared before the public professionally for years.

DeWitt DePew is one of the best known violinists in the West. He is above the class known as lyceum violinists, having in his recital work won

recognition from the critics and musical journals. Outside the large cities one is seldom privileged to hear so gifted an artist.

Altogether the Potter-DePew Trio give a program that would be hard to surpass. They are to give a full program in the afternoon and a concert prelude at night—Second Day of Chautauqua.

Crowd the Front Pews. Advertise Your Belief. Go to Church.

WHEN you GO TO CHURCH Sunday MARCH RIGHT UP TO THE FRONT PEWS. Don't take a seat in the rear of the church. In many churches some worshippers make for the rear pews as if they were ashamed to be seen. Is there anything dishonorable in being seen in church? If you go to a theater you are proud to be seen in the front rows. CROWD THE FRONT PEWS OF THE CHURCH.

THERE CERTAINLY IS NOTHING UNMANLY IN GOING TO CHURCH. RATHER IS IT A SIGN OF STRENGTH OF CHARACTER. PILLARS OF THE CHURCH GENERALLY ARE PILLARS OF BUSINESS. ADVERTISE THE FACT THAT YOU GO TO CHURCH. IT PAYS YOU SPIRITUALLY. IT PAYS YOU MATERIALLY. THE CHURCH ENVIRONMENT HELPS THE BUSINESS ENVIRONMENT. THE CHURCH TEACHING HELPS EVERY MAN TO THINK CLEARLY AND TO THINK CORRECTLY. THE CHURCH COMMANDMENTS ARE ONLY THE COMMANDMENTS OF HEALTH AND MIND.

Statistics show that communities with the greater number of churches are prosperous. The people, as a whole, are HAPPY AND CONTENT. If you have neglected going to church, don't let another Sunday pass without making a visit to the house of God.

God is forgiving. He is patient. But his patience may be exhausted if a man continually ignores him. You IGNORE AND OFFEND GOD when you stay away from church. You like to see your children GO TO CHURCH and Sunday school. The children will be DOUBLY IMPRESSED with the importance of attending church if they see the father in church.

GO TO CHURCH NEXT SUNDAY.
GO TO CHURCH EVERY SUNDAY.

BURROUGHS & JARRETT

Cow Gave \$600 Worth of Milk.
D. Ray, Tressler, Ohio, believes that the cow plays a very important part in the economic production of milk. He says: "The second time I became inoculated with the 'dairy fever' germ, I bought one good purebred Holstein cow. This was three years last September. Had I delivered all of her milk to the factory at the prices actually paid during the three years, I would have received over \$600 for it; to say nothing about the three calves she produced in the meantime. At the present time I have other cows doing equally as well." — Holstein Freisian Register.

King of Bootleggers Sentenced.
W. J. Creekmore, dethroned king of Oklahoma bootleggers, was sentenced to three years in the federal penitentiary at Leavenworth and fined \$2,300 by Judge John H. Cotteral, in the United States district court Monday. Creekmore pleaded guilty to five

counts, four of them conspiracy and one bribery. He was sentenced to two years and fined \$500 in each of the conspiracy cases, prison sentences to run concurrently, and was sentenced to one year and fined \$300 on the bribery charge, the sentence to begin at the expiration of the two years.—Guymon (Okla.) Democrat.

\$100 From One Acre of Beans.
Marion Davis and B. H. Dunlap of the Quay community were in town Wednesday. Mr. Davis was selling Mexican beans. Last year he had in a patch of one acre that yielded 700 pounds. At the rate beans are now selling in the local market the one acre's crop would bring nearly \$100. Pretty good for five dollar land!—Tucumcari (N. M.) Sun.

As we understood it, a retreat to victory and being it while the beating is good are so much alike you can't tell 'em apart.—Macon Telegraph.

Astronomers claim to have sighted an early frost on Mars. If nothing else turns up this will serve about as well as anything else for running up fruit prices on earth.

The handclasp bares character, according to a noted psychologist, and it must be admitted that excessive indulgence usually indicates an intense desire to be elected to office.

When a man announces that he is going to Africa to study the monkey language fear arises that the American press agent is losing his cunning and is compelled to draw on his scrap book.

What is need 4 in this age of regulation is more personal liberty to mind one's own business; more confidence in the character of the whole people, and less coercion to compel an intelligent individual to conform to the whim of another individual clothed with power.

A Master Program!

Have you heard the details of the Canyon Chautauqua program yet? Some of the best that the Chautauqua platform affords is included in it. Brains and genius and art find a place in the offering for each day. They are men and women of vision, who have much to give, and rejoice in the giving of it. Song birds from many lands, master musicians from many climes, singers and players of renown, lecturers of sterling worth, entertainers extraordinary—all are coming. Here's a brief mention of the attractions for the five big days—

- CASTELLUCCI'S MILANO SERENADERS
- ERNEST JASPER POWELL, COMMUNITY LECTURER
- THE POTTER-DEPEW CONCERT TRIO
- HON. ALF TAYLOR, OF TENNESSEE
- THE HUNGARIAN LADIES' QUARTET
- DR. DAVID TAYLOR ROBERTSON, AUTHOR-LECTURER
- DR. H. V. ADAMS, INSPIRATIONAL LECTURER
- THE BERKELEY SEXTET
- PEARL O'NEIL, CANADIAN READER
- THE WORLD-FAMOUS KILTIES BAND

Every day a big day—a program without a weak spot. The-Chautauqua Herald tells about it. Your copy will soon be ready. A season ticket, good for ten great sessions, afternoon and night, costs \$2.00 (Children, \$1.00). Your ticket is ready NOW!

Milk Fat and Baby Feeding.

There has been much discussion of the comparative food value of high and low testing milk for babies in recent years. The Holstein breeders have held that milk with low butterfat content is superior as a food for the young. Breeders of other classes of dairy cows have not readily admitted these claims. They and the consuming public have waited to be shown. The Vermont experiment station in a series of experiments reported on in a recent bulletin, attempts to give a partial answer to this question. We say a partial answer, as the experiments were conducted on baby pigs instead of human babies. No parent is expected to accept the results of such a test as applying to his or her particular baby, but perhaps he or she may accept them as having some bearing on the general question and as applied to human babies as a class. The results with the baby pigs tended to substantiate the claims of the Holstein breeders and all friends of low-testing-milk. The results in substance showed that skim milk produced sturdy, agile but rough and undersized animals. Milk with a medium fat content (2.5 per cent) produced healthy, active and fair-sized animals. Milk containing a large quantity of fat (5 per cent) produced a rapid increase in weight, but the animals were dangerously overfat and showed peevishness and low vitality. The experimenters conclude that "the body of the young pig and, if results of these trials are applicable to human infant feeding, that of the human young should not contain much more than approximately 1.6 parts fat for every one part of protein. If a ration carrying a nutritive ratio of about 1 to 3 is used, a 1 to 1.6 results, or an approximation of such a result, may be expected." It is shown that this proportion is found in 25 per cent milk. There are many reasons why these results cannot be taken as conclusive on the question of baby feeding, but they have an interesting bearing on a question that is of importance to all concerned.—Penn. Farmer.

Will Add Alfalfa Mill. Messrs. Hall and Ayers, who are constructing a 50,000 bushel grain elevator in Plainview, announce they will add an alfalfa meal mill to their enterprise next fall, and manufacture a "balanced ration" for live stock. — Plainview News.

The subscribers to the German war-loans are being told that they will be paid back out of the indemnities the Government expects to collect at the end of the war. This sounds like one of those bets that is to be paid when Mr. Bryan is elected President. — Kansas City Times.

WHAT IS LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA A DIGESTIVE LAXATIVE CATHARTIC AND LIVER TONIC

LAX-Fos is not a Secret or Patent Medicine but is composed of the following old-fashioned roots and herbs:

- CASCARA BARK
- BLUE FLAG ROOT
- RHUBARB ROOT
- BLACK ROOT
- MAY APPLE ROOT
- SENNA LEAVES
- AND PEPSIN

In LAX-Fos the CASCARA is improved by the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not only as a stimulating laxative and cathartic but also as a digestive and liver tonic. Syrup laxatives are weak, but LAX-Fos combines strength with palatable, aromatic taste and does not gripe or disturb the stomach. One bottle will prove LAX-Fos is invaluable for Constipation, Indigestion or Torpid Liver. Price 50c.

New Town Named Seagraves.
H. T. McGee, general agent for the Spearman lands in Terry, Gains and Yoakum counties has been busy this week making arrangements for the townsite opening of the new town of Seagraves, the terminus of the Santa Fe railroad through Brownfield. The old postoffice of Blythe will disappear from the maps and the new town of Seagraves will take its place. The opening was held yesterday, and Seagraves promises to become a good town. It will be the terminus of the new road with round house and other facilities for taking care of the trains, the run on the new road being from Crosbyton to Seagraves with terminals at each place. The town was named for C. L. Seagraves, industrial commissioner for the A. T. & S. F.

Railway Company.—Slaton Slatonite.
Practical Joker of Memphis.
The army recruiting officer failed to show up Monday, but several of our young men experienced all the thrills incident to being drafted into the army. During the morning some practical joker phoned a number of local young men, both married and single, that the recruiting officer wanted them at the postoffice. As a result the postoffice was besieged a good part of the day, with young men who had airtight reasons why they were exempt, especially the married ones. One shaky young fellow explained to the postmaster several times that he was a married man and offered to produce his marriage license.

HEREFORD MAN BITTEN BY RATTLER; WILL RECOVER

O. C. Hill is suffering from a very sore hand, this week, caused by a rattlesnake bite which he received Wednesday.
Mr. Hill saw the rattler from his car and taking the crank, he jumped out striking the reptile and holding it by the tail as it ran into its hole. Instantly it turned and struck Mr. Hill on the thumb of his right hand. A thick glove was some protection but the bite, nevertheless, penetrated the skin.—Clarence Falwell and John Williams who were with Mr. Hill immediately provided "first aid" by binding the thumb as tightly as possible. They hurried to town and secured medical aid in about 25 minutes and though Mr. Hill has suffered intensely, his condition is pronounced very satisfactory this morning no apprehension being felt as to results.—Hereford Brand.

WARTIME BUSINESS.
Mr. Frank A. Vanderlip, president of the National City bank of New York, in a public statement calls attention to some little thought of phases of wartime business.
Mr. Vanderlip says that business will not be possible "as usual," but rather it will be better than usual. Certain readjustments will have to be made, chief of which is the diversion of labor from the manufacture of non-essential things to essential products. Luxuries will have to be curtailed rather at the point of origin than in consumption. There will be plenty of money with which to buy them, but not plenty of labor with which to make them.

There should be no ruthless economy, but a sane and moderate adjustment of requirements to conform to production.
As for work, there will be more than can be done, and wages will be high and upon an ascending scale. Labor will be needed for building ships, for making arms and ammunitions, for making railway equipment, for making of millions of articles of clothing required by troops.
We can not expect to supply these demands for labor and material, and have the usual amount of each left over with which to manufacture non-essentials.
We simply must shift our efforts from the making of comparatively useless things to the making of what we shall have a task equal to our abilities. We must also shift our consumption from the luxuries we shall be unable to spare the labor to produce.

These readjustments, however, will all be beneficial to the country. Their making does not contemplate any letup of business or of manufacturing energy. Nor will it be necessary or advisable to hoard money. There will be plenty of money, and surplus earnings of labor will reach almost unbelievable figures. This surplus should go into war bonds to sustain the government during the war, and to afford labor a financial shock-absorber with which to withstand any slump in employment after the war.
It is right and proper that everybody should aid in food conservation, but that is the only direction in which any unusual or drastic economy should be exercised.

The country is on a safe basis of prosperity, war or no war, and can be kept so if we calmly make such alterations in our economic and industrial fabric as may be necessary and then go straight ahead with every ounce of business energy we have.—Beaumont Enterprise.

Equalization Board Notice.
The Commissioners Court of Randall County, Texas, will be in session on June 25th, 1917, to hear complaints from those whose property was raised by the Board of Equalization on June 7th, 1917, and such other persons as may wish to come before the court and show cause why the assessed valuations of their property should not stand as assessed.

Bernard L. Rice, at the Presbyterian Church, Friday Night.
A mass meeting will be held at the Presbyterian Church Friday night, at 8:30, addressed by Bernard L. Rice, head of the Presbyterian Sunday School organization of Texas.
Mr. Rice was a visitor in Canyon in April, 1916, at the meeting of the Presbytery of Amarillo in this city. He is remembered as a speaker of strong ability and winning personality.
The public is cordially invited to attend this meeting, and hear Mr. Rice.

Congress should direct the War Department to raise the age of dependent children in the registration questions. It is idle to have laws against child labor while considering twelve year-old-children self-supporting.—St. Louis Globe Democrat.

Montgomery Bros.

607 Polk St., Amarillo, IS

A NEW STORE NEW GOOD

We cordially invite the ladies of Canyon and Randall County to visit our new store. We have a splendid stock, which will be increased weekly. A large, exclusive ladies' rest room will be found in our store. We will be pleased to have you make use of it while in Amarillo.

New Amarillo Store.
Montgomery Bros. have opened a new ladies store in Amarillo at 607 Polk which is one of the best in the city. Leon Montgomery was formerly manager of The Ladies Store and in this business was exceptionally successful, building up a very large business.
The new firm is preparing to handle a large business in the same efficient manner, as they have demonstrated in the past.

Rollins to Leave Amarillo.
The many friends of A. S. Rollins of Amarillo, but formerly of this city, will be sorry to hear that he contemplates leaving this section about July 1st.
He has received an appointment in the Land Bank of Houston examining real estate titles, and will devote his time to this work during the summer. If the work suits him, he will accept a permanent position in Houston. In case the work is not what he expects, he will return to Amarillo.

Good Luck.
I've sat all day on dia yere log
A fishing wid a big green frog
Ain't got a bite
And it's nearly night!
Such luck. I nebbber heer'd de like.
What's dat? Cork dacked out o's ight?
Wa'al at last I've got a bite!
Just see him pull my line away.
Just look, you see him flop I say,
Ah, how he pulls.
See dare! Upon de grass he lays.
Ain't been so glad for days and days.
Dis nigger ain't excited though,
But it's getting dark,
So I must go.—Kit.

When Germany first announced that she was waging a war of defense she never thought she'd see the day when the statement would be one of fact.—Macon Telegraph.

Notice of Probate Will.
The State of Texas, To the Sheriff or any constable of Randall county—Greeting:
You are hereby commanded to summon all persons interested in the estate of J. H. Waller, deceased, (by publishing this notice once each week for ten day in a newspaper of general circulation which has been published continuously and regularly in Randall County, Texas, for a period of one year prior to this date) to answer an application filed by Lou Waller in the County Court of Randall County, Texas, on the 20th day of May, 1917, to probate the will of J. H. Waller, Deceased, being No. 96 on the Probate Docket of said Court, alleging deceased died in Randall County, Texas, on April 15th, 1917, testate, possessed of property in said County and State of the probable value of Sixteen Thousand Dollars, and nominated applicant as Executrix, and provided no bond be required of her, and no action in County Court other than the Probate of said Will and filing inventory and list of claims, which will be heard by said Court at next regular term thereof on Monday, July 9th, 1917, at the Court House in Canyon, Texas, at which time all

persons interested in said will, may appear and contest said application if they see proper.
Herein fail not, but have you before said Court on the first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.
Witness my hand and official seal at Canyon, Texas, this 20th day of June, 1917.

T. V. REEVES,
Clerk County Court, Randall County, Texas.
I hereby certify that the above and foregoing is a true and correct copy of the original writ now in my hands.
WORTH A. JENNINGS,
—Sheriff, Randall County, Texas.
By **W. C. Black,** Deputy.

GIRLS! LEMON JUICE IS A SKIN WHITENER
How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth—no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.
Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this gossamer fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

You Want To Be Strong And Well
Keep your blood pure; that's the only way. Don't wait until you feel badly, but begin NOW. Impurities in the blood put unnecessary work upon all the organs, making weakness and old age come quicker. Do as Grandfather did; take S. S. S., the best of all blood tonics, proven for 50 years. Take it now; take it often, and you will have strength, health and happiness. At your druggist's.

TO ENLIST WOMEN IN FOOD ADMINISTRATION

Hoover Appeals To Housewives To Register Between July 1 and 15 for Service. Food Will Decide War.

Washington, June 17.—Herbert C. Hoover tonight outlines his plans for enlisting the Nation's housewives as actual members of the food administration and appealed to them to join him in the fight for conservation measures and the elimination of waste. The women will be enrolled during a period of registration from July 1 to July 15 through the Council of National Defense and the State Women's Councils.

Mr. Hoover is proceeding at the direction of President Wilson, who without waiting for Congress to enact the administration food bills, directed him to proceed with organization of the food administration in so far as it contemplates assembling volunteer effort.

"As requested by the President," said his statement, "we ask every woman in the United States engaged in the personal control of food to register for actual membership in the food administration, thus entering directly into the national service. We later shall ask various classes of men likewise engaged in food production and distribution also to volunteer to the Federal service—in their various branches.

Must Sacrifice for Country.
"We must enter a period of sacrifice for our country and for democracy. Many must go into battle, but many can only remain at home. The world's food supply is short and many must suffer. We have the major burden of feeding the whole world. Food must be managed and transported in our own country and to our allies in such a way as to get the most out of it. Those who remain at home

can also help and can fight by helping the fighter fight, and can 'serve by saving.'

"Since food will decide the war, each American woman can do a real national service by protecting the food supply of the nation. Ninety per cent of American food consumption passes through the hands of our women. In no other field do small things, when multiplied by our 100,000,000 people, count for so much. A single pound of bread saved weekly for each person will increase our supply of wheat 100,000,000 bushels and an average saving of 2c on each meal every day for each person will save to the Nation for war purposes \$2,000,000,000 per annum.

"The proper assurance of the food to our allies will not only encourage them, but it will maintain them in war. Without a larger margin from our abundant food supply, only to be secured by individual effort and volunteer sacrifice, the war will be prolonged and thousands of lives, not only of men, but also of women and children, needlessly lost. The guiding hand of women in the home can alone control in this matter.

Shortage of Supplies.
"Furthermore, this is not alone a war question. The high prices which are bearing so hard on the poor and the more moderate wage earners in this country are due partially to the shortage of supplies in the world's market, and the saving in consumption and waste which can be made will lessen the prices to those of our own people which must be our first solicitude. In all of the arrangements which we plan to make during the forthcoming year for the supply of our allies, we will bear the first regard to our people, that they shall have plenty, provided that they eat sensibly and without waste.

"Inasmuch as before legislation is completed the food administration has no representatives throughout the

country, the National Council of Defense is kindly requesting all State Councils of Defense, with the assistance of the women's committee of the National Council of Defense, to undertake the registration. This registration will begin July 1 and will continue for fifteen days, and will consist simply in asking every woman in the country to volunteer in this important service by mailing to the food administrator, conservation division, Washington, the following pledge:

"I am glad to join you in the service of food conservation for our Nation and I hereby accept membership in the United States food administration, pledging myself to carry out the directions and advice of the administrator in the conduct of my household, in so far as my circumstances permit."

Facts to be Recorded.
"We not only want the name and address, but we want the number of persons in the household; we want to know whether the household employs a cook, whether it has a garden, and we want to know the occupation of the bread-winner. There are no fees or dues to be paid. The food administration wishes now to have as members all of those actually handling food in the home.

"On receipt of the pledge we will send out preliminary instructions and a household tag to be hung in the window. The insignia of the food administration will consist of the national shield, surrounded by heads of wheat, and we hope to have the shield displayed in every home in the United States.

"We have the promise of support from many hundreds of women's organizations in the recruiting of our membership and the women's committee plan to take upon themselves much of the responsibility for this work. We feel confident that all the women's organizations in the country will fall in with the President's request and

actively organize and support our campaign. As time passes, we will need all such agencies to have their plans of campaign for pledging with the State Councils of Defense before July. We have six general principles of instruction:

Principles of Instruction.
"1. To save the wheat. If we eat as usual from our harvests this year we will have little more than enough for our own supply, but we can divide with our allies if each individual makes some sacrifice, by eating at least one wheatless meal a day, substituting cornbread or other cereals.

"2. We want to save the meat, for our cattle and hogs are decreasing and we must send to our allies, so we wish every householder to buy less, to serve smaller portions and to allow no waste.

"3. We wish to save the fats. We consume three times the fats that are necessary for nutrition and we need them now for war. We wish no butter used in cooking; we want less lard, bacon and other pork products used.

"4. Any deficiencies in food supplies, by economy along the above lines, can be amply covered by increasing the use of fish, potatoes, beans, peas, turnips, cabbages and vegetables generally, corn, buckwheat, rye and rice, which we will have in abundance this harvest.

"5. We want to save transportation. Our railways are unable to meet the war pressure for munitions, men and coal, so that we wish everyone to consume products of local origin so far as possible, to buy from the local miller, the local packer, buy and eat vegetables grown near home.

"6. We preach the want everyone to preach the gospel of the clean

plate, to buy less foodstuffs, to serve smaller portions and to see that nothing of value goes into the garbage can.

"Aside from eating an increased proportion of these commodities in order to save on the supplies, it is extremely important that any surplus of these commodities shall be preserved or well stored for winter use."

QUARTER INCH RAIN FALLS TUESDAY IN THIS SECTION

A quarter inch rain fell in the Canyon vicinity Tuesday evening, commencing at ten o'clock and continuing for more than an hour.

It is the first rain fall in this section since the big snow the first of May. The farmers are greatly concerned about the row crop, much of which is not yet up. The row crop that is up has not done much good on account of the exceedingly dry weather.

Templeton to Close Pastorate.
Presbyterian announcements, Sunday, June 24:

Next Sunday will be the last Sunday on which Rev. David H. Templeton will preach in Canyon as pastor of the Presbyterian Church here. The morning and evening services will be held at 11:00 o'clock and 8:30 Sunday School will be held at 9:45.

Headers in Wheat Fields.
J. E. Rogers was out in the southeast part of the county yesterday and states that he saw a number of headers in the wheat fields of that part of the county. The wheat is still a little green for heading, but many are doing this to avoid the dangers of a hail.

Mr. Rogers states that from the looks of things the crop is going to be much better than was generally expected. Many of the farmers believe that they will make nearly fifteen bushels to the acre, while the average will be around seven or eight.

Planning Auto Excursion.
Judge C. R. Flesher and J. C. Black the Canyon Business Men's Association to plan the trade excursion for the next Trades Day. It is planned to go southeast, visiting again the Weynside community, and the territory in east of Happy.

Don't Take It For Granted

Just because you are in business, everybody is aware of the fact. Your goods may be the finest in the market but they will remain on your shelves unless the people are told about them.

ADVERTISE

If you want to move your merchandise, reach the buyers in their homes through the columns of THIS PAPER, and on every dollar expended you'll reap a handsome dividend.
