## **BUFFALOES WILL END SEASON WITH CLARENDON GAME**

THANKSGIVING GAME WILL BE at 10:00 o'clock. BIGGEST GAME AT HOME

Whistle Blows at 2:30 Thursday Afternoon-Buffaloes Have Best of Comparative Scores.

The Buffaloes will end the football season this afternoon at 2:30 o'clock on the local grounds when the fast squad of Clarendon College will be met.

In spite of the fact that Clarendon won the first game played with the Normal this season, it looks like the Buffaloes should win the Turkey Day game by an easy score. Clarendon won by two touchdowns the week after the Normal met T. C. U. in Amarillo. It is said by rooters who witnessed the game in Clarendon that the Buffaloes put up a very ragged fight and that it was by far the poorest display of football the team has exhibited so far this season. Since that time both Clarendon and the Buffaloes have met Wayland and Abilene Christian College. The Buffaloes have a much better score against both teams than does Clarendon.

Great interest is being manifested in the game with Clarendon, and hundreds of football fans from Amarillo and other surrounding towns are expected to witness the game. Clarendon will bring more than 200 rooters for

Coach Burton says that the team is in good condition, and ready to put up a fight. Big Key is out of the game on account of injuries received in the Maize and Kaffirs to Ranger game. The remainder of the team is in fine shape.

# Wanted "Ringers" So

lege has never played a man on any of its athletic teams unless he was a work. The school is trying to get into the Texas Intercollegiate Association for next year, and to do so the will pla bonifide students of their ing. institutions.

A game was scheduled with Wayland College Saturday. The Buffaloes were greatly surprised when news came that the supposed Wayland team would have six or more town players. Officials of Wayland-called late Friday that they wanted the Normal to understand that if the game was played, it would not be a Wayland college game.

Under the circumstnaces, the Buffa- feet. loes cancelled the game, as the team will not play any but accredited col-

402 Polk St., Amarillo 

that you use just as much of whether you're rich or poor? writes Fred Kelly poor little hamlet containing a church dedicated to "Divae Maria de Trienno."

The king being a church up, and he declared that as good an example as any is plain table salt. If you're in the habit of putting a pinch of salt on your eggs in the morning you won't take an extra pinch after you're suddenly thrown into a state of comparative poverty, you'll still have your pinch of salt just the same. If you can't have eggs in the morning as St. Simon said, this curious little you'll probably put your customary salt ration on something else. By hook or crook you'll have all the salt you span presided over the sumptuous suppers offered by the luxury-loving King need. Now, then, that being the case, salt ought to be in steady demand year in and year out, oughtn't it? And yet

WHAT DOES EVERYBODY USE? What is there, asks my friend Ayres

an investigation found some months ago that the bottom had dropped right out of the table salt market. The pro at all. Why? Just because the public was using up the slack. People recognized that they were buying salt, as well as everything else, on a falling market. Hence, the family that had an extra sack of salt in the pantry used it up before going to the grocery for another. The grocer, in turn, used up his reserve stock before ordering from the wholesaler. And the whole sale dealer delayed buying from the manufacturer so long as he had a grain

# First Proclamation of National Thanksgiving Day by Washington

Whereas it is the duty of all Nations to acknowledge the providence of Almighty God, to obey His will, to be grateful for His benefits, and humbly to implore His protection and favor; and

Whereas both Houses of Congress have, by their joint committee. requested me, "to recommend to the people of the United States a day of public thanksgiving and prayer, to be observed by acknowledging, with grateful hearts the many and signal favors of Almighty God, especially by affording them an opportunity peaceably to establish a form of government for their safety and happiness:"

Now, therefore, I do recommend and assign Thursday, the 26th day of November next, to be devoted by the people of these States to the service of that great and glorious Being who is the beneficent authorof all the good that was, that is, or that will be; that we may then all unite in rendering unto Him our sincere and humble thanks for His kind care and protection of the people of this country previous to their becoming a nation; for the signal and manifold mercies and the favorable interpositions of His providence in the course and conclusion of the late war; for the great degree of tranquillity, union and plenty which we have since enjoyed; for the peaceable and rational manner in which we have been enabled to establish constitutions of government for our safety and happiness and particularly the national one now lately instituted; for the civil and religious liberty with which we are blessed, and the means we have of acquiring and diffusing useful knowledge; and, in general, for all the great and various favors which He has been pleased to confer upon us.

And also that we may then unite in most humbly offering our prayers and supplications to the great Lord and Ruler of Nations, and beseech him to pardon our national and other transgressions; to enable us all whether in public or private stations, to perform our several and relative duties properly and punctually; to render our National Government a blessing to all the people by constantly being a Government of wise, just, and constitutional laws, discreetly and faithfully executed and obeyed; to protect and guide all sovereigns and nations (especially such as have shown kindness to us), and to bless them with good governments, peace, and concord; to promote the knowledge and practice of true religion and virtue, and the increase of science among them and us; and, generally, to grant unto all mankind such a degree of temporal prosperity as He alone knows to be best.

Given under my hand, at the city of New York, the 3rd day of October, A. D. 1789.

# Hasten to Nationalize ry out the provisions of the state guaranty law.

Taking This Action to Escape the Drain of the State Bank Guaranty Law.

Kansas City-Ten Oklahoma state hanks have received authorization by telegraph to enter national banking system. Applications of 15 others are pending. These transfers are said to he the first ever authorized by telegraph. Object of transfer is to relieve banks from drain of Oklahoma state bank guaranty law.

Bankers of Oklahoma now operating under state charters are beginning to make efforts to nationalize to escape the drain of the Oklahoma state bank guaranty-law, Only this week a committee of Oklahoma state bankers, representing some of the strongest state banks in Oklahoma, came to Kansas City in an endeavor to arrange to enter the national banking system, and to become members of the Federal Reserve system, through telegraphic arrangements with Washington. There are strong indications that this movement will spread.

Desire of Oklahoma state banks that are in a strong position to withdraw from the state charters and to become national banks is due to the effect of the growing number of state bank failures in that state. The last report of the Oklahoma state banking board. for September 30, showed that it had There has been a heavy increase in the amount of these warrants since, the volume forced upon some banks under obligatory on every state bank, being politicians.-Columbia Record. very burdensome.

The state guaranty in Oklahoma is through the issuance of warrants. When a bank fails, warrants to cover the amount involved are issued. State Southern Lumberman. banks are required to deposit collateral with the state banking board for their share of the warrants, which is determined by the deposits of each bank. Later the state board is supposed to take up the warrants through the annual assessments of one fifth of 1 per tism, neuralgia, contracted muscles, cent against the average of each state sprains or lameness. #### THAT DULL ACHING

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and achy backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor!

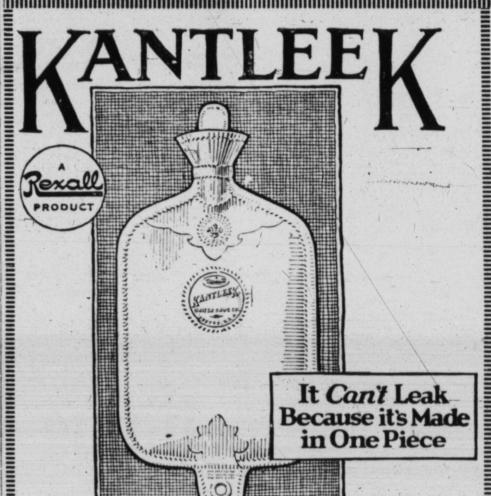

Mrs. G. A. Jones, Canyon, says: "I was troubled continually with my back. Through the small of my back was a steady, bearing down pain and over to pick up anything. At night my back was sore and ached so I couldn't sleep at all. I also had awful dizzy spells and headaches. My kidneys were weak and troubled me, too. I saw Doan's Kidney Pills advertised and bought a supply from the City Drug Store. Three boxes of Doan's cured me of every sympotm of the

The Ford One-Ton Truck first made its appeal to the farmer and the merchant because of the merits of Ford Cars. And it made its wonderful reputation and great sales record because it lived up to every claim made for it.

The reliable Ford Motor, the special Ford steel chassis, the aluminum bronze worm-drive, all combine to produce a truck of unusual power, capacity and strength - a truck that lasts in service; a truck that solves the haulage problem at a very small operating and upkeep expense. Hence the demand for the Ford One-Ton Truck is constantly on the increase.

For the good of your business, whether it be farming, merchandising or manufacturing, you should come in and look over the Ford One-Ton Truck-NOW!

## **IMPORTANT**

We are prepared to furnish the Ford Truck equipped either with Standard or Special Gearing. The Standard Gearing gives the truck a maximum of power. The Special Gearing increases the speed of the truck from five to seven miles an hour, converting it into a Fast Delivery Car.

We offer the Case 15-27 Kerosene Tractor as the king of them all. It is creating a sensation all over the country. It is the result of 77 years of experience of the famous J. I. Case Threshing Machine Company.

It pulls three plows in hard plowing—four plows under favorable conditions. It has abundant reserve power. It burns kerosene successfully and economically.

This sturdy tractor is adaptable for all kinds of drawbar and belt work. It drives a 26x46 Case Thresher with Feeder and Wind Stacker. Its pulley is properly placed for convenient "lining up."

It is small and compact and built for accessibility. No tractor is finer. You should become acquainted with its many superiorities, which we will be glad to explain. Don't buy before you see this better tractor.

J. C. DOWD, Agent
