

JOHNSON RESIGNS FROM SCHOOL--ELECT WILLIS

Prof. M. B. Johnson has resigned as superintendent of the Canyon Public Schools to accept a position in the Normal, where he will have work in the history and mathematics departments.

At a meeting of the school board Saturday night Prof. J. E. Willis of Plainview was elected superintendent of the public schools to take Mr. Johnson's place.

Miss Palmer has also resigned from the high school faculty, taking a position in the Corpus Christi schools.

Successful in her work. The board felt that the school was losing a strong teacher in her resignation.

COMPULSORY SCHOOL ATTENDANCE WILL BE ENFORCED

The last legislature of the State of Texas passed a compulsory school attendance law which became operative on the first day of September 1916.

All children who are eight and not over fourteen years old on the first day of September will be required to enter school on the first day of the four consecutive school months.

44 MEN CHOSEN FOR ARMY

The Exemption Board of Randall county has passed favorably upon 44 men, who are now acceptable for military service, 34 of whom will be called by the government within the next month.

The Board reports that there are yet a few exemptions to be taken up and when these have been passed upon, the board will have no further work until a second call is made for men.

The list as follows contains all of the men who were found physically fit for service and who were not exempted in any way by the Local Board.

- The following is the list of 44 men: Ernest Richmond Archambeau, Canyon; John Peter Meyers, Happy; Marion Evans Baker, Amarillo; Hill Herbert Miller, Canyon; Bruce Francis Gregg, Happy; Chester Otis Hayes, Happy; J. Guy Harp, Canyon; Orville Alvis Blankenship, Amarillo; Harvey Clinton Moore, Canyon; Walter Oscar Murrell, Grapevine;

- Will Campbell Black, Canyon; Ben A. Terrill, Canyon; Leon Devotie Winn, Canyon; Ben Arthur Weller, Canyon; Millard Robertson Word, Canyon; Adron William Blough, Canyon; John Jackson Boling, Wildorado; Charles Finley Hunt, Canyon; Elmer Ross Wilson, Canyon; Elmer John Franklin Bauer, Happy; Fred Henry Albert Bauer, Happy; Rosser Jefferson Ridley, Canyon; Walter John Hess, Umberger; George Baxter Jordan, Canyon; Sidney Edgar Roberts, Jr., Canyon; August Fredrick Menke, Amarillo; Marion Samuel Bishir, Canyon; Guy Spurgeon Ballard, Canyon; Ernest H. Weynand, Canyon; Raleigh Leigh, Canyon; Lloyd Wayne Bentley, Canyon; Clarence Robert Farris, Canyon; Curtis E. Brown, Canyon; Miles A. Gorman, Canyon; Archie James Jones, Happy; Kenneth Waldo Hunt, Canyon; Irwin Wade Wiseman, Canyon; Ernest Henry Hancey, Canyon; Pete Hutchison, Canyon; Luther Davis Tucker, Canyon; Edward Oscar Williams, Canyon; Randall Reed Moreland, Canyon; Glen R. McGahey, Canyon; Hubert Hale Ridley, Canyon.

DATE IS NOT SET FOR CHANGE IN NORMAL

President R. B. Cousins and President-Elect J. A. Hill have returned from Austin where they attended a meeting of the Board of Regents in conference regarding the change made by the Board in the presidents of the schools.

All the presidents have been given definite dates for moving, except Mr. Cousins, who goes to Kingsville, when Mr. Hill has charge of the Normal in following statement regarding the Canyon. Mr. Cousins makes the following plans of the schools:

Mr. C. W. Warwick, Editor Randall Co. News, Canyon, Texas.

Dear Sir:-- Possibly the public is entitled to a brief statement from me at this time. In answer to an official telegram, I visited South Texas last week and was in conference in Austin on August 18. The Regents have large problems on hand growing out of the sudden expansion of normal school work in Texas. They begin the solution of their problems by assigning each president to the place where his skill will count the most for the state, as the Regents see it.

what ever services my experience may make possible.

The normal school at Canyon is well cared for. Professor J. A. Hill, my honored successor, is beloved by the students, trusted by the faculty and respected by the public.

Personally, I love everything about the West Texas State Normal College. I had expected to spend all my energies in the further development of the great young institution.

I am grateful to the good people of Canyon and of West Texas who have helped to bring the school through the lights and shadows to its present commanding position in the thought of the educational world and its place in the esteem and affections of a great people. I am truly grateful for the kindly personal element in our associations. I do not expect to find a better people. I hope to retain a place in your love and esteem.

Sincerely your servant, R. B. COUSINS.

REVIVAL INCREASING MUCH IN INTEREST

Great interest has been shown in the revival meeting at the tabernacle during the past week, in spite of the rainy and threatening weather.

Rev. Lockett Adair has been preaching powerful sermons during the week which are stirring the people of Canyon.

Prayer meetings are held every afternoon in the various districts of the town, and in the business section, men's meetings are being held in the business houses for thirty minutes beginning at two o'clock.

Will Regulate Delivery.

In this issue of the News will be found an announcement of the hours of delivery. It has been customary for the stores to try to get orders to the homes in any part of the city within a few minutes if the customer so desired, which was a great source of annoyance and expense to the stores.

Miss Frankie Gober to Tyler.

Miss Frankie Gober has resigned her position with Redfearn & Company and left Tuesday for Tyler where she will be in the ready-to-wear department of the Brown, Swith & Marsh Bros. store.

Will Employ Home Demonstrator.

The Commissioners' Court voted last week to employ a lady as Home Demonstrator agent for Randall county, in connection with Potter, Oldham and Armstrong counties.

HEAVY VOTE CAST HERE TUESDAY IN ELECTION

There was a state election in Texas Tuesday! And you didn't know it?

The election was on the constitutional amendment published a few weeks ago in the News. It did not affect this section of the state, and hence the people paid little attention to it.

Mrs. M. S. Frieze and Miss Pearl Hensley were shopping in Amarillo yesterday.

TOBACCO FUND FOR SOLDIERS

The Randall County News has joined the newspapers of the country in raising a Tobacco Fund for the boys who are fighting across the ocean.

Every person is asked for 25c, which will buy 50c worth of tobacco at the regular wholesale rates. The 25c will be sufficient to keep a man in tobacco for a week.

DISTRICT COURT WILL BEGIN MONDAY WITH FULL DOCKET

Next Monday the fall session of the District Court will begin at the court house at ten o'clock.

District Judge Hugh L. Umphres and District Attorney E. T. Miller will be on hand to start the work of the Grand Jury.

The court docket has a number of important cases, which will probably be taken up during the first of the term.

Tax Rate Made.

The following is the Tax Rate for Randall County, as set by the Commissioners court in session Friday, the total county rate being, 50 cents, as compared with 45 cents last year:

- For county ad valorem purposes the rate was set at 15 cents on the \$100 valuation. Court house and jail, 5 cents; Road and bridge, 15 cents; Jury fund, 2 cents; Sinking Fund, 13 cents; Occupation tax, is made one-half of the rate levied by the state; Poll tax, 25 cents; School Tax Levies. Districts Nos. 1, 5 and 6, the rate was set at 15 cents on the \$100 valuations. Districts Nos. 2, 3, 9, 11, 13, a levy of 20 cents; Districts Nos. 12, 16, and 20, a levy of 40 cents; District No. 14, a levy of 30 cents; Districts Nos. 8 and 17, a rate of 45 cents; Districts Nos. 4, 21, and 10, a levy of 50 cents; District No. 18, a rate of 41 cents for maintenance and 9 cents for the sinking fund; District No. 19, 33 cents for maintenance and 17 for sinking fund.

Baptist Meeting in Session.

A large number of delegates from over the district are in session at the Baptist Church, attending the annual session of the Llano Estacado Association.

This afternoon a special meeting will be held by the women of the district.

Miles Ackerman to Navy.

Miles Ackerman left Thursday for Newport, R. I., where he has been assigned to work in the naval training station. Mr. Ackerman stood a fine examination in the Dallas office and will make good in the naval work

RED CROSS WILL HAVE BIG AUCTION ON SEPTEMBER 10

The local committee on entertainment and finance working for the interests of the Red Cross, have planned an auction sale to be held on Trades Day--Monday, September 10th. The idea is to solicit and accept as donations, any article of value from a sewing machine needle to a perfectly good automobile which will be sold at the auction, the funds to go toward the Red Cross work.

Every home has many articles which are not needed by the family, but which some other family could use to a good advantage and which would bring a neat sum for the Red Cross funds.

A committee will visit the homes of Canyon this week to ask for a list of the articles each family will contribute--the committee leaves it up to the family what article they shall donate. The committee will then call

and get the articles before the auction date.

For those who live out of town, the committee trusts that they will volunteer articles, and bring the articles into Canyon on Saturday, Sept. 8th, so all may be systematically arranged for the sale.

Any article of value is acceptable. Each family can help a little in the great Red Cross work by donating some articles they do not particularly need.

MAGAZINES FOR THE SOLDIERS

If your have late magazines you want to send to a soldier, place a one-cent stamp on it, and address it to the man. The government is making this special concession of postal rates for the sake of the boys.

If you have magazines and do not care to send them, please bring them to the News office together with a stamp for each one, and we will see that they are sent where most needed.

Are you a brick-layer? If you are you know that one brick on top of another finally builds a house to protect and shelter. If you are not a brick layer you know that one dollar on top of another builds you a fortune that will some day protect and shelter you from adversity. Pile up your money in the bank and build a fortune.

The First State Canyon Bank Texas (The Only Guaranty Fund Bank in Randall County)

BAND ORGANIZED MONDAY NIGHT--BEGIN WORK SOON

Monday night the young people interested in a band met with Miss Wiggins and decided to get instruments and begin work at once.

Instruments have been obtained in Panhandle, where the business men own instruments which were bought for a band which disbanded some time ago. These will be brought to Canyon at once and then work will be started.

A room has been leased at the Palace Hotel which will be used for practices. Any of the young people interested in seeing a good band, should see Miss Wiggins about getting into the organization.

HONOR GUARD GIRLS TAKE KITS TO GUARD BOYS

The National Honor Guard Girls have been working for sometime upon handy kits for the boys who have joined the national guard in Amarillo, and Monday went up to present the kits to the boys.

Among those making the trip were: Misses Fronabarger, Rowan, Hicks, Eckman, Ballard, Stewart, Park, Messames Rowan, Ballard and Warwick. The boys greatly appreciated the thoughtfulness of the girls in making the kits.

Bishir Closing Garage.

M. S. Bishir is one of the men who will go from Randall county in the new army. He is making arrangements to close his garage during the time he is gone. J. M. Loyd, who has been associated with him, has accepted a position with the Santa Fe in Amarillo, and he and Mrs. Loyd are moving there.

DAIRY MEETING ON MONDAY AFTERNOON

One of the most important meetings ever scheduled for Canyon will be held Monday afternoon at 2:30 at the court house in the interest of the dairy business of the Panhandle.

Experts from the A. & M. College together with representatives from the U. S. Department of Agriculture will be here to talk upon the dairy industry.

A number of Randall county farmers are getting into the dairy business in earnest. Last fall the banks make loans to the farmers to bring in Holstein cows. L. L. Johnson of the Santa Fe recently visited all of these Holstein owners, and every man signified that he was more than pleased with the results of the past few months, and in spite of the high cost of feed, all were making money from the cows.

The Panhandle is the natural home of the dairy cows and every farmer should attend the meeting to hear from the men who are making a life study of the dairy proposition and who are in a position to know many interesting facts regarding the industry. Let every farm in Randall county plan to be at this meeting.

Considerable Wheat Spoiled.

Considerable wheat has been spoiled in the county on account of the continuous rains of the past two weeks. Where the grain had not been carefully stacked, and in many cases where the stacks were thought to be in first class condition, the wheat has become water-soaked and a considerable amount ruined.

LISTEN The business belongs to the man who goes after it and takes proper care of his trade. The rewards are measured by the desire and the ability to do the thing and do it right. This has proven the basis of our success. BUILD YOU A HOME Canyon Lumber Co.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood...

COUNTY TREASURER'S QUARTERLY REPORT

In the matter of the quarterly report of S. H. Heyser Treasurer, Randall County, Texas.

In the Commissioner's Court, Randall County, August Term, 1917.

On this 14th day of August A. D. 1917, in Regular Quarterly Session of the Commissioners' Court of Randall County, Texas, came on for examination the Quarterly Report of S. H. Heyser, Treasurer of Randall County, Texas, for the Quarter beginning on the 1st day of May A. D. 1917, and ending on the 31st day of July A. D. 1917, filed herein on the 13th day of August A. D. 1917 and the same having been compared and examined by the Court, and found to be correct, it is therefore ordered by the Court that the same be and is hereby approved; and it appearing to the Court that during said time the said County Treasurer had received for account and credit of, and out of each of the several County funds, the amounts set forth, and leaving balance to each of said funds as follows, to wit:

Table with 3 columns: Fund Name, Amount as per last report, Total "Cr." as shown by current report. Includes Sinking Fund, Estray Fund, Cemetery Fund, and Bridge Fund.

Table with 3 columns: Fund Name, Amount as per last report, Total "Cr." as shown by current report. Includes General Fund, Court House and Jail Fund, Sinking Fund, Estray Fund, and Cemetery Fund.

And that said amounts were received and paid out of each of the respective funds since the filing of the preceding Quarterly Report of said County Treasurer, and during the period above stated, and that the said separate amounts as herein shown are correct. It is, therefore, further ordered by the Court, that the said detailed report be, and the same is hereby, in all things approved, and the Clerk of this Court is hereby ordered to enter the said report, together with this order, upon the Minutes of the Commissioners' Court of Randall County, Texas, and that the proper credits be made in the accounts of the said County Treasurer in accordance with this order.

Witness our hands, this 15th day of August A. D. 1917. C. R. Flesher County Judge, Commissioner Prect. No 1 J. J. Bauer, Commissioner Prect. No. 3 E. W. Neece Commissioner Prect. No 2 M. S. Park Commissioner Prect. No 4

Hon. W. A. Palmer, mayor of Canadian, was in the city Monday, having returned from a visit at the ranch of his father-in-law in Bailey county. He made a pleasant call at the News office.

Making Success.

Communities succeed or fail together. Competitors in trade, producer and consumer, employer and employee, the private individual and the public—all secure the best results if they work together. The success of one on legitimate lines means the benefit of all, and the failure of one means loss to all. The more we consider these questions, the more clearly we realize their truth. But the unreasonable critic or agitator is the enemy of mankind, including himself. He obstructs and destroys, and he does not create or improve. One who is controlled by selfish, unfair, or dishonest motives—even though he may secure a temporary advantage—will never receive any lasting benefit. This applies to all classes of people and to every department of life. It applies to us in considering our attitude and conduct towards others, and, with equal force, to those action or disposition affects us.—Elbert H. Gray.

He whose main hope is that he shall die rich has begun to dig the grave of his nobler faculties.—Bishop Spalding.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks. He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture. I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught." Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

State Should Take Over Work.

At the recent meeting of the Farmers' Congress at College Station, the members went on record as favoring the state's taking over the herd of buffaloes now owned by Col. Charles Goodnight, and also continuing the valuable experiments inaugurated by him, in crossing the buffalo and the Angus cattle.

In an early day, Col. and Mrs. Goodnight foresaw the extinction of the great southern herd of buffalo and feeling that something should be done to prevent such a calamity, they captured a few of the animals from time to time as they had opportunity and confined them in the big pasture on the Goodnight ranch.

The Colonel, perceiving that some of the buffalo's characteristics would be excellent attributes for our cattle to have, conceived the idea of crossing the buffalo on the Angus cattle and he now has a herd of more than 150 "cattalo" as a result of this crossing. This is the work that Col. Goodnight hopes to see perpetuated after his passing and undoubtedly the best way to accomplish the desired results would be for the state to purchase the Goodnight ranch and herds. The resolution as passed by the Farmers Congress said:

"Believing that flowers should be for the living as well as for the dead, we wish to call your attention to the fact that one of Texas' citizens, Col. Charles Goodnight of Goodnight, Texas, has done experimental work in the breeding of livestock which will perhaps make him the greatest benefactor along the line of livestock production that the world has ever known. He deserves probably more credit than any other man in the world for the preservation of the buffalo; but further than that, with years of study patience and the expenditure of vast sums of money, he has established a cross between our domesticated cattle and the buffalo, named by himself "cattalo." The vigor, brain, immunity from diseases, the high cutting value, the rapidity with which they fatten, the extra value of their hides, and their enormous size make the development of the cattalo an achievement of untold possibilities to mankind. There seems to be no promise that ever again will livestock be so abundant that their raising will be of little consequence, and therefore, we recommend that the legislature, or

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

A BANK'S SUCCESS--
COMMUNITY'S GAIN

In conducting the affairs of this bank, the management has always believed that men of good business judgment and conservative ideas appreciate the sound, progressive bank conducted on safe and strictly business lines; that its growth and success are the community's gain; that such a bank best protects the interests of its depositors, and thus proves its greatest help to the commercial development and credit of the community.

some other competent public authority, cause a careful investigation to be made, with a view to having the state purchase this ranch and property, in order that the experiments may be continued and carried on by the state for the benefit of the entire public. This work should be done at the earliest possible moment, as a tardy recognition to Colonel and Mrs. Goodnight, who have reached a ripe old age, and because of the probability of the property being scattered here and there and all of their good work going to naught."

To Cure a Cold in One Day.
Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. K. W. GROVE'S signature on each box. 30c.

Farmers Getting Weary.
Some of the farmers in western Oklahoma who leased their land to oil companies, are getting tired of the continued inactivity of the lessees. Nothing at all has been done to indicate that the companies intend to develop the properties and now looks as though the whole thing was done merely for the purpose of speculation.

So much land is being held idle by the leases that the people are seriously considering a demand for action or a forfeiture of the leases.

Will Try Red River For Water.

Red river has never been of value but has been of great expense to the people of Northwest Texas. Perhaps there is some good in the old sand bed stream and that good may be a source of pure water flowing beneath the sands. Childress and Quannah are going to find out and in a few weeks will be able to let our neighbors down the river know whether they can solve their water troubles by digging wells in the sand-hills.—Childress Index.

Farmers Cutting Bear Grass.

Farmers in the vicinity of Cuervo are cutting and shipping Bear Grass. Their returns amount to from \$90.00 to \$116.00 a car and require about a month to prepare a car for shipping, the cutting, it is claimed, can be done in two days. The average 320 acres of bear-grass land will load thirteen cars of the fiber at \$108.00 per car would amount to \$1,404.00 to the homesteader, or approximately \$4.40 per acre, as figured by the Cuervo Clipper.—LaLande Enterprise.

The Unluckiest Man.
Gil Perea, the Torrance county, N. M., resident who recently lost 2,000 sheep in a hail storm, can easily qualify as the leading "hard luck" resident of the state, according to Cleofes Romero, state insurance superintendent, who is here from his home at Estancia.
In the last fifteen days, in addition to losing a fortune in sheep, Perea has lost a child, his wife and grandchild, the three having died within that period.
The death of Perea's child occurred about two weeks ago. His wife died a few days later. The grandchild expired last week in Perea's arms while the latter was waiting for a priest to baptize the infant.
The death of Perea's wife left ten children motherless.

Working Off Ozark Trail.

The road graders on the Ozark Trail are at work between Friona and Parmerton.—Friona correspondent in Farwell Tribune.

A Cyclone At Lipscomb.

Last week, Lipscomb received a rather rough and not at all appreciated, initiation into the visited-by-a-cyclone class. Two small business buildings were blown down and entirely wrecked and a number of stores and homes were unroofed and moved from

their foundations. Many outbuildings were overturned, windmills stripped and other devastation done to property but, fortunately, no one was hurt.

Farmer Struck by Lightning.
Monday evening at his farm, 16 miles south of Knowles, Wm. Bloomer was instantly killed by lightning while standing in the doorway of his barn. His brother, who was near him, was rendered unconscious for a time by the impact, but is recovering.—Woodward (Okla.) Democrat.

BACKACHE, SWELLING OF HANDS AND FEET.

Dear Editor:
"I appeal to those of your readers who are bothered with backache and a constant tired feeling to give 'Anurie' a trial. It has been recently discovered by Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. I suffered from backache, swelling of hands and feet, too frequent excretion from the kidneys and many other symptoms. Was unable to work, but after taking just one box of 'Anurie' according to directions I am again able to perform my daily duties." (Signed) W. R. BAY.
NOTE.—If you've never used the "Anurie," cut this out and send 10 cents to Dr. Pierce for a large sample package. This will prove to you that "Anurie" is 37 times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector, as well as relieving pains of rheumatism, lumbago, neuralgia. If you are a sufferer, go to your best druggist and ask for a 50-cent package of "Anurie."

Just Arrived from Ill's.

The Randall County News

Incorporated under the laws of Texas
C. W. Warwick, Managing Editor

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

Canyon has many tourist autos passing through the city every day. The tourist pays more attention to his fellow traveller than to any log book, and the reputation of towns soon spread by its treatment of the auto traveler. Abuse a man once, and he will never forget it. Treat him right and he is your friend. Canyon should be sure to treat the traveller right in all respects. Canyon can do a great thing for the tourists by making a camp ground in the city or near the city, which would bring thousands of dollars to our business houses every year, and be a source of much favorable comment on the part of the traveller. Let's get busy. It is a business proposition.

The Panhandle Fair will be bigger and better than ever this fall. The catalogues are now out and all are requested to get one and see the large number of premiums offered. The cattle show will be the largest in the United States this year, according to the men in charge, and the premiums amount to \$9000 on cattle alone. There are copies of the Fair catalogue at the News office for any interested.

Germany seems to be a little astounded at America's efficiency in raising any army. Germany is noted for her efficiency in making things over that someone else has abandoned, but when it comes to making a real army in a short time, our Uncle Sam makes the world look on with admiration—except the Berlin part of it.

It does not pay to pile up just any wheat that is worth more than \$2.00 per bushel. Many farmers who were careless in stacking have lost much wheat by this method. Some of the well stacked grain is rotting on account of the continued rains.

Secretary Daniels has cut loose from the Navy League on account of difficulties with the head of the organization. The women of the country continue to knit sweaters for the boys of the navy.

The Governor proposes to remit the taxes of certain western counties that were hard hit by the drouth. Then why not have placed the West Texas A. & M. college where it would do the counties some good?

You may not think you have to practice the gospel of the clean plate, but what will do you when food stuffs run so low that money can not buy the large amount of stuff you may have wasted?

Say men, deny yourself an occasional smoke and send the money to the Tobacco Fund for the boys across the water who are fighting for our country.

A war is being made on rats. What is the use to save grain from the table if you allow the rats to eat and spoil more than you save.

The government is end the I. W. W. trouble. Why not just end the I. W. W.'s and eliminate the whole trouble

La Follette's peace proposal was made in Milwaukee—Berlin's American headquarters.

It has rained!!!

Twice Proven

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Canyon evidence—doubly proven.

J. D. Bailey, carpenter, Arkansas, Hotel, Canyon, says: "I had pains across the small of my back and in my sides, which bothered me a great deal. I used Doan's Kidney Pills as directed and they did me much good."

SOME YEARS LATER, Mr. Bailey said: "I have the same faith in Doan's Kidney Pills today as when I gave my former recommendation of them. They have never failed to relieve me when I have used them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bailey has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

The former Czar is said to be taking a trip to Siberia. That desolate country has at last served a good purpose.

Dallas is going to vote upon local option Sept. 10. The pros have a good chance to win this time.

The Japs are one bunch of commissioners to this country which is not asking for a loan.

Ferguson's appointees are being tried in the fiery furnace—the senate.

The women of Canyon are working hard in the interest of the Red Cross.

Canyon's public square still needs fixing.

Save the waste and win the war!

RULES FOR GIVING AWAY THE FORD

The Canyon Business Men's Association held a meeting at the News office Tuesday night at which time the rules governing the giving away of the Ford car by the business houses on September 10th were threshed out and determined.

Every ticket holder should have in mind the following regulations:

The ticket drawing the car must be presented by the holder—in other words, if you leave your tickets at home that day, you won't stand a chance at the car.

You should have your tickets listed on a piece of paper and then put up in packages of numerical order so you can get at them readily and see if you hold the ticket drawn.

The business firms will give away tickets on the Ford up to FOUR O'CLOCK on Sept. 10th.

All ticket giving stops promptly at four o'clock and the car will be given away at 4:30 o'clock.

The crowd will assembly on the north side of the square where a platform will be used or a flat top wagon.

C. W. Warwick will preside at the drawing, but he will have nothing to do with the drawing. He only represents the Canyon Business Men's Association in the matter.

Since all of the tickets belong to the people and the Ford belongs to some one in the crowd, the people will be asked to send five men to the platform to do the drawing. These men will do all of the stirring of the tickets, and will mix them until the people are fully satisfied that the lunch has been thoroughly stirred up. These men will then call for some little girl in the crowd to come forward to do the drawing. The little girl will be blind-folded and asked to draw a number, which will be the number to get the car, provided it is presented to the committee of five men within one hour.

Realizing that there is a possibility of the first number having been lost, the Business Men's Association has decided that there shall be five number drawn does not show up at number drawn dies not show up at the end of the hour, the second number drawn, will then get the car. By drawing five numbers to begin with, much time will be saved as one of the first five drawn will likely show up within the hour.

To illustrate: Suppose No. 79 was the first one drawn, 111,444 the second, 325 the third, 1,275 the fourth, and 37,897 the fifth number.

These numbers being drawn by the committee from the crowd and the little girl, No. 79 will get the car, if the number is presented before the end of the hour. But if at the end of the hour 79 has not shown up, then No. 111,444 gets the car if that No. is presented. However if that number is not presented, then No. 325 would be the lucky one. And if that number should not be there, then No. 1,275.

If none of the first five numbers shown show up within the hour's time there will be another five drawn.

The above numbers are used only for illustrations, and have absolutely no meaning except in making plain the plan to be used.

At eleven o'clock that morning, on Sept. 10th, the chicken flight which was postponed from the August Trade Day will be pulled off. Come and see the fun.

Big Sunday School Rally.

We the people of the Jewell community as helpers in our neighborhood and friends to our community ask our friends to come and be with us next Sunday, August 26. We need your help as our efforts to build up a Sunday School here is yet young, and sometimes it seems our effort are weak and our congregations small, but next Sunday bring our regular meeting day we have planned to have

VALUES

When we sell you once we aim to sell you again and again for life. We know we must GIVE VALUE in order to do this.

Does not the REPUTATION we hold in this community justify you in TRYING our store this season? Our business could not have grown unless we had always given our customers VALUE.

We have given others value ever since we have been in business. Come in and deal with us and we will give you too, QUALITY, STYLE and VALUE.

Just received our line of Palmer Suits and Coats for fall. We have been very fortunate in buying our line of ladies suits and coats early, thereby getting the best selection and at a price that can not be duplicated today our values in suits and coats will run from \$18.50 to \$75.00. We would like very much for you to compare our prices with other similar garments.

You are cordially invited to come in and inspect our line.

Yours for High Grade Merchandise.

REDFEARN & COMPANY

dinner on the ground and some song practice. We do not promise to give you one of the finest vocal shower you ever witnessed by any means, neither do we promise a millionaire meal. We are doing this for religious interest and the pleasure we and our friends can attain by so doing. Every body is invited to come and bring full baskets and all spread together and have a good old country dinner. So be sure and come. Bring a full basket and leave your hammer at home and please don't say if they won't all ride in my wagon next Sunday, I'll stay at home. That's no good so here is hoping to see you all next Sunday, with empty stomachs and full baskets and later in the day with full stomachs and empty baskets.

COMPULSORY SCHOOL ATTENDANCE WILL BE ENFORCED

(Continued from page 1) dance age, failing to place said children in school as required by this act, shall be prosecuted and upon conviction shall be fined for the first offense five dollars, for the second offense ten dollars, and for each offense thereafter twenty-five dollars, each separate day's nonattendance counting a separate offense. If further provides that any person or firm employing any child subject to the provision of this act shall be prosecuted in like manner.

The State Department of Education has prepared notice to be sent to parents and guardians and blanks to be filled out and returned to the proper authorities. It is hoped that when a parent or guardian receives one of these blanks with request to fill out same and return to the teacher that it will be done promptly and in good spirit so that the school authorities may keep a correct record of all delinquencies of any nature. This law requires the teacher to keep such a record and that will make necessary the cooperation of all concerned.

In a district such as the Canyon Independent School District, the law makes the superintendent of the

school and the peace officers of the precinct the attendance officers, and it is hoped that every patron will lend his hearty cooperation to the enforcement of its provisions. It is a good law, enacted for the betterment of the educational conditions of the children of Texas, and is should be enforced.

It is not thought that there will be any trouble in putting the law into full effect in this district, but the above is published as one of its requirements that the people may understand, at least, its substance.

COME TO CANYON TO LIVE.

Benton Goesto College Station Harman Benton, agricultural demonstrator for Randall, Potter, Oldham and Armstrong counties, has been elected to a position on the faculty of the A. & M. College and will soon leave for College Station.

During the three years that Mr. Benton has been at the government work in this district, his services has been invaluable. During the recent hog cholera epidemic, he saved more hogs for Randall county alone than will be paid by the county for a man in this work for many years to come. The farmers are very sorry to lose

the assistance of Mr. Benton, and trust the new man to be assigned to this district will be as practical a farmer as Mr. Benton has proven himself to be.

Misses Carl Hensley and Blanche Croson are visiting in Amarillo this week.

You Can Shake Loose from The Tortures of Rheumatism

By using S. S. S. The germs of Rheumatism are in the blood, which is laden with millions of the minute demons of pain, causing untold suffering and bringing its victim from vigor and strength to almost helplessness. To get real and genuine relief from this disease, these disease germs must be completely routed out of the system through the blood. S. S. S. has been used for fifty years with satisfactory results in the

treatment of Rheumatism. It acts directly upon the blood, which it promptly purifies of all disease germs. It is a powerful antidote, and eliminates from the blood all trace of rheumatic germs, building up and strengthening the run-down system. Write to-day to our medical director, who will give you valuable advice regarding the proper treatment of your own case. Address Swift Specific Co., Dept. I Atlanta, Ga.

LOCAL NEWS.

William Younger left Monday for Leon Springs where he enters the Officers Training Camp tomorrow. Robert Rowan is here from Storm to join his wife in a visit at the parental John Rowan home. Ray Campbell, accompanied by Lige Frieze, left Sunday for his home at Wichita Falls. While there they will go on a hunting trip for two weeks. Miss Lelia McGee of Vernon is visiting at the home of Mrs. J. E. Kirkpatrick this week. Mrs. Elmer Barrow of Lamesa is spending a few weeks at the parental G. R. Reid home.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. Sold by Druggists, Etc. F. J. CHENEY & CO., Toledo, Ohio. Hall's Family Pills for constipation.

There's more to this cigarette than taste

You bet! Because Chesterfields, besides pleasing the taste, have stepped in with a brand-new kind of enjoyment for smokers—

Chesterfields hit the smoke-spot, they let you know you are smoking—they "Satisfy"!

And yet, they're MILD!

The blend is what does it—the new blend of pure, natural Imported and Domestic tobaccos. And the blend can't be copied.

Next time, if you want that new "Satisfy" feeling, say Chesterfields.

They "Satisfy"!

They "Satisfy"!
and yet they're Mild!

Wrapped in glassine paper—keeps them fresh.

20 for 10¢

Schowe-Wilson Wedding.

Last night at the home of the bride's mother, Mrs. Emma Schowe, occurred the marriage of Miss Anna Lee Schowe and Elmer R. Wilson, Rev. W. H. Younger officiating. Only close friends of the family were present at the ceremony.

The bride came to Canyon a few months ago with her mother from Dalhart. She is formerly from Indiana. She has been a student in the Normal, and has many friends among the young people of the city.

Elmer Wilson is the son of Mr. and Mrs. John A. Wilson and was reared at the family home west of the city. He is well known in this county as a young man of ability and has many friends who are extending congratulations.

Mr. Wilson is one of the young men who will soon take his place in the new army.

Cecil McCann Hurt in Mine.

Cecil McCann went to Kentucky a few weeks ago to work with his brother, Neal, in a coal mine. On the 4th of this month during a strike which has been going on there for the past two months, he and his brother were caught in an explosion by the strikers which burned their faces, and since that time it has been feared that they might lose their sight. Both of the boys were among the seventeen men who were most seriously injured, only four of whom are still alive. Besides these seventeen men eight others were injured and 65 killed; 125 escaped uninjured.

Cecil's many friends in Canyon will be glad to know that he is recovering, and trust that he will fully regain the use of his eyes.

Lester Represents Government.

Rector Lester has been appointed by the federal government in the draft business, especially being interested in cases appealed to the District Board at Ft. Worth. It will be his duty to look into all cases appealed and to report to the Board finding on any case which is appealed for exemption.

Boys Soon to Ft. Worth.

Transportation has been received by Capt. Barton's company in Amarillo, and the boys will soon leave for Ft. Worth where they will go into the new camp being constructed by the government.

The Silo Conserves Feed.

It is highly important to save the largest amount of feed this fall. The silo will preserve 90 per cent of the entire feed crop which cured in the field loses 50 to 60 per cent. And the field cured forage soon becomes unpalatable, wasting greatly in the feed lot; silage does not.

This is a live stock country. Every additional pound added to the weight of a steer, lamb, and hog means extra profit. Prices will stay up. Cattle have been rushed to market in unheard of numbers the first seven months of this year. The July record at ten leading markets is 1,181,369 head and for the seven months 7,338,965 head of cattle, a net increase of 1,595,303 head or 27.77 per cent and for July 52.43 per cent.

Drouth conditions in the southwest and high prices caused this rush to market. This section faces a golden opportunity. Every hoof, retained at home until a material gain in weight, will increase the meat supply of the nation and also pay handsomely.

This will require feed and feed therefore must be carefully saved. The silo never was so necessary. Some feed crops may not mature. These may be preserved in the silo. Every pound of food thus saved will make more beef, mutton, pork, and butter. It is patriotic and profitable.

There is yet ample time to build more silos. The cost, even in these days of high prices, is not prohibitive. Talk it over with the banker, the business man, and the county agent.

The Santa Fe Railway has a practical bulletin on the silo and its uses. Write L. L. Johnson, agricultural and industrial agent at Amarillo for a copy.

A. M. HOVE.

At The Front in France.

Oh, Paris girls are stunning. Their color schemes are cunning. They beat the band. A neat, engaging person is the girl who helps by nursing. Till Bill is canned. Oh, there's lots of pretty posies And curly-headed roses In the garden of life; But I'm haunted by the glaucous Of the girl I left in Kansas— My future wife!

Mrs. S. S. Hunt and son, Kenneth, left Friday for Texhoma, where they will visit relatives for some time.

Nerve.

Smith—"What makes you think that Hindenburg has more nerve than Washington had?" Jones—"Well, I know that Washington never called a retreat a victory."

CLIP THIS AND PIN ON WIFE'S DRESSER

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezezone tell him to order a small bottle for you.

War and Thrift.

War teaches its lessons of thrift and teaches them forcibly. It puts people to work and impresses them the important lesson that they must not waste their substance. We have a forceful illustration of these facts in conditions of England. When England's first war bond issue was floated there were only one hundred thousand subscribers; Englishmen did not have the money. When another bond issue was floated this year there were eight million subscribers. The English people had gone to work and saved their earnings. War makes work for all, and the great demand for labor naturally increases wages somewhat. The important item for the people of America to keep in mind is that when the war closes there will be a general readjustment and thousands of men will be without employment. This condition will naturally reduce wages and make times a little harder on all who must labor for a living. If there is no waste or earnings there will be no suffering, but if the American people neglect the important item of laying something aside for the conditions that are sure to follow there will be great suffering when the war ends.—Honey Grove Signal.

Neglecting a Home Vacation Grounds.

A visitor remarked last week that a string of fine fish from Palo Duro creek which he saw must be dry land fish, which goes to show how badly the Palo Duro needs advertising to the world. A public camping ground on the canyons would bring the tourists this way.—Canyon News.

Slaton Slatonite—The abundance of beautiful, attractive scenic places among the trees, rushing brooks and cliff sides of the canyons in Randall Potter and joining counties would, if developed, afford just as good vacation grounds as the tourists go hundreds of miles elsewhere to find in the summer. The citizens of Canyon and Amarillo little realize the large numbers of tourists that every summer pass the same canyons and go to the less attractive spots in other states to find camping out places.

It would require comparatively little cash to construct dams and make lakes along the brooks and stock them with game fish, and to build scenic highways along the canyon valleys, making them accessible to automobiles. And the expenditure would mean to the country many thousands of dollars of tourist money that now goes to the mountains of New Mexico and Colorado.

City Taxes Due.

City taxes for the year 1917 in the city of Canyon City, Texas, are due and payable August 1st, 1917. On September 1, 1917, they go to the delinquent list and penalty and interest added.

J. E. ROGERS, Collector

Horse Meat.

Except for the regard most people have for the horse, there is really no reason why his flesh should not be utilized, by those who eat meat, for human food, any more than the flesh of other animals. Indeed the provisions of the Sanitary Code of New York City now legalize its sale for that purpose. It must never be forgotten, however, that the value of a healthy horse is so great that, unless he is killed because of some accident which has rendered him useless, he would practically never be destroyed for food. The vast majority of the horses whose flesh is, or would be put on sale, would be old and worn out and diseased animals. In New York a man dealing in horseflesh was discovered leading a glandered horse to a slaughtering establishment. We doubt if many Americans will ever become eaters of horseflesh, first, because the idea is so foreign a one to them, and, second, because they know that few such animals in good health would ever be sacrificed for food. On the other hand multitudes are learning that the less meat they eat the better they feel, and for conscientious reasons an increasing number are becoming vegetarians.—Our Dumb Animals.

And Coal Was High.

One broiling July day Uncle Zeke, an aged "cullud german," who was pushing a barrow of bricks, paused to dash the sweat from his dusty brow; then, shaking his fist at the sun, he apostrophized it thus: "Fo' the Lawd sake, war wuz yo' last Janooary?"

"Your life is what your thoughts make it."

Drives Out Malaria, Builds Up System
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, cures the blood, and builds up the system. A true tonic. For adults and children. 50c

A Plea to the Patriotic.
The father's in a Loyal League;
The mother studies nursing;
The son is eager for the fray
The manual rehearsing.

The daughter's drilling every day;
They're all in warlike mood.
But their call to the very roof
Is packed with bought up food.

The flags that flutter on the house
Are pleasing to the eye—
But hoarding up these groceries
Is making prices high!

Sure?
"Madam," said the tramp, "I was once a member of the legislature."
"And are you sure," she said inclined to believe him, "that your reformation is complete?"

What kind of philosophy you will choose depends upon what kind of a man you are.—Fichte.

The Heat!

We all wouldn't
Mind the heat
So much, if it
Wasn't for
The guy who reminds
Us of it.
The articles, telling
How to keep cool—
The red brick buildings.
The tar smell of new streets.
The women wearing furs.
The tight shoes.
The stinging corn.
The stiff collar.
The perspiration.
The thermometer.
The melted butter.
The sour milk and cream.

The faucet's lukewarm water.
The downtown noonday lunch.
The coming back from a vacation.
The work.
The crowded street cars.
The windless night.
The flat tire.
And—
The heat.

"There will be death, widowed homes, sacrifices and suffering, doubt, almost despair. In the end will rise a great free country, remade in the spirit of our fathers, competent to accomplish its divine mission and carry liberty and justice throughout the world. Don't argue about why we are in the war, but realize that the time has now come when American liberty, American justice, American independence and freedom is the stake for which we must fight."

McCormick and Deering Corn Harvester

Well known to every farmer to be the best Corn Harvesters on the market for saving all kinds of row crop. It matters not how high or heavy, it will harvest your crop when it is too low for any other Corn Harvester to handle.

There are other Machines on the market that can be bought for \$5.00 to \$10.00 less money for reason that they are worth less, and are cheaper machines and do not have the reputation. When you have a McCormick or a Deering machine you can always get

any repair in a very few hours and be ready for work. When you have some new make of machine for which you do not know that you can always get repairs, you can lose many times the difference in price of machines so let us sell you one of the Old Reliable machines with all the latest improvements that you can depend on to get your crop harvested before frost, and take no chances.

Panhandle Farmers' Congress.

The Fourth Annual meeting of the Panhandle Farmers' Congress which will be held at Amarillo, September, 13, 14, and 15, promises to be of much more than ordinary interest both because of the greater responsibility resting upon the farmers of the country at the present time and because of the extra efforts that have been put forth by Chairman Brandenburg and his committee, to obtain speakers who would give the members the best and most practical methods of meeting the increased demands upon them.

All Panhandle and Plains farmers are invited to participate and to bring with them, whatever may be the problems that are most troublesome in their particular cases. A full and free discussion of these questions makes for a more interesting and profitable meeting and the experiences of every farmer will be of value to every other farmer.

The Government has asked that the farmers to come to the rescue of the country and has said that the war will be won with food or lost because of lack of it. The Plains country is so favorably situated as regards climatic conditions that it can more readily and more quickly respond to the Government's appeal. Our greatest drawback is lack of man-power to put into cultivation the thousands of acres that might be producing feed or food but is not. Quite a number of the absentee land owners of the Plains have offered to give the use of their land for the next two or three years, to anyone who would go onto the land and cultivate it. Some of these propositions have been accepted and men who own no land are in this way obtaining a foothold which will, undoubtedly, prove profitable both to themselves and their country.

We believe that one of the problems that the farmers should consider at their coming meeting is that of getting the absentee land owners to build tenant houses and divide up their holdings as an inducement to new settlers who are not able to purchase land but would be excellent citizens and would, in time, accumulate enough to buy farms. This would be a benefit to the country, make their land more valuable, help the fellow with little or no capital and at the same time be a patriotic "bit" towards winning the war. Farmers already on the ground are doing all that they can and may be depended on to put in the largest possible acreage that they have team and man power to handle.

Among the speakers who will address the Congress are: Commissioner of Agriculture Davis; J. F. Ross, Superintendent of the U. S. Cereal Station at Amarillo; John W. Fields, editor of the Oklahoma Farmer; J. W. McPheeters, road manager for the Nissley Creamery Co., and a number of heads of departments from Austin as well as some of the successful farmers of the Plains country. All of the sessions will be held in the Board of Development rooms. The program as given out by the Committee is as follows:

Thursday, Sept. 13, 9 to 12 noon
Registration and Preliminary Organization.

Thursday Afternoon
Meet at City Hall Auditorium 2:00 p. m.

Congress will adjourn at 10:30 a. m., and be conveyed by automobile to Chalk Hollow, Palo Duro Canyon, for

barbecue picnic under the auspices of the Convention Bureau of the Board of City Development. Informal Program.

Whenever You Need a General Tonic Take Grove's.

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60 cents.

Peas Are a Good Crop.

J. H. Hunicutt has about nine acres planted in black eye peas, and he tells us they are looking fine and promise a fair yield. Speaking of the feed value of this crop, Mr. Hunicutt says the peas are equal to corn and that the hay is as good as peanut hay. It is not yet too late to plant them.—Jayton Herald.

Will Finance Boys.

One thousand Oklahoma boys, between the ages of 10 and 18 years, will be financed in the sowing of from one to five acres of wheat this fall. Prizes aggregating \$500 have been offered by the Miller's State Association and the Grain Buyers' Association.—Hobart Republican.

Celebrates First Train.

The big barbecue pulled off at Brownfield, last week, to celebrate the arrival of the first passenger train in that town, was a huge success. Terry county has been in the habit of keeping "open house" once a year for the past 13 years but this occasion, being one of special rejoicing on account of the arrival of a real, sure-enough train, was bigger and better than ever before. Now we'll all watch old Terry come to the front!

TWO MORE RAINS FALL DURING THE PAST WEEK

A rain of five-sixteenths of an inch fell Thursday night in Randall county.

Saturday night there was a rain of 1 13-16 inches in Canyon.

Rains of larger amounts have fallen in various parts of the county during the week.

All of the county is thoroughly soaked so that little farm work can be done.

Former Canyon Girl Saves Man.

Miss Aileen Newman, a former Canyon girl, was in the role of a heroine last week in Galveston when she saved the life of a man who was drowning in the Gulf. Miss Newman is an excellent swimmer and came to his rescue just in time.

Her father, M. Newman, was formerly a lumberman in Canyon is remembered by many of the old-timers.

Farm Demonstrator Employed.

The Commissioners in sessions last week voted to continue the services of a farm demonstrator, as the county has during the past year together with Potter, Oldham and Armstrong counties.

Mrs. McKeehan has returned to her home in Chattanooga, Tenn., after visiting at the home of her sister, Mrs. C. M. Thomas.

Some Roads Since Rain.

As a result of the heavy rains, the roads are in a very bad condition. Traffic have never ceased, but yesterday there were half a dozen cars reported to be stuck between Canyon and Amarillo and unable to get by the mud holes.

Lightning Gets Cattle.

Lightning has killed a number of fine cattle during the past week. Joe Gamble lost seven head, R. E. Prewitt seven and G. O. Walker three, one of which was a \$300 registered Hereford bull.

Piles Cured in 6 to 14 Days

Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, blind, bleeding or protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 30c.

Building New Switch.

The Santa Fe is putting in a thousand foot switch at the Redfean farm south of town for the accommodation of the farmers in that section of the country.

The work of grading is now going on.

Campbell Infant Dies.

A daughter was born to Mr. and Mrs. W. B. Campbell Saturday, which lived but a few hours. The funeral services were held Sunday.

Janitor Salary Increased.

The Commissioners Court increased the salary of J. W. Cummings, the janitor at the court house, from \$50 to \$60 per month.

Mrs. Fain Wilson and Miss Mayo Wilson of Cleburne arrived in the city Sunday to spend several weeks with their aunt, Mrs. G. E. Reid. Miss Selma and Albert Dittburner of Panhandle visited Monday at the Wiggins home.

Jowell Items.

The community was visited Saturday night with a big rain.

Most of the farmers haven't got to thresh their wheat yet and owing to so much rain some stacks of wheat are getting in a bad condition.

Plenty of water—the grass fine—row crops looking good.

E. S. Saunders has been attending the Farmers' Union at Dallas the past week.

The singing at Joe Morton's home Sunday evening was quite a success and was largely attended.

Live Hamrick paid us a visit Sunday from Wayside.

Joe Morton has rented part of the well farm.

Rev. W. M. Scott from Brownfield, Texas will conduct the revival meeting to begin at Jowell the 7th of September.

W. B. Morton and Clovis Morton made a business trip to Canyon Tuesday.

Mr. Edwards and family of Tulia spent Sunday with J. P. Meyers.

Quite a bunch of the young people went fishing Saturday and report a most enjoyable time but no fish.

P. J. Meyers and wife and little daughter Grace attended the revival meeting at Canyon Saturday night.

Mr. Burtz and family spent Sunday with Mr. and Mrs. John Levitt. Mrs. Everett Bailey and Jim attended the singing at Joe Morton's Sunday evening.

Otto Langeston has begun work by the month for J. H. Asher.

J. L. Prichard and wife was down from Canyon Tuesday looking at his cattle on J. H. Asher's farm. J. H. Asher has leased the Wm. Dohr ranch.

Very few was out to Sunday school on account of bad muddy roads. The smallest attendance that has been seen since the Sunday School was organized.

A Mr. Miller of the Lower Plains country shipped some cattle to Happy for Mr. Dodson to pasture for him. He reports grass scarce and short and cattle in bad condition.

Miss Stella and Ruth Butterfield and J. D. Bybee accompanied Miss Ida Johnson to her home at Matador last week and spent several days camping and fishing.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whiteners and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

Wayside Items.

Generous rains have fallen in this section of the Panhandle damaging the wheat to some extent as part is sprouting. However, it will be of much value to the raw crops. On account of the rains, threshers have been idle for a week.

Quarterly conference convened the 11th at Wayside. Rev. Moore, P. E. preached Saturday morning. Several delegates from surrounding churches were in attendance. Preaching Sunday morning by Rev. Moore, or Foreign missions after which collection was taken, resulting in getting more than was assessed.

Mrs. E. P. Bradford fell and fractured her right arm a week ago, has given her considerable trouble, unable to sleep for a while, some improvement.

Mr. and Mrs. E. M. Beasley and Glen left for Colo., a week ago, prospecting. They purchased Ed Wesley's car before leaving.

Little Gladys Mayo fell on a moving Disc plow about 2 weeks ago. Several stitches required to close the wound on her knee. It is getting along tolerably well. We hope for a speedy recovery.

G. W. Bell, from near Bowie, Montague county has been visiting Payne brothers a week. He expects to return Wednesday. Miss Ruby Payne will accompany him home to visit her sister, Mrs. Bell.

I. W. Lane and family made a trip to Canyon Monday returning the same day, accompanied by Mrs. Olive Rusk of Canyon, who will spend a few days on her old stamping grounds around Wayside.

Mr. and Mrs. John Lemons are the proud parents of a fine baby boy about a week old.

Quite a number of Waysiders, young and older people enjoyed a "Gypsy Stew" in the Canyon Tuesday afternoon. Mr. and Mrs. W. L. Lane chaperoned.

On the 9th, Wm. Payne and wife accompanied by Mrs. Ida Sluder, left Wayside for a pleasure trip thru North Texas, across corner of N. Mex. and into Colo., as far as Denver. They took the "Gulf and Colo. Highway" at Amarillo and made good time in Mr. Payne's new Ford, reaching Denver the 13th. While there they visited the capital the dome of which is over laid with gold. The Colo. and State museums, Washington and Lincoln parks, and many things of interest in each. Many large and costly buildings represent much wealth centered there. The new Post Office and federal building has recently been completed at a cost of \$10,500,000; is one of the finest buildings ever constructed in the West. It is 200x300 feet in size, build of Colo. marble. The site cost \$500,000. They were refused admittance to Swifts Packing Plant also the mint, located in Denver. Since the war came up visitors are not allowed in either place. After spending about 30 hours in Denver, they started on their return, stopping at Colo. Springs. From there they ascended Pikes Peak by auto "Highway" Engaging a Super-Six they made the

ascent in four hours, spending an hour on the summit. They returned in two and one-half hours. Some snow on top, much of the top being covered with red granite rock. Quite cold, winter wraps are needed by all on the outside. Quite a few souvenirs on exhibition for sale here. Two miles and little over in height or 14,109 feet above sea level. The growth on the mountain sides are cedar, quaking asp, spruce and possibly others. Different kinds of wild flowers adorn the sides. By a little over-exertion the tourist is easily overcome in this altitude, requiring help to reach the car on return trips. The Highway is excellent from start to summit, been completed something over a year, costing about \$65,000 per mile. Only about 90 days of travel, during the summer can it be used. They visited the "Garden of the Gods" one of the many attractions of Colo. They spent a day on the "Wilt Flower Excursion." While passing thru New Mexico they climbed Mt. Capulin, an extinct volcano. Supposed to be one-half mile high. Rocks were thrown out and scattered for two miles.

Happy Happenings.

Everything is looking fine since the rain. It is still too wet to work in the field.

The union meeting began last Sunday. Are having good crowds in spite of the wet weather. Rev. Shepherd of Dallas is doing the preaching. Everybody is invited.

Mr. and Mrs. Spears and two daughters of Collin county are visiting at the Dr. McElroy home.

J. F. White, son and daughter Alcie and Miss Grace and Mrs. H. W. White were shopping in Tulia Tuesday.

Miss Rose Buffington of Waco returned to her home Monday. She has been visiting Miss Viola Knox the past week.

Mrs. Billie Knox and Son, Jonnie of Canadian are visiting the parental G. N. Caler home.

O. M. Dalton has bought the quarter section just south of town and is building on it.

Mrs. Long and Miss Ruby returned to their home at Cordell last Thursday after visiting relatives and friends here for some time.

W. F. Miller and son and Bill Patching were in Tulia on business last Tuesday.

Little Herald Stephenson had the misfortune to cut his arm and collar bone broken last Friday while playing on top of a box car, when a switch engine hit it knocking him off.

Mrs. Billie Knox was visiting in Tulia Monday and Tuesday.

Mrs. Sallie King of San Angelo arrived Monday to visit friends here.

D. N. Redburn of Canyon has a car of Pears on the track here. Ludwick Irebeck and wife were shopping in Tulia Tuesday.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in the head. Remember the full name and look for the signature of E. W. GROVE, 30c.
