

COUNTY FAIR IN CANYON SEPT. 27

RANDALL COUNTY WILL HAVE A GOOD FAIR SEPTEMBER 27—ALL FARMERS ASKED TO SENT IN DISPLAY.

Randall County will have a fair in Canyon on Saturday, September 27.

County Agent Walker and Miss Harris are at work on the Fair now and by next week will have some important announcements to make regarding the Fair.

But, every farmer and every gardener and every producer of any kind may get busy now and begin a selection of his products in order to have the very best in the Fair on the 27th.

The Boys Club of Randall County will have a fine showing in the Fair. The boys are working hard now, getting up the very best exhibit. They need the help of their elders to make the Fair the success it may be.

The Fair will be used as a means of gathering an exhibit to be sent to the Dallas Fair which opens the first of October. Randall county has always made an exceptionally fine showing at the Dallas Fair and can do so this year if all of our people will get in behind the Randall county Fair and bring to Canyon their very best samples in all lines.

Get ready for the Fair today. Don't put off looking after the details of your exhibit until the last minute. Act now!

C. F. WALKER MADE COUNTY AGENT FOR RANDALL COUNTY

At the meeting of the Commissioner's Court Monday an order was passed providing for a county agent to devote his entire time to the work in Randall county. C. F. Walker, who has been serving in Randall, Potter and Oldham, was immediately employed to devote his entire time to Randall county.

Mr. Walker's contract begins the first of October. He will move his family to Canyon as soon as he can procure a house. He will have his office in the court house, taking the room which has been used by the Red Cross during the war. The room is of sufficient size to take care of a large display of samples that Mr. Walker will collect.

Mr. Walker has highly pleased the farmers and stockmen of Randall county with his efficient work and all are highly pleased that he is to devote his entire time to the work of Randall county.

Easton Allen Home from France

Easton Allen arrived Saturday night from Camp Pike where he had received his discharge from the army. He is the son of Prof. and Mrs. L. G. Allen.

Easton has seen more service in the army than any boy who went into the service from Randall county. He was among the first to volunteer, going into the army in April, 1917, just after war was declared. He went to France in July, 1917, and was in that country two years and four days. Being with the First Division, a regular army outfit, he saw service in the principle engagements of the war, coming through all of it without a scratch, and never during his army life having answered a sick call. Since the armistice he has been with the First Division on the Rhine. He is looking fine, and more than pleased to get home once more.

Extending Trackage.

An extension has just been completed of the switch on the north side of the rail line of the Santa Fe in front of the depot, and now the branch line leading to Sweetwater is being extended in trackage. Water cranes are being placed at the depot so that engines may water while taking on passenger instead of having to pull up to the water station.

What "Society owes" you is the interest on the capital you invest in it.—The Wall Street Journal.

RANDALL COUNTY HOGS WILL GO TO CHIDRESS FAIR MONDAY

A car load of hogs will be shipped Monday from Randall county for the Childress Fair, which has for a number of years made a strong effort to bring in a large exhibit of hogs.

Prewitt & Armstrong from the southern part of the county will have some of their fine Durocs in the fair. John Knight and R. C. Roffey are adding a number of fine hogs, the three breeders taking a car load to the fair.

A number of Randall county people will attend the Childress fair this year.

Paper Twine on Market.

A number of balls of paper twine was received this week by Thompson Hardware Co., which are being sent out to various farmers to make a test of the practicability of the twine in this section of the country. The body of the twine is of the same fibre as the standard twine, but there is a covering of heavy manila paper. The balls of this twine are eight pounds and the appearance is much better than the standard twine. It runs very smooth and it is claimed that it will run through the machine with less difficulty than the ordinary twine.

DRILLING RESUMED YESTERDAY AT PALO DURO WELL

Drilling was resumed yesterday at the Palo Duro Well, being the first work that could be done since the gas pocket was struck three weeks ago which blew the big drill over the top of the derrick, and nearly demolished the outfit. The drill had to be sent to Electra to get it straightened.

It is reported that a slight showing of oil is found north of Amarillo.

The News had a telegram from the Happy well yesterday that they had a showing of oil at less than 500 feet.

ALL DISTRICT BUSINESS IS POSTPONED FOR A WEEK

It was the intention last week of trying the criminal docket this week in the District Court, but Monday all cases were set over until next Monday. The petit juries for both the first and the second weeks have been ordered to appear next Monday, and it is likely that a number of cases will be tried.

A divorce was granted Mrs. Vera Nolan by the Court Monday.

ENDRESS PROPOSES SITE FOR DORMITORY

Would Place New Building East of the Main Building on the Normal Campus.

Architect Geo. A. Endress of Austin was here last week and went into the details of the new dormitory for girls with President J. A. Hill.

Mr. Endress proposes that the new dormitory be placed east of the main building of the Normal. This does not coincide with the wishes of Mr. Hill, but the architect pointed out a number of good reasons which will be taken into consideration and it is possible that the dormitory will be placed according to the views of the architect, who is a capable landscape gardener as well as architect. Mr. Endress points out that more dormitories will be provided for girls, and these should be grouped. The young women need more privacy than the boys, so it should be planned to put all of the dormitories for girls in a group on the east side of the main hall. When a dormitory is procured for the boys, it should be placed on the west side, according to Mr. Endress' views, as this would put the boys next to the athletic field where their work will be carried on. These facts and other were laid before Mr. Hill and his collaborators and will be considered in choosing the location.

Mr. Endress is drawing plans for a two story dormitory which will conform in lines with the main building of which he is also the architect. He will soon have the plans ready to submit to President Hill, after which they will be shown for approval to the Board of Regents.

DIRECTORS OF BUSINESS MEN'S ASSOCIATION TO MEET FRIDAY

T. C. Thompson, president of the Canyon Business Men's Association has called a meeting of the board of directors at 4 o'clock on Friday afternoon at four o'clock at the News office. The directors are T. C. Thompson, C. D. Lester, Grady Holland, O. N. Gamble, D. A. Park.

The meeting is called to select a more appropriate name for the organization than "Canyon Business Men's Association" as so many prominent citizens of Canyon feel that they are barred from membership under the present name.

It has been suggested that the organization be named "Randall County Industrial League." The directors will welcome any suggestion than any citizen may have for an appropriate name.

May Visit Germany Soon.

Herman Wragge is planning to go to Germany this fall if he receives no word from his daughter soon. When he came to America a few years ago he left his daughter with her grandparents. She is now eighteen years ago. He has not received any word from her since the war started.

Herman has a good farm northeast of Canyon. He made 27 bushels of wheat to the acre and 80 bushels of oats.

Prairie Fire Friday.

A fire started at the Dave Forsythe place Friday afternoon and traveled seven miles. The grass burned was about a mile wide. Joe Gamble lost probably the heaviest in the fire.

A large number from Canyon went out to assist in stopping the flames.

CANYON SCHOOLS OPEN TERM'S WORK TUESDAY

Superintendent Sone Makes Report to the Public Regarding Work of the Schools.

School opened Tuesday morning with an enrollment of 288 as follows: First grade 50, second grade 32, third grade 32, fourth grade 18, fifth grade 19, sixth grade 24, seventh grade 20, first year high school 17 and second year high school 26.

The faculty is as follows: C. L. Sone, formerly of Tulia, Supt., Mathematics and Science.

Miss Elva Fronabarger of Canyon, English and History.

Miss Rose Frye of Tulia, Latin and History.

Miss Pearl Hensley of Canyon, Sixth grade.

Miss Ida Rowan of Canyon, Fifth grade.

Miss Enid Grundy of Tulia, Fourth grade.

Miss Vinny Johnson of Canyon, Third grade.

Mrs. C. W. Warwick of Canyon Second grade.

Miss Lena Perryman of Snyder, First grade.

Miss Fair Wiggins of Canyon, Piano.

Many of the mothers came for the opening and got acquainted with the teachers. It is very desirable that all parents do this. Let the teachers know you that your expressed appreciation may encourage them.

The attitude of the pupils is fine and at the close of two days found the school well on its way toward organization for real work.

The Superintendent is delighted with the enthusiasm of the teachers as well as their methods in grasping the uncommonly difficult situation brought about by the introduction of the new text book law.

Most of our books are now in and more arriving. We will soon be fully equipped.

President Hill has assisted us very much by the loan of Elementary readers for which we wish to express our thanks and the thanks of the community.

The pleasant attitude of the citizenship generally and the many kind and encouraging words to the management and teachers are appreciated.

Our splendid editor has opened his columns for the benefit of the school and for the information of the patrons.

It will be the policy of the management to keep our people posted as to our aims and plans and thus give them an opportunity to cooperate fully.

Respectfully,
C. L. SONE, Superintendent.

MEETING AT METHODIST CHURCH IS DOING GOOD

The meeting at Methodist church continues with Rev. M. M. Beavers of Canadian doing the preaching. There has been a number of conversions and reclamations and the Christian people who have attended have been put upon higher religion grounds. The service last Sunday morning was one of unusual spiritual power.

R. A. STEWART.

TRADES DAY VERY GOOD IN CANYON THIS MONTH

The monthly Trades Monday was a very good drawing card for the people of Randall county in spite of the fact that all of the farmers are exceptionally busy.

TEACHERS INSTITUTE CLOSSES FINE PROGRAM ON FRIDAY

The Teachers Institute closed Friday a most successful program at the Normal and voted unanimously to come back next year, and make every effort possible to bring in a large number of other counties. The tri-county institute at Plainview, with the teachers from Hale, Lamb and Briscoe counties voted to come to Canyon for the institute, which will add 115 teachers to the 300 in attendance this year, and bring the number of counties in the institute up to nineteen.

A committee was appointed while the institute was in session to make a report to the press regarding the work of the institute, but up to this morning the report was now received by the News.

BIG CATTLE DEAL CLOSED WITH GREEN VALLEY LEASE

A deal amounting to nearly \$100,000 was closed yesterday when McElroy, Giddings & Campbell bought 1250 two-year old steers and secured a lease on the 32 section Green Valley ranch west of Canyon.

The men buying the cattle are Clyde McElroy and W. B. Campbell of this city and H. A. Giddings of Burns, Kansas, who is well known among the cattlemen of this section. Mr. McElroy will have the management of the ranch.

City Property Sold.

G. G. Foster has sold to Austin King the house now occupied by Dr. S. L. Ingham.

Luther Fronabarger has bought the breeding place in the east part of town.

C. W. Warwick has sold four lots adjoining R. E. Hileman's place to Mr. Hileman.

J. L. Dufflot has bought two lots from the First National Bank just across the street from L. F. Sheffy's new home.

C. W. Warwick has bought one lot from the First National Bank just west of the Dufflot lots and will build as soon as possible.

C. R. Burrow sold to J. B. Younger 50 feet on Houston street just east of his store.

Dr. S. L. Ingham has bought the S. S. Coffee lots on Evelyn street, one block west of the square and is planning to build a house.

J. A. Wallace has bought the residence of Mrs. Bertha Thomas, and Mrs. Thomas has bought a place in Amarillo.

A. G. McKay of Pampa has bought the J. C. Hunt house where Austin King is now living.

Geo. A. Whittenburg and Sam Archer of Hutchinson county have bought Block 13 in Conner Addition.

Leg Broken in Collision.

Jim Bussell had his leg broken week ago Sunday when he ran into the Burgan car with his motorcycle near the Burgan place west of the city.

Wheat Makes 33 Bu.

Merry Bros. were in the city Tuesday from their ranch northeast of the city. They had 140 acres that made 33 bushels of wheat to the acre. On their 250 acres of wheat the yield was 7,000 bushels.

Demonstrator in Canyon Today.

C. F. Clapp from College Station is in the city today and will give a meat canning demonstration at 2 o'clock this afternoon at the court house.

Come to Canyon to live.

CHANGES MADE IN THE NORMAL FACULTY

Several New Members Added to the Normal Faculty for the Coming Year's Work.

President J. A. Hill has announced a number of changes in the faculty for the coming year:

A new Commercial Department has been added with H. W. Blaine in charge. Mr. Blaine gives up his former position as director of physical education.

H. J. Buckner has resigned and Miss Margaret Boulware has been promoted from Secretary to the President to Registrar and a teacher in the Commercial Department.

M. B. Johnson has been transferred from the Departments of History and Mathematics to Superintendent of the Training School.

Lloyd Ackerman takes the position resigned by Dr. J. T. Buchholz. This announcement was made last week.

Mody C. Boatright is a new teacher in the training school.

Miss May Cowling is a new teacher in the Training School.

Miss Mary Bradford was elected this week to a position in the Training School.

Miss Edna E. Haines will have charge of the Kindergarten, which is a new department. A fuller account of this department will be found in this edition of the News.

Miss Mary Adaline Lamb, Miss Golda Fern Gruver and Miss Anna I. Hibberts will be away on leave during the coming year.

W. M. Willy was selected this week for the physical education department taking Mr. Blaine's place. He comes highly recommended a coach in the various lines of athletics.

Miss Eron Payne has been chosen secretary to the President and arrived from her home in Coleman this week to take up the work.

T. M. Clark is a new teacher in the History department as recently announced.

There are two more teachers yet to be elected, one in the mathematics department and one for the training school. When these are chosen, the faculty will number forty seven, each of whose is a specialist in his line.

The Normal will open its tenth year on September 26.

MARGARET McAFEE DIED LAST NIGHT AT HOME IN AMARILLO

Margaret McAfee, daughter of Mr. and Mrs. C. R. McAfee, died last night at the home of her parents in Amarillo. She had undergone an operation three months ago for appendicitis, and never fully recovered her health.

Margaret was twelve years of age and has a large circle of friends in Canyon where she lived with her parents since infancy until the family moved to Amarillo two years ago when Mr. McAfee became manager of the Green Brothers Co.

Mr. and Mrs. C. N. Harrison went to Amarillo early this morning, and other Canyon people will go to attend the funeral tomorrow afternoon at 4 o'clock at the family home at 2010 Polk street.

The McAfee family have the sympathy of their host of friends in Canyon in their time of grief.

Bought in Big Melon.

C. A. Price brought to the News office Monday a very fine muskmelon, which was 35 inches in diameter and weighed 19 pounds. He said that this was only a small one and that he would bring in a large one before long, which leads us to believe that that man Price must be raising some melons out his way. It was sure a dandy.

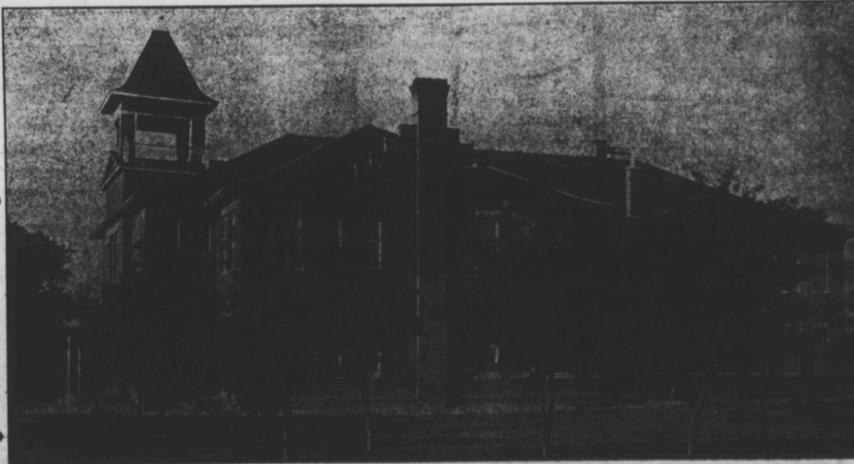

Landed from France.

Wilford Taylor received a radio message Monday that his brother, Charles, would land Tuesday from overseas service.

Stork Special.

A daughter was born to Judge and Mrs. C. R. Fiesher yesterday afternoon.

We have about concluded, after carefully watching the effect of reform legislation, that the world will not become so good in our time that it will cease to be interesting.—Columbus Ohio State Journal.

What Canyon Must Be.

A town of churches, schools, and civic enterprise draws into itself the very best people. As bees to a garden of flowers do good people flock to a town famed for gracious friendliness, refined sociability and intellectual excellencies. These things obtain only where christly spirited churches with holy enthusiasm invite the public into their spacious auditoriums and there give them the living gospel; place before aspiring youth open doors to well equipped and well manned teaching and training departments for all christian work; and furnish whole hearted hospitality and at-the-door reception in beautiful church parlors where joyous exuberant youth shall find an atmosphere congenial to pure and happy social life. Again this trinity of human desirables obtain only where splendid schools offer and give the best in buildings, equipments and faculty; and where the citizens pride and exercise themselves in making the town such as will meet the demands of the best of society from side walks and paved streets, to up-to-date furnishing houses, sanitary and comfortable dormitories and water pure and abundant.

Such a town, Canyon must be, and such shall she be if the spirit of progress that is now beginning to move in the hearts and minds of Canyon's citizens is allowed to lead us to our best efforts.

The schools of Canyon are already reaching the standard of excellence that like a magnet is pulling at the best people in the state and persuading them that Canyon is one of the best towns in which to live. The public spirited citizens are thinking and talking and planning. Then one subject is civic improvements, especially more cement side walks and a paved square, together with paved streets from the depot to the Normal.

The church people together with every public spirited man, woman and child are girding themselves for the glorious task of making church houses and religious and social advantages commensurate with the needs not only of the permanent and settled inhabitants but also of that great and constantly growing student body of our Normal College.

The Methodists have moved and greatly improved their church building. The Episcopal brethren have recently erected a beautiful brick church house. The Presbyterians are contemplating the building of a commodious brick church house. The soliciting committee of the Baptist church is now in the field, raising funds for the erection of a fifty thousand dollar church plant to be completed within the next twelve months.

There were two hundred and seventy-three Baptist and Baptist inclined young men and young ladies and more Methodists and many other faiths in the Summer Normal just closed here a few days ago. We must meet the religious and social needs of all the young people who make their school home here or who live here as citizens.

The whole country that patronizes this school together with the state denominational organizations are going to be called on to assist the local churches to build these religious and social centers and they will gladly help for everyone knows that churches in a small town blessed with a great state school are not financially strong enough to provide adequate plants for the great school to have social and religious life such as only local churches can foster and safe-guard. So, therefore, the people of all the Plains and beyond the Plains will be called upon to help the local congregations to give these fine young people the best to be had. We must all pull together and help one-another in every worthy undertaking. Thus we will make Canyon what she ought to be. B. F. FRONABARGER.

How They Do In Japan.

Washington, Sept. 6.—Regardless of how one feels toward the Japanese, he must admit they do things in an original way. Speed limits for motorists, for instance, vary according to the width of the thoroughfares.

On roads between twelve and eighteen feet wide machines may run eight miles an hour, between eighteen and thirty-six feet twelve miles an hour, above thirty-six feet at sixteen miles an hour.

Within the city limits machines must not travel on streets less than eighteen feet wide. They may run at twelve miles per hour on streets between eighteen and thirty-six feet wide, and on those wider than thirty-six feet sixteen miles an hour is the limit.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

LUCKY STRIKE CIGARETTE

GET a package today. Notice the flavor—the wholesome taste of Kentucky Burley tobacco.

Why do so many "regular men" buy Lucky Strike cigarettes? They buy them for the special flavor of the toasted Burley tobacco.

There's the big reason—it's toasted, and real Burley. Make Lucky Strike your cigarette.

Guaranteed by The American Tobacco Co.

What Next?

Under the captain of "Easy Existence of the Average Country Paper", the Elmore (Minn.) Eye in a recent edition editorially portrayed the editor's viewpoint on the existing conditions and the need of reconstruction:

"An invoice of our condition, following the recent and yet present strenuous times of war and reconstruction, discloses the fact that the newspapers are yet a great power for good despite the fact that we have been help up, held down, sand-bagged, walked on, sat on, flattened out and squeezed—first by the United States government for publicity for war tax, Liberty loan bonds, excess profits and income tax; for state, county and city highway tax; for auto tax and every other tax and syntax; and by every society and organization that inventive mind of man can invent to extract from the newspapers their stock in trade free for nothing; by the Society of John the Baptist, the G. A. R., the Woman's Relief, the Men's Relief, Relief for Stomach Ache; the Navy league, the Red Cross the Iron Cross, the Double Cross, and every other cross of all colors, until a newspaper looks like a Maltese Cross; by the Y. M. C. A., the Old Folks' home, the Children's home, the Aid society and every hospital in the country.

"The Government has so governed our business that we do not know who own it. We have been inspected, suspected, examined and re-examined, informed, required and commanded until we don't know who, where or why we are.

"All we know is that we are supposed to be possessed of an inexhaustible supply of 'hite space' for every known need, desire or hope of the human race, and because we will not give it all away and go out and beg, borrow or steal money to live on we are cussed, discussed, boycotted, talked to, talked about, lied to, lied about, held up, robbed and nearly ruined, and the only reason we keep grinding on and getting out the oil sheet is to see what in heck they'll ask for next."

Editor Gets Census Appointment.

J. A. Hilburn, editor of the Texan received the news first of the week that he had been appointed Census Supervisor of the Eighteenth Congressional district. The appointment was made by the Secretary of Commerce through the recommendation of Congressman Marvin Jones.

Mr. Hilburn's work will begin within a few weeks. He will recommend the appointment of some five or six hundred enumerators in the district, which is comprised of fifty-three counties. Each enumerator will be given thirty days to complete his work except in cities having a population of 2,500 or more, in which cases the enumeration must be completed in two weeks. The enumerators will in most cases be paid upon a per-capita basis, the rate of compensation

varying to meet the conditions in the different localities.

The supervisor has already received hundreds of applications for jobs from the various counties of his district and he expects to have little difficulty in getting capable assistants.—Shamrock Texan.

Life is very simple for the average man. All he has to do is to earn enough money to support his family, pay the wage-demands of organized labor, and profits to the employing corporations.—New York World.

Life Wisdom.

The wisdom of the wise and the experience of ages may be preserved by quotation.—Benjamin Disraeli.

Under all sorrow there is the force of virtue; over all ruin, the restoring charity of God.—Ruskin.

Think of your forefathers! Think of your posterity.—John Quincy Adams.

Before employing a fine word, find a place for it.—Joubert.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

ANOTHER RAILROAD SOLUTION ADVANCED

COMMISSION TO FIX WAGES AND COMMENSURATE RATES IS SENATOR'S PLAN.

Washington.—Establishment of a governmental commission or board, with powers to fix both railroad wage scales and transportation rates, is advocated by Senator Underwood of Alabama, a democratic member of the interstate commerce commission. Without disclosing whether he favored the interstate commerce commission as the proposed tribunal or discussing the Cummins bill's plans to prohibit strikes and lockouts of employees, Senator Underwood said the interests of the public, of capital and of railroad employees require such a plan. It is clearly within the right of congress, he declared, to create such an agency to determine wages as well as rates.

"Men will not strike," said the Alabama senator, "against the just decisions of the government. After a fair determination of the controversy by an impartial tribunal, public sentiment will force the contending parties to accept the verdict rendered as final. It must be done in the interest of the men involved, the industry of the people, and the peace of the nation."

"There is but one way out, in my judgment," he continued, "and that is to appoint a tribunal with the power to adjust these matters, which has the time to consider an opportunity to know the facts. Such a tribunal must not only have the power and be prepared to do what is right and just by the labor employed on the railroads, but must have the power and authority to see that property is not confiscated by its decisions."

"It is essential that the board or commission that is given the power to adjust the wage scale of the men must also have the power to reflect its findings in the rates charged for the transportation of persons and property over the railroads."

PRESIDENT WILSON STARTS ON SPEECH-MAKING TOUR

Starts His Tour of West and is Warmly Received by Large Crowds Everywhere.

Indianapolis, Ind.—President Wilson arrived in this city Thursday evening and made the second speech on his trip through the west in behalf of the league of nations.

He was escorted to the coliseum at the state fair grounds by a committee which included Gov. James P. Goodrich, Mayor Charles T. Jewett of Indianapolis; Thomas Taggart, former Governor Samuel L. Ralston, and Franklin McCrary, president of the Indiana branch of the league to enforce peace. Thousands of persons including many visitors to the state fair, crowded the streets and cheered lustily as the president passed.

Before a crowd that filled to overflowing the fair grounds coliseum with a seating capacity of 16,000, President Wilson made a forceful plea in behalf of the league of nations.

James P. Goodrich, republican governor of Indiana, in a brief address welcoming the president, said every one wanted a better understanding among the nations, but that every true American citizen also favored a strong nationalism. He pleaded for all parties to lay aside partisanship in deciding the issues of the peace treaty.

NEW PACIFIC FLEET IS FORMALLY REVIEWED

Forty-Two Battleships Make Naval Spectacle in San Francisco Bay

San Francisco, Cal.—A flag-stun covenant of protection, 42 gray giants of the American navy, steamed from their anchorage off Bolinas bay, north of San Francisco, and, piloted personally by Admiral Hugh Rodman, commander in chief, swept through the Golden Gate and passed the famous old battleship Oregon, the reviewing ship in a marine spectacle which thrilled a multitude of spectators. It was the review here of the new Pacific fleet before Secretary of the Navy Daniels and other national, state and municipal officials. In addition to those in the review, a train of nine supply and fuel ships later entered the harbor and cast anchor.

From every hill and structure overlooking the broad sweep of the harbor, countless thousands had gathered since early morning to view the pageant. Not since May, 1908, when the Atlantic fleet visited this port on its tour of the world, had San Francisco been spectator to a naval review.

Shawnee Telephone is Closed. Shawnee, Okla.—Officials of the Southwestern Bell Telephone company have left Shawnee, saying that they had made all advances to the telephone girls that they intended to make and that the exchange would be closed here indefinitely.

Harley Will Quit Post Oct. 1. Austin, Texas.—Adjutant General James A. Harley has tendered his resignation, to become effective Oct. 1. After that date he will make his home in San Antonio.

\$4,682,416 in Revenue Fund. Austin, Texas.—At the beginning of the new fiscal year there was a balance of \$4,682,416 in the general revenue fund, according to the statement prepared by State Treasurer John W. Baker.

STOCKMEN FAVOR PACKER REGULATION

TEXAS ASSOCIATION VEHEMENTLY DENIES IT IS OPPOSED TO PASSAGE OF MEASURE.

Washington.—Telegrams have been placed before the senate committee on agriculture tending to disprove the impression given before the committee that the Texas cattle producer was opposed to legislation along the lines of the Kendrick and Kenyon bills. Senator Kendrick offered a telegram from A. B. Roberson, vice president of the Cattle Raisers' association of Texas, reading:

"From my acquaintance among stockmen and newspaper reports I am convinced that most of those appearing before the committee in opposition to the Kendrick and Kenyon bills are not actual breeders of live stock. The propaganda being sent out by the packers is not creditable even to them. Their strenuous opposition to regulatory measures convinces me that the enactment of some legislation is necessary in order to restore public confidence in the industry and prevent a monopoly of the nation's food supply."

Senator Kendrick received a telegram from P. H. Landergerin of Amarillo, member of the Buyer's and Sellers' association, advising that he had telegraphed J. H. Avery, secretary of the organization, not to testify against the bills, as the association favors them.

Mr. Kleberg voiced his opposition to the legislation, venturing the belief that it would be harmful to the cattle industry, and based his opinion upon views from the standpoint of the producer and stated that a regulatory measure will prove impotent.

NO RACE AGITATION WANTED BY THE NEGROES OF TEXAS

Adopt Resolution Advising Troublemakers to Stay Out of Texas.

Austin, Texas.—Resolutions advising agitators who stir up strife between whites and negroes to stay out of Texas, and pleading themselves to help in the enforcement of law and order, were adopted at a mass meeting of negroes and whites held upon call of Dr. L. L. Campbell, negro moderator of the St. John's association. About 2,000 negroes were present.

There seems to be an organized effort springing from somewhere that would array the negroes against the whites of the south, the resolutions state. "The inconsistency of such a course is plainly shown by the northern negro himself, for while he seeks to estrange the whites and the blacks of the south, he takes good pains to stay on friendly terms with the whites of the north."

The resolutions then call the negro's attention to the fact that he lives in the south; that here he must hope for his success and that here he will find plenty of white friends who are ready and able to help an honest and industrious negro. "That we tender our services to the local and state authorities in allaying this nervousness and uneasiness now existing between the races," was embodied in a resolution.

PEACE TREATY TEXT GIVEN TO AUSTRIANS

Chancellor Renner, Head of Delegation, Leaves for Vienna With Terms.

Paris.—Chancellor Karl Renner, head of the Austrian peace delegation, has left for Vienna with the peace treaty which was handed to the Austrians recently. He indicated that he would probably ask for an extension of time, as the Austrian general assembly would meet Saturday and Sunday to discuss the terms. The supreme council, it is announced, will extend the time if Austria so requests.

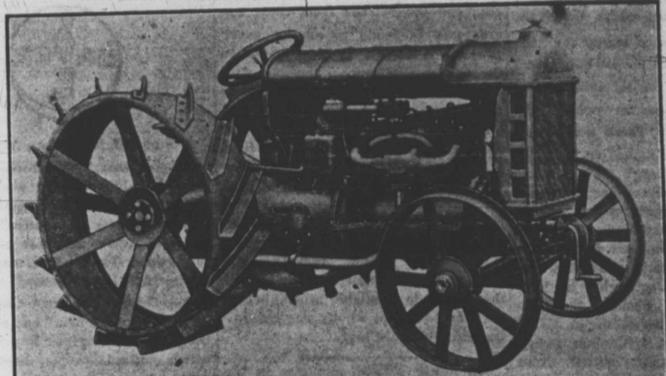

The treaty was presented to the Austrian delegation by Paul Dutasta, general secretary of the peace conference. He also handed them the allied reply to the Austrian counter proposals and a covering letter reiterating that Austria had precipitated the war by an ultimatum unacceptable to Serbia. It was set forth, however, that the allies were willing to assist Austria to adapt herself to her new situation and to admit her in the near future to the league of nations. The treaty was presented in French, English and Italian texts.

No official summary in which territorial changes in the peace treaty has been given, but reports from conference circles from time to time have indicated that several alterations in the original provisions were to be made. It has been declared unofficially, however, that the treaty did not provide for a settlement of the Fiume controversy at present, the inference being that Austria would simply be informed of the territory she would have to relinquish and that the disposition of this territory in certain cases would be left for subsequent adjustment.

King Gives People Crown Lands. Rome.—King Victor Emmanuel has decided to surrender all the crown properties in favor of the peasants and for national work for former soldiers.

Dallas is Association Headquarters. Dallas.—R. L. Strime, representative of the national campaign director of the American Cotton association, will establish headquarters in Dallas for organizing Texas, Oklahoma and Louisiana.

ANOTHER CAR LOAD

The Fordson Tractor

Our second car load of Fordsons came Tuesday and are now ready for you. **More are coming.**

If you want the most practical tractor on the market for the Panhandle farmer get a Fordson. But in order to be sure of the tractor, come in and place your order at once. This load will not last longer than the first one.

Ask any man who owns one. Visit some of the farmers who are using them today, and you will then give us your order.

Consider the bearings, the simplicity of this machine. All is in favor of the Fordson.

Come in and see us about it today. There was never a time when Randall County farmers needed the Fordson tractor more.

A. E. WISE, Manager.

Vacation Days.

A healthful vacation, to get away from home and business, a change of climate and environment, is a very necessary mental and physical tonic for the hard-working American, says the United States Public Health Service.

But where to go and what to do is a problem. Hundreds and hundreds of people every year take bag and baggage and go away to rest-up and recuperate. They return broken in health and spirit because the place they selected was insanitary, beset with flies and mosquitoes and the drinking water polluted. Or they go off into the wilds, ignorant of camp sanitation and first aid treatment and fare equally as bad.

To guard against this the Public Health Service has published a little book, "The Safe Vacation", designed as a guide in the selection of a resort and as a companion wherever it might be necessary to render first aid to the injured. It points the way to a vacation that will be healthful and sets down a number of rules of sanction to be borne in mind.

The booklet also contains a brief, but necessary chapter on first aid. It illustrates and explains rescue and

resuscitation of the drowning, treatment of minor wounds and hurts, snake bite, sun burn and poison ivy. In addition it sets down some rules for bathing, which if observed, would make drowning remote.

No mention of resorts is made. The seashore, mountains, or the country are equally beneficial, provided the resort itself is sanitary. The book simply tells one how to avoid the things that make the vacation dangerous to the health.

The Way It Works.

Years ago, when the cracker trust was being formed, the propagandists said that by combining a number of small factories into one large one, the products could be put on the market cheaper. At that time soda crackers sold at six cents a pound by the 25-pound box. Now you can buy eight ounces in a carton for twenty cents, or a whole pound in two cartons for forty cents. And if you get a piece of the box in your mouth by mistake you will hardly know that you are not chewing a piece of cracker.—Ft. Sumner, (N. M.) Review.

A strike a day keeps fair prices away.—Chicago Daily News.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt!—Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

The Randall County News

Incorporated under the laws of Texas

C. W. WARWICK, Managing Editor

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

The brotherhoods claim that the high officials are to blame for the deplorable railroad conditions. Let's see. This week we received a shipment of print paper on which the News is printed. There were twenty bundles of 100 pounds each. Not a bundle came through with a whole wrapper. Several of the bundles were badly damaged, showing gross carelessness in handling. Every shipment during the past few months has been in this same condition. No railroad president or higher up handles the paper. Besides, the time taken in getting seven shipments of paper from Dallas to Canyon during the month of August varied from fourteen days to twenty-one days. Two years ago shipments never took more than six or seven days. That was before the brotherhoods undertook to run things. And again, no higher official has been setting out cars of live stock between Canyon and Kansas City market. The brotherhoods cannot pass the buck to the higher ups on this kind of stuff. There is not a shipper who cannot tell stories of maltreatment by the men of the brotherhoods. These fellows feel that they hold the balance of power and being in position to demoralize business in the United States by a strike, they continue to do as they please. Just how long are the people going to stand for it?

The Commissioners Court is to be commended for having made arrangements for a County Agent for twelve months of the year, instead of employing one to divide his time between two other counties. The County Agent last year saved the farmers and stockmen of Randall county enough money to pay his salary for the next forty years. He may not be able to do such spectacular work during the coming year as it is sincerely hoped that Randall county will not be called upon to face such a severe winter as last, but by devoting all of his time to Randall county, he can be of untold good every year. Mr. Walker, who will take over this work, is known to a large percent of the people of Randall county. They are highly pleased that he is to be with us on the work, and pledge their hearty cooperation in everything attempted for the betterment of Randall county.

Two visitors in Canyon were overheard the other day discussing our city. Both were high in their praise of Canyon and the wonderful possibilities that confront the city. "Its the coming town of the Panhandle," said one. "I believe it," replied the other. "That is why I am coming here to buy a home for my family." It put us to wondering whether we, the residents of Canyon during the past number of years, realized the wonderful possibilities that were in store for our town and whether or not we were doing our best to make this the best town possible. Every citizen of Canyon should reflect on this bit of the above conversation, and then get busy, doing his part to make these men realize that they are making no mistake when they pin their faith so strongly on Canyon as the coming town of the Panhandle.

The lack of efficiency among government officials is certainly appalling. Last week a man representing the War Savings department visited the News office. When we told him that five copies of each bulletin sent out by the Treasury Department or War Savings Stamps were coming to The News where only one was needed, he smiled and said the department might stop four of them if their atfered no assistance in saving the governer no assistance in saving the government this money.

The war has taught us a great many things, among them to find substitutes for leather. Heretofore the skin of land animals has been used altogether, but the war stopped our imports of 700,000,000 hides, and to supply the deficiency stations have been built off the coast of South Carolina and Florida for the taking of sharks, porpoises, rays, dogfish etc., and the leather from these sea creatures is found to answer every purpose from the lightest glove to the heaviest belting. Nothing goes to waste, the meat is either eaten or used as fertilizer. Various kinds of oil come from them, some medicinal as Cod-liver oil, others sell for fifty dollars a gallon, and are used for watches. Even their blood is used for making a water-proof glue. And the intestines that cannot be worked up into leather are used for string instruments, tennis rackets, etc. Thus the inexhaustible stock of leather is made available which before the war had been wholly neglected.—Quannah Tribune-Chief.

All newly settled countries in the West are always set out to black locust trees, and the history of the tree is the same. You can follow it thru all the states of the Mississippi Valley. The tree makes a fine growth and a splendid grove but sooner or later the borers get into them, and the years of effort are wasted. Sometimes the borers get to work in three or four years and sometimes they do not appear for ten or fifteen years like the Amarillo park has done. There are several good semi-arid climate trees that grow on the Plains and are immune from the attack of borers. Among them are the honey locust, which really makes a better tree than the black locust, and the Russian mulberry.—Canadian Record.

Rev. B. F. Fronabarger has in this issue of the News a communication that every citizen of Canyon should read. We have been talking for a number of years about improving Canyon as a place to live. There are some vital things before our people right now that must be attended to, if Canyon is to be what she should be. The News trusts that every man in Canyon interested in the welfare of Canyon and Randall county will get behind the paving, the sidewalk building and church building projects. To further procrastinate is simple to kill the healthy growth that Canyon wants to make.

Amarillo is to have a new daily paper. R. H. Nichols of Vernon and Eugene Thompson of Dallas will have charge of the paper. A stock company with \$100,000 capitalization has been formed in Amarillo among the leading business men. It will be called the Evening Record. Both of the gentlemen are highly qualified for their new job and if a newspaper will succeed in Amarillo, the Record is bound for success.

The practicibility of a hard surfaced road between Canyon and Amarillo is growing upon the people of Randall County. Canyon would derive as much good from the road as Amarillo. The project can be financed. There seems to be no reason why the road should not be finished up after that present contract is completed.

Canyon needs sidewalks almost as badly as she needs paving. Get busy now with sidewalk building. Get in your walk before the bad weather sets in. A complete walk should extend the entire length of Houston and Evelyn Streets, on both sides, and the cross streets are greatly in need of walks. Sidewalks are not an expense, but a wholesome investment.

The Hereford Brand announces this week that contracts have been let for three new test wells in Deaf Smith county. The popular sport of the day is drilling for oil in the Panhandle.

It's a cinch, if you don't want to sell your property in Canyon, better not put a price on it.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Canyon will have a county fair on September 27. Every producer should begin now to lay aside the best of his samples to bring to this fair. The best of the exhibit will then be shipped on to the Dallas Fair. Let every one in Randall county plan for a big county fair.

"Put up or shut up" may not be a dignified way for a President of United States to talk to his opponents, but it is a command with true American punch. But his opponents are so constituted that they are likely to do neither until the people get after them.

Randall County will have a county fair on September 27th. Save those samples now and bring them in for the fair. Mr. Walker and Miss Harris are working hard to make this county fair a great success. Help them.

America paid a fitting tribute to General Pershing in New York. As a leader of his men, Pershing stands out with the great generals among the allies, and America may feel justly proud of him.

Miller & Hilburn, publishers of the Plainview Herald, are going to start a newspaper in Lubbock. These gentlemen are live wires and publish one of the finest newspapers on the Plains.

Canyon needs more houses and needs them now. Build a home at once.

NO PLACE FOR TEACHERS. We note that a number of the Plains towns besides those where oil booms have sent the rents sky-high, are having difficulty in finding lodgement for their teachers, while those where tests are being made are having a still worse time.

At Vernon, room rents have ascended to such a height that the teachers cannot pay them, rooms that formerly rented at eight and ten dollars now being held at twenty dollars a month. The same thing is evident in Amarillo, as much as twenty-five dollars being asked for rooms almost everywhere and more when they are close in. At that, rooms are very hard to find and apartments consisting of two rooms and a kitchenette have been raised by their owners to seventy-five dollars per month.

Such rents are exhorbitant and something should be done to the profiteering landlords as well as to the profiteering merchants. The city is losing many desirable citizens by reason of their being unable to pay such high rents and it begins to look as though the schools would have to be suspended until the profiteering mania has subsided. It is certainly a fine commentary on our citizenship when they gouge the teachers for such rents and still do not raise their salaries so that they can pay them. If ever any class of laborers had a grievance which warranted a strike, it is the teachers of our public schools.

If the present trend continues, the time will come when it will be necessary to have teacherages for the city as well as for the rural districts. And, really, it would not be a bad idea for school boards to be considering this proposition. It might help solve both the problem of securing teachers and that of caring for them after they are secured.

Grove's Tasteless chili Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 50c.

The Newly Designed Dresses For The Fall Season

Though a slight change is noted in the silhouette of the fall styles, suggested by draped effects at the hips, strictly speaking there is no radical departure from the straight lines of the form from the familiar American model. Simplicity in cut is contrasted by a perfect riot of richness in brodered, braided and buttoned novelties in trimming, while a slight departure to French ideas is seen in the lines of the returning coat dress. But as will be noted in the number of models we show, endless variety of design most becomingly overtakes the unity of figure line in new dress fashions for fall.

Made of Satins, Kittens Ear Silk, Crepe Meteor and other alluring fabrics, these garments in such a variety and assortment will make the task of selecting a pleasure.

Prices, too, will appeal as moderate, in view of the high value offered. Priced from \$23.75 to \$60.00

Moore, Mathis & Co. Amarillo, Texas

Oil Field Playing Out.

Ben O. Sanford is here visiting relatives. He will take his wife and child back to Wichita Falls.

He is drilling wells in the Burk Burnett field and says he is doing well, but that the field is playing out rapidly, and unless new territory is opened up soon the drillers will leave. He is planning to possibly move his

drilling outfit to Louisiana.

He says it is estimated that not one stockholder out of a thousand in the Burk Burnett field has received a dividend of any kind from the money he invested. Some of those who were and are in the organization of the companies and were on the field in looking after the business have made money. Thousands of people have

been trimmed to a finish.—Plainview News.

Supply and demand used to make better prices than modern suppliers and their demands.—Boston Herald.

Those Senators who put their faith in reservations never engaged a Pullman section in advance.—Greenville (S. C.) Piedmont.

THE NEW HART-PARR

SPECIFICATIONS
Power—pulls three plows, 30 H. P. on belt.
Motor—2 cylinder twin, 4-cycle. Valve in head.
750 R. P. M.
Tractor Frame — Cast steel, one piece. No bend, no twist.
Carburetor—Dray Kerosene shunt.
Bearings—S. K. F. Ball and Hyatt.
Speed—Two forward, one reserve.
Transmission — Selective sliding gear.
Cooling Device— Honeycomb radiator—shaft-driven pump and fan.
Lubrication — Fresh oil, force feed.
Weight—5158 lbs.
Price—\$1,395 f. o. b. factory.

HARNESS THIS POWERFUL LITTLE TRACTOR TO YOUR HARVESTER JOBS

Flies, hot weather and long hours don't worry it. It cools perfectly in the hottest weather. It works from Sunrise to Sunset and never gets tired.

PACIFIC FLEET HAS BIG GUNS

Powerful 14-Inch Batteries Formidable Feature of Western Squadron.

DID GREAT SERVICE IN WAR

Big Naval Guns Mounted on Railway Carriages Were Strong Factor in Reducing the St. Mihiel Sector.

San Francisco, Cal.—Not the least interesting feature of the new Pacific fleet is the 14-inch guns, 12 of which are mounted on Admiral Hugh Rodman's flagship, the New Mexico, and several other ships of the fleet.

Design and construction of the 14-inch naval gun on railway mountings on the western front was one of the great accomplishments of the American navy during the war. The guns hurled 1,400-pound projectiles far behind the German lines, and were a strong factor in reducing the St. Mihiel salient.

Built in Record Time.

The gun was designed, built and delivered in less than four months. On December 26, 1917, according to Secretary Daniels' official report, not a drawing had been started. On April 25, 1918, a completed gun was rolled on its own wheels to Sandy Hook proving grounds for long-range tests.

The guns, Secretary Daniels said, originally were intended for the new battle cruisers, but a change in design of the vessels made the guns available for other use, and it was recommended they be mounted for land service.

The guns were mounted on carriages which could be moved freely over the French railroads. With them went their naval crews. Twelve cars were required for each gun—machine shop cars, armored ammunition cars, kitchen, berthing, crane and wireless cars. The batteries were sufficiently mobile that if an order came to move while in action, they could be on their way in an hour.

Greatest Range of Mobile Guns.

The 14-inchers had greater range than any gun ever before placed on mobile mountings. The German guns which fired on Paris were "freaks." They were built on permanent steel and concrete foundations. Their projectile was small and specially built for long flight. This reduced their efficiency and while they had moral effect, their military value was small. Because of their permanent position their location was discovered by allied aviators and the guns silenced.

The German 15-inch gun in Flanders also became famous for its long-range bombardment of Dunkirk and other allied bases, but neither could be shifted from base to base without delay of weeks. The American 14-inch gun could move from one end of France to another and had a range of 30 miles. At range of 22,000 yards it pierces armor successfully.

HARD TO SAVE IN BOLIVIA

South American Salaries Are Higher, But Also Living Cost, Writes Youth.

Santa Fe, N. M.—Saving money is a much harder task in South America than in the United States, despite the higher salaries paid there, says Eugene Lujan of Santa Fe, who recently resigned his position as clerk of the American legation at La Paz, Bolivia.

In a letter to his father young Lujan points out that, though one can earn more in South America than in North America, the cost of living is higher. Shoes which sell for \$6 in the United States cost \$12 in Bolivia. Board and room amount to \$80 a month, laundry at least \$12, and everything else in proportion.

"Although Spanish is the official language," Lujan writes, "there are many dialects, for the population is considerably mixed. We have Ayamaras, who are pure Indians; the Cholos, or half-breeds; the Bolivians, the English, the French and the Germans."

PROBE CLAIM TO AGE OF 130

National Geographic Society Will Investigate Case of Kentucky Patriarch.

Louisville, Ky.—The National Geographic society has been asked to investigate the claim of John Shell, a mountaineer of Leslie county, Kentucky, that he is one hundred and thirty years old. Shell's neighbors corroborate the statement concerning his age. Shell has nine children. He says the oldest is ninety years old. He is said to have 200 descendants in his home section, several being great-great-grandchildren. The mountaineer, who claims excellent eyesight, steady nerves, and general good health, attributes his long life to outdoor living and temperate habits.

Replica of Lincoln's Cabin.

Richmond, Mo.—A replica of the log cabin in which Abraham Lincoln was born is being built here. The house, 26 by 38, with porches and chimneys, is an exact reproduction of the famous cabin, even to the bark of the logs.

However, there is a difference. The logs are made of concrete and covered with bark, as are the slabs for the roof and the porch.

SUPERINTENDENT OF ROADS BELIEVED IN ADVERTISING

Straightened Out Six Months Trouble Through Reading Ad.

J. A. Carr, County Supt. of roads, tells how, after six months of back-ache, he read an advertisement for Doan's Kidney Pills and found the remedy he needed. He says:

"For six or eight months I had some trouble with my back and kidneys. My back was sore and stiff a great deal of the time and mornings when I first got up it was especially so. My kidneys were very weak and acted entirely too often. I saw Doan's Kidney Pills advertised with such good results that I began using them. Right from the start I was relieved and they seemed to fix my kidneys up and relieve me of all the soreness in my back."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Carr had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MISTAKES EX-GOVERNOR OF TEXAS FOR A HOBO

A certain woman happened recently to be touring the oil fields and saw a very dejected and dirty looking man leaning against a fence.

The woman being kind hearted said to herself: "Here's a poor fellow who needs help." She got out of the car, went up to the "poor fellow" and said, "My poor man you look down on your luck, here's a dollar to get yourself a shave and something to eat."

The "poor man" looked up and said, "Madam, I thank you for your kindness, I admit that I need a shave and something to eat would be very acceptable, but it is impossible for me to get either today as I am waiting for my well to come in and I can't possibly leave; however, I would like to keep this dollar as a souvenir."

Then he departed leaving the woman with her mouth open and out a dollar.

The "poor man" was none other than O. B. Colquitt, ex-governor of Texas.—Texas Oil Ledger.

Miss Emma Lee-LeGrande visited friends for a few days in Canyon, this week.—Hereford Brand.

Miss Edith Rayzor went to Canyon Thursday for a short visit with friends.—Hereford Brand.

Facts About Cancer.

Cancer is unquestionably increasing throughout the world.

At the beginning cancer is usually painless and difficult to detect.

At its first small growth it can be safely and easily removed by a competent surgeon.

Cancer is not a constitutional, or "blood" disease.

Cancer is not contagious.

Cancer is, practically speaking, not

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel! E. J. Reynolds Tobacco Co. Winston-Salem, N. C.

18c a package

CAMELS are the most refreshing, satisfying cigarette you ever smoked! Put all your cigarette desires in a bunch, then buy some Camels, give them every taste-test and know for your own satisfaction that in quality, flavor, smoothness and in many other delightful ways Camels are in a class by themselves!

Camels are an expert blend of choice Turkish and choice Domestic tobaccos. You'll not only prefer this blend to either kind of tobacco smoked straight, but you'll appreciate the remarkable full-bodied-mildness and smooth, refreshing flavor it provides! Camels are a cigarette revelation!

Camels win you in so many new ways! They not only permit you to smoke liberally without tiring your taste but leave no unpleasant cigarette aftertaste or unpleasant cigarette odor!

Compare Camels with any cigarette in the world at any price! You'll prefer Camel quality to premiums, coupons or gifts!

Camel CIGARETTES

Kindergarten at the Normal.

That kindergarten education is becoming very popular throughout the country is more and more evident from day to day. The demand for kindergarten teachers is growing rapidly and the board of Normal Regents decided last spring to open departments for kindergarten training in the various Normals of Texas. Accordingly the last legislature made appropriation for the establishment of such a school at the West Texas State Normal College.

Great difficulty has been encountered in finding a teacher with the proper training and experience for this work, but President Hill feels that he has been exceedingly fortunate in his selection. Miss Edna E. Haines, at present with the Oberlin Kindergarten Training School, Oberlin, Ohio, will have charge of this work. Miss Haines has had one year in Ohio State University, two years in Oberlin Kindergarten Training School from which she has a diploma, two summers in Chicago University, one year in Teachers College Columbia University, where she received her B. S. degree, and one Summer of post-graduate work at the same institution.

She was for five years supervisor of Kindergarten at Sheboygan, Wisconsin, and for three years has been on the faculty of Oberlin Kindergarten Training School. She has also taught summer terms at the Milwaukee State Normal and the Kent (Ohio) State Normal. Her work is highly praised by all who are in best position to know its worth.

A room will be set apart in the Normal building for this department and the work will be organized by and under the direction of Miss Haines.

There will be no tuition fee for the coming session and applicants will be admitted in the order of their application to Prof. M. B. Johnson.

Post Office Building in Lubbock.

This week work commenced on the new postoffice building which will be constructed on the C. R. Naler lot, directly adjoining the Western Windmill Co., building on South Cedar St. This building we understand, was to have been completed by the first of October, but as it will require about sixty days to build it, occupation may not be affected on this date. At its completion, we understand, the postoffice will be installed immediately.—Lubbock Avalanche.

Ex-Senator Bailey and Some History.

The Star-Telegram:

As I supported Ex-Senator J. W. Bailey in 1908 when he needed friends and as I am today his personal friend, may I not publish a part of his public record without prejudice?

Bailey opposed Cleveland and the gold standard. Both won out.

Bailey opposed the nomination of Bryan. He was nominated.

Bailey opposed Federal Savings Banks. We have them.

Bailey opposed parcel post. We have it.

Bailey opposed the child labor law. It was adopted.

Bailey opposed the pure food law. We passed it.

Bailey opposed the fussy match bill. It is law.

Bailey opposed free raw material. We have that.

Bailey opposed the Panama Canal. Ships sail through.

Bailey opposed the Federal reserve banks. They are here.

Bailey opposed the ejection of the notorious William Lorimer from the U. S. Senate. He was cast out.

Bailey opposed the selective draft. It was adopted.

Bailey opposed our going to war against Germany. We went and won.

Bailey opposed the submission of the prohibition amendment. It was submitted and ratified by forty-five States.

Bailey opposed the submission of the suffrage amendment. It was submitted and will no doubt be ratified.

Bailey opposes the League of Nations. It will certainly be ratified and make devastating war impossible.

Bailey opposed the nomination of Woodrow Wilson for President. Woodrow Wilson was nominated and elected twice and today the world considers him the biggest and greatest man on earth.

Bailey opposed the nomination of the elegant gentleman and statesman, Morris Sheppard. Morris Sheppard was nominated and elected at the same time that the Honorable Robert Lee Henry "also tried to run."

Bailey opposed Cyclone Davis when he first entered the race for Congress. Cyclone went to Congress and made a record.

Bailey favored Alton B. Parker for President. Parker got the worst beating of any man who ever ran on the Democratic ticket.

Bailey favored Poindexter for Gov-

ernor. Poindexter lost.

Bailey favored Ramsey for Governor. Ramsey was defeated.

Bailey favored Thomas Ball. Ball went down before Ferguson.

Bailey favored Charles H. Morris for Governor. Morris got left.

At this time I cannot recall a single measure of constructive statesmanship ever favored by the Senator, except that he did scump the State for State prohibition in 1887 and lost the battle for us by nearly 100,000 majority.

I forgot. Senator Bailey was an ardent advocate of the "free and unlimited coinage of both gold and silver at the present legal ratio of sixteen to one without the aid of any other government." I am sorry to say that the Senator and I lost on this for he and I both KNOW we were right then.

Judging the future by the past the attempt of the great ex-Senator will again fail in his effort to disrupt the old tried and true Democratic party.

This is the day of progress and reform and the people are not going to be led back into the graveyard of the dead by our big ex-Senator and repudiated ex-Governor.

—RICHARD POTTS.

Dallas, Texas.

Railroad Incorporated.

Articles of incorporation of the Panhandle Short Line Railway Company of Dalhart were approved by the Attorney General Friday, in Austin.

The charter specifies that the road shall run from Dalhart through Dalham, Hartley, Oldham, Deaf Smith, Castro, Lamb, Hale and Lubbock counties to Lubbock. This route covers a distance of 200 miles.

The capital stock of the company is \$300,000. Incorporators who are also directors, are Wichita Falls men. They are E. G. Cook, W. R. Ferguson, C. O. Vernon and others.

If you are to discuss present problems intelligently you should know what capitalism really is. "Capitalism," says The News Republic, "is not a system; it is not a community of interest and action; it is merely a regime like the hypothetical matriarchate, unfitted only in the logic of its philosophical critics."—Chicago Tribune.

Repeal of the daylight-saving law does not surprise us. Anything in the nature of saving seems to be distinctly distasteful these days.—Philadelphia Inquirer.

The West Texas State Normal College

CANYON, TEXAS

The West Texas State Normal College is nine years old, having opened its first regular session September 20, 1910. During this short time more than 5,000 people have received instruction here. Beginning with a student body of some 200, the summer session just closed had an enrollment of 780 and the total enrollment for the year, including regular summer term, is 1353.

The West Texas State Normal College has a faculty of 46 specialists. These men and women have been selected with special reference to their ability as educators and are recognized leaders in their respective fields. They are big of mind and large of heart and easily find their way into the lives of the young people they teach.

The West Texas State Normal College offers instruction in Agriculture, Art, Biology, Bookkeeping, Chemistry, Commercial Law, Domestic Art and Science, Education, English, Expression, French, Government, History, Latin, Manual Training, Mathematics, Music (piano, voice, band, orchestra, public school), Physics, Sociology, Spanish, Stenography, Typewriting.

The West Texas State Normal College maintains a Kindergarten and Training School for children, under the direction of educational experts. This school furnishes to prospective teachers, opportunity for observation and practice teaching.

The West Texas State Normal College has a standard college curriculum leader to the various kinds of teachers' certificates and to B. A. and B. S. degrees in Education.

The West Texas State Normal College offers scholarships annually to the honor students among young women and to honor students among young men in the graduating class of each fully affiliated high school. These scholarships exempt the holder from all incidental fees.

The West Texas State Normal College offers annually one scholarship, worth \$100, to students who have completed with high rank a two- or three-year course in a Normal College.

The West Texas State Normal College has the best individual schoolhouse owned by the State of Texas. Plans are now being made for the erection of a fire-proof boiler-house and metal shop at a cost of \$30,000, and a handsome, fire-proof dormitory for girls at a cost of \$150,000.

The West Texas State Normal College believes in all that is high and holy in our Christian civilization and seeks always to environ our boys and girls with the most wholesome influences. It is our purpose to evade dogmatism and to enthrone spiritual understanding.

The West Texas State Normal College charges no tuition and furnishes free text-books. An entrance fee of \$15 is the only cost. This is the people's school and its advantages are as wide open as possible.

The fall term will open September 26.

For full information write the undersigned.

CANYON, TEXAS

Three Per Cent for Advertising.

The most successful and experienced business men have in their councils decided that nothing less than 3 per cent of their gross sales is adequate for a verile advertising appropriation. Such men have reduced advertising to a science and have solved the matter of the correct advertising expenditure. The experience of these men shows that advertising on such a basis constantly increases, because their business is built up by the advertising, therefore the advertising appropriation constantly becomes larger. The Coco Cola company spends half a million dollars a year on a five-cent seller, which sum is to be increased as their business builds still larger. Many of the great department stores spend a million dollars per year for publicity. Any number of the great concerns of America spend that much every year, and in the last five years a very large and constantly increasing proportion of this money is being spent with the county weeklies, like The News. If you are not spending 3 percent of your gross sales for advertising, you are not giving your business a square deal, nor can it grow as fast as it is entitled to.—Clarendon News.

and every second of an employee's time is charged against the particular job he is employed on. When he picks up the copy for a job he punches a time clock and when he lays that ticket down again he punches out on the job-on the clock, thus keeping an accurate record down to the second as to the time cost on the job, and enabling the firm to estimate from a most complete cost system just what a job costs even down to the fraction of a cent. A printer's time cost in Chicago is \$2.48 an hour, and that is what they figure the cost of work on. There are two or three good morals in this. In the first place the time of \$2.48 an hour in the city shops for work gives the country printer who thinks work in his shop is worth only about fifty cents an hour something to think about. It also gives the fellow who thinks job work prices in a country print shop are high a chance to compare the prices with those in the largest mail order concern in the world. The fact that they put such a large investment in a printing plant is a strong object lesson to the modern merchant who doesn't think there is any virtue in advertising the goods he has for sale.—Canadian Record.

is held as cheaply now as under the worst of the old regime.

There is small encouragement in this report for those who would bring class warfare to America. Every indication is that bolshevism is burning itself out. The process may take time, but it is sure. In the long run, a civilized society cannot be maintained without the cooperation of those brain-workers whom the Leninists are trying to suppress by starvation and machine guns.—Chicago Journal.

Many Cattle Being Dipped.

W. L. Harrel was a caller at the News office the first of the week. He states that in two days last week 4,718 cattle were dipped at his vat twenty-seven miles southwest of Clayton. These were made up principally of small herds and there were no deaths resulting from the dipping. This is an extraordinary record. Rixey Brothers, who have a vat three miles from Clayton, dipped 2,500 head of cattle on Tuesday and Wednesday of this week.—Clayton (N. M.) News.

Corn Is Getting Taller.

R. Bateman of Canton was in this week with some of the season's finest water melons. They were extra large and of the finest flavor. Mr. Bateman says his crop is splendid this year, and that he has corn 15 feet high.—Taiban (N. M.) Valley News.

Likes The Plains Best.

W. Y. Terrill reports the purchase of a quarter section of land from W. T. Brite. This land adjoins his home place and will enable him to operate an ideal little stock farm. Mr. Terrill left New Mexico one time in search of more ideal conditions, going clear back to Nebraska, but he now candidly admits that New Mexico is good enough for him.—Melrose (N. M.) Messenger.

You can pick up almost any newspaper and discover that food-prices are coming down in some other community.—Greenville (S. C.) Piedmont.

The Sears & Roebuck mail order firm is accorded in the printing fraternity as having one of the best and most complete printing plants in the world, and many printers place it as the very best. Printer's ink pays and that is why this firm has built and equipped so complete a plant. A Chicago visitor in the Record office recently stated that they employ about three hundred printers and own the best printing machinery manufactured. Every foot of space in their plant is utilized some way

As Gorky Sees It. Probably not even the most extreme parlor radical will accuse Maxim Gorky of "bourgeois" leanings, but the picture which that famed revolutionist gives of the workings of bolshevism in Russia is as unflattering as any that a "capitalist agent" has printed. Gorky declares that the Russian people are hungry and often starving; that bitter strife is developing between skilled and unskilled workers; that the railroads are paralyzed; that thousands of "proletarians" are being held in prison by the proletarian dictatorship, and that human life

LOCAL NEWS

Mr. and Mrs. C. O. Keiser and daughter, Miss Phyllis, left Saturday for Denver, where Miss Phyllis will attend school during the coming year.

W. C. Brady of Texarkana was a business caller in the city Tuesday. He is a dealer in tractors, and is looking for a great business in the Panhandle this year.

Rev. A. B. Haynes was in Hereford Sunday where he preached at the Presbyterian church.

J. M. Vetsch has moved his family to the residence he recently bought of S. B. Lofton.

Mr. and Mrs. S. B. Lofton are leaving this week for their new home in California. Mrs. Lofton will go by train. Mr. Lofton, accompanied by John A. Wallace left Tuesday in his car to drive through. They are going up through Colorado, and should they find a desirable location in that state, may remain there.

Grant Belles returned Tuesday from a three weeks visit with friends and relatives in Iowa.

I. N. Trimble, and son Dr. G. C. Trimble and family have returned to their home at Montezuma, Iowa, after visiting at the Belles home.

Don't forget the sale at the Bingham farm Saturday, Sept. 13.

Mr. and Mrs. G. G. Foster left yesterday, driving through to Trent to visit at the home of Mrs. Foster's parents, Mr. and Mrs. D. Steen. They were accompanied by their son Gray Dean, who goes to Colorado to teach in the public schools. E. F. King, formerly superintendent of the Canyon schools is now superintendent of the Colorado schools.

J. C. Coker arrived in the city yesterday and will remain here for nearly a month looking after his interests west of the city. He has part of his place leased to Mr. Baggarly, who is also looking after Mr. Coker's cattle. Mr. and Mrs. Coker are living at Uvalde, Texas.

H. Bethurem of the south part of the county was in the city Thursday on business, and called at the News office to shoot his date tag up for another year.

J. T. Holland of Canyon spent Sunday and Monday visiting his daughter Mrs. T. H. Stewart.—Lockey Beacon.

Mrs. W. E. Johnson was operated upon last week in Amarillo, and is getting along very nicely. Walter had a good sale week ago Saturday. Everything sold well. He and Mrs. Johnson will leave this fall for Cooley, Arizona, where they will make their future home. The people of Randall county regret very much that they are to leave here.

J. M. Rockwell and son, Lieut. James Rockwell, of Houston, visited Saturday at the C. R. Burrow home. Mr. Rockwell formerly owned the Canyon Lumber Company until sold during the past year to C. R. Burrow. He has been coming out here during the past quarter of a century looking after conditions, and couldn't resist the temptation of making Canyon a call although he has no business interests here now. Lieut. Rockwell recently returned from France.

R. McGee has bought an Overland car from J. M. Vetsch.

President J. A. Hill and family and H. W. Morelock and family are leaving today for Las Vegas, N. M., on a week's outing.

R. McGee received a message yesterday that his father was very ill at the family home in Missouri. Mr. McGee expects to be called home any day.

Ben Gatz was in the city yesterday from his place in the southern part of the county. He is going to have a sale on the 20th of this month and will go back to his old home in Nebraska. He is not selling his land and it is pretty safe bet that he will be back to Randall county within a short time.

Miss Hattie Poe left Sunday for her school work in Floydada.

Miss Imogene McIntyre is visiting with relatives in Tulia this week.

LOCAL NEWS

E. S. Caffey of Big Sandy was in the city Friday looking for Panhandle farm and ranch lands.

Miss Emily Brooks spent last week in Amarillo with friends.

Mrs. Charlie Quillin of Lubbock was the guest last week of her sisters, Mrs. Jennings and Mrs. Wirt.

U. S. Guber and family left Sunday afternoon for Amarillo where they will make their future home.

Mr. and Mrs. E. J. Brand of Hereford were the guests of Mr. and Mrs. C. N. Harrison last week.

Miss Agnes Goode left Sunday for Hartley where she will teach.

Thos. C. Simms of Grandville, N. M., has returned to Canyon to make his future home. Mr. Simms bought the T. E. Money five-acre tract and residence north of the depot some time ago.

Mrs. L. D. Chaplin left Wednesday for her home in Oakland, Calif., after a few weeks' visit with her mother Mrs. Levi Angel.

Mr. and Mrs. N. E. McIntyre had as their guests last week, Mr. and Mrs. Claude L. Gas of Ringgold, Texas, and D. R. Gas and daughter, Miss Dimple, of Hereford.

R. O. C. Brumley and daughter, Miss Vivian, were Hereford visitors last week.

Misses Winnie and Algie Hodges of Silverton were the guests of Mrs. S. B. McClure last week.

T. F. Burke of Tulia has moved into the J. T. Holland home which he recently bought.

Don't forget the sale at the Bingham farm Saturday, Sept. 13.

Mrs. Levi Angel and daughter, Miss Irene, were shoppers in Amarillo last Saturday.

C. D. Coffee drove to Amarillo Sunday for Mrs. Coffee and son, who were visiting in Amarillo last week.

Miss Ira Cochran has gone to Glazier where she will teach this year.

Dr. and Mrs. Ingham, Mrs. Joe Gamble, and George Ingham spent Sunday in Amarillo with friends.

Oscar McCoy of White Deer visited friends in the city last week.

L. Williams and daughter, Miss Zallie, of Amarillo, were the guests of Mrs. John Knight last week.

Miss Dana Lancaster leaves this week for Ralph where she will teach this year.

Miss Elvora Cochran has gone to her school work near Dumas.

Omer Hensley of Amarillo visited over Sunday with home folks.

Mr. and Mrs. R. O. C. Brumley and daughters, Misses Dixie Lee and Vivian, were Amarillo callers Saturday.

Miss Mary Dorcus Cullum left Saturday for Friona where she will teach in the high school.

Mr. and Mrs. Art Jeffries of Amarillo were the guests of Mrs. Everett Conner Sunday.

Mrs. Foy, Elbert and Miss Peggy Foy, returned from a week's visit with friends in Ralls Friday.

Mr. and Mrs. Ed Cole will leave in a few days for Snyder where they will make their future home.

Joe Gamble has gone to Kansas City with a bunch of cattle.

Jess Pipkin and wife will leave this week for their home in Eastland, after a week's visit with relatives.

Miss Amelia Fickey has gone to Friona where she will teach this year.

Miss Mary Bourne of Hereford was the guest of friends in the city last week.

Miss Ruth Hood has gone to Hedley to take up her school work there for the winter.

Mrs. R. R. Sherwood of Wellington was the guest of Mrs. L. F. Sheffey last week.

Miss Mattie Kirk of Hansford is the guest of Miss Ura Crawford.

Miss Erna Guenther left Sunday for Dumas, Texas, where she will have charge of the primary department.

Mrs. Wayne Bentley of San Antonio is here visiting friends and relatives. She will visit her parents at Springlake before returning to San Antonio for the winter.

LOCAL NEWS

Miss Nannie Johnson of Amarillo spent Sunday at the parental B. T. Johnson home.

Gary Simms of Panhandle visited friends Saturday and Sunday.

Miss Ruth Butterfield left Saturday for Ralls, Texas, where she will teach this year.

Mrs. Lorenzo Wirt and son have gone to Lubbock where they will be the guests of Mrs. Charlie Quillin, Mrs. Wirt's sister.

Miss Kathleen Stewart has gone to Dumas where she will take charge of the History department in the high school.

Mrs. B. F. Fronabarger has been real sick for the past week. She is reported some better.

Miss Frankie Gober of Amarillo spent Sunday in Canyon.

Mrs. Vera Wagner left for her school work in Texline Saturday. She will have charge of the History department in the Texline high school.

Miss Ura Crawford will leave today for Colorado, Texas, where she will teach.

Don't forget the sale at the Bingham farm Saturday, Sept. 13.

Mrs. Haynie returned this week from a month's visit in Dallas and other points in North and Central Texas.

Louis Hardin has gone to Pampa for a few day's visit.

L. F. Sheffey has returned from Plainview where he has been visiting relatives.

Misses Hazel and Sarah Park are visiting their grandparents near Amarillo.

Mrs. H. W. Gouley, who has had as her guest, her mother and sister from Amarillo, has returned with them for a few day's visit.

Miss Ida Fay Smith has gone to Ochiltree where she will teach in the schools there.

Misses Emma Key, Annie Smith and Irene Berry have gone to Tulia where they will teach in the Tulia schools.

Gray Dean Foster will leave for Colorado, Texas, this week to take up his work as principal of the Colorado High School.

Mrs. Bentley is moving into rooms over the First National Bank. She recently sold her house to G. L. Simms of Panhandle.

Miss Louella Oatis left Friday for Roswell, N. M., to teach in the Roswell schools this winter.

Misses Cotta Sisk, Laura Shore, Virginia Wyche, Ina and Jane Gregg, and Messrs. Henry Seed, Byron and Dick Kimmons and Travis Dameron, of Hereford passed through the city Friday on their way to Cooley canyons for a day's outing.

T. E. Money and family have moved into the house Mr. Money recently bought from Guy Baker. Mr. Baker and family have taken rooms at the old Ely residence.

Mrs. Chas. R. Spencer who has been visiting at the parental B. A. Stafford home, has gone to Plainview for a few weeks' visit before returning to her home in Baird, Texas.

Mr. and Mrs. Ed Harrell came in from their J. A. ranch Monday for a few days' stay.

Mr. and Mrs. Skinner Crawford of San Benito, Texas, were the guests last week of Mr. and Mrs. C. N. Harrison. Mr. Crawford was formerly connected with the Golden Belt Land Company of this place, and had many friends who were glad to see him back in the city again.

R. A. Campbell has bought a Nash-six.

Auto top repairing at Thompson Hardware Co.

J. M. Cockrell and son of Houston, and Mr. and Mrs. Don Buie of Amarillo have been the week-end guests of Mr. and Mrs. C. R. Burrow.

Mr. and Mrs. Buford Steen of Christine, Texas, were visitors at Mrs. G. G. Foster's last week.

Mr. and Mrs. Clarence Thompson will move this week into the house between Miss Ritchie and R. A. Terrill.

H. J. Barrett of Weatherford, Texas, was in the city Monday on business.

John Toles was an out of town visitor Sunday.

R. O'Keefe of Panhandle was here Tuesday on business.

W. H. Younger Jr., has gone to Dumas where he will teach during the coming year.

Miss Irene Redfeare has returned to Canyon, where she will teach, after spending the summer here with home folks.—Plainview Herald.

Mrs. Marvin Brown is visiting her aunt, Mrs. J. C. Pipkin, in Canyon.—Plainview News.

Will Cage was in the News office Friday to renew friendly relations with the News for the coming year and to spend the paper to his sister, Miss Bluma in Seattle. He said that his father and mother, Mr. and Mrs. A. B. Cage would start back to Randall county next Tuesday. They are moving back to make their home here.

Travis Shaw states that Mrs. Shaw is recovering nicely from the operation she recently had in Detroit. She has been quite sick since February, but it is now believed that she will fully recover her usual good health.

Mrs. C. N. Harrison and children were Amarillo callers Tuesday.

Miss Catherine Boulware, Secretary to President Hill, is away on a few weeks' vacation.

W. L. McClure and family of Claude were in Canyon Monday trying to find a place to move into for the winter. They returned to Claude without getting located.

H. F. Wing of McClain was in the city Thursday closing up the sale of the house he has recently purchased from Mrs. Bonnie Knicely.

Mrs. D. A. Park was the guest of friends in Amarillo this week.

Mrs. Bonnie Knicely has returned from her ranch where she had the close-out sale Monday. She reports that everything was sold and that they will leave for Kansas next week to make her future home.

Geo. A. Whittenburg is spending a few days with home folks having come in from his ranch in Hutchinson county the first part of the week.

John Bates was in Amarillo on business Wednesday.

Tom McClure was in Canyon Monday on business matters. He is now connected with the Real Estate firm of Byrd, Mirkel and Hill of Claude, and reports that the land business in that part of the Panhandle is fine.

Miss Mary Bradford has resigned her position at teacher in the Canyon public school to accept a place in the Normal Training school.

Miss Edna Key will leave Saturday for Amarillo where she will teach this winter.

Mrs. Lilburn Thompson and Miss Gladys Rogers were Amarillo callers Tuesday.

Miss Ola Ballard has gone to Conway to teach this winter.

G. S. Ballard is moving into the home that he recently bought on Houston street.

Miss Ruth Harrison of Plainview visited friends in the city Wednesday.

Mrs. Skidmore of Cannonville, Mex., is visiting at the home of her uncle, J. E. Rogers.

LOCAL NEWS

Odell Carlton came in yesterday from his summer's vacation.

Jack Harrison of Plainview was a Canyon caller Wednesday.

Miss Miller Successful Teacher.

Miss Sarah Miller left last Saturday for Sterling, Colo., where she goes to accept a position in the public schools of that city. Miss Miller taught several successful school terms in Lockney, having been connected with the school last year in charge of the primary department. It is with reluctance that the patrons gave her up this year. She has had special training in primary work having graduated in a Chicago Kindergarten school. She goes into her new field of labor with the best wishes of numerous friends, as well as the patrons of Lockney Public school, all of whom join the Pleasent and profitable school year.—Lockey Beacon.

Miss Sarah was formerly a resident of Canyon, being the daughter of Mr. and Mrs. C. C. Miller, and a graduate of the Normal.

Honoring General Pershing.

Congressman Marvin Jones was one of the 4 men who voted against giving Pershing the permanent rank of General. He said he did not believe in special favors. True enough, every doughboy who went through the hell of the front deserves much from the hands of their country, but the man who furnished the brains to run the greatest enterprise also deserves recognition, and America is only doing her duty in extending General Pershing this honor.—Randall County News.

Plainview Herald.—Personalities are lost sight of in the United States Army to a greater extent than in any of the armies which engaged in the recent World War. The world knows the name of the British leader at Cambrai, General Haig. General Allenby is known throughout the world. Who does not know who General Mangin was and what he did? Yet who can tell you who led the American forces in St. Mihiel, at Cantigny, at Chateau-Thierry, in the Meuse-Argonne? It was the commanding general of the American Army Corps or the commanding general of the First-American Army.

It is time that America recognizes the great spirits which controlled the American activities in France and in Italy and in Russia—not only the leaders of the army, but the Navy and Marine Corps. If you take away the glory of soldiering you put it on a commercial basis, and no nation has ever been farther from a hired soldiery than America.

Give credit, where credit is due.

Up to this time the naked eye fails to discern anything that has been done about the high cost of living except the ultimate consumer.—Lexington Herald.

In these troubled times there is consolation in the fact that Mr. Wilson understands every phrase of the situation.—Greenville (S. C.) Piedmont.

LEAGUE CERTAIN WILSON DECLARES

PRESIDENT IN OPENING SPEECHES OF TOUR VOICES HIGH HOPE.

"WORLD WAITS FOR US"

"Future Free From War if America Carries Out Her Pledges," Says Executive.

By Mount Clemens News Bureau.

Displaying a high confidence that his fellow citizens in the great majority agree with him in his desire to end war forever, and that they will see to it that the peace treaty with its league of nations inclusion is ratified by the senate, President Wilson is making a successful journey across the country on the mission he has undertaken for the purpose of laying before the plain people a report of his work in Paris and explaining what the league means.

Thus far in his travels, he has everywhere met with warm greetings, both in the great halls where he has spoken formally and in the little cross roads hamlets where his train has halted at times, and he has exchanged words with the villagers who pressed forward to greet him. He feels, and does not hesitate to say so, when chatting with his traveling companions, that the American people want no more of war and want to become part of the league so that there may be no more war.

He struck his key note when he said in his first address in Columbus, Ohio: "This treaty was not intended merely to end this single war; it is meant as a notice to every government who, in the future will attempt this thing (what Germany attempted) that mankind will unite to inflict the same punishment. There is no national triumph to be recorded in this treaty. There is no glory sought for any particular nation. The thought of the statesmen collected around that table was of their people, of the suffering they had gone through; of the losses they had incurred; of that great throbbing heart which has so depressed, so forlorn, so sad in every memory it has of the five tragical years that have gone by. Let us never forget those years, my fellow countrymen. Let us never forget the purpose, high and disinterested, with which America lent its strength, not for its own glory, but for the defense of mankind."

"As I said, this treaty was not intended merely to end this war. It was intended to prevent any similar war. I wonder if some of the opponents of the league of nations have forgotten the promises we made our people before we went to that peace table? We had taken by processes of law the flower of our youth from every countryside, from every household and we told those mothers and fathers and sisters and wives and sweet hearts that we were taking those men to fight a war which would end business of that sort, and if we do not end it, if we do not do the best that human concert of action can do to end it, we are of all men the most unfaithful—the most unfaithful to the loving hearts who suffered in this war; the most unfaithful to those households bowed in grief and yet lifted with the feeling that the lad laid down his life for a great thing, and, among other things, in order that other lads might never have to do the same thing."

"That is what the league of nations is for—to end this war justly, and then not merely to serve notice on governments which would contemplate the same thing Germany contemplated that they will do so at their peril, but also concerning the combination of power which will prove to them that they will do it at their peril. It is idle to say that the world will combine against you; but it is persuasive to say the world is combined against you. The league of nations is the only thing that can prevent the recurrence of this dreadful catastrophe and redeem our promises."

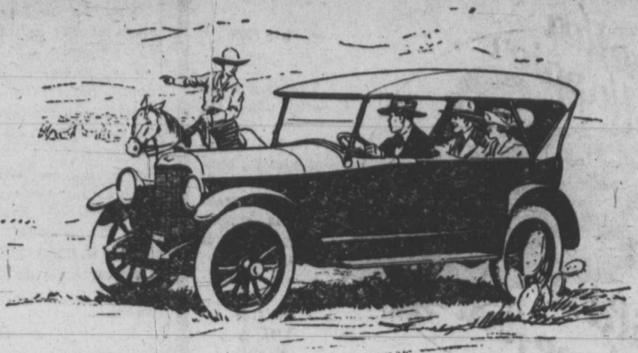

A league of nations would have prevented the late conflict, the president asserted, exclaiming, "I did not meet a single public man who did not admit these things; that Germany would not have gone into this war if she thought Great Britain was going into it, and that she most certainly would never have gone into it had she dreamed America was going into it. And they all admit that a notice beforehand that the greatest powers of the world combine to prevent this sort of thing would prevent it absolutely."

Applause and cheers greeted each declaration of the president that wars might be avoided in future by the operation of the league.

He pointed out other important features of the peace treaty. How it was the redemption of weak nations in giving them freedom which otherwise they never could have won; how it says "those people have a right to live their own lives under governments which they themselves choose," and how "that is the American principle, and I was glad to fight for it." That was the very heart of the treaty, he said.

He drew attention to the section of the treaty which is "magna charta of labor," which shall dispose of the hours, conditions and remunerations of labor. "It forecasts the day," he said, "which ought to have come long ago, when statesmen will realize that no nation is fortunate which is not happy; whose people are not contented in their lives and fortunate in the circumstances of their lives."

In conclusion, the president said he felt certain the treaty will be accepted, and was only impatient of the delay in its ratification.

PAIGE

The Most Beautiful Car in America

The Preferred Investment

We regret that we have not been able to supply promptly all who have selected the Paige as their next car.

The patience with which they have waited has been a great comfort, and we regard their persistence merely as one more proof that in the Paige they find—what we have always endeavored to put there—unsurpassed quality that insures the greatest possible motoring value.

The Classy Store with the Classy Goods

You'll Want This Combination

It is the Case 10-18 kerosene tractor and a two-bottom Grand Detour plow. It is an ideal plowing outfit for either small or large farms.

The tractor weighs about 3,500 lbs., just a trifle more than a big team of horses. It burns kerosene economically, developing full power on the same.

The tractor has a four-cylinder valve-in-head motor, mounted crosswise on a one-piece frame. A Case Sylphon Thermostat controls the cooling system and insures complete combustion. The all-steel gears, with teeth cut and hardened, are enclosed and run in oil.

The Grand Detour 2-bottom Automatic Lift Rigid Beam Plow will fill the plowing requirements of the most particular farmer. Grand Detour plows are strictly quality plows. They are light in draft, yet so well constructed that they will give years of faithful service at a low cost of upkeep.

We would greatly appreciate the opportunity of telling you more about Case tractors. Drop in and let's talk it over.

L. T. LESTER
CANYON, TEXAS

Slat's Diary.

FRIDAY—The mellow colly days has cum the saddest of the year. At skool next Week the lessons will be very hard I fear. Ma dident thing so much of my Propasishun as regarding work in the Editors offis in Sted of going 2 skool. So I will try to Please her. Or get a whaleing. I will sweep-out just the same in the a. m. & run errands in the Evenings.

SATURDAY—pa herd if you go 2 a surtin place down 2 the city which has a near Beer bar & ast for a surtin kind of drink you wood get reel likker. So he went. When he was home I herd him a telling mister Gillem it was a awfull hard job getting a dring down 2 the City—the bar was so awfull crowded. He never menshnd it in front of ma.

SUNDAY—the sunday skool teacher ast me who was the wisest man in the world which was a easy 1. I sed Solomon & she sed what maid him wise & I sed becaws he had so many wifes. she ast what I ment & I sed One wife would open enny mans eyes for him then 7 hundred should ought 2 skollar of him.

MONDAY—skool begun. They is only 1 consolashun 2 me in coming 2 skool & that is I can see Jane when Ever I look her way. She has groan more butifuller during the Summer season. Also more sassy. she acks so much more Independent.

TUESDAY—a lotta relashuns of pa come today 2 Visit us. pa was going 2 the store 2 buy sune food 2 eat & cuddent find his purse. ma found it on the libery Table. she sed 2 him You should ought 2 be more care full with yure money as so meny people is around. Pa replied & sed. Oh there issent no danger they are all my Folks.

WEDNESDAY—teecher grouchy. I stade in.

THURSDAY—pa tuk ma & me 2 the vawdevil show tonite & 1 time they was a girl a setting in a bath tub. You cud see her sholders which was bear. Some guy i the audients which was 2 thirds lit up started a whisseling the Star Spangled Banner & the usher sed Whatchu meen. & the guy sed I want 2 make her stand up. Pa he laffed & ma kicked my Shin by acksident.

Has every one struck who wished?

Administrator of the Estate of M. A. Bingaman, Deceased

A. Campbell, Auctioneer

Notice.
THE STATE OF TEXAS,
To the Sheriff or any Constable of Randall County—Greeting:
You are hereby commanded to serve the following order and notice by causing publication thereof to be made for the time and in the manner therein provided:
“Now, on this the 8th day of September, 1919, at a regular term of the Commissioners' Court of Randall County, Texas, there was presented to said court the following application and petition, to-wit:
THE STATE OF TEXAS,
County of Randall.
To the Honorable Commissioners' Court of Randall County, Texas:
Now come M. C. Nobles and H. A. Nobles, residents of Potter County, Texas, and respectfully show to your honorable court as follows, to-wit:
That they are the owners of that portion of Section No. 154, in Block No. 2, Certificate No. 686, Adams, Beaty & Moulton, lying and situated in Randall County, Texas, and have owned same since about the year 1906; that on or about the 28th day of February, 1907, they caused a plat thereof to be made and recorded in Randall County, Texas, as is fully shown in Volume 15, on page 206, of the Deed Records of said county, to which reference is here made for a full description of said plat; that the said plat is known as Glenwood Addition to the city of Amarillo, Texas; that none of the streets or alleys in said Addition have ever been opened and used as public highways and that they have not been formally accepted by Randall County or any other municipality as highways, but that they are grown over with grass and the entire portion of said section of land lying in Randall County is open prairie land; that your petitioners, as such owners of said land, are desirous of canceling said map and plat and throwing the same back into acreage property as it existed before such subdivision into lots and blocks, streets and alleys, was made; that your petitioners still own all of said property so located in Randall County and that the cancellation of said subdivision and map and plat will not interfere with the established rights of any person whomsoever.
Wherefore, your petitioners pray that your honorable court take such action, give such notices, and enter such orders, as may be proper or necessary for the cancellation of said plat and throwing the property above mentioned back into acreage.
W. E. Gee, Attorney for Petitioners.
“And, upon due consideration, it is ordered by said Court that said application and petition be heard and further considered and action taken thereon at the next regular term of this court, to-wit, on the 13th day of October, A. D. 1919, and that any person or persons interested in the land therein described be commanded to appear at said time to protest, if so desired, against the action prayed for by the petitioners.
“Said application and notice of such

hearing and action shall be published in some newspaper published in the English language in said county, for three weeks prior to action on said application, as is provided by law; and a true copy of this order, containing said application as above set out, shall be published as the application for the relief craved for and as the order of this court giving notice of the time that the court will take action upon said application, and the clerk of this court shall issue legal notice of such hearing.”
Herein fail not, but have you before said court this notice, on the 13th day of October, A. D. 1919, with your return thereon showing how you have executed the same.
Given under my hand and the seal of said court this 9th day of September, A. D. 1919.
(SEAL) O. W. GANO,
Clerk of the Commissioners' Court of Randall County, Texas.
WORTH A. JENNINGS,
2443 Sheriff of Randall County, Tex.
Habitual Constipation Cured in 14 to 21 Days
“LAX-FOS WITH PEPSIN” is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.
Sheriff Sale.
THE STATE OF TEXAS,
County of Potter.
By virtue of an order of sale issued out of the Honorable District Court of Potter County, Texas, on the 4th day of September, 1919, by the clerk thereof, in the case of J. D. Goetz versus N. F. Tate, D. B. Holcomb and Edd Hawkins, Number 2872 on the Docket of said Court, and to me as sheriff directed and delivered, I will proceed to sell within the hours prescribed by law for Sheriff's Sales, to-wit: between the hours of 10 o'clock A. M. and 4 o'clock P. M., on the first Tuesday in October, 1919, same being the 7th day of October, 1919, before the Courthouse Door of said Randall County, Texas, in City of Canyon, said County, Texas, the following described property, to-wit:
An undivided one-half interest in and to a certain lot, tract or parcel of land, lying and being situated partly in Armstrong County, Texas, and partly in Randall County, Texas, but being situated chiefly in Randall County, where the same will be sold, and being more particularly described as all of Section Number Ten (10) in Block Number Two (2) Certificate Number 527 Adams, Beaty and Moulton, Original Grantee, in said counties of Randall and Armstrong, containing 640 acres, more or less, locally known as the Goetz farm and lying in the Northeastern part of Randall County and the Northwestern part of Armstrong County.
Levied on this 8th day of September, 1919 as the property of Edd Hawkins, to satisfy a judgment amounting to \$8,059.79 and interest in favor

of J. D. Goetz, and costs of suit.
Given under my hand this 8th day of September, 1919.
WORTH A. JENNINGS,
2443 Sheriff Randall County, Texas.
Had to Sacrifice Breeding Stock.
Ranchers in the drought-stricken areas of the northwest have been making efforts to hold onto their breeding stock but many cows and heifers have been forced on the market, because of the lack of pasture and feed. Sacrifices of this kind are many and the run of the cattle this summer is around thirty percent or fully ten percent greater than usual and the shipping season has not yet fairly set in. Montana ranchmen are large shippers of cows and heifers and two-year-old steers have been moving to market which ordinarily would be kept back for another year. Fortunately parts of Montana have had good recent rains and the situation has improved somewhat.—Field and Farm.
Hardware Firm Has Big Fire Loss.
Fire of unknown origin was discovered shortly after midnight Sunday night in the W. P. Davis & Co., warehouse on Foster avenue. The building and contents being an entire loss. The warehouse, which was constructed of sheet iron, together with the contents stored there were valued at approximately \$25,000. The building contained several thousand dollars worth of binder twine, almost a carload of lubricating oil, a carload of wire and nails which had only recently been unloaded, a number of heating stoves and ranges, two tractor engines, a Ford roadster, a large stock of machinery repairs and several wagons together with the engines, pumps and storage tank of the water works and many other articles.—Pampa News.
Burkett Picks Up Snake.
J. E. Burkett, who lives just south of town, got a big fright Sunday. He reached in a barrel where there was a hen's nest to get the eggs. He felt something alive in there, and thinking it was a setting hen grabbed hold of the object with his hand and pulled it out. It was a big chicken snake and he dropped it pronto, in other words, heap pretty quick. He then got something and killed the snake. It had inside it two china nest eggs and a hen's egg. The hen's egg was broken.—Plainview News.
Buying Maize Heads.
Henry Doss said he paid out over \$2,800 for maize heads here on Saturday and about that much the day before. Bush & Doss have been paying \$30 per ton this week. This is the report of only one buyer. There were several, and perhaps others bought as much or more than this firm.—Colorado Record.
Colic Cause Grip and Influenza
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one “Bromo Quinine.” E. W. GROVE'S signature on box. 30c.

Public Sale

As I have rented my farm, and am in tending to move away, I will sell at Public Auction, at my farm, ten miles east and two miles north of Happy, Texas, and one mile east and one mile north of Plains Center School house

Sat., Sept. 20

Commencing at eleven o'clock a. m., the following property:

8 HORSES AND MULES

- 1 span mare mules 7 and 9 years old
- 1 good brood mare 6 years old
- 1 good horse 9 years old
- 2 good mares, 3 years old
- 1 mare 9 years old
- 1 good cow horse

33 CATTLE

- 8 good milch cows
- 13 head of stock cattle
- 12 head of calves

2 HOGS

- 2 shoats weight about 150 lbs. each

MISCELLANEOUS

- 4 dozen chickens
- 3 sets good work harness
- 1 saddle
- 40 acres row crop in field
- Some good oats
- Good wagon rack
- Roll of woven wire fence
- Spades, shovels, etc.

FARM IMPLEMENTS

Man Trampled By Mule.
Last Thursday at the Knight ranch, twenty miles west of Plainview, Robt. Malone, son-in-law of L. A. Knight, was seriously injured by a mule.
It seems that he was leading a horse with a rope, and some of the employes of the ranch were driving some mules out of a pen. One of the mules ran against Malone, knocking him down. The mule trampled him in the face. The right ear was slit and lacerated, the right cheek badly bruised and the back of his head hurt.—Plainview News.
Church Struck By Lightning.
The Springview church south of Canadian and on the road to Miami was struck by lightning during the rain storm last Friday and burned. It was apparently a heavy strike as part of the brick chimney was thrown to one side of the building and some boards on the corner of the building were hurled far enough that the fire did not touch them.—Canadian Record.
Building New School House.
Hauling has begun on Gasoline's new concrete brick school house.—Gasoline correspondent in Silverton Star.
Big Crowd at Picnic.
The big picnic and barbecue at this place opened up yesterday morning as scheduled and has been moving along nicely with a large crowd in attendance.—Silverton Star.

It Has Been Said

that much of the high cost of living can be blamed on the buyers themselves. They insist on paying a high price and think they are being cheated if a low price is quoted them. There may be some truth in this but we are still marketing our goods at a reasonable profit, and as we bought most of our present big stock of fall and winter goods many months ago when prices were more reasonable, we are able to give our customers the benefit of our good judgment.

Our big store is full of new fall and winter goods, in all departments. Ladies' Dresses, Suits, Coats, Piece Goods, including all the latest weaves and colors, Men's Clothing, Boys' Clothing, Underwear, Shoes, Hats, etc., all priced, as we said before, much less than the goods could be bought at wholesale at present prices.

We ask you to come in and verify our statements by looking over our big stock.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

SEE BEST CIRCUS HORSES

Yankee Robinson Collection Finest—Dance to Music and Change Step with Change of Music.

Lovers of horses find unusual delight in the horses of the Yankee Robinson Circus which appears in Amarillo Saturday, September 13th. The general collection is unusually fine, even for organizations that make a specialty of beautiful and well-trained wonders, but nowhere before has ever been seen such horses as those that are ridden by the questrians who do the artistic riding. There's a reason. The Buchanan Dancing horses, twenty in number, were formerly the property of Col. Hobbs of Boston—a wealthy capitalist who fairly combed the earth for exhibition horses. "Lady Virginia" formerly of the Vanderbilt stables was a Blue Ribbon winner for four consecutive years at the Madison Square Horse Show while "Texas Tommy" won similar laurels at the Boston Horse Show. "White Sox" and "Boston" two others of this famous collection of dancing marvels are now valued members of the Yankee Robinson Three Ring Wild-Animal Circus and are just one of the few features to be seen with this big organization.

The Deepest Well in The World.

The deepest drilling in Texas for oil is near Polytechnic College, Ft. Worth. This well is now at a depth of over 4,700 feet. The contract is for a 5,000 foot well unless oil or gas is found at a lesser depth. But a well is being drilled at Clarksburg, Pennsylvania, which is said to be the deepest in the world.

Oil and gas men thruout Pennsylvania are deeply interested in the progress of this deep well, which is being drilled on the Goff farm, at Clarksburg. This well, which is now the deepest in the world, has reached a depth of 7,363 feet, but not a sign of oil or gas has been found. The drillers are still at work, the owners having sufficient cable and power, as well as tools, for further drilling.

The second deepest well in the world is located at McDonald, Pennsylvania, and was not abandoned until the owners had spent a fortune and the drill showed a depth of 7,248 feet. It required almost three years to drill this well, and had materials not been so scarce and costly last year it is doubtful if the owners could have given up the venture.

The Hope Oil Company, which recently completed a well in the Walker district, Wood county, West Virginia, are seeking a location for a deep test ell, and should no oil or gas be found it is certain to cost the company a vast amount of money, as they are going to drill the well as deep as drillers can go. The well the company drilled in West Virginia went down 4,597 feet, two years being required to drill the well. At the latter depth the well started to flow oil at a rate of eight to ten barrels daily, but in addition it showed a salt water production of about 300 barrels.

"You and I must be able to shake hands with the capitalist or the day-laborer," says Lieutenant-Colonel Roosevelt. All right, Colonel, as long as you don't include the landlord.—New York American.

One way, of course, to reduce the high cost of living is for everybody to quit working and stand around and talk about it.—Kansas City Star.

ELKS PROMISE HELP FOR STATE WORKERS

Soldiers Fall into Line When Asked to Head District and Local Units.

With the appointment of his executive committee complete John Kirby, state chairman for the \$600,000 home service fund drive in Texas September 29, outlined a vigorous policy to its members at Dallas Saturday.

"I am pleased with the success that has been met in perfecting a strong committee to get the money that is required for placing the Salvation Army on a firm basis in Texas for all time," Mr. Kirby told the committee. "In this work we have the cooperation of virtually every soldier who was 'over there.' We are getting the support of religious and fraternal organizations."

Elks Help in Drive

The order of Elks promised support of the campaign in the following telegram from Frank L. Rain exalted ruler of the organization:

"I earnestly co-operate with you and the good people of my native State. We are behind you in your home service campaign."

Commander Evangeline Booth told us in our recent convention at Atlantic City that if it had not been for the Elks the Salvation Army would not have achieved the success that it did in the great war.

"Great good is being done by the Salvation Army along a line that can not be accomplished by any other organization. We as an order have always aided the Salvation Army and the Elks from coast to coast are assisting them in their present drives. Here's hoping that you 'go over the top' in Texas, Oklahoma and Louisiana."

Chairman Kirby is expected to appoint the full number of his executive committee this week, according to Lieut. Col. George Wood, commander of the Southwestern District. Five members of the state committee have been appointed. The number probably will be brought to fifteen.

County Units Are Formed

County organizations are rapidly swinging into line for the intensive week of work that is planned to cover the campaign work. Field men of the Salvation Army corps report success in each county in which they work.

"By far the most gratifying feature of the campaign is the support that the returned soldier is giving the Salvation Army," Mr. Kirby told the executive committee at its last session. "I find that this sympathy for the Salvation Army is deep and sincere. The boys really want to help."

Richard Burgess of El Paso who was one of the first Texas soldiers to go overseas, has been appointed to lead the campaign in the El Paso district. Burgess returned to America with the rank of colonel.

Soldier Ready to Help

"I am not too busy to show the Salvation Army the attention that is due it by every returned soldier," Mr. Burgess said in accepting the position offered him on the state committee.

Definite plans for the campaigns in each county are now in the hands of the state central executive committee. The state committee is the nucleus of an organization of workers that extends down to the last publicity man and county chairman in the state.

"There are to be no loafers on the state committee," Mr. Kirby said in announcing his appointees. "Each man nominated for a place who accepts will have a definite work to perform. Each district chairman will be responsible for the men in his district who are able to give substantial sums of money. Each county chairman will be responsible for the men who are able to give freely in his community. By this plan it is the hope of the Salvation Army that the drive may be brought to a speedy close."

Halls Built on Border

Construction work on two recreation halls for the Salvation Army at Santa Helena and Lajitas in the Big Bend district will begin at once according to a letter received last night from Colonel G. T. Langhorne of the United States cavalry by Lieutenant Colonel George Wood, commander of the southwestern division of the Salvation Army.

Colonel Langhorne acknowledged receipt of a check from Lieutenant Colonel Wood for \$1,000. The money was sent the first of the week from the Dallas office of the Salvation Army.

"I take this opportunity to thank you," Colonel Langhorne wrote, "and express the gratitude and appreciation of the officers and soldiers for your consideration of them."

Smith's

Big Circus Coming to Amarillo

Customs may change as the years roll by, but a circus is always a joy to both old and young. So all will be delighted to know that the big Yankee Robinson Three Ring Wild Animal Circus is on its way and will exhibit in Amarillo on Saturday, Sept. 13th.

It includes almost everything in the way of entertainment. There

are post graduate high school horses

tango dancing and statue horses, riding lions who actually ride on horseback. Even a troupe of trained camels are one of the marvels of this big circus. The Yankee Robinson Circus has the reputation of giving more for the money than any other circus in the tented field. And all the features will be seen in the glittering street parade at noon on

circus day—that is, all with the exception of Young Hackenschmidt, the World's Champion Middleweight Wrestler who will be seen only at the performances.

English judges object to trying the Keiser "by a law they do not know." Will some one be good enough to lend them a copy of the Ten Commandments?—Salt Lake Telegram.

Religion and Prohibition in Turkey

The New Armenian: The law of the Turks is but an extension of their religion: the whole code is founded on the Koran, and the edifice is completed by dialectic subtlety. Where sacred texts are wanting, traditional tales, or constructions put upon the silence of the Prophet, supply their place, and the involuntary fraudulence of ingenious reasoning prevades the whole. In the imperfect state of subinary dispensations, this identity of law and religion is the greatest calamity that can befall a people. A few simple enactments will suffice for society in a primitive condition; but as it becomes developed new interests and new sentiments arise, which require new regulations—institutions, however, which pretend to a divine origin and are not sufficiently accommodating to the wants and weakness of human nature, which can never become perfect but by a slow progression. Where a theocratic system, or religious jurisprudence, exists, as among the Turks, every innovation is an act of impiety; and if the body of men who feel an interest in its maintenance possess influence with the people, all chance of social improvement is at an end. When we come to consider the character of that body which unites the sacred and judicial functions in Turkey, it will be seen how it has promoted the sinister tendencies of a perverse system, with a view to the promotion of its own interest.

The vices of the Ottoman code are not corrected by the manner of its administration. The law being composed in a great measure of fine-drawn deductions from inadequate texts, is often a mere tissue of subtlety and equivocation. The Cadi is infected with the general avarice; he pays for his office, which he holds for a very limited time; the plaintiff may choose his court, and of course make sure of the Judge before hand, and no appeal lies from his decision; he who gain the cause pays all the expenses, consequently avarices or vexations suits are not discouraged, and the attendance of witnesses is not compelled, so that few give their testimony who are not paid by the party whom they assist. The facts will be sufficient to refute the praise which has been bestowed on the administration of justice in Turkey, and will explain why, in the dramatic exhibitions occasionally seen in Turkey the plots of the pieces usually turn on the injustice of a cadi. But there is one circumstance which strongly marks the barbarism of the Turks, which is that they have no police; if one Turk threatens to kill another, no one cares to prevent him; and the murderer who eludes immediate detection may afterward boast of his crime with impunity, and will be admired for his hardihood. The laws of the Prophet were designed for the rovers of the desert, and the Turks, though so long the inhabitants of populous cities, still cling pertinaciously to the manners of the wilderness.

In Turkey every man is by turns a despot and a slave; each within his own little sphere indulges in all the paraphernalia of greatness, and, as ignorance is easily imposed on by appearance, pomp and ostentation distinguish the Ottoman. Hence the yaghtagan and pipe set around with jewels; hence the tespih or rosary, composed of ninety-nine precious stones, which sometimes costs a fortune. When a man would be thought great, it is very natural for him to have recourse to what Lord Shaftesbury calls the essence of imposture, gravity; and the religion, over which the Turk is continually brooding, tends to produce the same effect. This sense of his dignity, conspiring with torpor which seizes all things beneath the gloom of despotism, renders him indolent and inactive. Pride, however, is a lonely and melancholy affection, and the haughty Mussulma is often obliged to fly to wine to recruit his flagging spirits; for, although the use of that beverage is forbidden by the Koran, yet it has been for a long time connived at, and taverns are now as common in Constantinople as in any town in Europe. The Turk is not, however, a social votary of Bacchus; he is a solitary toper, whose only object is to get intoxicated. This is the most ominous feature in the character of the Turk; he feels no pleasure but in excessive and unnatural excitement. The same languor explains why he

HATS

New shipments on sale at frequent intervals all season. We are sure that you will be surprised at the quality we are able to show you for \$1.00.

Beautiful patterns in hats and tams in velours, beavers, silk plush and silk velvet. Several hundred of these hats sold this week, but our stock is still complete.

You will find a model that will please you any time you are in Amarillo.

In children's hats we handle the well known "Lids for Kids" line. They embody style, quality and individuality. We sell them for a dollar, although you are not used to seeing them sold at that price.

Our line of hat trimmings is second to none. We ask you to judge them on the basis of quality and style. They will cost much less than you expect to pay. We have the most complete line ever brought to Amarillo. We fill many mail orders from picture or description.

SCHOOL DAYS

—are here, and we are prepared to meet your needs. We have received big shipments of school dresses, hosiery, knickerbockers, blouses, belts, handkerchiefs, ties, etc., for school children.

New supply of lunch boxes, waxed paper, tablets, rulers, erasers, pens, ink, note books, etc.

Complete line of cooking utensils and kitchen equipment. New shipment of dishes, casserole, custard cups, baking dishes, mixing bowls, etc., etc.

Splendid line of draperies, curtain goods, towels, etc. Supplies for hotels, restaurants, housekeeping apartments and camping parties.

High grade Toys at all seasons of the year. Nothing over One Dollar here. Make the "United" your headquarters when in Amarillo.

so often appears to be a coward; he is a lion if roused, but his spirits are often sunk, and he feels like a despot who has got no slaves to fear him.

In a country where the relative value of money is enhanced by the contempt in which human life is held—where there is no safety without power, nor power without wealth, avarice is a natural vice. Everyone who has ambition unites to it the passion of accumulation; and it is quite incredible what immense sums have been heaped together in a short time by public officers and the slaves of the seraglio. The treasures of Beshir, the Kislar Aga, who was put to death by Mustapha III. to appease the popular clamors, amounted to nearly four millions sterling, and similar instances occur every day; but, under a rapacious despotism it is not sufficient to possess treasures, they must also be concealed; hence the frequent mention of hidden treasures in Turkish history.

Another vice, engendered by ambition and continual fear, is dissimulation; the necessity of this is inculcated by a terrific Turkish proverb, which says that a man, in order to be safe, must be deaf, dumb and blind.

Nine Hanged in A. E. F.

Paris, Sept. 5.—Nine soldiers of the American Expeditionary Forces were hanged and one was shot for criminal offenses during the war, it was re-

vealed here today, at the investigation of the A. E. F. court martial by the Congressional committee inquiring into the war expenditures. Two were hanged for murder; seven for rape, six of whom were negroes, and one was executed for desertion. Only one conscientious objector was tried. The investigation failed to reveal that officers received more lenient treatment before the court martial than the men.

Cattle Rustlers Working.

It has been thought for some time that cattle rustlers and brand burners had been at work near Malaga and as the result of an investigation which has been made, a large number of cattle have been found in the pastures of Victor Pappas, near the Water canyon. The first roundup secured 85 burned brands which belonged to some eight or ten different cattlemen in the vicinity. Later other cattle were found with the brands in this condition, making a total of over 100 head. The cattle were surrendered by Pappas, who said that they were branded by other parties and that he was confident they were his own cattle. A thorough investigation is being made and if possible the rustlers will be run to earth and punished.—Carlsbad (N. M.) Current.

Severely Injured By A Horse.

Mr. C. G. Haile, one of Swisher County's industrious stock-farmers, is rapidly recovering from the effects of a severe accident. Last Wednesday he was riding in his pasture north of

town, when his horse stumbled and threw him. In the fall Mr. Haile's foot was caught in the stirrup. The horse became frightened and kicked Mr. Haile in the face, inflicting most severe wounds, and rendered him unconscious for awhile.—Tulia Herald.

The job of conquering Russia might be turned over to Roumania. — St. Louis Star.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and Iron to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood. The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.

Amarillo Will Have New Hotel.
Last week, a deal was closed through which Ernest Thompson became the owner of the Amarillo hotel property, the consideration being \$200,000. The large frame building at the corner of Polk and Third is included in the deal and this will be

taken down and a new 100-room addition built on that lot. H. F. Canode has owned and operated the Amarillo Hotel for the past 18 years and the frame part which will now be razed, was the original hotel of the town and at the time it was built, was the largest and most modern hotel in the Panhandle.

Such a Change

in feelings and looks. "After suffering pain, feeling nervous, dizzy, weak and dragged down by weaknesses of my sex—my eyes sunken, black circles and pale cheeks—I was restored to health by the Favorite Prescription of Dr. Pierce." So write many women. Changed too in looks, for after taking Dr. Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump.

Druggists sell it in tablets or liquid. It's a woman's best temperance tonic, made from wild roots. WHISTLER, ALA.—"I was bothered with backache and headache and was not able to do my work until I tried Dr. Pierce's Favorite Prescription, and I can say I am now able to do all my work, such as cooking, washing and ironing, and even cutting wood, where before I used this medicine I was almost an invalid and did not care whether I lived or died."—Mar. ELIZABETH CANOYAN, Carr Street.

It has long been apparent that our city needs more adequate accommodations for transient people and our citizens will be glad to know that this delinquency is to be met in a measure by the addition which Mr. Thompson proposes to build but we believe that a mistake is being made in not making it a 500-room addition instead of 100. At the present rate, the proposed 100 rooms will be filled before they are completed and if we should be so fortunate as to find oil within the next few months, there would be a still greater rush for living quarters in our city. However, even if oil is not found, Amarillo is bound to make a large city as the commercial and industrial center of an extensive territory in the best wheat raising and best stock country in the world. Furthermore, our delightful summer climate annually attracts many visitors, whom we are obliged to turn away at the present time for want of suitable accommodations. We need even more room than this new hotel promises and we believe that it would be an easy matter to form a stock company among local citizens to put across a 500-room edifice, if there is not sufficient capital back of the new owner to enable him to build such a structure.

The First Passenger Train.

Friday the first passenger train that has passed over the North Texas Santa Fe since steel has been laid for some time came into the depot at 8:30 with five passenger coaches attached and loaded to the brim with an enthusiastic bunch of passengers for the new town of Perryton, west of here where the big "doing" of the season was pulled off.—Follett Lime-Light.

After All

There is nothing in life, but the joy of the minute.

There is nothing in love, that we do not put in it.

There is nothing can happen, unless we begin it.

There is nothing worth winning, but what we can win it.

There is nothing so sad as to set us a-sighing.

There is nothing we'd do that is not worth the trying.

There is never a danger too great for defying.

The beauty of earth, it is folly denying!

There is never a sorrow should cause us repining.

For sorrows were made for the spirit's refining.

So, turn all your clouds inside-out till their lining.

Of silver shall rival the sun in its shining.

If you think that too long you have waited and striven.

Then remember you've gotten as much as you've given.

In the loaf of your burden, just look for the leaven.

For God's in the World—and the World is His Heaven!

—Helen Rowland in "Songs for Courage."

Come to Canyon to live.

Happy Happenings.

Chester Rice resigned his position in the Robert and Oliver Lumber Co. and left Wednesday for Amarillo where he will work in a lumber yard.

Horace and Boyd Bates were at the picnic last week at the Goodnight ranch.

M. B. McManigal and son Ervin were business callers in Amarillo last Friday.

H. G. Koach received word Saturday that his mother was not expected to live. He left Saturday evening for St. Louis to attend her bedside.

Misses Gladys Neff, Tollie Cook and Felix Neff and Jim Gurley were shoppers in Amarillo Friday.

George Stratton of New Mexico visited Thursday at the W. C. White home. He was on his way to Tulia where he is moving.

Mrs. N. W. Uselding and Raymond returned Saturday from Wisconsin where they have been visiting the past month.

Wm. F. Miller and son Winfield were business callers in Amarillo Friday.

S. T. Whitman and family were visiting Mrs. Minnie Gano in Canyon Sunday.

Rev. Mrs. W. C. Rose left Monday for their new home in Canon City, Colo. They visited friends in Amarillo Monday night, going on to their son's in Mount Dora, N. M., where they will visit a few days before going on to their new home.

W. C. White and family, and J. F. White and family were shopping in Amarillo Friday.

G. L. Townsend and family of Tulia visited Sunday at the W. T. Townsend home.

Howard Stephenson and family spent Sunday at the Club grounds at Canyon.

Mrs. Weaver of Canyon spent several days last week at the Neff and Rayburn homes.

Mr. and Mrs. O'Rear and aunt, Mrs. Pierce were shopping in Amarillo on Friday.

Wm. F. Miller and family went shopping in Amarillo Monday.

Ellis Knox and Chester Hays left Monday for N. M., where they went to take up claims.

Mrs. Ludwig Irebeck returned Saturday from Iowa where she has been visiting the past month. She reports her mother as not much improved.

Mesdames C. L. Gaten, W. C. White, J. M. Evans and Miss Vivian Gaten were shopping in Canyon Monday.

Mrs. G. R. Stratton and children, Mrs. Bob Campbell of Canyon visited Mrs. W. C. White Tuesday and attended the funeral.

H. James and family left Wednesday for Arkansas where they will make their home.

O. O. Baker and wife visited Sunday at the W. J. Wooten home in Canyon.

Ernest Jr., the 11 months old son of Mr. and Mrs. Ernest White died Monday evening at 2:30 from the effects of drinking coal oil. His mother has just stepped from the room when he got the coal oil and when she returned he was choking. They rushed him to the Dr. and all that was possible was done but to no avail. God said come up higher and at 2:30 his soul passed out to be with Jesus who said "suffer little children to come unto Me and forbid them not for such is the kingdom of God." Funeral services was held Tuesday at 4 o'clock conducted by Rev. B. F. Fronbarger of Canyon after which little Ernest Jr., was laid to rest in the Happy Cemetery to await the resurrection morn. The sorrowing parents have the sympathy of the entire community.

Little Ernest Jr., was a bright manly loving child and was loved by all who knew him.

A precious one from us has gone. A voice we loved is stilled; A place is vacant in our home, Which never can be filled.

God in His wisdom has recalled, The boom his love had given, And though the body slumbers here, The soul is safe in Heaven.

Pleasant View Items.

The farmers have begun to cut their row crop in this vicinity. The Pleasant View school started Monday but are not having much school on account of the textbooks not being here.

Milton Dooley had to have his shoulder dressed again on account of getting hurt Sunday by a mule.

Mr. and Mrs. R. J. Wall spent Sunday at the parental Ed Gibson home. Edgar Tucker is suffering from a rising on his leg.

Quite a number of this vicinity went to Canyon Monday to take advantage of the Trades Day bargains. Mr. Lee has a new Victrola.

Items From Wayside.

Nice open weather Sunday last.

Rev. A. J. Lindley from Tulia came out and gave us 2 good sermons during the day. He was accompanied by his wife. Bro. Lindley has been sick for some days, still not well. He proposes to do more pastoral visiting than has formerly been done.

Mr. W. O. Stamps of Timpson, has been at Wayside for a week on business matters.

Wheat threshing not all done yet. Row crops ripening and soon be ready for the thrasher.

D. L. Adams, wife and Robert visited in Plainview last Sunday.

Wayside school opened September 8th with Miss Annie Naason as principal and Miss Cora May as primary teacher. 35 pupils are enrolled, of which 19 are in the primary grades. Others will enter later. Some complaint of scarcity of textbooks.

Mr. and Mrs. Jim Cox and son, Sam of Garden City, came in Saturday to visit relatives in Armstrong county. They will make only a short visit. Years ago they sold their place on the Plains for a good price at \$6 per acre. Misses Naason and May found board with Mrs. W. C. McGehee.

Carranza Breaks Loose Again.

How little ground there was for optimism in connection with the apparent conciliatory policy on the part of the Carranza government toward the United States and of improvement of relations between this country and Mexico as a result is shown by the bombastic, strutting message of Carranza to the Mexican Congress and the wounding of an American aviator by a party of Mexicans on the border.

Carranza's attempt to draw a parallel between isolated instances in which Mexicans have been mistreated or killed in the United States and the continuous series of depredations upon Americans in Mexico, which has gone on unabated during all the time that he has been President is nothing short of ridiculous and is unworthy of consideration. His declaration against the League of Nations and against the Monroe Doctrine smacks of comic opera. But his whole tone of unfriendliness for the United States cannot be dismissed as unimportant. It is true one feels impelled to inquire whether he is contemplating a declaration of war against the United States, but sober second thought dismisses the pleasantry and causes one to recognize that sooner or later the time must arrive when the trifling of Carranza cannot be borne any longer.

The wounding of an American aviator is simply another instance of a kind that has become common. And here again the question arises as to how long we can endure such a situation. It is certain that we cannot go on enduring it forever.

Farm and Cattle Loans

Farm and Cattle Loans can be made here on short notice, and on the most satisfactory terms.

We co-operate with borrowers, helping them in every way to make the most profitable use of the money loaned.

Gum.

Bryan Eagle: A large movie house in a large city the other day had a housecleaning bee and renovated everything, even to the seats. They went so far as to clean the under sides of the seats. The results were interesting. According to the newspaper account of the result, a bushel of chewing gum was recovered.

State Press in Dallas News: Patrons of the show stuck their gum under the seats in order to avoid the risk of swallowing it when they gasped at the hairbread escapes of the hero and heroine. Then they went away and forgot their property. Gum-chewing is said by some super-refined folk to be a vulgar habit. Anything is vulgar in the eyes of those who are always in fear lest they seem to align themselves with the great common people. The great common people chew gum, because they like to, and it harms no one. State Press, a gum-chewer himself, does not go so far as to say he thinks gum-chewing a pretty accomplishment. He doesn't like to see girls or their mothers chewing gum in public. It tends to attract too much attention to the mouth of the chewer. It is almost as bad a habit as public manicuring, like buffing one's nails in the street car, in that it serves to make for more

conspicuousness than gentility warrants. But gum-chewing, like manicuring, may be engaged in under proper restrictions to the advantage of the engagees. A chew of gum is an aid to meditation if not to digestion, and a tete-a-tete may be made more tete-a-tete by a rhythmic movement of the jaws. There are times when every person can do better with his mouth than talk with it.

I Am Your Worst Enemy.

I am the ruler of retail reverses. I am the Lord High Potentate of Failure.

I am the reason for that downward slant on your profit curve.

I am the cause of the silent sick-

ness that stills your cash-register bell. I am the origin of dissatisfied customers and loss of trade.

I am the element of chance that turns a winning business into a losing gamble.

I am the fountain-head whence springs the majority of your trouble and worry.

I am the key to the problem why more than 15,000 retailers fail every year.

I am the why and wherefore, the direct and proximate cause, the germ and the genesis of unsuccessful merchandising.

I am the sticker, the Shelf-Lounger, the Left-Over, the nameless child of an unknown father.

I Am the Unadvertised Product.
