

RED CROSS QUOTA MORE THAN RAISED IN COUNTY

County Manager C. R. Burrow lacked just 15 cents of having Randall County's quota for the Second Red Cross Drive in cash and in the banks.

The Drive has been highly efficient and effective throughout. The people generally are highly interested in the welfare of the boys over the there and if necessary many of our citizens will give their last dollar for the support of the boys.

Of the 125 men appointed by Mr.

Burrow to work the county, only one failed to report. A majority of the men turned in their full \$30.00. W. E. McCormick won first place by getting a little over \$110 and J. A. Currie brought in \$108. Most of the men stopped when they had secured \$30. There were a number who did not get the full \$30.

Randall is pleased with the results of the campaign and is ready for the next call that will be made for our boys. No matter what the next call may be, or what amount, Randall county would respond cheerfully.

CONGRESSMAN MARVIN JONES MAKES STATEMENT

To the citizens of the Eighteenth Congressional District:

I shall be a candidate for re-election to Congress from the Eighteenth District.

My term of office began March 4, 1917, just a little more than one year ago. I have attended the sessions regularly, and have attended strictly to the duties of the office. I am in full sympathy with the plans and purposes of the administration in this emergency and shall support it in a vigorous prosecution of the war.

I have answered two hundred and six roll calls, have dodged no issues and have supported every administration measure that has been presented as the record shows, and I respectfully ask any one interested to examine the record.

This is no time for partisan politics. Civilization is in a death struggle. I don't believe the people desire that large amounts of money, time and energy be spent in a political campaign during a war crisis.

In this hour it is the duty of every good citizen to serve wherever and in whatever capacity his government may assign him. Russia is now out of the fight. A heavier task, therefore falls to our lot. Every available soldier is being and should be sent across just as soon as he can be equipped.

Everyone here should be willing to consecrate his material resources to the country's cause. Each all, everything should be fused into the common purpose. All that we have, all that we are is at stake. Democracy, liberty, humanity, are face to face with autocracy, avarice and brutality. The issues are unclouded. Everyone can assist. Everyone who possibly can should contribute to the Red Cross.

Everyone who possibly can should buy Thrift Stamps and Liberty Bonds. Everyone, regardless of how much property he possesses, should do some useful work. In the rigid economy of the present, there is no place for the idler. The rich and the poor, the high and the low each—all should melt in a common sentiment and stand shoulder to shoulder and heart to heart, to the end that our declared purposes may be speedily accomplished, a complete victory won, and a lasting peace secured.

I desire to thank the people of this district for their many kindnesses and expressions of continuing confidence. I may add that I shall be pleased at any time to have the views of any constituent on public questions or pending legislation.

Respectfully yours, MARVIN JONES. (Political Advertisement)

Presbyterian Announcement.

The pastor's subject for last Sunday at 11 a. m., was postponed owing to other important matters. He will discuss the same subject on Sunday, June 2nd at 11 a. m., and every member of the church is urged to hear it, namely: "The Characteristic Church for these Days."

Sunday School at 9:45 a. m, Prof. J. W. Reid, Supt

No services at evening

Train Time Changes Sunday.

Revised passenger train schedules go into effect on all railroads west of Chicago on Sunday June 2nd by order of the Director General of Railroads. The committee on revision of western schedules had direction to coordinate passenger service and eliminate trains not necessary. The transportation needs of every section were carefully studied and comparatively few trains were cancelled.

Yet the total passenger train miles eliminated will be around 11,728,000 and the saving in operating cost about \$18,000,000.00 a year. Much equipment, urgently needed for moving troops, will also be released and it must be borne in mind that the American railroads are an essential part of the war machine, their prime function being to move troops, food, munitions, and war supplies generally.

The changes, effective June 2nd, on this part of the Santa Fe railway are slight, however.

No. 901-904 leaves Amarillo 7:25 A. M., arriving Canyon 7:55.

No. 907-906 leaves Amarillo 9:50 p. m., arriving Canyon 10:20.

No. 903-902 leaves Sweetwater 1:15 a. m., arriving Canyon 11:10.

No. 905-908 leaves Sweetwater 9:30 a. m., arriving Canyon 5:45.

On the main line there will be but one train each way a day.

No. 113 leaves Amarillo at 7:35 a. m., arriving at Canyon at 8:07 a. m.

No. 118 arrives at Canyon at 11:20 a. m., from the west.

Lester Withdraws from Campaign

To the voters of Randall county: This is notice that I will not be a candidate for County Attorney, owing to the fact that I expect to go to war when my time comes.

I thank the people very much that have supported me during the time I have been in office.

RECTOR LESTER.

Summer Normal Opens June 10

The Summer Session of the West Texas State Normal College will open one week from Monday, June 10.

The demand for literature on the summer's work has been greater than any year since the opening of the school, which is a good indication that the attendance will be good.

Farmers Union Meeting

A meeting of the Farmers Union will be held Saturday afternoon, June 1st.

M. A. BINGAMAN, Sec'y

The County Commissioners Court was in session yesterday completing the work of checking the inventory blanks of the county assessor. In this capacity the court was sitting as a Board of Equalization.

MICKIE, THE PRINTER'S DEVIL

ROAD BONDS RE-SOLD BY COURT AT PAR

The County Commissioners were forced to re-sell the \$50,000 road bonds which were recently sold to James N. White and Co., of Denver. The firm had paid 105 for the bonds, but instead of taking them, raised objections when they were presented, and forfeited their check for \$250 which had been

put up on the purchase bid. The court sold the bonds to Sweet, Causey & Foster of Denver at par.

The money will now soon be available and as the engineers are proceeding with the surveys, it is expected that road construction may soon be started.

REV. D. V. YORK

ELEVEN MEN LEAVE THIS FOR TRAINING CAMPS

The five men who were scheduled to leave Saturday for the army did not entrain until yesterday morning, the orders having been received Friday to make the change. They were: Thos. D. Ficke, Carl Anderson, J. C. Gibbs, W. O. Bayett, James Chester Jordan. Dempsey Morton and Jim Peterson are down in the state at this time and go to Houston today where they will enter the camp.

Four men will leave Saturday for Petersburg, Va., where they report to the veterinary department and will take a course in stockraising under the government's service. The men chosen for this course by the local board were:

- Herman A. Glass
B. F. Fronbarger, Jr.
Luther Fronbarger
Robert B. Ball.

REVIVAL AT THE METHODIST CHURCH GATHERING VOLUME

The second week of the Revival Meeting at the Methodist church has been marked by an increased interest. Rev. D. V. York, who is doing the preaching, is a preacher of unusual spiritual power and his sermons are of the most searching kind. The day services are held in a store building down town at 2:30 p. m. Several prayer meetings are held in the residence part of town.

The rain just at service time in the evening has interfered some for two or three evenings with the congregations but the people rally with the next service which is a good sign of their interest.

A young people's and children's service will be held on Saturday afternoon at 4 o'clock at the Methodist church. Mothers and fathers are urged to come with their children.

A men's Meeting will be held at the church Sunday afternoon at 3 o'clock

CANDIDATE DAY IN CANYON TRADES DAY, MONDAY 10th

Monday, June 10th, the regular monthly Trades Day, will be candidate day in Canyon.

The feature of the day will be for all of the candidates who desire to come to Canyon to meet the voters. Invitations are sent to state, district and county candidates to come that day.

In the afternoon there will be a program and each candidate will be given the opportunity to state his views upon the campaign.

All of the citizens of Randall county, especially the women, are invited to the program.

If you have guests in your home, please phone the News. If you are going away on a visit, call No. 41.

MEN JUST 21 MUST REGISTER ON JUNE 5

Next Wednesday, June 5th, all boys who have become twenty-one years of age since last June 5th, will be required to register for military duty.

There will be but one registering place in Randall county—at the court house. The registration will be in the charge of the Local Exemption Board. All men in Randall county who have become twenty-one years of age since June 5th, 1917, must come to the court house and register on blanks which has the following information:

- 1. Name in full. Age in years.

- 2. Home address.
3. Date of birth
4. Where born.
5. Are you a Native of U. S. b. Naturalized. c An alien. d Have you declared your intention to become a citizen.
6. If not a citizen what nation are you a citizen.
7. Father's birthplace.
8. Name of employer. Place of employment.
9. Name and address of nearest relative.
10. Race—White, negro, Indian or Oriental.

Herd-Holland Marriage

Lyle Holland and Miss Linnie Head were married in Amarillo on Monday of last week.

The groom is the son of Mr. and Mrs. Jno. T. Holland of this city and has lived in Randall county all of his life. He is connected with the Holland Drug Co., and made a great success in the business world. The bride is from Clovis and has been a student in the Normal during the past year. They returned to Canyon from Clovis Monday of this week. Their many friends here are extending congratulations.

Crowley-Dooley Marriage

Miss Ethel Crowley and Milton W. Dooley were married Saturday evening at the rooms of Mr. and Mrs. J. A. York, Rev. B. F. Fronbarger officiating.

Miss Crowley is the daughter of Mr. and Mrs. J. H. Crowley and has been a teacher of the county schools during the past year. Mr. Dooley is the son of Mr. and Mrs. A. D. Dooley and has been associated with his father here in business during the past few years.

The many friends of the young couple are extending congratulations.

Vance-Bybee Wedding.

Clint Bybee of this city and Miss Ollie Vance of Panhandle were married last week.

Miss Vance was formerly a student in the Normal and during the past year has been a very successful teacher in the St. Francis schools. Mr. Bybee is a well known farmer and stockman of this county. The bridal couple have many friends here who are extending congratulations.

Panther Division to Leave.

It is reported from Ft. Worth that the Panther Division will go to France within a very short while. A large number of Randall county boys are now in this division and their departure will be closely looked for.

Randall Moreland Gets Five Years

Randall Moreland was tried in Camp Bowie on the charge of desertion on account of leaving camp without leave and has been sentenced to five years in the federal prison at Leavenworth, Kansas. He has been in the National Guard since last year.

Ohmer Hensley in France.

Ohmer Hensley of this city is now in France. He went with the National Guard to Camp Bowie last year, but was sent out among the first who left Camp Bowie.

Visit by the Stork.

A daughter was born to Mr. and Mrs. R. L. Smith Friday. A son was born to Mr. and Mrs. G. D. Walker Saturday.

RAIN HAVE BEEN FALLING ALMOST DAILY THIS WEEK

Practically every part of Randall county has received one or more good rain during the past week, while in many sections, the moisture has amounted to three or more inches.

The rains started Friday afternoon. Many sections of the county were visited with this rain, but it was very spotted.

Saturday afternoon there was another rain, hitting a good percent of the county.

Sunday and Monday there were a few local showers, but these were of little consequence.

Tuesday evening there was a good rain in the northern and eastern part of the county.

Yesterday afternoon there was a good rain in several sections of the county.

All of the rains have been more or less of local nature, but practically every section has been reached with one or more rains. Some sections have had as much as three or more inches, while in one small territory, northwest of Umbarger, it is reported that hardly a good shower has fallen.

The rains are having a fine effect upon the grass and the prairies are already looking green.

The moisture will allow the farmers to get their planting started.

The weather is still favorable for rain, and the people trust that before it clears off there will be a regular old time soaker, which will hit all sections of the country. More rain is necessary before the country will be put into a safe condition for either the stock raiser or the farmer.

In Canyon, seven-sixteenths of an inch has fallen since Friday.

BOARD OF REGENTS VISIT AT THE NORMAL MONDAY

Three members of the Board of Regents for Normal Schools were in the city Monday visiting the school and seeking first-hand information as to the requirements of the institution for the coming year.

The Regents were entertained at noon at the Palo Duro Club by the members of the faculty.

Those in the party were A. C. Goeth of Austin, president of the Board, A. B. Martin of Plainview and Martin C. Flower of Lockhart.

Ask for Rooms to Rent.

Let all who have rooms for rent notify Miss Margaret Bulware, phone 237. We shall need all available rooms for boarders and light house-keeping for the summer quarter beginning June 10.

R. B. COUSINS

Evan Williams Dead.

Evan Williams, the noted American tenor, died in Chicago Friday. He sang in Amarillo in February, and a number of Canyon people heard him.

Memorial Day

Once more our sons have gone forth to battle.

Once more the fight is being waged for American life, liberty and honor.

This is the accepted day of homage to those who already have laid down their lives that our Nation might live.

It is also a fitting time for us to pledge anew our heartiest support to those who today are facing the supreme sacrifice.

Let America to the last man, women and child stand solidly behind the boys who are keeping the banner of freedom.

Combination Muffins
(Using No Wheat)

Method of mixing:
Add to the cup of milk, the melted fat, syrup and slightly beaten egg; sift the salt having powder and flour together. Use a coarse sieve so that no part of the flour is wasted. Combine the two mixtures, stirring lightly without beating. Bake in a hot oven (437 degrees F. or 225 degrees C.) for 20 to 30 minutes depending upon the size of the muffins.

These recipes make 24 muffins (3 of which make a 2 oz. serving) or 8 very large muffins.

The ground rolled oats are the same as rolled oats ground in a food chopper. When using oats, mix them with the other sifted dry ingredients.

When cornmeal is used—mix—do not sift the ingredients.

1. Combination Substitute Muffins.
Barley 50 per cent.
Oats 50 per cent.
1 cup liquid
1 tablespoon fat
2 tablespoons syrup
2 eggs
4 teaspoons baking powder
1 teaspoon salt
1 1-2 cups barley flour (4 oz.)
3-4 cup ground rolled oats (4 oz.)
This basic-recipe may be varied by substituting for the barley and oats, the following:

2. Barley 75 per cent.
Oats 25 per cent.
2 1-3 cups barley (6 oz.)
1-3 cup ground rolled oats (2 oz.)
3. Buckwheat 50 per cent.
Oats 50 per cent.
1 cup buckwheat (4 oz.)
3-4 cup oats (ground) (4 oz.)
4. Buckwheat 75 per cent.
Oats 25 per cent.
1 1-4 cups buckwheat (6 oz.)
1-3 cup ground oats (2 oz.)
5. Buckwheat 50 per cent.
Corn 50 per cent.
1 cup buckwheat (4 oz.)
1 cup corn flour (4 oz.)
6. Barley 75 per cent.
Corn 25 per cent.
2 1-3 cups barley flour (6 oz.)
1-2 cup corn flour (2 oz.)
7. Ground Rolled Oats 50 per cent.
Corn flour 50 per cent.
3-4 cups ground rolled oats (4 oz.)
1 cup corn flour (4 oz.)
8. Oatmeal 25 per cent.
Corn flour 75 per cent.
1-3 cup oatmeal (ground) (2 oz.)
1 2-3 cups corn flour (6 oz.)
9. Buckwheat (4 oz.)
Barley 50 per cent.
1 cup buckwheat (4 oz.)
1 1-2 cups barley (4 oz.)
10. Buckwheat 25 per cent.
Barley 75 per cent.
1-3 cup buckwheat (2 oz.)
2 1-3 cups barley flour (6 oz.)
11. Rice flour 50 per cent.

Buckwheat 50 per cent.
3-4 cup rice flour (4 oz.)
1 cup buckwheat (4 oz.)
12. Rice flour 75 per cent.
Buckwheat 25 per cent.
1 1-4 cups rice flour (6 oz.)
1-3 cup buckwheat (2 oz.)
13. Rice flour 25 per cent.
Buckwheat 75 per cent.
1-3 cup rice flour (2 oz.)
1 1-4 cup buckwheat (6 oz.)
14. Rice flour 25 per cent.
Ground Rolled Oats 75 per cent.
1-3 cup rice flour (2 oz.)
1 1-4 cups ground rolled oats (6 oz.)
15. Rice flour 25 per cent.
Barley flour 75 per cent.
1-3 cup rice flour (2 oz.)
2 1-3 cups barley flour (6 oz.)
16. Rice flour 50 per cent.
Ground Rolled Oats 50 per cent.
1 cup rice flour (4 oz.)
1 cup ground rolled oats (4 oz.)
17. Rice flour 50 per cent.
Barley flour 50 per cent.
1 cup rice flour (4 oz.)
1 1-2 cups barley flour (4 oz.)
18. Buckwheat 25 per cent.
Corn flour 75 per cent.
1-3 cup buckwheat (2 oz.)
1 1-2 cups corn flour (6 oz.)
19. Buckwheat 25 per cent.
Ground Rolled Oats 75 per cent.
1-3 cup buckwheat (2 oz.)
1 1-4 cups ground rolled oats (6 oz.)
20. Corn flour 75 per cent.
Buckwheat 25 per cent.
1 1-2 cups corn flour (6 oz.)
1-3 cup buckwheat (2 oz.)
21. Barley flour 50 per cent.
Corn flour 50 per cent.
1 1-2 cups barley flour (4 oz.)
1 cup corn flour (4 oz.)

Supporting Universities.
Ferguson tells his audiences that if elected governor he will veto any appropriations for the universities in excess of the sum of \$250,000.

That means, of course, that if there were any possible way for Ferguson to regain the governorship he would absolutely destroy the university, as he tried to do last year.

Ferguson probably thinks that \$250,000 would maintain just as good a university as Texas needs. Quite a number of people agree with him, and quite a number would not have any university at all, if they could have their way about it.

Indeed, it has been found necessary to enact a compulsory school attendance law to compel some of Ferguson's supporters to send their children to school.

But since a \$250,000 university would not be attended and would be utterly useless, Ferguson ought to come right out and propose its abolishment.

California doesn't think it bad to spend \$3,490,000 a year on her university.

Illinois gets along nicely with \$3,240,000.

Michigan does very well with \$2,500,000.

Minnesota finds \$2,600,000 adequate.

Nebraska's fine institution costs only \$1,725,000 annually.

Wisconsin's comes a little higher, something over \$3,000,000 being required to defray its annual cost.

Illinois excepted, these States are far behind Texas in wealth and population. Just as Texas is far behind all of them in educational progress and economic growth.

Other great institutions maintained by endowments, tuition and otherwise are listed as to costs as follows: Harvard, \$3,090,000; Columbia, \$5,300,000; Cornell, \$3,200,000; Leland Stanford, \$11,000,000 (income); Yale \$1,875,000; Northwestern of Illinois, \$1,750,000.

Ferguson would reduce the Texas university to nothing minus.

That, he thinks, would throw a crimp into the sons of the despisable rich.

Well, the rich boys and girls are not dependent upon the Texas university for their education.

Even the well-to-do boys and girls

YES! LIFT A CORN OFF WITHOUT PAIN!
Cincinnati authority tells how to dry up a corn or callus so it lifts off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezeone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freezeone cost very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezeone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

SIXTH AND POLK ST.

AMARILLO, TEXAS

are not.
They can go to any institution in the country and the records show that Texas is a patron of all the great institutions.

The Texas university, however, is a matter of much importance to boys and girls who can not go to Yale or Harvard or Columbia or Michigan or Wisconsin or Chicago or Princeton.

Men who have a true knowledge of the educational needs of Texas know that there is need really of a \$3,000,000 institution, rather than a little college of the \$250,000 grade.

The Texas university has not been generously and grandly developed; it has evolved and subsisted upon a system of rationing that has enabled it to exist, and because noble men and women have loved it and sacrificed for it.—Houston Post.

Questionnaire Answered.
A gentleman who wanted to obtain a patriotic job in a munitions plant, where they are more or less particular about who they take on, went through the question mill as follows—and got the job:

Q. Born? A. Yes; once.
Q. Nativity? A. Baptist.
Q. Married or single? A. Have been both.
Q. Parents alive? A. Not yet.
Q. Voice? A. Weak.
Q. Health? A. Sometimes.
Q. Previous experience? A. No.
Q. Where? A. Nowhere.
Q. Business? A. Very bad.
Q. Salary? A. More.
Q. Drink? A. Not in dry states.
Q. Why do you want a job? A. Wife won't work any more.

A Rising Texan.
The following editorial appeared in "The Courier", Evansville, Indiana, May 19, issued of that paper.

The meeting of the Indiana Democratic Editorial association was made distinctive by the address of Hon. Marvin Jones of Texas.

The editors, accustomed to hearing at their annual meetings the most eminent men of the country, were thrilled by the eloquence of the young statesman from Texas. He began his speech late in the evening, but he got the attention of his hearers at once and held them breathlessly till his final climax was rewarded by rounds of applause.

The Lone Star state has given many eminent men to the councils of the nation. The guests in the crowded banquet hall predict that in Congressman Jones Texas is adding another to her many luminaries.

Indiana pays her respects to Texas and congratulates her sister commonwealth on sending to the halls of congress the brilliant and eloquent young statesman, Marvin Jones. His career will be watched from the successes with the utmost satisfaction.

German "safe conduct" for Swiss grain-ships is not likely to lower the insurance risk much.—Wall Street Journal.

Seriously Injured By a Mule.
E. M. Walling, of Lockney, has hardly a bare chance for recovery it was stated yesterday, from the effects of an injury which was sustained last Friday when a mule fell with him. The injuries were first not considered serious, but Monday night an operation was performed following development of peritonitis.

TERRIBLY SWOLLEN
Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. "We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught."

Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it!

WORK OF RED CROSS IS DESPERATELY NEEDED

It is Up to the Civil Population to Determine Length of the War, George W. Simmons Says.

It is right up to the civil population of the United States to determine the length of the war.

This is the stirring message sent to this country and particularly to the people of the Southwest by George W. Simmons, manager of the Southwestern Division of the American Red Cross, who is in France on a tour of observation for the War Council of that organization.

Simmons has been at the front with the American forces; he has seen what the boys from the Southwest and other portions of the country are doing; he has seen the work of the Red Cross "over there" and he sends back the message that if the people of the whole United States only will realize that this is a war of nations, not of armies; remember that the American army and navy will do their part, then we can make sure of a victory for America and her allies by acting as a nation, thinking as a nation, fighting as a nation. If we do that, Simmons says in his message to the Southwestern Division of the Red Cross, America will be the deciding factor in the war.

Nothing else matters if we do not win the war, Simmons says in a final appeal for harder Red Cross work and more ships with which to transport our men and supplies and munitions.

WHAT RED CROSS GIVES TO HOSPITAL PATIENTS

The following are the contents of a Red Cross "patient equipment" and a Red Cross comfort bag. These are given each patient upon his entrance into a Red Cross hospital:

Patient's Equipment—Six shirts, four pillow cases, two hot-water bags, three suits pajamas, two pairs bed socks, four hospital shirts, four pairs socks, one pair slippers, one bathrobe, three washrags, four face towels, two bath towels.

Comfort Bags—One tube tooth paste, one toothbrush, one cake soap, three shirt studs, one spool black thread, one spool white thread, one package needles, one thimble, six clothes buttons, 16 pins, four safety pins, one handkerchief, one pipe, one pencil, one pad paper, six envelopes.

RED CROSS HOME SERVICE WORKERS GUARD SECRETS

Home Service workers for the Red Cross naturally learn much of the private affairs of those whom they assist. They guard these secrets closely and never talk or gossip about matters that concern them only in an official way. Instructions on this point are explicit and emphatic. A recent communication says:

"How long would your physician last in your community if he told even one person the confidential, private information his patients had revealed to him? As a Home Service worker you are, in a sense, a physician to your families; therefore, take heed and reveal not a thing! Keep the trust they give you and hold sacred the intimate family matters they tell you about. You absolutely must do it!"

MAGIC MESSAGE SENT BY RED CROSS WORKER BRINGS SOLDIER CHEER

A striking example of the mingled pathos and service of the American Red Cross for soldiers in the camps is related in a letter from T. T. Flagler, field director of the Southern Division, Atlanta, Ga., to Henry S. Thompson, director of the Bureau of Camp Service, Washington.

An extract from Flagler's letter follows:

"I was alone in the office one afternoon, trying to burn anthracite coal in a wood stove, when there was a knock on the door and out of the rain, sleet and snow came one of the best-looking types of American manhood I have seen in some time. He was of striking appearance and a bad cough which he had and the paleness of his face showed that he was convalescent. He brought a note from his commanding officer stating that the bearer was a motorcycle rider and was just getting over the grip and was very much in need of knitted articles.

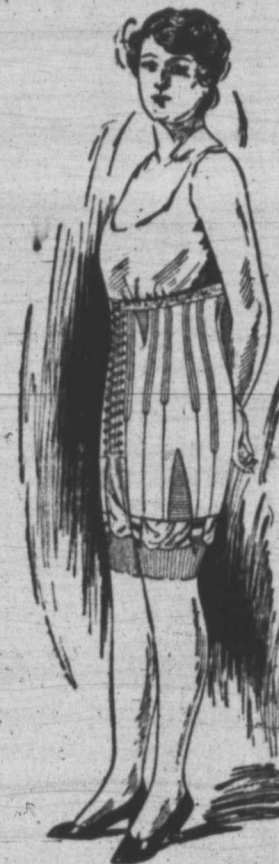

"I took the man down to the warehouse, and on the way down he mentioned that several sweaters he had seen had cards on them giving the name of the woman who had knitted them, and asked me if I couldn't get him a sweater with such a card on it, as he wanted to write a letter of thanks.

"On entering the warehouse it chanced that the first sweater I picked up had stitched to it a little black-bordered card bearing the name and address of the woman and in a little, thin, shaky hand the following words:

"I am 71 years old, and God bless you, boy."

"When the soldier saw the little card he gathered up his helmet, wristlets, muffler and sweater, and his eyes were actually filled with tears as he turned to me and said, 'Isn't that splendid? That is just what I wanted!'"

Keep Money in Circulation

Keep employment for everybody—keep on making money that we may have more money to spend, war or no war. There is no room in this country for the pessimist, let us all be optimists. Factories must be kept going to their full capacity—laborers must be employed—homes must be kept up—women must be well dressed, being well dressed necessitates the wearing of high

"La Camille"

grade corsets. The front lace style corset is becoming more popular every season. It does give women a beautiful back, and supports the abdomen easily, sensibly and naturally. It is easily adjusted, and in plain sight. Common sense dictates that you lace your corset in the front.

is the front lace corset of greatest value—the best fitting models and finest material at any price. It has the exclusive patented

feature, the VENTILO back, which prevents pressure on the spine, and permits ventilation. Then too, it has the VENTILO front shield, which allows greatest range of adjustment, and prevents the laces from scoring the flesh. In fact, La Camille corsets meet every requirement and give the highest degree of satisfaction.

Models range in price from \$2.00 upward.

MUNSING WEAR It's True Economy to Buy the Best

Munsing-wear is best. It will wear longer, wash better, fit and cover the front more perfectly, and give more real solid comfort and satisfaction than any other underwear on the market. It's fine in quality, fine enough to suit the most fastidious. It's first cost is not nearly as great as the cost of much of the "fad" underwear, and it's much more sensible and serviceable. It's made to stand the test of actual use.

Our Munsing-wear stock of Summer styles includes Ladies' and Children's Union Suits and separate pieces and Ladies' Vests and Corset Covers.

MARVIN JONES ISSUES STATEMENT AS TO CHARGES

The following has just been received from Congressman Marvin Jones, in which he denies the attack made against him charging that he misapplied funds allowed him for clerical help:

"Amarillo Daily News, Amarillo, Texas. Gentlemen:

My attention has just been called to an article appearing in your paper, the substance of which is an attack on me officially and personally. While the burden of the complaint is with reference to issues of last year when conditions were entirely different, I shall, nevertheless, in due time make formal reply to these charges. For the present however, I cannot pass by the attack upon my personal honor in the charge, at least inferentially, that I misapplied funds allowed me for clerical hire. This is absolutely with-

out foundation.

MARVIN JONES.
—Amarillo Daily News.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, Inc.

Have Him "Skinned" As Editor.

There are three things that every man thinks he can do better than any one else, namely: "Poke the fire, kiss a pretty girl and edit a paper. We do not defer to any man on the first two propositions, but there are several good women in the community who can do us on the third.—Hagerman (N. M.) Messenger.

If Messrs. Willard and Fulton can't find any place to fight in this country, they might be reminded that there are no laws restricting fighting in Flanders and Picardy. — Nashville Southern Lumberman.

Coming!

The representative of Miltonite Sales Co., Inc. of El Paso, Texas, will arrive in a few days to arrange for a live agent in this territory.

Miltonite is a Scientific Puncture Prevention. Every car owner in this vicinity should use it as it saves Time—Worry—Expense and gives 100 per cent more mileage for tires.

The U. S. Army at El Paso and Camp Cody, N. M., besides the largest business firms in El Paso are using Miltonite, which is proof of quality and economy.

Go to work or go to jail.

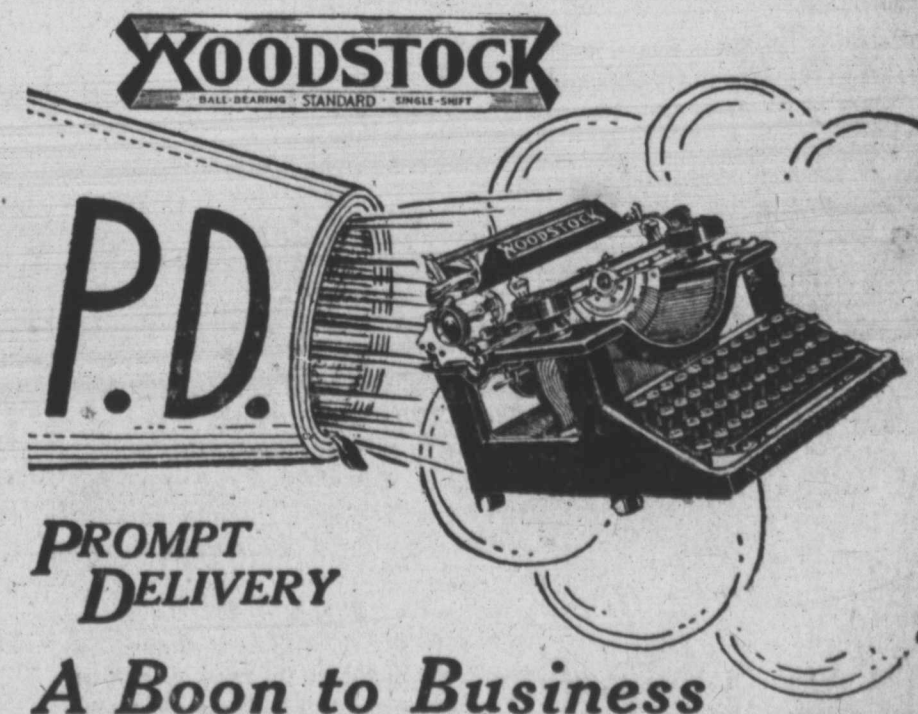

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

AMARILLO, TEXAS

The Randall County News

Incorporated under the laws of Texas
C. W. Warwick, Managing Editor

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

It is up to the registered men who are in "unnecessary" occupations, to get into a useful occupation, or get into the fight. The government has ordered that all men of all classes who are not producers to be drafted at once and sent to the army. This is going to make work for the local boards of the country. In the discharge of their duty, they are going to be forced to handle some of their friends a little rough. If a man has secured deferred classifications and is in an unnecessary business, he will be subject to immediate draft, just as though he were in class A-1. The only business in America just now is winning the war. The fellow who is not in sympathy with the win-the-war spirit is a pest and should be so treated.

In England there has been so sugar for two years, so say reputable soldiers visiting in this country. Yet some so-called patriots will use three heaping teaspoonsful in their morning coffee. Very poor way to display patriotism and to help in winning the war.

HAVE YOU A BAD BACK

If You Have, the Statement of this Canyon Resident will Interest You.

Does your back ache, night and day; Hinder work; destroy your rest? Does it stab you through and through when you stoop or lift or bend?

Then your kidneys may be weak. Often backache is the clue. Just to give further proof, The kidney action may be wrong. If attention is not paid, more distress will soon appear.

Headaches, dizzy spells and nerves. Uric acid and its ill, make the burden worse and worse.

Liniments and plasters can't Reach the inward cause at all;

Help the kidneys—use the pills Canyon folks have tried and proved.

What they say you can believe.

Read this Canyon account.

See her, ask her, if you doubt.

Mrs. J. A. Wallace, W. Houston St., says: "I was troubled by a weak and lame back and the irregular action of my kidneys. Doan's Kidney Pills, procured at the Holland Drug Co., cured me. I gladly advise anyone to use Doan's who is troubled with kidney complaint."

Price 60, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wallace had. Foster-McBarn Co., Mfgs., Buffalo, N. Y.

Crudgington has issued a challenge to Congressman Jones for a series of debates over the district. Of course Crudgington understood, before the letter was published that Jones would not leave congress to campaign the district. There is possibly a suggestion in the challenge, that Crudgington know he can't draw crowds—witness his speech in Amarillo—and wishes to get Jones to travel with him to get out the voters. Jones would do well to ignore the challenge in view of the spirit in which it was offered.

Lloyd George says that Germany's only hope to win is by striking before a sufficient number of American men can take their places on the front line. The American boys are putting up the greatest fight the huns have had to face. There are more than half a million over there now, and 40,000 went over in one week. The huns have a job on their hands if they come any way near getting a decision before two million of our boys are there.

The war department has asked for authority to raise an army of five million. It will be granted. America must rush to the front every available man and every available pound of supplies. The food hog is going to be on a meal ticket before many weeks if the present program is put into effect.

Jim Ferguson has sued the Houston Post for \$100,000. The Post has taken a fortified position against Ferguson and every day has editorials in which some of the things they know about Jim are told. The Post is doing a great work for the state.

The Dallas News has refused to print anything about Ferguson. The paper states that he has no standing in politics in Texas, and it cannot afford to give space to "academic discussions" of questions when there is such a demand upon the paper in these stirring times.

Down at Rotan seven persons were bitten by a dog which is thought to have been mad. At Slaton last year, a number of persons were so afflicted and there was a wholesale dog killing. Canyon can spare a bunch of useless dogs.

American troops are taking their place on the Italian front. The boys from America are strengthening the morale of the whole fighting line. The allied leaders rightfully admitted that it was up to this country to win the war.

A useless dog will eat almost as much as it takes to keep a soldier. The government is asking all people to dispense with luxuries. A dog is not a luxury—it is a nuisance.

It is said in England that a woman who buys a new hat is a slacker. Do the men there continue to burn up money in tobacco, as they do in America?

The 10-Mile Zone law has been affirmed by the Criminal Court of Appeals. Texas is bone-dry, almost.

Randall County is over the top in the Red Cross Drive. Of course, we knew Randall county would go over. To have failed would be a disgrace.

From press reports the German drive is on again. Hinderburg evidently figures he has a few more thousand men to waste.

Why not draft the regular bunch of loafers in the court house and put them to work in the Red Cross room.

Another great German victory—they bombed another hospital.

Special Announcements of Revival Children's and Young People's service Saturday afternoon at 4 o'clock All parents are requested to come with their children to this service.

Men's Service. Sunday afternoon at 4 o'clock. We hope every man in the community who can do so will attend this service. Rev. D. V. York has always had a great message for men

R. A. STEWART, Pastor

Drives Out Malaria, Builds Up System The Old Standard general strength tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 60c

Sweet Clover for Pasture. For years men have condemned sweet clover. They have been fearful of it, believing that few weed pests are worse than sweet clover would be if it ever gained access to the farm. Moreover, men yet insist that cows will not eat sweet clover.

These claims now appear to be in the same category as the old claims against corn silage, for sweet clover is proving to be one of the most valuable leguminous crops for milk production.

In Kansas, where alfalfa grows as well as it does anywhere, sweet clover is held in high favor on many farms.

An experiment recently reported from the Kansas Experiment Station by O. E. Reed, professor of dairy husbandry, shows sweet clover to be a very valuable pasture crop instead of a vicious weed and illustrates the fact that cows will eat sweet clover, provided they are given the opportunity when the plant is young and tender.

On May 7, six Holstein cows were turned on a sweet clover pasture of 3.8 acres. The field had been sown the year previous with oats and clover and harvested for hay. The plants had made good growth when the cattle were turned in. The six head were pastured on the small acreage for 40 days when the growth of the clover was checked by dry weather. Three cows were then removed; on August 5th one was returned and the four pastured until October 1st, day and night. In addition, one pound daily of a mixture of ground corn, bran and oil meal was fed for each four pounds of milk produced. During the period, these cows yielded a total of 19,393.5 pounds of milk containing 680.58 pounds of butterfat. They consumed 4,602.8 pounds of grain. Figuring the grain value at \$50 per ton, and the milk worth 20c per gallon, the sweet clover returned \$88.46 worth of milk per acre. On the butterfat basis, with butterfat at 40c per pound, the sweet clover was worth \$40.85 per acre exclusive of the skim-milk. Reduced to the basis of four cows, the 3.8 acres fed them for five months, indicating that one acre

of sweet clover is sufficient to keep one cow for five months. During the experiment it rained 13 days, but there was no trouble from blight. In fact, the condition of the cows improved as indicated by the three cows which were kept on the pasture the entire time. Their average weight was 1,284 pounds at the beginning, and at the close of the experiment their average weight was 1,340 pounds.

In these days when leguminous roughages are so necessary and so expensive it will be well for dairymen to consider the value of the sweet clover which grows along the roadside in nearly every section of the United States. If it is worth while growing this legume on the farms of Kansas, where alfalfa grows so abundantly—and thousands of acres of sweet clover are grown in Kansas—it will certainly prove profitable to grow this wonder crop in other sections where alfalfa presumably will not grow and where the common clovers freeze out so often in winter and burn out so often in summer.

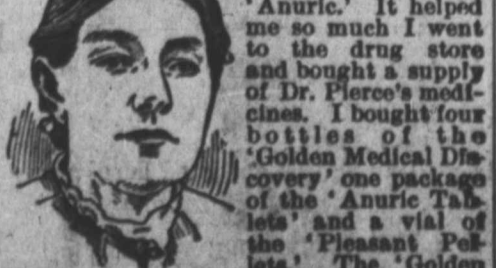

Guarding Our Lines

Guarding our lines is like guarding our health—we must encourage the care of our bodies—train our organs for bodily endurance, efficiency and full achievement. It is not so much a necessity to fight disease as to cultivate health.

If we want to increase our chances for long life—Dr. Pierce, of the Surgical Institute, Buffalo, N. Y., says: "Keep the kidneys in good order. Try to eliminate through the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, obtain Anuric (double strength), for 60 cents at druggists, and exercise so you perspire—the skin helps to eliminate toxic poisons and uric acid."

For those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric at the drug store, or send Dr. V. M. Pierce, Invalids' Hotel, Buffalo, N. Y., 10 cts. for trial package.

STROUD, OKLA.—"I suffered for a year with kidney trouble. I saw Dr. Pierce's advertisement in the paper and wrote for a trial package of Anuric. It helped me so much I went to the drug store and bought a supply of Dr. Pierce's medicine. I bought four bottles of the 'Golden Medical Discovery' one package of the 'Anuric Tablets' and a vial of the 'Pleasant Peppermint.' The 'Golden Medical Discovery' and the 'Pelletra' cured me of bowel trouble, and the 'Anuric' of the kidneys. —MRS. MARY JANE FISHER, Route 4.

Medical Discovery and the Pelletra cured me of bowel trouble, and the Anuric of the kidneys. —MRS. MARY JANE FISHER, Route 4.

GERMANS START BIG DRIVE 25 MILES OF WESTERN FRONT

The great German military machine is in full motion along the twenty-mile front in the Aisne river sector between Vailly and Berry-Au-Bec, and, greatly outnumbered, the British and French everywhere are giving ground. Notwithstanding the rapidity of the drive and the large number of the enemy pressing it—some unofficial estimates place the number of shock troops alone at 25 divisions, or 300,000 picked men—the allied front nowhere has been pierced, but under the onslaughts has bent back in perfect liaison and all the time giving battle. With such precision has the retirement been conducted that both the British and the French troops have been able to carry back with them all of their supplies and guns, or to destroy those they were not able to handle.

The American troops on the French front near Montdidier delivered an attack against the German positions Tuesday, fought their way through all objectives, including the village of Cantigny, and captured 140 prisoners. The American attack was along a two kilometer front, and it seems to have taken the hard hitting Americans just three quarters of an hour to complete their conquest, which included that amount of territory as well as the

village of Cantigny—an exceptionally short time for such an operation. This remarkable fine showing comes as a fitting companion piece to the brilliant work done by the United States soldiers in repulsing an enemy assault made against them in the same region yesterday morning. One American division was attacked at that time and the gray coats met with a complete reversal at all points. This enemy attack was not a heavy one, however, and was easily dealt with by the Americans, who had the situation well in hand at all times.

Word of these two victories have added much to the very favorable impression which the American troops already have created along the British front. It was a foregone conclusion that the Germans would make the newest of the allies along this front the object of an attack, in an attempt to push them back and thereby create a feeling that they had formed a weak line in the defending chain.

Feeding Substitutes to Cows. It is said some people around Melrose feed the substitutes, they are required to buy when purchasing wheat, to the cow. Such people will get what they deserve when the Food Administration forbids them wheat flour at all under any circumstances. The government has the power to do this, and shoot you if you complain!—Melrose (N. M.) Messenger.

Old Sign Worked At Glazier. It rained in Glazier six Saturdays and Sundays in succession this year following Good Friday. A. H. Rupprecht says that is an old sign which seldom fails in a community that when it rains on Good Friday, look out for showers weekly for six weeks. If you doubt that we had 'em, ask some of the young folks who planned to go camping on Saturday.—Glazier Review.

Happy was visited by the hardest rain they have had in three years Tuesday evening. The lakes are full and the draws on the boom. 1 1-2 inches fell in 45 minutes. Some hail in places that did a little damage to gardens.

Judge Tomlinson spoke to the school children last Friday. Several of the ladies took their dinner and had an all day affair. It was the last day of school.

A son was born to Mr. and Mrs. Geo. Walker on May 25th.

Lonnie Townsend left Saturday for Collin county where he will meet his parents and sister and come back with them in the car about June first.

The infant child of Mr. and Mrs. Dick Pugh died Tuesday evening at 6 o'clock of leakage of the heart. It was buried Wednesday.

Mr. Mason left Sunday for his home in Terrell. He was accompanied by Clarence Long who will visit with his grand mother for a few days and accompany his sisters, Misses Maggie and Hazel home. They have been going to school at Austin.

J. B. Gassaway who has been quite sick for the past two weeks is able to be up now.

Mr. Foster went to Amarillo Monday on business.

Quite a few new cases of measles in the country.

A daughter was born to Mr. and Mrs. Ray Smith on the 24th. Mother and babe doing fine.

Hugh Holland shipped his car of household goods Saturday to Texhoma. The family will go in about two weeks.

Miss Gladys Neff returned Sunday from Denton where she has gone to school the past year.

Children's Day will be observed here next Sunday on account of so many going away next week.

Miss Mary Mayhew of Canyon is visiting friends here the past week.

Umbarger News.

Saturday a storm visited this part

of the country, scaring some people into their cellars.

Several light rains have fallen the past week.

The rain has contented most of our farmers but we will need more soon in order to make a good crop.

Mr. and Mrs. L. Brandt bought a half section of land north of Umbarger. Their place is as yet, unimproved but they expect to improve it and move on it as soon as possible.

Mr. L. M. Williams to Amarillo Friday to meet his daughter who has come from Uvalde, Texas to spend a few weeks with her relatives around Umbarger.

R. G. Bader was at Lapalate last week looking for cattle.

Mr. P. D. Hanna and family were in Amarillo last Thursday on business.

Mrs. Hugo Skarke and Mrs. E. J. Friemel were business callers in Canyon Thursday.

Mr. and Mrs. Nick Hollenstein and son visited at the Meinrad Hollenstein home Sunday afternoon.

John Bedenk and Joe Friemel were at Wildorado Sunday afternoon.

Henry Beckman with wife and daughter visited at the Hugo Skarke home Sunday afternoon.

Mr. and Mrs. Wm. Leightwald entertained a circle of relatives Sunday.

Clem Friemel and Ernest Weynard were in Amarillo on business Saturday.

Henry Beckman Jr., spent Sunday with his cousin, Clarence Beckman.

Clarence Williams and Clint Abbott were in Hereford Friday.

Mr. and Mrs. Wm. Leightwald and children, Mrs. R. C. Cage, and Miss

Ethel Bader drove to Hereford Monday.

Mr. John Straub was taken to the hospital at Amarillo on last Saturday where he will have one of his eyes removed.

The Joy Of Coming Motherhood

A Wonderful Remedy That is a Natural Aid and Relieves the Tension.

The expectant mother revolves in her mind all we understand by destiny. And it is of the utmost importance that her physical comfort be our first thought.

There is a most splendid remedy for this purpose, known as Mother's Friend. It is applied over the muscles of the stomach, gently rubbed in, and at once penetrates to relieve strain on nerves, cords and ligaments. It makes the muscles so pliant that they expand easily when baby arrives and pain and danger at the crisis is naturally less.

Mother's Friend is for external use only. It is absolutely safe and wonderfully effective. It enables the expectant mother to preserve her health and strength and she remains a pretty mother by having avoided the suffering and danger which would otherwise accompany such an occasion. Every nerve, muscle and tendon is thoroughly lubricated.

Mother's Friend is prepared by the Braxfield Regulator Co., Lanar Bldg., Atlanta, Ga. They will mail you an intensely interesting "Motherhood Book." Write them to send it to you, and in the meantime send or phone to your druggist today for a bottle of Mother's Friend.

Every woman should aid nature in her glorious work. Mother's Friend makes it possible for you to do so, and should be used regularly, without fail, night and morning.

We are not the largest dealers in our line, in the Panhandle -- yet,
But Watch Us
show us the house that can equal our progress for seven months

WE BUY FOR CASH AND SELL FOR CASH. THEREBY SAVING YOU AT LEAST 15 PER CENT ON EVERY ARTICLE PURCHASED FROM US.

We have a brand new and up-to-date line of furniture including Simmons' Beds, Springs, Matts of the very best construction, Bed Room Suits, Dining Room and Library furniture, Kitchen Cabinets, Linoleum, Congoleum, Velvet and Axminster Rugs, Mattresses, Feather Pillows, and in fact most anything you want in our line. It is a pleasure to show our goods. We will exchange new furniture for your old furniture. We have a nice stock of used furniture also. The Farmer's Share

Live stock is marketed from farmer to consumer at a lower cost than almost any other farm product.

The United States Department of agriculture reported in 1916 that the farmer gets for his cattle "approximately two-thirds to three-fourths" of the final retail price paid by the consumer for the resulting beef.

Under normal conditions, the farmer's share of retail prices of various farm products is approximately as follows:

Butter	71 per cent
CATTLE	66 2/3 to 75 per cent
Eggs	65 per cent
Potatoes	55 per cent
Poultry	45 per cent
Fruits	35 per cent

The difference between farmer's price and retail price represents the necessary expenses of packing, freight and wholesale and retail distribution.

Swift & Company not only performs the manufacturing operations of preparing cattle for market in its well-equipped packing plants, but it pays the freight on meat to all parts of the United States, operates 500 branch distributing houses, and in most cases even delivers to the retail butcher. All this is done at an expense of less than 2 cents per pound, and at a profit of only about 1/4 of a cent per pound of beef.

Large volume of business and expert management, make possible this indispensable service to the live-stock raiser and to the consumer, and make possible the larger proportion of retail prices received by farmers.

Year Book of interesting and instructive facts sent on request. Address Swift & Company, Union Stock Yards, Chicago, Illinois

Swift & Company, U.S.A.

Doing Her Bit.
Quietly munching the new-mown hay, Peacefully chewing the cud, Looking as bright as a summer's day, The sky as pure as her blood, Unconsciously dreaming and perfectly fit, The Holstein cow is doing her bit.

Just look at the beauty lying there With her back all covered with silk; Good feed and plenty with lots of fresh air Insures big returns in milk. Browsing contentedly, happy and fit, The Holstein cow is doing her bit.

What though the battle rages afar And the cry for food is acute, "Why worry and all my pleasures mar?" She asks in language mute! Continuing steadfastly, always fit, The Holstein cow is doing her bit.

"Don't get excited, keep me well fed Give me a chance to make good, Plenty of water, nice comfy bed, And I'll answer the cry for food." Solving the problem, ever fit, The Holstein cow is doing her bit.

"Strange nomenclatures I possess; Sometimes it's Segis, then Calamity Pet; But while I feel proud of it, nevertheless On filling the pail my attention is set." True to tradition, calm and fit, The Holstein cow is doing her bit.

Records may come and records may go But always be sure of this fact, That whether it be for weal or for woe, For production she'll never be whacked.

True friend of the people and always fit, The Holstein cow is doing her bit.

Then hurrah! for the greatest cow on earth Loud let her praises be sung, Give her full credit for what she is worth And high let her picture be hung. Black-and-White is her color, she's proud and fit, The Holstein cow is doing her bit. —Holstein-Friesian Register.

If Miss Philadelphia wants a soldier or a sailor for a beau she must act like a lady.—New York World.

A Good Poultry Record.
Mrs. T. Grim has been keeping a strict record of her chickens and eggs and she finds it to be a good thing and every woman should keep a record of her chickens. In month of November I sold 35 dozen and got 50 cents and 65 cents per dozen at end of the month I had sold \$19.30 worth and consumed two dozen. In December I sold 27 dozen at 60 cents and 65 and 50 cents per dozen, total amount at end of month \$13.95 and consumed 1 1-2 dozen and set one hen on 15 eggs. In January I sold 14 1-2 dozen at 50 and 60 cents per dozen and I lost eight of White Leghorn hens and four Rhode Islands during that awful snow storm on the 10th of January, at end of month I had sold \$7.75 and consumed 2-3 dozen. In February I sold 26 dozen at 35 and 50 cents per dozen, and used 168 eggs to set my incubator and 30 to set two hens, and consumed 1-2 dozen, total amount at end of month, \$10.00. In March I sold 107 1-2 dozen at 30, 25 and 26 cents per dozen and 2 1-2 used for setting 2 hens, and consumed one dozen, total at end of month \$29.37. In April I sold 73 dozen at 30, 26 and 27 1-2 cents per dozen and 162 eggs used to set my incubator and 3 3-4 dozen used for setting hens, and consumed two dozen, total at end of month, \$18.70. Making a total number of 282 3-4 dozens and total amount of money received \$99.07. This is a strict record for the past six months from 70 hens. During the month of January I set one hen on 15 eggs and, she hatched out eight chicks, two died and the rest grew to be frying size and I sold them at 50 cents each which amounted to \$3, a total of \$102.07. I would like to hear from

some of the other, ladies.—Canyon correspondent in Lubbock Avalanche.

Hermon's Prize Winning Holsteins.
The development of the Mount Hermon herd of registered Holsteins, at Mount Hermon School, Mount Hermon, Massachusetts, within a comparatively short time, and from only a few foundation cows, is one of the most striking illustrations of systematic breeding on record. The development was begun in 1904 with the purchase of a few registered cows and a proven sire. From that small nucleus, the herd has increased to one hundred and sixty registered animals that are now known far and near for their uniformity, large production, and heavy winning in the show ring. For the past few years, this herd has been distinctly the heaviest winning Holstein herd in New England.

The CORRECT TREATMENT FOR COLDS

Colds are contracted when strength is lowered and the inflammation easily develops bronchitis or lung trouble, while grippe and pneumonia frequently follow and any cold should have immediate treatment with

SCOTT'S EMULSION

The National Strength-Builder

which first builds up the forces by carrying rich nourishment to the blood streams and creates real body warmth. Its cod liver oil is the favorite of physicians for correcting bronchial disorders and chest troubles.

The imported Norwegian cod liver oil always used in Scott's Emulsion is now refined in our own American laboratories which guarantees it free from impurities. Scott & Bowne, Bloomfield, N. J. 17-19

some of the other, ladies.—Canyon correspondent in Lubbock Avalanche.

Hermon's Prize Winning Holsteins.

The development of the Mount Hermon herd of registered Holsteins, at Mount Hermon School, Mount Hermon, Massachusetts, within a comparatively short time, and from only a few foundation cows, is one of the most striking illustrations of systematic breeding on record.

The development was begun in 1904 with the purchase of a few registered cows and a proven sire. From that small nucleus, the herd has increased to one hundred and sixty registered animals that are now known far and near for their uniformity, large production, and heavy winning in the show ring.

For the past few years, this herd has been distinctly the heaviest winning Holstein herd in New England.

Last season, a few animals were exhibited at Greenfield, Springfield, and Brockton, Massachusetts, and at Hartford, Connecticut. At each place, the Mount Hermon herd was by far the heaviest winner, easily taking premier Championship, and with one single exception, all Grand Championships.

Word has just come from the editor of one of the leading Holstein journals, who, several years ago, offered a silver cup to be awarded to the heaviest winning Holstein herd in the country, that the cup for the 1917 season has been awarded to Mount Hermon School. This is an honor which is especially pleasing because every animal in the school herd, with the exception of two sires, was bred and developed at Mount Hermon.

Milking Machines Save Labor.

The shortage in labor is causing more interest than ever in the milking machine. Milking machines have been on the market more than 25 years but many of them have not been successful. As a result of years of experimenting, machines are now on the market that are past the experimental stage. Milking machines are now giving the best satisfaction in hands of many users. The successful use by many shows that the machine is all right when properly used. Experience has shown that the milking machine saves a great deal of labor making it possible for one man to milk 25 to 30 cows in an hour. The machine does not injure the cow in any way and in many cases animals prefer machine to hand milking. When the machine is properly handled the quality of the milk with reference to its sanitary condition is better than when it is hand milked.

C. H. Eckles of the Missouri College of Agriculture suggests that a farmer who expects to purchase a machine will do well, first of all, to

visit some one using a machine of the kind he is considering, and see it in operation so that he may decide for himself whether he wants it. In buying a milking machine use the same common sense that would guide the buyer of any machinery. It is safer to get a make that has been in use for some time, preferably three years at least, in order that the defects may have been corrected.—Holstein-Friesian World.

To Cure a Cold in One Day.

Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 30c.

How Much Shall It Be?

My rule for a man's finding out just how much he should subscribe to the Red Cross is this:

Put down your name and address on the blank and leave the amount open to think. Then try going past a schoolhouse about four o'clock when the children are pouring out.

Or in the evening when the house is quiet, put down your name and the best figure you dare on the white paper.

Then go upstairs a minute and look in the crib.

Then look at your blank when you come down once more.—Gerald Stanley Lee.

Doing Everything Possible.

Capt. Archibald Roosevelt, who recently was injured and nursed back to health in a Red Cross hospital in speaking of the Red Cross work, is reported as having said:

"The Red Cross is doing everything possible for us. I cannot say too much in appreciation of their efforts, which make us feel as if we were back home. It is a great comfort to us fellows in hospitals, and if our folks could see the way we are being taken care of they would stop worrying."

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs" which contains full directions for babies, children of all ages and for grown-ups.

PAIGE

The Most Beautiful Car in America

For Active Service

American business has been motorized. For both short and long hauls the gasoline truck has proven itself a thoroughly efficient form of transportation. And no intelligent field Executive would dream of tackling his job without the proper equipment—a dependable touring car or roadster.

It would amaze you to know how many Lawyers, Doctors, Architects, Contractors and Specialty Salesmen have adopted the Paige. These men have bought their cars for active service, and they have been influenced in their selection by practical considerations only. They deliberately sought out the car that would offer the greatest dollar-for-dollar value—and they found it in the Paige.

SOUTH SIDE SQUARE

LIMIT OF SUGAR AGAIN IN VOGUE UNTIL JULY 1

Manufacturers' Supplies to Be Limited to 80 and 50 Per Cent in View of Uncertainty of Shipments.

Uncertainty of shipping tonnage to convey Cuban sugar to American ports and the need of all surplus of sugar for preserving purposes has led the United States Food Administration to adopt a sugar ration system for manufacturers which becomes effective May 15 and extends to July. The ration system is to be a perfect check upon all sugar going to manufacturers, large or small, and the certificate resembles closely that of a banknote. Every firm requiring sugar for manufacturing purposes will be required to submit certificate in the denomination of pounds authorized, this certificate must be signed by the firm receiving the allotment and countersigned by the firm making the sale.

The check on all manufacturers will be maintained through the federal district food administrators. Manufacturers who entered business or increased their capacity after July 1, 1917, and before November 1, 1917, receive an 80 per cent allowance; those who entered business after November 1, 1917, and before April 1, 1918, are to receive 50 per cent, while those entering business after April 1, will receive no sugar at all, unless specially authorized by the distribution division at Washington.

The object of the plan is to conserve sugar in order to give all sugar necessary to manufacturers conserving fruits of the coming harvest; and at the same time not give any man who has disobeyed the regulations sugar that will give him an advantage over his competitors. Another aim is to cut down the abnormal increase in the manufacture of candy and soft drinks.

Manufacturers of ice cream are to be allowed 100 per cent of sugar as a measure to save milk and help the dairy interests; but no sugar will be issued for the making of ices and sherbets. Manufacturers of chocolates, soft drinks, beverages, bottlers of soft drinks, makers of fruit syrups, sweet pickles, chewing gum, cocoa, invert sugar, are cut down to 80 per cent. The only exceptions in the ration plan are public eating places, and bakers and cracker manufacturers engaged exclusively in the manufacture of their product.

NEW REGULATIONS FOR HOTELS AND RESTAURANTS

Introducing quick bread to the public is one of the social duties of R. A. Parker, director of hotels and restaurants for the Federal Food Administration for Texas. Mr. Parker travels strictly in hotel, restaurant and cafe circles, and his program is to follow up the conversion of hotels and restaurants to a wheatless program with recommendations that will make the conversion a matter of success.

The division of hotels and restaurants at Washington has forwarded to Administrator Peden a digest of the wheat conservation program in public eating places which involves service regulations, plan of introduction and plan of enforcement. For details, all proprietors of public eating places will communicate direct with R. A. Parker, Federal Food Administration, Houston.

Except in extreme circumstances no longer than 10 days should be given public eating places to make their arrangements to conform to the service rule. At the expiration of this time the rule should be vigorously enforced.

The service rule, Administrator Peden is advised, should be enforced by inspection and investigation and where violations are reported a hearing open to the public and the press should be held by the Federal Food Administrator or his duly appointed representative.

Where violations are proved, provided such violations are contrary to the baking rules and regulations, the baking license should be revoked. If the eating places guilty of violation purchase their bakery products the bakers should be advised not to sell to such violators.

TO HAVE AND TO HOLD

You have read and heard the word "Patriotism" a thousand times during the last few months. Just what does it mean? It means sane, sensible, enlightened selfishness. Being patriotic means that you realize that a certain line of conduct will mean sacrifice, hardship, for you, but that if only you will make the sacrifice, and endure the hardship, it will bring lasting good and happiness to you, your neighbors, your whole country.

By buying a Liberty Bond you have shown that you have the right view-point. Now the thing to do is to see your resolution through to the finish. The soldier who volunteered for service, went over the top with a cheer and then stopped, disheartened, in the middle of "No Man's Land" would be considered a poor soldier.

The man who stays at home must take this lesson to himself. It is not sufficient to merely enlist in the army of Bond Buyers, the fight must be fought to the bitter end. In other words, pay your installments on your Bonds promptly. Sacrifice and save during the month of June for your July installments; sacrifice and save during July and August to pay your August installments. Even then you will have done only half your duty. The command of our officers then will be "Keep your Bond," and as good soldiers and patriots we must obey.

Liberty Bonds are not money, and therefore, should not be used as such. They are mortgages on all the land, all the wealth in the United States. When you lend money on a mortgage, you do not take the papers to the grocery store and pay your bills with them, you place them in the bank, and if you actually need money to conduct your business, you borrow money on the mortgage. The same course is quite permissible in the case of a Liberty Bond. Remember when you hold a Liberty Bond you are a patriot, bearing your share of the National burden; when you sell it, you have ceased to bear your share of the burden and have handed it on to some one else to carry. This is not good Americanism, nor again is it good business, for where in the world today is there a better investment for the man who knows nothing of stocks, shares, bonds or financial matters, than a Liberty Bond?

An investment without an element of risk, which pays 4 1/2% per annum, is a pretty good thing to have and to hold.

A MESSAGE TO LIBERTY BOND BUYERS.

Have you ever heard of a soldier, returned from the war, who complained of his lot, or ever for one moment regretted having fought?

Men have come back without their sight, without their limbs, and in various stages of physical disability, but the first case has yet to be recorded of one who complained.

There is something in our imperfect human nature that makes us glad we have done a good thing.

The Liberty Bond buyers of the Eleventh Federal Reserve District will feel as the soldiers did—nothing but satisfaction, and the greater the sacrifice the greater the satisfaction.

I want to congratulate every man, woman and child who has bought a Bond and sent this district over the top.

J. W. HOOPES,
Federal Reserve Bank.

EVER MEET THIS MAN?

The fellow that listens to all the stock salesmen who want to sell stocks in exchange for Liberty Bonds, has only to go on listening long enough, and one of them will offer to sell him the State Capitol for \$100. Tell these fellows, "I don't know you, but I do know Uncle Sam."

Keep your Liberty Bonds.

Don't Let Catarrh Drag You into Consumption

Avoid Its Dangerous Stage. There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and the hawking and spitting and other distasteful features. The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications. S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source, and removes the germs of the disease from the blood. Get a bottle from your druggist today, and begin the logical treatment that gives real results. You can obtain special medical advice without charge by writing to Medical Director, 27 Swift Laboratory, Atlanta, Ga.

The leapers of Molokai bought \$5,000 worth of Liberty Bonds, wishing to guard against the possibility of having to associate with Germans.—Louisville Courier-Journal.
German Army is frantically eager to get out of law, damp valley it is in—you see, the German soldiers are now wearing paper pants.—Chicago Daily News.

OUR DESTROYERS IN EUROPEAN WATERS COVER MANY MILES IN THEIR PATROLING.

WILL CONSIDER INVENTIONS

War Department Creates New Section for Investigation of All Devices—Use of Sugar by Manufacturers Curtailed by Food Administration.

(From Committee on Public Information.) Washington.—Some indication of the ceaseless watch kept on the high seas, in the path of American troops, by United States naval forces operating in European waters, may be gained from statistics just compiled at the naval headquarters in London. These statistics show that a single force of American destroyers operating from one base had steamed almost 1,500,000 miles up to April 1. The maximum distance covered by a single destroyer was more than 580,000 miles from May 1, 1917, to April 1, 1918. This destroyer was one of the first to arrive abroad after war was declared.

It has been announced that Vice Admiral William S. Sims, commanding United States naval forces abroad, offered to send an auxiliary force composed of naval units to the French front at the beginning of the German offensive. The chief of staff of the French navy and General Foch did not consider that the circumstances demanded the presence of such a force at the front.

The French have had a naval division operating in the forces of the Lorraine sector for some time, and the naval units have made their part of the line as shipshape as possible, with everything from big naval guns down to sleeping hammocks and ships' cats. The American soldiers billeted in England for temporary training or en route for France are more and more compelling the admiration and co-operation of the English people. The National Sporting club of London has started a series of weekly entertainments for enlisted men of the United States army and navy.

To secure prompt and thorough investigation of inventions submitted to the war department an "inventions section" has been created. All inventions of a mechanical, electrical, or chemical nature submitted for inspection, test, or sale are now considered by this section.

Any person desiring to have an invention considered should do so by letter, giving in order the following information: Name and object of the invention, any claim for superiority or novelty, any results obtained by actual experiment, whether the invention is patented, whether remuneration is expected, whether the invention has been before any other agency, whether the writer is owner or agent, the number of inclosures with the letter. A written description and sketches or drawings of sufficient detail to afford a full understanding of the cases should also be submitted. Should the invention be an explosive or other chemical combination the ingredients and processes of mixture should be stated.

The inventions section will not bear the expense of preparation of drawings and descriptions, nor advance funds for personal or traveling expenses by inventors.

Any matter submitted will be treated as confidential. The inventor will be notified of each step taken during the investigation of his invention. All communications should be addressed: Inventions Section, General Staff, Army War College, Washington, D. C.

All newspapers have again been urged by the navy department, through the committee on public information, to discontinue the publication of news items and advertisements which may in any degree indicate the location or movement of vessels.

This notice has not been issued because of new circumstances endangering ocean shipping—none has arisen—but because it is felt that voluntary censorship has not yet achieved the fullest measure of essential secrecy in the protection of merchant shipping. The notice asks that all references to names of ships, dates of sailing and arrival, information of routes, schedules, cargoes, location and movement of ships be deleted from news and advertising copy.

There are now 20 uniforms for women in war work in the United States. They are for munition workers, telephone and radio operators, yeomen, employees of the shipping board and the food administration, Red Cross workers, Y. M. C. A. workers, woman's motor corps, girl scouts, and students of the National Service school of the woman's naval service.

Information regarding the hospitals of the United States, in process of compilation since 1916, is now collated and indexed in the medical section of the council of national defense. A central bureau of information concerning the hospital facilities of the country, under war conditions, is thus provided.

The bureau has not only the details of over 1,000 active hospitals, but is also gathering full data concerning nearly 6,000 other institutions, which include sanatoria, infirmaries, homes, asylums and dispensaries.

Manufacturers using sugar, except to make essential food products, have been on strict rations, the United States food administration announces, in order to assure sufficient supplies for home canners and the commercial manufacturers of preserves, jams, and other foodstuffs regarded as essential. The restrictions went into effect May 15, and limit the consumption by manufacturers of the less essentials, particularly confectionery and soft drinks, to 80 per cent of last year's requirements.

Manufacturers of nonedible products will be forced to go entirely without sugar.

Included in the class with confectionery and soft drinks are condiments, soda water, chocolate, candies, beverage syrups, fruit syrups, flavoring extracts, chewing gum, sweet pickles, wines, cereals and invert sugar. Those who entered the business or increased their capacity after April 1, 1918, however, will be cut off entirely.

Manufacturers of essential foodstuffs will be permitted to buy sufficient sugar to meet their full requirements. In this class come preservers and packers of vegetables, catsup and chili sauce, fruits and milk, manufacturers of jam, jelly, and preserves, tobacco and explosives, apple butter and glycerin, ice cream (not including sherbets and water ices), druggists (for medicines), and producers of honey. Ice cream is put in the preferred class.

American prisoners of war in Germany are entitled to receive and send letters, money orders, and valuables, and parcel post packages weighing not more than 11 pounds, when intended for international mail, free from all postal duties.

Mail should be addressed to the prisoner of war, giving his rank, the name of the prison camp where he is held. If it is known, followed by "Prisoner of War Mail via New York." All such mail should also bear the name and address of the sender.

Parcel post packages for prisoners of war in enemy countries may not be sent by organizations or societies, and only one package a month may be sent. If more are received the one apparently from the prisoner's next of kin will be forwarded and the others held in New York pending communication with the senders, with whose consent such excess packages may be sent to other prisoners of war who had received no packages during the month. Lacking this consent, the packages will be returned to the senders.

Only the following articles may be included in the packages: Belts not made of leather; hair, hand, tooth, shaving, and shoe brushes; buttons; hard candy; cigars and cigarettes; combs; crackers and biscuits; gloves not made of leather; handkerchiefs; pocket knives, needles and thread; pencils and pens; penholders; pins; pipes; safety razors and blades; shaving soap, powder, or cream; shirts and scarfs; shoe laces; smoking or chewing tobacco; toilet soap; socks; sweaters; tooth powder, paste or liquid mouth wash; towels; underwear; personal photographs; periodicals published prior to the beginning of the war.

Letters and packages will be subject to careful censorship.

Military instruction under officers and noncommissioned officers of the army will be provided in every institution of college grade which enrolls for the instruction 100 or more able-bodied students over the age of eighteen, beginning in September, 1918. The necessary military equipment will, so far as possible, be provided by the government. There will be created a military training unit in each institution. Enrollment will be purely voluntary.

The enlistment will constitute the student a member of the army of the United States, liable to active duty at the call of the president. It will, however, be the policy of the government not to call the members of the training units to active duty until they have reached the age of twenty-one, unless urgent military necessity compels an earlier call. Students under eighteen, and therefore not legally eligible for enlistment, will be encouraged to enroll in the training units.

The London Economist for February places the total gross debt of Great Britain at 5,578,000,000 pounds (\$27,636,000,000).

The French minister of finance in presenting the budget for 1918 estimated the public debt of France on December 31, 1918, at 115,168,058,000 francs (\$22,227,000,000).

The public debt of Italy at the end of 1917 is estimated at about 85,000,000,000 lire (\$876,000,000).

The debts of the central powers are estimated as follows: Germany, \$25,408,000,000; Austria, \$13,314,000,000; and Hungary, \$5,704,000,000.

Our own public debt is now around \$8,000,000,000, but more than half of this amount has been loaned to the allies. It is estimated that of the total net expenditures of the United States for the fiscal year 1918, exclusive of our advances to the allies, more than one-half will be defrayed by taxation, according to the treasury department.

Only members of units of the senior division reserve officers' training corps, now in attendance at various educational institutions maintaining such units, will be eligible to attend the one month's course of training to be held from June 8 to July 3 at Pittsburg barracks, New York; Fort Sheridan, Illinois; and the Presidio at San Francisco. There are 120 colleges maintaining these units, from which 6,500 students will be selected. Those who complete the course of training will not be eligible for commissions.

WAR SAVINGS STAMPS FOR SALE

Wayside Items.

The Red Cross sale at Wayside came off Tuesday. With help from other places, notably Happy and Vigo and possibly some others the sale was a success. All told proceeds brought \$832.50. We thank those helping us very much.

Rev. Zoro Pirtle and son, Burgher, were with us Sunday, the former preaching twice, also at Beverly in the afternoon. They returned home Monday a. m.

Wm Payne made a business trip to Canyon and returned Monday.

Red Cross sale at Beverly came off Saturday afternoon. With some help from others, their sale netted \$260.87. Born to Mr. and Mrs. W. C. Hamblen twin boys, Wednesday, May 22. Mother and babes only doing tolerably well. Mrs. Fannie Franklin is on the sick

list.

Born to Percy and Maud Walters, a 9 lb. boy on May 21. They were formerly of Randall county, but now near Edler, Colorado.

Memorial Day will be observed at Wayside with appropriate ceremonies.

Wages To Be Paid Harvest Hands.

Wages which will be paid harvest hands in this section this year were fixed at the meeting held at Kinsley on Wednesday of last week. There were representatives from all the counties in this part of the state and the wages were arrived at by taking the wage suggested by each county delegation and striking an average of the whole. The wages as fixed for this year are as follows:

Barge men \$5.00; header men 5.50; stackers, 5.75; cook, doing all the work, 3.00, cook's helper, 2.00; team

3.00. This pay is on the basis of ten hours' actual work in the field. It is a material increase over former years but is thought to be fair and just under the present conditions. The success of this plan of fixing wages depends on all parties interested abiding by the prices fixed.—Coldwater (Kans.) Talsman.

Some Fish Story.

T. J. Lisenbe brought to the Herald office on Tuesday, a fish head that is out of the ordinary in that the fish has a full set of teeth similar to those of a house cat.—Panhandle Herald.

Some particularly diabolical form of punishment will probably be devised for Prince Lichnowsky, who has been detected red-handed in the act of telling the truth.—Nashville Southern Lumberman.

We want our Canyon friends to know

That we have just received from the east a car of handsome bed room furniture in the most popular period designs in mahogany, walnut, birds eye maple and oak

This is by far the most striking display of matched bed room suits we have ever shown and we want you to come in and inspect them when you are in Amarillo.
