BEAUTY BY THE TON—Contestants in the Jerry Lewis Telethon's local "beauty contest" parade along South Broadway in a pickup bed Monday to earn donations to the Muscular Dystrophy Association. Riding the rear bumper is their escort, clown John Backus.

Contestants, from left, are "Kenna" Talley, "Roberta" Woolbright, "Davette" Wimberley, "Jamie" Killough and "Jonalyn" Brooks. Hidden by these contestants is the contest's winner, blonde-tressed "Marsha" Young.

City buys new well field

City commissioners signed a contract Tuesday night to buy land with water rights 6 1/2 miles south of Dimmitt on US 385 for a future water-well field for the city.

THE LAND, a 250 x 400-ft. tract on the east side of the highway, is on a farm owned by Mr. and Mrs. Joe Scott.

Total purchase price is \$63,000, including \$60,000 for the right to withdraw water, \$1,250 for a fee simple title to the tract, and \$1,750 prepayment to the Scotts for restoration of the land around the well sites.

The city plans to eventually drill three six-inch wells and build reservoir facilities on the property to provide future city water. If each of the three proposed wells were to pump 500 gallons per minute, they could provide up to 64.8 million gallons of water per month.

THE PURCHASE agreement signed Tuesday night is contingent upon the city getting approval of the three well sites by the State Health Dept. and drilling permits from the High Plains Underground Water Conservation District.

Signing of the purchase agreement ended a long quest southward by the city for a new water source.

"We considered several options," Mayor Elmer Youts said. "We thought about buying water at three cents per 1,000 gallons, and found after a cost analysis that these three wells would pay for themselves in five years for the same money."

YOUTS SAID the Scott land provides "the closest strong water."

"This land has a 300-ft. penetration of water-bearing formation," he said. "The surveys indicate that there's stronger water in this particular site than at Sunnyside, which is generally believed to have the strongest water in the area."

None of the proposed wells will be drilled anytime soon, Youts said, "although we'll get started right away on plans and projections."

"WE'RE fairly well set on water now, but when the new Amstar refinery goes on stream it will need 17 or 18 million gallons per month more, and the new residential areas being built will need more water," he added.

The city set a new record for the second month in a row in August by pumping 75.6 million gallons. The August consumption was 6.2 million gallons more than August 1975, which was the peak month last year.

"We're hoping that these wells plus the wells we already have would give the city an adequate water supply for 30 or 40 years," Youts said.

"A bond election will probably be required when the time comes to develop the well field," Youts predicted.

HERE COMES THE PARADE—One of the highlights of the annual Nazareth Labor Day Picnic Monday was a big parade headed by the American Legion color guard and the NHS Swift Band. The parade also featured lots of floats, horse-drawn

carts and surreys, antique cars, decorated bikes, horseback riders and commercial entries. A big crowd turned out for the holiday parade, roast-beef dinner, bazaar, games, hamburger supper and dance.

Drive nets \$4,029

A total of \$4,029.71 was raised in the Lucky 7 CB Club's local drive for funds for the national Muscular Dystrophy Telethon Sunday and Monday.

IT WAS the first time for an organized effort to be held in Dimmitt for the annual MD Telethon.

The amount raised in the 28-hour drive was approximately a third of the total contributed to Dimmitt's United Way in its campaign last fall.

With Kenneth Talley as the campaign chairman, fund-drive workers opened the office at 2 p.m. Sunday and kept it open continuously until 7 p.m. Monday, with a goal of \$3,500. Many volunteers helped Lucky 7 Club members man telephones and tally pledges, while others took part in talent programs.

HAYS Implement Co. provided its former building for headquarters. Telephones were installed at no cost by the Continental Telephone Co., and use of the television cable was donated by the local TV Cable Co. so workers could keep up with the progress of the telethon nationally and locally. Kittrell Electronics donated use of a television set. The Parts Haus, Dimmitt Consumers and the Credit Bureau provided adding machines.

The Country Invention, a local western band, worked around the clock in the campaign. Its members are Donnie Black, Greg Hall, Jim Kendrick, Tina Black, Joe Howell and Perry Graham.

Talent-show volunteers included Mildred, E. L. and Frances Washington; Marshall, Carolyn and Darla Young; San-

dy Martin; Charles and Jodi Lincoln; Leroy Johnson; the Bovina Wire Choir; and Melissa Ginger Glasscott. Lee Street Baptist Church provided a piano for the talent acts.

LEROY Johnson and Johnny Davis auctioned items donated by various businesses and local residents. Others donated and took part in weight-lifting contests.

Marshall Young was the winner over James Killough, Robert Woolbright, Kenneth Talley, David Wimberley and John Brooks in a "beauty contest." Before the judging, the "beauties" toured Broadway to solicit donations.

Jerry Marvin of KDHN Radio gave regular progress reports and interviews from the headquarters, while Castro County News provided photo and news coverage. First State Bank tallied and processed the change after the telethon.

THE FIRST \$50 in the campaign was donated by Raleigh Strother of the Lucky 7 Club, who challenged 19 other men in

the county to give the same amount.

Supper was served to all the workers Sunday night by Mr. Burger Drive-In.

CB Club members participating included Glynn and Kay Mansell, Kenneth and Janice Talley, E. L. and Mildred Washington, Frances Washington, Glenn and Diane Hatla, Todd and Tracy Hatla, John and Cindy Backus, Robert Woolbright, Raleigh Strother, James and Rhonda Killough, Linda and David Wimberley.

Other volunteers helping in the office were Velda and Leroy Johnson, Jodi and Charles Lincoln, Carolyn and Marshall Young and Maria Acevedo.

Mr. Runnels dies Saturday

Samuel Runnels, 60, a Dimmitt resident for a number of years, died Saturday in the Veterans Administration Hospital at Amarillo.

FUNERAL services and burial were conducted at Marlin where he was born and lived before coming to Dimmitt.

Born May 14, 1916, Mr. Runnels served in the US Army Quartermaster Corps during World War II, including several years' service in the European Theater of War.

His wife died in 1966. He is survived by a daughter, Alberta Johnson; a stepdaughter, Eddie Jewel of Dallas; and a son, Robert, of Rusk.

Fund established for Charles Youts

A fund has been established by friends of Charles Youts, to help defray medical expenses of a long illness. Contributions to the fund may be made at the First State Bank.

Youts has had several stays in a hospital since last January and is scheduled to have further hospital treatment.

Charge filed in shooting

County Attorney Robert Buntyn filed aggravated assault charges Tuesday afternoon against William J. T. Robertson, 79, manager of the Castro County Agricultural Housing Project, in connection with the shooting Saturday night of Theodore Nobrigo of Hereford.

ACCORDING to officers, Nobrigo, 33, was shot once in the chest with a .45 caliber pistol. He received emergency treatment at Plains Memorial Hospital here, then was transferred to Northwest Texas Hospital at Amarillo.

He was reported Wednesday morning to be in critical condition in the hospital's intensive care unit.

The shooting reportedly grew out of a dispute over alleged blocking of gates at the housing project. The Dimmitt Police Dept. turned its investigation report over to the county attorney Tuesday.

Christmas fair set Wednesday

The Castro County Home Demonstration Council will hold its annual Christmas Fair and Tasting Tea Wednesday in the County Expo Building. Doris Lust, council president, is general chairman of arrangements.

HAM WILL be served with items in the Tasting Tea to make up a lunch menu. Serving hours are 10 a.m. to 6 p.m. and plates will be priced at \$2.50 each with the public invited.

Recipes for the holiday dishes served will be available, as will patterns for handcrafted items in the fair, which are suitable for Christmas gifts. Packets of recipes or patterns will be sold for \$1 each.

Members of Dimmitt, Hart, Bethel, Town and Country and Flagg HD Clubs will prepare the special foods and show the craft items.

'76 county fair to start Friday

Farm and garden products and handcraft items will be exhibited for ribbons and special awards in an old-fashioned county fair Friday and Saturday in the County Exposition Center.

ENTRIES are invited from cooks, seamstresses, craft enthusiasts, photographers, gardeners and farmers. There are divisions for adults and for youth, age 18 and below. The fair is open to the public, as exhibitors or spectators.

Champion Farmer and **Champion Gardener** awards will be given to the exhibitors with the highest total points in each division, with at least five entries. Special prizes in the Home Canning Division are offered by the Kerr Co. for products canned with their jars and lids.

An addition to the fair this year is the Horticulture Division sponsored by the Dimmitt Garden Club, which will award ribbons for specimens of roses, dahlias, marigolds and a variety of garden flowers.

ALSO IN that division will be displays of potted plants, terrariums and hanging plants. Entries are not limited to the club members, according to Mrs. Bill Behrends, chairman, who invites all residents to enter the best blooms from their yards.

Frank Petr will judge the farm and garden products. Bernard Acker and Thompson Mayberry are superintendents of those divisions.

Mary Acker, superintendent of the Photography Division,

announced that M. L. Simpson will be the judge. Photos in the display may be in color or black and white, must have been taken since last year's county fair and must be mounted individually unless entered as a sequence.

In the Crafts Division, Mona Merritt and Noramae Newsom will judge all needlework, while Geneva Schaeffer and Carol Lantz are judges of other handcrafts, including painting.

OTHER JUDGES will be Judy Park and Ocie Bolton, baked products; Sue Summers and Paraly Moore, sewing; and Debbie Mumme and Nellie Albrecht, canning.

One display per person is permitted in the Entomology Division. Entries are to be made from 1 to 6 p.m. Friday, and judging will begin at 6 o'clock. Entries must remain on display until 4:30 p.m. Saturday. Awards will be presented at 4 p.m.

First State Bank awards contract

The Reed and Gary Strickland Co. of Amarillo will build the new First State Bank Building here.

OFFICERS of the local bank awarded the construction contract to the Amarillo commercial-building firm last Thursday.

Construction is expected to begin by mid-September, architect Jim Bailey of Amarillo said. He estimated 12 months' construction time.

The new bank complex will have 19,700 sq. ft. of floor space in its building and full basement, plus a separate 2,100-sq. ft. drive-in facility. The building will be of contemporary design, with brick exterior, decorative lobby and functional interior, and is designed for energy conservation, Bailey added.

THE TWO-LEVEL building, separate drive-in facility and paved parking areas will take

up the entire 200 block on the west side of North Broadway. The main building will front on North Broadway to the east, and the six-teller drive-in facility will be located across the alley west of the main building. The two buildings will be connected by an underground tunnel.

The Reed and Gary Strickland Co., a father-son construction firm, has built the Fine Arts Building, Science Building and Library at WTSU, Palo Duro Hospital in Canyon, the Student Union, Biomedical Building and Library at Amarillo College, the \$2 1/2 million addition to High Plains Baptist Hospital in Amarillo, the Regional Area Health & Education Center (Texas Tech's new teaching hospital) in Amarillo, and is currently building a \$3 million dial-office building for Southwestern Bell Telephone Co. in Lubbock.

Services held Friday for Gladys Cleavinger

Funeral Services for Gladys Axtell Cleavinger, 76, a resident of Dimmitt since 1952 and a member of a pioneer family in the Sunnyside community, were conducted Friday afternoon in the First United Methodist Church here.

REV. MARVIN Roark, pastor, officiated. Burial in Castro Memorial Gardens was under the direction of the Dennis Funeral Home.

Mrs. Cleavinger died in Plains Memorial Hospital Sept. 1.

She was born in Kansas, the daughter of Mr. and Mrs. C. O. Axtell, who moved to the Sunnyside area in 1908 when she was 8 years of age.

They settled the place where the Charles Axtell family lives today. In 1909 the Axtell School was built near their home for children of the neighbors as well as their family. This school and the Roush School consolidated in 1912 to make the Sunnyside School.

The Axtells helped organize the Congregationalist Church at Old Springlake in 1909, and early settlers of all denominations used the building for worship, socials and community meetings.

GLADYS AXTELL and Norman Cleavinger, member of a pioneer Lamb County family, were married in 1923 and farmed in the Old Springlake vicinity.

Three of their children, Norma Dawson, Orville and Ronald, still farm there. Other surviving children are Lois Wales, Carole Dyer and Jim Cleavinger, all of Dimmitt.

Other survivors are a sister, Fern, of California; two brothers, Ray Axtell of Earth and Harry Axtell of Durango, Colo.; 23 grandchildren and three

great-grandchildren. The Cleavingers moved to Dimmitt from their farm in 1952, after establishing C&S Equipment Co. here. Mr. Cleavinger died in 1970.

PALLBEARERS were Mrs. Cleavinger's grandsons, Dick Dyer, Ken Dawson, Mike Cleavinger, Bob Cleavinger, Tommy Cleavinger and Kurt Wales.

Designated as honorary friends were Meses. George Webb, Leola Haberer, Cletha George, Josie Bradford, Vera Bradford, Retta Cluck, Opal Bearden, Myrna Cowser, Myrtle Lois Moran, Grace Lust, Clara Neumayer, Genevieve Howe, Ceal Carlile, Flora Stanford, Myrtle Sheffy, Maggie Boren and Margaret Wilson.

The family requests that memorials be made to the Norman F. and Gladys A. Cleavinger Living Memorial Scholarship Fund for use at West Texas State University. The memorials may be given at the First State Bank here.

84-year-old resident dies

Funeral services for James T. Richardson, 84, a resident of South Hills Manor here since 1974, were held Wednesday afternoon in a Hereford funeral home chapel. Burial was in Rest Lawn Memorial Park at Hereford.

MR. RICHARDSON died here Monday.

He farmed near Hereford from 1941 until he came here. Born in Alto, he married Gertrude Doss at Wellington in 1914. She died in 1963.

ANOTHER NEW BUSINESS BUILDING was formally christened with a ribbon-cutting ceremony Tuesday morning when George Real Estate and George & George Construction Co. held open house in their new offices at US 385 and State 194. Here, 16-month-old Tisha Rice cuts the ribbon with the help of her mother, Mrs. Danny Rice, and her grandparents, Mr. and Mrs. Jimmie George. Holding the bow steady is 4-year-old

Curt Summers, the Georges' nephew. Also pictured are relatives and employees of the Georges, plus officials of the city, county and Chamber of Commerce. Jimmie George owns and manages George Real Estate, while Jack and Dubbie George are partners in George & George Construction Co. Staffers include Martha Isaacs, receptionist; Edd Wilson, farm and ranch sales; and Gwen Bryant, residential sales.

Sheffy's chatter

Wrights, Wises home from three-week European tour

By MYRTLE SHEFFY

Donald and Katie Wright and Frank and Shirley Wise are home from a three-week trip to Europe.

The first stop was in England, out to Brize Norton, the Air Force Base where Donald was stationed in the service. They went on to Oxford to see the University and the guide helped them see the John Wesley Room, dedicated to the early day preacher or reformer. The group attended church the first Sunday at Westminster Abbey, a very impressive place where the kings and queens receive their coronation ceremonies. Went across to Holland, Amsterdam, rode boats down the canals, went to the big museum, saw much fine art. They rode the train by the Rhine River and saw such beautiful crops, such clean farms.

The guys got a bang out of seeing the women work, driving tractors and trucks (probably running a hoe as well as house work). They saw the beautiful old castles, made a tour through one. The dining table was over a big trap door that went down to the kitchen, loaded with food it comes up again. Many servants to do those chores. They went to Munich where they enjoyed seeing the folk festival, native dances and clothes. They stopped in Venice where they rode the gondolas down the canal streets. On to Rome, Shirley says they did what the Romans do, went to the Vatican. Didn't see the Pope, he was away on vacation. Made several side trips, Isle of Capri, Pompeii, a bus tour through those places.

Went from Rome by train to Monte Carlo. "Did you see Princess Grace?" No, she didn't know they were coming, she had gone to Scotland. They stayed three days in Paris and saw all the historical places.

The people were less friendly in France. Not ugly, only indifferent. Most people speak enough English to help the US tourists. They met a lovely lady, a language teacher from Sweden, who helped them out. Met a pretty French Canadian who helped them somewhat, she was with the government office similar to our Pentagon in Washington.

They came back to New York for a day or two, saw a play that was good. On to Amarillo, then a stop at WTSU in Canyon to see Rick Wright play a football scrimmage game. Then back to beautiful Dimmitt.

MR. AND MRS. George Bradford went to Paris (Texas) Sunday to attend the memorial service on Monday for a long-time friend Mrs. Elbert Coursey. Mr. Coursey passed away only two months ago.

Jane Stollings of Darrouzett came to Dimmitt Friday for her aunt Gladys Cleavinger's service and for a short visit with her parents M. E. and Marge Cleavinger and brother Mark and Sarita.

Mr. and Mrs. Michael Morrison of Lewisville, their daughter Barbara who teaches school in Dallas, and Frances Bryson were all Sunday guests of Mr. and Mrs. N.A. Bryson. Frances lives at Sunnyside but teaches government, history and other things in the high school at Springlake. You will see N. A. at the Soil Conservation office.

Mrs. Ozro Stephens and her daughter of Amarillo were Sunday guests of son Harold and Shirley Stephens.

Saturday Myrna Cowser and Opal Bearden went to Amarillo where they saw their daughters Carol Cowser Farris of Dalhart and Kay and her husband Jay Snicker.

Well, Saturday I made jam from Jo Gregory's grapes that hang on my side of the fence. They are good, too.

LANORA STIDHAM of Longview and kin Claudia and Bob Mircle are here for a visit with Mike and Rita Stidham.

Johnnie and Janie Vick have sold their trailer house here and have moved to Bob Sheffy's house on North G Street in Hereford. They are selling new and good mobile homes.

Jerry and Gail Ward and children Susane and Curtis had a fun vacation trip to Galveston, recently. The Wards live on Eighth Street just south of me.

Ken and Janet Justice are the parents of a new baby girl. Her name is Juli Anne. She came Thursday, Sept. 2. She has one sister Jennifer, and the grandparents are Mr. and Mrs. Virgil Justice and Mrs. Pat Murrill of Abilene.

Betty Cartwright was the good neighbor last week at

K-Bob's with the Justices buying the steaks, and I was her guest. We sat with the Earl Brocks. That was nice.

Beral Hance spent her holiday in Panhandle with daughter Beth and Jack Hodges and the children.

ARLENE Oldfield went to Glorieta, N.M. last weekend with a group of people from Paramount Baptist Church in Amarillo to attend a meeting at that camp. It is not far from Santa Fe.

James and Mildred Burnham are home from a summer at Ruidoso. They have a mobile home out there.

Alvin and Frances Frazier, her sister Ellen Howell of Levelland, went to Monte Vista, Colo. to be with Ellen's husband A. H. Howell who is doing some custom combining of barley and other grain crops.

Delbert and Jackie Smotherman and four sons, his sisters, Millie and Ted Burnett and son, Ted Jr., home from two years US service in Hawaii, and daughter Tammi and Dorothy and Rex Sheffy and sons Scott and Brett went to Altus for a birthday party for their dad Mr. Smotherman, who is in a nursing home there.

Gladys Benson has a good trip planned to go to Louisville, Ky. to attend a business convention. Last year 800 ladies were at the meeting, probably 25 from Hawaii. A pleasure boat cruise is planned to go down the big Ohio River. Banquets and shows, should be fun.

CLARA Neumayer and son Lowell and Judy spent the weekend at Ruidoso.

We received a card from Roy and Suzie Ellis telling us about the new girl baby they have. Mamma Aural Davis has been to Dodge City, Kan. to get acquainted with Julie Nicole Ellis. Her arrival was 8-18-76 and she weighed 5 pounds, 6 ounces.

RONNIE AND June Parker

and family and her mother Irene Small of Carlsbad, N.M. went to LBJ Lake for the holiday weekend. Also Mr. and Mrs. Ike Moore, Kelly, Melissa and Melyn.

Sam and Virginia Gilbreath are home from a few weeks in Galveston. Mrs. G. had an arm checkup. Says she waded in the Gulf water.

Glen and Mona Merritt and daughter Deanna spent the weekend at the lake. They did if Mona would quit canning beans long enough.

Evie Froehner went to Longview in East Texas to attend a reunion of her graduation class of 40 years ago. She usually visits her kin at Lake Uncertain. Probably will fish a little.

Many people from all the area communities attended the big dinner and business meeting hosted by the Dimmitt Agri Industries at the Expo Building. Dick Reinhardt presided. Bill Clark gave the business report. Several door prizes were given. The roast beef dinner was served by the Nazareth ladies.

A LADY called me to ask you to please keep the big trash lids down, as a three-year-old and other little kids can manage to climb into them. What if the dump truck man got them too?

Clara Neumayer and son Lowell and Judy spent the weekend at Ruidoso.

We received a card from Roy and Suzie Ellis telling us about the new girl baby they have. Mamma Aural Davis has been to Dodge City, Kan. to get acquainted with Julie Nicole Ellis. Her arrival was 8-18-76 and she weighed 5 pounds, 6 ounces.

Grace and David Lewis are here about farm business and for a visit with Rayphard and Mary Lou Smithson. Grace will be remembered as Mrs. Grace Reger from Albuquerque. Mr. Lewis is a native of Bethesda, Md. and now at home in New Mexico.

Jim and Elaine Bird and son Ed and daughter Vicki have moved to their new house at 1606 Sunset Circle just south of James Bradford. They came here from Springdale, Ark. Jim is with the Amstar plant. They attend church with the Methodists.

MARY GOLLEHON is in the hospital at Albuquerque getting well from a broken wrist. Mary is selling her home there and plans to live in Lubbock. She is a sister of Alma Umberson and Floyd Reynolds.

Guests in the Jim Roberts home Sunday were Linda's parents Mr. and Mrs. L. F. Smith and a brother Bob and his Mrs., Beverly Smith from Lubbock and an aunt and uncle Ladd and Betty Smith from Dallas.

Mrs. Janet Mann, a teacher here, and her two daughters Jeri and Julia spent the weekend at Sierra Blanca visiting friends and relatives.

Wes and Alice Anthony have been to Colorado for a couple of weeks. They went by the Bernard Browns Ranch north of Salida. Seems they have a camp place for folks, also a craft shop and fresh pie. They

stopped off at their ranch west of Clayton to see about the cows.

BABY HEATH Christian Grussing received many gifts at a party in the home of Mrs. David Hill Thursday afternoon. Heath is the son of James and Diane Grussing. Vicki Short helped register the guests. Mrs. M. Sheffy and Mrs. Doyle Hoover served the punch and cake from a table covered with white linen and an arrangement of summer flowers. Mrs. Lee Ward, the grandmother, was a special guest. Several ladies helped with hostess duties.

David and Lorene Hill and children live in a new house at 703 SW Pine. They moved here from Hart. David is with Buster Lowery Construction Co. The Grussings live across the street at 702 Pine.

Gary Ward came home for a visit with his folks Mr. and Mrs. Lee Ward and the two sisters. Gary is stationed at Fort Hood, near Killeen.

Tommy and Darlene Stanton and children went to Ruidoso for the weekend, as did half the people of Dimmitt. I met Ruth Cochran, a librarian at the middle school. Her home is Texarkana. She worships with the Presbyterians.

DO BRING your prettiest flowers, fruits and grains to the Expo Building Friday early. Jo Behrends and Myrtle Sheffy have charge of the flower horticulture. Must be grown by the exhibitor.

Alice Anthony and Reta Welch will have charge of the

youth show flower horticulture.

And the Garden Club will meet Sept. 15 at 3 p.m. in the home of Myrtle Sheffy. Do come have coffee with us. Check with Bernard Acker and Thompson Mayberry for the farm exhibits.

62 members of the A. T. Kirby clan met at the mountain place north of Taos, the Vaden Kirby house. Mrs. Kirby says the family came in cars and campers, bringing their food and bed rolls. Aunt Lilly Kirby, 90-year-old sister of A. T., came from Mangum, Okla. Others came from Dallas, Los Angeles and Sunnyvale, Calif. A fine time was had visiting and remembering the early days.

Connie Cyd Sheffy of Fort Worth came to see us all last weekend. She is with the school

system there. She visits dad Bob and Mildred, who moved to Tullia last Saturday.

BO AND Wanda Owens of Amarillo were weekend guests of his mom Alma and Glover Frazier. Bo is doing well from his recent heart attack.

Vada Belle Oldham of Lubbock and granddaughter Connie Nelson spent the weekend in Dimmitt visiting Don and Verbie Nelson and sons David and Nathan.

Sarena and Elzie Teague were in Colorado recently to attend the wedding of their grandson Joe Mapes, to Debbie Macaluso of Trinidad. They were married in the First Southern Baptist Church in Trinidad and a reception and luncheon was held in the home of the bride's parents.

Music Appreciation

I am not a musician, but as I write this I think back and realize how my taste in music has changed. Early in life, it took only the simplest childhood jingles to please me, then in school I was trained and taught to appreciate more intricate music. All through life I feel that my knowledge of... and appreciation for music has grown and matured.

Through study and help from others, I have also grown as a Christian and have a better appreciation of my Lord.

My knowledge of, and love for God increases with each church worship service... This way of life and worship, I would recommend to anyone. Won't you try it...

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Cub den leaders' workshop set today

Shirley King, Cub Round-Table Commissioner for the Haynes District, will hold a den leader workshop Thursday, Sept. 9, for all interested persons from Dimmitt, Hart and Nazareth.

THE WORKSHOP will be conducted in the Dimmitt City Hall Community Room from 9:30 to 11:30 a.m. Anyone interested in training for work with Cub Scouts is invited to attend.

Jack H. Griffin Californian joins plant

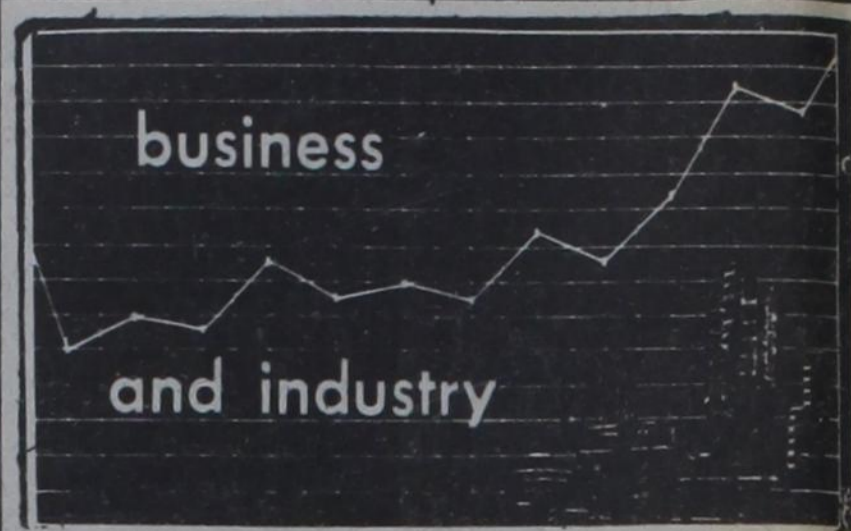

Doug Lapins, general manager of the Dimmitt Amstar Plant, has announced the addition of Jack H. Griffin of Los Banos, Calif., to the plant staff. GRIFFIN will be responsible for the management of corn purchases for the Dimmitt plant. Also, he will be in charge of all by-product sales which include steepwater, germ meal, gluten meal, bran and germ oil. In addition, Griffin will manage the company-owned farm property adjacent to the Dimmitt plant.

A native of Gilroy, Calif., Griffin received a BS degree in agricultural business management from California State University in 1964. He began working for the Spreckels Sugar Division of the Amstar Corporation in 1965 as an assistant field superintendent in Woodland, Calif. In 1966 he was promoted to field superintendent and transferred to the Mendota, Calif., plant, where he became responsible for the sugar beet growing activities in the Madera and Kern districts.

Griffin's duties with the Dimmitt plant became effective Sept. 1.

Building Material for Every Purpose

HIGGINBOTHAM BARTLETT CO.

On Wall Street
By Bob Hill
A. G. Edwards & Sons, Inc.

Because the cost of health care is skyrocketing in all areas of medicine, a massive campaign is being prepared to cut the ever-rising cost of health care through the use of price controls and the required usage of low-cost drugs.

NINETEEN states and the District of Columbia have passed legislation encouraging or requiring the use of generic equivalents instead of the more expensive brand name drugs whenever possible. Legislation designed to tighten up prescription procedures is also being considered by a number of states.

By setting the maximum allowable cost, the federal government is placing a ceiling on how much it will reimburse medicare and medicaid patients for drugs. There are four drug industry lawsuits trying to prevent the federal plan.

Advocates of the generic substitutes over the brand-name drugs claim that pharmacists can effect savings of hundreds of millions of dollars from the \$7½ billion drug bill consumers pay annually for prescription drugs. They claim that generic substitutes are now available for 20 percent to 30 percent of the brand-name

drugs now and in some cases, the generic substitutes would cut the cost of a prescription as much as 80 percent or more.

The main argument of the drug industry against generic substitutes is that price ceilings such as the federal government is planning to impose will cause a deterioration in quality control and research with the result that fewer drugs become available. Also, claimed savings are "over-exaggerated."

GENERIC drugs have been available in California since May and substantial savings are being claimed once doctors and pharmacists are made aware of what the California law permits. In some cases it will be difficult to persuade a physician to stop writing "Darvon" and write the generic equivalent which is "propoxyphene hydrochloride aspirin, phenacetin and caffeine."

Pharmacists are undecided about the generic substitute rules. Some believe the new regulation will cut their income by reducing profit margins on brand-name drugs. Others believe the new rule will enable them to do a much greater volume on a smaller inventory with fewer brand-name drugs.

Halfway station field day on tap

Cotton, corn, sorghum and sunflower research are featured attractions for this year's field day of the Texas Agricultural

Experiment Station at Halfway. The premier event begins at 1 p.m. Sept. 14 at the research site 14 miles west of Plainview on Highway 70.

ACCORDING to County Extension Agent Charles Hottel, field tours will be conducted throughout the afternoon with special presentations planned on irrigation, variety evaluations, weed control and insect pest management.

The Texas Agricultural Experiment Station at Lubbock is co-hosting the event, says Hottel. In past years, the Lubbock and Halfway stations held separate field days but will begin this year alternating as hosts. This means the field day this year will be at Halfway and next year it will be in Lubbock. Cooperators are the Texas Agricultural Extension Service, High Plains Research Foundation, Agricultural Research Service, USDA and the National Weather Service.

A LARGE machinery display featuring latest farm implements available will be a part of the field day activities, says Hottel. Guests will be able to take tractor-drawn trailer tours of the 320 acre research site to closely preview latest developments in crop production.

During the six featured stops of the tours, Experiment Station scientists and Extension Service specialists will present brief summaries of research highlights and will answer questions.

The six tour stops include a comprehensive review of cotton variety studies, soil fertility, corn irrigation, modified pivot irrigation systems, insect pest management in sorghum and corn, weed control and other research highlights of particular interest to High Plains agriculturists.

HOTTEL says that an irrigation well capable of pumping 1300 gallons of water per minute of clear sand-free water will be of particular interest to field day goers.

JIM HIGDON EXAMINES DAMAGED STALKS
... Corn head smut (left) and common smut (right)

Rotation best defense against corn head smut

Studies of the 1976 infestation of head smut in local corn crops indicate that crop rotation is the best defense against future occurrences, agronomists for Pioneer Hi-Bred International have reported.

JIM HIGDON, agronomy services director for the southwestern division of Pioneer, said the highest concentration of smutted plants this year has appeared in fields where corn has followed corn for several years.

Pioneer agronomists recommend rotation of corn with other crops to help prevent the buildup of head smut spores in the soil, Higdon said. If rotation is not possible, Higdon said, agronomists suggest planting corn varieties with resistance to head smut in fields which have a previous history of infestation.

Higdon said head smut is a soil-borne organism that causes a systemic infection of the corn plant. Head smut is not transmitted by seed, he emphasized.

"Because the infection is systemic," Higdon said, "all of the infestation that will occur this year has already taken place."

Higdon said Pioneer agronomists have conferred with Dr. Robert Berry, area extension plant pathologist with the Texas A&M Extension Service at Lubbock, about the local head smut problem. According to Dr. Berry, infection occurs in

the seedling stage of growth, before, during, or soon after the corn plant emerges.

An infected plant grows normally, and the infection is not detected until the plant tassels and ears are formed. The tassel may or may not be covered by smut spores, but the developing cob and kernels are completely replaced within the shuck by black smut spores, Dr. Berry has reported.

Head smut was observed in Castro and Parmer counties in 1975, but its occurrence was more widespread this year. The areas where the 1976 infestation has been economically damaging were locations where corn has been grown for a number of years—primarily parts of Parmer, Castro and Lamb Counties.

AS OF this time, the most serious infestation has occurred within an area bounded by a line from Farwell to Friona to Hereford to Plainview to Olton to Muleshoe and back to Farwell, Higdon said.

Head smut (*Sphacelotheca reiliana*) is sometimes confused with common smut (*Ustilago maydis*). According to Dr. Berry, common smut is a wind-blown organism which forms galls that are first covered with a glistening greenish to silvery white tissue. The galls are filled with dark olive-brown to black spores.

Yield reduction from common smut is normally minimal,

compared with head smut. At two test locations in Castro County in 1976, it was found that different corn hybrids exhibited varying degrees of resistance to head smut, ranging from highly to moderately resistant, to moderately susceptible, to susceptible, Higdon noted.

Based on observations in 1976, Higdon said, Dr. Berry concurs that, on land with no previous history of head smut, the likelihood of an economically damaging infestation is greatly reduced.

PUBLIC NOTICE

SUMMARY OF PROPOSED

CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION NOV. 2, 1976

NUMBER ONE ON THE BALLOT (S.J.R. 49)

Repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution, S.J.R. 49 amends Section 49-c of Article III of the Texas Constitution to provide for and authorize an additional \$400 million in Texas water development bonds that may be issued on approval of two-thirds of the members of each house of the Legislature for such water development purposes as the Legislature may prescribe.

The amendment contains a specific prohibition against the use of state funds for the development of water resources from the Mississippi River and also requires that before any single water development project may be undertaken requiring the expenditure of more than \$35 million in bond proceeds, it must be approved by resolution of the Legislature.

The amendment removes the constitutional requirement that certain revenues must be used to retire water development and water quality enhancement bonds and removes the constitutional interest rate limit on such bonds.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature, amending and consolidating provisions of Sections 49-c, 49-d and 49-d-1 of Article III of the Texas Constitution; and repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution."

NUMBER TWO ON THE BALLOT (H.J.R. 99)

H.J.R. 99 proposes an amendment to the Texas Constitution to increase from \$100 million to \$200 million the aggregate principle amount of Texas water development bonds which may be issued and outstanding by the Texas Water Development Board to provide grants and loans for water quality enhancement purposes as established by the Legislature.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"A constitutional amendment to increase from \$100 million to \$200 million the amount of Texas Water Development Bonds that may be issued for water quality enhancement purposes."

Higgs accepts pastorate in Corpus Christi

Charles Higgs, minister of youth and education at the First Baptist Church here the past year and a half, has resigned the position to go to Corpus Christi as pastor of the Forrest Park Baptist Church there.

HIS resignation will be effective Monday. "The Higgs family will leave Dimmitt with regret at leaving good friends we have made during our work here," Higgs said. "Nancy, Andrea and I say to the people of Dimmitt, 'We love all of you and will greatly miss you.' But we feel that we are going to a place of wider service."

Higgs says he feels optimistic about possibilities in the Forrest Park Church, which has 842 members and is centrally located in the Gulf Coast city, near Interstate Hwy. 37. He believes the church will grow through an outreach ministry to be initiated.

The church already has started a bus ministry and a day care center for children through the first grade, he said.

Highway Dept. sets hearing on FM project

The State Department of Highways and Public Transportation will conduct a public meeting Tuesday at 10 a.m. in the Assembly Room in the basement of the Castro County Courthouse to discuss the improvement of F.M. 1524 from S.H. 86, 10 miles west of Dimmitt, south to F.M. 1524 in Castro County.

THIS proposed improvement will consist of the construction of a farm to market type pavement consistent with other farm to market highways in the area. Proposed right of way width will be 100 feet.

Maps and other drawings showing the proposed location and geometric design will be displayed at the public meeting and together with environmental studies and any other available information about the proposed project are on file and available for inspection and copying at the Resident Engineer's Office in Littlefield.

Personnel from the State Department of Highways and Public Transportation will attend to answer questions and give information concerning the design, the state's relocation assistance program and right of way acquisition.

All interested citizens are invited to attend this public meeting.

Two plays cast by DHS Theatre

Auditions were held last week for Dimmitt High Theatre's fall productions of "The Apple Tree" and "Spoon River Anthology."

THE PRODUCTION will be the first double feature presented by director Don Blankenship. The two short plays have been long-running successes on Broadway.

"The Apple Tree" concerns the humorous happenings of Adam and Eve when they first set up housekeeping in the Garden of Eden. The Broadway production was directed by Mike Nichols (The Graduate) and starred Alan Alda (M*A*S*H).

"Spoon River Anthology" is a comedy-drama concerning the past lives of people who had once lived in Spoon River, Ill.

THE CHARACTER studies in the play are similar to all types of people in any small town. Live music and multimedia slide presentation throughout the show will make it an exciting evening's entertainment, Blankenship said.

Cast as the leads in "Apple Tree" are Tobin Touchstone and Angela Ross. Karl Langford will appear as the Snake.

The ensemble acting company for "Spoon River" is composed of A'Lann and Muffy Truelock, Heidi Bruegel, Cindy Kelley, Jean Bradford, Karl Langford, Tobin Touchstone, Jim Bradford, Kyle Wise, David Nelson, Jimmy Joe Butler and Robin Ryan.

The singers are Randy Gordon, Janet Mooney and Kimberly Peggram. The guitarist is Amy Merritt. Each actor will play five different characters.

LIGHT designers will be Charles Richard and Johnny Merritt, and sound designer Barry Glenn. Musical director for "Spoon River" is Fred Allen. The fall production is scheduled for an Oct. 24 matinee.

VETERAN'S SERVICES

By BEDFORD W. SMITH
County Service Officer

Our office will be closed Tuesday and Thursday, Sept. 14 and 16 while we attend the Annual Service Officers' Conference and Texas County Veterans Service Officers meeting, held this year, Sept. 13 to 16 at the St. Anthony Hotel in San Antonio. We'll be open again Sept. 21.

OF IMPORTANCE to new veterans:

The Veterans Administration reminds men and women recently separated from military service to double check veterans' benefits for which they may qualify as well as deadlines that may govern eligibility.

New veterans who have been discharged under conditions other than dishonorable are routinely sent a VA summary of key benefits.

Subsequent communications from VA supply new veterans with certificates of eligibility for GI loans on homes, condominiums and mobile homes and with facts on government insurance and education programs.

In addition, veterans may want to note the following things to do:

Register with the nearest state employment service office as soon as possible after discharge as employment benefits vary from state to state.

Apply to former employers within 90 days for reemployment. Veterans have certain preferences.

Convert Servicemen's Group Life Insurance to five-year Veterans' Group Life Insurance within 120 days. Veterans totally disabled have up to a year to convert. Applications should be mailed to Office of Servicemen's Group Life Insurance 212 Washington Street, Newark, N.J. 07102.

Within a year from date of VA disability rating, eligible veterans should apply for special National Service Life Insurance based on service-connected disability.

Apply for VA dental care within one year of discharge date.

GI Bill educational training must be completed within 10 years of discharge.

THERE ARE no time limits for veterans to:

Apply for a GI loan guaranty to buy, build or improve a home.

File a claim with VA for compensation for service-connected disability or disease or to apply for hospital care.

Seek assistance from state employment offices in finding work or to enter Labor Department job training programs.

VA urged all new veterans to contact the nearest VA office, veterans county service officer, or a representative of a veterans' service organization for further details.

We'd like to add to the VA news release that returning veterans and 18-year-olds no longer need to register with a Draft Board which are shutting up or have shut up shop.

Cancer group to plan year Monday night

The Castro County Unit of the American Cancer Society will plan its work for the coming year at a meeting at 5:30 p.m. Monday in the courthouse assembly room.

THE UNIT wishes to call attention to services available through the Society for cancer patients. Loan equipment such as hospital beds, rails, wheelchairs and walkers, also dressings and comfort items are available.

Anyone needing such equipment to care for a cancer patient is invited to contact Mrs. Claude Forson, telephone 647-4313.

Memorial giving to the ACS is also stressed. The plan is simple and dignified, and the donor receives an official receipt for his gift. Names of the donor and of the person in whose honor the gift is made, should be included with each gift.

Memorials may be given through the First State Bank of Dimmitt.

DIMMITT TV CABLE CO.

Bush defines his philosophy

Bruce Bush, new head football coach in Dimmitt High School, outlined his philosophy of coaching when he was introduced to the Rotary Club at lunch Friday and spoke briefly. BUSH mentioned four points he emphasizes to players, which he considers vital for an effective athletic team and an effective life.

Confidence is first, he said, and includes respect for your opponent without fear. Such confidence is based on preparedness, the coach added. His second point is poise, or being oneself and at ease in any situation.

Other points he named are competitive greatness, or being at one's best when the best is required; and success as an end result, with the self-satisfaction that comes to a player who knows he did all he possibly could when such an effort meant the margin of victory.

BUSH named offensive and defensive starters for the Bobcats' opening game Friday night against Crosbyton and answered questions about prospects for the coming season. He said Dimmitt High has

some fine players but not much team depth, so injuries could be the biggest problem.

Dan Nelson introduced Bush, who in turn introduced Jerry Vance as the assistant "who is the man you throw things at in case the other team scores."

George Lambert was welcomed as a new club member.

Reese appoints Bruegel to head local campaign

19th District Congressional Candidate Jim Reese announced today that Fred Bruegel Jr. has been named his Castro County campaign chairman.

BRUEGEL will be responsible for recruiting precinct leaders who will in turn ask volunteers to help in the neighborhood grass roots campaign. He will also be in charge of arranging meetings, coffees, and fund raising for the congressional candidate.

HALFBACK ROBERT MAYBERRY

"Most exciting runner since Mercury Morris"

RICKY WRIGHT

Sophomore takes over WTSU kicking duties

Two former Bobcats scheduled to start for Buffs this year

Robert Mayberry, Dimmitt sophomore at West Texas State University, is featured in the cover sketch of the WTSU publication, "Buff Football 1976," as one of "the four men who spearheaded the Missouri Valley Conference's best rushing attack last year."

FROM HIS halfback position in the Buffs' Wishbone backfield, Mayberry gained over 508 yards on 109 carries last year as a freshman. He is called a "strong candidate for conference honors this year."

His record as a freshman was almost expected at WT, the booklet notes, since he was the top runner in the Panhandle under Coach Deane Wright at Dimmitt High, winning prep All-America honors as he gained over 2,000 yards on the ground during his final two seasons.

The son of Mr. and Mrs. Ellis Mayberry of Dimmitt, he is a general studies major at WTSU.

RICKY WRIGHT is another Dimmitt sophomore on the Buffalo squad this year, a kicking specialist who is called "heir-apparent to Bruce Wyre as the Buffalo place kicker, ... a tough act for Wright to follow."

In reserve during his freshman year, Wright showed consistency in spring action. He was an offensive guard as well as a place kicker at Dimmitt, where he was named to the Panhandle-Plains Super team by the Amarillo Globe-News.

He went to WT as the recipient of the Dory Funk Sr. Memorial Scholarship, and is majoring in general studies. His parents are Mr. and Mrs. Donald Wright.

MAYBERRY is called "one of the most exciting runners at WT since Mercury Morris, and it's no accident that he switched to Morris' old number 22 in the spring."

He was ranked third on the team as a ground gainer. His best game was in the 49-23 win over Louisville when he carried 10 times for 133 yards and scored two touchdowns, one after an 80-yard run to pay dirt.

He scored on a spectacular 26-yard pass from Tully Blanchard against Wichita State, on a one-yard plunge against Utah State and on a two-yard run against Northeast Louisiana.

HIS 70-yard return of a kickoff against McNeese State, which set up a Buff score, was one exhibition of his talent as a return specialist.

In Dimmitt High, Mayberry's best game was against Lockney, when he rushed for 281 yards on 12 carries and scored five times.

Returning with Mayberry as Buff starters in the Wishbone offense backfield are quarterback Blanchard, fullback Bo

Robinson and halfback Anthony Dogan.

National Guard plans open house at Tulia facility

The Texas Army National Guard Unit based at Tulia invites residents of this area to an open house Sept. 11 and 12, to show the civil defense equipment that is available for use in the five-town civil defense group.

ALSO ON display will be all Army National Guard equipment. Officers and men will be present to show films and answer questions.

The National Guard unit at Tulia is Detachment 2 Support Co., 2nd Battalion (M) 142nd Infantry. Its officers invite all interested citizens to attend the open house, see its equipment and meet its personnel.

King, Riley testify on gas costs

Ray Joe Riley and Carl King told a House subcommittee in Washington last week that they would "reluctantly" favor federal regulation of intrastate gas rates to check the spiraling costs of irrigating.

THE TWO Dimmitt farmers testified before the House Interstate and Foreign Commerce Committee's Subcommittee on Oversight and Investigations, which was conducting a hearing on the effect of natural gas prices in the unregulated Texas market.

The stage for last week's hearing was set last spring when High Plains farmers and commodity groups appealed to Congress for relief on the rising cost of irrigation gas. The subcommittee's staff conducted a field investigation here and in other parts of the state, then invited King and Riley to be among those to testify.

In addition to representing irrigation-gas users in the High Plains, Riley spoke for cotton producers and livestock feeders, and King represented the Texas Corn Producers Association, of which he is president.

THEY WERE on a three-man panel that also included Robert Mullins of Waco, representing the Texas Farmers Union. Also testifying that day were Mayor Edwin Faust of Grey Forest and Texas AFL-CIO President Harry Hubbard of Austin. The Texans represented a diversity of people and interests, but all opposed unregulated gas prices in the state.

"We were introduced to the subcommittee by Congressman George Mahon, who recessed his own committee so he could come over and introduce us," Riley said. "And in introducing us, he told the subcommittee of his concern over this gas price problem."

In his prepared statement, Riley told the 15-man subcommittee, "If the farms in the Trans-Pecos area do not produce this year, and if the farms in the Great High Plains do not produce next year, then these areas will not be returned to production in one or two years. This will happen only after many, many bankruptcies, after the American consumer has been required to pay several times over what she is now paying for food and fiber."

THAT BLEAK situation may not be far off if irrigation-gas costs aren't checked soon, Riley said.

"With lowered prices for agricultural commodities produced in this area, and with drastically escalated natural gas costs, the point of non-profitability is rapidly being approached, if indeed it has not already been reached in many cases," Riley testified.

Arguing for an agricultural priority for natural gas, Riley pointed out that, according to the National Cotton Council, "it takes only approximately one-fifth the energy to produce a pound of cotton as is required to produce a pound of synthetic fiber." Also, he said, a lamb "is able to turn forage into wool with less than 1/50 the energy required to produce a pound of synthetic fiber."

"After fighting hard to win the priority battle, are we now going to lose the opportunity to use a Priority No. 2 gas at unregulated intrastate prices we cannot afford to pay?" Riley asked the subcommittee.

KING, using corn as a base crop, presented the findings of two production-cost studies—one by Texas A&M and one by the High Plains Irrigation Gas Users—and showed how the per-acre cost of irrigating has risen in the past several years.

He also gave a breakdown on the output of field crops, livestock and corn-mill products in Castro County. King told the subcommittee that the average farmer in Castro County cultivates 1,001 acres, that he has approximately \$123 per cultivated acre invested in machinery alone, and that he owes an average debt of \$46 per cultivated acre on this machinery.

FUEL, repairs, labor and fertilizer account for 75% of the average farmer's production expenses, King said. Higher gas costs, he claimed, not only make it harder for farmers to pay off their machinery debts, but could force them "to live off their depreciation."

Farmers can shop in competitive markets to try to hold down most production expenses, but in the natural-gas market "we are victims of an un-

regulated monopoly," King contended.

Asked if he felt deregulation of gas rates nationally would ease the fuel-cost problem, King said he felt that releasing all controls on gas and oil "will make it cost more" for all consumers.

The two Dimmitt farmers met a K-Bob's Steak House Tuesday night with the executive committee of the Plains Irrigation Gas Users Association to report on their testimony before the House subcommittee.

Hays Implement Co. slates open house to show '77 models

Hays Implement Co. has announced that it will hold an open house Saturday to show the new line of International Harvester agricultural equipment for 1977.

THE EVENT follows the Hays' recent return from Chicago, where they witnessed the unveiling of the new equipment during a two-day show at McCormick Place.

Top attraction of the Chicago show was the new "Pro-Ag" line of tractors in the 85-160 PTO horsepower classes. Consisting of five gear-drive and one Hydrostatic transmission Series 86 models, these tractors feature a new operator "Control Center" concept.

The "Control Center" is a departure from the add-on cab of the past. It is an integral part of the tractor located forward of the conventional design, permitting maximum visibility. It also accommodates aft-mounting of a larger fuel tank and molded auxiliary tanks on the left side of the tractor for a full day of continuous work under heavy load.

Edwards named vice-chairman for UW drive

Jack Edwards was named vice-chairman for the 1976 Dimmitt United Way campaign at a meeting of the board of directors Tuesday. He will assist Jerry Marvin, campaign manager.

BOB CADELL, who directed the successful 1975 campaign, was named honorary vice-chairman.

No advance gift campaign will be held this year, the directors decided. It had been scheduled originally to begin Sept. 28, preceding the general campaign from Oct. 12 to Nov. 2.

Bill Clark, reporting for the Admissions Committee, said applications are coming in from agencies which wish to be included in the United Way next year. The deadline for applications is Sept. 17.

Coach lauds top players

Outstanding players in the Dimmitt-Crosbyton game Friday night, named by Coach Bruce Bush and his staff at the Booster Club meeting Tuesday night, were Tony Washington and Steve Anthony on offense and Lane Louder, Brad DuLaney, Dennis Veals and Jody Minnick on defense.

Susan Sanders was announced as the first week's winner in the club's football contest. Mrs. Sanders correctly picked the winners of 13 of the 15 contest games. Placing second was Byron Roberts with 12 of 15.

The Boosters completed plans for chartering a bus to take the team and coaches to Slaton for Friday night's game. Club President George Howell reminded fans of the pre-game pep rally at 3:10 p.m. in the DHS gym, and said Booster Club members will form a "victory line" to lead the Bobcats onto the field at Slaton.

James W. Powell, former Dimmitt resident and long-time Texas Dept. of Public Safety trooper, has been promoted to sergeant and is being assigned to the Pampa office.

POWELL, a native of El Paso, joined the DPS in 1968 and following an intensive basic law enforcement course, he was assigned to the Highway Patrol Service and stationed in Pampa. He later transferred to San Antonio.

He is a graduate of Dimmitt High School and has attended San Antonio College. Powell formerly was a member of the Garland Police Dept.

Powell named DPS sergeant

He and his wife, the former Donna Ervin of San Antonio, have two children, Corey, 6, and Julie, 2.

110 join Brownies, Girl Scout troops

Girl Scout troops began meeting last week with 110 girls signed up for the new program in Dimmitt.

AN investiture service will be conducted Sept. 28 in the First United Methodist Church to formally charter the local troops in the national organization.

A troop committee has been formed for overall direction of the program here, with Twila Schinkus as chairman, Pat Braafladt vice-chairman, Doty Lewis treasurer, Pat Keith secretary and Adeline Rush special adviser.

The Dimmitt Kiwanis Club has agreed to sponsor and back the Girl Scouts financially during their initial year, and Danny Lewis was named Kiwanis representative to the committee.

Leaders and assistants have been enlisted for three troops of Girl Scouts and eight troops of the younger Brownies. Formation of Brownie troops was the aim of the group to begin the program in Dimmitt after a lapse of several years.

Jo Parks is leader and Sherrie Matthews assistant of Girl Scouts in fifth and sixth grades; two fourth-grade troops have

Sue Boozer and Kathy Jackson as leaders in one, and Doty Lewis as leader and Patty Terry assistant in the other.

Jeanette Phillips and Beverly Hill are leaders of two Brownie troops for first graders, each with small enrollments. Girls in first and second grades make up two troops with Lupe Flores as leader, Rosie Flores and Carolina Barron assistants; and Kathy Kirby, leader, and Diane Leatherwood assistant.

Sue Ivy is the leader and Pat Keith assistant of a second graders' troop, Charlotte Massey is the leader and Connie Nelson assistant of another.

Third graders make up two troops, with Syd Lynn and Sandra Potts leaders of one, Ellen Gregory leader and Becky Killingsworth assistant in the other.

Mr. and Mrs. Milas Cline Jr. are the parents of a girl, Poppy Michelle. Born Sept. 2, she weighed 6 pounds, 13 ounces. Mr. and Mrs. Isidro Guzman are the parents of a boy, Isidro Jr. was born Sept. 3 and weighed 7 pounds, 2 1/2 ounces. Mr. and Mrs. Servio Gamez of Hereford are the parents of a girl, Priscilla Jean. She was born Aug. 31 and weighed 6 pounds.

Rain halts field work

General rain, ranging from a quarter-inch to two inches fell over Castro County Monday and through Tuesday morning, halting the harvest of ensilage corn and carrots while it soaked valuable moisture into the soil.

STIFF WINDS in places Monday did some damage to corn, County Agent Charles Hottel said.

At Sunnyside, rainfall totaled about two inches and some corn was blown down, Sunnyside Grain & Supply reported.

North of Dimmitt, where pea-sized hail shredded leaves on cornstalks a week ago, some stalks were reported down also.

Dimmitt's weather reporting station at KDHN Radio Station gauged only .24 of an inch of precipitation through Monday night, and another .04 of an inch in an early morning shower.

Heaviest rainfall was west and south of Dimmitt; Monsanto Fertilizer at Tam Anne reported an inch and a half of "just good rain, no storm" in the two days, and Flagg Grain about two inches. More than an inch was recorded at the Houston Lust farm in the Bethel community.

Half an inch was the total at Easter Grain, and a like amount at the Nazareth elevators of Dimmitt Agri-Industries. About that much was estimated at Hart, where moisture fell slowly through Monday night.

HARVEST of carrots in Castro County has been stopped until the fields dry, a spokesman for La Mantia, Cullum, Collier & Co. said. Onion and potato harvests have already been completed.

The carrot crop is expected to be about average this year and prices are good. Onion prices continued low through the harvest season, LMCC officials reported.

FIRST STATE BANK OF DIMMITT

By this time next year...

It's going to take a full year to build the new First State Bank building.

When it is completed, we think Dimmitt will have as fine a banking facility as any city its size anywhere.

We awarded the construction contract last Thursday to the Reed and Gary Strickland Co. of Amarillo, which has built many fine buildings for West Texas State University, Amarillo College, High Plains Baptist Hospital, the Amarillo Hospital District, Southwestern Bell Telephone Co., and other businesses and institutions.

Our main facility will be a ground-level building with 9,850 sq. ft. of floor space. It will face North Broadway on the east, with east and west entrances. The main building will have seven offices, a board room, six teller stations and the customer vault.

(Incidentally, as a tie to the past, we will move our vault door from our present building to the new one. It's the same vault door that was in our original building at Broadway & Bedford.)

Underneath the main building will be a full basement. It will house our bookkeeping department, a coffee room, a meeting room, and a storage vault.

Behind the main building (across the alley to the west) will be a drive-in facility with space for six tellers and a walk-in teller. All tellers' stations are designed for maximum security.

The paved parking areas around the new facility will take up almost three-fourths of a block. The design of the main building provides for future expansion.

We are glad to be growing with Dimmitt and Castro County, and we hope you will be as proud of your new bank building as we will be.

"The Finest in Furniture, Carpet & Drapes!"

LONG STRIKE—Tailback Larry Bossett [9] crosses the Crosbyton 25-yard line en route to a touchdown on a 70-yard punt return in the third quarter of Friday night's season opener at Bobcat Stadium. Teammate Reggie Washington [88]

angles across the field to make sure Crosbyton's Kent Gilbreath [84], the last remaining defender, doesn't spoil the TD run. This was the final touchdown of the game and extended the Bobcats' winning margin to 36-6.

Speedy Cats top Chiefs, 36-6

By JIMMIE CHAPMAN
Coach Bruce Bush got his initial season as a head coach

off to a good start Friday night as his Dimmitt Bobcats blasted the visiting Crosbyton Chiefs, 36-6.

BOTH TEAMS found their timing and ball-handling a little ragged as they collected 110 yards apiece in penalties and committed a lot of turnovers. Crosbyton recovered three Dimmitt fumbles while the Bobcats picked off two Crosbyton passes to set up scores.

The Bobcats put two touchdowns on the scoreboard in the first 3½ minutes of the game and two more in the second period, then added their final tally in the third quarter. Dimmitt got on the board first on the third play of the game when tailback Eddy Chavers sprinted around left end and outran the defense 75 yards for the score. Jim Wright booted the extra point and Dimmitt led 7-0 with only 1:37 gone in the initial period.

After receiving the kickoff, Crosbyton managed to pick up a first down—with the aid of the night's first penalty—before Reggie Washington made his first of two interceptions. He gathered in the pass at the 50-yard line and ran it back to the Crosbyton 24. Quarterback Thompson Mayberry quickly tossed a pass to split end Brad DuLaney for the 24 yards and the second TD. Wright again kicked the extra point and Dimmitt led, 14-0, with 8:48 left in the first quarter.

That was all the scoring until midway in the second quarter, when the Bobcats launched their longest and most determined drive of the night from their own 2-yard line, where Crosbyton had punted the ball out of bounds. Washington,

Mayberry and Chavers began grinding out the yardage, then Mayberry hit Dennis Veals with a 23-yard pass to get the Cats out of the hole.

THREE plays later, Washington burst over left guard, shook off two tacklers and rambled 49 yards to the Crosbyton 8-yard line. Washington tried twice more up the middle for little gain, then Chavers rolled around left end for seven yards and the third TD of the night. Wright again kicked the point and Dimmitt led 21-0 with 7:13 left in the second quarter.

On the first Crosbyton play after the kickoff, the Chiefs' hard-running tailback, Donald Harris, burst over right guard and raced 73 yards for the visitors' only score. The try for the extra points was fumbled and the score stayed at 21-6. Later in the second period, Crosbyton recovered a bobbled pitchout on Dimmitt's 31-yard line. But after four tries, Dimmitt took over on its own 24, then drove to the Chiefs' 22, yard line in seven plays. The big gainer in this drive was a pass from Mayberry to Reggie Washington that was good for 30 yards to the Crosbyton 29. One play and one penalty later, Tony Washington broke over the middle for 22 yards and the score. Wright again kicked the extra point and Dimmitt was ahead by 28-6 as the first half ended.

THE SECOND half was a different story as the Bobcats started fumbling and drawing penalties that caused several drives to bog down. The Bobcats made only one first down in the third quarter, but did get the last score of the night when Larry Bossett returned Dale Powell's punt 70 yards for a touchdown. DuLaney bobbled the ball on the extra-point set-up, but picked it up and ran it into the corner for two conversion points. This put the score at 36-6 and was to end the scoring for the night.

Late in the final period, Reggie Washington intercepted his second pass of the night and was headed for a TD, but the ball dropped out of his hands and the Chiefs recovered at the Crosbyton 24.

Tony Washington was the workhorse and leading gainer for the Bobcats, netting 143 yards on 19 carries. Chavers picked up 97 yards in seven trips, and Mayberry gained 24 yards in seven attempts. Mayberry, playing his first game at quarterback, completed three passes of seven for 77 yards.

DEFENSIVELY for the Cats, Reggie Washington, Joe Aleman, Jim Wright, Lane Louder, Gary Nutt, Ricky Hunter,

Florentino Quinonez, Louis Perez and Larry Bossett got in their share of the hits in the trenches.

For the Chiefs, fullback Donald Ray Harris gained 154 of the Chiefs' total of 187 yards before leaving the game in the final period when he was hit hard by Bossett and fumbled. He carried the ball 21 times for the Chiefs. Crosbyton completed only two passes in 14 attempts.

Students crossing Bedford should use guarded walkway

Students in Dimmitt Middle School and Richardson Elementary, who live north of Bedford St., and their parents are reminded by school officials of the traffic hazard in crossing Bedford, which is the route of Hwy. 86.

COMING to school and going home the students should use the crosswalk at 8th and Bedford, Middle School Principal Emmett Broderson emphasized, since a crossing guard is on duty there in the morning and again at school dismissal time.

He urges parents to remind their children of the danger in using unguarded crossings. Signs warning of school crossings do not always give notice soon enough for vehicles, especially heavy trucks, to slow

sufficiently for quick stops in case a child walked into the street unexpectedly, he said.

CITY POLICE plan to use radar units in an effort to slow

traffic in the area, Broderson said, but this will not eliminate the need for pupils to use caution.

"We keep reminding them at school that they should cross at Eighth St.," Broderson said, "and we hope all the parents will add their reminders at home."

THE HIGH YIELDING HEAD SMUT RESISTERS

What's cooking at the schools

HERE ARE the school lunch menus for Dimmitt Schools for Sept. 13-17.

MONDAY — Corn dogs with mustard, salad, corn, peach cobbler, milk.

TUESDAY — Green enchilada casserole, ranch-style beans, tossed salad, pudding, batter bread, milk.

WEDNESDAY — Chicken fried steak with gravy, creamed potatoes, green beans, gelatin, rolls, butter, milk.

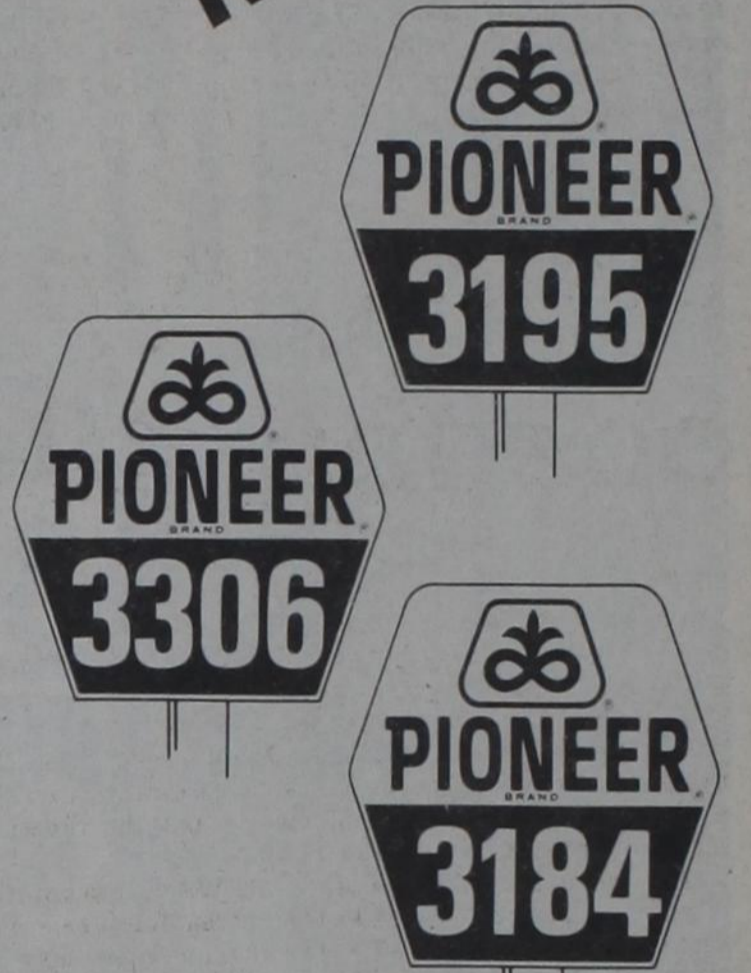

THURSDAY — Macaroni and cheese, Vienna sausage, winter mix, fruit salad, rolls, butter, milk.

FRIDAY — Hamburgers, blackeyed peas, banana cake, milk.

ICELAND is so cold that most of the inhabitants have to live somewhere else.

Quick-striking Longhorns win, 34-20

The Bicentennial edition of the Hart Longhorns took the field Friday against the Anton Bulldogs, one of the highly regarded Class B teams of the South Plains area. When the smoke cleared, the Longhorns had their first win under new head coach Bill Taylor and his staff.

DURING the first half, the 'Horns looked awesome at times with slashing runs and 50% pass completions. The first touchdown came in the first quarter on a 14-yard run by Kerry George behind key blocks of Bryan Irons and Berto Minjares. George's super second effort after being hit on the 2 put him across with 4:19 left. The point-after pass fell incomplete, however.

Following the kickoff, Anton was unable to move the ball except on Hart penalties because of the tough defensive play of such 'Horns as Cary McLain, who finished the night with 11 tackles, and Bryan Irons, who had an even dozen. After an exchange of punts, Eliazar Castillo came through with a big fumble recovery. Three plays later, Castillo threw the only pass intercepted by Anton on a call that could have gone either way.

Again unable to move the ball on the ground because of the rugged Hart defense, Anton experienced some success throwing the ball in the second quarter. Hart's mental errors with penalties kept the Bulldogs alive in key situations. Finally the 'Horns' pass defense stiffened and forced a punt which Castillo returned to the Anton 45. After seven plays and having one TD called back for a motion penalty, Castillo sped around end behind Lester Aven's blocking for six yards and a touchdown with 6:55 left in the second quarter. The point-after run by Castillo failed, leaving Hart with a 12-0 advantage.

AFTER THE kickoff and

enough penalties to make any coach turn gray, the 'Dogs had second down and 13. Going to the air, QB Zane Butler tossed one up for grabs and Aven was the alert recipient. Following Aven's 15-yard return, it took Castillo only one play to complete a beautifully thrown pass across the middle to tight end Bryan Irons for 62 yards and the score. George added two more points with his run to boost Hart's lead to 20-0.

Anton took the kickoff for a small return and immediately put the ball back upstairs. Aven again homed in on it and came down with his second interception. Two plays later Castillo broke away for 36 yards before being shoved out on the 9. George finished the drive on the next play with one of his patented skampers and topped it off with another run for two extra points.

Much credit must go to excellent offensive line blocking by the likes of 192-pound Larry Marble that consistently blew open holes most of the evening. With only 28 seconds left, the 'Horns held off the 'Dogs and went in at half with a comfortable 28-0 lead.

THE SECOND half was one riddled with mistakes and penalties on the part of both teams. After a confusing series of penalties and other delays, the 'Horns had to punt in a situation that should have been third down but somehow was declared fourth down. However, Anton only had the ball

three plays before Donald Robinson showed his stuff with an interception of a Butler pass. Two penalties, 22 yards and four plays later, Aven scored from seven yards out but the extra-point kick failed, leaving Hart with a 34-0 lead with 6:22 remaining in the third.

After a couple of turnovers—one a Hart fumble—Anton's passing game really began to jell in the fourth quarter. Moving almost exclusively by air against a Hart secondary that will toughen with more experience, Butler completed Anton's first scoring drive to tailback Rex Jones on a 12-yard throw. Fullback Lonnie Timms ran for the two points with 10:35 showing.

On the next series, Hart again fumbled—this time on the Anton 48—but the Bulldogs failed to capitalize when Castillo intercepted the first pass off the fingers of Butler.

PENALTIES forced Hart into a punting situation, and a good rush and a wobbly eight-yard kick left Anton only 32 yards from paydirt. Six plays later, Jones crashed from the 3 to make the score 34-14. The point-after pass fell incomplete.

After the kickoff, two 15-yard penalties rapidly put Hart in a hole, and another weak punt of 13 yards put Anton in a good position to score. Five passes and two completions later, a Butler pass to split end Craig Carlisle clicked for 32 yards and the final score with only 38 seconds left.

After the game, the coaching staff had special praise for the offensive blocking of linemen Marble, Irons and Minjares.

Aven did yeoman blocking from his backfield position in addition to averaging 5.2 yards per carry on nine runs. George was the leading rusher with 66 yards, followed closely by Castillo with 59 yards (9.8 average). Joe Flores had 25 yards

on two carries for a 12.5 average and Glen Black had 10 yards.

CASTILLO with one fumble recovery and one interception, Aven with two interceptions and a TD-saving pass break-up, Gary Jackson with a quarter-

back sack, Joe Flores with nine tackles, Irons with 12 tackles and McLain with 11 tackles also were praised for their heads-up play.

Next opponent is Silverton there. The Owls lost to Kress 19-0 last week.

DERWIN HUSEMAN of Nazareth takes a shot in the helmet from a Farwell defender as he returns a kickoff in the season opener Friday night at Farwell. The Steers, third-ranked in the rugged District 3-A, lived up to their pre-season billing with a 40-0 victory. [Photo by Shelly Cross]

Swifts drop opener, 40-0

By BRENDA DURRETT

Farwell quarterback Russ Jones scampered for three touchdowns Friday night, to lead the Steers to a 40-0 romp past Nazareth in the season opener at Farwell.

JONES began the Farwell attack with 8:44 left in the first quarter when he scored on a 35-yard keeper. Mike Goettsch's kick made it 7-0.

Nazareth was forced to punt on its first offensive drive, but Jimmy Huseman intercepted a Jones pass with 5:57 left in the quarter to give the Swifts possession on their 30. However,

Nazareth was unable to penetrate the Steer defense.

With 20 seconds remaining in the quarter, Jimmy Huseman fumbled a Steer punt on the Nazareth 2-yard line and Farwell recovered. Travis Bibbs carried it in on the next play to put the Steers ahead, 13-0.

MIDWAY through the second period the Steers blocked a Swift punt to set up a 37-yard touchdown run by Jones. Five minutes later, Farwell's Billy White broke away for a 45-yard score with 1:09 left in the period, giving the hosts a 28-0 halftime lead.

Jones ran it in from the 42 with 5:27 left in the third quarter, and Tim Norton scored the final TD with 1:37 left in the game, when he raced for a 75-yard touchdown.

Farwell's offense rolled up 451 yards on the ground, and Jones hit four of seven passes for 36 yards. The Swift offense gained 151 yards.

DERWIN Huseman led the Swift offense, carrying the ball 15 times for 66 yards.

Nazareth will travel to Smyer Friday for an 8 p.m. contest.

Huseman shows prize Polands

Poland breeders from across the nation gathered in Eaton, Ohio July 28-31 to celebrate one hundred years of breed progress and to stage their annual Summer Type Conference.

DENNIS Huseman of Nazareth exhibited the seventh place Class I boar and ninth place Class II gilt.

The summer conference is the largest single show for spring farrowed boars and gilts in the Poland breed. For the first time this year classes were added for bred gilts and pairs of gilts.

All of the animals were highly accepted and the conference posted a modern gross record of \$55,965. A STC record gilt price was established on the champion of the show selling at \$1175.

New and young breeders purchased 76 of the 109 head of breeding stock sold.

On the go

Franklin Latimer was in Dallas last weekend attending the reunion of the 740th Tank Battalion in which he served during World War II. He was accompanied by his wife, Josephine, and daughter Ann.

No sooner had head smut been discovered in the local corn crop than the considerable expertise of Pioneer Hi-Bred research arrived to assess the situation. Six of the forty-man Pioneer corn research team rushed to examine corn fields throughout the affected area. Together with the agronomy service personnel out of Southwestern Division headquarters at Plainview and the Division's district sales managers, they have formulated recommendations for corn farmers in this area.

THE FIRST JOB IS TO IDENTIFY THE ENEMY
There are two kinds of smut in the corn fields of Parmer, Castro, Deaf Smith, Bailey, Lamb and Hale counties: common smut and head smut. Common smut has little, if any, economic significance. Head smut is the real culprit. Estimates are that it will reduce the yields of some fields by over 20%.

Common smut (*Ustilago maydis*), sometimes called boil smut, is repulsive but does not usually reduce yields. It is characterized by galls, bulbous growths which are at first covered with a glistening, greenish-to-silvery-white tissue. The galls may appear on any part of the corn plant including the exposed tips of healthy ears protruding beyond the shuck. The plant becomes host to wind or water borne spores which stimulate cells in young tissue to proliferate.

Head smut (*Sphacelotheca reiliana*) is systemic, the plant being infected by soil-borne teliospores in the seedling stage. The outward signs of the disease are less conspicuous than common smut. It first appears when ears and tassels are formed. Tassels of infected plants usually appear to be covered with a reddish-brown or

black, spiny rust. Silkless shucks look as if they might cover a short, fat ear of corn but opening the shuck exposes a mass of black, worm-like teliospores or a tangle of bright green, leafy buds.

THE NEWS IS BOTH BAD AND GOOD

There are a few fields in which damage from head smut exceeds 20%. These are invariably fields which have been planted to corn for several seasons. Since head smut is soil born and there is no practical chemical treatment to control it, we can expect infection to increase from one year to the next when conditions are right. This year's weather, (dry and cool) was particularly conducive to infestations of both types of smut fungus.

The good news is that Pioneer has three excellent hybrid corn varieties that show strong resistance to head smut. One of these varieties is well known to area farmers and is the most planted variety in much of this area...Pioneer brand 3306. Two other Pioneer varieties...3184 and 3195...which were planted widely in this area for the first time this year, not only resist smut but have even greater yield potential than the well-known yield champion, Pioneer brand 3369-A.

If you have a field that shows signs of head smut infections, plan to switch to one of the three Pioneer varieties that provide resistance to the disease and, at the same time, give you a shot at the best corn yield you have ever had.

Talk to your Pioneer dealer now about ordering Pioneer varieties 3306, 3184 and 3195. It makes a lot of sense to plant all three.

NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

NOTICE IS HEREBY GIVEN THAT PLAINS WEATHER IMPROVEMENT ASSOCIATION, INC., P. O. BOX 1267, PLAINVIEW, TEXAS 79072, who holds License No. 764 issued on September 1, 1975 of the State of Texas, intends to engage in an operation designed to increase rainfall and decrease hailfall by artificial methods, for and on behalf of Plains Weather Improvement Association, Inc., and will conduct such program by means of aerial application of artificial nuclei as follows:

- The target area within which rainfall is intended to be increased and hailfall to be decreased is described as follows: The outer boundary commencing at the point of intersection of U.S. Highway 87 and the northern boundary at Hale County; then eastward to Farm Road 378; then southward along Farm Road 378 to U.S. Highway 70; then southeast 1 1/2 miles along U.S. Highway 70; then due south to the intersection of Floyd/Croby county line; then due west to the Hale/Lamb county boundary; then northward along the Hale/Lamb county line to the southern boundary of Castro County; then west nine (9) miles along the Castro/Lamb county line; then due north to State Highway 86; then eastward along State Highway 86 to
- U.S. Highway 87; then southward along U.S. Highway 87 to the northern boundary of Hale County (the point of origin).
- The area over or within which equipment may be operated to increase rainfall and decrease hailfall within the above described target area shall be the following counties or portions of counties: Castro, southern two-thirds of Swisher, southwest one-half of Briscoe, Hale, northeast one-half of Lamb, west one-half of Floyd.
- The equipment, materials, and methods to be used in conducting the operation are: a weather radar system; aircraft; pyrotechnics (flares); and wing tip liquid generators for dispensation of silver iodide nuclei near cloud base.
- The person who will be in control and in charge of the operation is H. Robert Swart, Plainview, Texas.
- The operation will be conducted during the period beginning January 1, 1977 and ending December 31, 1980.

Individuals, organizations, or agencies who consider that their interests will be adversely affected by the operation proposed may file a formal protest for consideration by the Board with the following:

Performance of seeds or crop produced therefrom may be adversely affected by factors beyond our control including environmental conditions, insects and diseases. The limitation of warranty and remedy attached to each bag of Pioneer brand seed is a part of the terms and conditions of the sale thereof.

Sunnyside

Riley presents testimony in congressional hearing

By TEENY BOWDEN

Ray Joe Riley went to Washington, D.C. last week to testify with Carl King of Dimmitt before the House of Representatives Sub-Committee on Oversight and Investigation.

The House of Representatives sent an investigator into this area last spring, and it was because of this investigation that Riley was asked to testify. The hearing had to do with the prices farmers are having to pay for natural gas, compared with prices received for the crops grown in the area.

Riley pointed out that we are having to buy our gas from a single supplier who has no competition and can go up at will, whereas we sell our crops on a competitive basis which is not high enough to meet the cost. Since we have no regulations of intrastate gas and no competition of suppliers, gas has been going up 2 to 3 cents per 1,000 cubic feet per month, if not more.

Riley said he felt that he had a fair hearing and that Chairman Moss seemed very sincere. Two Republican members of the committee did not appear to be favorable to the testimony, and he expects little benefit from the hearing unless there is a change in administration. The testimony has been published in the Congressional Record. Representative George Mahon introduced Riley to the Sub-Committee. Jodie accompanied his father on the trip.

SEVERAL from the community attended the annual Agri Industries stockholders meeting in Dimmitt Thursday night. Charles Axtell was appointed to the senior board.

Mrs. Embree Roy Sadler attended the 50th anniversary reception of Mr. and Mrs. Carl Webb in Plainview Saturday afternoon. The Webbs are former residents of the community and members of the Sunnyside Church. Mrs. Carl Webb, nee Bertie Baker, is a cousin of Mrs. Sadler.

The Layman-led revival began Sunday with Alvin Fleming, a farmer from Tulia, bringing the message, and Jim Fullingim, a farmer from Peters-

burg, leading the singing each night. Mrs. Gullingim and Samona also attended the services.

Mr. and Mrs. Dee Jones of San Angelo arrived Saturday afternoon to attend the revival services and visit with their son Rev. and Mrs. Raymond Jones. Bubba Jones spent the day Sunday with them.

.10 of an inch of rain was received Tuesday evening and night.

MR. AND MRS. Milburn Haydon vacationed in northern New Mexico and in Colorado last weekend and this week.

Mr. and Mrs. Roy Phelan visited this week in Weatherford and Fort Worth with relatives and friends. They visited in the hospital in Weatherford with S. C. Gunn and with Mrs. Norris Fuller of Covina, Calif., who was visiting with him. He was removed from intensive care to a private room last Saturday. He is walking some now with a walker. His main injury was a whiplash injury to the neck.

Mr. and Mrs. Embree Roy Sadler took Amy Sadler to her home in Lubbock Thursday afternoon and visited with Dr. and Mrs. Myles Sadler and Gregory to wish Myles a happy birthday. Amy stayed with her grandparents last Sunday.

Mr. and Mrs. J. C. Burch of Denton visited last Wednesday with Jackie Clark and Mr. and Mrs. J. C. Holbrooks. They had supper with the Holbrooks.

Mr. and Mrs. M. H. Fowlkes of Lubbock spent the day Tuesday with Mr. and Mrs. Embree Roy Sadler and Amy.

MRS. LLOYD Blanton took Mrs. Lillie King to Amarillo Saturday to spend a few days with her mother and Bill, who has had the flu.

Mr. and Mrs. Carl Bradley, Kent, Kelby and Kyle had as their Sunday dinner guests Mr. and Mrs. Charles Hedrick and boys of Amarillo, Bill Matlock of Alba, and their mother Mrs. Jess Matlock of Springlake. Mrs. Matlock went home with Bill to visit with his family a while.

Lee Brown was one of the ushers and Gale Jones helped with the reception serving at

the wedding of David Kniffen and Jo Ellen Schleusing last Sunday afternoon in the Springlake Baptist Church. Wendy Marie Kniffen was a junior bridesmaid. Keith Kniffen was best man. Mr. and Mrs. Clent Kniffen and family live at the El Paso Gas Plant. Jack Bradley broke a leg Thursday night when he fell off a trampoline. His leg was put in a cast which he will have to wear for five to six weeks.

Terry Blanton received a sprained ankle Friday at work when his horse fell with him. He had to use crutches the rest of the week, but stayed on the job.

MR. AND MRS. Randall and family of Vigo Park and Mr. and Mrs. Ronnie Blanton of Wellington spent the day Sunday with their parents Mr. and Mrs. Lloyd Blanton and Terry.

The adult II Women's Sunday School class fixed dinner at the church Sunday for Mr. and Mrs. Jim Fullingim and Samona, Alvin Fleming, Rev. and Mrs. Raymond Jones and Bubba and Mr. and Mrs. Dee Jones.

Mr. and Mrs. Thomas Parson and their son, Mr. and Mrs. Neal Parson and family of Muleshoe, vacationed over the Labor Day weekend in New Mexico.

Mrs. Travis Deering and twin daughters Stefani and Cherish and Mrs. Jay Stanton and April Dawn of Dimmitt were visitors in the Sunday morning worship service.

MR. AND MRS. Bud Woodward and Mrs. Nancy Copeland and Jenifer, all of Lubbock, spent Saturday night and Sunday with her brother Mr. and Mrs. Cliff Brown, Lee, who was home from Tech for the weekend, and Lynn.

Mrs. Ray Joe Riley, Mrs. Gerald Graham, Mrs. Eddie Haydon and Mrs. Gerald Elkins were elected by the Springlake-Earth band boosters to have charge of the band dinners for the season.

J. D. Abbe and children moved from the community to near Dimmitt last week.

Eddy Nicholson

'Rocking chair philosopher' schedules return engagement

The Castro County Ministerial Alliance will sponsor an appearance of Eddy Nicholson, the "Rocking Chair Philosopher," in a return program here Sept. 24.

The public is invited to hear the unusual speaker at 8 p.m. in the Dimmitt High School auditorium. He presented his homespun philosophy to an audience in the First Baptist Church in June and that appearance has led to the invitation to return to the larger auditorium.

Convinced that most Am-

ericans "need to slow down and live," Nicholson calls his program "Folks Ain't A-Livin' No More" and has won national attention. Dressed in overalls, Nicholson gives his entire performance from a rocking chair.

He blends mountaineer humor, country stories and gospel songs, inviting audiences to join in some of the songs, as he attacks today's fast-moving society in an unusual way and tells how it was on a small Tennessee farm "after milkin' time."

He urges families to "spend more time with their youngsters" and in the things that count, and is pleased when his hearers are induced to re-evaluate their own priorities, as they often tell him they do.

IF YOU think of the things you don't have and don't want, you'll find you're pretty rich.

BOOSTER CLUB FOOTBALL CONTEST

CONTEST RULES:

1. Contestant must be at least 18, and must be a member of the Dimmitt Athletic Booster Club. If you are not a Booster Club member, you may send in your dues with your entry. Dues are \$5 per couple, \$2.50 per person.
2. Circle your choice of winning team in each game on this week's list. Be sure your name and address are on your entry.
3. Your entry must be turned in before 5 p.m. Friday at the Castro County News office, 108 W. Bedford St. Entry also may be mailed to "Football Contest," Castro County News, PO Box 67, Dimmitt, 79027, and must be postmarked before 5 p.m. Friday.
4. A committee of Booster Club members appointed by the club's officers will compile the weekly contest list and score the entries.
5. The tie-breaker score will not be used except in case of a tie on the number of correct choices. On the tie-breaker, circle your choice of the winner and pick the TOTAL POINTS you think will be scored in the game.
6. Contest winners will be announced at the next meeting of the Booster Club at 8 p.m. Tuesday in the Dimmitt High School Cafeteria. Any questions concerning the contest or individual scores should be brought up at that time.
7. Contest winners' names will be posted in next week's issue of the Castro County News.

PRIZES

WEEKLY prizes of \$5 cash for first place and \$3 cash for second place will be awarded by the Dimmitt Athletic Booster Club. GRAND PRIZE for the season will be 2 tickets to the Cotton Bowl Game. There will be no second place grand prize this year. The Booster Club scoring committee will compile weekly totals of contestants' correct predictions to determine the season prize winner.

Small Talk

By SUE COLEMAN

Eating habits are funny things, and since we all eat more or less, we all have 'em. **THEY CHANGE** from time to time, on a broad scale, and it's sort of amusing to consider the shift in men's attitudes toward food in recent years.

In a coffee shop not long ago I heard three men who looked like rugged ranchers, earnestly discussing a matter they must have deemed important. Since they were just across a counter from me it wasn't hard to hear their subject, the best way to French-fry onion rings.

IN FACT, they were swapping recipes just like Aunt Matilda and the girls at a Victorian tea party. In Aunt M's day, no man who valued his reputation would have admitted he ever had French-fried anything, much less brag about it in public.

Of course men took pride in their camp cookery, and there were rough old sourdough cooks on ranch chuck wagons who had no earmarks of a sissy, but most men who could cook in the kitchen kept quiet about it.

MAYBE it's the fad for backyard barbecuing that developed male cooks. That's done outdoors, just a step from a campfire, and it's only another step into the kitchen. And the French-fryer.

Maybe that's also what turned men who wouldn't touch a green salad with the 10-foot pole, into creatures who head for the salad bar eagerly.

Mothers and wives used to push lettuce at the men and boys without success; now it's accepted as the right thing to go with the backyard broiled steak, and if you watch men fill their plates in a serving line, hardly a one passes up the nice crisp salad greens they used to scorn.

[Compiled from the Community Birthday Calendars of the County Home Demonstration Council and the Nazareth American Legion Auxiliary.]

PLAN FALL WEDDING—Kay Campbell, daughter of Mr. and Mrs. Gene Campbell of Amherst, and Steve Campbell, son of Mr. and Mrs. R. C. Campbell of Uvalde, formerly of Dimmitt, plan to be married at 7:30 p.m. Oct. 9 in the First United Methodist Church at Amherst. She is a graduate of Southwestern Oklahoma University School of Pharmacy, employed at St. Mary of the Plains Hospital at Lubbock. He farms at Batesville, and is a graduate of Southwest Texas Junior College.

Association of W's to start year Monday

Women Who Want to Be Women, an organization started in Dimmitt last March, will begin its new year Monday with a meeting at 7:30 p.m. in the assembly room of the courthouse.

THE NATIONAL organization is now using the name, Association of the W's, since it invites membership of both men and women over the age of 16. Local meetings are scheduled for the second Monday of each month through next May.

The program Monday will feature a tape recording presented by Larry Odom of Indiana, formerly of Dimmitt.

The recorded speaker is his pastor, Jack Hyles, who has become widely known as a foe of communism.

Hyles messages are humorous but with a serious basis. Some of his topics in this recording are "What's for Christmas This Year and Next," "Television and You," and "The Parties' Platforms and Aesop's Fables."

TEACHERS in school, church classes or nursery schools, as well as parents, are especially invited, according to Mrs. Owen Whitsett, president of the association. She adds that parents and teenagers are also invited to come and give

Irene's Ideas

County fair is here; Christmas tea coming

By IRENE KEATING

The county fair is upon us. I hope many of you will enter. You may call or come by the office if you have any questions.

THE ANNUAL Home Demonstration Club Christmas Fair and Tasting Tea will be held Sept. 15 in the County Exposition Building. This is an excellent time for you to get recipes for holiday foods and to get gift and decoration ideas. Packets of recipes and directions will be available. Come and eat lunch with us for a good treat at low cost.

WHAT COLOR are your appliances? According to a survey of housewares manufacturers in 1975, 45% of the appliances sold were gold color—it is predicted to still be first choice this year. Losing prominence is avocado green. The newest colors in appliances are white and brown. I guess we can tell what vintage our kitchens are by the color of the appliances.

While we're talking about appliances, there are some innovations in ranges to make them safer.

New ranges with backguard controls will now have them at least six inches above surface elements. Some manufacturers place the controls at a slope so they're easier to read.

FRONT surface element controls must be recessed to pass a "pot-holder ignition" test and the controls must involve two steps to turn on—first pushing and then turning the control—

their views of the unisex physical education program in local schools.

to prevent children accidentally turning them on.

Ranges can no longer have electrical outlets, because it was too easy for electrical cords to come in contact with heat from the surface elements.

Castro County Country Club

We had a 2-day Florida scramble last weekend instead of the club tournament as planned, since so many people were out of town over Labor Day. There were 10 teams, most comprised of two men and one woman.

FIRST place honors went to the team of Dickie Dyer, Gerald and Patty Summers, 135. There was a three-way tie for the remaining three places: Leon Langford, Charlie White and Shirley Underwood; Cary Jackson, Judge and Dolores Baldridge; Mark Cleavinger, Eddie Sutton and James Dudley all finished with 138's.

Supper was served for all the players Saturday night. Several of the gals went together and brought food for a picnic dinner on Sunday. Everyone had a good time, even the losers.

Our club tournament will be held at a later date.
