## MEETING HERE FRIDAY BOOST COUNTY FAIR

**DATES SET FOR COUNTY FAIR  
ON SEPT. 28, 29, 30.**

**Number of Men Appointed on Committees Expected to Attend Business Meeting Friday.**

C. F. Walker, secretary-treasurer of the Randall County Fair, is expecting a good attendance Friday afternoon at the meeting which has been called to organize for the big County Fair, which will come on Sept. 28, 29, 30.

At the meeting Friday a large number of important measures are expected to be investigated with a view of making the Fair the biggest and best in the Panhandle-Plains section.

Mr. Walker is calling for all officers and members of committees to attend the meeting, which is as follows:

President—C. W. Warwick.  
Vice President—Fred H. Ives.  
Secretary and General Manager—C. F. Walker.

Poultry Supt.—Rev. Ted P. Holfield.  
Farm Products Supt.—Rev. Simeon Shaw.

Hogs—John Knight, Supt. For the Duroc Section H. C. Roffey. For the Poland China section, John Vetek.

Dairy Cattle—Rev. A. B. Haynes.  
Beef Cattle—R. G. Stratton.  
Baby Show—Mrs. Fred H. Ives.  
Woman's Dept.—Miss Georgia Watkins.

Amusements—Frank R. Phillips.  
Concessions—C. H. Jarrett and M. A. Henson.

Horses—D. L. Hickey.  
Machinery—J. C. Dowd.  
Finance Committee—E. H. Powell,  
W. C. Baird, Geo. Walker, Wm. Ash,  
W. E. Bennett, Henry F. Miller, W. L. Decker, D. C. McCormick, C. C. Steward, Jeff Wallace, Cass Jennings, J. J. Bauer, Wm. Schmitz, W. W. Kuehn,  
J. W. Hancock, C. L. Gordon-Cummings, Geo. Bishop, D. N. Redburn, E. N. Zachery, I. W. Scott, J. E. Dickinson, Paul Richards, E. E. Adams, S. F. Ward, Claude Hamlin, H. C. Dolcater, P. D. Hanna, Frank Culp, Antonio Beckman, George Frank, G. G. Foster, E. J. Friemel, D. S. Hill, W. E. Armstrong, D. A. Park, Tice Hess, Claude Price, O. S. Brown, R. O. Allison.

Wallace R. Clark was the only man making Class A, and played in the finals. He was defeated by a close score by a Post City man who was runner up in the state championship tournament of last year.

Grady Oldham was in the finals of Class B, but was unable to remain for the Monday games, and lost by default.

T. V. Reeves and J. P. Hix were in the finals in Class C. They were matched against each other Monday morning, Reeves winning. Reeves easily won against the Post man for the Class championship Monday afternoon. Reeves would have made a higher classification, but owing to the fact that there was a misunderstanding in the first game Sunday morning, he merely beat his opponent rather than playing for a good score. Sunday afternoon he made the longest drive recorded on the Lubbock course, 360 yards.

All of the players were highly enthusiastic over the tournament and another will soon be pulled off. All of the men report that Canyon has the best lay for a real golf course once the greens are oiled and put in condition.

Clark, Oldham, Hix, Reeves, Mitchell and Jarrett composed the team. C. N. Harrison, secretary of the Club, managed the affairs of the team. Amarillo, Lubbock, Post and Abilene entered teams.

President J. A. Hill states that interest in the summer session of the Normal continues to grow, and that from all indications the attendance this summer will be the largest in the history of the school.

Owing to the change in certificate law, many teachers who had started work on new certificates will be forced to complete the work this summer, or they will lose all past credits gained. This will make a very large attendance in the summer normal schools.

President J. A. Hill left Friday for Huntsville to attend a Rural Life Conference under the supervision of the federal government and a meeting of the Normal School Presidents of this state. He will return home tomorrow.

Miss Anna Lou Johnson and H. O. Price were married a week ago Sunday in Clovis. They came back to Canyon and did not let their friends know of the wedding until this week.

The bride is the daughter of Mr. and Mrs. Levi Johnson of this city. She has been in the long distance department of the telephone in Amarillo for the past six months. The groom is one of the owners of the Normal Barber Shop. Both have a very large number of friends who extend most cordially their wishes for their married life.

W. J. Flesher has traded his residence in the west part of town to T. D. Lewis for the residence formerly owned by J. B. Younger. Mr. Flesher will improve his new property and contemplates building a new residence this year.

Edgar Money has bought the quarter block west of the J. A. Guthrie home and will build a new home soon.

The first Golf Tournament in the Panhandle-Plains country was held in Lubbock—Sunday and Monday. Canyon had six men entered, and in spite of the fact that this town was the last to organize a Golf Club, four out of the six men were in the semi-finals and three were in the finals, and the team won second place in the tournament.

## I. O. O. F CELEBRATION HELD TUESDAY NIGHT

The 102nd Anniversary of the I. O. O. F. Lodge was observed Tuesday night in a special service held at the Methodist church.

Thirty-five members of the Amarillo Canton Drum Corps of Amarillo came down for the celebration, and entertained the people of Canyon for nearly an hour as they marched through the principal streets.

A. A. Collins was the speaker of the evening, giving a very interesting history of the I. O. O. F. lodge.

Capt. Shaw, wife and daughter of the United Workers of Amarillo sang a special song.

The meeting was not only interesting and profitable to the members of the lodge here, but also to the large number of citizens of Canyon who filled the church to capacity.

## Will Build New Home

Edgar Money has bought the quarter block west of the J. A. Guthrie home and will build a new home soon.

## Golf Players Show Form in Tournament

The first Golf Tournament in the Panhandle-Plains country was held in Lubbock—Sunday and Monday. ## WHEAT GROWERS SEEK BINDING ORGANIZATION

**SPEAKERS HERE YESTERDAY AT  
COURT HOUSE MEETING**

**Would Sign Pooling Contract for Five  
Years in Order to Keep Wheat  
Price Up.**

About thirty-five wheat growers attended the meeting yesterday afternoon at the court house held by representatives of the Texas Wheat Growers' Association, which organization will maintain offices at Pampa.

Judge Gough of Hereford told how the farmers had been mistreated through the absurd marketing system of this country, and stated that legislation was not the thing to settle this question. The farmer would have to settle the problem himself, and the problem can be settled through close co-operation.

A. Slaughter, of Kansas, talked for nearly an hour upon the various phases of marketing.

Wm. Ash told of his experience both as a farmer and as a grain dealer, and urged the farmers to join.

Upon first call for wheat growers to join, there was but one response, and many left the room. Later there was a considerable number signified their intention of going into the organization, as they believed it to be the only solution, of the low priced wheat.

The organization does not claim to be able to settle the marketing system in one or two years, but those who have closely studied the question are certain that by the end of the five years, all wheat growers will be in the organization.

E. M. McCracken of Pampa, is state chairman of the organization. There are similar organizations in Kansas and Oklahoma.

J. W. Ridgway, dairy expert, will visit six schools of Randall county next week, giving instructive lectures at night upon the dairy cow. Mr. Ridgway was formerly dairy expert with the A. & M. College and is now with the Nissley Creamery Co. He is in the county under the direction of C. F. Walker.

Messrs. Ridgway and Walker will visit the following schools to give the illustrated lectures at 8 o'clock at night:

May 2—Ralph school.  
May 3—Kennen school.  
May 4—Umbarger school.  
May 5—Park school.  
May 6—Knox school.  
May 7—Wayside school.

During the day, Mr. Ridgway will be glad to visit the dairy herds of the county and give advice regarding any difficulties that the dairymen are having. Please notify Mr. Walker when you would like to take up your problems with Mr. Ridgway.

It is believed by those at the Normal who have the placing of the Federal Funds for this part of the state for Agriculture in the High School that many schools on the plains will put the course on next year. The Normal Training School and the Miami High School are the only two schools who have the work in the Panhandle this year. Mr. Phillips has just returned from School Board meetings in Panhandle, White Deer, Pampa and Canadian, where he presented the matter and states that he expects many other boards beside the two mentioned above to take advantage of the work next September.

Mr. Phillips will leave the first of June for Cornell University and for that reason wants to get all schools in this part of the state to make application for aid at once. For a full time agricultural teacher the federal funds will amount to half salary.

Edward R. Mayre of Amarillo has written that he will soon be ready to make a definite proposition on the gas line to Canyon. Mr. Mayre recently visited the city and asked for a bonus of \$75,000. Since that time he has had capitalists from the east go over the proposition and hopes to know within two weeks whether or not they will back him in the undertaking.

He hopes to start work on the line in June if his plans are carried out.

O. R. Underwood of Amarillo was a caller here Saturday.

Coach Wayne McCorkle announced the following baseball games for the Normal Team:

San Marcos Normal here May 5 and 6th.  
Central Oklahoma Normal of Edmond, Okla., here on May 12 and 13.  
Clarendon College here May 20 and 21st.

The people of this county will be greatly grieved to hear of the sudden death of Mrs. Roy E. Cage, formerly of this county.

Mrs. Carrie Bader Cage was the daughter of Mr. and Mrs. L. Bader, who resided nine miles west of Canyon. The Baders came to Randall county from Oneah, Iowa in 1910 and their daughter joined them in 1912, after commuting on a homestead in the Cheyenne Indian Reservation in western South Dakota.

She was a student of the West Texas State Normal College and a teacher in the Randall county schools.

December 21, 1916, she was united in marriage to Roy Cleveland Cage, son of Mr. and Mrs. A. B. Cage, pioneer residents of the Panhandle. The young couple lived near Umbarger on a ranch for three years, then in January 1920, went to Los Angeles, seeking a location in California. In December 1920, they located in the Hemet Valley in the Valle Vista settlement, where Mr. Cage is developing an apricot ranch. Mrs. Cage gave birth to a young son on April 1st at the Hillcrest Hospital near Hemet. Apparently she made rapid recovery, and was given permission by her physician to return to her home April 11. She was dressed and waiting for her husband to call for her when the Angel of Death called her. Doctors and nurses worked over her an hour but she had passed away almost instantly from an attack of acute heart failure. The shock to her husband and family was stunning because heart trouble had never been suspected before.

Besides a husband and infant son, Mrs. Cage leaves two little daughters, an aged father and mother, and eight sisters and four brothers, who grievously mourn her loss.

There will be no such a thing as "old" and "new" time commencing next Sunday morning, May 1st.

The law will be in force throughout this section, completely placing the Panhandle-Plains section back in the Central Time Zone.

Those who have not changed their time pieces must move them forward one hour Saturday night before retiring, as everything in this section goes to the new time Sunday morning. Set your clock with the town clock Saturday, and you will not be late for church Sunday morning or miss a train if you are going away.

There are 20,398 acres in the ranch, of which 15 sections are in Randall county, 30 sections in Deaf Smith and 7 sections lying along the boundary line between the counties. Mr. O'Keefe became owner of the North Texas Building in Dallas. It is stated that the new owners will stock the ranch with steers.

The Cage family moved to Seattle four years ago from Canyon.

## ALL TRAINS WILL MAKE TIME CHANGE

**NEW SCHEDULE STARTS NEXT  
SUNDAY MORNING**

**Trains Under New Time will Pass  
Through Canyon Just One Hour  
Later Than Now.**

Every passenger train on the Santa Fe will arrive in Canyon one hour later than under the present schedule commencing next Sunday morning when the Santa Fe system goes to the Central Time Zone.

The following will be the time schedule:

**MAIN LINE TRAINS**  
No. 21 from Kansas City, arrives 6:30 a. m.  
No. 22 to Kansas City, arrives 11:45 a. m.

**SWEETWATER BRANCH**  
No. 57 from Amarillo, arrives 7:45 a. m.  
No. 93 from Sweetwater, arrives 11:10 a. m.  
No. 95 from Sweetwater, arrives 5:30 p. m.  
No. 59 from Amarillo, arrives 10:30 p. m.

**Normal Boys Run Incubators.**

The class in Agriculture at the Normal have over five hundred eggs in three different incubators under hatch. The boys take days about in looking after the machines, that all may understand the care, management and cost of this phase of the poultry business.

The board re-elected the grade teachers at the meeting Monday afternoon, as follows: Misses Lena Perriman, Bertie Lee, Burkhalter, Ida Rowan, Danna Lancaster, Mrs. Claude Hays, Miss Thelma McGee, who has been a very efficient teacher for the past two years, was not an applicant and her place is to be filled by the board.

The board will not elect high school teachers until after the election of May 28th, as the 10th grade has been discontinued by action of the board until the tax payers vote the additional tax necessary to maintain the 10th and 11th grades. If the tax election carries, five teachers are to be elected in addition to the vacancy caused by the retirement of Miss McGee. The board has a large number of applicants for the positions.

The regular meeting of the Woman's Book Club was held yesterday afternoon with Mesdames McElroy and Sone leading.

The following will be the program on May 11:  
Subject: Western Stories. O. Henry Program.

Discussion: "The Structure, Style, and General Qualities of O. Henry's Stories."  
Reading: "A Double-Dyed Deceiver."  
Paper: "The Best of the Western Stories."  
Reading: "A Chaparral Prince."  
Discussion: "The Best of the New York Stories."  
Leaders: Mrs. Ingham, Mrs. J. D. Gamble.

Miss Faire Wiggins delightfully entertained the M. M. Club Sunday morning with an 8 o'clock breakfast at the Harvey House in Amarillo. After breakfast the club attended church in Amarillo and returned in the afternoon. Those present were Misses Thelma McGee, Lena Perriman, Birdie Lee, Burkhalter, Loreta Wiggins, Fair Wiggins, all of Canyon and Mr. Albert Ditburner, Mr. and Mrs. Will Ditburner and Miss Eddie Ditburner of Amarillo. The Club states they have never enjoyed such an entertainment before.

W. R. O'Keefe of Plainview has traded the Green Valley ranch west of Canyon to J. Fred Schoelkopf and J. R. Munger of Dallas. Mr. O'Keefe was formerly a citizen of this city and bought the big ranch last year from Chas. E. Harding of Chicago.

There are 20,398 acres in the ranch, of which 15 sections are in Randall county, 30 sections in Deaf Smith and 7 sections lying along the boundary line between the counties. ## CARNIVAL COMPANY BLOWS AFTER TWO DAYS HERE

Those hard hearted city and county officials of Canyon and Randall county dealt misery to the carnival company which blew into Canyon Sunday, put up their outfit and then took it down Tuesday night.

The people of Canyon do not believe in such stuff as the carnival companies bring to town, and there was a sigh of relief when it was announced that the outfit would leave.

The officials put the carnival out of business when they closed the nine semi-gambling joints. The outfit could not afford to pay the \$200 daily taxes without the support of the gambling devices.

The carnival came to town hoping that they might induce some organization to show under their auspices, which would relieve them of the big daily license. All organizations refused to sponsor such a thing, and consequently there was nothing to do but move.

It will likely be a long while before another such outfit attempts to come to Canyon.

It was found that the petition from the 197 patrons of the public school which was presented to the board of trustees last week, was defective, and another petition was at once prepared and presented Saturday evening. The board of trustees met Monday afternoon and ordered an election of May 28. The election calls for the setting of the local tax rate at 75 cents on the \$100 valuation. The rate has been 50 cents until the passage of the constitutional amendment last fall.

The board re-elected the grade teachers at the meeting Monday afternoon, as follows: Misses Lena Perriman, Bertie Lee, Burkhalter, Ida Rowan, Danna Lancaster, Mrs. Claude Hays, Miss Thelma McGee, who has been a very efficient teacher for the past two years, was not an applicant and her place is to be filled by the board.

**JAPANESE RELATIONS**

A number of nervous, jumpy people fear that we shall have a war with Japan over the Island of Yap, or something.

When analyzed from a cold standpoint, why should there be a war with Japan?

Japan is acting stubborn about Yap, to be sure, but there are plenty of ways of showing Japan the light.

Japan wants concessions on the American west coast. She wants to trade with the United States. She must use the Panama Canal in much of her trade with other nations. She must have a free route for merchant vessels. Japan is not going to sacrifice all these things very readily when the showdown comes.

There is a strong peace party in Japan as well as an imperialistic party. The Socialist and Bolshevik element is getting something of a foothold. Considerable radical labor agitation has developed since the war. There is a great deal of unrest there, as well as in other countries.

Taking all these things into consideration, is there any likelihood that Japan will risk coming across the broad Pacific Ocean to make war on the most powerful nation on earth—a nation that is self-supporting in every respect?

This is not saying that the United States should not be prepared. In the case of a peace-loving, self-governing republic, preparedness is the surest guarantee against war. Such a republic cannot afford to throw away its arms as long as there are international thugs lurking in the world highways and byways. But at present there is no occasion for being excited.

Wichita Beacon.

The politicians of East and Central Texas point out that West Texas would gain very little even though the state were redistricted according to the law. Very well, if laws are not made to be enforced, why not repeal them? A murderer will sooner or later die of his own accord, so why hang him? A thief will sooner or later get shot as he robs banks and postoffices, so why shut him up at the expense of the public. If one law is worthy of being enforced, why not the law regarding redistricting? Since West Texas has nothing to gain by redistricting, why do these same East Texas politicians consistently kill every redistricting bill which comes up?

Had oil been struck in the Panhandle a year ago, there would have been a reign of terror by the mad push of lease sale, permitting huge building projects. The money market does not warrant such things now, and besides, the people have learned that one oil well does not mean an oil field, as witnessed by Vernon's experience one short year ago. If there is an oil field in the Panhandle country, we trust to see it developed in a sober, sensible fashion, rather than a drunken spree which means a lot of broke people, and only a few to gather up the money that can be made from oil investments.

Australia says she is for America in opposition to the demands of Japan. Of course she is. The friendship between the American and Australian soldiers in France was the most wonderful we ever saw. It cemented a lasting friendship that would almost make Australia stand for America against the mother country. The English speaking peoples are going to stand together in the future against the world.

The day that the crime wave was officially declared ended, there was a holdup with accompanying murder, a banker forced to sign a \$5,000 check and sundry other brands of lawlessness. The crime wave is not yet over, although it has been effectively checked in the larger cities, and the operators have moved to the smaller communities where there is less police protection.

John Oudahy shot himself because his banker refused to make him a loan of \$10,000,000. The undertaker would of \$10,000,000. The undertaker would pursue the same policy.

**Build What We Have**

Speaking of Governor Neff's recent views, the Higgins News says: "If we do anything, we should make the Panhandle up in a little bundle all by itself and let West Texas do as she pleases for it is no more to us than it is to the moon. Let's stay in Texas and grow and expand and get the needed backing from the state because we are progressive and go after things that we need and take good care of the things that we already have. The state normal at Canyon, for instance, Let's make the Canyon normal a real Panhandle institution by sending our children there; by getting all the students we can to attend there; by boosting the school in every way possible in word and deed and if we need teachers why not look first to our Panhandle school? We have it in our power to 'show' the solons down at Austin that we are a 'hot' bunch up in this part of the state and we can get what we go after by being 'wily' awake and progressive. Instead of letting West Texas do as she pleases for us, why not go after that A. & M. college. Let's do all we can to bring things up here where we can reach them. And don't talk division of the state, either."

Why, do you know that if each and all of us in the Panhandle would quit patronizing foreign schools and go to sending the young folks to our own Panhandle normal, we would soon be a powerful element in the school world and it is pretty certain that east Texas and its cotton patch would find that we were actually pulling down the best grapes of the state vine. It takes years of the hardest kind of work to put a new school on its feet and the governor knowing this, thought it not wise to start new schools when the ones already started needed help and those not started but authorized in no wise even commenced and if we got what is coming to us, we must build up what we already have before we can hope to land the ones we want. Schools cost a lot of money. A certificate from a small, unknown, half baked school is not thought much of, but one from a live, progressive school is a thing of which to be proud. One good, well patronized, influential school is worth a half dozen or a dozen, for that matter, schools that are leg weak and down in the heel. Politics, dearly beloved, has no place in our schools. And just now politics is out of order when a division of the state is agitated.

**State Normal President Here**

President J. A. Hill of the West Texas State Normal at Canyon was a visitor in Panhandle last Monday and spent the afternoon as the guest of the Herald editor.

President Hill is very much pleased with the progress of the Canyon school which has an attendance enrollment this year of six hundred students and he is unusually optimistic as to the future of the school. An unusually large attendance is expected for the summer term, which will open June 8th.

The citizens of the Panhandle-Plains country are very loyal to this school as they should be, for it is the only State Educational institution located west of Eastland county. The State is fairly liberal in giving financial support to the institution and under the leadership of President Hill, supported by an able school faculty, is taking front rank among the State's best educational institutions.—Panhandle Herald.

**THE HOME PAPER**

By Phoebe K. Warner in Star-Telegram  
"Of all the publications in our Nation the best is the greatest. Because, though smallest in its individual circulation, in its multiplied form it reaches the most people. You may have your choice of the big dailies. One family likes one best; another family, the other. But we all LOVE best the little home paper that comes once a week to tell us all about the things we already know. Why, the very thing we want to see the worst is the thing we know is there. "How does it look in print? What will THEY SAY about that when THEY read it? That's what we want to know. We do not take our home paper as a rule to get the news. Most of us know the news several days before the paper can get it set up and published. We

take the home paper to see what's in it, and what's left out. Just like our little nephew wanted us to dissect a bug, once upon a time. So he could see "what's in it."

First of all there is the school news. No other papers ever tell all the things our children do at school. How they took the leading part in the Junior play, and how well they did it. No other paper would ever say they ought to go on the stage. And, to think all the neighbors will read it, whether THEY think it or not.

Next will come the court news, which is always tinted with local romance and gossip. And should it go so far as a murder or divorce case "vast crowds will throng the public square; business will be almost paralyzed, and women's clubs abandoned," all because of the common community file that binds everybody to everybody else's business in the little town.

But with it all no other paper in the State will tell so many kindly lies to stir up its own patrons' and the clearest paper in the Nation is the home paper. If it is forced to tell something mean about you it does it in the mildest way—and never tells any more than is absolutely necessary. On the other hand if your town does something really or even half way commendable, the home paper puts an enlarged word picture of that before the world, and the folks in the next county wonder "how in the world they did it."

Then the home paper tells you when to go to prayer meeting, Sunday School and church. Keeps up with all the changes in time, and announces every week when the next train will go thru town. It reports the revivals and the arrivals, especially the latter, and of these the home paper makes a special item of all the "New Arrivals." Many a time the neighbors do not know whether the new arrival is a boy or a girl until they see it in the paper. They know "it" was to arrive, and had arrived, but they did not know what "it" was. That item was real news.

Then if there is anything extra going on, like a prize fight, a fire, a singing convention, a show or a county fair, the people want to know all about it, especially if they were in it. All the news from the different communities is always full of interest. The home paper is the only periodical that gives its space to all the parties and people of the rural community. Nobody would ever know you had been anywhere or anybody had come if it were not for the home paper. And the obituary column! Some folks giggle when you mention that. But if you could go through the homes of this country, the only newspaper you would ever find folded away with a picture, a lock of hair, and a faded flower, would be the little old home paper. No other paper would ever give the space to say the things that have meant so much to you through all the years. But how many of us appreciate the home paper? A lot of us do not appreciate it enough to take it. We borrow it when we think there is

something in it about us. No other paper ever says so many good things about its own town and people, and leaves unsaid so many bad things. Its business is to boost everybody and everything, but who boosts it? It lives to give its time, labor and space to the schools, the churches, the homes and the interest of all the people.

Why don't more people take it?  
Lenine, who said the other day he feared he was almost respectable, has been thoroughly reassured by Secretary Hughes.—Washington Post.

**SOME FACTS ABOUT**

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and Trucks have been built each month since January 1, 1921, and how many have been sold to retail customers, in the United States.

Produced	Delivered to Retail Customers
JANUARY 29,883	57,208
FEBRUARY 35,305	63,603
MARCH 61,886	87,221
Total Production 127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory, and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

**Germany and the Allies**

The refusal of Germany to agree to the reparation demanded by the Allied premiers has created an extraordinary situation in Europe. It may almost be said to amount to a fresh declaration of war; certainly it amounts to an open defiance of the Treaty of Versailles. How seriously the Allies regard the matter is to be gathered from their action. By pushing their troops at once into the valley of the Ruhr, the great center of the coal production and the metallurgical industry of Germany, they have seized the chief source of German war material.

The occupation of the Ruhr by the French, Belgians and English makes it impossible for Germany to fight in an organized way. But it is not probable that the German government ever considered making any but a passive resistance. The Germans have refused to pay any considerable part of the sum demanded of them; they will stop delivering the coal they had already promised to France. They will set about to prove that force cannot compel them to make reparation for what their armies did in Belgium and France. Their object is to tire out the Allies, to create dissension between the French—who do not see how they are to get along without making the Germans pay for the destruction they wrought—and the Italians and the English, who at heart are more interested in restoring European trade than in getting reparations. They will not openly resist the Allies, but in the present temper of the French, who see the fruits of victory slipping from them, and of the Germans themselves, who resent the exactions of the Versailles Treaty, there are likely to arise a thousand incidents any one of which may lead to outbreaks that will cause the French to undertake a costly and embarrassing occupation of wider and wider areas of Germany.

And that is not the only possibility. Dissension may arise among the Germans or among the Allies. The defection of southern Germany from Prussia may create a situation that will satisfy French policy nearly as well as enervating Germany by great payments in reparation would satisfy them. There may be disagreement among the Allies, and through the isolation of France the Germans may escape the danger in which they now stand. But its matters are at present the Allies are apparently in full accord, and the Germans are apparently united. What course affairs will take it would require a bold prophet to

predict. The only thing that seems clear is that there is still no real peace in Europe; the pact of Versailles begins to look unworkable as an instrument of peace. There is, however, one contingency that can restore its credit. If the Germans are merely making what they themselves would call a "colossal" bluff and mean to yield when they find the Allies inexorable, there is still hope for the settlement of Versailles. A very short time should show whether or not that is the case.

"Most emotional he ever had in all his career," was the impressive reply.  
"Why, I didn't understand that the play was so much that way."  
"It isn't only Smith's part. You see it's one of these 'wet' plays, and poor Smith is being constantly offered drinks which the action compels him to refuse. Why, he'll be a total wreck by the end of the week."

**The Human Species**

Charles Lamb: The human species, according to the best theory I can form of it, is composed of two distinct races the men who borrow and the men who lend. To these original diversities may be reduced all those impertinent classifications of Gothic and Celtic tribes, white men, black men, red men. All the dwellers upon the earth. Perhaps, Medes and Elamites, flock hitherto and do fall in naturally with one or the other distinction. The infinite superiority of the former, which I choose to designate as the great race, is discernible in figure, port and a certain instinctive sovereignty. The latter are born degraded. He shall serve his brethren. There is something in the air of one of his caste lean and suspicious, contrasting with the open, generous manners of the other.

**HEALTH NOTES**  
By Dr. M. M. Carrick, State Health Officer.  
If you will eat plain, wholesome food and in moderation, you will always be on good terms with your stomach.  
Dentists will tell you that clean teeth never decay. If this is true, it pays to be on intimate terms with your toothbrush.  
Dirty hands are dangerous; keep them clean.  
If the baby has a right to be named it has also the right to have its name officially recorded.

The best food for the baby is mother's milk. The next best food is the milk of some other animal designated for the sustenance of the young.  
No artificial food is as good as mother's milk. Cow's milk is the ideal food for the calf. Breast milk is the ideal food for the young human.  
Because the germs of typhoid fever are frequently conveyed from hands to mouth, it does not necessarily mean that they lead a "hand to mouth existence."

The best physician in your community is none too good to determine the condition of your health. If you wanted a mechanic to repair a high-priced automobile, you would select the best mechanic you could find. A healthy body is worth more to you than the best automobile ever built.  
There is no heritage of greater value than the sight of human eyes.  
It is the province of the legislature to procure the safety of the community, even if it interferes with the freedom of the individual action.—Hobbes.

If you will give your health officer and your doctor a chance, they will not only save you much physical suffering and prolong your life, but they will help you to rebuild and maintain your physical power to do good work and to live a happy and useful life.  
Bubonic plague is not a filth disease—it is a rat disease.  
If every child were vaccinated at five months and again at seven years, and this system rigidly enforced, small pox could be made to disappear from the State of Texas within one month, and would never return, except in imported cases which need not be quarantined, as no one could contract them.

**Railroad Rates Higher than Truck**  
A reader and friend of The Claude News dropped in yesterday for a social chat. Among other things he said that he received a two hundred pound piece, a part of an automobile, shipped down from Amarillo on the railroad, and that the charges were \$410 for the haul to \$2.05 per hundred. That is what we call some traffic rates indeed. No wonder the railroad traffic has fallen off 30 to 40 per cent. It was at this time that we reminded our friend that Bob Taylor, who runs a motor truck to Amarillo every day in the week makes a charge of just 70 cents for two hundred pounds from Amarillo to Claude. Thus we find that the railroad company is charging more than five times as much as the motor truck charged and then you must add to that the price of drayage to the railroad companies charges while the motor truck will deliver the goods to your own door and do it for five times less money than the railroad company charged. Some difference, eh?—Claude News.

Randall County has never been blessed with a more abundant feed crop than the farmers are enjoying this year.

The big question confronting the farmer now is how to dispose of this immense feed crop at a profit since the grain cannot be marketed at the present price except at a loss.

THE DELAVAL CREAM SEPARATOR is the solution of this problem. Cream could never be sold at a more profitable price than right now. Good cows are selling at a reasonable price. Then why not every farmer make a special effort to produce more milk, use the DE LAVAL SEPARATOR and cash in big on the big feed crop which is now a drag on the market? Be Rid of That Ache

If you are a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend? Ask your neighbor.

Mrs. C. R. Correy, Canyon, Says: "My back and kidneys have been causing me a lot of trouble for a long time. My back ached steadily and there was lameness and soreness in it which made it hard for me to stoop over to do my housework. I would get dizzy and black specks would float before my eyes. Then again I would have headaches and my kidneys were inflamed and irregular in action. I was advised to try Doan's Kidney Pills and bought some at the Holland Drug Co. Three boxes fixed up my kidneys and relieved my back."

Begin Right Now to Conquer Your Rheumatism

If you are going to again rely upon the liniment bottle to try to rub your Rheumatism away, you will be doomed again to nothing but disappointment. A disease that can cause so much pain and suffering is not on the surface of the skin, and cannot be rubbed away. Many forms of Rheumatism are caused by a tiny disease germ in the blood, and in such cases the only logical treatment is to search out and remove these germs from the blood. For this purpose there is no more satisfactory remedy than S.S.S., the fine old blood remedy that has been in use for more than fifty years, and has given such general satisfaction for Rheumatism. Begin taking S.S.S. today, and if you will write a complete history of your case, our medical director will give you expert advice, without charge. They Went Fishing

Two men took a trip into the woods to hunt and fish. During the trip one of them had the misfortune to lose his pocketbook and the other one lost his check book.

When they discovered their loss one of them laughed for he knew he could easily get another check book. But the other man did not laugh. He hurried back to the woods and spent many hours looking for his money.

If the checking system had no other value it would be well worth while from the standpoint of safety alone—but there are many other advantages, too. Nine times as much business is done each day with checks as is done with cash.

# BUILD NOW

One of the most important steps toward bringing conditions back to normal is the inauguration of a Building Program commensurate with the country's crying need for housing.

A movement of such widespread import must naturally be co-operative in nature—each community must do its own share in a liberal way.

That Canyon will do its part in fostering and carrying to a successful end this essential work, we feel certain. But to get the greatest possible results from our efforts a definite program on which we may concentrate is advisable.

As a start, we the business men of Canyon hereby pledge our hearty support to the BUILD NOW movement and in whatever manner we can aid in its development, we will co-operate to the limity of our ability.

So let's all pull together—make 1921 a banner building year. Each and everyone of us will benefit by this campaign, and for that reason alone we should give it our unified support.

Senate Joint Resolution No. 4  
A Joint Resolution of the Legislature of the State of Texas amending Sections 5 and 21 and 22 and 23 of Article 4, relative to the compensation of executive officers; and Section 24, Article 3, relating to mileage and per diem of Members of the Legislature; of said State.

Be it resolved by the Legislature of the State of Texas:

Section 1. Sections 5 and 21 and 22 and 23 of Article 4, and Section 24 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Section 5. He shall, at stated times, receive as compensation for his services an annual salary not to exceed Eight Thousand (\$8,000.00) Dollars and no more, and shall have the use and occupation of the Governor's mansion, fixtures and furniture.

Section 21. There shall be a Secretary of State, who shall be appointed by the Governor, by and with the advice and consent of the Senate, and who shall continue in office during the term of service of the Governor. He shall authenticate the publication of the laws and keep a fair register of all official acts and proceedings of the Governor, and shall, when required, lay the same, and all papers, minutes and vouchers relative thereto, before the Legislature, or either House thereof, and shall perform such other duties as may be required of him by law. He shall receive for his services an annual salary of Five Thousand (\$5,000.00) Dollars, and no more.

Section 22. The Attorney General shall hold his office for two years and until his successor is duly qualified. He shall represent the State in all suits and pleas in the Supreme Court of the State in which the State may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the State, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power, or demanding or collecting any species of taxes, toll, freight, or wharfage, not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of all such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor or other executive officers, when requested by them, and perform such other duties as may be required by law. He shall receive for his services an annual salary not to exceed Seven Thousand Five Hundred (\$7,500.00) Dollars, and no more.

Section 23. The Comptroller of Public Accounts, the Treasurer, and the Commissioner of the General Land Office, shall each hold office for the term of two years, and until his successor is qualified; receive an annual salary not to exceed Five Thousand (\$5,000.00) Dollars, and no more; reside at the Capital of the State during his continuance in office; and perform such other duties as are or may be required of him by law. They and the Secretary of State shall not receive by their own use, any fees, costs or prerequisites of office. All fees that may be payable by law for any service performed by any officer specified in this Section, or in his office, shall be paid, when received, into the State Treasury.

Section 24. Mileage and per diem: The Members of the Legislature shall receive from the public treasury such compensation for their services as may, from time to time, be provided by law, not exceeding Ten (\$10.00) Dollars per day for each regular session of one hundred and twenty days; not exceeding Five (\$5.00) Dollars per day for the remainder of such session; and provided, further, that Members of the Legislature shall not receive not to exceed Ten (\$10.00) Dollars per day for each special session of the Legislature that may be called from time to time by the Governor. In addition to the compensation above provided for, the Members of the House shall be entitled to mileage in going to and returning from the seat of Government which mileage shall be ten cents per mile, the distance to be computed by the nearest and most direct travel by land regardless of railroads and water routes; and the Comptroller of the State shall prepare and preserve a table of distances to each county seat, now or hereafter to be established, and by such table the mileage of each Member shall be paid; but no member shall be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.

Section 2. The Governor is hereby directed to cause to be issued his necessary proclamation for an election to be held on the fourth Saturday in July, 1921, at which election these amendments shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication and laws of the State. Said election shall be held under and in accordance with the general election laws of the State, and the ballots for said election shall have printed or written thereon in plain letters the following words: "Official Ballot." "For the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of

the State of Texas providing for compensation of executive officers." "Against the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas, providing for compensation of executive officers."

"Official Ballot." For the amendment of Section 24 of Article 3 of the Constitution relating to mileage and per diem of Members of the Legislature of the State of Texas." "Against the amendment to Section 24 of Article 3 of the Constitution relating to mileage and per diem of Members of the Legislature of the State of Texas."

Those voters who favor such amendments shall erase by marking a line through the words "against the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas providing for compensation of executive officers." Those who oppose such amendment shall erase by marking a line through the words "for the amendment to Sections 5 and 21 and 22 and 23 of Article 4 of the Constitution of the State of Texas, providing for compensation of executive officers." And the result of the election shall be published and declared according to the majority of the votes cast in such election; and

Those who favor such amendment relating to the mileage and per diem of members of the Legislature shall erase by marking through the words "Against the amendment of Section 24 of Article 3 of the Constitution relating to mileage and per diem of the members of the Legislature of the State of Texas." And the result of the election shall be published and declared according to the majority of the votes cast in such election.

Section 3. If a majority of the votes cast in the election herein provided for should be in favor of the amendments proposed, the maximum sum named herein shall become effective and be the compensation thereafter to be received by the officials named herein on and after the first day of January, 1921, and so remain until otherwise provided by law, and the compensation so allowed shall be paid out of any money in the State Treasury not otherwise appropriated.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of any fund in the treasury not otherwise appropriated for the purpose of paying the necessary expenses of the proclamation and publication of these amendments and the election to be held hereunder.

S. L. STAPLES,  
Secretary of State.

House Joint Resolution No. 11  
Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate soldiers, sailors and their widows, who have been citizens of Texas since prior to January 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (\$7.00) cents on the \$100.00 valuation of property in this State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purpose, fixing a time for the election to be held on such amendment, and making an appropriation to pay the expenses thereof;

Be it resolved by the Legislature of the State of Texas:

Section 1. Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Section 51: The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipal or other corporations whatsoever, provided, however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows, in indigent circumstances and who have been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under special laws of the State of Texas during the war between the states served in organization for the protection of the frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the states and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this section shall not apply to women born since the year 1861, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be en-

itled to be placed upon the pension rolls and participate in the distribution of the pension fund of this State under any existing law or laws hereafter passed by the Legislature, and also to grant aid to the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (\$7.00) cents on the \$100.00 valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied, and provide further that the provisions of this Section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Section 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on the fourth Saturday in July, 1921, at which all voters shall have printed or written on their ballots: "For amendment to Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been a resident of this State since January 1, 1910, and 'Against amendment to Section 51 of Article 3 of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows.'"

Section 3. The Governor is hereby directed to issue the proclamation for said election and have same published as required by the Constitution and laws of this State, and the sum of five thousand (\$5,000.00) dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this State not otherwise appropriated for expenses of publications and elections thereunder.

Secretary of State.

Senate Joint Resolution No. 1  
Proposing an amendment to Section 2, Article 6 of the Constitution of the State of Texas by providing that only native born or naturalized citizen of the United States shall be qualified electors in this State, and permitting either the husband or the wife to pay the poll tax of the other and receive the receipt therefor, and permitting the Legislature to authorize absentee voting.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 2 of Article 6 of the Constitution of the State of Texas be so amended as hereafter to read as follows:

Section 2. Every person subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this State one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided, that electors living in any unorganized county may vote at any election precinct in the county to which such county is attached for judicial purposes; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and filed with the judge of the election. The husband may pay the poll tax of his wife and receive receipt therefor. In like manner the wife may pay the poll tax of her husband and receive the receipt therefor. The Legislature may authorize absentee voting. And this provision of the Constitution shall be self-enforcing without the necessity of further legislation.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the Fourth Saturday in July, 1921, at which all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to Section 2 of Article 6 of the Constitution of the State of Texas, providing that only native born or naturalized citizens of the United States shall be qualified electors in this State, and providing that either the husband or wife may pay the poll tax of the other and receive the receipt therefor, and permitting the Legislature to authorize absentee voting." And all those opposed to said amendment shall write or have printed on their ballots, "Against

the amendment to Section 2 of Article 6 of the Constitution of the State of Texas, providing that only native born or naturalized citizens of the United States shall be qualified electors in this State, and providing that either the husband or wife may pay the poll tax of the other and receive the receipt therefor, and permitting the Legislature to authorize absentee voting."

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution, and existing laws of the State.

Section 4. That the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expense of such publication and election.

House Joint Resolution No. 30  
Relating to the amending of Article 17, Section 58, of the Constitution of the State of Texas; abolishing the Board of Prison Commissioners; providing for the supervision and management of the Prison System, under such laws as may be provided for by the Legislature.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article 17, Section 58, of the Constitution of the State of Texas, be amended so as to hereafter read as follows:

Section 58. The Legislature shall have full power and authority to provide by law for the management and control of the Prison System of Texas; and to this end shall have power and authority to place the prison system under the supervision, management and control of such officer or officers as the Legislature may from time to time provide for by law.

Section 2. The above constitutional amendment shall be submitted to a vote of the qualified electors of this State at a general election to be held on the fourth Saturday in July, 1921, at which election all voters favoring said proposed amendment shall write or have printed on their ballot the words: "For the amendment of Article 17, Section 58, of the Constitution, abolishing the Board of Prison Commissioners." And all those opposing said amendment shall write or have printed on their ballot the words: "Against the Amendment of Article 17, Section 58, of the Constitution, abolishing the Board of Prison Commissioners."

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and have the same published as required by law.

Section 4. The sum of \$5,000.00 or so much thereof as may be necessary is hereby appropriated out of the funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

"Cold in the Head"

Is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood, and render them less liable to catch. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.

HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System, thus reducing the inflammation and restoring normal conditions.

### Montgomery Bros. Purchase Fairsex

Two of Amarillo's high class ready-to-wear stores were consolidated into one Wednesday as the result of arrangements completed late Tuesday when Montgomery Brothers, Leon and Sam, purchased the stock of the Fairsex, owned by Mrs. Mayme Smith. The Fairsex stock is being moved from 104 East Sixth Street to the Montgomery Brothers store at 607 Polk. Mrs. Smith is to have full charge of the ready-to-wear department, but there will be no change in the name of the firm.

Mr. Leon Montgomery said last night that he felt that the new combination was an exceedingly fortunate one for, he said, "Mrs. Smith has had a wide experience in the ready-to-wear business, having had charge of a department with one of the leading firms in Fort Worth before coming to Amarillo. She purchased the Fairsex stock from S. R. Isaacson about a year ago and has built up a splendid business and made a wide circle of friends."

Montgomery Brothers is one of the best established Amarillo stores, the firm having been organized here four years ago. This firm also has been one of Amarillo's high class shopping centers and enjoys the patronage of a host of customers over the entire Panhandle.

The combining of the personnel of the Fairsex and the Montgomery stores will give Amarillo patrons a splendid store for service as well as quality merchandise.

Incidentally it gives Polk Street all of the Ready-to-Wear business for there are now no such stores on the side streets or on those parallel to Polk. Within a radius of four blocks is concentrated the whole of the women's wear shopping district of the city. —Amarillo Tribune.

#### Wayside Items

After Sunday School at the usual hour led by Supt. D. L. Adams, we listened to a good sermon by Rev. Fred Goodman. He reported the new parsonage at Vigo Park completed and gave an invitation to the people to come and visit them. He preached in the afternoon at Beverly returning and giving us night services after meeting of the B. Y. P. U. After the sermon a church conference was held, principally for the revision of the church roll. Two presented themselves for membership, Orsen Simpson and Mary Alice Rogers.

Walter Butler left last Wednesday for Colorado.

Guy Carter from Oklahoma City came in last Wednesday to visit his sick father.

Wm. Payne ordered and received 200 S. C. White Leghorn chicks a few weeks ago. He has since repeated his order and has made orders for others up to 900 White Leghorns, making in all 1100.

R. E. Carter is still very sick. A slight improvement has been noticed since Guy came in.

Born to Jay Kennon and wife, April 25, a 9 pound girl. Nettie Levina is her name.

Married in Abilene, at the home of the bride, Miss Mary Cole and Earl May (Buss) of Vigo Park.

E. P. Wesley sold fat hogs in Happy the past week for \$6.75.

D. A. Hamblen, wife and Velma left Saturday to visit Mrs. M. B. Wilson, Mrs. Hamblen's mother.

Roy Franklin entered the Wayside school Monday.

Wheat is suffering for want of rain, not thought green bugs have damaged much as yet. Lady bugs, the farmers' friend are said to be plentiful in the fields of wheat. One of our young men said he didn't know the farmers had any friends.

Misses Artie Lowrey and Virginia Kuykendall of Beverly attended the basketball game Saturday afternoon at the school grounds.

Wheat men of the neighborhood have met looking to the organization of "The Growers' Association" Monday night.

Miss Eula Key is visiting her brother, Roy R. Key, this week.

W. J. Sluder is suffering with muscular rheumatism.

#### If It's a Battery Be Sure It's New

It isn't good business to buy a battery that may be months old when you get it.

The only safe thing to do is to buy a Willard Battery with Thruled Rubber Insulation that has been shipped and stored bone dry, and consequently is brand new when it begins to work for you.

Drop in some time and let us explain this process to you and tell you why it is only possible with Thruled Rubber Insulation.
