

W. S. S. CAMPAIGN TO RAISE \$78,000.00

Randall county will be in full accord with the government's desire to make June 28th a great national patriotic day.

Randall county will make a supreme effort on that day to go over the top with the War Savings Stamps.

Randall county is now \$78,000 behind in subscriptions to the W. S. S. but Randall county will pull out of the hole on June 28.

June 28th has been declared by the government to be a day of reckoning with the W. S. S. situation. Nothing can excuse any person in the United States for not devoting a portion of his time, at least, to the War Savings Campaign on that day.

Every citizen in Randall county must be at his post during this campaign regardless of what he has to do. This campaign is of as much importance as any campaign we have had, and in many respects it is more important, since the government is teaching men, women and children to save that which they have been wasting, and helping them put it into the war where it will do the most good.

Booths will be arranged over the city and will be opened throughout the day in order that all our people may have a chance at all hours of the day to put their money behind the government, instead of spend it for many foolish things.

These booths are being erected by R. H. Wright, S. B. McClure, J. B. Gamble, Chas. Harter, T. V. Reeves and D. A. Park. Young ladies will be arranged for to sell the stamps by Mesdames T. H. Rowan and S. B. McClure.

Randall county should have thirteen War Savings Societies. The county is credited with only two. An effort will be made to get the other eleven societies arranged.

A booth will be maintained at the Normal under the supervision of Travis Shaw, J. W. Reid, D. A. Shirley and Miss Lowrance.

Work will start at once to raise the quota in this county. June 28th will be merely a cleaning up day for all portions of the county.

The government has made each and every school district a unit for operation in this campaign. The names of every school trustee has been sent to the government, and they will be held responsible for getting the people of their several districts to attend the meetings and to assist with the raising of the quota of each county.

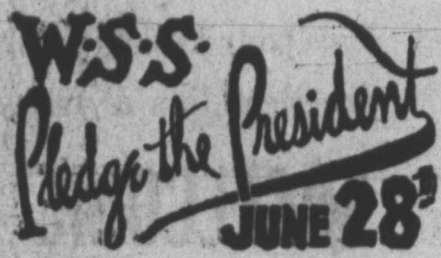

War Savings Stamps are based strictly and alone upon population. The government credits Randall county with having a population of 5026. Each man, woman and child must have at least \$20 of these stamps if the quota is to be raised. \$1,000 is the

MICKIE, THE PRINTER'S DEVIL

most that any person may own.

The government believes that the W. S. plan is of such great importance that it is our people take hold of it as they should, there will be no need to float Liberty Loan Bonds for some time. The government is in earnest regarding the importance of the stamps and all our people should wake up to the importance of buying at once.

Sunday June 23 every school house in Randall county will have a meeting. The trustees are held responsible by the Federal Reserve Bank for the success of the meeting. Speakers will go from Canyon to that meeting and with each speaker will be a salesman who will have stamps to sell to the people. Those who haven't money at this time will be asked to sign a pledge card, signifying that they will take a certain amount of stamps during the coming few months. The sale of \$20 per person much be reached by December 31, 1918.

On June 28th all of the people of Randall county will gather in Canyon for a grand wind up of the campaign. A program is now being arranged for June 28th in Canyon by J. B. Gamble, T. C. Thompson and Miss Frankie Guber. All business in Canyon will be suspended for this big campaign.

A meeting will be held Friday night of this week with Mr. Powell to make final arrangements for the campaign.

The following will be the quota to be raised by each school district in Randall county:

Table listing school districts and their respective quotas for the W.S.S. campaign, totaling \$100,530.

The following speakers will be sent to the various school houses on Sunday afternoon, June 23 at which time a meeting will be held in order to bring up the quota of each district:

CLAYTON GAMEL MAKES SUPREME SACRIFICE

A message was received Sunday bearing the sad news of the death of Clayton Gamel in Liverpool. He is the son of Mrs. Kathrine Hutson and has been in the army since last year when he joined Troop B in Amarillo, which has since been changed to the Field Artillery.

Clayton was chosen one of five from this Troop to go over to France where they would be taught the newest methods of handling the field pieces. They were to have reported back to Camp Bowie after a certain period of training.

According to the message he was sick with pneumonia but two days and died in Liverpool. He was laid to rest in the Kirkland Cemetery.

The people of Randall county extend to Mrs. Hutson their heart-felt sympathy for the loss of her son. Clayton was the first Randall county boy to be laid to rest in a foreign land. His death is the first strike into our homes by the foe across the ocean.

Clayton was twenty-four years of age, and though slight of stature was physically perfect, in testimony of his selection to go across with the first.

The true devotion for his country in which Clayton Gamel braved the dangers of the submarine zone and stood at the gateway of the great world struggle, ready to bare his breast to the bullets of the Terrible Hun, will be dear in the memory of his friends and comrades in this country.

Mrs. Kathrine Hutson has received the following letter from the American Red Cross:

American Red Cross Military Hospital No. 4, Mossley Hill, Liverpool, May 21st, 1918.

Mrs. John Hutson, Canyon City, Texas.

My dear Madam: It is with very great regret that I have to inform you of the death, in this hospital on May 17th, 1918, of your son, Private Clayton Gamel. Your son was brought to this hospital from a transport, suffering from a very severe pneumonia. From the outset, his condition was very grave,

and, notwithstanding our very best efforts, he passed away quietly the morning following his admission, at 2:15 A. M.

I trust that you will derive some comfort from the fact that your son had no suffering, and that during his last moments he was cared for by skillful American doctors and nurses. Private Gamel was buried with full military honors at Kirkdale Cemetery, Liverpool, on May 21st, 1918. His service record shows that he was a good soldier, and it is a great regret that he could no longer serve his country.

Very Truly Yours, U. J. WILE Major, M. O. R. C. Commanding Officer.

BURROW WILL MANAGE THE HOBBY CAMPAIGN IN COUNTY

C. R. Burrow has been appointed by Hobby headquarters to manage the campaign of Governor Hobby in Randall county.

Mr. Burrow is out of the city at this time, but will return next week at which time he will begin work in lining up the county for the election of the Governor.

INCH RAIN FELL DURING THURSDAY NIGHT HERE

There was a god rain all over Randall county Thursday night, amounting to one inch. The fall was slow and steady and it will put the ground in good working condition.

The weather turned off hot Saturday and has been fine since. Vegetation is growing by leaps and bounds this week. The grass has increased wonderfully.

Mrs. Showe Died Friday.

Mrs. Emma R. Showe died Friday at 7 p. m. from cancer of the liver. She has been sick for several weeks.

The body was prepared for shipment by Mrs. Thomas and sent to New Washington, Indiana, her two sisters accompanying the body.

Mrs. Showe left two daughters, Mrs. Elmer R. Wilson and Mrs. Prentice Tate. She was a teacher in the county school during the past few years and has many friends who are grieved at her death. She was 60 years of age.

TWENTY SIX MEN ARE CALLED TO THE ARMY

Twenty men have been called to go from Randall County during the next few days.

This is by far the biggest call received since the selective draft first started.

The first men will leave Friday of this week. Four men are called to the A. & M. College where they will be given special instruction in auto mechanics and rough carpentry.

The men selected for this call as: Jesse W. Hicks, Henry Holt Jackson, Joseph O. Trowbridge, Charles Taylor.

Another special call has been made for two auto mechanics to go to Austin where they will be given special instruction. The men chosen for this are:

J. Wesley Kleinschmidt, Wilson Campbell.

Another call has been received for twenty men to go from June 24 to 28. These men will go to Camp Travis, San Antonio, to take regular places in the army. The Local Board has

made no selections of the men who are to go on that call, but have notified thirty men to be ready to go, and the men not farming will be taken. The Board states that all men in Class I have been notified to be ready at any time.

The Local Board has received instructions to go over the classifications once more and examine each man who received deferred classification. The government believes that many men should be placed in class one for immediate services.

In speaking of the order yesterday, members of the board stated that in the first classification the information at hand was followed closely, and that they believed that a re-consideration of men will make but few changes in this county. The work of going over the lists once more will start within a short while.

The young men who registered last week, thirty-two in all, will soon be sent their questionnaires, after which they will be classified and assigned to the foot of the class in which they are assigned by the Local Board.

WOMEN MUST REGISTER TO VOTE JULY 27 602 STUDENTS HAVE ENROLLED IN NORMAL

In order to vote in the Democratic primary July 27, all women in Randall County must register with the Sheriff and Tax Collector between June 27 and July 12.

The Attorney General has changed his opinion regarding the standing of the women in the coming primary, and now states that it will be necessary for all women to register in order to vote this year.

Consequently, no women in Randall county will get to vote unless she has registered.

There will be only one place in the county to register—the office of the Sheriff and Tax Collector.

The time is June 27 to July 12. Every woman who has an interest in good government has a duty to perform. She must go to the polls and vote July 27.

When the women come to Canyon on June 28 for the War Savings Stamp rally would be a good time for those living outside of Canyon to register. Or next Trades Day, July 8th, will be a good time.

LIEUT. W. H. YOUNGER ARRIVED SAFE IN FRANCE WITH TROOPS

Word was received in the city this week that Lieut. W. H. Younger, Jr., had arrived safely in France with his company, one of the Field Artillery which recently started from Ft. Sill, Oklahoma.

Visits by the Stork.

A son was born to Mr. and Mrs. Elmer R. Wilson Thursday night. This is Randall county's first war baby. Mr. Wilson was called into the service only two days before the boy was born.

A son was born to Mr. and Mrs. H. S. Durham Sunday.

A daughter was born to Mr. and Mrs. Guy Carr, north of town, on the 28th.

A daughter was born to Mr. and Mrs. Joel Wallace on June 2nd.

A 10 pound boy was born to Mr. and Mrs. Elias Smith last night. Mrs. Smith is a sister of C. H. Stratton and her home is in California.

Pledge the President

Up to last night 602 students had enrolled in the summer session of the Normal. This is much larger than had enrolled the first three days of any previous session.

Secretary Shaw reported this morning that there quite a number of students in the city who had not yet registered and that in all probability the total enrollment would be 700 before the end of the week.

Prof. H. W. Morelock is back from his year's work at Harvard and will teach in the summer session.

All of the other summer teachers were here for the opening of the quarter.

The first chapel exercises were held yesterday and the class work was begun.

Mrs. Johnson Re-Elected.

Mrs. B. T. Johnson attended the meeting of the Baptist Women Missionary Workers at Plainview last week and was re-elected to head the organization for the coming year.

Mrs. Johnson has been president of the organization during the past few years and due to her untiring efforts, a great report was made of the work.

There are more than 1200 members in this district and the district raised \$24,897 during the past year.

The program was very interesting to the large number of delegates.

COUNTY EXECUTIVE COMMITTEE MEETS NEXT MONDAY

D. A. Park, Chairman of the Democratic County Executive Committee, has called a meeting of the committee for next Monday at which time the names will be arranged on the ballots, primary judges selected, and other business transacted.

All candidates for county or precinct offices must file their names with Mr. Park before Saturday night.

ALIEN ENEMY WOMEN TO REGISTER JUNE 17 TO 26

Plans are now being completed for the registration of all enemy alien women in this country on June 17 to 26. The registration will be similar to that of the men a few months ago.

### Soldiers As Athletes.

While it is true that modern fighting calls for more brain power on the part of the individual soldier than fighting ever demanded before, yet it is also true that brawn power is more indispensable also. In fact the American soldier has to be ready with his legs and arms as well as with his head. Emphasis is given to the necessity for physical prowess by a series of tests which have been carried out with the personal of Camp Travis. The idea has been, not to discover athletes, but to grade the men according to their ability to use their bodies. The tests have been divided into

five classes: Muscular development, agility, jumping, scaling and climbing. Each of these classes contains a number of "events" and in each event the soldier endeavors to equal or better the mark set for the "Class A" man, dropping to "Class B" or "Class C" according to the proportion by which he falls short of the mark. For instance, a "Class A" man must chin the horizontal bar fifteen times, a "Class B" man ten times and a "Class C" man five times.

Requirements for "Class A" are given as follows: Chin up 15 times; dip 10 times; putting shot, 12 pounds, 30 feet; life weight over head, either

hand, 60 pounds; raising weight to chest with readiness, 100 pounds; put 100 pound weight on six foot bank; run 50 yards, in service uniform, without coat and equipment, 7 seconds; run 100 yards, same conditions, 15 seconds; run 200 yards, 35 seconds; run half mile, 4 minutes; standing board jump, 7 feet; running broad jump, 12 feet; running high jump, 4 feet; vault fence, 5 1-2 feet; scale with readiness three times in quick succession a wall 5 feet high; scale twice, same conditions, a wall 7 feet high; climb 20 foot rope in 20 seconds.

### JONES SAYS HIS DUTY NOW IN WASHINGTON

Washington, D. C., June 3. Editor of The News: I enclose herewith a copy of a letter I have just written to Hon. J. W. Crudgington, in response to a letter which he wrote me recently. If you care to publish the same, the courtesy will be appreciated. Sincerely yours, MARVIN JONES. The letter in question follows: June 3, 1918.

Hon. J. W. Crudgington, Amarillo, Texas. My dear Sir:

I am just in receipt of your letter of May 28th, and am surprised at some of the statements which it contains, but am by no means disturbed by them. Your opinion as to my patriotism and loyalty to the government is wholly immaterial to me, for it is a matter upon which I am perfectly willing to have the people pass judgment in their own good time and manner.

I will take this occasion to say, however, that if my record in Congress resembles in any way the attitude of the parties you mention, it is strange that my colleagues elected me as the Representative from our state on the Democratic Congressional Campaign Committee, of which Hon. Scott Ferris, who managed President Wilson's western campaign out of Chicago two years ago is chairman; and that I was recently selected by this Campaign Committee to go as its representatives and deliver an address to the State Editors Association at its meeting held in Evansville, Indiana. It seems to me that to the unprejudiced mind such facts as these are sufficient to demonstrate the absurdity of your charges; and I have no fears that the people of our district will give them any credence whatever.

Now as to your invitation to divide time with you at your speaking engagements, I will simply say this: At the present time Congress is busily engaged in the consideration of measures which are essential to the prosecution of the war, and I would not feel it compatible with my sense of duty to absent myself from the consideration of these measures. You are doubtless aware that President Wilson addressed both Houses of Congress in joint session last Monday and in his address called particular attention to the duty of members of Congress at this time to subordinate political considerations to the demands of public duty, and in that connection, among other things, he said "Politics is adjourned." You have declared your intention of beginning an active political campaign. That is a matter for you to determine. My record is an open book to the constituents, whom I have the honor to represent, and I am entirely willing that they shall pass upon how well I have done my duty as their chosen representative.

It may be that some time prior to the date of holding the primaries, the legislature situation will be such that I can absent myself without neglect of duty and return to Texas, in which event, I shall be glad to go and render an intimate account of my trusteeship to the people of our district.

In the meanwhile, I remain, Very truly yours, MARVIN JONES.

### Must Increase Milk Supply.

One of the most disastrous effects which can come from the world war and one which threatens the future life of the nation is the curtailment of the milk supply for children, says a bulletin just issued by the children's bureau of the United States department of labor. Milk is described as the indispensable food for children, and whenever the milk supply is limited the life and health of the people is imperiled.

The probable effect of the war on the health and welfare of our children is best learned from the experience of the European countries. It is to avert such conditions as now exist in Europe that the children's bureau of the labor department is pointing out the necessity of increasing and conserving our milk supply.

In order to supply food to the allies this country must prepare to feed an ever-increasing number. This can be done in two ways—by increased

production or by decreased use of food. Food may be saved by eating less, by substitution, or by elimination of waste. None of these methods will impair the health of the adult. But the child can not have its food curtailed. Neither is it wise to attempt, except in the case of cereals, substitution of foods, asserts the children's bureau.

Before the war the United States imported large quantities of milk products from the northern European countries. Likewise our allies, and particularly England and Belgium, depend to a large extent for dairy products from these countries. Now this supply is completely shut off. The United States is compelled to not only give up its imports, but must be a large exporter of these commodities to the allies.

According to the bulletin of the bureau, the existing situation demands that the number of milk cows must be increased in this country or the entire world will face the calamity of milk shortage. The growing demands on the country for milk production has not been met by a corresponding increase in dairy herds.

The per capita milk production in the United States is now only about one quart, including that used for all purposes. It has not increased since 1900 and, unless immediate steps are taken to augment and conserve the dairy industry, it will fall rapidly.

In Europe the milk cow has been sacrificed on account of the scarcity of meat and the inability to get fodder. Similar conditions, it is asserted, now threaten the dairy industry in this country, and, unless radical measures are taken to prevent it, the same situation will obtain. It is an astonishing fact, the department's bulletin shows that the prices of feed has increased recently from 100 to 200 per cent, while the price of milk has advanced not more than 20 per cent. As a war measure immediate action is imperative to save and further the country's dairy industry.—Chicago Journal.

**Sponge Cakes.**  
(Using No Wheat)

**Methods of mixing:**  
Separate whites and yolks. Beat the yolks until thick and light lemon color. Beat sugar into the stiffened yolks, and add the lemon juice. Fold in alternately the stiffly beaten whites and flour. Bake in an ungreased pan for 35 to 40 minutes. Start in a moderate oven (185 degrees C or 365 degrees F), and when about half done raise the temperature to that of a hot oven (205 degrees C or 400 degrees F)

**Results of Sponge Cakes:**  
These cakes are all very nice and light, texture and color good—barley has characteristic flavor—corn cake is especially tender and all are good textured. The extra lemon juice in rice and corn in to cover up the tendency toward a starchy taste.

**Note:** The larger amount of lemon juice seems necessary with corn and rice flours to improve the flavor.

**Barley Sponge Cake.**

In this edition of the News is printed two letters from good men in congress, who are rubbing shoulders with Marvin Jones in his good work of upholding the administration in the great work of winning the world war. When Crudgington announced the News stated that his campaign was built on misrepresentation. The letters we present today prove this fact without a doubt to any thinking man. The fact is that Mr. Crudgington is nothing more than a political acrobat who straddles any issue that seems to have a popular side. He was a populist, then an anti. Now he poses as a pro and a patriot. Alright. President Wilson says, put politics away and help win the war. If Crudgington is half as patriotic, as he claims to be, let him get out of the race. Let him devote his effort to constructive work in winning the war, rather than trying to harrass a good man who is doing all in his power to win the war through his support of the President's measures. Crudgington as a war speaker drew crowds. They believed he was speaking for the good of the country. Crudgington as a candidate has been a failure. He has failed to draw crowds simply because he is in the race to ruin a man who is making good, in the face of the fact that he didn't have the nerve to tackle the job when it was vacated for twenty years, during the tenure of John H. Stephens, of whom he is a fond desciple. Get out of the race, Mr. Crudgington, if you want to help the President win the war.

The women must register in order to vote in the coming election. This was ruled by the Attorney General, after he had recently given an opinion that it would be unnecessary for women living outside of cities with less than 10,000 population. Therefore, the women must make up their minds right now to register and then vote in the coming primaries. Of course the anti-suffragettes would like to see the women stay away from the polls. They would like to point with scorn to the results of the primary and shout with triumph that the women did not know enough to vote. Let the women of Randall county, as a whole register, and then vote on July 27. Good government needs every good woman's vote. The boys who are fighting for the women need the votes of the good women. To shirk in the duty of voting is equal of shirking in Red Cross work.

**Our Boys in France and Home Protection**

The men on the firing line, represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. Then procure at the nearest drug store, Anuric (double strength). The cost is 60 cts. This "An-uric" drives the uric acid out and cures backache and rheumatism. If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month. Send Dr. Pierce ten cents for trial package.

BINGER, OKLA.—"I had one knee hurt in which rheumatism developed. Afterward I hurt my back very badly loading wood. I sent for four packages of Anuric Tablets and had taken hardly two packages when they completely cured me. I have not had a twinge of rheumatism in my back or in my knee since. I know the Anuric Tablets did me more good than all the other medicines I ever took. I let a neighbor have one package of Anuric. He was down with his back, and it did him a world of good. My parents have known of and used Doctor Pierce's medicines for years."—W. B. PULLERS, Route 1, Box 72.

**IS MARVIN JONES PATRIOTIC?**

The Crudgington forces say that Congressman Marvin Jones is not patriotic. In the very face of this, Marvin Jones has been selected by the Democratic Congressmen of Texas to campaign this fall in the doubtful states. He was selected by the man who managed President Wilson's western campaign to speak for the Democrats before the State Editorial Association of Indiana.

W. J. Flesher of this city wrote to two of the best known congressmen of Texas to ascertain whether or not Mr. Jones was so badly mis-representing this district as Crudgington tries to make it appear.

The following letter was addressed to both Hon. Sam Rayburn and to Hon. J. J. Mansfield in Washington:

Canyon, Texas, May 25, 1918.  
Hon. Sam Rayburn, M. C.  
Washington, D. C.

Dear Sir and Friend:  
It is being charged by certain persons in this Congressional District that the Hon. Marvin Jones is not loyal, and has not supported the Administration in the prosecution of the War.

It is not my desire to assist a disloyal man and one not fully in accord with the aims and purposes of the Present Administration to return to Congress, therefore as a personal favor I desire an expression from you as to whether or not Mr. Jones is loyal in his attitude toward the Administration's War Policies and measures up to the duties and responsibilities of a Democratic Congressman at this time. If it is not asking too much, I would also like to have an expression from the Administration. I realize, of course, that at this time you are bothered with a great many requests for information, and otherwise, however I am very much interested in this matter, and desire to have reliable information on the subject.

I will add that during the last Campaign I was very active in my support of Mr. Jones, and am in this present campaign, but wish this expression in order that I may be thoroughly informed on the subject.

With best personal wishes for you and the constitution of your success, I am

Your friend,  
W. J. FLESHER.

The following are the two replies received from these gentlemen:

Washington, D. C.  
June 3rd, 1918.

Mr. W. J. Flesher,  
Attorney at Law,  
Canyon, Texas.

My Dear Friend:  
I have your letter stating that certain persons in that Congressional District are making the charge that Hon. Marvin Jones is not loyal and has not supported the Administration in the prosecution of the war.

To anyone who knows Marvin Jones

The army officers are asking that no food be sent to the training camps. Hundreds of cases of cited wherein cakes, candy, etc., are sent to the soldiers and have become ruined in transit. But feeling that the folks at home would be disappointed if they knew the truth, the boys wrote telling how much it was enjoyed. Within a few steps of each camp is a place where delicacies may be purchased at a reasonable price. Next time you want to send food to the boys—which they don't need—just send the money and they can go and buy something fresh.

Those marines are some fighters. And Baker says we have nearly one million over there. The Kaiser is going to go some and then some more if he gains enough to win before America gets our bunch over there.

The submarine was sent to this side in order to take the attention of this country from the European battlefield. The sub drew nothing more than a glance.

Have you ever read a letter from a soldier who didn't write in the most cheery manner? The letters which go to these boys should be the same way.

The work or fight program should be pushed to the extreme. Canyon could surrender some sons of rest to the working aggregation.

If all our prayers were answered God would be a mighty busy fellow—he'd have all the work to do.

It must be fine to be prominent so people may say they know you personally.

as I do, these charges are too ridiculous for answer.

I believe that I am as loyal to my Government as any man who lives and I know I am no more loyal than Marvin Jones. No man in Congress has with greater consistency supported every war policy of the Administration in furnishing the Administration with every man and with every dollar needed for vigorous prosecution of this war, than has Marvin Jones. He has the entire confidence of every member of Congress and of every executive department, the President included, to my certain knowledge. With his popularity among the membership, I feel certain that a brilliant and useful career is opening up to him here.

Sincerely yours,  
SAM RAYBURN.

Washington, D. C.  
June 3rd, 1918.

Mr. W. J. Flesher,  
Attorney at Law,  
Canyon, Texas.

My Dear Friend:  
Your letter, inquiring whether or not Hon. Marvin Jones is regarded here as being loyal towards the administration's war policies, is just to hand.

In reply will say that while I do not desire to mingle in your congressional campaign, not even being acquainted with Mr. Jones' opponent, and never having met Mr. Jones himself until after his election, that so far as the charge you speak of is concerned, I will say that it is entirely without foundation. Mr. Jones has loyally supported every war measure advocated by the President and War Department, and no breath of suspicion has ever existed here as to his even being lukewarm upon any of these measures. I have found him to be a high classed gentleman in every sense of the word, and, in my judgment, is making you an excellent representative.

From present indications we will be in session all summer, and probably until the middle of Fall. Consequently, those who have opposition are placed at a disadvantage and will doubtless have to rely to a very great extent upon loyal friends back at home. I do not know whether Mr. Jones can be excused for a portion of the time during the campaign, but if so I judge he will return there, at least for a few weeks, and will be able to meet the charges brought against him. I will simply say in conclusion that I have formed a very high opinion of Mr. Jones, consider him an excellent gentleman, with the interest of his constituency and the American honor foremost in his thoughts. And, so far as the charges of disloyalty are concerned, I can truthfully say that nothing in my opinion can be more far-fetched.

Hoping you may be down in Colorado county when I return after the adjournment of the session, and with best wishes, I am  
Your sincere friend,  
J. J. MANSFIELD.

**The Terrible Pains in Back and Sides. Cardui Gave Relief.**

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

"I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui."

"I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone."

"I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133

**PRESS ASSOCIATION HAS GOOD MEETING IN AMARILLO 7th-8th**

There was a good meeting of the Panhandle Press Association this year at Amarillo. The meeting will be held next year at Vernon. The following officers were elected Saturday: Lee Saterwhite, Herald, Panhandle—President. Mrs. A. G. Richardson, News, Channing—Vice President. Sam Braswell, News, Clarendon—Sec'y-Treas.

President R. B. Cousins made the most important speech of the meeting when he spoke on the war.

Friday night was theatre night and the bunch enjoyed the occasion. Saturday evening the Nisley Creamery Company gave a great dairy dinner to the association which was very greatly enjoyed. This creamery was just completed and will mean more to the farmers of the Panhandle than any other thing established in this section within the past number of years. It is a great plant, and all our people should see it.

**Sun's Eclipse Closely Watched**  
The usual occupation of most of our people was disbanded Saturday evening from six to seven o'clock watching the eclipse of the sun. Smoked glasses was at a premium and in certain places enterprising young boys gathered up a supply and sold it at five cents per piece.

The moon went almost "over the top" of the sun and hid his shining fact from view for some time. Owing to the diffusion of the light by the clouds, there was considerable of a halo around the sun all through the eclipse, and it did not become so dark as it would have the evening been perfectly cloudless.

**CLIP THIS AND PIN ON WIFE'S DRESSER**

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.

### Awaiting The Joyful Sound

The Wonderful Music that Bursts Forth When the Stork Arrives.

Who can forget that little brassy cry that echoes the arrival of the new baby? Before baby comes the mother should get in condition to meet the crisis. Thousands of women have used the safe and reliable application, Mother's Friend, during the waiting months, and they relate how they entirely escaped nausea, nervousness, bearing down and stretching pains and many other debilitating and disconcerting experiences which so ill fit the mother for the greatest time in a woman's life. Mother's Friend is a wonderful help to nature in relieving strain and distress brought about by expanding muscles. The nerves, too, will be calm, making the period one of cheerful days and restful nights. The breasts are kept in good condition and the abdominal muscles relax with ease when baby is born. Mother's Friend makes it possible for the expectant mother herself to actually aid nature in the glorious work to be performed, and no woman should neglect or fail to give nature a helping hand. It will mean infinitely less pain at the crisis. Mother's Friend is for external use only, is absolutely safe and wonderfully effective. It is prepared by the Bradford Regulator Co., Lunar Bldg., Atlanta, Ga. Write them for their "Motherhood Book," so valuable to expectant mothers. Procure a bottle of this famous remedy, which has been used by women with the greatest success for over half a century, from the druggist today, and thus fortify yourself against pain and discomfort.

### EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

## A CANYON INQUIRY

Answered By The Statement Of A Canyon Resident.

When first the long series of reports of Canyon people who have been relieved by Doan's Kidney Pills were published in the local press, great enthusiasm and interest were aroused. But Canyon is now inquiring "How are these people keeping today? How has the benefit they received withstood the test of time?" For that, after all, is the essential test of a cure. On this point doubt can no longer exist, for after many years those who have been cured, emphatically declared their cures to be lasting.

T. A. Ridgway, Canyon St., Canyon, says: "I suffered from bladder trouble, causing too frequent and profuse passages of the kidney secretions. Since using Doan's Kidney Pills, I have much better control over my kidneys."

NEARLY FOUR YEARS LATER, Mr. Ridgway said: "I have not had any trouble with my kidneys since I used Doan's Kidney Pills. I believe the cure Doan's gave me is permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ridgway had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## HOW TO MEASURE MEAT RATION OF 2 POUNDS WEEKLY

Success of Equitable Meat Distribution Rests With Consumer; Plan Based on Patriotism and Voluntary Denial.

It is estimated that \$50,000,000 would be required if the nation were successfully placed on a ration system for the handling of wheat flour, sugar and meat, nor would this amount cover the monthly operating expenses after the system were inaugurated. "For this reason," announces the Federal Food Administration for Texas, "we look to the individual for co-operation in observing the ration suggested and to the distributor to see that the quantities suggested are dispensed as nearly in the degree suggested as possible."

The placing of all manufacturers using sugar on a rationing basis has been achieved at a great expense to the Food Administration. Sugar used by manufacturers may only be procured through the possession of a certificate issued by the state headquarters and the quantity is based upon a definite schedule of allotments.

The distribution of wheat flour in Texas, now that the State has adopted a wheatless program, is handled alone in Victory bread, through licensed bakers. Homes and public eating places, until the wheatless program was adopted, were on six pounds per person of flour a month. While difficult to make this rationing complete, the distribution to the public through the wholesalers and the retailers nearly approximated that quantity when the sum total of wheat flour for Texas was divided by the sum total of the consuming public.

Bewilderment is now expressed by dispensers of meat, both in public eating places and at meat markets, as to how the individual is to be kept within his ration of two pounds of meat per week. Some have suggested a return to meatless days and meatless meals. The United States Food Administration, in announcing the new meat program, expressed an unwillingness to return to fixed meatless meals or days. It is hoped that the American public will conform their purchases, on patriotic and military grounds, to the two-pound ration of meat, just as the majority have done in the purchase of sugar and flour, and that in the general summation the amount of meat consumed nationally a month in the United States, when divided by the people consuming meat, will reflect the two-pound ration.

While no instructions have been issued defining a program, it is thought that the time has come when public eating places and meat markets should begin to approximate their respective trade in numbers. Every meat dispenser should begin to collate a list of families making regular purchases at his place of business. Families of five would be encouraged to buy not more than ten pounds of meat a week; families of two not more than four pounds a week, and so forth. This is not obligatory, but more and more as the war advances and military necessity demands increasing quantities of meat it would be to the advantage of every meat dispenser to know to a man the number of persons buying of his place of business.

If at the end of each day the meat dealer will divide the number of his customers with the pounds of meat bought, he will know the average purchase for the day in pounds per person; and if at the end of each week he will divide the total pounds sold by the total persons represented in the sales of the week, he will soon be in position to gauge whether or not he is meeting the federal requirements. Such information would be invaluable as the program is advanced to meet military necessity.

All of this detail means additional work, but the present war is a test of the fitness of men in service at the front and in the business world to survive, and out of it the Food Administration believes that lack of business methods will disappear and men will come to know accurately the minute details and elements which make up their livelihood—facts which, because of too much prosperity and extravagance, have almost been obliterated from American life.

### TEXAS EATING PLACES ON WHEATLESS BASIS

R. A. Parker, director of hotels and restaurants for the federal food administration for Texas, wired John McBowman, director of the division of hotels and restaurants of the United States food administration, Wednesday, that all of the public eating places of Fort Worth and El Paso have gone on an absolutely wheatless basis.

All other cities of Texas are using in public eating places more or less of quick breads.

The restrictions on bread not containing wheat, which for a time were limited to four ounces to the person, have been removed, and corn bread or rice bread without an admixture of wheat may be served to the extent that the proprietor cares to dispense it.

### ABOUT THOSE RIGHTS.

You raised the hog yourself. You put into him your feed, and your time, and your work. Providence helped some, of course;—but that hog is yours. He's your meat.

You raised the wheat yourself. It is your ground, and your labor and your seed that produced it. Providence helped;—but that wheat is surely yours.

You have a right to eat all of your own hog meat you want to, and all of the white wheat bread you want to. One of the rules in a free country is that every man shall be allowed to do as he wishes until it interferes with the well being and safety of others.

You have earned your money and have the right to spend it as you choose, or to keep it unspent. No doubt of that.

BUT— A million young men have gone forth to lay down their lives in order that these rights of yours may continue. They, too, had some rights.

They had a right to remain at home among those who love them. They had the right to keep their lives, in peace and plenty. They had a right to their future. Patriots, however, are folks who recognize and appreciate DUTY to their country and to their beings as ABOVE ANY AND EVERY RIGHT WHATSOEVER.

They chose to forego some of these rights they had, and go in for some duties they voluntarily assumed.

Now, how about YOU?

These young men have given up everything that is dear to them and gone to protect your home, and your "rights" and every other home and every other right in all the civilized world, from the encroachments of Prussian military despotism. You have not gone with them. But the very least you can do is to back them up with all your power, and all your possessions. You can swell the Liberty Loan, with which the government can feed, clothe and arm them. You can contribute to the Red Cross which will bind up their wounds and nurse them back to life. You can contribute to the Y. M. C. A., the Knights of Columbus and the Salvation Army, which will carry home and spiritual comforts to them right up to the edge of the battle.

You may have a right to eat all you want of what you call your own food, but rising far above that right is your duty NOT to do so, but to renounce entirely those foods which

can be sent across, for our soldiers, for our Allies, and for their wives and little ones left at home—to starve were it not for what America sends them.

—This is a poor time to talk or think about rights. Every right you have is insignificant or little besides the duty which the highest laws of God and humanity have now laid upon you.—Kingman (Kans.) Journal.

### Plains Germans Loyal.

Mr. F. Lindemann, secretary of the church, at Whitfield, northwest of Plainview, has received the following letter from the treasury department at Washington, dated May 21, 1918:

"Dear sir:—We desire to express to you and the members of the Evangelical Lutheran Trinity church our highest appreciation of your very liberal support of the third Liberty loan. This is irrefutable proof of the patriotic loyalty, a wise act of thrift, and indeed a noble example, well worthy to be followed by all organized bodies throughout the land."

The membership of this church is practically all Germans. They have shown their loyalty to this country in many ways. A number of the boys are in the army and navy, and the people at home have bought Liberty bonds and thrift stamps and contributed liberally to the Red Cross.—Plainview News.

## Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire. They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drugstore, and get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.

### A Terrible Explosion.

A terrible explosion occurred at Midland, Texas, at 12:15 Monday night, by which one man was killed, one lady injured and many thousand dollars worth of property in the heart of the city was destroyed. The explosion occurred from under or in the rear of a building, which was used as a pool hall. The proprietor, Tom Carr, was standing in front of his place of business when the explosion occurred and was instantly killed. A lady at the hotel a block away was struck by flying glass and cut considerably. All buildings within four or five blocks were damaged. A hole, blown under the pool-hall, was large enough for a cellar, and some of the debris was thrown 200 feet in the air. Fire consumed five business houses in the main part of Midland. Every one seems much excited but at this writing there are no theories advanced as to the cause of the catastrophe.—Carlsbad (N. M.) Current.

### He Made a Mistake.

After the whipping and tarring and feathering of B. W. Maris at Hooker last Thursday night, Chas. Rose the

Chairman of the Council of Defense of that town had armed himself for protection in case any of the slacker element should make an attack upon him and when his friend, D. P. Metcalf who wanted to see him on some business and drove to his residence in a car, Rose thought he was going to be attacked and fired a load of shot into Metcalf's legs inflicting slight wounds. When Rose found that he had shot his friend he expressed his regret for his action and is doing all in his power to relieve the painful injuries inflicting upon Mr. Metcalf.—Goodwell (Okla.) News.

**WAR SAVINGS CAMPAIGN, SEES PRES. WILSON, BASIS OF GOVERNMENT'S WAR-TIME FINANCIAL PROGRAM.**

THE War Savings Campaign is the foundation on which the Government has based its entire war-time financial program. In the measure that the lesson of saving is learned and practiced by all the people, both President Wilson and Secretary William G. McAdoo have emphatically declared, in just that measure will the Government float the bond issues that may be necessary in the future.

The saving and investing of the War Savings Stamp quota is far from the only thing based on the War Savings Campaign. The future Liberty Loan bond issues and the floating of the Treasury's indebtedness certificates are wholly dependent for success upon the constant practice of economy through the medium of War Savings Stamps.

Texas are called upon to save and invest \$91,000,000 this year in War Savings Stamps and it is vitally necessary that this be done and that everyone practices to the utmost the principles of war-time economy which the Government is teaching with War Savings Stamps. Mr. McAdoo has declared. A single strand in the cables which uphold the great Brooklyn Suspension Bridge is not very strong, but thousands of these strands bound together uphold one of the greatest pieces of engineering in the world. In the War Savings Campaign one person is like the single strand, but all of the people saving and buying War Savings Stamps will make the Government's entire financial program a success, the Secretary of the Treasury has pointed out.

"No individual in this great country can now expect ever to be excused or forgiven for ignoring the National obligation to be careful and provident of expenditure, now become a patriotic duty and an emblem of patriotism," says President Wilson in his message to Texas people. "I suppose not many fortunate by-products can come out of the war, but if this country can learn something about saving it will be worth the cost of the war. I mean the literal cost of it in money and resources."

TO Texas people Hon. Morris Sheppard, United States Senator, sends this message: "Texas has a big job cut out for it. Between now and December 31 the people of the biggest State in the Union are called upon to invest \$91,000,000 in War Savings Stamps. Texans will do it, too. Texas people have the habit of doing big things in a big way. 'I wish I could be down there and help in the War Savings Campaign. It is the greatest movement ever started. It means victory for America and prosperity for Americans. The War Savings Campaign is fundamental. Not only must the actual money be raised, but economy, the main-spring of our whole economic plan, must be learned and practiced. Saving means victory. Let's put Texas way over.'"

If he would protect himself and the markets for his agricultural products, every Texas farmer has a big part to play in the War Savings Campaign. D. E. Lyday of Fort Worth, President of the Farmers' Educational and Co-operative Union, stresses the reasons why Texas farmers should invest to the very limit of their ability in War Savings Stamps: "In 1917 our total exports to Great Britain, France, Belgium and Italy amounted to \$3,457,000,000.00 in round numbers," Mr. Lyday says. "Our exports to these countries constitute more than half of our export trade with the entire world. In these exports is represented the surplus product of our farms and ranches. If we fail to back up the Government with our money these products will not be exported, but will rot or go to waste on our own soil. Labor will be thrown out of employment. Our production has always exceeded our home demand and, if we are denied foreign markets and attempt to sell the whole of our farm products at home, the result will be demoralized prices with returns far below the cost of production and consequent injury to every man, woman and child in Texas and the United States. No one will suffer greater injury than our farmers and cotton growers. 'If this condition is not to exist,' Mr. Lyday points out, 'we must win this war and to win this war it is necessary that the Government have full financial support. For every acre he owns or rents each Texas farmer should have at least \$1 invested in War Savings Stamps. I hope that every farmer in Texas will invest to the hilt in these Government securities. They mean prosperity for him. There has never been such a good, safe and reliable investment as Gov-

**NOTICE**

I will sell at public auction at the west door of the court house in Canyon, Texas, on Saturday June the 29th, 1918, one trunk filled with men's clothes, to satisfy a lien for rent.

Letter from France. Somewhere in France May 18th, 1918 Mr. Joe Steele, Canyon, Texas.

Dear Friend Joe—I received your letter, enjoyed it much, for one gets very little real dope from the States. Joe I had a very pleasant trip coming across. Only fed the fish one day. Before coming to shore I felt as if I were an old seaman—almost web footed.

I really do like France. It is a very beautiful country. I have been in a number of good towns and some of them are somewhat historic—really interesting.

I comprehend much more French than I really speak. However where I am stationed at present it is very essential that one speak French if he hopes to get along and have any amusement.

I talked to three Belgium girls last night who spoke fair English. They had been around English soldiers. It really did not seem right to be talking English with a lady since it was my first time to do so in France.

It has been two months since I saw Bill Black.

Well boy leave it to us. We are after "em". I'll bet the American gang will make "em" hunt a W. Hale, if they will just turn them loose.

I see a bunch of Boche prisoners every day.

The French customs are very much different to ours. Water is used only for cooking or bathing purposes. I think it would be considered a very grave crime to use it during meal time, or should you go to a Frenchman house and ask for a drink, he would never offer you water.

Well, listen, you spoke of sending cigarettes. Yes, we can use them since it is hard at times to get them and I can't use these French cigarettes on a bet.

Give my regards to the bunch and we will give 'em h— on this side.

CORP. GUY S. BALLARD.

**Knitting.**

The President has called out another army of men. This means hundreds of thousands more sweaters—millions of socks. Many knitters have slackened their work with the coming of Summer. Fall seems so far off that it is natural to think there is plenty of time to get ready for it—but this train of reasoning is perilous. The task is a big one. Only the steady day by day work will count—not the spurt of enthusiasm when the pressure comes. Utilize every moment. Carry your knitting bags on the street cars or the farm wagons or wherever you are. There will be a greater need of knitted articles next winter than there was last.

**Addressing Mail to Soldiers.**

Confusion and missending of mail at army postoffices due to partial and incorrect addresses has reached such a point that the First Assistant Postmaster General at Washington has had to issue the following order:

"Postmasters are hereby instructed to withhold from dispatch in the mails all ordinary, insured or C. O. D. parcels which are addressed to members of the Regular Army, National Army or the National Guard, but which are not specifically addressed to company and regiment or other military unit."

Great care should be taken that the number of the regiment and the letter of the company are given and are written legibly. Such care may determine whether your soldier correspondent gets the letter or package.

To the Voters of Randall County I am exceedingly sorry that I was not able to attend the speaking on Trades Day, last Monday. I am sure I would have enjoyed meeting all you people, also the speeches, especially my opponents. I would have been glad to be there, and tell my reasons for asking for the office. I believe I am capable of serving with credit to you and myself, and justice to all. If you honor me with the Sheriff and Tax Collector's office I will do my very best to see that the law is enforced to the best of my ability.

A. D. DOOLEY.

To the Women of Randall County. The attorney general has reversed his opinion previously rendered, now advising all women who desire to vote to get a registration certificate.

Women must register at the office of the Tax Collector.

**Umbarger Gossip.**  
A good rain fell here Thursday night and Friday. It amounted to about 2 1/2 inches.

The farmers are now all busy working in the field and they look happier now than they have for a long time.

An 11-1-4 pound boy was born to Mr. and Mrs. Wm. Russell last Friday. Their friends congratulate them.

A company of friends and relatives spent Sunday evening at the Skarke home. They were to celebrate the farewell of Otto Skarke who expects to be drafted soon. Those present were Messrs. and Mesdames Hugo Skarke and Otto, E. J. Friemel and children, John Bedenk, Ed Avers and family, C. J. Friemel and family, John Badenhorst, Jr. and children, Mrs. John Badenhorst Sr., Mrs. L. Singer, and Joe Grosch. They enjoyed the evening pleasantly.

Mr. and Mrs. Geo. Frank, Mrs. L. Brandt, Clemens Friemel and family, Mrs. Ed. Avers, Roy Bader and Otto Skarke were visitors in Canyon on Trades Day.

Mrs. Joe Beckman was on the sick list last week.

Mr. E. J. Friemel was a business caller in Amarillo Monday and Tuesday.

Paul Artho visited at the M. Hollenstein home Sunday afternoon.

Clarence Williams and Mrs. Clint Abbott took their sister to Amarillo Monday. She has spent a few pleasant weeks here and now returned to her home at Uvalde, Texas.

R. C. Cage and family, Mrs. Wm. Leightwald and family and Miss Gladys Bader spent Sunday at the L. Bader home.

Joe Beckman, Meinrod Hollenstein and Anton Beckman were business callers in Amarillo Tuesday.

**The Quinine That Does Not Affect the Head**  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, Inc.

**Band May Play Here.**  
The Regimental Band of the new National Guard wishes to give a concert on the streets of Canyon within the next few days.

A number of Canyon people have heard the band and pronounce it to be very fine. The boys have been in Amarillo for the past few weeks practicing throughout the day and have become a very talented organization. If the band comes to Canyon all that is asked is a free will collection, as the boys are not yet in the pay of the state or nation, but are staying in Amarillo in order to have a good organization when the time for active service begins.

The patriotic citizens of Canyon should take this matter up and bring the boys here for a concert.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is cataract. Cataract being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Cataract Medicine is taken internally and acts thru the blood on the Muscular System of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Cataract Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. **TRADES DAY GOOD—CANDIDATES SPEAK IN AFTERNOON**

There was a very good crowd in Canyon Monday for the regular monthly Trades Day. Business was good all day in spite of the fact that Monday was ideal for field work and many of the farmers preferred to stay at home to get in their row crops.

The candidate speaking in the afternoon drew a good crowd. A few of the county candidates were unable to be present and expressed a very great regret they they had been detained.

Nearly half of the speaking time was taken up by the candidates for District Judge, Henry S. Bishop, Judge Hugh L. Umphres and Otis Trulove. The speakers were followed very closely and all were highly enjoy by the voters. A number of women attended the speaking in order to get first hand information on the candidates.

**Kitchen Shower Saturday**  
Misses Elsa and Erna Guenther gave, on last Saturday morning, from 10 to 12, a kitchen shower for the brides-to-be, Misses Bina Cochran and Ara Stafford.

The reception rooms were artistically decorated in gray moss and pink Baby Rambler roses.

After a short program of music and readings, the brides-elect were told in rhyme by Miss Guenther how to find the hidden gifts. This was interesting to the guests and proved to be an exciting experience to the honor-

guests, and they found many useful kitchen utensils.

A delicious salad course was served to the following guests: Misses Ara Stafford and Bina Cochran, Mrs. J. F. Guenther and Miss Theresa Guenther of Moulton, Misses Hudspeth, Malone, Ritchie, Lamb, McClesky, Conner, Rogers, Stafford, Cochran, Cochran, Fronabarger, Mesdames Cochran and Stafford.

The pious and just honoring of ourselves may be thought the fountain-head from whence every laudable and worthy enterprising issues forth—Milton.

**LEMONS WHITEN AND BEAUTIFY THE SKIN**

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.
