

TRADES DAY, MONDAY FEB'Y 11 IN CANYON

Next Monday, February 11 will be the regular monthly Trades Day in Canyon.

The Canyon Business Men's Association held a get-together supper at the Canyon Cafe Tuesday night in order to get all the members out to make preparation for the big day in Canyon.

Owing to the bad weather last month it was impossible to run the regular monthly Trade Excursion to Wayside, and it was voted Tuesday night that the Trade Excursion would go this month to Wayside.

S. B. McClure has charge of arranging for cars to make the trip and Grady Holland will plan the route to take.

The auction sale will be one of the big events of the day. J. W. McCrery of Wayside was selected to auction the sale next Monday.

The entertainment for the day will be in the hands of C. D. Lester, D. A. Park and J. M. Redfearn.

The Business Men's Association is making plans that Monday's Trade Day shall be as good or better than any pulled off so far this year.

Every person in Randall County is cordially urged to come to Canyon on that day.

There were 31 present at the meeting Tuesday night, and all enjoyed the occasion very much.

President T. C. Thompson conducted the business session before the supper was served.

Boost County Fair.

One of the items of interest to the public is the fact that Randall County will have a county fair next fall, on the same lines, but on a much larger scale than was held last fall. W. J. Flesher was appointed to take charge of the Fair and to report to the next meeting an organization that would be suitable to handle the fair proposition for next fall.

Another Ford Coming

It was decided to give away another Ford car during the coming few months. At the next meeting it will be definitely decided when this will be done, and the plan of procedure will be announced at that time.

A committee of J. M. Redfearn, O. N. Gamble and R. S. Pipkin was appointed to investigate the advisability of the business houses handling the Red Cross coupons.

Reports were made by County Judge C. R. Flesher who recently went to Roswell on road matter and W. D. Morrel, who went to Austin on the matter of getting credit for our men who have enlisted in Amarillo.

MEN WILL BE CALLED ON 15th

The Randall County Local Board has received instructions from Austin to have in readiness the balance of the county's first quota of men under the selective draft, as they will be called about the 15th of February. Randall county will have seven men to go in this quota.

W. D. Morrel, secretary of the

board, states that he does not know just who will go when the call is made. A large number of boys have applied for a place in this quota.

The local board will start tomorrow to examine the men in Class 1, and it is expected that some of them will be called within a very short while.

RED CROSS DRIVE TO START FOR \$6,000.00

The Red Cross Chapter of Randall County will start a big campaign next week.

The campaign will continue but a short while, and every part of the county will be covered by canvassers. As stated in the News last week J. B. Gamble has given to the Red Cross three pure bred Aberdeen Angus yearling heifers, which will be put up for prizes in the campaign. With every dollar paid to the Red Cross will be issued a ticket, as in the Ford contest, and on a later date the three heifers will be given to the persons holding the lucky numbers.

The Red Cross chapter must have a large amount of money for the material in the Red Cross room. The local chapter furnishes all of the material for making the hundreds of garments and to buy the yarn for the knitted goods that are sent out.

The chapter has been spending \$500 a month for this material. The ladies want the finances arranged so that they know exactly how much material can be bought each month in order that the work may progress without interruption, as it has since Christmas owing to the chapter being out of money.

During the drive, the people will be asked to make contributions on the monthly payment order, and to facilitate collections, Red Cross checks will be presented each person and he will be asked to sign twelve checks for such an amount as he is able to give. These checks will be deposited at the first of every month, and thus the Red Cross will get its money on

time and without the trouble of making a canvass among the people every little while.

The Red Cross Chapter must have \$500 a month for the coming year, or a total of \$6000. This is the absolute minimum amount that can do the work anticipated by the Chapter. A larger work could be done if a larger amount of money is subscribed, and as the war continues, the calls will come faster, and the needs increase much more in proportion.

The finance committee has stated that the drive will not close until the \$6000 is in sight. After this minimum has been reached, the three heifers will be given away.

No checks will be accepted for an amount less than \$1.00, but children who wish to pay to the Red Cross and to get tickets may sign checks payable at greater intervals than the first of each month.

The finance committee has appointed men to meet tonight and go over the county carefully in order to select persons in every school district who will take charge of this matter in their respective districts.

D. A. Park and C. H. Jarrett are in charge campaign and these men will be prepared to accept contributions by the first of next week.

When all of the details have been completed, the campaign will be a whirl wind, and the entire county is to be covered within two or three weeks.

The names of donors will be published in the News as the subscriptions are received.

LARGEST POLL TAX PAYMENTS MADE

Larger Payment is Made Than Had Been Expected by Any of the County Officials

Randall county has more poll tax payers this year, than ever before in the history of the county. There were 607 taxes paid, together with 20 exemptions. Besides these there are about 80 men over the poll tax paying age.

It was freely estimated a few weeks ago that the poll tax payments would be light this year on account of so many of the boys being in war. But there was a pleasant surprise the last two days of payment, when the men came in thick and fast to get their receipts.

The following were the payments and exemptions by precincts:

Poll tax	Exempts.

SHOT WIFE AND BABE THROUGH ACCIDENT

Mrs. Meinrad Hollenstein in Hospital as Result of Accident at Home Last Sunday.

Meinrad Hollenstein was cleaning his shot gun Sunday, when in some manner or other, it was discharged, the bulk of the shot going into Mrs. Hollenstein's thigh, and a few striking their four month's old baby which she was holding in her arms.

The thigh was badly wounded, but none of the shot hit the bone, which gives hopefulness that she will recover without permanent injuries. The wound is large and bad, but is doing nicely. The baby seemingly was not badly injured, although some of the shot hit it.

They were taken to Amarillo to the sanitarium where they are being treated. Mrs. Hollenstein was prostrate with grief over the accident, but cannot see how it could have happened.

Red Cross Buttons Here.

The Red Cross buttons which were to have been given out during the Christmas Red Cross drive, have just arrived, and may be procured of D. A. Park, at the Citizens Bank.

Move to New Homes.

S. S. and Carl Coffee have moved into their new houses, built on West Evelyn street, one block from the square. The homes add much to the attractiveness of that street.

BIG SHORTAGE IN THRIFT STAMP SALES

Randall County has not come to life as to the importance of the Thrift Stamp Campaign.

Randall County's quota for Thrift Stamps is \$8820 every month. During January not more than one third of this amount was sold in the county.

Randall county must get busy on these sales.

Saturday night W. D. Morrel called together a number of men interested in Thrift Stamps and appointed the following committees to work up interest in the Stamps:

Executive Committee—W. D. Morrel, C. W. Wawrick, T. C. Thompson, C. D. Lester, R. H. Wright, J. W. Reid and C. R. Burrow.

Finance Committee—W. D. Morrel, Chairman.

Publicity Committee—C. W. Wawrick, Chairman.

Merchants Committee—T. C. Thompson, Chairman.

Schools—J. W. Reid, Chairman.

Carpenters—S. S. Coffee, Chairman.

Draymen—H. Prichard, Chairmen.

Professional Men—Dr. F. M. Wilson, Chairman.

Women's Work—Mrs. T. H. Rowan, Chairman.

Fraternal Societies—C. D. Lester, Chairman.

Farmers and Stockmen—J. B. Gamble, Chairman.

Ministers—Rev. B. F. Fronabarger, Chairman.

Thrift Boys—R. H. Wright, Chairman.

Sunday afternoon a meeting was held at the Olympic when Mrs. T. H. Rowan appointed her workers in Canyon to their districts. W. D. Morrel explained the working of the Thrift Campaign.

To the Citizens of Randall County

In announcing as a candidate for the office of Sheriff and Tax Collector, I desire to state that if you see fit to favor me with your support in the primary (either single or double), it will be highly appreciated, and if elected, I will render the very best service of which I am capable.

WORTH A. JENNINGS

Will Play for Big Picture.

The Sammies Orchestra, conducted by Miss Wiggins, has been employed to play for "The Birth of a Nation" in Canyon, Amarillo, Plainview and Floydada when it comes through week after next.

There was a large crowd out to hear the band Monday night in the patriotic program, and all were pleased with the program.

Building New House

P. V. Winstead is building a new 5 roo house on his lots northwest of the square.

ANNIVERSARY OF NORMAL CELEBRATED SUNDAY, 17th

The following will be the program at the anniversary of the breaking of the ground for the Normal building on February 17, 1910:

B. A. Stafford, Master of Ceremony
Professional
Chorus—"Praise Ye the Father," Gounod.

Prayer—Rev. R. A. Stewart
Scripture Reading—Rev. B. F. Fronabarger
His Own," Mendelssohn.

Oration—"The College and Its Mission," President R. B. Cousins.
Chorus—"The Lord is Great," Mendelssohn.

Benediction—Rev. A. B. Haynes.
The program will begin promptly at ten o'clock.

FOUR MINUTE SPEAKERS FOR NEXT WEEK AT SHOW

The subject for the Four Minute Men for the coming week is "Eyes for the Navy." The context is that the government needs and must have thousands of field glasses for her ships, which the market does not now afford. The Minute Men are asked to called upon the people of the nation to supply these field glasses for the duration of the war. The need will be fully explained by the speakers next week.

The following will speak:
Monday—Mrs. T. V. Reeves
Tuesday—Herman Glass
Wednesday—C. R. Burrow
Thursday—C. W. Wawrick
Friday—W. J. Flesher
Saturday—J. W. Reid

Men For Ship Building.

J. A. Hill, Chairman Four Minute Men, has received from State Chairman, Jos. Hiraet, the following item of interest to all Four Minute Speakers and to those who contemplate entering the Ship-building service:

"The National Director also telegraphs me that Washington officials are besieged by applicants for work in shipyards, and that I am to explain immediately to all local chairmen that speakers tell the laboring men to merely enroll their names. That is, to give their names and address to the local enrolling agent, retaining their present positions until a job is actually offered, and that enrollment does not obligate an applicant to accept, and neither does it obligate the Government to the offer of the job. Examiners are to see all applicants. It is also stated that laborers needed means during the next seven months."

Kitchens in Country Schools
Miss Leah Harris, domestic science demonstrator for this county, is now working in the county school, getting kitchens equipped so that the children may have one hot dish for their lunch at noon. She now has three kitchens established, and they are proving very satisfactory.

Miss Harris is working in the schools teaching how to can jack rabbits so that it makes fine meat.

OSCAR SMITH RESIGNS AS CHAIRMAN OF LOCAL BOARD

Oscar Smith last week resigned his position as chairman of the Local Exemption Board of Randall County. Mr. Smith stated that the position was taking too much of his time for him to serve longer in this capacity. He went to Austin and explained the situation to the war department and his resignation accepted. He has a letter from this department thanking him for his efficient services.

Mr. Smith has been with the local board since the selective draft has started, and his work has been highly efficient. He has dealt with the men kindly and judiciously and given every man a fair and square deal.

Mr. Smith was asked by the department and Governor Hobby to recommend a man for the place, which he has done.

JUDGE CRUDGINGTON COMING SUNDAY ON THRIFT CAMPAIGN

Judge J. W. Crudgington of Amarillo will speak Sunday afternoon at three o'clock at the Olympic in the interest of the Thrift Campaign. Mr. Crudgington is chairman of Northwest Texas and has made considerable study of the subject.

Mrs. T. H. Rowan wishes to have all of the workers present in this meeting, and urges that every citizen of Randall county come to the meeting. Judge Crudgington is an interesting speaker and will have a message worth hearing.

Elected to Public School Faculty

Miss Charlotte Ingham has resigned from the faculty of the public schools, wishing to give up her work on February 23.

The school trustees met last night and elected Miss Nannie Johnson to the position. Miss Johnson is now a teacher at Culyer, but will be able to leave that school to come back home to teach.

CITY BUYS REPUBLIC TRUCK FOR FIREMEN

At the meeting of the City Council Monday night, a new Republic truck was ordered by the Council to be used by the fire department.

The truck will be completely fitted up and placed in Guthrie's garage in order to be ready upon a moment's notice for a fire.

The truck and equipment cost the city \$920.95, and the fire boys are mighty proud of the new apparatus.

Firemen Elect Officers

The Canyon Volunteer Department met Tuesday night at the court house and re-organized the department, dividing the members into the following groups:

- Hose Company—C. M. Ackerman, Captain; Plugmen—D. A. Park, Oscar Hunt, J. M. Redfearn, O. A. May
- Linemen—J. E. Winkelman, T. V. Reeves, Chas. Stratton, R. S. Pipkin.
- Nozzlemen—Grayson Bell, C. H. Jarrett, J. B. Graddy, J. P. Hix, J. G. Holland, Ray Snyder.
- Chemical Company—E. W. Reid, Captain; Zeb Mitchell, Bert Newlin, John Toles, Chas. Schultz, Everett Conner, Clarence L. Thompson

Some Catalogues

A certain mail order house sent into Canyon Sunday twenty mail bags of catalogues. The total amount of postage paid for these catalogues was three times that spent by most merchants in Canyon for advertising of all kinds.

The printed page is the real advertising medium that counts. The business firm that lets a single issue of a newspaper go without sending a message to the people is hurting himself financially and giving the mail order man a splendid opening.

"Who Will Win This Battle?"

Your kidneys are the filters of the body. If they become inactive and fail to eliminate the waste matter, they are apt to throw the whole mechanism of the body out of order, thus toxic poisons can accumulate in the system and be as deadly as snake venom.

Besides causing the minor ailments of rheumatism, sciatica, lumbago and backache, neglect of the kidneys is apt to develop into more serious diseases, such as diabetes or stone in the bladder. Aid the body of toxic poisons—clean the bladder and kidneys and cure the twinges of rheumatism with Anuric and you win the battle of life.

Anuric was first discovered by Dr. Pierce, and has benefited thousands of sufferers as well as appeased and eliminated the ravages of the more serious kidney diseases. Now procurable for 60 cents at any good drug store, or send Dr. V. M. Pierce, Buffalo, N. Y., 10 cents for trial package.

SEAGOVILLE, TEXAS.—I wish to state to those who may have rheumatism that I am 46 years old and have had rheumatism most all my life. In executing my duties as a peace officer of this state in the winter of 1910, I was exposed to some very bad weather, which brought on a very severe attack, in fact, it was so bad that I could not ride horseback, and I was compelled to abandon my duties for a while. I then began a search for a permanent cure, which I did not find until I learned of Doctor Pierce's Anuric Tablets. I began taking them about 40 months ago and am satisfied that I am cured.

I wish to say in conclusion that I cannot be loud enough in my praise of Dr. Pierce's Anuric.—T. J. ALLEN

The Fruit of Hell.

Portland (Ore.) Telegram: The Telegram continues to get letters from men who manifestly have greater respect and a higher regard for the slave-making, child-killing, woman-ravishing, lying and double-dealing Prussian autocracy, that has brutalized its people and horrified the world, than for the American institutions under which they live and prosper.

We have one of these epistles before us, indorsed across the top. We read, "Not for publication." We are not at all amazed over the request, for the letter is signed, and in that fact, coupled with the indorsement, there is at least suggested a subconscious sense of shame.

We take from this letter a single sentence as the gist of a new, and perhaps at some time, a debatable apology in extenuation of the brutality of war. That sentence reads: "The brutality of the German soldier is the fruit of war."

Flatly, and by volumes of incontrovertible proof, that is not so. It is the fruit of hell, of which Prussianism is at this time the temporal representative and personification on this earth. German soldiers have blushed and wept in the execution of the infamous orders that have been given them. There has been brutality among them due to drunken devilishness and to the frenzy of blood lust unrestrained. But it was not hellishness of that sort which sunk the Lusitania, which killed children engaged in their daily school tasks, which drove thousands of young women into degrading slavery, which selected and shot civilian non-combatants by arbitrary allotment and then compelled their nearest and

dearest relatives to bury the remains in a common ditch under the further brutality of military supervision.

It was only a hell-born and hell-directed brand of malevolence that befouled the wells of drinking water used by enemy inhabitants; that in wholesale fashion profaned their homes with indescribable filth; that swept their country clean of every living and useful thing; that left the territory from which the legions of Prussianism retired as desolate and blasted as if it had been swept by the fiery breath of hell itself.

All these things were done by cool, calculating intent and authority. They were executed orders from the high command. We would say they were the deliberate fulminations of the devil, except that we hesitate to do injustice to his satanic majesty. This brutality in war is the policy, the philosophy, the religion of Prussianism of which Wilhelm the Kaiser is the high priest and supreme potentate. It is a policy, a philosophy and religion that for forty years and longer has been drilled into the German people by their Prussian masters. The taint of it has followed some of them to this country, and can not be fully eradicated even by years of residence under the beneficent influence of American democratic institutions. Contemplating some of these cases, pity struggles with contempt.

From Nebraska.

Abie, Neb., Feb. 1, 1918.
Editor Randall County News,
Canyon, Texas.

Dear Sir:—

I herewith enclose you check of \$1.50 for the News another year.

We have had a very cold winter up here in Nebraska. For a whole week in January the mercury did not rise above zero. One day it was practically 25 degrees below zero all day. It is cold at present. It has not been above zero for the past three days ranging from 2 to 20 degrees below, and we have a six inch snow. However, we have had but little wind and the snow is not drifted badly.

Our winter wheat in this locality is not promising. It was so dry last fall the wheat did not get up well.

Wishing the News and the people of Randall County a prosperous year.

I am very truly,

J. W. TOWNLEY.

Blizzard Takes Big Toll.

More than 1,500 cattle, 1,800 sheep and 600 hogs were lost in Plainview section during the blizzard recently. Bob Mottler lost 535 calves, Mr. Bledsoe 1,300 sheep and 60 head of calves, John J. Ellerd 250 cows and calves, W. B. Lewis 100 hogs, Benson Bros about 100 cattle, J. J. Simpson 24 cattle, L. G. Wilson 50 sheep and four cows, and numerous others from one to a score of stock. The losses on the Slaughter and Spade ranches were also considerable. The suddenness of the blizzard caught many cattle out on the ranges and they wandered into the deep snow drifts.

Germany, a Berlin paper says, will hold out to the bitter end. They know what kind of an end it's going to be, don't they?—Toledo News-Bee.

Stock Losses In Deaf Smith.

Last week's severe weather caused some heavy loss in livestock to individual owners, although when spread out among the many stockmen and their holdings in this section the percentage is very small. Several reports of losses were abroad, the heaviest reported being that of Mr. Miller, north of town, who lost something like 150 head of stuff brought in here from the drouth country south. W. A. Knox, who recently purchased the Vaughn irrigation plant on Twenty-five Mile Avenue, lost 35 head of fine hogs, that crowded into a shed on his place and smothered themselves.

Stockmen state that practically all losses were confined to the imported cattle, while the native stuff came through without difficulty. It is estimated that one per cent would cover all losses in this section, nearly all of this being among thin cattle brought in from the drouth region—Hereford Brand.

Cattle Frozen in Crosby County.

Reports continue to come in about cattle freezing to death. Jim Brown of a few miles southwest of town lost ninety odd head, and a man from Scurry county, who was pasturing cattle near Cedric, lost over a hundred. —Ralls Banner.

Lost Two-Thirds of Calves.

Reports come from Bob Maxler, who moved about 800 head of calves from here to Northeast New Mexico last summer, that he has lost almost two thirds.—Brownfield Herald.

Should Have Better Management.

Now is the time to urge more economy and better management in state affairs. As long as one-third of our tax money is expended for collection charges, we know there is something rotten to begin with. In the mercantile world, where a man has to go out after his debtors, five per cent for collections is considered exorbitant. And why shouldn't we run our state on a business basis, too? —Quannah Tribune-Chief.

"Lloyd George puts the onus on the Kaiser." But what he needs more is the kibosh.—Boston Herald.

A New Kind of Commercial Club.

Paducah is again in possession of a Commercial Club, and this time it is being organized for the purpose mostly of bringing the county in closer relationship. It is the best way that a commercial club can be run, and we feel certain that it will be a success. It is the intention of the organization to help the farmers in securing whatever they need on the farm in the way of seeds, etc., and to find a market for them when one is not readily supplied. Every farmer will be asked, to become a member of the organization, and likely without any cost to him whatever. If this idea is carried out as intended it will be one of the greatest things that this country could have. We know of places where practically all the farmers transact their business thru the commercial club, and they have

learned that they can go there, do their letter writing by the assistance of a stenographer, give their order for any kind of seeds they may want for the farm and know that the club will find them a market for anything they have to sell, where such a market is not locally furnished. We trust that every farmer will feel free

to take advantage of this opportunity and do all they can to make the organization a success.—Paducah Post.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a try. NC-133

JUST COMMON SENSE THAT'S ALL

The drastic measures taken by Administrator Garfield to relieve the fuel situation, while creating a country wide furor, unquestionably had the desired effect.

Meatless and wheatless days have become from a seeming fad, a permanent feature of our national program to help abolish Kaiserism and Autocracy.

Other sacrifices will be asked of us as rapidly as conditions may demand, for democracy must win this world's struggle. We suggest "CHARGELESS DAY", not only as a patriotic measure, but for the sake of thrift and economy.

Try "buying exclusively for CASH" at a CASH STORE one day each week. Before long you will make every day a "CHARGELESS DAY."

This store is a splendid example of the advantages offered to chargeless customers. By "SELLING EXCLUSIVELY FOR CASH", its policy of "LOWER PRICES" and "GREATER VALUES," is prevalent throughout every department. No detail is overlooked to make every purchase represent a saving to you—

Be patriotic to your country—be fair to yourself, "Buy exclusively for Cash"—at the strictly Cash Store.

A CANYON INQUIRY

Answered By The Statement Of A Canyon Resident.

When first the long series of reports of Canyon people who have been relieved by Doan's Kidney Pills were published in the local press, great enthusiasm and interest were aroused. But Canyon is now inquiring "How are these people keeping today? How has the benefit they received withstood the test of time?" For that, after all, is the essential test of a cure. On this point doubt can no longer exist, for after many years those who have been cured, emphatically declared their cures to be lasting.

T. A. Ridgway, Canyon St., Canyon, says: "I suffered from bladder trouble, causing too frequent and profuse passages of the kidney secretions. Since using Doan's Kidney Pills, I have much better control over my kidneys."

NEARLY FOUR YEARS LATER, Mr. Ridgway said: "I have not had any trouble with my kidneys since I used Doan's Kidney Pills. I believe the cure Doan's gave me is permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ridgway had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Public Sale of Registered Hereford Cattle

62 Bulls and 32 Heifers

February 20th—1918—February 20th

The Panhandle Hereford Breeders' Association will hold their Second Spring Sale at Amarillo during the Buyers and Sellers Convention on the afternoon of Wednesday, February 20th.

These cattle will be contributed entirely by the members and will represent some of the best cattle, selecting from a number of the best registered herds in the Panhandle. Several show animals that stood high in the Exhibit at Amarillo last fall will be included in the sale. There will be cattle in the sale to suit every one.

HERD BULLS HERD BULLS HERD BULLS

There are some Herd Bulls and Herd Bull prospects that in breeding and development cannot be surpassed in any State in the Union. So why go to the sales in the North and East and buy un-acclimated cattle at about double the money that the same breeding and individuality will cost in Amarillo on February 20th?

There are a goodly number of high class range bulls included in the offering that will sell worth the money, and no doubt in many instances will be bought for less money than the same cattle could be purchased for at the breeder's farm.

The heifers are a sweet lot, and while some of them will be in high condition, most of them will be sold in just the strong growing condition that the breeder likes to secure. All the sale cattle will be inspected by a committee of competent judges after the cattle reach Amarillo, and all animals that are not up to a high standard as to condition and individuality will be eliminated.

The sale will be held in a big tent situated within a block of the Amarillo Hotel, and there will be comfortable seats for every body.

Sale to begin promptly at one o'clock.

SUBSCRIPTION, \$1.50 PER YEAR

Alarming reports have been spread over the country in regard to the wheat condition of the southwest. Of course the condition of the wheat is not promising, and the weather has been everything but favorable for a wheat crop this year. But there is a more promising condition than most people realize. It is conservatively estimated that fully forty per cent of the winter wheat sown last fall has never sprouted. This being the case this wheat will make a good crop if given favorable weather within the coming month. The wheat that has sprouted and come up is doing no good, but the two little snows seem to have kept it alive. Very few farmers have reported that their wheat was dead. The farmers of the Panhandle will make much more money from a row crop this year than would be possible from a big wheat crop, but the world needs the wheat, this of all years, and it is upon this that so much anxiety has been manifested.

Governor Hobby has intimated that he will call a special session of the legislature to convene on February 18 or 25. If the legislature is called Hobby will either make himself Governor with the coming term, or will kill his chances. It all hinges upon his attitude upon the prohibition question. It is stated that he will offer subjects concerning the regulation of saloons around the army camps. Hobby is a mild anti. He has had little to say on the subject. He has a big pro following because he has set out to pull the state out of the middle Ferguson created. He can get practically a solid pro vote if he is willing to come across on the prohibition question. There is going to be made the demand for statutory prohibition, and a vote upon the national amendment. Hobby can take his choice of being elected on the pro ticket, or defeated on the anti ticket.

The German strike seems to have been settled without much difficulty. We wonder if there was not a little more bluff than reality in the reports

of the strike in order that it might have some misguiding effect upon the laborers in the allied countries. The best way to figure on the downfall of Germany is by the use of powder and shot, rather than internal difficulties.

Our army now has control of a sector on the Western Front. Our boys have been showing the Boche a few things as the way we do it in the good old U. S. A. The death lists as sent by General Pershing is increasing in length, and every community which has not gotten fully into the war, will soon have a personal touch from the front.

R. L. Templeton of Wellington has announced his candidacy for State Senator from this district. Mr. Templeton will be remembered by the people of Canyon as having been the high school principal the year 1907-8.

El Paso held a prohibition election last week—the first in the history of the county and city. The wets won by only 270 votes. Even that notorious city polled a bigger pro vote than was ever expected.

8 Aliens Are Registered in City

Under the law all alien enemies in this country are required to register during this week.

In the small towns, the postmasters do the registering.

Up to this morning eight Germans had registered at the Canyon post-office. It is expected that there are several more who will register during the remainder of the week. The time the registering will close on Saturday night.

Geo. Truett's Coming Postponed

Rev. George W. Truett, of Dallas, was scheduled to be a revival at the Baptist church next week, but this morning Rev. B. F. Fronabarger received a letter from him stating that on account of illness in his family he would be unable to come to Canyon at this time.

Rev. Truett is one of the biggest Baptist preachers in the South and the people of Canyon are very anxious that he come here for a meeting.

QUARTER BUYS FIVE BULLETS

ONE THRIFT STAMP FILLS RIFLE'S MAGAZINE—BABY BOND GETS U. S. SOLDIER PAIR OF SHOES.

If you have an idea that your quarters won't help win the war and do lots of service when invested in thrift stamps and war savings stamps, just look over this table. The little bonds are translated in terms of soldier equipment. Here's how they stack up:

- 1 Thrift Stamp—5 Bullets.
- 1 War Savings Stamp—1 Pair of Shoes.
- 1 War Savings Stamp—2 Woolen Shirts.
- 1 War Savings Stamp—4 Winter Undershirts.
- 1 War Savings Stamp—1 Steel Helmet and \$1.12 over.
- 1 War Savings Stamp—1 Shelter Tent and part payment on Overcoat.

Those quarters will do the Government lots of good. And remember you are not giving them away, but lending them at four per cent interest compounded quarterly.

A single thrift stamp doesn't look very large and the quarter it costs doesn't seem like it would count for very much, but that thrift stamp means five bullets for one of our soldiers—a clip of cartridges, they'll fill the magazine of his rifle. With them he may save his life and the lives of two or three American heroes in France.

These little war bonds will do lots of big things. Armies can be ammunitioned with them, hungry soldiers fed, fighters kept warm in No Man's land, lives saved—enough of them will bring victory, save the Nation and liberate thousands of poor Europeans whose condition is worse than slavery.

They stand for patriotism, those little certificates which cost only a trifle. They are evidences of willingness to serve and back up the boys in the trenches. People who refrain from spending their money on unnecessary things and put it in the tiny war bonds don't have to talk about their loyalty—they are proving it, paying for it.

The price of the victory stamps can be saved or made in a thousand ways. Luxuries can be left unbought and thrift stamps purchased instead. Everyone can give up luxuries, because nearly everyone spends money for things he is not compelled to have. Money saved is money made. Let part of the money in the pay envelope be put to work for Uncle Sam and the Liberty boys. The old hen out there at the barn can help you. Every time she lays a dozen eggs you have the price of two thrift stamps—that's ten bullets. There are just lots of ways to earn the little treasury bonds.

Those little stamps stand for something else—thrift and prosperity. You help the Government when you buy them, but you also help yourself. You have saved the money, it will come in handy later on, and when you get it back will get a lot of extra nickles and dimes and dollars with it. Every minute of the time since you lent it to the Government it will have been working for you—making more money for you. When you buy thrift stamps you are not giving away a thing, you are getting paid for everything you have done.

Have the pleasure of knowing that one of those soldiers "over there" is wearing a pair of shoes you bought for him; that a coat your money purchased is keeping him warm; that the ammunition you got for him will help him out of tight places and bring him back home to those who love him.

PLANS MADE TO ENLIST 91,000 TEXAS FACTORY EMPLOYEES AS SAVERS

Plans to enlist the 91,000 factory workers of Texas as members of the thrift army have been suggested by L. J. Black of Beaumont, president of one of the largest manufacturing concerns in the South, and approved by Louis Lipsitz, State Director of the National War Savings Committee. The concern, of which Mr. Black is president, has given every one of its employees a thrift stamp. Since the gift was made, nearly every worker has added five or six stamps every week to his thrift card. That his employees will have no difficulty in buying the little war bonds, Mr. Black has established a stamp sales agency at the plant; the cashier acts as selling agent.

Mr. Lipsitz is anxious that all of the 5,084 manufacturing plants in Texas make it easy for their employees to buy savings stamps and help them to put aside a definite amount every week. He has suggested that all of these factories, large and small, make arrangements to place thrift and war savings stamps on sale in their plants.

If each of the 91,000 workers buys a thrift stamp every week the aggregate weekly investment will be \$22,750. If they put up a quarter every week for a year, they will have lent the Government \$1,132,000. The Government pays 4 per cent interest compounded quarterly. The interest alone on this would be a snug little fortune.

RECORDS BEING MADE IN THRIFT CAMPAIGN BY TEXAS PATRIOTS

Since it was announced by Louis Lipsitz, State Director of the National War Savings Committee, that the Government expects Texans to purchase thrift stamps and savings certificates, valued at \$91,000,000, enthusiastic workers have rolled up a number of records that speak volumes for Lone Star patriotism.

The people of Cherokee county lead the counties in the State in the number of limit buyers—persons who have purchased the maximum amount of bonds the individual is permitted to own. The county has eighty-eight members in its Thousand Dollar Club; in Jacksonville alone, seventy-two persons have "gone the limit" and bought "baby bonds" valued at \$1,000. A. G. Adams is county chairman.

Letter-carriers, the blue-clad men who plow through snow and mud and sun to fill Texas mail boxes, have become enthusiastic ministers of the new gospel of thrift—which will help win the war and make possessors out of slackers. R. A. Furr, rural mail carrier in Collin County, has sold more than \$3,500 worth of stamps; \$2,200 of this represents the work of a single day. He travels 28.5 miles every week day and delivers over 4,000,000 pieces of mail every twelve months. C. D. Morrow, a Sherman letter carrier has also hung up a record. He has sold the persons on his route little Government war bonds valued at more than \$1,162.84. In a single day he took orders for \$566.20 worth of thrift stamps.

The business men, and bankers of Abilene wanted to tell Taylor County people what an excellent and patriotic form of investment is the purchase of thrift stamps, so they used six full page advertisements and thirty smaller ones in the Taylor County Times to tell Uncle Sam's story. The hearty co-operation of Texas newspaper men is piling up records of publicity and patriotism everywhere.

Tucker Royall lives in Palestine. He's a busy man, but he found time to sell \$1,000 certificates to each of thirty Palestine business men and Anderson County farmers and run a bank. Every bank should be a thrift stamp sales agency and advise its patrons to put some of their savings in war certificates, Mr. Royall says.

APPROPRIATE BIRTHDAY GIFTS.

The most appropriate birthday gifts this year are thrift stamps and war savings stamps. The practice of giving the little money saving bonds has already sprung up in Texas. Such a gift has deep significance and it may be the means of starting the one who receives it on the road to thrift and wealth, especially children. Louis Lipsitz, State Director of the National War Savings Committee, points out.

ROUNTREE W. S. S. ENTHUSIAST.

Lee J. Rountree of Georgetown, secretary and former president of the National Editorial Association, is an enthusiastic supporter of the thrift doctrine. He is a heavy investor in war savings stamps and he urges others to buy them.

SHERMAN PEOPLE THRIFTY.

Sherman people are religiously practicing the thrift lessons urged by the government. Not only are they putting something aside every day for war bond purchasing, but they have decided to invest the interest from their Liberty bonds in war savings stamps. Sherman people have a yearly revenue of over \$40,000 from their Liberty bonds. By converting this money into the "baby bonds," they are making the interest earn interest.

More frequently than not slackers are slackers. The county has no need for the one and no use for the other.

LESSONS OF THRIFT.

W. F. Doughty, State Superintendent of Public Instruction, has promised that 1,000,000 of the 1,200,000 school children in Texas will be told about War Savings Stamps and the lesson of thrift impressed upon them. Superintendent Doughty has made many speeches throughout the state on War Savings work and through him there has been distributed to the 39,000 school teachers of Texas an outline of the three weeks' campaign that is now being carried on in the schools, and it is expected that this will be the foundation of a regular course of study in the new ideas of goods and service, and the necessity for economy for the purpose of winning the war.

PASTE IT ON.

If a Thrift Stamp you can buy, Paste it on. Biff the kaiser in the eye, Paste it on. Don't forget, 'twill help you, too, Interest on it will accrue, And 'twill all come back to you, Paste it on.

Hardening Peanut Fed Hogs.

Mr. Don T. Griswold, Associate in Animal Husbandry, Extension Service, Agricultural and Mechanical College of Texas, replying to an inquiry for information concerning the feeding of 150 pound hogs to harden them after they have been fed peanuts, says:

"A good ration for those hogs would consist of six pounds of corn and one pound of cottonseed meal, fed from 45 to 50 days, giving the hogs all that they will eat of the mixture twice a day. They should gain from one to one and one-half pounds a day when fed this ration, and the meat should be classed as 'hard' when it reaches the market. If the packers do not wish to buy your hogs at the top price for their class, you should ask that they be Government inspected. Any County Demonstration Agent can refer you to the proper inspector.

You might add a little bran to this ration and reduce the cost slightly. I do not believe, however, that the hogs would kill quite as hard if they are fed bran, as they will if they are not fed bran. If you feed the bran, I would not advise you to feed more than two pounds of bran to six pounds of corn and one pound of meal. If you keep copperas before your hogs all the time, perhaps there will not be so much danger from cottonseed meal poisoning."

I Do Not Think I Ever Felt Much Better

All Sufferers Of Catarrh—

Myrtle St. Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said for Peruna."

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again. Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug store to-day, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century. S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. You can obtain special medical advice regarding your own case without charge by writing to Medical Director, 22 Swift Laboratory, Atlanta, Ga.

Notice of Guardian's Application to Resign.

The State of Texas,
To the Sheriff of any Constable of Randall County, Greeting:

You are hereby commanded to cause to be published once each week for three successive weeks, in some newspaper published in Randall County, the following notice:

The State of Texas.

To all persons interested in the Guardianship of John Menke, Helen Menke, and Frieda Menke, minors.

Dietrich Menke, guardian of the person and estate of said minors, John Menke, Helen Menke, and Frieda Menke, has filed in the County Court of Randall County, Texas, his application for leave to resign said guardianship, and has accompanied the same by an account for final settlement thereof, said account purporting to show the receipts and disbursements during each guardianship, and otherwise to fully show the condition of said estate, said application and account being filed in said court on the 28th of January, 1918, which application and account will be heard by said County Court on the second Monday in April, 1918, the same being the 8th day of April, 1918, at the Court House of said Randall County in Canyon, Texas, at which time

all parties interested in said minors and in said guardianship are notified to appear and contest the account of said guardian and said application to resign, if they see proper to do so.

HEREIN FAIL NOT. But have you before said court on said day at the next term thereof, this writ, with your return thereon showing how you have executed the same.

Witness, T. V. REEVES, Clerk of the County Court of Randall County, Texas.

Panhandle Swine Breeders to Meet

SOW FROM THE R. E. PREWITT HERD

As President and Secretary-Treasurer of the Panhandle Swine Breeders Association we have been authorized by the executive committee to call upon the various newspapers of the Panhandle and State to secure their cooperation in the great hog drive for the Panhandle of Texas.

Owing to the thousands of men that are on the firing line defending and fighting for the principles of "Freedom for all Forever" there is a great deficit and scarcity of hogs.

Those who have been so patriotic and made such sacrifices as to place

line of "Pork Production" for this year, from a patriotic, as well as a profitable view point.

We certainly hope to see a lot of the Plains people at this convention and to have their hearty cooperation in this great drive to put more hogs in the country.

THE FARMERS MEETINGS.

A farm meeting was to be held in a small city in Southern Wisconsin where questions pertaining to better agriculture were to be discussed. A canvass was being made of the farmers in the neighborhood in order to determine the interest which they had in such meetings and to request their presence. One farmer, after receiving his invitation, said: "There's nothing to be learned by attending such affairs. What can the professors from Madison teach us practical farmers? Those men are well paid for doing this work and to hold their jobs must have a certain number of meetings each year, but they do not amount to anything, just talk and little or no good ever comes from them."

The man who extended the invitation to the farmer happened to know of one instance which gave him the opportunity to get underneath the hide of this man and he proceeded: "If I remember correctly, you gathered considerable corn this fall expecting to save it for seed, and that you stored it on a shelf back of the pork stove in the kitchen where you thought it would dry. You left it there for a few weeks and when you examined it found that a great deal of it had sprouted and the most of it had rotted. You now have no seed corn for next year but will be forced to depend upon somebody who has learned how to cure seed corn, under adverse conditions, for your seed next year. Don't you think that if you had spent a little time at a meeting where the saving of seed corn had been discussed by an expert, a man who understands all the factors necessary to follow in order to properly cure seed corn, that it would have paid you? Seed corn is going to be high in price next year and the several bushels which you lost would pay your expenses many times in attending a farmer's meeting?" The man could make no answer for he knew he had made a serious blunder which could have been avoided had he understood the simple process of drying soft corn for seed.

Many such instances could be sighted of men who feel that farmers' meetings have nothing of value to them. A farmers' meeting properly conducted is a place where subjects pertaining to practical agriculture are discussed by men who thoroughly understand the subject which they present; it is a place where successful farmers may set forth practices which have been of value to them. It is not a place for discussing theories which have little or no value to the development and profit of agriculture. When men everywhere thoroughly understand the purpose and object of farmers' meetings and the character of men who speak on such occasions, there will be a different attitude toward them, and fewer blunders made on the farm.—Hoard's Dairyman.

Waste and Extravagance

ARE GERMANY'S SILENT ALLIES

They will help the Kaiser. They will kill American soldiers.

Every bit of waste, every extravagance takes force the power America must put into the war to win. Every penny spent for luxuries and unnecessary things is a penny lost to the production and purchase of food, clothing, supplies, ships, and munitions for our soldiers.

As long as we spend wastefully, Germany will receive silent but powerful help from America; just so much farther away is the Day of Peace.

Don't spend thoughtlessly or unnecessarily. Save! With high wages and plenty of work for everyone there never was such an opportunity to help to help yourself and help your country.

quickest and only way this can be done is for everyone that can possibly do so to keep one or more brood sows and raise their proportion of this pork to send to the boys. Increase of cattle is too slow and requires too much expense, and too few can produce beef for our soldiers to keep them in food during this war. Let's produce all ourselves along the front must be fed on strong food that will keep them in fighting condition. The best,

the beef possible, but lets not permit the production of beef to hinder the production of pork.

The object of the Panhandle Swine Breeders Association is to increase a better grade of swine and more of them, especially during this great struggle for benefit of humanity.

The Panhandle Swine Breeders Association will meet in convention at Clarendon, March 7th, 8th and 9th, with an interesting and instructive program during all three days. Some of the state officials will address us on this occasion, and among those will be Governor Hobby, Commissioner of Agriculture F. W. Davis, Prof. Burk, of the A. & M. College at College Station, and many others. Those who miss this convention will miss some valuable information.

A public sale of registered hogs will be held on the last day of the convention. All the popular breeds will be represented and blood lines from the greatest and most famous herds in the United States will be there. This will certainly be the greatest opportunity the farmers and others will have of securing the best brood sows of the best type of any breed, and surely those who possibly can will take advantage of this opportunity.

It has been said by those who are recognized authority on hogs that they will be higher next year than ever before in the history of America, if this war continues. So let every one make a sacrifice and help this

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

RED CROSS NEEDS 40,000 NURSES IN WAR ZONE ALONE

PATRIOTIC WOMEN OF SOUTHWEST ARE URGED TO VOLUNTEER THEIR SERVICES.

RARE CHANCE FOR PATRIOTS

Those Between the Ages of 21 and 40 Who Can Pass Physical Examination Are Qualified for Enlistment.

Women of the Southwest have a chance to show their patriotism now as never before since the beginning of the war. They have been bravely giving up their sons, fathers, brothers, sweethearts and husbands to fight in the great war; they have knitted thousands of sweaters, helmets, wristlets and mufflers; they have practiced food conservation, bought Liberty bonds, Red Cross memberships, thrift stamps and certificates; they have marched in dozens of parades, attended hundreds of meetings and made hundreds of patriotic talks.

But in few instances have they been given an opportunity to go into the field of the world struggle. This is the path they now have a chance to take.

The Department of Nursing of the American Red Cross, the mobilizing agency for nurses in military service, still is in urgent need of recruits. The Red Cross wants the strong, brave, competent women of the Southwest to step forward and prepare to go to France and help nurse the brave sons of the United States when they fall on the battlefield.

Thousands of Nurses Needed.

This appeal to the Southwest is issued by Miss Lyda Anderson, head of the Nursing Department, Southwestern Division American Red Cross, and should be heard by every woman in this district. The need for more nurses is so acute that the surgeon-general of the United States estimates that within a short time the Red Cross will need 40,000 nurses for the army alone. Besides that, he points out that the Allies also are depending upon the United States to supplement their nursing service.

It is estimated that there are between 80,000 and 90,000 registered nurses in the United States at the present time, meaning graduates of accredited schools. Of this number 16,500 are enrolled Red Cross nurses, the majority of whom are in active service, ready for mobilization or prepared for specific service.

To be a Red Cross nurse one must be a graduate of an accredited school, be between the ages of 21 and 45 and must pass a physical examination. After the necessary 40,000 nurses are drawn from the total number of registered nurses in the country there will be only half enough nurses left here to take care of the civilian needs.

Nursing is Fine Preparation.

Therefore, the only solution to the problem—the only way to provide sufficient number of nurses to care for the American soldiers in Europe—is for women of the Southwest to answer the call of the Red Cross and say

WHAT THE RED CROSS IS DOING AND WHAT YOU CAN DO

BUREAU OF DEVELOPMENT.

Membership in the American Red Cross means service in the cause of Humanity. No man, woman or child should think his obligation ended by the payment of the membership fee.

To the 3,300,000 patriotic Americans of the Southwest who joined the American Red Cross during Christmas Week, we are calling for active service. Those of you who live in communities where Red Cross Chapters, branches or auxiliaries already exist are urged to affiliate yourselves at once with your local organization. Arrange to give some part of each day to the service of your country. If you who read this are a woman, you can knit, sew, roll bandages or participate in the making of some of the thousands and hundreds of thousands of surgical dressings which will be needed in overwhelming quantities to alleviate the sufferings of our own men.

If you are a man you can support the women in their chapter activities and so help to strengthen the line of khaki which is standing between us and the enemies of peaceful progress. You can render untold service in administrative capacities, advising and helping the women in business-like procedure, and by giving them your financial support. If there is no Red Cross organization in your community your first duty is to organize at once.

There are three types of Red Cross organizations, as follows:

First, the chapter, which is the name given to the county organization. The chapter generally has its headquarters in the chief or most conveniently located town in the county and has a specified jurisdiction. Chapters may be formed upon application of any 10 citizens who form an organization committee and make application to division headquarters for a charter. A minimum membership of 250 in the chapter is desired.

"We will help you fill the necessary number."

There are 75 accredited schools of nursing in this district that will prepare volunteers for service. Two years' duty is required.

Nursing education not only prepares for a large variety of professional fields, but it is an excellent preparation for home and family life and for public service in many ways. Almost upon enrollment the student begins her service to the community in helping to care for the sick, as part of her instruction and training. This service to the community will be greatly increased in war time, because the conditions of war, which take wage-earners from the homes and nurses from the civilian hospitals, produce an increased amount of sickness and distress among the civilian population, with decreased facilities for guarding its health.

It might be added that enrollment in the Red Cross does not compel one to go into war service, though there is moral compulsion that one should do so.

When Red Cross nurses are called upon for active duty they receive \$60 a month in the United States and \$60 a month elsewhere, plus maintenance and traveling expenses.

RED CROSS TO GIVE FIRST-HAND NEWS OF CASUALTIES OF WAR

Persons in the Southwest who have sons, brothers, husbands, fathers and sweethearts at the front will be especially interested in the announcement that the American Red Cross has organized a Bureau of Communication at Washington to give them details of casualties at the front. The bureau will supplement in a personal and humanitarian way the reports of the Statistical Division of the War Department, which gives to relatives official notice when a soldier is reported killed, wounded or missing.

The bureau will be ably presided over by William R. Castle, Jr., formerly assistant dean of Harvard College and editor of the Harvard Graduates' Magazine. The information on which it will base its reports is gathered through a central office in Paris, under the direction of E. Gerry Chadwick of New York, aided by the Rev. Robert Davis of Englewood, N. J., and 10 assistants stationed at the base hospitals and rest camps to which soldiers are generally returned following important engagements.

The bureau will advise in detail the nature and extent of the wound, and will gather evidence from comrades in arms and at the hospitals and rest camps regarding those reported "missing."

Relatives will be given any information of interest or consolation through personal letters. It will be possible for the wounded to send messages in the same way.

The bureau is reporting on all cases that come to its attention. It is probable, however, that with the increase of reports from the front information will be sent only to relatives requesting it, except in cases of those imprisoned or reported "missing."

Through the International Red Cross office at Geneva, Switzerland, the list of American prisoners supplied officially by the German government will be sent to the bureau.

A PERSONAL MESSAGE FROM MR. M'ADOO

On January 21st Mr. McAdoo issued a personal message to all holders of Liberty Bonds, in which the following very wise and timely remarks occur. They should be read by every Bond Holder:

"It has been brought to my attention that a large number of patriotic citizens who subscribed to Liberty Loan Bonds of both the first and second issue are being approached from time to time by Agents who have, with too frequent success, induced them to sell their Liberty Loan Bonds and take in exchange securities which in a number of cases have been of a very questionable value.

"I therefore warn investors in Liberty Loan Bonds against exchange of these evidences of their patriotism for any securities or so-called securities. While some of the securities, or so-called securities, offered in exchange for Government Bonds are of sound value, there is no doubt that a large percentage of them are worthless.

"I believe it is for the best interests of the people at large, as well as for their actual protection, that they disregard all such offers and hold fast to the best investment in the world, that is, Bonds of their own Government.

"It is my earnest hope that every purchaser of a Liberty Bond will realize that the only genuine help he gives his Government is by keeping his Bond as an investment as long as it is possible for him to do so. Where because of misfortune or imperative necessity, the holder of a Liberty Bond is forced to sell, there can, of course, be no objection."

SHALL WE SEE IT THROUGH OR QUIT?

The Government is finding it necessary to call upon us three times within a year to provide by subscriptions to Liberty Loans, sums of money hitherto considered of fabulous proportions. These facts should impress upon us as no mere words could do, the intense seriousness, the stern necessities, of the situation.

Continued acquaintance with the more serious aspects of life is apt to breed indifference, and to distort our mental vision. As the soldier shudders with horror at his first sight of carnage, but later becomes hardened, so are we apt to become complacent under conditions which call actually for increasingly strenuous effort.

The Liberty Loan with its original accompaniments of novelty and noise appealed to our national love of a new sensation. In the Third Campaign much of the novelty will be lacking, but the serious purpose behind the campaign will have grown. Our money was needed when both the First and Second Liberty Loans were floated, but it will be more than ever needed when the Third Loan is called for. Our army has grown, our national pay-roll has grown, the needs of our allies have grown, the necessity of forever banishing the unspeakable menace of Prussianism has grown. No longer can we hope that the entrance of this Country into the struggle will induce an early peace. More arrogant, more desperate than ever the German Government puts forward its impossible claims upon the rights and life of humanity.

Our Government in its growing need is calling upon us to give up our luxuries, is conscripting the lives of our sons, is controlling trade, labor, and prices, with an ever increasing earnestness and firmness of purpose.

The test of our personal strength of character and determination is at hand. Your Government pleads with you very earnestly to preach and practice both before and during the next Liberty Loan Campaign a steadfastness of purpose, an unselfish patriotism, which shall reflect the spirit of a man who having set his hand to the execution of a necessary task would rather lose that hand than draw it back. This is the spirit of our President, of our Allies—it is surely our own.

BIG ARMY NEEDED FOR AIR SERVICE

FORTY TO FIFTY MEN REQUIRED FOR EACH ACTIVE PLANE AT THE FIGHTING FRONT.

FIGURES BY HOWARD COFFIN

Veterinary Corps and Remount Service Growing Rapidly—Information About the Pay Received by Uncle Sam's Enlisted Men.

(From Committee on Public Information.) Washington.—In a statement issued by Howard E. Coffin, chairman of the aircraft production board, is the following:

"In discussing the accomplishments of the air service in the consummation of the army program, it will be well to point out the impossibility of certain proposals enthusiastically and persistently put forward by word of mouth and in the press. We have seen and heard much of the proposed 100,000 airplanes to be provided by the United States within the next year. In a country where one great industry produces 1,500,000 motorcars per year, the fabrication of 100,000 planes might seem easy, but actual figures based upon three years of practical experience in the war shows that there are now between 40 and 50 men of the auxiliary services required for each active machine at the front. If this same ratio should be adhered to in our service, it would mean that some 4,000,000 men would be required in our aeronautical department on foreign soil between our ports of embarkation and the fighting front.

"Even though this number of men could be reduced by 50 per cent by increased efficiency and standardization, the number required is still staggering. Consider, also, the overseas transportation problem as related to material only and without reference to personnel and its maintenance. The transportation of finished planes, properly crated, with the necessary spares, accessories, and equipment is in itself a serious problem. In view of the situation in ship tonnage."

When war was declared the strength of the United States army in animals was 66,145; it is now 344,000. The remount service April 6 consisted of one officer and four clerks in Washington, five remount depots where horses were received, and a personnel and purchasing organization in the field in proportion. The veterinary corps, responsible for the treatment of animals, consisted of 64 officers and no enlisted personnel when the United States entered the war.

The veterinary corps faced the job of building an organization of about 1,000 officers and 12,000 men. The 1,000 officers have been secured and enlisted men are being transferred at a rate which will soon bring it up to its full authorized strength.

The remount service had a similar task in securing personnel. Its present strength is about 300 officers and 11,000 enlisted men. In place of 5 remount depots it has 34, for which plans had to be drawn, sites chosen, and construction of shelter, hospitals, storage buildings, and unloading facilities in short time.

The greater proportion of deaths of animals in the army results from influenza, popularly known as "shipping fever," and its complications. British losses on horses purchased in the United States during the war have been about 10 per cent, counting only deaths occurring in this country. French and Italian losses have been higher.

The rank of commissioned officers of the United States army is shown by insignia on the shoulder loops.

The shoulder loops of a general bear the coat of arms of the United States and two silver stars; lieutenant general, one large and two small silver stars; major general, two silver stars; brigadier general, one silver star; colonel, silver spread-eagle; lieutenant colonel, silver leaf; major, gold leaf; captain, two silver bars; first lieutenant, one silver bar; second lieutenant, gold bar.

The shoulder loop of a chaplain bears a Latin cross.

A recent comparison of health reports from troops in the United States and the expeditionary forces shows the admission rate to hospitals to be greater among the men in France.

Admissions to hospitals in one week in the expeditionary forces, figured on a basis of 1,000 men, were 45.2; in the United States the rate was 33.7 per 1,000 men. In the overseas forces the non-effective rate (the total number of men excused from duty for any injury or illness, whether or not ordered to hospital) was 54.1 per 1,000 men; in the troops in the United States it was 46.4.

The sale of "smilage" books, containing coupons good for admission to theaters and entertainment tents in all army camps and cantonments, is handled in the smaller cities and towns throughout the country by chautauqua and lyceum organizations.

The books come in two sizes, for sale at \$1 and \$5. When sent to a man in camp a "smilage" book carries the name of the donor on the cover.

Red Cross appropriations for work in Italy from November 1, 1917, to May 1, 1918, total \$4,771,900.

The pay of enlisted men depends on their grades, ratings, and length of service. From June 1, 1917, and continuing during the term of the war the pay of the enlisted men is as follows:

Men receiving \$30: All privates, the army entering grade.

Men receiving \$33: First-class privates, men promoted to act in minor noncommissioned officer capacity.

Men receiving \$36: Corporals, saddlers, mechanics, farriers and wagoners, and musicians of the third class.

Men receiving \$38: All sergeant grades in the line, which include infantry, field artillery, coast artillery, and cavalry; cooks, horseshoers, band corporals, and musicians of the second class.

Men receiving \$44: Sergeants of the various corps of the engineers, ordnance, signal corps, quartermaster corps, and medical department; band sergeants and musicians of the first class.

Men receiving \$48: Battalion sergeant majors, squadron sergeant majors, sergeant majors (junior grade), sergeant buglers, master gunners, and assistant band leaders of the line.

Men receiving \$51: Regimental sergeant majors, regimental supply sergeants, sergeant majors (senior grade), quartermaster sergeants of the quartermaster corps, ordnance sergeants, first sergeants, electrician sergeants of the first class, assistant engineers and battalion sergeant majors and battalion supply sergeants of the engineers.

Men receiving \$56: Sergeants, first class, of the medical department.

Men receiving \$71: Hospital sergeants, master engineers of the junior grade, and engineers.

Men receiving \$81: Quartermaster sergeants of the senior grade of the quartermaster corps, band leaders, master signal electricians, master electricians, master engineers of the senior grade, and master hospital sergeants.

All enlisted men, while on detached duty not in the field where there are no army quarters available, receive in addition to their pay \$15 per month to cover the expense of housing and also a suitable allowance for subsistence and for heat and light.

An enlisted man in active service has no necessary personal expenses except for barber and laundry. Uniforms, underclothing, shoes, hats, quarters, medical attendance, and subsistence are supplied them at government expense. Such materials as tobacco, postage, confectionery, and incidentals of individual taste may be purchased at the post exchange at cost.

From uncensored sources the committee on public information has received editorial comment on the president's recent message in the Frankfurter Zeitung, a liberal organ with large circulation throughout the German empire. The following paragraph appears in the translation:

"The foundation for the peace negotiations has not yet been found, but we have approached much nearer to it. Wilson seeks a way out of the war and does so in a manner not entirely in accord with us. We see no reason for exposing ourselves any longer to the charge of lack of clarity about our war aims. Germany and her allies should come out openly with their terms. Then perhaps it will be seen that a continuation of the war can be avoided and the resistance of governments to the desire for peace of their peoples can be overcome."

A large harvest and storage of natural ice for summer use is being urged, accompanied by the statement that unprecedented demands for ammonia by the army and navy indicate a shortage in this chemical so widely used in producing ice and in refrigerators.

A shortage of ice during warm weather in 1918 would result in untold waste of perishable foods in the home, in small creameries, and other establishments dependent upon constant ice service. The United States department of agriculture has for distribution complete information on the harvesting and storing of natural ice.

A statement by the provost marshal general shows that of 859,150 total discharges for dependency, 743,141, or 86.50 per cent, were for wife or wife and children; widowed parent, 6.51 per cent; motherless child, 0.66 per cent; minor orphan brothers and sisters, 0.58 per cent.

Of the total of 1,057,363 men certified for service in the National Army 418,309, or 39.56 per cent, are listed as involuntary conscripts—those who failed to appear or filed unsuccessful claims for exemption or discharge. Voluntary conscripts—those who filed no claims for exemption or discharge—numbered 639,054.

Under the new food regulations Swiss people are allowed only one-fifth of a pound of butter per person per month.

The United States, importing before the war as much as \$10,000,000 worth of aniline dyes a year, in ten months of last year exported dyes valued at \$12,500,000.

Four tons of shipping capacity are required to transport a soldier, and another is necessary for his equipment. In addition, it takes 50 pounds of ship capacity a day to keep him supplied with food, clothing and ammunition.

A million checks a month will soon be going forward from the bureau of war-risk insurance to safeguard America's fighting forces and their families. Applications from soldiers and sailors for insurance are near \$4,000,000,000.

BE REAL MEN AND REAL WOMEN; LEARN HOW TO GO WITHOUT

Administrator Peden Tells Texas Why It Must Save Wheat and Conscientiously Observe a Genuine Wheatless Wednesday.

Special Bulletin No. 10. (Publicity Department Office of the Texas Federal Food Administration. BY E. A. PEDEN.

Houston, Texas, Jan. 22, 1918.—"The nearer we get to the base of war action, the keener we realize that we are in a big war that has to be fought to a finish. If every Texan could have visited Washington with me recently I don't believe there would be any need of issuing any statement or constantly repeating the statement that WE HAVE TO SAVE WHEAT. The great difficulty is that Europe seems so far away and the American ports from which our men are sailing and our provisions are being transported are so far away, we are feeling a safety which is nothing short of a folly.

"Why go without meat—we ask. Why go without wheat—we ask. Why go without pork, and this and that?"

"If every American asks the questions and has no clearer answer for himself than the one: 'It won't make any difference whether I go without or not,' then let them lift their white handkerchiefs to the sky and accept the German yoke.

"Wednesday is wheatless day. It's not a fad; a caprice; the butt for jokes and facetiousness, but a very serious matter. The United States' present supply of wheat is no more than enough for our normal needs. Europe's present supply is far below its normal needs. There is no such thing as white-bread in all Europe.

"In Finland 3,500,000 people have been reduced to five and one-half ounces of bread a day. We can serve wheat only by eating substitutes. Cornmeal products are the most nutritious, plentiful and logical substitutes we can eat. Every pound of cornmeal we substitute for a pound of wheat flour actually helps that much to win the war. This is practical patriotism.

"It is up to us to save one-third of our total consumption of wheat in 1918. If we do not do it as Americans with generosity and self-sacrifice; if we do not meet the situation as freemen with power to think and act for ourselves—then we invite autocratic methods. We can preserve our democratic methods and not suffer; but if we presume to treat lightly Wheatless Wednesdays, then we surrender in a measure what our forefathers contended so strenuously to win for an ungrateful posterity.

"Let's be real men and real women—and learn to do without."

FRIDAY DECREED AS POTATO DAY

Special Bulletin No. 11. (Publicity Department Office of the Texas Federal Food Administration. Houston, Texas, Jan. 22, 1918.—"We have a number of LESS DAYS

"And a good many LESS MEALS. So I am going to follow out the idea of a 'More' Day and place the potato on the bill of fare for Friday hereafter, as the honor food for three meals and in such abundance as the family may care to consume.

"Furthermore, I do hereby decree that Friday shall in the province of the Federal Food Administration of Texas be henceforth known as Potato Day."

"And that Friend Housewife will be encouraged by Friend Retailer to buy potatoes on Fridays; and, further, that Friend Housewife serve the said potato in place of bread as frequently upon Friday and all other days as she can so convert the wayward appetite of the members of her household.

"I dislike burdening the good people with any more days and cause them to become aged trying to remember if it is a Less Day of a More Day, but Potato Day has been recommended by the United States Food Administration, and inasmuch as there is a diversity of views as to a proper day for the observance, and one city says this day and another city says this day—I therefore deem it well and fitting to choose Friday as a most excellent day for honoring the potato."

And therefore, Henceforth FRIDAY BECOMES POTATO DAY. A MORE DAY IF YOU PLEASE.

In place of a slice of bread, eat one more potato a meal. Potato Day or the use of the Irish potato one day a week is a day upon which the grocers are urged to make a specialty of potatoes and to sell them at the lowest price. The administration wishes to place the Irish potato, every day in the year, on every table in America.

The potato today is plentiful, cheap and the best substitute for food staples. It furnishes nourishment, bulk, mineral salts and a corrective alkalinity in the diet. Germany plants more than twice as many potatoes as the United States. Germany gets more than twice as many bushels per acre and she eats three times as many potatoes. Germany's wise use of potatoes helps her to hold out against the allies.

If we are going to win this war we will have to fight Germany—potato with potato.

Free Thrift Stamps

That the Government of the people, by the people and for the people shall not perish from the earth, every loyal Texan should become an intelligent, systematic saver, investing regularly in the new 'Baby Bond Freedom'. Their prices are paltry. Thrift Stamps cost but twenty-five cents, and War Savings Certificates are to be had for \$4.13. Every filled-in Savings Certificate with its twenty War Savings Stamps equips a fighting man and provides the sinews of war.

We are each one a unit in the Government of the United States. The whole hinges on units. No machine is greater than its part. Do we each of us intend to save and do our part or will we side-step the least call that is made upon us? It is up to us to dig up and put up, or shut up.

Ninety-one Million Dollars is Texas' quota of Thrift Stamps and War Savings Certificates—a tiny per cent of our Banking Resources. When you buy the 'Baby Bonds of Liberty', you not only aid your Government, but you put up something for yourself and receive 4 per cent compound quarterly to make it worth your while,

The Postmaster, Banker, or any Business Concern in Canyon will be glad to serve you in serving the Government, and insure you against want. Buy that stamp today and buy others when you can. Prove your patriotism and be a saver.

Citation by Publication
 The State of Texas, To the sheriff or any constable of Randall County Greeting:
 You are hereby commanded to summon John Prusek by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 47th Judicial District; but if there be no newspaper published in said Judicial District then in a newspaper published in the nearest District to said 47th Judicial District, to appear at the next regular term of the District Court of Randall County, to be held at the Court House thereof, in the City of Canyon, Texas, on the 4th Monday in February, A. D. 1918, the same being the 25th day of February, A. D. 1918, then and there to answer a petition filed in said Court on the 9th day of January, A. D. 1918, in a suit, numbered on the docket of said Court, No. 851, wherein William Chamberlain is Plaintiff and John Prusek is defendant, and said petition alleging:

FIRST COUNT
 That Plaintiff resides in Anamosa, Iowa, in Jones County, that defendant John Prusek who is a non resident of the State of Texas, and for cause of action in this Court Plaintiff represents to the court:
 2. That heretofore, to wit, on or about the 18th day of February, 1910, the Plaintiff and other parties were lawfully seized and possessed of the following described land, situated in the County of Randall and the State of Texas, holding and claiming the same in fee simple, to wit: The West Half (1/2) of the South West Quarter of Survey One Hundred and Sixty Nine (169) in Block Six (6) I. & G. N. R. Co., lands, Certificate Number 1628, and that on the day and year aforesaid the Defendant unlawfully entered upon said premises and ejected Plaintiff therefrom and unlawfully withholds from him the possession thereof to his damage three thousand dollars, that the reasonable annual rental value of said land and premises is \$50.00.
 3. That whereas, at the time this land was sold to defendant William Chamberlain and others owned said land, and Defendant when the land was sold to him executed certain vendors lien notes of which William Chamberlain and others were the owners of said notes, but since that time William Chamberlain has bought all the interest in said notes and is the sole owner of same.

4. That Defendant is asserting some claim to said land under a deed, or instrument in writing to be found of record in the Deed Records of Randall County, Texas, and which said deed or instrument in writing so recorded is a cloud on Plaintiff's title.
 Wherefore, Plaintiff prays that said Defendant be cited to appear and answer this petition, and that upon trial hereof the Plaintiff have judgment for the title and possession of said above described land and premises, free and clear of all claims and rights of said Defendant, if any he has by virtue of said instrument so recorded, and for the cancellation of said recorded instrument of defendant, and the removal of said cloud; that he have his writ of possession his damages and his rents, and his costs of suit and for such other and further relief, special and general, in law and in equity as he may show himself to be justly entitled to.

SECOND COUNT
 2. The Plaintiff prays the Court that if his right to recover against the Defendant, John Prusek, under his first count of Trespass to Try Title be denied him that he have judgment on this his second count which is as follows:
 3. For cause of action Plaintiff represents to the Court that heretofore to wit: On or about the 18th day of February, 1910 the Defendant made, executed and delivered to Plaintiff as Trustee his five notes for the sum of \$194.50 each. Said notes are due, respectively, One, Two, Three, Four and Five years after date, and made payable to William Chamberlain Trustee, at Canyon, Texas, and bear interest at the rate of seven per cent per annum from date until maturity, and in the event of default in the payment of principal or interest on any of these notes, or any part thereof at maturity, the amount in default shall bear interest at the rate of ten per cent per annum until paid. It is further agreed that if any one of these notes or any installment of interest shall become due this will mature all of said notes above described. The failure to pay any taxes assessed on this land as hereinafter described when due shall operate to mature all of said notes immediately at the option of the holder thereof. The holders of any one of these notes are hereby authorized at their discretion at any time after taxes are payable upon said land to pay such taxes and any costs and penalties that may have accrued, and all sums of money so paid with interest thereon at ten per cent per annum from date of payment are to be considered a part of the note of this series first falling due after such payment by said holders, the same as if originally part thereof. And it is expressly agreed that if notes or any one of the series are placed in the hands of an attorney for collection then an additional ten per cent additional on the principal and interest then owing thereon as attorney fees.
 4. That said notes were given for part of the purchase money of the following described real estate, situated in the County of Randall and the State of Texas, to wit: The East Half (1/2) of the South West Quarter of Section one hundred and sixty nine (169) in block six (6) I. & G. N. R. Co., land certificate number 1628. That said property was heretofore to wit: On the 18th day of February, 1910 conveyed by Plaintiff as Trustee to Defendant by his deed of writing of that date in consideration among other thing of five vendors lien notes herein described, and that in said deed of conveyance a lien was reserved thereon to secure the payment of said notes. That all of said notes both principal and interest are unpaid and due and Defendant though often requested has failed and refuses to pay said notes each or either of them or any part thereof, but the same remains still due and unpaid.
 5. That whereas, at the time this land was sold to Defendant William Chamberlain and others owned said land, and Defendant when the land was sold to him executed certain vendors lien notes of which William Chamberlain and others were the owners of said notes, but since that time William Chamberlain has bought all interest in said notes and is the sole owner of same.
 6. That said notes have been placed in the hands of Rector Lester an attorney for collection and Plaintiff has contracted to pay him the ten per cent attorney's fees stipulated therein.
 7. Premises considered, Plaintiff prays the court that the Defendant be cited in terms of the law to appear and answer this petition, that citation issue immediately for the Defendant John Prusek for service and that upon the trial of this cause he have judgment against the defendant Albert Kalous for the amount of his said five notes, principal, interest up to interest, attorney's fees; that he have judgment establishing his said express vendors lien on the land herein described and foreclosing said lien on said land to the amount of said notes as against the Defendant, John Prusek, that said land be decreed to be sold according to law; that an order of sale issued, that the Sheriff, or other officer executing an order of sale be directed that he apply the proceeds of said sale to Plaintiff's debt, principal, interest, interest on interest and his attorney's fees; that said officer shall place the purchaser of said property in possession that he have judgment for the costs in this behalf expended, and all other and further relief, special and general, in law and in equity, as he may show himself entitled to on the final hearing of this cause.
 Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
 Given Under My Hand and Seal of said Court, at office in Canyon, Texas, this 14th day of January, A. D. 1918.

It is further agreed that if any one of these notes or any installment of interest shall become due this will mature all of said notes above described. The failure to pay any taxes assessed on this land as hereinafter described when due shall operate to mature all of said notes immediately at the option of the holder thereof. The holders of any one of these notes are hereby authorized at their discretion at any time after taxes are payable upon said land to pay such taxes and any costs and penalties that may have accrued, and all sums of money so paid with interest thereon at ten per cent per annum from date of payment are to be considered a part of the note of this series first falling due after such payment by said holders, the same as if originally part thereof. And it is expressly agreed that if notes or any one of the series are placed in the hands of an attorney for collection then an additional ten per cent additional on the principal and interest then owing thereon as attorney fees.
 4. That said notes were given for part of the purchase money of the following described real estate, situated in the County of Randall and the State of Texas, to wit: The South West Quarter of Section one hundred and sixty nine (169) in block six (6) I. & G. N. R. Co., land certificate number 1628. That said property was heretofore to wit: On the 18th day of February, 1910 conveyed by Plaintiff as Trustee to Defendant by his deed of writing of that date in consideration among other thing of five vendors lien notes herein described, and that in said deed of conveyance a lien was reserved thereon to secure the payment of said notes. That all of said notes both principal and interest are unpaid and due and Defendant though often requested has failed and refuses to pay said notes each or either of them or any part thereof, but the same remains still due and unpaid.
 5. That whereas, at the time this land was sold to Defendant William Chamberlain and others owned said land, and Defendant when the land was sold to him executed certain vendors lien notes of which William Chamberlain and others were the owners of said notes, but since that time William Chamberlain has bought all interest in said notes and is the sole owner of same.
 6. That said notes have been placed in the hands of Rector Lester an attorney for collection and Plaintiff has contracted to pay him the ten per cent attorney's fees stipulated therein.
 7. Premises considered, Plaintiff prays the court that the Defendant be cited in terms of the law to appear and answer this petition, that citation issue immediately for the Defendant Albert Kalous for service and that upon the trial of this cause he have judgment against the defendant Albert Kalous for the amount of his said five notes, principal, interest up to interest, attorney's fees; that he have judgment establishing his said express vendors lien on the land herein described and foreclosing said lien on said land to the amount of said notes as against the Defendant, Albert Kalous, that said land be decreed to be sold according to law; that an order of sale issued, that the Sheriff, or other officer executing an order of sale be directed that he apply the proceeds of said sale to Plaintiff's debt, principal, interest, interest on interest and his attorney's fees; that said officer shall place the purchaser of said property in possession that he have judgment for the costs in this behalf expended, and all other and further relief, special and general, in law and in equity, as he may show himself entitled to on the final hearing of this cause.
 Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
 Given Under My Hand and Seal of said Court, at office in Canyon, Texas, this 14th day of January, A. D. 1918.

Mull, deceased; George Dickson Fisher, and the unknown heirs of George Dickson Fisher, deceased; Emily Stith and the unknown heirs of Emily Stith, deceased; the names of the heirs of said parties and of each of them being unknown, to appear at the next regular term of the District Court of Randall County, Texas, to be held at the Court House thereof in the town of Canyon City, in said County, on the 6th Monday in said County, on the 6th Monday in January A. D. 1918, same being the 25th day of February, A. D. 1918, and being the fourth Monday in said month of February, then and there to answer a petition filed in said Court on the 17th day of January A. D. 1918 in Cause No. 854; wherein John Berni is plaintiff and the said Charles Wilkman, and the unknown heirs of Charles Wilkman, deceased; Elizabeth Stanley, and the unknown heirs of Elizabeth Stanley, deceased; Martin G. Mull, and the unknown heirs of Martin G. Mull, deceased; George Dickson Fisher, and the unknown heirs of George Dickson Fisher, deceased; Emily Stith, and the unknown heirs of Emily Stith, deceased, are defendants, cause of action being alleged as follows:
 Plaintiff alleges that he is the owner by title in fee simple of Survey No. 179, Block No. 2, Certificate No. 636 A B & M, Randall County, Texas, patented to Calvin W. Levings by patent No. 181, Vol. 23, dated May 3rd, A. D. 1876, and containing 640 acres of land, more or less, and was such owner on January 1st, A. D. 1918; that on said last named date he had possession of said premises and was entitled to possession thereof and thereafter, to-wit: on said last named date defendants and each of them unlawfully entered upon and dispossessed plaintiff of said premises and withholds from him the possession thereof; That the plaintiff owned said land as herebefore described by the following chain of title, to-wit:
 Patent issued by State to Calvin W. Levings, date, May 3rd, A. D. 1876; Patent No. 181, Vol. 23; Deed of Calvin W. Levings to Jot Gunter and W. B. Munson; and of Jot Gunter and W. B. Munson to Julian Gunter; Deed of Julian Gunter and Jot Gunter to W. B. Munson; Deed of W. B. in America.
 This is not spoken in the spirit of urging men to go willingly when duty calls. True men should do that without urging. Other kinds of men wouldn't be persuaded, whatever reward might be offered. It is merely a statement of facts. And time will corroborate what we say here.
 America never has been lenient with slackers and the time has come when even less leniency will be shown. This is a time when every household is affected and when every person has some friend or loved one in the army or navy. The people whose friends and loved ones are now risking all that they have which is precious certainly will not allow those who risk nothing to reach any of the political heights in the years that are to follow the greatest war of all history.
 The youth of today who is thinking of casting his sombrero into the political arena at some future date but who has not the nerve to fight for his country when his country is needing fighters would be showing excellent wisdom were he to devote his time to learning some useful and lucrative trade or profession, that he might not be left helpless after the campaign, for it is morally certain that he never will taste the sweets of political preferment.—Beaumont Enterprise.

Wayside Items.

A pleasant day Sunday. One of a few since the New Year came in. By request, Rev. Joseph Jacob, discussed the Thrift Stamp during the Sunday morning services. At his suggestion an offering for the relief of the American Sufferers was taken by the Sunday School, amounting to \$21.85. M. C. Sluder was selected as Sexton for the church, with \$5.00 per month as compensation for services. Services again at right by Rev. Jacob.

Harvey McKee and wife left Saturday for Slaton to appeal his classification.

D. H. Hamblen and M. C. Sluder left Saturday for Claude on business. They returned Sunday, D. H. with another Ford, having sold his to his sister, Mrs. Era Webb, of near Amarillo.

Measles, mumps and chicken pox have been making the rounds far and near.

R. S. Fisher of Happy relapsed after having measles and has been very bad, two physicians attending him part of the time. Last news thought to be some better.

E. H. Wilson has bought the half-section of land owned by D. H. Hamblen. Price \$25 per acre. D. H. has not decided what he will do.

J. C. and Ruby Payne and Guy and Kate Carter went to Amarillo Saturday, returning Sunday accompanied by Mrs. Robert Kerlin who is visiting around Wayside this week.

Born to Mr. and Mrs. J. W. McCrery an 8 lb daughter, Jan. 31.

Mrs. Ida Sluder sold War Savings and Thrift Stamps amounting to \$14.38 Monday, Thrift Day.

Post Office inspector, Mr. McManigal paid Wayside a visit Saturday from here he went to Silverton.

W. D. McGehee, wife and Kelly, W. J. Sluder, wife, J. S. and Marshal Multer, Odell Gillham and M. B. Small all enjoyed the hospitality of Mr. and Mrs. W. C. McGehee Sunday. Their beautiful home is the admiration of all visitors.

Misses Viola Knox and Ruth Butterfield spent Tuesday night with J. T. McGehee and family.

W. J. and J. S. Sluder made a business trip to Canyon and Amarillo Tuesday.

Happy Happenings.

Having fine weather the last few days. Seems nice after the severe cold of the past month.

The many friends of Miss Amelia Deitrich were shocked Friday morning to hear of her death at Tulla. She was only sick four days. The funeral services were held Monday at the Baptist church in Tulla and interment was made at the Happy cemetery. Quite a number from here attended the services.

Worth Jennings and family and Mrs. Gober of Canyon attended the funeral of Miss Deitrich Monday.

Misses Mildred McManigal and Mildred Zoellers spent Sunday and Monday with home folks.

Grandma Parker had a severe attack of acute indigestion Saturday night but is better at the present. Quite a number have the measles not hurting any one.

Mrs. Baggerly entertained her Sunday School class last Thursday night. In spite of the cold quite a number were present all report a nice time. Orange sherbert with two kinds of cake was served.

A. W. Montgomery is putting up a new brick garage. This will be quite a help to Happy. Besides being the first brick business house in town.

Grandpa and Grandma Hoag of Iowa spent several days at the Ben Hoag home this week.

The play to be given by the Senior class of the Sunday School has been put off on account of the measles.
