

CIVIC IMPROVEMENT PROGRAM WILL BE TAKEN UP NEXT TUESDAY; SNOW STOPPED PLANS MADE FOR THIS WEEK

ONLY A DOZEN BRAVED STORM TUESDAY AND ATTENDED THE LUNCHEON OF THE COMMERCIAL LEAGUE—WOMEN IN CHARGE OF PROGRAM NEXT WEEK.

Owing to the storm Tuesday, there were only a dozen at the weekly luncheon of the Commercial League. During the morning, the women in charge of the program asked that their part be cancelled until more favorable weather.

The Civic Improvement program will be next Tuesday, and at that time plans will be made for some definite work to be put over in Canyon during the coming year.

At the meeting Tuesday, a letter was read from the Amarillo Board of City Development regarding the meeting to be held in Amarillo this afternoon at two o'clock for the purpose of discussing plans to made the Palo Duro Canyon a State or National Park. The following were sent as representatives of the Commercial League: W. A. Warren, A. W. Blough, T. V. Roewe.

C. F. Walker called attention to the exhibit that he wishes to take to the Ft. Worth Fat Stock Show next week, and asked that all who knew of good samples of grain to get in touch with him, or have it brought to his office so that he could send out this exhibit Monday.

Reports on the Farmers' Short Course to be held in Canyon on March 9 and 10, indicates that the advertising matter on the course is being placed in the hands of the farmers of this county and that the attendance at the Short Course ought to be very large.

Mayor J. D. Gamble was called upon to tell of the program for paving and called attention to the fact that there is an election on the 11th of March, the order of which is published in the Randall County News. If this election carries, there ought to be nothing further in the way of paving, as the \$20,000 in bonds may be disposed of at par. If the city council were forced to sell the 20-40 bonds which were authorized by the voters of Canyon in October, 1920, only \$16,000 cash could be realized, or 80 cents on the dollar.

The election next week is for the purpose of changing the maturity date of the bonds to 10-20 year bonds, which may be sold by the council at par. There is no reason why any of the voters favoring paving should not vote for these bonds in the election on March 11th.

Luncheon at American Hotel.
The luncheon next Tuesday will be held at the American Hotel, and John T. Wiley is making preparations to take care of a big crowd for the occasion.

HISTORICAL SOCIETY ELECTED OFFICERS AT MEETING FRIDAY

The annual meeting of the Panhandle-Plains Historical Society was held Friday afternoon at three o'clock at the Normal, the following being selected for the coming year:

President—Thos. F. Turner, of Amarillo.
1st Vice President—Mrs. Olive Dixon of Miami.
2nd Vice President—T. M. Clark.
Recording Secretary—Miss Margaret Boulware.
Treasurer—C. R. Burrow.

FOSTER MOVING TO DUMAS.

Joe Foster has started to move to Dumas and take possession of the land from which he recently traded E. O. McCanne.

LAUGHERTY EXPLAINS METHOD OF FARMERS' BOOKKEEPING

In spite of the bad weather Monday afternoon, there was a very good number of farmers at the county court room to hear M. M. Laugherty of College Station discuss methods of bookkeeping for the farmer.

Mr. Laugherty presented a book that was simple to keep, yet contained all of the items necessary for the farmer to find out what his different crops and produce were costing him and whether they were making him any money.

Mr. Laugherty gave copies of these books to all farmers present and asked them to use the system.

Herefords of Randall County Win in Show Held in Amarillo

Several Randall county breeders of registered Herefords made a showing in the Amarillo show last week and got away with the most desirable prizes of the show. C. F. Walker, our county agent, was judge and gave most excellent satisfaction.

T. A. Dowlen won senior bull calf on Peerless Fairfax, 42nd and third in the same class with Texas Fairfax.

In the two year old heifer class, E. E. Adams won third on Ruth W.

In the senior yearling heifer class, T. A. Dowlen won first on Pretty Face, Willie Bennett won second on Belle Bennett, 38, while W. E. Bennett won third and fourth on Belle Bennett 34th and Belle Bennett 32nd.

In the junior yearling heifer class, W. E. Bennett won fourth and fifth. In the senior heifer calf class, W. E. Bennett won third on Belle Bennett 54th.

C. O. Keiser bought some of the best Herefords offered in the sale Thursday, paying the top price of the sale, \$455 for Bead Oliver 9th, which was the grand champion bull of the show. Mr. Keiser also bought Bean Handsome at \$410, this bull being second in the show and sale. Mr. Keiser bought six of the choice Herefords of the sale.

T. E. Money bought two good herd bulls and Parker D. Hanna bought Bond Blanchard 62nd for his herd bull. S. P. Merry living northeast of Canyon bought six head in the sale.

MRS THOMAS FOR CLERK

To the Voters of Randall County: I hereby announce myself to the voters of Randall County as a candidate for the office of County and District Clerk of Randall County, subject to the Democratic primary to be held in July. I have lived in this county for 16 years, being actively engaged in business here for nine years, and I feel that I am qualified to compete with the requirements of this office.

I shall attempt to see all voters individually, and your vote will be highly appreciated. If honored by being elected for County and District Clerk, I will discharge the duties of that office to the best of my ability.

MRS. C. M. THOMAS.

Walker Taking Cattle Hogs and Grain to Ft. Worth Stock Show

C. F. Walker will leave Monday with a very fine exhibit from Randall county to be placed in the Ft. Worth Fat Stock Show.

Mr. Walker is taking four head of his Herefords, one to be entered in the yearling heifer class, one in junior heifer class, and two in the junior bull class.

He is taking twenty-two head of barrows to be entered in the barrow show. The barrows are contributed by the following breeders: Gus Leseburg, White Chesters; Wm Ash, Hampshire; W. L. Deeke, Durocs; Alfred Vetsak, Poland Chinas; S. L. Harmon, Burks-shires.

Mr. Walker is also taking a grain exhibit, but on account of the bad weather this week has been delayed in getting this exhibit together.

WILL LECTURE IN CANYON DURING THE SHORT COURSE

MRS. BERTHA DAHL LAWS

WORST STORM IN SEVERAL YEARS STARTED MONDAY

ZERO WEATHER WITH HIGH WIND FROM THE NORTH.

About Four Inches of Snow Falls, But Wind Drifts Is Very Badly—Worst Since 1918.

The hardest storm in four years hit Canyon at midnight Sunday night. By morning the temperature stood at 12 degrees above zero, with snow being driven before a high wind. The snow continued through Monday and Tuesday with the temperature holding about two degrees above zero most of the time.

About four inches of snow was reported by the weather man, but owing to the continued high wind throughout the storm, the snow was badly drifted. East and west roads are almost impassable. The moisture on account of the snow will not amount to much owing to the bad drifting.

This storm was predicted by the weather bureau, and the cowmen were generally ready for it. No loss of stock has been reported.

The snow fell for about 54 hours, which was the longest snow we have had since the winter of 1918-19 when snow lay upon the ground a greater part of the winter.

STORK SPECIALS.

A daughter was born to Mr. and Mrs. S. J. Burris last Wednesday.

A son was born to Mr. and Mrs. D. E. Covington Feb. 24.

Cards have been received announcing the birth of a daughter to Mr. and Mrs. M. Lyle Holland at their home in Mineral Wells.

Cards have been received announcing the birth of a daughter to Mr. and Mrs. W. H. Goudy, former residents of Canyon, at their home in Muskogee, Okla.

Large Numbers Join West Texas Chamber Commerce

The West Texas Chamber of Commerce wishes to take this opportunity to thank the following named individuals and business firms of Canyon for their loyalty to Canyon, the West Texas State Normal College, the West Texas Chamber of Commerce, and to West Texas in general.

These men in becoming valued members of the West Texas Chamber of Commerce have secured the cooperation of the said organization in the great work of making our great Western Normal the greatest school of its kind not only in Texas, but also in the entire South.

The West Texas Chamber of Commerce will also be glad to assist the people of Randall County to the utmost of its growing ability in all matters tending toward the building of a better and larger city, and a more prosperous community:

C. D. Lester, E. H. Powell, R. H. Wright, Grady Oldham, Thompson Hardware Co., Canyon Lumber Co., W. J. Flesher, Canyon Supply Co., L. E. Cearley Grain Co., J. W. McQueen Drug Co., J. A. Hill, Redfeart & Gerald, W. C. Black, O. W. Gano, City Pharmacy, A. N. Henson, J. M. Vetsak, C. F. Walker, S. B. Orton, C. W. Warwick, J. A. Guthrie, Dr. S. L. Ingham, C. H. Jarrett, T. R. R. Atkins, Dr. R. P. Price, Rhea Robbins, T. M. Whitman, C. L. Condrey, A. W. Blough, Jno. T. Wiley, J. W. Reid, W. A. Warren, Rector Lester, Star Barber and Tailor Shop.

The Annual Convention of the West Texas Chamber of Commerce will be held in Plainview, May 22, 23, at which time there will be something like five or six thousand big loyal West Texans present. This would be a splendid opportunity for a delegation of one or two hundred Canyon citizens headed by the Normal band to tell the fathers and brothers of the young people of West Texas at this convention all about this great school, and appeal to them to help in making it a greater school.

We take pleasure in commending the above named people to their neighbors of the surrounding towns and communities as being loyal to their town and to West Texas.

Yours truly,
B. F. BENNETT,

Manager Plains and Panhandle Division of the West Texas Chamber of Commerce, Plainview and Lubbock, Texas.

Improvements in City \$123,000 for Last Year Outlook Good for 1922

By J. L. McCarty

Canyon, the busy and thriving city of Randall county has had a steady growth for the past year and anticipates a better year in 1922. Over sixty five buildings have been erected or remodeled during the last twelve months. These buildings for the most part have been substantial modern bungalows and represent the homes of permanent citizens. Some few houses built during this period total an investment of several thousand dollars. The bulk of improvement has been in the east part of town. However the west end of town has not been slow in building. Proximity to the college is probably responsible for the east end receiving the greater amount of improvements. Five small business houses have been erected. However, two of these were made necessary by the fire which destroyed the South Side of the square. Two business houses were erected adjoining the college campus.

In interviewing Mayor J. D. Gamble it was learned that Canyon is very careful about the water supply for her citizens—\$6,000 having been expended on the water plant alone. A new well and new engine with all new pumping equipment was installed. This has assured the city of an abundant supply of good water. A key rate of 59 cents on fire insurance is a thing of which the town is proud.

The college is also proud of its water system, having erected at a cost of \$10,000, a water tower with 50,000 gallon capacity. That, a new well, and other improvements approximating \$19,500 for the water system of the college this year. This, making for the entire community, over \$25,000 spent on the water supply alone. In addition the college in other improvements spent \$30,500, including campus improvements, additional real estate and an infirmary for the college students.

The citizenship of the town on raw material spent \$70,000 according to local dealers. This means that the usual business depression has not prevented a steady growth. The total value of the improvements then is approximately \$123,000. Practically every dollar of this improvement has been invested in permanent buildings.

The coming year should show a larger amount spent on permanent improvements, especially since the proposed street paving is on docket. In addition more bricks will be placed on the South Side of the square. One of these will probably be used as an armory for the Canyon contingent of National Guardsmen. With paved streets and adequate water supply, an increasing number of students to accommodate and an increasing agricultural growth, more business houses will be necessary and already there is a need for dwelling and rooming houses. Consequently people are expecting more building for the next year than they have had for the past twelve months.

Normal Baseball Men Called Out For Spring Work

Baseball practice was to have started Monday, but owing to the storm had to be postponed for a few days. Coach Burton will make a call for all baseball men as soon as the weather will permit.

Coach Burton sounded the official call last week for all pitchers and catchers who wished to try out for the varsity this year and eight responded the first day. Six pitchers who have good records will try for a berth on the mound staff. The veteran catcher, Bartow Johnson, will try for the back stop position. Dan Sanders, captain of the 1921 football squad, will offer stiff competition for the big 200 pound veteran.

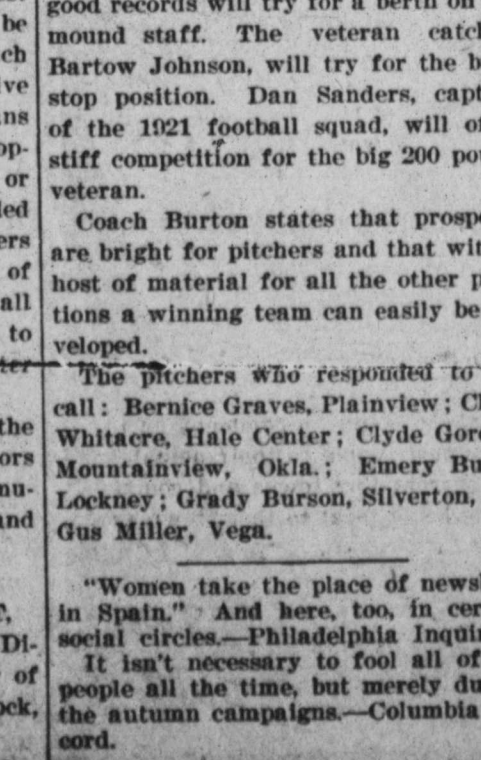

Coach Burton states that prospects are bright for pitchers and that with a host of material for all the other positions a winning team can easily be developed.

The pitchers who responded to the call: Bernice Graves, Plainview; Clyde Whitacre, Hale Center; Clyde Gordon, Mountainview, Okla.; Emery Burns, Lockney; Grady Burson, Silverton, and Gus Miller, Vega.

"Women take the place of newboys in Spain." And here, too, in certain social circles—Philadelphia Inquirer.

It isn't necessary to fool all of the people all the time, but merely during the autumn campaigns.—Columbia Record.

THIS SPEAKER HAS A MESSAGE FOR EVERY FARMER IN THE CO.

H. S. MOBLEY

FARMERS' SHORT COURSE WILL START IN CANYON NEXT THURSDAY MORNING AND WILL CONTINUE THROUGH FRIDAY

GREAT PROGRAM WILL BE HELD IN NORMAL AUDITORIUM DURING THURSDAY AND FRIDAY OF NEXT WEEK—FARMERS, COME!

All women—club women, business women, professional women, farm women, housewives—will want to hear the talks and discussions to be given by Mrs. Bertha Dahl Laws at the Agricultural Short Course to be held at the Normal auditorium on March 9-10.

As one of the leading women exponents of better homes and better health, Mrs. Laws occupies an enviable place in the annals of American progress.

Mrs. Laws graduated from the Boston School of Cooking over 30 years ago and was also a student at various times at Chautauqua, New York, and the Wisconsin University. For a quarter of a century she has been engaged in one of the noblest of all callings, that of making women's work easier.

For two years she assisted in the care and feeding of hundreds of orphan children at the Indiana Soldiers' and Sailors' Orphan Home. Later she studied nursing at the Lincoln Park Sanitarium Chicago. For five years she was a teacher of home economics in the Minneapolis public schools where she also taught mission classes and mothers' classes.

For seven years she was connected with the Minnesota Farmers Institutes, delivering lectures before chautauquas clubs and schools. She was also teacher of home economics in the Northern Normal College at Aberdeen, South Dakota, for one year. She has lectured in nearly all parts of the United States, Canada and Alaska.

Eight years ago she began the work of building up a department of Woman's Work at the Minnesota State Fair, and so fast has it grown that there is no other such department in America.

In addition to Mrs. Laws, will come H. S. Mobley, a practical farmer who has the experience and ability to make clear to others practical suggestions for meeting the many farm problems which bother all of us at times.

Mr. Mobley was national chairman at Washington of Farmers' Organizations' Legislative Committee during the discussion and adoption of such laws as the Farm Loan Bank, Parcel Post, Smith-Lever Bill, etc. He is a practical farmer of many years' experience who sees things from the farmer's viewpoint, a successful live stock and alfalfa grower, and a well-known lecturer of the various agricultural subjects and home and rural school problems.

The plan is to hold both day and evening sessions, at which admission will be free and everybody—men, women and children—will be welcome.

In the talks and lectures large charts and lantern slides will be used and at every session the subjects treated will be thrown open for discussion.

Moving pictures of an educational and instructive nature will be a feature of the evening meetings.

GREEN-SIEDENSTRANG WEDDING

F. A. Siedenstrang and Miss Aliza Guillian Green of Amarillo were married Sunday evening by Rev. E. A. Osborne. The groom was formerly a resident of Canyon, being employed as mechanic by C. O. Keiser. He has lived in Amarillo for the past eighteen months. The bridal couple will make their home in Amarillo.

High prices decline when declined—Greenville Piedmont.

OWNED LAND IN RANDALL COUNTY FOR 44 YEARS

A quarter section of land in the north part of the county has been in the name of Geo. E. Roberts for the past forty-four years. Mr. Roberts lived at La Salle, Ill., until recently when he died, and heirs wrote this week asking for an abstract for the land.

A deed to the property was enclosed with the request, the deed having been filed in 1878 when Randall county was attached to Jack county. The land belonging to Mr. Roberts was a quarter section. It is noteworthy that the three other quarters belonged to three different men, all of whom acquired the land at about the same time, and all of them held their quarter sections for about the same length of time. The other three have changed hands only during the past few years.

FIREMEN ENJOYED BANQUET.

The members of the fire department and officials of the city enjoyed a very fine banquet at the Canyon Cafe Friday night. More than thirty were present to enjoy the big feed which had been prepared in honor of the occasion.

DISTRICT COURT STARTED SPRING SESSION MONDAY

HEREFORD MURDER CASE SET FOR THURSDAY NEXT WEEK

Flesher as District Attorney Working With Grand Jury—Few Civil Cases This week.

District Court opened Monday morning with Judge Henry S. Bishop presiding. W. J. Flesher was sworn in to act as district attorney during the term of court, since W. H. Childers is in a sanatorium and unable to attend to court duties.

The petit jury for the week appeared Tuesday but was dismissed until this morning when the case of J. E. Rogers vs. W. H. Carter and Nels Maibey has been set for trial.

The criminal docket has been set for next Monday.

The murder case against Henry Burns, transferred here from Deaf Smith county, has been set for trial Thursday morning. A special venire of 75 men was ordered Monday by Judge Bishop.

Several civil cases have been reported settled out of court, while it was necessary to continue a few in order to perfect service.

Two judgments were given Tuesday, one a decree of divorce being granted Minnie Parvin from her husband R. A. Parvin, while Crys Eakman was given judgment against A. B. Miller.

The following men were chosen as members of the grand jury Monday and instructed by Judge Henry S. Bishop before starting upon their deliberations:

W. H. Crain, foreman, Jim Coffee, W. S. Hastings, J. B. Knox, J. L. Lovvorn, T. E. Money, H. C. Roffey, M. H. Rockwell, I. W. Scott, R. O. Allison, W. T. Hazelwood, S. V. Wirt, T. D. Coffee, door bailiff; J. D. Welter and W. C. Leonard, walking bailiffs, J. W. Kleinschmidt, riding bailiff.

Oscar Hunt Will Be Appointed to Canyon Postoffice

President Harding has sent the name of Oscar Hunt to the Senate for appointment to the Canyon postoffice.

The recommendation was made yesterday, and will likely be acted upon by the Senate within a few days.

Mr. Hunt served as postmaster of Canyon for eight years, his term expiring near the close of President Wilson's first term in office.

Owned Land in Randall County for 44 Years

A quarter section of land in the north part of the county has been in the name of Geo. E. Roberts for the past forty-four years. Mr. Roberts lived at La Salle, Ill., until recently when he died, and heirs wrote this week asking for an abstract for the land.

A deed to the property was enclosed with the request, the deed having been filed in 1878 when Randall county was attached to Jack county. The land belonging to Mr. Roberts was a quarter section. It is noteworthy that the three other quarters belonged to three different men, all of whom acquired the land at about the same time, and all of them held their quarter sections for about the same length of time. The other three have changed hands only during the past few years.

FIREMEN ENJOYED BANQUET.

The members of the fire department and officials of the city enjoyed a very fine banquet at the Canyon Cafe Friday night. More than thirty were present to enjoy the big feed which had been prepared in honor of the occasion.

THE COUNTY AGENT

Canadian Record: A petition has been presented before the Commissioners court at Hereford called the "Anti-Agent Petition." The petitioners do not want a county agent. The farmers and pure bred stock-men of Hemphill County had no organization, no concerted movement, no determined objective in view until the county secured a county agent. There was no popular demand for pure bred brood stock, for better stock and better farming and marketing until the county secured an agent. It was a popular idea that only about ten per cent of Hemphill County was farming land until an agent came here to preach a different story. Indications point to the fact that the advent of the county agent in Hemphill County was the beginning of an era of development that will not stop until this county has 20,000 citizens instead of six thousand. There is a growing demand for more farmers, more dairy cows, more hogs and more kafir corn. An agent is one of the greatest colonization agencies that can be introduced. He is a country builder, and a pure bred stock idealist. His salary is one of the greatest investments a county can make. His help and advice and the inspiration of his cheerful optimism may be the means of helping the individual farmer to make more profit in one year than the sum which the county pays him as salary. The idea of an organized anti-agent petition is rather interesting in this day of better farming, better stock raising and more farmers for the Panhandle.

The Record is absolutely correct in its estimate of the great benefits to be derived from a County Agent. Randall county was fortunate enough to be one of the very first counties on the Plains to have a county agent. Our first agent served four counties, but it did not take our progressive commissioners long to see that one man serving all of his time in Randall county would be the most profitable investment they could make for the farmers and stockmen. The fact that Randall county within three years has become a recognized leader of this section in the swine breeding business is all of the evidence needed that the county agent is a profitable investment. It is probably true that 90 per cent of the 200 men who signed the Deaf Smith county petition against the county agent were mere bench warmers around Hereford who have never done anything for their town or county except to vote against school taxes, paying taxes and other public improvements.

FLOWERS FOR THE LIVING

McLean News: Scores of our readers have told the News editors that they are getting out one of the best county papers they have ever seen. Exchanges have said The News is a top-notch paper. Recently a local pastor, in quoting the paper to his congregation, said that it is a "plum good one." We have thought all the while that The News was a top-notch paper, and we now know it just as well as anybody does, and are prepared to agree with any and every one who will compliment our sheet. But perhaps the strongest compliment that we have gotten yet was from Capt. C. S. Nusbaum, who in the course of his address at Monday night's Chamber of Commerce meeting, said that The McLean News printed the best follow-up he had seen, after having delivered the series of community lectures in a town. He said there was only one paper in a town he had visited that was in a class with The News, and that paper was the Randall County News, Canyon, which is edited by our friend, C. W. Warwick, and we are glad to be placed with him. The Captain lectured in Canyon before he came to McLean, and the splendid articles in the Randall County News furnished much of the inspiration for ours. There is one thing about it; the News editors at both McLean and Canyon can do some spectacular boosting when something happens to get them "riled" in just the right way. When McLean gets to be as good a town as is the McLean News a newspaper, that is going to be some city. M. L. Moody has been giving McLean one of the top-notch newspapers of this entire country in spite of the fact that the News is the only paper in the town as good as the rest of us. Capt. Nusbaum was right in his words of praise to the McLean News. Moody is a booster from the word go, and is building up a business that is the joy and same time envy of his friends.

THE KLAN IN POLITICS
Quinn Tribune-Chief: The Ku Klux Klan promises to cut quite a figure in elections this year, and the question as to membership in the order has been put to several candidates. It is a good rule for non-members to vote against any candidate acknowledged to be a member or even to be friendly towards

that organization. Whenever a man aspires to become an officer belongs to an order which holds that Texas officers cannot or will not enforce the laws of the state, such candidate virtually admits his unfitness to hold an office. We need officers that will enforce the law, and are not so anxious to pass the buck. There is no fear of the Klan succeeding in their attempt to dominate in politics. There never has been a church, lodge, or any other organization which made a successful attempt to dominate politics. The organization which makes such an attempt is doomed to failure. You can always depend upon the American people being joy-killers to such aspirations. While the Klan is new and the members are enthusiastic, it may be able to land a few of its members in office, but no secret organization will for a long while dominate our political state.

Too few people in Canyon really appreciate the wonderful opportunities that confront themselves to this town. Canyon is certain to become a good sized town within a very few years, but by the cooperation of every citizen we can cut that time in half. The state of Texas has planted an institution here and spent a million dollars in the past twelve years. It is contemplated that the state will spend another two million here within the coming fifteen years. This alone will make a town of Canyon whether we as citizens exert ourselves to become city builders. But the proposition has been clearly stated to us on various occasions that if the people of Canyon will put forth the right kind of effort we may put over the building program of the Normal in a much less time than fifteen years. By building a town faster than the state adds to its plant here, we will always push the enterprise faster and in the end a great deal further than if we put forth no effort. Canyon needs more houses, in spite of the fact that we have had a great building program during the past two years. We need more good brick business houses upon the public square. A town is known by the number and quality of its business institutions. More business houses will bring more business. We must have paying, and this is going to be accomplished after the election March 11. However the present program calls for only the public square being paved. If we do not pave Hopston and Evelyn streets, we will make a great mistake. We must have more sidewalks, and patch up the ugly holes in our walks around the public square and in the residence sections. We must take better care of our streets. Some of our streets are in much worse condition than the public roads. If possible we must have cheaper water in order to cultivate the spirit of civic attractiveness through tree and flower planting. We must have better church buildings. There is not a church in Canyon with adequate facilities. If we believe in the power of God and feel that saving power, we are a mighty sorry bunch of Christians to ask the Lord to work through us with the inadequate facilities we are offering. We must have a better public school building. We cannot much longer hold our claim as education center of this great Panhandle-Plains sections unless we are willing to make the public schools equal in attractiveness to the great institution placed here by the state. Canyon's program is big. It cannot be put over in a day, a week, a month, or perhaps a year. But these things have to be done if the town is to make the progress we may rightfully expect Canyon to make. It is going to take the full hearted cooperation of our citizenship to put over the program. It is going to take the counsel of our best citizens to work and plan out the right steps at the right time. But the program can be put over. Let's go to work.

Hon. Cullen F. Thomas is a candidate for the United States Senate from Texas. Mr. Thomas is an able man and has a record as a man of public affairs of which any of us might be very proud. He make his opening

speech Saturday in which he discussed the issues of his platform. The Hon. Mr. Thomas has fallen into the wrong hands when it comes to handling publicity of his campaign. The old time politician offered the country press a whole gob of free plate regarding their merits as a candidate, and a few years ago the country press didn't have any more sense than to print the whole thing. Times have changed, and the country press will no longer fall for this free plate dope. But now comes Mr. Thomas with his progressive ideals as a candidate for the senate, but asks the press to print the dope he will pay a Dallas house to manufacture for him. He will no doubt feel a very disappointing jolt over the small number of requests on the left addressed post cards he accompanied with the letters asking the country press to boost his candidacy.

As a general rule municipal-owned public utilities are not so successful as those privately owned. The city of Memphis bought the light plant a few months ago, and now want to sell it. The fact that a municipality owns a public utility is no guarantee whatsoever that it is going to be a success, or that the rates charged are going to be any lower.

Bring C. F. Walker some good samples of grain for the Ft. Worth exhibit, which he is going to leave with next Monday.

Go to work for Canyon. We have a wonderful opportunity to build a city here in Randall county.

Health Week Named By Governor Neff

The following proclamation has been made by Governor Neff:
Whereas, smallpox is raging to the North of us, and is being transmitted promiscuously over the State, and
Whereas, our Sister Republic to the South is reporting yellow fever, typhus and bubonic plague, and
Whereas, plague infected rats are being trapped in Texas, and
Whereas, typhoid fever continues to take its toll in unusual numbers, and
Whereas, diphtheria, pneumonia and influenza are on the increase in this State, and
Whereas, malaria infected over two hundred thousand Texans last year, impairing their productiveness and causing an economic loss of millions, and
Whereas, the death-rate of infants exceeds the normal ratio, and
Whereas, contaminated foods and drinks are being dispensed in many places in this State, and
Whereas, the capacity of State institutions for the blind, feeble-minded, and insane are being over-taxed, and
Whereas, tuberculosis still continues to lead the list of causes for death, and
Whereas, the sanitary conditions of some of our communities have become almost intolerable, and
Whereas, quarantine laws are being violated, and
Whereas, an indifference is being shown in the enforcement of health and sanitation laws, and
Whereas, heroic measures are necessary to stop this preventable human loss of 14,000 per annum, and
Whereas, the welfare and happiness of our Texas citizenship is largely dependent upon health,
Now, Therefore, I, Pat M. Neff, Governor of Texas, at the request of

In this issue of the News will be found the political announcement of Mrs. C. M. Thomas as a candidate for the office of County and District Clerk subject to the democratic primary in July. Mrs. Thomas is well known in Randall county, as she has made this her home for many years. She was in the undertaking business in Canyon for several years. She has business ability to look after all of the duties involved upon the Clerk of this county, and if the voters elect her to this office she will do her very best to see that the business of the office is properly looked after and that the patrons are efficiently served.

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women, whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it—it's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people, it puts firm flesh on your bones, it rounds out your face, arms, neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the hollowness from the eyes, and it fools Father Time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

KLENZO LIQUID ANTISEPTIC

VERY efficacious for sore throats and head colds—leaves such a cool, clean feeling. Use it to prevent the Flu! Throats sprayed with Klenzo resist all disease germs. Take home a bottle today.

C. F. Walker was in Hereford Saturday.

WORK

Its place in human life. Work, real work, is putting forth effort with a purpose of producing or bringing about a definite result. Work is praiseworthy only when the end sought is worthy and worth-while. It has been said that he who could be better employed is idle. This is just another way of stating the truth. Everyone should put forth his efforts. Everyone should so work that his output shall be of such quantity and quality as is his full share of the interests of his day and time.

Good, honest, purposeful work has given the world everything worthwhile in human attainments, from the smallest utensil or useful product to the mightiest engine of industry or the greatest grainary of food stuffs. What is more worthwhile, every good man, and every good woman, are the finished products of the most laborious and wisely directed energies of men and women.

It is evident that there is room on the earth for workers only. That those who do not work do not contribute to the world's well-being. They cumber the ground. They are a burden to honest men. They live by the sweat of honest men. When human energies are so employed that their output sup-

plies real human needs, thus contributing to the world's happiness and progress, then it is that such employment is soul-enabling, God-honoring work. Only such play as refreshes for work is admissible in a right directed life. True men do not find true happiness in play. They find it only in true work. Let us diligently work. Give work its place in our thinking and planning.

The workers are the saviors of the world. They are the mighty men of valor. They bring things to pass. In their work they become strong, advancing, conquering spirits. To rear a child to be a worker and a lover of work is to give the world its best citizen.

B. F. FRONABARGER.

METHODIST SUNDAY SCHOOL

We went over the top last Sunday on collection. The intermediate department alone had \$10.50. The total collection for the Sunday School was \$19.21. That was fine, but the attendance fell from 313 last Sunday before, to less than 300 last Sunday.

In the contest between Mr. Flesher's class and George Terry's class, Mr. Flesher's class is ahead; between Mr. Ash's class and Mr. Cooper's class, Mr. Ash's class is ahead; between Mrs. Hicks' and Mr. Flesher's classes, Mrs. Hicks' girls are in the lead.

If you are a Methodist, come to Sunday School. We need you and you need us. If you don't belong to any Sunday School, come and visit a live one. Sunday School begins promptly at 9:45.

CANYON LUMBER CO.

Randall County Will Have Farm Bureau Campaign

The Randall County Farm Bureau will conduct a membership drive for members of the farm bureau and the Texas Farm Bureau Wheat Growers' Association, starting Monday, March 13, and ending Saturday afternoon, March 18, at two o'clock with a great county-wide farmers rally in Canyon, when permanent officers will be elected, a constitution and by-laws adopted, committees appointed, plans for a program for the ensuing year, worked out and noted speakers of the farm bureau and the wheat growers will be heard.

A. B. Haynes, president of the Randall County Farm Bureau, has received a letter from D. P. McCallib, of Amarillo, Panhandle-Plains supervisor of the Texas Farm Bureau Federation and secretary of the Texas Farm Bureau Wheat Growers Association, stating that he had secured E. M. MacCrackon of Groom, president, and Judge L. Gough of Hereford, vice president of the wheat growers association, as speakers during the first three days of the campaign. It is expected that they will speak from two to three communities and school districts per day during the time they are in the county.

Mr. Haynes has secured the cooperation of Mr. McCallib, in securing other speakers to fill engagements in every school district and community in the county during the membership drive. During Farm Bureau Week every farmer and eligible business man in Randall County will have an opportunity to join the farm bureau and contract his wheat with the wheat growers association.

All members of the farm bureau and wheat growers association in Randall County are receiving a letter from Mr. McCallib, stating that they have each been assigned three new members to be secured at some time between this date and end of Farm Bureau Week. Randall county's quota of wheat to contract is 30,000 bushels, and it is understood that there are many wheat growers who have already turned in their three members, and are after every wheat grower in their communities to make them 100 per cent signed up.

Membership teams will be expected to canvass every community, and assist the speakers in the organization of the community farm bureaus at the time the speakers address the farmers. A program, giving the dates, places and hours, speakers will appear in each school district and community, is being prepared by Mr. Haynes, who will announce it at a later date. He has issued a request to all farmers who are interested in more systematic and profitable distribution of their products, to get into communication with him at once. He has places on membership teams for every man who is really desirous of seeing the conditions of his country, his community and his family improved.

The following is the program:
Monday, Mar. 13—afternoon: Campbell, Pleasantview; night: Umbarger.
Tuesday, Mar. 14—afternoon: Lakeview, Costley; night: Zita.
Wednesday, March 15—afternoon: Knox, Garrison; night: Ralph, Kendall.

Buy the Ray Battery. Guaranteed 2 years unconditionally. E. Burroughs sells them. 4912

BOOK CLUB MEETING

The Woman's Book Club will meet next Wednesday, March 8th, with Mesdames L. G. Allen, C. F. Walker and Bert Newlin as leaders. The following are questions upon the lesson for the day:

1. In what is Holmes' poetry different from that of the other chief American poets?
2. Some have questioned Holmes' right to be called poet; what is your opinion on this point?
3. What two lyrics of Holmes' have the surest claim on immortality?
4. What elements are blended to make the peculiar affect in such poems as "The Last Leaf," "My Aunt?"
5. Do you think there is too much localism or mere personal reminiscence in Holmes' poetry?
6. What is the most familiar quotation from Holmes' poetry?
7. What does Holmes say about his own reputation as a verse maker in the poem "For Whittier's Seventieth Birthday?"
8. What other poets does he refer to in this poem?
9. Do you think "Parson Turveill's Legacy" is as witty as "The Deacon's Masterpiece?"
10. Compare "How the old Horse Won the Bet" with Burns' "Tam O'Shanter."

OPENED MIDWAY SUNDAY

Mr. and Mrs. M. D. Fincher formally opened the Midway Hotel Sunday evening with a 6 o'clock dinner. After the dinner a musical program was given and a reading by Mrs. Ed Berry of Amarillo. An enjoyable time was had.

Those present included Misses Louise Shanklin, Mary Hale, Victoria Wilson, Florinell Francis, Josie Hart, Alma Knox, Elizabeth Chesworth, Emma Anderson of Amarillo, Doris Fincher, Opal Helton, Georgie Watkins, Helen Woods; Messrs Gordon T. Butler, Annalylo, Dick Rodisill, Felix Phillips, Joe De Oliveria, Harry B. Chesworth, Andrew Allen, Horace Helton, James Breaker, Doc Moss, T. M. Clark and Mr. and Mrs. Ed Berry of Amarillo, Mr. and Mrs. J. A. Fincher of Amarillo, Mr. and Mrs. Wallace Clark, Mr. and Mrs. A. L. Overton and Mrs. Frank J. Woods.

See the new goods at Redfean & Gerald's. Just arriving. 11

Umbarger Notes

Miss Anna Friemel who is working in Amarillo came home to visit her folks.

E. J. Friemel spent Sunday at the T. Ricks home.

Paul Artho and family, Frances Skypola spent Sunday at the M. Hollen home.

Miss Frances Skypola is keeping house for Herman Kuhlman.

Sunday School at 9:45. Excellent subject matter, fine fellowship and splendid teaching in each class. Your class wants you.

Preaching at 10:45 and 7:30.

Morning. Will observe the Lord's Supper. The meditation subject will be: "Come Unto Me."

Evening: "The Sincerity of Jesus." This is the fifth sermon in the series on "The Manhood of Jesus."

Epworth League at 8:30.

We will be glad to see you at any of these services.

JOHN H. HICKS, Pastor.

NORTHERN TISSUE

A reduction in price has been received on this high grade toilet paper. It is absolutely the best toilet paper made, nationally advertised, and guaranteed to be free from all chemicals. It costs only a little more. For sale at the News office. 2312

Style Show Will Be Held in Amarillo

Amarillo, Feb. 28.—Another important committee has been made necessary in connection with the oncoming Automobile-Style show in Amarillo, March 9, 10 and 11, for the purpose of taking care of the registration of guests. This was not deemed necessary last year, but advance information assures the general committee that there is going to be a far larger attendance at the oncoming attraction, and nothing is to be left undone that might in any way add to the comfort and convenience to the thousands of visitors expected.

Every visitor who wishes hotel accommodations, will upon arrival in the city, go to the Hotel Amarillo, where a list of rooms, not only in the hotel, but out in town may be secured. The committee in charge will see to it that visitors are conducted to their rooms, in the residential districts, as well as to hotels, rooming, or boarding houses. The visitors are to be considered in this respect, as the guests of Amarillo, and none will be overlooked who registers at the hotel.

Another suggestion of the committee is that those who want rooms at the Hotel Amarillo either write or wire for them, and this matter will receive the most careful attention by those in charge. If other hotels of the city are preferred, then communications with them direct will get results, provided there is no undue delay. But where no reservations are made, the visitors should upon arrival, make their way to the Hotel Amarillo and receive assignment of rooms.

The general committee announces that down to the minutest detail, arrangements for the Auto-Style Show are in hand. Not one item is being overlooked, from the placing of the big American flags in the immense automobile and style show rooms, down to the tiniest electric light to heighten the effective and beautiful decorative scheme. Songs, dances, music and such latest, the most appealing styles. A marvellous burst of the newest, the rillo has seen nothing at all comparable to this series of events—three full, brimming, interesting days.

So far nobody has asked Senator Newberry if his seat is comfortable.—Indianapolis News.

A man never realizes the blessing of being born poor, till he gets over it.—Greenville Piedmont.

The new Spring Dress Goods are arriving at Redfean & Gerald's. 11

Buffaloes Finish Successful Season In Basket Ball

The 1922 basketball season just closed at West Texas State Normal College marks the most successful season for the Normal in athletics. The Buffaloes played sixteen games and won twelve and lost four, all of the latter away from home. The percentage stands at 750 for the season. The herd piled up a total of 712 counts while opposing teams scored only 483 points.

The Normal lads opened the season with a long road trip at Abilene Christian College. The Simmons five barely nosed out ahead in both games and honors were divided with the Preachers. The Normal quintet returned to Canyon, and without rest, won two games from Clarendon in one day.

The herd journeyed to Roswell and divided a two game series with the Cadets. The Decatur five dropped two games during their stay in Canyon. The Wayland Jack Rabbits suffered four defeats at the hands of the Buffaloes and Clarendon closed the season for the herd by taking the small end of the score in two games.

Nae Hale, speedy forward, led in the scoring for the entire season with a total of 300 points. He took part in the sixteen games played. Mitchell, the high jumping center, was second with a total of 196 counts.

Below is a summary of the scoring machine used by Coach Burton:

Player	Position	Games	Points
Hale, forward	16	300
Mitchell, center	16	196
Hill, forward	14	134
Lancaster, guard	16	32
Terry, forward	5	31
Key, guard	15	31
Law Sone, forward	3	14
Henry, guard	8	4
The total number of games played with the other teams and the scores of each is given below:			
Simmons	29	19
Simmons	22	21
A. C. C.	34	33
A. C. C.	24	25
Clarendon	27	62
Clarendon	47	51
N. M. M. I.	42	31
N. M. M. I.	28	42
Decatur	23	56
Decatur	33	66
Wayland	34	50
Wayland	19	53
Wayland	28	57
Clarendon	27	52
Clarendon	39	63
Total	483	712

Battery Repairing. Ray Batteries. E. Burroughs. 4912

We are waiting to see what a shillyally looks like when turned into a pruning hook.—Boston Shoe and Leather Reporter.

It's not difficult to meet expenses these days. In fact, you meet them everywhere.—New York American.

How to Make Child-birth Easier!

Do YOU wish to know how thousands and thousands of women have gone thru motherhood without knowing some of the pains and discomforts incident to childbirth? Listen to this:

Motherhood creates almost a new state of being for a woman.

As a result, new nerves, those heretofore restful and quiescent, spring into activity, they cry out, they tingle, they burn in their unrest.

The network of nerves across the abdomen, the loins, the back and other parts now become super-sensitive. All these nerves are being called on to perform unusual duties.

These nerves must be pacified and comforted; must be put in condition for the crisis that is pending.

If these nerves are not soothed and quieted, they may set up aggravated nerve tension, increasing in severity from month to month, sometimes even culminating in a nervous paralysis of the back and limbs. This leaves the mother-to-be in a condition where she is unable, fully, to meet the test when the climax of maternity arrives.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

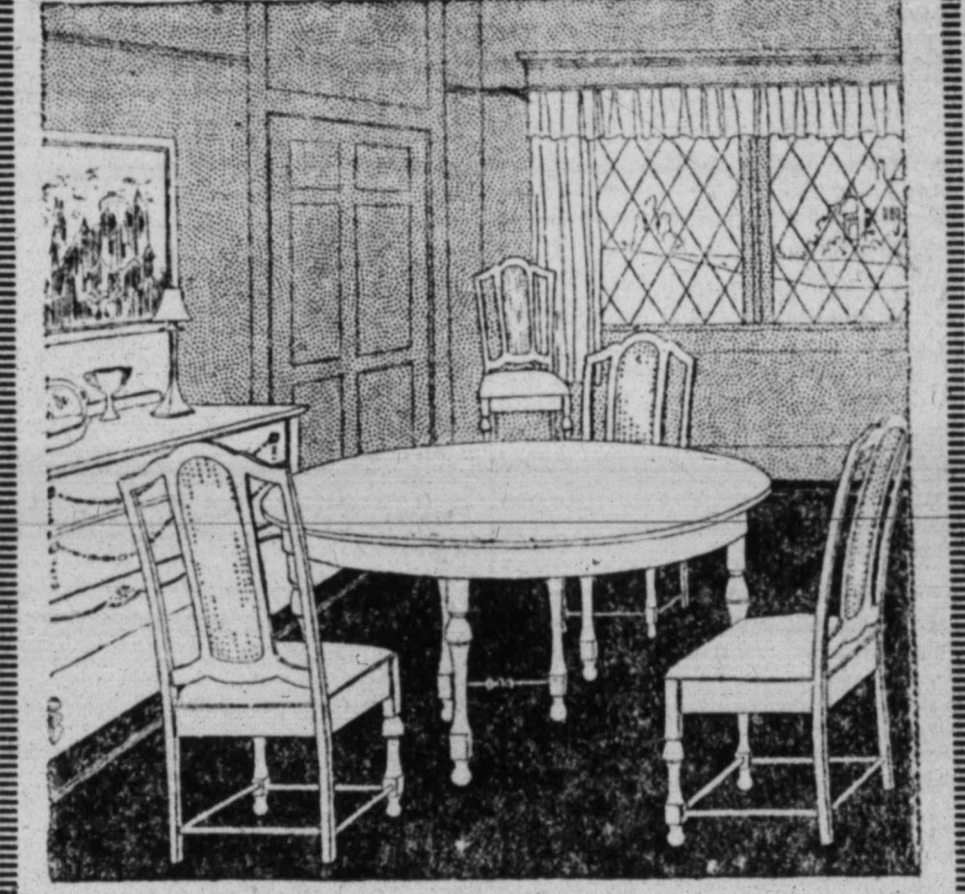

BRADFIELD REGULATOR CO.
Dept. 30, Atlanta, Ga.

Household Furnishings

It makes no difference whether you have your furnishing plans fully laid or come seeking suggestions, our motto is: "To please you with the most reasonable prices and our best service." Our line of Furniture, Rugs, Carpets, Linoleum, Congoleum, Stoves, Ranges, Queensware, Glassware, Silverware, and Cooking Utensils and everything that goes into the Home furnishings of a home is complete.

We will sell you new or second hand furniture and buy your old furniture. We have some exceptional bargains in second hand furniture—looks like new. Also second hand oil stoves. Our prices are right. Come, let us show you.

Thompson Hardware Co.
CANYON, TEXAS

LOW PRICES!

Our store is full of new Spring merchandise and the prices will astonish you. We have gone through our stock and marked everything down to a basis of the present market.

- Howard and Foster Shoes that were once \$16.50, now \$9.50.
- Edwin Clapp Shoes that were once \$21.50, now \$12.50.
- Edmonds Foot Fitter Shoes that were \$12.50, now \$6.50.
- Overalls that were \$3.00, now \$1.40.

We do not expect further declines soon. In fact, today's market on merchandise compares favorably with farm products, since all kinds of grains and livestock have advanced around from 20 per cent to 50 per cent in the last 40 days. This puts things on a more equal basis than for several seasons.

Next Saturday, March 4th, we are making special prices on Men's and Boys' Dress Shirts, one-fourth off. Lay in a supply. Prices \$1.00 and up.

We are making attractive prices on Groceries. Get our prices. About 5,000 pounds of flour at old prices. Next car which will arrive in next week or ten days will have to be sold \$1.20 per barrel higher. 20 cents per 100 off on 300 pound lots. Better stock up now.

Let us repair, charge that Battery of yours. K. Burroughs. 4912

Mrs. Tommie Montfort left Monday for Clarendon where she will teach English in the public schools.

Mrs. B. T. Johnson went to Plainview Tuesday to attend the regional meeting called in the interest of the Baptist 75 Million Campaign. Representatives were present from the Plainview and Amarillo districts. Dr. Groener of Dallas, State Secretary, was present, and plans made for the spring round up of this campaign.

The new Spring Dress Goods are arriving at Redfern & Gerald's. It

If you want the very best toilet paper at the lowest price, buy it by the case at the News office. tf

DOES IT PAY?

There is a flower. It is a star. I shall never forget it. It is mine and has been mine for years. Were I on a desert isle one flower would be there and I should be happy. What is its name? I do not know. But it was blue and grew on a green vine which twined itself around a white post. There was a soft carpet of green in front and to the side of it.

I wish the person who planted and watered that plant knew the joy they had brought to the life of one little girl as she wended her way to school.

She didn't care much about grammar (diagraming) but she loved beauty.

This same little girl lived in those days in a house which you might say needed a new coat of paint. But the giant locust in the corner of the back yard with its fragrant white blossoms; the two large lilac bushes with their fragrant purple blossoms and the four cloccks by the side of the house; the front porch covered with sweet-scented honey-suckle; and those roses—they must have been old time roses with their yellow centers and pink petals—though the snow is falling and it is cold outside—I can smell their sweet fragrance today.

Now I am in an umbrella china berry tree smelling the odor and picking the blossoms and throwing some to the happy children underneath.

Now I am under the grapevine pinning large green leaves together with smooth brown sticks. I am making my little girl a hat and dress for we are playing "Mama, Come to See One Another."

Does it pay to beautify your yard with flowers—those "hieroglyphs of Diety?"

THE HISTORY OF C. A. P. CLUB

The C. A. P. Club of Park Chapel community, held its ninth annual election on Feb. 2, 1922.

The club was organized Feb. 4, 1913, by Mrs. M. S. Park, for whom it was named. The C. A. P. standing for Charlotte Angel Park. The aim of this organization is for the entertainment and good of the community. We have been pleased and benefited by our yearly community dinner and Halloween parties.

We feel that our best work was done during the late war, when we bought bonds and stamps and did our full quota of Red Cross work.

This year we have helped place a piano in the school with part of the funds accumulated during our nine years of work.

Our new officers are Mrs. D. A. Park president, Mrs. Neely Irby vice president, Mrs. H. R. Biggs secretary and treasurer.

Signed, THE COMMITTEE.

Walker Awards Please Breeders Of Fine Animals

Amarillo News: C. F. Walker, agricultural agent for Randall county, was in charge of the judging, and placing of awards in the various classes on the Herefords offered in the Panhandle Hereford Breeders Association sale in Amarillo Thursday. It was stated by Mr. Walker that the competition was among the closest he had ever seen, and he considered the offerings of a uniformly good character. The work of Mr. Walker in connection with these awards, was received with favor by all entrants.

Amarillo Tribune: The closest competition ever displayed in a show of the Panhandle Hereford Breeders' Association was in evidence Wednesday when C. F. Walker, county agent for Randall county, placed the awards in the various classes of cattle from those entered in the sale, according to old time breeders who have seen every show of the association. Mr. Walker placed the animals in the various classes in a most satisfactory manner and many expressions of approval were heard about his selections.

- Home Canning Picture.
- Milk Picture.

Happy Happenings

The Happy School baseball team went to Dimmitt last Wednesday to play ball. The lineup for the game was as follows: Carol Harrison, catcher; Ernest Miller, pitcher; Roy Alkman, 1st base; Jack Raymond, 2nd base; Fred Mulkey, 3rd base; Oscar Fonken, short stop; Leslie Raymond, left field; Otis Whitman, centerfield; Miller, right field.

Otis Whitman knocked the only home run of the game. The score was 12 to 8 in favor of the Happy boys.

The boys went to Wayside Saturday and defeated the Wayside boys 33 to 8. Oscar Fonken got a home run in this game.

The young people of New Hope gave a play entitled, "The Old-Fashioned Mother" in the school auditorium Saturday night. The play was well worth the 25c and 15c admission.

Henry Wesley and Mr. and Mrs. Reuben Rogers of Wayside visited Mrs. J. E. Miner Thursday.

Misses Dall Evans, Gladys Bandy, Ella Alkman, Mildred Zoeller and Vellie Dison went to Amarillo last Wednesday.

Misses Jewell Hall spent the week end with home folks.

The Askmore family, who previously lived on a farm east of Happy, have moved to the Roy Rogers place in the west part of town. Their children started to school Monday.

Miss Zeyla McDonald was shopping in Tulia Saturday.

Tom Bandy was in Canyon on business Monday.

Community singing was held at the Baptist church Sunday afternoon at 3:30. Better interest is shown each meeting and we hope to soon have a large attendance every Sunday. We will meet at the Methodist church next Sunday promptly at 3:30. Remember the hour and come. Everyone is invited.

Mrs. Leboy returned Saturday from a month's visit with her mother in Arkansas.

Earl Wesley is real sick this week. The Doctors say he has the flu.

Mrs. J. W. Bandy has been real sick the past week. She is improving some, but very slow.

Earl Mann visited friends in Canyon last Sunday.

The M. E. Sunday School Institute was held at Vigo Park, Sunday, Feb. 26. We are very proud to say that the

Happy people were the first of any to get to Vigo Park Sunday morning. We left the M. E. Church here about 8:30 and arrived at Vigo about 10:00, having gone a distance of about 30 miles. There were 16 cars went from here. The Happy choir made the main part of the choir at Vigo for there were but few others there when the services began. A very interesting program was rendered during the day. A very excellent lunch was served at noon, which was greatly enjoyed by all, especially we Happy folks, who are very fond of eating. After dinner the crowds from the different Sunday Schools were counted and we found that Happy was represented by 80, but much to our regret, but not disgust, we did not get to bring our Sunday School banner with us. We almost wish we had not taken it down there, but of course Happy never gets "unhappy" or discouraged, so we willingly let them keep it this time. We are going to Silverton for the next Institute which will be April 30, and we shall see if we cannot carry our banner back to Happy as proudly as we carried it off last Sunday. We had kept the banner since July 1921, and we hope to retain it. Come next Sunday and all the following Sunday's and help us bring the banner back.

Next Saturday is the regular Saturday for the ladies of the Baptist church to sell their foods at the Cafe.

Prayer meeting will be held at the Baptist church next Wednesday night.

We are having some very encouraging weather now. About a 3-inch snow fell Monday night and Tuesday. It was 5 below zero Tuesday morning, and still very cold Wednesday.

Mrs. O. W. Newberry spent the week end with home folks.

Mr. and Mrs. H. A. Grounds and Winnie went to Tulia Saturday to take Mrs. Newberry home.

An election was held Tuesday for the incorporation of the town Tuesday. Ninety-nine votes were cast but it failed to pass by one vote.

A baby boy was born to Mr. and Mrs. George Walker Tuesday night.

C. E. Money had the misfortune of falling on the Drug Store sidewalk and breaking his hip, Tuesday evening. It is very badly broken and is causing an enormous amount of suffering.

With Pennsylvania sending Crow and Pepper to the United States Senate, the political menu appears complete.—New York Call.

Candidate Column.

Candidates for office in Randall County will be carried in this column until the July primary, and to the second primary in August, should there be one this year. Names placed in order received. Fees must be paid in advance at the following rates: District offices.....\$15.00 County offices.....\$10.00 Precinct offices.....\$5.00

For County Treasurer:

MRS. MYRA SMITH
MRS. C. C. HUGHES

SOME THINGS REAL TOWN BUILDERS WILL NEVER DO

An exchange says: "In the first place, buy everything you need in some other place. If you have flouring mill send off for all your flour. It sounds better to have it come from a distance, even should the quality be inferior. If you have a brick yard, send off for all your brick, it makes a man feel important to ship in a few car loads of brick even if he should have to pay more for them than he would at the home factories. If you have a good job of printing, be sure and not give it to your home printer. Send it to a city press, if it does cost you double what it would at home. You might give your home printers the small jobs, it will save trouble. If you want a barrel of sugar, a sack of coffee, a chest of tea, a barrel of molasses, a wagon load of salt and other things, send off for them by all means. And then you can boast to your neighbor that you buy your groceries in the city. It will cost you a little in freight and time, but then you will have the satisfac-

YOU'LL FEEL AT HOME

You'll feel at home when you visit this Bank, we can assure you.

One of our most ceaseless purposes is to so treat our customers that they will consider each visit to this Bank a pleasure.

Whatever the nature of your business you can come to us with the assurance that you will be courteously and considerately dealt with.

Our aim is that this Bank shall always be regarded by those who deal with it as "The Bank With a Personality."

fraction of knowing the fact that your money will not be squandered in building up your own town. If you want dry goods, send to the city. If you want a suit of clothes, do not buy it at home; you might help build up your town, your merchant would get hold of the money and the profits would go to exchanging the wealth of our town."

A CANDIDATE'S TROUBLES

A candidate for the office of commissioner of a certain county in Georgia is said to have filed the following itemized account of the expenses in the campaign:

Lost 1349 hours of sleep thinking about the election. Lost two front

teeth and a whole lot of hair in a personal encounter with an opponent. Donated one beef, four shoats and five sheep to a country barbecue. Gave away two pairs of suspenders, four calico dresses, \$5 cash and 13 baby rattles. Kissed 126 babies. Kindled 14 kitchen fires. Put up four stoves. Walked 4076 miles. Shook hands with 9,508 persons. Told 10,101 lies, and talked enough to make in print 1000 volumes. Attended 16 revival meetings and was baptized four times by immersion and twice some other way. Contributed \$50 to foreigner missions, and made love to nine grass widows. Got dog bit 30 times, and was defeated.—Contributed.

IN BUSINESS SINCE 1897.

The Panhandle's Oldest Store

From our first little shop in 1897 to the present time our policies have been the same. We serve the public as promptly as possible, but with our new advantages we offer you still better service.

We have installed a complete set of fixtures—the latest and most up to date that could be bought. You will find here the most up to date ways of merchandising.

With our try on and fitting rooms of ample size to accommodate our anticipated volume of business we can care for large crowds.

We have our own telephone board which offers you service from any department over one of our seven telephones. You are at liberty and welcome to use these phones while in the store.

Our up-to-the-minute show windows catch the eye of the passing public, giving them a little hint of the quality and quantity of our stock.

We also want you to know that when one of our salespeople quotes you a price on an article of merchandise you may absolutely know that that is the lowest price at which it can be bought. The store will be run on a one-price basis except when special prices are quoted or advertised, and then these prices will hold good only for the day or days advertised.

Our Style Show

The beautiful styles exhibited at the annual style show will be a Spring Exhibition of a charming array indeed. Visit this special occasion and while in the city drop in our store. Our sales force will give you a welcome hand and we want to invite you to visit us and see our many added features, making our store the most up-to-date possible.

MRS. M. LANE

Ex-Student of Normal Makes Way in U. of T.

Austin, Feb. 19.—Of the many students who are working their way through the University of Texas, none perhaps has a more interesting record in this respect than William W. Gibson of Sweetwater, who is a native of Collin County but was taken to West Texas by his parents when a small boy. Since his eighth grade in the high school young Gibson has made his way. Every cent of money he has received since that time has been by his own efforts. So determined was he to obtain a college education and to equip himself in the law that after taking courses at the West Texas State Normal at Canyon he came to Austin and entered the University with barely enough money to pay his matriculation fees. His first employment was in a gasoline filling station where he worked ten hours a day, keeping up with his studies all the while. He next obtained a morning newspaper route here and in addition to this he secured a position as waiter on the table at the Faculty Club of the University. He still holds these two positions. To carry the newspapers he has to rise at 4 a. m., work three hours in the early morning at that, then go to the Faculty Club and attend to his breakfast duties there. He is free to attend classes and study until 1 p. m. when he again serves meals at the club. Five or six afternoons a week he devotes to collecting on his newspaper route. Notwithstanding all this work, Mr. Gibson has made a notable record as a law student. He entered the University on January 1, 1920 and he will have obtained his law degree in two years and three months of work, instead of the regular allotted three years.

Watch your children for symptoms of worms. They undermine the health and breed sickness. Use White's Cream Vermifuge. It expels worms and restores health and vigor. Price 25c. Sold by Jarrett Drug Co. 4975

NOTICE OF HOLDING OF ELECTION

A petition having heretofore been presented to me, the undersigned, County Judge of Randall County, Texas, signed by the required number of legally qualified voters residing within each of said Common School Districts Nos. 2 and 18 in Randall County, Texas, and the Canyon City Independent School District of said County and State, which petition was, on, to-wit, the 23rd day of February, A. D. 1922, duly considered by me and an order issued and entered granting said petition and directing elections to be held within said respective Districts, which order is as follows, to-wit:

"In the Matter of the Consolidation of Common School Districts, Nos. 2 and 18, of Randall County, Texas, with the Canyon City Independent School District of said County.

On this the 23rd day of February, A. D. 1922, came on to be considered the petition presented to me, the undersigned County Judge of Randall County, Texas, and signed by the required number of legally qualified voters residing within Common School Districts Nos. 2 and 18 and the Canyon City Independent School District, all located within Randall County, Texas, requesting that an election be held within each of said School Districts for the purpose of determining whether or not said Common School Districts Nos. 2 and 18 shall be consolidated with said Canyon City Independent School District; and it appearing that said petition is signed by more than twenty of the legally qualified voters residing within said Canyon City Independent School District, and also by more than twenty legally qualified voters residing within said Common School District No. 2, and by a majority of the legally qualified voters residing within said Common School District No. 18, and that said petition should be granted:

It is Therefore Ordered that an election be held in each of said respective Districts on, to-wit, the 18th day of March, A. D. 1922, for the purpose of voting on such consolidation and deciding whether or not said Common School Districts Nos. 2 and 18 shall be consolidated with said Canyon City Independent School District, said consolidated district thereafter to be known as the Canyon City Independent School District."

Wherefore, notice is hereby given that an election will be held within each of said School Districts on the said 18th day of March, A. D. 1922, in compliance with the provisions and terms of said order, as above set forth.

ELECTION NOTICE
THE STATE OF TEXAS,
City of Canyon,
County of Randall.
On this the 6th day of February, 1922, the City Council of the City of Canyon, Texas, convened in regular

session at its regular meeting place in the city hall, all members thereof, to-wit: J. D. Gamble, the mayor, and aldermen J. W. Reid, C. D. Lester, T. C. Thompson, G. G. Foster, Grady Oldham and C. N. Harrison, being present, among other proceedings had was the following:

It was moved by Alderman J. W. Reid, and seconded by Alderman C. D. Lester, that there be submitted to the qualified voters of the said city, who are property taxpayers therein, the proposition for the issuance of the bonds of the said city in the sum of \$20,000, for the purpose of street improvements, the election to be held on the 11th day of March, 1922; the motion carried by the following vote:

Aldermen J. W. Reid, C. D. Lester, T. C. Thompson, G. G. Foster, Grady Oldham and C. N. Harrison, voting AYE; and none voting NO.

Thereupon the following Election Order was adopted:

Whereas, the City Council of the City of Canyon deems it advisable to issue bonds of the said city for the purpose hereinafter mentioned:

Therefore, Be It Ordered By The City Council of the City of Canyon, Texas, that an election be held on the 11th day of March, 1922, at which election the following proposition shall be submitted:

"Shall the City Council of the City of Canyon, Texas, be authorized to issue the bonds of the City of Canyon, in the sum of Twenty Thousand (\$20,000) Dollars, payable twenty years from the date thereof, with option of redemption at any time after ten years from their date, bearing interest at the rate of five per cent per annum, payable semi-annually, and to levy a tax sufficient to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity, for the purpose of street improvements in the City of Canyon, as authorized by Chapter 1, Title 18, R. S. 1911, and Chapter 9, General Laws passed at the Regular Session of the 37th Legislature, 1921, and the Constitution and laws of the State of Texas."

The said election shall be held at the Court House in the City of Canyon, and the following named person is hereby appointed manager of said election, to-wit: A. M. Smith.

The said election shall be held under the provisions of Chapter 1, Title 18, R. S. 1911, and the Constitution and laws of the State of Texas, and only qualified voters, who are property taxpayers of said city, shall be allowed to vote.

All voters who favor the proposition to issue the bonds shall have written or printed upon their ballots the words:

"For the Issuance of Street Improvement Bonds."

And those opposed shall have written or printed upon their ballots the words:

"Against the Issuance of Street Improvement Bonds."

The manner of holding said election shall be governed by the laws of the State of Texas regulating general elections.

It is further ordered that if the proposition for the issuance of the bonds herein described receives a favorable vote of the qualified property taxpayers voters of said city, voting at the election hereby ordered, then the City Council shall issue such bonds in lieu of an issue of \$20,000 of street improvement bonds authorized at an election held in said City of Canyon on October 29, 1920, and which have not been issued and sold, it being the intent hereof that the proposed bonds shall be the same in every respect as the bonds authorized at the election held October 30, 1920, except they shall

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Canyon people. Ask your neighbor!

T. A. Ridgway, farmer, Canyon, gave the following statement, January 13, 1912: "I have been using Doan's Kidney Pills for a short time and find they are benefiting me. I suffered from a weak bladder causing too frequent and profuse passages of the kidney secretions. I have noticed since using Doan's that I have much better control over my kidneys. I recommend Doan's Kidney Pills to relieve weak kidneys."

On April 30, 1919, Mr. Ridgway said: "I haven't had an occasion to use Doan's Kidney Pills since I recommended them in 1912. I think the cure they gave me has lasted."

SHERIFF'S SALE

THE STATE OF TEXAS,
County of Randall.
By virtue of a certain Order of Sale issued out of the Honorable District Court of Swisher County, on the 6th

AFFIDAVIT OF COMMISSIONERS' COURT AS TO COUNTY FINANCES

In the Matter of County Finances in the hands of Mrs. Myra Smith, Treasurer of Randall County, Texas.
Commissioners' Court, Randall County, Texas, in regular Quarterly Session, February Term, 1922.

We, the undersigned, as County Commissioners within and for said Randall County, and the Hon. Worth A. Jennings, County Judge of said Randall County, constituting the entire Commissioners' Court of said County, and each one of us, do hereby certify that on this, the 18th day of February, A. D. 1922, at a regular term of our said Court, we have compared and examined the report of Myra Smith, Treas. of Randall Co., Texas, for the quarter beginning on the 1st day of November, A. D. 1921, and ending on the 31st day of January, A. D. 1922, and finding the same correct have caused an order to be entered upon the minutes of the Commissioners' Court of said County, stating the approval of said Treasurer's Report by our said Court, which said order recites separately the amount received and paid out of each fund by said County Treasurer since the last report to this Court, and for and during the time covered by her present report, and the balance of each fund remaining in said Treasurer's hands on the said 31st day of January, A. D. 1922, and have ordered the proper credits to be made in the accounts of the said County Treasurer, in accordance with said order as required by Article 867, Chapter 1, Title XXV, of the Revised Statutes of Texas, as amended by an Act of the Twenty-fifth Legislature of Texas; at its regular session, approved March 20, 1897.

And we, and each of us, further certify that we have actually and fully inspected and counted all the actual cash and assets in hands of the said Treasurer belonging to Randall County at the close of the examination of said Treasurer's Report, on this the 18th day of February, A. D. 1922, and find the same to be as follows, to-wit:

It's a Necessity

That Randall County Farmers Raise Their Living

Through the efforts of the progressive business men of Canyon, the International Harvester Company will conduct a two-days short course in this city on Thursday and Friday, March 9 and 10. This course is one of real interest to farmers, all of whom in the Canyon trade territory should attend.

The program is such that it will interest not only the farmer, but his wife and children as well. There is so much of value to learn that those who fail to attend will be the losers. There will not be an idle hour during the two days.

Randall county farmers are needing more dairy cows, more hogs, more poultry. Many do not know how to handle them at a profit. If you attend the Short Course you will receive some valuable information on this subject.

Community life has driven many boys and girls from the farms. Some things will be told that will enable the farm men and women to do more toward keeping their children on the farm. City life is becoming more strenuous, and the most happy man or woman is the one who enjoys rural life.

Lubbock Boys Win in Stock Judging Friday

Out of the seven teams entered at the Vocational Agricultural Contest last week, Lubbock easily won first place. Also, Roy Davis of Lubbock was high man in the individual contest. White Deer was second, Miami third, Wheeler fourth, while the home team came only fifth. The boys worked out on two classes of Jerseys, one of Holstein, three of hogs, and one of Herefords. Half their grade was on placings and half on reasons before Judge McGee of the A. & M. College. Each man was given two minutes for each class to state to the Judge his reasons for his placings.

On Friday night the visitors attended a banquet at Huntleigh Hall. The first speaker was Prof. McGee, who gave the boys his reasons for placing and grading the various class of animals. Prof. McGee stated that the breeders of America were anxious to use better animals and that a boy to make a success of live stock must know how to estimate values. He explained that a judge wanted a boy to talk like he knew what he was about; that a contestant should give the most valuable points about an animal and let little details like the color of the ears or size of the tail pass over and talk about constitution, quality, form, individuality, and breed characteristics.

Prof. McGee was followed by Prof. Edmunds, District Agent in County Agent work who stated that the boys did far better than that most boys under the circumstances. He advised more work in live stock industries.

Other talks were made by the teachers: Prof. L. E. Sumner, White Deer; J. T. Bryce, Wheeler; R. O. Dunkle, McLean; W. S. Willis, Miami; R. C. Mowery, Lubbock; P. C. Bennett, Tulsa; C. F. Walker, Canyon, and Mr. So-Relle of Swisher county. Each teacher called on one member of his team for a three minute talk. Elmer Hardin made the talk for the Canyon Normal Training School team.

Prof. Frank R. Phillips of the Normal was toastmaster.

Saturday morning the teams made a tour of inspection of the Normal School plant. The teachers were surprised at the work being offered at the West Texas State Normal College. One teacher stated that he never knew before that the normal schools were of

equal rank with the Universities of the state.

Prof. W. T. McGee and J. R. Edmunds of A. & M. College with County Agents Walker, Bennett and Dunkle conferred with Prof. Phillips in regard to a special county agent stock judging to be held in Canyon the last of May or the first of June. It was decided that such a contest was necessary and that the Canyon Normal was the best place available for such a contest.

Prof. Phillips states that he is well pleased with the contest and thinks that this is the beginning of a new area in West Texas Agricultural Live Stock industry. Mr. Phillips was voted

thanks for the efficient way the work was conducted.

CHRISTIAN CHURCH
Rev. E. A. Osborne, will preach at 11 a. m. on Sunday next on "Humanity's Need."

At night the last of the series of lectures on "America's Place in International Affairs" will be delivered. The subject of Sunday night's lecture being "Latin America." This service will begin at 7:15. The preliminary missionary study on "Welding the World" will be very interesting. At the evening service Mr. Osborne will sing "The Holy City" by request. No offering will be taken.

WHY THEY ARE RICH

The business man who rolls up bank accounts in bad times as well as in good times is the business man who advertises all the time, but harder and stronger than ever in bad times. That's because he THINKS.

His thinking tells him that when times are good and everybody has money and it isn't hard for him to reach as many customers as he needs to buy his stock of goods—say 50 out of every hundred people, or 50 percent.

But when times are bad, perhaps only 50 people out of every hundred spend easily. He knows that where his average advertisement reached 50 spenders out of every hundred in good times, in hard times the same advertisement, with the same reaching power, will still reach 50 percent of the 50 spenders out of the hundred in good of what he is accustomed to and needs; now he must have all or nearly all of the 50 spenders in order to equal his good times business. So he girds up his loins, fixes up a bigger ad, a wall-to-wall attractive ad, and if he does not reach all the 50 spenders, he comes pretty near to it.

That is the system of the biggest, shrewdest advertisers in America. You didn't see them cutting their ads this year. You just simply saw them making their advertisements bigger, stronger, more intelligently drawing.

That's why they are rich—John Wanamaker, for instance.

And mind this: The figuring and the principle involved take no account of whether the advertising is done in New York or Smithville. The figuring is done on percentages of people. The principle is the same whether your business has been accustomed to deal with 1000 people around you or whether you have been accustomed to deal with one million people around you.

If you did a satisfactory business in a community in good times, you can do a reasonably good business in poor times. When few people have money, you must get a greater percentage of that few than you got before of the many. You do it by—
Advertising—Hereford Brand.
