

ROBERT REID DIES; FALLS FROM TRAIN

Fell from Train Sunday Night on Way Home from Amarillo—Flags Train to Get Home.

Robert Fain Reid died Monday morning at 6:20 from the results of injuries received Sunday night about eleven o'clock when he fell from a moving passenger train near Zita, just ten miles north of Canyon.

The conditions surrounding his death will probably never be known. The first known of the accident was when the engineer on the main line train, coming ten minutes after the Plainview train, saw the boy on the side of the track, flagging the train with his coat.

Reaching Canyon the family was called, but by the time he was taken to the family home in the East End he had become unconscious and could not tell how the accident had occurred.

It is indeed fortunate that the main line train followed so soon after the Plainview train, or Robert would have no doubt died by the side of the track as the weather was cold Sunday night.

Robert is the son of Mr. and Mrs. G. R. Reid and has a host of young friends who were deeply grieved when the news of his death spread Monday morning.

The funeral services were held on Tuesday afternoon at 2:00 at the Baptist church, conducted by Rev. B. F. Fronbarger, assisted by Rev. R. A. Stewart. The public school and the Normal Training School were dismissed so that Robert's friends might pay their last sad respects to their little friend.

Robert was just past fifteen years of age. He was a member of the Baptist church and was a good lad. His parents and brothers and sisters are grief stricken at the sad accident and have the sympathy of the entire community in their hour of great trial.

SNOW COVERED GROUND IN SATURDAY NIGHT STORM

The weather during the latter part of last week was very fine, being especially warm Friday and Saturday until late in the afternoon when the wind turned to the north for the usual week-end storm.

Sleet and snow started to fall during the night and continued until the morning when the ground was well covered. The snow was very wet. While the amount was not great, it will be of benefit to the wheat. Had the quantity been more the whole Panhandle would have been very greatly benefitted.

To the Voters of Randall County

In placing myself before you as a candidate for Sheriff and Tax Collector, I believe I can fill this office with credit to you and myself. I have always been a Democrat, having never voted anything but a straight ticket.

I have been a resident of Randall county for the past twelve years and those who know me know that I have always tried my very best to do the right thing and if you honor me with this office I will try my very best to discharge my duty with honesty, truth and justice to all.

Truelove for District Judge

The Randall County News is authorized to announce Otis Truelove as a candidate for District Judge of the 47th Judicial District, composed of Randall, Potter, Armstrong and Donley counties, subject to the Democratic primaries.

Mr. Truelove is a graduate of the Southwestern University at Georgetown and of the Law Department of the University of Texas at Austin.

He has practiced law for 20 years, 16 years of the time in the Panhandle of Texas.

He submits his candidacy upon his record as a citizen and a lawyer, and solicits the support of all those who may be kind enough to deem him qualified for the important office he seeks.

31 Cars Registered Outside County

A copy of the cars registered with the Texas Highway commission shows a defect in the laws which should be remedied at once. There is no provision that car owners shall register their cars from any certain county, and so it happens that 30 Randall County cars were registered in Amarillo, and one in Swisher county, thus giving to their counties \$64 for road work which should have come to Randall county.

THRIFT DAY FEB. 4 TO BE OBSERVED

Committee Meeting of Women Workers to be Held at the Olympic Sunday Afternoon

Mrs. T. H. Rowan has designated the following women to act in the big Thrift Campaign: Mesdames Angel, Ballard, McClure, M. B. Johnson, Terrill, Stratton, B. T. Johnson, Burrow, Flesher, Flesher, Luke, Archambeau, Dison, Thompson, Bell, Cage, Service, Bybee, Misses Frankie Gober, Pearl Liack, Mrs. Rusk.

A meeting will be held at the Olympic next Sunday afternoon at three o'clock for the purpose of laying before the people the idea of the Thrift Campaign and to hear W. D. Morrel explain the campaign in this county.

February 4 has been designated as National Thrift Day. The government is offering the people of the United States millions of dollars worth of securities that differ from regulation Government bonds only in denominational amounts. Feb. 4th will be the big push day for the Thrift Stamps.

Our brothers and sons, our husbands fathers and sweethearts are rendering the one transcendent service—giving their lives in the trenches. What will we give for ONE DAY?

The price of victory is the PERSONAL SACRIFICE and SELF-DENIAL of every man, woman and child in this country. Our army and navy cannot win without it.

Give the Fruit and Vegetable Wagon your patronage. You get apples cheaper and vegetables fresher from the wagon. And you see them before buying. Keep the wagon coming to your door. Flesher Seeks Re-Election

Judge C. R. Flesher announces this week his candidacy for re-election to the office of County Judge of Randall county.

Mr. Flesher was elected two years ago to this office and asks that the voters of Randall county take into consideration the acts of his first term of office in determining the question of their support for a second term.

Mr. Flesher has undoubtedly made good in the office and should be re-elected for a second term will look after the business of the county in the same efficient manner as he has during the past year.

Major Cousins to France.

Major Ralph P. Cousins has been ordered to France where he will make an investigation of the aviation conditions of the Western Front, and will go from there to the Italian front.

Major Cousins goes on a very responsible mission and his report to Washington will no doubt have much to do in this country's policies in the war regarding the aviation corps.

RED CROSS DRIVE TO START IN THE COUNTY

The Finance Committee of the Canyon Red Cross met Wednesday night and decided upon a Red Cross Drive to raise money for the extensive work of the local chapter; an effort will be made to raise the money in twelve equal installments, payable monthly, in order that the workers may know exactly how much money they may spend. The work has been practically paralyzed the past month because there was insufficient funds to keep the workroom supplied with material.

The Campaign has started out with a flourish; three pure bred Aberdeen Angus yearling heifers have been given to the Red Cross by J. B. Gamble and will shortly be seen on the square. These heifers will be given away to those three persons who receive three lucky tickets. Each dol-

lar given to the Red Cross entitles the giver to one chance. This part of the campaign will be managed something like the Business Men's Association have managed the Ford contest.

The name and amount given by every person in Randall County will be published in the Randall County News, in order that everyone who gives may be sure that every cent he has given has been turned over to the workers.

D. A. Park and C. H. Jarrett will have charge of the drive and will divide the county into districts and every person in the county will be given a chance to give and expected to give according to his means.

The Red Cross is out of money and no work can be done until there is money in the treasury to buy supplies of the workroom.

BONDS VOTED FOR NEW SCHOOL EAST OF TOWN

A special bond election was held Saturday at the school east of town for the purpose of deciding whether or not the district would bond itself to the amount of \$2000 for the erection of a new modern school building. Only seven votes were cast in the election and every vote was for the bond issue.

A new building will be constructed as soon as the bonds are approved and sold.

Burglar at Hicks Elevator

A burglar was in the office of the Hicks Elevator yesterday morning when D. F. Stewart opened the door to the office. He had mastered the combination to the safe and was at work on the lock of the money box. By the time Mr. Stewart had called help, the man had fled.

He has not been found since, but Mr. Stewart believes he would know the fellow if he saw him again.

Paul Rogers, Guy Conner and Louis Hicks returned Friday from Tyler where they have been taking a business course.

A Pool Room for Canyon!

A pool room is promised to the people of Canyon!

Of course, all of our good citizens will gladly open their arms in welcome of such a resort.

A man blew in from Floydada the other day and stated his intention for putting in such a hall.

A number of citizens waited upon him and asked him to refrain. He stated he would and left for Hereford but came back the next day and rented a building on the south side, paying two months in advance, and took a contract for a year.

He is scheduled to arrive with his outfit within a few days.

A petition containing a long list of names is being circulated asking him not to put in the hall.

It is recalled that the last man who attempted to run a pool hall here gave up the project after several cases were filed against him in court, and he signed a contract with the citizens to desist from running the hall and to forbid one to run in his building. This document is not in the hands of one of the men who fought the hall at that time.

Come to Canyon to live.

Band Concert Monday.

The Canyon Band, the Sammies, will give a band concert at the Olympic next Monday night between the two picture shows. A number of patriotic numbers will be given. The following will be the program:

- America America First The Commander America I Love You America, Here's My Boy Heroes of War A Royal Welcome Home The Vacant Chair The Star Spangled Banner

The regular picture show will be run. The band invites all its friends to come to the concert.

Harry Word Brought Home.

Harry Word was brought home Friday from the sanitarium in Clarendon where he has been since October 26 when his horse fell with him injuring his skull.

He is recovering very nicely and is recovering the use of his mind. He remembers and talks of things prior to the accident, but so far has been unable to recall the accident or things since that time.

Harry's many friends are glad to know that he is able to be at home once more and trust that he will soon have recovered his usual good health.

NON-PARTISAN LEAGUE FORMED

Will Welcome and Entertain Candidates and Other Public Men Who Make Visits in the City

The mass meeting called for Monday afternoon at the court house was largely attended and the committee appointed a week previous made a report for the organization of a non-partisan league which would look after candidates and other public men who are to visit Canyon or Randall county.

Invitations will be extended to state and district candidates who are in this section to visit Canyon and it will be the purpose of the organization to see that all public men who come this way are invited to Canyon and made to feel at home.

The following officers were elected by the mass meeting:

- P. A. Park—President F. M. Wilson—Vice President C. D. Lester—Sec'y-Treas. Invitation and arrangement committee—R. B. Cousins, J. D. Gamble and W. D. Morrel Finance—J. W. Reid, Oscar Hunt, T. C. Thompson Publicity—C. W. Warwick, C. R. Flesher, R. A. Terrill, and a man from each of the voting precincts, yet to be appointed. Entertainment—R. L. Marquis, W. J. Flesher and C. R. Burrow

Cook-Thompson Wedding

Miss Tom Cook and Clarence Thompson were married Saturday night at the home of the groom's parents, Mr. and Mrs. T. C. Thompson at 7:30 p. m., Rev. A. B. Haynes officiating. Only members of the immediate family were present at the wedding.

Miss Cook came here from Sulphur Springs. She is a graduate of the Normal and has been a very successful teacher in the public schools of the county. Mr. Thompson is the son of Mr. and Mrs. T. C. Thompson and is a young man of excellent character and ability. He has been with the Thompson Hardware Company for a number of years and hold a responsible position with the firm. The young couple are receiving congratulations from their many friends in Canyon.

CREDITS FOR ALL ENLISTED MEN

Morrel Finds That Question Must be Taken Up With Washington—Prospects Are Good.

W. D. Morrel returned yesterday from Austin and states that the prospects are good that Randall county will receive credit for all men enlisting in the army between June 30 and December 15, no matter of what age. The matter must be taken up with the department at Washington.

Mr. Morrel found that the recruiting stations reported directly to Washington and each should have reported the name of the county from which each man came so that these men should have been credited to the home county.

He found that Washington reported to Austin the number of credits each county was entitled to on the draft, and that this was all Austin knew of the enlistments or of the credits.

All men enlisting between June 30 and December 15, no matter of what age, should have been credited to the county of their residence. The counties do not receive credit for the navy and marine enlistments.

It was suggested to Mr. Morrel that he ask the cooperation of the other Panhandle towns who have suffered by the negligence of the Amarillo recruiting office in its failure to report the counties from which the boys came, thus giving Potter county credit for enlistments from all of the Panhandle country. Letter should be written at once to Washington to protest against no credit being given these counties, and these should be followed by affidavits from the commanding officers where these boys are serving; and all of these sent to Washington in evidence that the recruiting office has not given our county a square deal.

Randall county have received credit for eight men, none of whom enlisted in Potter county. Mr. Morrel has a list of 35 men who enlisted in Potter county and for which Randall county should have credit.

If the affair cannot be settled, it means that 35 boys from Randall county are being taken to fill the place of 35 Potter county boys, which is very unfair.

POLL TAX PAYMENTS GAIN DURING PAST FEW DAYS

Have you paid your poll tax? Did you know that it must be paid before 12 o'clock tonight? Did you realize that only men with a poll tax can vote in the primaries in July when the county, district and state officers will be chosen for the coming two years? Did you realize that an important part of your poll tax went to the school fund and that the schools of the state need every dollar they can get hold of? Pay your poll tax before tonight! The following is the list up to yesterday:

### Registration of Alien Enemies.

In all towns of less than 5000 population the Postmaster will be the registration officer, and in towns over 5000 the Chief of Police. Such registration officers will be furnished with the necessary blanks by the Department.

The time and date of this registration is fixed to begin February 4th and end February 9th, 1918. In practically all the towns in the Panhandle the Postmasters will be registration officers.

Persons required to register should

understand that in so doing they are giving proof of their peaceful dispositions and of their intention to conform to the laws of the United States.

Every registrant should read carefully the form of registration affidavit handed to him and ask the registration officer for explanation all points not clear to him before attempting to fill out the blanks. Registration officers are instructed to give registrants all possible aid in the way of explanation and advice.

Each registrant is required to furnish four unmounted photographs of himself, not larger than 3 by 3 inches in size, on thin paper, with light background. All four photographs should be signed by the registrant across the face of the photographs, so as not to obscure the features, if the applicant is able to write.

Three blank forms of registration affidavit must be completely filled out by the registrant or his representative (with the exception of the blanks indicated to be filled out by the registration officer and the description of the registrant and the placing of finger prints on the blank) and must be produced by the registrant personally to the registration officer and be signed and sworn to by the registrant in the presence of and before the registration officer, who will fill in the description of the registrant and supervise the fixing of the finger prints and the attaching of the photographs. If the registrant can not write he must make his mark in the signature space and affix his left thumb print in the space provided opposite the signature space.

The finger printing is a method of identification and follows the practice observed in the military and the naval service of the United States.

The registrant is hereby informed that he must again present himself before the registration officer who took his oath after 10 days but before 15 days from the last day fixed for registration in his registration district to obtain a registration card, upon which he must sign his name, or make his mark, and place his left thumb print in the presence of the registration officer.

**Velvet Beans for Range Cattle.**  
In order to insure an adequate supply of feed for Texas cattle, the Food Administration has arranged for the purchase of about one hundred carloads of velvet beans from Alabama and other Southeastern States for distribution in this state, according to announcement made by C. A. Williams, assistant secretary of the State Cattle Raisers' Association.

These beans will be sold to Texas cattlemen at the purchase price plus the freight. Several carloads which were shipped to this State during the last month sold at \$38 per ton, but it believed that the beans can now be had for \$32 per ton. The beans are shipped in bulk, about eighteen tons to the car.

According to stockmen and farmers from the Southeastern States who have recently visited Fort Worth the protein content of velvet beans is 18 to 20 per cent. They are fed in pods or ground into meal. Cattle eat them readily and it is the opinion of those who have investigated the matter that they will be fine for wintering cows and steers and also goats and sheep.

### Stockers Will Be High.

A serious stock cattle situation is impending. Light steers needed for finishing purposes are around \$2 per cwt, higher than a year ago, and when the country buyer attempts to get down a bid he invariably finds a killer at his elbow prepared to take the stuff away from him. Foresighted feeders detect scarcity toward the rise of grass, and are filling orders, but getting the right kind of cattle at anything like a reasonable price is difficult. What will happen toward the rise of grass does not need the forecasting genius of a seventh son. Stock cattle will be high. The whole pastoral region needs restocking, and how badly the corn belt will need cattle may be surmised. Two years ago thin yearlings outsold fat steers, and while feed scarcity may not make repetition of this possible, a situation some what analogous is not unlikely. The man who has the cattle he needs for next summer and is in a position to winter them is to be envied.—Oklahoma Livestock News.

Perhaps it was the intention to wait and capture machine guns from the Germans.—Kansas City Times.

### Reeves Not a Candidate.

T. V. Reeves announces this week that he will not be a candidate for reelection to the office of County and District Clerk, which office he has held for the past two years.

Complimentary to the splendid record he has made in the office, he was largely urged by the voters to ask for a third term, but decided last week not to do this.

Mr. Reeves wishes to express his thanks to the voters for the office for the past two terms and the kindly wishes that he has received from his friends.

### News from Camp Travis

Corporal Will C. Black has returned from his brief visit with his home people. He reports there is as much interest in Canyon as in Camp Travis concerning what boys will be able to secure appointments to the next contingent reporting to our National Army Contonment.

Corporal Guy S. Ballard has been hard up for the past ten days as a result of the Captain's order to appear for a ten mile hike with the 70 pound heavy marching order pack.

Sergeants Ben A. Terrill and Ernest R. Archambeau of the 47th Co. each received a warm muffler and slip-over sweater from the Red Cross this week.

### Peas, Pigs and Prosperity.

The southern part of the San Luis valley is the home of the Mexican field pea. The farmers of the Antoneito district supply the greater part of the San Luis valley with pea seed and is practically the only place in Colorado from which any considerable amount of such peas is supplied. It may be a surprise to some feeders to learn that the government gives Mexican field peas a food value of twenty per cent above corn. This being true, it is not to be wondered at that hog and sheep feeding is increasing by leaps and bounds. When we consider that the growers do not harvest their peas but simply turn the hogs and sheep into the fields and let them do the harvesting we can readily see what a great advantage the farmers have over those in other localities and especially when labor is so high and scarce.

There is never any mud and very little snow during the fall and winter, consequently peas keep just as well in the field as in the bin. Peas have proven to be as good if not better than alfalfa to fit land for potatoes. We have recently discovered that all pea land will raise enormous yields of potatoes, consequently potato raising is fast becoming one of our greatest industries. During 1917 net profits of \$150 to \$170 the acre were made on land selling from \$50 to \$100 the acre. Alfalfa grows well, producing two hay crops, with fall growth for pasture. All small grains grow well, but only on a par with other places and when compared with the great returns from peas and potatoes they are considered a side issue.

Peas, potatoes and alfalfa, with hogs and sheep make the Mecca of the farmers' dreams. They produce the maximum profit with the minimum labor. True, potato raising requires considerable labor but mostly of the kind readily supplied by our native population. There is lots of room for real farmers but none for the old styled western rancher. Ten years ago the field pea was practically unknown to people as a grain crop. Today it is one of the valley's greatest possibilities. In the last five years it has doubled the value of more than half a million acres of land in this part of the San Luis valley.

is two-fold: high altitude and dry climate being the two requisities. The high altitude means cool climate. Plant peas in the eastern states and they will thrive so long as the weather is cool and dry. The first hot and wet days mould and rot the vines and stop the growth of the peas. It is claimed and without contradiction that every crop of peas raised makes the land richer and better fits it for any other crop with which to rotate as the plant draws nitrogen from the air and stores it at the roots thereby increasing the fertility and building up the soil with a crop that is one of the most profitable. An acre of peas will fatten from five to ten head of lambs and three to five head of hogs. The farmers are waking up to the fact that it pays to plant good seed and by the selection of the early and prolific varieties they are establishing strains of peas particularly adapted to the needs of the farmer as well as practically doubling the yield. Peas, pigs, potatoes and prosperity.—Field and Farm.

### The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire. There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source. The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. ## CORN WILL WIN DEMOCRACY'S WAR

America's Greatest Cereal Crop Is Now Moving to Market.

MAINSTAY IN NATION'S CRISIS.

Surplus Wheat of the United States Has Been Sent to Famine Threatened Europe.

America's great corn crop, exceeding 3,000,000,000 bushels, will save the world's food situation, officials of the United States food administration believe.

Corn is the nation's best food cereal, housewives are beginning to realize. It contains all the elements needed to keep the body in a state of health and when used according to the scores of tried recipes, especially when combined with an added portion of oil or fat, will sustain life indefinitely. Indian warriors in colonial days lived on parched corn alone for many days at a time, and at Valley Forge parched corn was at times the sole ration of the Continental soldiers.

Owing to transportation difficulties caused by the war the corn crop moved more slowly to market this year than ever before. Now, however, the cereal is reaching the millers and consumers. In the meantime the nation's surplus wheat has been sent to Europe.

Today there are approximately 30 bushels of corn for every American. This quantity is greater by five bushels than in former years.

Corn has become the nation's mainstay in the crisis of war.

Just as this cereal saved the first American colonists from famine on many occasions, just as it served as a staple food during the War of the Revolution and during the Civil War, King Corn has again come to the front in the nation's battle with autocracy.

Corn meal is finding greatly increased use in the making of ordinary white bread. Hundreds of housewives and many of the larger bakers are mixing 20 per cent. corn meal with wheat flour to make leavened bread. This kind of a mixture is worked and baked in the same recipes and with the same methods that apply to straight wheat bread.

Corn bread—using corn meal entirely—is gaining a greater popularity than ever before. Housewives are coming to realize that every pound of wheat saved in America means a pound of wheat released for shipment to the nations with which America is associated in the war.

There are a score of corn products that today possess unusual importance for Americans. Corn syrup for sweetening corn cakes and buckwheat cakes and for use in the kitchen instead of granulated sugar is one of the leading products made from corn.

Corn oil, excellent for frying and for every other purpose filled by salad oils, is appearing on the market in large quantities. It comes from the germ of the corn.

### MADE-IN-GERMANY LIES CIRCULATED IN CANADA

Canada is also having trouble with Made-in-Germany lies calculated to hinder Canadian food conservation according to an official statement received from the Canadian food controller by the United States food administration.

The stories bothering Canada are of the same general character as those the United States food administrator recently denounced in this country, such as the ridiculous salt and blueing famine fakes and the report that the government would seize housewives' stocks of home canned goods.

The Canadian food controller estimates that when the people listen to and pass on such stories, each one has the power of destruction that lies in a battalion of soldiers.

"Stories without even a vestige of foundation have been scattered broadcast," said the Canadian statement. "Nor have they come to life casually. They have started simultaneously in different parts of the country and in each instance have been calculated to arouse public indignation.

"They are insidious, subtle, persistent. Bit by bit they dissipate public trust, the great essential in the work of food control.

"It lies with every individual to forbear from criticism; to refrain from passing on the vagrant and harmful story, and thus the more effectively to co-operate in work which is going to mean more than the majority of people yet realize."

### THE UNITED STATES FOOD ADMINISTRATION SAYS:

There is no royal road to food conservation. We can only accomplish this by the voluntary action of our whole people, each element in proportion to its means. It is a matter of equality of burden; a matter of minute saving and substitution at every point in the 20,000,000 kitchens, on the 20,000,000 dinner tables, and in the 2,000,000 manufacturing, wholesale and retail establishments of the country.

## CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you!

### FOR YOUR WAR COOK BOOK.

#### Daisy Tarts.

Daisy tarts will please the children. Seed and mix one-half cup each raisins and dates; put fruit through food chopper; fill tart shells. Form daisy with a center of yellow preserves or candied orange peel and the petals of almonds cut lengthwise.

#### Rice Stew.

Boil together one can of English peas, one-half cup of rice, one teaspoon of salt, pepper to taste, one tablespoon of fat, and one cup of sweet milk. Thicken with flour. Serve very hot in a hot dish. Cover the top with grated cheese before sending to the table.

#### Corn Dodgers.

Four over two cups of cornmeal, one teaspoon of salt and one teaspoon of fat, enough boiling water to make a stiff dough. Set aside to cool and rise. When cold, shape into small oblong pones and bake in a moderate oven 25 minutes. The crust of these pones should be thick, crisp and golden brown.

#### Creole Sweet-Potato Biscuit.

Boil and mash very fine enough sweet-potatoes to make a quart. Add one-half teaspoon of salt, one tablespoon of sugar, two tablespoons of fat and one cup of milk heated to boiling point. Soften one yeast cake in one cup of luke-warm milk which has been previously heated to boiling point and add this gradually to one cup of flour to form a sponge. Allow the sponge to rise and drop back. Then combine it with the potato and other material. Add one well beaten egg, three cups of flour and mix thoroughly. Set to rise in a warm place. When light drop in biscuit from a tablespoon on a greased tin. Do not handle dough. Let biscuit rise until light and bake from fifteen to twenty minutes.

### Do Not Send Food to Camps.

"The Council of National Defense desires to inform the people of the Country that abundant food is supplied to the soldiers and sailors in the camps and cantonments, and that the sending of food to these men by their friends and families is not in any respect necessary; that the aggregate quantity of food thus privately sent is enormous, and that much of it, having been conveyed long distances in heated express or mail cars, is more or less spoiled, and consequently injurious to the health of the men. Therefore, in the interest of the conservation of food, also the health of the men, the Council of National Defense requests the public to discontinue the sending of foodstuffs to the camps."

Secretary Baker's critics looked like a hole in a doughnut when he completed his speech before the Military committee Monday. Senator Chamberlain and his crowd thought nothing but mistakes were transpiring in the War Department. Roosevelt was determined to take the war out of the hands of the administration, thinking no doubt, he would be called upon to "save" the nation. The work that has been done, and is being done is of so much greater proportions than Roosevelt and Chamberlain ever dreamed of, that they even expressed amazement. The two by four politicians, especially of the republican party grasped the cue of Roosevelt with the delight and for the past month have been pouring broadside shots at the administration, pointing out mistake after mistake (?) that Wilson and Baker has allowed to slip by. Wilson strated the row by calling Chamberlain a plain liar and Baker ended it, by proving Wilson's allegation.

Every family in Randall county should make great preparation for a war garden this year. Gardening was not very profitable during the past year, but the weather man has promised a more favorable year. Every family can aid materially in solving the food question by a large and well attended war garden.

The United States is now on a war bread basis. The person who has hitherto refrained from helping lick the kaiser by refusing to eat corn bread will now be obliged to eat it, as he must buy so many other kinds of flour before he can get the wheat flour.

Have you more than 30 days' supply of flour or sugar on hand. See your grocer, if you have, or run the risk of a big fine for hoarding. The government means business with food conservation. A word should be sufficient to all. It is every person's duty to report those who are violating the 30-day supply law.

Of course the peanut politicians will criticize the administration. So will gnats and reptile pester the strong animals of the forest.

The Red Cross is going to carry on a great campaign in Randall county, asking for donations to be made every month for the coming year. Every man is expected to subscribe to this monthly fund according to his means. Down in Washington county when a bunch of Germans refused to subscribe in the last Liberty Loan campaign a citizen's committee waited upon them in daylight with buggy whips, and the bunch came across. Some Americans need the treatment. If the war is to go on successfully the Red Cross must be supported and liberally supported.

Our government fears a general submarine attack within a short time. It has been given out that the subs are destroying more ships than we are building. The demand of the hour is for men to enter the ship-building business in one of 112 ship-building yards. The call is for carpenters or any kind of a mechanic. The government wants 250,000 men at once. Young men who are registered are practically promised exemption from the draft, and they will be doing as great a patriotic duty as fighting in the trenches.

It was suggested that the creation of a department of munitions with Roosevelt at its head would forever solve the question "what shall we do with Roosevelt." Baker solved the question Monday. Roosevelt is entirely too small for the job, were there the slightest need for such a department. He would have raised 50,000 to 100,000 men, whereas the government now has half a million in Europe and a million more ready to go.

Germany has been making a large number of so-called peace offers. Our country, through President Wilson, and England, through Lloyd-George, have set out what it will take for the United States and England to declare peace. Germany has accepted a few of the points of peace, but the fundamentals, she has refused. It looks like her talk for peace has been for home consumption in order to keep her armies going.

The speech of Secretary Baker ought to forever silence the critics of the administration on its war policies, and put them to work to helping America win, instead of assisting the Kaiser as they have been doing. America is going to win the war in spite of the prestering politicians, but how much more American would the victory be with all our people behind the government.

Watch for Announcement of Seat Sale

We, the undersigned grocers of Canyon, Texas, in order to keep out of trouble and to keep our customers out of trouble for not observing the laws of the Federal Food Administration, hand you the following instructions from the Food Administration, which we have received through the wholesale grocers, and which must be observed very STRICTLY by both the consumer and retailer. If you know of any violations, it is your duty to report same to your grocer.

REDFEARN & COMPANY CANYON SUPPLY COMPANY  
THE ORTON STORES PIPKIN GROCERY COMPANY  
BUTTERFIELD CASH STORE

Houston, Texas, January 19, 1918

Your attention is called to the following rule covering sale of Flour:  
"Flour in towns and cities should be sold in eighth to quarter barrel quantities; in rural and farm communities in quarter to half barrel quantities."

In spite of the fact that this rule has been effective since December 19, 1917, there are coming to me many reports where merchants are selling and people are buying in quantities sufficient to last two, three and four, and even up to eight months.

This is a direct violation of Rule 8, page 17 of the Rules and Regulations which reads as follows:  
"No licensee manufacturing wheat or rye flour, or dealing in wheat or rye flour, shall sell or deliver any such flour to any person knowing that such sale or delivery will give a person a supply thereof in excess of his reasonable requirements for use or sale by him during the period of thirty days, next succeeding the delivery thereof."

Any violations of the above rule will come under Section 6 of the Food law of August 10, 1917, as follows:  
"That any person who willfully hoards any necessaries shall upon conviction thereof be fined not exceeding \$5,000.00 or be imprisoned for not more than two years, or both. Necessaries shall be deemed to be hoarded within the meaning of this act when either held, contracted for, or arranged for by any person in a quantity in excess of his reasonable requirements for use or consumption by himself and dependents for a reasonable time."

The above applies to the purchaser and to the consumer.

Penal Code of United State, Section 37

"If two or more persons conspire either to commit any offense against the United States, or to defraud the United States in any manner or for any purpose, and one or more of such parties do any act to effect the object of conspiracy, each of the parties to such conspiracy shall be fined not more than \$10,000.00 or imprisoned not more than two years, or both."

The above applies to the merchant who sells food commodities knowingly in excessive quantities. It is the duty of every consumer who, unknowingly, has purchased an excessive supply of flour or any other commodity to return all of said commodity, over and above his requirements of thirty (30) days, to the retailer from whom he purchased same.

The retailer must take this surplus back at the same price at which it was sold and re-distribute it according to the rules and regulations of the U. S. Food Administration, without any advance in price. If any purchaser refuses to turn back his surplus then the retailer should inform me and it will be my duty to see that the purchaser does turn back his surplus or be tried under the laws of the country. The entire force of the Department of Justice is available to the United States Food Administration and will immediately make any investigation that the Administration requests.

As I have no way in which to reach all the retailers throughout the state, it is your duty, as wholesalers, to see that each and every customer on your books is furnished with a copy of this letter; also to keep your salesmen well informed as to the rules and regulations, so that he in turn can be constantly impressing upon your retail trade the absolute necessity of observing the rules and regulations of the U. S. Food Administration.

E. A. PEDEN, Federal Food Administrator for Texas

\$5.00 BILLS SELLING AT \$4.12.

"The United States Government is selling \$5.00 War Savings Stamps at \$4.12 in January, \$4.13 in February, raising the price one cent per month throughout the year," said Louis Lipsitz, State Director of the War Savings Committee. "and I want to impress the fact that a \$5.00 bill today will not buy as much or as many of the pleasures of life for which we save money as will a War Savings Stamp when it matures January 1st, 1923. The war cannot be fought with paper money; we cannot wad up a \$5.00 bill and shoot it at the Kaiser and do any damage; that bill is merely a demand for wheat, or wool, or gasoline, or some other material which our Government actually needs to successfully win the war, so the wise thing for us to do is not to spend money now but loan it to our Government, get 4% interest compounded quarterly for it, and then five years from now, the Government will cash the stamp and we will have the money to spend—then it will buy more of the things which we want than it will today so that we can spend later. It is not only good sense but it is patriotic as well to buy War Savings Stamps."

**"A SPLENDID TONIC"**

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It had been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists. NC-122

**AN IDLE DOLLAR IS KAISER'S ALLY**

WAR SAVINGS STAMPS ARE TWO-FOLD—TEACH THRIFT AND HELP NATION TO SUPPLY HER NEED.

Mr. Frank Vanderlip, Chairman of the War Savings Committee, said in his Dallas address: "There are just three things you can do with a dollar: you can hoard it; you can spend it, or you can invest it. Now a hoarded dollar is a slacker dollar and it is not doing anything, but a dollar that is spent foolishly is the dollar that means you are competing with the Government for labor and material—it is a traitor dollar; it is the ally of Germany. There is nothing the Kaiser would like better than to see us going on with pleasure as usual; with comfort and luxury as usual; he would see us go on, demanding the things that prosperity has lead us to think we want, to think that we can afford. We must wake up to the fact that the nation cannot afford to permit us to do the things that we have been able to do. We hear a lot of talk about a united nation, but we must have a united nation, united to the point of sacrifice, trained to self discipline and to see that democracy does not mean a Government in which we play no part. We are beginning to understand that we have a personal responsibility, every man, every woman, and every child; to help win the war. Now what are these War Savings Stamps. You have seen them in the windows; you have read something about them. They are little things; they cost a quarter, or \$1.12, and we expect to raise \$2,000,000,000 from them—the greatest financial transaction ever carried through in this country. Now what is back of it? One thing is that we are going to teach thrift to the whole nation and to a nation that needs it terribly. We are going to have 30,000,000 stock-holders in the United States. If we are really to teach thrift, really build up character so that it will stand self-discipline, make men and women and boys and girls ready to forego the thing of the moment that they may desire so that they may have something of greater value in the future, stimulate industry, encourage those old homely virtues, the virtues by which is to be measured the strength of the nation, then I believe we shall have gone a long way toward compensating us for the money cost of the war."

**ONE HUNDRED DOLLAR PRIZE FOR THE BEST ESSAY ON THRIFT.**

Louis Lipsitz, State Director, War Savings Committee, will give on April 15th, 1918, a War Savings Certificate of \$100.00 for the best essay on Thrift written by any child in school in Texas. Mr. Lipsitz says: "In nearly every county the County Chairmen of War Savings are giving prizes for the best essay written by any school child in Texas, and the essays which take the county prize will compete for the state prize. I am extremely anxious that the 1,200,000 school children learn the basic lesson of thrift and economy. If this can be accomplished, it means the solution of the present economic difficulties of our nation. If thrift is studied and practiced, the great demand for goods and service for running the war will be easily met, so I expect that school children will study thrift and practice it. The County Chairmen will give their prize, select the best essay in the county and send it to me in a letter by April 1st, and of the prize essays from each of the 258 counties, I will have a committee to select the best one, which will receive the \$100 prize. I suggest that these essays be not longer than 500 words—that the age of the child be indicated; that they be written in ink, on one side of the paper, by the child competing, with a signed statement that the child received no help in composing the essay, that is, I want it to be the result of the original thought of the child after he or she has studied thoroughly the literature that is obtainable everywhere on the general subject of thrift."

**THRIFT STAMPS FOR TIPS.**

In all of the hotels and restaurants in Texas a new plan is being inaugurated by Jesse Johnson, one of the Captains in Dallas, working continuously on the sale of War Savings and Thrift Stamps. Mr. Johnson says: "Instead of giving a Pullman porter or waiter a quarter, the thing to do is to give you a thrift card? If he has, give him a thrift stamp instead of a quarter, and if not, give him a card with a stamp on it. This stamp is in the War Savings idea and impresses him with the necessity for co-operation on the part of every person, regardless of wealth or station."

**BARGAINS IN STAMPS.**

Mr. Frank A. Vanderlip, formerly President of the National City Bank of New York City, and now Chairman of the National War Savings Committee, said in his speech in Dallas on December 16th: "This is the first time in history when the United States Government ever offered..."

"This should especially appeal to the women," said Mr. Vanderlip, "and cause them to buy now rather than put it off because they cost more as the months go by."

D. 1918, the same being the 25th day of February, A. D. 1918, then and there to answer a petition filed in said Court on the 9th day of January, A. D. 1918, in a suit, numbered on the docket of said Court, No. 851, wherein William Chamberlain is Plaintiff and John Prusek is defendant, and said petition alleging.

FIRST COUNT
That Plaintiff resides in Anamosa, Iowa, in Jones County, that defendant John Prusek who is a non resident of the State of Texas, and for cause of action in this Court Plaintiff represents to the court:
2. That heretofore, to wit, on or about the 18th day of February, 1910, the Plaintiff and other parties were lawfully seized and possessed of the following described land, situated in the County of Randall and the State of Texas, holding and claiming the same in fee simple, to wit: the West Half (1/2) of the South West Quarter of Survey One Hundred and Sixty Nine (169) in Block Six (6) I. & G. N. R. Co., lands, Certificate Number 1628, and that on the day and year aforesaid the Defendant unlawfully entered upon said premises and ejected Plaintiff therefrom and unlawfully withholds from him the possession thereof to his damage three thousand dollars, that the reasonable annual rental value of said land and premises is \$50.00.

3. That whereas, at the time this land was sold to defendant William Chamberlain and others owned said land, and Defendant when the land was sold to him executed certain vendors lien notes of which William Chamberlain and others were the owners of said notes, but since that time William Chamberlain has bought all the interest in said notes and is the sole owner of same.
4. That Defendant is asserting some claim to said land under a deed, or instrument in writing to be found of record in the Deed Records of Randall County, Texas, and which said deed or instrument in writing so recorded is a cloud on Plaintiff's title.

SECOND COUNT
The Plaintiff prays the Court that if his right to recover against the Defendant, John Prusek, under his first count of Trespass to Try Title be denied him that he have judgment on this his second count which is as follows:

For cause of action Plaintiff represents to the Court that heretofore, to wit: On or about the 18th day of February, 1910, the Defendant made, executed and delivered to Plaintiff as Trustee his five notes for the sum of \$194.50 each. Said notes are due, respectively, One, Two, Three, Four and Five years after date, and made payable to William Chamberlain Trustee, at Canyon, Texas, and bear interest at the rate of seven per cent per annum from date until maturity, and in the event of default in the payment of principal or interest on any of these notes, or any part thereof at maturity, the amount in default shall bear interest at the rate of ten per cent per annum until paid. It is further agreed that, if any one of these notes or any installment of interest shall become due this will mature all of said notes above described. The failure to pay any taxes assessed on this land as hereinafter described when due shall operate to mature all of said notes immediately at the option of the holder thereof. The holders of any one of these notes are hereby authorized at their discretion at any time after taxes are payable upon said land to pay such taxes and any costs and penalties that may have accrued, and all sums of money so paid with interest thereon at ten per cent per annum from date of payment are to be considered a part of the note of this series first falling due after such payment by said holders, the same as if originally part thereof. And it is expressly agreed that if notes or any one of the series are placed in the hands of

Mull, and the unknown heirs of Martin G. Mull, deceased; George Dickson Fisher, and the unknown heirs of George Dickson Fisher, deceased; Emily Stith, and the unknown heirs of Emily Stith, deceased, are defendants, cause of action being alleged as follows:

Plaintiff alleges that he is the owner by title in fee simple of Survey No. 179, Block No. 2, Certificate No. 636 A B & M, Randall County, Texas, patented to Calvin W. Levings by patent No. 181, Vol. 23, dated May 3rd, A. D. 1876, and containing 640 acres of land, more or less, and was such owner on January 1st, A. D. 1918; that on said said land named date he had possession of said premises and was entitled to possession thereof and thereafter, to-wit; on said said named date defendants and each of them unlawfully entered upon and dispossessed plaintiff of said premises and withholds from him the possession thereof; That the plaintiff owned said land as herebefore described by the following chain of title, to-wit:

Patent issued by State to Calvin W. Levings, date, May 3rd, A. D. 1876; Patent No. 181, Vol. 23; Deed of Calvin W. Levings to Jot Gunter and W. B. Munson; and of Jot Gunter and W. B. Munson to Julian Gunter; Deed of Julian Gunter and Jot Gunter to W. B. Munson; Deed of W. B. Munson to Duncan Stewart, George Granville Campbell, James Graham, Thomas Arthur Fitzhardinge Kingscote and George Dickson Fisher; Deed of Duncan Stewart, George Granville Campbell, James Graham, Thomas Arthur Fitzhardinge Kingscote, Charles Mallardit Fisher, David Fisher, and Archibald Gibson, said last named three, being executors of George Dickson Fisher, deceased, to Cedar Valley Land & Cattle Company, Limited; Deed of C. M. Fisher, David Fisher, Margaret Fisher, James Fisher, John Fisher and Jessie Stewart Fisher, Mary C. Gibson, Archibald Gibson, Catherine Jane Livingstone, a widow, Jessie Spencer Anderson, Helen Hannah Anderson, and James B. Crossley, to the Cedar Valley Land & Cattle Company, Limited; The decree of the District Court of Randall County, Texas in cause No. 59, on the Docket of said Court, entitled; Cedar Valley Land & Cattle Company, Limited vs Thomas Anderson Crossley; power of attorney of Cedar Valley Land & Cattle Company, Limited, to John Hutson and Richard Colborne Peacock, recorded in Vol. 1, pp 33 of the Records of Powers of Attorney, Randall County, Texas; Deed of Calvin W. Levings to Annie L. Mull; Deed of Anna L. Mull, a widow, who plaintiff alleges is the same person as Annie L. Mull to W. D. Twichell; Deed of W. D. Twichell to W. H. Fuqua; Deed of Cedar Valley Land & Cattle Company, Limited to W. H. Fuqua; Deed of W. H. Fuqua to John Berni.

As plaintiff further pleads his title and claims said land under the Statutes of Limitations of Ten and Five years which are specially pleaded and plaintiff further alleges that defendants, and each of them are claiming and asserting some claim of right or title and possession of said land, but the exact nature of said claim is unknown to him, but that all of said claims are invalid, void and inferior to the title and right of possession which plaintiff has by virtue of said chain of title as herebefore set forth and said limitation title as herebefore set forth; and plaintiff further alleges that said lands are of great value.

## TRADESMEN NEEDED IN SIGNAL CORPS

WILL BE ACCEPTED, ALTHOUGH REGISTERED, IF QUALIFIED ALONG CERTAIN LINES.

### BOOKS FOR OUR FIGHTERS

More Than Half a Million Already Furnished Soldiers and Sailors by American Library Association—What the Hat Cord Denotes.

From Committee on Public Information, Washington.—Men qualified along certain lines, although registered under the selective-service law, may be inducted into the land division of the Signal Corps, which is in need of men for the following duties:

Chauffeurs, motorcycle drivers, and gas engine repairmen for duty in field and telegraph battalions; telegraphers, both wire and radio; telephone men, including switchboard operators, telephone repairmen, and men skilled in testing and repairing telephone lines; telephone and telegraph line-men; photographers, still and moving; homing-pigeon men; radio men who are familiar with installing radio apparatus; men qualified as cooks, clerks, stenographers, blacksmiths, meteorologists, cobblers, cable men, etc.

Men inducted for this division, unless otherwise requested by the chief signal-officer of the army, are sent to Fort Leavenworth, Kan.

More than half a million books already have been furnished soldiers and sailors in training camps and in France by the American Library Association War Service, and the flow is steadily increasing, according to the director of this work.

A campaign for funds inaugurated by the association last autumn netted more than \$1,500,000 and real results in the tangible shape of books and comfortable libraries are being felt by the soldiers and sailors. The Carnegie corporation gave \$320,000 for the erection of camp libraries. Nearly all camps now have libraries and in the others the buildings are in course of construction. The reading rooms each accommodate 250 men.

For the men in France the association has organized distributing stations at all points of embarkation, where books are assorted for shipment abroad. Soon every soldier who steps on a transport will carry a book with him, which he and his companions will read on the way across, after which it will be forwarded to the men back of the trenches. No attempt will be made to establish libraries in France, but the association will have representatives there to supervise the work of distribution.

Just as the sleeve chevrons and bars, stars and eagles on the shoulder proclaims ranking officers, the hat cord denotes the branch of service each private has entered.

Light blue signifies infantry; scarlet, artillery; yellow, cavalry; buff, quartermasters corps; scarlet and white, engineers corps; orange and white, signal corps; scarlet and black, ordnance; black and white, field clerk; maroon, medical corps; black and gold, officers; silver and black, adjutant general's clerk; green, instructor home guards; green and white, home guards. These cords are worn only on service hats.

Cadet aviators wear as hat bands inch and a half white ribbons and on coat collars insignia representing the aviation branch of the Signal corps, propeller blades.

There were 1,428,650 enlisted men and 110,885 officers in the United States army at the opening of 1918, more than one and a half times as large as any force ever before mobilized by this nation, according to a statement by Secretary of War Baker.

During the war with Spain the army of the United States at its maximum strength aggregated 272,000 men and officers. The army in the field and in training now is practically six times as great as the maximum number under arms in the Spanish-American war. About 45,000 officers were commissioned from civil life in the two series of training camps, nearly eight times as many as the number of officers in the regular army April 1, 1917.

Postmasters are directed not to accept for shipment to members of expeditionary forces packages containing matches, cigar lighters, or solidified alcohol, including the preparation called "Sterno" or canned heat.

It is not deemed safe to admit these articles to mails for foreign countries or for United States naval vessels, including marines on shore in other countries.

Contractors working on orders for the navy are required to provide watchmen and devices to protect their plants and property and the work in progress against espionage, acts of war and of enemy aliens. Upon request they must report the citizenship, country of birth, or alien status of all employees.

A second training camp will be held at Porto Rico, starting February 1. The attendance of 400 will be selected from citizens and residents of Porto Rico.

The committee on public information has made the following translation of an article appearing in the Bremer Buerger-Zeitung:

"A soldier's wife who had gathered wood in the common forest of Waldkirch, near Freiburg in Breisgau, was sentenced for the offense in the following terms:

"Mrs. Clara Ganter, on June 13, 1917, has removed from the common forest of Waldkirch, Sec. 1 23, one fagot of dry fir twigs of the value of 10 pfennig. In punishment thereof she is sentenced to a fine of 1 mark and one day's imprisonment."

"The husband of the culprit has been for three years at the front, she herself has four small children to support in the direst poverty. Similar reports of punishment should be reported in greater numbers. Our bureaucracy understands how to employ this period of shortage of wood and coal on a large scale for the benefit of the treasury."

In a bulletin on the employment of women in the storage and warehousing depots of the United States army is the following:

"The census of 1910 reported that of every 100 men and boys ten years of age and over, only 19 were not gainfully employed. This group of 19 included old men not able to work, children too young to work, the sick and handicapped, and men in schools and colleges.

"Assuming that 500,000 of the number called by the selective-service law have had some form of gainful employment, we may estimate that one out of every 60 men in the industries and professions of the country has been called into military service, while another in every 60 has voluntarily joined the forces of the army or navy. Thus, about 3 per cent of the gainfully employed men have been taken out of their occupations."

The largest shoe factories in Italy have started manufacturing the national standard shoes, using leather supplied by the ministry of industry, commerce and labor. The standard types were established by the central shoe committee in Rome, but every factory is making little modifications, according to its means and system of manufacturing.

The government is organizing systems of sale of shoes to the public. They provide for the opening of stores in the principal Italian cities, to be engaged exclusively in the sale of national shoes and to be controlled by the government authorities. It is likely that buyers will have to obtain cards.

The private shoe stores will be supplied with an adequate number of shoes and will be granted a reasonable commission.

The army and navy commission on training camp activities, in addition to the work being done in army camps and cantonments, now has its representatives in every training station of the navy and at every place where enlisted men are preparing for sea service.

There are 86 clubs for sailors at camps and in adjacent cities. There are reading and writing rooms, assembly halls, and some of the cities have arrangements for athletics, swimming pools, and gymnasiums. In the 18 camps there are given each week 92 entertainments ranging from professional performances, lectures, and exhibitions, to club nights and weekly dances.

More than 60,000 books have been furnished ships and stations by the American Library association. The Y. M. C. A. has 42 buildings and tents in the various camps.

According to the bureau of labor statistics of the department of labor, in the year from November 15, 1916, to November 15, 1917, prices of food as a whole advanced 23 per cent. Potatoes is the only article that shows a decline in price. Cornmeal advanced 87 per cent; bacon, 62 per cent; pork chops, 48 per cent; beans, 39 per cent; salmon, 35 per cent; milk, 33 per cent; and lard, 27 per cent.

Food as a whole was 48 per cent higher on November 15, 1917, than on November 15, 1913, and 46 per cent higher than on November 15, 1914. During this four-year period cornmeal advanced 127 per cent; flour, 100 per cent; lard, 104 per cent; bacon, 77 per cent; sugar, 75 per cent; and potatoes, 72 per cent. No article declined in price.

Examination of the records of 10,000 men passed for military service by local boards and then rejected by camp surgeons show that nearly 22 per cent of the final rejections were caused by defective eyes.

Teeth were responsible for 8.50 per cent; hernia, 7.47 per cent; ear, 5.94 per cent; heart disease, 5.87 per cent; tuberculosis, 5.37 per cent.

Attempts to evade military duty by deception regarding physical condition were very few.

The year of 1917 established new high production records for corn, oats, rye, white and sweet potatoes, tobacco, beans, and onions.

Arrangements have been made for some relaxation of the restrictions on the export of foodstuffs to Cuba, whose people are greatly dependent upon the United States for their food supply. Among the exports which may be licensed in limited quantities are condensed milk, butter and cheese, pork products, beef and beef products, and dried fruits.

The 16 cantonments built for the training of soldiers cost \$134,000,000, with a net profit to contractors of 2.86 per cent.

### Tax Assessor's Notice.

Wishing to comply with the law in getting the rolls completed on time, I wish to state that I will see each man one time only to get a rendition of his property. If he does not render the property at that time, I shall make the rendition myself, as prescribed by law.

It is entirely impossible to get the work done on time, when the assessor must see so many of the tax payers a second or third or fourth time to get a rendition.

### Wayside Items.

A warm wave came Friday, followed Saturday by cooler weather, thunder and lightning, and sleet and snow Saturday night. One half inch of snow when ceased snowing.

Having received orders to appear at Claude on the 25th for examination, four of the Wayside boys left Sunday. They were Floyd Adams, Milton Small, Guy Carter and J. A. Smith who was not called but was examined with the other three. Cards came in Tuesday for Guy Carter and John Smith, put in class 1 and M. B. Small, class 5.

J. A. Smith will leave Wednesday for Millery, Ala., to visit home and loved-ones before being called to camp. All regret his leaving and wish for him the best that can come to him.

Ed Moore, wife and little Bernice left for a trip north the 8th., reaching home 26th, visiting Mr. Chas. Furguson and sister, Mrs. E. Marquis near Attica, Ind., for a week, then on to Saginaw, Michigan where his father lives. They report the weather very cold up there, 20 degrees below zero, and snow a foot deep on the level when they left. Drifts were 8 to 15 feet deep in places. After leaving St. Louis, they saw no bare ground.

Mr. J. B. Knox of Happy came Friday afternoon for his daughter, Miss Viola and Miss Butterfield, they visiting at the Knox home till Sunday when they returned to their school duties.

Rev. T. B. Pirtle, Methodist minister of Silvertown came Friday visiting with several families, preaching twice Sunday at Wayside, going to Happy on mail car Monday on return home. Rev. Pirtle is a good preacher and is taking well with the people. Bad weather characterized both appointments up to the present. When spring opens we hope for a full house.

Red Cross meeting appointed for Thursday night, trust to have a full attendance, everybody come.

Literary Society meets at the school auditorium Friday night, Feb. 1st. They expect to have a play by some

of the young people, charge admission proceeds to go to the Red Cross.

Mr. C. F. Watson's car turned over last Wednesday on their way to Tulia.

Unable to learn particulars, further than Mrs. Watson was unconscious for awhile. Not thought any were seriously hurt.

Letter from Roy R. Key, formerly of Vigo Park, now "Somewhere in France", to his homefolks written under date of Nov. 25, 1917, says grass green as mid summer there, wheat was looking well, pretty valleys and lots of springs. He is working on truck autos and likes the work.

J. S. Sluder returned Tuesday from his New Mexico trip. He reports had roads, lots of snow and mud in New Mexico.

### Not All Ears, Eyes and Nose.

A country newspaper publisher is just an ordinary human being. He is not composed exclusively of EARS, EYES and NOSE. It is impossible for him to HEAR everything that is that is going on. He can be in but one place at a time, and is a cinch he cannot SEE every thing that is going on. His nose may be well trained to scent out news, but even the highly trained reporters of the big dailies sometimes fail to SMELL all of the news of the day. The NEWS asks your hearty cooperation in the publication of this great religious weekly. Tell us the news. Use the telephone. Write it out and send it in. Our readers say the paper is much better than it used to be, but there is yet much room for improvements. GIVE US ALL THE NEWS.
