

EXPANSION OF NORMAL UNANIMOUSLY ENDORSED

Representative T. J. Tilson and Other Citizens of Panhandle-Plains Here Tuesday in Conference.

A great and enthusiastic meeting was held Tuesday at the West Texas State Normal College when representative citizens of the Panhandle-Plains country gathered at the call of Secretary-Manager F. R. Jamison of the Panhandle-Plains Chamber of Commerce to discuss the proposed expansion of the West Texas State Normal College. Before the meeting adjourned, the citizens unanimously voted to endorse the plan as outlined by President J. A. Hill and to use their influence in presenting the matter before the legislature when it meets next January.

Captain T. J. Tilson of Plainview, representative from the 123rd district, endorsed the expansion of the Normal and pledged his efforts in putting the matter before the legislative body.

The Panhandle-Plains Chamber of Commerce was heartily endorsed for the good work that it was doing, both as to educational and the economic problems it was lending its effort in solving.

Twelve citizens from various towns of this section gathered at President Hill's office Tuesday and at noon were conducted to the dining room of the Domestic Science department, where a three course luncheon was served under the direction of Miss Rambo. After luncheon the party went to one of the recitation rooms where a counsel meeting was held, lasting until after four o'clock.

President Hill outlined the plans and proposition of expanding the West Texas State Normal College in order to make the school a better servant of this section of the state. He pointed out that of the seventeen millions of dollars spent by the state of Texas, thirteen millions of the appropriations went for education, yet none of the schools had sufficient funds. Governor Hobby felt that the educational system of the state should be brought into closer working relations and had appointed a committee to make plans for the co-ordination and co-operation of the different twenty educational institutions. But why education, it often asked when the faculties of the normal schools are paid salaries ranging from \$1500 to \$2700 while bricklayers on the new dormitory are paid \$12 per day and the ignorant Mexican laborers are paid \$6.40 per day. Next year there will be a greater shortage of teachers, and the available supply will be of poorer quality if salaries are not raised.

The West Texas State Normal College is 400 miles from the nearest state educational institution. Statistics show that 80 percent of the enrollment of even such great schools as Yale come from within 100 miles of the school. This is conclusive that a large percent of the boys and girls of the Panhandle-Plains country are not going away to college. 75 percent of the students of the Normal come from within 100 miles of Canyon; 89 percent come from within a radius of 200 miles of Canyon. This school is the only chance offered the boys and girls of the Panhandle-Plains country to attend a state institution of higher learning.

Mr. Hill discussed the advantages of the student attending an institution which does not have such a great attendance that the student is prohibited the personal contact of the teachers. The student gets more from the personality of the teacher than from the book he studies. It was recently suggested in the conference at Austin that the University of Texas discontinue the first two years of work, leaving this to the Normal schools of the state. If this should be done it would take more than half of the 4000 students from the university, many of whom are 16 and 17 years old and are lost in the great school.

The West Texas State Normal College must take care of the educational needs of the Panhandle-Plains country. There have been nearly 6000

different students enrolled in the school in the ten years of its existence, 75 percent of whom would not have attended school had not the Normal been in existence in this section. The academic departments are strong and well equipped and prepared to care for the students, but special departments need expansion. Twenty six students were turned away from the manual training department this year because there was not teaching force enough to care for them. The Home Economics department could be doubled were the teaching force available. Mr. Hill urged that every girl should learn home making. This section has the best foundation for home making of any section in the United States. It is a population of the cleanest, strongest and most stalwart. If its citizenship is not developed, it will be a distinct loss to the state. But where? The student will not go 400 miles. The advantages must be offered here.

The teaching of agriculture is becoming more and more important to this section. \$120,000,000 of small grain was raised in the Panhandle-Plains country last year. The department of agriculture has a big place to fill in the development of this section. The boys and girls coming to the school are from the farms and ranches. They go back to the farms and ranches after their courses are completed. It has been a waste of money if they return less prepared or no better prepared than when they came to the school. They should be sent back to live better and produce more. The boys and girls are entitled to it.

Mr. Hill stated that he had no fight against the proposed West A. & M. College. He does not believe it a good time to start any new school. It would take at least \$2,000,000 to establish a first class school under present conditions. The expansion of the West Texas State Normal College can legitimately be asked for to take care of needs of the Panhandle-Plains country. It is a good business investment for the state. The school has only one idea in mind—service to the people.

Frank R. Jamison, Secretary-Manager of the Panhandle-Plains Chamber of Commerce, pointed out the great need for the expansion of the school. The Panhandle contained one-tenth of the population of the state yet had only one-thirty-first representation in the senate. Nine counties in the northwest part of the Panhandle paid into the state treasury \$250,000 more than they received back for school purposes; Harris and Anderson and adjoining counties drew out of the state treasury for school purposes \$875,000 more than they had paid in.

The school at Canyon is centrally located in the Panhandle-Plains country. Canyon has an obligation to the school in the building of more sidewalks, more boarding houses and pav-

ing the streets, but the people feel confident that she will do these things.

He urged that the Panhandle-Plains citizenship get behind the movement to expand the usefulness of the school.

Mrs. Guthrie of Hereford pointed out the wonderful opportunities that confronted the people of Canyon. Better business houses, better religious facilities, were needed for the environment of the students. She was greatly impressed with the economy and practicability of expanding this school rather than building a new agricultural college.

C. W. Warwick, president of the Randall County Commercial League, stated the steps which were being taken in Canyon to beautify the city to meet the growing demands of the school, both from the civic and religious standpoint.

Rev. Sharp of Hereford stated that economy was not the important things in education. It is the least to be considered. We must pay for the advantages. Dallas is going to pay \$150 and up for teachers next year. We must pay that price or we will get teachers that she don't want. He was highly pleased at the idea of expanding the Normal.

R. A. Paschall of Amarillo, who formerly lived in Denton, told of the work of the Denton Normal and the C. I. A. of that city. He was pleased over the prospects of enlarging and expanding the Normal of the Plains country.

Mayor Knight of Hereford told how the people of Hereford stood by Canyon when the Normal was being offered to the towns, as they realized they were too near the New Mexico border to have a chance at the location. The people of Hereford had always appreciated the school. He believed it would be a great mistake to think of establishing a new school in West Texas until the present schools were able to get the support they needed. He most heartily approved the appropriation that it would take to expand the Normal so that it could best serve the people of the Panhandle-Plains country.

G. A. F. Parker of Hereford reviewed how Texas institutions had been built up at the expense of this section—how the lands were used to build the capitol and the railroads. We must now pull together to be recognized. This section must pull together and do all it can for the West Texas State Normal College.

Captain T. J. Tilson closed the program of the day. He stated he was extremely glad to come to the meeting.

He had learned what he wanted to know about the proposed expansion of the West Texas State Normal College and heartily approved it, and would do all in his power for it. He considered the suggestion as very sensible. He pointed out that when the West Texas A. & M. College was proposed a few years ago eight other bills were introduced and passed for schools in other parts of Texas. The West Texas members thought it necessary to get the A. & M. college to vote for these bills. In fact it was the only way to get the school. He stated he would never do such a thing again. If the present proposed school were authorized no doubt it would be located in the region of Abilene which would do the people of the Panhandle no good. He did not believe the time right to build a new school now. The country needs the advantages of such a school and the only way to get it is through the more thorough development of the West Texas State Normal College. We cannot economize at the expense of the children. West Texas has the lowest percent of illiteracy of any section of the United States. "I most heartily endorse what has been said regarding the expansion of the school, and am thankful that I am at this meeting," stated Captain Tilson in closing.

Frances Inghram to Sing. Frances Inghram has been engaged to sing at the Normal auditorium on June 3, during the Home Coming week. Miss Inghram sang here last year and is a great favorite among the music lovers of Canyon. She has a wonderful contralto voice and the program she gives will be pleasing to all.

Mr. and Mrs. Oscar Gano were in Amarillo Thursday to attend lodge.

FREE TRACTOR SCHOOL TO BE HELD MAY 17-9

There is no question that tractor farming is the most profitable system in the Panhandle, if the tractor gives good service. There are about fifty tractors of different sizes and makes in Canyon trade territory. Some of these machines are successful and some are not. Many new tractors will be purchased this year. Some of them will not be satisfactory to their owners. Practically every leading make of tractor now on the market is well made and properly equipped and adjusted. The chief reason for the failure of tractors in service is the poor care their operators give them.

Most farmers are not experts with the gas engine. There are so many parts inside of the tractor that can not run themselves as well as do the parts inside of a mule. Very frequently loss of time and money occurs with tractors because of some very simple mistake or oversight.

The big free Tractor Engineers' School that is being conducted by the Department of Agriculture of West Texas State Normal College, on May 17-18-19, next week, is intended to give the information that will help you to avoid these troubles. Special representatives will be here from at least six of the leading tractor companies selling in the Southwest. These experts will explain every point concerning the construction, lubrication, operation, care and repair of all common types of tractors. They will give no special attention to any particular make in their discussions, but your questions concerning any make of machine on the market will be freely answered. It is not the purpose of this school to sell tractors, but to help those who own tractors now or will buy later to take proper care of them. The lectures will be illustrated with lantern slides, charts, sectional and unit parts, and moving pictures. The complete program of the school is printed in this issue. The work will be consecutive and nothing will be repeated. Come at the beginning and stay to the end. To stop your work and come to this school now may save you a hundred dollars in repairs and delays this summer. The program is made to suit your convenience, morning, afternoon and night. Tractors of different makes and sizes, will be on exhibition on the College Campus.

Two expert oil engineers will be here to handle the important questions of proper lubrication of all parts. The Pierce Oil Corporation is holding a meeting of all their salesmen in this territory at this same date, in order to give them information concerning tractor operation and lubrication needs.

Tractor implements, belt work, road work, and every other division of tractor work will be covered in these discussions.

No farmer, tractor owner, or operator within a hundred miles of Canyon can afford to miss any part of this school. We expect an attendance of nearly one thousand. The moving pictures at night will be of interest to all, men, women and children.

COME TO THE TRACTOR SCHOOL. FRED H. IVES, Director.

THOMASON WILL SPEAK HERE MONDAY AFTERNOON, MAY 17

Hon. Robert E. Thomason of El Paso, speaker of the house, will be in Canyon next Monday afternoon at 2:30 o'clock and will address the voters of Randall County at the Normal Auditorium regarding his candidacy for Governor of Texas.

Mr. Thomason is one of the big men of Texas, and his followers believe he will be in the lead in the July primaries. Every voter should hear him. The women who are to cast their vote in the primary are especially invited to hear him. All are urged to be at the Auditorium promptly at 2.30.

Buy's Quarter Section C. A. Duncan of Vernon was here Tuesday and bought a quarter section north of the city of J. T. Burnett for \$50 per acre. He will improve the place and move here.

BOOSTER MEETING SETS PROGRAM FOR CANYON

The booster meeting held Monday night at the Court House took up a number of things which are of vital interest to the people of Canyon. There was a good attendance and if all of the things set out in the meeting are accomplished, as all present believe they will be, Canyon will have made a great step forward in civic attractiveness and the commercial interests will have been greatly promoted. The meeting was held as an adjourned meeting of the Randall County Commercial League, and the propositions which were discussed at the meeting of the League a week previous were crystallized and definite steps were taken to put over the projects that are so necessary for the welfare of the community.

\$300 For Boy's Trip

The first proposition presented by County Agent C. F. Walker, who acted as floor leader of the meeting, was the raising of \$300 to send a boy on the big trip which will be made from Texas to ten or more states, visiting the best herds of live stock in the United States, seeing the wonderful sights of America, and distributing advertising regarding this County. More than twenty boys of Randall County are taking the stock judging course as offered by the state, and many of them are in the vocational training class under Prof. Fred H. Ives in the Normal. The sense of the meeting was that Randall county would miss a great opportunity if one of these boys was not sent. A committee was appointed of C. L. Condrey, J. A. Wilson, Oscar Gamble and E. C. Dodson who will canvass the county for this fund of \$300.

Bill Board Advertising

C. F. Walker reported he had been before the Commissioners and received the promise of cooperation in putting up big bill boards at the entrance of the county, telling the tourists that they were in Randall county and giving facts of interest. The court also urges that every mile of the new highway have bill boards telling the distance from Canyon. The individual firms of Canyon are urged to put out this kind of advertising.

The Camping Ground

The proposition of a free camping ground for Canyon has been discussed more favorably than any project yet presented to the people. Those who have toured the country know what a relief it is to find in a town a good camping ground. A number of places were pointed out as available for this ground and a committee appointed to make a suitable selection, and raise the money for its improvement. This committee is composed of Fred H. Ives, C. D. Lester and H. W. Gouldy.

Baptist Encampment Grounds

Various speakers expressed the surprise that Canyon had taken so little interest in the proposition of the Baptist Encampment Grounds. It was one of the greatest educational institutions that could be brought to the city. The committee had offered this Encampment to Canyon, and yet no location could be secured. The committee feel now that the people of Canyon were ignoring the proposition and had opened the proposition to other towns, at least two of whom were offered a free site, rather than asking the committee to buy the land. It was the belief of the meeting that Canyon would now have to enter the fight for the location, make a bid to the locating committee and put forth a real effort if the city landed the Encampment. Every man present expressed a desire and willingness to do his very best to put over the Encampment for Canyon. A committee composed of C. F. Walker, E. H. Powell, H. C. Roffey, J. A. Hill and C. L. Sone was appointed to see the land owners, raise money for the project and then confer with the locating board as to the establishment of the Encampment in Canyon.

Road to Wayside

The proposition of opening a good road to the Wayside community was discussed at length. E. H. Powell,

chairman of the committee recently appointed stated the commissioners court would open the road at once, and put it in first class condition. The difficulties of adding the Wayside community to Randall county in exchange for an equal amount of land north of the county was discussed. W. J. Flesher, county attorney, pointed out that it would be almost impossible. A transcript of the titles affected in both counties would have to be made, costing the county many thousands of dollars. A long and costly fight would have to be made before the legislature. He believes that it is much better to make a first class road leading to the southeast part of the county than attempt to make the annexation.

Rooms for Summer Students

The dangers confronting the town in regard to an inadequate number of rooms for summer normal students was discussed at length. The people who had rooms and who have not opened their homes were urged to do so. It was up to the citizens to see that the students were properly cared for. The Normal could be injured in reputation very greatly if the hundreds of students coming for the summer session were not given proper rooms. The proposition of buying tents to take care of the boys was discussed, and it may be necessary to resort to this since the dormitory will not be completed for the summer session. A committee will canvass the town soon urging all who have not opened their homes to do so in order that the students may be cared for.

Episcopal Dormitory

Rev. Wm. Garner stated that the money for the Episcopal dormitory for girls was expected this week. The plans are completed and approved, and as soon as the money is received the building will be started.

The County Fair

C. F. Walker reported the progress made in regard to the county fair in Randall county this fall. He urged that the people begin planning now for a good fair, as there was sure to be one. A committee was appointed for the general arrangements of the fair, consisting of C. F. Walker, Fred H. Ives, Clyde McElroy, C. L. Sone, E. H. Powell and E. C. Dodson.

MRS. BEDFORD CARTER DIED SATURDAY IN ARIZONA HOME

Mrs. Bedford Carter died Saturday near Miami, Arizona, after a long illness with tuberculosis. She is a daughter of J. M. Gibson of this city.

Mr. and Mrs. Carter went to Arizona some years ago for her health. She has been an invalid for the past two years. She leaves her husband, two children, her father and one sister, Mrs. R. A. Pritchard of Bowie. The body is expected to arrive today, and will be taken to Dreamland cemetery for burial.

Very Pleasing Program

Misses Sadie O'Connell and Frieda Michel presented "The Pierrott of the Minute" by Dawson at the Normal auditorium last night before a very large crowd. The presentation was one of the most pleasing given in the Normal this year.

Giving Commencement Addresses

J. L. Dufflot was in Tulia Sunday to speak at the commencement sermon of the graduating class. H. W. Morelock returned yesterday from Farwell. He goes to Olton and Tulia Friday, Canadian and Miami on the 21st and Amarillo on the 27th.

Stork Special

A ten pound son was born to Mr. and Mrs. W. C. Bellas Saturday. A daughter was born to Mr. and Mrs. Henry F. Miller yesterday. A daughter was born to Mr. and Mrs. Walter Boehning May 1st.

Floyd Dunaway of Pampa spent the week-end with home folks.

DISCUSSES RESOLUTION OF THE PANHANDLE PRESS ASSOCIATION

In the April 29th edition of the Clarendon News, Editor Sam Braswell took exception to the resolution introduced at the meeting of the Panhandle Press Association in which the expansion of the West Texas State Normal College was favored. Mr. Braswell believes that the resolution is political in nature and therefore had no right on the convention floor.

The two men introducing the resolution were Representative Lee Saaterwhite of Panhandle and Editor Ben Smith of Lockney. The News refrained last week from commenting upon Mr. Braswell's editorial, leaving it for the two editors responsible for the resolution to introduce their evidence. We believe that the resolution was in order. It is educational, and if the press of the Panhandle does not stand for the best educational interests of this section, it has missed its one great mission. Below we quote Mr. Braswell's editorial, together with the replies made in the Panhandle Herald and Lockney Beacon:

Clarendon News:

The Amarillo convention of the Panhandle Press Association the past week was the victim of a piece of propaganda put out by the enthusiastic friends of the Canyon Normal, who in the absence of a large number of the membership from the room passed a resolution endorsing the addition of the agriculture courses to the Canyon school. Every member of the Panhandle organization is a friend to the Canyon Normal and all of us are proud of it, but it appears to us that it is an unwise friendship for the institution and a disregard for the welfare of the Press Association for any member to come on the floor with a resolution that is really political in its nature. A number of the towns in the Panhandle will be candidates for location of the A. & M. college for this part of the state, and most anyone knows that if the addition should be made to the Normal, there would not be granted a new school for this section. Supporters of the resolution say that the A. & M. will not be located above the cap rock, but if there is anything the Almighty does not know it is just what a legislature or a legislative committee will do. The News would rather see the addition made to the Normal at Canyon than in the Panhandle and west Texas to be without the benefits of agricultural courses, but we consider it a last resort. Fact is the school fund will not stand additional expenditures when state schools are already suffering until additional sources of revenue have been made operative. The question until that is accomplished is largely academic, and what engages our attention most at present is that every member of the Panhandle Press Association, every member of the Texas Press Association, every member of any press association should stand ready to put their influence emphatically against any resolution which partakes of political significance. Such things destroy the harmony which ought always to exist among the members and will, if persisted in, bring about a disintegration of the organization. For one the News editor is against the passage of any resolution endorsing any political or semi-political movement—even of those things we personally favor. The floor of a press convention is no place to consider such matters.

Panhandle Herald:

Our friend Sam Braswell of the Clarendon News, thinks it unwise for Panhandle editors to consider educational matters as an organized body. In other words, he is displeased because Ben F. Smith, editor of the Lockney Beacon, and the Herald editor introduced a resolution before the Panhandle Press Association endorsing the plan to enlarge the agricultural, home economic and manual training departments of the West Texas State Normal College at Canyon.

"It appears to us," says Editor Braswell, "that it is an unwise friendship for the institution and a disregard for the welfare of the Press Association for any member to come on the floor with a resolution that is really political in its nature."

As for the Herald editor we assure our Clarendon friend that only the purest and very best respect and feelings for the welfare of both the Normal and the press association were in mind when the resolution was offered, and we know that we can say the same for Editor Smith.

The supreme thought and purpose in the minds of those responsible for the resolution—and the Herald edi-

tor assumes full responsibility for his share in it—was the welfare of the boys and girls of the Panhandle-Plains territory and the tax payers who foot the bills of our State educational institutions.

The plan to enlarge the departments referred to in the State school at Canyon is the result of a very careful survey of the situation by some of the best school authorities and friends of education. It is a plan that is practical in its every detail and bears the ear marks of good common sense. A plan that will give to the boys and girls of the Panhandle Plains an opportunity to acquire a practical and useful education; the kind of an education they need in solving the problems that will confront them in their daily lives as citizens of this Panhandle country, a country unlike that of any other section of Texas, but where the opportunity for health, wealth and happiness is greatest when we know how to properly meet it. It is a plan that will get results at the hands of the State Legislature and give our boys and girls of today these coveted opportunities instead of those of the next generation, if at all.

If asking the Panhandle Press Association to consider a question like that is discourteous and a disregard

for its welfare, then we beg pardon for having intruded in the manner in which we did. Our only purpose and our only thought was that of building a great educational plant for this section of Texas. There is no politics in it with those behind the proposition. It is simply a straight forward business proposition, and we do hope that every newspaper editor and all others who have the educational welfare of the Panhandle country at heart will get behind the undertaking.

Lockney Beacon:

As one of the two that offered the resolution in behalf of Canyon Normal will say that we gave no thought as to how many editors were present when the resolutions were offered. We did not know how many if any left the hall. We resent the idea that we took snap judgment on the convention when these resolutions were offered. As to the political feature of the resolution we can not see it the way our friend Braswell does. As an educational matter we feel we had a perfect right to endorse the Canyon Normal expansion. As to the division the resolution met with it is rather a difference of opinion as affecting the location of the proposed West Texas A. & M. school. We do not see where any violence has been done the Panhandle Press Association in offering these resolutions. The fact of the business all the Panhandle and Plains country should be in favor of the expansion.

Come to Canyon to live.

TRACTOR ENGINEERS' SCHOOL WEST TEXAS STATE NORMAL COLLEGE Canyon, Texas Department of Agriculture

MAY 17-18-19
Admission Free to All

Illustrated Lectures, Demonstrations, Moving Pictures—Every question you can ask concerning tractors will be answered.

PROGRAM

MONDAY, MAY 17

- 9:00—Internal combustion motors. W. T. Wheeler, Amarillo, Texas.
 - 10:00—Valves and timing. A. J. Rawlings, Amarillo, Texas.
 - 11:00—Pistons and rings. T. H. Ayers, Dallas, Texas.
 - 1:30—Motor Bearings. E. W. Mentor, Dallas, Texas.
 - 2:30—Fuel systems. Mark Havenhill, Oklahoma City, Okla.
 - 3:30—Lubrication. Theo. Peck, St. Louis, Mo.
 - 8:00—Music. College Orchestra.
- Moving pictures of tractor management.

TUESDAY, MAY 18

- 9:00—Ignition systems. E. W. Mentor, Dallas, Texas.
 - 10:00—Timing the magneto. A. J. Rawlings, Amarillo, Texas.
 - 11:00—Governors. T. H. Ayers, Dallas, Texas.
 - 1:30—Oils and greases. Hugh Samples, Dallas, Texas.
 - 2:30—Lubrication. P. P. Porter, Wichita, Kansas.
 - 3:30—Cooling system. W. T. Wheeler, Amarillo, Texas.
 - 8:30—Music.
- Moving pictures of tractor management.

WEDNESDAY, MAY 19

- 9:00—Clutch transmission and gears. T. H. Ayers, Dallas, Texas.
 - 10:00—Frame and wheels. W. T. Wheeler, Amarillo, Texas.
 - 11:00—Tractor operation: Speed, load, belt work, etc. P. P. Porter, Wichita, Kansas.
 - 1:30—Tractor machinery operation: Hitches, field driving, etc. E. W. Mentor, Dallas, Texas.
 - 2:30—Overhauling the tractor. A. J. Rawlings, Amarillo, Texas.
 - 3:30—Question box. Mark Havenhill, Oklahoma City, Okla.
- Moving pictures of tractor management.

These speakers are all experts from the J. I. Case, Cleveland, Emerson, Avery, International, Illinois, Gulf Oil, Pierce Oil and many other manufacturers. Each will discuss thoroughly the construction, operation, care and repair of the part assigned as his subject.

Tractor owners, operators, dealers, farmers, come to this big free school.

TAILORING AS YOU LIKE IT

Whether it is a new suit, or the old one fixed up, you will find the Foy Tailor Shop ready to give you the kind of service you are looking for. Our equipment is the best. Our service is quick and efficient. Nothing could be more desired of a first class tailoring establishment.

Drop in and get a shine. Always at your service.

Texas Farm Boys' Special

"The Best for Texas" is the slogan for the "Texas Farm Boys' Special" train which will take from 150 to 200 selected farmer boys of this state over the middle West, the East and the South under the management of the Texas Chamber of Commerce and the Extension Service of A. & M. College, Walton Petet, manager of the Chamber's agricultural department announces.

To secure the best agriculturally for Texas, these boys will be selected from every part of the state and shown the best agricultural methods and practices in the United States and introduce them into Texas, according to Mr. Petet and H. H. Williamson, who originated the farm boy special. "A further purpose," they state, "will be to give Texas farmer boys a broad and comprehensive view of the agricultural resources of their country so as to make farming attractive and profitable, thereby stopping the exodus from the farm."

"The train will go through Oklahoma or Kansas to Missouri, Iowa, Wisconsin, Illinois, Ohio, Indiana, Pennsylvania, Maryland, District of Columbia, Virginia, North and South Carolina, Georgia, Alabama, Mississippi, stopping on the way to inspect the best livestock, and general farms, wheat, corn, alfalfa, dairies, creameries, hog and cattle breeding farms, agricultural colleges, experiment stations, fruit and vegetable districts, packing, shipping and marketing facilities, farm implement factories and points of historic and scenic attraction in cities. Washington, D. C., will be made a point to stop and visit the President and Congress, also take side trips to Washington, Tomb at Mount Vernon, Robert E. Lee's home at Arlington, Annapolis Naval Academy and the Navy Yard with a boat trip down the Potomac River.

"In the eighteen states enroute the president of the agricultural college and the director of the extension service will be asked to cooperate in selecting points of agricultural interest in their state and to travel through it with the train. The governors of visited states will also be invited to make the trip across their several states.

"The 'Texas Farm Boys' Special' will consist of standard Pullman cars and an observation car. The train will leave College Station at the close of the Farmers short course Saturday, July 21, and will return to Texas on Saturday, August 21.

"Any member of a boys' agricultural club affiliated with the Extension service of A. and M. College will be eligible to go on this special. Selection will be made by competitive examination to be held in each county.

"Details of financing the trip are being worked out. Tickets entitling boys to all privileges of this trip will be sold to local commercial and business organizations, to banks and to public spirited individuals. These tickets will be offered as prizes to the club boys of their county. The exact price of tickets will be announced as soon as the railroads have completed their bids.

"Each county sending a boy may provide him with literature and pictures advertising his county. Each county represented by a boy will be given space in a booklet advertising the resources of Texas. Copies of this booklet will be distributed enroute.

"Only boys who win prizes in competitive examinations will be permitted to make this trip. No tickets will be sold direct to boys or their parents. Inquiries concerning eligibility of boys and all about this examination should be addressed to the Extension Service of A. and M. College, College Station, Texas. Inquiries relating to purchase of tickets to be offered as prizes should be made to the Agricultural Department, Texas Chamber of Commerce, Dallas, Texas.

Free Movie Show

On May 17, in connection with the Tractor Engineers' School, there will be a moving picture at the Normal College Auditorium, which will be of interest to the general public, and of especial interest to anyone interested in tractor farming. Through the efforts of Prof. F. H. Ives lovers of moving pictures will have the opportunity of seeing "Tractorizing Dad" at the Normal Auditorium.

This film is not simply an advertisement for the Avery Company, but it is an interesting, educational and instructive two reel "movie" containing humor, pathos and that which is part of every modern moving picture, a love story.

The curtain rises and a toy tractor runs across the stage fading into the kindly face of John Carter, Sr., his glance wavering between horse and a tractor.

The first scene shows John Carter, an indifferent middle aged farmer of a kind that went out of date several years ago, feeding prize Duroc Jer-

seys on the well known Yalehurst Farms. The son, Harry Carter is an ambitious young man who has his own ideas on how to run a farm and is devoting his life to the idea of paying off the mortgage and winning the beautiful girl. The young girl in question is Helen Jenkins, who is the daughter of Mr. Jenkins, an up-to-date farmer who realizes the value and money saving qualities of tractors. His son, Homer Jenkins is the ideal young farmer whom it is a joy to see at work in the fields. Although Dad Carter is a confirmed follower of farming with horses, he knows, himself, that he is not only unable to pay off the mortgage, but he is running deeper into debt. However, the crucial moment of his career comes when he receives in the morning mail one bright morning a notice from the bank that foreclosure on his mortgage will be made if he doesn't make his payments.

To make a long story short, however, watching the Jenkins' 12-25 tractor and six-cylinder motor cultivator at work, Young Carter is obsessed with the desire to "tractorize Dad." When he reads the announcement put in the Daily Paper that the Avery dealer in a nearby town is going to hold a servite school, he immediately makes arrangements with the Jenkins' to go to this service school and take a course of instruction on Avery tractors. Of course, after much urging and persuading Dad consents to go and the next morning they sally forth to the big city. Here at the dealer's place of business are shown points of interest in the various sizes of tractors from the 5-10 H. P. to the 40-80 H. P.

Despondent over his inability to continue his courtship with Helen on account of the fact that he feels her superior to himself, Harry sees at once with the aid of tractor farming he can pay off the mortgage, put the farm on a paying basis and win his true love.

Again to make a long story short, we see three years later Mr. and Mrs. Harry Carter accompanied by a little Miss Carter rushing across the big green lawn followed by Mrs. Carter, Sr., to the road where we see Dad driving up in a newly purchased automobile, and giving them a still greater surprise when he pulls out the paid off mortgage.

Come to Canyon to live.

Isn't it Funny

That a Business Man; when the circus car comes to town; and plasters up the sides of every old building in sight; and fills the newspapers with column after column of advertising, describing the wonder of wonders; and circus day arrives and with it the circus and the paint and brass bands and spangles and tights and everything; and Mr. Business Man can't resist and sneaks down the back alley of his store and runs plumb bang into Deacon Jones going somewhere; and Sister Mary Smith with her brother's two little Smiths going somewhere; and wonders why in thunder some folks don't stay at home where they belong; but finally reaches the circus grounds and sees the circus and beats it back to the store—that he will keep turning down advertising because advertising doesn't pay.

Equal To The Emergency

Collection money was to little Tommy one of the essentials of church going. Every Sunday morning he saw that his penny was ready. One day, just as the ushers began to take the collection, Tommy noticed that a guest in the family pew was not duly provided. Sliding along the seat, he whispered:

"Where's your penny?"

"I didn't bring one," replied the lady.

Time was short and the matter was urgent, but Tommy was quick-witted. Thrusting his penny into the lady's hand he whispered:

"Here, take mine! It'll pay for you and I'll get under the seat!"—Pittsburg Chronicle-Telegraph.

Hear T. A. Peck

CHIEF ENGINEER, AUTOMOBILE DEPARTMENT, ST. LOUIS

at the Engineers' School, Canyon, Texas,
Monday, May 17, 3:30 p. m.

Mr. Peck was formerly with the Cadillac, Packard and other Auto Manufacturers as Designing Engineer. He was for several years Chief Engineer of the Vacuum Oil Company, later with some of the larger Tractor Manufacturers, and during the war with the Air-Craft Board at Washington.

Mr. Peck will discuss the subject: "Lubrication." Every automobile owner, every tractor owner and every prospective buyer of motor driven machinery should hear this authority on this important subject which has to do with the life of the machine you own or may purchase.

WARNING

BUY YOUR COAL EARLY

Last winter you suffered some inconvenience—perhaps discomfort—thru inability to secure coal.

All the elements contributing to this which existed last year still exist, only more so:

Decreased—and decreasing—labor supply, irregularity and unsteadiness of labor, certain and unescapable car shortage.

S. A. SHOTWELL & CO.

summer, under Chautauqua auspices. Each detachment will consist of not more than one officer and eight enlisted men. They will be made up in part of foreign birth who, on their enlistment in the army, could not read or write, and, in some instances, speak the English language. They will give exhibitions in army drills, sing, speak, and otherwise demonstrate what the army's educational system is making out of foreign-born recruits and illiterates.

One Point of Agreement

"How unworthy I am of you dear," he murmured as he held her close. "Oh, Fred," she sighed, "if you and father only grieved on everything the way you do that, how happy we would be."

NO MORE RATS

or mice, after you use RAT-SNAP. It's a sure rodent killer. Try a Pkg. and prove it. Rats killed with RAT-SNAP leave no smell. Cats or dogs won't touch it. Guaranteed.

25c size (1 cake) enough for pantry kitchen or cellar.

50c size (2 cakes) for Chicken house, coops, or small buildings.

\$1.00 size (5 cakes) enough for all farm and outbuildings, storage buildings, or factory buildings.

The Randall County News
 Incorporated under the laws of Texas
 C. W. WARWICK, Managing Editor
 Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.
 SUBSCRIPTION \$2.00 PER YEAR.

The News believes that the people of Canyon have never fully understood the great value and benefits the Baptist Encampment would be to the town, or great effort would have been made months ago for its establishment in this city. Instead of going after the Encampment as other towns are doing, the people of Canyon have seemed to assume the attitude that there was no place else to go, and therefore it would come to this city whether we expended any effort or not. This is not the case. Hereford and Amarillo are going after the Encampment because they realize it will bring thousands of the very best people of the state to their cities, many of whom will make the city their homes once the Encampment gets running well. A committee of live wire citizens of Canyon has been appointed who are going after the Encampment. They are going to look over the various suitable lands in Randall county near the city, get rock bottom prices from the owners, get up a good subscription from the citizens toward the payment of the location and then lay the claims of the city before the committee. It is the duty of every man and woman in Canyon who wants to see Canyon get the best to get behind this committee and help them land this big and important enterprise for Canyon.

The special election on the road tax proposition will be held in Randall county on Saturday, May 22nd. Not much has been said about the election so far. It is a very important event so far as the welfare of Randall County is concerned and every tax payer should go to the polls on that day and vote for progress. To build roads and then not maintain them is pure folly. The heavy rain last Sunday morning caused some bad places on the new highway running north and south in Randall county. While this highway has not been accepted, and the contractors will have to fix these places, yet the fact remains that this same thing will occur again, and then the county will have to dig up the money to do the work. There is no use building good roads unless provision is made to care for them. Randall county is getting two good highways. The tax limit must be raised by the voters or these roads will soon be in an deplorable condition as they were before the work of improvement was started.

Too few people in Canyon realize the seriousness of the boarding house condition for the summer session. The town is full of people, like every other town in the country. There are far too few houses to take care of those who want to come to Canyon. There is going to be a big increase in the number of students in the Normal this summer. To meet this condition, every home must be opened in order that the students may be cared for. Of course it is often much more convenient not to have roomers in your home, but the seriousness of the situation demands the attention and action of the people of Canyon. By fall two new dormitories will be opened and it is believed that the situation can be handled by the regular rooming houses. Until then, as citizens of Canyon who asked that the Normal be located here, each householder of Canyon has a duty and an obligation to perform toward these young people who have been invited to come to the summer session of the school.

The tractor school in Canyon next Monday, Tuesday and Wednesday offers an opportunity for every farmer who has a tractor or who will get one soon, as most farmers contemplate, to learn interesting and helpful facts about these machines. The school is open and free to all. The farmers should avail themselves of this opportunity. Machinery always adds complications to the every day life. The tractor is a wonderful machine when in working order, but it does not choose to work unless properly cared for. This school promises to solve many of the problems that confront the tractor owner every day of the year.

Every year the News has advocated buying coal early. Last winter's experience should be fresh enough in the minds of the people in Canyon that the mere mention of buying next winter's coal now would bring immediate action. Last winter many folks were out of coal and could not get enough to keep their homes warm. It was pretty hard for those who had looked ahead, borrowed the money to buy their supply, to have any sympathy or to divide their supply with those who had plenty of means but refused to buy last summer. Next winter it will be still harder for those who buy now to sympathize with those who refuse in face of the fact that there is absolutely no question about a great shortage in the supply. A word to the wise is sufficient.

City Schools Close Saturday, 14th
 The year's work of the Canyon public schools will close Saturday of this week. Owing to the fact that only nine grades were maintained in the school during the past two years, no commencement exercises will be held this year.

Under the supervision of Prof. C. L. Sone, the schools have done splendid work this year, and the patrons are highly pleased with the results accomplished.

The tenth grade will be added to the school next year and will have a good attendance as the ninth grade this year is large. Three new teachers are being employed for the high school work. The grades will be taught by practically the same teachers as during the past year.

The Plain Truth
 Influence! The worst thing that can happen to a man is to start life with influence. So declared Charles M. Schwab in a talk to Princeton students upon how to succeed in business. Young fellows who excuse their failure on the score of having no influential friends to give them a boost get cold comfort from Mr. Schwab, who has come up from the ranks, and who now goes as far as to advise any young man who has an influence not to use it to get a start. Mr. Schwab laid down as the first fundamental of a successful life, "Unimpeachable integrity." Character is the biggest asset in business. A whole array of brilliant qualities will not take the place of this corner-stone of enduring success. The whole tenor of Mr. Schwab's heart-to-heart talk was a new emphasis on the old-fashioned qualities of loyalty, industry and persistence. The young man who possesses these traits is bound to succeed, for opportunity was never so great as it is today. No industry is more highly organized than the steel industry, yet, with all the progress made in the last twenty years, the industry is far from its zenith. So great is the magnitude of modern industry in all branches that opportunities for leadership, instead of decreasing as some imagine, have actually increased in proportion as industry itself has grown.—Leslie's Weekly.

Spinning Fates
 We are spinning our own fates, good or evil, never to be undone. Every smallest stroke of virtue or vice leaves its never-so-little scar. The drunken Rip Van Winkle in Jefferson's play, excuses himself for every "I won't count this time!" Well, he may not count this time, and a kind Heaven may not count it, but it is being counted none the less. Down among his nerve-cells and fibers the molecules are counting it, registering and storing it up to be used against him when the next temptation comes. Nothing we ever do is, in strict scientific literalness, wiped out.

Of course this has its good side as well as its bad one. As we become pediment drunkards by so many separate drinks, so we become saints in the moral, and authorities and experts in the practical and scientific spheres, by so many separate acts and hours of work.

Let no youth have any anxiety about the upshot of his education, whatever the line of it may be. If he keeps faithfully busy each hour of the working day, he may safely leave the final result to itself. He can with perfect certainty count on waking up some fine morning to find himself one of the competent ones of his generation in whatever pursuit he may have singled out. Silently, between all the details of his business the power of judging in all that class of matter will have built up within him as a possession that will never pass away.

Young people should know this truth in advance. The ignorance of it has probably engendered more discouragement and faintheartedness in youths embarking on arduous careers than all other causes put together.—William James.

Come to Canyon to live.

OVERALLS AND REAL THRIFT
 We must confess to a lack of enthusiasm for the "overall" movement which seems to be sweeping over the country. The movement leaves us cold, not because we do not appreciate that the prices of clothing are too high nor because we do not sympathize with the idea that people should refrain from buying things that they do not need, but because we cannot see that it will accomplish anything of permanent value and there is just a little danger that it will do harm. To be sure people ought not to buy what they can get along without, but we are inclined to believe that a good many who are joining in this "crusade" could get along very well without overalls, for one thing. We are not hypercritical, we hope, but we do not think that an emotional, hip-hip-hurrah movement like this can be made to take the place of old fashioned thrift.

And it is old fashioned thrift that is needed right now, not a spectacular "swearing off" from expending money for one item on the general expense account. The man who desires really to help the situation will pare down all his expenditures a little, keeping them all within the radius of necessity, and cut out all extravagance. That is not as easy as wearing overalls, but it is many times more effective.

Incidentally extravagant speech and extravagant behavior are quite as out of keeping with the present situation as all other kinds of extravagance.—Star-Telegram.

"Unloaded" Gun Kills Boy
 A sad accident occurred Sunday afternoon at the home of A. D. Spence, in this city, when Joel Woodard, aged 13, son of Mr. and Mrs. A. M. Woodard was shot and killed by Guy Spence aged 14.

The boys were playing and were using a 22-calibre rifle. They had examined the gun to see that it was not loaded, but evidently overlooked one load. The Woodard boy was running and the Spence boy asked him to "halt." He did not stop and the Spence boy drew the gun and pulled the trigger, a flash from the gun and the Woodard boy dropped dead, the ball passing through his heart and out on the floor. A physician was summoned but the boy was dead when he arrived.—Tucumcari (N. M.) News.

Judging from the length of the list of presidential candidates, it is high time for congress to pass a bill to improve the navigation of Salt river.—Boston Transcript.

Terrible Tortures From Itching Skin Diseases

No Sure Relief Until the Cause Is Removed.
 When the blood becomes infested with millions of tiny disease germs that attack the skin, then the fiery irritation and intense itching will remain with you until these germs are removed from the blood.
 Genuine relief therefore, can only be expected from a treatment that goes right to the seat of the trouble, and strikes at its cause. Such a remedy is S. S. S., the reliable old blood purifier that kills the germs of disease, and sends a new supply of rich red blood coursing through the veins.
 S. S. S. has been used successfully in some of the worst cases of eczema and other skin disorders.
 For valuable literature write 66 Medical Adviser, 108 Swift Laboratory, Atlanta, Ga.

UNUSUAL VALUES

ALWAYS DRAW TRADE. THAT IS WHY THE UNITED STORES ARE GROWING "EVERYWHERE"
 You can't go wrong in a United Store. Exactness in statement, straightforward methods and a price limit of \$1.00, together with better values make this store the logical place for the thrifty shopper—Man or Woman.

Progressive to Build

There is no greater sign of progress about your place than the building of needed improvements.

The man who builds is the desirable citizen, the money-maker, always.

Another sign of progress is to come to us for lumber and material s.

Canyon Lumber Co.

Wayside Items

"Mothers Day" Sunday May 9th, came in with clouds hanging low, which soon resulted in glorious rains. A good season has fallen and still cloudy, much to the satisfaction of the farmers. It is known the wheat is cut short but believed by others the chances are good for a light yield. Oats well night spent but may make some grain.

Mrs. E. O. Abbott and daughters, Dollie and Bertha, of Salt Lake City, Utah, came Friday and are visiting her brother, W. I. Lane. They are on their return home from Wichita Falls, Texas, where she has been visiting with her parents for six weeks. They leave Saturday to visit other relatives before returning home.

Mrs. Robert Kerlin and Lena Ruth of Amarillo came Monday last, to visit her parents, Mr. and Mrs. W. G. Franklin, returning Saturday.

Ralph Childress and wife from near Lockney visited with her parents, Mr. and Mrs. W. G. Franklin from Wednesday until Monday. Ada Franklin accompanied them home.

Tag Day was a success at Wayside, \$16.00 being the amount sold.

Closing exercises next Friday night of the Wayside school. An appropriate program is being prepared.

Five out of nine children visited with their mother, Mrs. S. J. M. Gehee of Canyon. "Mothers Day" rains prevented the rest from being there.

In Memoriam

Tuesday noon, May 4th, 1920, Mrs. Eliza Panthea Bradford, one among the best beloved citizens of Armstrong county, passed from this earthly home to a world where sorrow, pain and trouble are no more. Grandma Bradford as she was affectionately called by many of her friends, was born in Red River County, Texas, in 1844, making her 76 years old. She has been an acceptable member of the M. E. Church South for 35 years. She was the mother of five children, of whom four survive her. Mrs. Cassie Brown of Bartsow, Tex. Jesse Bradford of San Antonio, Texas R. H. Bradford of Kaffir, Texas, and Mrs. Emily J. Fisher near Wayside. She was confined to her bed nine months, but bore her sufferings patiently without a murmur. She was laid to rest in the Wayside cemetery beside her husband who preceeded her 18 years. Funeral services were conducted by Rev. Roundtree of the Baptist church. The beautiful character of her life will long be remembered by those who loved her.

She is not dead, but sleeps,
So why mourn?
We will all meet her
In the Resurrection morn.

"We Picked Up Seven Large Dead Rats. First Morning Using Rat-Snap"

So writes Mr. B. E. Carpenter, Woodbridge, N. J. "We lost 18 small chicks one night, killed by rats.

Bought some RAT-SNAP and picked up 7 large dead rats next morning and in two weeks didn't see a single rat. RAT-SNAP is good and sure."

Comes in cake ready for use. Three sizes, 25c 50c, \$1.00. Sold and guaranteed by Thompson Hardware Co., Holland Drug Co.

Fact and Comment

Your future will be in your own hands if you do not let bad habits tie them.

Misfortunes indeed come unexpectedly; but we need not keep the table spread for them.

In deciding to use again the names of ships that were sunk during the war the Cunard Line defies an old superstition of seafaring men. Sailors used to regard it as exceedingly unlucky to give a ship the name of one that had been lost.

It seems almost incredible, but the London police have recently discarded for the first time the old-fashioned dark lantern that burns oil. The electric flash light that has replaced it is cleaner, cooler and more convenient, but those who cling affectionately to old customs are sorry to see the more picturesque dark lantern go.

The tremendous fire losses in America are a cogent argument for greater effort to prevent fires. Every year forest fires destroy more than \$200,000,000 worth of standing timber; every minute fires cost the people of the United States \$500. On an average, twelve school houses and two college buildings are burned in America every week.

In calling attention to the campaign to prevent waste the Secretary of Commerce particularly urges the people to save waste paper. Since many of the better grades of paper are used over again as substitutes for ground wood pulp in making book, bond, ledger and writing papers, every pound of old magazines, books and printed matter in general that is saved and marketed helps to save the trees by taking the place of wood pulp and brings money to the person who collects and sells it.

It is hard to believe that the resolutions that are said to have been passed by a convention of tramps in Baltimore are genuine. They demand that various forms of punishment be abolished, that "migratory workers" be transported free of charge, that "hoboes" be permitted to vote "at all places where elections are held," and that various municipal comforts be provided for them. If the resolutions are what they purport to be, tramps have either a rare sense of humor or no end of impudence.

A member of Parliament has made a spectacular stand against the high cost of living in England. He bought three clothing factories and is manufacturing men's clothing to be sold at prices ranging from \$9.25 to \$14.50 a suit. So eagerly did men rush to take advantage of the low prices that before eight o'clock on the morning when the first advertisement appeared a line a hundred yards long was waiting to get into the store. Soon traffic was blocked, and the police were called to maintain order. The demand for the clothes has continued ever since, and at least one firm of professional tailors has begun to make low priced suits.

A man who could not speak any known tongue on arriving in New York was ordered deported; it is thought he may have been a representative of the League of Nations.—Philadelphia North American.

Eamon de Valera is likened to George Washington as the father of his country, one difference, however, being that when revolution was decided on George Washington was on the job at home.—Indianapolis News.

BUY LAND NOW

There was never a time in the history of America when land was in such demand. Randall county has cheap land today, but it cannot last long with the big yields our farmers are making. Don't neglect longer buying some land, which will bring you great returns.

See me for the best bargains in land, cattle, stocks of merchandise or city property.

S. B. McCLURE

LITTLE WANT ADS BRING RESULTS

Interesting Facts About Operators

The Telephone Operator is selected from among many applicants, because every one who applies is not fitted for this work.

She is chosen because she has a good speaking voice, is free from nervousness, is quick-witted and blessed with poise. These attributes are necessary in order insure service to the Telephone User.

After a young lady is accepted by the employment department she is given instruction and is taught the art of handling the switchboard.

Her health and general comfort are in the hands of competent and careful experts. She has good accommodations, a well ventilated, well lighted place to work and conditions surrounding her equal to many of the better class homes.

Our operators are faithful and industrious. Noted men and women have visited our exchanges and have departed impressed with the remarkably bright, loyal and industrious personalities they have found at the switchboards and in our executive departments.

The BEST EFFORTS OF THESE YOUNG LADIES are offered you in the telephone service; a kind word to them over the wires when you are calling will always bring a gentle "Thank You" as she instantly does her best to connect you with the number you are calling.

These are times of unrest and apprehension. The turmoil following the close of the war has found its reflection in unrest on the part of the people and an unusual irritability. Telephone patrons can assist us in swinging the telephone service back to normal by making it a point to encourage our young women with kind words.

The Southwestern Bell Telephone Co.

**TON AND HALF OF PAPER
USED IN ADVERTISEMENT**

Carter-Houston Dry Goods Company is this week putting on what is perhaps the most extensive advertising campaign ever made by a local firm. The Herald contains in this issue a four page ad for the firm. This is the largest newspaper advertisement that has ever been run in a Panhandle paper so far as is known. The Herald also printed the advertisement for all of the other newspapers in the Plainview trade territory, there being eight in number in addition ten thousand circulars were printed of the big advertisement. A ton and a half of paper and many pounds of ink were used.—Plainview Herald.

Preparing Wool for the Market

By W. T. MaGee, Sheep Specialist, Extension Service A. & M. College of Texas.

A very important fact to keep in mind in preparing wool for market, is, that a uniform pack presents a much better appearance than one showing a lack of uniformity. Some of the county associations have brought this about by demanding all wool sold through the organization, be packed in regular wool sacks. These sacks can be bought direct from wholesale houses through the association, if the localmen do not handle them. Seven foot sacks cost about 85 cents each when bought in large quantities.

Sheep be sheared on a clean floor to prevent dirt from entering the fleeces. Dung locks and sweat tags should be removed from the fleeces as soon as the sheep is sheared, to be packed in a separate bag. The fleece should be kept intact with the bright surface down. Before rolling both sides should be turned over, so that all parts of the fleece which are showing after the pack is finished, will be white. The rolling should commence at the hind-quarter in order that the finer fibres of the fore-quarter will be on the outside when the fleece is tied. It is necessary to have the fleece tied as compact as possible. The tying should be done with paper twine and never with binder or sisal twine, since the fibres of the latter two injure the cloth and will not take the dye.

The wool should be packed in sacks by tramping in the order that they may be gotten full. A sack properly packed will usually hold about 30 fleeces. Black wool should be packed in a separate bag. As far as possible different grades of wool should be kept separate, that is, fine wool and medium wool should not be mixed, because the former is worth more. It is advisable to pack the fleeces of yearlings separate, providing one has much of a quantity of them, since buyers will pay a premium for such wool.

The wool should be kept absolutely dry from the time it is clipped nor should the sheep be shorn while wet. It is a mistake to offer damp wool for sale, thinking you are going to receive more money for it, because the amount of moisture is hard to determine and the buyer is naturally going to make a low bid to protect himself. Damp wool, if left sacked, will eventually assume a permanent yellowish stain, which limits its use to dark colored fabrics. Mildew often attacks wet wool in storage from such cause, the tensile strength of the fibres may be seriously impaired, as to greatly reduce the value of the wool for manufacturing purposes.

Well prepared wool will always find a ready market. It should be the purpose of every wool grower to have for sale, an article that buyers will recognize as being of high merit. This will create competition and a better price can be secured. Co-operative sales of wool will attain this result.

Fire Burns Feed

Tuesday while the wind was blowing hard from the west, fire started in the feed stacks at Hunt Bros. farm two miles South of town. The alarm was given and the fire truck responded as well as did a number of citizens from town and by the aid of chemicals the fire truck and water from the wells nearby the fire was extinguished. The loss consisted of several thousand bundles of kaffir, several hundred bales of Sudan and a farm wagon. The origin of the fire is not known, but possibly started from a spark from the stove pipe in the house.—Lubbock Avalanche.

The Difficulty

"Do you think, dearest, that you could manage on my salary?" the fond youth asked.

"Why, yes; I think I could, darling," the sweet girl responded; "but how in the world would you get along?"

Ouija, ouijs, tell us true—what's the weather going to do?—Oshkosh Northwestern.

Mr. Hoover's Views

Without a single exception Mr. Hoover's attempts to define his position on public questions read like introductions to something he is about to say. Yet there is around all of them an atmosphere of saying something definitely. He is not a man suspected of evading any question, and therefore the only possible conclusion is that when he says nothing he really, sincerely believes that he has said something; that he is simply unable to be definite, positive, concrete, in discussing public questions, though he certainly thinks he is definite as anybody.

This certain sincerity, together with the utter vagueness of the things he thinks he is saying, though it appears in every one of his public utterances, appears nowhere more strikingly than in his latest vain attempt to define himself in yesterday's Tribune. The only positive impression one can get from reading that statement is that Mr. Hoover wants to bring about better conditions, that he does not believe in either radicalism or reaction, and that he thinks party platforms should be constructive, though in what way he does not say. He does, indeed more strongly than ever repudiate Democratic support by speaking of "our party," meaning the Republican, and insisting on the necessity of "party government." But when that is said, all is said.

He is for the League of Nations "with proper reservations." General Wood, Governor Lowden and other candidates have announced, so that no one can misunderstand them, that they are for the Lodge reservations; but what does the phrase "proper reservations" mean? Senator Hitchcock might be justified in asserting that it meant his. Mr. Hoover assumes that profiteering will be denounced by all the conventions, but says that the steps to check it should be stated in the Republican platform. What steps? He does not say, nor even hint. He says that all the party platforms, even the Socialist, will agree in general terms on the main issues, such as economy, readjustment, reduction of the cost of living, etc., but the platform of "our party" must be explicit. Explicit, yes, but how? He is for "equality of opportunity." Is there any candidate who will say that he is against it? But how is it to be secured if we have it not, or maintained if we have it?

For the rest, Mr. Hoover, striving with all his might and main to utter himself distinctly, fails to do so. There is a "necessity to command faith of right solution of the problems that may confront us tomorrow." Certainly. "The whole mass can progress in its moral, intellectual and physical standards only through the progress of each individual." Even the Socialists, who are the very opposite of individualists, could say that without a tremor. There must be equal opportunity for "physical development and education of the children of the poor and better-to-do alike." Some of the other candidates have defined clearly what they mean by "physical development," but Mr. Hoover may mean anything from compulsory military training to the present system in most of the public schools. The people "want programs, but they want action to flow from them"; they want "constructive common sense," they want "the development of the common will." What do these phrases mean?—New York Times.

From Frying Pan to Fire

A story goes that once upon a time a live fish was placed in a frying pan. In its agony it gave one mighty flop and landed in the hotter coals of the fire.

We fear the story of the fable is being enacted in real life today.

There is a growing unrest among young men on the farms—an unrest which constitutes a distinct peril to the nation.

Stories of abnormally high wages paid for even unskilled labor in the cities have fired the farm hand with that greatest of all American curses—a desire to get rich quick.

In imagination he sees the money rolling in, but there his imagination stops. He never thinks of it pouring out again.

And in the big cities, despite the high wages paid, there is quite as much pouring as rolling.

Just why bright eyed, keen minded and energetic young men of the country should prefer the exasperating perplexities of the city to the peaceful certainties of the country is difficult to conceive.

From infancy they have been trained in the hard headed school of experience which has enabled their fathers to achieve success in an era when the hand of fate was against every farmer—when there was no adequate recompense for their labors—when the star of hope was obscured by the low prices of their products.

Yet all of this splendid training

seems to be without avail. They want to leave the farms.

Fathers have pleaded. Mothers and sisters and sweethearts have shed bitter tears. But the unrest is there—it will not sleep.

True, the city newspapers are filled with enticing worded advertisements calling for help but when sifted down they are more often found to be jobs that the city man does not want. The farmer had is asked to come in and take the crumbs that remain.

It is an unfortunate condition which faces the country, and one which must be met.

If the deplorable depopulation of the farms continues there can be but one result. The farmer will live in peace and plenty, because he can always raise sufficient for the needs of himself and his family. But every where the cities will cry for food when there is no food to be had. And the young man who leaves the farm will be among those who experience the joys of a gay life and a n empty stomach.

The greatest crown of glory of the world war was placed by Marshal Foch upon the brow of a farmer boy of the mountains of Tennessee. He is the hero of heroes of the war of all wars.

The farmer boy of today has an opportunity of performing for his country an even greater service than that which made Alvin York's name known wherever civilization exists.

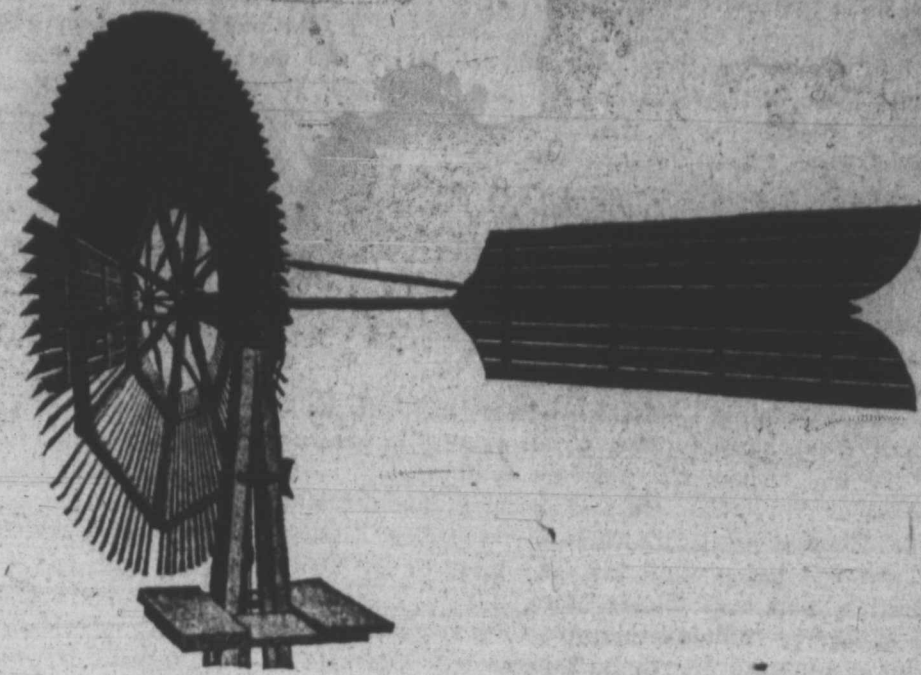

By remaining upon the farm, where life is clean and opportunities are never lacking, he can aid in saving millions of helpless women and children from the pangs of hunger and the depths of despair.

For without the products of the farm even life itself can not be sustained.

Let Mrs. Mary Graves Tell You Her Poultry Raising Experience

"Three years ago bought an incubator, this year I've made money. Rats stole my baby chicks. Didn't know until a friend gave me a cake of RAT-SNAP. Next morning found two dead rats in hennery. Kept finding them. Sudden they disappeared altogether. It's the only sure rat killer." Take Mrs. Graves' advice. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Thompson Hardware Co. Holland Drug Co.

There is no slacking by "white-collar" workers. They have to hustle to buy the white collars.—Philadelphia North American.

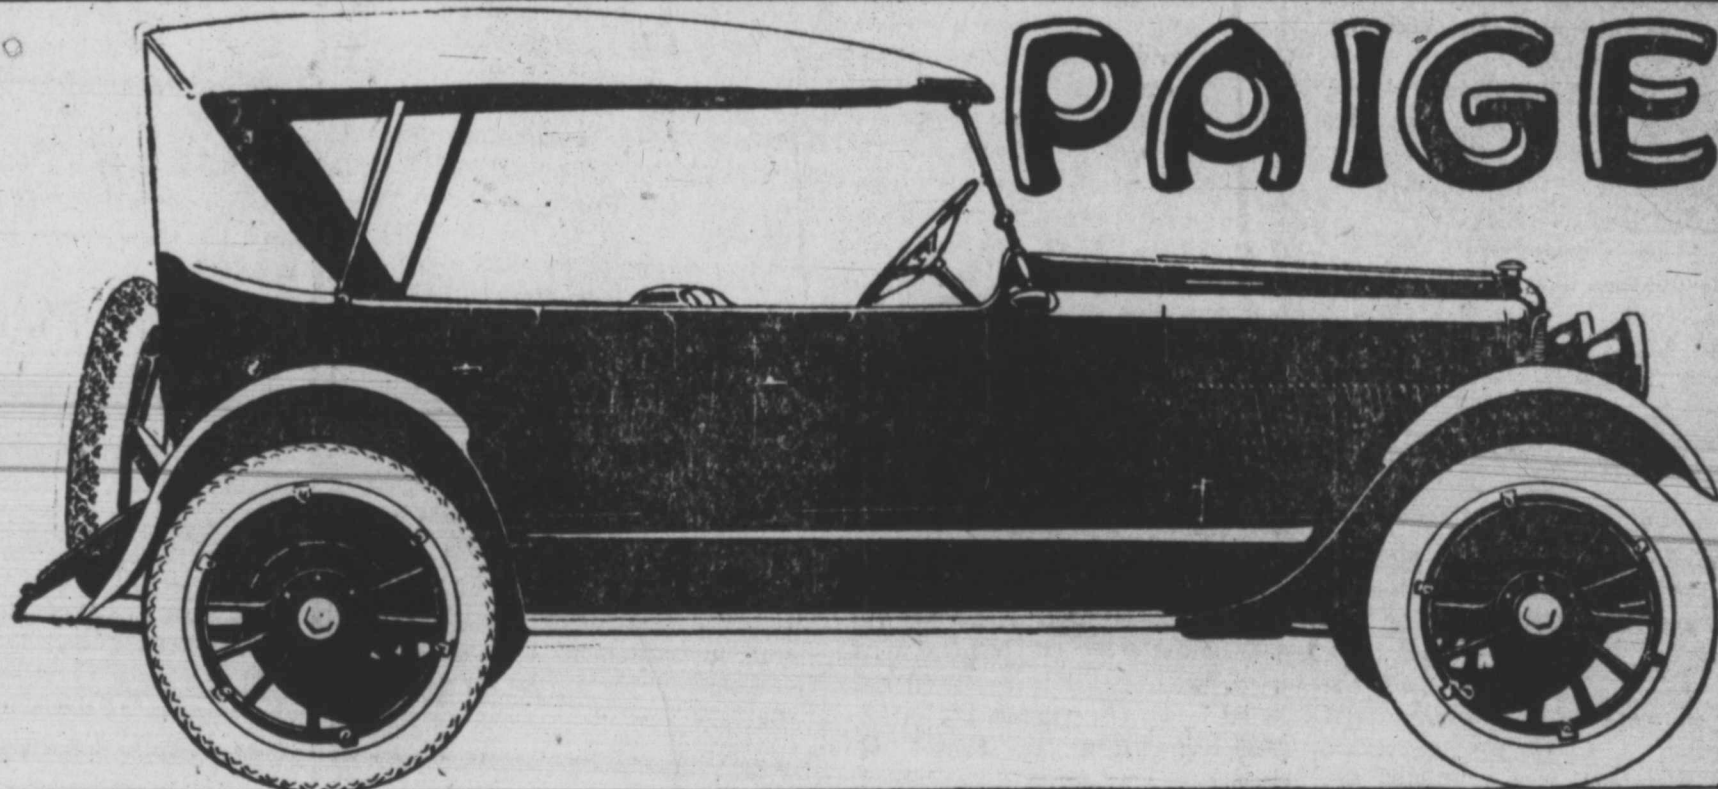

Eclipse Windmill

THE OLD RELIABLE STANDBY

which has long been tested and always can be depended on and is well known to be the longest lived and most substantial windmill on the market. Carried in stock, sizes 8 1-2 foot and up. We carry a stock of Pipe, Casing, Cylinders, Pump rods and other kinds of water supplies.

THOMPSON HARDWARE CO.

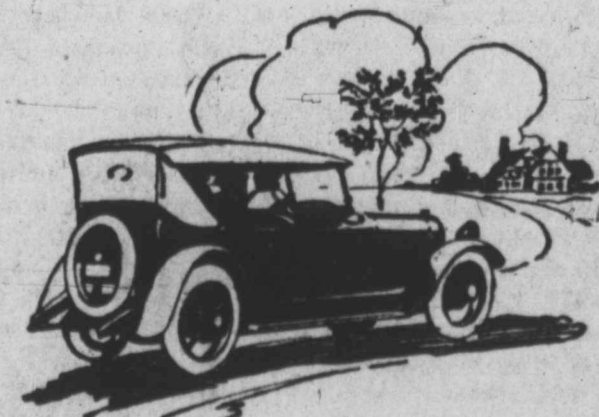

THE MOST BEAUTIFUL CAR IN AMERICA

THERE has never been any doubt in the public mind about the five-passenger Paige Glenbrook. From the very first it has been acknowledged—and quite properly—as setting a new standard of values in Light Sixes.

It appeals especially to those who have acquired the new American habit of thrift—who believe that true economy consists in getting the greatest values for the least money.

By this we do not mean that the Paige Glenbrook is, in any sense of the term, a cheap car. Its value is emphasized not so much by its conservative price as by the large measure of comfort and satisfaction received in return for the sum invested.

Because of noteworthy developments in chassis and motor, this five-passenger Paige is a car of outstanding mechanical excellence. And its advanced body design has endowed it with a roominess and comfort that are truly exceptional.

With the demand for the Paige Glenbrook far exceeding our utmost production efforts, a prompt decision is advisable. Orders placed now mean just so much more of the best touring season assured for your enjoyment.

PAIGE-DETROIT MOTOR CAR COMPANY, DETROIT, Michigan

Manufacturers of Paige Motor Cars and Motor Trucks

E. BURROUGHS

Boy Scout Notes

The troop maintains its strength and there is a steady growth in numbers. The quality of the troop both in Scout activities, attendance at meetings and in degree work has been excellent.

Though the Troop has not been a year established, a round dozen of the boys are, or will within a week have reached the standing of First Class Scout. This is a wonderfully good showing, and means that these boys have passed an exacting test in the following activities, or outdoor skill: Swim fifty yards. Earn and deposit at least two dollars. Send and receive a message by flag signals. Make a lone hike, or with other Scouts, seven miles out from home, and write a story of the trip. Know and be able to use advanced first aid to the injured or sick. Know simple outdoor cookery and prove it before the Scoutmaster. Read a map correctly, and be able to make one from field notes. Use an ax or carpenter's tools usefully. Judge distance, height and weight within 25 per cent. Describe ten different kinds of local trees, birds or wild animals, find the North Star and describe and name at least three constellations of stars. Furnish satisfactory evidence that he has put into daily practice the Scout Oath and Law, and also enlist and train another Scout.

The Troop consists of six patrols with an extra patrol for Scouts not able to be present at every meeting. As the patrols consist of eight boys each it means that there are now in Canyon well over fifty Boy Scouts, and the attendance at the last meeting was 46, not counting the officers.

The meetings have been most interesting and both the Scoutmasters get frequent opportunities to bring to bear upon the Troop much good advice gained from their varied experience.

Several of the more proficient Scouts are already beginning to prepare for merit work and the added honors they can gain as First Class Scout.

During the past few months only one boy has had to be disciplined for conduct not becoming a Scout, and he has had to return the insignia of the Scouts because his misconduct was held to be serious enough to warrant his dismissal from the Troop.

The splendid organization of the Troop should be an object of pride both to the city and its schools, and citizens are always welcome to the meetings when introduced by a Scout.

Pleasant View Items

Everyone is rejoicing over the bountiful rainfall that we had the first part of the week.

Mr. and Mrs. Frank Brown visited Mr. Brown's parents in Hamilton County last Saturday and Sunday.

Ed Gibson, W. E. Tucker motored to Amarillo last Saturday.

Mrs. F. A. Crowley was shopping in Amarillo last Thursday.

Quite a number from this vicinity went to Canyon Trades Day.

Charley Taylor is on the sick list this week.

Mr. and Mrs. R. J. Wall spent Sunday night at the parental Ed Gibson home.

Commissioners Court Session

The regular quarterly meeting of the commissioners court is being held this week.

The quarterly reports of all the county officers were examined and approved.

E. F. Campbell was appointed assistant County Attorney.

B. A. Vaughn and others offered a petition for a new road to be run as follows: Beginning at the southwest corner of survey No. 4 and the northwest corner of survey 3, Block 9, B. S. & F. land in Randall county; thence east, one mile along the south line of survey No. 4 and the north line of survey No. 3, Block 9, B. S. & F.; thence north about two hundred yards to the northwest corner of survey No. 231, Block 2, A. B. & M.; thence east two miles along the south line of surveys No. 231 and 182 and the north line of surveys Nos. 232 and 181, Blk. 2, A. B. & M. land and ending at public road at southwest corner of survey No. 175 and the northeast corner of survey 176, block 2, A. B. & M. After considering the proposed road the court ordered it opened and declared it a public road.

Inspected Big Elevator

The vocational training agriculture class of the Normal was taken to Amarillo Monday by Fred H. Ives, head of the department, where they were conducted through the new elevator of the Great Western Mill & Elevator Co. This is the largest elevator in the west and the boys appreciated very much the trip and the explanations made of the plant.

Kreidler Recital Postponed

The recital of Louis Kreidler which was scheduled for tomorrow night at the Normal auditorium was postponed yesterday until Friday, May 28.

PALO DURO POST OPENS CLUB NEXT MONDAY NIGHT

The opening reception of the American Legion Club will be held next Monday night at the Club House on East-Houston street. Invitations have been sent to all of the members urging their presence at the reception.

A program will be rendered after the social hour with the following numbers:

Piano Solo—Miss Brigham.
Reading—Miss Thelma Black.
Violin Solo—Miss Marie Fronabarger.

Reading—Miss Brown.
Address—President J. A. Hill.
Mrs. C. H. Jarrett is chairman of the program committee.

On the reception committee are the following—Mr. and Mrs. Robert Donald, Mr. and Mrs. C. L. Thompson, Misses Mary Bradford and Ernee Conner, W. C. Black and Louis Hix. C. L. Thompson is chairman of the decorating committee.

Mrs. J. B. Gamble is chairman of the refreshment committee.

After the program the following refreshments will be served: Chicken salad, chipped potatoes, olives sandwiches, coffee.

Hereford Defeats Normal.

The Normal baseball team went to Hereford Tuesday where they played the Hereford town team and were defeated by the score of 16 to 5.

The Normal boys put up a good game but were against a semi-professional team with a number of salaried players.

The Normal team is playing the Tulia High School this afternoon on the Normal grounds.

Trades Trip Blowed Up

The Trades Trip scheduled for last Friday was not run since a crowd could not be gotten together.

However, Oscar Gamble and Clarence Thompson started out about ten o'clock and covered the territory that was to have been made by the crowd Messrs. Gamble and Thompson are boosters for the Trades Day and say they are going to make the trip every month whether the rest of the bunch go or not. That is the kind of stuff that will make a great Trades Day in Canyon and every fellow with pep enough to run a successful business ought to make a resolution to join them every month whether he feels like it or not.

Recital of Music Students

The Department of Music gave a recital last Thursday night of the students of the department which was highly pleasing to the large number who gathered at the auditorium. Twenty of the students in this department were on the program. The music department is a great favorite with the students of the school and the citizens of Canyon, and under the direction of Wallace R. Clark has been greatly enlarged during the past year.

Mother's Day at The Baptist Church

Not having had the Mother's Day service on last Sunday, because of the pastor's sickness, it will be held next Sunday morning.

Song service will open at 11 a. m. and will be in the hands of the mothers, who will be assisted by the choir and especially by the fathers in the congregation.

Sermon by the pastor.

Subject: How to Honor Our Mothers.

A cordial invitation has been extended The American Legion to attend as an organization or as individuals; while everyone who loves and wishes to honor his mother will be most heartily welcomed.

Evening Service

The evening service will open at 7:30 and will be conducted by the B. Y. P. U. Society.

There has been prepared an interesting program for this service. This department of the church and all the other members of the church, together with the pastor, will be pleased to greet a large audience at this service of our young people.

B. F. FRONABARGER, Pastor.

C. I. Cary, business representative for Brunk's Comedians, was in Canyon, Tuesday. He was making preparations for this splendid group of players to visit our city next week.

Brunk's Comedians will be in Canyon from May 17th to 22nd, inclusive, and will give a matinee Saturday afternoon. These splendid comedians come well recommended to our city. They are all Texas ladies and gentlemen, and know full well how to entertain Texas people. This has been exemplified by the large crowds they have received at Lubbock, Plainview and Floydada; and also strongly by the large numbers who are attending their return engagement in Plainview. The company is playing Tulia this week.

Come to Canyon to live.

WHEAT HON. MARVIN JONES THINKS OF PANHANDLE PRESS

Clarendon News—On receipt of a personal invitation to attend the meeting of the Panhandle Press Association, of which he is an honorary member, Hon. Marvin Jones, answered as follows and in such a tribute to the other newspaper workers of the Panhandle that we reproduce it below:

"I am in receipt of your generous invitation to attend the meeting of the Panhandle Press Association at Amarillo, April 23-24, and I regret very much that the fact that Congress is in session will prevent my having the pleasure of spending these two profitable days with the congenial spirits that make up that fine organization.

"I may add in this connection that my wish for a great meeting is with you. No class of people does so much unselfish work in building up the various communities and sections in which they live and operate, as the members of the press. No other citizens perform so many thankless tasks in so fine fashioned a way. No matter how hard the times nor how difficult the task they are always fighting the battles of our country and its citizens. When others knock, they boost; when others pull back they push forward; when others frown, they smile. Toiling thru the long hours to give an exacting world what it most wants—the latest news—they find time to mention every event even of local importance. No infant is cradled but the mother is made proud by a notice in the local paper, no wedding but the bride is thrilled by a description of her gown, and no funeral but the relatives are consoled by the fine tribute paid to the qualities of the deceased. They furnish more free advertising for community and people than any other agency under the sun. With facile pen and tireless work they keep the records of history. They are community builders. Their mission is to create and construct, rather than to tear down and destroy. The country owes them a debt of gratitude.

"I am inexpressibly proud of the friendship of the members of the Association."

Sincerely yours,
MARVIN JONES.

MONEY GIVEN AWAY TRADES DAY, DRAWING BIG CROWD

E. S. Holms drew the \$40 and R. H. Long the \$10 which was given away Monday at the regular monthly Trades Day by the Randall County Commercial League. The drawing took place on the north side of the square and drew a very large crowd from all over the county. Both men presented their numbers a few minutes after called by the committee who had charge of the drawing.

There was a good crowd in Canyon all day for the Trades Day. All business houses reported a few fine trade during the day.

Get your tickets from the business houses for next Trades Day. \$50 will be given away next Trades Day to the hold of the lucky ticket.

A sculptor of seventy-six has just wedded his landlady, thus giving the lie to the statement that pursuit of the artistic unfits a man for business.—Buffalo News.

GOOD RAIN FALLS IN RANDALL COUNTY SATURDAY-SUNDAY

Randall county generally was visited by very fine rains Saturday and Sunday. Sunday morning the biggest rain of the season fell. It varied considerably in amount, being very much heavier in the south part of the county than in the north part. In Amarillo about one and a half inches were reported during Friday, Saturday and Sunday. Just south of Canyon several farmers believe that the fall amounted to three inches Sunday morning.

All parts of Randall county received a good soaking, and that is the important part of the story.

The Palo Duro Creek is the highest it has been for years. The Tierra Blanca was almost impassable for a number of days early in the week.

The farmers are highly elated at the rain. It will make a good wheat crop with rain that is sure to fall about the first of June when the crop is heading out.

There is a great variety of opinions as to the damage done the wheat during the dry weather. Several farmers have maintained during the past few days that the late crop is not hurt in the least. It is the general opinion that the crop is cut at least a quarter to a third. There is also varied opinions as to the advisability of late grazing. Some wheat raisers have maintained in the News office that many crops have been ruined by late grazing, while other believe that the fellows do did not graze will not make so much wheat. We shall see what we shall see.

At any rate, every one is happy that the rain have fallen, and the farmers are getting busy with their row crops.

The grass is starting up fine since the rain.

LARGE NUMBER HEAR NOTED SINGER IN AMARILLO FRIDAY

A large number of Canyon people journeyed to Amarillo Friday night by car and train to hear Schumann-Heink. The program was highly enjoyable and the lovers of music who have never had the privilege to hear the world's most famous contralto came away with greater admiration of this distinguished singer.

Nina Fletcher, violinist, and Katherine Hoffman, pianist, were equally enjoyable as the distinguished artist, and drew great applause from the audience.

City Houses Sold

The Dale house on East Evelyn street has been sold to W. F. Harris.

The J. C. Hunt house on Chestnut street has been sold to H. T. Gill of Miami, who will move here soon.

Yanko-British Exchange

Excited Second—"Pull yourself together, old thing. Don't let that Yank lick you!"

Boxer—(who is getting the worst of it:) "Fraid he'll do it—seems to have a better rate of exchange than me."

Presbyterian Church

There will be no services at the Presbyterian church Sunday as Rev. Ted P. Holfield will be in Clovis to preach the commencement sermon for the high school graduating class. Rev. Holfield will leave Monday for Philadelphia to attend the General Assembly of the church.

GARAGE SERVICE

Our big garage in Canyon is maintained for service to the public. We are the authorized FORD AGENCY which means we furnish the same kind of Service as given in the Ford Motor Company's plant in Detroit.

When you drive your car into our repair department, we can tell you exactly what the labor bill will be for any kind of work on your car. And we have the same machinery to do this work as is used in the home plant of the Ford. Our mechanics are trained to do this work. We use none but genuine Ford parts.

We carry a big stock of tubes, tires, supplies and accessories, all of them guaranteed products and nationally advertised. When you buy from this house you are assured of the very best at the most reasonable price. We have a few Fordson tractors on hand. You are going to need one this summer. Better come in now while you can get one. The supply will not last long.

Citation
THE STATE OF TEXAS:
 To the Sheriff or any Constable of Randall County, Texas:
 You are hereby commanded to summon any and all persons interested and any and all persons claiming to be heirs of W. A. Ward, deceased, and Jennie G. Ward, deceased, to appear at the next regular term of the County Court of Randall County, Texas, to be held at the Court House thereon in the City of Canyon, on the first Monday in July, 1920, being the 5th day of July, 1920, then and there to answer a petition filed in said court on the 30th day of April, 1920, in a cause numbered 549, in which John T. Ward brings an action to establish the fact that he is the sole heir at law of W. A. Ward, deceased, and Jennie G. Ward, deceased, and to declare his heirship in and to the estate of the said W. A. Ward, deceased, and Jennie G. Ward, deceased, the cause of action being alleged in substance as follows:
 That W. A. Ward, who resided in Randall County, Texas, died intestate on the 27th day of October, 1906, and that no administration has been granted upon his estate and none is necessary; that the wife of the said W. A. Ward died intestate in the city of Amarillo, Potter County, Texas, on December 25th, 1918; and that the petitioner, John T. Ward, is the only heir at law to the estate or estates of the said W. A. Ward, deceased, and Jennie G. Ward, deceased; that the said W. A. Ward, deceased, and Jennie G. Ward, deceased, at the time of their respective deaths, were within the knowledge of the petitioner, possessed of the following estate, consisting of real property: Sections 151 and 174 and the North Half of Section 152, all in Block 2, A. B. & M., Randall County, Texas.
 Petitioner further prays for citation to J. A. Meador of Randall County, Texas, and D. P. Seay of Potter County, Texas, and for citation by publication as against unknown persons claiming to be the heirs of the said W. A. Ward and Jennie G. Ward, or either of them; and for judgment establishing his heirship to the estates of W. A. Ward, deceased, and Jennie G. Ward, deceased, or of either of them.
 You are further commanded to serve this citation by publishing the same once each week for 8 consecutive weeks previous to the return date hereof, in a newspaper published in your county, or if no newspaper published in said county, in the nearest county where a newspaper is published.
 Herein fail not, but have you before said court on the first day of the next term thereof this writ, with your return thereon showing how you have executed the same.
 Witness O. W. Gano, Clerk of the County Court of Randall County, Texas.
 Given under my hand and the seal of said court in the city of Canyon on this the 30th day of April, 1920.
 (Seal) O. W. GANO,
 Clerk of the County Court, Randall County, Texas.
 A true copy I certify.
 WORTH A. JENNINGS,
 Sheriff Randall County.

Don't Always Blame Hens When Eggs Are Scarce.
 Rats may be getting them—U. S. Government Bulletins prove they know how to get them. Break a cake of RAT-SNAP into small pieces and place where rats travel. If there, RAT-SNAP will get them—positively. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Thompson Hardware Co., and Holland Drug Co.

Road Election
THE STATE OF TEXAS, COUNTY OF RANDALL.
 On this the 12th day of April A. D. 1920, The Commissioners Court of Randall County, Texas convened in Regular session at the regular meeting place thereof in the Court House at Canyon, Texas all members of the court, to-wit:
 C. R. Flesher, County Judge; W. C. Baird, Commissioner of Precinct No. 1; Parker D. Hanna, Commissioner of Precinct No. 2; J. J. Bauer, Commissioner of Precinct No. 3; E. E. Adams, Commissioner of Precinct No. 4 being present, deem it advisable to levy, assess and collect a special Road Tax of and at the rate not exceeding fifteen cents on the \$100.00 valuation of taxable property in said Randall County, Texas for the purpose of supplementing the Constitutional Road and Bridge tax of said county, in building and maintaining the Public Roads of Randall County, Texas.
 Therefore it is ordered by the Commissioners Court of Randall County Texas that an election be held on the 22nd day of May A. D. 1920, in Randall County to determine whether a majority of the legally qualified property tax paying voters of said County desires to tax themselves for the purpose of supplementing the Constitutional Road and Bridge Tax, and to determine whether the Commissioners Court of this County shall be authorized to levy, assess and collect annually a special Road Tax of and at a rate not exceeding fifteen cents on the \$100.00 valuation of taxable property in said County for the purpose of supplementing the Constitutional Road and Bridge tax

RATS DIE
 so do mice, once they eat RAT-SNAP. And they leave no odor behind. Don't take our word for it—try a package. Cats and dogs won't touch it. Rats pass up all food to get RAT-SNAP. Three sizes.
 25c size (1 cake) enough for pantry kitchen or cellar.
 50c size (2 cakes) for Chicken house, coops, or small buildings.
 \$1.00 size (5 cakes) enough for all farm and outbuildings, storage buildings, or factory buildings.
 Sold and guaranteed by Thompson Hardware Co., Holland Drug Co.

in building and maintaining public Roads in Randall County Texas.
 Said election shall be held under the provisions of Acts 1891 and Chapter 11 of Title 119 of the Revised Civil Statutes of Texas.
 The Polling places and presiding Officers of said Election shall be respectively as follows:
 Precinct 1 at Court House with S. V. Wirt, as Presiding Officer.
 Precinct 2 at Jowell School House, with C. P. Hileman, as Presiding Officer.
 Precinct 3 at Ralph School House with A. J. Garrison, as Presiding Officer.
 Precinct 4 at Fairview School House with H. E. Wesley, as Presiding Officer.
 Precinct 5 at Conley School House with Roscoe Riggs as Presiding Officer.
 Precinct 6 at Trigg School House with A. A. Umbarger as Presiding Officer.
 Precinct 7 at Highland School House with D. R. Burns, as Presiding Officer.
 Precinct 8 at Umbarger School House with Albert Baird, as Presiding Officer.
 Precinct 9 at Edmonds School House with W. L. Deeke as Presiding Officer.
 The manner of holding said election shall be governed by the General laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the statutes herein referred to.
 Notice of said Election shall be given by publication of a copy of this order in The Randall County News, a Newspaper published in said County of Randall for Four Successive weeks before the date of said election.
 The County Judge is hereby directed to Cause said Notice to be published, as herein directed:
 I. C. R. Flesher, County Judge in and for Randall County, Texas, do hereby certify that the above and foregoing is a true and correct copy of an order passed by the Commissioners Court of Randall County, Texas on the 12th day of April A. D. 1920.
 C. R. FLESHER
 County Judge, Randall County, Texas.

Notice of Sheriff's Sale—Real Estate
 By virtue of an order of sale issued out of the Honorable District Court of Dallas County, 68th Judicial District of Texas, on the 29th day of April, A. D. 1920, in the case of United States Bond & Mortgage Company versus Charles E. Harding and wife, Nani F. Harding, No. 32382-C, and to me, as sheriff, directed and delivered, I have levied upon this 3rd day of May, A. D. 1920, and will between the hours of 10 o'clock A. M. and 4 o'clock P. M., on the first Tuesday in June, A. D. 1920, at being the 1st day of said month, at the Court House door of said Randall County, in the City of Canyon, proceed to sell at public auction to the highest bidder, for cash in hand, all the right, title and interest which the said Charles E. Harding and wife, Nani F. Harding, had on the 11th day of May, A. D. 1918, or at any time thereafter, of, in and to the following described property, to-wit:
 Situated in the Counties of Randall and Deaf Smith in the State of Texas, and being 19738.59 acres of land, including all of Surveys Nos. 23, 24, 25, 31, 33, 34, 35, 41, 42, 43, 44, 47, 51, 52, 53, 54, 55, 56, 46 and 50, Block K-14; Survey No. 281, Block M-6; and Surveys No. 81, 82, 112, 111, 109, 114, 113, 115, 143, Block B-5 and all of Surveys Nos. 77 and 83, Block B-5, lying south of the right of way of the P. & N. T. Ry.
 Said property being levied on as the property of Charles E. Harding and wife, Nani F. Harding, and will be sold to satisfy a judgment amounting to \$19,902.07, in favor of United States Bond & Mortgage Company, and costs of court and the further costs of executing this writ.
 Given under my hand this 3rd day of May, A. D. 1920.

Catarrhal Deafness Cannot Be Cured
 by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists &c. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

PROPER FURNISHINGS make the HOME the most ATTRACTIVE PLACE

It is a very simple matter to make the home the most attractive place that you or your children frequent.

A few articles of furniture well chosen and well placed will help tremendously.

You owe it to your family, to yourself, to make your home as attractive as possible. A trip through our store will help.

"Roll Your Own"

THERE HE STANDS!

GRAND old "Bull" Durham. He belongs in this country's Hall of Fame. Can you think of a more familiar figure? For over half a century Bull has been part of the landscape; the tobacco he represents has made millions and millions of friends.

You can roll fifty-thirty cigarettes from one bag.

GENUINE "BULL" DURHAM TOBACCO

10c

With Bull paper you can roll the best "Bull" Durham cigarettes.

RIZIA

The Only Non Set Automatic Stop

This long-wanted- improvement is now a part of the new Columbia Grafonola. Built right into the motor. Invisible Automatic. Operates on any record, long or short. Nothing to move or set or measure. Just put on your record and the Grafonola plays and stops itself.

Exclusive on the Columbia Grafonola. No other phonograph has it. All other stops must be set by hand for every record. No other phonograph can get it. Basic patents protect the Columbia Non Set Automatic Stop. It is the last touch of convenience added to the Columbia Grafonola's recognized leadership in beauty of design, richness of tone, and reliability of mechanism.

Holland Drug Company

Mr. N. H. Baldwin of Lipscomb spent last week-end with his daughters and son.

Mrs. D. L. Tarlton of Canyon is visiting her mother, Mrs. W. A. Stewart of Crosbyton.

Miss Gladys Francy of Happy spent the week-end in Canyon with her sister.

The Normal Band accompanied the baseball team to Hereford Tuesday, May 11, where the ball team played a match game with the Hereford team.

Misses Bernice Jones and Maggie Rutherford spent last week-end at their homes in Claude.

Messrs. Allen King and A. E. Hunt went to Mobeetie last Saturday morning. From Mobeetie they went to Mr. Hunt's home in Wheeler. They returned to Canyon Monday.

The combined Art classes will go to the canyons Monday for a picnic. Miss Aiken will be the chaperon.

Mr. T. M. Clark was absent from his classes Tuesday and Wednesday on account of illness.

Miss Fannie Bell Hart, who has been teaching near her old home at Hart, has finished her work and is now at her home in Canyon.

Miss Lolagene Howard spent the week-end with an aunt in Pampa. She returned Tuesday morning.

Misses Cassie Mathis and Olive Muse shopped in Amarillo Monday.

Misses Glenna Smith and Oedea Greer spent last week-end at their homes near Lockney. They took with them as their guests, Misses Novella Forest and Hazel Johnson.

Mr. Ives, accompanied by Agriculture 33, visited in Amarillo Monday.

Miss Madeline Bennett spent the week-end at her home near Panhandle.

Mr. Shirley is in Galveston this week as a representative of the Christian Church of this place.

Misses Lila Simms, Eric and Verle Fletcher and Messrs. Gary Simms, Carl Scott and Ray Brown spent last week-end with Miss Hazel Mathis at her home near White Deer, Texas.

Miss Abbie Graham and Miss O'Connell spent Saturday night in Amarillo.

Miss Wildren Cummings, who has been home for the last week, returned Tuesday to resume her work in the Normal.

On Saturday and Sunday, Mr. and Mrs. Cope of Lipscomb county, visited their son, Virgil, who is attending the Normal.

This week chapel exercises are being conducted by the literary societies and the Girls' Forum. The program is as follows:

Tuesday, Sesames.
Wednesday, Girls' Forum.
Thursday, Antlers.
Friday, Cousins.
Saturday, Elepheians.

Mr. Morelock went to Farwell Tuesday to deliver a Commencement address at the close of school there.

Last week a slight mistake was made in recording the names of two former students of the W. T. S. N. C., who were on the honor roll of the State University last quarter. The names should have been Ira Allen of Petersburg and Newton Harrell of Canyon.

A cable from The Hague says the former Kaiser is now a poor man. So far as that is concerned, he always was.—Houston Post.

Europe might as well understand now as later that we can't support her in the style in which she was raised.—Baltimore Sun.

Notice of Bond Election
Notice is hereby given that an election will be held at the court house of Potter County, Texas, in the city of Amarillo, within the Amarillo Independent School District, on the 5th day of June, 1920, to determine whether the bonds of said district shall be issued to the amount of Twenty Thousand Dollars (\$20,000.00), payable twenty years from their date and bearing interest at the rate of five per cent (5%) per annum for the purpose of constructing and equipping a public free school building of brick material and purchasing a site therefor and constructing permanent repairs of brick material to the brick public free school buildings of said district, within said district, and whether there shall be annually levied, assessed and collected on all taxable property in said district for the current year and annually thereafter while said bonds, or any of them, are outstanding, a tax sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.
J. W. Donaldson has been appointed manager of said election, which shall be held as nearly as may be possible in conformity with the general election laws of the State.
No person shall vote at said election unless he be a qualified voter under the constitution and laws of this state, and a taxpayer in said Amarillo Independent School District.
Those in favor of the issuance of the bonds and the levying of the tax shall write or print on their ballots "FOR THE BONDS AND THE TAX"; and those against the issuance of the bonds and the levying of the tax shall write or print on their ballots "AGAINST THE BONDS AND THE TAX".
Said election was ordered by the Board of Trustees of said Amarillo Independent School District by order passed on the 5th day of May, 1920, and this notice is issued pursuant to said order.
Dated this 7th day of May, 1920.
E. S. BLASEL,
President Board of Trustees of said District.
Attest: S. F. NEWBOLD,
Secretary Board of Trustees of said District.
(Seal) 7t4
