Lost Her Great Toe.

Mrs. L. G. Jackson came in on No. 2 Tuesday from Amarillo with one foot well bandaged, on which she was stepping very lightly. Some time ago she trimmed a corn on her big toe and after some time had elapsed blood poison set in. She first went to Dalhart and the Doctors there wanted to amputate her limb above the knee, but she went to Amarillo and there had her big toe taken off.—Stratford Star.

Had A Record Week.

The United States Employment Service at Amarillo, had a record week last week, when 532 persons in search of employment visited its office. Of these, Capt. Dickson reports that 161 were placed and there is not a soldier or a sailor on the waiting list.

If all of the men in charge of U. S. Employment agencies are doing as much to help the poor and jobless as Capt. Dickson, these agencies should go a long way towards felling the Bolshevistic spirit which seems to be rampant in many sections of the country. When a man goes to his office and says that he has no money with which to buy food, Capt. Dickson immediately secures for him at least a temporary job which will give him an opportunity to earn his board until something else turns up. In this he has been greatly assisted by the various hotels, restaurants and cafes about town. In cases of sickness, he has found a prompt and reliable assistant in the local Red Cross and the citizens generally have been very helpful, either making places for the unemployed or putting Capt. Dickson in touch with persons who were likely to need the men or women he was trying to find places for. Unlike the charitable organizations, the U. S. Employment Service draws no line between residents and non-residents, and asks no questions regarding religious or political affiliations. Neither does it tell the hungry man or woman to come around next day or next week. The need of help is the open sesame to the good offices of the Service and its watchword is, "Now."—Southwest Plainsman.

A Market for Farm Pests.

Owing to the exceedingly high price of muskrats, one man believes a substitute should be found for cheap lining for coats and wraps. Muskrats are superior to all fur bearing animals for such purposes, but now that they are getting too high, most of the farm pests can be substituted for them, such as squirrel, prairie dogs, woodchucks and mountain ground beaver.

Note this: Twenty-two years ago there was no market in the United States or Europe for the American white ermine. No dealers in furs in this country quoted them in their circulars. Manufacturers in this country and Europe were urged to substitute them for the Russian ermine. It was a slow process as they were not then fashionable — they were at the low price of from 10 to 20 cents for a number of years.

Herein is a story. When King Edward of England was to be crowned and all the invited guests were informed that they must wear a wrap of Russian ermine, and the newspapers in all portions of the earth made mention of it, the fashion became a craze and continues to this day. Now, considering the size, they are as valuable as mink. Millions of dollars are made in this country and Canada every year by the trapper boys trapping these little farm pests.

The fur of squirrels, prairie dogs, woodchucks and mountain ground beaver is coarse compared with the muskrat, but they will make very good cheap lining, and some fur buyers are going to give encouragement for their capture. Between their meat and their skins, it will be very profitable for the boys to shoot and trap them. It is also said that the meat of the prairie dog, woodchuck and mountain ground beaver is as good as squirrel and rabbit, and that their fats should be used for cooking, machinery and soap-making. All animals that live on good food make good food for the human family. Prejudice is a foolish thing. "Prove all things—hold fast to that which is good," is an ancient but wise saying, and well worth remembering and practicing.—Western Farm Life.

West Texas Wool Growers Organize.

W. T. McGee, of the Bureau of Animal Husbandry, United States Department of Agriculture, was in Amarillo last week working on a plan of organization of sheep and wool growers of West Texas. It is the aim of this organization to make Amarillo the marketing center for sheep and wool in West Texas. Shipments of these products will be made to Amarillo, where buyers will aid on the lots. It is the purpose of this plan to bring about cooperation in marketing, which will stimulate prices paid producers.

Growing at the Nation.

We once heard a farmer make a statement like this: "I don't worry about balanced rations and other foolish notions. My cows eat all the hay they need and I give them what I think is about the right amount of grain and that ends it." That was back in Missouri. We never had a chance to look over his books, if he kept any. Maybe he made money and maybe he didn't. Maybe his stock thrived and maybe it didn't. He thought it did and that's the way he fed—what he thought was "about right."

A few weeks ago we got a letter from a farmer in eastern Colorado. He said he was giving his calves cane fodder and corn and they were chewing the mangers; they didn't seem to thrive. He wanted to know what made them try to chew the boards.

Prof. Morton answered: "You are not giving your calves anything like the proper proportion of nutrients for growing stock in feeding them cane fodder and corn. Both these feeds are lacking in protein, the nutrient necessary for growth of muscular tissue."

The entire answer was published on Prof. Morton's page in the issue of February 1st. Now as to the sequel. We got another letter from this farmer urging us to publish the reply for the benefit of others. He says: "The trouble with my calves is they are eating the boards of the wooden corn troughs. One of them died yesterday; some of the wooden splinters may have lodged in its stomach or intestines and caused death."

This man is grateful for having been told to feed some high protein feed, such as alfalfa or bran, or linseed cake along with what he had been feeding. He doesn't want to lose any more calves, or to have them grow up spindling and half starved. Neither does any other farmer. The cost of farming is so high nowadays that we cannot afford to guess. We must know what to feed, and why.—Western Farm Life.

Difference Between Slop and Swill.

There is a wide difference between slop and swill. Slop is properly a hog's relish, while swill is too frequently nothing more than water polluted with unhealthy refuse. The term swill may embrace a wide variety of feed and drink, ranging from ordinary dishwater to a mixture of milk, table scraps, soapuds and other kitchen refuse, while slop is a combination of ground feed or feeds with water or milk. A supply of wholesome swill in connection with other feeds may be valuable but in a condition of decay, rancid and mainly filth, it may result in a loss of high-priced animals. Slop, however, may be considered as always in order.—Field and Farm.

Swisher Has County Agent.

H. G. Ware, of College Station, arrived in Tulia Monday. Mr. Ware is the gentleman designated by the United States and Texas State Governments as County Agent for Swisher county. Mr. Ware at once entered upon his duties as such officer. He has been given a room in the basement of the court house, opposite J. E. Swepston's office. Mr. Ware makes the appearance of being a thoroughly competent gentleman, and he says he is anxious to meet all our farmers and stock raisers and line up with them in their work.—Tulia Herald.

Will Have Demonstrator.

The Commissioner's Court of Floyd county met in special session Thursday, February 20, to consider the advisability of employing a woman to do Home Demonstration Work in this county. Mrs. Dora Barnes of Clarendon, Texas, who is the District Home Demonstration Agent for the Panhandle, explained the nature of the work and the method for financing it. At the conclusion of her talk the court voted unanimously in favor of placing such an agent here.—Lockney Beacon.

A Record Cow.

How much milk does your cow give? Here is one that gave nearly 23 quarts of milk for every one of the 365 days in the year; or if the cream from this milk had been churned, it would have amounted to 3 1/5 pounds of butter for every day in the year.

Farmers Organize.

The farmers of Fairview township school district No. 39, have organized a local branch of the Union County Farmers' and Stockmen's Bureau, an organization under the control of the government, its purpose being to aid the farmers in solving problems of agriculture and facilitate marketing products.

Ramsey Made Secretary A. B. C. D.

At a meeting of the Board of City Development held last week, Sumner M. Ramsey, editor of the News of this city, was elected secretary for the coming year.

For some months, the Board has been without a secretary, in-as-much as most of the work done was war work and handled by various chairmen. Now, however, with the outlook for the greatest development period in its history confronting Amarillo and the Panhandle, a secretary for the Board of Development became a necessity.

And Mr. Ramsey is eminently well qualified to fill such a position. He has been a resident of Texas for the past 7 years and during that time has been connected with some of the largest daily papers in the state. His newspaper experience has given him a large acquaintance with the men of affairs throughout the State which will be of material assistance in "getting next" to various matters that are likely to be referred to him. He is also a good writer and abundantly able to set forth the claims of Amarillo and the Panhandle in inspiring and impressive articles which will help along the development work. Moreover, Mr. Ramsey is alive to the needs of the Panhandle and keen to see this country "come into its own", all of which makes for a good man for this position.

Amarillo is now off to a good start and there are bound to be some "doings" round here in the coming months.—Southwest Plainsman.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

A Sad Tragedy.

A very sad tragedy took place near Littlefield Monday of this week when Herman Suttles shot and killed himself on a ranch 25 miles west of town. Mr. Suttles was manager for one of the largest ranches in that country, and arose very early Monday morning in order to get off to town. Starting before daylight, and without lights on his Buick car, he got about three miles from home where a truck had been left in the road, which he ran into, and the car tracks show that the car skidded when he turned to try to miss the truck. The collision tore part of the body and top off the Buick and Mr. Suttles had a finger badly cut and mashed and a heavy lick on the head, through a heavy cap. He turned and went back to the ranch and told his wife of the accident, but would not permit his finger being tied up. Leaving the kitchen he went to the front room and got a 45 caliber rifle from the dresser drawer and stepped out in the front yard and shot himself squarely in the forehead.

Mr. Suttles leaves many friends and a young wife who still wonder why he should commit such a rash act. It is presumed and very probable that the heavy lick on the head in the car smash knocked him practically unconscious and he committed the act before coming to himself, as no one can possibly figure any other cause why he would do this. The undertaker stated that the lick on the head would have killed him instantly, had it not been for the heavy cap he was wearing.—Miami Chief.

Methodist Pastors to Get Raise.

Many Methodist ministers in every Southern and Western State who have been trying to exist on infinitesimal incomes during the past years will have their salaries raised within the next few months. This very practical and definite step is to be taken by the Methodist Episcopal Church, South, following the financial drive of that denomination in April. The drive, which has \$35,000,000 as its goal, has been undertaken with a view to putting the work of the church on a business basis, the raising of the salaries of their underpaid pastors being considered one of the first matters of importance.

Happy Appreciates Musical.

The musical given at the High School auditorium Saturday night under direction of Prof. Clark, of the Normal, who was ably assisted by Misses Brigham, Guenther, Clark and four others whose names we failed to get, was a decided success, so pronounced by those fortunate enough to be in attendance.

The ladies of the Civic League are to be congratulated upon securing for this place such a high class entertainment. It is the equal of many of the musical numbers that are now being given in our chautauquas and lyceum courses. The following program was rendered to a full house and an appreciative audience:

Victorious Legions, Poet and Peasant—Orchestra.

March Grottesque, Sending, Piano Solo—Miss Brigham.

Bohemian Girl, Bolfe—Orchestra.

Dandelion, Crysanthemum, Mary Turner Saltes, Vocal Solo—Miss Guenther.

Minnet, Beethoven, Liebesfrend, Kreisler, Violin Solo—Miss Clark.

La Paloma, Hungarian Dance—Orchestra.

Requiem, Uncle Rome, Homer, Vocal Solo—Prof. Clark.

March-Militaire—Orchestra.

The pieces given by the orchestra were exceptionally well selected, and each member showed the artist ability to a rare degree. The technical manner in which the parts were rendered proved the splendid instruction of a master hand.

One of the names we failed to get was the little flute player whose amazing skill upon this musical instrument bespeaks a bright future indeed for one so young.

If the two lads in khaki whose names we failed to get, were as skillful in handling the Hun as they were the clarinet and cornet we are convinced Uncle Sam made no mistake in his selection and the wonder is, why peace was not declared sooner.

The piano solo by Miss Brigham proved her an adept to a marked degree.

Miss Guenther, by her sweet songs and vivacious manner won the hearty applause of the audience. Her voice shows much natural talent as well as excellent training.

The charming, unassuming personality which characterized Miss Clark in the various numbers she so sweetly rendered, not only captivated her audience, but won their hearts as well.

One of the hits of the evening was the vocal selections by Prof. Clark. Not only has he a voice that would delight the most critical, but his impersonation of the songs captivates his audience. His encore "Dear Little Girl" was highly enjoyed, not only by grown-ups, but by the children as well.

As a proof of the impression made upon the children's minds, the following day a little four year old exclaimed, "Mama, that sure was funny, last night when Prof. Clark said, 'It was the little pigs that done it!'"

Perhaps the only criticism to be offered on this occasion was, the audience clamored for a 50-50 musical treat when they were getting a 50-25.

Proposed Amendment to the State Constitution Prohibiting the Manufacture and Sale of Intoxicating Liquors.

House Joint Resolution No. 1.
A resolution proposing to amend the Constitution of the State of Texas, by amending Article 16, Section 20 thereof by striking out and repealing said section and substituting in lieu thereof a new Section 20, prohibiting the manufacture, sale, barter or exchange in the State of Texas of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or any other intoxicant whatever, except for medicinal, mechanical, scientific or sacramental purposes, and providing that the Legislature shall enact laws to enforce this section; providing that until the Legislature shall prescribe other or different regulations on the subject of the sale of spirituous, vinous or malt liquors or medicated bitters, capable of producing intoxication, or any other intoxicant whatever, for medicinal purposes, such regulations shall be made only in cases of actual sickness, and then only upon prescription of a regular practicing physician, subject to certain regulations with reference to the same; providing that this amendment shall be self-operative, and until the Legislature shall provide other or different penalties, the violation of any part of this constitutional provision shall be deemed a felony punishable by confinement in the penitentiary for a term of years specified, without the benefit of any law providing for suspended sentence; conferring authority upon District Courts and judges thereof, under their equity power, to issue upon suit of the Attorney General injunctive orders against infractions or threatened infractions of any part of this constitutional provision; providing that, without affecting the provisions hereinafter, intoxicating liquors are declared to be subject to the general police power of the State; declaring that the Legislature shall have power to pass any additional prohibitory laws in aid thereof which it may deem advisable; fixing the time for the election for the adoption or rejection of said proposed constitutional amendment and prescribing certain rules and regulations with reference to the same; declaring that the provisions of the General Election Law shall govern in all respects as to qualification of electors and method of holding the election and in all other respects where applicable; directing proclamation for the election and making certain provisions for the election and ballots thereof and method of voting; prescribing certain duties for the Governor of the State; and making an appropriation to carry out this resolution.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by striking out and repealing Section 20 thereof and substituting in lieu of said Section 20 the following:

Section 20. (a) The manufacture, sale, barter or exchange in the State of Texas, of spirituous or malt liquors or medicated bitters capable of producing intoxication, or any other intoxicant whatever except for medicinal, mechanical, scientific or sacramental purposes, are each and all hereby prohibited.

The Legislature shall enact laws to enforce this section.

(b) Until the Legislature shall prescribe other or different regulations on the subject, the sale of spirituous, vinous or malt liquors, or medicated bitters, capable of producing intoxication, or any other intoxicant whatever, for medicinal purposes shall be made only in cases of actual sickness, and then only upon the prescription of a regular practicing physician, subject to the regulations applicable to sales under prescriptions in prohibited territory by virtue of

Article 598, Chapter 7, Title 11, of the Penal Code of the State of Texas.

(c) This amendment is self-operative, and until the Legislature shall prescribe other or different penalties, any person, acting for himself or in behalf of another, or in behalf of any partnership, corporation or association of persons, who shall, after the adoption of this amendment, violate any part of this constitutional provision shall be deemed guilty of a felony, and shall, upon conviction in a prosecution commenced, carried on and concluded in the manner prescribed by law in cases of felonies, be punished by confinement in the penitentiary for a period of time not less than one year nor more than five years, without the benefit of any law providing for suspended sentence. And the district courts and the judges thereof, under their equity powers, shall have the authority to issue, upon suit of the Attorney General, injunctive orders against infractions or threatened infractions of any part of this constitutional provision.

(d) Without affecting provisions herein, intoxicating liquors are declared to be subject to the general police power of the State; and the Legislature shall have the power to pass any additional prohibitory laws, or laws in aid thereof, which it may deem advisable.

(e) Liability for violating any liquor laws in force at the time of the adoption of this amendment shall not be affected by this amendment, and all remedies, civil and criminal, for such violations shall be preserved.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the fourth Saturday in May, being the twenty-fourth day thereof, A. D. 1919. At said election the vote shall be by official ballot, which shall have printed or written at the top thereof in plain letters the words, "Official Ballot." Said ballot shall have also written or printed thereon the words, "For Prohibition," and the words, "Against Prohibition."

All voters favoring said proposed amendment shall erase the words "Against Prohibition" by making a mark through the same, and those opposing it shall erase the words, "For Prohibition," by making a mark through the same.

If a majority of the votes cast at said election shall be "For Prohibition," said amendment shall be declared adopted. If a majority of the votes shall be "Against Prohibition," said amendment shall be lost, and so declared.

All the provisions of the General Election Laws as amended and in force at the time of said election in held shall govern in all respects as to the qualifications of the electors, the method of holding such election, and all other respects, so far as such election laws can be applied.

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the Constitution and laws of this State.

Section 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury, not otherwise appropriated, to defray the expenses of such proclamation and election.

Proposed Amendment to the State Constitution Providing for and Relating to Equal Suffrage.
(Senate Joint Resolution No. 7.)
Proposing to amend Section 2, Article 6, of the Constitution of the State of Texas so that it shall hereafter, in substance, provide that every person, male or female, subject to no

constitutional disqualifications, who shall have attained the age of twenty-one years, and who shall be a citizen of the United States, and who shall reside in this State one year next preceding an election and the last six months within the district or county in which he offers to vote, shall be deemed a qualified elector; provided electors shall vote in the election precinct of their residence; declaring that the electors living in any unorganized county may vote at any election precinct in the county to which such county is attached for judicial purposes; providing that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before he or she shall offer to vote at any election in this State and hold a receipt showing that poll tax has been paid before the first day of February next preceding such election; declaring that if said voter shall have lost or misplaced such receipt, he or she shall be entitled to vote, upon making affidavit that such tax receipt has been lost, which affidavit must be in writing and left with the judge of the election. And declaring that all laws now on the statutes relating to qualified voters and governing and regulating elections shall apply to male and female voters alike; and all laws relating to elections shall remain in full force and effect until changed or modified by the Legislature, and declaring that this amendment to the Constitution shall be self-enacting.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 2, of Article 6, of the Constitution of the State of Texas be amended so that hereafter said section shall read as follows, to-wit:

Section 2. Every person, male or female, subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one years, and who shall be a citizen of the United States, and who shall have resided in this State one year next preceding an election, and the last six months within the district or county in which he offers to vote, shall be deemed a qualified elector; and all electors shall vote in the election precinct of their residence; provided, that electors living in any unorganized county may vote at any election precinct in the county to which such county is attached for judicial purposes; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before he or she offers to vote at any election in the State and hold a receipt showing such poll tax paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election.

All laws now on the statutes for this State relating and relating to qualified voters in both primary and general elections shall apply to male and female voters, and shall be in effect until such statutes are changed or amended by the Legislature. And this amendment to the Constitution shall be self-enacting without the necessity of further legislation.

Section 3. The foregoing constitutional amendment shall be submitted to the vote of the qualified electors for members of the Legislature at an election to be held for such purpose on the fourth Saturday in May, A. D. 1919, the same being the twenty-fourth day of said month; at said election, the votes shall be placed on an official ballot which shall have printed or written, thereon the words, "For the amendment to Section 2, Article 6, of the Constitution of the

State of Texas, providing qualifications for male and female voters," and also the words, "Against the amendment to Section 2, Article 6, of the Constitution of the State of Texas, providing qualifications for male and female voters." All voters favoring this proposed constitutional amendment shall erase the words "Against the amendment to Section 2, Article 6, of the Constitution of the State of Texas," and those opposing it shall erase the words, "For the amendment to Section 2, Article 6, of the Constitution of the State of Texas," which said erasures shall be made by making a mark with a pencil, or pen through said words. All ballots cast, as above provided, shall be counted as cast for or against a proposed amendment, and if a majority shall be declared adopted; if a majority of the votes cast shall be against the amendment, said amendment shall be lost. All provisions of the general election laws, as amended and enforced at the time said election is held, shall govern in all respects as to the qualifications of the electors, the method of holding such elections, and in all other respects so far as such election laws can be made applicable.

Section 4. The Governor of this State is hereby directed to issue the necessary proclamation for such election and have same published as required by the Constitution and Laws of this State.

Section 5. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury, not otherwise appropriated, to defray the expenses of such proclamation, publication and election.

Proposed Amendment to the State Constitution Giving the Legislature Power to Give or Lend, or Authorize the Giving or Lending, of the Credit of the State for the Purpose of Assisting Citizens, Heads of Families, to Acquire or Improve Their Homes.
(House Joint Resolution No. 19)
To amend Section 50, Article 3, of the Constitution of the State of Texas, to provide that the Legislature shall have power to give or lend, or authorize the giving or lending, of the credit of the State for the purpose of assisting citizens who are heads of families to acquire or improve their homes; authorizing the State to acquire, improve, sell or lease real estate or assist such citizens to acquire or improve their homes upon terms and conditions prescribed by the Legislature; authorizing the Legislature to create such agencies as may be necessary to carry out the purposes of this section; providing that obligations created under this section shall never be taxed; and providing that the Legislature shall have authority to provide a method of securing any deferred payments for lands purchased hereunder, and that such obligations shall be secured in addition to the usual liens by an annual assessment collected as a tax against the land; and providing that the Legislature shall have no power to relieve any person from any obligation entered into under this provision or any statute enacted thereunder; and providing for the classification of lands acquired under this Act, and limiting acreage sold to any one person where lands are classed as agricultural.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 50, of Article 3, of the Constitution of the State of Texas, be so amended that the same will read and hereafter be as follows:

Section 50. The Legislature shall have no power to give or lend, or

to authorize the giving or lending, of the credit of the State in aid of or to any person, association, or corporation, whether municipal or other, or to pledge the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective, of any individual, association of individuals, municipals or other corporation, whatsoever, except that the Legislature shall have the power to give or lend, or to authorize the giving or lending, of the credit of the State for the purpose of assisting native born or naturalized citizens who are heads of families who will become in good faith actual occupants to acquire or improve their homes; and for this purpose the State is authorized to acquire, improve, sell or lease real estate or assist such citizens to acquire or improve their homes upon such terms and conditions and in such manner and subject to such limitations as the Legislature may from time to time prescribe. Provided that no land shall be acquired by the State under the terms of this amendment to the Constitution until the said lands are examined, and the value of said lands is appraised and ascertained as to its actual value for agricultural purposes, by a commission hereby authorized, composed of the Governor, Attorney General, Land Commissioner, Comptroller of Public Accounts and the State Treasurer; and their report shall be available to all prospective land purchasers. The Legislature shall have authority to create by law such agencies as may be deemed necessary to effect the purposes of the Act. Obligations created under this section shall never be taxed, and the Legislature shall have authority to provide a method of securing deferred payments for lands purchased hereunder, and in addition to the usual liens may secure the same by an annual assessment collected as a tax against the land; provided, however, the Legislature shall have no power to relieve any person from any obligation entered into with the State under this provision or any statute enacted hereunder. The terms of this Act shall not apply, or be extended to any person who is not a bona fide resident citizen of the State of Texas and who has not been such citizen at least two years prior to the extension of such aid, nor shall the terms of this Act ever be applied to any lands outside of the State of Texas. Provided further that all land acquired by the State under the provisions of this section for which the State may lend its credit shall be classified as agricultural lands or otherwise, and if classified as agricultural lands, then no more than 200 acres shall be sold to any one person under the provisions hereof.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State of Texas at an election to be held throughout the State on the 24th day of May, A. D. 1919, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to Section 50, Article 3, of the Constitution of the State of Texas, providing that the Legislature shall have power to give or lend or authorize the giving or lending of the credit of the State for the purpose of assisting citizens who are heads of families to acquire or improve their homes," and all those opposed shall write or have printed on their ballots the words: "Against the amendment to Section 50, Article 3, of the Constitution of the State of Texas," which said erasures shall be made by making a mark with a pencil, or pen through said words. All ballots cast, as above provided, shall be counted as cast for or against a proposed amendment, and if a majority shall be declared adopted; if a majority of the votes cast shall be against the amendment, said amendment shall be lost. All provisions of the general election laws, as amended and enforced at the time said election is held, shall govern in all respects as to the qualifications of the electors, the method of holding such elections, and in all other respects so far as such election laws can be made applicable.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

Section 4. That the sum of \$5,000.00 or so much thereof, as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

Senate Joint Resolution No. 13.
A resolution to amend Section 5, Article IV of the Constitution of the State of Texas, as follows: Strike out the words "Four Thousands," found in the third line of Section 5, and insert in lieu thereof the words "Ten Thousands," and adding after the word "furniture" the words, "and this clause shall be self-enacting," and making an appropriation to pay necessary expenses hereof.

Be it Resolved, by the Legislature of the State of Texas:

Section 1. That Section No. 5 of Article IV of the Constitution of the State of Texas be so amended as hereafter to read as follows:

Section 5. ARTICLE IV. GOVERNOR'S SALARY AND MANSION. He shall at stated times receive as compensation for his service an annual salary of ten thousand dollars, and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture, and this clause shall be self-enacting.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the fourth Saturday in May, A. D. 1919, same being the twenty-fourth day of May, A. D. 1919, and the Governor of this State is hereby directed to make the necessary proclamation for said election and to have the same duly published as required by the Constitution and laws of this State. Said election shall be held under and in accordance with the general election laws of the State and the official ballot shall have printed or written thereon in plain letters the words, "OFFICIAL BALLOT" and also the words, "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," and also the words, "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas."

All voters favoring such amendment shall erase, by making a mark through the words "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," and all voters opposing such amendment shall erase, by making a mark through the words "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas." If a majority of votes cast shall be "For the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," said amendment shall be declared adopted. If a majority of the votes cast shall be "Against the amendment to Section 5 of Article IV of the Constitution of the State of Texas in regard to the salary of the Governor of the State of Texas," said amendment shall be lost and so declared.

Section 3. There is hereby appropriated out of the funds in the State Treasury, not otherwise appropriated, the sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary to cover the necessary expenses attached to the proclamation and publication of this amendment, and the Governor shall issue the necessary proclamation and cause the same to be duly published.

"Nervous Breakdown"

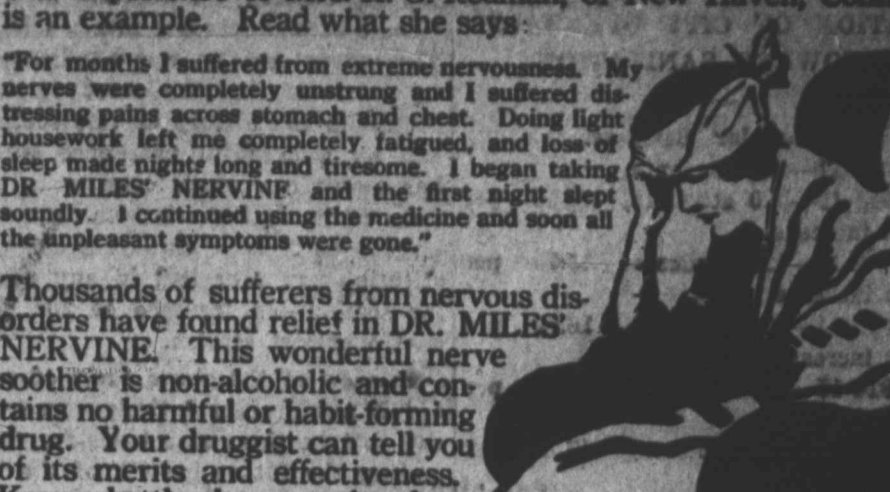

When your nerves fail your whole body suffers—headaches, stomach disorders, sleepless nights, make you miserable indeed. The experience of Mrs. H. G. Redman, of New Haven, Conn., is an example. Read what she says:

"For months I suffered from extreme nervousness. My nerves were completely unstrung and I suffered distressing pains across stomach and chest. Doing light housework left me completely fatigued, and loss of sleep made nights long and tiresome. I began taking DR. MILES' NERVINE and the first night slept soundly. I continued using the medicine and soon all the unpleasant symptoms were gone."

Thousands of sufferers from nervous disorders have found relief in DR. MILES' NERVINE. This wonderful nerve soother is non-alcoholic and contains no harmful or habit-forming drug. Your druggist can tell you of its merits and effectiveness. Keep a bottle always on hand.

The growth indicated above has taken place in spite of fire, war, drouth, and pestilence. It is well known that fire destroyed our building in the spring of 1914 and that

nificant structure until the spring of 1916. For two years we lived in shacks. This accounts for the great decline in attendance in those years. We had been in our present building a little less than a year when our country entered the war and we suffered a second decrease in attendance. The current session was handicapped by the war, by the most terrible drouth in the history of this section, and by a dreadful pestilence which has swept our whole country. In spite of it all, however, we have the largest enrollment this year the institution has ever had in any regular session—an increase of 20 per cent over last session.

In view of the above facts of record it would seem entirely conservative to take them as a basis for estimating the future growth of the institution. Accordingly, I have worked out the following tables which speak for themselves.

Estimated attendance for four year period, ending August, 1923 on basis of above average increases:
1918-19—Regular session 561, summer session 841, total 1402.
1919-20—Regular session 650, summer session 962, total 1612.
1920-21—Regular session 753, summer session 1099, total 1852.
1921-22—Regular session 873, summer session 1248, total 2121.
1922-23—Regular session 1012, summer session 1337, total 2449.

In view of the above statistics I wish to urge the people of Canyon to get ready to take care of a rapidly expanding student-body. It is imperative that the community adjust itself fully and regularly to the changing conditions. Failure to do so will cripple the institution and place serious limitations upon our usefulness.

In this connection I wish to commend the Mayor and city council for the steps already taken, as announced in this paper, to meet the situation. It appears that they have effectively solved the water and light mer session 1257, total 2130.
questions. I trust that every citizen will get behind our city authorities in the matter of sanitation. We have good natural facilities for proper drainage, but in the light of our common knowledge about communicable

be indifferent to perfect sanitation. The man who refuses to connect with a sewer system when such is at all accessible, imply assert his right, not only to live in his own filth, but to compel his neighbors also to do the same. He arrogates to himself the right to spread disease and death throughout the community. Accordingly he becomes a menace to the public welfare and must be regulated by public authority.

Let's get together in a clean-up campaign and make Canyon the cleanest town in Texas. Let those who are accessible attach to the sewer and those who cannot do better construct a septic tank with underground effluent. If you can do neither of these things, ask the city council how to construct a sanitary toilet.

Yours for a bigger and better city and school.

EVER SALVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start you: liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

THE STATE OF TEXAS,
To the Sheriff or any Constable of Randall County, GREETING:
You are hereby Commanded to cause to be published once each week for a period of twenty days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Randall County, Texas, a copy of the following notice:
THE STATE OF TEXAS,
To all persons interested in the estate of Susan Mooney Rose, deceased, John W. Sherman, Administrator of said estate, has filed in the County Court of Randall County, Texas, an application to resign as administrator of said estate, which application is substantial as follows:
"RESIGNATION OR ADMINISTRATOR.—No. 106—
Estate of Mrs. J. G. (Susan Mooney) Rose, Deceased.
IN THE COUNTY COURT OF RANDALL COUNTY, TEXAS.
To the Hon. Judge of said Court: Now comes John W. Sherman, administrator of said estate, and states to the Court that he wishes to resign as such administrator, for the principal reason that he has permanently removed from the State of Texas; and he here now files with this application a full and complete exhibit of the condition of said estate, together with his administration account, both verified by affidavit as required by law.
John W. Sherman, Administrator," which will be heard at the next term of said Court, commencing the first Monday in April, A. D. 1919, at the Court House in Canyon, Texas, at which time all persons interested in said estate are required to appear and show causes why such application should not be granted.
HEREIN Fail Not, but have you before said Court on the 1st day of the next term thereof this Writ, with your return thereon, showing how you have executed the same.
Given under my hand and seal of office in Canyon, Texas, this 5th day of March, A. D. 1919.

**Tickets To The Movies
For The Kiddies**

The News' want-ad columns have been steadily winning favor with the farmers and traders of the county, through their success in finding buyers and sellers. Many lost articles, too, have been found through a small want-ad in these columns.

Beginning with Saturday, March 15 and continuing for one month we will give a ticket to the movies for any night in the week, **except special show nights**, for every **paid want-ad** turned in to the News office by the boys and girls of the county. Figure the price of the want-ad at **1c per word per insertion** with a **minimum of 25c for each insertion**. Copy for each week must be in by Wednesday night of the week for which its publication is desired.

If you have anything to sell these columns will find a buyer. If you want to buy, they will find a seller. If you have lost anything, perhaps a want-ad will find it.
