CENSUS ENUMERATORS GET INCREASE IN DAILY PAY

E. H. Powell stated yesterday that he had word from the district supervisor that the pay for census enumerators had been increased to \$8 per day. Mr. Powell has secured the appointment of Miss Beckman and L. E. Sims to take precincts of Randall County. Clyde Baird, will take another precinct while Guy Conner is now at work on the count in the city of Canyon.

There is yet a precinct in Randall county in which no enumerator has been appointed, and Mr. Powell is anxious to have an applicant so work may be started all over the county.

Mr. Powell stated yesterday that he had assurance from the supervisor that thirty day would be allowed to take a precinct after the blanks were received.

SNOW STILL ON GROUND FROM FALL THURSDAY AND SUNDAY

The snow storm which started last Wednesday morning stopped before Thursday night, but the weather remained very cold. Saturday it melted considerably, but Sunday there was another snow.

The snow has melted very nearly every day this week. The snow of last week amounted to from five to eight inches in the various parts of the county.

Come to Canyon to Live.

ONLY TWENTY SEVEN WOMEN HAVE PAID THE POLL TAX

Poll tax payments are coming in very slowly, both from men and women. Up to yesterday only 260 had obtained a poll tax receipt or an exemption. Seven exemptions have been issued, five in precinct No. 1 and one each in Precincts Nos. 7 and 8.

Only twenty seven women have so far paid their poll tax, and if they desire to vote in the July Primary, they must pay the tax and obtain a receipt which must be presented on election day.

BANQUET WILL BE SERVED TO VISITORS NEXT WEEK

R. E. Prewitt was in town Monday making the final arrangements for the meeting of the Panhandle Swine Breeders Association which will be held next week, Wednesday and Thursday in Canyon.

Arrangements are being made for the banquet which will be served by the Domestic Science Department of the Normal under the direction of Miss Rambo.

A meeting of the arrangements committee was held Monday night at First National Bank, E. H. Powell being chairman of the general arrangement committee.

Miss Rambo was instructed to prepare the menu as she desired and to have full charge of the arrangement and serving. O. N. Gamble, Fred H. Ives and D. A. Park are appointed assistants.

Plate will be provided for 150 men. All of the visitors will be given a free ticket and after these are arranged for, tickets will be sold to the citizens of Canyon who wish to attend.

Don Warren of Childress will be the toastmaster and he has been instructed to call upon any or all of the following for toasts: President J. A. Hill, J. W. Reid, T. C. Thompson, Fred H. Ives, C. F. Walker, J. D. Gamble, C. W. Warwick.

FIRE SIREN BOUGHT SATURDAY AFTER TEST IS GIVEN

The fire siren was brought Saturday afternoon to the west side of the News office where it was tied up to the switch running the motor that drives our big press and given a thorough test. Of course the siren was not heard in certain parts of the city as it will be when placed on top of a building.

While the siren was going Mayor J. D. Gamble, C. D. Lester and others made a canvass of the city, getting in cash \$250, which was the purchase price of the siren together with installation charges.

The siren will be placed on the roof over the telephone office and a switch arranged so the operators can sound the alarm when a call comes in.

Until the proper equipment is received, the siren will be placed at the power plant.

Gano For Re-Election.

To the citizens of Randall county. I have had the pleasure of serving you in the capacity of County and District Clerk, for the past year, and have endeavored to make you an efficient officer. I am sure I am in position to give better service in future than I have in the past and would appreciate your consideration and support in the July Primary.

OSCAR W. GANO.

Canyon Club Directors Elected.

At the meeting of the stockholders of the Canyon City Club Monday afternoon the following directors were elected for the coming year:

G. G. Foster, C. N. Harrison, H. W. Morelock, R. E. Foster, J. D. Gamble, E. Burroughs, Oscar Hunt.

The annual dues of the Club were raised to \$6.00 per year dating from January 1st.

The officers have not held a meeting for the purpose of electing officers.

73 Pay Income Tax Last Year.

A list of the income tax payers of Randall County last year is posted by the government in the Post Office. The names of 73 citizens of Randall county is on the list.

POULTRY SHOW A GREAT SUCCESS

The Poultry Show held in Canyon Trades Day, Jan. 12th was a complete success. A total of sixty-three birds were entered in competition, many of them showing the best of quality. The Rhode Island Red, Barred Rock and Buff Orpington classes were especially strong. The hall of the county court house was crowded all afternoon with farmers and others who were interested in poultry.

Mr. E. B. Miller, Poultry Editor of the Southwest Poultry & Swine Breeder, Plainview, Texas, gave excellent satisfaction as judge of the show. He proved himself to be thoroughly qualified, and courteously gave many suggestions on management and exhibition which were gladly accepted by the exhibitors. An interested audience watched the judging of every class.

By the way, the above mentioned publication is one for which every poultry and swine breeder in the Panhandle should be a subscriber. It contains excellent articles on many important points, and the reports of the shows and the breeders ads. are indispensable to any up-to-date breeder.

The Randall County Poultry Show will be held again next winter. It will have many more exhibitors and entries, a larger premium list, and a finer grade of stock. Our farmers must realize the importance of producing more good poultry. Profit can be made with turkeys here. Encourage the children to raise chick-

ens of their own. The happiest prize winners in this show were a little girl who had held her rooster in her arms for hours because she had no box to show it in, and a little boy who had a box of bantams. Both won a first prize, and they will do still better next year.

All premium checks will be mailed to winners this week.

Now Remember the Panhandle Swine Breeders Ass'n meeting and sale here Jan. 21-22.

FRED H. IVES.

AMERICAN LEGION ELECTION FRIDAY

Palo Duro Post Will Hold Meeting for Election and Discuss Plans for a New Building.

The meeting Friday night of the Palo Duro Post of the American Legion at Foy's Tailor Shop will be of unusual importance, and every member of the Post is expected to be present.

At this meeting will be held the election of permanent officers for the Post.

H. C. Gamble, chairman of the building committee, will make his report as to the findings regarding a building or club house, and it is expected that some action will be taken to further the proposition. At the last meeting the idea seemed to prevail that the house should be exclusively for the use of the Legion members.

Mr. Gamble has been investigating this plan and will report on the probability of such a plan, as well as the other ones under discussion, which are: a community house, and a business house with club rooms on the second story. These three plans will be gone into fully Friday night.

D. A. PARK WILL LEAVE BANK FOR FARM FEB. 1st

D. A. Park has resigned as vice president of the First State Bank to take effect about February 1st, and will improve a farm in the north part of the county.

Mr. Park has been in the banking business in Canyon for a number of years and is one of the most prominent business men of the city. He was cashier of the First National Bank for a number of years, later going to the Citizens Bank and later to the First State when these two were consolidated.

During his business career in Canyon Mr. Park has always been a leader in the affairs of the city. In commercial club work he has always been active and gave his time to the developing the best interests of the city. In the work pertaining to the welfare of humanity he has always been untiring in his efforts. The work of the Red Cross has largely fallen to Mr. and Mrs. Park during the past two years and the great task has been met and accomplished willingly and efficiently.

The farm Mr. Park is developing is the south part of his father's place, just across the road north from the home of W. E. Bennett; Mr. Park's brother-in-law.

Mrs. Park and the children will remain in Canyon until school closes while regretting very much to see the Park family leave Canyon, the citizens join in wishing them the greatest of success in their new home and are glad that they are not to leave the county.

Hicks-Winn Wedding.

Neva Estelle Hicks and Leon D'Vote Winn were united in marriage at the home of the bride's mother, Mrs. L. N. Hix, on last Saturday evening at 8 o'clock, Reverend B. F. Fronbarger officiating with the ring ceremony. Only the immediate family and a few friends were present.

The bride and groom entered the reception room to the strains of soft music played by Miss Virginia Hudson of Amarillo. Immediately after the ceremony a short social was held during which punch was dispensed, and several vocal selections rendered by Mrs. Geo. E. Webb of Hereford, sister of the groom.

The young couple departed on the 9:30 train for Lubbock where they will spend a few days before going on the groom's ranch near Muleshoe. The wedding party accompanied them to the train, showering them with rice and hearty good wishes. The bride received many beautiful and useful gifts.

Mrs. Winn was born, reared and educated in Canyon, a graduate of the High School class of '14 and of the Normal '16. She was a very popular lovable young lady, and will be greatly missed by her many friends.

Mr. Winn, a resident of Canyon for several years, is a progressive young farmer and was a very popular member of the younger social set. He recently returned from service in the army.

Land Deals Made.

Lewis Wreck of Nebraska has bought the Lightward place near Umbarger.

G. W. Johnson of Crowell has bought the Wilson place west of the city.

NO DATE YET SET FOR THE POSTOFFICE EXAMINATION

Since the postponement of the examination for a postmaster for Canyon from Jan. 14, no date has been named or further word received regarding the examination from Washington.

About eight or nine applicants will take the examination when it is given.

MAUD POWELL, NOTED VIOLINIST DEAD—PLAYED IN CANYON

Madam Maud Powell, one of the greatest violinists in America, died last week in Pennsylvania.

It will be remembered that she played in Canyon at the Methodist church in February, 1914. Arrangements were being made to bring her back to Canyon in time for the home coming in May.

Her death was a great shock to the musical world.

COMMITTEE APPOINTED FOR EPISCOPAL DORMITORY SITE

The committee which will confer with Archdeacon Wm Garner and President J. A. Hill regarding the selection of a site for the new dormitory for girls which is being built in Canyon by the Episcopal Church, has been named to consist of T. C. Thompson, J. W. Reid and C. W. Warwick.

The committee will meet in a few days and discuss locations, and then lay the plan for raising the money to buy the lots.

It was the sense of the Randall County Commercial League that the citizens of Randall county present to the Episcopal Church a quarter lot upon which will be located the new \$36,000 dormitory for girls.

R. E. Prewitt, President of the Panhandle Swine Breeders Association wishes to state that the pictures of the National Show which will be run Wednesday night at the Normal Auditorium are free and all the people are invited to see them.

Recital Next Thursday

Next Thursday evening at 7:30 o'clock the lady teachers of the music department of the Normal will give a recital at the Normal Auditorium.

Miss Pauline Brigham, piano, Miss Mary Clark, violin, and Miss Margaret Gauthier, soprano, will give the program. All of the ladies are fine musicians. The public is cordially invited. The new Steinway Grand piano will be used for the recital.

A daughter was born to Mr. and Mrs. Leo Stocker at their home near Umbarger Monday.

H. C. Roffey left this morning for Plainview and Floydada on a short business trip.

MRS. T. C. SIMMS DIED LAST WEDNESDAY IN NEW MEXICO

Mrs. T. C. Simms died last Wednesday morning at the home of her son F. P. Simms in Grenville, N. M., where she and Mr. Simms had gone for a short visit only a week previous. When they left Canyon Grandma was in good health and in her usual good spirits. Pneumonia was the cause of her death.

The body was brought to Canyon Thursday night and the funeral services were conducted at the home Sunday morning by Rev. B. F. Fronbarger.

Mrs. Simms was born April 29, 1846 in Kentucky and moved to Missouri when a child. She was married to T. C. Simms on June 7, 1868 and lived in Missouri until fourteen years ago when they moved to Randall County. Ten children were born to Mr. and Mrs. Simms, nine living, one having died in infancy. They are Mrs. J. R. Morgan of Kingfisher, Okla., F. P. Simms of Grenville, N. M., George M. Simms of Burlington, Iowa, J. B. Simms and Mrs. R. V. Bailey of Washington, D. C., Lewis and Lester Simms, both of Grenville, N. M., and L. E. Simms and Mrs. G. C. Utz of Canyon. She leaves two brothers and two sisters in Missouri.

She united with the Baptist when a girl in Missouri and has always been a faithful member.

Mrs. Simms was a good mother and neighbor and has a host of friends in Randall county who were shocked and grieved to hear of her sudden death. They extend their sympathy to those who remain behind and mourn.

In this edition of the News will be found the political announcement of O. W. Gano, asking for a second term as County and District Clerk of Randall County. For years it has been customary in Randall County to grant to efficient officials a second term of office, and no-doubt the voters will grant Mr. Gano's request. An examination of the records of the county which are to be found in the Clerk's Office shows that Mr. Gano has been a good official. He is courteous to the public and strictly business-like in the affairs of his office. He is placing the records of his office at the inspection of the public, and if the voters approve his work of the past two years, Mr. Gano will appreciate very much their vote for the coming term.

Out of accumulated capital have arisen all the conveniences of industry and applied science, all the comforts and ameliorations of the common lot. Upon it the world must depend for the program of reconstruction in which all have to share.—JAMES J. HILL.

The Successful Farmer Raises Bigger Crops

and cuts down costs by investment in labor-saving machinery.

Good prices for the farmers' crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like the farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion, which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

TO THE PEOPLE OF CANYON

For more than a year the members of the Canyon Baptist Church have been discussing and planning the building of a new church building. The time has now come for the work to begin.

This discussions and planning have led us to this point and determination: That we will build at a cost not less than fifty thousand dollars; that the building shall be modern and up to date in every particular; that we shall construct with a view to the future, looking not only to the interest of the people of this immediate community, but especially to the interest of the student body of the Normal, together with the interest of their relatives and friends at home and of the communities to which these teachers shall go.

Plans and specifications are being prepared by architects. The Building Committee are now engaged in the work of raising the funds. Members of our denominational board have promised to stand by and help us finish our building. There is to be no let up until the work is done.

As pastor of this church, I address this open letter to all the people of this community who are interested, not only in the religious well-being, but the social and business interest, as well, of Canyon and her great school. It is well known that our church is small in numbers and it will be seen, on a moment's thought, that the large sum of money-needed for this building will be difficult, if not impossible, to raise from our own membership. We are therefore going to ask all the people to help us build.

Our solicitors will see every one. Do not turn them down. We do not come to you as beggars, but cordially invite you as fellow helpers to join with us in a worthy undertaking of common interest to all though of special interest to the Baptist.

When the other churches project their building program, we stand ready to lend a helping hand as now we, the first to undertake and perhaps the most of all in need of a new building, are soliciting your cooperation.

Respectfully and hopefully submitted,
B. F. FRONABARGER.

Army Stocks In France Sold.

Antwerp, Jan. 4.—The sum of \$700,000,000 was realized from the sale of American stocks remaining in France after the departure of the American Army, said Brigadier General W. B. Connor, chief of staff of the American Department of Supply, who sailed today for America. He estimated the value of the stocks at \$1,700,000,000 and declared it would have cost \$75,000,000 to take them back to America.

General Connor again denied the old story that the French made the American Army pay for the trenches it occupied in France.

"The whole truth," he said, "is that the American Army has not paid a cent for any ground used or for anything destroyed at the front."

Your Next Crop

Are you going to get that land broke in time for the row-crop in the spring? That is always the big question with the farmer at this time of the year. It is a long job to get a big piece of ground ready with teams, but the FORDSON TRACTOR will make it an easy and quick job.

More tractors were sold last fall than at any time in the history of Randall County. Every buyer is highly pleased with his purchase and is a booster for the tractor. The price of the Fordson is so small and the variety of work it can do is so great that we do not see how it is possible for any farmer to put off longer buying one of these tractors.

W. J. Bryan is getting bumped on all sides for the stand he took in the Democratic meeting last week. Bryan is some splitter and divider, but is there not a bit of sense in his suggestion of immediate ratification. President Wilson said the heart of the world would break if America did not join the League of Nations. The League is doing business, or will be shortly, and we are not in. The reservations proposed by Lodge are of no material change in the covenant. Why not join with Bryan in getting through the very best possible trade and end this quibbling over the treaty rather than wait until the election next fall. Chances are the articles of the League of Nation will be materially changed once they get into working, just as the constitution of every country in the world. Bryan has done some unwise things in his time, but he has also proclaimed some very wise ones.

The Palo Duro Post of the American Legion wants to build some kind of a home in Canyon. Every man eligible to membership and who has not joined, should be at the meeting Friday night and do his part toward furthering the idea.

Suppose the republicans draft General Pershing for a candidate and the democrats draft Herbert Hoover, it would certainly be unkind to the professional politicians who want the job so badly.

Now comes the Swine Breeders Association next week in Canyon. Every farmer in Randall County ought to make arrangements to attend the meetings.

The poultry show in Canyon was fine. Randall County always leads in the production of pure bred stock of all kinds.

RANDALL COUNTY COMMERCIAL LEAGUE

(By R. Kenneth Evans.)

Organization is essential for the proper functioning of any plan. Without organization and support the recent world's war would have ended in quite a different manner than it did. Without the entire support which was attributed to this cause the armies would have been effectively handicapped and with that organization everyone knows the results.

The same thing applies very appropriately to the development of the resources of a community and the building of a commercial center. A. R. F. Headquarters was the nucleus of all movements which resulted in the disastrous defeat of the Central Powers. From the A. E. F. headquarters emanated every move which was to be accomplished. Every strategic move was planned in these headquarters and from the commercial organizations of a community should emanate every move or plan for the development of that community's resources.

Canyon has a business men's league, or commercial organization which has adopted this very plan. The business interests of the city realize that such an organization, unqualifiedly supported is very essential to place Canyon on the position in the Commercial world it should rightfully attain. This organization is known as the Randall County Commercial League and was first organized in 1916, under the name of the Canyon Business Men's Association. The reorganization was consummated in September which made the organization much stronger. Almost every business man in the city is identified with the commercial association and pays in dues, according to the extent of his business from fifty cents to five dollars. The association has been organized on a business basis from the standpoint of placing the resources of the Canyon territory before the people and submit plans for their development.

To begin with a city, advancing and building, without a commercial association properly supported, is as bad as a ship without a rudder. The commercial association should direct all movements, as it does in Canyon and under the new organization plan the association will undoubtedly be

the most important factor in that development.

To begin with, the most extensive business interests of Canyon are behind the association. A directorate has been designated which consists of a class of business men who have made a success in business and who have worked unceasingly to build Canyon. T. C. Thompson, who conducts one of the largest wholesale and retail hardware stores in the Panhandle country is president of the association and active in its management. C. W. Warwick, publisher of the Randall County News, is vice president. Grady Holland, a successful druggist, who has recently branched out and established stores at both Amarillo and Happy with Canyon as headquarters is the secretary of the association. He is another of the younger set of business men imbued with that spirit of progress which is characteristic of Panhandle people. E. H. Powell, a young and successful banker known as one of the most successful young bankers in West Texas and the Panhandle country is treasurer of the association. Wilford Taylor is membership clerk and S. B. McClure, real estate dealer is auction manager.

The board of directors of the association consists of T. C. Thompson, C. D. Lester, Grady Holland, O. N. Gamble and D. A. Park, in addition to the other officers named. To know the business men of the city the reader would readily realize that the influential and successful business men of the city are behind the organization to a man.

The Commercial League once its organization has accomplished many things for the city principle among these things being the encouragement of extensions of the trade territory surrounding Canyon. This association was back of the move to establish a trades day in Canyon which is always the second Monday of each month. This is a day that all the patrons of Canyon are invited to attend the sales and purchase their necessities. Encouragement in participation in trades days is augmented by a trade trip excursion which is made by the representatives of the business houses of Canyon, covering the entire trade territory. These trade trips are made on the Friday preceding the trades day and every customer is visited throughout the trade territory and gradually this method is extending the trade territory of Canyon. The trips are made by automobile and makes the farmers and consumers feel that their business is appreciated by the business men of Canyon.

To further argument the success of a trades day the merchants through the commercial league very frequently put up premiums. For instance recently a premium campaign was inaugurated whereby the merchants gave away a Ford automobile, a \$500 liberty bond, a \$100 Vitrola. Each purchase of \$1.00 entitled the purchaser to a chance on the premiums. This method alone, which was fostered and started by the Commercial League has been a very effective method of inducing additional business to come to Canyon.

The Randall County Commercial League has been influential in encouragement of the building of good roads, maintenance of a high standard of educational facilities and constantly is behind every move which promises for the future development of the resources of the Canyon country. The association is materially interested in the fostering of immigration and does everything in its power as an association to assist those who do come here in getting satisfactorily located. The success of the association has already shown what can be accomplished by systematic cooperation and effort and endeavor in the upbuilding of a commercial center.

Is Clothing High In Price?

O. N. Gamble, manager of the Canyon Supply Co., made some comparisons yesterday in regard to clothing prices which are very interesting in face of the prices of clothing:

"Most people seem to think that clothes prices are high. Measured in the number of dollars it takes to purchase a suit they are. But measured in the prices of things which the producer has to sell, or in the wages paid for service performed they are no higher than they were before the war. In many instances, as a matter of fact, they are not so high.

"If, on December 30th, 1914, the farmer marketed a thousand pound steer at the top price of the Chicago market he got \$91.50 for it. If he marketed it on December 30th, 1919, for the top price, he got \$195 for it—money enough to buy a pretty nice outfit of clothes even at present prices.

"Wheat is raised in this section of the country. Official government reports tell us that the average farm value of wheat on November 1st, 1914 was 77c a bushel. The farmer who sold fifty bushels of it got \$38.50, or just about enough to buy a \$25 suit, a \$5 pair of shoes, a \$3 hat, two or three good shirts, and then some handkerchiefs. The farm value of wheat on November 1st, 1919, was \$2.13 a bushel and the farmer who sold fifty bushels at his home station received \$106.50, or enough to buy him a fine \$60 suit and a big thick overcoat.

"The average price paid to the

MICKIE SAYS

CHARLES SWAINE

farmers all over the United States for butter on November 1st, 1914, was 26.4c a pound, while on the same day in 1919 he got 56c a pound for it. For his eggs he got 25.3c a dozen on November 1st, 1914, while he got 54c a dozen for them in 1919.

"But how about the working man? The government tells us that the average pay for farm laborers hired by the month in 1914 was \$21.05 and board. In 1919 wages went up to a minimum of \$40 and ran to even \$60 and \$65 in many instances. The going day wage for harvest hands in 1914 was \$1.55. In 1919 they were hard to get at \$5 a day.

"The prosperity of the worker is no longer adequately measured by his wage rate per hour. Five years ago work was scarce; a large percentage of workers expected to be idle many days in the year. Now there is demand for the service of every available man in practically every trade, not only for 44 or 48 hours in a week at regular pay, but for many hours of overtime at double pay.

"Is it any wonder that the demand for clothes is enormous? Producer and worker alike have more money, in proportion, to spend for clothes than they ever had before. They want good clothes, too, and are creating an unusual demand for them."

Trouble with the walking delegates is that they do not walk far enough.—Boston Shoe and Leather Reporter.

SECOND BASKET BALL GAME OF SEASON

Canyon vs. Roswell—Score 28 to 21 In Favor of Roswell.

Friday, January 9, 1920, marked the second game of the basket ball season for the W. T. S. N. C. team. The opening game was called at 7:15 o'clock in the gymnasium. Roswell Military Institute was represented by an excellent working team. During the first half, Roswell threw 7 field goals and 4 free goals. Canyon threw 2 free goals. Excellent teamwork was shown by Roswell during the first half.

At the beginning of the second half, Canyon's team went in with the fighting spirit so often demonstrated in former athletics, contests, and "put it over" the fast Roswell lads for the half. Only the unbalanced score at the beginning kept Canyon from winning. Roswell threw 4 field goals and 2 free goals during the second half, while Canyon threw 7 field goals and 5 free goals. The final score stood 28 to 21 in Roswell's favor.

The rooting, accompanied by the band proved that the student body backed the players as of old. Many good hearty yells were given, led by our yell leader, Mr. Condrey.

Canyon's line up was as follows: Key and Battenfield, forwards; Hill, center; Capt. Sims and Golden, guards; Ford, substitute for Golden.

Key, 5 goals, 1 free goal; Battenfield, 1 goal, 5 free goals; Hill, 1 goal, 1 free goal.

Roswell's line up—Godfrey and McKenny, forwards; Ball, center; Morris and Kinson, guards. Substitutes—Nathis for McKenny and Nicks for Kinson.

Numerous fouls were made by both teams: Canyon 11, Roswell 19. Personal fouls: Canyon 9, Roswell 14.

Referee—W. H. Blaine, Canyon. Timekeeper—D. A. Shirley, Canyon.—From The Prairie.

High School Notes.
The mid term examinations have been held and quite a number of pupils have failed to come up to standard. They are perhaps not altogether to blame for their failures.

The text books have failed to reach us in sufficient numbers and the pupils have not always had books.

Another chance is being offered the high school pupils and they are taking their demotions in a splendid spirit.

Those who have been careless and indifferent are making a determined effort to make good during the last half year.

It is to be hoped that our pupils will make their work so thorough that such a necessity for demotions will not occur in many years to come.

Attendance is holding up well. The building is kept warm and comfortable.

Last month's honor pupils appear below:

First Primary—Margaret Gamble, Henrietta Flesher, David Ayers Park, Phyllis McDade and Gwendolene Black.

First Grade—Helen Wood, Howard Williams, Homer Hood, Anna Beth Brown and Marie Williams.

Second Grade—Jake Harrison, Maude Poy, Opat Jameson and Thomas Garner.

Third Grade—Glen Boland, W. R. Hazelwood, Alfred Henson, Wilmoth Gamble and Oma Wilson.

Fourth Grade—Alla Williams, Mildred Flynn, Drucilla Driver, Cap Wall and Joseph McReynolds.

Fifth Grade—Marion Higdon, Arie Gamble, Roy Cheatham, Allan Brown and Hastings Ackley.

Sixth Grade—Sue Smith, Pauline Butterfield, Claude Harrison, J. D. Gamble and Chas. Money.

Seventh Grade—Imogene McIntyre, Ruth Jennings, Olive Schramm, Jessie Shaw and Corine McReynolds.

Eighth Grade—Minnie Frank, Herschel Coffee, Grover Carr, Florence Neil and Francis Hicks.

Ninth Grade—Lillie Mae Fogerty, Grace Burk, Ola Robertson, Ruth Burnett, Mae Slack.

An additional honor of a half holiday for the best five pupils of each room will be arranged for the last months of the school.

An interesting game of basket ball between the Junior High School boys and the training school boys resulted in a score of 27 to 32 in favor of the Training School. It was a fine game. These young folks play hard for their respective schools. They have learned to play clean and manly.

Hardened Criminals.
"Listen to this, Maria," said Mr. Stub, as he unfolded his scientific paper. "This article states that in some of the old Roman prisons that have been unearthed they found the petrified remains of the prisoners."
"Land's sake, John," said Mrs. Stub, with a smile, "them's what they call hardened criminals, I suppose."

The Prodigal Son.
"There's one thing I've got to say for the prodigal son," remarked Farmer Cornstossel.
"What's that?"
"He had the grit to walk home instead of telegraphin' for money." —Washington Star.

Out of the Mouth of Babies.
"Mother," asked the Modern Child, as she was being put to bed, "what are prayers?" "Prayers, darling, are little messages to God." The Modern Child grew thoughtful. "Oh I see," she said at last, "and we wait till bedtime to send them so as to get the night rate."—Argonaut.

Perfection's Price In Tire Building
A tire-maker's first problem is to decide how much he can give for the money. This, and every other question in tire building, depends upon policies.
A super-tire, such as The Brunswick, can be made only by a concern which knows well and appreciates that there is nothing exclusive in the tire industry except high standards.
Since 1845 the House of Brunswick has held first place in every line it entered. Brunswick Tires, as more and more motorists come to know them, will certainly be awarded that coveted place held only by the superfine.
Motorists who buy one Brunswick usually adopt it for complete equipment. Yet this is not strange, since the first one so completely proves its superiority.
If the name of Brunswick certifies to you, as to most men, an extraordinary tire, at no higher price, would it not be good business to test one or two Brunswick Tires?

THE CITY PHARMACY
The Rexall Store

(By R. Kenneth Evans.)

There is nothing so important to the success of a physician as the proper filling of his prescriptions. Neither is there so important a factor to the convalescing of a patient as to have the prescriptions filled hence it can truly be said that in this day of advanced science that in the hands of the pharmacist rests in a great measure the condition of the health of the community especially among those who are afflicted. If a pharmacist is careless and puts a little too much of one drug, in a prescription or not quite enough of another then the doctor's work is for naught.

The City Pharmacy of Canyon makes a specialty of prescription work and is one of the drug stores in the Panhandle country completely equipped to handle this class of work. A registered pharmacist, who has graduated from a recognized course in pharmacy, is in charge of the prescription department of this store at all times.

The prescription department with its efficient service however is merely one of the departments of this extensive drug store which is indeed a credit to Canyon and a store which would be a credit to a city several times the size of Canyon for that matter. To step into the City Pharmacy one is immediately impressed with the metropolitan air which prevails. The fixtures of the store are strictly modern in every respect and the glass wall cases show off the merchandise in a creditable manner. One of the largest store rooms in the city is occupied by this store and its extensive stock of merchandise which varies according to seasons but under normal conditions is approximately \$10,000.

The City Pharmacy was owned by D. M. Stewart and acquired by D. R. Gass in 1911. Mr. Gass realized the vast opportunities that existed in Canyon for the operation of an up-to-date drug store and from the time he acquired it the store has continued to grow in popularity. It is and has been since acquired by the present owner under the management of N. E. McIntyre who has spent seventeen years of his life in the drug business and thoroughly understands how to conduct an up-to-date store. The management is exceptionally interested in civic development is an active member of the local commercial organization and never fails to give the support asked to any undertaking which has merit and which promises to work for the good of the community in general.

The City Pharmacy carries a complete line of drugs and drug sundries all the drugs being purchased from recognized drug houses which furnish the best and the purest. A complete line of toilet articles and cosmetics in all the popular brands are carried as well as a complete line of jewelry, Liggett and Guth candies, smokers' goods of all descriptions, school supplies, Eastman kodaks and supplies and phonographs. In fact anything that could possibly be found in any up-to-date drug store is to be found at the City Pharmacy.

The store is recognized and known as the Rexall Store because of the fact that it carries the complete line of proprietary remedies manufactured by the United Drug Company which is recognized as the manufacturers of one of the most reliable lines of proprietary remedies on the market. These goods are sold under a money refund guarantee and there are more than 350 prescriptions in the entire line.

The soda fountain in the City Pharmacy is always in the hands of an expert caterer and the service given at this fountain makes the City Pharmacy the popular meeting place for the young people or the business men.

Report of State School Inspector. Visited by W. B. Mikesell, Dec. 20, 1919.

The high school is located on the second floor of a two story brick building. The seventh, eighth and ninth years are given here under departmental organization. The tenth and eleventh years of work have been transferred to the Normal school on the opposite side of the city. The building is now fairly adequate for the nine years of work offered.

Being the last session before vacation, examinations were being offered in most classes. Regular class work, then, could not be observed. Conference was had with all of the teachers, the lower grades were visited, note books and examination papers were examined.

General science is the only laboratory science now given. A room and sufficient apparatus, in general, is advisable for this.

The library is enclosed in two glass-door cases in the study hall or auditorium. It is a fair selection of books, containing sets of Dickens, Eliot, Riley, Shakespeare, Harvard Series, "The Home Library of English Literature" and a few volumes of Kiplings and O'Henry's stories. A few source books in history of England and of France and an 1899 edition of Encyclopedia Britannica are included.

There is one teacher provided for each year of work offered, including one for a class of thirty-five under legal age of seven. Thus there are practically eight elementary years offered.

It appears to the supervisor that the work offered to the "unders" is too advanced. More handiwork of the kind offered in "Normal Instructor and Primary Plans", and in "Primary Education", etc., should be used, instead of merely reading, and writing. The above named magazines should be supplied to the teacher. The room is too dark. The painted glass windows should be replaced with clear glass.

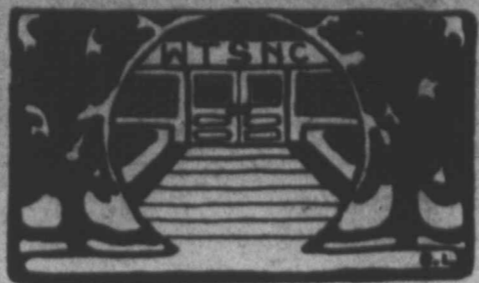

Several of the elementary rooms were unusually attractive by well selected pictures, draperies, artistic arrangements of the pupils' handiwork and the Christmas decorations. These more attractive rooms could well be a stimulus to those not quite so attractive. Tasty surroundings are particularly important for the younger pupils. The "Mothers Club" might help in this.

In general the provision made for school work is such that the very best quality of work could be done. The visitor wishes to encourage the school authorities in seeking affiliation in all of the High School studies offered, regardless of third class rating.

Recommendations:
1. That physiology and physiography be offered—a half year to each, with two double periods per week of laboratory work. A fair laboratory equipment for this work is already on hands.
2. That suitable new books and magazines be added to the shelves of each of the elementary rooms. It appears that little has been added to these shelves for the last two or three years.
3. An up-to-date reference set for the high school library, suitable to years of students.
4. That third class classification be granted.

With wood so scarce and high, maybe it would be a measure of economy to leave the ex-Kaiser alone until the winter is over.—San Antonio Light.

The Freshman class met Jan. 6, for the purpose of electing new officers. The following were elected: Walter Hanna, president; Leslie Key, vice president; Dean Hamilton, secretary; Jack Foster, sergeant-at-arms; Russell Brown, treasurer.

The Antler Literary Society met on Friday night for the purpose of reorganizing. The following officers were elected: A. E. Hunt, president; Wyatt Hester, vice president; Law Sone, secretary; Paul Stewart, treasurer; Paul Foster, representative to Prairie; Gary Sims, sergeants-at-arms. Thomas Brahan, who has been in Austin on business, has now returned to take up this quarter's work.

Dan Cupid was rather busy during the holidays. In our own little circle, at least three weddings occurred. That of Mr. Donald, has already been reported. Dewey Price, a former student, was married to Miss Mattie Myers, and now the news "leaks out" that Lawrence Ward of Memphis took unto himself a wife while he was home for the holidays.

On December 16, the Sesame Literary Society elected officers for the second quarter. They are the following: Hazel Park, president; Mary Baumgartner, vice president; Ollie Sone, secretary; Rebecca Smith, treasurer; Pat McGehee, sergeant-at-arms; Florence Barrier and Lolagene Howard, critics; Myrtle McGinley, representative to Prairie.

Miss Newell of Amarillo was visiting with Mrs. M. C. Reeves Tuesday. Misses Ivan Luce and Veva Oliva were in Amarillo shopping Monday.

Miss Reta Baldwin has taken Miss Erin Payn's place as President Hill's private secretary. It is a compliment to the business department of the institution that Miss Baldwin has made sufficient preparation for this position in so short a time.

The try-out for inter-normal debaters will be held Saturday, Jan. 31. The first meeting of the new year was held Tuesday. Fourteen boys reported for the try-out.

We regret to learn that Mr. Hilliard Fatheree will not be able to return to school this quarter. Mr. Fatheree was Associate Editor on the Le Mirage staff. At chapel last Tuesday morning Dan Sanders was elected to take his place.

The Cousins Literary Society reorganized last Wednesday as follows: Clyde Goodwine, president; J. C. Hays vice president; Emri Stidham, secretary; Wesley Allen, treasurer; Mitchell Jones, sergeant-at-arms; Grady Hazelwood, representative to Prairie staff; Virgil Dodson, yell leader; Geo. Ritchie, representative to Le Mirage; program committee, J. C. Hays chairman, Robert Delvin, Kenneth Burns.

Miss Lois Baumgartner has accepted a position in the Miami High School.

The basket ball game between the New Mexico Military Institute and the Normal was a very interesting game. The Institute won by a score of 28 to 21.

The training school played the high school last Tuesday and won by a score of 37 to 24.

Myrtle McGinley and Miss Mary Isaacs have recently returned from Des Moines where they attended a meeting of the Student Volunteer Movement as representatives from this institution. They were four of over eight thousand representatives from all over the world.

Each has made a very interesting talk to the student body and has tried to impress on them the various needs of foreign mission fields.

Santa Fe employees. They report a nice time.

E. C. Burks of Avey returned Friday from Tennessee where he has been visiting. He was called home sooner than he expected to come on account of the illness of his wife who has pneumonia.

Miss Minnie Mulkey returned Sunday from Floydada where she was visiting her sister, Mrs. Charlie Smith.

Rev. Simeon Shaw of Canyon filled the pulpit at the Methodist Church Sunday. Owing to the snow there was only a few present. But those of us who ventured out were rewarded for our trouble in the excellent sermon Br. Shaw preached. We hope Bro. Shaw will visit us again when the weather is more favorable.

Mrs. Castleberry's house burned to the ground Saturday night between 11 and 12 o'clock. It caught from a defective flue. They only saved two feather beds and a few quilts. A subscription was started Monday and in a short time \$500 was raised and several have volunteered to go out and work if she wanted to build.

W. A. Carney is loading his car of goods Tuesday to move to Groom where he has bought property.

H. Bethum is moving to the Nicely place near Ralph which he has recently bought.

R. E. Prewitt returned Tuesday from Canyon where he attended the poultry show. He carried off some good ribbons with his Rhode Island Reds.

K. F. McRae was sick several days last week.

Mrs. McNeely of near Vego Park has been visiting her brother-in-law, Rev. Charles W. McNeely here for the past week.

Notice.

All men between the age of 21 and 45 years are liable to street duty, except ministers of the gospel in the active discharge of their ministerial duties, invalids, and members of the voluntary fire company. All persons liable to work on the streets can secure exemption therefrom for the year 1920 by paying to the city tax collector before the first day of February the sum of three dollars, after February 1st you must pay \$5.00. I am now ready to collect and receipt for such tax. 4113

"Without A Bread Line."

This is a nation without a bread line. This is a nation without a public soup kitchen. This is a nation with a full dinner pail. This reminded the New York World that not in many years, if ever, has the number of homeless and destitute persons been so small as this winter. Geo. M. Reynolds, the Chicago banker, says the great mass of the people are prosperous and contented and proof of this fact was found on Christmas day when charitable organizations throughout the nation were unable to muster "hardly a corporal's guard to partake of the bounteous spreads provided for the poor." Geo. M. Reynolds is a multi-millionaire banker.
