

Mr. and Mrs. Bob Kay hosted the Thursday Night Couples Bridge Club last week.

HIGH SCORER was Brenda Andrews with 5130. Jim Hrabal was second high with 3760 and Ramona Annen was third with 3730. Clyde Damron was fourth with 3500.

The Novice Bridge Club met Friday with Brenda Andrews serving a Mexican-food lunch. High scorers were Margaret Wilson with 5930, Ramona Annen with 4470, Dorothy Elder with 4280 and Jeannie Johnson with 4040.

In last week's report on the Novice Bridge Club, we omitted the name of the hostess, Bernice Hill. Sorry, Bernice.

VFW NEWS

By GERALD BROADSTREET
Greetings Comrades,

Have you noticed how fast the time seems to be going by? Next thing you know it will be time to mow the grass, water the yard, watch thunder clouds and plan vacations. Our next regular business meeting is just around the corner, in fact it will be next Monday night, March 3, at the post home. The meeting starts at 8:00 and only members will be admitted. Keep in mind the Ladies Auxiliary will provide a covered dish supper immediately after the meeting. Comrades, I hope you will make a big effort to attend and support the officers you have elected. If you have any suggestions, complaints or gripes the meeting is the place to bring them, then action can be taken. Hope to see you there.

YOU REMEMBER a couple of weeks ago I mentioned that we would have sandwiches at the post. Well, we have 'em now and according to Post Custodian Howard Cook they are selling real well. We serve seven varieties and they are served piping hot via an infra-red oven. Next time you're out at the post try one. They are delicious.

THIS COMING Thursday night I will have the honor of attending the District 13 Voice of Democracy Awards program at the Littlefield VFW post. District 13 Auxiliary President Florene Leinen will also be attending. Our District 13 winner this year is a student at Olton High School, Freddie Stockdale.

The Voice of Democracy program is sponsored each year by the VFW on all levels. National VFW selects a theme at the beginning of the year and participating high school students prepare a 3 to 5 minute speech on recording tape. Then it's turned in for judging and each winner is elevated to the next level. The first place winner of each state wins a trip to Washington, D.C. to compete for national honors.

COMRADES, I failed to mention last week that it was voted at the District Convention in Childress that our next meeting will be in Paducah. This meeting will be sometime in May, exact date has not been set as yet. Just as soon as it has I'll let you know. Remember we elect new District officers in May so please make plans to attend.

Game Night on Wednesday is still going strong and those new speakers we installed sure did help out. Why don't you come out this week and join in the fun? You can bring the family with you, everyone of all ages will enjoy it. We start at 8:30 and I hope we'll see you there.

AVON MALONE

Church of Christ to hold revival

The Fourth and Bedford Church of Christ will hold revival services March 4-8.

AVON MALONE, Abilene minister, will serve as evangelist.

Evening services will be conducted at 7:30 each day, and morning services will be held from 8:15 - 8:45 March 5-8.

All friends of the church and interested persons are invited to attend.

Jaycees, seniors schedule cage tilt

Dimmitt's Jaycees and the Dimmitt High School senior basketball players will meet in a special benefit basketball game in late March.

PROCEEDS from the cage tilt will go to the Chris Kittrell fund, established to help two year old Chris Kittrell regain his eyesight. Doctors must have \$1500 as a "down payment" in order to begin the process of restoring the child's sight according to Jaycee president Avery Thrasher.

Kittrell is the son of Mr. and Mrs. Irving Kittrell of Dimmitt. Admission to the Jaycee-senior contest will be a donation of \$1 for adults and 50 cents for children under 12.

NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

NOTICE IS HEREBY GIVEN THAT PLAINS WEATHER IMPROVEMENT ASSOCIATION, INC., OF P.O. BOX 1827, PLAINVIEW, TEXAS 79072, who holds License No. 74-6 of the State of Texas intends to engage in an operation designed to decrease hailfall by artificial methods, for and on behalf of Plains Weather Improvement Association, Inc., and will conduct such program by means of aerial application of artificial nuclei as follows:

1. The area over or within which equipment may be operated shall include portions of the counties: Hale, Lamb, Castro, Swisher, Briscoe, Floyd, Crosby, Lubbock, Hockley, Randall, Deaf Smith and Parmer.
2. The target within which hailfall is intended to be decreased is described as follows: The outer boundary commencing at the point of intersection of the counties Hale, Lubbock, Hockley and Lamb; thence northward along the Hale-Lamb County line to the southern boundary of Castro County; thence westward nine (9) miles along the Castro-Lamb County line; thence due north to State Highway 88; thence eastward along State Highway 86 to U.S. Highway 87; thence southward along U.S. Highway 87 to the northern boundary of Hale County; thence eastward along the

county line to Farm Road 375; thence southward along Farm Road 375 to U.S. Highway 70; thence southeastward 1 1/2 miles along U.S. Highway 70; thence due south to the Floyd-Crosby County line; thence westward along the county line to the intersection with Lubbock County; thence southward eight (8) miles along the Lubbock-Crosby County line; thence due west to Farm Road 400; thence northward along Farm Road 400 to the Hale-Lubbock County line; thence westward along the county line to the intersection of the counties Hale, Lubbock, Hockley and Lamb, the point of origin.

3. The equipment, materials, and methods to be used in conducting the operation are a weather radar system, cloud seeding aircraft and flares for dispersion of silver iodide nuclei near cloud base.
4. The person who will be in control and in charge of the operation is Jonnie G. Medina, Plainview, Texas.
5. The operation will extend during the period beginning about April 1, 1974, and ending about November 30, 1974.

Individuals, organizations, or agencies who consider that their interests will be adversely affected by the operation proposed may file a formal protest for consideration by the Board with the following:

REA approves loan to Hereford firm

The Rural Electric Administration has announced the approval of a \$645,000 loan to Mid Plains Telephone Co. of Hereford according to Congressman George Mahon.

THE COOPERATIVE serves Castro and Deaf Smith Counties in the 19th Congressional District.

The loan will bring service to 34 additional subscribers and will aid in the installation of 34 miles of new line and the upgrading of services in the Dean and Redman exchanges.

It will also help finance new toll facilities.

MUSIC MAKERS — Members of Nazareth High School's Future Homemakers presented the Dimmitt Satellite School with a new electric "suitcase organ" last Thursday at a party in the Tex Conard home. Here, Nancy Acker plays the new organ while her fellow FHA members and Satellite School students join in a sing-song. All the Satellite School students took turns

playing the new organ, which is intended to help them learn the keyboard and rhythm. The Nazareth FHA girls also presented a \$25 check to go to the school's bus fund, and gave the students and their teacher bowling-pin bottle dolls which they had made. The girls staged a style show to earn money for the organ and bus-fund project.

Nazareth news

Lions Club tournament under way

By MRS. AGNES BROCKMAN

The Nazareth Lions Club is sponsoring a volleyball tournament in the high school gym in Nazareth, beginning Monday evening, Feb. 25, and lasting through Saturday evening, with the exception of Ash Wednesday. I think thirty teams have entered the tournament.

RICHARD Birkenfeld, son of Mr. and Mrs. Leonard Birkenfeld, who is attending college at West Texas State University took part in a drama production at the college recently.

Mr. and Mrs. Leo Ehly went to Seymour over the weekend to visit the Bob Ballards. Mrs. Ballard is Lynn's sister.

The American Legion had a Zone meeting at the American Legion Hall Tuesday evening.

The Order of Martha met Tuesday afternoon in the church basement for their monthly meeting and the ladies worked on a quilt while there.

MR. AND MRS. Jim Mayes of Amarillo gave a rehearsal supper for their son Jim and Debbie Acker of Nazareth Thursday evening at Norma's Kitchen. They were married Friday evening, Feb. 22.

Mr. and Mrs. Ed Drerup and Agnes Brockman took in the sausage dinner at Bovina Sunday and later visited with the Jim Balls at Friona and the Phil Brockmans at Clay's Corner.

The Alfred Schachers, Lucy Leinen and Max Acker went to Amarillo Sunday for the dinner at Saint Joseph's Parish. They also visited the Dennis Ackers, who recently moved to Amarillo.

The Florence Schachers, Al Maurers, Walt Pohlmeiers and Clarence Schultes also attended

the sausage dinner in Bovina Sunday.

THE BAYARD Key family of Plainview spent Sunday at the Frank Hoelting's house and had dinner with them.

The Charles Bowns of Plainview also had dinner with the Fritz Gerbers on Sunday.

Funeral services for Donna Benke Birkenfeld, 25, director of the Nazareth Christmas Pageant and former choral teacher at Springlake-Earth School, were held Thursday, Feb. 21 at 11 a.m. in Holy Family Church in Nazareth.

The services were conducted by Rev. Stanley Crocchiola, and he gave a very inspirational eulogy.

Pallbearers were Julius Birkenfeld, Joe Renschan, Neil Dobmeier, Freddie Ball, Eugene Hochstein and Raymond Braddock.

Survivors include her husband Leslie, two daughters, Kristen, 2 years, Brigit, 5 months, her parents Mr. and Mrs. Carl Benke of Lawton, Okla., eight sisters, Mrs. Jim Hennessy of El Paso, Mrs. Henry Renschan of Geronimo, Okla., Mrs. Gene Burke of Lawton, Sister Carlene Benke C.D.P. of West, Mrs. Dare Gueydan of Jonesborough, La., Angela Benke of Childress, Mrs. Vic Hart and Mary Benke, both of Lawton; and two brothers, Charles of Lawton and Larry of Walters, Okla.

Out of town relatives attending the services were from Amarillo, Dallas, Decatur, Goree, Fort Worth, El Paso, Rhineland, Seymour, Lubbock, Muleshoe, Lawton, Okla., Lamar, Colo. and Jonesborough, La.

GLENN Ramaekers and Dan-

ny Schilling visited in Houston for a few days with Kenny Wagner and some friends, then went to New Orleans for the Mardi Gras.

Mr. and Mrs. Jerry Wilhelm are in Venezuela with a group on a farm tour this week.

The Vincent Pohlmeiers spent Sunday and Monday in Amarillo visiting their daughter and family, the Mike Williams.

MR. AND MRS. Paul Venhaus and their daughter Analeen went to Guymon, Okla. over the weekend to visit their daughter and son-in-law the Terry Hutsons. Helen Backus went as far as Dumas with them.

Anyone wishing to join the SOS Tops Club please contact Rita Kern, 945-2413, or Mrs. Gilbert Schulte, 945-2931, by

next Monday, March 4. We are trying to organize our own club here in Nazareth.

Miss Davis named to Tech honor list

Andrea Davis, daughter of Mrs. Bilye G. Davis of Dimmitt, was named to the Dean's honor list at Texas Tech University for the fall semester.

Miss Davis is a senior majoring in psychology.

ONLY LINEN and silk textile wastes are used as the basic ingredient of currency paper, says Marilyn Brown, consumer education-clothing and textiles specialist, Texas Agricultural Extension Service.

Fun After 50 Club schedules meeting

The Fun After 50 Club will meet Tuesday at 7 p.m. in the Courthouse community room. All interested persons are invited to attend the meeting and join in games of "42".

The California condor is North America's largest soaring land bird. On the average, an adult weighs 20 to 25 pounds and has a wingspread of nine

feet or more.

HARVEY FLOYD ANNOUNCES CANDIDACY AS STATE REPRESENTATIVE

As Democratic candidate for State Representative of the 74th District seeking your support, you are probably asking yourself, "Who is Harvey Floyd and how can he serve me?"

I am a businessman, a family man, and a 14-year resident of your district who is faced with the same type of situations you face and who understands your needs and concerns.

As you hear my proposal, I ask that you think of it as a joint proposal — yours and mine — and to think of this election in a personal way which will allow us to better conditions.

Primary among our problems is inflation, which affects us all. There is an existing need in Texas for additional revenue to meet the demands of inflated prices. I believe our proposal can sufficiently increase state revenue and at the same time avoid a state income tax and increased state property taxes on property, etc.

Crude oil produced in the United States is priced at approximately \$4.50 a barrel. Texas taxes crude oil on a basis of about \$3.71 per barrel. State tax on oil is 4.6 per cent at the well plus a 3-16c per barrel pipeline tax giving a total of under 20c per barrel state revenue from oil.

Texas collected approximately \$210 million from this source in the fiscal year ended August 31. Revision of the state's taxation program of crude oil would greatly increase this revenue source.

An even more urgent need is revision of the state program taxing natural gas. Texas collected \$125 million in taxes in the latest fiscal year on \$1.8 billion paid for natural gas produced in Texas. Much of this gas goes to other states where it serves as cheap fuel.

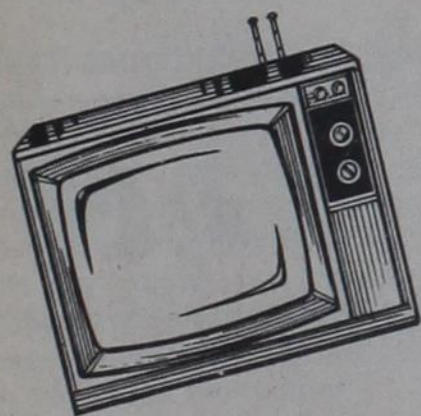

Natural gas in Texas is taxed at 7.4 per cent of its wellhead value. Many contracts were made, and are still in force, which sell gas at price ceilings imposed by the Federal Power Commission with a base tax on Texas-produced gas at 16c per thousand cubic feet. Current market value is 75c per thousand or more. A consumer buying gas at 16c per thousand pays state tax of 1.2c while the buyer of 75c gas pays 5.6c tax.

This present percentage system of taxation is unfair to the buyer paying high prices and favors those who pay the least for gas at the well. With action from the state and cooperation from the Federal Power Commission in changing from a percentage tax to a flat-rate of taxing natural gas, the taxing system would be equalized and would create an untapped source of state revenue.

The above proposal is but one I have to suggest. If elected, I pledge to serve you on the district level as your needs from the local level are communicated to me from you. By working together, I believe I can represent you well. I solicit your support and influence in the upcoming election.

Gardening becoming a booming enterprise

"More and more home gardeners are 'doing their thing' out in their back yards or just wherever they can find space," says Sam Cotner, vegetable specialist for the Texas Agricultural Extension Service.

THE GARDENING boom is definitely on, as Cotner cites the latest Gallup Poll showing that three million more Americans took up gardening last year compared to the 1972 figures. The poll also shows that four out of every ten families in the US, or about 27 million families, have a home vegetable garden.

Why the sudden spurt to return to Mother Nature, to till the soil, to live off the land? "It's a matter of economics for most families," points out Cotner. "The increase in food prices during the past year has been a major factor in the mushrooming interest in gardening. Most gardeners should be able to save from \$200 to \$300 a year grocery bills.

And no one can deny the improved flavor and freshness of home grown vegetables. Plus they're available when you want them," contends Cotner. "The current fertilizer shortage as well as a shortage of commercial seed may keep down commercial vegetable production in some areas this year."

GARDENING can also play an important role in the current energy crisis, notes the specialist. With fresh produce in the back yard, trips to the supermarket can be reduced. Gardening also provides a form of recreation that brings about family togetherness. Again, this helps keep family members at home and out of those gas-consuming automobiles.

"And the health aspect can't be overlooked," argues Cotner. "Gardening provides good, wholesome exercise in the outdoors."

How do you get started in producing your favorite vegetable?

"Begin with a small plot," advises Cotner, "and if you and your family really have the desire, you can always expand. A plot 20 feet by 20 feet can produce plenty of vegetables for a family of four. Remember that time and work are involved, so don't go overboard. Also, grow only the things that you and your family enjoy most and those that cost the most at

the supermarket." TEXANS ARE blessed with a good climate and a long growing season that makes gardening even more profitable, adds the specialist. Spring and fall gardens can produce an abundance of fresh vegetables.

"So, join in the gardening craze," invites the specialist. "The rewards are many. And don't dally; the spring gardening season is just around the corner."

1973 rye crop is among state's top

Agriculture Commissioner John C. White has announced that Castro County ranked in the top ten rye producing counties in the state in 1973.

RYE PRODUCTION decreased from 45,000 bushels in 1972 to 26,900 bushels last year. This was a decrease of 18,100 bushels.

Farmers in Castro County harvested 600 acres of rye and averaged 44.8 bushels per acre.

Hale County led the state in rye production with a yield of 82,000 bushels.

Commissioner White said that the total rye production for the state was 648,000 bushels.

"RYE IS AN important crop, and we are proud that Texas ranked in the top ten rye producing states," White said.

Texas farmers harvested 35,000 acres of rye and averaged 18.5 bushels an acre.

Easter Seal Appeal set to open Friday

The 1974 Easter Seal Appeal will open in Castro County tomorrow (Friday) according to Mrs. Sue DeVaney, Easter Seal Representative for the County.

MRS. DeVANEY said that Easter Seal Appeal letters would begin arriving at homes in the county about March 1.

As Easter Seal Representative, Mrs. DeVaney is the person to contact to request services from the Easter Seal Society for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and adults.

Last year 20,570 handicapped people received help from the Texas Easter Seal Society. With the costs of providing expert professional care rising, more money than ever will be needed.

Funds help support 18 centers in Texas, where services are provided to those crippled children and adults who cannot provide for themselves and who do not qualify for help from any other source.

"THE PEOPLE of Texas have always responded generously to helping the handicapped, and I feel certain they will make it possible to increase Easter Seal services to crippled Texans throughout the coming year," Mrs. DeVaney said.

WHEN changing "Miss" to "Mrs.," get all the records straight — including driver's license, credit cards, bank records, car title, employment records, insurance policies and any savings accounts. Also fill out the special change-of-name form for social security records, emphasizes Mrs. Doris Myers, home management specialist, Texas Agricultural Extension Service.

AVERAGE SIZE of a farm in the nation is 385 acres, an increase of almost 100 acres during the past 15 years.

New housing construction usually leads the economy and it also signals a turn in the business cycle. Housing starts peaked out in the first quarter of 1973 at an annual rate of 2.4 million. While the economy continued to grow through the fourth quarter of 1973, housing starts had plummeted one-third by the end of the fourth quarter.

IN THE past interest rates have been the key. Rising short-term interest rates attract savers who withdraw funds from savings and loan accounts and invest those funds in the short-term money markets. This is called "disintermediation", a massive shifting of funds from one major type of savings institution to another part of the money market.

Since the savings and loan associations are limited by regulation as to the maximum interest rate they can pay, they are unable to compete effectively with other forms of short-term investment. The result is a loss of savings funds from the savings and loan associations who then have to cut back on their lending activities to new house buyers. This slows down new house construction because the builder can't afford to tie up his resources in a batch of unsold houses.

It is now obvious that interest rates are on the way down and in a hurry. The prime rate, which was 10% a month ago, could hit 6% by late summer. This will have a direct effect on the interest rates savings and loan associations and insurance companies charge on their home mortgage loans and real estate loans. So, by being patient, the prospective new house buyer will get the lowest interest rate on his mortgage in about eight months from now.

What has kept a lot of houses from becoming homes is not only high interest rates but higher prices for houses and the higher cost of owning a house. Prices, as every potential house-buyer knows, not only have gone up — they've gone

through the roof. The average price of a new house fell 11.5% in 1969 and 1970. But from the end of 1971 to the end of 1973 the average price of a new house rose 48.7% or about 33% more than the Consumer Price Index.

The cost of owning a house has also risen drastically. A major factor in the increased cost of home-owning has been rising property taxes. Although the tax increases have moderated in recent years, other costs have kept moving up. The biggest worries now are the cost of gas and electricity and the gasoline used for commuting. These costs will keep rising over the next several years until some kind of balance between the supply of fuel and the cost of fuel can be reached.

Meanwhile, more of the construction cost of a house will go to improved insulation and energy saving devices. And that will give you a hint of what type of stocks to buy now if you want to benefit from the next big push in new house construction.

The stock market anticipates housing recoveries well in advance. If the forecast of a turnaround in housing by mid-1974 is correct, expenditures for residential construction will begin to pick up in 1975. This means that building company stocks and building materials company stocks will begin to make their moves between now and the end of 1974.

ENGINE AND MAGNETO REPAIR

The High Plains of Texas produced agricultural products with a market value totaling more than \$3 billion in 1973. The output almost doubled the market value of 1974 production and more than quadrupled the output of five years ago (1968). The tabulations were compiled by Water, Inc., Staff Economist Tommy Swann and have been published in a booklet entitled "Agricultural Production Data — Texas High Plains."

"THE STATISTICAL report illustrates the great productive capacity of the agriculture sector of the area," Swann said. "But, the production record is only a portion of the Texas High Plains Story," he added. "The most important part of the story is how the productive capacity can be expanded with supplemental water for irrigation." He noted that the area possesses fertile, irrigable land, almost ideal growing conditions and superior management ability.

Broken down into four major categories, the compilation lists detailed production statistics for cotton, grain sorghum, wheat and fed cattle. Copies of the booklet, printed in the interest of public education, are available without charge upon request from Water, Inc., P.O. Box 367, Lubbock 79408.

Here's why Hesstonized Hay cures while others dry out.

Don't lose the hay quality you grow. The care you exercise planning your crop and timing your harvest might well be wasted if the windrower you use doesn't offer the type of conditioning action that will help preserve this quality. Since nutrition, palatability and the ultimate economy of feeding forage crops all depend upon this conditioning action, consider carefully what happens to the crop once it is cut.

Gentle Uniform Conditioning. All Hesston windrowers have what is basically the same kind of conditioner, matched to the speed and header of the specific windrower model. The conditioner consists of a fluted steel roll and a grooved rubber roll. As the crop passes through these rolls in a thin, uniform blanket, it receives a gentle, uniform cracking action. The cracking effect allows the moisture to evaporate while nutrient-laden solids are retained in the plant pulp. All of this is done gently, with minimum damage to the crop by the conditioner rolls. The Hesston windrower then leaves the crop in a fluffy windrow with excellent air circulation so that it cures evenly. In leafy crops, the stems dry at about the same rate as the leaves. This means that it is possible to stack or bale while the total crop is at a uniform moisture content, and before brittleness increases the leaf loss that lets so much quality stay behind in the field. To get a complete understanding of the difference this kind of conditioning can make, compare a Hesston windrower at work, and the hay in the windrow behind it, to one of the other kinds of windrowers.

The Myth of Intermeshing Conditioner Rolls. On a machine with intermeshing conditioner rolls, the over-aggressive action strips precious leaves. The harsh action of the intermeshing rolls stretch, tear and mangle the crop. Look at the crop in the windrow, and you'll see that the split stems and mangled leaves expose the plant pulp to the sun, wind, rain and humidity...you'll see why Hesstonized Hay cures while others simply dry out. At first glance it might seem that this over-aggressive conditioning action would make the hay dry faster. But the mangled crop mats — while the fluffy Hesston windrow cures evenly. Check the windrow after the hay has time to begin curing. The big importance is that Hesstonized Hay contains more nutrients, is more palatable to your livestock, and may be counted on to preserve that quality in the bale, stack or silo.

The hay that made a name for itself. Over the years, Hesston has sponsored many different quality tests, but the most convincing proof comes from the ranchers and farmers who feed the hay produced by Hesston windrowers. They think it is so special that they gave it a name — Hesstonized Hay. You can enjoy the benefits of this quality hay in your own feeding program...or you can enjoy the premium price Hesstonized Hay brings if you grow hay to sell. The Hesston Hydro-Static 620 windrower and the Hesston PT-12 pull-type windrower featured in this brochure both produce Hesstonized Hay. The choice you make depends on your particular requirements.

Couple sets May 17 vows

BRENDA COVINGTON

Mr. and Mrs. Kenneth Covington of Hart announce the engagement and approaching marriage of their daughter, Brenda Kay, to George Lewis Sweet, son of Mr. and Mrs. Russell Sweet of Dumas.

Both are students at West Texas State University. Miss Covington is a graduate of Hart High School.

The couple will exchange vows May 17 at 8:30 p.m. in the Hart Church of Christ.

Dean-Campbell vows read

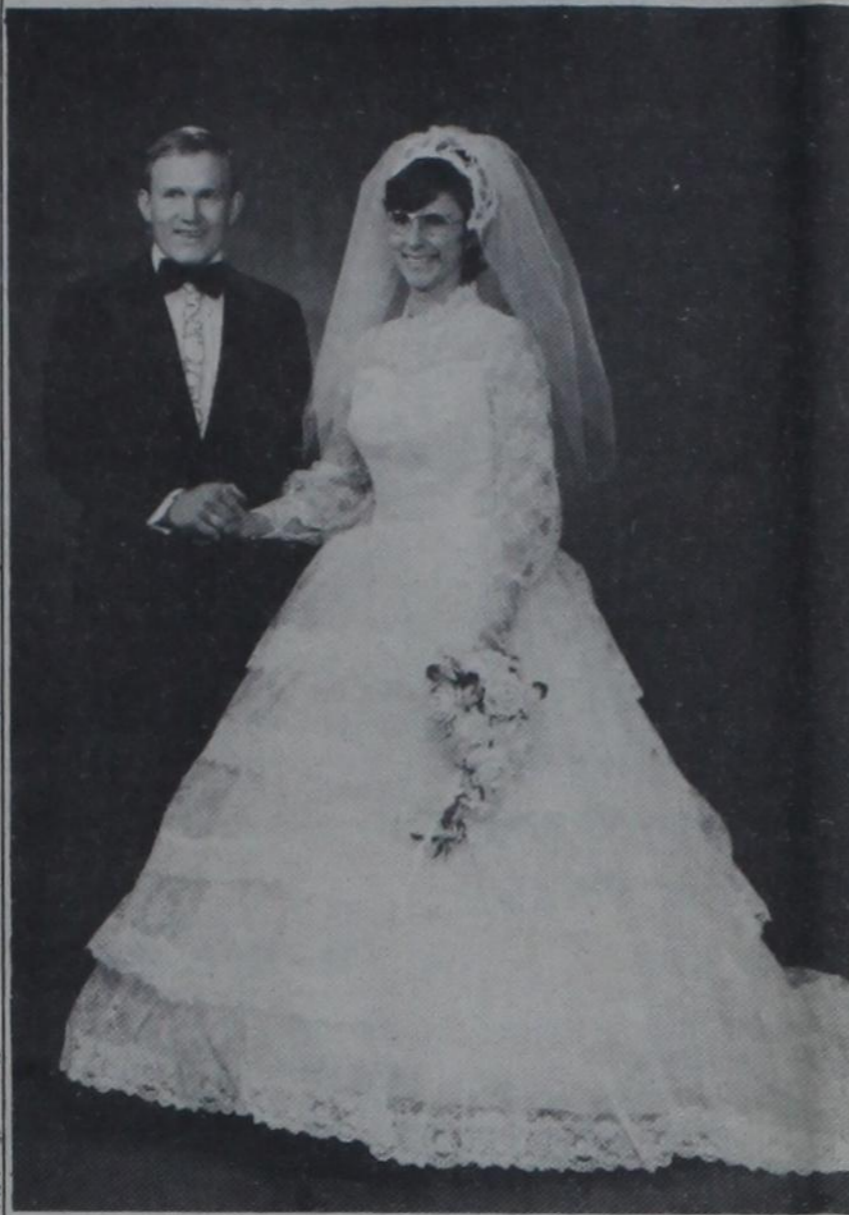

Miss Carolee Dean and Charles Ken Campbell exchanged nuptial vows Friday in the home of Mrs. Hilma Cleveland in Amarillo.

REV. BILL Tanner officiated. The bride is the daughter of the late Mr. and Mrs. R. L. Baskin of Stratford, and the groom is the son of Mr. and Mrs. Maurice Campbell of Dimmitt.

The bride attended West Texas State University and is employed at Stratford of Texas Inc.

The groom attended Amarillo College and New Mexico State University at Las Cruces. He served two years in Okinawa with the United States Navy Reserve and is employed as a draftsman with Empire Construction Company in Stratford.

REARING a child has been termed an adult's greatest responsibility, according to Dorothy Taylor, specialist in family life education, Texas Agricultural Extension Service.

MR. AND MRS. JIM MAYES
She's the former Debora Acker

Miss Acker, Mayes exchange nuptials

Miss Debora Acker and Jim Dewayne Mayes exchanged wedding vows Friday night in the Holy Family Church in Nazareth.

FATHER Stanley Crocchiola, pastor, officiated at the double ring ceremony which was read before an altar flanked with baskets of white roses.

The bride is the daughter of Mr. and Mrs. David V. Acker of Nazareth and the groom is the son of Mr. and Mrs. James Irving Mayes of Amarillo.

Given in marriage by her father, the bride wore a formal floor-length gown of Chantilly lace over bridal taffeta designed with high neckline, natural waist, long bishop sleeves and bouffant skirt. Tiny seed pearls complimented the neckline and bodice.

Rows of ruffled lace on the skirt fell in waterfall fashion. The full back of the gown ended in a sweeping chapel length train. The fingertip veil of imported illusion was fastened to a headpiece of chantilly lace and seed pearls. She carried a bouquet of white roses.

MAID OF honor was Agnes Acker, sister of the bride. Bridesmaids were Teresa Mayes, sister of the groom and Elaine Acker, sister of the bride.

The maid of honor wore a floor length dress of pink crystalline over burgundy satin featuring a skirt stitched to a shaped bodice above the normal waistline. The bodice had a low round lace neckline over a number bodice with a stand up collar. The long puffed sleeves featured lace trimmed cuffs.

The bridesmaids wore identically made dresses of watermelon over burgundy. All the attendants carried a single red rose.

Best man was Jerrall Lynn and groomsmen were Stephen Acker and Rodney Mayes. Acolytes were Bernard, Kevin, Dewayne and Douglas Acker.

USHERS WERE Norman Acker, Dewayne Poteet, Jimmy Swoeeringin and Keith Acker.

Organist was Caroly Evers and soloist was Larry Kuper. Following the ceremony a reception was held in the Nazareth Community Hall. The wedding table was covered with white taffeta decorated with wedding bells and doves. The centerpiece was a candelabra featuring a bouquet of white carnations.

For the wedding trip the bride wore a powder blue suit with a peach blouse and a white rose as a corsage.

THE NEWLYWEDS will be at home in Irving.

The bride is a graduate of Nazareth High School and attended Amarillo College and West Texas State University.

The groom is a graduate of Palo Duro High School in Amarillo and is employed at Food Basket of Dallas.

Revival services to begin Sunday

Dimmitt's First United Methodist Church will conduct revival services beginning Sunday at 8 p.m. and continuing through next Thursday. Services will be conducted each evening at 8 p.m.

BREAKFASTS will be held daily Monday through Thursday at 7:45 a.m.

Rev. Leo K. Gee, pastor of St. Paul Church in Amarillo, will serve as evangelist. Rev. Gee has conducted over 100 preaching missions in Texas, Alaska, Korea and Japan and has traveled extensively in Europe and the Holy Land. He recently completed a tour of Israel, Lebanon, Turkey, Syria and Cyprus. He was the founding pastor of St. Luke's Methodist Church in Lubbock and also held a pastorate at the First United Methodist Church, Big Spring, where he served from 1965 until 1972.

Home and hobby

Spring on way as early bulbs begin growth

By IRENE KEATING

Spring will be here soon. I've been so thrilled to see the crocus up and blooming and the other early spring bulbs are coming up. This is always my time of year when the new growth starts.

WITH THE constantly rising cost of living more and more women are seeking ways to earn money. The days of one bread winner in the family are disappearing. Many women who aren't working would be if there were jobs available. Beware of being caught in the earn at home plan. This isn't always a legitimate job. Here are some guidelines to follow in this type of job offer.

Before investing money in an earn-at-home job plan, check it out thoroughly. Some companies are just trying to sell something — not actually hire someone to do work. For example, some sell useless instructions, money-making kits or pamphlets on "home work ideas". A legitimate firm, on the other hand, usually won't ask for fees or payment for these.

Be suspicious of ads offering huge profits — and those selling materials, kits, instructions or equipment at high prices. Also, shy away from testimonials and ads claiming that no experience is necessary.

When considering an offer, read the fine print. Learn whether or not a worker will receive regular payment for work and determine the salary. In addition, ask the firm to supply names of other persons who worked for them or bought what they're selling. Then contact these persons about their experiences.

If possible, check the firm's reliability through the Better Business Bureau. On discovering a fraud, report facts to the local postmaster or Better Business Bureau.

HERE'S GOOD NEWS to mothers with children who prefer "faded" clothing. Watch for corduroy jeans to give de-

MR. AND MRS. R. YOUNG

Reception to honor R. Youngs Sunday

Mr. and Mrs. R. Young of Dimmitt will be feted with a reception in honor of their golden wedding anniversary Sunday at the First Assembly of God Church fellowship hall. The reception will be held from 2-5 p.m.

MR. AND MRS. Young were married March 5, 1924 at Pawhuska, Okla. They lived in Osage County, Okla. until the fall of 1929 when they moved to Littlefield and settled near Spade. In 1934 they moved back to Osage County for three years and returned to Littlefield in the fall of 1937.

They moved to Castro County in December of 1952. The Youngs have seven children, Mrs. Pauline Bridges of Hereford, Mrs. J. R. Mitchell of Pecos, Mrs. Bobbie

Some relief in the youth clothes market. Until recently, denim was the only fabric providing a worn-out look after a few washings. Now, specially-processed corduroy also achieves that look. This new process causes a worn look at seams and points of wear, rather than fading uniformly. Although the major change takes place after the first washing, color stabilizes after the fifth washing.

Available for Spring '74 retailing, manufacturers may sell jeans pre-washed or with hang tags explaining changes that will result from washing.

Pierson of Petersburg, Mrs. Mary Brice of Pueblo, Colo., Mrs. Rosie Hall of Pecos, Mrs. Christine Bridges of Hereford and Marshall Young of Dimmitt.

The couple's children and grandchildren will serve as hosts for the reception. The Young's friends are invited to attend.

GRAPEFRUIT harvest in Texas was active in January. Harvest of early and mid-season oranges is virtually complete.

COMPLETE details of the experimental program to control predators in 44 Texas counties are now being implemented. The Texas Department of Agriculture is in charge of the program on a state level.

Garden Club meet at City Hall

The Dimmitt Garden Club met Wednesday afternoon at the city hall assembly room with mayor Elmer Youts and city manager E.B. Noble to discuss "community awareness".

CITY OFFICIALS told garden club members of the many problems that come before the city commission, many of them due to the current shortage of energy and materials.

It was suggested that plastic sanitation bags be used, then placed in barrels to ease the work of sanitation men.

Members learned that April will be city cleanup month.

Katy Burkett and Jo Behrends served cherry cake, coffee and lemonade to eight members and the city hall staff.

WHAT'S YOUR idea as to the average size of a Texas farm? It could range from a few acres to several hundred thousand. The Texas Crop and Livestock Reporting Service has made it official: the average size of a farm in Texas contains 678 acres.

VETERANS' SERVICES

By BEDFORD W. SMITH
County Service Officer

The Educational Assistance for eligible veterans with no service-connected disabilities will soon be up for many. Limiting dates for completion of their program of those whose last separation from the service was between Jan. 31, 1955 and June 1, 1966 are May 31, 1974. For on-the-job training, apprenticeship, flight or farm cooperative training, eligibility ends 8 years from the date of separation, or on Sept. 30, 1975, whichever is later. All veterans have until 8 years from the date of separation to finish educational benefits.

We are not having the problems of veterans waiting for their checks when in college in our Waco VA Region as has been publicized over TV and by other news media from other states. When the proper forms are sent in and signed by the veteran and the State approved school that he is enrolled with his DD-214, checks immediately began coming out of Austin data processing center to the veteran. All veterans, their survivors, and/or dependent claims from our area go to the number 1 VA Regional Office in Waco. This office has held the number one spot for many years. However, it is important that with all claims the applicant should sign VA Form 23-22 appointing one of the recognized service organizations to be the claimant's representative. It is like having a free lawyer at the Waco VA Regional Office. We have the forms in our office.

NOTE A brief of the "Outstanding Case of the Month", published in the Feb. 15, 1974 monthly "Veterans Affairs Commission Bulletin": (The County Service Officer and the VA Form 23-22 made the difference.) This case concerned the widow of a veteran of World War II, and efforts by her son to obtain service-connected death benefits from the Veterans Administration.

The veteran served honorably from Nov. 6, 1942, to Dec. 13, 1944, when he was given a Certificate of Disability Discharge (CDD). Shortly after his release from service, he filed a disability claim with the VA, and was granted service-connection for Chronic Bronchial Asthma. He was shown to be 30% disabled because of this service-connected condition.

The veteran died July 3, 1946, while a patient in a private hospital in the State of Mississippi. The cause of death was shown to have been gunshot wounds to chest and abdomen. Following the veteran's death, his widow filed a claim for VA benefits, and was advised that the death was not the result of any service-connected disability. Since the veteran was in receipt of compensation at the time of his death, his widow was awarded non-service-connected pension benefits, which she continued to receive until 1973. It was at this time that the widow's son contacted his local Service Officer, asking whether an investigation could be made to determine if she might be entitled to increased benefits. The son also requested that the claim for service-connected death benefits be reopened and reconsidered.

A VA Form 23-22 was completed and signed by the widow, authorizing one of the veterans organizations to represent her in her quest for increased VA benefits. The form was forwarded to the VA regional office representative of the organization, with a request to review completely the matter of service-connected death benefits for the widow. A review of the claim folder revealed that at the time of death in 1946, the veteran was recuperating from gunshot wounds. He had undergone surgery, and was apparently recovering satisfactorily when he suffered a respiratory malfunction. Contact was made with the private hospital where the death occurred, the Service Officer was fortunate enough to locate a doctor who had actually assisted on the case in 1946. A detailed statement was obtained from him, showing that the veteran would have been expected to recover completely from the gunshot wounds, but the respiratory condition caused complications and the veteran died. This evidence, furnished by a reputable physician, plainly indicated that the service-connected disability of Bronchial Asthma did materially contribute to the death, thus the widow was determined to be eligible for dependency and indemnity compensation. She is presently receiving DIC payments which includes \$55 per month aid and attendance allowance, as she is severely disabled.

SOME OF the nation's top governmental officials recently heard Administrator of Veterans Affairs Donald E. Johnson describe the Vietnam-era veteran as "the cream of American manhood." Johnson was among the guest speakers at a kick-off dinner to mark the national observance of Vietnam Veterans Day March 29 proclaimed by President Nixon. Vice President Gerald R. Ford headed the list of distinguished guests at the formal dinner in Washington. More than 300 were in attendance, including some 50 congressmen, Defense Department officials and leaders of national veterans' organizations. Johnson told the assemblage that the Vietnam veteran represents "nearly 7 million American patriots who served our country and the cause of freedom honorably and well during the longest war in our nation's history. "The men whom this nation sent out into the dark night of suffering and sacrifice in Vietnam were the cream of American manhood . . . and (they) have a right to expect the daylight of security and success now that they have returned home. . . ."

MANY DISABLED veterans could receive increased pension

benefits from the Veterans Administration if they could prove that they are housebound or in need of someone to care for them.

A veteran who is receiving nonservice-connected disability pension from the Veterans Administration may be paid an additional \$44 per month if his condition is such that he is confined to his home or the immediate premises. If the veteran is blind, confined to a wheelchair, or is shown to be bedfast, the VA may pay an additional \$110 per month aid and attendance allowance.

When a veteran is determined to be eligible for either the housebound award of \$44 per month, or the aid and attendance allowance of \$110 per month, such amounts are paid in addition to the regular amount of pension to which he is entitled. The approval of either of these additional benefits also authorizes the Veterans Administration to pay for any outpatient treatment which the veteran may obtain from his private physician. The VA may also furnish any drugs or medicines, prosthetic appliances, sick room supplies, or other items which are prescribed by the family physician. If a veteran is a patient in a nursing

AND THE WALLS CAME TUMBLING — High winds late Wednesday night and all day Thursday brought down the north and south walls of the new Circle K store in northeast Dimmitt last week. Don Mason Builders of

Amarillo began erecting the walls of the structure recently, but last week's winds will set back their construction schedule somewhat. Wind velocities exceeded 60 mph at times during the all-day blow Thursday.

home, he is considered eligible for the aid and attendance allowance, as well as free drugs and medicines.

If a veteran is receiving VA pension, and feels he might be eligible for these increased benefits, he should furnish the

Evans charged in cattle thefts

Robert Evans of Dimmitt was charged last week with taking 20 head of calves from Hereford feed lots according to the Deaf Smith County sheriff's office.

ACCORDING to Deaf Smith officers, a letter to KVII TV's "Secret Witness" named Evans as the person who took the cattle. The letter told where the cattle were disposed of and

what price they brought. Sheriff's officers located 17 of the cattle, but three others had already been killed.

Two Dimmitt juveniles were also believed involved in the cattle thefts.

The man who probably knows more about grouse than any other in the world is a fellow named Gordon Guillion. For the last 13 years 7700 acres of Minnesota woods have been his personal outdoor grouse laboratory. He has found that while grouse will eat almost anything (including snakes and salamanders) what really sustains them are the buds of such trees as aspen, ironwood, birch, alder, willow and many others.

BEEF PROMOTERS — Officers of the new Cowbelles organization here, from left, are Oneta Cole, publicity chairman; Rose Mary Wilhelm, parliamentarian; Juanita Bruegel, second vice-president; Reta Welch, first vice-president; Dottie Lewis, president; Charlene Howell, third vice-president; and Carole Farris, historian. Officers not pictured are Jan Baca, treasurer; Beverly Lindsey, secretary; and Wynema Adams,

chairman of the "Beef for Father's Day" promotion committee. Thirty-three women attended the Cowbelles' February meeting; the next meeting is scheduled for March 26. The Cowbelles, an auxiliary of the National Cattlemen's Association, promote the beef industry and seek out ways to increase beef consumption in the US.

BASED ON Feb. 1 prospects, the 1973-74 citrus crop for the state is forecast at 18,500,000 boxes, which is four percent below the production of last season.

'Open house' activities set for next week at city schools

Open house activities will be held at Dimmitt schools during Texas Public School Week, March 4-8.

SOUTH Elementary and Dimmitt High School will hold "open house night" March 4 from 7 to 9 p.m., while open house at North Elementary and Dimmitt Junior High will be held March 5 from 7 to 9 p.m.

According to Supt. Charlie White, special days will be designated for certain activities in order to avoid overcrowding of classrooms and lunchrooms.

At South Elementary, kindergarten and first grade parents may visit March 5, and second and third grade parents may visit March 6.

At North Elementary, parents are invited and encouraged to visit the classrooms and eat lunch with their children in the cafeteria throughout the week.

Paul Frye's sixth grade class will have a showing of model rockets and will launch model rockets on the football field March 7 for members of Dimmitt civic clubs, students and teachers. Prior to the launching, all members of the Dimmitt Lions, Kiwanis Club, Rotary Club and Jaycees will have lunch at noon at the high school cafeteria.

Open house activities at Dimmitt Junior High School will include a band concert in the

auditorium, a presentation of colors and dedication of new flags by the Texas History class, room visitation and parent-teacher conferences in homerooms following the concert. Art class displays will be open all week.

ACTIVITIES at Dimmitt High School will include a display of completed projects in the art department. Selected students will demonstrate techniques used in art classes. The Driver Education trailer will be open for observation and demonstration. Projects and student files relating to work completed will be on display in English III and IV classes.

Materials will also be displayed to illustrate the type work planned for new courses in social studies for seniors. The Homemaking department will display clothing items, HECE reports, and show off new carpet.

Science equipment as well as projects and experiments will be on display in the lab and ac-

Gonzales wins \$5 prize in contest

Andy Gonzales was presented with a \$5 prize by the choir boosters recently for his first place poster in the Dimmitt High School poster contest promoting the study of choral music.

PATRICIA SMITH captured second place honors while third went to Vicki McGowan.

According to Harold Dutton, choral director, the contest was held to bring to the attention of the students some of the important benefits to be derived by the student, school, church and community from the study of choral music.

"The most outstanding posters from North Elementary and the junior and senior high schools will be on display in the music building during open house," said Dutton.

Sorority offering \$500 scholarship

Dimmitt's Alpha Epsilon Tau chapter of Beta Sigma Phi is offering a \$500 scholarship to be awarded to a Dimmitt High School senior girl.

THE SCHOLARSHIP will be awarded \$250 per semester to the senior girl selected by the sorority.

Any girl interested should write a letter stating her needs and telling why she would like to attend college or a vocational training school and address it to Mrs. Mary Bechtol, 719 Cleveland, Dimmitt.

VIEW FROM THE LIBRARY

By MARY EDNA HENDRIX

We have had several to call to ask what our library hours are, so maybe it will help to have them printed in the paper so you can clip it out and keep.

MONDAY — closed
TUESDAY — 9:30 a.m. to 6 p.m.
WEDNESDAY — 9:30 to 6:00
THURSDAY — 9:30 to 6:00
FRIDAY — 9:30 to 6:00
SATURDAY — 9:30 to 4:00

We are open during the noon hour.

MRS. ADAMS and Mrs. Ellison brought their classes to see the library last week. Mrs. Adams brought 22 students from her Recreational Reading class and Mrs. Ellison's 26 students were from her Library Skills class. We are always happy to have the students from school to visit the library and we would like to encourage all of them to come back and check out some books. Interesting people in the li-

brary: Bro. John Street came in one day to look at our newspapers and magazines. These can't be checked out but we have comfortable chairs, so we think you would enjoy sitting here and reading. We take the Lubbock and Amarillo papers, Castro County News and Beral Hance brings us the Hereford Brand (a day late and sometimes pictures are cut out) . . . Kathleen Foster came in to ask about Anita Bryant's new book . . . Paul Catoe was in on business. He lives in Hereford now and is certainly a good looking young man . . . Mrs. Gaede and Mrs. Fairchild, the librarian from the Friona Public Library came over one afternoon to look through our library since they are hoping to start making plans for a new library building . . . Mr. Graef came in for a short visit.

The Genealogical Society met Thursday night with ten members present and two guests, Mrs. McNeese and Mrs. W. R. Kimbrough, who was the guest speaker for the evening.

I read the book "Eloise" by Thompson for Childrens Story Hour last Friday and the children loved it: Denise Layman served cookies to 15 boys and girls.

WE ARE still receiving money for memorials when a friend or loved one passes away. If it is too late to send

flowers we can always send a card to the family that a memorial has been given to the library in memory of the one who has died. Mrs. Leeth called and asked me to mention how pleased she was that several had given memorials for Mr. Leeth when he passed away. These were: Sue and Monty Booser, Hazel Merritt, Phoebe Strother, Mary Edna Hendrix, Mr. and Mrs. E. R. Little, Mr. and Mrs. Weldon Skinner, Mr. and Mrs. Glenn Merritt and Susan and Brock Merritt.

The Genealogical Society met Thursday night with ten members present and two guests, Mrs. McNeese and Mrs. W. R. Kimbrough, who was the guest speaker for the evening.

AIMING FOR ECONOMY IN A NEW VAN?

THE DODGE BOYS ARE RIGHT ON TARGET

WITH THE STRONG BOX VAN.

Sliding side cargo door (replacing standard swinging cargo doors) is optional on 127-inch wheelbase and Maxivan models.

1974 Dodge Tradesman Van.

ONLY THE DODGE BOYS GIVE YOU ALL THIS:

- **SMALLEST 6-CYLINDER ENGINE.** The 225-CID Dodge Slant Six is the smallest 6-cylinder engine offered on any American van. (Naturally, if you want more power, Dodge offers a couple of larger, dependable V8 engines, too.)
- **ELECTRONIC IGNITION.** This advanced system is standard on every 1974 Dodge Tradesman van. It eliminates points and condenser (that can wear out or get wet). In addition, factory-recommended spark plug maintenance is up to 18,000 miles under normal driving conditions. (Another nice saving for you when you choose a new Dodge van.)
- **FRONT DISC BRAKES, WIDEST CHOICE OF MODELS ANYWHERE.** Check into all the comfort and convenience features that are standard equipment on all Dodge Tradesman vans. Remember, too, the Dodge Boys have vans on two wheelbases (109" and 127") and three body lengths, including Maxivan—the largest compact van in the business!

WE'VE GOT A VAN DEAL THAT'S RIGHT ON TARGET FOR YOU!

NO WAITING.

Bobcat cindermen take 3rd at Colorado City

Dimmitt's Bobcat cindermen captured third place in the Lone Wolf relays held at Colorado City last weekend and captured first place honors in two events.

ROBERT Mayberry took first place in both the 100 and 220 yard dash events and second in the broad jump to tally a total of 28 points.

Gene Veals accounted for 10 points with a third place finish in the 100 and fourth in the 220.

Kenny Smith finished third in the high hurdles for six points and Cliff Parker accumulated eight points with a second place finish in the 440.

Larry Duke's sixth place finish in the 440 netted 1 point.

DIMMITT'S sprint relay team finished last in that competition when a team member dropped the baton.

Overall Dimmitt accumulated 55 points in the competition.

Society holds meet Thursday

The Castro County Genealogical Society met Thursday night in the Rhoads Memorial Library.

MRS. W. R. Kimbrough of Littlefield spoke to the group on research in New York, New Jersey and Eastern Tennessee. She used charts on her own ancestry which included the famous Dey and Schuyler families and encouraged those present to leave footprints in the sand of time by recording family history now for the future.

Mrs. J. Y. McNeese of Littlefield, who accompanied her, explained the use of county maps in genealogy.

Autograph party set at Nazareth

Nazareth's Christian Mothers and Catholic Daughters will sponsor an autograph party honoring Father Stanley Crociola on the publication of his latest book March 10 at the Nazareth Catechetical Center Building from 2-5 p.m.

FATHER STANLEY'S latest work is entitled "The Early Days of the Oil Industry in the Texas Panhandle 1919-1929". Friends and interested persons are invited to attend the party.

Cooperative slates meeting March 7

Two directors of exchanges of the West Texas Rural Telephone Cooperative, Inc. will be elected Thursday, March 7, at 8:00 p.m. at the 20th Annual Meeting of the Cooperative at the Community Center in Hereford.

DIRECTORS will be named to the two exchanges of Westway and Tharp. Nominees are: Westway Exchange, Ernest Brown and Elmo Hall.

Tharp Exchange, Jimmie L. Cockerham and Thomas Rhodes Jr.

The present directors of the cooperative are: Jimmie L. Cockerham, Tharp; Charles Myers Jr., Hub; Edwin Morrison Sr., Westway; Robert R. Strain, Dawn; James Ensor, Oklahoma Lane; George L. Olson, Frio; and James W. Dixon, Parmer.

The meeting is being held in the Community Center beginning at 8:00 p.m. with the election of directors, reports on general operations of the cooperative, and any other business that may be presented at this Annual Meeting.

More about AFS student

(Continued from Page 1)

at AFS headquarters in New York, they said.

MRS. BELL said a lot of work will be needed to reactivate the program here. First, the \$850 local cost must be raised (with the exchange student's home town raising a similar amount). The service committee will decide later whether to raise the funds through an appeal for contributions or through the sale of memberships.

Since AFS students are allotted only \$16 per month for expenses, Mrs. Bell said, cooperation will be needed throughout the community to provide such services as haircuts, postage costs (mainly at Christmas and for the return trip), dry cleaning, telephone calls home, etc. The school will furnish meals and other schools usually provide passes to athletic and school events, she said.

"It can be quite a burden for the host family if others in the community don't help with such things as transportation, speaking schedule, language difficulties, and so forth," Mrs. Bell said.

SHE SAID coordinators for these various phases of the exchange student's year here will be appointed at the committee's next meeting.

Anyone interested in working with any phase of the AFS program next year may contact Mrs. Bell at 647-4671, Mrs. Moran at 647-3247, or Principal D. W. Harkins at 647-3104.

GROOMING influences how people react to you — your level of confidence and self-esteem, success in school, and fulfillment from business and social relationships. Good grooming habits tell others that you care about them and yourself, says Mrs. Becky Culp, clothing specialist, Texas Agricultural Extension Service.

More about Eye story

(Continued from Page 1)

"WHEN THE donated eyes aren't needed in our area, then the Hi-Plains Eye Bank notifies the nationwide 'Eyeball Network.' This is a network of HAM radio operators, set up in the early 1950s by an Iowa optometrist.

"HAM operators all across the country get on the same frequency at a given time of the day to learn who has eye tissue available for use, and where it's needed. Decisions are then made on where to send the available tissue.

"The eye bank sees to it that the donated eye tissue is taken to its destination on the first through-flight to its point of need. It is usually delivered personally by the pilot.

"If the donated eyes aren't used within the 72-hour time limit, they go to the eye research hospital in Tennessee. But because of the 'Eyeball Network' and the need for donated eyes across the nation, the research hospital gets very few eyes.

"THERE'S no charge for any tissue donated through the eye bank. The only costs of the Hi-Plains Eye Bank are one part-time employee, printing and postage costs. These are paid by the Panhandle's Lions Clubs, memorial gifts and donations. Surgeons' fees vary widely throughout the country.

"Anyone — regardless of race, color, creed, eye conditions, or quality of vision — can get or give eye tissue. No cross-matching of blood types or tissues is required with eyes. Only a malignancy in the eye itself usually will bar the use of the eye.

Many Americans who had been blind since birth have been given the gift of sight through surgery that was made possible by donated eyes. Thousands of others whose corneas had been clouded over by disease, or who had damaged their eyes, have had their sight restored by transplanted tissue.

EVEN BLIND people's donated eyes have been used to help others to see.

Lions Club members in the Panhandle are the main donors to the Hi-Plains Eye Bank.

"Because Lions of the Panhandle of Texas care, 238 persons saw the sun rise this morning," according to the district's Eye Bank Month committee.

BUT MORE donors are needed to take care of the waiting lists and research requirements. Lions have found that many persons are willing to donate their eyes, but have simply not been contacted.

Eye donations are welcome anytime, but the year's main effort will be concentrated during March, when the area's Lions Clubs conduct their annual Donor Card Campaign.

If you're willing to donate your eyes, you can contact any Lions Club member whom you know. Or you could call any of the Lions Club presidents — Don Nelson of Dimmitt, 647-2400 or 647-3123; Julian Falcon of Dimmitt, 647-4688 or 647-4401; James Dobbs of Easter, 357-2552; Bob Reed of Hart, 938-2359 or 938-2193; Cyril Brockman of Nazareth, 945-3117; or Lynn Cox of Sunny-side, 846-2362.

Kiwanians give \$250 to funds

The Dimmitt Kiwanis Club voted Monday to donate \$125 to the Chris Kittrell fund and an additional \$125 to the Ronnie Longan fund.

THE KIWANIANs took the action after they were able to cut their commitment to the Dimmitt Satellite School bus project from \$500 to \$250.

The Kittrell fund was established to help two year old Chris Kittrell regain his eyesight while the Longan fund will benefit the Ronnie Longan family, whose young son is undergoing treatments for cancer.

Sorority offering \$500 scholarship

Dimmitt's Alpha Epsilon Tau chapter of Beta Sigma Phi is offering a \$500 scholarship to be awarded to a Dimmitt High School senior girl.

THE SCHOLARSHIP will be awarded \$250 per semester to the senior girl selected by the sorority.

Any girl interested should write a letter stating her needs and telling why she would like to attend college or a vocational training school and address it to Mrs. Mary Bechtol, 719 Cleveland, Dimmitt.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Home insurance rates are going up for most Texans.

New rates to be effective June 1 or July 1 will take into consideration expected rising costs of replacing and repairing damaged buildings.

The rates were adjusted a year ago (Jan. 1, 1973), with reductions in most lines.

Indications are fire coverage for homes will go up this year, but commercial building protection will cost less.

Multi-purpose homeowners policies will increase in price for Seacoast and North-Northwest territories. Although the loss record of the last decade indicates a 5.5 per cent reduction for the Central Inland area, G. L. Jones, State Insurance Board chief property actuary, said inflation may negate the saving.

All three territories are due for an increase on extended coverage, including windstorm and vandalism coverage.

State Board statistics hold promise of a saving on commercial building coverage for the Central Inland territory.

Following past board practices of figuring inflation on price increases over the last six years, an industry representative said the statewide boost for all lines of building insurance would be more than 20 per cent.

However, Texas Insurance Advisory Association suggested a revised inflation factor projected to save \$43.7 million for Texas property owners this year below the board estimates.

CONVENTION PROGRESSES — Debate grew increasingly tedious as the first round of Constitutional Convention floor debate opened — on the education article of the proposed new state constitution.

Convention President Price Daniel Jr. maintained dele-

gates were sticking with their 90-day completion schedule, however, as they neared completion of action on the article in three half-day working periods.

The education article as approved by the delegates tentatively insures "equal educational opportunities" for all, but permits special local district program enrichment.

It also retains for The University of Texas and Texas A&M income from the \$680 million Permanent University Fund.

Permanent and Available school funds are left intact, and the legislature is charged with providing for "first class" higher education.

LAW "DISCOVERED" — The Texas Board of Pardons and Paroles only last November discovered a law requiring it to recommend to the governor whether prisoners should have full citizenship rights restored on completion of sentence.

The Court also reversed another marijuana conviction in Dallas on similar grounds. It ordered a new trial for a Wichita County man on incest charges after finding his 13 year-old daughter "participated willingly."

A Rockwall County man won a second reversal on robbery-by-assault sentence of 40 years.

The Third Court of Civil Appeals ordered Hays County commissioners to pay \$22,800 as the county's share of adult probation costs in a district shared with Caldwell and Comal counties.

AG OPINIONS — A strong anti-discrimination provision in a new state constitution may prevent minority recruitment and bilingual educational programs, Atty. Gen. John Hill held.

Hill also concluded in other recent opinions: Children may be placed for adoption by a natural parent, by a relative with other rela-

Jaycees earn \$1,846 in pledges for fund

Dimmitt's Jaycees received \$1,846 in pledges to the Chris Kittrell Fund during their annual Jaycee Radio Day Saturday.

THE YOUNG men's service club also earned \$950 in commercial local to help pay for their local civic projects.

Chris, son of Mr. and Mrs. Irvin Kittrell of Andrews Trailer Park, is blind and will require an expensive operation to regain his sight. Cost estimates range as high as \$6,000.

The young boy's father is a driver for Steere Tank Lines here.

Jaycee President Avery Thrasher reported this week that the Jaycees have two more fund-raising projects on tap to benefit the Kittrell boy. They'll play the Nazareth Lions in a benefit basketball game later this month, and will play Dimmitt High School's graduating senior boys in a game the latter part of March.

Minors over 14, and under 17 can be prosecuted for driving while intoxicated, although the law is not constitutionally enforceable against those 17 to 18.

The open records act and its exceptions have no bearing on scope of testimony of a witness taken in a civil proceeding pursuant to a notice and subpoena issued under rules of civil procedure.

Whether or not the property of a fraternal lodge is exempt from taxation depends on a determination of whether the lodge is a purely public charity and its property is used for purely public charitable purposes.

If courts and not juries grant probation in felony cases, problem drinkers-drivers involved may be required to pay for the expense of treatment. Ability to pay expenses of treatment may not be a grounds for denying probation and failure to pay the expense of treatment because of financial inability may not be a ground for revocation of probation.

A Texas Youth Council member is entitled to reimbursement for reasonable expenses incurred in meetings in city where he resides.

FARM parity is inching again toward 100 percent. The latest parity ratio from the Texas Crop and Livestock Reporting Service is now set at 94. In December, it was 89 percent. Parity has been at 100 percent during one brief period last year, the first time in almost 20 years.

Death took a holiday!

For one day, and one day only, September 20 of last year, no one was killed on Texas highways. One day.

drive friendly

Governor's Office of Traffic Safety

Thanks, Folks!

It's Our First Anniversary

It was a year ago this week that we opened our doors at 111 E. Bedford St. in Dimmitt.

And now, because of your friendliness and acceptance, we feel that we have a solid stake in Castro County.

Every journey starts with the first step, and is easier when you make it with friends. Because of you, our journey so far has been enjoyable. We are serving an ever-expanding area, and are lucky enough to be serving friendly people whom we like to do business with.

We hope to serve the dynamic livestock industry here for many years to come!
