

PROGRAMS FOR SIX DAYS WILL BE GIVEN JAN. 17-22

CAPT. C. S. NUSBAUM WILL GIVE FREE LECTURES IN CANYON.

Noted Lecturer, Accompanied by Musician, Will Tell of Community Spirit at Methodist Church.

The business men of Canyon have secured the services of Capt. C. S. Nusbaum of Colorado Springs for six days commencing January 17 and ending on Sunday night, Jan. 22. Capt. Nusbaum will lecture on community interest subjects. He is accompanied by his cousin, Prof. W. W. Nusbaum, who has charge of the music, and will put on a great musical program during the days they are in Canyon.

The lectures will be held in the Methodist church. Admission is free, but a silver collection will be taken to pay the expenses.

The following committees were appointed Friday afternoon to look after this program:

General arrangements—C. L. Corey, Mrs. S. L. Ingham, W. A. Warren.

Publicity—C. W. Warwick.

Music—Rev. Ted P. Hollifield, Rev. E. A. Osborne.

Finance—R. H. Wright, E. H. Powell.

The following are the subjects of the lectures:

Tuesday, 7:30 p. m.—Musical Prelude—Lecture, "The Individual Life and the Community."

Wednesday, 7:30 p. m.—Musical Prelude—Lecture, "The Investment of Life's Forces in the Community."

Thursday, 3:00 p. m.—Musical Lecture, "Womanhood and the Community."

Thursday, 7:30 p. m.—Musical Prelude—Lecture, "The Home and the Community."

Friday, Community Day—Noon Luncheon—Talks—Lecture, "Plan and Program for the Community Life."

Friday, Community Day—7:30—Musical prelude—Lecture—"The Building of a Real Community."

Saturday, 7:30 p. m.—Grand Concert by Community Chorus—Address, "Music in the Community."

Sunday, 11:00 a. m.—Lecture Sermon, "The Kingdom of Life and the Community."

Sunday, 3:00 p. m.—Musical—Lecture, "Manhood and the Community."

Sunday, 7:30 p. m.—Musical Prelude—Sermon Lecture, "The Life of Lives in the Community."

WILL LET ROAD CONTRACT.

Judge Worth A. Jennings stated yesterday that at the meeting of the commissioners court next Monday, bids would be opened for fixing the sand bed on the highway north of the creek.

The impression got out in town that the contract had already been let to D. B. Holcomb, who is hauling in a few loads of dirt to fix the worse places in the sand bed.

The court wishes to haul gravel or clay to this place, covering the sand about 18 inches deep. The contractor is to drag the road two or three times a day in order to keep it smooth. The grade must be 18 feet wide.

This sand bed is three-tenths of a mile in length, and is the only bad piece of road on the highway. It will be very gratifying to the automobile owners to have it fixed up.

Farm Bureau Was Organized Monday

A meeting was held Monday in this city of farmers for the purpose of organizing the Randall County Farm Bureau. The following officers were elected:

A. B. Haynes—President.
John Knight—Vice President.
John Vetsak—Secy-Treas.
Directors—The officers together with Peter Meyers and Geo. Frank.

A. B. Haynes was appointed to go of the state meeting which is being held in Dallas this week.

Eleven members joined the local here Monday. There are now about 65 in Randall county, locals having been organized at Umbarger, Happy and those in the north part of the county belonging to the Amarillo local.

Judge L. Gough of Hereford was the principal speaker at the meeting here Monday.

Come to Canyon to live.

Foster Leader at Next Luncheon Com'l Club

G. G. Foster, president of the school trustees of the Canyon Independent school district, will be the leader at the weekly luncheon held at the Canyon Cafe next Tuesday at twelve o'clock.

Mr. Foster will present certain facts regarding the school problem of Canyon at this meeting, in which every person living in the district should be vitally interested.

STARTS MISSION WORK.

Rev. Marvin G. Brotherton of Floydade arrived here Friday, having been assigned to the mission work of the Methodist church in Randall county.

Mr. Brotherton will establish a circuit over the county, visiting the various school houses.

Fronabarger Heads Red Cross Executive Committee for 1922

At the meeting of the new executive committee of the Randall County Red Cross Chapter Monday afternoon at the court house, Rev. B. F. Fronabarger was elected chairman of the chapter for the coming year.

Other officers were elected as follows:

Vice Chairman—Mrs. T. V. Reeves.
Secretary—Rev. Ted P. Hollifield.
Treasurer—C. D. Lester.

The committee to look after the charity work for the coming year is composed of Rev. Hollifield, Rev. Fronabarger and Mrs. B. A. Stafford.

The executive committee was called to meet again next Monday afternoon at four o'clock at which time Mrs. Powell, public health nurse, will report to the committee regarding the public health work in the county and some action will be taken regarding the employment of a nurse for the county.

Poultry Show Will be Held Here Jan 13-14

At the meeting of the Commercial League Tuesday, C. F. Walker announced that he had planned a poultry show in Canyon to be held next week, Jan. 13-14. The show was being held for the purpose of giving the poultry raisers a chance to cull out their chickens, as many wanted to exhibit at the Hereford poultry show.

Mr. Walker stated that no entries would be charged, no rentals and no cash premiums.

He suggested, however, that the business houses be asked to contribute merchandise to be given as premiums in the show, and a committee was appointed of Elmer R. Wilson, W. L. Browning and R. A. Campbell to see the merchants regarding the merchandise premiums.

H. W. Duke of Amarillo will be the judge.

Mr. Walker urges that poultry raisers exhibit their poultry in this show in order to find out which is the best type of birds that may keep in their flocks.

"The Spoofers" Will Be Staged at Normal Monday by Big Cast

"The Spoofers" will be presented at the Normal auditorium next Monday night at eight o'clock under the auspices of the American Legion, the cast being composed of 125 Amarillo people.

This show was put on in Amarillo at Thanksgiving time by the Elks. It was scheduled to show for three nights but so great was the sale of tickets that it was necessary to run four nights.

The Legion was indeed fortunate to obtain such a high class show for Canyon, and the attendance promises to be exceptionally large.

VARIETY OF WEATHER.

The Panhandle has witnessed all kinds of weather during the past week, and it almost rained—almost.

Tuesday morning was as warm as a May morning, with clouds hanging low, and every indication of a good rain.

By noon there was a high wind from the west, and the prospects of rain went blue. Clouds gathered again at night, and a little shower or two fell during the night.

It is going to rain one of these days—like it always does—just about thirty seconds before it is too late.

MARTIN ALLOWS ANNOUNCEMENT OF ESTABLISHMENT OF LOAN FUND IN THE NORMAL, WHICH HE MADE LAST MAY

Friends of the West Texas State Normal College rejoice in the New Year announcement that comes from the office of President J. A. Hill to the effect that Judge A. B. Martin and wife of Plainview, have established a loan fund in the institution in the sum of \$2,400. The conveyance recites that "It is the intention—to create and establish a students' loan fund for the use of orphan boys and girls of Texas, to be known as 'The Alan Bailey Martin Memorial Loan Fund,' the gift hereby made being the foundation and beginning of such fund." It is further stated that, "The purpose and intention of the donors of this fund is to perpetuate and honor the memory of our deceased adopted son by giving to the orphans of Texas an opportunity to equip themselves to earn a livelihood and to be of service to their fellowman, and this gift shall be liberally construed in the spirit of this intention.

The gift was made last May, but not until the last few days were the donors willing that public announcement be made. President Hill urged upon Judge Martin that he owed it to the public as a patriotic duty to allow some public announcement of the donation.

This fund takes its place beside the Gregg Cousins Memorial Loan Fund which was established in 1912 by former President Cousins and his wife and which amounts to more than \$3,000.

Judge Martin was for six years a member of the Board of Normal College Regents and is thoroughly familiar with the work of the West Texas State Normal College. He has been very active in the development of the Normal College system in Texas and has been peculiarly serviceable to the Canyon School. His recent benefaction will bless dozens of Texas orphan boys and girls through the years to come and in the same measure will enable the College to enlarge its field of service.

Only 272 Cars Have 1922 Seals; Trouble Ahead of Delinquents

Sheriff W. C. Black states that only 272 car owners procured the 1922 seals from him up to Saturday night. This means that about half of the cars of Randall county are being unlawfully operated, as every car owner driving a car without the 1922 seal has been subject to a fine since the first day of January.

Sheriff Black states that he has been advised that arrests are being made in Amarillo, Plainview and other Plains towns where cars are operated without the 1922 seals.

The sheriff states that it will be necessary for him to start making arrests if the owners do not come in and get their seals.

BOOK CLUB MEETING

The Woman's Book Club will study Henry David Thoreau at the regular meeting next Wednesday, with Mesdames O. N. Gamble, S. B. Orton and Miss Wiley as leaders. The following questions will be discussed:

1. How would you classify "Walden" as to the kind of writing? Has the book organic unity and sequence, or is it a mere collection of essays strung together on a slight thread of personal experience? 2. Which is the more valuable Thoreau's philosophical ideas or his record of natural phenomena? 3. What are Thoreau's notions about modern novel reading as compared with serious reading? 4. Prove by examples Thoreau's fondness for paradoxical sayings. 5. What type of humor, if any, do you find in "Walden"? 6. What connection has Thoreau's experiment with the Transcendental Movement? 7. Do you think the sort of life Thoreau led at Walden would be suitable for the average person? 8. Was Thoreau a good citizen? What do you think of his refusal to pay his poll-tax? 9. Did Thoreau act wisely in not marrying? Why? 10. What is your final estimate of Thoreau as a man and as a writer?

HAD POSSUM DINNER.
S. E. (Uncle Doc) Williams entertained about fifty of his relatives on Christmas day with a big possum and turkey dinner. The possum was sent him by Rev. Benj. Bates of Wichita Falls, an old friend. The dinner was served at the home of his son-in-law, A. T. Smith.

Henry Jones of Friona was a caller in Canyon Wednesday.

Swine Breeders Will Have Sale January 19

In accordance with the announcement made several weeks ago, the swine breeders of Randall county are planning to put on their spring sale in Canyon on January 19th. Forty head of bred sows will be offered in this sale.

H. C. Roffey, secretary of the Randall County Swine Breeders Association, stated yesterday that he wished for all those entering sows in the sale to please get their pedigrees in at once so that the catalogues might be printed next week.

Poll Tax Payments Slow in Randall Co.

Poll tax payments are the lightest for a number of years, in spite of the fact that women are required to pay the poll tax, and property taxes may not be paid this year until the poll tax of both the man and his wife has been paid.

The following is the payment by precincts up until yesterday:

No. 1	147
No. 2	3
No. 3	23
No. 4	11
No. 5	10
No. 6	3
No. 7	5
No. 8	116
Total	218

Heyser Will Start Work On New Brick Business House Next Week

S. H. Heyser announced yesterday that he would start work next week on a new brick building on one of his lots on the south side of the square where his frame buildings were recently destroyed by fire.

Mr. Heyser states that he will build at this time a 20x66 foot building. He has plans to build three buildings on the 60 foot front, all of them 20 feet wide.

So far no other arrangements have been completed for buildings on the spot of the fire.

Normal Sending 4000 Calendars Advertising Summer Session

The West Texas State Normal College is sending out 4000 calendars to prospective students, advertising the summer session of 1922.

The summer school opens June 7th and closes August 26th.

The summer normal opens June 7th and closes August 10.

The attendance of last summer of 1325 was by far the largest in the history of the school, and should be duplicated again during the coming summer. If housing conditions were such that 2000 could be cared for, President J. A. Hill believes that this number could be procured for the summer session.

Mrs. Powell Returns Today to Complete Examination Children

Mrs. Zula L. Powell, public health nurse, will arrive in the city today to complete the work started a few weeks ago of inspecting the children of the schools. She was called away on account of the Christmas seal sale which is put on every year in the state, and the proceeds of which keep going the work of this department.

It is not known just how much time Mrs. Powell will be allowed for her work in Randall county. She was here three weeks before, and completed the examination of all but 80 boys in the public schools. It was planned that she should visit every school and community in Randall county during her work here, and word was sent to Austin asking that she be allowed this amount of time in Randall county.

CANYON SUPPLY ELECTION.

The stockholders of the Canyon City Supply Company met Tuesday evening at the store and elected the following officers for the coming year:

President—J. M. Black.
Vice President—C. T. Word.
Secy-Treas.—Mrs. W. T. Moreland.
Manager—O. N. Gamble.

Directors—J. M. Black, C. T. Word, O. N. Gamble, R. W. O'Keefe, J. D. Gamble.

BANK DECLARES DIVIDEND.

At the monthly meeting of the directors of the First State Bank Dec. 31, the regular annual dividend of ten percent was declared.

Chamber of Commerce Meeting Postponed

The meeting of the Panhandle Plains Chamber of Commerce set for Monday, January 9th, has been postponed until Tuesday, January 17th.

It is proposed to make this a general meeting of all parties interested in this organization.

We will have a business meeting at 1:30 p. m. and a banquet at the Amarillo Hotel in the evening, at which time we will take up matters of general interest to the Panhandle to be discussed by parties acquainted with this situation. Define program will be mailed to you later.

Hamlin Palmer, Acting Sec'y.

REVIEW OF PAST YEAR AND LOOK INTO NEW YEAR

COMMERCIAL LEAGUE LUNCHEON

EON HELD TUESDAY

Clubs of Canyon Will Work For Better Town in 1922—Support for League Is Needed.

The regular weekly luncheon of the Randall County Commercial League was held Tuesday at the Canyon Cafe with Prof. L. G. Allen as leader.

Mr. Allen stated that since this was the beginning of a new year he thought it advisable to review the history of the past year, and then call upon individuals representing different clubs in Canyon as the work that their respective organizations would undertake during the coming year.

C. W. Warwick was called upon by Mr. Allen to give a history of the past year. Mr. Warwick pointed out that a number of definite things had been undertaken by the League as follows: Poultry show in January; Swine Breeders sale; cup for Intercollegiate meet; regular monthly trades days, but these had not been held during the past two months; starting with the monthly luncheons in March, and increasing the number of meetings to the weekly plan in October; paying part of the expenses of the judging team to the Ft. Worth Fat Stock Show; two good clean up days; two meetings held trying to get gas for the city; dairy meeting in June; contributing \$200 to the entertainment of the teachers' institute and assisting in furnishing free transportation; the Randall County Fair; building the sales pavilion; sending an exhibit to the Dallas Fair, and paying transportation of three boys who won in pig club. All of these things were accomplished in spite of the fact that only \$500 in dues had been at the command of the League.

The speaker urged better attendance at the weekly luncheons among the business men, and that the new officers of the League be given the whole hearted support of every citizen in Canyon during the coming year.

Mr. Allen called upon Mayor J. D. Gamble to tell what should be undertaken for the coming year and how the League might best serve the city officers. The Mayor responded with the statement that the League had supported every measure that the city council had ever proposed and took the opportunity of expressing his thanks for the work and support that had been given to every proposal made by the city officers. Mr. Gamble stated that the city council was confronted by a very perplexing question in the paving difficulty, and asked that the citizens of Canyon give the council their aid.

(Continued on last page)

SOME HOGS ARE DYING.

C. F. Walker stated yesterday that he has been called to see many sick hogs in the county during the past week, and a number of farmers have lost hogs. He believes that it is a bronchial trouble or pneumonia.

Mr. Walker urges all hog raisers to do two things: Get rid of dirt and dust in the hog pens, and free the hogs of lice and worms.

50 Pound Bob Cat Caught by Wendelkin

George Wendelkin has been doing considerable trapping in the canyons east of his home this winter, and Tuesday morning found a fifty pound bob cat in one of his traps. The bob cat was one of the largest seen in this country for many years. George at first thought he had captured a young lion.

Mr. Wendelkin shot the animal, and started to bring it home, but it was such a load that he was unable to carry it out of the canyon, and so was compelled to take the pelt and leave the carcass.

Hunting and trapping is very profitable this year along the canyons. It is reported that there are many more coyotes than usual all along the canyons, and in sections where the country is most sparsely settled.

STORK SPECIAL

A son was born to Mr. and Mrs. C. J. Traver Dec. 23.

Conditions in Austria Reported Very Bad by Relative of Stocker

Leo Stocker of Umbarger was a business caller in the city Friday and stated he had just received a letter from a cousin in Austria, telling of frightful conditions in his native country.

Before the war the krona was worth about 40 cents in our money. Today in national exchange, it is worth less than a cent, while it is almost worthless in Austria. A common laborer gets 50 kronas per day.

A loaf of bread is worth 300 to 400 kronas.

A pair of common work shoes sell at 7000 to 8000 kronas.

Sugar sells at 300 to 400 kronas per pound.

Meat is almost unobtainable, and when offered for sale is so high in prices that the common people cannot afford to eat it.

Overalls sell at 8000 to 12000 kronas. Good clothing cannot be procured.

Milk goats sell at 7000 kronas.

Mr. Stocker's cousin reports that starvation faces the poor people, and that suicides and insanity are very common.

Mr. Stocker's father came to America when he was a lad. He has tried many times to get his relatives to join him here.

MARRIAGE LICENSES ISSUED

O. W. Gano had a flourishing day Tuesday in the marriage license business, delivering four marriage licenses, and Justice of the Peace Arnet Moreland got two of the jobs of knot tying. The following couples were involved:

Bernice Mauldin and Miss Jackie Lair.

Sam T. Pottinger and Miss Ida Burns.

Albert Nichols and Miss Mable Lettinger.

R. Q. Montgomery and Mrs. Kate Montgomery. These people were divorced a month ago in Amarillo.

Mr. Moreland performed the ceremony for the last two couples.

Mother of Jno. Guthrie Died Tuesday Morning

Mrs. Maggie Guthrie, aged 74 years, 11 months and 15 days, died Tuesday morning at the home of her son, J. A. Guthrie, after a short illness. She came to Canyon last year to make her home with her son.

Mrs. Guthrie was born in Tennessee, but came to Texas 52 years ago. Her husband died about seven years ago. She leaves four children, J. A. of this city, Booker, of Stephenville, Mrs. Jim Knight of Lingleville, Mrs. Hunt of Huckaby.

The body was taken to Stephenville Tuesday evening where it will be laid to rest by the side of her husband.

Mrs. Guthrie was well known in this city, having visited here many times before coming to make this her home. She has many close friends who were deeply grieved to hear of her death.

The funeral will be held in Stephenville today.

THE AMERICAN PRESS ASSOCIATION

During the war the allies did not make any headway toward defeating the kaiser and his hordes until there was proper cooperation and coordination of action. There is a great lesson in this for Canyon its citizenship. By cooperation during 1922 we can have paved streets. We can build more sidewalks. We can extend the city water and sewer systems to take in the east part of town. We can enlarge the school district and build a new school building. We can plant trees, flowers, shrubbery. We can get a bunch of brick houses to replace the frame ones recently destroyed by fire. We can start the movement leading to three or four new church buildings. In fact, there are no limitations to the things that may be accomplished in Canyon—things that should not be postponed another year. And on the other hand, we can neglect to do all of these things, and our city will be no better at the end of 1922 than it is this bright new year morning! Get behind the city officials. Encourage them to action. Pledge your support to the county officials. Tell the business men that you are going to stay with them to put something over during 1922. Boost your neighbors. Bury the hatchets and hammers. Let's make a mighty effort for some really big things during 1922.

France is coming in for a lot of criticism for her attitude in the disarmament parley. Before the conference was opened, it was thought probably that Japan would be the stumbling block in the way of disarmament. Little thought was given to the attitude which France might take. Among the first things France did was to defend her unusually large force of men still under arms, in spite of the fact that Germany is in such deplorable condition to make immediate war impossible. France has tried to block every step taken by the other nations. In spite of the fact that France is on the verge of bankruptcy, and many of her people have not enough to eat, she maintains her land force as it was at the close of the war, and demands money and opportunity for ship building. The military party is in control in France. The military party has been overwhelmed in other states. The people are demanding peace in all nations. France has more to fear from a German attack, but a German attack is impossible. Japan is coming across nicely, and submitting to every demand of the other participating governments, but France is as stubborn as was the kaiser when he was in all his glory.

Several times every week the News is most earnestly requested to put such and such an article on the front page. No matter how unimportant the article may be the general public, the more insistent is the request. Do not request a front page position for any article or any information you may give a newspaper which leads up to a news story. If the story is worthy of a front page position, it will find its way to that choice position. If it concerns only a few people, chances are it will not appear on the front page. At any rate, were it a fact that the front page is the only page of a newspaper which people read, all plants would be saved a great amount of work and energy by publishing only that one page. As a matter of fact, other pages of a good newspaper are as closely scanned by the reading public as is the first page. Don't make a request for the front page position. The class of news in hand will determine its proper place.

There have been other years when it was just as dry as this year, and we all got by, and came up smiling at the end. Long faces won't make it rain any sooner. Smile! It might be lots worse.

Nearly fifty homes were built in Canyon during 1921. That many good houses should be built in Canyon this coming spring. Build a home in Canyon.

The Lord has no use for a grouch. In fact the grouch would be miserable should he ever get to heaven.

Some one individual is going to stand head and shoulders above his fellow men in Canyon at the close of 1922, as the doer of things. Why not you? Some organization is going to lead in progressive measures during this year. Why not your organization? Some church is going to be the leader in its work during 1922. Are you going to help your church be that leader? There are lots of things to be done in Canyon during 1922. Are you ready to do your part?

Debs has been turned loose to roam the country, and cry out against the government. He was neither cured or curbed by his term in prison. He is a martyr in the eyes of his followers, and is going to carry his message of hate to every section of this country. We doubt very much whether it was a wise move to turn Debs out of prison until he was earned the thing for which he was imprisoned.

During 1919, Dunn and Bradstreet reported that 84 percent of the business failures were among non-advertisers. The percent has been even higher during the past year. Yet there are a few so-called business firms who are not certain that advertising pays.

George is an honest old cuss, and perhaps somewhat of a bonehead for doing all that is wished upon him, but do not let him do everything during 1922. Help him a little—just a little.

A poultry crop is also certain in the Panhandle. There is plenty of cheap feed on hand. Make your plans now for a lot of poultry this year.

WOULD HAVE SAVED RUSSIA
Speaking of the famine in Russia, the Los Angeles Examiner says: "The key to the solution of famine relief in Russia is transportation. More than a year ago the Soviet government offered to buy 5,000 locomotives in the United States, payment to be made in a neutral European country with gold upon delivery.

"One American company to which a part of this offer was made replied that it could not take steps in the matter without the approval of the State Department, which, of course, was equivalent to refusing to trade.

"Had 1,000 of these locomotives been made, shipped and put into service in Russia, much of the stress of the present famine could ere now have been averted. For there are districts in Russia—notably in Siberia, the Ukraine and the black lands—where food reserves exist but are held out of use by lack of transport."

And then it comments: "How much wiser it would have been to have sold Russia \$25,000,000 worth of locomotives a year ago, receiving gold in payment, than now to expend much more than that sum in famine relief, which, if it succeeds, will still leave the problem of economic readjustment largely, if not wholly unsolved."

"WET MEASURE"
Two pints, one quart.
Two quarts, one pint.
One pint, two cups.
Two cups, one gill.
One gill, thirty drops.
—The Van Raulte, Vanguard.

Lord Nazoo—What's this bill for \$30.00?
Lady Bug—That's from the tailor; he put an attractive looking patch on your trousers.—Life.

Low Price of Corn Justifies Feeding It, Says Ranchman

"By feeding ear corn to my steers instead of cottonseed cake I will save \$40 a day," said Judge S. F. Fagan, Amarillo cattleman, who is wintering a thousand two and three year old black Angus steers on his ranch near Stratford. "So far I have not fed anything and if the good weather continues I will not begin feeding until February. "I have bought a sufficient amount of ear corn to feed my steers at twenty cents a bushel. I intend to feed seven pounds of corn a day to the steers, scattering it on the ground just as I would cake, this will cost me about a cent a day for each steer. If I fed cake, which is costing at present about \$50 a ton, I would feed about two pounds a day, which would cost about five cents a day to feed each animal. I will feed at least ninety days and a saving of four cents a day, an animal, will amount to \$3,600 in that length of time."

DO YOU KNOW THAT—
Fossil remains found in Argentine petroleum deposits support the theory that the oil is of animal origin?
Sulphuric acid is so important in the industries as to justify the saying that the extent of a nation's civilization can be measured by the amount of sulphuric acid it manufactures?

The silky fiber found in the pods of plants of the milkweed family is sometimes mixed with silk and wool in the manufacture of fabrics?

"Carbide" lamps, now very widely used in American mines, burn acetylene, made within the lamp by the action of water on calcium carbide. They give much more light than the old-fashioned oil lamp, and thus aid the miner in detecting dangerous roof conditions—the most fruitful source of mine accidents.

Bobbie (whose father has just helped him to a skimpy piece of pie)—Dad your name ought to have been Brutus.
"Why?"
"You gave me the most unkindest cut of all."—Pathfinder.

This little ad appeared in the New York Times: "Wanted:—Saleswomen to sell molasses of unquestionable ability and character."

Ocker—Did you love her long?
Rino—Yes, until she found me short.

Birdie Lou Lane and Merle Jenkins returned to Canyon Monday for school.

M. C. Sluder's mother and sisters, Fannie Franklin and daughter Fannie May, Mrs. Emma Payne and son Doyle, also Mrs. Grace Graham and daughter Ida B., visited relatives in Canyon last Friday. Mrs. Payne and Doyle spent the night with Mother McGehee, motoring with J. C. Payne to Amarillo Saturday where she met Mr. Payne and they motored to Hartley that evening.

Mrs. Ethel Bourland and Charles accompanied J. C. Payne to Amarillo Saturday on her way to her home at Goodnight.

Quite cold and threatening bad weather last Sunday. Moderated since.

Twelve railroads are now using motor busses.

HARDING'S HARD JOB

Writing in Collier's, Herbert Corey says: "The fact is that the Government is in the hands of a receiver. That isn't a pretty title as president, but Warren G. Harding is quite as much a receiver general of the United States as he is the president. It is his job—aided by Congress—to pull us out of the hole. To begin with, he is doing precisely what any other receiver would do. He is trying to pare down the expenditures of his crippled corporation to fit the income.

"First, a budget is to be outlined by which possible outlay is to be held rigidly within the limits of the Government's income.

"Secondly, the physical machinery of the Government is to be reorganized. It has been the silliest system any government was ever burdened with."

The writer goes on stating that the "132 years the American government has been spending its money like a drunken sailor on a 'strange dock.'"

Of late, many prominent periodicals have published much information about waste, duplication, overlapping, and tangled bureaus and departments in Washington to which the huge expenditures are due. It is true that Congress has been paring down appropriations for many years, but it is equally true that Congress wiped out the deficits which occurred with great regularity. The budget system, now contemplated was broached during Roosevelt's administration, it was talked of during the administration of Taft and discussed during the administration of Wilson, but nothing was accomplished. If Mr. Harding succeeds in introducing the system and in reorganizing the

PROVERBS OF THE NATIONS

Government by co-ordinating the bureaus and departments, he will have accomplished more for the American people than many of his predecessors. It is a matter of getting at the root of the evil, but it is given little or no attention by the people who pay the taxes.

Many people look upon the President as the man who can do things to his liking, or have them done according to his bidding. But the President is only the executive. Congress makes the laws, and it is through congress, the representatives of the people, that our country is governed. Ours is a government of the people, by the people, and for the people, as it was well defined by Lincoln, but as a rule, the people know very little about their form of government.

Never burn false incense before a true god.

There is no one to sweep a common hall.

Whilst wrangling over a quarter of pig you lose a flock of sheep.

Since men live not a hundred years it is vain to scheme for a thousand.

To save one man's life is better than to build a seven-storied pagoda.

Light a fire in seven places and eight will burn to smoke.

If there's no one at home don't leave clothes before the fire to dry.

A man who raises himself on tip-toes cannot remain firm, nor a man with crooked legs, walk far.

They who know the truth are not equal to those who love it, and they who love it are not equal to those who find pleasure in it.

RESOLVED

That—
Lost time is our own loss.
Today is to help tomorrow.
Every day can be useful.
A square deal helps the dealer.
Excuses don't pay.
Boosting helps the booster.
It is possible to save money.
Saved dollars are working dollars.
Soft jobs are off jobs.
Rumors are not always facts.
Friends beat enemies.
The more you learn, the more you earn.
A smile is always worth while.
The more you know, the more you grow.

PREPARE NOW for Baby's Coming

THE expectant mother owes it not only to herself to prepare for an easier delivery, but to her child who should be stronger, healthier and more robust thru her care and intelligence.

What is one of the most important things a mother-to-be should do?

The universal answer from thousands of experienced mothers is this: The mother-to-be should massage the muscles and nerves involved in the function of child-bearing, daily, with an application of Mother's Friend. *Because—*

Three generations of mothers record the virtue of Mother's Friend for not only allaying distress in advance, but for assisting nature in assuring a speedy recovery for the mother.

So thoroughly has Mother's Friend proven its wonderful efficiency in thousands of cases, that any expectant mother who does not employ its use as directed deprives herself of a powerful agent for her relief and well-being, during the period of pending maternity, and of her prospects for an easier delivery when the eventful hour arrives.

The women who appreciate Mother's Friend the most, and who are loudest in their praise of it, are those who unfortunately did not use it with their first baby and who, thru its use with the second one, were able to fully realize the almost unbelievable relief it gave.

Mrs. Olive Vanden, 10 Grape St., Gallipolis, Ohio, says:

"Before using Mother's Friend I suffered from Wednesday 'till Sunday. With my next child I used Mother's Friend and was sick only about three hours."

Many doctors and nurses recommend Mother's Friend. For external use—is perfectly harmless. Begin its use at once. Sold by all druggists.

WARNING: Avoid using plain oil, grease and substitutes—they act only on the skin and may cause harm without doing good.

MOTHER'S FRIEND

Used by Expectant Mothers for Three Generations

Cash Only

Owing to bad financial conditions and poor collections and to the fact that it costs us so much extra to keep books and hire extra help in order to do a credit business, we find that we will be compelled to do a strictly cash business or quit.

We regret this as we have so many good charge customers who have stayed with us so long. But we are going to make it to their advantage to stay with us and pay cash by dividing with them the extra money that it cost us to do a credit business.

On January 15th, our books will close and we will sell for cash only.

Hoping to retain all our old customers and gain new ones by this change, we are, yours for a safer and more Prosperous New Year.

LOCAL NEWS

James R. Robinson and family of Hereford spent Sunday here visiting at the Ed Gerald home.

Rev. B. F. Kronbarger was in Hereford Friday to preach a funeral.

John Knight and wife were callers in Amarillo Thursday visiting with friends.

Mr. and Mrs. J. C. Dowd returned Monday from Waco, Corsicana, Ft. Worth and Decatur, where they have been visiting relatives.

Henry, Lucille and Irma Dowd were in Amarillo Monday visiting friends.

Rufus Brazill of Hereford visited friends here Saturday.

Dr. H. A. Brown and wife were callers in Tulla Sunday, visiting his mother, Mrs. H. A. Brown.

Jno. P. Mathis and family of Amarillo visited at the Judge Eakman home Sunday.

Mack Watson of Hereford visited friends here Sunday.

Bob Rowan and wife returned to Talban, N. M., Friday after spending the past week at the John Rowan home.

Louie Legrand of Hereford visited friends here Sunday.

Mrs. Floyd Dunaway came home Friday from Coleman where she has been visiting her mother, Mrs. J. W. Wilson.

Miss Julia Dunaway left Sunday for her school at Clovis.

Mrs. J. W. Wilson of Coleman left Sunday after visiting her daughter here.

N. E. McIntire and family spent Sunday in Plainview visiting Mr. and Mrs. Anthony.

Z. G. Fogerson and family were in Tulla Sunday to attend the family reunion held at the Frank Gerdes home.

Dr. Geo. T. Thomas of Amarillo, specialist Eye, Ear, Nose and Throat, will be in Canyon, Friday, Jan. 13th. For appointments phone your family physician. 4112

J. P. Ball came yesterday to visit for a short time with his sons.

Ola Ballard left Monday for Chickasha, Okla., after spending the holidays here with her parents.

Mr. and Mrs. Earl Bennett of Amarillo visited relatives here Sunday.

Rev. and Mrs. J. H. Hicks were in Miami Thursday and Friday.

The Eastern Star Lodge meets on Thursday evening, Jan. 12, 7 o'clock.

Mr. and Mrs. R. A. Terrill returned Saturday from Atlanta, Ga., where Mrs. Terrill has been since September, and Mr. Terrill went to spend the holidays with his daughter. R. A. states that conditions are very bad in the east, and that it is just as dry all the way as it is here in the Panhandle.

Honoring Miss Edith Eddins, who left Monday to teach, Misses Verna Mansfield and Watkins entertained with a Sunrise Breakfast Saturday morning at the Herman Wraage place. After a delicious breakfast had been cooked and served in camp style, various out door games were enjoyed until early in the morning.

No social affair of the week end was more replete with loveliness and individuality than the bridge party given Friday afternoon from three to six o'clock by Miss Dorothy Burrow. A Yuletide atmosphere was created by the use of bright adornment emblematic of the season. The afternoon was just cool enough to make the chosen pastime, bridge, highly enjoyable and games intermingled with merry conversations were indulged in until a late hour. At the close of the evening the hostess served a delicious refreshment course to the following: Misses Alma, Erna, Elsa and Margaret Guenther, Joy of Chicago, Phyllis Keiser, Corrine Hamill, Tip Bradford, Mildred Johnson, Kathleen Jennings, Louella Tate, Atti Gene Humphreys, Helen Croson, Mesdames Barto Johnson, Henry Gamble and Austin Pullingim.

A MILLION DOLLAR BABY

Naturally, those who see this heading expect to read about some "baby heir" of an American multi-millionaire, and they will be surprised to learn that such a description applies to a scientific pyorrhea preventative, tooth and mouth preparation, and they will doubtless wonder how such a product ever came to be spoken of as a "million dollar baby." So the story must be told. Over three years ago, the Research Department of the Rexall Company, in consultation with chemical specialists, began an exhaustive investigation into the disease Pyorrhea, and its proper treatment, and in their characteristically thorough way spent over two years before they perfected a compound which answered every test, according to their high standards. Such a remarkable demand has been created that they have named it "the Million Dollar Baby." Probably no preparation that is devised for use as a germ combatter was found so efficacious in preventing all contagious diseases that enter the system through the mouth and nose as Klenzo Liquid Antiseptic. Especially was it proved that users of it completely escaped all attacks of the flu when so prevalent last year. This Rexall product can be purchased in 25c. and 50c. special toilet bottles at

City Pharmacy
THE REXALL STORE

LOCAL NEWS

Hill Burton of Amarillo was a caller here Thursday.

Misses Hazel McQueen, Gladys Hix, and Paul Johnson and Law Sone motored to Amarillo Sunday afternoon from Goodnight where she is teaching.

Edna Dyke of Amarillo visited with friends in Canyon Friday.

Mr. and Mrs. Ernest Archambault of Wichita Falls spent a few days this week at the parental J. I. McReynolds home.

A. G. Thomas was in Turkey Sunday.

Miss Pauline Brigham returned Sunday from Los Angeles where she has been studying for the past three months. Miss Brigham is teacher of piano in the Normal.

Mr. and Mrs. E. A. Driver and Mrs. E. E. Doak returned Tuesday from the Randolph ranch near Fort Sumner, N. M., where they spent the holidays.

Mrs. Henry Sharp of Tulla visited this week at the home of her sister, Mrs. R. McGee.

72 NEW STUDENTS ENROLLED IN NORMAL THIS WEEK

The attendance in the Normal this morning is 758, 72 new students having registered since the opening of the winter quarter Monday.

There were 43 withdrawals from the school at the holiday recess, but with the large number of new students the Normal made a net gain of 29 over last quarter.

SEVEN SENTENCE SERMONS

Our God is a household God, as well as a heavenly one. He has an altar in every man's dwelling; let men look to it when they read it lightly and pour out its ashes.—John Ruskin.

Better be a nettle in the side of your friend than his echo.—Emerson.

For life is the mirror of king and slave.

'Tis just what we are and do;

Then give to the world the best you have.

And the best will come back to you.—Madeline S. Bridges.

Honest good humor is the oil and wine of a merry meeting, and there is no joyful companionship equal to that where the jokes are rather small and the laughter abundant.—Washington Irving.

Boast not thyself of tomorrow; for thou knowest not what a day may bring forth.—Proverbs 27, 1.

Beneath the moonlight and the snow lies dead my latest year. The winter winds are wailing low. It's dirges in mine ear; I grieve not with the moaning wind, as though a loss befell. Before me, even as behind, God is, and all is well.—Whittier.

So long as we love we serve; so long as we are loved by others I would almost say that we are indispensable; and no man is useless while he has a friend.—Robert Louis Stevenson.

A bad wound, burn or cut should be cleansed of dirt or impurities and dressed with Liquid Borozone. It heals the flesh with marvelous speed. Price 30c, 60c and \$1.20. Sold by Jarrett Drug Co. 4114

FACT AND COMMENT

In beginning the new year remember that he who does not do his best has no right to say that opportunity has not come to him.

Pippin is an Angelized form of the mediaeval French word "pepin," which means seed or seedling. When an apple lover of the dark ages produced a new variety he called it such-and-such a "pepin." It is said that there is no apple stock that is more than four hundred years old, though the statement would be hard to prove. A Yorkshire pippin must be very old, and a pearmain may have descended from the days of the Romans.

We need standard road signs. If a motorist sees a red triangle or a green circle or a yellow square, he should know automatically what it means. Most of those who use the roads obey cheerfully instructions that are clear. The "silent sentry" and the painted division line around curves have done a great deal to regulate traffic. Now let us have clear symbols for school, railway crossings, underpass, crossroads, double corners and steep hills.

American women seldom stock their linen cupboards as their European cousins do. They lay in a store for the year rather than for a lifetime and take advantage of the January "white sales" to replenish the supply. Though linen sheets, pillow slips and toweling may be thought of as luxuries even the woman of modest purse can find comfort in knowing that linen wears so much better than cotton that it remains a source of satisfaction and pride long after the cotton has become nothing but rags.

Musical ability in a child can be well judged by testing five faculties: the sense of pitch, which is the ability to discriminate between higher and lower tones; the sense of time or rhythm; the sense of consonance, which is the ability to tell what is more pleasing and what is less pleasing; the sense of intensity; and musical memory, or the ability to remember a number of tones from hearing them once. Those qualifications are probably in large measure inherited, for very young children sometimes have them.

Roman Catholics and Protestants have fixed Easter by the Gregorian calendar, but the Greek Church and its communicants have held to the Julian. Of late years the inconvenience of an Easter that can fall on any one of thirty-five dates has led people to propose either to make it a fixed festival or greatly to restrict the range of its possible incidence. The Vatican announces a conference of astronomers to take place in Rome next April with the object of reforming the ecclesiastical calendar and fixing Easter.

Seven kinds of paving appear in a new two-mile-and-a-half stretch of road near Springfield, Illinois. State and national engineers have been making numerous daily observations to measure the effect of heat, cold, moisture and traffic on the surface of the road and the subgrade. When the test is completed some months hence a bat-

tery of motor trucks carrying increasingly heavy loads will be driven over the road until it breaks down. The information gained will result in more scientific roadbuilding and a consequent saving of many times the cost of the experiment.

METHOD IN HIS MADNESS

The other day a stranger entered the Indiana National Bank and asked to borrow \$5. He was told that the bank did not lend such small sums.

"But," he went on, "lending money is your business, isn't it?" The banker admitted that it was.

"Well, I have good security," said the stranger, "and I want to borrow \$5.00."

Finally the banker, half from fatigue and half from amused curiosity, agreed to make the loan. When the note was all drawn and the interest of 35 cents paid, the stranger drew from his pocket \$10,000 worth of government bonds and handed them over as security. Before the banker could express his astonishment the stranger said: "Now, this is something like it. Over at the other bank they wanted me to pay \$10 just for a safe deposit box to keep these things in, and now you will keep them for nothing."

WORTH KNOWING

Berlin has just held its first automobile show since 1911.

The only speedway on the continent is located near Berlin.

Ninety percent of the automobiles in Peru use American tires.

Unsettled weather is causing a big demand for rubber footwear.

Factory employment in the automotive industry continues to show gains.

Raw rubber is firmer and cotton prices higher. This may affect tire costs.

Holland will hold its first automobile exposition in Amsterdam, next February.

The United States uses 80 per cent of the rubber grown throughout the world.

Twenty-one states show a registration increase over the last published figures.

The Horse Thief Detecting Society of Mamakating, N. Y., has been abandoned.

It is estimated that Australia could absorb 450,000 cars, but has only one-sixth of that number in use.

From Honolulu comes the report of the use of paper mulch on the sugar plantations to keep down weeds and so reduce the number of necessary laborers. The field is covered with a specially prepared paper, strong enough to prevent the growth of weeds, but not so tough as to retard the cane, which bursts through.

STOP THAT ITCHING USE BLUE STAR REMEDY

For all forms of skin diseases, such as Itch, Eczema, Ring Worm, Tetter or Cracked hands. The first application relieves that terrible itching. Sold on guarantee by Jarrett Drug Co. and McQueen Drug Co. 3512

As a Customer recently said:

Not the largest bank on the plains,—but a good solid bank in a splendid community.

AMERICAN LEGION

"Lem me carry KELLOGG'S, Jack! I say I will! Mother said you could buy KELLOGG'S, but I could carry 'em home! I say I will—I will!"

Our word for it!

You'll never know how delicious Corn Flakes can be till you eat Kellogg's

Positively—the most joyously good any-time-cereal any man or woman or child ever put in their mouths! Such flavor, such crispness! Such big, sunny-brown Corn Flakes! How you'll relish a generous bowl-filled-most-to-overflowing; and a pitcher of milk—or cream! And no restrictions on quantity.

Never was such a set-out! Never did you get such a universal vote as there'll be for Kellogg's Corn Flakes! Big folks and little folks will say "Kellogg's, please, mother!" Leave it to their tastes—and yours! Prove out all we say!

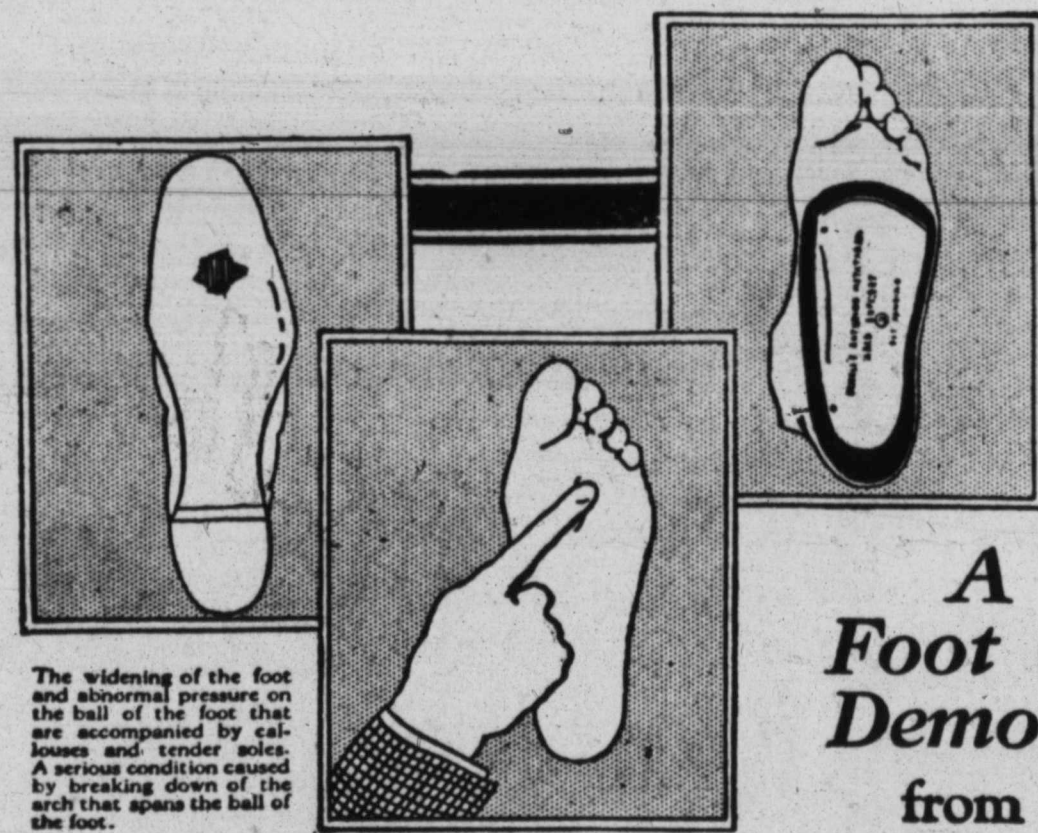

For, Kellogg's Corn Flakes are a revelation in flavor; a revelation in all-the-time crispness! Kellogg's are never tough or leathery or hard to eat! Insist upon KELLOGG'S—the original Corn Flakes—the kind in the RED and GREEN package!

Remember—KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND. Look for it!

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLIES and KELLOGG'S BRAN, cooked and krumbled

Cattlemen Feeding Ground Ear Corn to Steers at Texline

E. C. Simms, cattlemen of Channing, is full feeding 450 head of two and three year old steers and 250 head of calves at Texline. "I am feeding these cattle ground ear corn," said Mr. Simms. "They are making substantial gains and I believe that they will be ready to market by the latter part of May. Owing to the low price of corn in the Texline country, where enormous crops were raised this past year, I shipped my cattle here in order to be close to feed. I do not know whether or not I will make any money or not but I have always found that the fat animal has a much better chance to make money than an animal that is only half cared for.

"I have not fed by breeding herd on my ranch at Channing and do not intend to feed them very much unless there is a great deal more bad weather than is expected. If I do find it necessary to feed them, I will feed ear corn on the grass, as the difference between the price of cake and corn is so great that corn is much cheaper."

UNUSUAL FOR SERVANTS

Prospective Mistress—You say you have no references. How is that?
 Applicant—Well, you see, mum, I've always stayed in one place till the people died.—Passing Show (London).

"After all," complained the melancholy man, "is life worth living?"
 "Well," replied the wise old doctor, "that depends largely on the liver."

"Crop failures?" asked the old-timer.
 "Yes, I've seen a few in my day. In 1854 the corn crop was almost nothing, and my father ate 14 acres of corn at one meal."

Herbine corrects biliousness, indigestion and constipation. It is a fine herbal medicine that drives out impurities and restores healthy conditions in the system. Price, 60c. Sold by Jarrett Drug Co. 414c

LITTLE BENNY'S NOTE BOOK

Me and Skinny Martin was setting on my front steps last Sunday not thinking of anything special, and a bunch of girls started to wawk past tawking and giggling as if they thawt they was having a grate time. Skinny saying, G Im glad I aint a geel, wat yous geels?
 No good, I sed, and Skinny sed, Im not even going to get married wen I grow up, wen youre married you haff to take your wife with you every place you go, and watever you want to do you haff to ask her ferst, no sir, nuthing doing.

Me neither, no wedding bells for me, gosh wat do I care for geels? I sed. Im satisfied jest setting heer this way like 2 bachelors, I sed.

Me too, so am I, were comfortable setting with our legs crossed and everything, and the more geels there was eround the less fun it would be, I wouldnt be surprized if I never had anything more to do with geels at all sed Skinny.

Neither would I if I didnt, I sed. Theyre more trouble than theyre werth and besides theyre nuthing but a nuisants and enyways wat good are they? I sed.

Lets start a bachelors club and eny member that even gets saw with a geel cant belong eny more, sed Skinny, and I sed, All rite, Im willing.

Wich jest then who started to go

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions. All druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

past but Mary Watkins and Loretta Mincee, both looking grate all dressed up for Sunday especially Mary Watkins, and me and Skinny jest kepp on setting there and tipped our hats to them, Mary Watkins saying, We're taking a wawk. Wich me and Skinny sat there a wile longer and I sed, Hay Skinny, I bet she ment they wanted us to go with them, G wixz it looks fearse to set heer as if we delibertly didnt want to wawk with them, no matter if we reely dont or not.

Maybe we better run and catch up to them, jest out of politeness, sed Skinny.
 Wich we did. Proving wat you say and wat you do are 2 different things.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
 To the Sheriff or any Constable of Randall County, Greeting:
 You are hereby commanded to summon John Alexander Beith, John Thompson, Jeanette Beith, Alexander Beith, John Hay Beith, William John Robertson, and John Bradfield Parkinson, and the unknown heirs of John Alexander Beith, John Thompson, Jeanette Beith, Alexander Beith, John Hay Beith, William John Robertson, and John Bradfield Parkinson, as trustees of the estate and properties of said John Alexander Beith, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Randall County, to be holden at the Court House thereof, in the city of Canyon, Texas, on the Fourth Monday in February, A. D. 1922, the same being the 27th day of February, A. D. 1922, then and there to answer a petition filed in said Court on the 24th day of December, A. D. 1921, in a suit, numbered on the docket of said Court No. 920, wherein Anna A. Ward, is plaintiff, and S. E. Magnus, W. E. Graham, J. L. Wilson, J. I. Staley, E. R. Robinson, John Alexander Beith, John Thompson, Jeanette Beith, Alexander Beith, John Hay Beith, William John Robertson, and John Bradfield Parkinson, and the unknown heirs of John Alexander Beith, John Thompson, Jeanette Beith, Alexander Beith, John Hay Beith, William John Robertson, and John Bradfield Parkinson, are defendants, and said petition alleging:

Trespass to try title and to remove cloud from title to 821½ acres of land, including section 236, Block M-6, S. K. & K., Certificate No. 260, in Randall and Castro Counties, Texas.

Beginning at the N. E. Corner of the fence and inclosure around said 821½ acres, at a point in the W. L. of Section 294 of said block, 540 yds North from the S. W. Corner of said section 204; Thence S. 2440 yds; Thence W. 1900 yds; Thence N. 2440 yds; Thence E. 1900 yds to place of beginning, further described in said petition.

Plaintiff alleging possession under deeds duly registered and under fence, with payment of all taxes, and with title and color of title from the State, for more than ten years, and claiming same under the three, five and ten years Statute of Limitation. That one link in her record chain of title is deed dated October 6, 1898, by Jeanette Beith et al as Trustees of the properties of John Alexander Beith to Kyler and Graham for a recited consideration of \$1.00, and supplemental conveyance dated February 21, 1902, declaring that further consideration passed to said trustees for said conveyance, but question being made as to the sufficiency of this conveyance, suit is brought in part to remove cloud cast thereby; all of the defendants except Magnus, Graham, Wilson, Robinson and Staley being sued on account of this irregularity and cited by publication, and said last mentioned

defendants, Magnus, Graham, Wilson, Robinson and Staley are made parties on account of some question they are making about proper location of division lines between said land sued for and lands held by said last mentioned defendants. Plaintiff prays judgment for title and possession of said land with removal of cloud from her title, and to be quieted in the title and possession of same, with fixing of lines and with relief, general and special, both in law and equity.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness O. W. Gano, Clerk of the District Court of Randall County.

Given under my hand and the Seal of said Court, at office in Canyon, Texas, this the 24th day of December, A. D. 1921.

(Seal) O. W. GANO, Clerk, 414 District Court, Randall County. A true copy, I certify.

W. C. BLACK, Sheriff, Randall County, Texas. By John Fry, Deputy.

John Robertson and John Bradfield Parkinson, and also the said Jeanette Beith, Alexander Beith, John Hay Beith, William John Robertson and John Bradfield Parkinson as trustees of the estate and properties of said John Alexander Beith, are defendants, and said petition alleging:

Trespass to try title and to remove cloud from title to 919 acres of land, including section No. 163, Block M-6, S. K. & K., Certificate No. 224, in Randall County, Texas.

Beginning at the N. W. Corner of the fence and inclosure around said 919 acres at W. A. Chaffee's N. E. Corner. Thence E. 1900 yds. Thence S. 2500 yds. Thence W. 2270 yds. Thence N. 600 yds. Thence E. 370 yds. to said Chaffee's S. E. Corner. Thence N. 1900 yds to place of beginning, further described in said petition.

Plaintiff alleging possession under deeds duly registered and under fence, with payment of all taxes, and with title and color of title from the State, for more than ten years, and claiming same under the three, five and ten years Statute of Limitation. That one link in his record chain of title is deed dated October 6, 1898, by Jeanette Beith et al as Trustees of the properties of John Alexander Beith to Kyler and Graham for a recited consideration of \$1.00, and supplemental conveyance dated February 21, 1902, declaring that further consideration passed to said trustees for said conveyance, but question being made as to the sufficiency of this conveyance, suit is brought in part to remove cloud cast thereby; all of the defendants except Scott, Sims, Chaffee, J. J. and J. M. Leavitt being sued on account of this irregularity and cited by publication, and said last mentioned defendants, Scott, Sims, Chaffee, J. J. and J. M. Leavitt are made parties on account of some question they are making about proper location of division lines between said land sued for and lands held by said last mentioned defendants. Plaintiff prays judgment for title and possession of said land with removal of cloud from his title, and to be quieted in the title and possession of same on behalf of said estate, with fixing of lines and with relief, general and special, both in law and equity.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness O. W. Gano, Clerk of the District Court of Randall County.

Given under my hand and the Seal of said Court, at office in Canyon, Texas, this the 24th day of December, A. D. 1921.

Ford
 THE UNIVERSAL CAR

Sixteen or Sixty

Coupe \$595
 F. O. B. Detroit
 With Starter and Demountable Rims

THE Ford car is so simple in construction, so dependable in its action, so easy to operate and handle that almost anybody and everybody can safely drive it.

The Ford Coupe, permanently enclosed with sliding glass windows, is cozy, and roomy—modest and refined—a car that you, your wife or daughter will be proud to own and drive.

And of course it has all the Ford economies of operation and maintenance.

Call and look over the Ford Coupe. Reasonably prompt delivery can be made if you order at once.

LITTLE WANT ADS BRING RESULTS

REVIEW OF PAST YEAR AT THE WEEKLY LUNCHEON

(Continued from first page)
 vice as to the best way in which to handle the situation. He reviewed the history of the paving situation, showing how the first election held in 1920 met the approval of the attorney general, but that the one of 1921 did not have the effect of changing the maturity date of the bonds. He believed that the 20-40 year bonds, of 1920 would now bring a good price, but the council wished to know whether the citizens thought it advisable to go ahead and sell these bonds, or order another election for the purpose of issuing 10-20 bonds. He invited the citizens to come to the council meeting and discuss the question with the members of the council.

Mr. Gamble pointed out the fact that a good buyer of poultry, butter and eggs was needed in Canyon. He stated that the grocery stores did not care to handle produce, but there was no one else to do this in Canyon.

Mrs. C. W. Warwick's president of the Woman's Book Club was called upon to state what this club was planning to undertake during 1922. Mrs. Warwick stated that the Book Club was organized as a study club and had never discussed taking up civic improvement questions until a few weeks ago. She stated that it was the belief of the members of this club that since Canyon was the educational center of the Panhandle-Plains country, Canyon should be the leader in civic beauty. Unfortunately the town was not now the prettiest and cleanest town in the Panhandle, and therefore the club was going to use its influence to make Canyon the leader of this section. The members of the Book Club did not believe their idea of making Canyon a beautiful town was an idle dream, but that it could be done. The club was small in membership, and in itself could not accomplish much, but the club had a desire to cooperate with other clubs in Canyon to put over a real program of civic improvement. Difficulties were in the way, such as keeping of hogs in the city limits, and allowing chickens to run free. These obstacles will be overcome when people really get interested in civic improvement.

Mr. Allen then introduced Mrs. Harvey Cash, president of the Parent-Teachers Association, an organization which he characterized as reaching nearly every individual in the town. Mrs. Cash stated that the organization was in its infancy, only five meetings having been held during this year. Every meeting she characterized as being highly enthusiastic and full of inspiration. She stated she was proud to represent the organization and was very hopeful for its usefulness in Canyon. She stated that there were 80 members in the organization, mostly women. She stated that the fathers join in the work. No great work can be accomplished without the cooperation and sympathy of the fathers.

Mrs. Cash stated that the association wished to discourage among the merchants the selling of tobacco to the young boys. She stated that the smoking of cigarettes was becoming distressing. The men ought to be interested in this work. "A mother can never be to her boy what his father is, because she has never been a boy," stated the speaker.

Another evil which the association wishes to stamp out that the punch board and selling of dice and cards to the boys. The Parent-Teachers association of the public schools hopes to co-operate with this organization in the training school in order that these evils may be stopped.

A public health nurse was strongly advocated by Mrs. Cash. Sanitary and physical conditions are not what they should be among the children. The teachers have not the time to look after these things. Mrs. Cash stated that the Parent-Teachers Association was enthusiastically desirous of being of real help in solving the problems of this community.

Mr. Allen stated that it was his opinion that the problem of housing the school children of Canyon was right upon us. He understood that the board of trustees had been discussing this problem, and that the need of a new school building was paramount. He urged that since the district ought to be enlarged, that definite steps be taken in order to be ready to present our needs to the legislature if it should be called in special session, and if not so that it may be taken to them in the regular session next year. Mr. Allen stated further that Canyon had great need of a steam laundry, which would keep Canyon money in Canyon.

J. W. Reid stated just before closing the program that he was interested in seeing some arrangements be made to get a proper fire alarm for Canyon. He praised the work of the fire boys in the recent big fire in the city, and wondered at the way they were able to fight the fire after they once reached the scene. The alarm system did not get them notice in time to do more than save the lots.

Come to Canyon to live.

MUSIC AT THE COLLEGE

The students of the West Texas State Normal College and the community of Canyon in general are possessed of a splendid opportunity in the study of music at this time. The Department of Music at the Normal now comprises Piano, Vocal, Violin, Wind Instruments and Public School Music. The personnel in the piano department is particularly strong just now. Miss Pauline Brigham, head of the department, who is now in her fifth year with the College, has just returned from a quarter's study with the eminent teacher, E. W. Grabill of Los Angeles. Miss Hazel Allen, first assistant in piano finished a year's study with the same teacher last September. These two young ladies are equipped both naturally and by extensive training to give the very best and most modern instruction in piano. Quite a number of the townspeople are availing themselves of these unusual opportunities in piano instruction. Considering the rather arduous times the department of music at the College is enjoying a splendid registration.

PARTY AT BURGAN HOME

A number of young people gathered at the Burgan home four miles west of Canyon Thursday night where they spent a pleasant evening playing 42. At a late hour refreshments were served. Those enjoying the evening were: Misses Minnie Pearl Pierce, Ellen Smith, Alexa Gordon-Cummings, Maud Stewart, and Wilma, Beatrice and Wynona Burgan. Messrs. Sion Egerton of Artesia, N. M., Charles Tadlock and Clarence Herrington of Amarillo, Roscoe Davis, C. Sherman, Dallas Moore and John Burgan.

ENTERTAINED AT THOMAS HOME

Misses Linnie Habston and Thelma Clinkscales entertained at the home of Mr. and Mrs. David Thomas Wednesday, December 28. The following were present: Misses Edith Rayzor, Louise Rayzor, Marie Dodson, Beulah Dodson, Minnie McCarty, Ruth Williams, Ernestine Cowling, Arline Clinkscales, and Messrs. Everett Key, Elmer Marshall, Noah Sharp, Waldamer Wallace Barton Witherspoon, Gordon McCarty, William Falls. Mr. Thomas' wit and Mrs. Thomas' art in serving refreshments added greatly to the fun of the evening.

 There will be no night service.

The finding of a headless body has caused the arrest of an American dentist. Our experience with dentists is that the head doesn't really come off; it just feels that way.—Manila Bulletin.

MANY LIKE THIS IN CANYON

Similar Cases Being Published in Each Issue.

The following case is but one of many occurring daily in Canyon. It is an easy matter to verify it. You cannot ask for better proof.

J. A. Carr, county road supt. Canyon, says: "For six or eight months I had some trouble with my back and kidneys. My back was sore and stiff a great deal of the time and mornings when I first got up it was especially so. My kidneys were very weak and acted entirely too often. I saw Doan's Kidney Pills advertised with such good results that I began using them. Right from the start I was relieved and they seemed to fix my kidneys up and relieve me of all the soreness in my back."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Carr had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
