

FOOD CAMPAIGN CLOSING

The Food Conservation campaign which has been in progress all over the United States officially ended on Sunday night, but County Food Administrator D. A. Park received notice Monday morning that additional time of this week had been granted to keep on the lookout for persons who were overlooked in the campaign. It is the desire of the government to have every household and every boarder enrolled when the canvass is finally completed and the cards sent in to Washington.

In Randall county no particular difficulty was found with the pledge cards. The canvassers who had been assigned to the different precincts received the heartiest co-operation from the people who are willing to do all that was possible. Only one case was reported from the county to the higher authorities, but this was later recalled when the pledge card was signed. Nearly 700 cards were signed up by Sunday night. If there are those who have been overlooked, please call upon Mr. Park, as he must have a complete roll of Randall county to present to the government, and it will save him the work of looking you up. Every home in the county has been visited, but some of the people were not at home on the first visit.

BOB FOSTER HIT BY TRAIN SATURDAY AND BRUISED UP

Bob Foster had a narrow escape on Saturday when an engine with one car hit him at the crossing east of the depot. He was coming from the garage north of the depot and did not see the engine until both were at the crossing. The front of his car and a stock car collided, tearing up the auto badly. He was not thrown from the auto, but was badly jarred up by the impact and it will be some days before he has fully recovered.

A Library for our Soldier Boys.

The Library War Council has organized under the authority of the federal laws, to provide suitable libraries for our boys now in training camps. The Council is working through the Texas State Library Commission, to secure funds in Texas. Governor Hobby has commissioned the undersigned, to promote this interest in Randall County. I am asking all the people to contribute as much as ten cents per capita. The Library War Council is separate from all other organizations, and has only one purpose in view—the supplying of our soldier boys with good books. Books save boys, and our boys save our country. The organization is safe, and the whole amount goes to buy books. There can be no greater or more sacred cause.

A committee of Canyon High School boys and girls, or College boys and girls, will wait on you, representing the Library War Council. You will not turn them down, of course. Yours for saying our own boys and winning the war.

R. B. COUSINS, Chairman for Randall County.

R. L. Marquis is Y. M. C. A. Chairman

R. L. Marquis was in Amarillo yesterday at the Y. M. C. A. conference which was held for workers from all over the Panhandle. Mr. Marquis is very enthusiastic over the great work which is being done by this organization and of the possibilities of the same.

Randall county is expected to assist in the campaign which is now on to raise funds to assist our boys in the trenches, and Mr. Marquis will call for workers within the next day or two.

Clyde McElroy has bought the J. M. Craig residence on West Houston St. and has moved to town. Mr. Craig has moved out to his farm south of town. Mrs. Dale went to Canadian Saturday.

L. O. WATERS SHOOT'S FOUR TIMES AT O. S. BROWN TODAY

At eleven o'clock this morning L. O. Waters shot four times at O. S. Brown in front of the First State Bank building. He used a 32-20 revolver. None of the shots took effect. The men had had some difficulty yesterday and Mr. Brown paid a fine this morning. Mr. Brown has been a rented on the Waters farms for several years, moving to this county two years ago. Mr. Waters waived the examining trial and was placed under a \$1000 bond by Judge Shelnett awaiting the action of the grand jury in February.

HEAD OF LAST WILD BUFFALO GIVEN TO HILL FOR EXHIBIT

J. T. Norfleet of Hale county has presented to Prof. J. A. Hill the head of the last buffalo which he believes to have been killed wild on the plains of Texas. The animal was shot in Hale county 27 years ago, and is an excellent specimen. Mr. Hill is making a collection for the Normal of relics which are connected with the early history of this section, and wish all who have anything to let him know about the same.

Thanks People.

W. J. Thomas states that he wishes to thank the people for the effort which way made to save his house from fire Sunday night. Mr. Thomas states that the house represents all of his worldly possessions and its loss was a severe one for him.

S. B. Orton visited Mrs. Orton in Amarillo last night. She is improving nicely from her operation. John A. Wilson has bought the J. T. Wiley residence in Canyon. The Presbyterian Missionary Society met Tuesday afternoon with Mrs. John Knight. An interesting program was given.

Bob Foster has bought the Thurman residence south of the square. S. B. McClure is painting his residence.

C. S. Dison went to Happy this morning. Dr. Garth was in Amarillo yesterday.

Mrs. Cyrus Eakman was in Amarillo yesterday.

Mrs. Lee Burgess went to Kansas City Friday to meet Mr. Burgess who returned from the north where he has been on business—few—the past four months.

F. P. Luke is reported to improving nicely. He was very sick last week and it will be some time before he has fully recovered.

Mr. and Mrs. Arden Jeffries visited Sunday at the parental Mrs. Moreland home.

TRADE EXCURSION FRIDAY GOING TO PARK COMMUNITY

The trade excursion this month will be run Friday to the northeast part of the county, visiting the Park community.

D. A. Park and C. H. Stratton will have charge of mapping out the trip for the day.

Arnett Moreland Here.

Arnett Moreland was released Tuesday from the hospital at Clovis and came to Canyon at once, being met here by his mother and brother, Chas., of Lockney.

Arnett had his right left cut off below the knee several weeks ago on a freight train near Canadian, falling between the cars as he attempted to climb the ladder during a light rain. He states that he is feeling well and that he will be able to get a good artificial foot within two or three months.

New Agricultural Demonstrator.

Prof. D. N. Barrow has been assigned to the Randall, Potter, Carson and Oldham district for agricultural demonstration work. He has been with the Louisiana A. & M. for some time and is highly recommended for the work of this district.

Miss Harris, who was recently appointed for home economic work in this district is working this week among the schools of Randall county.

Prewitt Heads Swine Breeders.

At the Panhandle State Fair, R. E. Prewitt has elected president of the Panhandle Swine Breeders Association. Mr. Prewitt has always been very active in the raising of registered swine, and his election will place at the head of the organization an untiring worker and a man who knows the swine breeding business thoroughly.

Building Addition to Home.

Henry F. Miller is building an addition of 18x24 feet to his home east of the city.

Miss Pearl Jenkins spent Sunday in Amarillo.

Elmer Wilson went to Lipscomb Saturday.

Henry Zirbel of Montezuma, Iowa, arrived in the city this morning to look over the country.

BAPTISTS POSTPONED CLUB GROUND ACTION FOR PRESENT

Rev. B. F. Fronabarger states that the Baptists have decided to postpone action on the purchase of the Canyon City Club grounds for the present.

Mr. Fronabarger attended the meeting Tuesday in Amarillo and reports that while the associations are in favor of buying a location along the Palo Duro canyon, yet it was decided that during the duration of the war, the members of the church should use every means at their command to assist the government, and therefore to sacrifice the pleasures of a big meeting place until more staple times.

Rev. Fronabarger is largely responsible for the movement for the purchase of the Canyon Club, and he is to be highly commended for his efforts in making this a great Baptist meeting ground. He will not give up the campaign for the purchase as soon as affairs become settled in the world.

Practical Food Conservation.

A prominent Canyon man stated to the News that he was starting out to help conserve the food supply in the manner that Hoover has prescribed. In discussing the possibilities of conservation with his family, they were of the opinion that nothing went to waste, therefore they could not economize. He stated out to prove that there could be economy. He saved two teaspoonfuls of sugar in his morning's coffee, and has kept it up.

Mighty little saving, did you say? What if you and the other 110,000,000 persons in these United States will do the same. What will become of the present sugar famine?

This is a lesson in practical economy.

Got Big Eagle.

A. D. Nickson and Leo McDade captured a big eagle Monday—south of town, which is 7 1-2 feet from tip to tip. They thought they had killed the bird when it flew out of the car on the street. They caught it and beat it over the head with an iron and placed it in Mr. Nickson's paint office and Tuesday morning found the thing alive. He says had plenty of fight in him. They will have him mounted.

TRADES DAY ON MONDAY

The regular monthly Trades Day will be held next Monday in Canyon.

The big features of the day are the bargains which are offered by the business houses, as upon former Trade Days and which the people of Randall county appreciate so much.

At 11 o'clock and at 3:30 the Canyon Band, under the direction of Miss Wiggins, will give a concert on the court house lawn. All of the people are urged to come out and hear the band. The organization was perfected only a few months ago, but excellent reports are made upon the progress of the band.

After the concert in the afternoon there will be a number of foot races for boys, including straight foot races, shoe races and potatoe races.

One of the pleasant features of the afternoon that is being planned is a riding exhibition by a well known rider of this county, who has appeared in many a bronco busting contest and was for a long time connected with a wild west circus.

Tickets are given on cash purchases by the leading business houses on the talking machine which will be given away on the December Trades Day. Remember that only one more month remains until the talking machine will be given away. Get all the tickets you can until that time.

S. B. McClure states that the big auction will be better than ever this month. Let every farmer who has something he would like to dispose of bring it in for the auction sale. The sale is free, but all stuff put must sell—no buy-bidding.

REV. R. A. STEWART RETURN-ED AS METHODIST PASTOR

The annual conference of the Northwest Texas Methodist conference closed at Memphis Sunday night to meet next year at Lubbock. Rev. R. A. Stewart was returned as pastor of the Canyon church. He was very successful during his first year's work here and the congregation are greatly pleased at his return.

The Canyon charge was changed from the Amarillo to the Plainview district in the reapportionment of the districts. Rev. A. L. Moore is the presiding elder of the Plainview district and will soon hold the first quarterly conference in Canyon. Rev. C. N. N. Ferguson remains presiding elder of the Amarillo district.

W. J. Fleisher was elected second alternate of the lay delegation of four from this conference to the general conference next year.

Fire Takes Two Residences

Sunday evening at six thirty fire was discovered in the second floor of the George Leverton home near the Normal, and within an hour the house had been reduced to ashes, while the house adjoining on the east and belonging to W. J. Thomas had caught on fire and was rapidly burning.

Mr. Leverton states that the fire started in one of the upstairs rooms which was used by the girls on this floor as a kitchen. One of the young ladies opened the door to enter the room, when the flames burst out. Assistance was called, but nothing could be saved on this floor. All of the students lost everything they had in their room. Mrs. Weems and two daughter of Groom, Misses Jackson of Panhandle, Miss Glascock of Blanco, lost all of their belongings. Mr. Leverton states that practically all of his family's furniture on the lower floor was saved, but they lost most of their clothing.

Mrs. Murphy was living in the Thomas house and saved everything. There was insurance on both houses. There is no fire plug in this end of town, and consequently, the houses could not be saved.

Schowe-Tate Wedding.

Miss Lillian Osen Schowe and Prentis R. Tate were married at Umbarger Monday night at 9 o'clock by Rev. B. F. Fronabarger. Only a few close friends of the couple were present.

Miss Schowe has been a student in the Normal and during the first part of the year, was a teacher in the Way side schools. She is a daughter of Mrs. Schowe, who is teaching the Umbarger school. Mr. Tate is the son of Mr. and Mrs. J. A. Tate of this city and has lived here for a number of years. The couple will reside at Umbarger.

CASE AGAINST MRS. FLORENCE REYNOLDS REVERSED BY COURT

The court of Criminal Appeals has reversed the case against Mrs. Florence Reynolds, of this city, who was convicted in the Potter county court of shooting her husband and giving her a sentence of 20 years in the penitentiary.

The court held that the testimony of Mrs. Reynolds during the inquest over the body of her husband should have not been introduced in the trial in the district court. It is stated by an attorney connected with the defendant in the case that as soon as returns have been received from the court through the attorney general Mrs. Reynolds will be released from the Potter county jail on her old bond.

It will be remembered that Mr. Reynolds was shot in the back last September while Mr. and Mrs. Reynolds were out hunting on the Evans place east of town. The grand jury was in session at the time, and within a few days returned an indictment against Mrs. Reynolds charging her with his death. The case was tried in Amarillo and the jury found her guilty, assessing a penalty of twenty years.

Normal Lyceum Number.

The first number on the Normal Lyceum course of this winter will be given at the auditorium next Monday night by the Irish Players.

As stated before, there will be only three numbers on the course this year and the tickets are only \$1.00 for adults and 50 for children.

The Irish Players give a very interesting and entertaining program of one act old plays. A very delightful program is promised for all who attend.

The second number on the Lyceum course comes just a week later—on November 19.

The third number is on January 19.

Installed New Switch Board

Work is now completed on the installation of the new section of switch board in the local telephone office.

Manager Stewart states that his force worked almost continuously from Saturday noon until Tuesday night in the work of installation.

When all of the work that is contemplated in Canyon has been done the phone service will be greatly improved.

Avril Bates Corporal.

Avril Bates is now a corporal in the army. He went with Troop B from Amarillo last May when all of the National Guard was called out. He is stationed at Ft. Worth now.

Mrs. W. C. Turner went to Higgins Friday.

RANDALL COUNTY MAKES GOOD

Uncle Sam asked the people of Randall County to back the boys with purchases of \$66,000.00 of Liberty Bonds.

You have responded with \$98,000.00, or one and one-half times the amount asked.

The quota of the First State Bank and its customers was \$18,335.00. Our actual sales, including our own subscription, was \$50,350.00, made up of 209 separate subscriptions.

This is an amount double our capital stock, and 2 3-4 times our official quota.

Nothing less than the greatest efforts of an enthusiastic citizenship of loyal Americans made this record possible, and we, as well as the Government, and our boys in the service, are grateful for your efforts which made the Liberty Loan a success in Randall County

The First State Bank Texas Canyon (The Only Guaranty Fund Bank in Randall County)

Letter from John Meyers.
Camp Bowie, Oct., 29, 1917.

Dear Sister:

How is everybody at home by this time. I am feeling fine and like my new job. I was transferred to the Field Artillery and like it so much better than the infantry. I'm a long line skinner now, have four frisky mules to handle and believe me at times they're a handful. Some of these drivers evidently don't know a mule from a cow to judge by some of the manouvers they make when we get into some tight places which we do, quite often. I got a little raise in taking this job and get out of that damped drilling. Why, at old Camp Travis they worked all the fat off my spare ribs. Now I've a chance to work some off these mules and fatten up a little myself.

Night certainly are cool here. I

stood guard last night, on duty two hours and off four, and with the light clothes I had almost froze but that's remedied now. Went to our wagon sergeant this morning and told him I'd have to have more clothes and say I got 'em. Talk about feeling like a millionaire, I was one when I got that good supply of woolen shirts, underwear, socks, gloves and extra jacket and breeches, also a rain coat. Couldn't get the regular overcoat or heavy uniform for they simply haven't got them to give to any of us. But we'll do very well with what we have. Let Uncle Sam fit out the boys in the trenches warmly and we'll make out here even if we do put on two shirts, ditto stockings, etc., to keep warm when we stand guard nights. The camp rules and regulations here

are so much different than at Camp Travis. We have so much more freedom here. Can go to town every evening from 6 to 12 and have every other Sunday off to go home if one lives within 100 miles of Fort Worth. I was afraid these enlisted men would treat us drafted jiggers with contempt, but I surely was mistaken. We all get the same in everything and are together. There are a number of men in this company who served on the border. They are rough old customers, but they sure know army life to a finish.

Had a little excitement this morning. Two mess halls burned down, made quite a little blaze. Everybody had to turn out and help. I was on guard at the time, so couldn't do. Quick work saved a whole string of tents as the north wind was blowing about 90 miles per hour, more or less, just like one of those little Panhandle breezes at home.

We live in tents here, some different than our barracks were at Camp Travis. Each tent has its stove, also electric light.

That box of birthday eats you sent me surely came in handy. We finished it on the way up here. Left Camp Travis at 4:30 p. m. Monday the 23rd and didn't get anything to eat until we got here Tuesday noon, except some of lucky boys who had a lunch box from home. The boys said to tell you that war bread you sent was the best stuff they ever ate.

Say, sis, when you are in town, tell Warwick to send me the News. I failed to get those copies you sent to me, perhaps they will turn up later. Say hello to everybody for me and tell them if they doubt that this bunch means business just come to old Camp Bowie and watch us work.

JOHN MEYERS,
Supply Co., 133 Field Artillery.

DENTAL NOTICE

I take this method in announcing to the public that I am permanently located in Canyon in my profession.

I shall be glad to serve you in the dental line.

Office over First National Bank, phone 303.

DR. MARY L. S. GRAVES, Dentist

Letter from A. W. Blough.
Camp Travis, Texas.

Mr. and Mrs. W. T. Garrett:

I will try to answer your much appreciated letter this evening. My last week has been rather quiet due to my having an ingrown nail removed. That meant a short hospital experience. But Truth helped me through it alright and I was permitted to return

to the barracks on Saturday afternoon. I could then wear a shoe without much discomfort though I haven't overdone it, doing no drill work today and possibly not for some time yet.

This camp is a stupendous affair. Yet with its magnitude and intricate workings everything seems to be perfectly organized and administered, moving like clockwork in the manufacture of soldiers for democracy. It certainly is a well thought out organization. Our experience here will be a valuable education to every one of us, and worth the cost if we never cross the water, and I sometimes doubt very much if we do cross. A great deal depends upon right thinking. I see that much more clearly than I did even a short time ago. The greatest aid the U. S. will be to our Allies is in material and material backing, such as we are now giving. These and the prayer of faith are going to do much to break the German spirit and bring about a righteous peace. But the preparation of men will go on anyhow. Of course to say when it will be over would be futile but we all hope our young manhood coming from a nation of high ideals, the nation that gave birth to and sheltered our precious truth may be spared at least some of the horrors of a warfare that swept all within its vortex in an effort to over rule the right. There is no effervescent enthusiasm here. We all realize the seriousness of it, and while submitting to what seems best and wise now and we will, if need be to give all that mortal sense knows, yet not one of us but who would go home with joy if the issue we are here for were honorably and permanently settled. It is a grim business but we are cheerful through it all. We have good food, clothing and comfortable quarters and are going to work with a heart and a will.

ADREN W. BLOUGH.

The soldiers needn't have any particular compunction about using their bayonet, as a thoroughly dead enemy can't come along later to bomb the hospital where you are laid up.—York Daily.

The Crown Prince of Germany is another argument that will be used against the cigaret.—Atlanta
The Peruvian bite is worse than its bark, apparently.—Syracuse Herald.

COME TO CANYON TO LIVE.

The Girl at Home.

I've traveled round the states a bit, of sights I've seen a few; I've stopped at cities full of life that have their fair maids too; For pretty girls are every where, no matter where you roam; But though they're very sweet and fair, they're not like the girls at home.

Oh all the girls she's the sweetest but I know her love is true, For one who wears the uniform and thoughts of her is true; And her gentle heart is yearning for her soldier boy each day— Oh how she's waiting for the time when I'll come home to stay!

Though other girls are fair, boys, it's in a different way, And soon you'll find their beauty fades like night before the day; But the girl at home, God bless her, you'll e'er find her the same, And there's not another like her, for mother is her name.

You'll never find another, boys, though you travel fair and wide; To her you'll always be the same.

her soldier boy, her pride, Though old friends may desert you, let you go your way alone, Still you'll always find her waiting, that dear old girl at home— Mother! LIEUT. LOYD VAYNE BENTLEY (Dedicated to his mother)

Nothing is so indicative of woman's progress as the fact that not one of them is knitting a doily.—Boston Transcript.
Now that everybody seems to be agreed on the price of coal, all that remains is for the price to set.—Atlanta Journal.

Catarrh Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free. F. J. What Do You Know About Your Blood Supply?

Your ignorance may startle you.

Few people know of the many functions of the blood supply, and just how important it is that it be kept absolutely free from all impurities. The health of the entire body depends upon the condition of the blood. You are invited to write and obtain a booklet that gives you some invaluable information on this im-

portant subject. It tells how to keep the blood strong and free from the many impurities to which it is constantly subject.

It gives the history of S. S. S., the world's most successful blood remedy, which has been sold for more than fifty years by druggists everywhere. This book will be sent free to all who write to Swift Specific Co., Dept. A Atlanta, Ga.

A New High Water Mark.

What is believed to be a record price for standing crop was paid during the past week by cattle men near Friona, to Walter Spradley. The tract involved amounts to about 200 acres, although only 160 acres comprised the feed crop. This consisted of kafir, maize, sudan grass and cane. The price paid Mr. Spradley was \$3,500. This deal is a startling illustration of what may be done with feed crops in the Plains country.—Hereford Brand.

Let Thistles Go To Seed.

C. D. Heneise, a farmer who lives about seven miles southwest of Hobart and who was arrested this morning by the sheriff upon an information charging him with permitting Russian Thistles to seed on his premises entered a plea of guilty in the County Court before Judge Carpenter and was fined \$25.00 and the cost of the prosecution, or a total of \$43.45. Heneise paid the fine and was discharged from custody.—Hobart (Okla.) Republican.

Whenever You Need a General Tonic Take Grove's.

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60 cents.

Paint Your Buildings

Good Paint, fully and effectively meets the two-fold requirements and purpose of beautifying and preservation, either of which is absolutely necessary in the good appearance and economical maintenance of your property.

The enhanced value and beauty of an attractively painted residence, as compared to one unpainted and neglected, needs no explanation to the average home owner; but we believe, from observation, that a great many of the property owners throughout the Panhandle are unaware of the big expensive mistake they are making in failing to keep their properties protected and well preserved by the application of good paint. This neglect is wrong and is a decidedly mistaken idea of economy or thrift, because, failure to use good paint when it is needed is one of the biggest and most expensive errors an owner of property can make.

Due to advances, necessary in the price of all raw paint materials, a corresponding advance in the price of all good paints has occurred. When considered on the basis of the advance made in the price per gallon, the increased cost of painting this fall sounds much larger than when computed into the actual increased total cost of painting your home and other buildings as compared to the cost of painting them a year ago.

Nothing in the condition of the raw paint material markets indicates a decline in prices for several seasons to come. In fact, due to the tremendous demands of the government for all lead and zinc products, combined with a half crop of flaxseed this year paint manufacturers are predicting further advances in the price of their products.

Reliable statistics prove that each year more money is lost to property owners through rot and decay of their buildings, due to failure to use paint when it is needed, than the combined loss sustained through fire and each year thousands of dollars are lost to the property owners throughout the Panhandle by their failure to keep their properties well preserved with good paint. Failure to paint now, if your buildings require paint, will result in a deterioration of their condition and a big loss in their value that you can never regain.

When exposed to the alternating weather elements in a poorly painted condition thousands of minute cracks and crevices will quickly occur in your buildings; the nails will soon rust, the boards will warp badly, and the grains of the wood will become broken and raised. The longer you neglect your house, the worse these conditions become, and the bigger your loss in the depreciation in the value of your property. Eventually you will be compelled to paint, then every one of those cracks and crevices must be filled with paint, meaning that if six gallons will do your job now, eight or nine gallons will be required later on. In the meantime, the value of your building will have depreciated, and those cracks will be a source of increased expense each and every time you repaint as long as the building stands.

Do not make the mistake of thinking that you are saving money by not painting this fall. Investigate the condition of your buildings at once. If they are in need of paint—GET BUSY. Encourage your neighbor to do likewise and help him, as well as yourself, to actually make and save money.

Think of the favorable impression well painted homes must make on the visitor to the Panhandle. The thrift of our people will be manifested and their prosperous condition proven; happiness and contentment will be indicated, and the inviting appearance of hundreds of well painted homes throughout the Panhandle is bound to influence many other thrifty people to locate in our country and become one of us.

A word of caution might be added in your purchase of paint materials. You know that good materials accurately and scientifically ground and mixed by powerful machinery, are better and infinitely superior to the old process of guess work and stirring together by hand. Also, you know that a paint composed entirely of pure lead, pure zinc, and pure linseed oil, looks better, spreads farther, and wears much longer than a paint containing such adulterations as lime, an adulterated paint at any price; but tigate and examine carefully the formula label on each can of paint recommended to you; remember a low priced gallon invariably means a high priced job, and be careful to not buy an adulterated paint at any price; but insist that the paint used on your property be one hundred per cent pure lead, zinc and linseed oil, because only in such a paint can you get the maximum quality and economy at the minimum of expense.

COME TO CANYON TO LIVE.

EASY TO HANDLE-- ECONOMICALLY LIGHT WEIGHT!

You do not have to sacrifice roominess, comfort and beauty in order to save money.

Look into the wide, deep seats of this Model Ninety—look at its ample leg-room—look at its spacious tonneau.

Note how inviting and beautiful everything is—nothing skimped, nothing cramped!

If you did not already know the low cost of this great car, its appearance would indicate a much higher price.

But the extraordinary value of this Model Ninety is realized only when you drive it.

It has big car performance combined with small car handiness and economy—just the qualities you most desire.

Everything for its control is within easy reach and it has complete equipment, everything necessary for maximum service and convenience.

The 22-horsepower motor is simply a wonder—more than 80,000 in service prove its superiority.

The wheelbase is 106 inches—and there are easy riding rear cantilever springs and large tires, non-skid rear.

There is the famous Auto-Lite system for electric starting and lighting and the vacuum system fuel feed of finest type.

Do not deprive yourself of all of the advantages of owning a car.

Get this car that is built for utility purposes, yet, in addition, gives you the pleasures, comforts and beauties so desirable and necessary to complete satisfaction.

"Beefless Tuesday" was put into effect in virtually all the hotels and restaurants in New York City October 2nd, and provided success. The hotel owners report unanimously that their customers met the sacrifice with entire willingness, and that many went so far as to seek them out to congratulate them on their patriotic work. In place of the customary beef, the menus had fish and game. The "beefless Tuesday" will go into

effect in every part of the United States within a week. Ward was received from almost every hotel association in the United States that are enthusiastic in cooperating. At first many hotel and restaurant proprietors feared that the movement might injure their trade. All the doubts, however, have been converted. The proprietors of the large hotels said that beef consumers are learning rapidly to rely on fish and poultry, and that this will solve the

food conservation problem. Despite the scarcity of foodstuffs in Germany the Teuton diplomats continue to spill the beans.—Kansas City Star.

What is LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA A Digestive Liquid Laxative, Cathartic and Liver Tonic. Contains Cascara Bark, Blue Flag Root, Rhubarb Root, Black Root, May Apple Root, Senna Leaves and Pepsin. Combines strength with palatable aromatic taste. Does not irritate. 50c

A BANK'S SUCCESS-- COMMUNITY'S GAIN

In conducting the affairs of this bank, the management has always believed that men of good business judgment and conservative ideas appreciate the sound, progressive bank conducted on safe and strictly business lines; that its growth and success are the community's gain; that such a bank best protects the interests of its depositors, and thus proves its greatest help to the commercial development and credit of the community.

The Citizens Bank Of Canyon

(Unincorporated)

THE BANK THAT APPRECIATES YOUR BUSINESS

DO YOU BUY FOR CASH

If you do not pay cash for your goods, you should make up your mind as thousands have done to make this store your shopping headquarters, not only that you will get benefit of the low prices that we have, but you will always find the largest selection to be found in Cities many times the size of Amarillo. We have five distinct Departments under the supervision of a manager who in turn is an expert in his line, which gives you the benefit of buying at all times the right kind of merchandise.

OUR BUSINESS IS INCREASING MONTH AFTER MONTH.

which proves that we must have the right goods and the right prices and that we will give you in return for your money, the greatest values that are to be had. Hardly a day in the month passes that we do not receive a number of freight and express shipments. We have two New York offices which are always sending us the newest while it is new, so you can rest assured that whatever you buy of us is the newest that is to be had.

A LADIES COAT—COAT SUIT OR DRESS

bought of us is a safe proposition that you wear the right kind of garment, and should you visit any Eastern City, your clothes would be as much in style as if bought in New York City.

BUYING FROM A CATALOG—AND ITS RESULTS.

If you buy your Ladies ready-to-wear by catalogue, want you to know that it takes time for a catalog to be printed, it takes time to get the pictures made to print in the catalog, and by the time this catalog reaches you, some other new style has taken the place of what you ordered. You ordered whatever you think would be becoming to you, and you find disappointment when you get either the wrong size, or the wrong style, and when you have some alteration to do, it is up to you to get a satisfactory fit.

THINK IT OVER AND SEE IF WE ARE NOT RIGHT.

We have only one price

We sell for cash

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

Two good houses were destroyed Sunday night by fire. One of them would have been saved with a very little water. There is no fire plug in the east end of town. The Normal addition is outside the corporate limits. There is no sewer system in that end. Had the wind been from the north, at least eight of the biggest rooming houses in Canyon would have been destroyed. Without sewer disposal an epidemic of typhoid could be started that would cost us dearly in life. The interests of the Normal is the interest of all our community. Had the wind been different, nearly a hundred students would have been without a rooming place. There is a clear and plain necessity for water-work and sewer system in the east end. There must be these advantages there if the town takes care of our interests. The incorporation line is just this side of these buildings which need the protection. Canyon now covers as much territory as she is allowed by the state according to our population. There is only one way of solving the question—change our boundaries so as to take in this addition. It is to the best interests of the city that we do this.

Three of our fighting men have fallen by the German bullet; five are wounded by the same bullets; twelve are enduring the tortures of hell in a German prison. Is that not enough to awaken the American people to the

fact that we are in this terrible war and have paid the first price?

It is reported that a number of people are attempting to hoard sugar by going from one store to another, buying all they can. This is uncalled for and extremely hogish. There will be plenty of sugar and everything else for all our people if they will only have a little sense in using it. If our people cannot use their heads in this time of necessity, the government will soon have us on a meal ticket.

Washington City is now dry. New Mexico went dry Tuesday. Ohio is reported to be practically gained by the dry vote. National prohibition is coming faster than any of the more ardent workers every anticipated. War and its necessities has made this possible.

The people of Randall county have lined up behind Hoover. The man who refuses to obey his country in time of need had as well be in Germany as to expect any sympathy from people who are anxious to do the bidding of the nation. We are war. The thought of the nation is war. Everything that will promote the interest of war it being done. If you don't see the plans of the government as clearly as you would like, just keep in mind that Washington is trying to accomplish some good in the little thing it is asking of you—and also

Positive Proof

Should Convince the Greatest Skeptic in Canyon

Because it's the evidence of a well-known Canyon citizen, Judge Coss. Testimony easily investigated. The strongest endorsement of merit.

The best proof. Read it:
C. E. Coss, judge of county court, Canyon, says: "I have used Doan's Kidney Pills and have had very satisfactory results. They do as advertised." (Statement given January 3, 1912.)

On November 13, 1915, Judge Coss said: "I have not had any bother with my kidneys since I gave the former recommendation for Doan's Kidney Pills. The cure has lasted."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Judge Coss has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Keep in mind that the jail door is open for the man who wishes to get in the way of the government during times of dire necessity.

O. N. Gamble drove to Hereford Thursday.

Purity Biological Laboratories, Sioux City, Iowa.

Gentlemen:

I have been using Dr. Haslam's production for the past eighteen months, having commenced using the double treatment a year ago last fall on a bunch of calves which were dying very rapidly, after being treated with several other vaccines. Since that time we have had no occasion to use the double treatment, but have used the germ free vaccine very extensively and have not lost a single calf from blackleg. We have used over two thousand doses on registered calves and several thousand doses on grade calves, and it is the only vaccine I have ever secured which seems to be an absolute preventative of the blackleg. It is my opinion that at this vaccine could not be recommended too strongly. Very truly yours,

(Signed) C. O. KEISER.

BLACKLEG IMMUNO

A life preventative for calves—to be used on calves not sick with this highly fatal and dreaded disease—it prevents them from contracting the disease.

BLACKLEG KURO

It cures the calves after they have the disease and prohibits the spread of the disease in the herd.

These serums are produced under the supervision of the government and the users are fully PROTECTED and the serums fully GUARANTEED.

Why pay 50 cents for immunizing your calves when you can get the genuine for 35 cents.

Phone or wire us your order. We carry a large supply at all times.

Normal Notes
Following is the report of churches last Sunday:
Methodist—Girls 54, boys 23.
Baptist—Girls 40, boys 27.
Christian—Girls 17, boys 4.
Church of Christ—Girls 8, boys 4.
Presbyterian—Girls 15, boys 8.
Miss Gladys Norfleet of Plainview visited chapel Tuesday morning.
Lennie Heard of Clovis entered school Tuesday.
Florence McAfee was here again Friday.
Rev. Seaman of Amarillo visited chapel Friday.
Last Saturday morning at chapel the following members of the Annual Staff were elected:
Editor-in-Chief—Mary Cagle.
Business Manager—J. J. Powell.
Associate Editor—Will Graham.
Social Editor—Ruth Wakefield.
Athletic Editor—Jake Crudgington.
Art Editor—Mary Bradford.
Associate Art Editor—Ola Lewis.
Joke Editor—Hattie Grigsby.
Literary Editor—Golda Gruvet.
Following is the program for the Guenther Literary Society, Nov. 10:
Song, America—Society.
Talk—Miss Brown.
Jokes—Charlie Pinson.
Debate—Resolved: "That Russia should stay in war." Aff.—S. Sherry, Myers. Neg.—Wells, Wiseman.
Reading—Robert Hill.
The Cousins Literary Society was entertained last Friday night by the Sesames. An interesting program was rendered, after which refreshments were served.
Eugene Deveraux visited chapel Tuesday morning.
Mrs. Ray Hexox of Bovina is visiting the training school this week.
Francis Charlton of Amarillo entered school Wednesday morning.
The following is the program for the Dramatic Club, Nov. 12:
Violin Solo—Miss Wiggins.
Knee Deep in June—Mr. Condrey.
Old Fashioned Roses—Miss Graddy.
Granny—Fay Trimble.
An Old Friend of Mine—Miss Matthews.
When the World Bursts Through—Lucy Stevenson.
My poet brother—Virginia Thurman Little Orphan Annie—Carrie McFat.

Our Hired Girl—Marie Dodson.
Amongst—Ava Avinger.
A Dash 'o Blues—Agnes Goode.
The Train Misser—Morris Wells.
Piano Solo—Mary Bradford.
Miss Gladys Withers of Amarillo visited chapel Wednesday.
Will Taylor of Ochiltree, a former student of ours, visited chapel Tuesday.
The following is the program for the Cousins Literary Society:
Song—Society.
Society Yell
Violin Solo—Joe Thompson.
Reading—Melvin Roberts.
Debate—Resolved: "That Teachers Certificates should be granted only thru Normal Schools." Aff.—Veron Parker, Ira Younger, Allen King, Neg.—John Ellard, Burlinson Atkins, Wesley Gibson.
Quartet—Arranged by Mr. Kibble.
Jokes—Randolph King.
Critics' Report—Mody C. Boatright.
The Sophomore Class met for organization last Saturday. The following officers were elected: Melvin Roberts, Pres; Floyd Golden, Vice Pres; Lorine McGehee, Secretary; Stella Bishop, Treas; Matt Ward, Yell Leader; Paul Stewart, Sergeant-at-Arms.
Miss Jo Pennington returned Monday from a visit to her parents at Claude.
On November 1st the Y. W. C. A. served tea to the student body. The proceeds, seven dollars and fifty cents,

was to pay the expenses of Mrs. Pickrel of Amarillo, who instructed the Y. W. C. A. girls on "Surgical Dressing."
Miss Hanna Swearingin visited her home at Happy Sunday.
Miss Stella Butterfield, a former student of the normal, was visiting her parents Saturday and Sunday.
Miss Irene Tidenberg and Gertrude Lambert spent the week end with Miss Henrietta Machen, whose home is about six miles south of town.
There was a basket ball game Saturday night between the short fat girls, and the tall slim girls of the Normal. The score was 21 to 8 in favor of the short fat girls.
Mr. Stafford addressed the Y.M.C. A. last Sunday afternoon.
Program for the Second Spanish Society follows:
Translate and memorize the first and second stanzas of America—Mr. Merrel.
Translate and memorize the third and fourth stanzas of America—Miss Baber.
Translate and memorize a short poem—Miss Penrod.
Vocal Solo (in Spanish)—Miss Eakman.
Misses Neva and Beatrice Burgan of Canyon are among the students who entered the Normal this week.
Last Friday morning in chapel Dr. Nicholas of Southwestern University and Prof. Smith of Texas Christian University spoke on the work of the Y. M. C. A. among soldiers. Our students responded by giving \$1233 to this work.
J. W. Hill left this week for the navy.
Last week was quite full of social events. On Saturday evening the Seniors entertained the members of the faculty and a few other friends. The event was informal and delightful.

A Woman's Happiness Depends Upon Care

Joy in its supreme mood thrills in the ecstasy of motherhood. It is an expectant mother's picture a miniature of self and soul, a mother's thoughts center her for the days of suspense. For over three generations, thousands of women have used the tried and well-known preparation, "Mother's Friend". By its daily use the muscles which nature is expanding relax easily; when baby is born strain is relieved. Tendency to morning sickness or nausea is counteracted and the inflammation of breast glands is soothed; they are kept in good condition, and the time before baby comes is full of quiet repose and joyful anticipation. This makes greatly for the health of the mother and for the future good nature of the coming child.
Write the Bradford-Regulator Co., Dept. G, 290 Lamar Building, Atlanta, Ga., for their helpful and very interesting book, "Motherhood and the Baby". They will send it to you without charge. Your druggist will supply you with "Mother's Friend". It is a mistake to go a single night without using it for the preparation is truly wonderful and its use makes it possible for you yourself to do your share in aiding nature in its difficult task. By doing so pain and danger at the crisis is avoided.

REDFEARN & CO.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

Loses Arm in Thresher Belt.
Nick Klein, who lives several miles north of Plainview, lost an arm in a thresher accident Saturday. He was arranging a belt on the thresher and his arm was caught by the main belt; it was broken below the elbow and almost severed from his body. He was also cut about the neck and head, and suffered bruises on his body. Sunday morning the arm was amputated below the elbow. A telephone conversation with the Seipp home, where he now is, informs us that he is doing well, and is recovering.—Plainview News.

Child's Skull Crushed.
Last Saturday as Mr. and Mrs. Grover Wilson of Hansford were returning to their home from Texhoma where they had been shopping, they had a very serious accident which caused the death of one of their little babies.

Grover Jr., who was about 2 years old, tried to climb over the back of the wagon seat, when he fell out and the wheel passed over his head crushing his skull.—Texhoma (Okla.) Argus.

Trapped Three Bears.
Last week Ramon Abreu trapped three medium sized black bears last week at the Rayado ranch—Springe (N. M.) Stockman.

The Quinine That Does Not Affect the Head.
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE. See

Special Bond Election.

Whereas, the Commissioners Court of Randall County, Texas, deems it advisable to issue bonds of said County for the purposes hereafter stated:

Therefore it is hereby ordered by the Commissioners Court of said County that an election be held on the 24th day of November A. D. 1917, at which election the following proposition shall be submitted:

Shall the Commissioners Court of Randall County, Texas be authorized to issue bonds of said County in the sum of Fifty Thousand (\$50,000.00) Dollars, payable in forty years after date with option to redeem same at any time after Ten years from date, bearing interest at the rate of Five and one-half cent (5½) per annum payable semi-annually on the 10th day of April and the 10th day of October respectively, and to levy a tax to pay the interest on the said bonds and to create a sinking fund sufficient to redeem them at maturity for the purpose of Construction of bridges and the improvement and maintenance of public roads within the county.

Said election shall be held at the following places in said County of Randall.

Voting Precinct No. One at Court House in Canyon, Texas.

Voting Precinct No. Two at Jowell School House.

Voting Precinct No. Three at Ralph School House.

Voting Precinct No. Four at Fairview School House.

Voting Precinct No. Five at Connelly School House.

Voting Precinct No. Six at Trigg School House.

Voting Precinct No. Seven at High Point School House.

Voting Precinct No. Eight at Umberger School House.

Voting Precinct No. Nine at Edmonds School House, and the following named persons are hereby appointed managers of said election.

S. B. Lofton, Precinct No. One.

C. P. Hileman, Precinct No. Two.

R. W. Bruce, Precinct No. Three.

H. E. Wesley, Precinct No. Four.

John Boulware, Precinct No. Five.

Andy Costley, Precinct No. Six.

D. R. Burns, Precinct No. Seven.

A. P. Baird, Precinct No. Eight.

W. L. Deeke, Precinct No. Nine.

Said election shall be held under the provisions of Chapter 149 Act of the Twenty-sixth Legislature of 1899 and only qualified voters, who are tax payers of said County shall be allowed to vote and all voters desiring to support the proposition to issue bonds shall have printed on their ballots the words "FOR THE ISSUANCE OF BONDS" and those opposed shall have printed on their ballots the words "AGAINST THE ISSUANCE OF BONDS". The manner of holding said election shall be governed by the laws of the State governing general elections. A copy of this order signed by the County Judge of said County shall serve as proper notice of said election and the County Judge is directed to cause said notices to be posted up at the places designed for holding said election at least thirty days prior to the date of said election.

C. R. FLESHER,
County Judge, Randall Co., Texas.

Piles Cured in 6 to 14 Days
Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives ease and Rest. 50c.

If tin tags like these can be made for one-half of a cent each at a good profit, why was a bill proposed in the legislature to force the farmers to mark the 8,800,000 bales of Texas cotton with these tags at ten cents each? WHY?
"For the good of the farmer"—so said the legislator who introduced the bill. Do you believe it?

These tags at 1/2c each would have cost \$19,000. At 10c each they would have cost \$380,000. That would have made a minimum profit for somebody of \$361,000! SOME profit!

Who do you believe would have benefited from this bill—the farmer or the man who made the tags?

Read all about it, in

FARM and RANCH

The Farm Paper of the Southwest

Farm and Ranch is now running Senator Willacy's compelling story "The Heavy Hand of Invisible Rule" which throws the brilliant light of publicity on all the underground and nefarious forces that control our state government and make away with millions of the people's money every year.

If you are tired of paying high taxes, Read This Story.

If you are sick of seeing your money going to the support of Invisible Rule READ THIS STORY!

If you think it's about time we had a general clean up in the government of this state and want to know how to go about it, READ THIS STORY!

A Farm Paper that IS a Farm Paper

FARM AND RANCH is devoted entirely to the interests of Southwestern farmers, stockmen, and their families. Every issue contains splendid articles on the various crops, notes on the latest improvements in implements and fertilizers, authoritative information on all kinds of livestock, suggestions for silos and silage crops, a household department for the women folks, good fiction and many instructive articles on matters of current interest.

Subscription price \$1.00 for two years. If after three months you don't think it is worth MORE than the money, tell us so and we will refund your dollar.

CATTLE AND SHEEP RANCHES IN NEW MEXICO.

New Mexico, the ideal range country for cattle or sheep, now offers to stockgrowers the final opportunity to buy desirable grazing lands at reasonable prices. I offer exceptionally good grazing propositions in New Mexico at attractive prices to stockmen who are ready to do business now. These properties come in deeded land, leased land, open range and in combinations, stocked or clear. They are well located and possess all the essentials of first-class stock ranches. They are both large and small, and include a few very large properties.

W. H. GILLENWATER
ALBUQUERQUE, NEW MEXICO

Lined Up for Division.

We think we can name a few newspapers that have lined up for a division of Texas. They are: The Southwest Plainsman, Randall County News, Plainview News, Lockney Beacon, Slaton Slatonite, Lubbock Avalanche, Miami Chief. All these and others have either expressed themselves straight out for a division or leaning towards a policy of this kind. Your reasons assigned against a division are not well founded. First place, the location of the capital of the proposed new state will be left to a vote of the people. Your second objection, that it would increase tax rate on the Panhandle, will say that we are already paying more taxes than we derive government benefits. We do not believe our tax rate to maintain the new state would be as great as it is now. The expense to administer government affairs in Texas is very high by reason of distance traveled. For instance, it cost approximately \$40 to make a trip from Austin to El Paso—one way. This expense would be cut half into if the distance was half to be traveled. Your third reason, in which you state that the freight rate to gulf ports would be greatly increased. Just the reverse. We get cheaper out of state freight rates than inter-state. Bro. Wagoner may figure that the altitude "may make up the difference." You will have to assign more plausible reason why Texas should not be divided than those above mentioned. Read your exchanges a little closer and you will find out that the press of the Panhandle are almost solid for a division of Texas.—Lockney Beacon.

The Ralls Banner joins in the demand for a division of Texas into two states. Its editor is a native

Texan, and loves the Lone Star state, but is of the continued bad treatment West and Northwest Texas has for many years received at the hands of the people and politicians down in the state, and seeing no hope of better treatment, he now thinks there should be a division. In all Northwest Texas there is but one or two newspapers that are outspoken in opposition to division. Division is in the air, and the people all over West and Northwest Texas should begin to arrange for an organization to promote a campaign for a division of the state.—Plainview News.

A WOMAN'S BURDENS
are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weaknesses, delicate derangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. If she's overworked, nervous, or "run-down," she finds new life and strength. It's a powerful, invigorating tonic and nerve which was discovered and used by an eminent physician for many years, in all cases of "female complaints" and weaknesses. For young girls just entering womanhood; for women at the critical "change of life"; in bearing-down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, the "Favorite Prescription" is guaranteed to benefit or cure. Dr. Pierce's Pellets cure biliousness.

Adding To His Flock. Chas. Schuler and son, and S. A. O. C. Hill recently purchased about 100 Herefords from the Jim Bain herd while there Mr. Schuler bought six the same being delivered here last thoroughbred sheep which he adds to his flock.—Abernathy Breeze.

Bought Fine Bunch of Cattle. O. C. Hill recently purchased about 100 Herefords from the Jim Bain herd while there Mr. Schuler bought six the same being delivered here last thoroughbred sheep which he adds to his flock.—Hedley Informer.

Some Visits of the County Agent.

I wish that every farmer in the Panhandle could have gone with me to the farm of Mr. Austin Beene, near Claude in Armstrong County. I found Mr. Beene very busy getting ready to fill his silo, but he insisted on taking time off to show me over the farm. Mr. Beene's principle business is raising registered Hereford cattle, but he has a farm of sufficient size to raise most of his feed, and he finds it pays best to put his feed in the silo. He took me out and showed me first, ten head of as good two year old Hereford heifers as you could want to see, anywhere. Then he showed me his herd of cows with heifer calves. Mr. Beene keeps his bull calves separate from the heifers, and he finds they both do much better. Then we saw the herd of bull calves, which were as fine as I have seen this year. Mr. Beene had a bull in the Panhandle State Fair, where he was in competition with some of the best Hereford herds in the country. When we returned to the house I saw what I hope to see some day, on every farm in the Panhandle. Good, well-matured grain sorghums going into the silo. Mr. Beene filled his silo with matured feterita, which will make as good feed as can be had anywhere and will enable him to realize more for the stuff produced than in any other way.

I visited the farm of Mr. W. T. Dudgeon, eight miles north of Amarillo, where I made a butter-fat test on 17 Jersey cows for him. Mr. Dudgeon started out in this country in a very small way, but by hard work and good management, he has now, one of the best improved and equipped farms in the Panhandle. Mr. Dudgeon's principle business is milking Jersey cows and selling cream, although he raises his Jersey calves, registered Duroc hogs, and pure bred White-Leghorn chickens. I wish every farmer could go with me and see Mr. Dudgeon's farm, his farm is a model of arrangement and efficiency.

Not being able to build a large, well equipped barn to use to milk in and keep his cows in, he built a milking room large enough for two cows. This room is tight and warm and is made very comfortable in stormy weather, it is arranged to feed the cows their concentrates while milking them. He opens the door in one end of the room, calls a cow by name, she comes from out in the lot of her own accord and takes her place and is milked. When she is milked she opens the door in the other end of the room herself and goes out. This is all done without a cross word or any driving of any kind. This milking room is perfectly sanitary, there being no manure of any kind about, each cow behaves herself in this way too, not manuring things up and not kicking. Mr. Dudgeon raises a variety of crops and rotates these crops. He had one of the finest gardens in the country last year and most all of the things raised have been either canned or stored in a cellar.

I was called out to Mr. Hershel Climer's farm, near Vega, to inspect some Sudan grass which he is raising for seed. Mr. Climer is improving by putting down a five inch well, which furnishes water enough for all stock and to irrigate a large garden and orchard. Mr. Climer showed me the potatoes and onions he raised this year, he raised enough sets for the whole country. He has a splendid young orchard just set out. Although the summer has been exceptionally dry, by watering the young trees he only lost a very few. Mr. Climer will have considerable good Sudan seed for sale this fall.

B. B. HOLLAND,
County Agent.

Bought 1300 Head of Cattle.

Captain H. Trow of Hereford has just returned from a trip to Plains, Texas, and nearby points, where he purchased about 1300 head of cattle. He could not secure cars to ship them in at once, but when they arrive he will take them out on his ranch north of town.—Hereford Brand.

Shipped Pure Bred Calves.

H. G. Tolbert of this place and Dr. Gist of Amarillo shipped three cars of pure bred Hereford calves to their farms at Happy and Miama. These calves were from the D. D. Ranch west of Littlefield.—Littlefield News

Got a Five-Point Buck.

Charley Farley brought in the finest deer of the season so far last Saturday. It was a "Five-Point Buck" and weighed 200 pounds. It was as fat as a corn fed steer and a beauty. It took three men to carry him up out of the canyon. Charley will have the head mounted to look at in future years when the "Lure of the Wild" is strong upon him and there are no more deer to hunt.—Roy (N. M.) Spanish America.

The nation's brood sows are needed in breeding pens far more than in pork barrels.

Burns all the gasses in coal which in soft coal amounts to more than half the fuel and which are wasted up the chimney with the ordinary under-draft stove. The two top draft discharge highly heated air into the combustion chamber with a rotary motion, which mixes it with the rising gasses more thoroughly than is possible with a single draft and these gasses are thus oxidized and burned. The stove has a larger positive radiating surface than any other stove of the same diameter. Its handsome appearance with door surfaces milled air tight are additional points in its favor and are not found in any other hot blast. Avoid so-called air-tight stoves having side feed doors.

Feed Cows As Individuals.
Cows must be fed as individuals and not as a herd if they are to be fed economically, asserts O. E. Reed, professor of dairy husbandry in the Kansas State Agricultural College. The quantity of milk produced by the cow is an indication of the quantity of feed she must have.
The first use to which the animal puts its food, whether producing milk or not, is to maintain the functions of the body. The feed in excess of this amount is used for producing milk, storing fat, or for growth of the foetus.
Underfeeding is perhaps more common than overfeeding, is the belief of Professor Reed. The effect of underfeeding may not be noticed at once, as the cow will produce milk for a time by converting the surplus flesh of her body into milk. Hence, if a cow declines in weight while she is producing milk, it is an indication that she is not receiving enough feed. On the other hand, the overfed cow may put fat on her body or she may get off feed.
A succulent ration should be maintained during the winter. Such a feed serves to keep the digestive organs in

good condition. This succulence may be secured by feeding silage or roots. Silage makes the best succulent feed in this state because it is possible to obtain large yields of corn, cane, or kafir, which make excellent silage.
The feeds in a ration must be such as to provide a sufficient bulk to satisfy the appetite and feeding capacity of the animal, and to furnish the amount of nutrients needed by the cow. An animal may be fed enough nutrients in the form of grain to perform her work but she may receive too little bulk to be satisfied.
The roughage should form the foundation of the dairy ration. A cow should have all the roughage she can clean up, and the grain ration should be regulated by the amount of milk produced. A cow should be fed one pound of grain to each three pounds of rich milk produced and one pound of grain to four pounds less rich milk.
The three substances which must be considered in making up the ration of the dairy cow are protein, carbohydrates and fats. These substances are found in all feeds but in varying proportions. The protein or nitrogenous substance, is the most expensive. It is used by the animal in the

DRY-GOODS, CLOTHING & GROCERIES
CANYON, TEXAS

production of hair, hoof, hide, horn, blood and muscle. Alfalfa, clover, hay, cotton seed, and linseed meal bran, oats, and gluten feeds contain a high per cent of protein. The carbohydrates and fats produce head and furnish energy to make the fat that is stored up in the body and in the milk. Corn, kafir, cane, corn silage, timothy hay, oats, and wheat straw contain a high per cent of carbohydrates.
A balanced ration must contain both protein and carbohydrate foods. Alfalfa and clover furnish protein in the form of roughage. In order to balance the ration, it is best to feed a grain rich in carbohydrates. If the roughage consists of cane or kafir, then a grain ration such as bran or oats must furnish the protein. The protein feeds are the most expensive feeds on the market. If alfalfa, cow peas and clover can be grown in the locality, it is cheaper to use them in the dairy ration.
Cows must breed intelligently if the highest and most economical returns are obtained. One of the principal reasons for the low average production of the Kansas cow is that she is not properly fed.
Economic feeding resolves itself into the study and execution of the lesson which nature teaches. The cow makes her greatest production in the early summer. The intelligent feeder therefore will strive to maintain similar conditions as nearly as possible through the year.—Holstein Friesian World.

GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

Donley Farmers Will Sent Seed.
County Agent, Kennedy is also working on another matter which should commend itself to all big hearted people. He proposes that the farmers of this county, whose yields this year are abundant, chip in and send 1000 or more bushels of seed maize and kafir to the drought stricken farmers in some portions of

Texas. He'll probably see you about it some time soon. Do your part.—Hesley Informer.

Bringing In The Bear Grass.
W. T. Cooper who lives 12 miles south of town is bringing from one to two loads of bear grass to town every day in the week except Sunday. If the parties who are buying it don't

go to shipping soon Mr. Cooper will have the town site covered. He is getting from \$8.50 to \$9.00 per ton.—Kenna (N. M.) Record.

A sample of the corn said to be grown by Tom Woodward without any rain, can be seen at the Wooley Land Office. It will make near twenty bushels per acre.—Brownfield

Shoot Ducks With "Nigger Shooters."

There are thousands of ducks on the lake east of town but the nimrods are not bringing in a very large string. Many are satisfied if they can truthfully say they have bagged one or two, although a number have brought in near the dozen mark. Two boys were out Sunday. They took off their clothes and went into the water. Both boys carried "nigger-shooters" and it is said they kept under the water until they were nearly to the ducks, then they would rise up and shoot. One of the boys brought in two which he said he killed in that manner.—Tucumcari (N. M.) News.

Bought Farm and Fell Dead.
H. L. Smith, aged about 60, who was up here to invest in Terry County land, and who had about concluded a trade with Mr. Roberts of near Gomez, died suddenly of heart failure at the latter's residence. Mrs. Roberts worked sometime with the unconscious man, or until Mr. Roberts arrived from Brownfield, where he went to meet one of Mr. Smith's sons, who was supposed to be coming to approve of the trade. Mr. Roberts called in a physician but of no avail.—Brownfield Herald.

To Cure a Cold in One Day.
Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. Dr. W. GROVE'S signature on each box. 50c.

SOLDIER BOYS REGARD Y. M. C. A. AS GODSEND

PROVIDES SUBSTITUTES FOR HOME LIFE—GOOD CHEER, SOCIABILITY, CLEAN LIVING.

Texas Boy Says Can't Resist Writing Mother and Home Folks With Materials Furnished.

One of the most humanizing organized activities of war time is the work of the Y. M. C. A. in army training camps, in prison camps and in camps behind the firing line. Wherever your boy and the other boys may be sent that big organization will be close beside them with its tonic atmosphere of good cheer, sociability and clean living.

Can't Resist Writing Home.
Any one of the 75,000 Texas boys in the cantonments, or any one of the "Rammies" in France, would tell you the same thing this Texas boy wrote to his folks at home:

"I feel as if you ought to know something of the work of this life-saver—the Y. M. C. A. Since the 'Y' shack was opened, the Mesa bar and Hill's place are pretty well deserted. If you have loved ones at home, you just can't resist the open ink bottles and the pens and paper. It makes you ashamed to think that the 'Y' is more interested in your loved ones than you are. It hands you out religion in doses a man can take. It tightens up the halter that gets loose when a man gets away from home. Who pays? I don't know, but whoever it is, God bless them. They are the fathers of thousands of boys."

Look to Y. M. C. A.
President Wilson, Secretary of War Baker and Secretary of Navy Daniels are looking to the Association to afford them wholesome recreation, opportunity for study, substitutes for home life and manifold other comforts and necessities. The Y. M. C. A. program is designed to do just this thing for our boys from the time they enlist right up to the firing line—for they must die clean or come back straight. If the yearnings of hundreds of thousands of homes are to be realized. To provide these few touches of home, whatever be the money cost of doing so, is in reality an insignificant service compared to the sacrifice these men are making for us.

Texas to Help Generously.
Texas is expected to give more than the \$400,000 allotted as her share of the \$25,000,000 national Y. M. C. A. war work fund to be raised in the campaign from Nov. 11 to Nov. 19.

Drives Out Malaria, Builds Up System
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out malaria, enriches the blood and builds up the system. A true tonic. For adults and children. 50c.

Save Seed of Grain Sorghums.
The demand for seed of feed crops for late planting was unusual this year.

It was met by those men who had stored seed in the head and kept it dry. At first thought, we felt that these men should have advertised their seed early. But later, it seems to us, that the interests of the country were served best by holding this seed for late planting. Some of the seed thus held was grown in 1915. Men who put this good seed away and held it proved benefactors, and made money, too.

Now, the suggestion comes from this lesson. Those who have seed of any feed crops should select as much as they can afford to store and put it away where it can be kept safe from rain and rats.

Snyder, Okla.

Old Timer Comes Back.
G. R. Fort, for a number of years before Floydada had a railroad a resident of Floyd County, but for the past several years a resident of Plainview and Silverton, has bought land here again and is moving his family back to Floydada.

His home will be about six miles west of Floydada, where he is building a residence and doing other improving.—Floydada Hesperian.

LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts off without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezezone he can get it at any wholesale drug house for you.

CANYON, TEXAS

A ROTTEN DEAL.
Of course optimism is always admirable, but we doubt if any Western Texan is justified in denying that a two-year drought is a serious matter for the poor people in the midst of it.—Dallas News.

It isn't altogether optimism of the people of the West that they are raising objections to the manner in which the Dallas News has handled this drought proposition, but it is because West Texas is getting a "rotten deal." We people of the West do not object to a true statement of facts to be reported, in fact we are perfectly willing that the public know the truth about the country, for it puts us in the lead every time, but the way that the drought has been referred to as "West Texas," absolutely, without deviation or explanation has done this country a great injustice, and we only insist that the Dallas News in their statements about this drought confine themselves to the sections of country that are really suffering from the drought to the extent that they claim. This the News has not done, but dumped the whole area of droughty country in one pot and labeled it "West Texas" while as a matter of fact there is more of Central Texas and South Texas hurt by the drought than West Texas. It is only a square deal that the Avalanche asks for in behalf of the West. Our people are optimistic and have the greatest faith in this country, and have a good deal of pride and self-respect, but it is not this that leads us to call the hand of those who ruthlessly advertise West Texas as a parched, barren, county, where the people are starving to death and leaving by train loads. Is Williamson, Bell and half hundred other counties that are suffering from dry weather, in West Texas? Will the Dallas News please define the boundaries of West Texas? Will the Dallas News please publish a list of all the counties which compose the territory where the people are willing to accept aid from the state on account of the drought? Will the Dallas News give us a square deal? If not, why not?—Lubbock Avalanche.

With a total of 2,640,931 bales, net receipts of cotton at the port of Galveston for the 1916-17 season, which has just closed, showed a gain of 216,264 bales over the previous year. Although far below normal the results of the past 12 months serve to demonstrate that Galveston is by far the

Preaching—11 a. m., with special music and 7:15 p. m.

We covet the prayers of all our people for the entire services of the new year.

Junior League—4 p. m.
Senior League—6:15 p. m.
Ladies Missionary Society Tuesday at 8 p. m.

Prayer meeting Wednesday at 7:15 p. m.

Will you join forces with us for a great year in our church?
R. A. STEWART, Pastor.

Happy Happenings.
Having lovely fall weather. The farmers are making use of it threshing and stacking and sowing wheat.
Miss Edna and Floy Swearingen entertained a number of their friends with a masquerade party on Halloween night. All report a fine time and lots of fun guessing the identity of the different characters represented.

M. B. McManigal moved the household goods of Mrs. Weaver to Canyon Saturday. Mrs. Weaver will make her home in Canyon. We regret very much to lose Mrs. Weaver from our town.

Charles Innis returned from Dallas last week where he was attending the bedside of his wife who is at the sanitarium. He reports her some better.

Miss Zerah McReynolds spent Sunday in Canyon with horse folks.
Dr. McElroy was a business caller in Tulia Wednesday.

The play "Colored Suffragette" given by the Civ. League was a success. The proceeds were \$45.

Felix Neff was in Canyon last Saturday.

Miss Lottie Garrison who has been at Vernon taking treatment for the last three months returned home Saturday.

The lunch served by the ladies of the Red Cross, Saturday, was well patronized. They received \$36 which will be used to purchase supplies.

Misses Margaret Garrison and Ruth Hagan were shopping in Amarillo Saturday.

Wayside News
Sunday was a lovely day. We've had so much wind we appreciate the calm days. After a lapse of several Sundays we met for Sunday School last Sunday. All glad to be back in Sunday School led by D. L. Adams. Two good sermons by Rev. Joseph Jacob. Fairly good attendances.

Owing to the absence of President Odell Gillham who is attending the Normal, Vice President J. Smith takes 1st place in B. Y. P. U. We trust to see the young people rally to this work and make the best of the two remaining numbers of the year.

Chas. Crowley of Midland, Texas, is visiting his relatives, uncle Reuben and aunt Mattie Rogers.

Mr. R. E. Carter has just returned from a visit to his old home in Pauls Valley, Okla. His father, R. H. Carter, 87 years of age came home with him and will make his home with him and family.

Mrs. Dell Yarbrough and two children, are visiting relatives at Wayside.

John Stockett and family have moved to Mark Wesley's.

The Ladies Aid met Monday afternoon and agreed to have an entertainment December 1, commemorating Thanksgiving, to liquidate the debt of the repair work of the church. Deferred to have the Wayside bunch at Canyon with us.

R. H. Bradford and son Clyde were among the visitors at church Sunday.

C. L. Gordon-Cumming and wife and daughter, Miss Alexa, Miss Mattie McGehee and Bee McCoy from Canyon visited W. D. McGehee and family Sunday.

M. L. McGehee, wife and children visited with relatives in Canyon Sunday.

R. H. Caler has a new Dodge automobile.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

THE FARMER'S OPPORTUNITY

The unusual demand for farm products is world-wide.

Present prices forecast profitable crops.

The Officers of this Institution are ardent advocates of intensified and extended farming.

Farmers will find us ready to extend every financial assistance and cooperative help to increase production.

To the Public.
It has come to my ears that there has been some criticism of my position on the war and food conservation questions. From the nature of the criticisms it appears to me that such criticism is based largely on a misunderstanding of my attitude. I have been called a slacker and a few other uncomplimentary things. A reply to such talk is unnecessary so far as my friends are concerned—they know where I stand. To the many who do not know me I wish to say that any talk they may hear which questions my patriotism or loyalty is absurd rot. I am for the United States first, last and all the time. I am for the administration at Washington. I am for a vigorous prosecution of the war to a victorious end. I am also for a food control far more vigorous and efficient than we now have.

I now come to what has probably caused all this talk. I have criticized the food administration. Very few thinking people will refuse to admit that it is open to criticism, not a great deal for what it has done but very much for what it has failed to do. Until last week it had taken charge of three staple commodities—wheat, coal and sugar. The price of wheat was fixed and the price of corn was allowed to soar. That was no way to encourage the use of corn or to conserve the wheat. The price of coal was fixed. The man who got his before the fixing is certainly the lucky man. The price of sugar—well, it is fixed every few days. They tell us that there is plenty, but we cannot get it at any price.

Now it was not disloyalty that caused me to mention these facts—for they are facts that cannot be denied. Denying facts or failing to see them may lose the war, but it will never win it. Upholding inefficiency will not help us any. The war looms up big and serious to me, and before it is over we will have to have food regulation that will regulate. We will have to have a little more efficiency in the army, and a little more in the ship building department. We will have to save not only food, but gasoline and time and money and everything else. In fact we will have to get right down to brass tacks.

To those who disagree with any expression I have made, this is as yet a free country, and if you so desire you may tell your neighbors I am a fool, but please do not tell him I am a slacker.

S. B. ORTON.

(Edi Note—The above expression, that all may know, was prompted when Mr. Orton refused Sunday afternoon to sign the government Food Pledge Card, when presented by C. H. Stratton and C. W. Warwick. Mr. Orton stated that the food administration was ineffective; that he would not observe the pledge if he signed it and that few other people would do so. Of course the case had to be reported to the higher authorities. Monday Mr. Orton stated that he was willing to sign the pledge and did so.)
