

COUSINS MOVED TO NEW NORMAL---HILL IS PRES.

According to directions received on Friday morning from the Board of Regents for Normal Schools President R. B. Cousins has been moved from the West Texas State Normal College to the new Normal which is to be constructed at Kingsville.

TRADES DAY MONDAY

Next Monday will be the regular monthly Trades Day for Canyon. A study of the advertising columns of the News will show that the progressive merchants of Canyon want the people of Randall county to come to Canyon for Trades Day, and are giving real bargains for the day.

CO. EXEMPTION BOARD MAKES PUBLIC REPORT

The first report of the Randall County Exemption Board is given in full below. Those asking exemption are listed, on request of the government, and any persons who see that false claims have been made for exemption have the right to appear before the board to counteract the claim for exemption.

The list before is a report on the physical examination of the first 75 names of registered men called. As affidavits supporting exemption claims are not all in, claims for exemption have not been passed on.

Louis Hunter Foster, Canyon Parker L. Hanna, Canyon James Henry Burch, Amarillo William Roy Moreland, Canyon James Lurvin Walker, Canyon John Wesley Ricks, Canyon William Joseph Jones, Canyon Hall Melvin Bruce, Canyon William Clinton Webb, Canyon William Owen Turpin, Amarillo William Spurgeon Clauch, Canyon List of names of those physically qualified but claiming exemption with grounds for exemption as claimed.

REVIVAL MEETING BEGINS ON SUNDAY

Work on the big tabernacle is progressing rapidly and by Sunday all will be in readiness for the meeting which begins at 11 o'clock.

CITY COUNCIL WILL ACT UPON CONTRACT WITH POWER CO.

A special meeting of the city council has been called for tonight for the purpose of acting upon the contract for city pumping. A. E. Bent, owner of the Canyon Power Company, was in the city Monday and met with the council Monday night, taking up the pumping proposition in detail.

TRADE EXCURSION WILL BE HELD FRIDAY OF THIS WEEK

The regular monthly trade excursion will be held tomorrow, leaving Canyon at nine o'clock and going to the territory east of Happy.

LIST PHYSICALLY QUALIFIED AND NOT CLAIMING EXEMPTION.

Ernest Richmond Archambeau, Canyon John Peter Meyers, Happy Marion Evans Baker, Amarillo Hill Herbert Miller, Canyon Bruce Francis Gregg, Happy Chester Otis Hayes, Happy J. Guy Harp, Canyon Orville Alvis Blankenship, Amarillo

COMMENCEMENT PROGRAM

Table with 2 columns: Program Item and Performer. Items include Processional, Invocation, Violin Solo-Cavatina-Raff, Address, Vocal Solo-Sing, Smile, Slumber-Gounod, Announcements, Bestowal of Diplomas, Aid Lang Syne, Benediction.

LISTEN. No one ever amounts to much who does not take himself in hand and force himself to do the thing that is best for him in the end, not the pleasantest or the easiest. BUILD YOU A HOME Canyon Lumber Co.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good. To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building tonic, free from alcohol or any harmful drugs. Try it. Scott & Bowne, Bloomfield, N. J.

LOCAL NEWS.

Miss Francis Charles of Amarillo visited friends in the city the first of the week.

J. M. Redfearn and family left on Monday for Ralls where they will visit for several days.

L. T. Davault is visiting at Ralls this week.

See the announcement regarding GALE ALBERTON in this issue of the News.

H. W. Stilwell returned Monday from Tyler where he was called before the exemption board. He was not accepted on account of his arm.

Archie Key returned to Silverton on Monday after a week's visit with his parents.

Miss Theo Cowart of Silverton visited Misses Ima Sears and Abbie Burson, who are attending the summer Normal.

W. Y. Steen and family of Hunt county visited last week at the home of Mr. and Mrs. G. G. Foster.

RAGS WANTED—CLEAN COTTON RAGS AT THE NEWS OFFICE. REAL CASH PAID FOR REAL CLEAN COTTON RAGS.

Frank Ames and family and Miss Ruby Long of Cordell, Okla., are visiting at the Geo. Foster home this week.

Mrs. M. V. Carrick and son, Mitchell, of Stephenville went to Happy Friday to visit her granddaughter Mrs. May Dillard. They visited several days at the home of M. L. Tucker.

Miss Lula Bell Rushing of Floydada visited several days at the home of Cleveland Baker part of this week.

The great stallion GALE ALBERTON will be found at the McNeil farm southeast of Canyon.

C. P. Shelnett was in town from his place near Happy a couple of days this week. He recently returned to Randall county after living off the Plains for a few months.

Mr. and Mrs. J. A. Wallace returned Saturday from Colorado where they have been spending a couple of weeks vacation.

Whoever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

If I were a customer ordering Canon City Coal they would have to SHOW ME CHANDLER COAL. Nothing "Just as Good" appeals to me; because I know what Chandler is. All coal-no Soot-Less Ash-Most Heat. S. A. Shotwell Phone 4.

LOCAL NEWS.

W. B. Walters from Ceta was in the city Saturday and states that he has done but little threshing. There was a big rain in that territory last week which stopped all threshing.

C. E. Coss has gone to Deming, N. M., for a short stay.

Mr. and Mrs. W. B. Anthony and children are here from Hilton, Okla., to visit at the McIntire home.

The City Dray & Transfer Line does heavy and light hauling. Baggage handled for all trains. Move pianos with care. Service car always at your disposal. Phone No. 6.

Mr. and Mrs. I. C. Baucom are here from Mineral Wells to visit at the parental Levi Angel home.

C. J. Crawford has bought a section of land southwest of Canyon.

Harvey Moore is back from Ft. Worth where he was turned down on the physical examination in entering the army.

Calling cards printed or engraved at News office.

Wm. Semnitz, living south of Canyon says that his row crop is doing well and that he will make a good crop with a little more rain. Little threshing has been done in his vicinity.

John T. Holland says that he farmed in Randall county for a number of years, and never failed to make a good row crop. He says that he raised as good Indian corn as he has ever seen anywhere. The secret of good crops says Mr. Holland is to keep eternally cultivating the growing crop so as to conserve the moisture. The drier the season the harder the land must be worked to make a good crop. Examples of this theory are to be found on every hand this year, the farmers having good crops where there has been intensive cultivation, and poor crops where the land has not been stirred after planting.

Paint, Glass and Wall Paper—a full and complete line of each. Prices are right. Call upon S. V. WIRT.

Mrs. Battles from Houston is visiting at the home of her daughter, Mrs. H. W. Morelock. Mr. and Mrs. Morelock met her in Amarillo Monday.

Miss Ernee Conner is home from El Paso where she has been visiting at the home of her sister.

D. A. Park and family spent Sunday at the Park school all day meeting.

C. R. Burrow and family left Saturday for Colorado where they will spend a two weeks vacation.

Oscar and Henry Gamble left Sunday for the St. Louis market. Henry will go on to visit his mother in Tennessee for a few weeks.

Miss Ada Redfearn left Sunday for St. Louis where she will buy goods for the Variety Store.

By Saturday of this week, I will have the Royal Cafe open for public service. There will be new fixtures, an enlarged dining room, and general improvement for the accommodation of the public. Call and see me. JOHN WEYEN, Prop.

Mr. and Mrs. Roy Moreland and Mrs. Moreland's mother returned on Monday from a two weeks visit in north Texas.

Everett Conner and family returned last week from Abilene where they visited Mr. Conner's people. Everett says the people of Abilene are very greatly wrought up over the A. & M. college fight.

A. A. McNeil will tell you about GALE ALBERTON. See this famous stallion.

W. D. McGehee of Wayside was a business caller in the city Thursday and Friday.

Mr. and Mrs. J. R. Cullum of Amarillo were in the city Sunday.

C. R. McAfee of Amarillo was in the city Sunday.

Grady Oldham sold his place last week, and has now bought the C. R. Burrow house now occupied by C. H. Jarrett.

REDFEARN & COMPANY

LOCAL NEWS.

Mr. and Mrs. Ed Mickle are the parents of a daughter, born Thursday.

(Senator) J. D. Bailey tried to follow the example of his worthy namesake (Molly Bailey) and tried juggling a stove pipe while standing on a box which was itself on top of a table in the Yates Cafe. The juggling went well until the box toppled over, and Senator found he had neglected to stretch the life net before the show started. Having no natural wings, the force of gravity started the would-be performer toward the floor where he landed on the side of his head on a rather hard board. His ear was split wide upon, requiring the doctor to do some fancy work upon said member to the extent of three stitches.

A son was born to Mr. and Mrs. Jack Fite last Wednesday.

Just arrived from Illinois—GALE ALBERTON, the great stallion. He is at the McNeil farm.

W. J. Fleisher left Friday night for a business trip to Houston.

LOCAL NEWS

E. A. Rook is here from Illinois, having brought down a fine stallion for A. A. McNeil.

Steph Ford has a Smith Flier, which is the pride of every kid in town. It's some car.

Making picture frames, repairing, varnishing and enameling furniture at Cash Store. 1912

H. C. McNeil has gone to Chicago where he will remain for a few weeks.

Levi Angel has decided to sell out all of his stock on his farm near Groom and sure enough move to Canyon. During the past two years, his family has lived here and he has spent the time between the two places. His son will take charge of the farm and Mr. Angel will take life easy.

E. C. Robinson of Canadian was a business caller in the city this week. He recently bought a place of C. O. Kelsner and will move here within a short time.

Editor E. I. Hill and family of Roscoe spent last week at the home of his brother, Prof. J. A. Hill. Carbon paper at the NEWS office. Two kinds of good paper. Why not buy your carbon paper in Canyon?

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous. And people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel.

Fine Barn Burns Down.

The W. B. Kitchen barn, one of the finest in Roberts county, was burned to the ground, last week, together with about 200 bushels of feed, two buggies, all of the harness and 36 head of hogs. Several sheds were also burned and a number of chickens. The fire occurred in the night and its origin is unknown. Mr. Kitchen had valued the barn and contents at \$2,000 and had \$500 insurance.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

SELECTING GOOD SEED

(By H. M. Bainer, Agricultural and Industrial Agent, Santa Fe)

Never in the history of the country was there a greater need for a big crop of wheat than now. The prices were never better, and the outlook for good returns never more encouraging. While many sections have failed in a wheat crop this year, and seed is very high, the future outlook for this crop was never brighter. History shows that two poor wheat years hardly ever come in succession, and that usually the crop following a dry year is better than that of the average of a series of years. The reasons why a bigger wheat crop should be expected next year, rather than an average one, is that the land has had a year's rest; surplus plant food has accumulated; moisture has been stored and extra work has been done on the land. In fact, nature has forced a summer fallow condition upon us.

There is no danger of over-production of wheat for next year. Why not help make the next crop the largest on record? This can be done by the right kind of wheat farming. The high price of seed will not justify "hogging-in" the crop, or slighting good cultural methods. Wheat farmers cannot afford to increase the acreage of this crop at the expense of good cultural methods. This is a time when, "if a thing is worth doing at all, it is worth doing well."

Extreme dry conditions do not always permit ideal wheat land preparation. An ideal seed bed for wheat is one that has been worked deep and early, and has become firm and well supplied with moisture and available plant food. Wheat does not do well in a loose, open seed bed, and it is, therefore, not advisable to work the land deep just before sowing time. Whatever is done to get land ready for wheat, it should be remembered that the earlier it is done, the better. Early discing, listing, or plowing gives better results than late work; but, regardless of when the land preparation was begun, a certain amount of late shallow work is necessary to keep down weeds, preserve moisture and make plant food available.

There are many fields this year which will not make a crop of anything, although they may have been well prepared for the crop that failed. They will need very little work for wheat, excepting that required to kill weeds, and from a constant soil mulch. Good wheat farming does not permit weeds and crusts on land waiting for seeding time. Lands which are producing row crops in which wheat is to be sown should be kept clean and thoroughly cultivated. It will pay to pack all wheat lands, whether prepared early and deeply, or later and shallowly, and for this purpose nothing is better than the sub-surface packer, although a disc harrow with the blades set straight will serve the purpose. All summer plowing should be harrowed with a common harrow, immed-

DIZZY SPELLS

Relieved After Taking Two Bottles Of Cardui, Says Tennessee Lady.

Whitwell, Tenn.—Mrs. G. P. Cartwright, of this place, writes: "About four years ago the dizzy spells got so bad that when I would start to walk I would just pretty near fall. I wasn't past doing my work, but was very much run-down."

I told my husband I thought Cardui would help me, as a lady who lived next door to me had taken a great deal, and told me to try it. This was when we were living in Kentucky.

My husband got me a bottle and I took it according to directions. It helped me so much that he went back and got me another bottle. I got a whole lot better and just quit taking it. I got over the dizzy spells... I took no other medicine at that time nor since for this trouble. No, I've never regretted taking Cardui.

I felt just fine when I finished the second bottle.

Purely vegetable, mild and gentle in its action, Cardui, the woman's tonic, may be the very medicine you need. If you suffer from symptoms of female troubles, give Cardui a trial. All druggists. NC-129

ately after the plow. It is always advisable, where wheat is to follow wheat, or some other small grain crop, to disc the stubble immediately after the binder, unless it is possible to plow or list at that time instead. To disc the stubble at the time the crop is removed, kills weeds, saves moisture and keeps the ground in condition to plow or list later.

The disc harrow is one of the best and at the same time one of the most abused implements on the farm. To prepare land for wheat continuously, year after year, with a disc is to invite failure. The use of the disc for the entire seed bed preparation, not only last year, but this year and through years to come, works out all of the vegetable matter and puts the soil in condition to blow. This process gives too shallow a seed bed, with insufficient space for the roots and for the conservation of moisture.

Those districts needing seed, wheat should not wait until sowing time to secure their supply. Wheat is scarce, especially that which is good for seed. Large quantities of wheat suitable for seed are now being hauled direct from the thresher to the market and will be used for milling purposes unless those needing it for seed get hold of it and store it until sowing time. The supply of seed is becoming more limited every day, and it will be much more difficult to locate it at a later date than now. There is more storage room available in districts needing seed than in those producing it. The cost of seed stands more of a chance of increasing than of decreasing. Better get the seed now.

Where large quantities of seed are needed in a community, farmers should combine and ship in, in car-load lots rather than in smaller local shipments. Perhaps arrangement can be made to have this done through the local elevator or mill. Where farmers are organized, this can be done through their secretary or some other officer or committee. A dependable committee can be named to locate and buy the seed and assist in its distribution. For the benefit of all concerned, cars should, by all means, be loaded to capacity.

It always pays to sow the best seed obtainable. In view of the fact that many communities must ship in a large proportion of their seed, now is the proper time to get started right. Pure seed is not available in large quantities, and the prices will be almost prohibitive, therefore few can get it; but whatever is done, get the best obtainable under the conditions. Get good, hard wheat of the Turkey or Khar'kof varieties. Do not buy seed that is mixed with soft varieties, or is contaminated with smut. The use of a fanning mill or grain grader will often improve the quality of the seed very much.

The right time to sow wheat must necessarily vary according to season and location. Where wheat pasture is necessary, it is advisable to sow part of the crop very early. Fortunately, those districts where wheat made a poor crop this year are not in Hessian fly territory, and little or no attention need be given to date of sowing on its account. For Kansas and Oklahoma conditions, the best wheat crops usually come from sowing from September 15th to October 15th, provided the season is favorable. In the Panhandle of Texas, October 1st to October 20th is the best time to sow.

For Kansas and Oklahoma conditions, 45 pounds of seed per acre is sufficient, provided it is sown reasonably early on well prepared land. Late sowing, and especially that on poorly prepared land, requires more seed. Under no conditions should more than a bushel of seed be sown per acre.

MOORE, MATHIS & CO.

Successors to
AMARILLO DRY GOODS CO.
AMARILLO, TEXAS 700-702 Polk St.

For extreme western Kansas, western Oklahoma and the Panhandle of Texas, 30 pounds of seed is plenty, if sown early and on well prepared land. Sow wheat, if possible, with a reliable press wheel drill, especially where seed is sown under limited rainfall conditions. Do not make the mistake of sowing the seed too shallow. The seed should be sown deep enough to come in contact with moist soil—not less than 2½ inches at any time, and 3 inches would be better. Good, strong seed will come through 4 inches of covering, and will often make a good stand when shallower sowing will fail.

On account of the fact that a large percentage of the hard wheat produced this season was affected with smut, it is not safe to sow wheat this fall without treating it for smut. Wheat farmers lose millions of dollars every year on account of the ravages of smut. And this enormous loss is unnecessary, as the following "Formalin Treatment" will prevent it:

Secure a 40 per cent solution of formalin at any reliable drug store. One pound of this 40 per cent formalin solution, carefully mixed with 40 gallons of water, is sufficient to treat from 2,000 to 2,500 pounds of seed wheat.

The seed may be treated by dipping or sprinkling. To dip, the seed should be placed in a gunny sack and submerged in the solution, the liquid being in a barrel or tank. The bag or sack of wheat should be allowed to remain immersed in this solution for at least ten minutes, after which it is taken out, allowing the liquid to drain back into the tank or barrel for a short time. The wheat should then be emptied into a clean place and covered with sacks or blankets for two hours, after which it should be thoroughly dried before sowing.

To sprinkle, prepare a clean place on a canvas or smooth floor, and thoroughly sprinkle the space to be occupied by the wheat with the solution before the seed is emptied upon it. Now spread the wheat upon the space thus prepared, and sprinkle the solution all over it, shoveling the grain in such way over and over, so as to insure that all of the seed will be uniformly moistened with the liquid. Having thoroughly dampened the wheat with the solution, shovel the grain into a pile and cover with sacks or blankets for two hours, after which it should be thoroughly dried before sowing. Do not allow the wheat to

long treating, as the germinating qualities may be injured.

Place the dried wheat into sacks that have been dipped in the solution, and it will be found a good plan to sprinkle the grain drill with the liquid before putting the seed into it. Exercise every precaution not to bring the treated seed into contact with grain that has not been treated, avoiding the use of bins that have contain-

ed smut-infested wheat. The wheat should not be treated more than a week or ten days before sowing.

Corn and Kafir is Waist High. J. M. Odell was a pleasant caller Friday morning, and stated that he had 80 acres of corn and kafir that stood about waist high and was in shape and would make lots of grain. —May (Okla.) Bugle.

A BANK'S SUCCESS-- COMMUNITY'S GAIN

In conducting the affairs of this bank, the management has always believed that men of good business judgment and conservative ideas appreciate the sound, progressive bank conducted on safe and strictly business lines; that its growth and success are the community's gain; that such a bank best protects the interests of its depositors, and thus proves its greatest help to the commercial development and credit of the community.

Now Is a Good Time To Treat Your Catarrh

Mild weather aid treatment.
Don't be misled into thinking that your Catarrh is gone. The first touch of winter weather will bring it back with all its discomforts. But this is an excellent time to thoroughly cleanse the blood of the germs of Catarrh, and be forever rid of the troublesome sprays and douches that can never cure you. S. S. S., the great blood purifier, searches out the germs of Catarrh

which infest your blood, and chases them entirely out of your system. It is by far the most satisfactory treatment for the disease, because it reaches down to its very roots and gets at the cause. Write to-day for full information, and expert medical advice regarding the treatment of your own case. Take advantage of this chance to-day. Address Swift Specific Co., Dept. G Atlanta, Ga.

The Randall County News

Incorporated under the laws of Texas

C. W. Warwick, Managing Editor

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

What promised six or eight weeks ago to be the worst year in the Panhandle has turned out to be one of the very best. At that time there were grave fears for the wheat crop. To the surprise of all the yield has been from eight to ten bushels average. The high price has made this yield as good as an ordinary 25 bushel average. At that time there was grave fears for the row crop, but the farmers who kept the plows going and the land well cultivated now have a fine crop in spite of the fact that the rainfall has been far below normal. The man who had a long face a few weeks ago is now smiling. The pessimist has nothing but the war to cuss. In fact the Panhandle can raise the most on the least rainfall of any country in the world. Come to Randall county.

Startling facts are being revealed in the physical examination of men for the army. Only one man out of every five examined pass the examination. Are we raising a nation of runts and cripples? The stockman who found that percent of his animals unable to pass an examination would become alarmed. The war is certain to cause changes in our modes of living which will make for a stronger nation.

There will be an election on Aug. 21 to vote upon the constitutional amendment. The amendment has no bearing upon this country, but we may have something to ask of the people one of these days so go to the poll and help the fellow who is in need.

Perishing wants no general sent to Europe who is over 45 years of age. Some men are 45 at 30, while some men of 60 years are in reality only 45. Just where shall the line be drawn?

The girl who refused to drive the family horse, now insists upon driving

the car, which is a hundred times as dangerous, both to herself and to the neighborhood in general.

NEW AUTO HIGHWAY PROPOSED THROUGH CANYON

In looking for the most practical line to build a road from Canyon to Canyon, a number of Canyon citizens who are interested in the proposition have discovered that the best line is to go one mile east of town to the Dr. Ingham farm, turn north, going straight north to the railroad, which gives an excellent crossing on the canyon, and then following the railway right away on the east side into Amarillo.

The city council will be asked to open the west end of Houston street, so as to divert the west traffic directly through the city.

There are several advantages to the proposed line. There would be no lakes to pass through, which would give a road easy to build and easy to keep up. It would cut nearly two miles off the distance between the two towns. It would bring all of the traffic in front of the Normal, giving our country the best boost possible. Absolutely none of the through traffic ever see the Normal under present conditions, and little of the west traffic ever passes through the city.

Perhaps the greatest thing that could be accomplished would be the opening of a camping place on the new road in the canyon, there being an ideal location for the same on the canyons at the proposed crossing. A good camping place would mean more in dollars and cents to Randall county than any other feature that might be attempted.

Some of the members of the commissioners court has been asked about the proposed line, and they are interested in seeing it. J. A. Guthrie has promised to take the court out next week to look over the new line.

Farmers Praise Plains.

James Maxwell, W. E. Armstrong and W. E. Prewitt are home from the Farmers Congress at College Station where they spent a week taking the short course offered by the college.

Mr. Prewitt states that the best crops they found on the entire trip were in this county. He states that the Panhandle is the garden spot of Texas this year.

BAPTIST CHURCH WOULD BUY CANYON CITY CLUB

A move has been started in the Baptist church by Rev. B. F. Fronbarger for the organization in this section to buy the Canyon City Club which lies northwest of Canyon on the Palo Duro canyon. A proposition was made to the directors by Rev. Fronbarger, but the directors did not believe that the offer was large enough to justify them calling together the shareholders to consider the matter.

If an offer sufficiently large is made to interest the directors, a petition will be circulated among the shareholders, calling a meeting of the shareholders for the purpose of voting upon the proposition. If a majority of the shareholders are in favor of accepting the offer, then the property will be turned over to the church. Outside of the use for a summer gathering of the church from all parts of the Panhandle, it has not been stated just how the property will be used.

CANYON IS LISTED ON TWO HIGHWAYS OF THE STATE

According to the maps just issued by the State Highway department, Canyon will be on two new State Highways under the law which was passed by the last legislature.

One highway will run from Canyon south to Plainview, following the line of the old Puget Sound highway, which has never been thoroughly developed.

The other is designated to run from Amarillo through Canyon on west, and is named the Ozark Trail on the new maps. However, since the Ozark Trail was designated by the inspectors to go west through Vega instead of Canyon, this town may not get the proposed new Highway to the west unless some definite action is taken.

The new state highways are the result of the new tax on automobiles and Randall county should see that we get our share of these new lines.

Panhandle Must Feed Texas.

"The Panhandle and East Texas will be commissioned with the task of feeding the state of Texas this year," was the declaration made Thursday morning by Judge R. Walker Hall, associate justice of the Seventh Court of Civil Appeals Thursday. Judge Hall has just returned from Port O'Connor, where he attended the interesting session of the Epworth League encampment, of which he is one of the trustees. The judge states that crop prospects in the southern coast country and Central Texas are very bad. Cotton is stunted and aside from the good prospects of rice, Texas must lean on East Texas and the Panhandle for its sustenance for the year.

Wheat Making Good Yield.

W. W. Kuehn was in the city Friday on business and says there has been no threshing near his place in the Ceta community for some time owing to the heavy rains.

He says that Ed Wesley made 18 bushels of wheat to the acre, which is the best yield so far reported in that section.

He states that so far as he has threshed, his wheat will average better than 10 bushels to the acre. One of his fields made 16 bushels to the acre. Mr. Kuehn believes that the wheat in his community will average better than 10 bushels to the acre.

The rains in that section have been very fine during the past few weeks and water was standing when he came to town Friday.

Mr. Kuehn states that his row crop is the best this year he has ever seen on the Plains. He has some maize which a number of the farmers believe will make as much as 100 bushels to the acre.

Mr. Kuehn states that this year has turned out to be highly profitable to the farmers of his section, although it didn't look so well a few weeks ago.

Canyon Boys to Camp.

The Canyon boys who recently joined the Amarillo company of National Guard reported to Captain Barton in Amarillo Sunday and when into camp at the Lowery-Phillips school building, where they will be held pending the preparation of the new camp for the soldiers at Ft. Worth.

During their stay in Amarillo the company men will be put through the regulation service of the army and by the time they go to Ft. Worth will be in good trim.

All of the National Guard in the U. S. were mustered into the federal service Sunday, so in reality the boys are now United States soldiers, although they have not yet received any equipment for the company.

Jack Jones will given the non-commissioned office of sergeant by Capt. Barton when the company was organized Sunday.

A good rain fell Monday night north and west of the city. There was only a shower in Canyon.

WILL HAVE TENNIS TOURNAMENT IN CANYON ON FRIDAY

The Tennis players of Canyon have arranged a tennis tournament in this city for Friday of this week.

D. A. Shirley, who has the matter in charge, is expecting teams from Hereford, Tulla, Amarillo and Silverton.

The out of town players that will be here give assurance of some good games, and all interested are invited to be present and enjoy the fun.

For Miss Kline.

The home of Mrs. R. A. Terrill was the scene of a very delightful reception Saturday afternoon, when Misses Brown, Lowrance and Rambo entertained in honor of Miss Kline who leaves soon.

Miss Era Dawson, Miss Kline and Mrs. Luke added to the pleasure of the occasion, by the songs that they sang, and Misses Charlotte Ingham and Pauline Wright rendered piano solos. Miss Brown gave two characteristically pleasing readings.

The hostesses were assisted in serving by Misses Hazel Allen and Jewell Lowrance.

The only regret of those who were present was that the town is so soon lose Miss Kline.

Dr. J. M. Black was called to Cardell, Okla., yesterday on account of Joe having been hurt in a runaway. No particulars were received regarding the accident.

YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati authority tells how to dry up a corn or callus so it lifts off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezeone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain. A small bottle of freezeone cost very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezeone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

Navy League Meetings.

A number of Canyon ladies have joined the Navy League in Amarillo, and it is to their interest to know that the League meets every Monday, Wednesday and Saturday in Montgomery Bros. Store. At present the ladies are knitting for the navy boys. All ladies in the Panhandle are invite to call at the Navy League headquarters

when in Amarillo.

Mrs. Tate, who has been the guest of her sister, Miss Ritchie for the past several weeks left Wednesday for her home in Washington, D. C.

Farmers Plowing for Wheat.
Plows are running in all parts of county extra time, plowing up the stubble land from which the wheat crop has just been removed, getting ready for another wheat crop. From indications, the acreage this fall will be the largest in the history of the county. Every farmer who has available land will put it into wheat. The price is not only alluring but the prospects of high priced feed this winter will convince most farmers that the grazing which they will derive from the wheat pastures will pay for the seed and expense of the crop if the yield should be light next year. One thing that looks good is the fact that the farmers are plowing the wheat land this year instead of only discing, as so many have done in the past.

Planting wheat this year is a safe proposition and the farmers of Randall county are going to do their part in putting the Kaiser in a can.

Postal Examination Aug. 25.

An open competitive examination under the rules of the U. S. Civil Service Commission for the position of Post Office Clerk in the Post Office, Canyon, Texas, will be held on August 25, 1917, commencing at 9 o'clock a. m.

Applicants for this examination must be made on the prescribed form, which, with necessary instructions, may be obtained from the Postmaster at the Canyon postoffice.

All persons wishing to take this examination should secure blanks and file their applications with the undersigned at once in order to allow time for any necessary corrections and to arrange for the examination.

Secretary, 10th U. S. Civil Service District, New Orleans

Birthday Surprise.

On Wednesday evening a number of old friends gathered at the home of W. H. Hicks south of town and partook of a surprise six o'clock dinner prepared by his wife and daughter in honor of Mr. Hicks' birthday. A large cake graced the center of the table surmounted by 51 candles. The table fairly glistened with the weight of good things to which all the company did ample justice. After supper the company was entertained by musical selection by Miss Ruth Knight. Those present were Messrs. and Mesdames Heller, Wilson, Wallace, Guthrie, Jeff Wallace, Knight, Mrs. Guthrie of Erath county, Miss Ruth Knight.

After spending a very pleasant evening the company departed wishing Mr. Hicks many happy returns of his natal day. A GUEST

Umbarger News.

Mrs. J. H. Seward and son, John of Wichita, Kansas, who have been visiting at the home of her brother, Will Ash, for the past week returned to Canyon Sunday.

Will Ash and family from near Umbarger spent Sunday at the home of his parents, Mr. and Mrs. Samuel Ash, in Canyon.

Aunt Mamie Patterson of Caesar, Texas, spent Sunday with Mr. and Mrs. Samuel Ash.

Mr. and Mrs. Samuel Ash of Canyon are visiting at the home of their son, Will Ash, for a few days.

The people around Umbarger are rejoicing in a fine shower Sunday evening which makes everything look fresh and fine and is quite a benefit to the row crops out this weedy. If no

The Holstein Cow for Beef.

A striking illustration of the value of the Holstein cow for beef after age or accident has ended her usefulness in the dairy, is furnished by R. W. E. Burnly of Ontario. The cow, Teresa Sadie Vale, with a record of 26.03 pounds of butter in seven days, became barren and was sold for beef. She weighed 1,600 pounds and at ten cents per pound brought the sum of \$160.—Holstein-Freisian World.

J. E. ROGERS, Collector

Gas in Well Kills Man.

F. H. Crume, who lives on the Pichque ranch, 9 miles southeast of Roswell, N. M., was killed, last week, by gas fumes from a well which he was repairing. In company with two other men, he had descended into the 20-foot pit around the well to fix the pump and when the water was turned on, the gas struck him in the face. His companions tried to rescue him but were also effected by the gas and Crume fell into the water. His wife, hearing the call for help, rushed to the well and when she found it was her husband who was hurt, got away from the men who were trying to hold her and went down into the pit. She was rescued in an unconscious state and is in a critical condition. Crume's body was brought up out of the pit by residents from Roswell but all efforts at resuscitation were unavailing.

Arrested On Serious Charge.

A man named McCarty was arrested at Dalhart by Officer John Ladd and brought to Amarillo by United States Marshall Bolton, the first of the week, on a charge of using abusive and seditious language against the president of the United States and the government.

The man is said to be a traveling veterinarian and was placed in jail to await a hearing before Deputy Commissioner Rollie H. Scales.

Sheriff's Notice of Election.

(Original School Tax)
THE STATE OF TEXAS, County of Randall.

NOTICE IS HEREBY GIVEN that an election will be held on the 18th day of August 1917, at Knox School House in Common School District No. Nine of this County, as established by order of the Commissioners' Court of this County of date the 11th day of May 1909, which is recorded in Book Two, pages 197, of the Minutes of said Court (a) to determine whether a majority of the legally qualified tax-paying voters of that District desire to tax themselves for the purpose of supplementing the State Fund apportioned to said District, and to determine whether the Commissioners' Court of this County shall be authorized to levy, assess and collect annually a tax of and at the rate of not exceeding fifty cents on the \$100 valuation of all taxable property in said District for said purpose.

All persons who are legally qualified voters of this State and of this County, and who are resident property taxpayers of said District, shall be entitled to vote at said election.

Said election was ordered by the County Judge of this County by order made the 24th day of July 1917, and this notice is given in pursuance of said order.

Dated this 24th day of July 1917.
1843 WORTH A JENNINGS,
Sheriff Randall County, Texas.

Temporarily.

Some one once remarked that the democratic party possessed the unenviable faculty of invariably making "a damned fool of itself." Recent events have forced us to move to amend this description so as to include the United States senate. The most vicious, un-called-for and insane piece of legislation ever adopted by the supposedly "august" body is the amendment to the food control bill providing for a joint congressional committee to "aid in the conduct of the war." That such a measure should be even considered we think amply warrants the aspersions quoted.

First of all, it is not the business of congress to conduct the war, but merely to provide the means for its conduct by the constitutionally designated authorities. A congressional committee would be of no service to the president or to the country. It would merely add to the burdens already put upon the administration. It would be a meddling, useless, cumbersome, irritating body, and, unless its members should differ materially from the rank and file of their colleagues in the two houses it would be a super-political and demagogic nuisance.

Congress has enough to do within the provinces of effort laid down for it, without seeking to take over the work of the executive department. Certainly nothing has thus far developed to indicate that it possesses any especial fitness for the conduct of the war by committee, even had it any right to do so.

The people should enter a vigorous protest against this effort to muddle the business of carrying on this war. They should demand that congress attend to its own business and allow the other departments of government to do likewise. Meanwhile, if congress wants to know anything about the details of the war, the information is always available at the various departmental offices. Indeed, it probably would be well for congress to acquire some information on this subject, on which it now appears to be woefully deficient.—Beaumont Enterprise.

Piles Cured in 6 to 14 Days

Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, bleeding or protruding piles in 14 days. The first application gives ease and rest. 50c.

Point is Well Taken.

Regardless of whether you think a mistake was made in the locating of the West Texas A. & M. at Abilene with its attendant mysteries, there is one matter difficult to explain. It is hard to conceive why the people of Abilene, elated though they are over their success, are willing to accept the school with a cloud on its title. If the title is clear, then there is nothing to be lost by joining with others in asking the reassembly of the board and a canvas of the vote, or even another vote. That would be an extremely fair proposition and would dispel all other claims of fraud, and should it be found that Abilene did not win the school, even Abilene ought to join in seeing that the will of a representative board be carried out. What we think, personally, of the matter does not alter the shape of the controversy and Abilene or any other West Texas town ought to win the school in a manner without question. For the prospects of the school in the years to come this matter ought to be settled fairly, squarely and for all time.—Clarendon News.

Burning Straw.

When a policeman sees a sober man burning money, the man is taken before a judge and examined upon a charge of insanity. That the money burned is the property of the man who burned it does not excuse him.

If the same man was seen burning good, milling wheat, his sanity would be questioned, if he was not considered disloyal.

The man who would destroy healthy meat-producing animals just to get them out of his way would be condemned by his neighbors.

When stock cattle can be wintered almost entirely on wheat straw, how long will the thoughtless custom of burning this valuable feed to get it out of the way continue?

J. E. PAYNE,
Snyder, Okla.

"Big Business" On the Farm.

We learn that J. G. Loewen has bought the Miller tractor and that Mr. Miller will buy a larger one. These big grain growers are getting ready to plant a big acreage; a flour mill is now needed and the man who gets in on the ground floor will make money.—Littlefield News.

Threshing Outfit Burned.

Thursday about noon, Wise Bros. lost their threshing outfit on the George Probasco place, where they were threshing. The loss on the separator will amount to something like \$1,500. Mr. Probasco lost about \$800 worth of wheat. Origin of the fire not stated.—Lockney Beacon.

THOMPSON Hardware Co.

Will Breed Holsteins.

After ministering to the lacteal wants of the retail trade of North Fort Worth for exactly fifteen years and two weeks, C. R. Stripling, dairyman de luxe, has quit the retail milk business and gone into raising registered Holstein cows and handling their product on a wholesale basis.

Stripling has a 500-acre farm west

of the city, close to the reservoir, and he is entering upon his new enterprise with all of the enthusiasm and attention that has brought him success as a retail dealer. In the future, he will sell his entire output to hotels, restaurants and the like, which brings a throb of profound sorrow to the housewives of North Fort Worth.

Stripling has made himself a veritable "institution" in North Fort

Worth. Early in his business career, he adopted the slogan of "Quality Pays" and he made it pay. Dozens of North Fort Worth people always were on the waiting list for Stripling milk. The demand always was greater than the supply. And it is quite natural that North Fort Worth folks should feel keen regret that the residential sections are to know his wagons no longer. — Ft.

Can the Kaiser.
(Tune—"Dixie")
In khaki suit and army visor,
All aboard to can the Kaiser.
Look away! Look away! Look away!
Germany.
In Kaiserland he reigns alone.
We'll push the Kaiser off his throne,
Look away! Look away! Look away!
Germany.
Then I want to can the Kaiser!
Hooray! Hooray!
In Kaiserland I'll take my stand
Until I can the Kaiser.
Let's go, let's go, let's go and can the Kaiser.
Let's go, let's go, let's go and can the Kaiser.
—Written by W. O. Stoddard, Madison, N. J.

Come to Canyon to live.

—At \$3.00 Per.
A sly click salesman recently visited the eastern part of the state and with a twinkle in his eye would approach a farmer and offer him a taste of a sample of 40 year old Kentucky whisky, saying he was selling vinegar and that it was worth \$3.00 per gallon. Orders were received thick and fast, with the cash planked down with each order, until the agent coined a barrel of money. He departed, the orders were filled and he lived up to his representations. Vinegar enough to pickle the entire congressional district has been shipped into that community. One disappointed farmer is at loss to know what to do with nine gallons of vinegar on hand and not a cucumber on his farm.
—Exchange.

Got His Leg Broken.
Chas. Lupton was the victim of a serious accident, Sunday afternoon, in which he sustained a broken leg. He was riding horseback near Dawn and came upon a Ford car stuck in the mud and unable to pull out. He immediately offered his assistance and the car was attached by ropes to his saddle horn. In the pull the stirrups were broken and Mr. Lupton was thrown to the ground, breaking both bones of the leg below the knee. At last reports his condition was satisfactory.—Hereford Brand.

A Bad Auto Accident.
J. W. Sellers, of Ricardo, N. M., met with an auto accident last week which physicians think may, very likely, prove fatal. He was driving to Ft. Sumner with two companions when in going down a hill, he lost control of the car and it went through a fence and turned over. Mr. Sellers was thrown from the machine and hit the ground with such force as to burst an artery in his spinal column, hemorrhage from which caused a blood clot which resulted in paralysis.

Farm Home Destroyed By Fire.
Tuesday afternoon the T. P. Brannon farm home and contents were burned near Mullin School House. The fire was caused by an explosion of an oil cook stove and spread so rapidly that nothing was saved. Even Mr. Brannon's coat with \$25 in the pocket went with the rest of the stuff. They saved nothing; loss \$1200 or more; insurance \$700.—Snyder (Okla.) Signal.

Suffered From Lame Back, Weak Kidneys and Dizziness.

Dear Editor:
"Last winter I suffered terribly from lame back, weak kidneys and dizziness, and uric acid in the blood caused rheumatic pains. I sent to Dr. Pierce of Buffalo, N. Y., for his new remedy, 'Anuric.' As soon as the box of tablets came by mail I commenced taking them, and reaped untold good from their use."
(Signed) MRS. KATE THOMPSON.

Note.—This "Anuric" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's Invalids' Hotel, in Buffalo, N. Y., have thoroughly tested this prescription and found it 37 times more potent than lithia. 50c. at all drug stores, or send one dime by mail to Dr. Pierce for trial package.

Call for Dairy Meeting.

A special dairy meeting will be held in Canyon at 2:30 p. m. o'clock, August 27th. Representatives will be present from the railroads, the A. & M. College and the Panhandle Dairy Association. The meeting will be held under the auspices of the Randall County Dairy Association and its object will be to impress upon the farmers in this vicinity the importance of buying high grade Holstein and other dairy cows. The speakers will explain to the farmers present the plan by which the banks will co-operate in extending credit to worthy farmers towards purchasing these cows. A great number of these cows have already been imported into the Panhandle and Plains regions and with excellent success. The market for butter fat is never stronger and because of the high price of food products it is expected that it will remain so for several years to come. In fact it is the opinion of those in close touch with the butter situation that the American consumer will never again see cheap butter.

It is stated by those who have studied conditions in this part of Texas that there is no region in the United States offering greater opportunities for dairying. Every farmer should have three to five head of real good dairy cows on his farm. This country raises an abundance of roughage and food grains and because of climatic conditions the cows are healthy and produce a larger percentage of butter fat than in most regions of the Southwest. With better grade of cows we are assured that the butter fat produced in this region will be the equal of that produced anywhere. It is the plan of the Randall County Dairy Association to get up an order for one or more carloads of Holstein dairy cows for September and this order will be placed thru the local dairy association. All cows purchased will be bought by local representatives who, will, however, be assisted in the purchase by dairy experts from the A. & M. College and the railroads who have agreed to send their experts to the northern dairy cattle market and assist but all the money will be handled by local parties. After the farmers have determined how many cows they desire to purchase they will then elect representatives to go to Wisconsin from among their own number and such representative will handle all the funds. Each farmer will give a detailed descriptive order of the cow he desires purchased. The association recommends the purchase only of cows with an average milking capacity of not less than five gallons per day and no cows are purchased except after the records of the cows have been gotten and they are found to be free of disease, healthy and vigorous. At the meeting to be held here the speakers will explain just how these cows are purchased and just the character of co-operation which is extended by the railroads, the A. & M. College and others interested. The meeting should prove to be one of the most interesting instructive ever held here and all farmers are urgently requested to be present.

Where Whetstones Grow.

One of the many curiosities of Ute Canyon is Whet-stone Hill, which is on the state line of Oklahoma and Colorado. The hill is on the right-hand bank of the Ute, just above where Wild Cat Canyon empties her limpid waters into the Ute valley. The hill towers about three hundred feet above the valley, covering probably forty acres, and is laid with tier upon tier of as fine whetstone rock as can be found anywhere. A railroad and capital is all that is needed to develop this industry.—Ute Valley correspondent in Campo (Colo.) Enterprise.

Severe Storm Near Estancia.

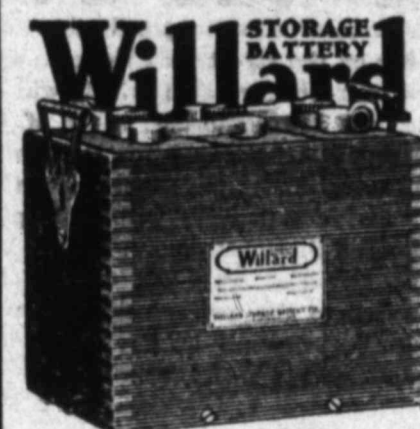

This section caught the disastrous storm Sunday evening, with wind, rain, sleet and lightning which lasted one hour and thirty minutes. Several houses were pelted clean of their covering of rubberoid and water poured through in torrents. Calves and chick-

ens were drowned and rabbits by the hundreds were found later. Fences washed down, cultivators washed one-half mile out in field, sleet banked up three feet deep in the draws, where the water was four feet deep. Gardens and crops were left in a bad condition.—Pleasantview correspondent in Estancia (N. M.) News-Herald.

Man Found Dead.

A Mr. Moore, who lives by himself on a farm between Glenrio and Endee, N. M., was found dead last week, by a neighbor who went to see him about some cattle. His team was found harnessed and tied to the door of his shack. He was a sufferer from dropsy and that was thought to have been the cause of his death. He was about 50 years old and is reported to have a wife and family but their whereabouts is unknown.

TO CAR OWNERS:-

When your storage battery and starter is not working right—put your battery in box—express it to me collect and we will immediately put in good condition and return to you, or call on us when in Amarillo. We have substitute batteries you can use while we repair your battery. Free inspection of any battery any time.

STRONG EVIDENCE

Is The Statement of This Canyon Woman.

Backache is often kidney ache; A common warning of serious kidney ills. "A Stitch in Time Saves Nine"—Don't delay—use Doan's Kidney Pills.

Profit by Mrs. Rowan's experience. Mrs. M. E. Rowan, W. Houston St., Canyon, says: "I used Doan's Kidney Pills, procured at the Holland Drug Co., and two boxes cured me. I gladly advise their use to anyone troubled with weak kidneys."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Rowan.
