CANYON, RANDALL COUNTY, TEXAS, THURSDAY, MAY 6, 1920.

NUMBER 5

## MORE THAN 200 IN CONVENTION

Precinct One Has Largest Convention in History—Women Present Support Administration

The precinct convention Saturday in Canyon was very much of a surprise to the followers of Bailey. The attendance numbered 217, of which fully five to one were supporters of the administration against Bailey. The following minutes of the meeting were sent to the county convention:

At the Democratic Precinct Convention, for Precinct number one of Randall County, State of Texas, held in the District Court room in Canyon Texas, at 2:30 p. m., May 1, 1920, the following business was transacted:

Motion made, duly seconded and carried that C. R. Burrow be secretary of said convention:

C. L. Condrey was nominated and elected as assistant secretary.

The list of qualified voters of Precinct number one was called, showing qualified Democratic voters present.

The following resolution was unanimously adopted:

"Be It Resolved, by the Democrats of voting precinct number one of Randall County, Texas, in Precinct convention assembled:

First: That we heartily approve the great achievements of our Democratic National Administration under the leadership of Woodrow Wilson, both in peace and in war, and we favor its unqualified endorsement by the Democratic National Convention to be held at San Francisco, both in the platform it shall adopt and in the candidates for President and Vice President it shall nominate:

Second: That we instruct our delegates to the County Convention to vote for no person for delegates from Texas to Democratic National Convention who does not favor and support the principals and purposes expressed in this resolution.

Third: That we direct our delegates to the County Convention to vote as a unit on all questions submitted to the County Convention for consideration."

Adopted at the place stated, and at the time provided by law.

The following delegates to the County Convention, to be held in Canyon, Texas, at 2:00 p. m., May 4, 1920, were elected:

Mrs. C. R. Burrow, John A. Wilson, T. C. Thompson, W. A. Jennings, and M. B. Johnson.

The following alternates were elected to the County Convention: J. W. Cummings, C. W. Warwick, A. D. Nickson, Mrs. B. A. Stafford L. C. Fronabarger.

There being no further business the convention adjourned.

A. N. HENSON, Chairman.  
C. R. BURROW, Secretary.

## PALO DURO HOME IS BEING FITTED FOR USE

Post Commander H. C. Gamble state yesterday that the officers of the Palo Duro Post of the American Legion were getting the new club home fitted up. Two pool and one billiard tables have been bought and installed in the home. Other improvements and equipment will be added within the coming weeks.

The Post is planning an opening reception within the next two weeks when the members will hold open house for their lady friends.

The carnival company showing in Canyon this week is under the auspices of the Palo Duro Post. Mr. Gamble stated that the business has been very good so far this week, and that the Post will realize considerable profit from the shows.

## Harrell Making Good at University

Austin, Texas, May 4.—The honor roll for the academic, educational and engineering departments of the University of Texas for the winter term contains the name of Ira Jefferson of Petersburg among the best one per cent of students, and Newton Gammel Harrell of Canyon among the best five percent. This honor roll takes into consideration both the quantity and the quality of the work of the students.

## Game With Tulia Next Friday

The Normal team will play the Tulia high school in Canyon on Friday of next week. A game will probably be arranged with White Deer during next week.

## COUNTY GOES AGAINST BAILEY

County Boxes Largely Carried by Bailey—Administration Forces Strong in City of Canyon.

The county convention Tuesday afternoon was dominated by the followers of the administration, and the resolutions passed by the convention in precinct number one Saturday were adopted. The Bailey principles enunciated by Bailey in Fort Worth were introduced as an amendment to the resolutions but were not voted upon, lacking a second.

Worth A. Jennings and Mrs. C. R. Burrow were elected to the state convention to be held May 25. A committee composed of J. A. Wilson, G. G. Foster and J. W. Reid was appointed to raise funds to send the delegates to the state convention.

Upon the roll call, the following was the line-up in the county convention Tuesday:

Precinct	Administration	Bailey

## \$300 NEEDED TO SEND ON STOCK INSPECTION TRIP

Several items appeared in the News regarding the trip which will be made to the state of Texas to ten or more other states where the big stock farms will be inspected. All of the counties of the state are urged to send a boy on this trip who will represent the county and distribute such advertising matter as is desirable to send out. County Agent C. F. Walker has notice that \$300 will cover the costs of the trip, and that Randall county should raise this amount soon in order to send the boy who makes the best grade in the stock judging contest which is being given. As yet no official action has been taken toward raising this amount but Randall county cannot afford to fail to send the boy who makes the high grade.

## Need More Rooms

President J. A. Hill reported to the Randall County Commercial League Monday night that more rooms were needed to take care of the students during the summer if there is an attendance this year as large as that of last year, and indications are that there will be a healthy increase. A committee from the school recently made a survey of the town for rooms but did not find as many as they hoped for. A committee from the Commercial League will be appointed this week to see people who have not agreed to open their homes and lay before them the great importance of offering every possible room for the use of the students.

## Canyon Needs Camping Park

There are scores of tourists coming through the country now in automobiles. Many of the progressive towns are establishing camping grounds for the use of the tourists. All that is necessary is water and a garbage container, as most of the tourists go in strictly for camping out and eating at their car.

There are several places in the city limits of Canyon which could be fixed up at little cost, and which would be a great drawing card and splendid advertisement to the community.

## Louis Kreidler Will Sing.

Louis Kreidler, the noted American baritone, will sing at the Normal auditorium Friday, May 14th.

Mr. Kreidler is a very pleasing singer and will greet a large audience when he comes to Canyon next week. He will present the second number of the Musical Artists Course being given at the Normal.

## Monkey Named "Canyon"

While the Backman-Tinsch Animal Show was in Canyon last Thursday a baby monkey was born. The manager of the show stated that the young animal was named "Canyon." in honor of the town in which it was born. He stated that it was very seldom that an animal in captivity bore young and that the estimated value of the mother went up at least \$250 in his mind.

## \$50.00 GIVEN AWAY AT TRADES DAY IN CANYON NEXT MONDAY, MAY 10

Next Monday, is the regular Trades Day in Canyon. \$50.00 in cash will be given away by the business houses of Canyon to the lucky holders of the tickets which have been given away during the past month by the business houses.

The prizes will be given away at 4:30 o'clock. Numbers corresponding to the ones given by the business houses are placed in a box at the News office. At 4:30, a committee will open this box and have some child draw out two numbers. The holder of the first number will get \$40.00 in cash, and the holder of the second number will get \$10.00 in cash. The holders of the numbers must be present at the time and claim their money, or further numbers will be drawn until some one presents the money.

The tickets have been given by the business houses for the past month with cash purchases—one ticket for each dollar purchase. Tickets will be given away up to 4:00 o'clock Monday afternoon.

The auction sale will be another big feature of Trades Day. A large amount of new merchandise will be offered for sale on that day in addition to the stock, implements, etc., which will be offered by the citizens of the county.

Come to Canyon Trades Day. It will mean money in your pocket when you buy in Canyon.

## COUNTY FAIR TO BE HELD IN SEPT.

Fair Held at the Time of the Futurity Show—Premium List Will Be Compiled in Catalog Soon

Randall county will have a county fair in September, at the time the Futurity show is to be held in Canyon. C. F. Walker was appointed Monday night at the meeting of the Randall County Commercial League to have the general management of the fair and to call upon any persons he desired for their assistance.

The date of the fair will be set a few days before the Childress State Fair in order that breeders may move from Canyon to Childress. There are twenty two in the Futurity Show and Mr. Walker has thirty in the Pig Club, so there will be more than one hundred registered hogs in the fair.

The following breeders have signed up for the Futurity Show:

C. A. Price, Canyon.  
D. N. Redburn, Canyon.  
John Knight, Canyon.  
W. Laxton, Canyon.  
Henry Schultz, Canyon.  
Jeff Wallace, Canyon.  
D. V. Rusk, Happy.  
R. E. Prewitt, Happy.  
W. E. Armstrong, Happy.  
H. E. Roffey, Canyon.  
C. F. Walker, Canyon.  
L. B. Wilks, Canyon.  
Cass Jennings, Canyon.  
A. N. Burgan, Canyon.  
D. A. Park, Amarillo.  
D. L. Adams, Wayside.  
S. J. Payne, Tulia.  
J. C. Frye, Tulia.  
Alexander, Jones & Mickie, Childress.  
H. T. Neely, Amarillo.  
Leslie Neal, Dawn.  
Pat Wederbrook, Hereford.

## Rain North and South

Local showers fell in Randall County last night. A heavy rain and hail fell between Canyon and Amarillo, but was not extensive in territory. A quarter inch rain was reported at Happy last evening.

The cold and dry weather is having bad effects upon the wheat. There was never a better prospect for a big crop than this year but it is being hurt every day. A majority of the oats and barley crop is considered lost on account of the dry weather. There is a good undermoisture but the continued high winds have sapped the top moisture.

## Moon Eclipse Sunday

There was an eclipse of the moon Sunday evening which was of great interest to the citizens.

## SCHOOL FACULTY IS SELECTED

C. R. Burrow Resigns as Trustee—All But Two High School Teachers Elected Last Night.

At the meeting of the school trustees last night all of the grade teachers were elected for the coming year as follows; Misses Ida Rowan, Pearle Hensley, Enid Grundy, Thelma McGee, Lena Perriman and Mrs. Hays. Miss Loretta Wiggins has been elected for the high school. Two additional teachers are to be added to the high school.

C. R. Burrow resigned from the board. He has been the efficient secretary of the board for the past two years and his services are highly appreciated by the patrons of the school. No selection was made last night of a secretary to take his place.

J. B. Hensley who was recently elected tax assessor will begin his work in a few days.

## NICKSON BROS. PAINT SHOP BURNED TUESDAY NIGHT

The paint shop belonging to Nickson Bros., located on East Evelyn street, burned Tuesday night about 11:30. No one had been near the building since early in the evening, and it is not known how the fire started.

The loss will amount to several hundred dollars of stock in addition to the building, with no insurance on either. There was a considerable lot of paints and wall paper besides brushes and tools, a bicycle, buggy and many other things in the building.

## SCHUMAN-HEINK WILL SING 6 IN AMARILLO FRIDAY NIGHT

Schumann-Heink, the world famed contralto, will sing in Amarillo Friday night at eight o'clock. A large number of Canyon people will hear her sing.

The train to Clovis will be held in Amarillo until eleven o'clock so that those desiring to go on the afternoon train may come home that night.

## Holifield Will Not Leave

It is understood that an effort is being made to have Rev. Ted P. Holifield again accept the pastorate of the Presbyterian Church here and that a call has been tendered him. All Clovis-would rejoice to see Mr. Holifield return and it is hoped that he accepts the call to again return to Clovis.—Clovis News.

The people of Canyon will be glad to hear that while the call was made by the Clovis church it was not accepted by Rev. Holifield and he gave the definite answer Sunday that he would remain in Canyon.

Rev. Holifield has been in the city as pastor of the Presbyterian church but three months. The church at Clovis was very reluctant in accepting his resignation, and the call of last week was very urgent. The people of Canyon and members of the Presbyterian congregation are very glad that he has decided to remain with the work in Canyon.

## Hill to President's Meeting

President A. J. Hill left today for Dallas where he will attend a meeting of the presidents of the normal schools of Texas at which time recommendations will be made for the support of the schools to be submitted to the legislature at the special session.

## Buy Fine Stallions

Adams and McCreery of Wayside passed through the city this morning on their way home from Amarillo where they attended the sale of Percheron stallions yesterday. They bought one of the best stallions offered.

J. J. Bauer, commissioner of precinct No. 3, bought one of the big Percherons.

Only a few of the Jacks were sold in the sale.

## Building Sidewalks

New concrete sidewalks are being put in front of the Brumley and W. R. Clark homes on West Evelyn street.

## Shotwell Will Move Business

S. A. Shotwell has bought the old opera house building and will move his business across the street as soon as his building is remodeled.

## TRACTOR SCHOOL HERE MAY 17-19

Number of Leading Tractor Dealers in This Section Will Assist in Big School.

The West Texas State Normal College, Department of Agriculture, at Canyon is putting on a new line of educational work this month in a three day Tractor Engineers' School, to be held May 17, 18, 19. This school will consist of illustrated lectures, moving picture films and demonstrations on the construction, lubrication, operation, care and repair of all common types of farm tractors in use in the Panhandle. Special representatives from nearly a dozen leading tractor companies will have charge of the work. Each company will have their tractors, parts and pictures here on exhibition.

The purpose of this school is to give tractor owners, operators, farmers and dealers that information on tractor management that is necessary for their successful use. More tractors fail because of poor care than any other reason. Every question that can be asked concerning tractors will be answered in this school. No fee is to be charged for any part of this service here. An extensive advertising campaign is being put on and an attendance of near one thousand farmers from all parts of the Panhandle is expected.

This is the first time that a co-operative school of this kind has been held in this territory. The tractor manufacturers and distributors are well pleased with the plan. The great buildings and fine equipment and grounds of the Canyon Normal are being used in every possible way for the benefit of the whole population of this section of the state.

Fred H. Ives, head of the agricultural department of the Normal was in Amarillo Monday interviewing the tractor dealers and found them to be very enthusiastic over the tractor school.

There will be an oil engineer at the school who will answer all questions regarding lubrication.

## URGE SIGN BOARDS ALONG NEW HIGHWAYS IN-COUNTY

At a meeting of the Randall County Commercial League Monday night at the News office the question of placing a number of sign boards along the highways in Randall county was brought up by County Agent C. F. Walker. It was the sense of the meeting that the proposition was an extremely good one for the county.

Randall county is spending a large amount of money on her roads and has the best on the Plains. A large sign board should be erected at each entrance of the county on these highways announcing that the tourist was entering Randall County, and something should be added regarding the West Texas State Normal College. It would be of interest to the business houses to bill the highways every mile out from Canyon. At the junction of the two highways on Houston street would be another good place for a general sign board regarding the entire county.

It is proposed to get in touch with good sign board painters and get prices on the sign boards.

It is furthermore urged that the owners of farms name their places and have out sign boards in front of their homes, giving the kinds of animals they are breeding. The tourist who sees a county well advertised will look for a home in that county.

## Dan K. Usery With News Force.

Dan K. Usery arrived Sunday from Clovis and is now presiding over the destinies of the linotype in the News office. Mr. Usery was on the News force for several years and was heartily welcomed back home by the bunch who have been working about eighteen hours per day.

Mrs. Usery and daughter will come from Clovis after the close of the school year.

## TAG DAY SATURDAY NETS \$120 FOR SCHOOL CAMPAIGN

The Tag Day Saturday was very successful in Canyon. The training school and the public school pupils were selling tags throughout the day, raising a total of \$120, which will be used in the great campaign that is being waged to carry the constitutional amendment in the November election which proposes to take off the 50 cent tax limit for school purposes.

**25,894 Gallons Wine in Canadian**  
Canadian has been this week the wettest spot in the Panhandle and yet almost as dry as a desert country. The wet condition refers to the amount of good port wine in this city, and the dry condition refers to the number of Yale padlocks that have stood between that wine and the citizenship who crave the liquor. Other towns in the Panhandle have their bootlegging cases where a few gallons of booze creates a sensation but Canadian this week has been host to 25,894 gallons of good California Port wine. This is just a little too stupendous for a Panhandler to accept all at once, so we might say that the port wine is twenty percent alcohol, which means that there are 5,179 gallons of pure alcohol here, if separated from the other 20,715 gallons of trimmings.

The wine is in transit by order of the government from some agent in California and is on its way to New York under government order to get it out of the country. It is bulk wine and in three tank cars of a total capacity of 25,894 gallons. Two tanks hold 8,047 gallons each and the third holds 9,800 gallons. At pre-prohibition prices the cargo would represent a valuation of perhaps \$150,000. If some of those whose souls have been sorely tested by looking at those cars would place a valuation on the wine it would probably be worth now \$1,000,000.

The way the cars are prepared to hold wine will doubtless be interesting. The two smaller cars are of wood, but on the inside is a huge metal tank that contains the wine. The larger car is of metal and on the inside is a huge glass tank that contains the wine. The cars are marked G. A. T. X. Before the war these letters were: "German American Tank Lines." After the war the name was changed to "General American Tank Lines."

The spigots of the wine tanks are sealed with the regular railroad seal and the cockpits where the tanks are filled are protected by several padlocks on each side.

Just think of it! Enough port wine to fill a swimming pool and not a drop to drink!

It is said on the cars was checked "bad order" in the yards here on account of a broken hinge and something like twenty gallons of wine "leaked" out. The embargo on freight stopped the cars in the Canadian yards enroute. The strike will not let cars thru the Kansas City yards. They move on out as soon as the embargo is lifted in Kansas City—Canadian Record.

Come to Canyon to live.

**Need More Cultivation**

Our good friend, Dr. Loyd of Vega, says the Dalhart Texan, than whom there is no better booster in the Panhandle, and who has an abiding faith in the future of this great section of the country, believes that the good Lord created the Panhandle to be the greatest stock-farming section in the world. Dr. Loyd has spent \$20,000 of his own money in convincing others that this is true. And he has a good basis for his belief. He knows that his own father bought land in eastern Kansas at \$1.50 per acre fifty years ago, and the heirs are now selling it at \$500. There is more rainfall in eastern Kansas now than there was fifty years ago, and there will probably be no more rainfall in the Panhandle fifty years hence than there is now.

The trouble in the Panhandle, when there is trouble, is that the moisture is taken up from the few cultivated fields and given out by the winds to the prairies, leaving the winds dry and void of moisture until they reach the next field. When several sections of land are in cultivation, or a larger scope of country is under the plow the winds do not so rob the fields. One inch of rainfall is thus made to do the work of four. What we need is not more rain fall but more cultivation, and when this comes about our twenty-two inches of rain will be ample for all purposes. This is Dr. Loyd's philosophy.

**Houses Are Scarce**

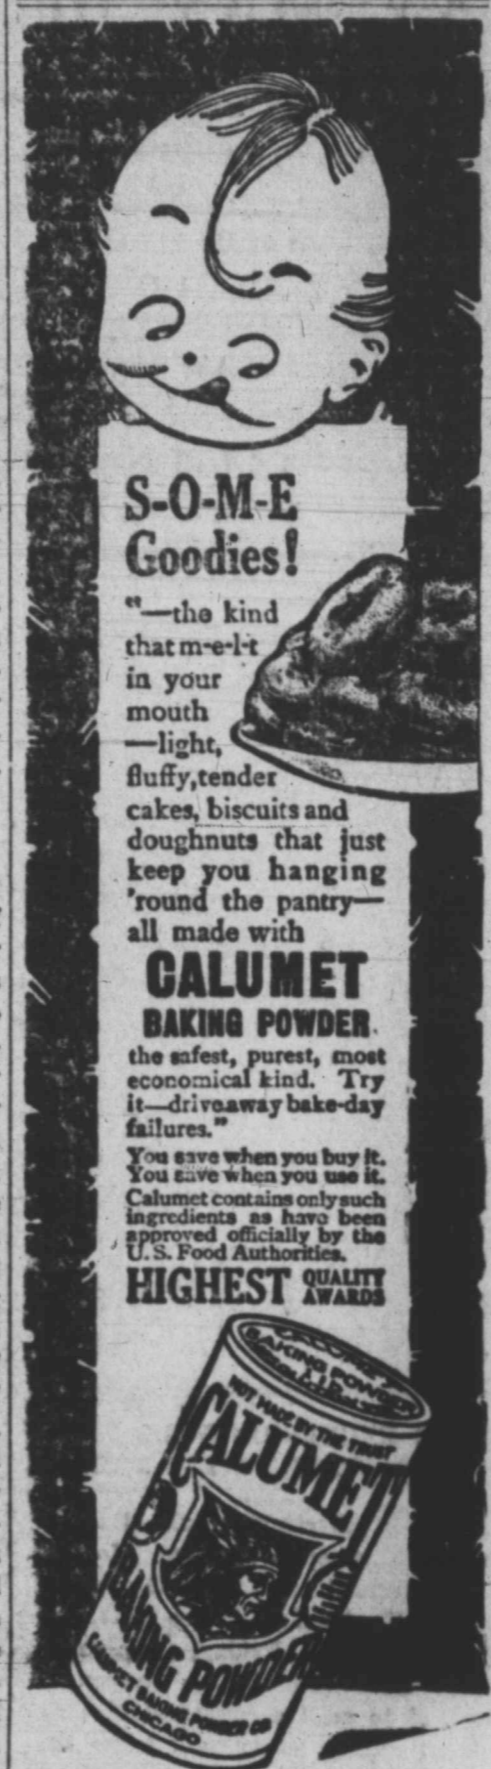

By Walt Mason.

The town is short of dwellings of small or larger size, and so we hear the yellings of heart sick homeless guys; they hustle, helter-skelter to try to rent a shelter of some hard-hearted pelter, unmoved by all their cries. It's hard to raise the ante, for any common gent; for he could build a shanty with what he pays for rent; but there's no builder willing to take his hard-earned shilling and help him make a killing, and hence his loud lament, I see the homeless hiving around me everywhere; their bosoms they are striking, and tearing of their hair; men flaunt their rolls of kroners, and cry, "Rent us a shack, or we are simply goners, alas, and eke alack! Our kinds and wives are weeping, for they must do their sleeping barns where rain is seeping thru every beastly crack! Our uncles and our grannies in cornerbeds sit and sigh while through the open crannies the winds go whizzing by; then rent to us my master, a house with lath and plaster, or there will be disaster, and fireworks popping high!" In vain—there are no houses that they can rent or hire, which growsome fact arouses my stern patrician ire; that men who

have the plunder can't rest, a roof-tree under, fills me with wrath and wonder, the while I kick my lyre.

### Welcome Relief From the Tortures of Rheumatism

Can Come Only From the Proper Treatment.

Many forms of rheumatism are caused by millions of tiny germs that infest the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

The most satisfactory remedy for rheumatism is S. S. S. be-

cause it is one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of impurities, and acts as an antidote to the germ of rheumatism.

S. S. S. is sold by druggists everywhere. For valuable literature and advice address Chief Medical Adviser, 107 Swift Laboratory, Atlanta, Ga.

J. W. Bailey in Friday's speech: "If my adversaries carry the Texas precinct conventions, the democratic party, as it has heretofore been known will cease to exist. . . . Your record so far is spotless. If you sully it tomorrow, you will never cease to regret the day." The first statement probably means that Joe will quit the party, and which in his mind, would wreck it. In the second place, we are surprised to find such an admission on the part of Joe at this late hour. He has been preaching all over the state during the campaign that everything that Woodrow Wilson has ever done was worse than hades itself. To cuss the democratic party unceasingly for weeks and then confess at the last minute that its record was "spotless" was too much for the voters, so they took his advice and continued sawing wood as they had in the past.

It appears that Canyon has slept on her rights in the question of locating the Baptist Encampment near the city. This city was selected in spite of the strong opposition of neighboring towns. Rev. Fronbarger put up a strong fight and won the Encampment, but failed to get the grounds which were desirable. The executive committee seems to think that Canyon is indifferent to the Encampment. Tuesday they voted to look at the propositions of other towns—a thing they had refused to do in the past. The Encampment would mean a great thing for Canyon. The citizens should get together and make a pull for it. It is seldom that great institutions come to a town without a fight; this institution is worth making a fight for and a big fight. Canyon is not in the habit of passing up great things, and this is one of them.

Since the new dormitory will not be ready for the summer school, there promises to be a shortage of rooms if there is the normal increase in attendance over the past years. Since the West Texas State Normal College is the only normal in Texas showing a healthy increase in attendance this year, it is safe to say there will be a much larger attendance in the school for the summer term. It may be a little inconvenient to take people into your home, but Canyon citizens must do this, open their homes if the students are to be properly looked after. A committee will wait upon those who have not yet agreed to give their spare rooms to students.

Hi Johnson is making trouble in the republican camp. He is running like a scared wolf, and threatens to lead the pack to the Chicago convention. Hi is not wanted as the republican leader. Furthermore, he is not wanted as the leader of the United States by any particular bunch of voters except the pro-Germans, disgruntled, slackers and opponents to any kind of a League of Nations. He is not looked upon as a safe man by either the real leaders of the republican party or leaders of the nation.

Great distress in Congress: The Congressional Record is facing suspension in face of the paper famine. However, the disaster will not be felt other than by the long-winded congressman who dote on their breezy messages to the people—which are never read. Probably the paper famine is good after all.

**Like A Sleeping Portion**  
 A witty actor was telling a story to a number of fellow players at a club one night, and there was also present a dyspeptic newspaper man who suffered from insomnia. The company, with the exception of the newspaper man roared at the story.  
 "What's the matter?" asked someone.  
 "Nothing."  
 "Why don't you laugh at that good story?"  
 "Well, it's this way: I am going to sleep until I get home. I find that I can always sleep better when I go to bed laughing."

**INTERSCHOLASTIC LEAGUE IN GREAT MEET**

Hundreds of People Participate in Greatest Educational Meet Ever Held in West Texas

The Interscholastic League Meet which was held at the West Texas State Normal College on April 16th and 17th, marked a new era in the educational affairs of West Texas. The largest and most enthusiastic crowd that ever attended a like meet in this section was present on this occasion. In its new program of expansion the West Texas State Normal College is attempting to do more than serve those who come to it for instruction; it is forming and carrying into effective operation plans that will function in every phase of the life of the people it was created to serve. A more thorough organization of the Interscholastic League in this section bore its ripest fruits in the meet which came to a close only a few days ago. Another distinct feature of advance in our educational affairs is the Consolidated Teachers' Institute which will convene here from September 6th to 10th. Already 21 counties have authorized the committee, through their county superintendents, to place their names on the program. Doctor Snedden of Columbia University and other men of like renown will participate in this program, and from six to eight hundred teachers are expected to be present. The Panhandle country is in the first stages of an intellectual and commercial revival. Rotary and Commercial Clubs are organizing all over this section for purposes of intelligent progress; the people are learning the valuable lesson of the efficacy of concerted effort. The West Texas State Normal College is playing a prominent part in this new movement; during the past year the attendance at this institution was the largest in its history, and that in spite of the fact that conditions everywhere else have reduced the attendance at teacher training institutions.

One prominent factor in this new era is the Interscholastic League, and those in charge of this organization this year are to be congratulated upon the phenomenal success of the last meet. The town was literally overrun with the young life of the Panhandle country. More than a hundred people came in the day before the event formally opened, and by Friday morning throngs of strange faces swarmed in the corridors and thronged the building of the W. T. S. N. C. It was the largest building many of the boys and girls who came to participate in the contests had ever seen, and its splendid appointments inspired them with a desire to attend college some day. On every hand expressions of admiration escaped lips unaccustomed to flattery. I heard several boys and girls say, "Isn't this a wonderful building? I wish I could come to school here."

The value of the contests in the Interscholastic League Meet can not be overestimated. I sat in the auditorium and watched the young life of the Panhandle contend for supremacy; those boys and girls had come here to win; and they all fought with a heroism worthy of victory. They faced the largest audience—at times fifteen hundred people—they had ever seen assembled in one place, but they appeared undaunted. Confidence of victory shone in their eyes, and hope of success animated their whole frame. The value of this training to a boy or girl is worth all the time demanded in preparation for the event; the experience teaches them self-confidence, self-composure, and self-reliance. No experience so moves young life as to bring it into touch with big events; they fire young boys and girls with an ambition to achieve things worthwhile. Many of the boys and girls who took part on the program are already looking beyond their circumscribed environment to the big things they hope to accomplish in life.

**Catarhal Deafness Cannot Be Cured** by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarhal Deafness, and that is by a constitutional remedy. **HALL'S CATARRH MEDICINE** acts through the blood on the mucous surface of the system. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be removed and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the mucous surface. **ONE HUNDRED DOLLARS** for any case of Catarhal Deafness that cannot be cured by **HALL'S CATARRH MEDICINE**. **PRIZE ESSAY WINNERS ARE ANNOUNCED**

Ollie Sone, Canyon, Wins First Prize; Corinne Nash, Houston, Wins Second Prize

AUSTIN, TEXAS.—The winner of the first prize in the H. A. Wroe Prize Essay Contest at the West Texas State Normal College is Ollie Belle Sone of Canyon, Texas, the Texas Public Health Association announces. This organization directed the contest in the five white state normals in Texas. The winner of the second prize was Corinne Nash who lives at 1447 Allston Ave., Houston, Texas.

The prizes offered by H. A. Wroe of Austin, treasurer of the Texas Public Health Association, were for the purpose of stimulating interest in health matters among the students of the various state normals of Texas. Two prizes were won by students in each normal, first prize being \$15, and second prize \$10. A grand state prize of \$25 will be awarded the best paper from those submitted from the five normals.

The subject on which all those who entered the competition wrote was: "The Value of Health Education Through the Modern Health Crusade."

Prof. H. W. Morelock supervised the contest at the West Texas State Normal. The judges who gave the hundred teachers are expected to be present.

Wilson. Awards were made by numbers in sealed envelopes, and the names of the prize winners were learned upon the opening of these envelopes at the state headquarters of the Texas Public Health Association at Austin. Many interesting essays were submitted in the contest, and judges found it very hard to give a decision. The Association hopes that those who did not win prizes were benefitted by their research work on the subject of good health.

THE WATERLOO OF CLARENDON'S TENNIS STARS

The Clarendon champion tennis players came along with their base ball team, hoping (we presume) to provide a relief scene to the tragedy

of the base ball score. But the subplot proved to be more disastrous than the main plot. The whole drama resembled the Greek tragedy in technique; the action was rapid and direct; and the outcome was inevitable from the beginning. The Canyon gods of tennis blinded the would-be heroes with dust; they chased them to the verge of despair at every point of the game; and in the end dragged them to their foreordained doom.

The score by sets was as follows: First Set: Canyon 6, Clarendon 2; Second Set: Canyon 6, Clarendon 3; Third Set: Canyon 4 Clarendon 2. Flanigan Smith and Deskin Wells represented Canyon, and Harold Keene and Hughes Quattlebaum represented Clarendon. Canyon's base ball team and tennis champions will go to Clarendon on May 18th for the final games of this season.

A Canyon Woman's Experience

Can you doubt the evidence of this Canyon woman? You can verify Canyon endorsement.

Read this: Mrs. G. A. Jones, Canyon, says: "I was troubled continually with my back. Through the small of my back was a steady, bearing down pain and it was so sore I could hardly stoop over to pick up anything. At night my back was sore and ached so I couldn't sleep at all. I also had awful dizzy spells and headaches. My kidneys were weak and troubled me, too. I saw Doan's Kidney Pills advertised and bought a supply from the City Drug Store. Three boxes of Doan's cured me of every symptom of the trouble." 60c. at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

**THE PASSING OF THE GREAT BATTLE SHIPS**

Admiral Scott of the British Navy, says: "The battleship is dead; the future is with the airplane. The big battle ship of today costs \$35,000,000 carries 100 shells containing 100,000 pounds of high explosives and has an effective range of about fifteen miles. Such a monster ship is vulnerable to both airplanes and submarines. In building this kind of a battle unit we put all of our eggs in one basket.

"For the sum of \$35,000,000 we could build a number of airplane-carrying ships equipped for carrying over 100,000 rounds of high explosive. These air machines would carry fuel sufficient for five hours and have a range of 150 miles out and 150 miles back. The single battleship in peace time will cost in the neighborhood of \$900,000, a year for upkeep, which includes fuel, provisions and salaries for officers and men. The airplane-carrying ships as passenger ships could be used in commercial service; both would produce a revenue for the nation. The officers and men to form the crews of ships and men and planes would belong to the merchant navy.

The object in war is to introduce high explosive material in your enemy's ships or country. When this high explosive is transmitted by guns the container in which it is held must be strong and heavy to withstand the shock of discharge. It takes a battleship weighing 30,000 tons to carry 100,000 pounds of explosive. The air planes weighing three tons each will carry the same amount, so that the relative weights of the carriers is as thirty tons to 300,000 tons. When the battleships commence to run out of coal or ammunition she must waddle home at a speed of eighteen or twenty miles an hour. When the airplane needs fuel she comes back at a hundred miles an hour and is able to take on her new supplies in from three to five minutes.—Saturday Evening Post.

It's "Milk Cow," Not "Milch Cow" Hereafter it will be "milk cow" and not "milch cow"—at least so far as the United States Department of Agriculture is concerned.

This decision marks the termination of a controversy in which etymologists in the department have had not a little interest. Those defending

"milch" have pointed to scriptural use and certain of the classics as establishing precedents, while the opposition has contended that dairymen, ranchmen, and farmers in general use "milk" instead of "milch" almost universally. The advocates of "milk" also favored that word because, they contended, it was more strictly an English word, while "milch" was akin to German. Since Americanization of language as well as ideals is an article in every patriot's creed, it is thought that this last sally of the "milk" defenders helped as much as any to decide the question in their favor.

The Hesperian takes a sort of ghoulish glee in printing an item from the United States Department of Agriculture in which "milk" and "milch" as applied to cows, are compared as to etymology, et cetera, with all the odds favoring the "milk" side of the question. We are not hobbyists in the matter of dictation, orthography, etymology, or any of the kindred sciences, but we have never been able to figure out why a "milk" cow should be dubbed a "milch" cow. This is not an argument. It's information. —Floydada Hesperian.

Abraham Lincoln traveled a rough road before he became President of the United States. He ran for the legislature and was defeated; he loved a beautiful woman and she died; he entered business and failed; he attempted to get a federal appointment and was defeated; he became a candidate for the vice presidency and was defeated. In the face of all these failures he was nominated and elected President of the United States and lives in history as one of the greatest of Americans. Failure never counts and the man who never knows when he is whipped is bound to win in the long run.

**PLAINVIEW TEAM GOES HOME WITHOUT PLAYING NORMAL**

The following version of the baseball game scheduled between the Plainview high school and the West Texas State Normal College was published in the Plainview Herald:

"The Plainview High School baseball team went to Canyon this morning to play a game which had been matched with the West Texas State Normal. Word from the boys this afternoon states that the normal team refused to play them. It seems that the Plainview team had taken one umpire with them, to work jointly with the umpire to be chosen by the normal team which is always customary. The normal team demanded that they be allowed to select both umpires and when this was refused they refused to play the Plainview team.

"The Plainview boys are of the opinion that the normal team was not over anxious to meet them in the first place. Canyon has not yet forgot the defeat they were given by the high school team here last week.

"The Canyon normal team has also repeatedly refused to meet Wayland College either here or at Canyon. Comparative scores show that Canyon would have but a slim chance to defeat Wayland."

The Herald printed the story as given to them, but the first chapter was wholly ignored by the party giving the Herald the proposed facts.

The Normal team went to Plainview and played the high school. The manager of the Plainview team had two umpires on the field and sent them into the game without consulting Coach Willy of the Normal team. This was right, as the home team is supposed to furnish both umpires unless other arrangements are made. Both men umpired a fair game and there was absolutely no kick on their decisions. The Normal team was defeated, but satisfied with the work of the umpires.

The Plainview team came to Canyon last Friday. Coach Willy had M. A. Henson and D. A. Shirley on the field to umpire. Both men are experienced umpires and have never been questioned in a ball game in any town in the Panhandle. A man who accompanied the Plainview boys—and not the coach—approached Mr. Willy when the game was ready to start and said he had an umpire ready. Mr. Willy said he knew of no such arrangements. The Plainview man replied it was either take this boy as an umpire—for he was no older than the high school players—or they would go home without playing. Willy replied they could go home if he felt that way about it. The Plainview coach would not say his team was not receiving a square deal, but allowed them to go home.

As for the Wayland team, the Normal is not pleased at the relations with Wayland during last season but is willing to play them when they agree to use no ringers. The Normal has always stood for clean athletics. They did not object to letting the high school play men who are not attending school, but colleges which persist in playing men who are not taking the proper amount of college work will never get games with the West Texas State Normal College.

There has got to be clean athletic in the Panhandle, and the Plainview teams can further the cause very greatly by lining up on the right side of this question.

Rev. Lindley of Tulia preached three nights the past week. Feeling very much indisposed, he left Saturday morning and has not returned. Suppose he is not able to continue the services.

Rev. E. B. Atwood, president of the Wayland College at Plainview, delivered a most excellent sermon Sunday afternoon. A large crowd gave him good attendance. Rev. J. W. Hembry of Abernathy accompanied him.

M. C. Sluder and M. A. Butler returned from Hutchinson county Saturday, after leaving Tuesday morning with Dan and Grace Graham.

A large crowd assembled at the school house Saturday the first, for a May Day Picnic. Promise of an airplane was an inducement to many to attend. Disappointed the crowd, for it never reached Wayside. The wind was possibly too high. In the afternoon a ball game was played between Happy and Wayside. Roy Key was struck in the face with a ball but not badly hurt.

Will McGee, wife and cousins from Lockney visited with Mrs. L. J. McGehee Sunday last, returning in the afternoon.

Mrs. Inman and children from Hedley is visiting her mother, Mrs. Jno. Gillham. She expects to move to south Texas sometime soon.

Wheat is suffering for lack of moisture. A good rain would be of great benefit to small grain crops.

Key Bros. and Mack Gillham are now grading the roads of Armstrong County around Wayside.

A disastrous fire occurred Monday afternoon when the barn of W. T. Helms was burned with a lot of grain. Three young calves were also burned.

It is supposed to have caught from a spark from a pipe. Mr. Helms was gone to Amarillo at the time.

**Road Election**  
**THE STATE OF TEXAS, COUNTY OF RANDALL,**

On this the 12th day of April A. D. 1920, The Commissioners Court of Randall County, Texas convened in Regular session at the regular meeting place thereof in the Court House at Canyon, Texas all members of the court, to-wit:

C. R. Flesher, County Judge; W. C. Baird, Commissioner of Precinct No. 1; Parker D. Hanna, Commissioner of Precinct No. 2; J. J. Bauer, Commissioner of Precinct No. 3; E. E. Adams, Commissioner of Precinct No. 4 being present, deem it advisable to levy, assess and collect a special Road Tax of and at the rate not exceeding fifteen cents on the \$100.00 valuation of taxable property in said Randall County, Texas for the purpose of supplementing the Constitutional Road and Bridge tax of said county, in building and maintaining the Public Roads of Randall County, Texas.

Therefore it is ordered by the Commissioners Court of Randall County Texas that an election be held on the 22nd day of May A. D. 1920, in Randall County to determine whether a majority of the legally qualified property tax paying voters of said County desires to tax themselves for the purpose of supplementing the Constitutional Road and Bridge Tax, and to determine whether the Commissioners Court of this County shall be authorized to levy, assess and collect annually a special Road Tax of and at a rate not exceeding fifteen cents on the \$100.00 Valuation of Taxable property in said County for the purpose of supplementing the Constitutional Road and Bridge tax in building and maintaining public Roads in Randall County Texas.

Said election shall be held under the provisions of Acts 1891 and Chapter 11 of Title 119 of the Revised Civil Statutes of Texas.

The Polling places and presiding Officers of said Election shall be respectively as follows:

- Precinct 1 at Court House with S. V. Wirt, as Presiding Officer.
- Precinct 2 at Jowell School House, with C. P. Hileman, as Presiding Officer.
- Precinct 3 at Ralph School House with A. J. Garrison, as Presiding Officer.
- Precinct 4 at Fairview School House with H. E. Wesley, as Presiding Officer.
- Precinct 5 at Conley School House with Roscoe Riggs as Presiding Officer.
- Precinct 6 at Trigg School House with A. A. Umberger as Presiding Officer.
- Precinct 7 at Highland School House with D. R. Burns, as Presiding Officer.
- Precinct 8 at Umberger School House with Albert Baird, as Presiding Officer.
- Precinct 9 at Edmonds School House with W. L. Deeke as Presiding Officer.

The manner of holding said election shall be governed by the General laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the statutes herein referred to.

Notice of said Election shall be given by publication of a copy of this order in The Randall County News, a Newspaper published in said County of Randall for Four Successive weeks before the date of said election.

The County Judge is hereby directed to Cause said Notice to be published, as herein directed:

I, C. R. Flesher, County Judge in and for Randall County, Texas, do hereby certify that the above and foregoing is a true and correct copy of an order passed by the Commissioners Court of Randall County, Texas on the 12th day of April A. D. 1920.

C. R. FLESHER  
 County Judge, Randall County, Texas.

**Notice of Sheriff's Sale - Real Estate**  
 By virtue of an order of sale issued out of the Honorable District Court of Dallas County, 68th Judicial District of Texas, on the 29th day of April, A. D. 1920, in the case of United States Bond & Mortgage Company versus Charles E. Harding and wife, Nani F. Harding, No. 32382-C, and

to me, as sheriff, directed and delivered, I have levied upon this 3rd day of May, A. D. 1920, and will between the hours of 10 o'clock A. M. and 4 o'clock P. M., on the first Tuesday in June, A. D. 1920, it being the 1st day of said month, at the Court House door of said Randall County, in the City of Canyon, proceed to sell at public auction to the highest bidder, for cash in hand, all the right, title and interest which the said Charles E. Harding and wife, Nani F. Harding, had on the 11th day of May, A. D. 1918, or at any time thereafter, of, in and to the following described property, to-wit:

Situated in the Counties of Randall and Deaf Smith in the State of Texas, and being 19738.59 acres of land, including all of Surveys Nos. 23, 24, 25, 31, 33, 34, 35, 41, 42, 43, 44, 47, 51, 52, 53, 54, 55, 56, 46 and 50, Block K-14; Survey No. 281, Block M-6; and Surveys No. 81, 82, 112, 111, 109, 114, 113, 115, 143, Block B-5 and all of Surveys Nos. 77 and 83, Block B-5, lying south of the right of way of the P. & N. T. Ry.

Said property being levied on as the property of Charles E. Harding and wife, Nani F. Harding, and will be sold to satisfy a judgment amounting to \$19,902.07, in favor of United States Bond & Mortgage Company, and costs of court and the further costs of executing this writ.

Given under my hand this 3rd day of May, A. D. 1920.

WORTH A. JENNINGS,  
 614 Sheriff Randall County Texas.
