

PLAINS NAT'L GUARD COMPANY RETURNS

HIGH TRIBUTE PAID SERVICES RENDERED IN WAR BY PANHANDLE YOUNGSTERS

(By B. N. Timmons, Delayed) Newport News, March 24.—Battery B, Amarillo's own, came back to a homeland port today, but the Battery B, that came back was vastly different in personnel from the old troops B, which it was when it left Amarillo.

Battery B came back smiling. It got a great reception in this Dixie harbor town and it did not attempt to disguise its joy at being home. Somewhere over in France, First Sergeant Rollie Townes, who Battery B, says was the best "Tob" in the A. E. F. is disconsolate. Townes quelled an incipient riot among negro troops and had to stay over until the negroes were court martialed.

Lieutenant Thomas W. Harrison, of San Angelo, commanded the battery when it landed today, Lieutenant O. G. Roquemore having remained in France. Amarillo boys still with the battery are: Supply Sergeant Joe F. Parr; Sergeants Sam M. Meredith and John W. Crudgington; Corporals Edgar S. Seewald, John P. Arnot and Oren C. Bell and Loyd H. Steele, Bert F. Hensley, Robert Humphreys, John W. Reeder and Lewis H. Spencer. Other Amarillo men in the 132nd are: Battery C, Beauchamp Pottinger; Battery D, Lieutenant Robert Moore; Battery E, Lieutenant William C. Boyle, Lieutenant Sebastian E. McMahon and Thos. S. Richards and Edward Stickney; Headquarters company, Clyde Fong, Richard F. Logan.

"Everywhere I went in France, I saw Amarillo officers and enlisted men," said Lieut.-Col. John B. Golding. "The old home town made a record it will be talking about fifty years from now." Golding turned down a commission in the regular army with temporary station at Chaumont to come home. When he got here he found that he might be detached and sent to a station in this country. He was hoping tonight that he would be able to go to Camp Bowie. "Amarillo made a glorious record in the war," declared Col. Arthur R. Scholars, in command of the 132nd. "I have come to like these Amarillo boys and am sorry that we are so soon to break up. They were soldiers, but first of all they are citizens and I know they all want to get back in civilian clothes".

"The Brick Church." All Saint's Episcopal Chapel, Canyon. The Chapel will be reopened for regular services on Sunday next, and a very cordial invitation is extended everywhere, especially the students of the Normal school, to attend. The Chapel will be open every Sunday morning at 10 o'clock for the Sunday School, under the supervision of Mrs. Garner, and on alternate Sundays for services. Archdeacon and Mrs. Garner will be very glad to meet their Canyon friends, at their home in the Rowan house. Services for Sunday as follows: Sunday School—10:00. Holy Communion and Sermon—11. Evening Prayer: and address—7:00. WILLIAM GARNER, Rector, and Archdeacon of the Plains.

C. M. Thomas has returned from Odessa, Texas, where he has been for several months wintering a bunch of cattle. Chas. Dison loaded out a car of household goods Monday for Happy where they will make their future home. The family left yesterday morning. Mr. Dison is doing carpenter work in Happy.

E. F. MILLER

E. F. Miller died at St. Anthony's Hospital in Amarillo at 12:10 o'clock Saturday afternoon, March 22nd, and was buried in Dreamland Cemetery at Canyon Tuesday afternoon, March 25th. He had been in very poor health for several weeks as the effects of influenza, and when an operation became necessary he was too weak to stand it.

Brother Miller came from Indiana to Canyon about twelve years ago and had lived here ever since. No man in the community, perhaps, was more favorably known. As a mere lad he made a profession of religion and joined the United Brethren church of which he remained a member until he came to Canyon, when he united with the Methodist Episcopal Church South. He made his christian life his main business, and many, even who did not themselves profess to be Christians, were influenced by his modest, faithful life. He loved his church and was regular in his attendance upon all its services. He made generous contribution of his time, his means and his talent to the outgoing of the church's life. Every forward looking plan found him among its advocates and no sacrifice within his range was too great for his church's welfare and progress. A good singer, earnest and fervent in prayer, an effective personal worker, with a passion for souls, he will be missed in every phase of his church's life.

Brother Miller was twice married. The first time to Miss Lotzenhiser of North Manchester, Indiana, to which union four children were born, Bessie, Maudie, Ethel and Herbert. All except the second are still living. The second time he was married to Miss Florence Cutshall, who also survives him. He loved his family and his home and it was a great pleasure to be a visitor with them. They will miss him greatly as will we all, but the memory of his true faithful christian life will abide in its blessing as the years go on.

Good bye, Brother Miller, but we shall see you again. Thank God for the Christian hope of the Resurrection. That changes everything. The thought of it has often quickened our flagging step and caused us to take up the burden of life and go on. "So weeping we lay down our idols And bury our loves out of sight Though we know in our hearts we shall find them Bye and bye in the regions of light. And the salt tears we drop on their ashes That blossom in pansy and rue, Over there shall be lilies immortal In the land where our dreams come true."

We commend the stricken family unto God and the word of his grace which is able to build them up and give them an inheritance among them that are sanctified.

REV. R. A. STEWART.

A few friendly words to the memory of Brother E. F. Miller: I regarded him as one of the very best Christian men I ever knew. He was always cheerful and brotherly. he was dependable, always in his place, in every branch of christian service. He was a conscientious tither, the most liberal contributor in our local church.

Brother Miller was a christian. The one thing with most of us so unlike Christ is our selfishness. Brother Miller was unselfish, a lover of men, and stood always ready to make his contribution of love and labor, song and service to their good. We will miss him here, but he has gone where good go.

His friend and brother, JOHN A. WALLACE.

Card of Thanks

We wish to kindly thank our neighbors and friends for the sympathy and kindnesses shown us during the brief sickness and death of our loving husband and father, and especially extend our thanks for the many beautiful floral offerings.

Mrs. E. F. Miller, Mrs. Ethel Black, Herb. Miller.

Claude King is visiting with his brother, M. A. King and his many friends in Canyon this week. He is the son of Supt. E. F. King, formerly of this city. Claude says he is out for good and is on his way home at Colorado, Texas.

Mrs. Geo. C. Baker, of North Manchester, Indiana, is visiting at the Mrs. E. F. Miller home. She is a sister of E. F. Miller and came to attend the funeral.

Mr. and Mrs. C. W. Patterson and family and Mr. and Mrs. Will Kenyon of Amarillo attended the funeral services of E. F. Miller, Tuesday, 3 packages Skinners Macaroni or Spagetta for 25c at the Supply Co.

Victory Loan Will Be the Last, Pay the Debt

There seems some slight doubt in the minds of some people as to the exact nature and urgency of The Victory Liberty Loan.

The Government spent all of the Fourth Loan money before the last installment was due from the public. It has been borrowing billions of dollars from the banks during the last few months to pay our war debts, and the time has arrived when that money must be paid back to the banks.

The money which we are now asked to lend is to pay for those vast stores of equipment and ammunition, which scared the Germans stiff and made them realize they were beaten. We are asked to pay for the preparations that saved thousands of American lives; for if the Government had not run up this bill our boys would be fighting and dying in the trenches today.

This Loan should be considered in terms of human lives, not percentages or any other considerations, for it will constitute the real test of Americanism.

It is a Loan of thanksgiving to Almighty God, to the men who suffered and died for us, and to a sane and enlightened government that kept us out of war as long as possible, and then being in it brought us out in a manner that will live for all time as a moment of courage and efficiency. It is a Loan of thanksgiving for the preservation of our national life, our business, our fortunes, our homes, all of which were threatened.

Why should I write more? Such considerations inevitably must appeal to the heart and mind of every true man and woman.

Fortunately, the Government intends to make the offering bear a very fair rate of interest. If it bore no interest at all there would still be enough red-blooded Americans in this part of the world to oversubscribe it. As it is, The Victory Liberty Loan is going over, and going over BIG.

SWINE BREEDERS MAY COME TO CANYON IN 1920

Prof. Fred Ives, agriculturist of the W. T. S. N. C., Joe Foster, John Knight, Jeff Wallace and H. C. Rofey have gone to Childress to attend the Panhandle Swine Breeders' Association annual convention at that place. An effort will be made by Canyon business men through these men to bring the 1920 convention to Canyon. It will probably bring 200 of the leading hog raisers of the Panhandle to Canyon, in addition to speakers and specialists of national prominence. The use of the W. T. S. N. C. auditorium has been tendered for the occasion and if the convention is brought here the delegates and visitors undoubtedly will be given royal and hospitable entertainment.

Old Clothing Being Collected by Red Cross

To provide relief for the destitute people of Europe the American Red Cross has been called upon to furnish at least 10,000 tons of clothing, shoes and bedding, of which amount 1,000 tons has been assigned the Southwestern Division as its quota. To meet this demand a clothing collection campaign has been planned for the week of March 24-31, and twice as large a quantity as was raised last year for the Belgians must be raised for them and others.

Millions of people who were driven from their homes in Northern France, Belgium, Italy, Roumania, Greece, Serbia, Montenegro, Palestine, Albania, Czechoslovakia, Poland and Southern Slav countries are rapidly returning. They find villages and small cities a complete waste, and in the larger cities factories have been dismantled and the equipment taken to Germany. There are no textile factories to produce cloth from which clothing could be made, consequently clothing is almost impossible to be had, even to those who have money. Such conditions have been unanimously verified by representatives of the American Red Cross and the European Relief Administration.

To meet this emergency the American Red Cross is sending 1,000,000 garments to the refugees monthly, and the American people have been asked to furnish 10,000 tons of clothing to continue this relief.

This clothing collection campaign differs from the one last year in that it is for the benefit of the people of all the devastated countries and the American Red Cross becomes responsible for the clothing from the time of its collection until it is distributed to the needy individual in Europe. The campaign takes place when Americans are changing from heavy to lighter wearing apparel. Many thousands of suits, dresses, coats, overcoats, shoes, blankets, articles of bedding, soft hats, pieces of cloth will be put away, and much of it will never again be used. It is from this surplus of used clothing and material that the 10,000 tons must come. By this slight sacrifice Americans may be of a vitally necessary service to millions of people who have proven their worth by enduring the most distressing privations and cruelties the civilized world has ever known.

There will be a district conference of the War Work Council of the Y. M. C. A. held in Amarillo from Monday evening, March 31st to Wednesday noon, April 2nd. It is planned to have forty delegates from over the Panhandle district at the conference, the Y. M. C. A. paying their transportation and hotel expenses. S. B. McClure and Prof. L. F. Sheffy will represent Canyon at the meeting.

The Interscholastic League

In spite of a number of things that would seem to be in the way, the growth of the Interscholastic League for the past year has been remarkable. This being the case, it behooves the schools of the Panhandle to make an extra effort to take part in this year's meets so that we will not be behind the rest of the schools of the state.

The district meet will be held in Canyon on April 18 and 19 under the auspices of the West Texas State Normal College. Only senior events in athletics will be participated in at the district meet; there will be both boys and girls basket ball. Loving cups will be given in athletics to winning track team, tennis doubles, girls basket ball, boys basket ball and individual high man in track. Prizes for the first, second and third place will be given in track events.

Loving cups will be given also to winners of debate, senior boy declaimer, senior girl declaimer, junior boy declaimer, junior girl declaimer, making a total of ten. Appropriate prizes will be offered for spelling, essays, and rural declaimers.

All contestants will be required to pay a fee of 50c; this, however, will entitle them to enter all events free, both athletic and otherwise. To all others a single admission fee of 50c will be made, this likewise covering entrance to all events on both days. If the number of entries justifies its preliminaries in athletics will take place on Friday afternoon and only those who wire places in the preliminaries will be allowed to enter finals. All money from both entrance fees and admission fees will be used to defray the expenses of the contestants. This will be prorated according to mileage. The Normal will defray all local expenses of the meet and furnish all prizes.

The program will be as follows: Friday forenoon: preliminaries for rural boy declaimer, rural girl declaimer and debate.

Friday afternoon: preliminaries for junior declaimers, both boys and girls; and preliminaries in athletics.

Friday evening: finals in junior declamation and rural declamation.

Saturday forenoon: preliminaries for senior declaimers and spelling.

Saturday afternoon: track meet.

Saturday evening: finals in debate and in senior declamation, both boys and girls.

PROGRAM AT W. T. S. N. C. AUDITORIUM TONIGHT

The West Texas State Normal College Department of Expression presents the following program by Miss Mary Morgan Brown and Miss Frieda Michel at the college auditorium on Thursday evening, March 27, 1919, at eight o'clock:

Ole Mistis, John Trotwood Moore—Miss Brown.

Mademoiselle, Florence L. Gurtin—Miss Michel.

Sustaining the Illusion, Percy MacKaye—Miss Brown.

The Pleiades, Amy Lowell, The Naughty Little Trout—Miss Michel.

The River of Stars, Alfred Noyes—Miss Brown.

The Poor Little Rich Girl, Eleanor Gates—Miss Michel.

The public is cordially invited.

All the Onion Sets you want at 2 quarts for 15c or 25c per gallon at the Supply Company.

Miss Tena Thompson came up from her school near Happy Saturday and went down to Hereford to see her father, N. Thompson who is quite sick at the home of his son, A. H. Thompson.

New tailored suits from \$15.00 to \$40.00 for ladies and Misses at the Variety Store.

If you are looking for bargains—visit the Canyon Supply Company. All the Hope Domestic you want for 19c per yard at the Supply Co.

STORES WILL CLOSE CLEAN UP DAY, APRIL 7

CAMPAIGN IS LAUNCHED FOR ELIMINATING THE SHAMEFUL FLY FROM OUR MIDST

While the mass meeting was not as largely attended as was desired Monday night, there was a representative body present that assured the town getting a genuine clean-up.

Mayor Wilson presided over the meeting and told those in attendance just what was needed and expected of the citizens of the town. Attention was called by him to many unsightly spots in the town, some of our most public property coming under his condemnation. He stated that the city was doing its part in preparing for a better and cleaner city in the improvement of the city water works and light plant. But the light was not going to improve certain parts of the city. It would take a vigorous clean-up to do this.

President Hill, stated that at one time Canyon was the cleanest city in the state. He hoped for a return to its former state of civic attractiveness. This city should make it so uncomfortable for the non-progressive citizen that he would be glad to line up for the better interests of the town or leave. He spoke of the need for better side walks between the city and the school.

After several happy and enthusiastic talks a committee was appointed to lay plans for the clean-up which was composed of the following body: F. M. Wilson, J. D. Gamble, S. B. McClure, T. C. Thompson, R. A. Campbell, D. A. Shirley.

The following is their report: Monday, April 7 was agreed upon as the best time and the town was divided into sections and captains appointed for the various sections.

The divisions and captains are as follows: First, Central Section between Second street west and Second street east from north city limits south to city limits, G. G. Foster and W. E. Heizer from court house south, J. B. Hensley and D. N. Redburn from court house north. Northwest Section—beginning at East Second street extending from alley between Evelyn and Houston street north to Cedar street, extending west to railroad. B. F. Fronbarger, Dave Park and C. N. Harrison from Second street north of Cedar street and west to railroad. Jeff Wallace, Chas. Harter and R. McGee the remaining portion. Southwest Section—From west second street between Chestnut street and alley between Evelyn and Houston streets extending to railroad. C. H. Jarrett and Jim Redfearn from Chestnut St. south to Walnut from West Second and west to railroad. Grady Holland and John Rowan south of Walnut St. Jno Night and W. J. Flesher the balance. Northeast Section—From city limits to Normal campus H. W. Morelock. From Houston street to Canyon street east of second street F. P. Guenther. North of Canyon street and east of Second street Geo. Jones. Southeast Section—Between Houston and Chestnut east of second street Henry Bradford and L. G. Allen. South of Chestnut and east of East Second street J. W. Reid, M. B. Johnson and E. Rusk.

All citizens are requested to clean up their premises before this date of all rubbish, tin cans, weeds, etc., so that on clean up day we may make Canyon the cleanest town in Texas. Sack all cans and rubbish that cannot be burned and pile in alleys for collection.

The committee suggests that all ashes that are at present piled in alleys be spread evenly in alleys to prevent the growth of weeds.

Now is the time to get rid of old manure piles and thereby get rid of the flies.

See next week's paper for further notice.

Money Makes Money

After you have accumulated the first \$100 the second comes much easier, because the first \$100 if wisely used, helps you get the second.

We have seen many small accounts grow far beyond the \$100 mark.

What others have done, YOU can do.

Parties wishing to enter the examination should apply to the Civil Service Commission, Washington, D. C., or to their nearest postmaster for form and other instructions at once. Following are the subjects for examination, dates and salaries.

Investigator, qualified in economics, males only, April 22, for grade one, \$1,800 to \$2,500 per year; for grade two, \$2,500 to \$3,000 per year.

Supervisor, social hygiene, females only, \$2,000 to \$2,500 per year. Assistant special agent, social hygiene, females only \$600 to \$1,000 per year, March 25.

Special agent, social hygiene, females only, \$1,200 to \$1,800 per year, March 26.

Plant pathologist, male and females, class A, \$1,620 to \$2,400 per year, class B, \$1,200 to \$1,500 per year.

Hydrographic and Topographic Draftsman, males only, \$900 per year and \$1 per day subsistence while on board ship or in camp, \$2 per day while on land and boarding.

Entomological Laboratory assistant, male and female, April 23 and 24, \$1,080 to \$1,320 per year.

Engineer Draftsman, April 22, males only, \$1,500 to \$1,800 per year.

Assistant Engineer of tests, male and females, applications will be received any time until further notice; grade 1, \$3.76, \$4 and \$4.24 per diem; grade 2, \$4.48, \$4.72 and \$4.96 per diem.

Storekeeper, with knowledge of automobile parts and accessories, males only, April 23, \$1,200 per year to fill vacancies in the United States fuel yards, Bureau of Mines.

Addressograph file clerk, male and females, March 26, April 23, May 21, grade one, \$1,400 to \$1,800 per year; grade two, \$900 to \$1,200 per year.

C. O. Moore of near Dimmitt, in Castro county, was here Wednesday, and stated that Dimmitt people have organized an oil company and are taking leases on 20,000 acres of land in Castro county, and will as soon as possible begin a test well.—Plainview News.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

### Employment Service Will Continue

The following is a part of a telegram received by Capt. Dickson of the U. S. Employment Service here: "The partial curtailment of the United States Employment Service which is effective today throughout the United States does not put the service out of business. Mr. Lewis announced this morning that the San Antonio and Houston offices of the Service will continue as heretofore under Federal maintenance. Seven other Texas cities have already expressed a willingness to keep their branch office of this service in operation, which gives Texas forty-five per cent of its present status. The communities of Amarillo, Austin, Beaumont, Dallas, Ft. Worth, El Paso and Texarkana have agreed to defray the cost of operation of their offices until Congress convenes, and the Federal appropriation is passed. Already fee charging Employment Offices are springing up throughout the country like mushrooms in anticipation of the discontinuation of the United States Employment Service. But Federal Director Lewis insists that the cities of the country where Government offices and Bureaus for returning soldiers and sailors have been maintained will continue to support the U. S. Government Agencies.

Contributions by state and city authorities; welfare, commercial; labor and other organizations already assure the continuance of Federal Employment service in 200 offices in addition to the 56 offices for which provision has been made by the Federal Government itself. It is expected that at least 100 more offices will be provided for in the next week by cities throughout the United States; and there is every possibility that Texas offices will be maintained in at least ninety per cent of the cities where the Service has been operating."

#### New Oil Field in New Mexico.

That New Mexico is to be the next field of oil supply for the world was the declaration of Davis White, chief geologist of the United States geological survey, before the congress of oil geologists of the United States and many foreign nations which was in session at Dallas last week.

After a survey of the oil symposium of North Texas in which the chief geologist indulged in many predictions of still further finds in the Lone Star State, he turned his discourse to the proposition of oil supply when the Texas fields have been drained, stating that the next great oil supply for the world lies under the state of New Mexico where already several attempts are being made by local enterprisers to find pools.

Mr. White pointed to the fact that Europe is practically bare of oil and that the opening of the Texas field which is now the wonder field of the

world, took place in time to save the world from a crying need for oil. He urged the exploitation of the Texas fields to the utmost degree, and stated that New Mexico is the coming state according to data which the United States geological survey has on file.

The oil prospects in New Mexico are not to be confined to any particular section of the state, according to this information.

Included in the sections which are mentioned in data on file is the San Juan county prospect, the Rio Grande Valley field which includes the Columbus project, and the latest field of exploitation is in the region of Taiban, N. M. All of these fields are what are termed by oil men as the feelers and it is wise to predict that in more than one of these fields there is likelihood of finding the liquid treasure.—Clovis (N. M.) Journal.

**Ford**

THE UNIVERSAL CAR

There are more than 3,000,000 Ford cars in daily operation in the United States. This is a little better than one-half of all the motor cars used in America. The Ford car is every man's necessity. No matter what his business may be, it solves the problem of cheapest transportation. We solicit your order now, because production is limited, and we must make it the rule to supply first orders first. Touring Car, \$525; Runabout, \$500; Coupe, \$650; Sedan, \$775; Truck Chassis \$550. These prices f. o. b. Detroit.

**J. A. GUTHRIE**

**To Photograph Discharge Papers**  
An unusual idea has originated in Albuquerque to preserve the only written evidence which a soldier has of his service in the war; his discharge papers are to be photographed and if he loses the original papers or they are lost through the mails or in any other way he and his family will have the photographed proof. This

scheme was evolved because of the difficulties arising through the loss in the mails of the discharge papers of two soldiers applying for the sixty dollar bonus allowed by congress.

**Colds Cause Grip and Influenza**  
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

**Smuggled Boozes Stolen**  
Two scrawny, flea-bitten nags worth about \$15 each, with their legs all wrapped to give the appearance of race horses, occupied one end of the box car.  
On the other side was a big stack of hay—more probably than either of the forlorn looking animals had ever consumed in their whole lives. They looked at it longingly.  
But not a wisp of the hay was for feeding purposes. It was camouflage. In fact, it kept from prying eyes exactly 400 quarts of whisky—the "Four Roses" kind.  
From New Orleans the car came into Fort Worth several days ago. It was placed on a switch on the North side. Soon after things began to happen.  
Somebody with a thirst that even fear of prosecution for burglarizing an interstate shipment couldn't quench broke into the car and made away with most of the liquor.  
Then the story goes that the bootlegger that had engineered the transportation took a hand in the game and with a six-shooter threatened to kill everybody that had any connection with the theft, if his booze was not returned.  
He got it back, it is said, and proceeded to peddle it at \$20 per quart, realizing about \$8,000 gross on the transaction.  
When the Federal Grand Jury meets the first day of April it is likely that an investigation of the affair will be taken up.—Dallas News.

**Bills Passed by the Texas Legislature**  
Freed from the necessity of spending long hours in consideration of the prohibition of liquor, the members devoted their time to legislative problems of reconstruction and disposed of a number of problems that have appeared regularly before the previous legislatures for years.  
Much attention was given an investigation into the State Ranger service, which resulted in a bill for its reorganization and served to turn the public eye toward alleged faults in the personnel of that organization.  
Of wide public concern was the determination to submit to a popular vote the question of calling a convention to write a new State constitution. This will be submitted November 4.  
Other constitutional amendments to be voted on were:  
At an election May 24: Woman suffrage, statewide prohibition, to increase the Governor's salary from \$4,000 to \$10,000 a year, to permit the State to extend its credit to help in buying homesteads.  
At an election Nov. 4: To abolish the fee system in payment of public officials, to increase from 5 to 7 cents the special tax for Confederate pensions, to authorize the State to issue \$75,000,000 in bonds for a system of State highways, to authorize Galveston county to issue \$5,000,000 in bonds for grade raising and sea wall extensions, divorcement of the Texas Agricultural and Mechanical College from the University of Texas and a division of their permanent funds, dividing profits from the operation of the prison system with the convicts and their dependents.  
The bills passed comprised a wide range of public interest and appeal. A brief review of the more important measures shows: Four million dollars appropriated for aid to rural schools during the next two years; creation of a board of control composed of three members to be appointed by the Governor. The board has six divisions which will have charge of controlling eleemosynary institutions, preparing a budget for State appropriations, purchasing material and supplies for all departments and institutions and controlling public buildings and grounds.  
A bill to reorganize the State Ranger force; to authorize the common and independent school districts of the state to exceed the 50-cent tax limit for school purposes. Appropriation of \$1,000,000 to supplement the available school funds for the remainder of this fiscal year; imposition of a 1 1-2 per cent gross production tax on oil, which is expected to yield \$1,500,000 annually. Prohibiting the use of any language other than English in instructing voters in the preparation of election ballots. Prohibiting the operation of pool halls for profit. Prohibiting dancing exhibitions by carnival shows. Declaring pipe lines common carriers and giving them the right of eminent domain. Declaring gas pipe lines public utilities and placing them under the jurisdiction of the Railroad commission. Creation of a minimum wage commission for women and minors. Creating a woman's division of the State Bureau of Labor. Amending the pink boll worm law to permit growing of cotton under regulation in quarantine districts. Revision of laws concerning hard minerals to conform with the Federal mining laws. Limiting campaign expenses of candidates in primary elections. Increasing the salaries of district attorneys. Transferring to the Federal Government State quarantine property on the Gulf coast and abolishing the double quarantine inspection. Authorizing the counties to purchase seeds for farmers in drought areas. Increasing compensation for jurors from \$2.50 to \$3 a day. Permitting garages to incorporate. Permitting companies to incorporate for the manufacture of airplanes. Prohibiting the placing of the name of an ineligible person on an official ballot. Providing that penal sentences may either be cumulative or concurrent. Permitting an appeal in election contests. Providing for forfeiture of interest of beneficiary in life insurance policy when beneficiary contributes to death of insured. Regulating dentists. Prohibiting sale under execution of property belonging to persons in the United States military service until twelve months after discharge. Exempting persons in the military service from payment of poll taxes.  
This last bill was vetoed by Governor Hobby after the Attorney General had handed down an opinion to the effect that it was unconstitutional.

**Federal Government Auctions Cars**  
Cars of every description and make including many of the old reliable Fords, were auctioned off Wednesday by the Federal government and sold for good prices. Twenty-six automobiles were to go yesterday which were brought from Oklahoma by officers and auctioned by Mr. Goodfellow, U. S. Marshall.  
There are about sixty cars all together and the majority of them were confiscated by the government from bootleggers who were trying to cross the river. Bullet holes betray struggles with the officers and the bad condition of many of them, rough traveling. A Buick Six had as many as nine holes. It was driven by a mere lad of seventeen, so it is told who refused to stop although a regular barrage was lowered upon him, until the tires were gone. Then he jumped out of the machine laughing. The entire back of the car was stacked with whiskey.  
The cars were going fast and the authorities expect to sell them all here.—Wichita Falls Tribune.

**Panhandle Breeders Elect**  
At a recent meeting of the Panhandle Hereford Breeders, the following officers were elected: President, Geo. M. Boles, Lubbock, vice-president; W. E. Bennett, secretary-treasurer; R. M. Stephens, Channing, executive committee, J. Lynn Van Natta, Amarillo; Gus B. Coots, Dalhart; J. T. Jowell, Hereford.

**Auto Thief Shot at Stanton**  
A tramp who with two others, attempted to steal an automobile belonging to Joe W. Rice, at Odessa, Texas, was seriously wounded when the car in which he and the others were riding was fired upon by deputies near Stanton. The officers fired when the robbers refused to halt when ordered to do so, as they were leaving Stanton. Two of the men were taken to Odessa and the wounded man was left at Stanton.—Big Spring Herald.

**After Your Baby Is Born**  
Think Now About the Time to Come Afterwards.  
When you hold in your arms your tiny new infant, be sure that you can feel that before its arrival you did all in your power to give to it a happy pre-natal influence. Scientists say that the thoughts and feelings of the expectant mother greatly affect the health and disposition of the future infant.  
For over half a century thousands of women who have used the time-honored remedy, Mother's Friend, say that they entirely escaped nervousness and that peculiar distressing feeling so usual when nature is unaided. They thus preserved a wonderfully bright and happy disposition, which reflects so markedly upon the unborn child.  
By the regular use of Mother's Friend the muscles are made and kept soft and elastic to readily yield to nature's demand for expansion without the usual wrenching strain. The nerves are not drawn upon, and as a consequence the expectant mother is calm and serene and the nights are not disturbed with nervous twitchings, and the crisis is one of joy and happiness.  
Write the Bradfield Regulator Company, Dept. K, Lamar Building, Atlanta, Georgia, for their Motherhood Book, of value to every woman, and get a bottle of Mother's Friend from your druggist and begin a treatment that will bring real results.

**Cash Prices on Feed**

**W. E. HEIZER**

**Cheap, quick way to stop rheumatism**

Try toning your digestive and eliminative organs with NR. Free your body from poisonous waste and relief is quick.

**One Day's Test Proves NR Best**

Are you willing to be convinced that sore, stiff, aching joints or muscles can be relieved and rheumatism greatly benefited if not entirely conquered, for the insignificant sum of 25c.

Sounds too good to be true, doesn't it, yet thousands of people who had rheumatism have found that it can be done, and thousands more are doing it today.

You've tried the high priced and expensive things, found that they failed,—you still have your trouble, why not try this simple, economical, yet sensible plan, and let results speak for themselves?

Just get a 25c box of Nature's Remedy (NR Tablets) and begin taking it tonight. It acts on the digestive and eliminative organs, improving digestion and assimilation and cleansing the body of accumulated waste, impurities and poisons. With good digestion and assimilation, the body is nourished and vitality and natural

power of resistance against disease greatly increased. With the kidneys and bowels acting vigorously and regularly and the body freed from irritating poisons, relief must come.

Nature's Remedy (NR Tablets) though mild and gentle in action, does its work thoroughly and quickly. There is nothing harmful in it, nothing to upset the stomach, and no gripping, pain or any discomfort. The only result is pleasant, glorious, welcome relief and benefit.

Try it—your take no risk in doing so for Nature's Remedy costs only 25c (enough to last twenty-five days), and is sold with the distinct understanding that it must relieve and benefit or money back.

More than one million people in this country are using Nature's Remedy today. Five million boxes are used every year. What better proof of its great merit could be offered? It is sold, guaranteed and recommended by your druggist?

**Vice-Pres. Texas Industrial League**

Hamlin Palmer, who has so efficiently looked after the interests of Amarillo and the Panhandle during the interminable litigation connected with the historic "Shreveport rate case" and has been the Panhandle representative in all the controversies regarding traffic regulations for several years has just been elected third vice-president of the Texas Industrial Traffic League.

This is another honor which Mr. Palmer's splendid work has amply won and a recognition of his thorough understanding of the complicated questions which are involved. His election, beyond honoring a capable man, may be regarded also as a concession to the new spirit of the Panhandle and West Texas which demands recognition in the affairs of the state.—Southwest Plainsman.

**Auto Thief Shot at Stanton**

**The Girls' Round Table.**

There are two kinds of parties, the parties that are "lots of fun", and the parties that you politely endure. If you would like to have the "lots of fun" kind, try these games. Call it an Athletic Contest. Divide the crowd into two sides, giving each a name. Select three judges. Let each side enter contestants for the following events:

1. A newspaper race. (Five points for first place, three for second, one for third.) Give each one who enters (about five players from each side) two newspapers. Have a starting line and a line for a goal. Each one must run to the goal line stepping only on a newspaper. The newspaper must be advanced at each step.

2. A "Bowl" game. Have each side select a captain. The captain selects what she thinks is to be a ball team, nine players. When all the players are chosen, announce that it is to be a b-a-w-l game. The side wins that can bowl the loudest. One side bowls, then the other. The judges decide which side wins. Ten points are awarded to the winning team.

3. The Running High Squeal. A team is selected to represent each side. One team runs a certain distance and squeals, then the other side runs and squeals. The ones that squeal the highest win ten points for their side.

4. A Spelling Game. Two sets of the alphabet must be prepared beforehand. Print the letters on pieces of card board, one set in red, the other in black. The captain of each side is given a complete set of letters of the alphabet. The captains line up their twenty-six players on opposite sides of the room, parallel to each other. The leader of the game calls out a word to be spelled, for instance, "dog". Both sides try to form the word first, the one forming correctly first being the winner.

A line is drawn at the end of the room where the word is formed. The side that wins ten points first, and is awarded the ten points. The letter appears twice in the word, shake the letter. The judges decide which side forms the word first.

**PROGRAM FOR FIFTH SUNDAY MEETING AT BAPTIST CHURCH**

Sunday, 7:00 o'clock p. m. Preaching—Gordon Barrett. Subject: "How Far Can the Baptists Affiliate With Other Denominations and Be Consistent?"

**THE WAYSIDE NEWS.**

Considerable RAIN has fallen in the last few days. Wheat is growing fast and looking fine. Grass is coming and soon will be good grazing unless stopped by a cold wave.

Payne Bros. attempted to move the store building bought by W. J. Sluder last November, the past week. They used their gas tractor 40-80, but was successful only a few miles. The ground was too soft after so much moisture this year. They secured the help of H. H. Gillham with his smaller engine and made good progress till the rain came Saturday and causing them to abandon the job. It has rained lots and still raining.

Saturday and Sunday were dates set for Quarterly Conference at Wayside. Both P. E. and P. C. reached here but were rained out. No services of any kind at the church. A disappointment to quite a few, as conference falls to our lot very seldom. Both preachers spent the time at Mr. and Mrs. M. L. McGehee, leaving early Monday morning for their respective homes.

Mr. J. N. O'Neal and wife, late from Clarendon, now near Wayside left for Clarendon last Tuesday. They will be gone a few days.

Late letter from Miss Alta Beasley of Lipscomb, Texas, to Mrs. W. R. Franklin reports flu very prevalent in Lipscomb. Only one death, but nearly every family affected. Nurses are scarce and doctors are overworked. She was expecting to contract the trouble at any time possible.

Quite a number are complaining of coughs and colds. W. J. Sluder and W. D. McGehee among them.

Last Wednesday night while W. J. and Marion Sluder were drawing gas the latter to facilitate the work attempted to give air to the barrel being filled, resulting in gas being blown out covering his face and clothing. Flames from the lantern near by followed the liquid enveloping him in flames. His face was considerably burned, luckily his eyes were uninjured. No material injury resulting. A very narrow escape from what might have been a dreadful fate.

# COUNTY CORRESPONDENCE

## UMBARGER NEWS.

The heavy rains of Saturday and Sunday were of great benefit to the wheat and grass.

Mrs. O'Flaherty of Gage Okla., is visiting her brother O. Hendrix this week.

Miss Fern Harman returned to her home in Amarillo Tuesday after a two weeks visit here. Her sister, Mrs. Bunch returned with her for a few days visit with relatives and friends.

W. L. Brodie made a business trip to Hereford Thursday.

Miss Kathryn Jackson spent Wednesday night in the Henry Beckman home.

Judge C. R. Flesher of Canyon visited the school Friday afternoon.

Mesdames M. Hollenstein and E. P. Friemel were shopping in Canyon Thursday.

Mr. and Mrs. Henry Beckman and Dorothy were visitors to Hereford on Friday evening.

Joe Beckman and family were guests in the Anton Beckman home Sunday.

M. Hollenstein and John Bedink made a business trip to Amarillo Wednesday.

W. L. Brodie has sold his home here to Mr. Thornton of near Hereford. Mr. Thornton, moving in his new home this week and it is reported he intends going into mercantile business at an early date. Mr. Thornton is a man of high standards and good business ability and we are very glad to welcome him into our midst.

W. M. Russell and Ed Baird were looking after affairs in Canyon Saturday.

The auction sale held at the Slaughter ranch, four miles north of here was reported a success. Over a thousand people attended, from all parts of the country. Lunch was served at the ranch house by Mrs. Wood.

Again the ever present hand of death visited us and snatched from our midst our beloved mail carrier, Mr. E. F. Miller. Altho he resided in Canyon he was a daily visitor in Umbarger and he always had a kind and cheery word and a pleasant smile for all he met which will be greatly missed by the people and all join in sending of sympathy to the bereaved family.

Born to Mr. and Mrs. Utz, Saturday, March 23rd, a nine lb. boy.

Some of the cattlemen here are suffering heavy losses with their cattle during the wet weather.

Road commissioners are working on the roads in this vicinity this week.

Mr. Weaver's baby has been very ill the past week but is reported to be improving.

Miss Bina Gamble is visiting Mrs. Jack Hall of Amarillo.

**Grove's Tasteless chill Tonic** restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

## HAPPY HAPPENINGS.

Happy and vicinity was visited by a FINE RAIN Saturday and Sunday. Lots of the wheat that was thought to be blown out is coming up nicely. Finest season in the ground for row crops there has been in years.

Mr. and Mrs. Bill Anderson, Mrs. Barkhurst and Rev. W. C. Rose motored to Amarillo Thursday returning in the evening in the dust storm.

Tom Mitchell came in last week with a case of mumps.

Mr. Calby the insurance man of Amarillo was on our streets last week.

John Carney, who has been working in an ammunition factory for the past year returned home Friday. He phoned them from Canyon was the first they knew that he was nearer than Alabama.

J. C. Foster left Monday for Estaline where he is visiting with friends.

Mrs. Chas. Innis and little Miss Catherine Ralfs left Saturday to visit Mrs. Innis' sister, Mrs. Ggy Stone in Spencer, Iowa. Catherine will remain there with her aunt while Mrs. Innis will go on to other points to visit Mr. Innis' people.

C. F. Zoellars is in receipt of a letter last week from Elmers Captain, stating that Elmer in company with a truck load of boys in going down a steep hill the brakes refused to hold and the truck ran into a house, the engine going thru the wall a foot and a half, killing three of the boys and wounding thirteen others. Elmer was killed instantly, his skull being crushed.

Bill Carney, Lane Mayhew, Erwin McManigal, and Leon Lawson motored to Amarillo Saturday, coming back Sunday. They got stuck in a mud hole near Ra'ph and had to leave the car and come in Sunday right on the train.

Don't forget the meeting to begin the first Sunday in April. Everybody invited to attend.

Mr. and Mrs. O. M. Dalton are rejoicing over the arrival of little Miss Imogene Monday.

C. L. Grounds entertained a number of the young folks Tuesday night with a party.

Word was received here that James Gurley had been made a sergeant and Charlie Cale a corporal. Both are stationed at Camp Travis.

Tmbry Finley happened to a very painful accident Monday when he got one of his fingers caught in the gearing of the windmill. It was pretty badly mashed.

Miss Mary Childress spent the week end with home folks in Tulia. She was accompanied by Miss Viola Knox. They returned Sunday evening.

Hector McMillian of Miles, Texas, who has just returned from six months overseas duty is visiting the C. L. Grounds home.

Mrs. C. L. Gaten and Misses Vivian Gaten and Hazel Gasaway were shopping in Canyon Tuesday evening.

Miss Vada Walden went to Canyon Friday to visit Mrs. Doodey. They both went to Amarillo Saturday to do shopping. Miss Vada returned Saturday night.

Pete Meyers and daughter Miss Grace were business callers in Amarillo Tuesday.

Earl Wait who came in two weeks

## LOUIE SAYS

now some of you young fellows may not be able to find just what kind of a scarf you want.

Here at the Shop Beautiful you find an aggregation of patterns second to none in Texas priced from 50c to \$5 each

We will gladly send a complete assortment to responsible parties and if Dad should happen to want a few we can also include a few for him in conservative patterns also properly priced. When in town, don't fail to visit us, you are not obligated to buy.

AMARILLO, TEXAS  
Agents for Kuppenheimer and Society Brand Clothes.

### MEDICINE VS. FOOD.

Do not buy something which you already have. You have food which you feed our horses, cattle and sheep, but when you want medicine, buy only medicine. That is what you get in B. A. Thomas' Stock Remedy. We sell it and guarantee it to be medicine. We tell you that it will tone up the entire system of your stock and aid digestion, thereby causing them to get all the food value out of the grain that you feed them.  
W. H. HICKS.

**The Quinine That Does Not Affect the Head**  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of H. W. GROVE. 30c.

### Methodist Church.

We will have our Sunday School and morning services at the High School building next Sunday at regular time. We were almost rained out last Sunday and hope our people will make a special effort to be present next Sunday. The church is on its way to the new lot and we hope to be back at home at an early date.  
R. A. STEWART, Pastor.

## HUNGARY WOULD JOIN ANARCHISTS

SOCIALIZATION OF LARGE ES-  
TATES AND INDUSTRIES  
IS DECREED.

## KAROLYI HAS JOINED REDS

Says He Looks to Proletariat for Jus-  
tice in Preference to Paris  
Peace Conference.

Paris.—The proclamation of the new Hungarian government invites the workmen and peasants of Bohemia, Roumania, Serbia and Croatia to form an armed alliance against the aristocracy, land owners and dynastics. It requests also that the workmen of Austria and Germany follow the lead of Hungary in breaking off relations with the Paris peace conference.

They are requested to rally with the Moscow government and constitute a soviet republic and resist, arms in hand, the "imperialist conquerors."

The proclamation says the government will organize an army which will enforce the proletariat's dictates against Hungarian land owners and capitalists, the Roumanian aristocracy and the Czech bourgeois.

The document ends by urging each workman and peasant to work in order to produce or to enlist in the army.

Copenhagen.—The proclamation by Count Karolyi announcing the resignation of the Hungarian cabinet, of which he was the head, says, according to a dispatch from Vienna:

"The entente mission declared that it intends to regard the demarcation line as the political frontier. The aim of future occupation of the country is manifestly to make Hungary the jumping off ground and the region of operations against the Russian soviet army, which is fighting on our frontier. The land evacuated by us, however, is to be the pay of the Czech troops, by means of whom the Russian soviet army is to be overcome."

"As provisional president of the Hungarian people's republic, I turn as against the Paris peace conference to the proletariat of the world for justice and support."

## Will Buy Y. M. C. A. Textbooks.

Washington.—General Pershing has arranged, it is learned to purchase from the Young Men's Christian Association, nearly \$1,000,000 worth of textbooks, covering practically every phase of general and technical education from elementary schools to post-graduate courses in the great French and British universities. A recent cable said the estimate placed by Y. M. C. A. officials on the books already obtained by their agencies in connection with the army educational work was \$964,792.

## New Reserve Bank Building Delayed.

Washington.—No action will be taken by the Federal Reserve Board at this time looking to the approval of plans for the new building to be occupied by the Dallas federal reserve bank. R. L. Van Zandt, governor of the bank at Dallas, who is here attending the conference of governors with the federal reserve bank and federal advisory council, said that the pressure of other matters coming before the meeting had made it impossible to go into the question of the new building.

## Paderewski Urges United Poland.

Warsaw.—Germany, although defeated in the west, is not yet beaten in the east, and if her aims in that part of Europe are to be frustrated and there is to be peace there must be a strong Poland, Jan Ignace Paderewski, the premier of Poland declares. "The importance to the peace of Europe of a strong and united Poland can not be exaggerated. Germany made war not for honor and ideals, but for markets and raw materials."

## Legislators Asked Reed to Resign.

Jefferson City, Mo.—James A. Reed, United States senator from Missouri, has been called upon to resign his seat in the senate in resolutions adopted here by a conference of fifty of the sixty-seven democratic members of the house of representatives. The action was taken, conference leaders announced, as a result of Senator Reed's recent address to the legislature in which he attacked the proposed league of nations.

## Odd Fellows at Dallas.

Dallas.—The seventy-ninth annual session of the Grand Lodge of Odd Fellows, including the Encampment and Patriarchs Militant branches, together with the Rebekahs, is now being held in this city.

## \$20,000,000 Roads Under Construction.

Dallas.—Highway construction in Texas is at its highest tide since the impetus to good roads was given by state and federal aid for highway construction. It is estimated by engineers for the State Highway Commission that within a few weeks more than \$20,000,000 worth of state and federal aided highways will be under construction in Texas. Most of the cost of these highways is for labor, either in actual construction work or in preparing materials.

## THINKS \$3.50 WHEAT CAN BE LOOKED FOR

DEMANDS OF WORLD FOR BREAD  
ARE GREATER THAN WERE  
EXPECTED.

## HOOVER TO RETIRE IN JULY

"We Also Must Earn a Living." He  
Says of Himself and Others in  
Food Administration.

Paris.—That Herbert Hoover, the American food administrator and lately appointed director general of the interallied relief organization, is to cease his relief work in the summer, is indicated in a statement just issued by Mr. Hoover concerning the wheat situation. He indicated that a majority of his co-workers also would return to private life. When asked whether the United States government would lose the billion dollars appropriated to support the guarantee for next year's wheat crop, Mr. Hoover said:

"The question of government loss, if any, will revolve around several different factors. First, whether we or the world will have any surplus from the 1918 crop to carry over into next year; second, what the supply and demand will be for the 1919 crop, and, third, whether the government should deliberately decide to take a loss in order to lower the price of bread.

"As to the supply and demand for the 1918 crop, changes in the world demand during the last month, shown by widespread investigation of the food needs of Europe, indicate that there will be no surplus to carry over into the 1919 crop. The Indian famine has proved so serious that a large part of the Australian wheat must go there at once. In addition, a considerable portion of the Australian supply which has been piling up for years has spoiled.

"The needs of Europe are larger than our previous estimates. Altogether the balance of the supply and demand for our present wheat now looks as though we might see wheat at \$3.50 a bushel."

## GERMANS WANT FOOD IN RETURN FOR SHIPS

ALLIED DEMANDS OF UNCON-  
DITIONAL SURRENDER REJECT-  
ED AT CONFERENCE.

London.—The negotiations at Spa relating to the shipping question have been temporarily broken off, according to a German wireless message received here.

The allies, the message says, demanded that all the remaining German merchant ships be handed over unconditionally, without being willing to undertake the obligation of supplying Germany with foodstuffs. The German delegates, it is added, received instructions from their government that the question of shipping, finance and food supply must be dealt with only as a whole. The German message continues:

"The question of handing over the mercantile fleet can only arise if adequate food supplies, say 2,500,000 tons of foodstuffs, are assured Germany until the new harvest. The entente would not agree to this.

"As the instructions of both sides did not go beyond this, a French delegate proposed that negotiations be broken off, whereupon the two special delegations left Spa."

## Contests to Begin in March.

Austin, Texas.—The county meets of the Interscholastic League of the university of Texas will begin in all of the counties in Texas in March, and will run throughout the month. At these meets the county championships will be decided, and the winners will go to the district contests, which will be held in April. The winners at the district meets will then come to the university of Texas on the first Friday and Saturday in May for the Interscholastic League meet.

## Securities Valued at \$50,000 Stolen.

New York.—Robbers, operating in a brightly lighted corridor of the Adams Express company building robbed a broker's messenger of \$50,000 worth of Liberty Bonds and other securities. The messenger, a boy, was said to have been severely beaten. It was said that the Liberty bonds were registered and the other securities non-negotiable. Detectives made one arrest.

## Milk Industry Will Be Investigated.

Washington.—Investigation by the federal trade commission of the milk industry, particularly as it relates to condensed milk, is provided in a resolution adopted by the senate.

## Will Reduce Texas Flying Fields.

Washington.—Under orders of the war department requiring reduction of the air service personnel to about 15,000 by March 31, there will be rapid discharges at all of the aviation fields in the United States, with the exception of those which the government has decided to maintain on a permanent basis. Under the new policy the large forces at Love, Call, Barron, Carruthers, Taliaferro and Rich Fields, in Texas, will be reduced to about 200 each.

## \$4,000,000 ALLOTTED BY HIGHWAY COMMISSION

CLOSES MONTHLY SESSION GIVING STATE AID TO EVERY SECTION BUILDING ROADS.

Austin, Texas.—Approximately \$4,000,000 of federal aid for road construction was allotted by the State Highway Commission at its regular monthly meeting, just closed here. Action of some description was taken affecting every section of the state, the meeting being the largest attended and most interesting in a year.

The commission further described state highway No. 33 as follows: Beginning at a point on the east boundary line of Wheeler county at the termination of Oklahoma state highway No. 12, thence west to Wheeler, LeFores, Mobelee, Panhandle, Amarillo, Canyon, Hereford, Farwell; thence across the state of New Mexico to join previously designated part of the Texas state highway No. 33, thence to El Paso and Mexico City.

Highway No. 36 was extended from Richmond to Damon's Mound, thence to Columbia, thence to Freeport.

The petition of Harris county commissioners' court for change in the designation of the Houston Crosby road so as to run through the town of Crosby was refused.

An intercounty highway was designated, beginning at Oglesby in Coryell county, thence to Moody, Eddy, Cogo, Chilton and Martin in Falls county.

Another intercounty highway was designated, beginning at Blue Ridge in Collin county on the Dallas branch of highway No. 5, thence to Melissa on highway No. 6.

Ellis county was granted \$200,000 federal aid on state highways and \$200,000 out of federal funds was awarded Kaufman county, conditional upon bond elections being carried.

The 25 per cent state aid granted on highway No. 29 in Travis county, Dec. 17, 1917, was canceled, and Travis county was granted federal aid of \$100,000 on designated state highway on condition upon the voting of not less than \$1,000,000 bond issue.

\$70,000 was granted El Paso county; Randall county, \$14,000; Harris county, additional \$25,000; Hays county, \$30,000, conditioned on bond issue; Llano county, \$50,000.

The Ward county state aid project was revised, allotting \$521,000 on highway No. 1.

Federal aid of \$14,123 was extended Gregg county on highway No. 11, and state aid to the extent of \$1,610, previously granted on this highway, was canceled.

Will Try to Fly Across Atlantic.  
London.—British aviators are to try for a flight across the Atlantic. A secretly-built airplane, accompanied by Henry Hawker as pilot and Commander MacKenzie Grieve, royal navy, as navigator, was shipped from England recently for St. Johns, Newfoundland, from which it will start at the earliest possible moment in an attempt to win the Daily Mail prize of 10,000 pounds for the first machine to fly across the Atlantic. The machine is a Sopwith two-seater.

Will Lease Island Near Colon.  
Panama.—The Catagena correspondent of the Panama Star and Herald asserts that the United States is arranging for a ninety-nine-year lease from Columbia of the islands of San Andreas and New Providence of north coast of Columbia, near Colon. The payment, it is asserted, will be \$40,000,000. The islands contain small coconut plantations and but little agriculture is carried on upon them. They are said to have military value.

Ukrainians in Part of Przemysl.  
London.—Ukrainian troops have entered Przemysl, according to a German wireless dispatch. The Poles are still in the northwestern part of the town.

Germans Must Pay for Food.  
Copenhagen.—Germany, in consideration of a deposit of 11,000,000 pounds in gold at Brussels, will receive an immediate delivery of 270,000 tons of foodstuffs.

Legislature Opposes League of Nations.  
Charleston, W. Va.—By a vote of 52 to 26 the house of delegates of the West Virginia legislature has adopted a resolution opposing the league of nations.

Conversion Rules for War Insurance.  
Washington.—Secretary Glass has approved regulations governing conversion of soldiers and sailors' war time insurance to standard forms of government life insurance.

Guns Must Be Dismantled.  
Paris.—It has been decreed that the fortifications on the island of Helgoland, Germany's formidable base in the North Sea, must be dismantled.

Final Passage for Board Control Bill.  
Austin, Texas.—The Board of Control bill has secured final passage through action in the senate. It was necessary for the senate to accept the several house amendments in order to place the bill on final passage. This was done after action by the senate in adopting the free conference report rejecting most of the house amendments. All of Tuesday's work had to be unraveled before the senate accomplished its purpose by a vote of 16 to 7.

## BUMPER CROP THIS SEASON

If you need help in plowing, seeding, disking or a well, I am prepared to give you first class service. If you have a tractor that needs repairing see me. I would like to have some sod or old land for oats and row crop.

### ELMER R. WILSON

PHONE 63 OR 26

### Notice of Bond Election.

Notice is hereby given that an election will be held at the court house of Potter County, Texas, in the town of Amarillo, within the Amarillo Independent School District on the 29th day of March, 1919, to determine whether the bonds of said district shall be issued to the amount of Eighty Thousand Dollars (\$80,000.00), payable forty years from their date and bearing interest at the rate of five (5) per cent per annum for the purpose of constructing and equipping a public free school building of brick material and purchasing a site therefor, within said district, and whether there shall be annually levied, assessed and collected on all taxable property in said district for the current year and annually thereafter while said bonds, or any of them, are outstanding, a tax sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

R. H. McAlpine has been appointed manager of said election, which shall be held as nearly as may be possible in conformity with the general election laws of the State.

No person shall vote at said election unless he be a qualified voter under the constitution and laws of this State, and a taxpayer in said Amarillo Independent School District.

Those in favor of the issuance of the bonds and the levying of the tax shall write or print on their ballots "FOR THE BONDS AND THE TAX"; and those against the issuance of the bonds and the levying of the tax shall write or print on their ballots "AGAINST THE BONDS AND TAX."

Said election was ordered by the Board of Trustees of said Amarillo Independent School District by order passed on the 21st day of February, 1919, and this notice is issued pursuant to said order.

Dated this 24th day of February, 1919.

F. P. WORKS,  
President of the Board of Trustees of said District.

(SEAL)  
Attest: S. F. NEWBALD,  
Secretary Board of Trustees of said District.

### An Everbearing Raspberry

A new raspberry is being put out this year in South Dakota which is everbearing.

It has been developed by Prof. Hansen, of that state, and last year berries were picked from the bushes from the time the first ones ripened, early in July, until frost.

This new creation has been named the Ohta raspberry and its originator says it is absolutely everbearing the first year planted. Continuous berries each season can be had by transplanting a few of the plants from the patch each fall or spring, cutting the old stock down to about 8 or 10 inches and they will then bear immensely all summer.

### Wheeler County at Big Show

Wheeler county is well represented in the big annual Bull Show and Sale of the American Aberdeen Angus Breeders' Association, to be held at East St. Louis, Illinois, April 1st. J. H. Seright of Benonine, has consigned three of his choicest bulls to the big event.—Shamrock Texan.

### Notice of City Election.

Notice is hereby given that a City Election will be held at the Court House in Canyon, Texas, on Tuesday, April 1st, 1919, for the purpose of electing successors to the following officers, whose terms of office expire:

F. M. Wilson, Mayor.  
R. L. Marquis, Alderman Ward No. 1.

R. E. Foster, Alderman Ward No. 2.  
S. B. Orton, Alderman Ward No. 3.  
G. F. Foster has been appointed Residing Officer to hold said Election.

Witness my hand this 10th day of March, A. D. 1919.

W. J. FLESHER,  
City Secretary.

## All Smoking Tobaccos are Flavored

"Your Nose Knows"

The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed ... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves."

Your smoke-enjoyment depends as much upon the Quality and kind of flavoring used as upon the Quality and aging of the tobacco.

Tuxedo tobacco uses the purest, most wholesome and delicious of all flavorings—chocolate! That flavoring, added to the finest of carefully aged and blended burley tobacco, produces Tuxedo—the perfect tobacco—

"Your Nose Knows."

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—"Your Nose Knows."

### "Nervous Headache"

Nervous headache is the result of a run down weakened nervous system. You feel out of sorts—everything seems wrong—food disagrees with the tired stomach—you can't sleep and have a constant case of "the blues."

Rev. Geo. Haffeligan of New Cumberland, Pa., tells how he was cured after he had almost given up hope.

"Five or six years ago I became greatly worried on account of the condition of my nerves. I was prostrated and suffered so much I thought I would never be well again. I used one bottle of DR. MILES' NERVINE and began to improve from the first. I then used it until it completely cured me. It is without doubt the greatest nerve remedy ever discovered."

If you are troubled with a nervous affliction, you will find the first bottle of DR. MILES' NERVINE will bring relief. It is non-alcoholic and contains no injurious drugs—a safe, dependable and efficient family medicine. Ask your druggist about it.

## DR. MILES' NERVINE

### NOTICE

THE STATE OF TEXAS,  
To the Sheriff or Constable of  
Randall County, Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year next preceding the date of this notice in the County of Randall, State of Texas, and you will cause said notice to be printed at least once each week for the period of ten days, exclusive of the first day of publication before the return day hereof:

The State of Texas, to all persons interested in the estate of A. E. Burns, Deceased.

Know ye that D. R. Burns having filed in the County Court of Randall County, an application for letters of administration upon the estate of A. E. Burns, Deceased;

Now, therefore, these are to notify you, and each of you, who are interested in said estate, to be and personally appear at the next regular term of honorable County Court, to be held at the courthouse of said County, in Canyon on the 1st Monday in April, A. D. 1919, same being the 7th day of April, A. D. 1919, then and there to contest said application should you desire to do so.

Herein fail not, but of this writ make due return showing how you have executed the same.

Witness my hand and official seal this 19th day of March, A. D. 1919.

(SEAL) O. W. GANO,  
Clerk County Court, Randall County, Texas.

A true copy I certify.  
WORTH A. JENNINGS,  
Sheriff, Randall County, Texas.

### No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

# EASTER

The date is April 20. It's the one day in the year that above all others demands clean, crisp, new garments expressive of the happiness of the season.

We suggest that you allow us to measure you at once for your KAHN Made-to-Measure Clothes for Easter.

# Kyanize

Floor Finish Makes Old Woodwork Look  
Like New

Kyanize wears longer than any other finish—it penetrates the wood and, if properly applied to a suitable surface, it will wear and look well for a long time. Kyanize is a liquid preparation made expressly to resist the scuff and tread of heavy shoes.

See our show window display of this line then come in and let us explain how it will improve the appearance of your home.

### NORMAL NOTES.

The following is the Cousins Literary Society program:  
The effect of universal military training upon Idealism—Harper Allen.

Benefits or evils of the S. A. T. C. in time of peace—Ira Younger.

Should our standing army contain over five hundred thousand men?—Floyd Golding.

Our obligation to the Allies in furnishing an army of occupation—Lem Sone.

Miss Polly Brigham entertained Miss Graham and the Y. W. C. A. cabinet Tuesday evening.

Miss Hudspeth is speaking in chapel this week.

Mr. Shaw has returned from a business trip to Austin.

Miss Eurita Grigsby, a former student of the college, was a visitor in chapel Tuesday.

The Domestic Art department has on the third floor a demonstration of their work of the last two quarters.

Miss Lora Kibbee returned to Canyon Monday after spending the week end with home folks at Hereford.

On next Saturday evening at the Normal the Juniors will entertain the Freshman with a "Tacky Party". The faculty and faculty wives are also invited.

John McClure a former student of the Normal visited Miss Ted Reid the first of the week.

Miss Michel was shopping in Amarillo Monday.

The Y. W. C. A. meeting of last week was conducted by Mrs. Barnes, district director of the Home Domestic Demonstrators. Each of the agents gave interesting talks on the work of their respective counties.

A meeting of the Home Demonstration Agents of the Panhandle district was held at the Normal last week. There were about twenty-four present. While they discussed sewing, cooking, basket and rug making, and gardening, they demonstrated some of their work in the laboratory. Their one aim is to improve rural life in every phase. They were entertained by the Home Ec. Club Friday at 4:30 and on Saturday the Junior and Senior Home Ec. girls gave a five course luncheon to members of the faculty and the Home Demonstration agents.

Miss Claudia O'Keefe was an Amarillo visitor Friday.

Miss Myrtle Reeves has resumed her work in school after an absence of two weeks.

Miss Lila Gibson has discontinued her school work because of trouble with her eyes.

Miss Olean Baumgardner, who was called to Wellington last week by the death of her brother, returned Wednesday morning.

Mr. and Mrs. John Dison and family have lived in Canyon for some years have moved to Happy. The eldest daughter, Vellie Dison, is to remain in Canyon to attend school.

Miss Artie Vaughn on account of illness was forced to discontinue her work in the Normal last week. She is now rapidly recovering from an operation for appendicitis.

Messrs. Flanigan Smith and Grady Hazelwood were in Amarillo Saturday afternoon.

Miss Opal Pryor spent several days with her relatives in New Mexico the first of the week.

The unusual occurrence last Sunday when most of the people were persuaded by the rare and welcome rain to stay at home. Only a faithful few were willing to be soaked in order to go to Sunday School.

On next Friday evening at 7 o'clock in the college auditorium there will be a joint meeting of the Y. M. C. A. and the Y. W. C. A. It is our belief that these organizations should be closely identified with every worthy activity of this institution. The purpose of the meeting is to effect such organizations as will bring about this identification. We are heartily in sympathy with this movement and bespeak a large attendance at the meeting.

Mr. Fay Terry spent the week end at his home in Alabama.

Horace Dean of McLean spent Sunday and Monday in Canyon visiting his sister, Verda, who is attending the Normal.

Miss Florence Ellison, was shopping in Amarillo Monday.

Training School Notes.

Miss Flynn representing the Palmer Penmanship Co., visited the different rooms of the Training School last week and gave demonstration work on the teaching of penmanship.

Ruth and Roscoe Dison have dropped out of school because their parents have moved to Happy.

Grace and Gréta Paul of Friona have been enjoying a visit from their mother since Saturday.

The Junior Y. W. picnic that was to have been held last Monday was postponed on account of the rain.

Clyta Merriman, a niece of Mr. Savas has entered the seventh grade.

Cecil Williams of the sixth grade and Charles Williams of the seventh

# Special Service for Farmers

Because of the handicap of distance from town, extremely busy seasons, etc., most farmers need special service for taking care of their banking needs.

This institution is officered and equipped to deliver this service in the fullest measure.

Farmers will appreciate what we are prepared to do for them in the way of saving time and steps through the use of the mails and telephone.

Find out about this service the next time you are in town.

We are never too busy to talk to you.

### Plains Gets Two-Inch Rain

Beginning Friday night, a two-inch rain fell generally over the Plains country, falling slow and doing much good to the spring wheat.

### Stimulating Plowing

Jim Bodine or Sam Curry, (we did not learn which), while plowing this week, plowed up a quart bottle of seven year old whiskey. As soon as it became known in the community they immediately leased the whole farm at \$25.00 per acre. It was never stated what became of the whiskey; but all who know either Sam or Jim, can make a good guess all right.—Colorado Record.

### Vegetable Plants For Sale

Sweet potato, cabbage, tomato and other plants. Write for circular. T. Jones & Co., Clarendon, Tex.

grade spent week before last in San Antonio. When they returned, each brought for his grade a picture of President Wilson.

Carhart's Overalls at the Supply Co. for only \$2.25. They are \$2.50 the world over.
