

RANDALL COUNTY NEWS

VOL. XXIV

CANYON, RANDALL COUNTY, TEXAS, THURSDAY, OCTOBER 21, 1920.

NUMBER 30

HAPPY HAS LIVE COMMERCIAL CLUB

Attacking the Problems of the Community With Vim—After More Development for the City.

The town of Happy has recently organized a Commercial Club which is doing things for the town and community which would be a credit to towns four times the size of Happy.

The News man was invited to a meeting of the Club Tuesday evening and asked F. P. Guenther, L. F. Sheffy and Dan K. Usery to make the trip. The visitors were astonished when they walked into the Woodman Hall at 7:45 to find practically every business man of Happy in the meeting. More than thirty men had assembled and were tackling the problems of the community with an energy which denoted enthusiasm and a will to make the Happy community the biggest and best community in this great Panhandle country. Every business man was on his toes and eager to lend his influence that more people and more business might be brought to Happy, and they were especially anxious that the outside world should know the possibilities of the Happy country.

The town of Happy has nearly twenty five growing business firms. Every house reports a good business with a decided increase during the past year and the financial statements coming from the business men and farmers adjacent to Happy indicate that there could hardly be a sounder and safer community in the whole Panhandle-Plains section. The business houses are neat with well arranged and displayed stocks of goods, and in keeping with this orderly business method all of the citizens turned out last Friday for a clean up day and set to right any places that might have been overlooked by the owners.

The trade territory of the town is large and offers the opportunity of a fast growing and substantial city of twice or three times its present size within the coming two or three years. Many new settlers are developing the land adjacent to Happy, while in every direction are thousands of uncultivated acres awaiting the plow. The Randall County News has been asked by the Commercial Club of Happy to assist in this work of development, and plans are now being made toward that end which ought to be ready for announcement within a very short time.

WILL DEBATE OPEN SHOP QUESTION IN SCHOOLS

The Interscholastic League has selected the open shop question for debate next spring. Superintendent C. L. Sone has received the literature on this question, and the boys of the high school are going to put out a team to represent the school in the district meet which will be held in Canyon next April.

There will be a separate debate for the girls this year. Hitherto, the girls and boys debated together, but the school authorities feel that very often girls on the debating teams opposing a team composed of all boys were given undue allowance by some of the judges, and consequently the division.

FROST HITS RANDALL LAST FRIDAY NIGHT

The first frost of the year hit Randall County last Friday night. Vegetation was killed in some parts of the county, while in other parts very little damage was done.

The farmers still had a very large amount of row crop uncut, but on the whole were about as well prepared for frost as any year. The fall has been exceptionally fine, and farm work has gotten along well.

TULIA HIGH SCHOOL TO MEET CANYON HERE FRIDAY

The Canyon high school football team will play the Tulia high school boys in this city Friday afternoon at 3:30 at the high school grounds. The high school boys have had two games with the training school, and have a good team which the students of the school are backing to whip the visitors in the game Friday.

City Property Sold
J. T. Burnett has sold his new house on East Canyon street to Bob Hutchinson, and will move to the house he is building on West Chestnut street as soon as it is finished.

MRS. M. S. ALLEN DIED THIS MORNING AT 4:30

Mrs. M. S. Allen, mother of Dean L. C. Allen of the Normal, died this morning at 4:30 o'clock at her home on East Houston street. A week ago she suffered a stroke of apoplexy. Up until last week Mrs. Allen had always enjoyed very good health. When her right side became paralyzed, she told her son that she did not wish to live as an invalid and was ready to die. For a week her life was held in the balance and finally passed out early this morning.

Mrs. Allen is the mother of ten children, seven boys and three girls. Three sons were with her at the time of death. She has lived in the city for the past nine years. She has been a member of the Baptist church for many years. She was 76 years of age, a most highly respected citizen and greatly beloved by her many friends and neighbors.

The funeral services will be held at the Baptist Church Friday afternoon at 1:30 o'clock, conducted by Rev. B. F. Fronabarger.

GENERAL TAX RECEIPT TO BE USED IN VOTING

Tax Collector Worth A. Jennings has received a ruling from the attorney general stating that a general tax receipt may be used to vote in all elections in case it contained a poll tax payment.

This ruling applies only to those persons living in Randall county who failed to pay their taxes before the first of February and whose taxes were therefore delinquent when payment was made. In such cases the collector was not authorized to issue a separate poll tax receipt but this poll tax was included in the general receipt. Under the act of the special session extending the time of payment of the poll tax, the attorney general rules that this gives the general tax receipt which includes the poll tax the same standing as a separate and distinct poll tax receipt so far as the voting is concerned.

BISHOP TEMPLE RECOVERING FROM VERY SERIOUS ILLNESS

Bishop Edward Temple was to leave the hospital in New York City Monday where he had been for the past seven weeks, according to a telegram received by Henry S. Gooch, secretary to the Bishop. He will go to Fredericksburg, Va., to visit relatives. The date of his return to Texas to take charge of the Northwest Texas Diocese has not been set.

Bishop Temple suffered an attack of vertigo about July 1, while on board ship en route from the Lambeth Conference in England, and has been in a hospital in New York ever since.

When Bishop Temple returns he will take up the matter of building the Episcopal Dormitory for Girls in Canyon, and supply a rector for the church which was recently held by Rev. Wm. Garner.

W. J. THOMAS DIED IN AMARILLO YESTERDAY A. M.

W. J. Thomas, aged 85 years, died yesterday morning in Amarillo at the home of his daughter, Mrs. J. R. Gaut. Mr. Thomas was a resident of this city until two years ago. His son, C. M. Thomas, and brother, Gus Thomas, are citizens of Canyon. C. M. Thomas is on his way to Tampico, Mexico, and funeral arrangements are being withheld awaiting advice from him.

Mr. Thomas was a veteran of the war between the states. He was a highly respected citizen of Canyon and has many friends in this community.

GOOD RAINS FELL IN COUNTY THIS WEEK

Randall county was visited by a good rain Sunday night, and again last night. The fall on Sunday did not extend to all parts of the county, but last night's rain of nearly half an inch covered all sections.

The wheat needed this moisture and within a short time the fields will be green with the growing grain.

NORMAL WILL TAKE ON WAYLAND IN PLAINVIEW

The Normal football team will journey to Plainview Saturday to take on the Wayland College team.

After the defeat of last Saturday by the Hereford town team, the Normal boys are being put through hard work by Coach McCorkle and will be in fine condition to meet the Baptists Saturday.

Come to Canyon to live.

STICK UP MEN INVADE CANYON

First Hold Up in History Pulled on Jack Covington Tuesday Evening at 6:30 O'clock.

Jack Covington was the subject of a hold up Tuesday evening at 6:30 when he started from his home in the north part of town to the business section.

He states that he was near the Keiser feed lots when two young men or boys joined him. One asked for a match. As Jack searched in his pocket a flash light was flashed into his face and pistol pulled on him. The men searched him thoroughly, but he had only \$2.00 upon his person.

Jack ran to the R. W. Foster home as the men left him and reported the case. The officers were called but so far no trace of the men has been found.

Mr. Covington and P. V. Winstead were on the front porch and were within calling distance of the scene of the hold up. They state that a few minutes after Jack left the premises two men ran up the street, and upon seeing them cut down to a walk. As soon as they had passed the house they broke into a run once more. Campers near the old mattress factory report that two men ran near their wagon and went west. The officers drove a few miles in all directions and carefully searched the railroad yards, but failed to find any trace of the men.

This is the first case of a hold up ever being staged in Canyon or any place in Randall county.

POLL TAX PAYMENTS AFFECT DISTRICTS

Senator Bledsoe Urges Panhandle-Plains Men and Women Who Did Not Pay Poll Tax to do so Now.

That the payment of all poll taxes is very necessary to the political future and welfare of this Panhandle-Plains section was pointed out the other day by Senator Bledsoe of this district. The Senator states that the redistricting bill will depend upon the number of voters shown by last year's poll tax payments. The time limit has been extended until October 22, and all who did not pay a poll tax during January are urged to do so before Friday night.

In Texas, both the state representative and senatorial redistricting bills are based upon the number of voters, according to Senator Bledsoe. It is therefore very important that the Panhandle-Plains country have as large a payment as possible in order to get the number of representatives and senators she is entitled to.

Also, those who live in Canyon will get to vote on the paving bonds on Oct. 30, and all those who pay the poll tax will get to vote on the hospital bonds on November 20, if they hold a poll tax receipt.

Tomorrow is the last day for the payment under the terms of the law as passed by the special session of the legislature.

ARMISTICE DAY WILL BE OBSERVED BY LOCAL POST

The Palo Duro Post of the American Legion is making arrangements for the celebration of Armistice Day, November 11th. The nature of the program has not yet been decided upon, but will be taken up at the regular business meeting on Thursday night of next week.

Armistice Day was observed in Canyon last year, but no celebration was held. A fitting program will no doubt be a feature of the day this year.

REGULAR MEETING OF LEGION, OCTOBER 23

The regular meeting of the Palo Duro Post of the American Legion will be held at the club house on East Houston street on Thursday night of next week, Oct. 23rd.

Post Commander H. C. Gamble states that the meetings have not been held regular during the rush times of the summer months, and now this meeting will have a number of important items of business. He urges all members to be present.

NEW LINOTYPE IS PURCHASED BY NEWS

Model 8 Linotype Will be Installed. The Present Machine Being Sold To The McLean News.

The Randall County News placed an order Monday for a Model 8 Linotype, one of the biggest machines made by the Mergenthaler Linotype Company, and recognized as the last word of efficiency in the typesetting world.

Our present machine was sold at the same time to the McLean News, and will be shipped to McLean when the new machine is installed in our plant. We bought this machine five years ago. It has always given the very best of service, but has become too small for the large range of work that this office now handles. For a small town, there was never a better machine made than the Model 15. Editor M. L. Moody of the McLean News is recognized as one of the best newspaper men in the Panhandle. There are bigger newspapers in the Panhandle, but there is no better newspaper in this entire territory. He puts himself into the work with a vim that wins. With the linotype equipment, he will be better prepared to give his patrons a better and bigger newspaper.

The Model 8 machine which the Randall County News is buying has three magazines, carrying the regular type in which the reading matter of the paper is set and two advertising faces of type. Type may be set by the operator from all three magazines without leaving his seat to make a change. Additional magazines may be placed on the machine in a very few minutes time. Type larger than the head letter on this page may be set on this machine. This model of the linotype is the most practical that can be purchased for all around service in setting straight reading matter and display type.

When this machine is installed there will be but few newspapers in Texas with better equipment. The News is building for the future. It is the aim of the management to always maintain in Canyon the very best equipped printing establishment that the business will justify. Several newspapers in this section have installed linotype machines on a par with the new machine we are getting, but there is not a town in this entire section of the size of Canyon that has a Miller feeder which was installed in our plant two months ago.

THRESHERS AND FARMERS WILL DISCUSS PRICES

A meeting of all threshing machine owners and farmers who have grain to thresh has been called for Saturday afternoon at 3 o'clock at the court house to discuss the prices of threshing of the big row crop. None of the machine owners have set a price on the work so far, and the meeting is for the purpose of having a free and frank discussion of conditions.

One machine owner states that the price of operating his machine this fall would be as much or more than last year owing to increased cost of the machine, fuel and in some instances labor, while on the other hand the farmer has little market for his grain, and the price is less than half of last year's prices.

PRICHARD BRINGS IN READY YAM WEIGHING 5 POUNDS

J. L. Prichard brought to the News office Monday a yam which although delicate in health weighed a strong 5 pounds. It was only 19 inches in circumference, and several people at the News office called it a pumpkin.

Mr. Prichard stated he ordered two kinds of plants this year, so did not know the name of the variety. However, the size would indicate that the variety was a hard one to beat and the quality is fine.

CANYON SHRINERS WILL JOIN AMARILLO PATROLE

W. J. Wooten, Bob Donald, Lorenzo Wirt and O. W. Gano were in Amarillo Tuesday night attending the first meeting preparatory for the big ceremony to be staged Nov. 24. All of these men were added to the Patrole and will assist in the ceremonies.

A big local talent show will be staged by the Shriners in Amarillo on Nov. 22, 23, 24. Mr. Wooten having the Canyon end in charge.

MRS. M. C. REEVES DIED SUDDENLY SATURDAY MORN

Mrs. Mary C. Reeves died Saturday morning at 8 o'clock at the family home after a serious illness of several weeks. She seemingly had improved gradually during the past few days and the members of the family were greatly pleased at the condition of her health. She was talking cheerfully with Newt when she seemed to choke and in a few minutes had passed away.

The funeral services were held Sunday afternoon at 2:30 o'clock at the Methodist church conducted by Rev. Simeon Shaw.

Mary C. Sutherland was born in Jacinto, Tishomingo County, Mississippi on May 13, 1848. She was married to Isaac T. Reeves March 26, 1867.

To them were born five children, James B. Reeves of Roswell, New Mexico; Newt Reeves of Canyon; Mrs. R. P. Alexander of Mexico City, Mexico; Mrs. J. M. Burrow, Dalhart, Texas, and T. V. Reeves of Memphis, Texas.

With her husband she removed to Johnson County, Texas, in November, 1869, thence to Wise County, Texas, and to Canyon, on the 14th day of February, 1891, where she resided continuously until her death on October 18, 1920.

She was converted and joined the M. E. Church South, in 1877 and lived an active and consistent member of that church until she passed away, being a charter member of the Women's Missionary Society of Canyon, and was at her decease the last surviving charter member of that society. She was also the only member of the society having taken out a life membership.

Her sweet and affectionate disposition endeared her to all who knew her, especially to her husband and children, and never children honored and loved a mother more. And while the memory of her affection for them will intensify the children's bereavement, yet the knowledge of their reverence and affection for her throughout life and in her last long illness will sweeten their affliction by the absence of all remorse for any lack of appreciation of her tenderness to them and to the sweet relations that ever marked the record of this model family.

Rest in peace, Dear Mother, and the memory of your pure and patient life will remain a guiding star to your children and an oasis in the desert places of our lives.—Contributed.

RED CROSS MEMBERSHIP DRIVE OPENS NOV. 11th

The annual Roll Call of the Red Cross will be held commencing with Armistice Day, November 11th. At this time a canvass of every community of the United States will be made and every person asked to take a yearly membership in the great Red Cross.

H. C. Gamble has accepted the chairmanship of the drive this year, in Randall county. He will be assisted by the members of the Palo Duro Post of the American Legion, and it is planned to make the campaign short and snappy. If present plans are carried out, most of Randall county will be covered on Armistice Day.

Randall County has always had a very large membership in the Red Cross, but this year, every person in Randall County will be solicited and urged to take out membership.

The plans of the Roll Call in the county will be announced a little later.

WILL SUTHERLAND MADE \$80 PER ACRE ON WHEAT

One of the best yields reported this year to the News came from the north part of the county this week from the Will Sutherland farm. This record was made several months ago, but just came to us.

Mr. Sutherland had 160 acres of wheat. He used a combine, threshing out 5000 bushels and selling the entire crop at \$2.65. His total yield from the 160 acres netted him \$80 per acre.

Methodist Church

Rev. Simeon Shaw, Sr., Pastor. Sunday School at 9:30 a. m. There will be no Sunday morning preaching.

The Epworth League will give a program at the regular evening hour.

Shirley's Brother Dies

D. A. Shirley was called to McKinney, Tuesday by the death of his brother, W. M. Shirley, who has been an invalid for a number of years. He has been in a very bad condition for the past few weeks, and his death was expected at any time.

POSSIBLE TO BRING GAS WITHIN YEAR

Very Large Number Attend Meeting Friday Night to Discuss Gas Situation in City.

The meeting called by the Randall County Commercial League Friday night at the News office proved to be the most largely attended of any meeting within the past few months, and the available space was so soon filled that the meeting adjourned to the Ideal Cafe dining room where all of the available chairs were soon taken.

T. Lorin Driscoll, manager of the Amarillo Gas Company and Panhandle Pipe Line Company, accompanied Frank R. Jamison to Canyon and addressed the meeting in regard to the gas situation and answered questions as to the possibility of bringing a line to Canyon.

Mr. Driscoll stated that his company had investigated Canyon several months ago and it was the intention of coming here just as soon as possible, provided the consumption of gas would make a paying investment of the expenditure necessary for the pipe line. He was highly pleased at the great interest shown by the large number of men who had gathered for the meeting, and stated that instead of enthusiasm, they had many obstacles to overcome when they asked to pipe into Amarillo.

Mr. Driscoll pointed out a number of things of interest regarding the gas situation. His company believed that there was at least a 25-year supply of gas in the present Amarillo field, and believed that the present field would be extended. The steel market of today would make a pipe line to Canyon cost about \$275,000. If the consumption of gas was within the neighborhood of their estimates, it would be delivered at about 55 cents. That if the company placed an order today for pipe to come to Canyon, it would be approximately a year before the order could be delivered. He believed by spring the demand for pipe would be a little less, and that the price would decline. He was doubtful whether a line running on to Plainview would be a profitable investment, as ten inch pipe would have to be used about half of the way owing to the distance, and that would be almost prohibitive.

He asked that a plat of Canyon be made showing the location of every house, and to give a list of all boilers in the city, showing the capacity of the same. A committee was appointed to do this work, consisting of R. A. Terrill, M. A. Henson, G. G. Foster, C. R. Flesher, J. E. Rogers, and A. J. Arnold. This plat will be given the company as soon as completed, and a more definite answer given as to what may be expected in the way of a pipe line.

It is proposed that Canyon, Hereford, Dawr, Umbarger, Happy, Tulia, Kress and Plainview, furnish plats and that all of the towns work together in an effort to bring a pipe this way. The commercial clubs of these towns will be asked to join the move.

Mr. Driscoll was under fire for more than an hour, answering every possible question regarding the gas situation and the likelihood of the line coming this way.

Fifteen members of the Happy Commercial Club were present and President Arnold of the Happy Club made a short talk.

Frank R. Jamison told of the great wheat show at Wichita, Kansas, and thanked those from Randall county who had furnished such fine wheat samples.

President J. A. Hill made a plea for the school constitutional amendment to be voted on Nov. 2, and also urged the payment of poll-taxes in order that all Panhandle-Plains voters be taken into consideration when the state was redistricted.

TWELVE CITIZENS PAY POLL TAX UNDER NEW LAW

Twelve Randall County citizens paid a poll tax under the new law as passed by the special session of the legislature of the legislature. Tomorrow is the last day of payment in the state, and those who have contemplated making the payment must see the collector before Friday night.

Mr. Jennings states that a number have signified an intention of paying the tax before Friday night.

Come to Canyon to live.

LOCAL NEWS

Mr. and Mrs. Will Myers and son left Sunday for Dallas where they will visit the fair and also relatives in Denton, Ft. Worth, and Dennison. Ray Batteries, two years guarantee. E. Burroughs sells them.

City Election Order

Whereas, the City Council of the

City of Canyon deems it advisable to issue Bonds of the said city for the purpose hereinafter mentioned.

Therefore, be it ordered by the City Council of the City of Canyon, Texas, that an election be held on the 30th day of October, 1920, at which election the following proposition shall be submitted:

"Shall the City Council of the City of Canyon, Texas, be authorized to issue the bonds of the city of Canyon in the sum of Twenty Thousand (\$20,000.00) Dollars, payable Forty (40) years from the date thereof, with option of redemption at any time after 20 years from their date, bearing interest at the rate of Five (5) per cent per annum, payable semi-annually, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of Street Improvements as authorized by Chapter 1, Title 18, R. S., 1911, and Article 882, R. S., 1911, and the Constitution and Laws of the State of Texas."

The said election shall be held at the Court House in the City of Canyon and the following named person hereby appointed manager of said election, to-wit: G. G. Foster.

The said election shall be held under the Provisions of Chapter 1, Title 18, R. S., 1911, and Article 882, R. S., 1911, and the Constitution and Laws of the State of Texas, and only qualified voters who are property taxpayers of said city shall be allowed to vote.

All voters who favor the proposition to issue the Bonds shall have written or printed upon their ballots the words:

"For the Issuance of Bonds."

And those opposed shall have written or printed upon their ballots the words:

"Against the Issuance of Bonds."

The manner of holding said election shall be governed by the Laws of the State regulating general elections.

A Copy of this order signed by the Mayor of the City of Canyon, and attested by the City Secretary of the said City shall serve as a proper notice of said election.

The Mayor is hereby authorized and directed to cause said Notice of the Election to be posted up at the Court House and at one public place in each of the voting places of the City of Canyon for at least Thirty full days prior to the date of said election.

The Mayor is further authorized and directed to have said notice of election published in some newspaper of general circulation published in said City, and which notice shall be published once each week for Four (4) weeks, the date of first publication being not less than thirty full days prior to the date of the election.

J. D. GAMBLE, Mayor.
City of Canyon, Texas.
Attest: Pearl Jenkins, City Secretary.

Special Election
THE STATE OF TEXAS
County of Randall.

To the resident property tax paying voters of Randall County, Texas.

Take notice that an election will be held on the 20th day of November, A. D. 1920, within Randall County, Texas, to determine if said county shall issue bonds and if a tax shall be levied in payment thereof, in obedience to an election order entered by the Commissioners Court on the 11th day of October A. D. 1920, which is as follows:

On this 11th day of October, A. D. 1920, the Commissioners Court of Randall County, Texas, convened in regular session, at the regular meeting place thereof in the Court House at Canyon City, Texas, all members of the court, to-wit:

C. R. Flesher, County Judge.
W. C. Baird, Commissioner of Precinct No. 1.
Parker D. Hanna, Commissioner of Precinct No. 2.
J. J. Bauer, Commissioner of Precinct No. 3.
E. E. Adams, Commissioner of Precinct No. 4.

Being present, came on to be considered the petition of E. W. Reid and one Hundred Forty-five other tax paying persons, praying that bonds be issued in said Randall County, Texas, in the sum of Thirty Thousand (\$30,000.00) Dollars, bearing five and one half per cent rate of interest, maturing at such time as may be fixed by the Commissioners Court, serially or otherwise not to exceed thirty years from date thereof for the purpose of constructing and equipping a County Hospital, whether or not a tax shall be levied upon the property of said county subject to taxation for the purpose of paying the interest on said bonds, and to provide a sinking fund for the redemption thereof at maturity; and

It is therefore ordered by the Court that an election be held in said county of Randall on the 20th day of November A. D. 1920, which is not less than thirty days from the date of the making of this order, to determine whether or not the bonds of said county shall be issued in the amount of \$30,000.00 bearing five and one half per cent rate of interest and maturing at such time as may be fixed by the commissioners court, serially or otherwise, not to exceed thirty years from the date thereof; and whether or not a tax shall be levied upon the property of the county subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Said election shall be held under the provisions of Article 1498, Title 29-A of the Revised Statutes of Texas. Acts of the Legislature 1913, page 71, Section 1 et seq.

All persons who are legally qualified voters of the State and of this county, and who are resident property taxpayers in this county shall be entitled to vote at said election and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballot the words

"FOR THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

And those opposed shall have written

ten or printed on their ballot the words

"AGAINST THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

The polling places and presiding officers of said election shall be respectively as follows:

Precinct No. 1 at Court House in Canyon, S. V. Wirt, Presiding Officer.

Precinct No. 2, Jowell School House, I. W. Scott, Presiding Officer.

Precinct No. 3, Ralph School House Alfred-Bellah, Presiding Officer.

Precinct No. 4, Rowan School House, C. W. Bryan, Presiding Officer.

Precinct No. 5, Connley School House, W. E. Bennett, Presiding Officer.

Precinct No. 6, Trigg School House Andy Costley, Presiding Officer.

Precinct No. 7, Highland School House, Geo. E. Mason, Presiding Officer.

Precinct No. 8, Umbarger School House, B. J. Hess, Presiding Officer.

Precinct No. 9, Edmonds School House, W. L. Deeke, Presiding Officer.

The manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with this statute herein above referred to.

Notice of said election shall be given by publication of a copy of this order in the Randall County News, a newspaper published in the county for four successive weeks before the date of said election and in addition thereto, there shall be posted other copies of this order at three public places in the county one of which shall be at the court house door for three weeks prior to said election.

The County Judge is hereby directed to cause said notices to be published and posted, as herein above directed, and further orders are referred until the returns of said election are made by the duly authorized election officers and received by the Court.

Given under my hand and seal of office this 12th day of October, A. D. 1920.

(Seal) C. R. FLESHER,
County Judge, Randall County, Texas. 29t4

The Comforts of a HOME

Of Your Own is Worth While

Even if your hopes for a home lie far ahead, why not begin planning at this time?

We shall be glad to talk over plans and specifications, quote costs, estimates, etc., against the time when you are ready to build.

A talk with us may bring that time nearer than you think.

Canyon Lumber Co.

WARNING

BUY YOUR COAL EARLY

Last winter you suffered some inconvenience—perhaps discomfort—thru inability to secure coal.

All the elements contributing to this which existed last year still exist, only more so:

Decreased—and decreasing—labor supply, irregularity and unsteadiness of labor, certain and unescapable car shortage.

Tollison-Allen Wedding

On Thursday evening, October the fourteenth, the attractive home of Mr. and Mrs. Oscar Hunt was the scene of a wedding of more than ordinary interest to the people of Canyon—that of Miss Mary Ella Tollison to Mr. Henry Easton Allen.

The guests were ushered into apartments aglow with light diffused through shades of red and gold. In harmony with this were the decorations of dahlias and nasturtiums. Here were seen numerous evidences of the popularity of the young bridal couple—ranging from useful articles of kitchen service to delicate linen embroideries, exquisite pieces of cut glass and sets of silverware.

When the hour for the ceremony arrived the company had assembled in the east rooms where a color scheme of soft rose and green was carried out in the use of trailing vines and baskets of petunias and sweet peas.

On the opening strains of Mendelssohn's wedding march, played by Miss Helen Croson, there entered from the rear, Misses Luella Tate and Leona Sumner, daintily gowned in white and bearing ribbons with which they formed an ever-broadening aisle leading diagonally to where a light canopy of vines suspended.

The bridegroom entered with his brother, Mr. Harper Allen. They were followed by little Lucille Davault in white muslin frock with ribbons of pink and carrying a large pink and white dahlia within whose petals was hidden the wedding ring.

Then came the bride accompanied by her maid of honor, Miss Kathleen Jennings. The latter was dressed in delicate pink organdie with dahlias of a deeper shade. The bride wore an elegant tailored suit of midnight blue and carried a bouquet of pink and white roses with ferns.

The ceremony consisted of the simple ritual service and was impres-

sively read by Rev. Simeon Shaw of the Methodist Church.

After congratulations, delicious punch was served to the company by Misses Ollie Sone and Blanche Croson.

Mrs. Allen is a niece of Mr. and Mrs. Oscar Hunt, with whom she has made her home for several years. She has been a student in the College here and is exceedingly popular both with the students and the people of Canyon.

Mr. Allen is a son of Dean Allen of the West Texas State Normal College and received the B. A. degree from that institution in June. He was among the first of those who volunteered their services as soldiers in the spring of 1917, and was among the first to reach France, where he spent some time in active service, returning in the summer of 1919.

Mr. and Mrs. Allen left on the evening train for Tulia, where Mr. Allen is Principal of the High School. Their friends here, conscious of the superior worth of this young couple, forecast for them a successful and happy life.

Out of town guests who attended the wedding were Rev. J. D. Allen of Greenville, Mr. and Mrs. W. C. Kenyon and Mrs. M. E. Sevall of Amarillo, and Miss Annie Beene of Tulia. —Contributed.

Normal First Team Defeated by Weighty Hereford Town Team

Canyon opened the football season with a game with Hereford's husky regulars. The score was 15 to 0 in Hereford's favor. Within the first five minutes of the game Hereford carried our men almost to the goal line and then completed the play by scoring two points on a safety. Hereford again crossed the line for a touchdown before the end of the first quarter, but failed to kick goal, leaving the score 8 to 0. During the remainder of the game both sides

fought hard and Hereford once more went over for a touchdown and kicked goal, totaling her score at 15.

Durham did good work at quarter as his first effort. Brown at right end completed a pass by Battenfield which carried the ball within a yard of the goal. Canyon was unable to pierce Hereford's line for a touchdown. At another time Brown completed a 40 yard pass outside the 10 yard limit beyond the goal, and a touchback was called. Our boys fought hard throughout the game, but were unable to cope with the college trained Hereford team.

Come to Canyon to live.

It now appears that the Soviet's conquest of the Pale must be ranked with Dr. Cook's—Norfolk Virginian-Pilot.

Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

The democracy of the News was called into question on account of the editorial last week expressing the belief that Harding would be elected. The News has always maintained that Woodrow Wilson was the greatest man in America today, and has handled the affairs of this government through the eight years of the greatest trial this world has ever known, better than any other American could have done. But he is human and has his limitations as any other human. He made honest mistakes. The party he represents rightfully take the blame for these mistakes. Had the republicans been in power during the war, their candidate would have been defeated in the coming election. The leader in every one of the great nations in the war has either been scrapped by the political powers that be, or is riding a volcano that threatens to explode any minute. When the prejudices of politics are forgotten and time is allowed to expose and magnify the qualifications of the leaders during the war period, the name of Woodrow Wilson will stand supreme.

According to the eminent writers who have traveled from coast to coast, Governor Cox is making great gains and will run Harding a much closer race than was anticipated a month ago. Harding has changed his position so many times that the voters are becoming suspicious that he is trying to carry water on either shoulder. If the campaign were to run another month and Harding allowed to make speeches all over the country, Cox no doubt would be elected. Cox has maintained a steady front at all stages of the game excepting on his campaign fund charge and his frankness is making him friends. Harding is causing dissension among the republican forces by his frequent change of positions that is losing him the support of prominent men.

A merchant stated to the News yesterday that the men who were crying the loudest for lower prices were the laborers who were drawing \$5 to \$8 per day now in comparison with \$2.00 and \$2.50 before the war. When manufactured articles are reduced fifty percent in price, then wages will have to go down in comparison. Reports from manufacturing centers indicate today that there is more labor than jobs and men are demanding work—something that hasn't occurred in four years. Skilled labor and professional men have not received such big increases in salaries as has unskilled labor, and their reduction will not come so soon nor will the drop be great, if at all. It is foolishness to talk about readjustment of prices with no reduction of wages.

The Amarillo News believes that teaching agriculture or manual training in the Normal would be a mere make shift in preparing a young man for his life work of developing this great Panhandle-Plains country. That being the case, then every law school in the United States is a make shift, as all of the literary subjects of the law departments are taught outside of the law schools.

One week from Saturday is the day for the paving election in Canyon. Just take a good look at the public square today and see whether or not you are willing to have it remain in its present condition, or help pull it out of the mud by your vote.

Clothes for Poland Relief
A canvass of the town was made yesterday to gather all kinds of old clothes to be sent for Poland relief. It is reported that the Poles are almost naked and in most instances without shoes. All kinds of old clothing is asked for, and the condition is not greatly considered.

America is first in the running broad jump and standing high prices, Brooklyn Eagle.

When a proposition is carried by the slender margin of one vote, every fellow who supported it considers that he was the deciding factor.

AUSTIN KING IN FEDERAL COURT FOR EMBEZZLEMENT

M. Austin King was sentenced to 60 days in the Potter county jail last Monday in the Federal Court for embezzling funds from the Canyon post office. He was assistant postmaster of the local office until the first of September when he resigned and took his family to California.

The following is the story as printed in the Amarillo Tribune:

Tears prompted apparently by a sincere belief in his own innocence of base criminality; the fact that the crime was committed with the intention of reparation being made and the fact that the tangible part of the violation was remedied, probably won for M. Austin King, charged with embezzling about \$500 at the Canyon post office, from receiving a severe sentence in Federal Court Monday morning. As it was, King pleaded guilty to the charge and was sentenced by Judge James C. Wilson to serve sixty days in the Potter County Jail.

The fact that King was never before a court on a criminal charge also mitigated in his favor. He said he took the money to pay doctor bills and other bills of pressing creditors, and intended to replace the funds. He made a clean breast of the entire affair, R. E. Taylor, District Attorney, said the records showed. The prisoner wept as he told of his wife and baby in Los Angeles, where they were taken when he was disgraced.

A woman stenographer of the Court wept in sympathy, and others in the court room wore solemn countenances as they unmistakably registered sorrow at the downfall of a man tempted beyond his powers of resistance to sacrifice his good name.

PANHANDLE EXHIBIT AT WICHITA IS VERY FINE

The International Wheat Show came to a close last Saturday night at midnight in the city of Wichita, Kansas, having been in operation for two weeks continuously and having been visited by multitudes of thousands of people from all over our Nation.

The Panhandle-Plains Chamber of Commerce presented an exhibit at that exposition and we now have the honor to assure you that it was the main attraction at the Wichita Wheat Show. Among our exhibits, also, were to be found specimens of wheat that equalled all and excelled most of the wheat exhibited from elsewhere, although ours was gathered without consultation of the score board.

One of the attractive features of our exhibit was the large relief map showing the entire 38 counties of the Panhandle, indicating the agricultural possibilities, showing the lines of railroads, highways, elevations and depressions, oil and gas development, cattle sections, school and social possibilities. This feature of the exhibit attracted the close attention of thousands of persons who are earnestly interested in land that will produce wheat and that is rich in other agricultural possibilities.

So gripping was this map feature that we were invited to take it back to the state of Illinois for exhibit purposes. However, our booth showed every sort of a product indigenous to the soil of any farming country and was pronounced by all who entered the booth to excel all displays of its kind and character on the floor.

Onions that weighed three pounds from Muleshoe, Soudan from Canadian that measured 11 feet 6 inches with an estimated yield of 20 tons per acre, wheat from Hereford, Pampa and Canyon that tested 63 pounds, Indian Corn from Texhoma as good as it ever grows, apples from Hemp-hill and every other product you can think of spoke the unmistakable value of the Texas Panhandle whose attraction was awarded first place from the very start.

This has been an expensive piece of publicity but at the same time has been the most valuable and far reaching effort ever put forth by this portion of Texas in exhibiting its possibilities before the world.

The map has been shipped back and we hope you will call and inspect it. FRANK R. JAMISON, Sec.-Mgr. President Hill has asked that the map be brought to the Normal for a few days' exhibit which request has been granted by Mr. Jamison.

There has been a recent decline in the wholesale lumber market which we are glad to pass on to our customers in the reduction of our retail prices. This decline was wholly unlooked for by the retailers of the country at this time, yet we want our friends and customers to know that we may be depended upon at all times to follow the market and give them the benefit of any slump that may occur.

2812 CANYON LUMBER CO.

We might build a memorial to war-prices if we could safely put up anything that high.—Brooklyn Eagle.
Sugar is just as sweet if not so dear.—Omaha World Herald.

SHAW MAKES REPORT OF CHURCH WORK IN CITY

The following report was made to the Texas Christian Advocate by Rev. Simeon Shaw, regarding his work in Canyon:

It has been nearly a year since I have written anything for the Advocate. In my last note I wrote of the splendid prospect. Tonight I am writing of glorious realization. I have secured 115 into full membership this conference year, nearly half on profession of faith. Very few of those by certificate have been Normal students as I have discouraged them from moving their membership from their home Church. There are 182 members of the Methodist Church enrolled so far this time of the Normal College. Fully 500 different Methodist Church members have been in the college at some time this year. Our Epworth League does a wonderful work for the students. For instance, quite 100 were in attendance last Sunday night at the League and we have had 250 present at one time. But for lack of room our Sunday Scholl would be a wonder. We had 414 present and counted last Sunday and we are pulling for 500 next Sunday. We had a fine meeting in the spring. Rev. Henry Brooks, of Amarillo was with us and could he have remained long enough we would have had a great revival. No meeting reaches many of the students as they are too busy to attend. So I try to make every Sunday night a revival and we frequently have conversions in the open Sunday service. Very few Sundays pass that some one does not join the Church. I am expecting 25 or 30 more before conference. This country is rapidly settling up. Acres of sod are being plowed for wheat and the people are gathering the greatest crop in their history. Texas is a wonderful oil producing country, but all the oil-wells of Texas last year did not produce enough oil, even at the highest price to pay for the wheat crop of the Panhandle alone, not to speak of the vast cattle interest, hogs, feed crops, etc. Why wallow in the mud and weevils and worms of East Texas when you can buy this wonderful land for \$25 to \$50 per acre? The only Churches in Randall County are in Canyon. But there are more people in the country than in the towns. So Sunday afternoons I have been going out and preaching in the country schools and I have been able to build up a mission that will give a circuit preacher a grand opportunity and much of his support. Then while our expenses have been much heavier than usual all financial obligations will be in full by conference. The only sad thing about the whole situation is that we have not been able to build a new church. When our local Church wakes up to its magnificent opportunity and builds an adequate new church Canyon is going to take rank with the very best appointments in Texas. Our Church has a great field here in the West Texas Normal College. It is growing by leaps and bounds. The Churches are given every opportunity to do work among the students. It supports a Y. W. C. A. Secretary. The Baptist Church has a paid student secretary. We are urged to do likewise. More Methodist students are here in school than of any other denomination. I have done my best to fill this three-man job: Pastor of the Canyon Church of 500 members, county circuit rider and student pastor. I have been happy, have had a good time, have never been in better health in my life and the best of all God is with me.—Simeon Shaw, P. C.

Wayside Items

Fair weather still for the most part. A light shower fell Sunday night, soon gone and work going on. But little time lost on account of it.

Sunday, the 17th, marked the last day of the Conference year of Rev. C. W. McNeeley at Wayside. Good sermons in the morning and at night. Fair crowds in attendance. Two new members united with the church. A generous offering for the Methodist Orphanage at the close of Sunday School.

W. I. Lane, wife and sons, Irvin and Joyce, with Miss Leta Gillham, visited with Mother McGehee from Friday until Sunday. They found her seemingly doing as well as she possibly could after her late operation.

Mr. and Mrs. Chas. Heisler, living a few miles east of Wayside, have recently received some very interesting heirlooms from relatives in North Carolina. A large and valuable writing desk and wardrobe combined, more than 100 years old, once belonged to Mr. Heisler's grandmother, in which the family Bible was packed of great age, two elegant chairs, also two most excellent mirrors and a small box of elegant finish.

W. J. Sluder and wife visited with Mother McGehee from Tuesday until Thursday afternoon.

Miss Zora Wesley, who is attending the Normal at Canyon, visited with home folks Saturday and Sunday.

J. C. Payne motored to Claude Saturday on a pleasure trip, returning Sunday night.

Rev. J. T. Lowe and wife are now living near Wayside on M. L. McGehee's place.

Mrs. E. J. Fisher and daughters, Misses Sibyl and Winifred, are living at Lankersheim, Ga., Raymon Fisher and wife at San Diego.

D. H. and Marvin Hamblen, Henry Long, Ewing McGehee, Marshall Butler and Marvin Sluder engaged in a wolf chase lately in which the wolf played the losing game.

Odell Gilham and Robert O'Neill of Plainview visited Wayside Sunday.

Happy News
Clair Miller spent Sunday with home folks.

Ross Duff was in Canyon Saturday on business.

Erwin McManigal was in Canyon Thursday and Friday.

Mr. and Mrs. Ernest White and Frank White and daughter, Miss Grace, left Wednesday for Dallas where they will spend a few weeks.

Felix Neff spent the week end with home folks.

Misses Mildred, Eva and Joye Dale McManigal were in Canyon Saturday. Miss Ethel Duff spent the week end with home folks.

Robert Jenkins was a business caller in Canyon Saturday.

Mr. and Mrs. Foster Shenefelt spent Saturday and Sunday in Canyon with Mr. and Mrs. J. W. Wooten. Curtis Craig was a business visitor in Canyon Thursday.

Mr. McElroy and Mrs. Patterson were in Canyon on business Monday. Mr. and Mrs. Townsend are the parents of a baby boy, born, Thursday, Oct. 14.

Joe Bauer was a Canyon caller Wednesday.

Mr. Foster of Canyon was in Happy Monday.

Mrs. Rahlfs and Mrs. Cook returned from El Paso Saturday night.

High School Notes
The contributions for our bass horn and snare drum are coming in rapidly now. The sixth grade gave us an eight dollar check, paid partly by the pupils and the balance by the teacher, Miss Lancaster. The Chorus Club gave five dollars, which is highly appreciated.

The school board visited us last Thursday to see about the new fire escape which is to be placed at the west end of the building.

The football game with Amarillo was called off by Amarillo about an hour before the team was to leave.

Tulia is expected to be here to play the first team Friday. The price of admittance will probably be twenty five cents. Everyone come. When you see the game you will forget your quarter.

The high school played the second Normal team last week and the final result could not be called at all favorable for our team. But the Normal's victory was hard fought and our team is far ahead in experience. But at any rate 18-0 isn't bad, considering the 36-0 as the result of the game with the Training School.

A very spirited debate took place Saturday afternoon between the Rough Riders and the Night Riders. From all reports the Rough Riders hit nothing but the high places and the night Riders abandoned their backwoods policy and showed some pep. The argument ended in favor of the affirmative.

Every man and woman of voting age in Randall County is expected to support the amendment for better schools.

The West Wind Campfire Meeting
The Campfire Girls of the Canyon High School met Monday evening at the home of Miss Zela Wood, for their weekly meeting. The following members were present: Misses Loretta Wiggins, Zela Wood, Mayme Wood, Florence Neal, Gracie Williams, Rena Belle Smith, Ruth Williams, Opal Gill, Irene Jones, Momie Williams and Grace Williams.

Regular business was attended to, and officers were elected, who are as follows:
Secretary—Ruth Williams.
Treasurer—Mayme Wood.
Correspondent—Florence Neal.

American Youths Going to College
American youths entering college have increased in numbers at a record rate during the last six years and if the proportionate growth is continued to 1950, there will be 1,138,000 students in 210 institutions where 294,000 were enrolled last year. These figures compiled by the Institute for Public Service, have raised the question of where the money needed to educate these larger groups will come from.

Julius H. Barnes, chairman of the institute, found in a study of the figures compiled that this year's increase in the number of students enrolled in the colleges has set a new record.

Colleges which in 1914 had 187,000

students and last year 294,000, will enroll 471,000 in 1930 and 831,000 in 1950, if they continue the same number increase each year, a report of the institute states. But, if they grow at the average percentage rate of the last six years, they will have 659,000 students in 1930 and 1,138,000 twenty years later.

Taking the lower estimate for 1950 it "means finding facilities for more than three times the total for 1920 at six or seven times the salary cost," said the report. "It means adding 644,000 students, or 200 colleges the size of Yale last year."

The institute asks, "Will the money to provide education for the increased number of students come from taxation, endowment, private gifts and larger fees? Must present universities grow or more universities be built?"

In numbers, the largest increase in six years is credited to the College of the City of New York with a growth of 6,800, followed by the University of California with 6,200 increase and Boston University with 4,700. Yale was one of the four institutions which had fewer students than six years ago, its decrease being eighty-one, the institute reported.

Concluding his observations, Mr. Barnes said there is "Reason to believe that in any future democratizing of opportunities for higher education, afternoon and night classes at colleges and extension classes away from colleges will be needed to give the elasticity which the demand requires."—Dallas News.

Lyceum Dates Announced
Dates for three of the Lyceum numbers that are to occur during the year have been determined. The Paulo Gruppe Musical Company will be here on November 11. On November 30 Vice President Marshall will lecture, and Judge Ben Lindsey will be with us on February 7. These three unusual attractions are covered by the blanket tax.

Love to Run For Senate
Thomas B. Love of Dallas, democratic national committeeman from Texas, will be a candidate for the United States Senate, according to word brought to Dallas by a friend of Mr. Love, who saw him in New York a few days ago, says the Dallas News.

The term of Charles A. Culbertson expires in 1923. Morris Sheppard's term does not expire until 1925. The next senatorial election will be held in 1922.

Carburetors

That are worn, dirty, or out of adjustment cause more motor troubles and expense than any other part of a car.

We can clean, repair or adjust yours at a reasonable price and do it right, as carburetors are our specialty.

If you need a new one we can sell you any make carburetor at market price or take your old one in on trade.

MASTER CARBURETORS

carried in stock and guaranteed to give from 20 to 40 per cent more mileage per gallon and entire satisfaction or money refunded.

LOCAL NEWS

J. Frank Potts and family of Hereford visited Tuesday at the Rev. Simeon Shaw home.

Mrs. Simeon Shaw returned Tuesday from Houston where she was the guest of her two sons for a week.

Rev. Simeon Shaw left yesterday for the Methodist conference being held at Clarendon.

E. Burroughs is in Dallas this week on business and attending the fair.

Mrs. E. H. Ackley and sons, accompanied by Mrs. L. N. George will leave this week for their new home in Waxahachie.

J. M. Vetesk and family are moving into the Ackley home which they recently purchased.

C. W. Warwick has rented the J. M. Vetesk house on West Houston street and will move from the Oliver home tomorrow.

J. L. Duffot was in Panhandle Tuesday.

Mrs. S. L. Ingham and J. B. Gamble are visiting this week at the Millard Word home at Dumas. Dr. Ingham and Mrs. Gamble will join them there Saturday.

R. R. Bates and family were in Hereford Saturday attending the fair. Mr. Bates states it was one of the best county fairs he ever attended.

J. B. Jordan went to Happy this morning to take charge of the Holland Drug Co. while John Toles makes a business trip to Georgia.

Mrs. P. V. Winstead was in Hereford Saturday attending the fair.

Mark Cowser of Dimmitt was in the city last Friday visiting with his two daughters and son who are attending the Normal.

American Legion to Present A Japanese Program

On Saturday evening, October 30, in the auditorium of the West Texas State Normal College, the American Legion of Canyon will present Mr. and Mrs. Ongawa in a musical and dramatic program typical of the Far East. Mr. and Mrs. Ongawa are Japanese actors and musicians of great skill and national reputation. They are playing a second engagement at Baylor University this season. Professor Armstrong, head of the English Department, has the following to say of them: "They give a most artistic performance and they are in every way charming. They have the highest commendation and they have proved themselves by actual performance here in Baylor." Jane Osborn-Hanna of the Chicago Grand Opera Company says of them: "It was with great pleasure I witnessed your charming Japanese play. It was one of the most artistic and interesting performances it has been my privilege to attend in many a day." These are but typical examples of the high praise which the press from our largest cities accords these gifted Japanese actors and musicians.

The program for the evening follows:

- Part I
- Instrumental—"Feast and Lanterns"—Gekkin, Traps.
- Song (Popular)—Samisen, Shaku-hachi.
- Song (Classic)—"Moonlight and Waves"—Samisen.
- Dance—"Song of the Sword"—Samisen.
- Story—"Monkey and Jellyfish."
- Kagura Dance—(Shinto Religious

Dance)—Drum.
Song—"Lady Picking Mulberries"—Gekkin.

Folk Dances:
Formal Dance—"Genroka Hanna Mi Odori"—Voice.
Interpretative Dance—"ChoCho"—Poems.
Comic Dance—"Okami and Hyotogo"—Voice.
Feminine Fashions.

Pare II.
Play—"The Fox Woman." A story of Witchcraft, founded on a legend of Old Japan.
Admission 45c and 75c.

AGAIN WORKING

The thirteenth of July was an unlucky day for millions of wheat producers and for millions more who eat bread. On that day the boards of trade, or grain exchanges, resumed their so-called trading, after the world had got along without their non-essential services exceedingly well during the war. Since that day, when the gamblers again took control of the one commodity that is the basis of the whole world's food, wheat has slumped as much as 42 to 54 cents a bushel in a short two weeks, has rebounded 17 cents in a single day and has slumped again.

Now only one thing could have caused those slumps naturally. That cause would be to glut the market. But there has been no glut. It is and has been impossible for a glut to develop, because the railroads could not and cannot get the wheat to market. Those slumps were deliberately manipulated to defraud the wheat grower. The wheat has been in the grower's hands, because the railroads could not get it to market, so the gamblers staged the slump until they could get the wheat into their own hands. Had the wheat been in the hands of a few gamblers who dominate the market those slumps would not have happened. From a standpoint of honesty and economics they were absolutely inexcusable.

That wheat rebounded 17 cents in one day was not owing to rumors of further hostilities in Europe, as was given out. It was entirely because one group of gamblers believed another group of gamblers were pushing the market down too hard. Rarely are any of the rumors on which the market is made to climb and tumble of a substantial bona fide cause and effect nature. None of them can or do, as a usual thing, result in the producing or consuming of a single pound more or less of grain. As a matter of fact, a majority of operators on the board of trade are ignorant of actual conditions. They merely guess and gamble. A few large firms do know actual conditions. They have big, expensive organizations to keep them accurately informed and they are the persons who steadily, year after year, make huge fortunes from wheat without growing or milling a single grain of it. Their only stock in trade is accurate information, not wheat, and they use that accurate information, thru the board of trade gambling facilities to raise or lower the price of wheat to make money for themselves. What good can these persons be to the world, to anyone except themselves? They are leeches that fatten on humanity. They do not gamble. They deal in facts. They load the dice and when the dice with unfailing certainty show up in their favor the wheat grower and the man who eats bread pay them. Why in

the name of justice are they allowed to exist?

Outside of these few big operators, the rest of the board of trade dealers are gamblers. You can prove that assertion by asking any number of them for facts, figures on supply and consumption, and by then comparing the widely varying "facts" you will have. Get a board of trade operator to talk frankly and he will admit he is nothing but a gambler. I know of one prosperous grain dealer who quit the business and opened a furniture store. He did not wish his three boys, who were growing up, to become gamblers.

I know they talk a lot of hot air about the service the board performs for the milling industry. A miller, they say, sells 1,000 barrels of flour for November delivery. He would run a tremendous risk and would have to greatly increase the price of flour, they say, if he could not go on the board of trade and buy on margin for an insignificant commission an equivalent in wheat for November delivery and thus protect his November delivery of flour. That's true, but why does the miller have to seek that protection? Solely because the board of trade makes wheat a gamble and thereby makes milling a gambling instead of a straight out, legitimate manufacturing business, which it should be.

I know of a man who quit the grain business to become a banker. The other bankers looked at him askance. They feared this new banker might carry grain gambling into his banking, which ultimately would have spelled disaster for some one. But the new banker was wise. He built up a sound business. Yet fully realizing the short-comings of the present grain business, our financiers are greatly concerned as to how to finance the grain grower to hold his grain until the railroads can carry it away, while they never seem to worry about supplying money for the board of trade operations. The Government's figures show

that this year's wheat crop in the United States is 12,646,000 bushels below the 5-year average. An accepted authority says that Europe will have to import 15 million tons of breadstuffs this year. Argentina is importing wheat to supply its own needs now. Russia is not exporting wheat because of internal strife and demoralized transportation. In the face of all that, the grain gamblers make a bear raid on wheat, try to defraud the growers of millions of dollars. The whole thing is sickening. The board of trade is an ulcer on our economic body and should be eradicated. It is harmful and useless. —Senator Arthur Capper.

The Difference
The benefits of state control of road is manifest to every person who travel the thoroughfares of Nebraska these days. The difference between the main traveled roads where the state maintains patrolmen who get busy just as soon as a rain is over and the by-roads where the dragging is done when the farmer has nothing else pressing to do is so great as to challenge attention. The good roads advocates have always insisted that the only way to get them is to build them right, and the only way to keep them good is to spend money on maintaining them, and the present situation proves their case.—Lincoln (Nebr.) State Journal.

Skull Crushed by Loaded Wagon
A most deplorable accident happened Thursday evening which resulted in the death of Clifford Howard Savage, a seven year old son of Mr. and Mrs. J. W. Savage of this city. The boy was run over by a loaded wagon and his head crushed, living but a few minutes after being run over.—Wellington Leader.

VETESK MARKET

Y. M. C. A. and Y. W. C. A. Entertainment

On the evening of October 8th from 7 to 9 o'clock the Y. M. C. A. and Y. W. C. A. rendered an interesting program in the auditorium.

Through the presentation of a pageant, "The Spirit of the Blue Triangle," the Y. W. C. A. showed something of its work here and in connection with other organizations.

Following the pageant, three very enjoyable musical numbers were given, a piano solo by Miss Corrie Rankin, a vocal solo by Miss Ada Clark, and a violin solo by Miss Charlitta Cheney. Miss Joy Mills charmingly told one of O'Henry's stories.

Representatives of the Y. M. C. A. showed by panomine the outcome of some of the football games that are to be played during the season. The first game was between Clarendon and Wayland. Wayland was the victor and Clarendon was seriously hurt. Roswell now appeared and another battle was waged in which Roswell vanquished the Wayland team. Roswell was a second time a victor when Clarendon again appeared on the scene. The Canyon team then hurled themselves against Roswell, who would be victor a third time, and completely defeated them.

When this phase of the program was ended, Mr. Dan Sanders, who acted as chairman for the Y. M. C. A., suggested that a Boosters club be organized. Mr. Wesley Allen and Mary Meinecke were elected yell leaders. Under the direction of the new yell leaders, some "peppy" yells were given which showed the student body to be enthusiastic and ready to uphold the team in the coming games. The assembly then retired to the third floor where refreshments were served.

History Club Begins Year's Work

The first regular meeting of the History Club will occur this evening at seven o'clock. The club has recently reorganized, and splendid series of programs for the year have been worked out. The club is conducted under the auspices of the History Department, but any student interested in historical study is eligible for membership. Following is the program for this evening:

Study Subject: The Organization and Methods of Political Parties.

Paper: Origin of Political Parties in England—Lizzie Kate Smith.

Party Struggles in American:

(a) Revolutionary Period—J. J. Powell.

(b) Jeffersonian and Jacksonian Periods—D. T. Tarlton.

(c) Civil War Period—Winnie Mae Crawford.

(d) World War Period—Mody C. Boatright.

Round Table Discussion: Present Day Party Leaders.

The Interscholastic League

Extract from speech delivered by Joseph L. Duffot, District Director General, at the Panhandle Teachers' Institute, Canyon, Texas, September. Ladies and Gentlemen:

As the District Director General of the Interscholastic League, I desire to speak to you for a few mo-

ments upon this subject. We are familiar more or less with the aims and purposes of various leagues—Baseball Leagues, Church Leagues and the League of Nations, but I wish to emphasize at this moment that for our work the most important of all leagues is the Interscholastic League of the Canyon District. While we are proud of the history made thus far, yet the greatness of the League is not in the past but in the promise of the future. The strength of the league lies in the large number of school units taking part in it. The more schools that enter and the more individuals participating the more nearly do we come into the realization of the ideals which prompted its organization. There is an appeal in this program for every individual member of the school and if for any reason a school does not enter in the spirit of the league, it is, in my judgment, the fault of the teacher and not of the league or of the pupils. Sometimes the plea is made that the school is too small and the opportunity for inspiring interest is limited. This is an excuse and not a reason. Our greatest failures are in handling large groups, for we are prone here to take the short cut to success by capitalizing talent practically developed, and thus the latent powers go by untouched. Within a small group the resources of each individual are mined for all his worth and

genuine development is made. I sometimes think that in our effort to educate large groups we are attempting that which approaches the impossible. The Savior of Mankind undertook to teach only twelve and after three years of hard labor, it turned out that one of these "busted" on examination. The teacher should count herself a failure if she can't find a point of contact with some of her pupils and interest them in the various contests offered by the league.

We are likely to face some difficulties in working out our programs this year. We may meet with discouragement growing out of a situation like this. In the contest of the previous year your pupils may have met with defeat due to "partiality of the judges," "to the unfairness of some contesting members who got by undiscovered," and several other things of like nature which it is claimed has taken all of the pep out of the children and now they cease to be interested. If you cannot rise to the occasion and succeed in overcoming this lethargy and disappointment, how are you going to be able to inspire boys and girls to meet the varying vicissitudes of fortune and master them? It is fruitless to talk to them about overcoming difficulties of the future if you slight this one in the present. There never was a contest held but what the defeated

could give a good and sufficient cause for the failure imposed upon them. Sometimes the teacher is indifferent because her salary is small and she feels under no obligations to undertake any more than that for which she is paid. I sympathize with the teacher who draws a small salary, but this is not the fault of the pupils. They have had nothing to do with the legislation that has given such slight value to her services. The teacher owes the pupils the same kind of service on a \$50.00 salary that would be expected of her on a \$200.00 salary. No teacher can escape this obligation and I cannot believe that you will resort to strategy to evade it.

We had a successful meet last year; this auditorium was filled with contestants and their parents and friends. Practically every county was represented, but we are making our preparations, based upon information gathered from the teachers, to entertain a larger gathering than that which greeted us this year. If your school is not a member of this league, see that it becomes one by paying the fee in keeping with the nature and size of your school. I am not asking the individual teacher to

give the district the fee, but for the time being advance the money and call upon the children to bring their nickels and dimes and pay this fee themselves, for it is their enterprise.

In conclusion, let me urge upon you to answer my correspondence. Last spring, I sent out 142 letters of inquiry and only three persons responded. It is impossible to take care of three hundred visitors when we were led to expect only three. (Laughter) We need the information

for which we call in order to care for you properly, so please take the time to answer these letters. In the event you fail to pay the fee while here, then send it to Dr. E. D. Shurter or Mr. Roy Bedicheck, Austin, Texas, and they will receipt you and send you the necessary literature.

—From The Prairie.

One trembles to think what the town of Przasnysz would be without its "a".—St. Louis Globe-Democrat.

Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown.

Nearly everybody needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse out all impurities about twice a year. It is an excellent idea to take this

precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young.

Full information and valuable literature can be had by writing to Swift Specific Co., 156 Swift Laboratory, Atlanta, Ga.

First: It is sold at a moderate price. You save when you buy it.

Second: It has more than the ordinary leavening strength, therefore, you use less.

Third: There are no failures—it always makes the sweetest, most palatable of foods.

Fourth: It is used by millions of housewives—leading domestic science teachers and cooking experts.

Fifth: It is the best Baking Powder that can be produced. Was given highest awards at World's Pure Food Exposition, Chicago; Paris Exposition, Paris, France.

Sixth: It contains only such ingredients as have been officially approved by the United States Food Authorities.

The finest quality Baking Powder—at the most economical cost. "The Biggest Bargain That Goes into the Kitchen Today."

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Not Cookie Recipe
— $\frac{1}{2}$ cup butter,
 $\frac{1}{2}$ cup sugar, 2 eggs, $\frac{1}{2}$ cup flour, 1 level teaspoon Calumet Baking Powder, $\frac{1}{4}$ cup chopped nuts, 1 teaspoon lemon juice. Then mix in the regular way.

Mr. Pep

Many a man who banks on his dignity, overdraws his account.

Real money is what makes the mare go.

Good times or bad times, it's nonsense to talk about people being worked to death or starved to death, when there's as good a place to eat in town as ours.

Such Good Things To Eat that people will take time to eat them and prices so reasonable that everybody can have something to eat.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Presbyterian Church

At the 11 o'clock service on next Sunday morning an opportunity will be given all those who desire to unite with our church. This day will be the closing day of our revival services and it is hoped that we all may enter into it with all our hearts to make a glad day for all who may worship with us.

The subject to be discussed at the morning hour is, "The Lost Hope." At the close of the sermon Mrs. Newton will sing a solo, the words of which were written by the pastor for this special subject. The words are set to the music of the famous "Swallow Song."

In the evening at the 7 o'clock service the pastor will preach on "The Two Paramount Reasons Why You Should be a Christian." There may be a hundred other reasons that could be given but for this service we are going to devote our time to two big ones.

On Friday night the first thirty minutes of the service which begins

at 7 o'clock will be given over entirely to music. An interesting and enjoyable program is being planned. You are most cordially invited to be present.

There will not be any service at the church on Saturday night.

You are most cordially invited to worship with us at all the above mentioned services.

TED P. HOLIFIELD, Pastor.

Deals in Dirt

The following deeds have been recorded in the County Clerk's office the past week and reported to the News by the Randall County Abstract Company:

We wish to again call the attention of our patrons to the fact that unless they have a regular monthly account with us, it will be impossible for us to open an account with them in order to charge a small item. The loss of time in making these small collections amounts to more during these times of high expense, than the item amounts to. Matter phoned in for the want column must be paid for before the day of publication if the party has no regular monthly account.
