

RED CROSS FROM RANDALL CO. \$900

C. D. Lester, treasurer of the Red Cross fund, sent to Washington yesterday \$900 which had been collected from the people of this city and community.

According to the daily papers the \$100,000,000 which the society asked was raised, and the announcement was made, all over that amount would be used exclusively for the Pershing troops in France.

The committee states that as accurate list as possible was kept of the donations, but that in the confusion of handling to many small amounts it is possible that a few have been overlooked.

The following is the list of contributors:

- \$100—Mrs. C. O. Keiser
\$50—J. B. Gamble
\$25—Mrs. J. B. Gamble, Mr. and Mrs. C. T. Word, Mrs. John Hutson, R. E. Baird, Jessie E. Rambo
\$10—Mrs. E. H. Ackley
\$7.50—S. B. Orton
\$5.00—C. L. Gordon-Cumming, J. W. Hancock, J. A. Wilson, H. S. Ford, City Pharmacy, J. M. Craig, S. M. Downing, Presbyterian Ladies Aid, Burrough & Jarrett, Holland Drug Co., Redfean & Company, Pipkin Grocery Company, Guthrie Garage, I. C. Jenkins, Levi Angel, T. V. Reeves, Canyon Lumber Company, Citizens Bank, First State Bank, Thompson Hardware Company, C. N. Harrison, Randall County News, H. J. Weber, C. R. Burrow, C. D. Lester, Clyde McElroy, F. M. Wilson, Albert Baird, S. E. Griffin, Annie McDonald, Winnie Lowrance, Jennie C. Ritchie, Mrs. W. C. Turner, Mrs. H. W. Stilwell
\$2.50—Mrs. J. W. Webb, J. M. Vetek
\$2.00—Nannie Johnson, A. W. Hamill, Mrs. R. L. Campbell, Walter Smith, W. J. Moore, Ralph Rusk, Hillard S. Fatheree, Fair Wiggins, Mrs. C. I. Wiggins, A. A. Campbell, Jean Nelson, Maud Shaw, Audrey Hall, C. W. Warwick, Mrs. H. W. Morelock, D. H. Templeton, Helen Evans, May Kelsey, Kate Gatewood, George M. Ritchie, S. L. Ingham, O. N. Gamble, T. C. Thompson, Dave Thomas, L. T. Lester, Mary Morgan Brown, Martha Bell, John Rowan, P. L. Britain, Mrs. R. L. Campbell
\$1.50—N. A. Croson
\$1.00—Jesse Williams, Mrs. R. W. Foster, J. A. Guthrie, W. W. Kuehn, M. S. Bishir, Joe Machen, Mrs. C. M. Ackerman, Ralph Ackerman, J. E. Walker, Mrs. M. C. Reeves, Mrs. I. C. Jenkins, Frank Stafford, Mrs. J. B. Turner, S. W. Lee, H. T. Shelutt, W. C. Turner, O. I. Smith, J. M. Vetesk, J. F. Lukosky, O. W. Condrey, G. A. Jones, S. V. Wirt, T. F. Reid, Sula Eakman, Chas. Harter, J. W. Kleinschmidt, J. A. Gober, E. Burroughs, C. Jarrett, J. P. Hicks, G. S. Ballard, S. S. Coffee, Ola Ridgway, Mattie Sharp, Joe Foster, Allie Reid, Ira Jenkins, Mrs. John Nickson, Gussie O'Keefe, Mrs. Guy Baker, Mrs. Walter Johnson, Melba Johnson, Gladys West, Elizabeth Dumas, Ruby Sparks, Elvia Pierce, Pearl Perman, Alberta Fullerton, Mrs. L. Angel, Mrs. I. N. Hicks, Ruby Moore, Mr. Tate, Mrs. Fronabarger, I. W. Johnson, Mrs. G. S. Ballard, Mrs. Wilford Taylor, Mrs. T. H. Rowan, Mabel Rowan, Mrs. D. A. Park, Mr. Henderson, Mrs. G. B. Palmer, Mrs. J. T. Wiley, Mrs. S. R. Griffin, Mrs. C. E. Flesher, Mrs. E. H. Powell, Mrs. Warwick, J. L. McReynolds, Mrs. A. D. Nixon, Hazel Nixon, Mrs. J. E.

EXEMPTION BOARD FOR COUNTY IS APPOINTED

ACCORDING TO THE DAILY PAPERS OF THIS MORNING THE EXEMPTION BOARD OF RANDALL COUNTY TO WORK UNDER THE SELECTIVE DRAFT NEXT MONTH WILL BE COMPOSED OF THE FOLLOWING THREE MEN:

- OSCAR SMITH
W. D. MORRELL
DR. D. M. STEWART

These men were appointed by the President, through recommendations of Governor Ferguson.

Winkelman, Paul Stewart, Mrs. S. M. Downing, Elizabeth Williams, Laura Williams, Mrs. M. O. Slack, J. B. Kleinschmidt, Mrs. F. M. Wilson, Jewell Frattton, Mrs. Jarrett, Millard Word, Mrs. J. G. Holland, Charlotte Ingham, Jennie Rowan, James Bailey, Ernest Atkins, L. C. Brown, L. A. Pierce, John McGill, Z. G. Fogerson, Worth A. Jennings, Jim Foster, George Leverton, Stella Rusk, Dora Agee, Mrs. Ford, Leah Ford, Mrs. Ed Harrell, Mrs. Pipkin, Mrs. Burrow, Mrs. Garner, Mrs. J. M. Redfean, Mrs. Luke, Mrs. Ely, Mrs. Templeton, Mrs. B. M. Orton, Mrs. S. B. Orton, Mrs. White, Mrs. Klienschenal, Mrs. Moreland, Mrs. Carl Coffee, Mrs. L. E. McDade, Helen Williams, Elych Frieze, Ethel Bader, R. B. Gousins, Mattie Swayne, Mrs. Bowen, Mary Cagle, W. E. Canyon at Ozark Trail

Scores of cars are going to Amarillo every day this week to take in the Ozark Trail meeting and the auto races. Randall county is well represented at the convention.

CHAUTAUQUA JULY 17-21

A great amount of interest has developed over the city during the past week over the Chautauqua program which comes to Canyon July 17-21. The sale of tickets has been good, although the committee have not pushed the sale as much as they will during the coming few days.

It is gratifying to know that a number of students in the Normal have heard the Chautauqua in their home towns before coming to Canyon, and all are high in their praise of the program.

JULY FOURTH PROGRAM

Fourth of July will be celebrated in Canyon in a very quiet way. The morning will be devoted to a program at the Normal auditorium and at 7 o'clock in the evening there will be a community sing of patriotic songs on the court house lawn.

B. A. Stafford has charge of the morning's program and announces the following program: Number of patriotic songs, Patriotic reading—Miss Mary Morgan Brown, History of the Liberty Bell—Prof. E. S. Sisk

Ring of the Liberty Bell—Ring of the Liberty Bell—Prof. Lee Clark.

Miss Kline makes the following announcement of the Community Sing: Wednesday evening, July 4th at 7 o'clock the community is urged to meet on the Court House lawn to sing old songs and patriotic songs. A stringed orchestra will lead in the singing. Everybody come and bring One Hundred and One Best Songs, or five cents to buy a book. JESSIE M. KLINE

YOUR CAR REGISTERED?

Have you registered your car? If not, it must be done by July 1st. You must mail your application to Austin by Friday, or stand liable to a fine. J. A. Guthrie has kindly gotten blanks from the state department and

is assisting auto owners in sending in their applications for numbers. Owing to the fact that Sunday is the first day of July, it is necessary that every car owner in the county who has not sent in his application for a number do so by Friday, or stand the chance of a fine.

Barton-Robinson Marriage Miss Leta Barton of Lipscomb and A. P. Robinson of Plainview were married yesterday afternoon at the home of the bride's parents at Lipscomb. Miss Barton was in the Normal last year, while Mr. Robinson was on the clerical staff of Redfean & Company until a few months ago.

Both have many friends here who extend congratulations. O. N. Gamble accompanied the groom to Lipscomb Tuesday for the ceremony. A daughter was born to Mr. and Mrs. Baker, northeast of the city on Monday.

Advertisement for The First State Bank featuring an illustration of a man with a telescope and a bank book. Text: 'Every dollar that the Careful Man Banks in his youth will increase a hundred fold to him in his old age.'

Here's a fact: that money you spend now is many times that money, because it is cheating yourself out of the profit that money would earn for you some day.

In other words, you are throwing away the "foundation" on which you could build a fortune. You are casting away the seed which would become a tree if planted.

Plant some money in our bank

The First State Bank Canyon Texas (The Only Guaranty Fund Bank in Randall County)

NATIONAL GUARD IS AFTER 8,000 MEN

This week a great movement is on in Texas to raise the National Guard of the state to full war strength. Besides the guard that has been in existence for years, four new regiments will be raised which will be added to the state's guard.

The old guard is now under Federal control. The new regiments will be mustered into Federal service on August 5.

For the young man who wishes to get into the army, the National Guard now presents a very desirable service, which means that he will be serving the country during the period of war, and have as efficient training as the man who goes into the regular army.

Men are wanted in every department of the Guard and wanted at once. The men who join this organization will be given an opportunity to choose the branch of work desired, whereas the men who are drafted under the new law will be placed where they are most needed.

Troop B of Amarillo needs additional men to fill up the troop. This troop is recruiting in Amarillo now. The only difficulty with the older organizations is the fact that all of the non-commissioned officers are now filled, and the men with a little training or ambition will not be able to receive promotion for a number of years. A new company of infantry is being

organized in Amarillo by Captain T. D. Barton. Captain Barton saw service in the Spanish-American war and has a number of years' experience in the National Guard of this and other states. His company, outside of the commissioned officers will be composed of recruits from the Panhandle country—all our neighboring town boys.

The News man saw Captain Barton in Amarillo Monday, and the Captain is very anxious to get a number of Canyon boys in the organization. Boys of eighteen will be accepted for the company. The Captain is not making statements regarding the appointment of non-commissioned officers, but he made it clear that the experienced men who may enlist from Canyon would be on an equal footing for non-com appointments. He would like to see eight or more Canyon men enlist in his company at once, and suggested that a man with experience get in touch with the boys and all of them join the organization in a body.

He is getting some fine looking chaps in the company, and the boys will make a record in the Texas National Guard. The boys of Randall county who come within the conscription age should think seriously regarding this new company as a large number of them will soon be called for service, and this is an opportunity to go with a bunch of their friends.

MISS KLINE WILL LEAVE THE NORMAL AFTER THIS QUARTER

Miss Jessie M. Kline has tendered her resignation as head of the music department of the Normal, to take effect after the close of the summer quarter. She is planning on studying during the coming year, or entering other lines of musical work than presented in normal schools.

Miss Kline has been connected with the Normal for the past three years and her work has been very successful. She has worked hard and faithfully in making her department one of the strongest in the school. She has devoted much time to the band and orchestra, and has had excellent chorus work.

Miss Kline has been very active in promoting the various student enterprises and has always been a great favorite with the student body.

Her work has not kept her from reaching out and devoting much time to the musical interests of the city, she having very successfully directed the Canyon Choral Club and taken much interest in the choirs of the town. She has added much to the general public gatherings through her inspirational singing.

One thing—if it may be confined to only one—will always keep a kindly remembrance for Miss Kline by the people of this community—the introduction of artists of national and world wide fame into Canyon. Two years ago it was the pluck of Miss Kline in tackling a recital under the most adverse conditions that brought Maud Powell to Canyon. Last year Julia Henrick was procured after Julia Culp cancelled her engagement. For these entertainments the people have to thank Miss Kline.

Wherever she may go, she may be assured that only the kindest regards for her are felt by the people of Canyon, and that their best wishes ever accompany her.

President Cousins states that he has in mind recommendations which he will make to the board of Regents

U. S. TROOPS LANDED IN FRANCE READY TO FIGHT

The first of the great American army that will go to France landed Tuesday, having crossed without being molested by the submarines. Together with the troops was a large amount of stores which will be used by the troops.

The American troops will be taken care of by this government so that they will not have to draw upon the resources of the allies.

Before many weeks our boys will be on the firing line.

AUTO PARADE TO AMARILLO YESTERDAY BLOWED UP

The parade which was planned to run over the South Line of the proposed Ozark Trail from Clovis to Amarillo, through Hereford and Canyon, blew up yesterday morning.

Canyon had done some little work in organizing for the occasion and Judge C. R. Flesher went to Hereford to pilot the parade into Canyon. A number of cars went out to Umbarger to assist Judge Flesher. There were a large number of Clovis cars and about one hundred Hereford cars, but they never got together. The road was lined for nearly two hours, but each fell ow was making his own parade.

A number of Canyon cars were waiting to join the parade, while some went on to Amarillo early in the day, and quite a number waited until afternoon when the saw that the parade was a thing of the past.

Steele Buys New Equipment.

J. G. Steele has bought an entirely new equipment for his Normal Barber Shop which was installed this week. The equipment is as sanitary as can possibly be made and one of the prettiest in this section of the state.

LISTEN Reducing the cost of living is purely a social economic problem. Therefore it is a proper one to be considered by men and women, not alone by men or women—it equally concerns both. It is not to be solved by shifting the burden from one set of shoulders to another—it is to be met by mutual and compensatory sacrifices and denials on both sides. BUILD YOU A HOME Canyon Lumber Co.

The Clouds Blow By

They'll all blow by, those clouds that seem
To hide the splendor of your dream.
They'll fade and fly before the light
That follows as the day the light.
Twill not be dark for long, for long,
White love decks life with light and song.

They'll soon blow by, soon disappear,
And where they float the skies will clear,
The sun shine out, the day be sweet,
And forth we'll go with dancing feet,
To find life's yoke of good and ill
Is measured fair to all men still.

The gloom will lift that haunts your heart,
We have our dreams; the dreams depart,
Our ups and downs, our griefs and cares,
But he lives best who plucks and shares
From life's blest service hope to make
The world seem best for dear love's sake.

You're feeling blue; you must not mind,
The world, with all it does that's blind,
Still treats us well; we should not lose
Our faith and trust or get the blues,
The tempest roars a little while,
And then the sunbeams sweetly smile.

They'll all blow by; those clouds that gray
The ambient beauty of your day,
The shadows fall, but not for long;
Behind them lurks the sunlit song.
The bloom, the cheer, the love God gives
Through which the whole creation lives.
—Folger McKinsey, in the Baltimore Sun.

STAR OF FILMDOM

Theda Bara.

Movie actress who is known to all followers of the silent drama through her portrayal of "vampire" roles.

Fifty Thousand Men Now Are Flying Over Europe

To the average American, the aeroplane still is a wonder, a miracle, a creation of magic. In Europe men have become so accustomed to it that children now talk of becoming "aviators" as they would be of becoming "policemen." Counting both pilots and observers, there are more than 50,000 men now in Europe in daily flights above ground. The number increases from day to day and before the war is ended it is possible that the number will have reached 100,000. A hundred thousand human beings taking to the air every day—and only six years ago Glenn H. Curtiss made his first long flight down the Hudson river—a wonderful feat chronicled in the press of the world.

Traveling by Parcel Post.

Though our parcel post is a wonderful system, enabling us to send all kinds of strange things by mail, the English system can do one thing which we have as yet not attempted.

An Englishman who was in a hurry to reach a part of London with which he was unfamiliar, called at the general post office to consult a directory. Upon explaining his case, the clerk gave him the startling information that he could go by parcel post for the payment of three pence a mile.

He was accordingly placed in charge of a messenger boy who took him to his destination. The boy carried a printed slip on which was written "Article required to be delivered" with a description of the parcel following.

Crookedest Railroad in the World

Up California's Tupalpais runs the crookedest railroad in the world. Of the eight miles of track the longest tangent is but 413 feet. In one notable instance the road makes five complete loops and ties two complete bow knots to attain an elevation of 90 feet. The end of the line is about half a mile higher than the starting point, and there is not one particularly steep grade in the entire system.

Horseradish Sauce.

Horseradish sauce is made by mixing in bowl a teaspoonful of mustard, teaspoonful of vinegar, half teaspoonful of salt, and a little pepper. Break on this mixture the yolks of two eggs and beat with an egg beater. Add olive oil until a thick sauce results, and then add a tablespoonful of grated horseradish.

POULTRY POINTERS

Turkeys do best when kept separate from chickens. If the two are kept together the turkeys are likely to take chicken diseases.

Watch for head lice on the chicks. If found, rub top of head with a small piece of lard free from salt.

Geese are probably the hardest of all domestic fowls, requiring less attention than cows or hens, and little or no outlay for buildings.

After the grass gets tough chicks can catch more bugs and worms and will grow better on loose soil. The cornfield furnishes ideal conditions.

Dried bread crumbs, cracker crumbs, milk, crackers and milk, parched oatmeal and curds will all prove very satisfactory for young turkeys.

People who fall in the poultry business are usually those who take it up as a fad and not for the purpose of making a living.

Avoid crowding by keeping in small flocks and by providing roomy coops. Thin them out if there are too many.

The farmer who says that hens are a nuisance generally speaks the truth as far as his own personal experience goes.

Clean feed for all kinds of poultry, young and old, is necessary for success. Filthy, moldy, musty or soured grain will cause digestive troubles.

Creed of the Knocker.

"I believe that nothing is right. I believe that I alone have the right ideas. The town is wrong, the editor is wrong, the teachers are wrong, the people are wrong, the things they do are wrong and they are doing them in the wrong way—anyhow, I believe I could fix things if they would let me. If they don't I will get a lot of other fellows like myself and we will have a law passed to make others do things the way we want them done. I do not believe that the town ought to grow. It is too big now. I believe in fighting every public improvement and spoiling everybody's pleasure. I am always to the front in opposing things and never yet advanced an idea or supported a movement that would make the people happier or add to the pleasure of man, woman or child. I am opposed to fun and am happiest when at a funeral. I believe in starting reforms that will take the joy out of life. It's a sad world and I am glad of it. Amen."—St. Louis Post-Dispatch.

Temperature of Trees.

It is not shade that makes it cooler under a tree in summer. The coolness of the tree itself is to be considered, since its temperature is about 45 degrees Fahrenheit at all times, as that of the human body is a fraction more than 98 degrees. So, it will be seen, a clump of trees cools the air as a piece of ice cools the water in a pitcher.

It is for this reason that municipal experts contend that trees should be planted in the tenement districts of large cities. If, they reason, the air can be made cooler and purer by trees, fewer children will die of heat ailments. As more city children die during the months of June, July, August and September than in any other period of the year the importance of the suggestion has received widespread notice.

Genius of French Army Cooks.

The world-wide fame of France as the motherland of chefs has been enhanced by the demands of war. The cuisine of the French army is far ahead of the best cooking in any other army. The "stom" of the American cook soldier is not to be compared with the savory stews served on the French front in appetizing quantities. This is not due to variety of supply, but to the native talent of the Frenchman, who was a cook long before he was a soldier.—Granville Fortescue in the Saturday Evening Post.

Notice of Probate Will.

The State of Texas, To the Sheriff or any constable of Randall County—

Greeting:

You are hereby commanded to summon all persons interested in the estate of J. H. Waller, deceased, (by publishing this notice once each week for ten days in a newspaper of general circulation which has been published continuously and regularly in Randall County, Texas, for a period of one year prior to this date) to answer an application filed by Lou Waller in the County Court of Randall County, Texas, on the 20th day of May, 1917, to probate the will of J. H. Waller, deceased, being No. 96 on the Probate Docket of said Court, alleging deceased died in Randall County, Texas, on April 15th, 1917, testate, possessed of property in said County and State of the probable value of

Sixteen Thousand Dollars, and nominated applicant as Executrix, and provided no bond be required of her, and no action in County Court other than the Probate of said Will and filing inventory and list of claims, which will be heard by said Court at next regular term thereof on Monday, July 9th, 1917, at the Court House in Canyon, Texas, at which time all persons interested in said will, may appear and contest said application if they see proper.

Herein fail not, but have you before said Court on the first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness my hand and official seal at Canyon, Texas, this 20th day of June, 1917.

T. V. REEVES,
Clerk County Court, Randall County,

Texas.

I hereby certify that the above and foregoing is a true and correct copy of the original writ now in my hands.

WORTH A. JENNINGS,
Sheriff, Randall County, Texas.
By W. C. Black, Deputy.

Facts that Must be Faced Now or Later.

The British drink trade has destroyed during the war sufficient food to have supplied the entire British army during that time.

If Great Britain had prohibited drink in August, 1914, she would today have had a surplus of food equal

Canyon City Club Notice

Members will take notice that the by-laws will be strictly enforced. You MUST secure a permit when you take guests on the grounds and otherwise comply with the written rules of the club or suffer the consequences for non-compliance. The directors have information that such rules are being violated and this is to inform you that such conduct will not from this time on go unpunished.

Permits can be obtained from the secretary, or from Mrs. Morelock, at their home.

The general public is also notified that the club has secured the exclusive rights to fishing privileges on the J. M. Meyers section adjoining the club grounds on the east and that trespassing either on the club grounds or on said Meyers section will not be tolerated.

By order Board of Directors.
 H. W. MORELOCK, Secretary.

to three months' supply, instead of being faced by near-famine.

The British drink trade has during the war wasted shipping space equivalent to one trip of 5,400,000 tons.

The British drink trade has during the war wasted labor equivalent to the idleness for 100 days of the entire United Kingdom.

The British drink trade has during the war resulted in a money waste equivalent to the last gigantic British loan of \$500,000,000.

Lost millions, lost food, lost labor, lost shipping space, lost men!

The vital question of the hour is: Are We GOING TO ALLOW DRINK TO DO THE SAME THING TO US?

To Cure a Cold in One Day
 Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 25c.

Murders and robberies are said to be frequent in Petrograd. But there is no need to conclude from that fact that Russia is about to blow up. Murders and robberies are not infrequent in Chicago.—Dallas News.

German reports are preparing the way for a great German victory by assuming that the latest British drive was aimed at Antwerp at the very last. —Springfield Republican.

Can Surplus Food But Use Jars and Cans Wisely.

Don't have an empty preserving jar in your home next fall.

Reserve regular tight-sealing containers for canning foods.

Concentrate products so that each jar or can will hold as much food and as little water as possible.

Put up jams, jellies and preserves in wide-necked glasses sealed with cork or paper and paraffin. Pack fruit juices in ordinary bottles.

Don't can anything that can be kept just as well dried or in other forms. Dry navy and mature Lima beans for winter use.

Produce in your garden lots of cabbage, potatoes, and root crops that can be kept for winter without canning.—U. S. Department of Agriculture.

I've noticed as I've walked about
 And tried to reason problems out,
 That no man on this good old earth
 Exactly fits his niche,
 That men are not like stones and bricks

Which into spaces masons fix
 With mortar or with pitch,
 But restless things, by dreams compelled
 To burst the bounds by which they're held.

And I recall the bygone day
 I heard my kindly father say:
 Unless you want the sterner tasks
 You lack the proper stuff;
 If greater duties you can't face,
 Then you don't rightly fill your place;

If your no bigger than your job
 Then you're not big enough.
 There is no just right place at all;
 You're either too big or too small."

I didn't understand it then,
 But father knew the ways of men,
 And he was trying hard to teach
 A simple truth to me;

That nobody e'er employ
 An easy-going man or boy
 That had no dream of greater things

He wanted me to see
 Said he: "No man is fitted for
 His present work who can't do more."

If you don't jam and overflow
 Your present post and yearn to show

That you have skill for greater things,
 Then you are much too small;

A better man should have your place.

You do not fill your bit of space,
 Your best work isn't good enough
 And you won't do at all.
 Your spot you can't exactly fit.
 You're too big or too small for it.

The humblest posts are filled the best.

By men who seek the greater test
 The men too big for places small
 Are those who quickly rise;
 The satisfied, contented man
 Will never do the best he can,
 Nor do his simple duties well
 Besides he never tries.
 With dreams your brain must never throb.
 You must be bigger than your job.
 —Detroit Free Press.

Prohibition Election Contested.

The result of the prohibition election to suit No. 10 of April 30, which resulted in a tie vote is to be determined in district court, according to suit No. 1008, filed Tuesday by Bailey & Richards, attorneys for the prohibition forces. The contestants enumerate seventeen instances of what they charge were illegal votes and cite three instances wherein prohibitionists were not permitted to vote on account of the polls having been closed before the time fixed by law.

The contestants are: Robt. Gill, O. H. Finch, L. L. Bartlett, J. M. Burrow, J. N. Johnson, C. C. Parker, J. R. Jenkins, P. M. Kelly, T. M. Wiggins, J. M. Gill, J. D. Howard, C. W. Delp, J. W. Moreman. Art Schlofman, as county attorney, was made the other party to the suit.

Service was obtained and the suit will come up at the September term of court.—Dalhart Texan.

Hereford Brand: Some one given to Epigrams has said in speaking of buying Liberty Bonds and in assisting in other ways in this war that we should give till it hurts. This sounds good as a slogan but in practice in many cases would yield little revenue in cases where we might expect most. For, with many old tight wads the act of giving even the smallest amount is a painful operation. A better Slogan would be "give till it quits hurting and becomes a joy." The fact of the matter is few people give away enough to embarrass them financially and the only time our giving hurts is while the act is in progress.

The Whole Family Would Enjoy This

Get your mind off the war, the butcher, the banker and the rent collector. Pull yourself out of the daily grind—and with a few days' let up, a few deep breaths and a short rest, you will get back into the harness FRESHER, and you'll feel better for it. The Canyon Chautauqua will give you a chance for a little easing up these hot summer days. Knock off some of the work and get under the tent for a good physical and mental bracer.

BROUGHT RIGHT TO YOUR DOOR

And there's the family, too. Traveling in hot weather isn't altogether pleasant, but a vacation BROUGHT RIGHT TO YOUR DOOR isn't bad, is it? The big music of this five-day festival of music ought to appeal to them. And if they "never liked lectures" the Chautauqua's got a surprise for them! And then there are the entertainment numbers, all these ten great programs for a few cents each. Remember a season ticket cuts the cost in half, and a season ticket bought now insures your attending all sessions.

The Chautauqua promises a world of delights for the young people—boys and girls, too. Not a dry or dull minute in it anywhere, but plenty of good, clean, wholesome entertainment and profitable instruction.

A WHOLE FAMILY AND COMMUNITY AFFAIR

The Chautauqua is essentially an affair for the whole family and the entire community. The committee's hope is to make it an event of special interest to father, mother and the young people. There are numbers on the program that will have a special appeal to the business man, the farmer, the lawyer, preacher, doctor, manufacturer, the clerk, the laboring man and the bank president. The mother will find many features especially helpful, and the boys and girls will get a little different look at life through these great inspirational numbers. And there will be entertainment for every one.

A profusely illustrated Chautauqua Herald and a program booklet have been issued that give full particulars, prices of tickets, description and list of talent and the program for each day. Wouldn't it be a fine thing to give yourself and the family a five day treat right here at home? Then get season tickets (Adults \$2.00, Children \$1.00,) and attend the

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

SUBSCRIPTION, \$1.50 PER YEAR

Floydada is badly peeved because the locating board of the West Texas A. & M. College passed them by. Of course, the board promised to give all towns a hearing, but the board was elected with full power to act, and if they made up their minds that Floydada and Spur and Crosbyton did not have proper railroad facilities it would have been a waste of time for them to go to these towns. The board eliminated Canyon because one state school was already located here. It eliminated Goodnight and Clarendon because it wanted to. In jumping into the game of politics or the location of a school, you must take things as they come and smile at the results.

Morris is in the race again for Governor. Earle B. Mayfield likewise. Other pros are looking toward Austin with longing eyes. The setting is looking better day by day for another anti to win. Lord forgive the foolish pros of Texas

Canyon has raised less than \$1000 for the Red Cross; Hereford nearly \$5000; Claude \$3700. How does the comparison look to you?

Would you allow a Canyon boy to

WHAT IS URIC ACID?

The Cause of Backache, Rheumatism, Gravel and Sudden Death.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its over-abundance in the system it causes backache, pains here and there, rheumatism, gout, lumbago, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and completely eradicate this uric acid from the system. He found "Anuric" 37 times more potent than lithia, and consequently you need no longer fear rheumatism, lumbago, pains here and there or many diseases which are dependent on an accumulation of uric acid within the body. Send Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10 cents for a large trial package of "Anuric" Tablets, or obtain a 50c. package now at your druggist.

lay at your door, suffering, wounded and bleeding to death, his life having been sacrificed that the hands of a murderer might not come into our home and take your life, or the life of one in your family? Hardly, you would empty our purse to save his life, and then borrow every cent you could. Some Canyon boys will soon be on the battlefields of Europe, protecting you and your interests. You may close your eyes and try to deny the fact—but they are fighting that you might live in peace—that our home might be safe from the wreck and ruin that follows war—that your wife and your daughter may be saved from the horrible and unspeakable insults of the German, as have the women of Belgium and France. Are you willing to help save these boys. The Red Cross is the only means by which you can be of any assistance to them.

The coal situation promises to be terrific during the coming winter if the government does not take charge and see to it that decent prices are asked by the operators. With practically no increase in costs of operation coal threatens to be twice as high as it was last winter. The cheaper coals, as used in the power houses is now three times as high as it was a few months ago. But why worry about coal with the thermometer hovering about ninety in the shade?

Was your purchase of a Liberty bond patriotic. Yes, in a way, but if you had not given, Uncle Sam would have taken as much as your property as he needed to carry on the war. Are you still patriotic? The Red Cross is a real means of patriotism. Do your duty now

The man who is too stingy to give to the Red Cross fund, has no need to worry about his soul's welfare. His ticket is already made out but his soul is too small to fry long.

Canyon's Red Cross contributions are not what they should be. What are going to do about it?

The state tax rate will be about 59.4c this year. The cost of government is high nowadays.

Randall county must increase her Red Cross fund, and at once. Will you do your part?

FOOD SAVING DAY.

(From Southwest Plainsman)
Sunday, July first, has been designated by Herbert Hoover, our Food Administrator, as "Food Saving Day." All ministers are being asked to preach upon the subject of food conservation and impress upon the people their obligation to humanity in saving food.

"Save the food and win the war" is more than a passing phrase. It means just what it says. Mr. Hoover is thoroughly conversant with the food situation abroad as well as at home, and says most emphatically that food will decide the war. Doubtless many of us have thought of the matter in a more or less desultory way and possibly cut out beefsteak as a concession to our consciences but we are going to have to do more than that.

We have been accustomed to load our tables—and likewise our stomachs—with the greatest variety of food procurable and a table without this wasteful display does not come up to our ideas of good living. We are going to learn that we can live and live well, without it and the sooner we start on our campaign of cutting out the waste, the better.

The farmers of the country have done their part in increasing the acreage planted this year. But there have been storms and unfavorable conditions all over the country and the yields will not be as great as usual, in spite of the increase. It is now up to the women of the country to come to the rescue with the conservation of what food stuff we have on hand. A pound of bread

Why That Lame Back

That morning lameness—those sharp pains when bending or lifting make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Canyon resident's example.

Mrs. A. R. Crank, Evelyn St., Canyon, says: "At times my back has been weak and has ached constantly. My kidneys have been disordered. I used to be bothered this way terribly until I began using Doan's Kidney Pills. Now it is only seldom that I notice any of these symptoms and when I do, I use Doan's Kidney Pills and always get good results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Crank used. Foster-Milburn Co., Props., Buffalo, N. Y.

saved weekly for each person in this country would give us an additional hundred million bushels of wheat at the end of the year and a glance into the garbage cans or swill pails reveals many a pound thrown out because it was just a "scrap". Many another pound is fed to a bunch of perfectly worthless cats and dogs that might a great deal better be "Osterized."

It goes without saying that there are many valuable dogs and cats in the country but there are many more than are utterly worthless but are allowed to drag out a miserable existence and multiply their species because the people are too tender hearted (?) to dispatch them to their "Happy Hunting Grounds".

When it comes to conservation, there are thousands of ways that will occur to the thoughtful person in which our food resources may be saved for human consumption. Millions of bushels of grain are annually burned in warehouses and elevators entailing an economic loss that might be prevented by more watchful care on the part of those in charge. Millions more are carried down rat holes and the toll from this cause could be stopped if a concerted movement were inaugurated to rid the country of these pests. When it was discovered that the rat carried the germs of bubonic plague, England succeeded in ridding Calcutta of the rodents and it has been accomplished in other sections.

"Save the food and win the war" is a slogan that should be impressed upon every man, woman and child in America. Let nothing eatable be wasted and we shall have taken a long step in feeding ourselves and our allies—and incidentally winning the war. Are we going to let waste lose us the victory?

Annual Meeting in Austin.

President R. B. Cousins goes to Austin Friday where he will attend the annual meeting of the Board of Regents for Normal Schools on Monday.

Mr. Cousins will spend Sunday with his son, Captain Ralph P. Cousins, who is head of the military affairs of the state university and instructor of aviation.

It will be of interest to Canyon people to note that of all the men who completed the aviation course in California a few weeks ago, Captain Cousins is the only one who is not now in France. His appointment to the state university is possibly the only reason why is not doing duty there now.

It took him just as he went up over the trench parapet—took him full in his bare and muscular throat. It was hardly bigger than one of those rubber erasers tinned to the ends of lead pencils. But with the driving power of high energy powder behind its steel-jacketed nose, it was an altogether competent and devilishly capable

agent of destruction. He lay quite still, a few yards ahead of the trench, where his rush had carried him. The morning drew toward noon. :: With night came the beginning of his torment. First it was thirst, then fever, then delirium. Always his spilling wound burned and throbbled. Even on the second night, with the rain beating down upon him, it glowed like a kiln. By the third day his agony spoke in screams. : A stretcher party found him and trundled him away, down through the line of Red Cross units, from dressing station to field base, eventually to Paris. :: He was French, but he was fighting our fight. He was French, but a few months from now his counterpart may be American. There are bullets enough for all. He may be a boy you know, perhaps a neighbor's boy, even your own. Fighting our fight. Will you help him, when our fight has broken him, to fight his? Will you help him, when his young body and vital force are spent and shattered, to retrieve what he may?

Give something to the Red Cross. It is the wounded soldier's truest ally. It is his hope. Give one dollar, five dollars, a hundred dollars, if you can. Do your part. If you cannot go, you can give. Those going are giving immeasurably more. There is a local

RED CROSS

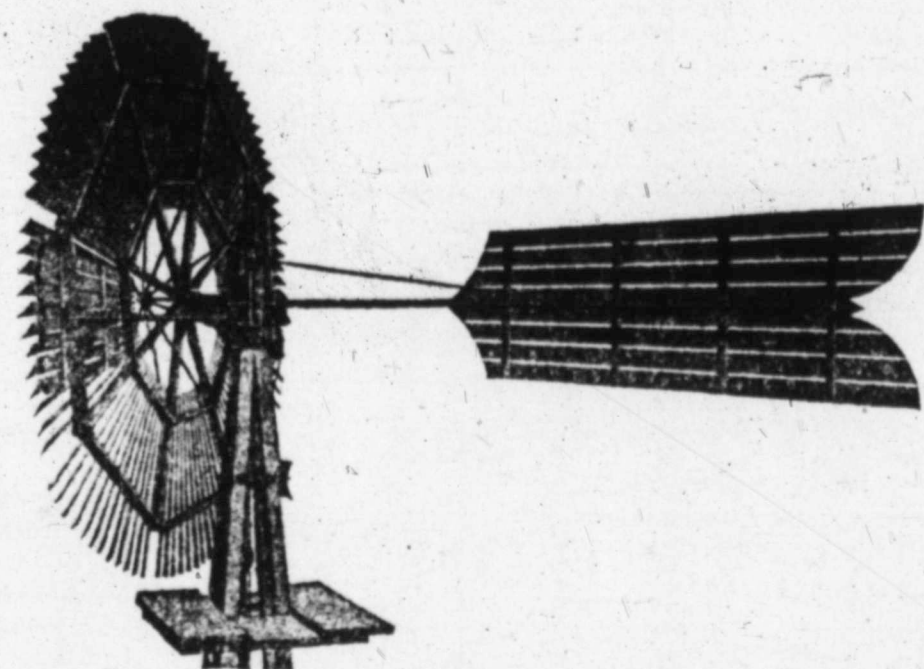

Chapter near you.
Send something to it today.

Honor Guard Thanks Mr. Ford.

The Girls National Honor Guard extend their heartiest thanks to Mr. Ford, manager of the Olympic Theatre, for the help he has given them. He gave the greater part of the proceeds

from one of his best shows and they greatly appreciate his kindness. This money was used to pay for a Liberty Bond, and other patriotic purposes. While helping us to be helpful to our country, Mr Ford was "doing his hit" also.

Equalizing Taxes.
The commissioners court was in session Monday meeting those who had been notified that their assessments for this year had been raised by the court at the meeting two weeks ago.

LOCAL NEWS

J. F. Hughes has sold his residence to A. L. Foster of Tulia, who will move to Canyon within a short time. Mr. Hughes will not leave the city.

Mrs. George Abbott is here from her home in Haskell, called by the serious illness of her son, Leo, who came to Canyon a few weeks ago to spend the summer.

R. R. Alexander of Nacona was in the city Friday and bought 400 acres seven miles southeast of town.

Pres. and Mrs. R. B. Cousins, Wayne and Miss Wright drove to Amarillo Monday.

John Knight and W. H. Younger were in Amarillo Monday.

H. W. Stilwell and family and B. A. Stafford drove to Amarillo Monday.

A son was born to Mr. and Mrs. T. H. Parvin Friday at the home of Mrs. Parvin, Mr. and Mrs. W. E. Bates.

A son was born last week to Rev. and Mrs. F. M. Neal at their home in Amarillo. Rev. Neal was formerly pastor of the local Methodist church.

Miss Hamner and friends of Claude passed through the city Friday from Wayneside where they had been soliciting funds for the Red Cross. The people of Claude and Armstrong county are awake to the needs of the Red Cross, and proposed to raise in the county \$3,700, which is one dollar for every man, woman and child in the county. Committees visited every community outside of Claude, getting subscriptions.

Miss Ernee Conner left Monday for El Paso where she will visit for some time at the home of her sister.

Buck Grundy of Kress was in the city last week.

LOCAL NEWS

Miss Erma Guenther is home from Moulton where she had a very successful year's work in the public schools. She will teach there again next year.

Editor and Mrs. Guthrie of Hereford were here Saturday visiting with their son, Paul, who is in the Normal this summer.

Miss Malone was taken to Dallas Friday for medical treatment. It will probably call for an operation. Her many friends in Canyon and the Normal trust she will soon recover.

Mrs. F. M. Lester is visiting this week at the Knight home in Plainview.

Paint, Glass and Wall Paper—a full and complete line of each. Prices are right. Call upon S. V. WIRT. tf.

Miss Ina Gordon of Plainview was in the city last week, visiting with her month friends.

Mr. and Mrs. L. A. Knight of Plainview were guests at the Lester home last week.

Louis and Thad Lair, of Amarillo, visited in the city Sunday.

A. L. McCann left Monday for Clay, Kentucky.

Jno. T. Holland went to Happy Monday morning where he will assist his son, Hugh, with the wheat harvest.

Rev. and Mrs. J. W. Mayne left on Tuesday for their home in Snyder after visiting two weeks at the home of Mr. Mayne's mother.

Elmer Prichard left Monday for a two weeks visit in Montana. His wife went up two weeks ago.

D. T. Davault has bought the P. H. Young residence in the south part of town.

LOCAL NEWS

G. B. Cass of Tulia visited last week at the home of his sister, Mrs. R. McGee. Cass McGee returned home with him to remain during the summer.

Mrs. Lee Burgess and daughter, Mrs. Starr left Sunday for Chicago where they will be for several days.

R. L. Wesley and D. F. Merrill registered Fords this week with County Clerk Reeves.

The families of W. J. Flesher and D. A. Park spent Sunday in Amarillo.

Canyon City Chapter E. O. S. will meet in regular session Thursday June 28, 8 p. m.

Margaret Winkelman, W. M. Bertha M. Arnold, Sec'y.

Miss Teague was an Amarillo caller Tuesday.

Miss Clara Baird was in Amarillo Tuesday.

Mr. and Mrs. C. W. Warwick were in Amarillo Monday.

Mr. and Mrs. Flake Garner returned to Plainview Monday after visiting in this city.

G. G. Foster was called to Greenville Monday by the illness of his mother.

Pass the food-control bill while there is something to control.—Wall Street Journal.

CLIP THIS AND PIN

ON WIFE'S DRESSER

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.

Happy Happenings.

We are still having dry hot winds that are ripening the grain fast. Farmers are busy cutting wheat. Gardens and row crops are suffering for rain.

Last Sunday afternoon a few of the ladies met at the church and organized a ladies' Bible Circle and elected the following officers: Mrs. Weaver, leader; Mrs. Finley, President; Miss Grace White, vice president; Mrs. G. Wooten, Secretary-Treasurer. They will meet Wednesday evening at 3:30 P. M. with Mrs. J. M. Evans every body is invited to attend. Lesson, Act, Chapter 1.

Dr. McElroy, Mr. Money and Howard Stephenson spent Sunday in the canyons.

Rev. C. W. Rose is able to be out some this week.

Bill Anderson has sold out his interest in the meat market and cold drinks stand to Geo. Warrher.

Mr. and Mrs. Chauf Montgomery have moved in their new house.

A collection was taken last Sunday at Sunday School for the Red Cross and \$82.50 was raised. It has since been raised to \$167.50.

P. J. Neff has enlarged his elevator to get ready to handle the grain crop.

Dr. McElroy, Howard Stephenson and Mr. Money went on a fishing trip Tuesday.

Mr. and Mrs. S. T. Whitman and sons visited relatives in Canyon Sunday and Monday.

George Dalton is visiting his Uncle O. M. Dalton and family.

Miss Ruby Gano of Canyon is visiting this week at the homes of her Uncles, S. C. and S. T. Whitman.

Mrs. Starks, deputy of the Eastern Star was here last Monday and elected officers in the lodge here.

Independence Day Should be Observed

In Solemn Manner.

Washington, June 24.—A plea that Independence day be observed this year with a solemnity reflecting the sober determination "of a democracy at war for its ideals and its existence," was made in a statement issued today by the public information committee.

"Noise and useless illumination and unthinking celebration have no proper place in time such as these," said the statement.

"Every organization should cooperate to make it such a celebration as will carry to every home the gravity of issues that strike to the root of the nation born 141 years ago and dedicated to freedom."

Making of U. S. Big New Army Moves Rapidly; Draft in July.

Washington, June 24.—By giant strides the tremendous work of preparation for America's armies are going forward this week.

The big outstanding developments were:

Award of contracts for the last three cantonment camps. With this action the sixteen temporary homes for the first levy while in training for the trenches are under way. Already construction had been started on some of the huge camps.

Completion of the personnel of the local exemption boards of thirty-six states. Provost Marshal General Crowder notified the governors of these states that the lists were ready.

Others will follow within a few days.

Announcement of the method of formation and duties of the local exemption boards.

Arrangement by the Council of National Defense with textile manufacturers to furnish at once 50,000,000 yards of duck for tents and truck coverings.

Conferences of the Council of National Defense with lumber magnates to arrange for furnishing hundreds of millions of feet of lumber for cantonments.

Meetings of war department officials with big plumbing and water and light supply system men to facilitate installation of these utilities in the camps.

Conferences with scores of railway officials to plan for quick transportation of the men to the camps after the draft and the national guard to their training camps.

tion of the men to the camps after the draft and the national guard to their training camps.

Postponement of the call for the national guard in Aug. 5, to allow the completion of the draft before the guard movement begins. Offer of manufacturers to furnish cloth for one million uniforms.

Arrangement to import 45,000 bales of wool from Australia for the use of the army.

In scores of foundries and mills throughout the nation equipment of the army is being manufactured. More than 3,000,000 pairs of shoes are being turned out in the busy mills along the eastern seaboard. The woolen mills in New England are humming with the manufacture of 5,000,000 pairs of socks.

In the steel mills steel for the rifles of 500,000 is coming.

Still others are at work on a thousand and one articles of modern warfare.

At the capital, nerve center of all this activity, everything is ready for the drafting of the new army.

After puzzling for weeks to find and adopt an equitable method the system of singing out the "honor men" is settled. Each registration card is numbered. On a day to be fixed by President Wilson the lottery in Washington will draw out the numbers.

Every man in each precinct of the country holding this number is drafted. Afterward he advances his claim if any, for exemption.

The method is called politics-proof. It cannot be tampered with. The exemption boards, completed by General Crowder today, include 20,000 men. In most cases they are the same as the registration boards. This idea was fixed upon to avoid political fights over the appointments as the registration boards were chosen without political consideration.

Every energy of the war department is straining to furnish the preliminaries for the actual drawing by the first week in July.

A Plea for the Small Church.

The uselessness of the unnecessary small church in an overchurched community has been insisted upon of late in religious journals of every denomination. Plans for abandoning the weaker churches and for forming strong union societies have met with wide-spread approval. But The Herald and Presbytery (Cincinnati) comes to the defense of the struggling little church. It is not necessary, it protests, to "abandon a church because some are larger." And the Presbyterian weekly proceeds with this word to those "chronically impatient" with churches that lack large proportions:

"We might as well understand that we can not have all our churches large and wealthy. The population is such that large numbers will not be in the membership of the church at certain places. Yet the people may be choice spirits, intelligent, loving, and clinging to the Presbyterian Church, reared in it and wishing to rear their children in it, living in it and wishing to rear their children in it, living in it. To be compelled to leave it would be a grief and bitterness to their hearts."

"It is not necessary to the existence of a Presbyterian church that it shall have a costly building, an elaborate and stately service, an eloquent and startling preacher, a crowded and overflowing sanctuary. But it is necessary that there shall be loyalty to God's Gospel, an earnest and loving preaching of the truth as it is in Jesus, and a reverent waiting upon God. It is not necessary that, in every case, there should be several services every Sabbath. Sometimes a scattered congregation is comforted and vitalized by less frequent services, if they be vital with the life of God."

"Out of some of these small churches come many young people to be ministers and missionaries and Christian workers in many lines of effort. Our large and wealthy and fashionable churches do not furnish many ministers and missionaries. If it were not for the little churches as recruiting stations we might almost despair of getting officers for the Lord's army. It is a matter of mighty importance that we sustain these little churches if it were for no other than this one very manifest reason."

"Let us not be too impatient with the small churches and to ready, at the call of the impetuous, to destroy them. They have an important place to fill and a large work to do. The hearts of many persons in the city churches and the city pulpits turn back to the little brown church in the dale," and thank God that in it they were led to know and love the Lord. Let the little brown church be nurtured and let those who love it have the occasional opportunity of gathering within its beloved walls that there they may worship him whom their souls love."

What Do You Know About Your Blood Supply?

Your ignorance may startle you. Few people know of the many functions of the blood supply, and just how important it is that it be kept absolutely free from all impurities. The health of the entire body depends upon the condition of the blood. You are invited to write and obtain a booklet that gives you some invaluable information on this important subject. It tells how to keep the blood strong and free from the many impurities to which it is constantly subject. It gives the history of S. S. S., the world's most successful blood remedy, which has been sold for more than fifty years by druggists everywhere. This book will be sent free to all who write to Swift Specific Co., Dept. A Atlanta, Ga.

Activities of Women.

Lancashire, England, has a women's police department. Women now run lathes in the Erie Railroad Shops. Rumanian women have been promised universal suffrage. Mrs. Anna Broughton of Towson, Md., is 100 years old. Three of every four German non-agriculturists are women. The Japanese women are seen at their best in their own home. Women among the "Celtic" race of Japan wear mustaches. In most of the German seaports women are employed as stevedores. Miss Mary Travers is a railroad crossing watchman at New Albany, Ind. Clara Kimball Young, the motion picture star, receives \$1,000 a week salary. The female population of British India is nearly 119,000,000. Women are now employed as car couplers and smitchmen on the Paris underground railways. Compulsory national service for women in Germany may be extended to agricultural labor. Lillian Russell, the actress has organized a woman's defense league to train women to shoot. South Jersey farmers are compelled

to employ women to help them save their crops. Henderson, N. G., has a woman as a member of the Chamber of Commerce board of directors. Women street cleaners in London have proved so efficient that it is proposed to employ more of them. Queen Elizabeth of Belgium has been decorated with a new medal just created by the Belgian government. Miss Helen Taft, daughter of former President Taft, has been chosen dean of Bryn Mawr College. The proposed employment of women, as conductors on the street cars is being opposed by the Carpenters' Union. The street car companies of New York City are entertaining the idea of employing women as conductors. Female yeomen in the United States Navy will receive the same pay as the men acting in the same capacity. Of the 4,160,315 women qualified to register at the last election, 47 per cent cast their ballot for President. If the present measure now before the British Parliament becomes a law, over 6,000,000 women in that country will be entitled to vote. English women released 37,000 men from banking houses, 41,000 men in transportation work and 177,000 in the Government employ.

Women are now employed in the reclaiming shops of the Baltimore & Ohio Railroad, where they will be obliged to sort scrap iron. The United States Department of Agriculture is planning the enrollment of several thousand women for work on the farms in this country. Mrs. May C. Eaton has invented a mechanical device for raising submarines after they have been sunk and are unable to rise to the surface by their own power. Miss Ruth White, daughter of John M. White of the Federal Shipping Board, is congressional secretary of the National American Woman's Suffrage Association. Because all the reports on the Tulsa, Okla., newspapers have enlisted in the army or navy, it has made it necessary to employ young women to act in their places. All the Eastern railroads have taken steps to provide for the use of women in every place that they can suitably perform the duties of positions formerly filled by men. In Boston women have been listed for mobilization and 1,500 of them are ready to man street cars just as soon as the men now holding these jobs are called to the service of their country. The employing of forty women to ingrate the places of men in the car cleaning department of the Northern Pacific Railroad in Tacoma, Wash., is likely to cause a strike among the employees. Miss Orpha Moss, who has just been appointed traveling passenger agent of the tours of the Chicago & Northwestern and Union Pacific systems, is the only woman in the country bearing that distinction. In recognition of her activities in gathering statistics on the high cost of living and its efforts on the life of a policeman, the Brooklyn Patrolmen's Benevolent Association has presented Miss August Johnson with a handsome gold watch. For the first time in the seventy-eight years' history of the Protestant Episcopal diocese of Missouri, a woman has been granted a seat as a delegate to one of their conventions. The recipient of this distinction is Mrs. J. K. Brennan of Louisiana, Mo.

Motherhood

The expectant mother should not fail to do those things which keep her a healthy and pretty mother. Thousands of women have used the tried and safe external preparation, "Mother's Friend". The tendency to morning sickness is avoided, the abdominal muscles expand naturally and easily when baby arrives and the inflamma-

tion of breast glands is soothed. This is sure to make for less pain at the crisis and the form is preserved. Get a bottle from the druggist today and write for illustrated book, "Motherhood and the Baby". It is free. Simply address The Bradford Regulator Co., Dept. B, 200 Lamar Bldg., Atlanta, Ga.

Religion, Withstanding Cynicism, Has Survived Through the Ages. Go to Church.

A GREAT number of the people who GO TO CHURCH are men and women with the WISDOM OF YEARS AND EXPERIENCE. Many young people who seem to REJOICE WHEN THEY ARE CALLED CYNICS, not only fail to GO TO CHURCH, but flippantly refer to the movement. One great writer said, "WHO ARE A LITTLE WISE THE BEST FOOLS BE." Another said, "A LITTLE LEARNING IS A DANGEROUS THING." Churches have survived through the ages. One hates to think what would become of this world without churches and religion. The churches TEACH RIGHT-FOUNESS. And yet these people who are disposed to take lightly this splendid GO TO CHURCH movement. Happily they are in the great minority, and it is certain that they will soon be moved by the AWAKENING OF RELIGION over the land. In many churches in the west preachers report a SPLENDID ATTENDANCE OF YOUNG PEOPLE. THE DAY IS GONE WHEN IT CAN BE SAID THAT THE CHURCH IS ALL RIGHT FOR OLD WOMEN AND CHILDREN. GO TO ANY OF THE GREAT CITIES IN THE COUNTRY AND NOTE THE REAL BIG MEN, THE MEN YOU'D LIKE TO KNOW, AT DIVINE SERVICE. THEY ARE PROUD TO BE SEEN IN CHURCH. NO, INDEED, THE CHURCH IS NOT FOR THE OLD AND THE WEAK. IT IS FOR THE YOUNG AND STRONG. IT IS FOR EVERYBODY, FROM THE HIGHEST TO THE LOWEST. PRESIDENT WILSON HAS EMPHATICALLY GIVEN HIS APPROVAL TO THE GO TO CHURCH MOVEMENT. If you are one of the young men who has been reached by the GO TO CHURCH appeal and now regularly attend church, you are to be commended. But you can do more. You can induce that frier 1 of yours who is inclined to cynicism to join the GO TO CHURCH throng. Argue with him. Plead with him. Show him the right way. If you do this, you'll be doubly rewarded. Get him to GO TO CHURCH next Sunday. Get him to GO EVERY SUNDAY.

He Knew. A member of the Nebraska legislature was making a speech on some momentous question, and, in concluding, said: "In the words of Daniel Webster, who wrote the dictionary, 'Give me liberty or give me death.'" One of his colleagues pulled at his coat and whispered: "Daniel Webster did not write the dictionary; it was Noah." "Noah nothing!" replied the speaker. "Noah built the ark."—Exchange. **Catarhal Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. **Catarhal Deafness** is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surface of the system. We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, The Catarrh Cure, F. J. CHENEY & CO., Toledo, O.

Open Letter to Pixy Wilson. Oh, Woody, dear, and did ye hear The noise that's going round? We are rising by ten thousands And we're ploughin' of the ground! We are droppin' in the corns and beans, We are plantin' wheat for all, We are mobilizin' turnips, too, An' answerin' the call— Your Antie Sam is makin' jam For all the boys to eat, And when she gets her dander up, You know she can't be beat! She's bossin' all the folks about, The farm's no home at all— It's just a mobilizin' camp For answerin' the call! So, Woody, dear, ye need not fear, The country's coming strong, You can hear the factories' whistles, You can hear the dummy's gong, You can hear the crops a-sproutin', You can hear the seedlings say, "We'll do our bit to-day!" Your Uncle Sam says, "Here I am!" We're marching everywhere; We are plantin' beets an' bayonets, O, we're hayseeds in our hair! But we're marchin' to the music Of a lasting peace for all— With our reapers and our muskets We are answering the call. A. C. in Chicago Tribune.

Milano Serenaders are Versatile

In the programs of the talented Milano Serenaders, who are to open the Chautauqua, will be introduced a very interesting and entertaining special feature—the Xylophone Quartette. The Milano Serenaders are a company of six versatile musicians under the direction of Sig. Pindaro Castellucci, formerly conductor of one of the U. S. Navy Marine Bands. They play a great variety of instruments, and are depended upon to give the Chautauqua the proper send-off on the opening day.

Powell Fights For The Home Town

Stirring Community-Building Address For First Night of the Chautauqua

There is nothing arm-chairy about Ernest J. Powell, Chautauqua's Community Development man, who lectures here on the opening night of the Chautauqua. Powell is a man of deeds—the best man a town could get when it feels the need of a stick of dynamite to loosen things up. For all makes the business of town-building, of improving the business, social and educational conditions the most vividly interesting subject you ever listened to. Powell is sure-fire, because he is loaded. Not alone a practical man, with an insight that lends a punch to his methods, Ernest J. Powell is a platform speaker of true originality. Crisp, witty, intensely dramatic, animated throughout with a keen sense of wholesome good humor, each word is a hammer-stroke on the nail he is driving home. He is a man to take notes from. Powell's subject will be "The Home Town," a plea for community success through community loyalty. Powell's remarks leave one tingling with a sense of power to do anything, and to do it now. Hear him at the Chautauqua on the opening night.

Distinguished Author-Lecturer To Speak Here

Dr. D. T. Robertson always talks straight from the shoulder and believes what he says. He is a virile force, a rugged and vigorous man, and his personality is paramount in everything he says and does. He has had wide experience on the lecture platform, has big natural gifts for such work, is a rapid-fire thinker and has the faculty of making things move. Dr. Robertson is likely to say things in his Chautauqua address that will jar you a little. He is not afraid. He wades right in. He believes that every man has a right to his opinion and he is out and out with his own. He is a great orator. Dr. Robertson is an original genius and a writer of books; he has traveled much and knows the ways of the world. Hear him in his lecture "The Mutations of a Dollar" on the second day of Chautauqua in the afternoon. It will be a great occasion and a great opportunity.

FOR HEAT WITHOUT SOOT GET CHANDLER COAL

If I were a customer ordering Canon City Coal they would have to SHOW ME CHANDLER COAL

Nothing "Just as Good" appeals to me; because I know what Chandler is. All coal—no Soot—Less Ash—Most Heat.

Delicious
Candies

We Can Please Every Taste

The man who is particular about the cigars he smokes is also particular about the candy he gets for his loved ones.

We carry the leading local and the nationally advertised cigars and candies. And we keep them fresh to insure their tastiest flavors.

We can furnish any kind of cigars or candy in large quantities for special occasions at particularly attractive prices.

Whether you spend a dollar, a dime, or merely your time, we're always glad to see you.

BURROUGHS & JARRETT

The New Auto License Law.
The Beaumont Enterprise of the 13th inst has the following on a subject that will be of especial interest to automobile owners just at this time:

"For the purpose of conferring with the new state highway commission relative to the enforcement of the automobile license law or highway act, which becomes effective July 1, County Clerk, J. R. Jefferson left last night for Austin. There are many defects in the law and features that are not clear and it is to straighten these out and to petition that an agent of the commission be named in each county in the state that Mr. Jefferson, who is the president of the County and District Clerk's association of Texas, is visiting the capital.

"The new law affects every automobile owner in the state and makes many drastic changes in licenses, numbers, lights, etc. Under its provisions the highway commission and

not the county clerks issue licenses and numbers, and the law does not provide a means for the operation of autos between the time application for a number and license is made and the arrival of the number from Austin. It is feared that unless some action is taken to remedy this defect, there may occur a "hiatus" during which automobile traffic throughout the state would cease, for old licenses and numbers expire June 30 and unless leniency is extended and the old number permitted to be used until new numbers can be secured, automobiles can not be used.

"Mr. Jefferson said he will see that all complaints be made known to the commission, so that licenses and numbers may be issued by heretofore. He estimates that the work of the commission will thus be greatly facilitated, for he said there are approximately 40,000 automobiles in the state. One man can not register more than 100 automobiles in a day, he said, so it can easily be

seen that since all automobiles in the state must be renumbered, the task is a gigantic one and will require weeks of work by a large corps of men unless some provision is made for the automobiles within its confines. He said the offices of county clerks are open every day in the year, even on Christmas day, for a few hours at least, and that the county clerk is the logical man to serve as agent for the commission.

Under the new law the name of the owner, his or her address, the serial number and make of the car, the number of the engine, the make of the engine, the size, horsepower and cost of the car and various other information must be secured, thus requiring considerable time and labor in the issuing of a license. There must be a separate number for each car, and the old practice of having two or three automobiles and but one number will be eliminated, except in the instance of dealers, who may have one number for five cars.

Price of license is based upon the horsepower of the car, ranging from \$7.50 a year up. In addition a federal license or tax must be paid. State licenses cost 35 cents a horsepower. Motorcycles will be licensed at \$3 each. Automobile trucks are licensed according to the carrying capacity of each wheel. Trucks of certain capacity, calculated to tear up roads, are prohibited.

One beauty of the new law is that it prohibits blinding headlights. All lights must be so arranged that their rays will not be cast more than four feet above the ground, hence their binding effect is done away with. This provision is expected to lessen chance for accident. The light will be thrown a distance of, probably, 200 to 300 feet in advance of the car. There are, of course, many other provisions, the law being voluminous. Funds derived from the licenses, numbers, tax, etc., will go to build good roads.

More Dope on Auto Law.

AUSTIN, Texas, June 16.—State license for the 175,000 or more automobiles in Texas will be distributed by the garages, automobile dealers and dealers in accessories without cost to the car owners, according to D. E. Colp, secretary of the newly created Texas State Highway commission. The commission plans to ship the metal tags in carload lots by freight to the garages and dealers who are to act in capacity of agents for their customers. The law prescribes that car owners must make application for licenses to the commission at Austin and the commission is to forward the license and membership cards without extra expense to the car owner. Each license entitles the owner to two tags, one for the front and one for the rear of the car.

If sent by parcel post it would cost five cents a pair and represent an outlay of about \$8800 in transportation charges alone. Neither county nor city officials will have anything to do with the handling of these state licenses, which take the place of all county, city and precinct licenses from July 1. This year only one-half of the annual license fee will be collected, and the fee is 35 cents per horsepower, with a minimum of \$7.50 per year.

Mr. Colp explained that this fee is based upon the actual and not the advertised horsepower. This horsepower rating is determined by the commission from the published records of the Association of Licensed Automobile Manufacturers of America. Car owners may ascertain the exact horsepower of their cars by applying to the insurance agents who are supplied with association records. All Ford cars for the year to and including 1917, are 22 horsepower, rate for six months, \$3.85.

"Official A. L. A. M. motor vehicle horsepower rating as adopted by the Texas State Highway commission: Bore of cylinder (expressed in inches) squared, multiplied by the number of cylinders, and this sum divided by 2 1-2 gives the A. L. A. M. horsepower rating. (This formula is based on 100 feet of piston speed per minute.)

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

Shot By Night Watchman.

W. M. Sparks of Clarendon, was shot at that place one night last week, by the night watchman who mistook the man for a tramp. He was in the vicinity of the station when seen by the watchman who called upon him to halt. Mr. Sparks put his hand up to shield his eyes from the light in an effort to see to whom the watchman was talking and the latter mistook his motion in the darkness. Mr. Sparks was buried Monday morning.

COME TO CANYON TO LIVE.

CANYON PEOPLE LIKE MUSIC AND THE Canyon Chautauqua

is going to be turned into a veritable musical festival. If you should buy a season ticket, paying the regular price for it, and hear ONLY the music, you'd be abundantly satisfied.

TEN MUSICAL PROGRAMS

Let's look at the Chautauqua from the standpoint of music alone. There will be ten great musical programs.

Castellucci's Milano Serenaders

An instrumental, vocal and entertainment sextet, headed by Sig. Pindaro Castellucci, formerly director of an U. S. Navy Marine Band. They play a great many different instruments, rendering with superb artistry the world's best music, and the lively and popular airs of the day. Opening Day.

Potter-DePew Concert Trio

A gem of a company, composed of Misses Betty and Opal Potter and Mr. DeWitt DePew. The two young ladies are great favorites everywhere with their sprightly readings, music and sketches, and Mr. DePew is a violinist such as one rarely hears. Second Day.

Hungarian Ladies' Quartet

To those who enjoy and appreciate vocal music that is big, artistic and faultlessly rendered, this fine singing organization will make a strong appeal. They give a Chautauqua program that is varied enough in its excellence to delight any audience. Third Day.

THE BERKLEY SEXTET—An entertaining orchestra of six talented and charming young ladies, playing popular airs, the best of standard music, and presenting in costume numerous musical and comedy sketches, readings, etc. The Berkley Sextet is one of the most popular of Chautauqua musical attractions. Fourth Day.

THE WORLD-FAMOUS KILTIES BAND—The band that has toured the world and played in twenty foreign countries gives two concerts on the last day. They are the Scotch-Canadian "Kilties," with their kilts, bagpipes, Scottish jigs and sweet songs to make them different from other Bands. Closing Day.

YOUR SEASON TICKET

will have these great musical numbers cost but a few pennies. Average it up for yourself. Besides, there are the lectures and the purely ENTERTAINMENT features that we haven't even mentioned! Don't you think TODAY would be the time to get that season ticket? Talk to some of the business men about it.

REMEMBER THE DATES

JULY 17, 18, 19, 20 and 21

C. W. WARWICK, SECRETARY.

Are You Thinking

- of disposing of your city property?
- of selling your stock of goods?
- of buying a city lot?
- of getting a new business location?
- of selling your farm?
- of trading your real estate?
- of doing any kind of trading, buying, selling?
- I CAN HANDLE THE DEAL FOR YOU.
- Results is what counts. Note the deals I have handled during the past few months.

CANYON, TEXAS

Grain for the Skim-milk Calf.

Whole-milk is Nature's balanced ration for the calf and it should be fed during the first two weeks of the calf's life. Whole-milk, however, is too expensive for prolonged calf-feeding because the fat it contains is worth approximately 40c a pound.

In view of this price it is advisable to sell the fat and feed skim-milk with a substitute for butterfat. The chief office of fat in the calf ration is to supply heat to the body. When the fat is removed and skim-milk is fed, the energy can be supplied more economically in the form of grain.

Protein is also expensive but absolutely essential to development of the calf's body. None of the growth producing proteins is removed by skimming of milk.

When a calf is about two weeks old it may be taught to eat grain. If it is with older calves it will take grain without any special attention. Otherwise it may be started to eating by rubbing a small amount of corn meal or bran on its nose. In licking its muzzle the calf will develop an appetite for grain. The grain may be kept constantly before the calf for a few days. W. W. Scott of the Missouri College of Agriculture offers the following grain mixture for calves: Three parts cracked corn or corn meal and one part wheat bran. To this one part oats may be added if desired. Linseed meal or blood meal may also be added in small quantities but neither is necessary.

The grain should be given in the dry form after the skim-milk has been fed. After the calf is old enough to eat grain freely, it should be fed at regular intervals. During the first two months the grain taken will be less than one pound a day. This should be gradually increased so that at the age of six months, when the calf is weaned, about two pounds will be taken daily.

When only a few days of age the calves will begin to nibble hay if it is within reach. It is preferable to feed timothy for the first two or three months after which alfalfa or clover hay will give better satisfaction. —Holstein-Freisian World.

What is LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA
A Digestive Liquid Laxative, Cathartic and Liver Tonic. Contains Cascara Bark, Blue Flag Root, Rhubarb Root, Black Root, May Apple Root, Senna Leaves and Peppermint. Combines strength with palatable aromatic taste. Does not grip. 50c

Shooting in Gains County.

Joe Sherman and Joe Ballingsly, both residents of Gains county, had a dispute concerning some land and agreed to meet and talk the matter over. Mr. Sherman was accompanied by his two boys and carried a gun and meeting Mr. Ballingsly unexpectedly, the latter fired on him. The two boys then opened fire on Ballingsly, whose gun refused to work, and captured him. Mr. Sherman died from his wound.

Dairy Cow Saves the Farmer.

It is a well known fact that the dairy cow is the salvation of the farmer in times of poor crops, as she is able to convert the rough crops, which are never a total failure, into dairy products which always have a cash value. —Holstein-Freisian World.

Hereford Prisoners Break Jail.

Five prisoners who were confined in the jail at Hereford, broke out last Saturday night, making their escape through the roof.

It is unfortunate for our allies that they couldn't have had the benefit of the seven-billion-dollar loan several years ago, when a billion dollars would have bought something. —Kansas City Star.

We may solve the food problem by cutting down the waist. —Sioux City Tribune.

Herbert C. Hoover may be international food-director. And probably his mother only expected him to become President. —Philadelphia North American.

HUNGARIAN LADIES QUARTET COMING HERE

Music-lovers of this community are promised something exceptionally fine in the two concerts to be given by the Hungarian Ladies' Quartet on the Third Day of the Chautauqua.

The Quartet is composed of ladies of the highest professional ability. Miss Murphra is a contralto of note, and the musical director and accompanist for the Quartet. Miss Prayner is a superb soprano and pianist. Miss Roberts is the second-soprano, violin and Hungarian-harp soloist, as well as being a composer of ability. Miss Volk is an accomplished Reader and soprano.

The Hungarian Ladies present in costume vocal and instrumental music, consisting of quartets, trios, solo, character sketches and readings. Each member of the company has had many years of the best professional training and concert experience.

Will Discuss Food Conservation.

In keeping with the request of Food Administrator Hoover, Rev. B. F. Fronbarger will preach Sunday morning on the subject: "Conservation of Food."

Texts: 1 John 3:17, "Whoso hath the world's goods, and beholdeth his brother in need, and shutteth up his compassion from him, how doeth the love of God abide in him?" John 6:12 "Gather up the broken pieces which remain over that nothing be lost."

The following will be outline of the discussion:

1st. The food crisis. Let's soberly face it.

a. What are the facts as to the world's food supply?

b. The unparalleled demand for food.

c. The issues hanging on the meeting of this demand.

d. Those looking to us for food our own, and our Allies' soldiers in the ranch, in the hospitals and in the training camps—the starving aged ones and women and children in the wake of the battling armies.

Our duty—Our Patriotic Duty:

1st. To raise all the food we can and can all we raise above our necessary home use. To use at home as far as possible the more perishable and send away to others the less perishable. To abstain from luxuries. To waste nothing, taking up all the fragments.

2nd. To sell what we have to sell at reasonable prices. To frown down in our own hearts, or in the practice of others, any tendency to take advantage of war circumstances to serve a selfish interest at the expense of the public.

3rd. To recognize the fact that in

times of stress and a call for sacrifice of giving the whole world turns to the Christian manhood and womanhood to take the lead and to organize the forces for service. We must meet this expectations and we will.

B. F. FRONBARGER, Pastor.

Will Have School Fair.

Your committee on the School Garden Fair begs to make the following report:

The committee recommends that the following regulations govern the School Fair:

1. That the Fair be held in the fall, at a date to be determined later.

2. That the following articles be admitted for exhibit at the Fair:

Flowers of all kinds.

Fresh vegetables

Preserved vegetables—canned, dried or pickled.

Fowls and eggs

Maps of gardens

Kodak pictures of gardens in various stages of development

Tabulated accounts of garden materials, fowls or eggs furnished the home table, sold or disposed of in other ways

3. That the three best specimens of each article exhibited by given respectively blue, red, white ribbons, in the order of their excellence.

4. That exhibits winning ribbons in the School Fair be sent to the Panhandle State Fair held in Amarillo.

5. That any such exhibits winning ribbons at the Panhandle State Fair be sent to the Dallas State Fair.

6. That children entering the contest register with the teachers of their respective rooms, or with Mrs. L. Angel.

MRS. L. ANGEL,
Chairman Committee.

Geo. Ingham Home.

George Ingham arrived home Sunday from the naval training camp near Chicago where he has been for the past two months. He was given a medical survey, which is the same as leave of absence for illness. Ralph Harter will be home within a few days on the same leave.

George states that while drilling in the rain and mud, with their tents full of water he took a very bad cold. He was sent to the hospital and was pronounced to have half a dozen fatal diseases. He was in not mind to be shelved quite so easily and soon got on his feet where he was recovering very rapidly, and was well with the exception of a cold. He did not wish to leave camp, but the survey was given him, and there was nothing else for him to do. George thinks that he will get back within a very short time.

George is well pleased with the service of the navy.

Rice-Higginbottom

Miss Mary Lee Rice and Lewis Higginbottom of Stratford were married Sunday at the parental Rice home by Rev. J. W. Mayne. Only the members of the immediate family were present to witness the ceremony.

Miss Rice has made Canyon her home for a number of years and has a large circle of friends in this community. She has been a very successful teacher in Dallam county during the past three years. Mr. Higginbottom lives near Stratford and is well known in that section as a young man of very high character. The young couple will live in the Stratford community.

New Home Progressing Rapidly

W. B. Hardin's new home in the Conner addition to the city of Canyon, is progressing rapidly, and will be completed by the middle of July. The new home has ten rooms. Mr. Hardin recently bought land of L. G. Conner, just south of the Conner home, and it is here that the new home is being constructed.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whiter and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

Normal Notes.

Mr. Guenther returned Tuesday night from a trip to South Texas.

We have received word that Miss Malone, who has had a successful operation in the St. Paul Sanitarium, at Dallas, is slowly improving.

The following students have enrolled this week: Glen P. Boardman, Chas. A. Greer, Brady D. Kimbraugh, Julia Smith, Annie Everetts, Belle Patton, J. M. Bull, Edna Wilson, and Bettie Dawson.

Miss Mildred Zellar, a former student visited Miss Mildred McManagle Monday.

Last Sunday afternoon, Eunice Thompson, Effie Renfro, Polly Criswell, Grace Robinson, Ora Sires, Francis Reid, Freda Denham, and Mr. and Mrs. Hix with Mrs. G. R. Reid, as chaperon, went to the canyon and enjoyed themselves by climbing hills and taking pictures. About sundown supper was spread. After eating all the good things that Mrs. Reid had prepared for supper, we came home hoping we could go to the canyons again in the near future.—One of the party.

Mrs. O'Brien visited with her niece, Miss Nella Beth O'Brien, at the Huntleigh Hall, Sunday and Monday. Mrs. O'Brien and her niece with a number of girls of the Hall went on a picnic to the Canyon Monday.

Miss Hudspeth will address the Y. W. C. A. girls at their vesper service next Thursday evening at 7:30 on the Hudspeth lawn.

Pres. R. B. Cousins, wife and son, and Miss Wright spent Monday in Amarillo.

Rev. D. H. Templeton, who is pastor of the local Presbyterian church, and who is soon to leave for Houston, made a very impressive talk in Chapel Tuesday morning.

The reception given by the faculty of the West Texas State Normal College on last Monday evening, to the student body, was attended by most of the students. A special effort was made and opportunity given for the students to get acquainted and for all new pupils to meet the members of the faculty. After much conversation, and many acquaintances made, every one was invited to the Dining Room of the Domestic Science Department, where pineapple sherbet and wafers were served.

Wayne Bentley to Fly.

Wayne Bentley of this city who is in the Leon Springs Training Camp has transferred to the aviation department. The men who have returned from the training camp state that the aviation corps has become very popular at Leon Springs and that a number of the men have transferred to that department.

Postoffice Second Class Sunday

The Canyon postoffice will go into the second class list beginning Sunday morning. Practically no change will be made in the office, except with the addition of another clerk.

Mr. and Mrs. L. G. Conner were in Amarillo Monday.

Hereford Makes Red Cross Record.

Hereford has set out to raise \$5000 for the Red Cross. Yesterday the town reported \$3700 raised. Six persons had given \$100 each, there were 90 life subscriptions of \$25 each and 266 straight memberships of \$1.00 each.

Claude reports over \$3,000 raised on the \$3700 which she will give.

Be Canny.

Home preparedness—cans loaded with food.

That rubber ring you put on a preserving jar helps you to stretch your income.

The awful question "What shall I have for dinner?" is easily answered if your shelves are full of home canned products.

Can't eat 'em all in summer. Not enough in winter. Home canning is the answer.

You put a lid on waste every time you seal a preserving jar.

Canned berries are bird proof. Frost doesn't nip canned vegetables.

Canned green peas and yellow peaches help fight the blues.

See that your garden products dry beans, cabbage, potatoes and root crops that can be kept without canning.

Drives Out Malaria, Builds Up System

The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

LAWYER

Complete Abstract of all Randall county lands.

All kinds of Insurance.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131
