It seems that in order to obtain \$7.50 worth of advertising from the Dallas State Fair, the country newspaper is expected to do about \$50 worth of free advertising in the way of printing all the plate matter the Dallas institution can manufacture. The News refused to do this, so did not receive the \$7.50 in advertising from the fair. Possibly other newspapers of this section received the same treatment from the fair. The state fair seems to think that all country newspapers exist in an age fifty years ago, without linotypes ready to set real news quickly. They seem to think that newspapers are glad to get hold of a lot of poor printing plates "just to fill up space." The fair officials forget that the country newspaper man has just about as much brains to run his own business as does the management of the state fair to put on this exposition. A very, very few newspapers in this section gobbled up all the free plate the fair sent them this year, and published the whole smear. The fair paid real American money to get this stuff put into plate matter. They prefer to spend their money with Dallas plate makers rather than spend it with the country newspapers who have machinery equipped to handle all of the news which is "news" to the people of their counties.

Those who attended the Randall County Fair last week were astonished at the large number of exceptionally fine hogs in the show. A few years ago Randall county was preeminently a cattle country. Now it is fast becoming a hog country. Many of the farmers who have kept books on their business find that only hogs have been a paying investment during the past year. The fact that there are more than twice as many hogs in Randall county today as there were a year ago witnesses the fact that those who have made money through hogs with the cheap feed are telling their neighbors their fortunate experience. The high class of the hogs over the county is another noteworthy fact. There is hardly a farmer who has not the blood of registered stock in his herd. There is plenty of cheap feed in the county now. The hog will make this cheap feed profitable to the raiser.

Canyon has a real school problem. The town has a population of 1635, according to the census of last year. The public school has enrolled 436 and the training school 204, making a total of 640 pupils in the schools of this town. We note that two or three towns whose population runs above 2000 have less pupils in the schools than has Canyon. The independent school district is continually confronted with the question of school money. Scores of pupils are here for the benefit of the schools who bring little income to the district. A full report of the school's finances will be printed this year from time to time in order that the patrons may know of the conditions confronting the board of trustees.

One of the prettiest of the many delightful social courtesies that has been extended to Miss Mae Hollifield was the pretty party given Tuesday evening by Miss Lillian Cash. Garden flowers were used in abundance thru the entertaining rooms, and following an evening of music and games a tempting refreshment course was served to about a dozen guests.

Ranking among the most delightful social affairs of the week end was the party given Friday night by Miss Loretta Wiggins in honor of the eighth grade of the High School. Indoor and outdoor games and romps furnished the evening pastime for the merry makers. At a late hour a dainty repast was served.

TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Canyon evidence—doubly proven.

R. E. Hileman, prop., bicycle shop says: "I found positive relief in using Doan's Kidney Pills for lameness across the small of my back and for my kidneys. I can conscientiously recommend them for lumbago and for embarrassment caused by the kidney-secretions. I am quite over all difficulties of that nature since I used them." (Statement given January 11, 1911.)

On May 1, 1919, Mr. Hileman said: "Since I used and recommended Doan's Kidney Pills some years ago, I have taken them whenever in need of such a remedy. Doan's have never failed to give instant relief and I am always glad to say a good word in favor of them."

Pimples Denote Waste Products In The Blood

So Do Blackheads, Boils and Similar Skin Disorders.

The human system is forever striving to get rid of the waste products. It is a life-work which goes on forever. When waste products get in the blood, they cause a lowered vitality. As a result, we become subject to many painful and embarrassing ailments.

When these symptoms appear, Nature is warning us. To throw off the waste products the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

BOOK CLUB MEETING

The postponed meeting of the Woman's Book Club was held yesterday afternoon at the court house with Mesdames Stafford, Keiser and Fronabarger leaders.

The next regular meeting will be held next Wednesday with Mesdames J. B. Gamble, Allen and Sone leading. The subject for study is the poems of William Cullen Bryant, and the following questions bear upon the lesson:

1. What is the dominant thought running through the "Forest Hymn"?
2. Are the images set forth in "The Prairie" true to the natural phenomena of Texas prairies? Bryant saw the prairies of Illinois in 1832, the year of the composition of this poem.
3. What points of contrast do you note between the thoughts in "To a Fringed Gentian" and "The Yellow Violet"? Which is the more charming of the two poems?
4. How does Bryant express his human sympathies in "The Evening Wind"?
5. Compare the main thought of "Thanatopsis" with that of "The Flood of Years." How do you like Bryant's blank verse.
6. Would you expect poems "Life" and "June" to express thoughts of death and the grave? Do most of Bryant's better poems deal with thoughts of death?
7. What personal grief lends a melancholy tone to "The Death of the Flowers"?
8. What qualities have made "To a Waterfowl," Bryant's most noted poem?
9. Does Bryant show any sense of humor in these poems?
10. What is the most frequently quoted quatrain in all Bryant's poetry?

TWIN BROTHERS

Bigotry and fanaticism are twin brothers. They live under the same hat. They engage in the same kind of employment, act as one, and carry forth their impositions with shameless faces.

The bigot imagines all rose gardens are defective except his own. He imagines his neighbors' roses are the habitation of vermin. The worm does not inhabit a rose which is properly cared for by the attendant. Bigoted fanaticism awards its opinions first prize in the contest of intellectuality. Fanaticism cannot be classified.

Society is held back by the intolerant acts of those who have taken it to themselves to save the world. In the academy of nature we find perfection. Mind and matter sprang from the laboratory of divine workmanship.

Nothing becomes tardy and disobeys the masterhand which brought it into being. The Creator furnished the material, the creatures use the material and work out the problems of civilization. If we make improper use of the material we injure ourselves and must pay the penalty.

But no man or party or creed is vested with the superior rights or special power to work his will upon his fellows. The man who endeavors to do such a thing encroaches upon his neighbor's rights and becomes a bigot. Political or religious bigotry that is puffed up, is fanaticism.

When a diplomat "lays his cards on the table," he usually has another deck up his sleeve.—Columbia (S. C.) Record.

**SHERIFF'S SALE
THE STATE OF TEXAS,
County of Randall.**

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable County Court of Randall County on the 4th day of October, 1921, by O. W. Gano, Clerk of said Court, for the sum of Seventy-one and 25-100 Dollars and cost of suit, under a Judgment, in favor of Nathan Schee in a certain cause in said Court, No. 550, and styled Nathan Schee vs. Joe Zrutzky, placed in my hands for service, I, W. C. Black, as Sheriff of Randall County, Texas, did, on the 4th day of October, 1921, levy on certain Real Estate, situated in Randall County, Texas, described as follows, to-wit: The Northeast (NE 1/4) one fourth of Section Thirty-four (34) in Block No. 1 (one), Tyler Tap Railroad Company land, situated and being located in Randall County, Texas, and levied upon as the property of Joe Zrutzky and that on the first Tuesday in November, 1921, the same being the 1st day of said month, at the Court House door, of Randall County, in the Town of Canyon, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Joe Zrutzky.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Randall County News, a newspaper published in Randall County.

Witness my hand, this 4th day of October, 1921.

W. C. BLACK, Sheriff,
Randall County, Texas.

**TEXAS LEADS ALL STATES IN
NEW HIGHWAY CONSTRUCTION**

With 1,840 miles of highways under construction in the State, Texas leads the nation in road building in point of mileage, according to statistics in possession of Capt. J. D. Fauntleroy, chief engineer in Fort Worth of the United States Bureau of Public Roads. Iowa with 1,336 miles of highway under construction is the only State that stands near Texas in mileage, the figures show. The statistics are from 1918 to Aug. 31, 1921, inclusive.

There have been 375 miles of highway completed in the State as Federal aid projects since 1918 and although Texas ranks second in mileage of completed highways, Minnesota with a completed mileage of 559 is said to have largely built dirt and gravel roads while Texas has confined its highway construction mainly to high types, Fauntleroy says.

Less than 5 per cent of the highways under construction and constructed in the State are dirt roads, it is pointed out, the types being mainly of concrete, asphalt on crushed rock bases and asphalt surfaced gravel roads.

Besides the mileage under construction, plans have been submitted and approved for 310 miles of additional road. In this Texas ranks first and North Dakota second with plans approved for 218 miles. The State again ranks first in the mileage of road projects approved for which plans have not been submitted, with 732 miles. Nebraska is second with 709 miles.

The total mileage of highways completed, under construction and for which the plans and projects have been approved in the State is 3,450. Nebraska is second with 2,344.

The highway program in Texas is to cost \$23,208,680, as compared with the next highest expenditure of Pennsylvania of \$19,470,752. Of the amount to be expended in Texas, \$15,486,102 is Federal aid. New York alone stands second in the amount of Federal aid to be received, with \$13,420,508. The mileage of the New York highways, while a little over 700 miles, is made up of exceptionally high types of road, such as brick and concrete.

Texas already has received about 28 per cent of its apportionment under the Federal aid act and the remainder is being paid out at the rate of approximately \$800,000 a month, Captain Fauntleroy said.

I am opening a kindergarten school in the West part of town Monday. Those interested will please write me at the following address. B. Elizabeth Bowsher, Canyon.

MILK, THE NATIONAL DRINK

Milk is becoming the national drink, as well as one of the chief foods of workers. Not many years ago many laboring men dropped their tools at noon hour and departed for the corner grocery where they lunched off beer and sandwiches, or else returned with a bucket of foamy fluid. Today you see these same men surround the milk wagon where they purchase a much more nutritious and satisfying fluid at 10 cents a pint, or else they go to a nearby grocery for the same thing.

Grocers report on increasing demand for bottled milk. Office men, office girls, the boss himself, are all consuming milk with their midday lunch. In this they are not one whit behind the laboring man. The beverage seems to be in universal demand in all of our cities. If our country people consume as much proportionately there would not be enough cows in Texas to supply the demand.—Farm and Ranch.

One of the most worthless junketing trips that has been made in a decade by the Texas legislators was made this week by a committee, to inspect Palo Duro Canyon and the Davis mountains with a view of studying their desirability as State Parks. To his credit, be it said that Governor Neff vetoed a concurrent resolution providing for the trip by the joint committee. Then the legislature passed a simple resolution in each house for the trip, and provided for the expense out of the contingent fund. The governor thus had nothing to say about it. The trip is absolutely useless to the tax payers. In the first place, Texas has owned the Davis mountains for 85 years, and no one has cared a flip for them. In the next place it would take a million dollars to buy back the Palo Duro Canyon now, that was forty years ago given to the H. & G. N. railroad for a bonus. The trip is nothing more or less than

SUPT. SONE REPORTS MONTH'S WORK TO THE BOARD OF SCHOOL TRUSTEES

The school work for September has been very satisfactory. The splendid cooperation of the teachers has made it possible to organize and really begin school work in a short time.

Enrollment began three weeks ago today (Tuesday). Books were allotted to the pupils and lesson assignment made and on Wednesday the High School program was completed. On Thursday the program for the entire school was carried out in full.

Our pupils have responded to this rapid lead and are giving promise of a fine years work.

The attitude toward discipline is reported as fine.

The enrollment at the close of the first month is as follows:

1st Grade boys 25; girls 19; total 44
2nd Grade boys 29; girls 10; total 39
3rd Grade boys 26; girls 28; total 54
4th Grade boys 19; girls 31; total 50
5th Grade boys 16; girls 29; total 45
6th Grade boys 18; girls 16; total 34
7th Grade boys 20; girls 12; total 32
8th Grade boys 31; girls 16; total 47
9th Grade boys 10; girls 23; total 33
10th Grade boys 9; girls 19; total 28
11th Grade boys 11; girls 14; total 25
Total.....214 217 431

A study of this table is interesting. It shows the numbers of boys and girls nearly equal in the entire school.

It is regrettable however that except in the 8th the number of boys in High School does not equal that of the girls—where are the boys?

The eighth of last year has returned almost to a pupil and the number increased by new ones.

Five pupils of the 9th grade class are transferred to other schools and one is out of school. The class is larger, however, by addition of new pupils.

Only two pupils attending the 10th grade last year failed to report for work and these two are in other schools.

Our Senior class which is in line for graduation is represented by 11 boys and 14 girls—young men and young women of much promise to themselves and to the school.

The crowded condition of the primary grades is making the work strenuous and difficult but your teachers are meeting these difficulties bravely and well. It points, however, to the near future when large classes will be entering all the high school grades and problems of housing and equipment be thus placed before you that must be solved or a retrograde movement taken.

Mrs. Powell, since her election in May, has studied carefully the history needs of the affiliated high schools of this section and comes to her work unusually well prepared. She will no doubt add units of credit to the work of last year.

The Science is looked after exclusively by Mr. Cooper, who reports about 90 pupils in his department. Credit will be asked for each course given. Mr. Cooper is bringing to this work experience and the ability to organize. We shall not be disappointed in his classes.

The Latin classes are progressing nicely under the direction of Miss Thompson. Additional credit will be asked here. Prospects are good for the work being placed before the affiliation committee so well done that additional credits will be secured.

Miss Loretta Wiggins reports her English classes working enthusiastically from the start. Her work which was so highly praised last year by the State Department is again thoroughly organized and additional English credits are in sight.

The Mathematics is in charge of the Superintendent and he hopes to see all these classes on affiliated list this year.

The Music and Expression Departments are under the direction of Misses Wiggins and Whitaker, respectively, are crowded with pupils. These teachers are elected members of the faculty and are giving their best for the up-building of the school.

The Board and the school are to be congratulated on having these excellent teachers officially connected with the school.

All wants of equipment are being rapidly filled, thanks to the promptness of your committee.

Our janitor is doing his work well. The play grounds are being carefully supervised.

We are doing our best in handling any infectious or contagious diseases as directed by health and state authorities.

A few more than forty transfers have reported for school work and about six who are non-residents.

The school has been enrolled in the Inter-scholastic League and work under its regulations is being organized.

As requested we shall take pleasure in giving a monthly report to your body.

Respectfully,
C. L. SONE, Supt.

High Rent vs. High Taxes

The man who pays high rental, only in exceptional cases has a moral right to kick about it. The man who pays high taxes is receiving its benefits. Being a party to taxes is being a partner in a great enterprise. What does the rent payer get back for his money? For what reason has he to expect more than a shelter for his family, to whom his every instinct should urge him to own his home? The man who will deny his family the pride of home-ownership is, unconsciously maybe, but nevertheless tearing away the basis of our government, society and civilization.

This may be pointed, but it's true. Let us help you build a home.

RESOLUTIONS OF RESPECT

Since God in his infinite wisdom has seen fit to call from us our beloved friend, W. D. Wallace, and wafted his spirit to an upper and better world, we the members of the Baptist Young People's Union of the Palo Duro Baptist Church do humbly bow in meek submission to the alwise Creator, realizing that our community has suffered a great loss.

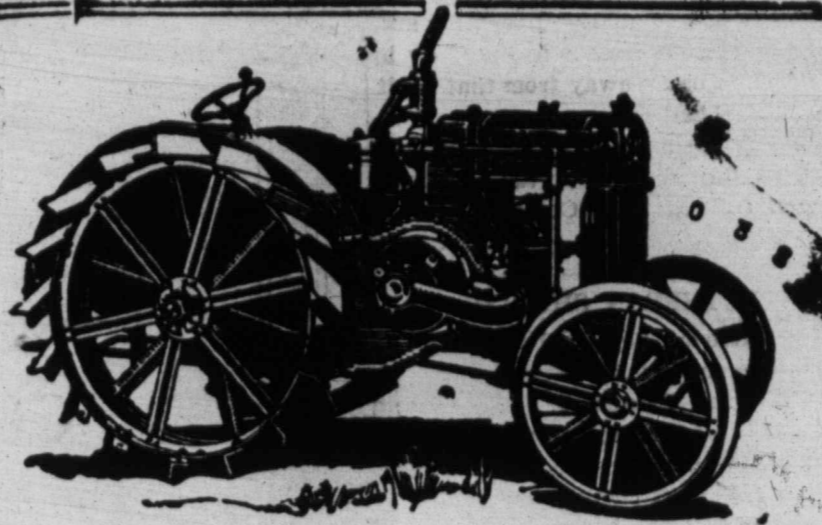

We offer our heartfelt sympathy to the bereaved family. We shall ever revere his memory and trust that all will realize that God who doeth all things well, knoweth best.

Resolved that a copy of these resolutions be sent to the bereaved family, and a copy be sent to the Randall County News for publication.

The Latest and Best

We offer the Case 15-27 Kerosene Tractor as the king of them all. It is creating a sensation all over the country. It is the result of 77 years of experience of the famous J. I. Case Threshing Machine Company.

It pulls three plows in hard plowing—four plows under favorable conditions. It has abundant reserve power. It burns kerosene successfully and economically.

This sturdy tractor is adaptable for all kinds of drawbar and belt work. It drives a 26x46 Case Thresher with Feeder and Wind Stack. Its pulley is properly placed for convenient "lining up."

It is small and compact and built for accessibility. No tractor is finer. You should become acquainted with its many superiorities, which we will be glad to explain. Don't buy before you see this better tractor.

Wheeler Brothers are presenting an entirely new program this year, hundreds of wild and domestic animals, trained to do all kinds of tricks from the smallest monkey to the largest elephant. Among the Arenic feats are astonishing clever and accomplished acrobats, graceful gymnasts, trapeze performers, aerial artists, wire-walkers, lots of funny clowns and a big concert band. Here you will see more astounding feats and daredevil stunts crammed into one performance than you ever witnessed before. Don't forget the date. Show at 2:30 p. m. and 8:00 p. m.

METHODIST SUNDAY SCHOOL

The membership drive at the Methodist Sunday School is giving results. We had an increase of sixty four last Sunday but we are still about two hundred short of our goal. Everybody come next Sunday and bring somebody. There are special classes for the College students.

Last Sunday was promotion day and several classes were promoted to do higher work for the coming year. Among these was the little girls' class which gave all of their savings to the Orphans Home Fund.

The Methodist Sunday School extends a welcome to everybody who is not in Sunday School. You are the one who is needed and no body can take your place.

LAYMAN'S PROGRAM

Baptist Church, Oct. 9, 3:30 p. m.

What is the greatest need of the world today, Christianity or Battleships?—Mr. Tarlton.

Is faith the gift of God, or the act of the creature?—J. L. Prichard.

What is my duty to laymen movement in our church?—Mr. Simmons.

PRESBYTERIAN CHURCH

We were glad that we had the opportunity of doing what we could in making the students of the Normal feel welcome in our midst and in contributing to their enjoyment on last Tuesday night. We hope that we shall be able to make that experience a progressive one so long as they are in Canyon and be the means of establishing in their lives that something which will make JOY a life-long and an age-long realization for them.

With this thought in mind the Pastor is going to use as his sermon-subject next Sunday morning at 11 o'clock "The Origin, Constancy, and Tendency of Joy."

Our evening service of worship will begin at 7:30. The subject for this hour will be: "Three Types of Life." You have chosen one of these three. Come and see if you like your choice.

The Union Christian Endeavor Society will meet this Sunday at the Presbyterian Church at 6:30. Be sure to be there on time.

The Sunday School meets at 9:45 a. m. All department are maintained and there is a class for you. Mr. R. P. Jarrett has a very interesting class for the young men and young women. We invite you to come.

There is a welcome at the Presbyterian church for you.

TED P. HOLLIFIELD, Pastor.

Come to Canyon to live.

DOWN-TOWN BIBLE CLASS

Mark Foster, Secretary and Treasurer, Ted P. Hollifield, Teacher.

We are expecting a good attendance next Sunday and we want you to make up your mind to be there. A special program is being arranged in the way of special music and you should be there to get the benefit of this feature. We have had a prolonged vacation and it has almost become a habit. Now is the time to break away from that habit for it is a bad one.

This is a class for young men held each Sunday morning at the American Legion Hall at 9:45. Come.

—Reporter.

LUTHERAN CHURCH

Keenan School House.
10:30 a. m. Sunday School.
11:00 a. m. Preaching.

Visitors wishing to become acquainted with the doctrines and the customs of the Lutheran church, are cordially invited to attend. We promise you no sensations, merely a bold condemnation of sin, and Christ's way of salvation. The subject of the morning's sermon will be: "Sins of the Tongue." Happy, Texas, services at 3 o'clock. Four catechumens, who have been instructed by the pastor, will confess their faith and be confirmed into the church. Mrs. Hinge and Miss Herta Meyer will sing.

O. P. HINGE, Pastor.

CHRISTIAN CHURCH

Rev. E. A. Osborne will preach on Sunday at 11 a. m., on "True Wisdom," and at 7:30 p. m., on "The Retributive Aspect of Love." The Bible school will assemble at 10 a. m. At 6:30 p. m., the Union Christian Endeavor Society will meet at the Presbyterian Church.

PAPER NAPKINS

Two grades for sale at the News office. The very best tissue napkin at \$1.00 per thousand; the best crepe napkin at \$1.50 per thousand. Come and see them. 23f

"THE OLD NEST"

Suddenly they have all grown up and left her—the babies she used to tuck in bed at night. The old house is empty and silent. All have forgotten her. Her birthdays pass unnoticed.

Each child has embarked on a drama of his own. Loves, ambitions, temptations, carry them away. There are moments of laughter and comedy, romance, adventure, tragedy. The story of their lives sweeps you along.

Your life—your home—your mother—as they might have been or as they are. "The Old Nest" will awaken deep in your heart memories of the mother to whom you ran with your childish troubles.

Never before has the screen touched with such beauty and dramatic force a subject which finds an echo in the lives of every one of us. One of the most heart-gripping dramatic stories ever narrated.
