

CARL KING, county Democratic chairman addressed the Castro County CowBelles at a luncheon held last week in the courthouse community room. King spoke to the CowBelles on how to write their congressman, pointing out that handwritten letters receive greater attention. The local CowBelles also discussed plans for the state CowBelle convention to be held later this month.

Horn cindermen take second at Boys Ranch

Hart High School cindermen tied for second place in the Roughrider Relays at Boys Ranch over the weekend, finishing in a deadlock with Boys Ranch with 109 points.

EVENTS, placings and times included:

440-relay - 2nd, 46.05, Jimmy Smith, Gilbert Rodriguez, Randy Finch and Elizar Castillo.

100-yard dash - Donald Robinson, 4th, 11.1.

330 intermediate hurdles - Donald Robinson, 3rd, 44.0.

220 - Kenneth Smith, 3rd, 24.4.

440 - Randy Finch, 1st, 52.1.

1 mile - Mike Menchaca, 2nd, 5:03.1.

1 mile relay - 3rd, 3:44.0, Donald Robinson, Elizar Cas-

tillo, Kenneth Smith, Randy Finch.

Two mile relay - 3rd, 10:23.2, Pat Steiert, Dean Hill, Gilbert Rodriguez, Mike Menchaca.

Pole Vault - tie for first, Kerry George and Randy Finch, 10.6.

Shot put - 3rd, 44-10 1/2, Dean Hill.

High jump - 2nd, 5-6, Barry George; 5th, 5-4, Randy Finch.

Long jump - 5th, 18-6, Kenneth Smith.

HART's junior high tracksters also placed well in the Boys Ranch meet.

In 8th grade action the 440 relay team made up of Tito Rios, Johnny Martinez, J. D. Garrity and James Blunk finished second while the 880 relay team composed of Tito Rios, James Blunk, J. D. Garrity and Mike Finch finished third.

Tito Rios took fifth in the 100 yard dash and Johnny Martinez finished fifth in the 220. Rios also took 4th in the broad jump.

In 7th grade competition Eloy Hernandez took first in the 100 and Luther Isaguirre finished second in the high jump and third in the broad jump.

Arthur Tenoria finished sixth in the 220 and the 880 relay team made up of Ricky Smith, Luther Isaguirre, Adolpho Corrasco and Eloy Hernandez finished third.

IN FAMILIES of one, two or three children, family expenditures are highest when the oldest child is about 19, according to Dorothy Taylor, family life education specialist with the Texas Agricultural Extension Service.

THE Dimmitt chapter is one of 8,000 local FFA chapters in the United States.

Secretaries pick member of month

Mrs. Lola Faye Veazey, a former Dimmitt resident, was selected as the February "Legal Secretary of the Month" by the Deaf Smith-Castro Counties Legal Secretaries Association.

MRS. VEAZEY is presently District Clerk for the 69th Judicial District Court of Deaf

Smith County, and formerly served as Deputy County and District Clerk for the 64th Judicial District Court of Castro County.

She and her husband, Clarence Veazey, have three children, Mike, Becky and Johnny, and reside at 823 Blevins, Hereford.

Flynt receives Master Agent award

Jack Flynt of Dimmitt, agency manager, Castro County Farm Bureau, received a Master Agent award from the Texas Farm Bureau Insurance Companies at a recognition program Feb. 24-25 at the Sheraton Inn in Austin.

TO BE selected as a Master Agent is the highest honor and recognition the Texas Farm Bureau Insurance Companies can bestow upon a member of their sales force according to company officials. C. I. Forrest, Waco, is executive vice president and Austin Crownover, Waco, is state sales director for the companies. The criteria for determining Master Agent is rigid and selective, requiring the maintenance of high professional standards, they said.

Forrest and Crownover said the following criteria is used in determining recipients of the Master Agent award:

Production must rank high in life, fire and casualty insurance sales throughout the year. THE AGENT must have been with the companies two years or more, participate in company schools and follow company guidelines.

Professional status must be maintained as full time career agents or agency managers.

A Master Agent must maintain a good business record on underwriting risks and handling claims.

The Master Agent must adhere to Company and Farm Bureau procedures and policies. He must cooperate, be loyal and maintain a cooperative personal attitude with members and County and State Farm Bureau personnel.

This was the second year for the Master Agent program. A total of 28 agents received the award at the Austin meeting, and 10 of these men received the award last year. There are 350 agents serving Farm Bureau members in Texas.

Dimmitt students graduate at TSTI

Glory Garcia, daughter of Mr. and Mrs. Jesus Garcia, and Mary Garcia, daughter of Mr. and Mrs. Jesse Garcia, both of Dimmitt, graduated from Texas State Technical Institute in Amarillo Feb. 25. Both received a certificate of completion in cosmetology through the Hereford School of Hairdressing.

DETERMINATION—Dimmitt guard Wayne McKee is determined to drive past Childress' Marks Lanham [42] and put the ball in the basket during the second quarter of the regional championship game Friday night. McKee's basket gave Dimmitt a 22-13 lead

with 7:14 remaining in the second. In background are Childress' Leslie Sims and Ivan Johnson [34] and Dimmitt's Jim Birdwell [25] and Craig Williams [31]. Dimmitt won the regional crown with a 69-62 victory.

View from the Library

By MARY EDNA HENDRIX

Some of our new books are:

"Mrs. Tim Flies Home" by D. E. Stevenson is the final book of her four-part Mrs. Tim series. Leaving Tim (now a Colonel) in Kenya, Mrs. Tim flies home to her children in her beloved North Country. A stop-over in Rome allows for the unexpected renewal of an old friendship with Tony Morley—a friendship regarded as highly suspect by fellow passenger Rosa Alston. Once installed in The Small House in Old Quinings, a host of local characters, some familiar to followers of Mrs. Tim's adventures—brighten and shadow Hester's life. Tony Morley turns up, but so does Rosa Alston with her gossipy innuendoes. Mrs. Tim has a trying time with a singularly unpleasant landlady, but two young romances enliven the village, and Mrs. Tim closes her diary on a note of infectious happiness.

"The Moonlit Way" by Alice Dwyer-Joyce is a book that the author returns to the setting of an earlier success, "The Rainbow Glass". In the book "The Moonlit Way" Lorraine Browning's world falls to pieces about her. With husband gone and no resources left, she runs in panic to find her old home in the West of Ireland. There, on the edge of the world and

isolated from it, stands a castle with strange inhabitants. Ireland is a magic country and maybe a wish can come true.

KATHLEEN Wilkerson, the new Extension Coordinator from the Amarillo Public Library, came over last Thursday for her first visit. Mrs. Elizabeth Crabb held this position until a few months ago when she became the Assistant Librarian in Amarillo. Kathleen weeded our non-fiction section of books and then took time to visit with two board members, Leora Little and Mary Acker, who came by for awhile.

Flynts host TFBI awards dinner

Mr. and Mrs. Jack Flynt hosted the Texas Farm Bureau Insurance Area 2 agents' annual awards dinner Friday evening in their home at 1002 W. Cleveland.

THE DINNER was attended by 31 agency managers, area and state executives and their wives.

Special guests were Austin Crownover, TFBI director of sales, Bob Peacock, CLU, assistant director of sales, and Andy Smith, all of Waco; Benton Watson of Brownfield, Area 6 supervisor; Joe Lust of Lubbock and Roy Custer of Amarillo, membership directors.

Agency managers from Amarillo, Tulia, Memphis, Hereford, Friona, Canyon, Welling-

ton, Childress and Silverton attended. Sales awards, trophies and certificates were presented to agency managers during the banquet.

EYES, like hearts and kidneys, can live twice through the donation of corneal tissue from human eyes, on death, to Lions Hi-Plains Eye Bank of District 2-TI, Inc.

Magic show set by Key Clubbers

The Dimmitt Key Club will sponsor an appearance by Dr. Kit, hypnotist of international fame, at the Dimmitt High School auditorium March 13 at 8 p.m.

ON HIS tour throughout Europe, Hawaii, Alaska, Canada and the USA, he has broken box office records in city after city and has hypnotized over sixty thousand people in the past. "Professional researchers have been able to achieve remarkable results by applying hypnosis to the treatment of physical and mental ailments," says Dr. Kit.

Hypnosis is the answer to correcting such habits as stuttering, stammering, smoking, biting of finger nails, drinking, weight reduction, plus others. During the show Dr. Kit will demonstrate the phenomenon of mass hypnosis and actually hypnotizes 20 to 25 local volunteers from the audience at one time.

The hypnotist's show has been described as the most amazing and funniest entertainment sensation to be seen in many years. It is a clean, wholesome show for the entire family.

CATTLE BUYERS NEEDED NOW

No buying experience necessary. Train to buy cattle, hogs and sheep. The growing livestock industry needs qualified buyers. A good aptitude is required for today's competitive markets.

You should have a farm or agricultural background. Must enjoy working with livestock. Good earnings... secure future... for those who qualify. Write today with your personal background and qualifications. Include: name, age, address & phone number. We will arrange an interview for you, near your home town. No phone calls, please.

Sorghum research meet scheduled for March 6

The nutritional value of grain sorghum versus corn will be the topic of discussion during the March 6 session of the ninth biennial Grain Sorghum Research and Utilization Conference in Lubbock.

PARTICIPATING in the panel discussion will be leading nutritionists from throughout the state including Dr. L. S. Pope, serving as moderator, Dr. T. D. Tanksley Jr., swine

specialist, Dr. Lloyd Sherrod, cattle specialist and Dr. James Osborn, economist.

Sponsored by Grain Sorghum Producers Association and Texas Grain Sorghum Producers Board, the two-day research conference opens at 4 p.m. March 4 and will conclude at noon March 6 with an awards luncheon. All activities will be conducted at South Park Inn on Loop 289.

A. W. "Dub" Anthony, Jr. of Friona, president of Grain Sorghum Producers Association, will serve as general chairman of the March 6 activities. C. C. "Pap" Reed of Kress, chairman of the Texas Grain Sorghum Producers Board, will serve as chairman of the March 5 activities which include discussions on exports and the foreign livestock industry, as well as grain sorghum physiology.

The Plains Nutrition Council and the Sorghum Improvement Committee of North America will conduct their meetings in conjunction with the two-day conference.

GSPA will conduct its annual business meeting following adjournment of the conference March 6. Highlight of the GSPA meeting will be a talk by Glenn Weir of Washington, D.C., associate administrator of the USDA's Agricultural Stabilization and Conservation Service.

Telephone Coop to hold meeting

The annual meeting of the membership of the West Texas Rural Telephone Cooperative, Inc. is scheduled to be held March 13 at the Community Center in Hereford at 7 p.m. A meal is planned for members and families at 7 and after the meal the business session will be held.

ON THE program, reports will be made and election of four directors. The directors' terms expiring in 1975 are Frio exchange and Oklahoma Lane exchange. Two new directors (exchange representation) will be added this year, their exchanges are Milo Center and Summerfield. Door prizes will also be given.

Directors whose terms are expiring are George L. Olson, Frio, and Billy Mayfield, Oklahoma Lane. Holdover directors are Robert R. Strain, Dawn, Ernest Brown, Westway, James W. Dixon, Farmer, Jimmie Cockerham, Sharp, and Charles Myers Jr., Hub. Two new directors will be presented for exchanges of Milo Center and Summerfield at the meeting. With the adding of the new exchange, the Cooperative will have nine directors representing all of the exchanges of the Cooperative's area.

Art show, sale set at Hereford

An art show and sale, sponsored by the Hereford Art Guild, will be held Saturday, March 15, and Sunday, March 16, at the Hereford Community Center, Ave. C and Park Ave.

THE ARTS and Crafts Extravaganza will be open to the public from 10 a.m. to 8 p.m. Saturday and from 12 noon to 6 p.m. Sunday. There will be no admission charge.

Ben Konis, well-known area artist, will be the featured painter. Forty other painters, sculptors and craftsmen will be showing and selling their work. Browsers can find everything from paintings and pottery to African trade beads and Indian turquoise.

Deadline for entering the show is March 7 and booths can be rented by contacting Peggy Furr, Guild president, at 300 Douglas, Hereford 79045. The Guild is donating the booth rental money to the Community Center to be used for improvements in the Art Room.

On Wall Street
By Bob Hill
Lentz, Newton & Co.

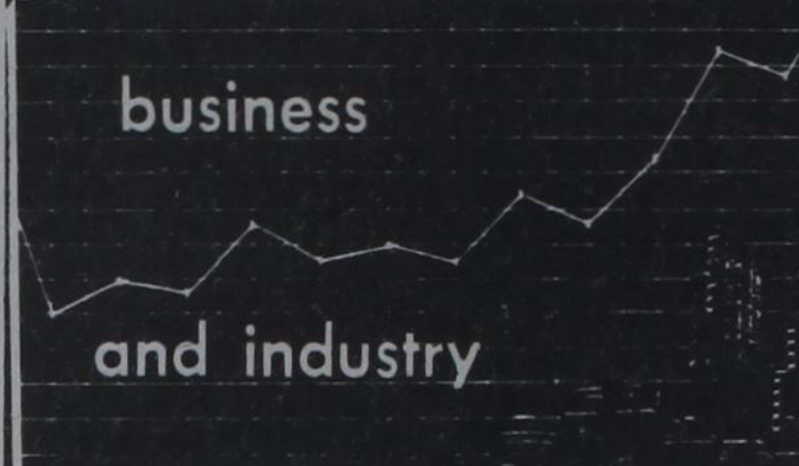

Neanderthal man first appeared on the earth only 75,000 years ago. The Nuclear Age is barely one generation old (about 33 years) and already we have produced nuclear wastes that will remain deadly for up to 250,000 years. Nuclear power has given us an almost inexhaustible source of energy. But the price we must pay for this blessing to mankind is a vigilance and awareness of the harmful effects of the by-products of that energy. So far, the government, while actively promoting nuclear power, hasn't come up with a working program for getting rid of the nuclear wastes which nuclear power produces.

RADIOACTIVE wastes are created when spent nuclear fuel is removed from commercial (electric power plants) and military nuclear reactors. The material is dissolved in acid and the reusable fission products are reclaimed. The residue, containing strontium, cesium and plutonium, is a highly toxic brew of liquid wastes with an incredibly long life. Both strontium and cesium take 600 years to decay to harmless levels and during that time they emit radiation that can cause cancer. Plutonium is deadly for 250,000 years.

The government is now sitting on 81-million gallons of nuclear waste from its weapons programs and is adding to that amount at the rate of 7.5-million gallons annually. Very little commercial nuclear waste is being generated now but after two plants, built to reprocess nuclear fuel, are opened in 1978, the Atomic Energy Commission estimates that 60-million gallons of commercial waste will be produced by the year 2000 and 238-million gallons by the 2020, less than 50 years from now. Can these nuclear wastes be safely stored? Yes and no. Military nuclear wastes have been stored successfully in Idaho and Georgia. But, at the Hansford, Washington AEC facility, 430,000 gallons of waste leaked into the soil. Officials claim that none of the wastes have penetrated the local water table, but environmentalists point out that the wastes will be potentially dangerous for many years to come and will have plenty of time to contaminate the ground water and even enter man's food chain. Critics are having a field day while the AEC is trying to figure out what to do with nuclear wastes. One solution is to store them in a large salt bed near Carlsbad, N.M.

business
and industry

Johnny Webb is named corn growing winner

Johnny Webb of Dimmitt has been named a state winner in the 304 Bushel Challenge national corn growing program sponsored by the producers of Funk's G-Hybrids.

WEBB harvested a yield of 161.6 bushels of corn from a measured acre using Funk's G-4628.

The Funk's program is open to all FFA members and vocational agriculture students and was designed to provide an opportunity for young men and women to learn the techniques of modern, high yield corn growing through actual experience.

In preparing his land for planting, Webb fall plowed, leveled, field cultivated twice, rotary hoed twice and cultivat-

ed. His fertilizer program consisted of 220 pounds of nitrogen and 48 pounds of phosphate, all actual, per acre. Pre-plant and sidedress applications were made.

WEBB ALSO used two pounds of herbicide per acre and ten pounds of insecticide per acre.

The corn was planted April 15 in 40-inch rows at a seeding rate of 23,500 kernels per acre.

Webb harvested his corn Sept. 24. Harvest population was 22,500 plants per acre and the moisture content of the corn was 27 percent. This was converted to No. 2 corn at 15.5 percent to establish the winning yield.

Irrigation conference on tap for Hereford

Irrigation field tests, underground water supplies and energy for irrigation are among the topics on tap for a High Plains Irrigation Conference in Hereford March 14.

ACCORDING to irrigation specialist Leon New of the Texas Agricultural Extension Service and County Extension Ag-

ent Justin McBride, the one-day meeting will give producers and others a chance to get a reading on the 1975 irrigation picture.

Kicking off at 9:30 a.m., the one-day conference includes a catered lunch and will end about 3:30 p.m.

Paul Fischbach, professor of agricultural engineering at the University of Nebraska, will discuss limited water application with center pivot sprinklers and automated gated pipe irrigation systems.

He'll be followed by Leon New of Lubbock, who will report on the results of grower irrigation field tests in the Panhandle area.

NOLAN CLARK, USDA-ARS agricultural engineer from Bushland, will provide an update on irrigation research. And Duncan Ellison, executive director, Water Incorporated, Lubbock, will wrap up the morning session with a talk on the status of water importation.

Noon lunch hour speaker will be A. L. Black, a Friona grower and member of the Texas Water Development Board of Directors. Black's topic is, "Action for the Future."

Leading off the afternoon session on the subject of underground water will be Wayne Wyatt of the Texas Water Development Board in Austin.

A PANEL discussion on energy for irrigation will be moderated by James Hull, manager of the Deaf Smith County Electric Cooperative.

Final presentation of the day will be by Wayne Keese, Extension irrigation specialist from College Station, talking on the influence of pumping equipment on irrigation costs.

Amstar announces dividend increase

Amstar Corporation has announced that the Board of Directors has declared an increase in the Corporation's quarterly dividend on its common stock to 60 cents per share from 52½ cents per share. The dividend is payable April 2, 1975, to shareholders of record at the close of business March 13, 1975.

"THE INCREASE in Amstar's annual common dividend rate to \$2.40 a share is consistent with the Board of Director's policy of increasing dividends to shareholders when the earnings of the Corporation and its outlook for the future permit," said Robert T. Quittmeyer, President.

Amstar Corporation has paid cash dividends on its common stock every year since 1941. The Corporation last increased the quarterly cash dividend on its common stock from 45 cents to 52½ cents on Aug. 15, 1974.

The Board of Directors also declared regular quarterly dividends of 17 cents a share on the 5.44% Cumulative Preferred Stock and 66½ cents a share on the Junior Preferred Stock. \$2.65 Cumulative Convertible Series A, payable April 2, 1975, to shareholders of record March 13, 1975.

ONE OF two children under age four in the 1968-69 Texas Nutrition Survey ate less than half the Recommended Dietary Allowance for Vitamin C. Twenty to twenty-five percent ate less than half the RDA for calories, calcium, Vitamin A and niacin.

BETA SIGMA PHI QUEEN—Mrs. James Horton, top, of Dimmitt, member of Xi Epsilon Alpha chapter of Beta Sigma Phi sorority in Hereford, was crowned 1975 Valentine Queen at the annual BSP Valentine Ball held recently at the Knights of Columbus Hall in Hereford. Escorted by her husband, Mrs. Horton received a sheaf of yellow roses. Other honorees shown in bottom photo from left are Mrs. Tom Bullard, Kappa Iota chapter member and her husband and Carla George, Alpha Iota Mu chapter member and her fiance, Randy Jones.

Secretaries set program Saturday

The Deaf Smith-Castro Counties Legal Secretaries Association is sponsoring a special "Self-Improvement" program, scheduled for 2 p.m., Saturday. THE PROGRAM will be conducted by Mrs. Frances Butler Terry, who formerly operated the Frances Butler School of Modeling in Amarillo. Walking, exercise, clothes, makeup, hair and speaking voices will be

highlights of the program. The public is invited to attend this special program, which is planned to help everyone who is interested in improving themselves.

A fee of \$1 will be charged to help defray Mrs. Terry's expenses in presenting the program. All persons interested in participating in the program can contact Barbara Wheat or Clara Vick for further information, and will be welcome to ride to Hereford with some of the girls from Dimmitt.

Participants should wear comfortable clothing in order to try out some of the exercises, etc.

Jan Noble is sorority pledge

Jan Noble, daughter of Mr. and Mrs. E. B. Noble of Dimmitt, has pledged Delta Zeta social sorority at West Texas State University in Canyon.

Miss Noble is a freshman at WTSU.

Home and hobby

Cheryl Brewer begins training period here

By IRENE KEATING

Cheryl Brewer came Monday to train here for six weeks. She is from Amarillo and will be the Assistant CEA in Channing. Come and meet her.

Teresa Eckert began her job at Vega this week. We'll miss Teresa but we wish her well.

MANY OF you will be at the ball game this weekend in Austin but maybe next weekend you'll be ready to think about your yard work. Here is this month's garden calendar.

1. Begin spraying roses for blackspot control. Use Benlate, Manzate or Folpet at 7 to 10 day intervals.

2. Time to make that application of complete fertilizer on the lawn area. Grass and trees will all benefit.

3. Last chance to make any corrective pruning on summer flowering trees and shrubs unless you are willing to reduce flowering.

4. Good time to plant any container-grown or balled-and-burlapped plants.

5. COMPLETE your planting of pansies, petunias, snapdragons, and pinks early this month. Other plantings to be made in March include vinca, moss rose or portulaca, copper plants, lantana, zinnia, marigold and petunia in the sunny locations. For shaded areas try coleus, impatiens and begonias.

6. Watch tender new growth for plant lice or aphids; they look like tiny pear-shaped objects and may come in green, red, black or brown colors usually clustered on the young tender shoots and leaves.

7. Just because you are ready to garden, don't bite off more than you can chew. In other words, a small well-cared for garden is always more productive than one that requires more work than you have time to perform.

8. Milk bottles make excellent plant covers for early vegetables and flowers to protect them for predicted late-season frosts. Cut out the bottom and set over the plant at night. Be sure to remove before the sun gets very high or the plants will burn from the buildup of heat inside the carton.

9. IF YOU have allowed a heavy thatch to build up in your lawn, you had better remove it either by setting the mower blades lower or by using one of the special de-thatching blades now available; better yet rent a de-thatching machine and follow instructions carefully.

10. The easiest and most effective way to fertilize trees is to broadcast the fertilizer on the surface and wash it in with a good irrigation. If you feel you need the exercise and must punch holes in which to place the fertilizer, don't place it more than 6 to 7 inches deep.

11. Re-read those color ads in the Sunday supplement. Do they really say what they appear to be saying? Check the mailing address. If the source is out-of-state, chances are that the varieties are not suitable for your area. Again check the reference books in your library to make sure.

12. Rework those planter

boxes, incorporating several inches of peat moss, compost or other good organic matter to improve aeration, drainage and moisture retention before replanting.

13. Do not remove the foliage from daffodils and other spring flowering bulbs. The leaves aid in rebuilding the food supply expended in producing the flower. Allow it to remain until the leaves are dead.

14. PICK UP, fix up and paint up the entire yard area. Look carefully, as it is amazing how much we fail to see because we become accustomed to its appearance.

15. Plant dahlia tubers in a sunny location in rich well-drained soil.

16. Continue to plant gladiolus corms this month. Space plantings at two-week intervals to prolong flowering season.

TEXAS households headed by mothers with children under 18 have nearly doubled in 10 years, from 103,641 in 1960 to 192,322 in 1970.

MR. AND MRS. W. R. GIPSON

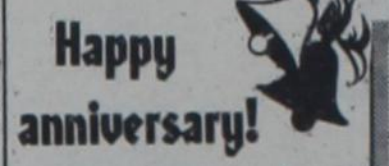

Open house will honor W. R. Gipsons Sunday

Mr. and Mrs. W. R. Gipson of Bovina will be honored with a golden wedding anniversary open house Sunday from 2 to 5 p.m. in the fellowship hall of Bovina's First United Methodist Church.

HOSTING the occasion will

be the couple's children, Willie R. of Weston, Ore., Wayne of Ruidoso, N.M., Eldon of Lubbock, Wyonna Haney of Farwell and Eudora Craft of Albuquerque, N.M. and their 11 grandchildren.

The former Ethel Hefner and W. R. Gipson were married March 8, 1925 in the home of the bride near Loving, Tex. The Gipsons lived in Dimmitt 24 years before moving to Bovina in 1969.

[Compiled from the Community Birthday Calendars of the County Home Demonstration Council and the Nazareth American Legion Auxiliary.]

MARCH 7 — Alfred and Jeannie Sammann.

MARCH 10 — Mr. and Mrs. Bill Henderson.

GO, BOBCATS!

Book Club to host review

The Dimmitt Book Club will meet Wednesday, March 12 at 4 p.m. in the Rhoads Memorial Library.

MRS. PETER Fox of Amarillo will be guest reviewer for Mrs. Goldman Dyer. Mrs. Fox will review the play "1776" by Sherman Edwards and Peter Stone. This play was a suc-

cess on Broadway and is very appropriate to direct our thinking and continue our preparation for the Bicentennial celebration in 1976.

Hostesses for the review are Maxine Tidwell and Shirley Stephens. Guests are welcome to attend.

**Insurance is Cowen's profession;
community service is his hobby**

How many chairs would you need to seat a mayor, a Boss Lion, a county Democratic chairman, a public speaker, a Fair Association president, an independent insurance agent, an Old Settlers' Association president, a historian, a Chamber of Commerce president, a licensed real-estate broker, a Democratic State Executive Committeeman and a Presbyterian?

At the Joe Cowen Agency, one chair is enough. Cowen is, or has been, all these things. Community service has been a hallmark of his professional career here.

Established in 1947, the Joe Cowen Agency is the oldest insurance agency in Dimmitt. It's located on the south side of the courthouse square. As an independent agent, Cowen works for his customers, rather than for any particular insurance company. Cowen represents a variety of stock companies to provide local residents with fire and extended-coverage insurance, auto policies, bonds, hazard insurance, life insurance, health and accident policies, and hospitalization plans.

As a licensed real-estate broker, Cowen serves as an agent for land, homes and business property.

Rosa M. Sanchez and Frances Vasquez share secretarial duties at the agency.

Cowen and his wife, Alice, and their son, Joey, came to Dimmitt in December 1947 from College Station, where he had been the area representative for the War Food Administration, a branch of the Office of Labor. His job during World War II was to recruit farm workers for Texas, Arkansas, Oklahoma and Louisiana, and to

see that they were provided with adequate housing and food. The job took him through all four states and as far north as Chicago.

A native of Clifton, Cowen attended the University of Texas during the Depression years. He worked as a custodian during the school year, and in the summers he would ride a freight train to Glacier National Park, Mont., to drive a sightseeing bus. After graduating, he taught school in Comanche and Calahan Counties until he joined the War Food Administration.

He was elected president of the Old Settlers' Association the first year the annual reunion was revived here after the war. He went on to serve as president of nearly every civic and service organization here, and served one term as Dimmitt's mayor.

A dedicated Democrat, Cowen has long been active in party politics. He served several terms as chairman of the County Democratic Executive Committee, was the state Democratic executive committeeman from this senatorial district in 1955-56, and was an alternate delegate from Texas to the National Democratic Convention in Chicago in 1956. He has kept Dimmitt and Castro County in the minds of congressmen, senators and even Presidents through his political associations.

Cowen's wife, Alice, teaches remedial reading at North Elementary School. Their son, Joey, is a public relations representative for Pioneer Natural Gas Co.

Cowen's business is insurance and real estate. But his avocation through the years has been to serve his community. If he can serve you in any way, call him at the Joe Cowen Agency, 647-4223.

Introducing . . .

Western Ammonia Employee

Curtis Birchfield

Curtis is another of the young men who have moved to Dimmitt to join Western Ammonia. He came here Feb. 17 from Slaton, where he was a plant operator for Red Barn Chemicals.

As an operator trainee, Curtis is learning the processes of our urea, nitric acid and ammonia plants.

He's 24 years old, a native of Clovis, and attended Texas Tech. He and his wife, Sharon, have two children—Sonya, 4, and Michael, 6 months.

Curtis is a motorcyclist and also is an avid skin-diver. He has dived at Lake Conchas, the White River Lakes at Dallas and Post, Lake Worth and the Gulf of Mexico.

**First State Bank
of Dimmitt**

**Put Your Money
To Work For You!**

Excess coins in your cash register, cash box or at home aren't doing you any good. Don't leave them lying around idle just because you don't have time to sort or count them. They could be earning interest for you in a savings account, or working for you in your checking account.

Bring your coins in to the First State Bank and our new computerized

Brandt Sorter/Counter

will automatically sort, total and separate them by denominations for you. It's the newest service of your Full Service Bank.
