McCARTER TELLS OF DIFFICULTIES BUSINESS REVIVAL

QUOTES AUTHORITIES IN ADDRESS AT LUNCHEON.

Recovery Will Result From All Classes Getting Back to Normal—European Conditions Bad.

E. H. Powell was leader at the weekly luncheon Tuesday held at the Canyon Cafe, which was attended by 38 members of the Randall County Commercial League.

Mr. McCarter stated that in studying the League to look at the question of business revival for the day, and called upon Prof. Thos. B. McCarter of the Normal to discuss the question.

Mr. McCarter stated that in studying present day conditions, he chose to discuss the conditions that are now in the way of business recovery.

Mr. McCarter stated that the Federal Reserve Board had placed the burden of business revival upon the restoration of foreign trade, and this restoration depended upon improved conditions in Europe, itself, namely, a revised budget, and a revision of the monetary system. All European countries are heavily in debt. The debt of each country since the armistice was signed has doubled. All of the financial papers of this country are alarmed at the situation abroad. The world will not prosper until this situation is met and settled. The conference in Italy in March is called in order that some concerted action may be taken. The moneys of Europe are almost worthless. The exchange rate with United States is against trade with Europe. Prices in Russia today are 48,500 higher than in 1914, owing to the depreciation of their money. If we sell to European countries, there is little change to collect.

Economists believe that business in America, among ourselves, should be better. Unemployment is in the way. The fact that we are not getting together causes unemployment. Prices are out of adjustment. Economists call 1913 normal, and make comparisons with May 1920 and October 1921, shows the following: Farm products in May 1920 were 246, or 146 percent above normal, while in October 1921 they were 119, or only 19 percent above normal. Foods in May 1920 were 287, and in October 1921 142. Clothing in May 1920 were 356, and in October 1921 190. Fuel in 1920 was 284, and in 1921 was 182. Metals in May 1920 were 196 and in October 1921 were 102. Building materials in May 1920 were 341 and October 1921 were 192. All commodities combined stood in May 1920 at 272 and in October 1921 stood at 150. In other words it took \$1.50 in October 1921 to buy what \$1.00 would buy in 1913. Here is the trouble. In 1913 we had prosperity. All industries were going. There was little unemployment. If prices of May 1920 had all gone down together, we would still have prosperity as we had when all the prices went up together to the peak of May 1920. Farm products and metals are almost back to 1913 prices. Other things are about double. Consequently the farmer and metal workers have not the money to buy other things, and had to stop buying. There can be no prosperity when such big classes are forced to stop buying. The economists give as the reason for this unevenness of prices as the selfishness of the American people. They are not able to get together and treat each other fairly. There has to be a start sometime. Labor has to take its loss as has other business. Labor has to get back to a basis of 1913. This the unions are not willing to do. The high prices of labor makes coal and railroad rates high, and any industry which relies upon coal and transportation, therefore has a very high price upon its products. Very few industries have been able to adjust under present conditions. Iron and steel are only 20 to 50 points above 1913, and these come comparatively fair. This accounts for the present day plight of the farmer, and since the health of our immediate community comes from the farm, there can be no revival of business until the farmer gets a price for his goods that compared with the prices which he has to pay for the things he buys.

Buffaloes Takes Half of First Six Games Played in Basketball

The Buffalo Basketball team got away with three of the six games of the season, the first game of the season being played at Abilene with Simmons College last Wednesday night.

As reported in the News last week, the Buffaloes lost the first game by a score of 19 to 29.

Simmons won the second game with the Buffaloes on Thursday night by a score of 21 to 22.

Friday night the Abilene Christian College was met, that school winning by a score of 33 to 34.

Saturday night the Buffaloes won from the Christian College by a score of 24 to 23.

It was remarkable that the three last games were won by a majority of only one point. The Buffaloes are well pleased with their trip to Abilene, and are trying to arrange a series of games in Canyon with Simmons College. Members of the team believe they would have an easy time with the Simmons bunch on the home floor.

Clarendon College proved to be an easy victim for the Buffaloes in the two games here Monday.

The afternoon game was a walk away for the Normal boys, the game standing 27 to 62.

Clarendon held the boys to a closer score at night, the game standing 47 to 51. This game made six games for the Buffalo team in six days, and Sunday was spent on the train. The locals were pretty well fagged out by the time the final whistle blew, which no doubt accounts for the closeness of the score in the last game.

The Buffalo team goes to Roswell Friday and Saturday of this week to meet the New Mexico Military Institute.

FOR COUNTY TREASURER

To the citizens of Randall County: In announcing myself as a candidate for County Treasurer, subject to the Democratic Primary July 22, 1922, I wish to say that I have discharged the duties of the office to the very best of my ability and I hope acceptably to the public. In asking for re-election at your hands I promise faithfully to render just as efficient service as I possibly can. With the fullest appreciation for past favors I beg to remain, Yours for service, MRS. MYRA SMITH.

PLANT WHISTLE TO BLOW.

Manager A. J. Arnold has stated blowing the whistle at the electric light plant three times daily, as follows: 6 a. m., 12 o'clock noon, and 6 p. m. The whistle will also be used at an additional fire signal.

465 AUTOS REGISTERED.

Up until yesterday there had been 465 automobiles registered with Sheriff W. C. Black and the taxes for 1922 paid.

Mitchell Leader of Basketball Players

Odus Mitchell, of Floydada, star center for the Buffalo basketball team was elected captain of the herd for the 1922 season. The honor comes as a just reward to Mitchell because of his good showing made last season. He never met his equal at center, although he met many who were several inches his better in height. He is a stellar performer at caging and plays splendid team work with his running mates. Mitchell is not only a star at basketball as is shown by the fact that he was a letter man in baseball, track and football. He made a great record at and on Coach Burton's 1921 football eleven. He is a Freshman in the West Texas State Normal College and will have at least three more years with the team.

Poultry Show Brings Out Many Good Birds Of Randall County

The results of the Randall County Poultry Show held Friday and Saturday of last week, were highly satisfactory, as the show brought out about two hundred of the best birds from the poultry farms of this county.

THREE BUILDING ADDITIONS.
Three Canyon homes are being remodeled during this week.

H. T. Gill is making repairs, and building another room and porch, also putting a basement under the house.

George Jones is remodeling his home and adding three rooms to the same.

E. A. Williams is adding a porch, and making other improvements.

FARM BUREAU MEETING.
Members of the Randall County Farm Bureau are called by A. B. Haynes to meet next Monday afternoon at 2:30 o'clock at the court house. All members are urged to be present, and other farmers are invited to attend.

OPENS NEW BARBER SHOP.
Madison Daugherty has opened a two chair barber shop on the north side of the square in the building formerly occupied by the Palo Verde Tailor Shop. Mr. Madison has worked in both of the other shops in town and is well known in the city.

COMMUNITY PROGRAMS CONTINUE UNTIL SUNDAY NIGHT--VERY LARGE ATTENDANCE

Agricultural Short Course Will Be Held In Canyon March 8-9

I. H. C. Agricultural Short Courses and Community Meetings for Farm and Town folks are to be held at nine places over the Panhandle in February and March. Places and dates are as follows:

Tulia, Texas, Feb. 27-28.

Plainview, Texas, March 1-2.

Lubbock, Texas, March 3-4.

Clovis, New Mexico, March 6-7.

Canyon, Texas, March 8-9.

Childress, Texas, March 10-11.

Dalhart, Texas, March 13-14.

Spearman, Texas, March 15-16.

Tyrone, Oklahoma, March 17-18.

The International Harvester Company Agricultural Extension Department furnishes free, noted speakers, large illustrated charts, lantern slides and moving pictures. Mr. H. S. Mobley who is a noted speaker and well known to many Panhandle people will head the crew again this year. Mr. Mobley held twenty-one meetings over the Panhandle last year, his principal talks at that time being on Dairy Farming. Also, Mrs. Bertha Dahl Laws, a home woman with a message for men, women and children, whether they live in country or town. Her practical experience and wonderful ability to help others make her part on the program one of the best events that can come to any community.

The International Harvester Company Extensive Department says there has been a fine spirit of co-operation on the part of the different communities in asking and securing one of these two-days' Agricultural Short Courses; many more asking than could be given a place on their program as they had the speakers for three weeks only.

Resolutions Adopted Condemning Punch Boards and Cigarettes

A resolution from the Parent-Teachers Association of the public school in which the sale and gift of cigarettes to children, and punch boards in business houses are condemned, was presented Tuesday at the meeting of the Commercial League by Harvey Cash, and by a rising vote the members present adopted a similar resolution read by Mr. Cash, in which the Commercial League pledged itself as being opposed to these practices and any other that was detrimental to the child life of Canyon.

Sheriff W. C. Black received notice from the attorney general's department Tuesday that the punch board was a violation of the law. All owners of the boards were notified that they must be closed at once, and it is understood that all agreed to do so without further difficulty.

PARENT-TEACHERS MEETING

The Executive Committee of the Parent-Teachers' Association met at the home of Mrs. Harvey Cash Monday night. They discussed a number of the important questions that are connected with their various duties. On account of the Community Service program that is to be carried out on Friday, the association will postpone its meeting until the following Friday. The subject for the next meeting is "A Brief and Partial Summary of Local Activities of Parent-Teachers' Associations in Texas."

District Basketball To Be Played Here

D. A. Shirley announced Tuesday that the district interscholastic basketball championship games of this district would be played in Canyon on February 16-17.

This district has been divided into six sections and high schools teams of the different sections will play for the championship. The six winning teams will then come to Canyon for the final elimination games on Feb. 16-17. This district is called No. 1 of the state.

Mr. Shirley has requested of the state university authorities that the championship games between the winner of No. 1 and District No. 2 be played in Canyon on Feb. 20.

BIG COMMUNITY DAY TO BE OBSERVED FRIDAY IN CANYON WITH DINNER AT NOON--FARMERS COMING IN NUMBERS

TABLES WILL BE SPREAD THROUGH CORRIDORS OF THE COURT HOUSE--DR. NUSBAUM WILL SPEAK AFTER DINNER.

Friday of this week, from twelve noon until two o'clock, will be observed at Community Day in Canyon.

Invitations have been sent to all of the people of Canyon and farmers living in Randall county to come to the court house at noon, bringing their dinners, and spending two hours together, getting better acquainted, and to discuss with one another questions that are of mutual advantage and benefit.

It is expected that at least five hundred Randall county people will attend this meeting Friday as it is one of the most important in connection with the Community Week that is being held in Canyon.

Come to the court house at noon, with a well filled basket, and enjoy two hours with your neighbors and friends. Dr. Nusbaum will make an address after the dinner is served, which should be heard by every citizen of Randall County who wants to see this good country grow and prosper.

The Community Service programs being held this week at the Methodist church under the auspices of the Randall County Commercial League, and conducted by Capt. C. S. Nusbaum and his singers, Prof. W. W. Nusbaum are attracting great attention and very large crowds.

Capt. Nusbaum stated that the meeting Tuesday night was the largest first night meeting he had ever held. The church was nearly filled to capacity Tuesday night, and the large audience accorded the speaker a very close and intelligent hearing.

W. W. Nusbaum is proving to be a very popular musical director. Tuesday night the high school girls sat in the choir and sang a welcome song, which was greatly enjoyed. Prof. Nusbaum's solos are highly appreciated. He and Capt. Nusbaum sing duets at each service. A male quartet composed of J. J. Powell, W. W. Nusbaum, Rev. E. A. Osborne and C. W. Warwick sang last night and will sing at each meeting during the Community Program.

In discussing the purpose of this series of lectures, Capt. Nusbaum stated that too often farmers thought the object was alone to build up the town.

He gave it as his observation through twenty years experience in community work that whenever you find a dead town you will find a dead country around that town. The town cannot prosper without the country around that town prospering; neither can the country prosper without the town also prospering. The two must prosper together.

Mr. Nusbaum spoke Tuesday night on the subject of "The Individual Life and the Community." He pointed out the fact that the biggest thing in a community was a finished, complete life. We are here to make a life rather than make a living. The biggest life in the community is the one who puts most into the community.

The speaker urged that we have a purpose in life. The black sheep of the community is the grouch who will have no part in the community life, and finds fault with everything in the community. He called these individuals the "little folks" of the community. It is the not the part of the individual to find fault with his community, but try to make it better.

The speaker called attention to the divine side of the human life. He believes that no crowns are given in heaven—we wear out of this life the crowns we will wear in the next life.

In spite of the bitter cold weather last night the main auditorium of the church was well filled, with a number in both of the wings. The address of Capt. Nusbaum was highly appreciated. The subject being "Human Values."

The speaker stated that all of us—preachers, teachers, merchants, farmers—needed the heart touch of our fellow-man. The greatest investment in this world is in a human life. He urged that we give a lift, a smile, a hand, a good word, as we go through

life. Life is not what you get, but what you give.

Capt. Nusbaum discussed four points of giving—sympathy, kindness, confidence and good cheer—and with vivid illustrations, drove home thoughts that were greatly helpful to his hearers.

The meetings will continue throughout this week, closing Sunday night. The Commercial League invited Capt. Nusbaum and Prof. Nusbaum to Canyon, and the free-will offerings go to pay the expenses of the meetings. The collections have not been very large the first two nights, but with every one bringing an offering each meeting this week, the expenses ought to be met.

The following are the subjects for the remainder of the week:

Thursday, 7:30 p. m.—Musical Prelude. Lecture, "The Home and the Community."

Friday, Community Day—Noon luncheon. Talks. Lecture, "Plan and Program for the Community Life."

Friday, Community Day, 7:30—Musical prelude. Lecture, "The Building of a Real Community."

Saturday, 7:30 p. m.—Grand concert by community chorus. Address, "Music in the Community."

Sunday, 3 p. m.—Music. Lecture, "Manhood and the Community."

Sunday, 7:30 p. m.—Musical Prelude. Sermon lecture, "The Life of Lives in the Community."

Bring a silver offering with you. No charges at the door. These programs are free to those who have no money and those who are able to give are requested to give as liberally as they wish. We are willing to trust the American people and know that they are willing to pay all that a thing is worth.

PIPKIN-LUTRICK WEDDING.

Miss Nita Pipkin of this city and J. A. Lutrick of Abernathy were married last Wednesday evening a eight o'clock at the home of the bride's parents, Mr. and Mrs. A. E. Pipkin, Rev. Brotherton officiating. Only a few friends and members of the family witnessed the ceremony. The bridal couple left for their new home near Abernathy, where the groom is a prosperous farmer.

The bride moved to Canyon last July with her parents, and has many friends in the city who extend most hearty congratulations and best wishes to the young couple.

HEYSER BUILDING STARTED.

The new brick building on the south side of the square on the S. H. Heyser lot was started this week, and will be rushed to completion. This building will be occupied by the bakery.

ZERO WEATHER.

The coldest weather of the year hit Canyon yesterday, the thermometer dropping last night to zero. The wind is in the north this morning.

The poultry show at the court house Friday and Saturday revealed the fact that there was a big bunch of exceptionally fine poultry in Randall county. The attendance was perhaps the largest that a poultry show in Canyon has ever been honored with. The people who stood around the coops at the show were there for a purpose—to learn the best types of chickens and asked intelligent questions as to the proper methods of handling poultry in order that their investments might be profitable. The fact that the chicken and turkey are about the only things that have brought a legitimate profit to the farmer during 1921, is causing all farmers to determine to raise a large amount of poultry during 1922. In handling most any kind of stock, there is little or no profit for several years. It is different with poultry. The breeder who goes into the business to win, may expect to realize a profit from the very start. That is why so many farmers are going to make a real start in the business in 1922.

There is a lot of people in Canyon who take no part in community affairs. They do not attend church. They do not attend public meetings in which problems of the community are discussed. They do not attend public entertainments given for the good of the community. They take no part in school affairs. They will not attend Commercial League meetings, or take a part in the work of the organization. They seem to have no part in the life of a community. Just what kind of a community would this city of Canyon be if all our citizens were in this class. Some of these individuals look upon those who do the above things as nuts. These nuts are the fellows who are making Canyon a better place in which to live. Those individuals who are unwilling to help Canyon grow, and work with their fellow men can best serve the community by moving out and giving their places to some nut who will do something for Canyon.

Lee Satterwhite has proposed to do away with the state senate and reduce the members of the house to one hundred. That sounds well. But considering the fact that the people of Texas faithfully refuse to make even a slight change in the old out of date constitution, adopted away back when Texas was a frontier state, we are afraid Lee is premature with his suggestion. Pat Neff was elected on the program of consolidating and doing away with useless state offices. If he has been able to do anything along that line, no one has heard of it. When you try to take away some fellow's job through legislation, you have on your back that fellow, all his relatives and friends, all of whom have some influence, and those create a howling mob opposing every measure of reform in state or national government. Success to Lee's proposal—but it will not go over.

Business men naturally do not like to see people send away for their merchandise. The mail order business is a curse to the merchants of the country towns. The mail order printing business is also a curse to the printer of the country towns, and unfortunately, the country merchants are the chief customers of the mail order printing outfits. The taxes paid to the city, school and county by a concern like the Randall County News amounts to some item. The home paper is always called upon to support the home institutions. The mail order printing firms will no more hold support Canyon institutions, than will the big Chicago mercantile concerns which are so detrimental to the country merchants, and which should not be supported by the people of the country.

The old timer in the Panhandle-Plains country has learned through experience that when the country promises little, it is getting ready to do a whole lot. There will be an abundant harvest in this section, even though the wheat crop looks like a failure.

Premier Briand has resigned his post in France. Briand represented a faction of French life which is really trying to reconstruct the country under sensible ideas. He was doomed to failure since he does not go the whole distance with the extreme war party. Former President Poincare is now Premier of France. He will live in this post but a short while, and then will be forced to resign. We look upon American politics and wonder at the muddle this country finds itself in. If we study conditions in France, we wonder at the same and safe policies advocated by our government.

An undesirable citizen is one who insists on living at the expense of the other fellow. The thief is undesirable. The man who beats his grocery bill is undesirable. The man who will not pay his just taxes is undesirable. The man who will force his neighbors to pay the expense of educating his children possibly never dreamed of beating his grocery bill, but takes delight in beating his friends and neighbors by refusing to do his part toward paying his part of the local taxes. One class of undesirable citizens is about as bad as the other.

Join the Randall County Commercial League. It costs but one dollar per month to belong to this splendid organization. If you want to see Canyon grow, join forces with the men who are trying to do something. It takes a big man to work for his fellow man for the betterment of the community. Any little dink can sit on the sideline and use his hammer against the men who are working for the uplift of the community. Hide your hammer and get a horn. A membership in the Commercial League is the loudest horn you can blow. Join today.

Sure taxes are high in Randall county and every other progressive county in this country. The higher we raise our plane of civilization, the higher will be our taxes and tax rates. The fellow would want all the conveniences of a city and kicks at his taxes should move to Mexico or central Africa and enjoy the conveniences of those places, together with a very, very low tax rate. Only the demagogue and politician will promise low taxation for this country. He is catering to the popular tastes, but he can never put over his program.

Did you ever figure out that if it were not for the country towns, your child would probably never have an opportunity to get a common school education. Did you ever figure out that were it not for the local business firms, the schools could not run for want of funds? How then are the local business houses going to pay their taxes to support your schools and educate your children if you send away your money to mail order houses—printing mail order houses, included? Buy at home. Begin this first month of the New Year.

Work has been started to raise one million dollars in the United States for the Woodrow Wilson Foundation. This work will be pushed in every community in the country. The News has been requested by the Texas Chairman to receive contributions from the people of this country for the Wilson Foundation. Receipts will be issued at this office for all money left with us, and a further receipt will be received by each donor from the national headquarters for all moneys handled.

The eyes of the southwest are focused on the Panhandle-Plains country. A movement was recently started to connect Ft. Worth with this section by a direct railroad. Now comes Oklahoma City and El Paso—demanding that their cities be connected with this great section. All three of these good cities are certainly making eyes at our good country, and when the time is ripe, there is going to be some railroad building to the Panhandle-Plains country.

A good many business houses had an idea that after Christmas everything would be dull, and that there would be no business during January. There is just about as much business as usual for the firms that are going after the business. It never fails to happen that the firms who give up getting business usually are not disappointed, while the fellow who is eternally on the job after business finds himself getting plenty to do.

Another reduction has been made, or is being made, in the prices of practically all makes of automobiles. The companies are after business harder than they have been in six or eight years. Prices are getting back to pre-war days in the automobile business.

There has been considerable talk in Canyon of establishing a steam laundry. That would be a fine thing for Canyon, and ought to be a profitable investment for the man who will put in the laundry. There is not a town on the whole Plains of the size of Canyon which does not have a laundry. There is not a town in the entire section which offers the possibilities as does Canyon for an up to date small laundry.

Newberry is seated as senator from Wisconsin. That is as the gods of politics long ago willed. He bought and paid for his seat. Old Bob La Follette is camping on his trail. Bob is not at all pleased with his colleague and collaborer from Wisconsin. La Follette is a bad man to have on the trail of the politician, and something is liable to happen, as it did in the Lorimer case a few years ago.

Constant violation of law breeds contempt of law. Every city has ordinances which should either be enforced, or repealed. It is against the city's ordinance to keep more than one hog in the city limits of Canyon, yet the ordinance is violated by many people, much to the inconvenience of their neighbors.

The business firms which regularly spend three percent of their gross sales for advertising are not hurt, by reconstruction days. The mail order firms pay for advertising as much as 5 to 8 percent. The local merchants can do a lot toward keeping money at home by judiciously spending three percent in legitimate advertising.

Coal prices are coming down. The reduction may mean that the all day run of the electric light plant will be possible in Canyon, as the run in the past has not been profitable with the higher priced fuel. Reduction of the coal prices will aid materially the pocketbook of all of us.

Dr. Carrick has resigned as state health officer. The investigation of the legislature which exposed the Carrick brand of cheap politics was too much for the effeminate dear doctor, and so he leaves his post and will allow the health of his native state to go to the dogs.

The farmer's wife used to raise poultry to get a little spending money. There are many wives on the farms this year furnishing about all the spending money the entire family has from her flock of poultry.

The winter weather for the Panhandle has certainly been great. No zero weather so far. Only 8 below once, and 10 above Monday morning. It is very, very seldom that such a warm winter is seen in this country.

The less some people did during the war to help pull their country out of its trouble, the louder these individuals are cussing the government at the slow progress being made toward reconstruction.

This is election year in Texas. Pay your poll tax. Most of the money goes into the school fund, and the schools need the money. Be a patriotic citizen and pay your poll tax this week.

Montgomery, and Thomas Roby, and the legal representatives of each and all of said persons above named, and the legal representatives of said unknown heirs, whose residences are unknown, by mailing publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your

County, to appear at the next regular term of the Honorable District Court, of Randall County, to be holden at the Court House thereof, in the city of Canyon, Texas, on the Fourth Monday in February, A. D. 1922, the same being the 27th day of February, A. D. 1922, then and there to answer a petition filed in said Court on the 2nd day of January, A. D. 1922, in a suit, numbered on the docket of said Court No. 931, wherein, L. T. Lester, is plaintiff, and D. B. Hitchcock and the unknown heirs of D. B. Hitchcock, and T. J. Montgomery, and the unknown heirs of T. J. Montgomery, and Thomas Roby, and the legal representatives of each and all of said persons above named, and the legal representatives of said unknown heirs, are defendants, and said petition alleging:

Suit in trespass to try title, and to remove cloud from title to all of lot Number 10 in Block 30, situated in the original town of Canyon, Texas, as shown by the plat of said town recorded in the Deed Records of Randall County, Texas. The above property is situated on Survey Number Thirty-four, Block B-5, H. & G. N. R. R. Co. and Certificate Number 15-3550, in Randall County, Texas.

Plaintiff alleging possession under deeds duly registered with payment of all taxes, and with title and color of title from the State of Texas, for more than ten years, and claiming same under three, five and ten years Statutes of Limitation. It is further alleged that one link in his record of title is not of record and that is the Deed executed by D. B. Hitchcock, a bachelor, to T. J. Cochran, which is lost and cannot be found. Plaintiff says, that the State of Texas, issued a Certificate of Redemption to T. J. Montgomery, and nothing else of record showing that he has any interest in this land. There is a contract from L. G. Conner and Q. V. Conner contracting to sell this land to Thomas Roby, however, there never was a deed executed and put of record showing that Thomas Roby owned this land, but question being raised as to whether or not any of the above defendants have any interest in said land, this is notice that they come in and assert same, and suit is brought to remove cloud cast thereby.

Wherefore, Plaintiff prays for citation and that on hearing he have judgment for the title and possession of said lands against all of the defendants, with removal of cloud from title, and that he be quieted in his title and possession of said land, and have relief general and special, both in law and in equity, that he may be justly entitled to, and that writ of restitution issue and for rents, damages and costs of suit, and pray that the lost deed be established, and that the title be decreed to have been conveyed by the deed from the grantor to the grantee as alleged in this Petition, and that the contract executed by L. G. Conner to Thomas Roby be cancelled, and cloud on the title be removed as to T. J. Montgomery having any interest by reason of having a certificate of redemption from the State.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same. Witness, O. W. Gano, Clerk of the District Court of Randall County. Given under my hand and the Seal of said Court, at office in Canyon, Texas, this 2nd day of January, A. D. 1922. (Seal) O. W. GANO, Clerk. District Court Randall County. A true copy I certify. W. C. BLACK, Sheriff, Randall County, Texas. By Jno. Fry, Deputy. 4114

The Only Battery Backed by Its Owners' Records

The only battery being offered motorists today that can prove its high quality, its long life, its wonderful economy by owners' records—is the Gould Dreadnaught Battery.

In the recent Gould Contest hundreds of Gould owners established service records averaging 4 years, 1 month. We take pride in offering our customers such a battery. Drop in and inspect the new Gould Dreadnaught—the super-service battery.

How to Make Child-birth Easier!

Do YOU wish to know how thousands and thousands of women have gone thru motherhood without knowing some of the pains and discomforts incident to childbirth? Listen to this:

Motherhood creates almost a new state of being for a woman. As a result, new nerves, those heretofore restful and quiescent, spring into activity, they cry out, they tingle, they burn in their unrest.

These nerves must be pacified and comforted; must be put in condition for the crisis that is pending. If these nerves are not soothed and quieted, they may set up aggravated nerve tension, increasing in severity from month to month, sometimes even culminating in a nervous paralysis of the back and limbs. This leaves the mother-to-be in a condition where she is unable, fully, to meet the test when the climax of maternity arrives.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

Two Questions For You to Settle

QUESTION NO. 1. When the same make of Shoe sells in Canyon for \$1.00 per pair less than it does in Amarillo, why go to Amarillo and pay this dollar extra, in addition to the expense of the trip?

QUESTION NO. 2. The big clothing houses are putting on so-called big reduction sales. Why will people go to this so-called sale and buy nothing but shell worn goods which these clothing houses have been trying to dispose of for years, paying an equal or larger price for these old goods than you can buy new goods out of a new stock right here in Canyon?

We want the people of Canyon and Randall County to think over these propositions. Come in and we will show you that our first proposition on shoes is correct. You know our second proposition is correct, as this is a new store with new goods—no old shelf worn goods, and you know our prices are rock-bottom.

CITATION BY PUBLICATION
THE STATE OF TEXAS,
To the Sheriff or any Constable of Randall County, Greeting:
You are hereby commanded, that you summon by making Publication of this Citation in some newspaper published in the County of Randall if there be a newspaper published therein, but if not, then in the nearest County, where a newspaper is published once each week for four consecutive weeks previous to the return day hereof, George Dixon Fisher, and the unknown heirs of George Dixon Fisher, the Cedar Valley Land & Cattle Company, Ltd., a corporation, the unknown successors of the said Cedar Valley Land & Cattle Company, Ltd., and the unknown stockholders of the Cedar Valley Land & Cattle Company, Ltd., and the unknown heirs of the unknown stockholders of the Cedar Valley Land & Cattle Company, Ltd., whose residence is unknown to be and appear before the Hon. District Court at the next regular term thereof, to be holden in the County of Randall, at the Court House thereof, in Canyon, on the fourth Monday in February, A. D. 1922, the same being the 27th day of February, A. D. 1922, then and there to answer a petition filed in said court on the 16th day of January, A. D. 1922, in a suit numbered on the docket of said Court, No. 885, wherein R. L. McMurtry is plaintiff and George Dixon Fisher, and the unknown heirs of George Dixon Fisher, the Cedar Valley Land & Cattle Company, a corporation, Ltd., the unknown successors of the Cedar Valley Land & Cattle Company, Ltd., the unknown stockholders of the Cedar Valley Land & Cattle Company, Ltd., and the unknown heirs of the unknown stockholders of the Cedar Valley Land & Cattle Company, Ltd., are defendants. The nature of the plaintiff's demand being as follows, to-wit: A suit in trespass to try title alleging that on or about the 1st day of January A. D. 1922, plaintiff was lawfully seized and possessed of the following described land and premises

situated in Randall County, Texas:

BE RID OF THAT ACHE
If you are a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend? Ask your neighbor!

Mrs. C. R. Correy, Canyon, says: "My back and kidneys had been causing me a lot of trouble for a long while. My back ached steadily and there was lameness and soreness in it which made it hard for me to stoop over to do my housework. I would get dizzy and black specks would float before my eyes. Then again I would have headaches and my kidneys were inflamed and irregular in action. I was advised to try Doan's Kidney Pills and bought some at the Holland Drug Co. Three boxes fixed up my kidneys and relieved my back." 60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

IN THE FUTURE

As in the past we will strive to merit the trade of the people of this community. Our stock will be kept fresh and complete and capable men will remain in charge. We have appreciated all the business given us during the past twelve months and do our best to merit the same in 1922 and each succeeding year.

SPOT CASH
OR STRICTLY
THIRTY DAYS

Stores all over the country have gone to a SPOT CASH business. The Wholesale People are making us pay every 15 and 30 days. No 60 and 90 day terms, as they once were. This forces us to go CASH or strictly 30 days. Were we to undertake to do a long time credit business, we could sell every dollars worth of goods we have in 90 days with absolutely no prospects of collecting before fall, if then. In view of this, we are marking our goods at CASH prices, and are going to continue to sell on a 30 day basis, but CANNOT carry any account for a longer time than that. If your account is not settled by the 6th of the month, please do not ask to have anything more charged until it is paid.

We invite you to compare our prices with any CASH store in the Panhandle. If our prices do not compare favorably, we don't ask for your business. If they do, then buy your merchandise at home, and with the people who help to build your Schools, Churches, and community in general. When you send your money away, it never gets back; when you spend it in Amarillo you are helping the very people who have fought you for the past 20 years, besides you at least pay 10 per cent to 30 percent more for your goods than you could have bought them for at home. Numbers of times, we have ordered items from mail order houses to compare them with our regular lines, have in each instance marked them to sell at exactly what they cost us, and nine times out of ten, we have had to include this merchandise in our Auction sales, and take around 30 cents on the dollar of cost. They look good in the picture, but they won't stand the acid test under the hammer.

We want to take this opportunity to thank our friends and customers for the nice and liberal business they gave us during the year just passed, conditions considered, we were more than pleased with the outcome for the year, and if prices and services count, you will give us an increased amount of your patronage during 1922.

FORMER STUDENT ACHIEVES DISTINCTION IN LAW SCHOOL

CHARLES H. KEFFER.

Mr. Charles H. Keffer, class of 1919, is making an enviable record for himself in the Law School of the University of Texas. Recently Mr. Keffer has been elected to membership in the Chancellors, a society organized for the purpose of honoring and rewarding worthy law students. Membership in this society is an honor attained by comparatively few of the students.

Prerequisites for election to membership include full middle law standing, and an average grade of 90 per cent on all law subjects taken since entrance into the Law School. This requirement is rigidly adhered to.

In addition to these qualifications, the personality, scholarship, and achievement of the student are the next condition.

Mr. Keffer is a senior in the Law School and is one of five students recently elected to membership in the Chancellors.

DINNER PARTY

Table No. 6, Cousins Hall Dining Rooms, was the scene of a jolly dinner party Sunday, Jan. 8, the occasion being the birthday of Miss Ottilie Greer. The party was kept a secret from the honoree until she went to the table and found the huge, white birthday cake. Feasting, conversation, and songs made the dinner hour pass rapidly. When the cake was cut, the dime went to Ottilie, the needle to Vera, and the thimble to Thelma. We others had to console ourselves by trusting to "better luck next time." Toasts were drunk to the honoree, and everyone joined in wishing her many happy returns of the day.

The girls spent the afternoon in a delightful kodaking (?) trip. The guests were: Ottilie Greer, Adelle Coffman, Helen Brown, Byrd Mitchell, Kathleen Martin, Thelma Atkinson, Vera Stadghill, Beatrice Barton, Pauline Davidson, Lila Simms, and Oma Thompson.

ENGLISH CLUB

Much interest was manifested in the work of the English Club during the fall quarter, and each meeting was well attended. The programs were exceptionally interesting.

The first meeting of this quarter will be held on Tuesday, January 10. The following program will be rendered:

1. An Account of the First Successful American Drama—Miss Mattie Swayne.
2. "The Contrast"—Miss Flornell Frances.
3. Contemporary American History—Miss Clara Rush.
4. Sheridan's "The Rivals" (or Goldsmith's "She Stoops to Conquer")—Miss Richardson.
5. Contemporary English History—Olin Hinkle.

THEATRE PARTY

On Friday, December 16th, the Jenkins house girls gave a "Theatre Party." Each girl invited a boy to attend, but did not mention the kind of party that it was to be. Just after the boys came in and were enjoying the warmth the girls got their wraps and told them that they were going to the show. The first couple had all the tickets; no one else reserved and decorated. After the show was over, the crowd rushed home where they found hot chocolate and cake awaiting them. Many games were enjoyed during the evening. The boys that attended were Byron Durham, Clyde Gordon, Everett Key, Joe Lancaster, Virgil Dodson, Roy Golden, G. O. Brown, and Dean Crawford.

NET GAIN IN ATTENDANCE

Seventy-six new students have enrolled in the West Texas State Normal College at the beginning of the winter quarter. Forty-three withdrew at the end of the fall quarter, making a net gain in attendance of thirty-three. The total attendance for the term so far is 782.

FORMER STUDENT LIFE SECRETARY MARRIED

MRS. J. E. BOATWRIGHT

Announcements have been received in Canyon of the marriage of Miss Harriet Graham to Mr. J. E. Boatwright, at Somerville, Va., the home of her parents, on December 29. The couple will make their home at Somerville.

COLLEGE INFIRMARY TO OPEN SOON

The college infirmary located in what was formerly Cozy Cottage is nearing completion and will be open in about two weeks. The building has been completely overhauled and remodeled, and a large veranda erected on the south front.

The infirmary will accommodate four boys and five girls. Besides, one room will be held in reserve for emergencies. One room will be equipped for an operating room, and according to Mrs. Marr, the College Nurse, it is not contemplated that operations will be performed there except in emergencies.

The infirmary will be in charge of Mrs. Marr.

1921-1922 CELEBRITIES

At the election of our "celebrities" held just before the Christmas holidays, Jim Webb was chosen as the handsomest man. He is a second year normal student and an active member of the Y. M. C. A. Frank Catterton ran Webb a close race, but was defeated by about thirty votes.

The prettiest girl in W. T. S. N. C. is Jessie Ritchey, a college freshman—and a blond. She is a Y. W. worker and a "math" enthusiast.

Eugene Devereaux is our best all-around man. He is in his Junior year, prominent in social life and a good leader.

Lila Simms, the best all-around girl, is popular in all young peoples' activities. She is a live "Y. W." girl and a natural born leader. Her nearest opponent was Ottilie Greer, who was beaten by only eight votes.

BASKET BALL SCHEDULE

ALUMNAI NOTES

Do you know who Miss Fannie Malone is?

She lives at 97 Borton Avenue, and teaches Spanish at the University. She comes to us from Knox School, in New York. She has spent eight years of her life in Mexico, and last year she traveled extensively through Europe and Africa. She studied for some time in Madrid.

Her hobby is boys and girls, and their activities. Passively, she likes athletics.

Miss Fannie Malone is a graduate of W. T. S. N. C. of the class of 1915. She is a sister of Miss Tennessee Malone, Librarian, and has many friends here among faculty and student body who will take great pleasure in learning of her success and achievements.

Mr. and Mrs. E. L. Henderson of Alpine announce the arrival of a fine son. Mr. Henderson is Professor of History in the Sul Ross Normal, and both he and Mrs. Henderson, (nee Miss Sula Cook) are graduates of W. T. S. N. C. Mrs. Henderson is a sister of Mrs. Clarence Thompson of this city.

ELAPHEIANS

The Elapheian Literary Society met January 6, and after a discussion of other business matters, officers were elected for the coming quarter. Those elected were:

President—Oma Thompson.
Vice President—Thelma Clinkscales.
Secretary—Lila Simms.
Treasurer—Ruth Lowes.
Ser. at Arms—Vera Stadghill.
Parliamentarian—Margaret McCabe.
Prairie Reporter—Lucy Tucker.

The Society is planning to have more interesting and pleasurable programs and social events this quarter than ever before. Every Elapheian member is urged to attend the meeting regularly and help to make their society the best and "peppiest" in school.

Mr. Bryan McDonald is re-entering school this quarter.

HOME STUDENTS ENJOY THE HOLIDAYS

While most of us were at home enjoying mother's turkey and fruit cake, and thinking with pity of our "lonely" fellow-students who stayed in Canyon, those same "battered" were not so unfortunate after all. For numerous accounts tell us of how Santa left them a generous stocking of pleasure despite their absence from the family hearth. This was probably due to the fact that the good old saint has a number of big-hearted deputies in town.

One of the most enjoyable socials was the one given by Miss Hudspeth, who has been a veritable mother to the Y. W. C. A. Her home was artistically decorated with such symbols as made everybody enter "whole soul and body" into the Christmas spirit. Approximately one hundred students participated in the interesting stunts and games of the evening and the novel refreshments at the close. Certainly, when the time came to leave everyone felt very "Christmassy."

Mrs. J. A. Hill entertained the Baptist students with a charming party at her home, December 22. The good times lasted from seven-thirty to ten-thirty, and consisted of interesting games, a delightful visit from Santa Claus, music, and delicious refreshments.

On the evening of December 23, Misses Linnal Babston and Thelma Clinkscales entertained a group of young people at the home of Mr. and Mrs. David Thomas. A highly enjoyable evening was spent by the following guests: Misses Minnie McCarty, Ruth Williams, Edith Rayzor, Louise Rayzor, Marie Dodson, Beulah Dodson, Orlene Clinkscales, Ernestine Cowling, and Messrs. Noah Sharp, Elmer Marshall, Everett Key, Waldemar Wallace, Witherspoon McCarty, and William Falls.

Monday, the twenty-six day of December, in the afternoon at three o'clock, if you had been on the public highway going north you would have seen us, twenty-eight of the lonesome Canyon students. But we were not lonesome then; we were quite the opposite, for we were out for a good time. We were so full of life and energy that our chaperon, Miss Babston, had much ado to keep up with us.

When we reached the north creek, we stored our supper under the bridge and continued our journey.

Elizabeth Shaw entertained us by playing her Hawaiian guitar and singing.

At four-thirty we found ourselves back on the bridge storing our supper away in another place, for we were as hungry as a pack of wolves. We reached Canyon at six o'clock tired, but not at all "lonesome."

MYSELF

I have to live with myself, and so I want to be fit for myself you know. I want to be able, as the days go by, Always to look myself straight in the eye;

I don't want to stand, with the setting sun,
And hate myself for things I've done. I don't want to keep on a closet shelf A lot of secrets about myself. And fool myself, as I come and go, Into thinking that nobody else will know

The kind of a man I really am; I don't want to dress up myself in sham. I want to go out with my head erect. I want to deserve all men's respect; But here in the struggle for fame and self

I want to be able to like myself. I don't want to look at myself and know That I'm bluster and bluff and empty show. I can never hide myself from me; I see what others may never see; I know what others may never know, I never can fool myself, and so, Whatever happens, I want to be Self-respecting and conscience-free.

EDGAR A. GUEST.

DIDN'T NEED THE REST

A young man living in a nearby town hired out to work in the fields. The boss went out in the afternoon of the first day to see how the boy was making it. He found him lying in the shade of a tree, smoking a cigarette. "Tired?" asked the boss. "Nope," answered the young man. "Hain't done nothing to make me tired. Just a layin' here waitin' for quittin' time so's I can come to supper." For the past two years a great many young and old men have tried to earn a living that same way.—The Screw Driver.

BOOK CLUB MEETING

Questions for the meeting on January 25th:

1. Why were stories like "Wakefield" and "The Hollow of Three Hills," particularly pleasing to Poe?
2. What emotional quality is preeminent in "The Gentle Boy"?
3. What effect is produced by the use of the first person in "A Rill from the Town Pump" and similar sketches?
4. What is the "Great Carbuncle"?
5. Compare "Lady Eleanor's Mantle" with Poe's "The Masque of the Red Death," and say which story you think shows the finer art.

A FORTY-TWO PARTY

On Saturday evening, January 14th, Misses Marie and Beulah Dodson entertained a number of their friends with a delightful forty-two party. The party continued to quite a late hour.

The guests attending were: Misses Edith and Louise Rayzor, Cleo Woodward, Eunice Page, Lillian Donnell, Mabel Reeves, Lonella Woodward, Ruth Dauer, Sara Thompson, Margaret Whitaker, Lois Woodward, and Beryle Turner, and Messrs. Grady and Emmitt Hazelwood, Dean Crawford, Allen King, Howard Jones, Bill Gibbs, Delma Rayzor, Grady Burson, Virgil Dodson and Bernice Graves.

JIM BRILL

Drumright, Oklahoma, is modest. It seems that a Mr. Jim Brill of that place is a musician, vocalist, director of music and teacher of drawing in the high school, actively engaged in Boy Scout work, is a Rotarian, lyceum manager, American Legion official and director of the choir in the Presbyterian church, besides heading an orchestra. Notwithstanding all these distinctions, a dispatch from Drumright to the Tulsa World merely says regarding him, "Drumright believes her most versatile citizen is Jim Brill." Surely a more ambitious assertion might have been voiced. Some towns would have heralded Jim Brill as the most versatile citizen in Oklahoma, at the very least. But Drumright confines itself to its own proper territory.

As for Jim Brill himself, every town has one. Without Jim Brill we might have towns, but most people would then prefer to live in the country. Somehow it seems natural that the man with the most jobs should be busiest. But it does seem queer that new jobs should naturally gravitate toward the man who already has most to do. But that's the way things go in every locality. It's the same in clubs and societies and churches—and Jim Brill does it.

Probably the real reason for having to have a Jim Brill is because there are so many people who are content to sit back and let "George do it," never bestirring themselves even to the point of indicating which George they mean. If it's a question of bridging Clabber Creek or of building a viaduct over a river or of initiating a project to get water for a city of half a million people, Jim Brill has to pass petitions, engineer speakings, get up luncheons, invite experts to consult, write pieces for the paper and argue it out in the banker's office and the street corner caucus.

The Jim Brill of Drumright, Oklahoma, may be a wealthy man—the news item didn't say. But other Jim Brills usually aren't. They make a reasonable living for their families, but they are too generous with their time in public enterprises to accumulate a fortune. They are called upon too often to draw upon their own accounts to make up the deficit in the lyceum course at the town opera house, or for the grand opera week at the municipal auditorium, as the case may be. Quotas and assessments and civic pride weigh a bit more heavily upon their bank balances than in the case of most people. But isn't it fine to have town builders who are alive to human values and community opportunities? What would we do without Jim Brills, anyway? We need them all, and a

In Defense of The Tap Root

The tap root of the pecan needs no defense in the eyes of all true lovers of nature's laws and experienced men. There are some who advocate that the pecan tree will do better without the tap root. A pecan tree can be grown under favorable conditions with an abbreviated tap root, but entirely without one—never. To sustain this proposition I will discuss briefly, under three heads.—What is the tap root—its province—its importance.

First: The tap root of the pecan, as well as that of other plants, begins at the surface of the soil or just below it, at the crown of the tree where it is joined to the trunk. The tap root is always the first to emerge when the nut is planted. Most all of the concentrated food of the nut goes first to create the tap root, which descends into the earth, often two or more feet, before the trunk is formed to ascend into the air. The tap root growth is always in advance of the trunk growth and only in proportion as the tap root descends into the earth and finds food and water will the trunk ascend. The tap root will live many years after the trunk is severed and when necessary will grow a top every year to perpetuate life. Millions of acres of cleared land along the streams of Texas, where pecan trees have been hewn down, many years ago, are struggling to grow another trunk in verification of this statement. The trunk will die in a few hours when deprived entirely of the tap root and will never grow another if transplanted. Hence every tree is more or less injured and retarded in growth when part of the tap root is severed in digging it up to be transplanted; so much so that if the nut is planted at the same time and given equal care within a few years will grow the largest and most vigorous trees.

Second: The province of the tap root is primarily to seek food and water in the depths of the earth, to build and sustain all parts of the tree. Secondly it acts as a brace to hold the trunk erect in the air. The tap root is the trunk system of the roots, from which branch all the lateral roots, in every direction as the tap root descends. These lateral roots are the feeding roots, for the tap root never absorbs water or takes in food, no more than the trunk bears the nuts. The trunk only sends out the limbs that do the bearing. Hence taller the trunk the more limbs will it send out to bear nuts; and likewise deeper the tap root more lateral feeding roots it will send out and sustain the bearing limbs. Therefore deeper the tap root and taller the trunk more efficient will be the tree.

Third: The importance of the tap root is clearly shown in discussing the preceding points that very little remains to be said. So important, however, is the tap root that no lateral roots can possibly be grown without some part of the tap root is left to start these lateral roots. After they once get started, it is possible, however, to make them take the place of the severed tap root, just as the severed limb in man will be made up in measure by the strengthening of the remaining limb. Of course if man could control the elements to bring rain whenever needed, or had water at all times to irrigate, the tap root might be eliminated with small detriment. But as long as Texas weather remains as it is and in event of a drouth, causing the moisture in the soil, to either evaporate or sink by gravity below these upper lateral roots, then a deeply imbedded tap root reaching water or permanent moisture, is absolutely essential to the very existence as well as longevity of the pecan tree.

These advocates of no tap root claim that I am retarding the pecan industry by my teaching, when really the facts are just to the contrary. I am doing more to promote the pecan industry than they. When people become convinced of the great difficulty to get a transplanted pecan tree to live, as many from sad experience, they will then go to planting the nut where the tree is to grow, so as to never disturb the tap root. They will do more by boring deep holes under the planted nut to assist the tap root in penetrating the earth. Then again the nut is one hundred times cheaper than the budded tree. The nuts can be planted for nothing to fifty cents per acre for the finest nuts it is possible to get, but any nut even a pig nut rather than none at all. Grow you a vigorous tree first. It can be changed to a paper shell easier, cheaper and more certain of living than you can buy a budded tree with any assurance that it will live. Besides the danger of drying these budded trees will cost more per acre to set them out than often the land will sell for. Again it is all stuff, advocated for a purpose—that pecans are different to other plants and will not produce its kind. From thirty to forty percent of the nuts

from the trees entire product will reproduce the same nut under adverse conditions. When a tree is favorably situated to be pollinated by its own male bloom or other trees of the same variety, from seventy-five to ninety per cent of the nuts will come true. Nothing but the law of atavism will prevent them coming 100 per cent true. With these facts established in people's minds they ought to be as wise as the squirrel. This little rodent has more fine pecan trees to its credit than man, grown from the nuts it has buried along our streams.

H. A. Halbert, Coleman, Texas.

GOV. HOGG AND THE MOB

In a speech delivered in Dallas on October 1, 1902, Governor Hogg said: "In all cases of murder by mobs, without inquiring into the guilt, standing or even the nationality of the victim, I place the highest reward on the heads of the offenders, for the reason that in addition to the crime of murder they have violently and deliberately overridden the machinery of the law, the courts of the country and trampled under foot the guaranty of the constitution. If the victim is not in the custody of the law, I offer a reward less than \$1,000 as may be proper under the circumstances."

This sentimental howl over the country against the governor for his attempting to perform his duties under the constitution, in having the laws faithfully executed is unbecoming even in the most pusillanous cranks. Men and patriots should become imbued with the spirit of justice and state pride and honor to the extent that would crimson their deeds with the blush of shame for joining in this hue and cry. The people have the power to appeal their laws and relieve the officers of their execution. Until they do change them or put me out of office I shall be standing up under my constitutional obligations under all circumstances and exigencies, performing my duties as I understand them. Mobs must give way to the courts in Texas."

In a speech at Rockdale in October, 1894, he commented on and approved a plan which has been placed on the democratic platform looking to the suppression of mob lawlessness. On this occasion he gave his opinion of the mob as follows: "The wanton, cruel, inhuman execution of defenseless citizens and prisoners by murderous bands of criminals is an outrage on civilization that should be summarily suppressed. To do this our laws must be amended. A mob execution is a murder execution. Lynchers are murderers. Mobs are bands of murderers. Murderers should have their necks broken. This is the way to stop them. A band of men that goes to a jail, takes out a prisoner, white or black, and hangs him is composed of bloodthirsty murderers who possess no respect for constitutional guarantees or the stability of government or the lives of human beings. They are cowardly, criminal outlaws. They can not be depended on to enforce the laws through the laws of the country. If one of them should get on a jury he would be too criminal in heart to execute a criminal according to law. He would prefer to sneak around with a band of cowards and assassins at midnight and take an unarmed, defenseless person from his home, or a helpless prisoner from jail, and murder him in cold blood. The sooner the people of this state pass laws which will insure a few, neckbreakings of these cowardly murderers and assassins, who claim to

CITATION BY PUBLICATION

THE STATE OF TEXAS. To the Sheriff or any Constable of Randall County, Greeting:
 You are hereby commanded to summon John Alexander Beith, John Thompson, Jeanette Beith, Alexander Beith, John Hay Beith, William John Robertson, and John Bradford Parkinson, and the unknown heirs of John Alexander Beith, John Thompson, Jeanette Beith, Alexander Beith, John Hay Beith, William John Robertson, and John Bradford Parkinson, as trustees of the estate and properties of said John Alexander Beith, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Randall County, to be holden at the Court House thereof, in the city of Canyon, Texas, on the Fourth Monday in February, A. D. 1922, the same being the 27th day of February, A. D. 1922, then and there to answer a petition filed in said Court on the 24th day of December, A. D. 1921, in a suit, numbered on the docket of said Court No. 930, wherein Ama A. Ward, is plaintiff, and S. E. Magnus, W. A. Graham, J. L. Wilson, J. I. Staley, E. R. Robinson, John Alexander Beith, John Thompson, Jeanette Beith, Alexander Beith, John Hay Beith, William John Robertson, and John Bradford Parkinson, and the unknown heirs of John Alexander Beith, John Thompson, Jeanette Beith, Alexander Beith, John Hay Beith, William John Robertson, and John Bradford Parkinson, as trustees of the estate and properties of said John Alexander Beith, are defendants, and said petition alleging:

Trespass to try title and to remove cloud from title to 821 1/2 acres of land, including section 296, Block M-6, S. K. & K., Certificate No. 290, in Randall and Castro Counties, Texas.
 Beginning at the N. E. Corner of the fence and inclosure around said 821 1/2 acres, at a point in the W. L. of Section 294, of said block, 540 vrs North from the S. W. Corner of said section 294; Thence S. 2440 vrs; Thence W. 1900 vrs; Thence N. 2440 vrs; Thence E. 1900 vrs to place of beginning, further described in said petition.
 Plaintiff alleging possession under deeds duly registered and under fence, with payment of all taxes, and with title and color of title from the State, for more than ten years, and claiming same under the three, five and ten years Statute of Limitation. That one link in her record chain of title is deed dated October 6, 1898, by Jeanette Beith et al as Trustees of the properties of John Alexander Beith to Kyler and Graham for a recited consideration of \$1.00, and supplemental conveyance dated February 21, 1902, declaring that further consideration passed to said trustees for said conveyance, but question being made as to the sufficiency of this conveyance, suit is brought in part to remove cloud cast thereby; all of the defendants except Magnus, Graham, Wilson, Robinson and Staley being sued on account of this irregularity and cited by publication, and said last mentioned

defendants, Magnus, Graham, Wilson, Robinson and Staley are made parties on account of some question they are making about proper location of division lines between said land sued for and lands held by said last mentioned defendants. Plaintiff prays judgment for title and possession of said land with removal of cloud from her title, and to be quieted in the title and possession of same, with fixing of lines and with relief, general and special, both in law and equity.
 Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.
 Witness O. W. Gano, Clerk of the District Court of Randall County.

D. 1921, in a suit, numbered on the docket of said Court No. 929, wherein R. Leslie Ward, Administrator of the estate of G. R. Ward, deceased, is plaintiff, and J. J. Leavitt, W. A. Chaffee, John Alexander Beith, John Thompson, Jeanette Beith, Alexander Beith, John Hay Beith, William John Robertson, and John Bradford Parkinson, and the unknown heirs of John Alexander Beith, John Thompson, Jeanette Beith, Alexander Beith, John Hay Beith, William John Robertson, and John Bradford Parkinson, are defendants, and said petition alleging:

Trespass to try title and to remove cloud from title to 821 1/2 acres of land, including section 296, Block M-6, S. K. & K., Certificate No. 290, in Randall and Castro Counties, Texas.
 Beginning at the N. E. Corner of the fence and inclosure around said 821 1/2 acres, at a point in the W. L. of Section 294, of said block, 540 vrs North from the S. W. Corner of said section 294; Thence S. 2440 vrs; Thence W. 1900 vrs; Thence N. 2440 vrs; Thence E. 1900 vrs to place of beginning, further described in said petition.
 Plaintiff alleging possession under deeds duly registered and under fence, with payment of all taxes, and with title and color of title from the State, for more than ten years, and claiming same under the three, five and ten years Statute of Limitation. That one link in her record chain of title is deed dated October 6, 1898, by Jeanette Beith et al as Trustees of the properties of John Alexander Beith to Kyler and Graham for a recited consideration of \$1.00, and supplemental conveyance dated February 21, 1902, declaring that further consideration passed to said trustees for said conveyance, but question being made as to the sufficiency of this conveyance, suit is brought in part to remove cloud cast thereby; all of the defendants except Magnus, Graham, Wilson, Robinson and Staley being sued on account of this irregularity and cited by publication, and said last mentioned

John Robertson and John Bradford Parkinson, and also the said Jeanette Beith, Alexander Beith, John Hay Beith, William John Robertson, and John Bradford Parkinson as trustees of the estate and properties of said John Alexander Beith, are defendants, and said petition alleging:
 Trespass to try title and to remove cloud from title to 919 acres of land, including section No. 163, Block M-6, S. K. & K., Certificate No. 224, in Randall County, Texas.
 Beginning at the N. W. Corner of the fence and inclosure around said 919 acres at W. A. Chaffee's N. E. Corner. Thence E. 1900 vrs. Thence S. 2500 vrs. Thence W. 2270 vrs. Thence N. 600 vrs. Thence E. 370 vrs. to said Chaffee's S. E. Corner. Thence N. 1900 vrs. to place of beginning, further described in said petition.
 Plaintiff alleging possession under deeds duly registered and under fence, with payment of all taxes, and with title and color of title from the State, for more than ten years, and claiming same under the three, five and ten years Statute of Limitation. That one link in his record chain of title is deed dated October 6, 1898, by Jeanette Beith et al as Trustees of the properties of John Alexander Beith to Kyler and Graham for a recited consideration of \$1.00, and supplemental conveyance dated February 21, 1902, declaring that further consideration passed to said trustees for said conveyance, but question being made as to the sufficiency of this conveyance, suit is brought in part to remove cloud cast thereby; all of the defendants except Scott, Sims, Chaffee, J. J. and J. M. Leavitt being sued on account of this irregularity and cited by publication, and said last mentioned defendants, Scott, Sims, Chaffee, J. J. and J. M. Leavitt are made parties on account of some question they are making about proper location of division lines between said land sued for and lands held by said last mentioned defendants. Plaintiff prays judgment for title and possession of said land with removal of cloud from his title, and to be quieted in the title and possession of same on behalf of said estate, with fixing of lines and with relief, general and special, both in law and equity.
 Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.
 Witness O. W. Gano, Clerk of the District Court of Randall County.
 Given under my hand and the Seal of said Court, at office in Canyon, Texas, this the 24th day of December, A. D. 1921.

Ford
 THE UNIVERSAL CAR
 One-Ton Truck Chassis \$445
 F. O. B. Detroit With Pneumatic Tires and Demountable Rims

The One-Ton Truck

The Ford One-Ton Truck first made its appeal to the farmer and the merchant because of the merits of Ford Cars. And it made its wonderful reputation and great sales record because it lived up to every claim made for it.

The reliable Ford Motor, the special Ford steel chassis, the aluminum bronze worm-drive, all combine to produce a truck of unusual power, capacity and strength—a truck that lasts in service; a truck that solves the haulage problem at a very small operating and upkeep expense. Hence the demand for the Ford One-Ton Truck is constantly on the increase.

For the good of your business, whether it be farming, merchandising or manufacturing, you should come in and look over the Ford One-Ton Truck—NOW!

IMPORTANT

We are prepared to furnish the Ford Truck equipped either with Standard or Special Gearing. The Standard Gearing gives the truck a maximum of power. The Special Gearing increases the speed of the truck from five to seven miles an hour, converting it into a Fast Delivery Car.

NEWS FROM THE HIGH SCHOOL

Ed Gerald, Jr., Reporter.
Boone McClure, Eight Grade Rep.
Frances Reid, Ninth Grade Rep.
Walter Black, Tenth Grade Rep.
Lillie Mae Fogarty, Eleventh Grade

Senior Report
(Lillie Mae Fogarty)

We Seniors certainly think we have to work hard but when it comes to the showing of work and grades, we are very proud that we are doing what affiliated High School Seniors must do to hold their standard.

We are very sorry to say that none of our boys were on the Honor Roll last month, but the girls are surely going to make them work if they ever get there.

The following are the highest five in order on the Honor Roll for last month: Lillie Mae Fogarty; Ola Robinson; Mae Slack and Opal Gill tied for third place; Edith Harrison; Edna Schramm and Gladys Campbell tied for fifth place.

Junior Report
(Walter Black)

The entire Junior class has been exceedingly busy the past week preparing for the all-important Mid-Term examinations. The reporter overheard a remark from one of the teachers who said it was certainly amusing to see some people study, considering the fact that they had never been seen at it before. At any rate the Juniors are thoroughly preparing for their tests and are sure to make excellent showings.

The following five names are those highest in the room last month: First, Ida Mae Hastings; second, Alice Smith; third, Hildah Biggers; fourth, Frances Hicks; fifth, Ed Gerald, Jr.

Sophomore Report
(Frances Reid)

On looking up the average of the Sophomore students we find that the first five on the Honor Roll are, in order: Imogene McIntire; Ruth Jennings; Mae Hollifield; Annie Mae McClure; Lillian Cash.

The Sophomores are busily engaged in a necessary process called "cranking," in preparation for the coming tests. It is fervently hoped that this process will be successful.

Freshman Report
(Boone McClure)

The week has been passed in studying for Mid-Term examinations, a few of which will be given this week.

The Honor Roll for December, for the first five places: Sue Smith; Era Baggett; Boone McClure; J. D. Gamble and Horace Wooten tied for fourth place; Claude Harrison.

Many of the Freshmen were overjoyed with their grades made on the tests taken this week and found the exams to be very easy, compared with the general expectations. The examinations will be finished Tuesday.

The Honor Roll in the Seventh grade for the five highest: Roy Cheatham; Newton Craig; Jessie Holcomb; Marion Higdon; William Lockhart.

Mr. Sone's Comments

The Mid-Term examinations will be wound up generally this week, and on those already finished many pupils are doing well. Some students, however,

will be asked to review their former work.
Much trouble has been encountered with pupils promoted with a condition and this will not be done again. Only those who are completely and thoroughly equipped will be allowed to enter a higher grade.
Parents will please notice this statement and press upon the children the necessity for more home study.
Do you as a parent see the report card of your boys and girls? They come back to us with your signature and we can do no more. We have found out that in many cases the pupils have not presented them.
Please remember, parents, that the week following each month a report card is due. Do not neglect to look after this.
The remaining months of school must mean more in diligent work on the part of all concerned, than the months that have gone.
We are working for and expecting affiliation in additional subjects and this will take the best in us.

Track and Basket Ball

Interest is growing in the track

work and the number of candidates has increased greatly. The high men of each event of the past week are:
High jump—Donald Campbell, 5 ft. 6 inches.
Broad jump—Leslie Key and Cecil Foust.
Pole vault—Cecil Foust, 8 ft. 6 in.
50 and 100 yd. dashes—Leslie Key.
440 yd. run—Billie McClure and Emmett McCormick.
Mile run—John Vetek and Paul Martin.

The high school basket ball team played Hereford high school last Friday and the second string men played the Friona school.
In the game with Hereford, which Canyon won by an 18-20 score, the home boys did some excellent work, outplaying the Hereford team at all times. The absence of our forward, Brown, who is ill, was keenly felt and it is with great pleasure that we hear that he will soon be back. The methods of the Canyon team seemed to bewilder the visitors at times and their play was at these times very slow and ill conducted. Outside of this, however, the Hereford boys gave us a great game, played fairly and well. Our relations with Hereford have always been pleasant and we look forward to another encounter with anticipation of a much better game.

The game with Friona was lost to the visitors, who had a fine, well regulated team. The second string men were outplayed by their faster opponents who ran the score up 29-12. The Friona team will be sure of a return game soon and we are sure of a different and more favorable result.
—C. H. S. Reporter.

**McCARTER DISCUSSES
REVIVAL OF BUSINESS**

(Continued from first page)
The National City Bank states that the controlling factor is in the hands of the American people. Revival of business will come when we wish it. It all depends on when we want it to come. The value of farm products last year was eight billion of dollars less than in 1919, and three million four hundred million less than 1920; this in spite of the fact that the quantity was the same. The farmer was therefore unable to buy this amount less than he would have if prices had been uniform.

The blockade against a revival of business is the disposition of too many to hold on to their high prices. Reducing operating expenses are necessary for all industries. Wage earners will have to take reductions. Public opinion will help adjust prices.

The question of readjustment is not in the hands of any individual or the government—it is in the hands of all. Various methods have been devised to postpone readjustment, but they are mere postponements of settling the question.

Mr. McCarter quoted authorities who opposed the bonus to the ex-service men, and showed that this would not settle the present day problem, but leave the country in worse condition than at present.

Captain Nusbaum was called upon by Mr. Powell and for a few minutes explained the work that he would attempt to put on in connection with the community programs being held this week at the Methodist church. He urged that all of the business men attend the meeting, and do everything in their power to make the week profitable.

He especially invited families from the country to make a special effort to attend the meetings.

There was a unanimous vote that the community day dinner be put on at the court house Friday at noon, and that the business houses close from 12 to 2 o'clock for this event.

**Startling Figures Made
of Products Shipped
Into This Section**

The Plainview Herald made a survey of the amount of cured meats and canned goods shipped annually into Hale county, which is startling, indeed, when we consider the fact that practically all of this meat might have been cured at home, saving great charges in transportation on the live stock and on the finished product back to this section.

The following is the article published in the Herald:

Here's how the people of the South Plains live at home.

A survey of the grocery stores of Plainview was made yesterday by The Herald. Ten stores report that during a year's time they sell to the people who live in the Plainview trade territory—the "hogopolis" of the great Southwest—

31,400 pounds of dry salt pork, packed in the centers of the packing industry and shipped into a territory which ships out annually almost three quarters of a million dollars' worth of pork.

8,800 pounds of bacon in pound boxes.

78,100 pounds of fancy breakfast bacon in strips.

8,000 pounds of hams.

It all happens in the greatest potential hog country in the world.

There are sold in Plainview each year pork products for each person in Hale County—dry salt pork 3.14 pounds, boxed bacon .88 pound, breakfast bacon 7.81 pounds, ham .8 pound. Hogs dressed in fancy packages, re-shipped and resold in the land of their birth!

In one of the greatest potential dairy countries in the world, 48,000 cans of condensed milk are sold in the leading town of the county, to say nothing of the sales in the other towns. This is a country which is capable of entering dairying on a large scale productively.

24,000 cans of beans are sold in Plainview annually, on estimates from the wholesale grocery houses in Plainview. This is a country where the wax bean, the Pinto bean, and any other kind of bean flourishes around any man's windmill—if the man has initiative to plant them and a good wife to care for them.

144,000 cans of corn are sold in Plainview each year.

96,000 cans of tomatoes are imported annually into a section which raises tomatoes second to none. While the windmill works only part of the time, the good farmer worries along with his wheat and his kaffir corn, feeding his harvest hands on tomatoes canned in

the North. He buys the tomatoes and the can, throws the can away, and his corn, tomatoes, potatoes, beans and milk must be paid for in money from wheat and kaffir. He sells a ton of kaffir corn to pay for a case of tomatoes, hauling it to town in a wagon and rushing in an automobile on Saturday to get his tomatoes. He trades four bushels of wheat for a case of condensed milk, generally getting his milk two cans at a time.

In the land of the cow, the sow and the hen, we live from tins and wonder why prosperity doesn't smile on us.—Plainview Herald.
