

STATE AID OF \$1725 GIVEN TO CANYON SCHOOL

IMPROVEMENTS WILL BE MADE AT ONCE

State Inspector Here Monday Morning Made Valuable Suggestions Regarding Public Schools.

The Canyon Public School has never asked for state aid as do most city schools, but last fall the inspector for the state education department pointed out many things that should be done in the school and suggested that the state would pay for this expense if aid was asked from the state department of education.

The proper application was made last October and notice was soon received that probably \$850 would be allowed of the \$2000 asked for by the school.

Prof. W. H. James, representing the state education department, was in the city Monday to inspect the schools. He did not know that Monday was observed as a holiday, and was greatly disappointed in not being able to meet the teachers and discuss the school's needs with all members of the faculty. However, he made a close inspection of the buildings and all of the school property early in the morning, and then went over the needs of the school with Supt. C. L. Sone, G. G. Foster, president of the board of trustees, and C. W. Warwick, secretary of the board.

After discussing the needs of the school, Mr. James allowed \$1725, which will be paid the board as soon as the work has been completed and the money spent as directed by Mr. James. The improvements include more library books, most of which have been ordered; new maps, which have been ordered; drinking fountains in the building, which are now being installed; more window shades; change of seating in three rooms; and a few recommendations in the arrangements of the building.

Since Canyon is the recognized center of education in the Panhandle on account of the West Texas State Normal College, the board of trustees are determined to make the public schools the very best and welcome the suggestions of the state board of education.

Delinquent Tax List Big

Tax Collector W. C. Black, reported yesterday that the delinquent tax list this year is much larger than usual. He shows about \$8,000 of unpaid tax, as compared with about \$1,000 which has been the record for the past few years. The large total is brought about by several of the largest payers in the county failing to pay their taxes on time.

The bill in the legislature extending the time for delinquency and lessening the penalty no doubt caused many of the tax payers to fail to meet their taxes.

473 Autos Registered

Tax Collector W. C. Black, has registered 473 automobiles in Randall county. On February first of last year 342 had been registered, and the total of the year 1920 was 529. No penalty was enforced by the state highway commission for those who did not pay during January of last year, but the collector is required to collect a penalty of 25 per cent on all collections after February first this year, and the owner who drives without this year's seal is subject to a fine.

Payment of Taxes Postponed Oct. 15

Austin, Texas, Jan. 31.—Provisions included in the first general bill signed by Governor Neff, relating to postponement of taxes until Oct. 15, are as follows:

It is a House bill and provides for taxes and publication of tax delinquents shall not be made before April 15, 1921; it also reduces the penalty from 10 to 5 per cent, which with the interest at 6 per cent, makes the extra obligation 11 per cent if the taxes are paid after Jan. 31 and before Oct. 15th.

This bill failed to receive the necessary two-thirds vote in the Senate to vitualize the emergency clause, hence it will not become effective until ninety days after this session adjourns. If the present session expires about March 15, the law will go into effect on June 15. It is sure to become operative before Oct. 15.

BUDS ARE SWELLING; FRUIT IS IN DANGER

The exceptionally warm weather during January is causing the buds to swell, and almost guarantees that the fruit crop will be killed, unless the unforeseen happens.

The fruit growers are very uneasy over the situation. For the past two weeks they have realized that the fruit crop was in danger unless colder weather came.

The temperature has been a little lower the first of this week, but the sky is clear and little ice has formed during the nights.

The weather has been ideal, but puts the fruit growers in a very uneasy position.

Pete Norfleet Is Student in Normal

The Fort Worth daily papers have carried a number of stories during the past week regarding the capture of the swindler, Furey, by Frank Norfleet and his son, Pedro, or rather Pete, as he is better known.

Very few Canyon people knew that Pete Norfleet is a student in the West Texas State Normal College. He withdrew from school during the time he was in search for the famous swindler, but now that his man is safely behind the prison bars, he is back in school, returning from his home at Hale, Center, Tuesday afternoon. He is living at the B. M. Johnson home, the Johnson and Norfleet families having been friends for a number of years.

Pete met the swindler in Jacksonville, followed him to a cafe, called his father who faced Furey. When Furey recognized Mr. Norfleet he cried out "Robbers, Bandits," and grabbed hold of Mr. Norfleet, and the crowd in the cafe ran to the swindler's assistance. Pete appeared on the scene with his automatic which he threw down on the crowd, who were soon convinced by the papers Pete carried that Furey was the real bandit.

The return of the swindler to Ft. Worth was accomplished with difficulty, the man once getting away and jumping from the train, but was recaptured.

Pete will remain in the Normal for the year. He is a very modest young man and does not brag of his accomplishment, but to him all credit is given by the officers for the capture of Furey.

Pig Guessing Examination

The students of Mr. Phillips' Agricultural class at the Normal had a rather unique examination last week. The class is working out for the Ft. Worth Live Stock Show and the teacher wanted to see how well the boys could judge hogs. Each boy was permitted to write down his guess at the hog, after which the hog was weighed. Eleven hogs were used for this examination. The results were that out of a total of eleven hundred points, Edmond Oatis came first. His score was 1037. Floyd Callihan had a score of 1007.

Shade Trees May Be Had Free of Charge

The Texas Agricultural Experiment Station at Lubbock has shade trees for free distribution and have written C. F. Walker regarding the distribution. The following is the letter:

"We are distributing a number of trees throughout this section mostly to public institutions as schools, churches, cities, parks, etc., for their beautification. We are distributing some to individuals also, and if you have a number of farmers who will take good care of the trees we will be glad to supply you. There is no charge for these trees, the only obligation being to care for them and pay the express charges. Many of the Agents are having the various schools take advantage of this opportunity to beautify their grounds. If you need any for city or park plantings in Canyon we will be glad to have you take up your needs with us."

Mr. Walker desires that all persons wanting these trees see him at once.

Even the Sheriff Gets Them

Yes, even the sheriff annexes a few "dead ones." W. C. Black stated yesterday that some of the checks issued him for tax receipts were perfectly cold and helpless when they came to perform their customary functions at the bank. However, such checks do not go far toward exempting the signers from the penalties of delinquent taxes.

R. L. McMURTRY UNDER BOND FOR SHOOTING MAN

CATTLEMAN OF RANDALL COUNTY

Mullins Worked for Thompson Hardware and McMurry During the Harvest of Last Summer.

Robert L. McMurry, prominent ranchman of Tulla and former sheriff of Briscoe county was released Sunday at Childress on making \$10,000 bond for his appearance to answer the charge of shooting Claude Mullins, tool dresser of an oil company, Saturday night. Mullins is in a critical condition, although some hopes are held for his recovery.

McMurry arrived at Childress Saturday night at 11 o'clock from Tulla. He met Mullins at a hotel and after talking a few minutes the two are said to have gone to Mullins' room at the home of J. A. Land.

Shortly after reaching Mullins' room, McMurry is alleged to have fired five times at Mullins. One shot struck Mullins in one of his legs and the only other shot which took effect pierced his intestines in six places.

McMurry immediately surrendered to officers. He was held until Sunday when after a preliminary trial he was released on \$10,000 bail.

Mullins was taken to a sanitarium for treatment. Physicians said Monday they held hope for his recovery.

McMurry is well known in the Panhandle. He served two terms as sheriff of Briscoe county. He made no statements, as far as is known, as to the cause of the shooting.

Mr. McMurry is well known in Randall county, being the owner of a large ranch in the southeast part of the county. The family made their home in Canyon two years ago.

Claude Mullins worked at the Thompson Hardware Company setting up combines during last summer and then went out to the McMurry ranch and operated Mr. McMurry's new combine until his harvest was completed. He stayed on, and did some automobile work for Mr. McMurry.

No cause for the shooting has been stated by either party. Rumor has it that the men had a dispute over the automobile repair bill before Mullins left last fall, but this may not have been the cause of the shooting.

Bob Pipkin to Fort Worth

R. S. Pipkin has sold his residence on West Evelyn street and will leave this week for Fort Worth where he and Mrs. Pipkin will make their future home.

The Pipkin house was sold to Jim Coffee Saturday, and he in turn sold it to Dr. S. L. Ingham.

The Pipkin family are well known in Canyon and all of the citizenship regret very much to see them leave, but wish them the greatest success in their new home.

COMMERCIAL LEAGUE WILL MEET NEXT TUESDAY NIGHT

The regular monthly meeting of the Randall County Commercial League will be held next Tuesday night at the office of Flesher & Flesher at 7:00 o'clock.

Next Trades Day will be Dollar Day in Canyon. Watch the good old U. S. Dollar work in Canyon that day. The bargains will be great.

Poll Tax Payments Small for the Year

There were nearly fifty less poll tax receipts issued this year than last year, in spite of the fact that soldiers and sailors did not have to pay a poll tax or procure an exemption for last year.

The total poll tax payment was 708 with 16 exemptions, as compared with 752 last year and 27 exemptions.

There were 117 women to pay a poll tax this year as compared with 185 last year.

The following is the list of payments by precincts:	
Precinct No. 1.....	472
Precinct No. 2.....	10
Precinct No. 3.....	52
Precinct No. 4.....	38
Precinct No. 5.....	61
Precinct No. 6.....	16
Precinct No. 7.....	19
Precinct No. 8.....	40
Total.....	708

SCHOOL BOARD NOT ATTEMPT ENLARGEMENT

NO ADDITIONAL TERRITORY IS SOUGHT

Bus Lines Would Cost More Than Income Derived From Taxes Procured From Added Territory.

At a meeting of the trustees of the Canyon City School District yesterday afternoon, formal action was taken to drop the proposition of enlarging the school district.

The school trustees refused to assume the attitude of trying to force people to unwillingly come into the district. It was also believed that the expense of running the auto busses to bring the children into Canyon from the territory sought would be of greater expense than the income derived from the taxes of the territory. The expansion of the district would no doubt be of benefit to the whole territory in the long run, but since some opposition has developed, the trustees refused to enter into a fight to relieve the situation at the present time.

The trustees of the Canyon Independent School District are confronted by the question of financing the school. A very large number of children from all directions are coming to the public schools until the present housing capacity is sadly taxed. At a meeting of the board last week it was voted to place the tuition for children coming from outside the district in proportion to the special school tax paid by the residents within the bounds of the district. Yesterday the tuition was set per month as follows:

- First and second grades—\$3.00.
- Third and fourth grades—\$3.50.
- Fifth and sixth grades—\$4.00.
- Seventh and eighth grades—\$4.50.
- Ninth and tenth grades—\$5.00.

This tuition will be collected for the last five months of the school year. Every room in the school building is now crowded to capacity, and it may be possible that the trustees will have to refuse to allow transfers of students from outside of the district next year.

Sparrow Campaign Highly Recommended

Several persons in Canyon have suggested at various times that a campaign against sparrows be inaugurated in Randall county. It is pointed out that sparrows are practically as destructive as rats, against which the people are waging a campaign at this time.

The sparrows consume a great amount of grain in the fields and it is almost impossible to keep them out of the grain bins on the farms.

The sparrows are very destructive to the fields and gardens when the young plants start to grow.

All in all, the sparrows are a very great nuisance and should be destroyed.

Look After Cow Tests

C. F. Walker, county agent, stated yesterday that he would be glad to look after the testing of cows for tuberculosis for all persons who wish their cows tested.

The city officials state that an ordinance will likely be passed at the next meeting requiring all persons selling milk and butter to have their cows tested.

Paul Flugel's Son Killed By Auto

The son of Mr. and Mrs. Paul Flugel, living north of Canyon, died Sunday morning as the result of being hit by an automobile on the streets of Amarillo Saturday afternoon.

The boy had become separated from his parents while crossing the street. A doctor was driving in a closed car and did not see the lad but felt the impact as the car struck and knocked him to the pavement. He passed away at 1:30 Sunday morning.

The funeral services were held Monday morning and the body buried in the Lutheran cemetery east of Canyon, conducted by the pastor of the church, Rev. Otto P. Hinge.

The boy was five years, eleven months and five days of age.

The many friends of Mr. and Mrs. Flugel are deeply grieved and extend sympathy in their hour of sadness.

Come to Canyon to live.

MODERN FARM MACHINERY SHOWN IN PICTURES

"The American Golden Harvest" is the title of a special picture to be shown at the Olympic Saturday night in connection with the regular picture show.

This picture is a gathering of all of the modern farm implements, without reference to the name of the manufacturer, for the purpose of showing farmers of this country the modernized methods of handling farming.

Every machine of late invention which is used on the farm will be shown in operation in the pictures.

Those who have seen this picture state that it is a great treat to the farmer and those interested in farming, especially those desiring information of late inventions.

Seven Head of Cows With Tuberculosis

Drs. Williams and O'Reilly have completed their tests of the registered herds in Randall county, finding in all seven head which reacted to the tuberculosis test. A total of 670 head was tested.

Under the law these animals affected must be shipped out within thirty days. They may be slaughtered only in places where the government maintains inspectors. The owners of registered cattle affected are paid by the government for a part of the loss sustained.

All herds in which cattle are found with tuberculosis must be inspected once more in six months, and a retest is made every six months until the herd is free.

The finding of seven head among the range herds in Randall county has strongly impressed upon the people of Canyon the necessity of action regarding the milk cows of the city. The government makes these tests free only in case of registered cattle. It is clearly evident that an ordinance should be passed requiring every person who sells milk to have all cows tested.

Dinner for Hardware Force

Gathered at the home of Mr. and Mrs. T. C. Thompson on East Houston street, the employees of the Thompson Hardware Company were entertained by Mr. and Mrs. Thompson with a dinner last Friday night. At the table, tastefully decorated the "enfamilie" dinner was much enjoyed, in the dining room in which potted plants had been arranged.

Those present were Mr. and Mrs. Tomlinson, Mr. and Mrs. T. M. Reddell, Mr. and Mrs. L. M. Friend, Mr. and Mrs. Bert Newlin, Mr. and Mrs. C. L. Thompson, Messrs. Mark Foster and Frank Harrison, together with the host and hostess.

Brandt Buys Bradford Land

Henry Bradford has sold the Walter Johnson half section west of Canyon to Ludwig Brandt, who lives next to this land, for \$44 per acre. Mr. Brandt's son will move here from Nebraska to farm the place.

Golf Course Laid Off Ready to Play

Wallace R. Clark had men with teams and scrapers on the golf course Monday, and states that practically all of the work on the grounds has been completed. The green will be rolled during this week and the ground ready for playing.

The markers have not arrived, but are expected by the time the greens have been rolled.

Mr. Clark states that the ground is very fine for a golf course and is well pleased with the general arrangements he has been able to work out.

A majority of the memberships in the club has been taken by the people of Canyon who are interested in learning the game of golf.

Will Open Store Saturday

D. Mack Stewart announces that his new business house on East Houston street will be opened Saturday. He is assembling a new stock of groceries and will be glad to meet his many old friends in his new place of business.

Farmers' Union Saturday

A meeting of the Farmers' Union will be held Saturday afternoon at two o'clock at the court house for the purpose of organizing a farmers elevator.

Jacob Dinkel Gets Coat

The coat given away Monday by Redfearn & Company was drawn by a ticket held by Jacob Dinkel, living east of the city. The number was 2149.

ENGINEER GIVES PROGRAM LOWER CITY KEY RATE

MAYOR GAMBLE HAS LETTER FROM AUSTIN

State Fire Insurance Commission Makes Recommendations to Lower Canyon Key Rate.

Mayor J. D. Gamble has received the following letter from the State Fire Insurance Commission at Austin regarding the insurance key rate of Canyon:

Water Works

(a) An inspection of the power station from which power is secured for the operation of the pump at your pumping station disclosed the fact that it is not constructed of fire resistive materials and is also occupied in part as an ice factory. The charge of 10c in Key Rate for power stations of frame or iron-clad construction may be avoided by the construction of a brick stone or concrete power station, with a non-combustible roof, and cut off from the ice factory in a standard manner. A sketch showing how this may be done will be furnished upon application to the Commission.

(b) By arranging the oil engine so that it may be connected to either centrifugal pump without loss of time, a reduction of 4c in Key Rate will be in order. If a duplicate oil engine is installed, a reduction of 10c will be in order.

Note:—Recommendations (a) and (b) are alternative.

(c) The best engineering practice has demonstrated that mains less than 8 inches in diameter should not be laid in the mercantile district, unless properly gridded, and in order that the charge of 4c for 48 per cent less than 8 inches in the mercantile district may be eliminated, it will be necessary that all such mains be replaced by mains at least 8 inches in diameter, for standard cast iron.

(d) We note at present there is only one supply main from the pumping station to the service distribution mains, and in order to be prepared for a break in this main, which would be disastrous in case of fire, we recommend the laying of an additional supply main of at least 8 inches in diameter, of either of the standard cast iron types, and aside from the additional protection afforded, a reduction in Key Rate of 2c will be in order.

(Continued on last page.)

Mrs. B. F. Hodges Dead

Mrs. B. F. Hodges died last week at Battle Creek, Mich., and was buried Sunday at Tulla, the funeral being conducted by Rev. A. B. Haynes.

Mrs. Hodges was the daughter of Mrs. Sallie Parker of this city and a former resident of Canyon. Mr. Hodges was superintendent of the public schools several years ago. The Hodges family have lived in Hereford for the past few years where Mr. Hodges is in business.

A large number of Canyon people attended the funeral in Tulla Sunday.

Mrs. Parker and her estimable family have the sympathy of the many friends in their hour of sadness.

Judge Lindsey Not Coming

The Lyceum Committee of the Normal has received notice that Judge Ben Lindsey of Denver will not fill his date at the Normal next Monday night. He is cancelling his lecture dates owing to pressing engagements in Colorado.

Band Doing Good Work in Practices

The Canyon Band is doing good work in the Tuesday evening practices at the court house. Tuesday night there were fifteen in attendance, several members being absent for various reasons.

Mr. Brothers states that he has thirty in the band at Hereford. The people of Hereford are paying for the services of Mr. Brothers as a band director. Mr. Brothers is giving his time free of charge to the direction of the Canyon Band.

More members are wanted for the Canyon Band. Every person who has had band experience is earnestly requested to join the organization. Those who wish to learn some instrument will be welcomed into the band. The band is being organized for the benefit of the Canyon people, and is a separate organization from the one maintained at the Normal.

IF YOU HAVE MONEY

Build a house now.
Paint that dwelling that church that school.
Repair that fence and make the farm look more tidy.
Build that highway. It is badly needed.
Pave that street. It will help your town.
Improve the water-works and extend the sewerage system, for they will better the health of your town.
Build that church, that school, that court house, and go ahead with everything that shows that you are a red-blooded American, with faith in your country.
Now is the time for all men—real men—to lead off and do things. Cowards only are slackers. The patriot can do as much in this time of peace for his country as he could do in war. Let's play ball!—Manufacturers-Record.

Billy Sunday takes a rap at the radical Blue Sunday advocates through the press this week and comes out in a most positive manner against the movement to prohibit the running of trains, trolleys and autos on Sunday. The truth is that Billy Sunday mixes good common sense with his religion. —Hall County Herald.

Some people haven't much common sense and not much religion either. Some become over enthused in religion, in politics, and most everything else. It is the well balanced mind that counts. The extremist rarely accomplishes anything in this life. In the case of Blue Sunday, advocates it is hard for us to believe they have any more religion than the common run of folks. They have simply become nutty in one direction. They forget the first principle as taught in Christ's religion. "The goodness of God leads men to repentance," but the extremist would forsake the leading altogether and drive men by the strong arm of the law. God accepts volunteer worship. A man who worships his Master by fear is not rendering altogether acceptable service. We might ask the question: "What is meant by all this agitation for a strict Mosala interpretation of our Sunday laws? Is it to increase church going? We hear of no one being disturbed in their religious worship. If a man does not wish to worship at all leave him alone as he does not disturb you.—Lockney Beacon.

A few months ago a wealthy farmer at Hale Center had \$45,000. He had made it by honest toil. It was burning his pocket. He sought great riches. At Fort Worth he met a man who would give him those great riches in the usual manner—some alluring investment that would pour out gold faster than he could spend it. He fell. He lost his money. He followed the man and captured the master mind in Florida last week, but will not recover his \$45,000. We are more and more impressed with the idea—every man to his job. The farmer seldom makes a success in business. The business man seldom makes a success at farming. There is plenty of money in either line for the man who knows how and likes his job. A wise financier with millions wisely stated a few years ago: "Keep all your eggs in one nest, and then watch the nest." Whenever the man, business man, farmer, or man engaged in any other line branches out into the unknown, he usually loses all in his mad attempt to "make some money easy."

It is quite certain that if there were seven registered cows on Randall county's ranges affected with tuberculosis, that there are several grade cows around Canyon badly affected by this disease. There is a remedy at hand. The city council can pass an ordinance compelling every person who sells milk to have his cow or cows tested. As a matter of safety to his family, every man should do this for his own protection. Tuberculosis is a dangerous disease. Every progressive town requires that every person who sells milk and butter must have this test made. Perhaps lives of Canyon people may be saved by testing the milk cows. This matter should not be longer delayed.

Anyone who knew much of the past history of Charles M. Schwab was thoroughly convinced before the investigation started that he was not guilty of defrauding the government. Schwab was too big a man to stoop to the little practice of which he was charged. Schwab was too loyal to his country to take this money. The difficulty confronting the men who gave their services to their country during the war for \$1.00 per year was that they did not have a voice in naming their assistants who were under civil service. Many of those men who had loyally labored for their government had to undergo investigations and stand for the mistakes of underlings over whom they had no authority. Republics may be ungrateful, but the people of this country will not allow an innocent man to be persecuted once the facts are known.

The method of collecting the war damages from the Germans is largely that suggested in the peace conference by the American delegation. The Americans stood out for definite indemnity, rather than indefinite one as suggested by France. The amount is much larger than the amount desired by either America or England, and covers a longer period of time. With America eliminated from the conference owing to the fact that this country has not signed the peace treaty, the French seemed to have ruled in their demands to make the damage as large as possible and continue for forty-two years. If the allies can collect the damages assessed, it is pretty certain that the world will not be menaced by German militarism for at least sixty years.

"A little man can't get the upper hand in a live town," stated Hon. A. B. Martin at Plainview last week. Continuing further, Mr. Martin stated: "One thing that keeps many towns from growing and developing is that small men get at the helm of business and retard development." Mr. Martin was talking about conditions in Plainview, yet his words are applicable to Canyon and every other town. It is usually the small man who has an everlasting desire to "run the affairs" of this town. There is just one way to handle such a small duck—secure a strong hold on the nap of his neck and seat of his pants and throw him out. Maybe a rough method, but nevertheless, very effective.

The easiest thing in the world is to shoot off your mouth about things of which you know nothing in the world. An Amarillo man was guilty of such a thing last week. He talked about the American Legion in terms that were far from true. He was called

upon to correct his statement. Yes, of course, he backed water. In the future he will no doubt investigate before using vague terms.

The Hereford Brand attained the dignified age of "21" last week. Hotman and Steckman have owned the Brand for the past three years and have published a great newspaper. May their days of usefulness in Hereford be multiplied.

The time should be ripe for a new depot in Canyon. The Santa Fe has promised one to the town of Miami.

The Panhandle is the greatest country in America. There is still cheap land for the home seeker.

If we lived in Armenia, we'd move out and let the Turks run things to suit themselves.

When a Pup Becomes a Dog

Jess Adams of the Plainview News wants to know how to tell the period of a canine's life when a pup becomes a dog. Editor Loomis of the Canadian Record, hands him the following very simple rules: Just watch the bunch on the corner, Jess. When a boy graduates from short pants into high water trousers, keeps his head shaved except a little queue on top, smokes Turkish cigarettes and keeps his dad's automobile in the garage six days out of seven, the pup has grown up. When a girl excels in the art of handling face paint and lip stick, unravels the mystery of making a full dress out of a piece of goods that could be wadded into an ordinary vest pocket, chews

gun, wears silk stockings that cost \$4.78 a pair and keeps \$4.36 worth of them on display—stockings that are 10 per cent silk worm and 90 per cent oxygen—and devotes herself to wearing out of tires no "some boy's dad's

automobile, the pup has grown up. By their actions and yearnings for the butterfly life, ye shall know when a pup has grown up. The bunch on the corner after years devoted to the vacation of mental development thru the

medium of studying street character and interspersing their brain indentations by physical culture attained thru the strenuous avocation of dry goods box whittling, opines that some pups never do grow up.

Public Auction of Registered Herefords, Feb. 23

Under the Management of the Panhandle Hereford Breeders Association at Amarillo During the Buyers and Sellers Convention, Feb. 22, 23, 24, 1921

The largest auction sale of registered Herefords ever held in the Southwest will be staged at Amarillo, Texas, where the Panhandle Hereford Breeders Association will sell 120 head of registered cattle on February 23, in two sales. And J. L. Van Natta sells 50 head on the following day. A total of 170 in two days.

Forty of the 120 sold by the Association will be donated to the city of Amarillo to assist in building the \$400,000 coliseum. The remaining 80 head comprise the fifth annual spring sale of the Association. There will be cattle to suit every one. Herd bulls, high class range bulls, beautiful cows and heifers of the very best breeding and presented in the most excellent condition.

This great consignment of bulls are sons and grandsons of the following noted bulls: Freight Stanway, Domino, Beau Blanchard, Beau Mischief, Good-Boomd, Paragon 21st, Prince Rupert 8th, Beau Rex, Capitol 2d, Capitol 6th, Pathfinder, D. Beau Carlos, Perfection Fairfax, Beau Militant, Beau Vale and others.

Cows and Heifers of Choicest Breeding

The females are of the same herds and the same bulls as the bulls in the sale and beautiful cows and heifers of the best foundation stock will be in evidence. You cannot afford to own grade cows when good registered cows can be had at reasonable cost.

250 Registered Herefords in Carlot Division

There will be a large number of good registered Herefords in the car lot pens to be sold at private treaty. Our members have sold hundreds of range bulls and registered heifers in former sales at prices very satisfactory to the buyers and no doubt shrewd buyers will be on hand to look over this most excellent offering.

J. L. Van Natta Sells on Feb. 24, and Remember Jones and Dameron sell at Hereford on the 21. Sale begins at 1 o'clock. Remember the date, Feb. 23. Write Secretary for Catalog.

CATTLE BUYERS AND SELLERS CONVENTION

February 22-23-24

LISTEN, ONE MOMENT, PLEASE

—JUST A WORD TO YOU PEOPLE OF CANYON WHO BUY PRINTING.

—Most buyers of Printing are business men.

—Nearly every business man likes to see Randall County business stay in Randall County.

—Every business man realizes that every dollar spent outside of Randall County hurts the community that much.

—Have you considered the PRINTING BUSINESS?

—Of every dollar spent for mail order printing

—20 PER CENT GOES TO THE PED-

DLER AND A GOOD PROFIT TO

THE PRINTER.

—Randall County has one of the best printing establishments in West Texas.

—The equipment of the Randall County News was bought that the buyers of Printing in Randall County might be served to the best advantage.

—The equipment of the Randall County News will be improved in proportion as the buyers of Printing are willing to spend their printing money at home rather than send it to the mail order printing concerns.

—Fair enough, isn't it?

—The Randall County News can print at least

—90 PER CENT OF THE JOBS NOW SENT TO THE MAIL ORDER HOUSES.

—Are you just as willing to spend your Printing money at home, as to patronize the peddler and his mail order house.

—Just telephone and we will call for your printing job.

E. E. Tagader and Miss Julia Perkins of Clovis spent Sunday at the Rev. Ted P. Hollifield home.

We charge your Batteries. E. Burroughs.

MOBEETIE HAS CHECKERED CAREER BUT STILL SURVIVES

Mobeetie has had its ups and its downs, its gains and its losses, but because of its wonderful resources it still survives.

It was founded while the red man of the forest still roamed over its beautiful hills and fertile valleys.

Ere the buffalo had succumbed to the unerring aim of the rifleman, who sought its life for the value of its hide and left its bones to bleach upon the prairie; or even the touch of civilization had marred the natural beauty of the great western plains, Mobeetie marked the point between the "wild west" and the farthest limit of civilization from the East.

In the earliest days there were still unmistakable evidences of the struggle between modern civilization and the "wild and woolly West" that was destined to become the mecca of the homeseeker and the greatest country upon the American continent.

In fact, Mobeetie had its origin in the effort of Uncle Sam to protect his loyal citizens against the savage while the star of the empire moved westward. When Fort Elliot was established there sprang up about a little village which they called Mobeetie.

At that time John Barleycorn held sway and most of the business houses were saloons and gambling houses. But all of these have gone with the advance of civilization.

The soldiers left when they were no longer needed. A few heaps of stone, a few mounds of earth and debris are mute witnesses to the one time necessity for government protection. But neither the loss of the soldiers or the loss of the saloons, as some predicted it would, have killed the town.

Wheeler county was the first to secure court jurisdiction in the Panhandle section. Consequently Mobeetie was the first county site, and had the first jail and court house. The material for the court house was hauled on

wagons from Fort Dodge, Kansas. The jail, which had to be both commodious and strong, was built out of native stones, and still stands as the one silent reminder that here is where justice was once dispensed as well as sometimes dispensed with.

When the country became more generally settled the citizens decided to move the county seat nearer the center of the county. So the visitor to the little town of Wheeler today may see in the public square the unpretentious temple of justice and not know that he is gazing at a relic of pioneer days, when the citizens of Mobeetie freighted their supplies on wagons from Fort Dodge, Kansas.

Mobeetie has lost the Indians, the buffalo, the soldiers, the fort, the saloons, the gambling dens, the tough element that goes with them, the court house and many other things both good and bad. But the old town has survived, and no where can be found a more law-abiding, peaceful and prosperous people than the citizens in and around Mobeetie. So far as they are concerned they need no court houses or jails.

They are contented to know that they live in the best part of the best county in the greatest state in the Union. That here the first town of the Panhandle country was built; that here the first dime that went into a Panhandle county treasury was paid; that here the first furrow that upturned the sod of the Panhandle was run, and became the habinger of the golden harvests that have made this the greatest agricultural country in the world, and the "land of the free and the home of the brave."—Wheeler County Texan.

Pushed for Time

Father (to Sammy, coming home in bedraggled condition): "Great Scott! how you do look!"

"Yes, pa, I fell in a mud hole."

"What! and with your new pants on, too?"

"Yes, I didn't have time to take them off."—Houston Post.

WHAT COWS AND CHICKENS DID FOR A FARMER

Following is a statement of the amount of eggs and milk products sold by a farmer living near Kirkland, during the years 1916, 1917, 1918, 1919 and 1920, from three cows and a bunch of hens:

During 1916 sold \$13.82 worth of butter and \$29.74 worth of eggs.

In 1917, \$113.45 for cream and \$29.95 for eggs.

In 1918, \$117.17 for cream and \$44.47 for eggs.

In 1919, \$224.95 for butter and \$109.05 for eggs.

In 1920, \$281.83 for butter and \$86.62 for eggs.

We make this statement to show that it paid this man to stay with his cows and chickens through the dry years when times were hard and money scarce. It was then that so many farmers disposed of their cows and chickens.

Besides the sale of the above mentioned products, this man has never been without plenty of meat and lard and has sold several fat hogs each year. During this time he has never had a grocery or dry goods charged against his family, but has kept such bills paid out of these surplus profits.

"IT PAYS TO PAY CASH"

Vetesk Market

ANNOUNCEMENT

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from \$790.00 to \$625.00, effective immediately.

"This price change has been made possible through lower costs of material and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefited through its use and are already utilizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either the Car, Truck or Tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.

DEEDS FILED LAST WEEK IN COUNTY

The following deeds as furnished the News by the Randall County Abstract Company, have been recorded in the County Clerks office:

Chas. Schuler to E. Carley; Hicks Elevator. Consideration \$8500.

L. T. Campbell, et al, to J. T. Campbell, undivided half interest in survey 62, block 1. Consideration \$5000.

Geo. E. Knight to E. L. Knight, lot 14, block 61, Canyon. Consideration, \$25.00.

Henry Bradford to Liddwig Brandt, east half survey 22, Block B-5. Consideration \$14,336.

Here on Honeymoon

Mr. and Mrs. Paul G. Usery of Princeton, Indiana, arrived Friday morning on their honeymoon to visit at the home of Dan K. Usery, an uncle of the groom. This was their first trip of the Panhandle, and they were highly pleased with the country. Mr. Usery marvelled at the good roads, stating that it would take a half a day in his country to drive the distance between Canyon and Amarillo, which is covered by cars in from forty to fifty minutes. They returned to their home yesterday morning.

Misses Wiggins Entertains

Honoring Mr. Albert Dittburner of Amarillo, Misses Loretta and Fair Wiggins entertained Mr. Dittburner with a six o'clock birthday dinner Monday evening at their home in this city. The house was tastefully decorated in colors of pink and white, roses and candles being the predominating features. The table, decorated too, carried out the motif.

After the dinner the party motored to Amarillo where the hostesses entertained the guests with a theater party.

Fifth Sunday Meeting at Happy

The Fifth Sunday Meeting of the Tierra Blanca Association of the Baptist church was held Saturday and Sunday in Happy. Those attending from Canyon were Rev. and Mrs. B. F. Fromberger, Rev. and Mrs. Woodson, Mr. and Mrs. B. T. Johnson, Mrs. G. S. Ballard and John Rowan.

Sunday afternoon the B. Y. P. U. gave the program. There were 39 present from the Canyon B. Y. P. U., 26 from Hereford, 37 from Tulla and a number from Plainview.

The good people of Happy did all in their power to entertain the visitors. Saturday a big dinner was served, and another one on Sunday. Special music was furnished by the young people.

Methodist Church Announcements

9:30 Sunday School, Prof. Fred H. Ives, Superintendent. 404 present last Sunday. Lets have 500 next Sunday.

10:45 Reception of members. Let all who joined the Methodist Church during the meeting be present. Those to be immersed will be received and baptized later. Holy communion.

3:30 Junior Epworth League.

6:30 Preaching by the pastor. Subject: "Be not comforted but be transformed."

7:30 Senior Epworth League. Important meeting. Miss Miriam Anderson, the new president, will be installed and plans for election of new officers.

7:00 p. m. Monday. Grand social Rally by the Senior League. Refreshments. Games. Fun.

3:00 p. m. Tuesday W. M. S.

7:00 p. m. Wednesday. Prayer meeting. We are expecting 700 present.

6:30 p. m. Thursday. Boy Scouts.

6:30 Friday. Choir practice.

SIMEON SHAW, Pastor.

Making Salvation Army Drive

Captain Holbrook and an assistant have been working in the city the past week rounding out the Salvation Army drive for funds. Randall county's quota is \$650. W. J. Flesher is county chairman.

Wayside Notes

J. S. Sluder and wife made a trip to Canyon Friday afternoon, visiting with his parents, W. J. and Ida Sluder.

J. T. McGehee and wife, W. I. Lane wife and boys—Irvin and Joyce, also Miss Cora May, visited with mother McGehee in Canyon Saturday and Sunday. Messrs. McGehee and Lane with their wives attended services at the Methodist church Sunday night.

Mr. and Mrs. Danbery Wesley went to Canyon Monday, accompanied by their daughter, Miss Zora, who is attending the Normal.

Miss Bonnie Adams spent the week end with home folks.

J. T. McGehee and wife made a trip to Amarillo Monday, accompanied by their daughter, Mrs. J. R. Stockett and her son Roy, where they left on the train for Guymon, Oklahoma, to visit her sister, Mrs. Joe Rogers.

After an absence of about six weeks on account of whooping cough, Marvella and Osce McCrerey have returned to school.

Chas. Rogers and family have recovered from the flu.

M. A. Butler and wife were trading in Canyon Saturday while there visiting with his uncle, W. J. Sluder.

Baptist Church

10 a. m. Sunday School.

6:30 p. m. Preaching by the pastor. Subject: "A Vital Faith."

2:30 p. m. Sunbeams!

5:30 p. m. B. Y. P. U., Junior.

6:30 p. m. Preaching by the pastor.

7:30 p. m. B. Y. P. U., Senior.

B. F. FROMBERGER, Pastor.

Gerald Buys Baltimore

Ed Gerald has bought the Baltimore Hotel furnishings of Mrs. Lloyd Bivins of Amarillo and moved to the building yesterday. The rooming house will continue to be run by Mr. Gerald.

Delphian Club Meets

The Delphian Club will meet Friday afternoon at 3 o'clock at the home of Mrs. Chas. Hirtner. The subject will be "Washington Irving."

Happy Happenings

W. J. Flesher of Canyon was a business caller here Wednesday.

Dr. McElroy, Mrs. O. H. Rablfs and daughter Catherine, left last Wednesday for Dallas where Catherine was operated on for appendicitis. She is doing nicely at present.

George Lash, P. J. Neff, A. L. Harrison, O. O. Baker and J. F. White, attended court in Tulla Thursday.

Mrs. E. A. Patterson was quite sick several days last week.

Miss Jimmie Knox, teacher of the Kress school spent the week end with home folks.

Mrs. Ernest White entertained the Missionary Society last Wednesday evening. It was the monthly social and business meeting. There were 13 members and two visitors. Cocoa and cake was served. All report a nice time.

The Baptist Fifth Sunday Meeting was held here Sunday. There were a number of visitors from Hereford, Tulla and Canyon. The house would not hold the crowd Sunday or Sunday night. There was an abundance of dinner on the ground for all. They say it was the best meeting they have had in some time.

The Sunday School Institute of the sub-district of Plainview met last

Sunday at Tulla with a goodly number of representatives from each Sunday School. There were 45 from here. A most interesting program was rendered. Dinner was served on the ground and my, what a dinner, there was enough for all and to spare. At the business meeting it was voted to make it a permanent organization to meet every Fifth Sunday. The next meeting, which will be in May, will be held here.

A banner was given to the Sunday School that had made the most percent gain in the last month on seven points. Silverton won, with Happy a close second.

Alton Mann was a business caller in Tulla Tuesday.

C. S. Sanford and family were shopping in Tulla Thursday.

F. E. Culp's baby is still bad sick but is slowly improving.

Dr. Arnold of Petrolia is visiting at the P. J. Neff home this week.

Ernest White and N. W. Uselding were business callers in Tulla Wednesday.

Mr. and Mrs. Avis Kirkpatrick and daughter, Annetta, returned to their home in Canyon Saturday after being at the bedside of her sister's baby, little Juanita Culp.

John Wright and Duffel and building a new garage in the east side of town.

Harrison Armstrong has opened a chili and hamburger stand on the west side.

High School Notes

Many things of interest have transpired during the past two weeks. Every pupil has found ample work to fill his time and has, in most cases, used that time to a good advantage.

The chemists have arrived for the laboratory department and the experimental work will soon begin.

The Literary Societies held an interesting program last Wednesday and a promising program was announced for the next meeting.

A picnic was carried out Monday and the participants thoroughly enjoyed themselves. The picnickers

came from every grade in the High School.

Several practice games were played with the training school the past two weeks. The High School was victorious.

Hereford High came down last Saturday with confident spirits and went back with them not so high. The game was a double-header played by both boys and girls. The girls, although handicapped with the absence of two of their best players held the splendid Hereford team down admirably. The final score was 14 to 27 in Hereford's favor. With the boys, however, it was vastly different. From the very start of the game there was no doubt as to the outcome. The Hereford boys were utterly vanquished. The game ended 14 to 48 in our favor. Both teams met Panhandle next Saturday and if you are at all interested in good sport come and see it. It will be worth the time and possibly the dime.

Scribblers have started again anew with every member deeply interested. Send your boy or girl to visit one of the regular meetings. They will be delighted.

—High School Reporter.

The Allies were unable to cook Constantine's goose, in Greece.—Norfolk Virginian-Pilot.

Grocery Announcement

I wish to announce to the people of Canyon and Randall county that I will open the Stewart's Cash Grocery on East Houston Street in the Heizer Building on next Saturday

February 5th

I have a fresh stock of groceries for this new store and it shall be my aim to always keep in stock the very best groceries that the markets will allow.

I will sell strictly for cash and no deliveries made.

A small profit is all that I ask, as my prices will guarantee quick sales. My success in the grocery business will depend upon the co-operation that comes from the public, and it shall be my aim to make it very profitable for my customers to do all of their trading with me.

Come in and inspect my stock Saturday morning. I shall appreciate very much your business.

PREPARE NOW TO RAISE MORE CHICKENS

MORE CHICKENS AND MORE EGGS MEAN MORE MONEY FOR YOU. THE SAFETY HATCH INCUBATOR AND BROODER WILL HELP YOU

TO SURE SUCCESS IN CHICKEN RAISING

EXCLUSIVE POINTS OF MERIT

Found In The Safety Hatch Incubator

- | | | |
|---|--|--|
| Hatches a larger percentage of eggs than any other system. | Uniform distribution of heat absolutely assured. | Material and workmanship always the best. |
| Regulation of temperature purely automatic—needs no watching. | Fumes from lamp do not enter incubator. | Equipped with every desirable service that can be added to its efficiency. |
| Equipped with indestructible metal thermostat. | Not affected by changes in outside temperature. | Requires no previous experience to operate it. |
| Simple automatic ventilation. | Equipped with simple and safe "foolproof" lamp. | Guaranteed to do everything we claim. |

GROWS THREE CHICKS WHERE ONE GREW BEFORE

Give Your Chicks the Shelter and Care of a Safety Brooder

To the successful Poultry Raiser, a high-class Brooder is just as essential as a good Incubator. A little chick will chill to death almost in the twinkling of an eye. In fact, there is no one who has had experience with poultry raising, who has not seen little chicks get so chilled that they crawl up in a fence corner and pile up on each other until practically all of those underneath are smothered to death, and many of the ones on top are chilled to death.

THOMPSON HARDWARE CO.

BAKERY ANNOUNCEMENT

I have opened a Bakery on the South side of the Square and most cordially invite the people of Canyon and Randall county to give my bakery goods a trial.

It shall always be my pleasure to serve you with the best Bakery goods you can find in Canyon.

WM. STUBER

SERVICE

Get your car overhauled now for spring use. Run them in for general inspection and greasing. Gear compound that follow the gears.

Exclusive agents for Columbia Storage Batteries. Cheaper and better.

Dealer in second hand cars. Have now for sale or trade, Buick D35, Chevrolet 490, and Overland 90. All in Good shape. See us.

Canyon Garage

R. B. DAVIS, Manager

Notice to the Public

Owing to the fact that we are now having to pay cash for every thing we buy and use in our shop, and that we have to pay cash for Laundry, we can no longer do any credit business or let out any laundry on credit.

We appreciate your business and will give you the very best service that we possibly can. Give us a portion of your barber work.

Miss Ethel Isaac was a caller in Happy Sunday.

Olive Hinkle and Mrs. Cooper visited friends in Happy Sunday.

Miss Vada Bladwin attended the Baptist meeting in Happy Sunday.

"23 1/2 HOURS LEAVE" Friday and Saturday at the OLYMPIC, featuring Douglas McLean and Doris May. Also Mack Sennett Comedy.

Mrs. N. E. McIntire and Miss Imogene visited S. C. Hutchins at Tulla last Saturday.

Mrs. M. B. Johnson left Saturday for Fort Worth where she will visit friends.

C. O. Keiser left Tuesday morning for Kansas City on matters of business.

Mr. and Mrs. Guy Hoover of Amarillo spent Sunday in the city.

R. E. Foster, manager of the Magnolia Oil and Dray Co., spent Tuesday in Hereford on business.

J. A. Cheatham and family were callers in Amarillo Monday.

W. J. Flesher was a caller in Amarillo Monday.

C. N. Harrison transacted business in Amarillo Monday.

J. Grady Holland transacted business in Amarillo Tuesday.

W. J. Wooten and family were callers in Amarillo Tuesday.

Herman Ward of Plainview visited friends here Sunday.

Mr. and Mrs. E. E. Foy were callers in Amarillo Tuesday.

Mr. and Mrs. Allen Farlow were callers in Amarillo Tuesday.

As the Katy train was coming south through Burton, Missouri, one of the passengers noticed a lean, lank animal rubbing itself against a post near the railroad track, and inquired of a negro standing near what it was. "Razor-back hawg," said the negro. "What's he rubbing himself against the post so strenuously for?" said the passenger. "He's stropping himself, sah; just stropping himself."

The prohibitionists haven't yet got John Barleycorened. — Richmond News Leader.

The regular Annual Convention of the Student Volunteers from all Texas schools is to be held this year at Denton. The purpose of this convention is to assist in conveying the spirit of the Student Volunteer, or World Fellowship Movement. The meeting will start Feb. 4, and continue until Sunday evening.

Dan Sanders is the delegate to represent the West Texas Normal College.

Misses Harriet Graham and Esther Fogarty will also attend the convention.

The basketball game that was scheduled for last Saturday was postponed, the McLean team not being able to come.

Miss McLaran took Dean Hamilton to her home in Canadian, Monday.

Several of the art students accompanied Miss Aiken to Amarillo on Thursday of last week to attend the art lecture given there by Dr. Crane.

Miss Malone gave a birthday party at Cousins Hall Monday night in honor of Misses Marie Gardner and Pearl Bouvier.

Miss Dewey Gibson came home from her school at Claude last Friday. Work was suspended on account of diphtheria.

Mr. Phillips spent most of last week at a vocational agriculture meeting at Granger. The week end he spent in Austin. We understand that Mr. Phillips is one A. & M. man who is interested in the University.

The work at the Granger meeting consisted in watching one of the Granger teachers conduct a class; and after the class was discussed, the teachers present discussed the methods used. The afternoons were spent in visiting the project work of various students. By project work we mean that boys having an acre of ground, plant and care for it; or that those studying live stock or animal husbandry must take some animal, care for it and keep a record of what is done.

Mrs. Joseph Catherine Bishop of Gunter, Texas, entered the Normal this week.

President Hill, who was called away on business to Austin last week, has returned.

Mr. Morelock has been delivering some good lectures in chapel this week. He takes his subject from the book of Job.

Mr. A. D. and Miss Bernice Parker were called to Tulla Saturday on account of the sudden death of their sister, Mrs. Hodges.

Mr. Frank Norfleet has returned to school.

The B. Y. P. U. of Canyon, Tulla and Hereford, met at Happy, Sunday, Jan. 30. The dinner served by Happy was very much enjoyed.

Mrs. Witt visited chapel Monday morning.

Miss Bonnie Adams spent last week end at her home in Wayside.

The brass tablet for Cousins Hall, bearing the names of the Board of Regents, the president's name, and date of erection of the building has arrived and is placed at the front entrance of the Hall.

Mr. Roy Phillips and Misses Lucile Gill, Mable Shelton and Myrtle Gill spent Sunday afternoon in Amarillo.

Trevo Crawford is spending the last who is very ill.

A. S. Stinnett, president of the Panhandle-Plains Chamber of Commerce and Frank Jamison, Secretary visited President Hill Tuesday.

Robert D. in spent last week end at his home near Tulla.

Frank Lohn, a former Normal student, visited here the first of the week.

A number of students and faculty members will meet next Saturday at 3:30 p. m. for the purpose of organizing a Panhandle-Plains Historical Society. The purpose of the society is to collect all the relics and history of the Panhandle.

There have been a number of visitors in chapel this week to hear Mr. Morelock's lectures on the Book of Job.

Miss Mildred Keffer returned last Friday night after a week spent at her home in Lipscomb.

Temple Rodgers of McLean visited in Canyon Sunday.

"The Polka Camp Fire Girls" had a candy sale last Friday. They made \$7.50.

The Training School boys played the Hereford High School last Saturday night on the Normal court. The score was 89 to 24 in favor of the Training School. During the last quarter the Training School played their second team. Mr. Baucom states that this was as clean a bunch as the Training School has ever played.

The Training School will soon begin practicing for the Inter-scholastic track meet.

The Training School girls played the Hereford High School girls last Saturday night. The score was 24 to 25 in Hereford's favor.

YOUR BEST PARTNER.....

Your best partner, one you can always depend on, is a bank account in a good, strong, carefully selected bank.

We offer you that kind of a bank. Our banking facilities are the best. Our officers and directors are careful, courteous, successful business men. Every dollar entrusted to us is carefully safeguarded. That's the kind of a Bank you need; the kind of men you want as business associates, the kind that makes your account at our Bank a partner you can always depend upon.

NORMAL DIVIDES DOUBLE-HEADER

State Champions For Four Years Succumb to Normal Quintet.

For the first time in their basketball history, the Clovis Diagonals tasted defeat on their home court when the Normal basketekers handed them the small end of the score in the second game; 18 to 24. The first game was recorded in a different key, Clovis winning, 38 to 32.

When the whistle blew on the evening of the 12th, the Diagonals started with a rush, playing an overhead game which our boys couldn't solve on account of not being able to reach the ball. Clovis played an open game featured by long shots. Led by Captain Crow, they hung up a lead that the Normalites could not overcome in the short halves.

On Clovis' part the second half was like chasing elusive shadows. The Normalites persistently appeared in unexpected places, but like shadows they flitted into the maze of speedy athletes, to reappear with confusing rapidity. But Clovis persisted in "mussing up" perfectly good tries for goal on account of their enormous reach. The final whistle found our ball-tossers on Clovis' heels, 38 to 32.

As the ominous calm which precedes a storm, as the darkest hour precedes the dawn, the worst ordeal fate holds in store for man is the suspense of waiting. Between "42", checkers, and shows, all but Golden, who preferred the privacy of the phone booth, and Wells, who contracted the habit of carrying, we loafed away the day of the 13th.

Late that afternoon, in the small gym of the High School on the outskirts of Clovis, there raged a battle that for earnestness of purpose, speed, and released fury was surpassed only by the wintry blizzard without. For the Clovis had witnessed a rare occurrence when snow flakes came hurtling out of a clear sky, before the day ended she saw sights more unbelievable, and events more startling. Simms' powerful, smooth-running machine swept aside the opposition; his speedy cohorts, while battling to victory, were also establishing themselves in the hearts and esteem of their rivals, and the fans who had come to "root" Clovis to victory. The speed, teamwork, and sportsmanship of the Normal eaglers won applause from more than one group of admirers, for Farwell, led by Key and Younger, were out in full force. They spilled pep, enthusiasm, and support with a vim that would put to shame the most ardent College rooter.

The second game was played with dazzling rapidity, the efforts put forth in the first engagement seeming mere child's play in comparison. The ball passed from hand to hand, back and forth, for three minutes without a try for goal. Then Crow's long shot was snatched in mid-air by Mitchell who passed to Simms, to Hill, to Hale, who shot the first goal. Another by Hill followed quickly. Clovis was never able to overcome this lead.

Hale's work under the basket, the way Hill covered the court and plucked the ball out of the air on the tipoff, and Mitchell's work in smothering the Diagonal's star forward went a long way toward amassing the final score of 18 to 24 in our favor. The little six foot center more than met his match in Captain Simms, whose generalship and goal shooting was a feature. Joe was "up and at 'em" from whistle to whistle, toting the smile that defeat nor victory does not alter.

Both games were of peculiar interest on account of the contrast in the size of the teams. The Diagonals ranged from six feet to six feet six inches in height. We could not have played a better bunch of sports. Their conduct at all times was marked by honesty and good sportsmanship; as entertainers they were supreme.

Line-up: Clovis, same as first game Canyon, same forwards; Simms took center, Mitchell and Lancaster, guards, Referee, McCorkle.

Nothing could have been more appreciated than the little banquet given at the Elite Cafe by our good friends from Farwell, Misses Mildred Redfearn and Sarah Parks, Messrs. Key and Younger.

NORMAL WINS OVER WAYLAND

Speed and Short Passes Kept the Baptist Athletes Guessing

Whatever championship aspirations Wayland may have had went glimmering Saturday evening when the Normal defeated her for the second consecutive time, 46 to 15. The first game resulted in a score of 61 to 15, our basketekers having had no trouble whatsoever in locating the basket.

The Wayland gym was packed Friday evening, as there were three games billed. Both Boys' and Girls' teams from Eden entered the contest against the Wayland girls and the Cottonails, or second team. The crowning event of the evening was the Normal-Wayland game. Confident of victory, the Baptists were out in force. From the tip-off the ball was shot back and forth for several minutes until Hale caged a long try for goal. This started the fireworks, and the Normal five scored almost continually for a time. While Golden and Simms were smothering the Baptist forwards, Hale and Hill darted in and out of the maze, shooting goals almost at will. Mitchell was there with the fops, and Simms, determined not to be out-done, dropped the ball into the cage time and again. At the end of the first half, Wayland found herself staring at the tall end of a 30 to 3 score.

The Jack Rabbits started the second half at full speed. They were able to register 12 points during the half, but in the meantime our boys had not been idle. Simms set the pace and at the end of the game was high point man, having caged an even dozen field goals. Hill threw five field and one free goal; Hale tossed nine field and two free baskets, while Mitchell caged three field goals. Seven fouls by the Baptists gave a like number of free throws to our basketekers, three

of which tossed went thru the loop. Of the two free throws off the Normal, Wayland made one. For the Baptists, Heath was high point man, making three field goals. Gettys and Ewing tied with two field goals each, while Tate shot the lone free goal. The Jack Rabbits specialized on long passes and shots. Many of the passes went into the hands of the speeding Normalites, and thence to the basket. McCorkle's well-trained cohorts shot short passes back and forth with bewildering rapidity, and this feature alone had much to do with the annexing 61 points to Wayland's 15. The game was fast, clean and hardfought throughout.

Second Game

Saturday evening found both teams eager to renew the contest—the second game. They were out to win; Wayland had seemingly forgotten her previous defeat. From the tip-off Hill shot the ball to Hale who threw the first goal. But the basket at our end of the court was not flooded with balls. Wayland's turn had come. She had changed tactics, trying the short pass with some success. Her teamwork was much improved, but with all the changes the Jack Rabbits could annex but 8 points the first half. Our boys found the second game much more interesting, as did the yelling rooters. However, in their characteristic manner, our boys located the basket and rung up 26 points.

If the first half was a whirlwind, the second was a cyclone. The fans were continually in an uproar, and judging from their chatter our players were doomed to defeat. But they were surprised to the extent that the Normal scored 20 points to Wayland's 7. Total for the game: Normal 46, Wayland 15.

Coach Rice met our team at the station with a smile and a hearty welcome. We were offered everything they had in sight except sweets, but nothing sweet would they allow us—even their girls! We were soon "at home" and treated as one of the bunch. Everything connected with the school was spotless in appearance,

conduct, and sportsmanship, and the same spirit marked their actions on the court.

New Policy For Summer School

The summer session of 1921 will be divided into two terms. The first term will begin Wednesday, June 8, and end Saturday, July 16; the Second Term will open Monday, July 18, and close Tuesday, August 23. In all subjects classes will meet six times a week. A student may schedule for not more than three subjects and not fewer than two subjects. Under this new plan for the Summer Session a student may enroll for either term and receive a full quarter's work in the subjects for which he is scheduled. However, in order to receive credit for a full term's work, the student must do standard work and attend the entire term. Late entrants and students who leave school before the end of the term will not receive credit for work done. Saturday, June 11, will be the last day students will be permitted to enter the First Term and receive credit for the work done; and Tuesday, July 19, the last day they will be permitted to enter the Second Term and receive credit for the term's work. No other entrance examinations than those scheduled in the catalogue will be offered for the Summer Session.

Summer Normal

The Summer Normal will open June

At Last!—A Tube That Closes Punctures

You Pull the Nail and Keep Moving

It Adds 20 or 50 per cent to the Casing's Life

With the Compression Inner Tube there are no long waits on the road—no dirty back-breaking fire changing—nothing to do but pull out the nail and keep moving. Here's why: Compression tubes are about three times as thick as ordinary tubes. Their circumference is greater than the inside circumference of the casing. They are moulded with corrugations which conform to the smooth surface of the casing when deflated. The air pressure, instead of stretching the tube, COMPRESSES it. Thus when the nail is removed the hole closes up automatically. No air is lost!

Compression Tubes—once inflated—are always firm—the proper air pressure is constantly maintained. They add many miles to the life of the casing—practically eliminates pinching and rim-cuts—makes the car ride easier. You are not only able to say—GOODBYE PUNCTURES—when your car is equipped with Compression Tubes—but you save money on tires, gasoline, etc. You owe it to your sense of motoring economy to investigate Compression Tubes. Come in and let us SHOW you this puncture-closing tube—TODAY.

WM. SCHMITZ, Canyon, Texas

COMPRESSION INNER TUBE

ADVERTISING THAT DOES AND DOES NOT PAY

The following is the first of a series of letters on advertising which the International Harvester Company is sending to its dealers. It is worth reading and sound advertising principles set forth:

A firm in this country is spending thousands of dollars, using full-page colored ads in the Saturday Evening Post, advertising so common a thing as a shovel. Another firm has spent more thousands in popularizing a hair-pin, until almost every woman has a handful of them.

Yet there are more dealers who, when approached on the subject, still maintain that advertising doesn't pay.

When the hardest business heads in the country are depending more and more on advertising to sell goods, there is only one conclusion to be drawn—POOR advertising and NO advertising, is what does not pay.

Do you recall the time when Pearl-line and Sapollo were the only soap compounds you ever heard of, and "Sunny Jim" Force was the only breakfast food you could remember to ask for when you went to the grocery? Where are they now?

They got so big that "they didn't need to advertise and the public forgot that they ever existed."

If you have ever come to the conclusion that advertising doesn't pay, analyze the situation and see where the trouble lies, and whether you have given it a fair show; whether you have made your ads really say something, kept it up persistently, or possibly over-estimated the results it would bring.

Once in a while a dealer has the idea that if he runs a single ad of any description, it has failed of its purpose if it doesn't fill his store with customers.

Only a limited class of advertising, of a highly specialized nature, is intended to do this.

In your line of business, it is well to remember that, primarily, ADVERTISING DOESN'T SELL GOODS; you are not running a mail order house. But, if done right, it will make it easier for YOU to sell them.

And local advertising doesn't jerk; it is the slow, steady pull that in many cases you cannot even tract, but if persisted in, will build up your business slowly and surely.

Good advertising always pays; poor advertising is a losing proposition from any point of view, and it rests with you whether yours is an asset or a liability.

CURLING IRONS GET QUICK RISE OUT OF YOUNG SWAIN

Very amusing sometimes are the embarrassing situations that confront a young fellow when he sprouts his very first tiny whiskers and begins to associate with the girls.

The story is told of a prominent young high school student that he sustained painful, but not serious, injury a few evenings ago when he went to call on his "sweetie."

When he knocked at the door the young lady, who was heating the irons by the parlor lamp and curling her hair, had just finished that operation. Hurriedly laying the hot curling irons on a chair, she went to the door and let the young gentleman in. She very politely offered him a chair, which he accepted, but did not remain seated.

The News is not informed whether this young man now eats his meals off the mantelpiece, or if he can take nourishment in the usual manner. His fellow students say his misfortune should be taken as a warning to "look before you sit."—McLean News.

If they heed not Sinai, how shall they obey Geneva?—Nashville Banner.

"Ten Commandments" in Conveying Ideas

John H. Patterson, president of the National Cash Register Company, has given the following as his "ten commandments" in conveying ideas.

1. The nerves from the eyes to the brain are many times larger than those from the ears to the brain. Therefore, when possible to use a picture instead of words, use one and make the words mere connectives for the pictures.
2. Confine the attention to the exact subject by drawing outlines and putting in the divisions; then we make certain that we are all talking about the same thing.
3. Aim for dramatic effects either in speaking or writing—study them beforehand. This holds the attention.
4. Red is the best color to attract and hold attention, therefore use plenty of it.
5. Few words—short sentences—small words—big ideas.
6. Tell why as well as how.
7. Do not be afraid of big type and do not put too much on a page.
8. Do not crowd ideas in speaking or writing. No advertisement is big enough for two ideas.
9. Before you try to convince any one else, make sure that you are convinced, and if you can not convince yourself, drop the subject. Do not try to "put over anything."
10. Tell the truth.

My parents forbade me to smoke;
I don't.
Nor listen to a naughty joke;
I don't.
They made it clear I must not wink at pretty girls, nor even think about intoxicating drink;
I don't.
To dance or flirt is very wrong—
I don't.
Wild youths chase women, wine and song—
I don't.
I kiss no girls—not even one;
I do not know how it is done;
You wouldn't think I have much fun;
I don't.

Two Points of View

A typical illustration of German rule in Poland before freedom came to its people is given by Mrs. Cecil Chesterton in the New Witness. The German military authorities had issued a command to the people of Warsaw that they should furnish a list of their metals and plate, from door handles to samovars.

A German officer billeted in a Polish household, says Mrs. Chesterton, found himself lonely on Christmas Day. The family was keeping the festival, and the officer sent a note asking if he might join the party. The hostess was compelled to assent, and Herr Lieut. Grunbach partook of a lavish supper. It happened that his hostess had kept back a silver samovar which, usually secreted under the bed, on Christmas Day shone forth in all its glory.

Some one suggested that it would be wiser to remove the samovar before the Herr Lieutenant entered, but the hostess insisted that he was there as a guest and not as an enemy, and that even a Prussian would respect the bread and salt. The evening following the party an unpleasant-looking man came to the house accompanied by two German soldiers. He had called to collect the samovar that the Herr Lieutenant had reported. Not only did he remove the samovar, but he assessed a fine because the law had been disobeyed.

Shortly afterwards the officer asked his hostess why she avoided him. What had he done to offend her? She could no longer restrain her indignation and told him what she thought of him—to his profound astonishment. How could she blame him for doing what was obviously his duty? Hospitality entailed no obligation to forget one's fatherland. Germany had need of samovars. What mattered else?

A medical corps officer, says the Argonaut, one day met in France a negro whom he had known in civil life at home.

"How do you like the army, Mose?" he asked.

"All right so far cap'n," replied the negro, "but Ah don't know how Ah'm going to like it when dem Germans shoots at me."

"Don't worry about that," replied the officer. "All you have to do is lig-ag." And he danced from side to side.

The next time the two met the negro was in a hospital.

"What's the matter with you, Mose?" asked the officer.

"Ah ain't sure, cap'n, but Ah think Ah must be ziggin' but the time Ah oughta been zaggin'."

Modern Printing Machinery

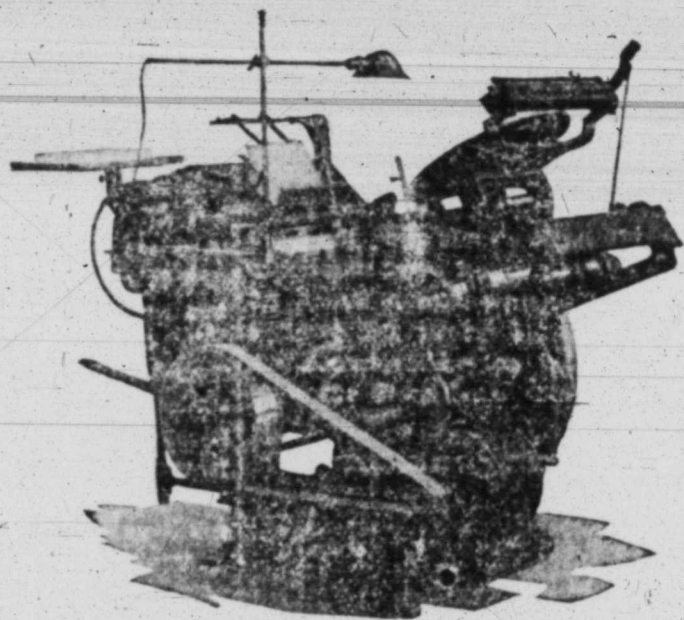

The Randall County News can truthfully say there is not another printing plant in Northwest Texas better equipped for all around printing than YOUR PRINTING PLANT right here in Canyon.

Our new Model Eight Linotype has just been installed, and with its three magazines allows the operator, without leaving his seat, the following range of type faces:

- This is the exact size of the 8 point light face type as made on our new Model 8 Linotype.
- This is the exact size of the 8 point black face type as made on our new Model 8 Linotype.
- This is the exact size of the 12 point light face type as made on our new Model 8 Linotype.
- This is the exact size of the 12 point black face type as made on our new Model 8 Linotype.
- This is the exact size of the 18 point type as made on our new Model 8 Linotype.

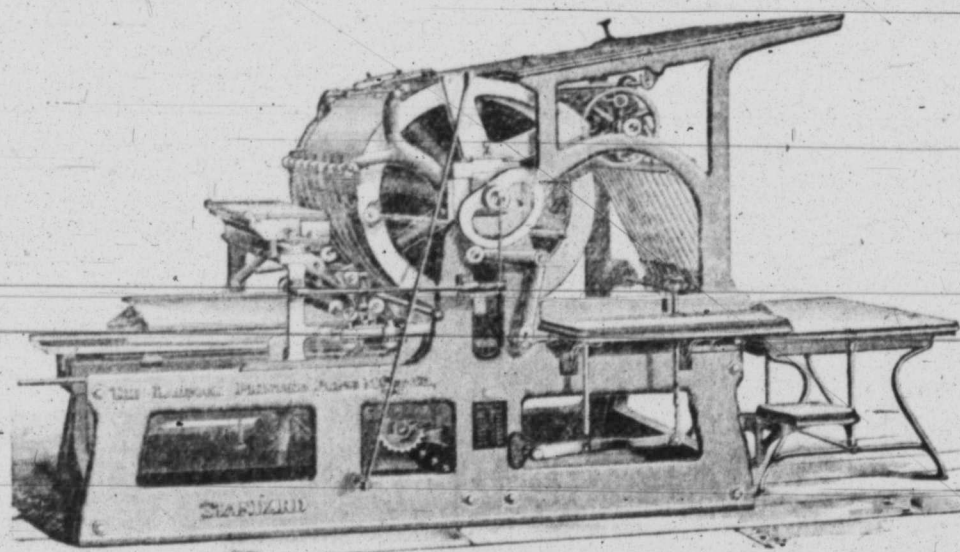

MODEL 8 LINOTYPE—THREE MAGAZINES

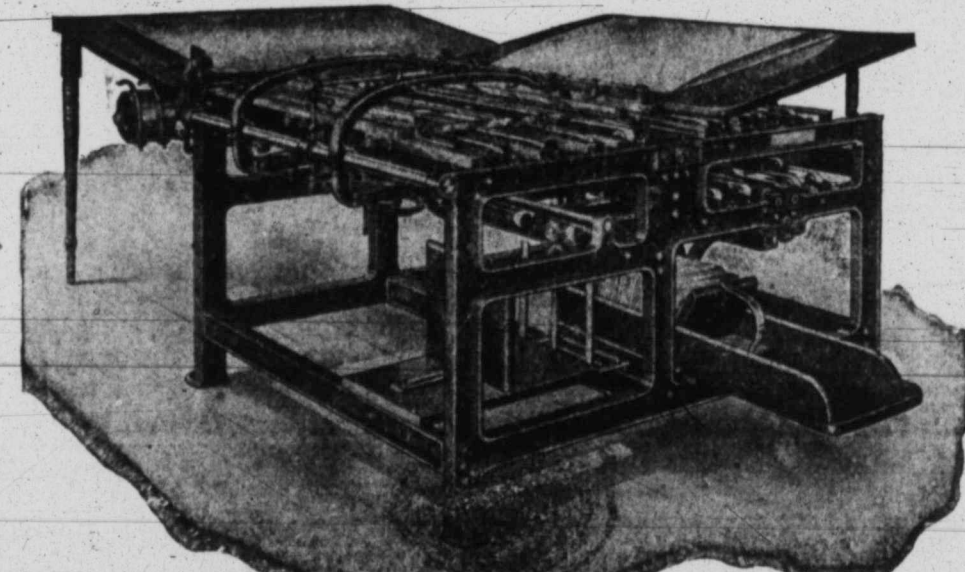

THE MILLER FEEDER

Canyon was the first town of its size in the whole State of Texas to install a Miller Feeder. This automatic job press feeder is a revelation to laymen as to the possibilities in the printing industry. The Miller Feeder will handle a range of paper from onion skin to 6-ply cardboard. Each sheet is printed absolutely straight, with no finger marks—something which is impossible in hand feeding. This machine produces high class work speedily and accurately.

BABCOCK STANDARD PRESS

MENTGES FOLDING MACHINE

The citizens of Randall County are welcomed at all times to visit the Randall County News Plant. We will take a special delight in showing to those interested any of the above machinery. The Linotype is in operation every day. The Babcock Standard Press and Folding machine may be seen in operation on Thursdays. If you will phone, we can give you the times that you may see the Miller feeder in operation.

The Randall County News

All type faces and borders in this ad (excepting two display lines) were cast on our new Model 8 Linotype.

8 and close with the state examinations—August 8, 9, 10, and 11. Summer Normal subjects will recite three times a week, on alternate days: Monday, Wednesday, Friday; and Tuesday, Thursday, Saturday. For example, mathematics will meet on Monday, Wednesday, and Friday; English on Tuesday, Thursday, and Saturday. This arrangement makes it possible for students to attend a larger number of classes and in this way review all the more difficult subjects for examination.

Grade Summary for Fall Quarter

A recent summary of grades which were made by students last quarter was given by President Hill in chapel the first of the week.

According to the report three students made five A's, and six students made four A's. The students making five A's were Ada Clark, Elizabeth Reck and Lucille Gill. Those who made four A's were Winnie Mae Crawford, Mody C. Boatright, Effie Jewell Goodpasture, Mona Gertrude Helton, Bettie Rose Kerr, and Ruth Thompson.

The total number of A's, B's, C's, D's, E's, F's, X's, Q's and W's was as follows.

A's	203
B's	712
C's	713
D's	410
E's	149
F's	216
X's	43
Q's	84
W's	74

While the report is not accurate in every particular owing to the fact that other grades have been handed in and some students have taken examinations raising their grades since the report was compiled, it gives an estimate of the standing of the student body.

English 59 to Issue Illustrated Edition of "The Prairie"

English 59 is getting out a special eight-page illustrated edition of "The Prairie" which will give, briefly, a history of the West Texas State Normal College from its establishment in 1910 up to the present time. This work, if well done, should prove invaluable for future reference. So many important events are too soon forgotten, even by people most directly concerned in them. In later years, when other people come to take our place, they will be glad to know what landmarks have signaled our progress. On the monuments to our achievements a few names will be written in large letters, and justly so; but no auto-biography of an institution should omit to take account of those who toil behind the scenes. A loyal student body with high ideals and worthy ambitions makes possible the greatness of any school. And just as in the Sistine Madonna the angel faces of thousands of lives brighten every page of our history.

Teachers' Consolidated Institute

H. W. Morelock, chairman of the Institute Committee, has heard from practically all the county judges and county superintendents whose counties were represented in the consolidated institute which convened in the West Texas State Normal College last September. Every letter received has heartily endorsed the consolidated institute and approves the action taken by the teachers of the twenty-two counties represented here last year to return to Canyon for another consolidated institute, September, 1921.

The West Texas State Normal College cordially invites any county in the Panhandle which desires to do so to join us in this next consolidated institute. If you have not been with us heretofore, join us in the next consolidated institute. After you have seen at first hand the possibilities of a consolidated institute, I believe that you will afterwards be dissatisfied with the small institute with its limited possibilities. The touch with the big men and women who are engaged for addresses at these consolidated institutes, the delightful associations possible for the teachers who attend, and the enthusiasm for their work which teachers catch and take back to their school—these advantages are worth many times the investment.

Y. W. C. A. Lunch Room
The members of the Y. W. C. A. cabinet are preparing a room at "Cozy Cottage" for a lunch room. This will give those who bring their lunches to school a place in which to eat. The Y. W. C. A. will serve coffee, tea, chocolate, and other hot drinks daily. Sandwiches will also be served. The place is to be known as the "Cozy Cottage Lunch Room."
—From The Prairie.

SIFTING COMMITTEE ON UNWORTHY BEGGARS

Acting on the theory that every citizen hasn't time to investigate the many claims for purported charity and various benevolent subscriptions which are being brought almost daily by transient people the Chamber of Commerce has a committee which is passing on the claims of the various solicitors. Only a few days ago a solicitor seeking funds for a church in Oklahoma presented his claim and an investigation was made. The pastor of the denomination represented would not endorse the proposition when the secretary of the Chamber of Commerce asked his opinion.

The plan is meeting with the general support of the business men and citizens who want to give to every worthy cause, and who often give rather indiscriminately, fearing that in turning down a solicitor without investigation they may turn down a claim that is worthy. Most of the people haven't time to investigate fully each proposition and are welcoming the work of this sifting committee, which does not try to prevent solicitation, but gives only their opinion as to the worthiness of the claim.—Plainview Herald.

Following the performance of Hamlet by an old barnstorming actor in a small Western city, the local paper carried the following criticism:

"The performance of Hamlet last night by the distinguished tragedian, settles for all time the vexatious controversy as to whether Shakespeare or Bacon wrote the plays generally accredited to the former. Let the graves of both be opened at once. The one that turned over last night is the real author."

The Methodist Sunday School
On Sunday, January 30, 1921, the total attendance of the Sunday School was 404—almost equalling the record attendance. The attendance of the young men and women of the college was splendid and encouraging. The Methodist Sunday School extends a hearty and sincere invitation to every man and woman, boy and girl, of Canyon to come to Sunday School. Come and bring someone with you. We want and need you,—your neighbor, your friend and your roommate.—Reporter.

Notice of Estray

The State of Texas, County of Randall. Taken up by W. E. McCormick and estrayed before Arnot Moreland, Justice of the Peace in Precinct No. One, Randall County, Texas.

One lay horse about 3 years old, weight about 800 pounds, branded B Y on left hind quarter, valued appraised at \$20.00.

The owner of said stock is requested to come forward prove property, pay the charges, and take same away, or it will be dealt with as the law directs. Given under my hand and seal of office, this the 25th day of January, A. D. 1921.

(Seal) O. W. GANO, Clerk, County Court, Randall County, Texas. 4438.

Notice for Bids for County Depository

Notice is hereby given that the Commissioners' Court of Randall County, Texas, will on the first day of the February term of 1921, at 10 o'clock a. m., the same being the 14th day of February, 1921, open bids from any Banking Incorporation, Banking firm or individual Banker of said county for the County Depository for the ensuing two years.

Sealed bids stating the amount of interest such banking institution offers to pay on such funds of the county for the term between such time and the next regular term for the selection of such depository, accompanied by a certified check conditioned as required by law shall be filed with me as county judge on or before the first day of said term.

431f WORTH A. JENNINGS, County Judge, Randall County, Texas.

Too Many Pure-Breds?

Grandpap had his chance to go in for pure-breds. "No," he said, "too many already." Again opportunity knocked at father's door. "The breeding business is being overdone," father declared. Today the same chance is presented to you. Many persons will still tell you there are too many pure-breds. Don't believe them. It is the same old bogey—the scarecrow with a heart of straw that fooled grandpap and father. LESS THAN TWO PER CENT OF OUR CATTLE ARE PURE-BREDS. These are the facts—the 98% are scrubs or grades!

It is too late for Grandpap; and for father—his chance may be gone; but the road is open to YOU. Join those who have become independent by breeding good cattle. Thousands of men in the United States who went in for pure-breds ten years ago are now independent. Tens of thousands who go in now will become independent during the ensuing decade. Our hope is that you will be one of them. Now is the time to buy, when all prices are low. Get ready to share in future high prices.

For instances showing what pure-breds have done for farmers in average circumstances we refer you to the week-by-week articles in THE COUNTRY GENTLEMAN. It combs the country for every sort of news of interest and profit to farmers, and this week's ad is due to its desire to be of service. It is really hard to contrive more pleasure and profit than \$1.00 spent for a year's subscription (52 issues) to THE COUNTRY GENTLEMAN will bring you. You'll want it eventually—why not order it TODAY?

TEXAS HEREFORD BREEDERS' ASSOCIATION

JOHN LEE, Secretary SAN ANGELO, TEXAS

THE COUNTRY GENTLEMAN, Philadelphia, Pa. I'm glad to see you pushing our organization with good advertising. And here's my dollar for a subscription for one year, fifty-two issues. The two go well together.

Experienced Mothers know the wisdom of assisting nature before Baby's coming

It is natural to think of the expectant mother's influence upon the unborn babe. Her food, her habits, her hygiene, and even the condition of her mind, all have a part in determining the well-being or ill-being of her infant before birth.

Just as she prepares herself for it, so will most favorable conditions prevail when her child is born.

MOTHER'S FRIEND is a balm for the nerves, an intensely penetrating lubricant that softens the muscles, relaxes tension of the delicate organism involved in maternity, and prepares the way for an easier, quicker and practical delivery.

Get a bottle from your druggist today.

For valuable booklet—"MOTHERHOOD and The BABY"—free, fill in coupon below and mail direct to makers of MOTHER'S FRIEND.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

The Poor Old Boss Must Be Married

ENGINEERS REPORT TO LOWER KEY RATE

(Continued from first page.)
 (e) Install a recording pressure gauge at the pumping station and file and date all records so that a complete record is available at all times as to the pressure maintained on the distribution system.

(f) Install a standard two-way fire hydrant at the pumping station and keep the fire hose attached and neatly racked in a standard hose house over same.

(g) Replace the 2-inch mains in the residence section with at least 6 inches in diameter.

Fire Department

(a) By the employment of at least one full paid fireman who shall devote his entire time to the service and sleep at the station, the charge of 10c in Key Rate for wholly volunteer fire department may be reduced to 3c, or a reduction of 7c.

(b) By the installation of a standard hose or automobile drawn hook and ladder truck, the charge in Key Rate of 2c will be eliminated. If an automobile, a further credit of 1 per cent will be in order.

(c) In order to insure long life for your fire hose, we strongly recommend the necessity of erecting a hose rack or tower for properly washing and drying all fire hose.

(d) Provide a good supply of spanners and wrenches in the department as an inspection showed very few to be on hand at time of inspection.

(e) Provide a good supply of cut-off nozzles, as the interior water damage is often greater than the actual fire damage, and in addition, water is saved.

(f) In order that your fire department may be maintained up to its highest efficiency, we strongly recommend the inauguration of regular drills. Each fireman should become thoroughly familiar with all the details of handling the fire apparatus, location of fire hydrants, and the exact nature of all buildings and fire hazards in the business portion of your city.

(g) The absence of an approved fire alarm system subjects your city to the menace of a conflagration, owing to the fact that before the fire department could be mobilized, a fire of somewhat insignificant proportions might gain considerable headway, and to this end we strongly recommend the installation of an approved electric fire alarm system; the charge of 5c

in Key Rate will be eliminated if this system is installed in strict accordance with the requirements of the National Board of Fire Underwriters.

Police System

A city the size of Canyon requires the services of at least 2 full paid policemen, based on the requirement of two full paid men for each 2500 population or fraction thereof. One for day and one for night duty; therefore to avoid the charge of 5c in Key Rate for police system 50 per cent deficient, it will be necessary that one additional policeman be employed. The policemen are required to devote their entire time to the service and receive all their compensation from the city.

Building Law

In your present Key Rate you are charged 5c for inadequate building law; in order to remove this charge and also to prevent the erection of poorly constructed and combustible buildings, we recommend the adoption in full of the Building Code of this Commission and the appointment of a competent inspector to rigidly enforce the provisions of same.

Streets

Loss of time in the incipency of a fire may often mean inability to control the flames, and to this end we recommend that your city consider the paving or macadamizing of at least all streets in the mercantile section; in

addition to the quick handling of fire apparatus then possible, the present charge of 2c in Key Rate will be eliminated.

Electrical Ordinance

The causes of many serious fires have been traced to defectively installed electric wiring, and to remove this hazard from your city, we recommend that your city adopt in full the National Electrical Code and employ an inspector to rigidly enforce all provisions of same. In addition to the added protection, a credit of 2 per cent will be in order in your Key Rate.

Arson Reward Signs

In order to continue to receive the present credit of 2 per cent in Key Rate for the maintenance of a standing arson reward, it will be necessary that placards be kept posted showing that this reward is offered. Placards should be at least 8x12 inches and should be kept posted in all public buildings in your city.

Marriage License Issued

The following marriage license were issued by Clerk O. W. Gano this week: E. A. Myers and Miss Mildred Loube Farmer of Plainview, Jan. 28. Robert L. Rogers and Miss Luella D. Wesley of Happy, Feb. 1st.
