

## RED CROSS REPORTS ON WORK BEING DONE

Almost every man and woman in Randall County has awakened to the call of the Red Cross. The following report of the output of finished materials and the unlooked for success in the recent campaign for funds, prove that our county of four thousand is not merely satisfied with doing our quota, nothing short of our best is our part. We realize where there is one live county there are several dead ones, both in workers and financial support. Those who are alive must make up for those who are dead.

We have shipped from our work-rooms 38 boxes consisting of the following articles:

Sweaters	121
Helmets	72
Scarfs	37
Sox, pairs	339
Wristlets, pairs	47
Total	616
Abdominal bandages	535
T bandages	265
4 Tailed bandages	425
Triangle bandages	2300
Many Tailed bandages	1560
Soultetus	10
Webbing Splint Straps	95
Total	5190
Bed shirts	988

Pajama suits	502
Bath robes	66
Nightingales	199
Hot writer covers	62
Caps	37
Bedsox, pairs	48
Handkerchiefs	36
Napkins	24
Ambulance pillows	72
Cot bags	46
Quilts	7
Chemise	12
Total	2099
Garage articles	12977

This makes a total of 20,882 articles shipped since we opened our work-rooms in August.

Amount collected to date	\$7956.08
We have expended for materials since July 1, 1917	3856.06
Freight, express and other expenses	204.15
Deposited for use of Home Service Committee	50.00
Total	\$4110.21
Leaving a balance on hand of	\$3845.87

The Executive Committee passed a resolution at its last meeting to do Red Cross business strictly on a cash basis.

MRS. D. M. STEWART, Chairman  
MRS. D. A. PARK, Secretary  
C. D. LESTER, Treasurer.

## EASTERN STAR TO HAVE BIG MEETING

Twenty-four chapter of the Order of Eastern Star will be represented in the School of Instruction of the Second District of Texas, which will be held in Canyon May 10 and 11th.

Fifty delegates and a large number of visitors from various parts of the Second District will be here for the two days meeting.

The Grand Matron, Mrs. Cora M. Cohrens of Houston, and other Grand Officers will be present at the meeting.

The following will be the program: Mrs. Mattie A. Sebitts, Deputy Grand Matron, of Higgins, Second District.

Friday—2:00 p. m.  
Opening Ceremony—Canyon City Chapter No. 105  
Presentation of Grand Officers  
Song—America  
Address of Welcome:  
On behalf of city—Professor J. A. Hill  
On behalf of the Masons—W. J. Flesher

On behalf of Canyon City Chapter—Mrs. Beula Burrow  
Response—Mrs. Rebecca Robinson, of Lubbock, Committee on Work.  
Opening of School of Instruction—Mrs. Cora M. Cohen, of Houston, Grand Matron.

8:30 p. m.  
Reception.  
Exemplification of degrees—By Canyon City Chapter.

Saturday—9:30 a. m.  
Esoteric Drill—Mrs. Mattie A. Sebitts, Higgins.  
Balloting Exemplified—By delegates.  
Study of ritual and constitution.  
Question box  
Examinations—Mrs. Rebecca Robinson, of Lubbock, Committee on Work.

1:30 p. m.  
Address, Q. E. S. Home—Grand Matron.  
Why we should understand parliamentary law—Members of Canyon City Chapter.  
Parliamentary drill—Mrs. Mattie A. Sebitts.  
Exemplification of degrees—By delegates.  
A point I wish made clear—Delegates.  
Examinations—Mrs. Robinson  
Report of committees.  
Closing.

Giving Free Exhibition.  
H. W. Blaine announced this week that his gymnasium classes, both boys and girls, would give a free exhibition Saturday night at the Auditorium at 8:30 o'clock. All of the people are cordially invited.

The classes will show some of the things that are being done in the Physical Education department of the Normal.

Mr. and Mrs. U. S. Gober and Miss Frankie went to Camp Hill, Okla., Monday to visit for a week with Lieut. Fay Gober.

## NINETEEN MEN ENLIST WITH TEXAS NATIONAL GUARD

Lieut. E. W. Reid has enlisted 19 men in the cavalry troop of the new National Guard which is being raised from Randall, Deaf Smith, Castro, Farmer and Swisher counties.

The men will be examined physically by Dr. D. M. Stewart Friday and Monday, and will then be ready to muster into the service as soon as called out.

The following men are enlisted: Lawson H. Conner, Ben Wasserman, Joe L. Machen, B. Ford Fronabarger, George W. Brown, Dewey L. Fogerson, Jack Vester, Orville W. Grimes, Eugene W. Woods, Luther C. Fronabarger, Arthur M. Murphy, Clyde W. Baird, Clarence L. Lynch, Ernest W. Smith, Walter C. Buecher, Herman A. Glass, J. C. Gibbs, Carl J. Anderson, Emzy A. Grimes.

Lieut. Reid states that men will be accepted for this branch of the service until orders are received otherwise.

## 30 BOYS AND GIRLS JOIN PIG CLUB HERE SATURDAY

County Agent B. B. Holland was in the city Saturday afternoon to organize the Canyon Pig Club. He is organizing these Clubs all over his district and is meeting with great success in getting the boys and girls to buy registered pigs for the club.

Mr. Holland has made arrangements with a number of breeders of registered hogs whereby the boys and girls of the Clubs may procure these pigs at a greatly reduced price. In some instances the owners will sell the pigs to the boys and girls on their note, while in other instances the banks will furnish the money for the members. Mr. Holland states that he can get fine registered pigs at about \$25 for any of the club members. It costs no more to raise a good hog than a poor one, and that is the way Mr. Holland will teach the boys and girls.

At the meeting Saturday the following officers were elected: Joe Goode—President, Clay Ridgeway—Vice President, Ethel Gilstrap—Secretary.

Another meeting will be held in Canyon on Saturday, May 11th and all of the boys and girls interested in the Pig Club should be present.

Will Form Happy Club.  
Mr. Holland will be in Happy tomorrow, May 3, to organize a Happy Pig Club. At night a large number of school children will be brought to Happy where Mr. Holland will give an illustrated lecture on the Pig Club.

Mrs. Weaver Building Home.  
Mrs. I. H. Weaver is starting to build a new home on Canyon street, just across from the Angel home. The home will have five rooms and be a modern bungalow.

## Double It!

That subscription to the Liberty Loan.  
As a nation we have not yet done our share.  
We have subscribed to the war only out of our surplus wealth—money we did not need.  
The Frenchman, the Englishman, is subscribing far more in proportion. He is wearing old clothes, eating less food, his wife is working in an ammunition factory or on a farm, his sons are either fighting or dead.  
Let not only duty but your American pride guide you.

## Double It! That Subscription to The Liberty Loan

### LESLIE NOBLES GIVEN 25 YEARS BY AMARILLO JURY

Leslie Nobles was found guilty of criminal assault by a jury in Amarillo last Friday night and sentenced to 25 years in the penitentiary.

Young Nobles was tried by a jury in this county a few weeks ago and was given a sentence of 35 years. A motion for a new trial was sustained by Judge Umphres and the case moved to Potter county.

A motion for a new trial was filed Monday and this motion will be argued sometimes during the present term of court in Amarillo.

### Santa Fe Raises Men.

The boys working on the Santa Fe section are delighted with the raise which will be given next week. The men are now getting \$2 per day, but the road will raise this to \$3.33 next week.

### MORE MEN LEAVE FOR THE ARMY—ONE NEXT WEEK

John Toles and Floyd Phillips left yesterday for San Antonio where they enter the next national army.

One man is called for May 10 and Elbridge Gatewood will probably be the man to go, as his school is out and he will be home and ready to go by that time.

There was a big crowd at the depot Saturday morning when Ray Campbell, Pete Hutchinson and Clarence Boehning left. William Rippey did not show-up to go. He was last heard from some place in Illinois. He was a laborer in the county last June at registration time. The sheriff has been asked to get on his trail.

The deferred classification claim of Millard Word was before the district board last week, and he was put in Class 2-C. Clint Bybee was put in Class 2 on agricultural claim.

## WAR SAVINGS STAMP SALE IS FAR BEHIND

Up to the 17th of April Randall County had sold but \$3.98 per capita of War Savings Stamps.

At that time, we should have sold \$7.50 of these stamps per capita.

The total for the year that Randall County must sell is \$100,520.00.

To April 17, the county had bought only \$15,508.63.

Randall county has the habit of doing things.

Randall county never loafs on the job—until this time.

We have fallen short, probably because people have not understood what the War Savings Stamps really mean.

The stamps are not child's play. They are as necessary as are the Liberty Bonds.

They are as necessary as the Red Cross, or the Y. M. C. A.

The government expects and demands their sale just in the same proportion as they expect and demand the sale of Liberty Bonds.

Every man, woman and child in the United States is expected to own \$20 in War Savings Stamps before the 1st of January, 1919.

Don't put off buying until the last month of the year.

Set aside a certain amount every month for the Stamps and buy that many. Do it by the week, if you can.

No person may own more than \$1000 worth of these Stamps.

A number of people in Randall County who have bought the required amount.

The quota for each county is based strictly upon population, and not upon bank deposits. Every citizen of Randall county should buy these Stamps in Randall county.

Let the county be up with its quota when the next report is made by the Federal Reserve Bank on May 17th.

Don't put off buying War Savings Stamps another day.

### THOMPSON ATTENDED FOOD AND FEED MEETING SAT.

County Chairman T. C. Thompson of the Food and Feed Campaign was in Amarillo Saturday attending a meeting of the county chairman at which time plans were forwarded to carry on an aggressive campaign in the Panhandle to get the acreage of feed crops doubled for this year.

Mr. Thompson reports that nearly all of the county managers were present and that the interest manifested was very great. He believes from reports that the Panhandle will have a great row crop this year, and that all of our people have awakened to the necessity of raising everything possible for their own homes.

Literature and speakers will be sent over the counties within a very short while. It is the purpose to constantly keep before our people the necessity of raising all they can, and saving all they raise.

Plans are under advisement to put every man possible on the farmers in order to overcome the shortage of labor. The labor element of the increased acreage is probably the biggest question in the way, but the county managers believe that it can readily be solved.

Mr. Thompson was highly impressed with the home canning plan as presented by a representative of the A. & M. College. It is possible to install home canning plants at a cost of from \$100 to \$150. With one of these plants practically all of the vegetables in Randall county could be saved—it might take two or more plants, but even if this number was necessary, the saving to the people of the community would justify the expenditure.

These plants are now in use in other sections and are very successful. Mr. Thompson wants the people of the county to thoroughly investigate the proposition in order to assist in every manner possible to carry on the war.

High School Organize W. S. S. Tuesday morning during Chapel Exercises a War Saving Society was organized in the Canyon high school.

The following officers were elected: President—Newton Harrell, Secretary—Helen Croson.

The president then took the chair and appointed the following committee to assist in arousing interest in buying Thrift Stamps:

Winnie Mae Word, Hazel Park, Otis Hale, Cass McGee, Jonnie Rowan.

Miss Deen made each pupil in her eighth grade a present of a War Savings Stamp book, with the first Thrift Stamp in it.

Come to Canyon to live.

## \$70,000 BONDS ARE SOLD IN RANDALL CO.

Subscriptions to the Third Liberty Loan continue to come in, but all of the amounts are small.

The banks reported \$65,000 last week. That amount has been increased to nearly \$70,000 up to yesterday.

The nation as a whole is far behind with the subscriptions. Every man is expected to do his best, and no matter if Randall county has done the minimum that the government expected, we are urged to double our subscription.

Saturday is the last day of the campaign. Every man who has not done all that he could, is expected to get busy at once. The banks are still taking subscriptions.

TWO RANDALL COUNTY MEN WOUNDED ON BATTLE FRONT

Randall county has two men in the Red Cross hospitals of France, having been wounded while engaged with the American troops now at the front. Both men were with the Engineers.

Tilford Ward was wounded nearly a month ago, and notice came to C. C. Hughes of his injuries. No word as to his condition was received. He enlisted with the Engineers at the beginning of the war.

Word was received this week that Charles Watson had been wounded on April 10. He enlisted last October with the Engineers and has been in France for some time. His father, T. G. Watson lives near Washburn, in the northeast part of Randall county.

Young Watson's mother died the day after he was wounded. She has been in invalid for a number of years.

Marrs Praises Red Cross Chapter

Hon. Lon D. Marrs, Mayor of Amarillo, and District Field Representative of the American Red Cross in the campaign which begin May 20, writes C. R. Burrow, Randall County manager of the campaign, as follows:

"Your chapter is one of the strongest and most patriotic in the Panhandle and has been so recommended to Amarillo, to Dallas, to St. Louis and to Washington, D. C. and if there ever was a time when the Red Cross Fund should be increased, it is between now and June 1st, because they are needed and that badly."

Randall County will do its part in raising the \$3,760 quota.

## Strength In Unity

It is a well-known fact that the welding and consolidation of Units make a WHOLE of Vast Strength.

When the Citizens Bank of Canyon joined its forces with those of the First State Bank, there went into effect a combination of Power for Service that the community may well be proud of.

### WHY ?

Because we are able to offer the most complete and satisfactory attention to all financial details and we are first and last for every individual's progress, since it is this progress which is reflected to the credit of Canyon.

In giving our citizens the BEST of our combined efforts we are striving to pattern after our glorious Nation as well as serve it with our STRENGTH IN UNITY !

## You Can't Rub It Away; Rheumatism is in the Blood

### Liniments Will Never Cure.

If you are afflicted with Rheumatism, why waste time with liniments, ointments and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease.

S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store, and get on the right treatment today. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.

### Reason Why.

All nonfighters should buy Third Liberty Bonds.

Why do you save to build a home? It is usually cheaper to rent.

Why do you plan to give your children a good education? Will you get any money dividends from that?

Why do you call the doctor quickly if children are ailing? You don't stop to think whether you can afford it. Do you?

Why do you pay fire insurance premiums and life insurance premiums? You personally will get little if anything from that.

None of the above expenditures are what we call good investments! They don't pay in money, yet all pay the finest of dividends.

Liberty Loan Bonds bear 4 1-2 per cent and a larger dividend, too. They will never become "scraps of paper."

Will that 20 per cent business investment of yours "pan out" if the present drive is not stopped NOW?

A SHAVE With a SMILE Is a SHAVE WORTH WHILE

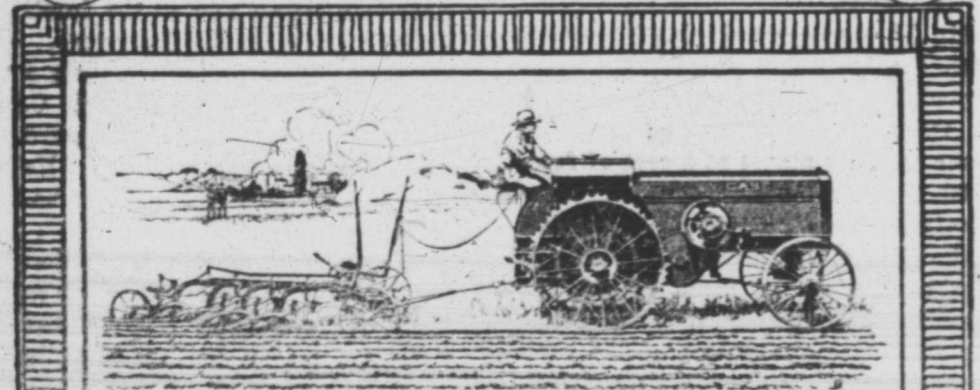

## We Can Make Your Shaving Easier

Shaving in the modern way—with modern utensils—is a real pleasure rather than a nuisance.

However, even some of the latest shaving devices are not a big improvement over the old. But we are in position to know which are the most worthy, as we have had an opportunity to investigate them all.

We tender you a most hearty invitation to inspect our worthy assortment of razors—strops—hones—blades—brushes—soaps in all forms—soothing ointments—etc.

## BURROUGHS & JARRETT

## Case Tractors Lead All Others

Case outfits are the most dependable. The Case is made for every sized farm, made in five different sizes. On account of the scarcity of farm labor this year it will be necessary for every farmer to own a tractor in order to keep up the production that the government expects from Randall county.

I have the Case Tractor agency in Randall county and ask you to call upon me for further information and demonstration of this tractor before buying.

L. T. LESTER  
CANYON, TEXAS

## MONEY TO LOAN

No doubt money will be very tight next year if the war continues. If you have anything in mind wherein it will take a loan, you had better take up the deal at once and be assured of getting the loan you want.

Loans made for ten years, with the privilege of taking them up within one year.

Now is the best time for putting through any loan.

S. B. McCLURE

Write or Phone

## GROUND GLASS IN FOOD ONLY ONCE

MORE THAN TWO HUNDRED CASES OF THIS ALLEGED OUTRAGE HAVE BEEN INVESTIGATED.

### PREFERENCE LIST FOR COAL

Issued by Priorities Board for Guidance of Distributing Agencies—Council of Defense Favors School District Organizations.

(From Committee on Public Information.)

Washington.—The frequent and widespread publication of statements concerning the presence of ground glass in foodstuffs has led the committee on public information to inquire into the authenticity of these reports. It has been advised by the food administration that thorough investigations of more than 200 of the cases has disclosed only one instance in which ground glass was found in the foodstuffs inspected.

The case in which glass was found, occurred at Fort Smith, Ark. A baker in that town had had trouble with his employees, one of whom, desiring to destroy his employer's business, had laced with glass a loaf of bread which was to be delivered to an orphanage. When the bread was served to the inmates of the institution several of them suffered lacerations of their lips. No more serious injuries resulted.

The first preference list issued by the priorities board, which names industries whose operation is considered of exceptional importance to the country during the war, is for the guidance of all agencies of the United States in the distribution of coal and coke. Included in the list are plants engaged in the manufacture of the following:

Aircraft and supplies; ammunition and small arms for the United States government or the allies; chemicals; coke; electrical equipment; electrodes; explosives; farm implements and farm-operating equipment; feed; ferro-alloys; fertilizers; fire brick; food; food containers; gas; gas-producing machinery; guns; hemp, jute, and cotton bags; insecticides; iron and steel; machine tools; mining tools and equipment; oil-well equipment; locomotives, cars, and other railway supplies; ships (not including pleasure craft); soap; tanned leather, save for patent leather; tanning extracts; tin plate; binder twine and rope; wire rope and rope wire.

Army and navy camps and cantonments are included in the list as well as mines, newspapers and periodicals, oil refineries, public institutions and buildings, public utilities, railways, producers and wholesalers of seeds, except flower seeds.

In a statement urging the creation of "community councils" the council of national defense cites these advantages of the school district as a unit of community organization:

The school district is small enough to permit individual contact, and is non-political.

The schoolhouse supplies a meeting place in each district, and in many schools includes domestic science, manual training, and other facilities.

The school district reaches children and parents alike, and in the cities the school is, to a large extent, already in touch with the alien population.

The school is an established center of information and education.

The school principal or faculty provides a tried agency through whose assistance community organization can be quickly effected.

The school district, with the schoolhouse as its center, is already a social community, especially in farm districts.

Wage increases in the United States are not keeping pace with the advance in the cost of living. Assistant Secretary of Labor Post asserts. Figures compiled by the bureau of labor statistics of the department of labor, he says, show that while the cost of food last year increased 25 per cent for the entire country, wages rose only one-half or two-thirds of that rate.

The statement issued by the bureau of labor statistics showing the increased living costs throughout the United States for the year ending January 15 says:

"Comparing January 15, 1918, with January 15, 1917, the rate of food as a whole increased 25 per cent. All articles show decided increases with the exception of potatoes, which decreased 16 per cent. Cornmeal shows the greatest price change, an increase of 77 per cent. Bacon increased 64 per cent; lard, 53 per cent; pork chops, 44 per cent; ham, 42 per cent; milk, 35 per cent; hens, 29 per cent; butter, 25 per cent; eggs, 23 per cent; bread, 19 per cent; sugar, 18 per cent; and flour, 17 per cent."

A review of the first year of operation of the federal farm loan system shows that 2,808 national farm loan associations were incorporated, representing about four associations to each five counties of the United States. They average 20 members, or a total membership of about 56,000 farmers.

The 12 land banks have received applications for over 120,000 loans, amounting to about \$300,000,000. About 80,000 loans, amounting to over \$130,000,000, have been approved and 30,000 of these loans over \$25,000 have been paid to the borrowers.

Under the new baking rules issued by the food administration, the substitute for wheat-flour content of all bread and rolls must amount to 25 per cent. The substitute content hereafter required in various products follow:

Sweet yeast dough goods, 33 1-3 per cent; crackers, 15 per cent; cookies and ice cream cones, 33 1-3 per cent; cakes, 33 1-3 per cent; pies, 33 1-3 per cent; fried cakes, 33 1-3 per cent; pastry, 33 1-3 per cent; batter cakes, waffles, quickbreads—such as muffins and Boston brown bread, 66 2-3 per cent.

Under the new rules no public eating place may serve more than two ounces of bread and rolls of more than four ounces of quickbread to any one person at any one meal.

With customers who buy loaf bread, bakers are urged to promote the use of the three-quarter pound loaf, following the food administration's request that the 12-ounce loaf be used where the 16-ounce loaf was used before.

Bakers are urged to introduce "quick-breads" as a wheat-saving measure. These quick breads, including muffins, baking-powder biscuits, corn bread, Boston brown bread, griddle cakes, and waffles, must contain two-thirds wheat-flour substitutes.

The use of the words "milk" or "cream" on wrappers and labels is no longer prohibited, but milk bread must still be sold at the same price as bread made without milk.

The official review of the first year of war issued by the committee on public information contained the following description of the work of American engineers in France:

American engineers have gone into French forests and done the work of the pioneers of our own Northwest. They have frequently been under fire. One of their first tasks was the reconstruction and extension of a railroad 600 miles long to carry our products from ports of disembarkation to general bases of operation.

The First Engineers troops, 1,100 strong, arrived in France about three months after war was declared. Since then the number has been greatly augmented. These troops have been constantly engaged in general engineering work, including the construction of railways, docks, wharves, cantonments, and hospitals.

An American army locomotive was built in this country in 21 days and shipped to the Expeditionary Forces. Many other locomotives, cars, logging trains, tracks, disassembled buildings and other equipment have been shipped to augment the output and facilitate the construction operations of American forces abroad.

The federal trade commission has issued orders to 98 lumber companies of the middle West and far West requiring them to stop certain trade practices in relation to mail-order lumber concerns. Among the practices which are barred by the orders are the following:

Obtaining from mail-order concerns, in bad faith or by subterfuge, estimates of the prices of lumber and building material and obtaining catalogues and special information intended only for bona fide customers and prospective customers.

Through actual or threatened withdrawal of patronage, inducing manufacturers or wholesalers to refuse to furnish supplies of lumber and building material to mail-order concerns.

Following or causing salesmen of mail-order concerns to be followed from place to place with the object of hindering and embarrassing them in their negotiations with prospective customers.

The latest bread allowances in France, placing the ration at about two-thirds of that heretofore maintained, limit maximum consumption, per day, as follows:

Children less than three years old, 3 1/2 ounces.

Children from three to thirteen years old, seven ounces.

Persons from thirteen to sixty years old 10 1/2 ounces (hard workers in this age class may receive 3 1/2 ounces more.)

Persons over sixty, seven ounces.

Parents of soldiers in camps are warned by the war department of a swindle which has been successfully operated in various camps.

A telegram is sent informing that the soldier has a furlough, and requesting funds by wire to come home, waiving identification. The rest is a mere matter of detail.

Parents and friends should be warned of this game and of the similar one where the telegraphic request is to mail money to the soldier, care general delivery.

The total amount of foodstuffs shipped during March from the United States and Canada to the allies, according to the food administration, was about 1,100,000 tons, compared with 750,000 tons in February.

Representatives of the munition-instrument industry have agreed to a curtailment of their output to 70 per cent of normal during April and May.

Three landing fields have been obtained for the proposed Washington-New York airplane postal service, at Washington, Philadelphia, and New York. According to the post office department, the service will start not later than May 15.

Red Cross workers at line of communication canteens in France accompany American soldiers on shopping trips, to see that they receive correct change and otherwise advise them in their encounters with French shopkeepers.

## Stomach Troubles Since Childhood PERUNA Made Me Well

I Now Enjoy The Best of Health

Mr. Wm. W. Everly, 3325 North Hancock Street, Philadelphia, Pa., writes:

"I have been troubled with stomach disorders since childhood, but after taking six bottles of your Peruna, I now enjoy the best of health. I also had catarrh in the head, which practically has disappeared, thanks to the Peruna Co. for their good work."

Those who object to liquid medicine can procure Peruna Tablets.

### A Hog and Hard Times Fable.

Once upon a time when Times were Hard, there was a Rural Family whose Main Asset was a Common Breed of Poverty and a Razor Back Sow. Available cash was unknown in the Shack designated as Home, and credit at the Mercantile Outfits had reached the Dead Line.

But the Scheme of trying to make Scrub Porkers open a bank account was Inherited and hard to Drop. It was being worked more In Memory of a deceased parent, whose early demise was Reputed to have been hastened by a Grand Frazzle in the Razor Back Hog Business, than as a Means of Support.

As a Financial Proposition, affairs had reached the point where the Poor House was beckoning the Household with Fiendish Glee. And something had to be Done.

A neighbor, who was looked upon with Enmity, was becoming Fat, and Sleet, and Impudent. He boasted a herd of Registered Swine.

At last, being Forced to do Something and finding nothing Worse to do, the Rustic of Razor Back Failures swallowed his Pride (?) and Imitated his neighbor. With hard Toil he managed to separate his Scrubs from the Bed Slats and Fence Rails about the Place and sold them for a Skinny Wad of Long Green which he exchanged for Tina 169876, a Swell Sow, and began Life anew.

Shortly after the Big Deal a census was taken of a Grand Litter and it was found that there was a Prime Pig for each of the Ten Commandments.

As time passed the Multiplication Table became Finger Marked in a Violent Effort to Keep track of the Increase, and United Postage Stamps were being used with Reckless Abandon in a Rapid Fire correspondence with a Swine Registry Association. At shore intervals Certificates, designating Names, Numbers and Pedigrees, reached the Breeder, and the Tax Collector accepted his Personal checks as Legal Tender.

A Swell Guy recently shambled into a local United States depository. On his rosy profile there was a look of contentment, and above it, a Stetson Lid. He was given the Joyous Mitt by the Main Squeeze of the strong institution and informed that a Cheque had been received from the commission house for his last shipment of Hogs, and that the Huge Sum had been placed to his credit.

After the meeting of the Board of Directors, during which he was frequently handed the deciding Vote, he presided at a gathering of men who were Honored as Members of the local Pure Bred Livestock Association, and suggested that Fifty Thousand Plunks from the organization's Strong Box be voted for a New Club House. The motion was carried unanimously.

The meeting over, he hid Hence—Hence, on this occasion, being the A. & M. College where his male offspring was assiduously purloining the latest methods of Further Improving the swine on parent's Stock Farm. Here he delighted the Competent Faculty by reciting his early experience with the Razor Back Hawg.

MORAL:—If present farm methods persist in being the Bosom Friends of Hard Times—try Registered Livestock.—William Gentry.

### Whenever You Need a General Tonic Take Grove's.

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60 cents.

COME TO CANYON TO LIVE.

### Topics In Brief.

We should feel more concerned over Switzerland's grain-supply if Switzerland were not such a week-end resort for affluent Germans who have found conditions irksome in their own country.—Kansas City Star.

Every farmer who talks maximum profits instead of maximum production is aiding Germany.

Without more meat and fat from America than the Allies have received in the past three years, they cannot remain in fighting trim.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

**OUR BOYS "OVER THERE" ENJOY TOASTED CIGARETTES.**

Through the patriotism of the citizens of this country thousands of smoke kits are being distributed to American soldiers in France. Authorities agree that men in the trenches need cigarettes almost as much as food and munitions.

Doctors, nurses, and commanding officers all join in the demand which has awakened in this country a great movement to keep our boys supplied with smokes.

Millions of the famous LUCKY STRIKE Cigarettes are "going over" all the time. There's something about the idea of the toasted cigarette that appeals to the men who spend their time in cold, wet trenches and billets.

Then, too, the real Kentucky Burley tobacco of the LUCKY STRIKE cigarette gives them the solid satisfaction of a pipe, with a lot less trouble.

**Subdue By Substituting.**

(As every one is affected by the war, so every one must help in every way to win it. The Canadian Food Bulletin makes a good listing of ways in which substituting can aid in subduing the submarine. It puts the matter this way:)

- Substitute—
- Service for Sneers.
- Economy for Waste.
- Fish for Beef or Bacon.
- Production for Pessimism.
- Co-operation for Criticism.
- Marketing for Telephoning.
- Performance for Argument.
- Other Meals for White flour.
- Conservation for Conversation.
- Vegetable Oils for Animal Fats.
- Perishable for Preservable Foods.
- The Garden Hôc for the Golf Stick.
- Common Sense for Common Gossip.
- Patriotic Push for Peevish Puerilities.
- Greater Production for a German Peace.
- Knowledge of Prices for Gossip about Profits.

**KEPT HER AWAKE**

**The Terrible Pains in Back and Sides. Cardui Gave Relief.**

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui. . . . I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. . . . I decided I would try Cardui. . . . By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

She always prais Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a try. NC-133

**Every Garment** tailored by **A. E. ANDERSON & CO. CHICAGO** is of dependable style and quality. **The TAILORING YOU NEED** **CHAS. HARTER** Local Representative.

**STANDARD CARS OF ORDNANCE BUREAU**

VARIETY OF THE VEHICLES AND PARTS KEPT TO A MINIMUM BY CONSTANT EFFORT.

**MANY BOOKKEEPERS NEEDED**

Civil Service Examinations for Such Positions to Be Held Weekly—Raw Cotton From the United States Goes to Spain.

(From Committee on Public Information.) Washington.—Among the standard motor vehicles being provided by the ordnance bureau are the following:

The ammunition truck, which has a steel body designed to accommodate packing boxes of any type of ammunition mounted on a four-wheel drive truck chassis. The equipment repair truck, making use of the same type of chassis, has bins and drawers for spare parts and material for repairing personnel equipment, rifles and machine guns, leather equipment, etc.

The artillery repair truck has a four-wheel drive chassis and a small machine-shop body with equipment consisting of a lathe, drill press, bench grinder, electric drill, welding outfit, air riveting hammer, milling attachment, blacksmith outfit, and other tools. Electric power is supplied by a gasoline-driven generator.

The 2½-ton artillery tractor weighs about 5,000 pounds and is capable of making 12 miles an hour under favorable road conditions. The five-ton artillery tractor, weighing 9,000 pounds and capable of a speed of six miles an hour, will handle a load of 20,000 pounds. It is intended for use with 4.7-inch gun and 6-inch howitzer material. A load of 18,000 pounds is the maximum for the 10-ton artillery tractor, which will make about 4½ miles an hour on high speed.

The 15-ton artillery tractor and the 20-horsepower artillery tractor will be supplied in limited numbers. They are of the truck-laying type similar to those used by the French and British governments and are for heavy loads which are not intended for transportation.

Other standard motor equipment consists of the reel and fire-control truck with a four-wheel drive truck chassis and rear wheels replaced by caterpillar trucks; reconnaissance car, a 1-ton truck capable of a speed of from 30 to 40 miles an hour; the light repair truck, weighing about 2,400 pounds; the 1½-ton trailer for anti-aircraft guns; the 3-inch field gun trailer, which is utilized for hauling ammunition, as well as the 3-inch gun trailer.

Tanks and other armored land vehicles are designed, procured, and maintained by the ordnance bureau.

There has been a constant effort to keep the variety of vehicles and parts to a minimum. Only one size of tire is used on all the heavier trucks and trailers, this size also being used on similar vehicles by the quartermaster corps, signal corps and engineers. The same magneto is used on all types of ordnance vehicles. All types of ordnance truck bodies are interchangeable on all truck chassis issued to the artillery.

So urgent is the government's need for bookkeepers that civil service examinations to fill positions of this character will be held throughout the United States each Tuesday until further notice. Women as well as men are eligible.

Two classes of examinations are announced. A grammar school education or its equivalent is required of applicants for each class, with the further stipulation that those who wish to take the bookkeeper-type writer examination must have had at least six months' experience in bookkeeping, and those who would undertake the clerk-bookkeeper examination, one year's experience in clerical work, six months of which must have been in bookkeeping. The vacancies to be filled from the register obtained from these examinations are in the departmental service at Washington and offer entrance salaries of \$1,000 a year.

These examinations are open not only to all citizens of the United States but also to subjects of allied nations who are otherwise qualified for the positions offered.

There is being prepared in the adjutant general's office a new "pay card" which will be kept by the personnel officer and will show the pay status of the man at all times. Should a man be transferred or detached from his company he will carry his card with him. This is expected to eliminate the many causes for delayed payments of men so transferred, and to do away with many of the annoyances that have heretofore existed.

During the first year of war the army paid \$60,000,000 for horse-drawn vehicles and harness; more than \$50,000,000 for horses, mules and harness. Expenditures for the fiscal year ending June 30, 1919, for fuel and forage are estimated at more than \$500,000,000.

A standard system of inspection by which federal food administrators may keep a check on commercial bakers is being worked out by the department of agriculture and the food administration.

The war trade board has granted licenses for raw cotton to Spain in quantity sufficient to load several Spanish vessels. This action provides cotton necessary to fill the normal requirements of the Spanish mills.

Under the agreement with Spain that nation permits free export to the allies of certain commodities in return for which the United States permits, so far as consistent with its conservation policies, the export to Spain of necessary supplies of cotton and other commodities to cover genuine Spanish requirements.

Congress has authorized \$2,034,000,000, of which sum \$1,135,000,000 has been appropriated, for the United States shipping board and Emergency Fleet corporation; on March 1, \$463,247,955.37 of this sum had been expended. The Emergency Fleet corporation had requisitioned March 1, 425 steel vessels and contracted for 720 steel vessels, making a total of 1,145 steel ships, of an aggregate dead-weight tonnage of 8,164,508 tons; it had let contracts for 499 wooden vessels, aggregating approximately 1,715,000 dead-weight tons; it had repaired and put in operation 783,000 dead-weight tonnage seized from Germany and Austria. On March 5 the building program of the Emergency Fleet corporation was being carried on in 151 plants.

Among the purchasers of the quartermaster's department are 31,000,000 pounds of prunes and dried beans; 273,000,000 cans of tomatoes, condensed milk, and baked beans; 40,000,000 yards of mosquito bar; 75,000,000 yards of olive drab; 20,000,000 woolen blankets; 50,000,000 pairs of heavy stockings; 11,000,000 wool coats. The ordnance program includes the purchase of 23,000,000 hand grenades, 725,000 automatic pistols, 250,000 revolvers, 23,000,000 projectiles for heavy artillery, 427,248,000 pounds of explosives, 240,000 machine guns, and 2,484,000 rifles.

A war emergency course to train selected men for machine-shop occupations, blacksmithing, sheet-metal working, and pipe fitting has been prepared by the federal board for vocational education and will be distributed to the schools throughout the country. It is known as Bulletin No. 8.

The board is acting with the war department in preparing these courses of study and in dealing with the state authorities in charge of the school work.

Recently there has been considerable discussion through the press and at public meetings in Australia concerning the advisability of producing more beef cattle and sowing less acreage to wheat, according to a report to the department of commerce.

Several hundred submarine chasers, built since the war, have been delivered to the navy by 31 private concerns and six navy yards; many of these boats have crossed the Atlantic, some in severe weather.

Through a card-catalogue system 109,487 men have been transferred out of army divisions into technical units to function according to individual educational, occupational and military qualifications.

There are now four times as many vessels in naval service as a year ago. The estimated pay of officers and men in the navy for the first year of war was \$125,000,000.

The Norwegian government has appropriated \$7,000,000 to assist intensive agricultural development. Of this amount, \$4,500,000 is to maintain low maximum prices for cattle feed and fertilizer.

New Japanese concerns numbering over 100 are reported as having entered business at Shanghai during 1917. The Japanese population is rapidly increasing, now being about 14,000,000.

During 12 months the army hospitals increased from 7 to 63 in number and from 5,000 to 58,400 beds; 30,000 more beds are being added.

More than 70,000 acres of land in this country has been planted with castor-bean plants to produce oil for aircraft.

American troops permanently took over a part of the firing line as an American sector in January, 1918.

The navy now has in its possession a stock of supplies sufficient for average requirements for one year.

Our 14-inch guns weigh nearly 95 tons and are over 58 feet long, costing \$118,000.

Our 35,000-ton cruiser, capable of 35 knots, will be the fastest in the world.

Production of 10,000 new automobile trucks is in progress for the army.

Chinese peanuts are usually hand sorted by women after being sifted.

The United States grows more than 6,000,000 bushels of peanuts a year.

The annual pay of the army now exceeds \$3,000,000,000.

The navy ration in 1917 cost \$0.438, as against \$0.3784 in 1916.

**Liberty Sewing Sale**

**May 1st to May 18th**

Home sewing is the order of the day. It is the PATRIOTIC DUTY of every household. President Wilson in his appeal to the American people has asked that AS MUCH SEWING BE DONE IN THE HOME AS POSSIBLE in order that the factories may be left free to make war munitions, including garments of every kind for soldiers and sailors and so THIS STORE in line with the progressive spirit and patriotic movement of the day has devised a

**LIBERTY SEWING SALE**

which starts at 10 a. m. Wednesday, May 1st, and closes Saturday night, May 18th.

Come in and buy your materials for commencement gowns, and all your "dress up" things for school closing day exercises.

LIBERTY BONDS (First and Second Issues) accepted as cash for merchandise at this store. You can buy goods at this store with your bonds just the same as if they were cash. We sell goods for cash and one price only and Liberty Bonds are as good as money here at this store.

**JONES**

DRY GOODS COMPANY

6th and Polk Street

Amarillo

The Busy Corner

**Clean Up.**

Spring time is here, the time to clean up our back yards and alleys, burn papers, rubbish and trash of all kinds. Remember the city does not haul off anything that is combustible. If you have piles of ashes in the alleys, scatter them out. It will help to keep weeds down. The city can't use them on the streets on account of nails they contain; hence, it is up to the owners to take care of them.

And please remember the alleys are not a dumping ground for turkie feathers, dead cats, dogs and chickens, etc. You have no more right to litter up the alleys than the street in front of your house.

Those having out door closets will be required to make them fly proof. This thing of having no lids and back on closets will not be tolerated any longer.

We trust that our merchants will develop a spirit of civic attractiveness. Keep sidewalks clean in front of business houses, clean up front windows, see that no waste paper is thrown out. We most earnestly request that all paper be burned in a wire or sheet iron cage.

May we have a proper conception of our duty, our responsibility, our opportunity of making Canyon the most sanitary, most moral, most delightful town in this great Plains country in which to live.

F. M. WILSON, Mayor

**The Quinine That Does Not Affect the Head** Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c.

**Had Fine Musical Festival**

The Fifth Annual Musical Festival in Amarillo, which was held Monday and Tuesday of this week was a great success. The attendance was large at every concert.

Charles Harrison was a big drawing card Monday afternoon, at the opening concert, and proved to be a great tenor. His program pleased very highly.

The opera Monday night was very pleasing. The climax of the festival came Tuesday night with the rendition of the Messiah by the Amarillo Choral Club together with the Hereford and Amarillo clubs.

For Sale—Next 10 days, re-cleaned Sudan Grass Seed, 25c per lb. McNeil Bros. h1

**NEW SWINDLE TAKES MONEY FROM PARENTS OF SOLDIERS**

Parents of soldiers in training camps are warned by the War Department of a swindle which has been successfully operated in various camps.

A telegram is sent informing parents that the soldier has a furlough, and requesting funds by wire to come home, waiving identification. The rest is a mere matter of detail.

Parents and friends should be warned of this game and of the similar one where the telegraphic request is to mail money to the soldier, care general delivery.

**To Cure a Cold in One Day.**

Take LAXATIVE BROMO QUININE. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 30c.

**Great Evangelist in Amarillo.**

Evangelist J. Wilbur Chapman has been secured by the National Service Commission for a series of Patriotic Rallies throughout the nation. The newspapers where Dr. Chapman has been recently are warm in their commendations, stating that his messages are both timely and different from any other heard during the war.

May 7, Dr. Chapman is to be the principal speaker at a great patriotic rally at Amarillo under the auspices of the National Service Commission. By reason of his crossing the continent from the Pacific slope the Amarillo people secured him for this rally.

No man who has come to Texas for

war work is better known or has a greater message, not even excepting Secretary McAdoo. Arrangements are being made that visitors to Amarillo to hear Dr. Chapman will not be disappointed. By notifying Franklin Dunn, Amarillo, by mail (or phone 187) seats for visitors will be reserved until the rally begins. No charge for this. Seats and reservations are free.

Amarillo people join the National Service Commission in requesting that full announcement of this great patriotic rally be made at all our public gatherings, including church and Sunday school services, from now until May 7.

Of Russia's 180,000,000 people about 500 have formally agreed accept the German terms.—Chicago Daily News.

**GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE**

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quart of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

**NOTICE TO CUSTOMERS**

Owing to high cost of material, scarcity of labor and time taken to collect, I will after May the 1st, do a strictly cash business.

Thanking you for past favors.

Respectfully,

O. A. MAY.

 11 a. m., Preaching by the pastor, subject: "The Parable of Life."  
 2:30 p. m., Sunbeams.  
 7:30 p. m., B. Y. P. U.  
 8:30 p. m., preaching by the pastor, subject, "The Present Supreme Menace to Right Thinking."  
 B. F. FRONABARGER, Pastor.

**Casey-Reinert Wedding.**  
 J. H. Reinert surprised his friends by going to Hillsboro week ago Sunday where he was married to Mrs. Casey. They returned to Canyon last week before the fact of their marriage became known. They will make their home on Mr. Reinert's farm south of the city.  
 Mr. Reinert's friends are extending congratulations and a hearty welcome to the bride.

**Lieut. Wayne Cousins Here**  
 Lieut. Wayne K. Cousins was in the city over Sunday, visiting at the home of his parents, Pres. and Mrs. R. B. Cousins.  
 He was on his way from San Antonio to Oregon where he is sent in connection with the production of airplanes.

In order to keep the work at full speed the government is detailing officers to go into the lumber camps where they will look after the sanitary conditions of the men and investigate to see that work is being pushed as rapidly as possible. The officers have no authority over the lumber-jacks, but wish to know that every minute is used for the urgent work of getting out the lumber for the machines.

**Must Sell Wheat.**  
 The food administration is taking in charge the farmers who have not sold their wheat and will demand that all surplus be put on the market at once.

Only sufficient seed for next year's crop is allowed each farmer, and as soon as prospects show that he will have a wheat crop this year, he must dispose of this surplus.

No man is allowed to carry wheat over for his neighbors. The government promises to take care of all with wheat next fall where no crop is made this year.

A number of farmers in Randall county have been notified by the food administration to sell their surplus wheat.

**Cousins in Great War Address.**  
 One of the greatest war addresses heard in Canyon was delivered Sunday morning at the Methodist Church by President R. B. Cousins; when he discussed the question of ethical hate, which has attracted the attention of the ministry since America has been engaged in the world war.

## RED CROSS WORK IN CIVILIAN RELIEF FULL OF ROMANCE

PATHOS ALSO IS MIXED WITH THE TASKS THAT ORGANIZATION SOLVES DAILY.

### NO RED TAPE AND NO DELAY

Soldiers and Their Dependents Made to Feel That They Are Entitled to Assistance and It is Extended Cheerfully.

One division of the Red Cross about which little is known is that of Civilian Relief. It bears that name to distinguish it from the Military Relief, but the work it does is closely akin to military relief because it always has a khaki-clad figure in the background if not directly to the fore.

The Civilian Relief Division is primarily aimed to help the soldiers in their private affairs, to aid them by aiding their families, to relieve mental distress and to solve domestic problems—so that the soldier can proceed about his task of winning the war without being bothered by thinking of what is happening at home.

The importance of the work of civilian relief is readily understood when one knows what it does. When the next call for soldiers is made, every one of the hundreds of thousands of young men who are called from their homes will receive a letter from the Red Cross. This letter will say, in effect:

"Is there anything we can do for you? Are there any questions concerning insurance, allotment of pay, provisions for those left behind that we can answer? Do you want advice? Call on us and we will help you."

#### Local Addresses Given.

These letters will give the local addresses and the names of those having the work in charge. These individuals have been furnished with handbooks explaining in detail all the rules and regulations of the government on the subjects interesting to the recruits, and, armed with these handbooks, the Red Cross worker can answer as correctly as the Attorney-General of the United States. This information is given fully and without charge.

On the arrival at camp the recruit finds notices posted giving the name and location of the camp headquarters of the Red Cross, and he is invited to write or call if he has any troubles. The persons in charge of these camp offices are trained social workers, sympathetic and of a character inspiring confidence. The soldier tells his troubles and advice is tendered and assistance is given if it is needed. When the interview closes the Red Cross person asks:

"Is there anything else we can do for you?"

That question, with its "anything else," often brings out the real purpose of the visit, a purpose that diffidence or some other feeling may have kept unspoken. When the "something else" is mentioned it is often a matter that the Red Cross finds easily adjusted, a trifle in itself but of vast importance to the persons most concerned.

#### Tragedy of the War Brides.

In the towns adjacent to every camp and cantonment are scores of relatives of young soldiers who have followed to be near their loved ones as long as possible. Often a bride follows her husband, only to find that his stay in the camp is about completed, his period of training is over and he is leaving for the front. Living in these camp towns is expensive, the population has doubled or trebled within a few months, rents are high and the cost of food soon exhausts the slender means the bride brought with her.

Perhaps she is looking forward with mingled feelings of joy and anxiety for the advent of a little stranger who may never see his soldier father. Perhaps she married against the advice of her parents—girls are prone to do that sort of thing—and does not like to appeal to her relatives. What can she do?

She can come to the Red Cross and tell her story, and right there her anxiety may end. The Red Cross will communicate with her relatives and with the relatives of her husband who has started for the front, from which he may never return. These relatives are urged to make some trifling sacrifices on the altar of civilization and patriotism. They usually respond quickly to the call.

Should the relatives fall the local chapter of the Red Cross in the town from which the soldier came is notified and assistance is asked. With a concrete case needing assistance the local chapter never has any trouble in raising funds to care for the expectant mother.

#### Assistance Is Certain.

But if relatives and local chapter fall the Red Cross does not fail, and financial relief is extended—not as a charity but as a right, as something for which the soldier at the front is paying with his time, his body and perhaps his life. The young wife is able to write to him and tell him that she is all right, that he need not worry

about her. This message makes the man at the front a better soldier, it improves the morale of the army, it is a service so important that its value cannot be overestimated.

Families of soldiers, left behind, often find it difficult to adjust themselves to changed conditions. The allotment of the soldier's pay and the allowance by the government is often insufficient for family needs, especially if unexpected sickness comes. Often a younger member of the family needs only a little time to become a breadwinner.

The Division of Civilian Relief investigates each of these cases. If necessary, a loan is made to meet an insurance premium or to pay the tuition of a young daughter at a business school to fit her for an office position. Is medical attention needed? It is furnished, many physicians doing work for a nominal fee when the request comes from the Red Cross.

These are merely suggestions of the problems that the Red Cross is called upon to solve. Multiply them by thousands and you have some sort of an idea of the work of the Civilian Relief Corps, work that touches towns, villages and farms all over this broad land. It is work worth doing and it is being done, and done well.

## RED CROSS NEEDS 30,000 NURSES FOR WAR WORK

Four Thousand a Month Must Be Supplied if America Is to Do Her Share.

More than 2,000 American Red Cross nurses have gone to Europe for active service since last Easter, quietly, as American soldiers have gone and are going; under orders of obedience, like the soldiers; and, like the soldiers again, for the duration of the war, in the face of danger and hardship, prepared for any sacrifice to protect the lives of our fighting men.

The tasks of these women, who have gone on the supreme adventure of their lives, are the very embodiment of the Easter message: And still there is a call for more nurses. Moreover, many of them must be recruited from the Southwest.

Even though more than 7,000 Red Cross nurses are on active duty in military and naval hospitals and in public health work at home and abroad, it is probable that 30,000 more will be needed for the American army alone. Five thousand are needed by June 1 of this year and 4,000 more each month until the first of January. The Surgeon-General of the United States is urging the American Red Cross to do its utmost to provide these nurses.

#### With Women Emulate Men?

Washington headquarters of the Red Cross believes that women of the Southwest do not realize the vital need of America for their services, else the response would be much greater. Red Cross headquarters recently made this announcement:

Nurses, and more nurses, if America is to win the war, is the cry of the nation to her women today. There are at present about 7,000 nurses in active service. And the first contingent of the American Army is scarcely in the field. Men are being called to the colors by the hundreds of thousands. Whether they will be protected and cared for when sick or wounded depends on whether American women are willing to make the same sacrifices their brothers are making. Failing in this, they will have done incalculable harm to the efficiency and morals of our troops.

#### Requirements For Applicants.

Requirements for enrollment as a Red Cross nurse are as follows:

An applicant must be a graduate of a school for nurses giving at least a two-year course of training in a general hospital.

Registration: In states where registration is provided for by law, an applicant, to be eligible for enrollment, must be registered.

Age Limits: An applicant must be at least 21 years and not over 40 years of age.

Indorsement: An applicant must be a member of an organization affiliated with the American Nurses' Association and indorsed by the Executive Committee, or by at least two officers of such organization. She must also be indorsed by the present superintendent of the training school from which she was graduated or the one under whom she trained. Her application must be approved by the Local Committee on Red Cross Nursing Service, and before being forwarded to Washington must be indorsed by at least two members of the local committee.

Southwestern division Red Cross officials believe there will be a ready response to the appeal for nurses once the women of the Southwest realize the imperative need for their services.

The course in home nursing offered by the American Red Cross is a definitely established chapter activity of importance equal to any Red Cross activity.

Milton C. Work, a bridge authority, who is trying to raise \$100,000 for the Red Cross, is conducting a series of lectures, lessons and tournaments in St. Louis. He has obtained more than \$40,000 of the sum desired, and has turned it over to the Red Cross. His activities are taking him to all parts of the country.

#### For Indigestion, Constipation or Biliousness

Just try one 50-cent bottle of LAX-FOS WITH PEPSIN. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Parke, Davis & Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless Chill Tonic.

# New Stock of Furniture

A COMPLETE LINE OF FURNITURE AND RUGS WILL ARRIVE IN A FEW DAYS

We see the people's need of an Up-To-Date Furniture Store and you can DEPEND ON US to supply that need.

Our new goods will begin to arrive in a very few days. We have them bought and are buying another solid car load of furniture.

We know the people of Canyon and surrounding country want an up-to-date store of this kind and we will give it to them. We thank our customers for their liberal patronage to our used furniture and ask you all to come and see us as our new goods arrive.

## - D. & Y. - FURNITURE CO.

Capt. Archie Roosevelt was given funny to read of a Roosevelt turning a resounding kiss on both sides by the other cheek.—Pittsburg Gazette-general who decorated him?—Sounds Times.

## A Business Should be as Big as Its Job

If bigness is of benefit to the public it should be commended.

The size of a business depends upon the needs which that business is called upon to serve. A business should be as big as its job. You do not drive tacks with a pile-driver—or piles with a tack-hammer.

Swift & Company's growth has been the natural and inevitable result of national and international needs.

Large-scale production and distribution are necessary to convert the live stock of the West into meat and by-products, and to distribute them over long distances to the consuming centers of the East and abroad.

Only an organization like that of Swift & Company, with its many packing plants, hundreds of distributing houses, and thousands of refrigerator cars, would have been able to handle the varying seasonal supplies of live stock and meet the present war emergency by supplying, without interruption:

**First**—The U. S. soldiers and the Allies in Europe by shipping as much as 800 carloads of meat products in a single week!

**Second**—The cantonments in the United States.

**Third**—The retailers upon whom the American public depends for its daily supply of meat.

But many people ask—Do producers and consumers pay too much for the complex service rendered?

Everyone, we believe, concedes the efficiency of the Swift & Company organization—in performing a big job in a big way at a minimum of expense.

Swift & Company's total profit in 1917 was less than 4 cents on each dollar of sales of meat and by-products. Elimination of this profit would have had practically no effect on live stock and meat prices.

Do you believe that this service can be rendered for less by any other conceivable method of organization or operation?

These questions and others are answered fully and frankly in the Swift & Company 1918 Year Book sent free on request. Address Swift & Company, U. S. Yards, Chicago

## TEXANS TO ADJUST DIET TO PRODUCTS OF EARLY SPRING

Tons of Potatoes, Spinach and Bermuda Onions to Be Absorbed If Farmer Is to Have Backing.

Onions—Bermuda Onions—valued at \$5,000,000 are soon to move in great quantities from the Rio Grande Valley, where they are being produced upon 18,000 acres. If the movement is a success the truck growers will take their profits and put in 36,000 acres of other food stuffs; and if the crop is not consumed, then these 36,000 acres will lay fallow.

Bermuda onions are being sold to the jobber on the ground at 1½ cents a pound; and one of the biggest jobbers in the State informs Administrator Peden that no consumer should be asked to pay at the most 3½ cents a pound; and that all prices above 3½ cents a pound is excessive and speculative.

Texans are urged to eat potatoes, onions and spinach. Potatoes, because they are abundant and are being sold at reasonable prices;

onions, because if the Bermudas from the Rio Grande are not absorbed in large quantities by Texas, 5,000 carloads will spoil and decay; and spinach, because it is the frailest of all truck crops and is to be had in abundance. The spinach crop in Central Texas alone requires 700 cars for movement. Because of freight congestion much of this spinach should be consumed in Texas, if it is not to become a drag on the market.

If the potatoes now, being brought into Texas from the Northwest and constituting a fraction of the 90,000,000 bushel surplus, are

not consumed before the new potatoes of Texas are brought on, it will result in a loss to the Texas producer.

If the Bermuda onion surplus of 5,000 cars is not taken care of by Texas, her camps and cantonments, her hotels and restaurants, and the homes, the planters will not be encouraged to plant additional crops.

If the surplus of spinach is not absorbed by the Texas public—the producer will be discouraged and not disposed to plant other foods and feeds. **TEXANS ARE THEREFORE OBLIGATED TO EAT DURING APRIL THEIR FULL COMPLEMENT OF POTATOES, ONIONS AND SPINACH** if they want to render the nation a real service.

## FLOUR USE TO BE CUT 50 PER CENT IN CAKE MAKING

Bakers of Texas Patriotically Meet Problem of Stretching Flour Supply; Future Meetings to Be Held Here.

Effective at once, the bakers of Texas will cut down the use of flour in cakes and pastries to 50 per cent, using only 50 per cent of wheat flour. Not only have the bakers agreed to do this, but they have also gone on record for cutting out the making of all sweet breads and cakes, such as crullers and doughnuts, which call for considerable shortening. These two important steps were the outgrowth of the final session of the Master Bakers' Association of Texas in Houston, and indicative of their desire to assist the food administration in its conservation of wheat flour.

On April 14 all bakers in Texas and all bakers in America will increase their percentage of wheat substitutes from 20 to 25 per cent, and the conference on bakers in Houston resulted in working out many interesting and beneficial formulae.

## Wooltex Coats and Suits for Your Summer Wardrobe

It is more than simply fashionable to have a trim light-weight coat and sport suit for summer. It is the most practical thing to do.

You know how many purposes coats and suits can serve—how they save other clothes—how happy you can be all summer without extravagance.

But much depends on the worth of the coat and suit you buy. You must be your own judge of values.

We can point out two things to help you; the first is the reputation of our store for fair dealing; the second is the Wooltex Label which you will learn from experience is the best possible guarantee of Metropolitan style and expert tailoring in coats and suits.

## SILK SUITS

Latest models, made of Navy Blue Taffeta. Price \$25.00 to \$50.00.

**SLEEVELESS COATS**—The Newest Novelty. With patch pockets and belt. Novelty shades. A Wooltex Garment.

## Graduation Dresses

Of White Organdie, beautifully embroidered, combined with net, trimmed with lace and tucks. Sizes 16 to 40. Price \$8.50, \$12.50, \$15.00, \$17.50, \$20.00.

## New Dresses

Of Tissue Gingham, in stripes and plaids. Trimmed with large pearl buttons, and combined with organdie. Price \$5.00, \$6.00, \$6.50, \$7.50, \$8.75, \$10.00.

## White Wash Skirts 5.00 EACH

Made of Cotton Poret Twill. Some in checks, some in stripes, others plain. All have pockets and detachable belts.

Matinee Wash Waists, made of Voile and Organdie, trimmed with lace and hand embroidery. Some plain white; others with blue and pink satin stripes. Price \$2.50.

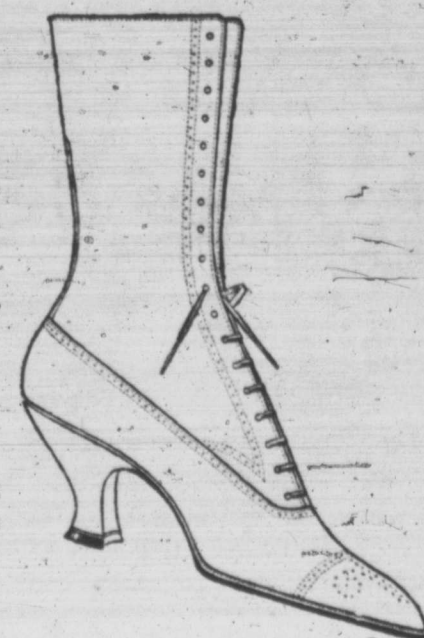

## Springtime Shoes

Spring seems to be the natural "dress up" time. Even the gnarled old tree in the orchard decks itself in fairy buds of pink and white.

Winter storms are gone; the heavy footwear that braved their rigors is laid aside in favor of lighter, more dainty shoes.

Let your feet have the dainty, dressed up look of 'Spring-time.

You will be surprised to notice how much prettier your foot looks in this year's styles of shoes. There are lots of models to choose from in our stock—and every one a beauty. Come see them, anyway.

The Randall County News

Incorporated under the laws of Texas C. W. Warwick, Managing Editor

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

We hear every few days that it is going to be hard to raise the \$3760 which is asked from Randall county in the National Red Cross Drive...

Money talks in this war. It will be the nations with the long purse that finally wins. The allies have the biggest purse and will win...

It may not sound reasonable to buy your next winter's coal before you have stopped using last winter's supply...

The cold weather and the lack of rain has materially hindered the progress of farming and gardening in the Panhandle...

The farmers of Randall County are getting ready to do their part in the increased acreage Food and Feed campaign...

War Savings Stamps are as necessary as Liberty Bonds. Each man, woman and child in America must own \$20 worth by January 1st.

There are sure a bunch of unpatriotic democrats in Missouri—the secessionist passed around quite a while before any one would take it that never happens in Texas.

“Who Will Win This Battle?”

Your kidneys are the filters of the body. If they become inactive and fail to eliminate the waste matter, they are apt to eliminate the whole mechanism of the body out of order...

SEAGOVILLE, TEXAS.—I wish to state to those who may have rheumatism that I am 45 years old and have had rheumatism most all my life. In executing my duties as a peace officer of this state in the winter of 1910, I was exposed to some very bad weather...

Randall county is going to raise \$3760 for the Red Cross National drive which begins May 20. Get ready to do your part.

From The Heart.

The central division of the Red Cross recently received a letter from a woman that should be read by every red blooded American. The grammatical construction and spelling are poor...

Happy Happenings.

Mornings still cold. Ice most every night, but warms up in the day time. Ada May and Martha Anderson have been sick with the measles but are better now...

My little girl age 4 is making and mending Little Capes (caps) for the Belgian children and John Age 6 has mended his 10 scarf for the soldiers...

I give 25 cents of every Doler I earn toward this fund and I donated to Y. M. C. A. and Red Cross and Ariel League and Day I went to send a Doler to National Congress of Mothers at Washington D. C.

Have You Heard It?

The socks you knit for the Red Cross are sent to France, raveled and made into something useful? The sweater that you knitted for your soldier boy friend did not reach him, but was seen on an officer?

Campbell Notes.

We notice that many of the farmers are busy preparing land for a row crop. Mr. and Mrs. Grant Belles and Miss Vashti were in Amarillo Wednesday. Joe Machen visited his cousins Orville and Emsye Grimes Sunday and Monday.

Umbarger Notes

The weather is fine now but several cool north winds have visited us the last few days. There are some cases of whooping cough in nearly every Umbarger family now. Some of the folks are having a hard time getting rid of it.

Cage, Wm Leightwald and family, L. Bader and family and Wm Russell and family were visitors at the R. C. Cage Sunday.

HEARD IN CANYON

How Bad Backs Have Been Made Strong—Kidney Pills Corrected. All over Canyon you hear it. Doan's Kidney Pills are keeping up the good work. Canyon people are telling about it—telling of bad backs made sound again.

Resolutions.

Canyon City I. O. O. F. Lodge No. 481. We your committee appointed to draft resolutions of respect in memory of Brother P. L. Brittain, beg to submit the following: Whereas our supreme Grand Master has seen fit to break the Chain and take from us our brother.

Wayside News.

Prospects for wheat in these parts are fast disappearing, no moisture of much consequence. Some fields would yield some grain with an early rain. Services by Rev. Zoro Prite Sunday a. m. and again at night. Subject for night service "Handwriting on the Wall".

Campbell Notes.

We notice that many of the farmers are busy preparing land for a row crop. Mr. and Mrs. Grant Belles and Miss Vashti were in Amarillo Wednesday. Joe Machen visited his cousins Orville and Emsye Grimes Sunday and Monday.

Umbarger Notes

News for publication, Respectfully submitted, Committee. W. J. Flesher, S. A. Shotwell, C. M. Ackerman.

Pinto Bean Seed.

Heretofore pinto beans have been raised almost altogether in New Mexico and Colorado, but this year, for the first time, large areas will be planted in Western Kansas, Southern Nebraska, Northern Oklahoma, Panhandle of Texas and Arizona.

Country Won't Stand It.

San Francisco.—One lurid chapter in the history of Germany's intrigue to win mastery of the world was closed Monday when United States District Judge Wm. C. Van Fleet sentenced twenty-nine Germans, Americans and Hindus convicted of having conspired to overthrow British rule in India.

Mountain Lion Kills Cattle.

Citizens in the neighborhood of Hanley are complaining at the loss of cattle, horses, etc. Within the past month J. W. Elliott has lost six head of cattle, one colt, one jack, four horses. Some of these animals were large and their carcasses were dragged several feet on the ground by the animal or perhaps animals, where they had been killed.

YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati authority tells how to dry up a corn or callus so it lifts off with fingers. You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of frezzone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

Hoover Talks To Grain Dealers.

New York, April 30.—If the government had "allowed the commerce in wheat to take its untrammelled course," flour would be selling at the mill door today for \$30 to \$50 a barrel, instead of \$10 to \$10.50, and probably "rioting would have been experienced in all our centers of congested population, of a violence that leads to blood in our gutters," declared Hoover, federal food administrator, in an address here today.

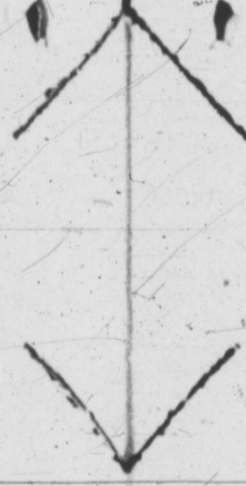

To the people of Canyon and Randall County

We wish to announce to you that our Company has opened a store in Amarillo, Texas, located at 610 Polk Street.

This Company Sells Goods From 1c to \$1 and handle everything that is sold in any kind of store that is priced under one dollar.

When in Amarillo come visit this new store and see goods priced at less than you have been used to seeing them. Look for the Red, White and Blue front.

United 1c to \$1 Stores (Incorporated) 610 Polk Street Amarillo, Texas

THEY SAY, who have come back from Over There, that at night the troubled earth between the lines is carpeted with pain. They say that Death rides whistling in every wind, and that the very mists are charged with awful torment. They say that of all things spent and squandered there, young human life is held least dear. It is not the pleasantest prospect for those of us who yet can feel upon our lips the pressure of our mothers' good-bye kiss. But, please God, our love of life is not so prized as love of right. In this reminiscence of our country's valor, we who will edge the wedge of her assault make calm acceptance of its hazards. For us the steel-swept trench, the stiffening cold-weariness, hardship, worse. For you for whom we go, you millions safe at home—what for you? We shall need food. We shall need clothes for our bodies and weapons for our hands.

We shall need terribly and without failure supplies and equipment in a stream that is constant and never-ending. From you who are our resource and reliance, who are the heart and hope of that humanity for which we smite and strive, must come these things. (Signed) Citizen Soldier No. 238. —in District, National Draft Army.

"Over two million pounds of potatoes are rotting in Texas when the citizen soldier of France, Italy, England, Belgium have the minimum rather than the maximum ration of bread."

**THE IRISH POTATO**

What we need now is a long pull, and a strong pull, and a pull together on spuds—grower, grocer, and consumer—all doing team work to get the potato from the soil to the stomach of Texas.

Administrator Peden in January of the current year designated Friday as Potato Day. Since that event over 2,000,000 pounds of potatoes have piled up in Texas and are now rotting and spoiling on side tracks and in box cars needed seriously for war measures, because the people of Texas won't replace their shortage of wheat with the abundance of potatoes.

For the next thirty days not a housewife in Texas, says Administrator Peden, who really wants to aid the Nation, can afford to let a single meal pass through the kitchen door, unless one of the dishes contains potatoes in some form.

Hunger is on in Europe—it's no statement, but a terrible fact. We can ship non-perishables abroad, but we can't ship perishables; and the more potatoes we eat in Texas and the less flour, the quicker the hunger of Europe will be placated and the surer will be the morale of the people of the allies.

Potatoes should be bought retail at from 1 1/2 to 2 cents a pound, and patriotic hotels and restaurants should serve them gratis as a garnish for meats and fish as was the practice a decade ago.

If we are going to win this war we must fight Germany man for man, shell for shell, potato for potato; and no nation so careful of its potatoes today as is Germany, the arch-enemy

**NOW INVESTIGATING PRICE OF POTATOES**

LACK OF UNIFORMITY IN CHARGE CAUSE OF COMPLAINTS.

Wide Range Over State for Product Costing Same Price to Produce Has Resulted in Dissatisfaction.

With wheat consumption cut down from 42,000,000 bushels a month to 21,000,000; and with 90,000,000 bushels of potatoes on hand this spring as a surplus, the food administration is naturally interested in the substitution of the potato for the usual slice of bread. When prices on a staple are uniform this substitution and the absorption of so great a surplus, is not a difficult matter, the public responding to a need as a patriotic measure; but when prices reflect unusual variations, the public is disposed to keep hands off.

Administrator Peden has been receiving inquiries from all over the State asking why some communities are selling potatoes at from 3 to 4 cents a pound, when other communities are selling the same potatoes and originating from the same production centers at 1 1/2 to 2 cents a pound. The variations are being investigated by the food administration and the hope is that a more uniform price may be effected.

When the price-interpreting committees of the federal food administration for Texas issue prices on staples each week, these prices are the reflection of local conditions and the merchants have bound themselves to comply. Bay City is anxious to know why her people must pay 2 1/3 to 3 cents a pound for potatoes, while Houstonians get theirs for 1 1/2 to 2 cents; Marshall is impatient at being assessed 3 cents a pound for potatoes costing approximately the same as those selling in Dallas for 1 1/2 cents. Nacogdoches wants to know why potatoes at that point are selling for 3 to 3 1/4 cents; San Saba indignantly protests against a charge of 4 1/2 cents a pound; while Sour Lake, almost in a stone's throw of Houston, is puzzled that she must pay 4 cents a pound for the same potatoes that may be bought in Houston for 1 1/2 cents.

**WILLIS COMPANY OF DALLAS LOSES RIGHT TO OPERATE**

The license of the J. M. Willis Company of Dallas, dealers in cotton seed products, has been revoked by the United States food administration and instructions have been issued by Administrator Peden to District Administrator T. L. Bradford at Dallas to supervise the closing of the company's business affairs. The firm, under the revocation, may not enter into any new contracts and can only be restored to license as a dealer upon the recommendation of the food administrator.

The hearing in the Willis Company case was held in Houston, with Judge Henry J. Dannenbaum as special examiner. The evidence presented purported to show that the company had unfilled contracts for over 8,000 tons of cotton seed cake and over 3,000 tons of hulls. There were no outstanding purchases with which to meet obligations and the firm was unable to or failed to make settlements on contracts, Judge Dannenbaum held.

In pursuance of the policy of the United States food administration to cancel licenses of those dealers declared to have been conducting their business on a speculative basis, the license was canceled. United States Food Administrator Hoover signed the revocation March 28.

**Protecting Your Children**

The long, hard school term drains the vitality of growing children and you wonder why they are listless, puny and pale. Every school child will show marked improvement in health and growth if given

**SCOTT'S EMULSION**

Its rich, uniform cod liver oil gets into their blood and gives them vim, snap and zest. It creates strength to resist school sicknesses, overcome pinched faces, sallow complexions and dull eyes. High authorities have established again and again that cod liver oil promotes growth and energizes the body and brain.

The imported Norwegian cod liver oil always used in Scott's Emulsion is now refined in our own American laboratories which guarantees it free from impurities.

Scott & Bowne, Bloomfield, N. J.

**Normal Notes.**

Misses Blanch and Edna Paine spent Saturday and Sunday at their home in Bushland.

Misses Loraine and Bernice McGee spent Saturday and Sunday at their home in Wayside.

Miss Faye Crow of Clovis is visiting at the home of Misses Golda and Vada Murphy.

Misses Golda Murphy, Viola Dison and Leona Wilkins motored to Amarillo Saturday night.

The following is the report of the Normal School attendance at the various Sunday Schools last Sunday:

Methodist—Boys 9, Girls 31  
Baptist Boys 16, Girls 15  
Christain, Boys 3, Girls 10  
Presbyterians Boys 5 Girls 12  
Church of Christ Boys 3, Girls 5

Elmer Luttrell has returned to school after a long absence on account of illness.

Miss Ruby Leigh Cole, who graduated from our school last spring, was married last Sunday to Mr. J. D. Archer, of Hansford.

One box of surgical dressings containing 6800 compresses 8in. by 4 in. was shipped last Saturday.

Last Friday, Liberty Day, was a holiday. The Red Cross room was crowded all day with people eager to work. Eighteen hundred compresses were made by four o'clock.

Mr. John McClure who was recently elected class representative for Commencement has gone home to assist his father with the farm work. Tuesday, the Freshman class had a class meeting and elected Miss Agnes Goode to take his place.

Herman Glass has returned to school after a brief illness.

Miss Annie Williams from Snyder is visiting her sister Lora.

Mr. George Brown of Hylton, a former student, is visiting here this week. Susie Fullingem has returned to school after several days absence on account of illness.

Miss Fay Goache returned to school after a week's absence on account of illness.

Misses Minnie Adams, Doris Winkelman, and Mr. Milvin Roberts went to Amarillo Monday.

Miss Artie Vaughn has returned to school after a brief illness.

Miss Dana Arnold's parents Mr. and Mrs. A. C. Arnold, and her brother and his wife, Mr. and Mrs. A. D. Arnold visited her Sunday and Monday.

Twenty eight Freshmen accompanied by Miss Lowrance and Mr. Cody spent Monday in the Palo Duro Canyon.

The Training School first team and a "scrub" Normal Team played a base ball game Friday. The score was 15 and 7 in favor of the Training School.

Mrs. G. W. Masters and Mrs. W. H. Hickox were visitors in chapel Tuesday morning.

Miss Artie Champion returned to school Tuesday after a week's absence on account of illness.

Miss Grace Sluder spent Saturday and Sunday at her home at Wayside.

Mrs. W. H. Falls of Childress is visiting her daughter, Mildred.

Leut. Wayne Cousins is visiting his

home this week. He has been transferred from Kelly Field, San Antonio to the Vancouver Barracks at Portland, Oregon.

Miss Lizzie Kelly of Longview is visiting Mr. and Mrs. Cousins.

Francis Reid of the Training School who has been taken to Amarillo for an operation is improving.

On last Tuesday the base ball boys, the debaters, and our winner in the oratorical contest in Belton were guest of Mr. Cousins at a six o'clock luncheon served in the dining room of the domestic science department of the college. The following were present:

Miss Ruth Harrison, Messrs Walter Beucher, Mody C. Boatwright, William Gibson, Charles Pinson, C. L. Condry, Burr Myers, Robt. Hill, Bartow Johnson, Jake Crudginton, Melvin Robert Gary Simms, Paul Calliham, Everett Key, Matt Ward, Sid Sheffy, Joe Thompson, Paul Stewart, Elbert Koffey, D. T. Griffith, Frank Shotwell, J. A. Hill, D. A. Shirley, R. A. Terrill, and Misses Brown and Ritchie.

Miss Laura Ellen James, who is teaching in Herford, spent Sunday with friends in Canyon.

Miss Brunette Francis and Misses Malone and Ritchie spent Monday afternoon in Amarillo

**New Rules Made in Regard to Packages Sent to Soldiers.**

The Canyon post office has received new rulings made in regard to packages to be sent to the boys in service across the seas. According to the new rulings, the packages must contain only such articles as have been requested by the person to whom the package is being sent. The boy making the request writes for certain articles, and this request passes thru the hands of the commander or a higher officer, and receives his approval, before it is sent to the boy's parents or friends to whom it is addressed.

When the package is made up and taken to the post office to be mailed, the approved request of the boy must be shown the post office authorities, and the person mailing the package must show that the package contains only such things as are requested. After this has been ascertained by the post-office authorities, they write on the package, "This parcel contains only articles sent at the approved request of the addressee, which is inclosed." These new regulations must be strictly observed.

There has also been a change in the notice printed on magazines to be sent to soldiers for a cent. The new notice reads: "When you have finished reading this magazine, place a one-cent stamp on this notice, mail the magazine, and it will be placed in the hands of our soldiers or sailors destined to proceed over seas. No wrapping. No address. A. S. Burleson, Postmaster General."

Food control in North America today means chiefly getting the food across the Atlantic at all costs.

History may call this Germany's Suicide Battle.—St. Louis Globe-Democrat.

**GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD**

Delicious "Fruit-Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

TRACTORS WILL HELP OUT THE FARM LABOR SHORTAGE THIS YEAR IN RANDALL COUNTY

**Better Than Horse Power**  
(Raymond Olney in Field and Farm.)  
Plowing is the hardest of all farm work for horses; it is the sort of drudgery for which the farmer most needs mechanical power. On a large percentage of farms in this country the tractor would prove a profitable and economical investment if used for plowing alone. So important is it to have spring and fall plowing done quickly and at the right time, tractor plowing has a great advantage over horse plowing. But for the sake of the highest efficiency and economy the farmer should not be satisfied to maintain a single-purpose machine, or one for which he finds only a few uses

## CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

at the most. In order to get the most value out of it, he will put it to work at as many different tasks as it will perform quicker and cheaper than horses. There will be many, of course, for which the horse will be better adapted and vice versa.

It is well before buying a tractor to make a study of the tractive and belt operations on the home place that require power for their performances, and decide so far as possible how many of these can be done best with the tractor. With these different operations in mind, the prospective buyer will be in better position to select a type and size of machine that will be suited to his needs. Last year the first work to which I put my tractor was spring plowing. Following the plowing I used it for preparing the seedbed and seeding.

For this work a ten foot, double-throw disc harrow and a ten foot, single-disc drill were hauled tandem, thus performing the two operations at the same time. On corn stubble ground which was not previously plowed, I used a large I-beam ahead of the disc to pull up or break up the corn stumps and level the ground. After seeding we used the engine for hauling manure. In this operation two spreaders were used, one being loaded at the barnyard while the other was being unloaded in the field. Following this job the tractor was put to work grading and leveling roads.

When haying time arrived the work of mowing and raking was done with the teams, while the tractor was used for hauling the hay-wagon and loader. We had two wagons equipped with ten by twenty foot racks, which with the engine enabled us to make quick work of securing the hay. For harvesting wheat and oats we hauled two eight-foot binders behind the engine. In place of the regular binder tongue a patent binder hitch was used on each wheel and an off set tongue, permitted the binder operator to control the width of swath independently of the

engine. Our tractor and binders were also used for harvesting sweet clover for seed.

For threshing the tractor was put to work most of the time hauling bundles to the separator. Also for a short period it was belted to the grain separator in place of the steam engine ordinarily used. In spite of the fact that farming with mechanical power is very new relatively speaking, it is remarkable the progress that many owners have already made in putting their tractors to many different kinds of work. A neighbor for instance, says he has done everything on his farm with the tractor, except planting and cultivating corn and the quality of work in each instance is better than done with horses.

**Drives Out Malaria, Builds Up System**  
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 60c

### A Parable.

The soldier treaded his weary way back to the colonel's dugout. He had been in a half-dozen skirmishes with the enemy in as many weeks. He was still intact, but scratched and wearied from crawling through barbed wire and in and out of shell craters.

He entered the dugout and saluted with click of heels and hand to cap.

"Colonel," he said, "I think I will have to quit. The battles are getting to be so many. It's rather too much of a good thing. I have given about all I can of time and strength and blood in this war. I am going home."

No; the incident didn't happen but why shouldn't it? There are a lot of civilians here at home who are turning down such appeals as the Red Cross and Liberty Loans because "the calls are so many."—Exchange.

It seems easy to abolish German-made agitation-goggles, but when it comes to the editorial eye-glasses it is harder to detect the Hun trade-mark or to correct the distorted view-point.—New York Morning Telegraph.

**Their Proper Home.**  
Secretary McAdoo has made it plain that the United States treasury wants a maximum of \$5,000,000,000 before the Liberty loan campaign is ended. "If we stop fighting when we have reached the minimum of the Liberty loan," he said, "we are not comparably sustaining our forces in France who are fighting, not for the minimum, but for the maximum of American rights and world liberty."

Yes, and the cable shows that Americans in France are fighting like hell and they are obeying the order of General Foch, "Give them hell!"

Hell is the proper home for brutes who ravish women, maim children, fire on hospitals, sink passenger ships without warning, assassinate defenseless ministers of God, outrage nuns

and sisters of charity and rob the dead as well as the living. These are some of the crimes perpetrated daily by soldiers of the house of Hohenzollern.

**Farmers Union Meeting**  
The farmers union will meet Saturday afternoon.  
M. A. BINGAMAN, Sec'y.

Some are giving their lives  
The least YOU can do--  
Buy Liberty Bonds

**Methodist Church Announcement**  
Our Revival Meeting which was to have begun the Second Sunday in April has been set to begin the night of Sunday, May 19th. Rev. D. V. York of Eldorado, Okla., will assist.

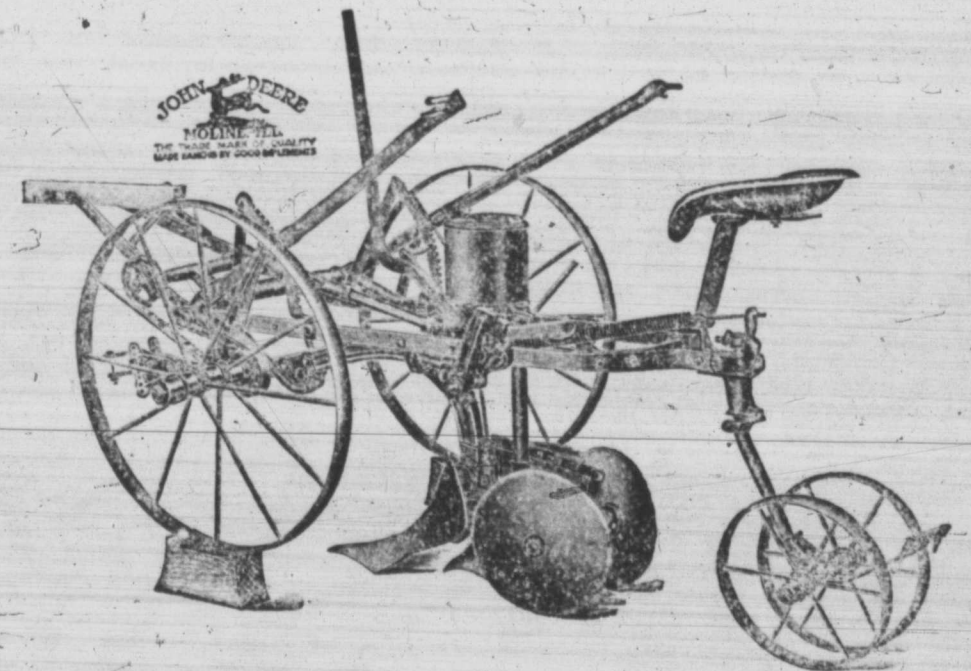

Our long seige of epidemics seems to be subsiding now and we hope our people will get back to normal attendance at church and Sunday School.

Sunday School 9:45 a. m.  
Preaching 11 a. m.  
Junior League 4 p. m.  
Senior League 7:45 p. m.  
Evening Service 8:45 p. m.  
Prayer meeting Wednesday evening 8:45 p. m.

R. A. STEWART, Pastor.

See me about land loans.  
S. B. McClure.

## The Latest and Most Modern and Up-to-Date Double Bale Lister

With leveling lever on each front wheel and foot lever lifting device.

We also have a complete stock of two-row Listers and Lister Cultivators.

Now is the time to get your implement and be ready when the rain comes.

Do your part to help raise FOOD and FEED for the starving world. This is a patriotic duty for every American to help win the war.

Our implement stock is complete just now. If we do not have what you want we will get it for you if it is to be had at all. Let us figure with you.

# THOMPSON HARDWARE COMPANY

**Men Welcome  
Mother's Friend**

A Duty that Every Man Owes to Those who Perpetrate the Race.

It is just as important that men should know of proper methods in advance of motherhood. Suffering, pain and distress incident to childbirth can be avoided by having at hand a bottle of the time-honored preparation, Mother's Friend. This is a penetrating external application that relieves the tension upon the muscles and enables them to expand without painful strain upon the ligaments and nerves.

Thousands of women for over half a century who have used Mother's Friend tell how they entirely avoided nervous spells and nausea and preserved a bright, happy disposition that reflects wonderfully upon the character and disposition of the little one soon to open its eyes in bewilderment at the joy of his arrival.

By regular use of Mother's Friend during the period the muscles are made and kept pliable and elastic. They expand easier when baby arrives, and pain and danger at the crisis is naturally less.

You can obtain Mother's Friend at any drug store. It is for external use only, is absolutely safe and wonderfully effective. Write to the Bradfield Regulator Co., Lamar Bldg., Atlanta, Ga., for their valuable and instructive "Motherhood Book" of guidance for expectant mothers, and remember to get a bottle of Mother's Friend at the druggist's. It is the greatest kind of help to nature in the glorious work to be performed.

**Boosting The Booster.**  
Boost your city, boost your friend;  
Boost the street on which you're dwelling,  
Boost the goods that you are selling.  
Boost the people round about you,  
They can get along without you,  
But success will quicker find them  
If they know that you're behind them.  
Boost for every forward movement;  
Boost for every new improvement.  
Boost the man for whom you labor;  
Boost the stranger and the neighbor.  
Cease to be a chronic knocker;  
Cease to be a progress-blocker.  
If you'd make your city better,  
Boost it to the final letter.  
—Detroit Free Press.

**Piles Cured in 6 to 14 Days**  
Your druggist will refund money if PAZO SUPPLEMENT fails to cure any case of itching, smarting, bleeding or protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 50c.

**STOP LOSING CHICKS  
FROM DIARRHOEA**

**PUT THIS IN THE DRINK WATER**  
Some people lose half of every hatch and seem to expect it. Chick cholera or white diarrhoea is the trouble. This loss is needless and easily stopped, by putting Avicol in the drinking water. We prove it by this of-fer:—  
Call at our store for a 25c or 50c package of Avicol. If you don't find it promptly stops your chicks ying, cures white diarrhoea, black- and in turkeys, and all other bowel seasons of poultry, your money will be refunded.  
Avicol revives the drooping chicks and helps them grow and develop rapidly. Shows positive results in 48 hours. —Easily used and inexpensive.

The Retail Store

**ARE YOU FOR AMERICA  
OR FOR GERMANY?**

**Which Will YOU Wear?**

The Kaiser would gladly confer the Iron Cross on the man who dodges buying a Bond of the THIRD LIBERTY LOAN

UNCLE SAM proudly gives this Button to the man who buys a THIRD LIBERTY LOAN BOND

You think this an unnecessary question, but stop and think! A traitor is a man who gives aid and comfort to the enemy. Do you know of any better way of giving aid and comfort to the enemy than to leave your money in the bank doing nothing, when it could be used by the Government to build ships, make ammunition; and so help win the war? The Kaiser would ask nothing more of an American friendly towards Germany. He could hardly ask him to openly fight the Government of this country, because he would go straight into an internment camp, but he would ask him to do all in his power to hold up contribution of money to the allied cause, because the Kaiser knows that at the very end it will be money and resources, and nothing but money and resources, that will beat him to his knees.

You may say "If I do not subscribe to the Loan that is no reason why other people should not, therefore the matter is entirely a personal one." It is not. Example is everything in such matters. If you subscribe freely your neighbors will subscribe freely. If you are a tightwad your neighbors will see no reason why they should be anything else but tightwads.

Do not feel offended at having this matter put up to you so plainly. There is many and many a good American who believes that he has done his full duty when he has not done it at all. This war is now three thousand miles away, and it is a little hard to realize all the grave necessities of the situation.

Read over a perfectly true incident which occurred only last week at the Union Station, Dallas. The writer of these lines vouches for the truth of the story, which follows:

"Last night I saw a soldier taking leave of his mother at a railroad station. The two drew away from the crowd, the woman threw her arms around the boy's neck, and looked up at him as she sobbed words which will remain forever sacred to the occasion.

For a moment I could not see very clearly, and as a consequence I bumped into a friend of mine, a man, by the way, who has made more money this year than ever before in his life. After a friendly greeting he said, 'Say, you fellows are hitting us up pretty hard on this Liberty Loan business. Do you realize that we are having to make some terrible sacrifices to meet our quota?'

"My friend has a business, owns farm land, and has a substantial bank balance; he has no boy in the army, and he has subscribed ten thousand dollars to the Liberty Loan. His sacrifice consisted of the loss of about one and three-quarters per cent on ten thousand dollars, for probably he would have secured six per cent instead of four and one-quarter per cent had he invested his money in some way other than the purchase of Liberty Bonds.

"What is the matter with my friend? Is he a pro-German or a traitor, or a poor American even? Not a bit of it! He just has not the right glasses for his mental vision. He doesn't see things quite right. That's all. He will, though—I am sure of it."

The Banner of the World's Salvation

Provided You Do Your Share

General Haig said to his men, just before the last great German offensive: "I call upon every man to conduct himself as though the result of the battle depended upon his personal efforts alone."

No deeper or more significant message was ever delivered to men entering a life and death struggle. This was the philosophy of the Soldier—it must be the philosophy of the Civilian. It is impossible to over-emphasize the very real and deep personal responsibility of every man and woman in the great National crisis. Every American faces a lifetime of satisfaction or regret for the part that he plays in this war. Experts in figures assure us that the average American is called upon to set aside about one-fifth of his income for the use of the Government, the money to be handed over to the Government in the form of taxation or the purchase of Liberty Bonds. It is not only one-fifth of your neighbor's income, but your's, that is called for. Have you done your share?

**Special For  
Saturday**

MAY 4TH

10 per cent off on Ladies Coats, Suits, Dresses and Skirts.

10 per cent discount on Men's Suits. A large stock of brand new Hart Schaffner and Marx Clothes, from \$20.00 to \$50.00 and at least 25 per cent under what they will have to sell for next season.

CANYON, TEXAS

**And You Can Too.**  
Griffin Morrel, who is attending school at Sherman, recently wrote a little poem which caused much attraction and was printed in the papers of that town. Griffin is ten years old and the son of Mr. and Mrs. W. D. Morrel. The following is the poem:  
I've cut out candy, mint,  
Pie, and cake, too;  
I am going to help the government,  
And you can too.  
I cut out old hamburger,  
And wheat too;  
I am going to help smash Hindenburg,  
And you can too.  
I am learning how to shoot a gun,

My aim is good and true;  
I am going to practice on a Hun,  
And you can too.  
—Griffin Morrel  
**From Camp Travis.**  
Tige Moreland, an old Canyon boy, has appeared at the Camp, hailing from Houston, Texas. He has been transferred to the 8th Battalion.  
Bob Donald, the assistant manual training teacher at the Normal, visited the Randall County boys a few days ago. He is located over at Kelly Field as a blacksmith in Line 66.  
It has been a little lonesome around the 47th Co., since so many of the boys have been transferred out to other units.

We are waiting patiently for the four boys who will come down to join us in Camp Travis.  
The Depot Brigade has had quite a number of Physical Examinations lately and all of the Canyon boys have passed them and are placed in Class A.

**PAIGE**  
The Most Beautiful Car in America

**Help The Freight Situation**

There is a tremendous movement of freight on the railroads. War supplies are being transported in such vast quantities that congestion is bound to develop at terminal points.  
Therefore, the Government has earnestly requested the public to postpone all "unnecessary traveling." It has said in very plain terms—"Please keep off the railroads."  
By all means observe this request. Buy a reliable motor car—just such a car as the Paige, for instance—and use it, not only for side trips, but those longer journeys as well. Encourage the Touring Movement. It will help Uncle Sam and afford healthful relaxation for you and every member of your family.

Fishing Rights—I will sell fishing rights for the season to both an individual or family. See J. M. Myers. 5p4

For Rent—Furnished rooms in the First National Bank Building. Phone 38. tf

Notice—My pasture and Park are posted and all trespassing is positively forbidden. Please do not force me to use harsh means for my own protection. W. E. Bates. 5t3

**COME TO CANYON TO LIVE.**

**MISCELLANEOUS**

Prewitt & Armstrong bought Happy Orion Cherry Boy, the best boar at the show of the Panhandle Swine Breeders Association at Clarendon. The boar was conceded by all the best breeders of the state to easily be a Grand Champion this fall at the State Fair. tf

Twenty five years experience—in Horseshoeing and blacksmithing. All work guaranteed. I work Wednesday evening and all day Saturday every week a Umbarger. LEO STOCKER, Umbarger Blacksmith. 2p7

Fully guaranteed for two years? The lightest running machine on the market? A real typewriter in every respect? Call the News office to see about a WOODSTOCK. tf

Strayed—One white faced cow, weight 950, branded Y-L bar on left side, either of old brands triangle H connected on either hip, Bar D on left hip or 7-T. G. G. Murray. 52p6

Well Drilling—Complete outfit for shallow or deep drilling. J. A. Wilson. tf

THRIFT—Why wear out your shoes or a car trying to find the lost article, renting a house, selling a horse, renting a farm, buying cattle, etc., etc., when a little ad in the News will do the work for you. It costs but one cent per word for the first insertion and one-half cent per word for each subsequent insertion. Try a THRIFT AD in the NEWS.

For general auction work, figure with A. A. Price, Auctioneer and Salesman. My chief aim is satisfaction to everyone concerned. Canyon, 48p10

**Wheat Flour Substitutes**

Purpose—To show the use of wheat flour substitutes in quick breads.

**Muffins**

Proportions:  
Liquid—Sweet milk 1 c.  
Flour—2 c.  
Fat—1 T.  
Sugar—1 T.  
Egg—1  
Baking Powder—4 Tsp.  
Salt—1-4 T.

Many variations of these proportions should be made to illustrate conservation measures as given below.

For example, the two cups of bread flour in the muffin recipe weigh 226 grams, or about 8 ounces.

(1 standard cup measures 1-4 quart or 237 C. C.)  
25 per cent substitution requires 56 grams or 2 ounces of the substitute, plus 6.

50 per cent substitution requires 113 grams or 4 ounces of the substitute, plus 4.

75 per cent substitution requires 169 grams or 6 ounces of the substitute plus 2.

The measures of the above amounts will differ according to the character of the flour or meal.

The following weights are the average of three weighings of 1 standard cup of sifted flour or meal filled lightly, without packing:

(a) Meals and flours:  
Barley flour, 76 grams, approximately 3 ounces.

Buckwheat flour, 133 grams, approximately 5 ounces.

Corn flour, 109 grams, approximately 4 ounces.

Cornmeal (fine) Sifted, 114 grams, approximately 4 ounces.

Rice flour, 131 grams, approximately 5 ounces.

Wheat flour (bread) 113 grams, approximately 4 ounces.

(b) Uncooked cereals:

Cornmeal, coarse, 130 grams, approximately 5 ounces.

Hominy grits, 134 grams, approximately 5 ounces.

Oats, rolled, 75 grams, approximately 3 ounces.

Oats, fine, granulated, 136 grams, approximately 5 ounces.

(c) Cooked:

Hominy, 258 grams, approximately 9 oz.

Oates, rolled, 257 grams approximately 9 oz.

Rice 270 grams approximately 9 1-2 oz.

Substitutions to save wheat.

(A) Flours and meals

Show that successful muffins may be made by using 1-4 wheat flour and 3-4 (by weight) of flour and meal substitutes.

Instead of the 2 cups of wheat flour given in the basic recipe use the following proportions by measure, all of which are equal to 75 per cent substitution by weight.

1 Barley muffins 1-2 c. wheat flour, 2 1-4 c. barley flour.

2 Buckwheat muffins 1-2 c. wheat flour, 1 1-4 c. buckwheat flour.

3 Corn muffins 1-2 c. wheat flour 1 1-2 c. corn flour.

4 Corn-meal muffins 1-2 c. wheat flour 1 1-2 c. corn meal (fine)

Corn-meal muffins 1-2 c. wheat flour, 1 1-3 c. corn-meal (coarse).

5 Rice muffins 1-2 c. wheat flour, 1 1-3 rice meal (coarse)

**(C) Cooked Cereals**

Instead of the 1 cup of liquid and the 2 cups of flour in the basic recipe, use the following proportions:

1 Hominy grits: 2 tablespoons liquid 1 1-2 cups wheat flour and 1 cup of cooked hominy, equal to 3-4 cup uncooked.

2 Oats, rolled: No liquid, 1 1-2 cups wheat flour and 1 1-3 cups cooked rolled oats, equal to 3-4 cup uncooked.

3 Rice: 1-3 cup liquid, 1 1-2 cups wheat, 3-4 cup of cooked rice, equal to 1-4 cup uncooked.

"Victory Products"

Bread 25 per cent substitutes.

Pies, cakes, doughnuts 33 1-3 per cent a substitute

Waffles and griddle cakes 75 per cent substitute.

U. S. Food Administration.

**Finch-Davis Marriage Monday.**

Miss Jeanne Finch and J. Lyman Davis were married Monday evening in McKinney. Miss Finch is the daughter of Mayor and Mrs. Finch, being one of the most prominent young ladies of that city. Mr. Davis is the son of Judge and Mrs. Davis, and came to Canyon a few years ago, first as a student in the Normal, and has later become connected with the Rockwell & Co., lumber business.

The young couple arrived yesterday in the city and are receiving the congratulations of their friends here. They will make their home in Canyon.

**Mrs. Jett Dead.**

Mrs. May Lair Jett died at her home in Amarillo Tuesday and the funeral services were held in Amarillo yesterday. She was buried in Amarillo.

Mrs. Jett was the daughter of L. C. Lair, a former citizen of Randall county and was well known here. She has lived for the past few years with her family in Amarillo. She is survived by her husband and two children.

**Fatal Auto Accident.**

While Mr. and Mrs. C. C. Wyatt and some friends, were driving about the city, last Sunday afternoon, the car struck a ditch left by the graders at the intersection of Fifth and Davidson streets and Mrs. Wyatt was thrown from the car with such force as to cause her death an hour later from concussion of the brain.

COME TO CANYON TO LIVE.

The one sure way to supply the supreme need for food, reads a proclamation by Governor Bickett of North Carolina, "is to man the bread line with the woman power, the boy power and the girl power of the state."

**WHAT IS THE DIFFERENCE?**

How many people, do you suppose, would be owning their own homes if it had been necessary to pay cash outright? Not very many. If it were not for credit being extended to buyers there would be very few. Why should furniture not be bought the same way?

We extend credit on furniture, rugs and stoves—and we do it gladly. And we do not ask you a lot of embarrassing questions. It's a straight business proposition with us. You are a working man or woman, or a business or professional man, and you are entitled to credit. We are a business house, and as a matter of good business, we extend credit.

It's all explained in a minute when you come to the store, and it places you under no obligation whatever to ask about credit.
